PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON DECEMBER 7, 2005

This Proxy Statement and the accompanying form of proxy is furnished to stockholders of AquaCell Technologies, Inc. ("Company") in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of the Company for use in voting at the Annual Meeting of Stockholders to be held at The Center Club, 650 Town Center Drive, Costa Mesa, California 92626 on December 7, 2005, at 10:30 a.m., and at any and all adjournments thereof. Any proxy given pursuant to this solicitation may be revoked by the person giving it by giving notice to the Secretary of the Company in person, or by written notification actually received by the Secretary, at any time prior to its being exercised. Unless otherwise specified in the proxy, shares represented by proxies will be voted FOR the election of the nominees listed herein.

The Company's executive offices are located at 10410 Trademark Street, Rancho Cucamonga, CA 91730. On or about October 24, 2005, this Proxy Statement and the accompanying form of proxy, together with a copy of the Annual Report of the Company for the fiscal year ended June 30, 2005, are to be mailed to each stockholder of record at the close of business on October 14, 2005.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

VOTING SECURITIES

The Board of Directors has fixed the close of business on October 14, 2005, as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on that date will be entitled to vote at the Annual Meeting or any and all adjournments thereof. As of October 14, 2005, the Company had issued and outstanding 22,638,643 shares of Common Stock, the Company's only class of voting securities outstanding. Each stockholder of the Company will be entitled to one vote for each share of Common Stock registered in his name on the record date. The presence, in person or by proxy, of a majority of all of the outstanding shares of Common Stock constitutes a quorum at the Annual Meeting. Proxies relating to "street name" shares that are returned to the Company but marked by brokers as "not voted" will be treated as shares present for purposes of determining the presence of a quorum on all matters but will not be treated as shares entitled to vote on the matter as to which authority to vote is withheld by the broker ("broker non-votes"). The election of directors requires a plurality vote of those shares voted at the Annual Meeting with respect to the election of directors. "Plurality" means that the individuals who receive the largest number of votes cast "FOR" are elected as directors. Consequently, any shares not voted "FOR" a particular nominee (whether as a result of a direction to withhold authority or a broker non-vote) will not be counted in such nominee's favor. All other matters to be voted on will be decided by the affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote. On any such matter, an abstention will have the same effect as a negative vote, but because shares held by brokers will not be considered entitled to vote on matters as to which the brokers withhold authority, a broker non-vote will have no effect on the vote.

The following table sets forth certain information as of October 14, 2005 (on which date 22,638,643 shares of the Company's Common Stock were outstanding), with respect to (i) those persons or groups known to the Company to beneficially own more than 5% of the Company's Common Stock, (ii) each director and nominee, (iii) each executive officer whose compensation exceeded \$100,000 in fiscal 2005, and (iv) all directors and executive officers as a group. The information is determined in accordance with Rule 13d-3 promulgated under the Securities Exchange Act of 1934 based upon information furnished by the persons listed or contained in filings made by them with the Securities and Exchange Commission. Except as indicated below, the stockholders listed possess sole voting and investment power with respect to their shares.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Restated Certificate of Incorporation provides for three classes of directors. Directors Witham and Bergenfield have been appointed to Class I and will serve until the meeting of stockholders in 2006; directors Laustsen and DiTuro have been appointed to Class II and will serve until the meeting of stockholders in 2005; and directors Wolff and Barton have been appointed to Class III and will serve until the annual meeting of stockholders in 2007. After these directors' terms expire, newly elected directors shall serve for three year terms or until their successors are duly elected and qualified.

Two directors will be elected at the Annual Meeting to serve as directors for a term of three years. The Board of Directors has nominated William DiTuro and Karen B. Laustsen as the candidates for election. Unless authority is withheld, the proxies solicited by the Board of Directors will be voted FOR the election of the nominees. In case either of the nominees become unavailable for election to the Board of Directors, an event which is not anticipated, the persons named as proxies, or their substitutes, shall have full discretion and authority to vote or refrain from voting for any other candidate in accordance with their judgment.

James Barton was appointed as a Director in July 2005. Since September 2003 he has been a Manager of Michigan Ornamental Metals, a privately held company. From 1987 through 2003, he was President of Johnson Atelier Technical Institute in Mercerville, New Jersey.

The executive officers of the Company are elected annually by the Board of Directors and serve at the discretion of the Board.

Independence of Directors

The Company is listed on the American Stock Exchange ("Amex") and follows Amex rules in determining whether a director is independent. The Board of Directors also consults with counsel to ensure that the Board's determinations are consistent with those rules and relevant securities and other laws regarding director independence. Consistent with these considerations, the Board of Directors has affirmatively determined that Glenn Bergenfield, William DiTuro and James Barton will be independent directors for the ensuing year. The remaining directors are not independent because they are employed by the Company.

Meetings and Committees of the Board of Directors

During the fiscal year ended June 30, 2005 the Board of Directors held 6 meetings which all directors attended. The Board of Directors maintains an executive committee currently consisting of directors Witham, Laustsen and Wolff, which has all of the authority of the Board of Directors except as limited by applicable law. In addition we have an audit committee, a nominating committee and a compensation committee which are required to consist of a majority of outside directors. The audit committee, currently consisting of directors Bergenfield, DiTuro and Barton, oversees actions taken by our independent auditors and reviews our internal audit controls. The nominating committee, consisting of directors Bergenfield and DiTuro, oversees the selection of persons chosen to be nominated to the Board of Directors. The compensation committee, currently consisting of directors Bergenfield and DiTuro, reviews the compensation levels of our employees and makes recommendations to the Board regarding compensation. Mr. Barton was appointed to the Board and various committees in July 2005, and therefore, did not attend any meetings during the fiscal year.

Audit Committee Information and Report

General

The Company's audit committee was established in June 2000 and is currently comprised of Glenn Bergenfield, William DiTuro and James Barton. The audit committee met 4 times in the fiscal year ended June 30, 2005.

Each member of the audit committee is an "independent director" and is "financially literate" as defined under the Amex listing standards. The Amex listing standards define an "independent director" generally as a person, other

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

than an officer of the company, who does not have a relationship with the company that would interfere with the director's exercise of independent judgment. The Amex's listing standards define "financially literate" as being able to read and understand fundamental financial statements (including a company's balance sheet, income statement and cash flow statement).

Independent Auditors' Fees

For the fiscal year ended June 30, 2005, the aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements and the reviews of its financial statements included in the Company's quarterly reports totaled approximately \$60,000. For our fiscal year ended June 30, 2004, those fees were \$57,000.

Tax Fees

For the fiscal years ended June 30, 2005 and June 2004, there were no fees billed for tax compliance, tax advice or tax planning.

4

All Other Fees

For the fiscal years ended June 30, 2005 and June 30, 2004, there were no other fees billed by the Company's independent auditors.

Audit Committee Pre-Approval Policies and Procedures

In accordance with Section 10A(i) of the Securities Exchange Act of 1934, before the Company engages its independent accountant to render audit or permitted non-audit services, the engagement is approved by the audit committee. The audit committee approved all of the fees referred to in the section entitled "Independent Auditors' Fees" above for 2005.

Financial Expert on Audit Committee

The Board of Directors does not believe that any of the audit committee members qualify as an "audit committee financial expert" within the meaning of all applicable rules. While the Board of Directors believes that each audit committee member is financially literate and has an understanding of generally accepted accounting principles and financial statements, the ability to assess the general application of such principles in connection with the Company's financial statements, including estimates, accruals and reserves, experience in analyzing or evaluating financial statements of similar breadth and complexity as the Company's financial statements, an understanding of internal controls and procedures for financial reporting and an understanding of audit committee functions, none of the audit committee members has acquired these attributes through education or experience as, or actively supervising, a principal financial or accounting officer or a public accountant or auditor.

Pursuant to the audit committee's written charter, which was adopted on June 1, 2000, the audit committee's responsibilities include, among other

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

things:

- . annually reviewing and reassessing the adequacy of the committee's formal charter;
- . reviewing the annual audited financial statements with the Company's management and its independent auditors and the adequacy of its internal accounting controls;
- . reviewing analyses prepared by the Company's management and independent auditors concerning significant financial reporting issues and judgments made in connection with the preparation of its financial statements;
- . making recommendations concerning the engagement of the independent auditor;
- . reviewing the independence of the independent auditors;
- . reviewing the Company's auditing and accounting principles and practices with the independent auditors and reviewing major changes to its auditing and accounting principles and practices as suggested by the independent auditor or its management; and
- . reviewing all related party transactions on an ongoing basis for potential conflict of interest situations.

The Company's audit committee has met and held discussions with management and its independent auditors. Management represented to the committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Company's independent auditors also provided the audit committee with the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the committee discussed with the independent auditors and

5

management the auditors' independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by the Company's independent auditors. Based upon the committee's discussion with management and the independent auditors and the committee's review of the representations of management and the report of the independent auditors to the audit committee, the committee recommended that the Board of Directors include the audited consolidated financial statements in its annual report on Form 10-KSB for the fiscal year ended June 30, 2005.

- (1) At June 30, 2005, the closing price of the stock was less than the price of the options.

The executive officers named above did not exercise any options during the fiscal year ended June 30, 2005.

Employment Agreements

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

On February 12, 2001, we entered into five-year employment agreements with each of Mr. Witham and Ms. Laustsen, and a two-year employment agreement with Mr. Wolff that expired June 30, 2005. These agreements provide for base salaries of \$265,000, \$160,000, and \$142,000, respectively, and also provide for bonuses to be paid based upon established financial performance targets. Each of these employment agreements contains standard noncompete, confidentiality and benefit provisions, including provisions for severance compensation in the event of a termination without cause or transactions that result in a change in control of AquaCell. Each of these contracts provide

7

that after the first year, the base salary amounts will be subject to increase by 50% of the amount of any bonus, with such bonus to be based on net sales and net income earned during the prior year. The terms of the employment agreements, including bonus criteria were reviewed and approved by the compensation committee. The Company anticipates entering into new employment agreements with its executive officers prior to the expiration of the current agreements in February 2006.

The Company employs Michael Witham as Operations Manager by a written employment agreement pursuant to which he is paid \$110,000 annually. Michael Witham is the son of James Witham, the Company's Chief Executive Officer.

The Company employs Michael Dougherty as President of its Aquacell Media subsidiary by a written employment agreement pursuant to which he is paid \$125,000 annually.

The following table sets forth certain information at June 30, 2005 with respect to the Company's equity compensation plans that provide for the issuance of options, warrants or rights to purchase the Company's securities.

Report of the Compensation Committee Concerning Compensation of Executive Officers

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

The compensation committee of the Board of Directors met 1 time during the 2005 fiscal year. The compensation committee has not developed a formal compensation policy for the Company's executive officers.

During fiscal 2005, Mr. Witham served as the Company's Chairman of the Board and Chief Executive Officer. Effective June 30, 2005, Mr. Witham resigned from the compensation committee. The compensation package provided to Mr. Witham and the other executive officers are based upon five (5) year and two (2) year employment agreements.

Bonus compensation, if any, to executive officers is based generally upon the Company's fiscal performance and the availability of resources as well as the executive officer's individual performance and level of responsibility.

Stock option awards under the Company's stock option plans are intended to attract and retain the best available talent and encourage the highest level of performance by affording key employees an opportunity to acquire proprietary interests in the Company. The executive officers are also each entitled to receive options.

Summary of 1998 Incentive Stock Plan

Our 1998 Incentive Stock Plan, covering 2,000,000 shares of our Common Stock, is administered by the compensation committee of our Board of Directors. Among the compensation committee's powers will be the authority to:

- . interpret the plan;
- . establish rules and regulations for its operation;
- . select officers, other key employees, consultants and advisors to receive awards; and
- . determine the form, amount and other terms and conditions of awards.

Directors, officers, key employees and independent contractors will be eligible to participate in the plan. The selection of participants is within the discretion of the compensation committee.

The plan provides for the grant of any or all of the following types of awards:

- . stock options, including nonqualified stock options and incentive stock options;
- . stock awards;
- . stock appreciation rights;
- . performance shares; and
- . performance units.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

Awards may be granted by themselves, in combination or in tandem with other awards as determined by the compensation committee.

- . Under the plan, the compensation committee may grant awards in the form of nonqualified stock options or incentive stock options, shares of our Common Stock, stock appreciation rights, performance shares or performance units. The compensation committee, with regard to each stock option, will determine the number of shares subject to the option, the manner and time of the option's exercise and vesting, and the exercise price per share of stock subject to the option. The following limitations are applicable under the plan: no incentive stock options may be exercisable later than ten years after the date they are granted and no nonqualified stock options may be exercisable later than fifteen years after the date they are granted;
- . the aggregate fair market value at the time of grant of shares of Common Stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year cannot be more than \$100,000;
- . the exercise price of a stock option will not be less than 100% of the fair market value of the shares of Common Stock on the date the option is granted for incentive stock options or less than 85% of the market value for non qualified stock options (or, in either case, not less than 110% of fair market value if the optionee is an officer, director or a 10% stockholder);
- . the option price must be paid by a participant by check or, in the discretion of the compensation committee, by delivery of our Common Stock; and
- . awards may be subject to such terms, conditions, restrictions or limitations, as the compensation committee deems appropriate, including restrictions on transferability and continued employment.

9

Under the plan, each stock appreciation right will entitle the holder to elect to receive the appreciation in the fair market value of the shares subject to the stock appreciation right up to the date the right is exercised. Stock appreciation rights may be granted independent of, or in connection with, stock options. In the case of stock appreciation rights issued independent of stock options, the appreciation shall not be measured from a value less than 85% of the fair market value of the shares on the date of grant. If the stock appreciation rights are issued in connection with stock options, the appreciation shall be measured from not less than the option price. No stock appreciation right may be exercised earlier than six months after the date of grant or later than the earlier of the term of the related option or fifteen years after the date it was granted.

Performance shares and units may be awarded either alone or in addition to other awards and will consist of:

- . in the case of performance shares, the right to receive shares of Common Stock or cash of equal value at the end of a specified performance period; or
- . in the case of performance units, the right to receive a fixed dollar amount, payable in cash or shares of Common Stock or a combination of both at the end of a specified performance period.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

The compensation committee may condition the performance shares or units on the attainment of specified performance goals or such other facts or criteria as the committee shall determine.

The plan provides that awards shall not be transferable otherwise than by law or by will or the laws of descent and distribution. However, the compensation committee may permit the transferability of an award to members of the participant's immediate family or trusts or family partnerships for the benefit of such family members.

The Board of Directors has the right to amend, suspend or terminate the plan at any time, subject to the rights of participants under any outstanding awards. However, no amendment to the plan may be made without the approval of our stockholders if such approval is required by law or regulatory authority.

Summary of 2002 Directors Stock Option Plan

The 2002 Directors Plan is intended to encourage stock ownership by non-employee directors and thereby enhance their proprietary interest in the Company. The Company currently has two (2) non-employee directors serving on the Board of Directors, whose service as directors is compensated solely by the issuance of stock options. These directors do not receive any cash compensation for their service as directors.

A summary of the significant provisions of the 2002 Directors Plan is set forth below.

Shares Subject to the 2002 Directors Plan

No more than 500,000 shares of common stock may be issued pursuant to the exercise of options granted under the 2002 Directors Plan. If any option expires or terminates for any reason, without having been exercised in full, the unpurchased shares subject to such option will be available again for purposes of the 2002 Directors Plan.

Participation

The Committee is authorized to grant non-qualified options under the 2002 Directors Plan from time to time to such non-employee directors of the Company as the Committee, in its sole discretion, may determine.

Terms of Options

The Committee has the discretion to fix the term of each option granted under the 2002 Directors Plan, except past the maximum length of term of each option is ten (10) years, subject to earlier termination as provided in the 2002 Directors Plan.

10

Administration of the 2002 Directors Plan

The 2002 Directors Plan is administered by a committee (the "Committee") consisting of two or more persons who are appointed by, and serve at the pleasure of, the Board and each of whom is a "disinterested person" as that term is defined in Rule 16b of the General Rules and Regulations under the Securities Exchange Act of 1934. Subject to the express provisions of the 2002 Directors Plan, the Committee has the sole discretion to determine to whom among those eligible, and the time or times at which, options will be granted, the number of

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

shares to be subject to each option and the manner in and price at which options may be exercised. In making such determinations, the committee may take into account the nature and period of service of eligible directors, their level of compensation, their past, present and potential contributions to the Company and such other factors as the Committee in its discretion deems relevant.

The Committee may amend, suspend or terminate the 2002 Directors Plan at any time, except that no amendment may be adopted without the approval of shareholders which would (i) increase the maximum number of shares which may be issued pursuant to the exercise of options granted under the Plan; (ii) change the eligibility requirements for participation in the 2002 Directors Plan; or (iii) extend the term of any incentive stock options or the period during which any incentive stock options may be granted under the 2002 Directors Plan.

Unless the 2002 Directors Plan is terminated earlier by the Board, the 2002 Directors Plan will terminate on December 31, 2012.

Nominating Committee Information

In August 2004, the Board of Directors established a nominating committee that is presently comprised of Glenn Bergenfield, William DiTuro and James Barton, each an independent director under Amex listing standards. The nominating committee will be responsible for overseeing the selection of persons to be nominated to serve on the Company's Board of Directors. The nominating committee will consider persons identified by its members, management, stockholders, investment bankers and others. The nominating committee does not yet have a formal written charter, nor has it established any formal selection criteria for nominees. However, the nominating committee intends to adopt a written charter by the date of the Annual Meeting, which will include the criteria, if any, established. The Company has not yet established a method by which stockholders may propose to the nominating committee candidates for selection as nominees for directors. The Company intends to establish such a procedure by the date of the Annual Meeting.

During the fiscal year ended June 30, 2005, the nominating committee met 2 times.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Securities Exchange Act of 1934 requires AquaCell's directors and executive officers to file with the SEC initial reports of ownership and changes in ownership of AquaCell's Common Stock during the fiscal year ended June 30, 2005. AquaCell believes that its officers and directors complied with all these filing requirements during the fiscal year other than two reports on Form 4 which were inadvertently not timely filed by Messrs. Bergenfield and DiTuro reporting stock purchases. In each case, the director timely filed corrective reports on Form 5. The Company has relied upon the representations of its directors and executive officers. The Company does not believe any other stockholders are subject to Section 16(a) filing requirements.

PROPOSAL NO. 2

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On August 6, 2005, the Board of Directors selected Wolinetz, Lafazan & Company, PC as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2006.

Although neither federal nor state law requires the approval of the auditors by stockholders, the Board believes that, in view of the importance of financial statements to the stockholders, the selection of independent public accountants should be passed on by stockholders. Accordingly, approval of the following resolution will be requested at the Meeting:

"RESOLVED, that the Board of Directors appointment of Wolinetz, Lafazan & Company, PC to serve as the Company's independent public accountants for fiscal year ending June 30, 2006 be, and the same hereby is ratified and approved."

The Board of Directors recommends a vote FOR the foregoing resolution. In the event that stockholders disapprove of the selection, the Board of Directors will consider the selection of other auditors.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

A representative of Wolinetz, Lafazan & Company, PC will be present at the Annual Meeting or available by telephone. The Company has been informed that the representative does not intend to make any statement to the stockholders at the Annual Meeting, but will be available to respond to appropriate questions from stockholders.

PROPOSAL NO. 3
AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION

On July 19, 2005 the Board of Directors unanimously approved an amendment to the Company's Certificate of Incorporation to permit the Company to issue up to 75,000,000 shares of common stock. The resolution was as follows:

"RESOLVED, that the Company's Certificate of Incorporation shall be amended to increase the common shares that the Company is authorized to issue from 40,000,000 to 75,000,000 shares."

The Board directed that the amendment be voted on by stockholders.

The Company is currently authorized and permitted to issue up to 40,000,000 aggregate shares of common stock. As of September 30, 2005, 22,638,643 shares of common stock were issued and outstanding. Approximately 2,500,000 additional shares were reserved for issuance under the Company's compensation and benefit plans and 9,179,012 shares were reserved for issuance under outstanding common stock purchase warrants and 988,000 were reserved for issuance upon conversion of preferred stock. As of September 30, 2005 the Company could issue 4,694,345 shares of common stock. The Board would like to increase the number of shares of common stock that the Company can issue for possible acquisitions, financings and other corporate purposes. The Company has no present plans for any
=====
acquisition, nor is any such transaction pending.
=====

The Board can issue shares from time to time in accordance with SEC and AMEX rules without obtaining the approval of stockholders. If this proposal is approved, all or any of the authorized shares may be issued without further shareowner action (unless such approval is required by applicable law or regulatory authorities) and without first offering those shares to the shareowners for subscription. The issuance of shares otherwise than on a pro-rata basis to all shareowners would reduce the proportionate interest in the Company of each shareowner.

Newly authorized shares would have the same rights as the presently authorized shares, including the right to cast one vote per share and to receive dividends paid by the Company. Although the authorization would not, in itself, have any effect on your rights as a stockholder, issuance of additional shares of common stock for other than a stock split or dividend could, under certain circumstances, have a dilutive effect on voting rights and earnings per share. Stockholders do not have preemptive rights.

While the issuance of shares in certain instances may have the effect of forestalling a hostile takeover, the Board does not intend or view the increase in authorized common stock as an anti-takeover measure, nor is the Company aware of any proposed or contemplated transaction of this type.

The affirmative vote of holders of a majority of the shares of Common Stock present, in person or by proxy, at the Annual Meeting is required to approve

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

this amendment of the Company's Certificate of Incorporation increasing the authorized shares the Company can issue from 40,000,000 to 75,000,000.

The board of Directors recommends that you vote FOR the amendment of the Company's Certificate of Incorporation.

PROPOSAL NO. 4 AMENDMENT OF THE COMPANY'S 1998 INCENTIVE STOCK PLAN

In order to provide the Company the ability to issue options, the Board adopted the 1998 Incentive Stock Plan (the "1998 Plan") on August 28, 1998. The 1998 Plan is intended to encourage stock ownership by officers, employees, independent contractors and advisors of the Company and thereby enhance their proprietary interest in the Company.

The 1998 Plan originally authorized the issuance of up to 1,000,000 common shares. This amount was amended by resolution and subsequent ratification by the stockholders on December 2, 2003 authorized the issuance of up to 2,000,000 common shares. On October 10, 2005 the Board of Directors adopted a resolution, subject to shareholder approval, to amend the 1998 Plan to increase the number of shares issuable thereunder from 2,000,000 to 3,000,000. The Board of Directors believes that stock options are valuable tools for the recruitment, retention and motivation of qualified employees, including officers and other persons who can contribute materially to the Company's success. As of June 30, 2005, options to purchase 1,575,500 shares were outstanding under the 1998 Plan. The Board of Directors believes that equity ownership by management and other employees has contributed to the Company's growth over the past five years. The Board believes that it is important to have additional shares available under the 1998 Plan to provide adequate incentives to the Company's growing workforce and to continue aligning the interests of management with those of the Company's stockholders. A summary of the significant provisions of the 1998 Plan, as amended from 2,000,000 shares to 3,000,000 shares is set forth below.

Administration of the 1998 Plan

The 1998 Plan is administered by the compensation committee (the "Committee") consisting of two or more persons who are appointed by, and serve at the pleasure of, the Board and each of whom is a "disinterested person" as that term is defined in Rule 16b of the General Rules and Regulations under the Securities Exchange Act of 1934. Subject to the express provisions of the 1998 Plan, the Committee has the sole discretion to determine to whom among those eligible, and the time or times at which, options will be granted, the number of shares to be subject to each option and the manner in and price at which options may be exercised. In making such determinations, the Committee may take into account the nature and period of service of eligible employees, their level of compensation, their past, present and potential contributions to the Company and such other factors as the Committee in its discretion deems relevant. Options are designated at the time of grant as either "Incentive Stock Options" intended to qualify under Section 422 of the Internal Revenue Code (the "Code") or "non-qualified options" which do not so qualify.

The Committee may amend, suspend or terminate the 1998 Plan at any time, except that no amendment may be adopted without the approval of shareholders which would (i) increase the maximum number of shares which may be issued pursuant to the exercise of options granted under the Plan; (ii) change the eligibility requirements for participation in the 1998 Plan; (iii) permit the grant of any incentive stock option under the 1998 Plan with an option price of less than 10% of the fair market value of the shares at the time such incentive stock option is granted; or (iv) extend the term of any incentive stock options or the period during which any incentive stock options may be granted under the 1998 Plan.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

Unless the 1998 Plan is terminated earlier by the Board, the 1998 Plan will terminate on December 31, 2008.

14

Shares Subject to the Plan

No more than 3,000,000 shares of Common Stock may be issued pursuant to the exercise of options granted under the 1998 Plan. If any option expires or terminates for any reason, without having been exercised in full, the unpurchased shares subject to such option will be available again for purposes of the 1998 Plan.

Under certain circumstances involving a change in the number of shares of Common Stock without the receipt by the Company of any consideration therefore, such as a stock split, stock consolidation or payment of a stock dividend, the class and aggregate number of shares of Common Stock in respect of which options may be granted under the 1998 Plan, the class and number of shares subject to each outstanding option and the option price per share will be proportionately adjusted. In addition, if the Company is involved in a merger, consolidation, dissolution or liquidation, the options granted under the 1998 Plan will be adjusted or, under certain conditions, will terminate, subject to the right of the option holder to exercise his option or a comparable option substituted at the discretion of the Company prior to such event. An option may not be transferred other than by, will or by the laws of descent and distribution, and during the lifetime of the option holder may be exercised only by such holder.

Participation

The Committee is authorized to grant incentive stock options from time to time to such employees of the Company as the Committee, in its sole discretion, may determine. Employees of the Company, advisors and independent contractors providing services to the Company are eligible to receive non-qualified options under the 1998 Plan. There are approximately 20 people who may participate in the 1998 Plan at the present time.

Option Price

The exercise price of each option is determined by the Committee, but may not, in the case of incentive stock options, be less than 100% of the fair market value of the shares of Common Stock covered by the option on the date the option is granted. In the case of non-qualified options, the option price per share may be less than, equal to or greater than the fair market value of the shares of Common Stock covered by the option on the date the option is granted but not less than 85% of the Fair Market Value of the Common Stock shares on the grant date. If an incentive stock option is to be granted to an employee who owns over 10% of the total combined voting power of all classes of the Company's stock, then the exercise price may not be less than 110% of the fair market value of the Common Stock covered by the incentive stock option on the date the option is granted.

Terms of Options

The Committee has the discretion to fix the term of each option granted under the 1998 Plan, except past the maximum length of term of each option is 10 years, subject to earlier termination as provided in the Plan.

Required Vote

The affirmative vote of holders of a majority of the shares of Common Stock

present, in person or by proxy, at the Annual Meeting is required to approve the 1998 Plan pursuant to the following resolution:

"RESOLVED, that the Company's 1998 Stock Option Plan be amended to provide for the issuance of up to 3,000,000 shares in the aggregate."

The Board of Directors recommends that you vote FOR the amendment of the 1998 Plan.

2006 ANNUAL MEETING STOCKHOLDER PROPOSAL AND NOMINATIONS

In order for any stockholder proposal to be presented at the annual meeting of stockholders to be held in 2006 or to be eligible for inclusion in the Company's proxy statement for such meeting, they must be received by the Company at its principal executive offices by June 16, 2006. Each proposal should include the exact language of the proposal, a brief description of the matter and the reasons for the proposal, the name and address of the stockholder making the proposal and the disclosure of that stockholder's number of shares of common stock owned, length of ownership of the shares, representation that the stockholder will continue to own the shares through the stockholder meeting, intention to appear in person or by proxy at the stockholder meeting and material interest, if any, in the matter being proposed.

The Company has not yet established a method by which stockholders may propose to the nominating committee candidates for selection as nominees for directors. The Company intends to establish such a procedure by the date of the Annual Meeting.

OTHER STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors provides a process for stockholders and interested parties to send communications to the Board. Stockholders and interested parties may communicate with the Board of Directors, any committee chairperson or the non-management directors as a group by writing to the Board or committee chairperson in care of AquaCell Technologies, Inc., 10410 Trademark Street, Rancho Cucamonga, California 91730. Each communication will be forwarded, depending on the subject matter, to the Board, the appropriate committee chairperson or all non-management directors.

DISCRETIONARY VOTING OF PROXIES

Pursuant to Rule 14a-4 promulgated by the Securities and Exchange Commission, stockholders are advised that the Company's management will be permitted to exercise discretionary voting authority under proxies it solicits and obtains for the 2006 Annual Meeting of Stockholders with respect to any proposal presented by a stockholder at such meeting, without any discussion of the proposal in our proxy statement for such meeting, unless we receive notice of such proposal at the Company's principal office in Rancho Cucamonga, California, not later than September 23, 2006.
