GETTY REALTY CORP.

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of Getty Realty Corp. (hereinafter called the "Company" or "Getty"), to be voted at the Annual Meeting to be held at JP. Morgan Chase & Co., 277 Park Avenueth, 17 Floor, New York, New York, 10017 on May 19, 2011 at 3:30 p.m., and at any adjournments or postponements thereof (the "Annual Meeting"), for the purposes of electing a Board of Directors, ratifying the appointment of independent auditors and transacting such other business as may properly come before the meeting or any adjournment or postponement thereof.

Record Date, Voting Rights, Outstanding Shares and Quorum

At the close of business on March 21, 2011, the record date for stockholders entitled to vote at the Annual Meeting, there were 33,394,155 shares of Getty common stock outstanding. Each outstanding share of common stock is entitled to one vote. The common shares vote as a single class. In order to constitute a quorum at the Annual Meeting, there must be present, or voting by proxy, holders of a majority of the outstanding common stock.

Under Maryland law, shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered by the beneficial owner of the stock to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Voting Requirements

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

All valid proxies received before the Annual Meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of each of the proposals. At the discretion of the persons named in the enclosed proxy card or vote instruction form, the proxies may vote on any other matter that may properly come before the Annual Meeting or any adjournment or postponement of the Annual Meeting.

Vote Required

If a quorum is achieved at the Annual Meeting, the following voting requirements will apply:

- **Board Elections.** To be elected to serve until our 2012 annual meeting and until his successor is elected and qualifies, a director nominee will be elected for a term of one year if the number of votes cast "FOR" that director exceeds the number of votes cast "AGAINST" that director. For purposes of the election of directors, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

- **Advisory vote on executive compensation.** The affirmative vote of a majority of the votes cast at the Annual Meeting will be necessary to approve the advisory vote on executive compensation. Abstentions and broker non-votes are not considered votes cast and will have no effect on the outcome of this proposal.
- **Advisory vote on the frequency of the advisory vote on executive compensation.** The affirmative vote of a majority of the votes cast at the Annual Meeting will be necessary to approve the advisory vote on the frequency of the advisory vote on executive compensation. Abstentions and broker non-votes are not considered votes cast and will have no effect on the outcome of this proposal.
- **Ratify the appointment of PricewaterhouseCoopers LLP.** A majority of votes cast at the Annual Meeting is necessary to ratify the appointment of the independent registered public accounting firm.

Broker Non-Votes and Abstentions

A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (generally referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Brokers may not vote your shares on the election of directors in the absence of your specific instructions as to how to vote, so we encourage you to provide instructions to your broker regarding the voting of your shares. In the absence of instructions, shares subject to such broker non-votes will not be counted as voted or as present or represented on either of the proposals and therefore will have no effect on the vote.

If you vote by proxy, the individuals named on the proxy card (your “proxies”) will vote your shares in the manner you indicate. You may specify whether your shares should be voted for or against all, some or none of the nominees for director and whether your shares should be voted for or against the other proposals.

Solicitation of Proxies

We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail through our employees, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and we will reimburse them for their reasonable, out-of-pocket costs. We may also use the services of our officers, directors and others to solicit proxies personally or by telephone, without additional compensation.

Notice Regarding the Availability of Proxy Materials

From the date of mailing of the Notice of Internet Availability through the conclusion of the Annual Meeting, stockholders will be able to access all of the proxy materials on the internet at www.proxyvote.com. The proxy materials will be available free of charge. The Notice of Internet Availability will instruct you as to how you may access and review all of the important information contained in the proxy materials (including our annual report to shareholders) over the internet or through other methods specified at the website designated in the Notice of Internet Availability. The website designated contains instructions as to how to vote over the internet or by telephone. The Notice of Internet Availability also instructs you as to how you may request a paper or email copy of the proxy card. If you received a Notice of Internet Availability and would like to receive printed copies of the proxy materials, you should follow the instructions for requesting such materials included in the Notice of Internet Availability.

We have delivered only one Notice of Internet Availability or Annual Meeting materials to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. CORPORATE GOVERNANCE AND RELATED MATTERS

Board of Directors and Board Leadership Structure

Our Board of Directors is currently comprised of Milton Cooper, Philip E. Coviello, David B. Driscoll, Leo Liebowitz, Richard E. Montag, and Howard B. Safenowitz. Our Board is elected by the stockholders to oversee the performance of the business affairs of the Company and to set broad strategy for the Company's growth. The Board of Directors acts as an advisor to senior management and monitors its performance. It also oversees the Company's compliance efforts. To help discharge its responsibilities, the Board of Directors has adopted Corporate Governance Guidelines on significant corporate governance issues. The Corporate Governance Guidelines address, among other things, the size of the Board of Directors, director independence, committee membership and structure, meetings and executive sessions, and director selection and training.

The Charters for each of the committees of the Board of Directors, the Corporate Governance Guidelines, and Getty's Business Conduct Guidelines (which serve as our code of ethics under the Sarbanes-Oxley Act of 2002 and our code of business conduct and ethics under the NYSE rules, and covers officers, employees and directors), may all be accessed through the Getty website at www.gettyrealty.com by clicking on Corporate Governance. Additionally, copies of any such documents may be obtained by submitting a written request to Mr. Joshua Dicker, Vice President, General Counsel and Secretary, at the address for Getty's executive offices provided in this Proxy Statement. The Business Conduct Guidelines apply to all employees, officers and directors of the Company and waivers of the Business Conduct Guidelines for directors or executive officers, if any, will be disclosed in the Company's Annual Proxy Statement. There were no such waivers in 2010.

For the year ended December 31, 2010, our Board of Directors had six members. The Board of Directors has nominated six candidates for election as directors for a one year term ending at the 2012 annual meeting of the Company's stockholders and when their successors are duly elected and qualified. If a quorum is achieved at the Annual Meeting, a director will be elected for a term of one year if the number of votes cast "FOR" that director exceeds the number of votes cast "AGAINST" that director.

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interests of the Company for the Board to have the flexibility to make the determination whether the same person should serve as both the Chief Executive Officer and Chairman of the Board at any given point in time, or whether the roles should be separate, depending, among other factors, on the position and direction of the Company and the membership of the Board. The Board believes that its current leadership structure, with the separation of the Chairman and the CEO position, is appropriate for the Company because it separates the leadership of the Board from the day-to-day leadership of the Company. The Board believes that a separate Chairman better positions the Board to evaluate the performance of management and more efficiently facilitates the communication of the views of the independent directors.

Prior to Mr. David Driscoll's appointment as the Company's Chief Executive Officer on May 20, 2010, Mr. Leo Liebowitz served as both our Chairman of the Board and Chief Executive Officer. As our co-founder and one of our largest stockholders, we believed that Mr. Liebowitz was highly qualified to lead both our Board of Directors and management of our business. Effective May 20, 2010, Mr. Liebowitz relinquished his position as Chief Executive Officer, however he continues to lead the Board of Directors as Chairman and he also maintains an active role as an executive of the Company providing support and advice to the Chief Executive Officer. Mr. Driscoll was appointed to the position of President of the Company, effective April 1, 2010 and was appointed as the Company's Chief Executive Officer, effective on May 20, 2010.

Effective May 20, 2010, we separated the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. In his role as Chairman of the Board, Mr. Liebowitz is responsible for enhancing board effectiveness, in particular by ensuring the Board works as a cohesive team; ensuring that the Board has adequate resources and that there is a process in place to assure that the Board is presented with full, timely and relevant information; ensuring that there is a process in place to monitor best practices that relate to the responsibilities of the Board; and assessing the effectiveness of the overall Board, its committees and individual directors on a regular basis. He is also responsible for Board management, in particular by providing oversight on the agendas for Board and committee meetings; consulting with the CEO regarding the membership and the chairs for Board committees and the effectiveness of the committees; ensuring that the independent directors meet regularly without management present to discuss the effectiveness of the Chief Executive Officer and the Board, and by chairing Board meetings. In his role as the CEO, Mr. Driscoll is responsible for setting a strategic vision for the Company and seeking to align the Company, internally and externally, with that strategic vision. In addition, Mr. Driscoll, as CEO, is responsible for day to day leadership of the Company, promoting Company performance through his leadership, and leading the Company in the execution of its business plan. Our CEO also serves on our Board, which we believe helps the CEO serve as a bridge between management and the Board of Directors, ensuring that both groups act with a common purpose. We believe that the CEO's presence on the Board enhances his ability to provide insight and direction on important strategic initiatives to both management and the independent directors and, at the same time, ensures that the appropriate level of independent oversight is applied to all decisions by the Board.

Role of Board of Directors in Risk Oversight

It is management's responsibility to assess and manage the various risks Getty faces and the Board's responsibility to oversee management in this effort. In exercising its oversight, the Board of Directors has delegated primary responsibility for risk assessment and risk management oversight to the Audit Committee. Under its Charter, the Audit Committee's responsibilities include discussing with management the Company's policies with respect to risk assessment and risk management, and the Company's material financial risk exposures and the actions management has taken to limit, monitor or control such exposure. The Audit Committee receives periodic reports from management on the Company's enterprise risk management practices and our risk mitigation efforts. The Audit Committee also oversees the Company's legal and regulatory compliance programs and internal audit function. Our full Board periodically reviews the Company's strategic plans and objectives, including the risks that may affect the achievement of these strategic plans and objectives.

Independence of Directors

The Board of Directors has determined that Messrs. Cooper, Coviello, Montag and Safenowitz are "independent" as defined in the listing standards of the NYSE. In making these determinations, the Board of Directors considered all relevant facts and circumstances, including the independence standards set forth in Section 303A.02 of the rules of the New York Stock Exchange. The Board of Directors affirmatively determined that none of the directors, or any of their respective family members, other than (a) Mr. Liebowitz, who was the Chief Executive Officer of Getty until May 20, 2010 and (b) Mr. Driscoll who became the President of the Company on April 1, 2010 and became the Chief Executive Officer of the Company on May 20, 2010, has had any relationship with Getty (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), other than as a shareholder and director of Getty, within the last three years. Accordingly, the Board of Directors has affirmatively determined that each of the directors, other than Mr. Liebowitz and Mr. Driscoll, is "independent."

It has been and will continue to be the practice of the Board of Directors to meet at least quarterly each year and have Mr. Liebowitz, as Chairman, chair such meetings. Additionally, it has been the practice of the non-management directors to meet in executive session at least quarterly each year, and to have the Lead Director chair such sessions.

Upon appointment to the position of President, Mr. Driscoll resigned as the Company's Lead Director on February 25, 2010, and on the same date, the Board of Directors appointed Mr. Safenowitz as the Company's Lead Director to preside at all executive sessions of "non-management" directors, as such term is defined by the NYSE.

Directors' Meetings

During the year ended December 31, 2010, the Board of Directors held five meetings (including four regular meetings and one special meeting). Each of the directors attended all of the meetings of the Board of Directors, and of the Committees of the Board on which the director served. Each of the directors also attended the Annual Meeting of stockholders in May 2010.

Committees

The Board of Directors has an Audit Committee, a Nominating/Corporate Governance Committee and a Compensation Committee, the membership and functions of which are described below.

Audit Committee

The Audit Committee met eight times in 2010. The Audit Committee consisted of Messrs. Coviello (Chairman), Driscoll, and Safenowitz until February 25, 2010 when Mr. Driscoll was appointed to the position of President of the Company and resigned from the Audit Committee. Thereafter the Audit Committee consisted of two members (Messrs. Coviello (Chairman), and Safenowitz) until Mr. Montag's appointment on May 20, 2010 upon his election as a director. The Audit Committee selects the firm of independent public accountants that audits the consolidated financial statements of Getty and its subsidiaries, discusses the scope and the results of the audit with the accountants and discusses Getty's financial accounting and reporting practices. The Audit Committee also examines and discusses the adequacy of Getty's internal control over financial reporting with the accountants and with management. In addition to regular meetings, at least one Audit Committee member meets telephonically with management and Getty's independent auditors to review the Company's annual and quarterly reports and other reports, as appropriate, prior to their filing with the SEC. The Audit Committee met with management and Getty's independent auditors to review the Company's audited financial statements for the year ended December 31, 2010 and recommended to the Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for such year. Additionally, the Audit Committee reviews, and discusses with management, management's specific disclosures contained in "Management's Discussion and Analysis of Financial Condition and Results of Operations". Please also see the Audit Committee Report included in this Proxy Statement.

The Board of Directors determined that for the year ended December 31, 2010, each member of the Audit Committee (a) was (1) "independent" during the period he served on the Audit Committee and (2) "financially literate" as such term is defined in the listing standards of the NYSE and (b) during the period he served on the Audit Committee, met the independence tests set forth in Section 301 of the Sarbanes-Oxley Act of 2002 and regulations promulgated thereunder by the SEC. The Board of Directors also determined that for the year ended December 31, 2010, Mr. Coviello and Mr. Montag qualified as an "audit committee financial expert" under the relevant rules of the SEC, and that he had the requisite accounting/financial management expertise required by the listing standards of the NYSE.

The Charter of the Audit Committee provides that members of the Audit Committee may not be members of the audit committee of three or more other public companies unless such other memberships have been disclosed to the Board and the Board has determined that such simultaneous service does not impair the ability of such member to serve effectively on the Audit Committee. None of the Audit Committee members served on the audit committee of three or more other public companies during 2010.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee met three times in 2010. The Nominating/Corporate Governance Committee consisted of Messrs. Safenowitz (Chairman), Cooper, and Coviello. The Nominating/Corporate Governance Committee recommends nominees for election to the Board and reviews the role, composition and structure of the Board and its committees. As part of this review, the Committee evaluates (i) whether to have a Lead Director, (ii) the responsibilities of the positions of Chairman of the Board and Lead Director, and (iii) the qualifications for those positions, including whether the position of Chairman of the Board of Directors should be held by the Chief Executive Officer, an independent director, or a non-independent director other than the Chief Executive Officer. The Nominating/Corporate Governance Committee also recommends candidates to the Board for election as officers.

For a discussion of the specific experience, qualifications, attributes or skills of the nominees for election to the Board, see the “Election of Directors (Proposal 1)” section of this Proxy Statement.

The Nominating/Corporate Governance Committee does not have a formal policy with regard to the consideration of diversity in identifying director nominees. However, consistent with the Committee’s charter, when identifying director nominees the Committee considers general principles of diversity, and does so in the broadest sense. The Nominating/Corporate Governance Committee seeks to recommend the nomination of directors who represent different qualities and attributes and can represent a mix of backgrounds and experiences that will enhance the quality of the Board’s deliberations and oversight of the Company’s business.

The Board of Directors has determined that each member of the Nominating/Corporate Governance Committee is “independent” as such term is defined in the listing standards of the NYSE. The Nominating/Corporate Governance Committee Charter includes policies with regard to stockholder recommendations of nominees to the Board of Directors.

Stockholders wishing to recommend candidates for election to the Board must supply information in writing regarding the candidate to Mr. Joshua Dicker, Vice President, General Counsel and Secretary of the Company, at the Company’s executive offices. This information should include the candidate’s name, biographical data and an analysis of the candidate based on the director candidate criteria described below. The recommendation must also include all information relating to the proposed director nominee that would be required to be disclosed in a solicitation of proxies for election of directors in an election contest under applicable securities law. Stockholders wishing to nominate a candidate must comply with the advance notice requirements in our By-Laws. Please refer to our By-Laws for more specific information. Additional information regarding any proposed nominees may be requested by the Nominating/Corporate Governance Committee.

Each nominee must possess fundamental qualities of intelligence, honesty, good judgment, and high standards of ethics, integrity, fairness and responsibility. The Nominating/Corporate Governance Committee also will consider the following criteria, among other criteria the Committee deems appropriate, including the specific needs of the Board at the time:

- experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today’s business environment;
- the director’s past attendance at meetings and participation in and contributions to the activities of the Board (if applicable);
- experience in our industry and with relevant social policy concerns;

Edgar Filing: GETTY REALTY CORP /MD/ - Form DEF 14A

- understanding of our business on a technical level;
- educational and professional background and/or academic experience in an area of our operations;
- experience as a board member of another publicly held company;
- practical and mature business judgment, including ability to make independent analytical inquiries;
- “independence,” as defined by the NYSE listing standards;
- financial literacy;
- standing in the community; and
- ability to foster a diversity of backgrounds and views and to complement the Board’s existing strengths.

On the basis of the information gathered in this process, the Nominating/Corporate Governance Committee will determine which nominees to recommend to the Board. Recommendations and related information received prior to any Nominating/Corporate Governance Committee meeting where director nominees are to be considered will be considered at that meeting. The Nominating/Corporate Governance Committee uses the same process for evaluating all nominees, regardless of the source of the recommendation. This process includes, among other things, personal interviews, discussions with professional references, background checks, credit checks and resume verification.

The Nominating/Corporate Governance Committee has not received any recommendation for a director nominee from any stockholder or group of stockholders.

Compensation Committee

The Compensation Committee met twice in 2010. The Compensation Committee consisted of Messrs. Cooper (Chairman), Coviello and Safenowitz until November 18, 2010 when Mr. Montag was appointed by the Board as an additional member of the Compensation Committee. The Compensation Committee is responsible for developing and, with the approval of the Board, implementing the compensation plans, policies and programs of the Company and producing an annual report on executive compensation for inclusion in the Company’s proxy materials in accordance with applicable rules and regulations. It is the Compensation Committee’s responsibility to ensure that compensation programs are designed to encourage high performance and promote accountability and assure that employee interests are aligned with the interests of the Company’s stockholders.

The Compensation Committee also administers the Supplemental Retirement Plan for Executives of Getty Realty Corp. and Participating Subsidiaries (the “Supplemental Retirement Plan”) and the Getty Realty Corp. 2004 Omnibus Incentive Compensation Plan (the “2004 Plan”) and reviews, and recommends to the Board, for Board approval, the compensation of the directors and each of the officers of Getty.

The Compensation Committee’s Charter provides that the Committee may delegate any or all of its responsibilities, except that the Committee may not delegate its responsibilities with respect to:

- its annual review and approval of compensation for officers, directors and certain highly compensated employees;
- its recommendation to the Chairman of the Board of any changes in non-management director compensation;

Edgar Filing: GETTY REALTY CORP /MD/ - Form DEF 14A

its management and annual review of, and responsibilities with respect to, all bonus, incentive compensation, equity-based compensation, and employee pension and welfare benefit plans;
any other matters that involve executive compensation; or

any matters where the Committee has determined that such compensation is intended to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) by virtue of being approved by a committee of outside directors or is intended to be exempt from Section 16(b) under the Securities Exchange Act of 1934, as amended (the Exchange Act) pursuant to Rule 16b-3 by virtue of being approved by a committee of non-employee directors.

Compensation of Getty's executive officers (with the exception of the Chief Executive Officer) is recommended by the Chief Executive Officer to the Compensation Committee and is discussed, reviewed and established by the Compensation Committee, subject to approval by the full Board of Directors. The compensation of the Chief Executive Officer is discussed, reviewed and approved by the Compensation Committee. No executive officer other than the Chief Executive Officer plays a role in determining or recommending the amount or form of executive and director compensation. The Compensation Committee did not use the services of any consultant related to executive or director compensation, although the Compensation Committee has determined to retain an independent executive compensation consultant with the intention that such consultant will provide guidance and information to assist the Committee in discharging its responsibilities relating to 2011 compensation determinations.

The Board of Directors has determined that each member of the Compensation Committee is independent as such term is defined in the listing standards of the NYSE.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee is responsible for setting and administering the compensation policies and practices of the Company. The Company's executive compensation program consists primarily of the following elements: base salary, cash incentive compensation, equity incentive compensation and retirement plans. We do not utilize compensation policies or practices that create risks which are reasonably likely to have a material adverse effect on the Company. The following Compensation Discussion and Analysis section describes generally the Company's compensation policies and practices that are applicable to the Chief Executive Officer and the other executive officers.

Executive Summary

In determining 2010 compensation for our executive and management employees, the Compensation Committee took note of the significant operating and financial challenges that our Company faced. We believe that the structure of the Company's compensation program permitted our Compensation Committee to make compensation decisions that appropriately and fairly reflected the Company's operations and performance, while rewarding critical leadership actions taken by the NEOs in order to best serve the interests of our stockholders. These actions included, among others:

Completion of Public Stock Offerings. During the second quarter of 2010, the Company completed its first public offering of common stock in over ten years: a public offering of 5.2 million shares of the Company's common stock. The net proceeds from this offering were \$108.2 million. In addition, the Company completed a second public offering of 3.45 million shares of its common stock, of which 3.0 million shares were issued in January 2011 and .45 million shares, representing the underwriter's over-allotment, were issued in February 2011. The net proceeds from this second offering were \$91.8 million.

Improved Profitability. Earnings from continuing operations were \$50.1 million for the year ended December 31, 2010, as compared to \$41.7 million for the year ended December 31, 2009 and net earnings increased by \$4.7 million to \$51.7 million for the year ended December 31, 2010, as compared to \$47.0 million for the year ended December 31, 2009.

Cost reduction. Total operating expenses decreased by approximately \$4.8 million for the year ended December 31, 2010 as compared to the year ended December 31, 2009.

Accretive acquisitions. In January 2011 we closed on the acquisition of fee or leasehold title to fifty-nine Mobil-branded gasoline and convenience store properties located in and around northern suburbs of New York City and the lower Hudson Valley in a sale/leaseback and loan transaction involving a total investment of \$111.3 million. This transaction followed our late 2009 acquisition of thirty-six Exxon-branded gasoline and convenience store properties located in the greater Washington D.C. metropolitan area for \$49.0 million, which was a significant driver of the Company's improved performance in 2010 as compared to 2009.

Overview

Getty's compensation program for executive officers is designed to effectively manage annual increases in the Company's aggregate compensation expense while providing executive officers with a total compensation package that is adequate to retain them, encourage high performance, and promote accountability, except for Mr. Liebowitz with respect to whom, as the Company's largest stockholder, the Compensation Committee is guided by what it believes to be reasonable for his position in view of his contributions to the Company's performance without regard to retention. Getty's compensation policies are also designed to promote increased stockholder value by aligning the financial interests of Getty's executive officers with those of its stockholders. The Compensation Committee believes that its current policies, plans and programs are adequate for these purposes.

Getty relies on a combination of annual cash compensation and employee benefits and long-term compensation in the form of stock-based grants to retain its executive officers (other than with respect to Mr. Liebowitz, for the reasons noted above). Stock-based grants are viewed by the Compensation Committee as the means of aligning the financial interests of Getty's executive officers with those of its stockholders. Getty's compensation program for executive officers has not, as a general matter, historically included annual cash incentive awards; however, in the past two years Getty's executive and management level compensation program has included a discretionary annual cash incentive compensation component.

The Compensation Committee reviews, from time to time, the annual compensation survey conducted by the National Association of Real Estate Investment Trusts ("NAREIT"), but does not engage in benchmarking. As a general matter, the Compensation Committee had historically focused on regional cost of living increases as a measure for determining annual increases in executive and management level base salaries; however, over the past three years the Committee has departed from such historical practice and has instead undertaken to evaluate more specifically whether current base salary levels for executive officers are, in combination with other compensation components, sufficient to achieve the objectives of Getty's compensation program without particular regard for cost of living increases. Total cash compensation, including for the past two years discretionary annual cash incentive awards, and the number of restricted stock units ("RSUs") (including dividend equivalents paid with regard to such RSUs) granted annually are in aggregate amounts which the Compensation Committee considers to be sufficient to retain its executive officers and to align their interests with those of Getty's stockholders.

Compensation of Getty's executive officers (with the exception of the Chief Executive Officer) is recommended by the Chief Executive Officer to the Compensation Committee and is discussed, reviewed and established by the Compensation Committee. The Compensation Committee received input from the Chief Executive Officer, including competitive compensation data, to assist its members in formulating the Company's compensation programs and compensation levels for our executive officers (other than the Chief Executive Officer). The Compensation Committee used this summary information for a reasonable estimation of compensation levels in our industry for persons with positions and roles generally corresponding to those of our executive officers. The compensation of the Chief Executive Officer is discussed, reviewed and approved by the Compensation Committee.

Section 162(m) of the Internal Revenue Code denies publicly-held corporations the federal income tax deduction for compensation in excess of \$1.0 million paid to its chief executive officer and three other most highly compensated officers during a year (excluding the Chief Financial Officer) unless the compensation is performance-based. At this time the compensation paid to our Chief Executive Officer and other officers do not meet the limits imposed by the Section 162(m) limitations on deductibility. In the event that the compensation of any officer is anticipated to meet the Section 162(m) limitations in the future, the Compensation Committee will consider such limitations in determining such officer's total compensation.

The primary elements of compensation for executive officers are the following:

- Base salary;
- Incentive compensation (cash incentive compensation and equity incentive awards like restricted stock units ("RSUs") with dividend equivalents);

- Retirement and other plans; and
- Perquisites and other benefits.

In determining 2010 compensation, the Compensation Committee did not use the services of any consultant related to executive or director compensation, although the Compensation Committee has determined to retain an independent executive compensation consultant with the intention that such consultant will provide guidance and information to assist the Committee in discharging its responsibilities relating to 2011 compensation determinations.

Base Salary

Prior to 2008, the Compensation Committee generally did not evaluate base salaries each year other than to consider cost of living increases. Consequently, annual increases in base salaries of Getty's executive officers had, prior to 2008, typically been determined by multiplying base salaries of Getty's executive officers for the prior year by a percentage representing a cost of living increase. Based on this practice, a three (3%) percent annual percentage increase to base salaries of Getty's executive officers had historically been provided.

Commencing in 2008, the Compensation Committee modified its traditional practice for review of executive base salaries with a more directed examination of whether, without specific regard to cost of living increases, each executive's base salary was at an appropriate level in view of his job responsibility, experience, and value to the Company, and relative to achieving the overall designs and goals of Getty's compensation program for all executive officers. As part of this reconsidered process and in order to achieve the overall designs of Getty's executive compensation program, the Compensation Committee decided not to recommend base salary increases for executive officers for 2010 (or for 2009 and 2008), but did recommend discretionary annual cash incentive awards for executive officers for 2010 (and for 2009), emphasizing discretionary cash bonuses as an important component of total annual cash compensation for executive officers.

Although base salaries for executive officers in 2009 and 2008 were not adjusted based on a cost of living increases, in February 2009, Mr. Dicker's base salary was increased from \$235,000 to \$250,000, and in February 2008, Mr. Stirnweis's base salary was increased from \$201,475 to \$250,000 and Mr. Shea's base salary was increased from \$206,688 to \$265,000, in each case based on performance and other factors.

On April 26, 2010, the Company entered into an employment agreement with David B. Driscoll for his employment as the Company's President and Chief Executive Officer. Mr. Driscoll's employment agreement provides for an annual base salary of \$500,000, which was established based upon arm's length negotiations between Mr. Driscoll and the Company. (See "Executive Compensation - Compensation Discussion and Analysis - Driscoll Employment Agreement" in this Proxy Statement.)

Incentive Compensation

Cash Bonus

Prior to 2009, the Company's executive compensation program did not include an annual cash incentive compensation component. Commencing in 2009, the Compensation Committee determined that it was appropriate to increase the significance of annual cash incentive awards as a component of total annual cash compensation and to consider discretionary awards of cash incentive compensation based upon individual efforts and performances and to reward executives and other management employees for their contribution to annual operating results that help create value for our stockholders. Based upon this discretionary cash incentive compensation policy, the Compensation Committee recommended, and the Board approved, cash bonus awards to executive officers in March, 2011 as follows: Mr. Driscoll, \$270,000, Mr. Liebowitz, \$50,000, Mr. Shea, \$100,000, Mr. Stirnweis \$60,000, and Mr. Dicker, \$75,000. The decision to award cash bonuses in March 2011 was based on the Company's successful performance and key accomplishments in 2010 and 2011, including, in particular, the achievements outlined above in the Executive Summary portion of this "Compensation Discussion and Analysis" section, and each individual's relative contribution to that performance. Cash bonuses recommended to the Board by the Compensation Committee for Getty's executive officers (with the exception of the Chief Executive Officer) were based in part on recommendations of the Chief Executive Officer, and for all executive officers, were determined without regard to any specific performance targets.

In February 2010, based on the Company's strong performance in 2009 despite a challenging economic environment, the Compensation Committee also exercised the discretionary cash incentive compensation policy and recommended, and the Board approved, awards of cash bonuses to executive officers as follows: Mr. Liebowitz, \$45,000, Mr. Shea, \$35,000, Mr. Stirnweis \$25,000, and Mr. Dicker, \$25,000. Cash bonuses recommended by the Compensation Committee in 2010 for Getty's executive officers (with the exception of the Chief Executive Officer) were based in part on recommendations of the Chief Executive Officer, and for all executive officers, were determined without regard to any specific performance targets.

Although Mr. Driscoll's Executive Employment Agreement entered into in April, 2010 contemplates Mr. Driscoll's eligibility for a discretionary annual cash bonus based on his performance relative to the achievement of goals, benchmarks, and other criteria to be established by the Compensation Committee in consultation with Mr. Driscoll on an annual basis, for 2010, no such benchmarks or criteria have as yet been formally established.

2004 Incentive Compensation Plan

At the 2004 Annual Meeting of Stockholders, the stockholders approved the 2004 Plan for officers and other valued employees of the Company, its subsidiaries and members of the Board. The 2004 Plan provides for the grant of restricted stock, restricted stock units, cash, stock or other performance awards, dividend equivalents, deferred stock awards, stock payments and other stock awards to eligible individuals. The 2004 Plan does not provide for the grant of stock options. The 2004 Plan also permits a grant to each employee of 10 shares of common stock on or about December 31st of each year (which, in the case of 2010, was granted to each full-time employee), as well as a grant to each employee, on each fifth anniversary of his or her employment, of 10 shares of common stock for each five years of employment.

Edgar Filing: GETTY REALTY CORP /MD/ - Form DEF 14A

The 2004 Plan is administered by the Compensation Committee which has the power to determine eligibility, the types and sizes of awards, the price and timing of awards, terms of vesting, the acceleration or waiver of any vesting restriction and the timing and manner of settling vested awards. In 2008, the Board of Directors approved certain technical amendments to the 2004 Plan to comply with the provisions of Section 409A of the Internal Revenue Code. As amended, the 2004 Plan provides that the Compensation Committee may not exercise its discretion to accelerate the payment or settlement of "deferred compensation" within the meaning of Section 409A unless and to the extent such accelerated payment or settlement is permissible under Section 409A.

An aggregate of 1,000,000 shares of common stock are available for grant pursuant to the 2004 Plan, subject to adjustments for stock dividends and stock splits. The aggregate maximum number of shares of common stock that may be subject to awards granted under the 2004 Plan to all participants during any calendar year is 80,000.

The Compensation Committee may terminate, amend, or modify the 2004 Plan at any time; provided, however, that stockholder approval must be obtained for any amendment to the extent such approval is required in order to comply with any applicable law, regulation or stock exchange rule, or to increase the maximum number of shares which may be issued, in any year or in aggregate, under the 2004 Plan.

In no event may an award be granted pursuant to the 2004 Plan on or after the tenth anniversary of the last date on which Getty's stockholders approved the 2004 Plan.

Generally, to better align the interests of the Company's directors, officers and employees with the interests of the Company's stockholders, the Compensation Committee grants equity based awards under the 2004 Plan consisting of RSUs (including dividend equivalents paid with respect to such RSUs). RSU awards vest over a five year period. RSUs granted before 2009 provide for settlement upon termination of employment or service as a director and RSUs granted in 2009 and thereafter provide for settlement upon the earlier of ten years after grant or upon termination of employment or service as a director. Cash compensation and the number of RSUs (including dividend equivalents paid with respect to such RSUs) granted annually by the Company to its executive officers are in amounts which the Compensation Committee considers to be sufficient to retain its executive officers and to align their interests with those of Getty's stockholders.

The Compensation Committee's determination to grant RSUs to each executive officer is in keeping with its annual practice of using RSUs as part of the compensation program and is based on the Committee's determination that an annual grant of RSUs fosters stock (or equivalent) ownership by the Company's executive officers, thereby aligning their personal interest with the long term interests of the Company's stockholders, and also encourages executive retention because the awards vest over a five year period.

The size of the RSU grant to the executive officers was considered appropriate by the Compensation Committee after taking into account the grants historically made by the Company to its executives, recommendations of the Chief Executive Officer for all executive officers excluding himself, and market compensation data for comparable executives at similarly situated companies, and also consideration of the personal perspectives and knowledge of the members of the Compensation Committee. The Compensation Committee's practice is to target long term compensation of the Company's executives which, together with other compensation, is sufficient to promote retention and to encourage focus on the Company's long-term business objectives and performance. With respect to each of the directors, the Compensation Committee's determination to award RSUs was in order to further align the interests of directors with the Company's stockholders and also to provide additional value to directors for their contributions to the Company.

In March 2011, the Compensation Committee granted 4,000 RSUs (and related dividend equivalents) to each executive officer (including the Chief Executive Officer) and to each director (other than the Chief Executive Officer), representing an increase over the prior year grant of 500 RSUs for each executive officer and director. The Compensation Committee did not utilize performance targets in determining to increase the number of equity-based awards but determined that the increase in the annual grant of RSUs was appropriate to further achieve the goals of the compensation program.

The following chart presents information regarding Getty's equity compensation plans, as of December 31, 2010:

Retirement Plans

Getty has a retirement and profit-sharing plan with deferred 401(k) savings plan provisions (the "Retirement Plan") for employees meeting certain service requirements. An annual discretionary profit sharing contribution is determined by the Board of Directors. The contribution is calculated as a percentage of the sum of (i) the employee's compensation (as defined in the Retirement Plan) up to the maximum allowed under Internal Revenue Service regulations, and (ii) the excess of that amount over the social security taxable wage base. For 2010, the Board of Directors elected to contribute 1% of that sum for each eligible employee. This percentage was consistent with prior years. Under the terms of the Retirement Plan, the Company matches 50% of each participating employee's elective contribution to the Retirement Plan, but in no event more than 3% of the employee's compensation. The Company's contributions to the Retirement Plan vest in accordance with a six-year vesting schedule and are paid upon retirement, death, disability, or termination of employment, as described more fully in the Retirement Plan.

Getty also has the Supplemental Retirement Plan for executive officers and other senior management employees. The Board of Directors has sole discretion to select annually the eligible employees for whom contributions will be made. Under the Supplemental Retirement Plan, which is not qualified for purposes of Section 401(a) of the Internal Revenue Code, a participating employee may receive in his trust account an amount equal to 10% of his compensation (as defined in the Supplemental Retirement Plan), reduced by the amount of any contributions allocated to the employee by the Company under the Retirement Plan. The amounts paid to the trustee under the Supplemental Retirement Plan may be used to satisfy claims of general creditors in the event of Getty's or any of its subsidiaries' bankruptcy. The trustee may not cause the Supplemental Retirement Plan to be other than "unfunded" for purposes of the Employee Retirement Income Security Act of 1974, as amended. An employee's account vests in the same manner as under the Retirement Plan and is paid upon separation of service from the Company. Under the Supplemental Retirement Plan, during any year, the Board of Directors may elect not to make any payment to the account of any or all eligible employees.

Driscoll Employment Agreement

Mr. Driscoll's employment agreement (the "Employment Agreement") provides for an annual base salary of \$500,000 and eligibility to receive an annual cash bonus as determined by the Compensation Committee in its discretion based on Mr. Driscoll's performance relative to the achievement of goals, benchmarks, and other criteria to be established by the Compensation Committee in consultation with Mr. Driscoll on an annual basis. The Employment Agreement also provides for Mr. Driscoll's eligibility to participate in the Company's equity incentive compensation plan, supplemental retirement plan for Company executives, and all other employee benefit plans available to the Company's employees. The Employment Agreement also provides Mr. Driscoll with an automobile allowance consistent with the Company's policies for its Chief Executive Officer.

The Employment Agreement has an initial term of employment that commences April 1, 2010, and ends May 20, 2013, and is subject to annual successive one-year renewal terms unless either the Company or Mr. Driscoll notifies the other of non-renewal at least ninety (90) days prior to the end of the initial term or then-current one-year renewal term, as applicable. If Mr. Driscoll's employment is terminated as the result of death or Significant Disability (as defined in the Employment Agreement), then, in addition to base salary through the date of termination, the Company will pay Mr. Driscoll (or his designated beneficiary) six months of base salary in one lump sum. If Mr. Driscoll's employment is terminated without Cause (as defined in the Employment Agreement), or if Mr. Driscoll terminates his employment with the Company for Good Reason (as defined in the Employment Agreement), then the Company will (i) continue to pay Mr. Driscoll's base salary and provide to Mr. Driscoll all employment benefits as if his employment had continued until the end of the initial term or then-current renewal term, as applicable, or for one year, whichever is greater, and (ii) pay Mr. Driscoll for each full or partial calendar year remaining in the initial term or the then-current renewal term, as applicable, an amount equal to the amount of the annual cash bonus, if any, paid to Mr. Driscoll for the last completed year before his employment terminated.

The Employment Agreement prohibits Mr. Driscoll from (i) disclosing information that is confidential to the Company at any time during or after the termination of his employment with the Company; (ii) engaging in "competition" with the Company (as defined in the Employment Agreement) while employed by the Company and during the period in which he is receiving severance benefits following a termination without Cause or a resignation with Good Reason or for a period of one year following termination of employment under circumstances where no severance is paid; and (iii) soliciting the Company's customers, clients, landlords, owners, tenants, and business partners with whom he has had contact while working for the Company, or soliciting or hiring the Company's employees, sales representatives or agents, during the period in which he is prohibited from engaging in competition with the Company and for a period of six months following the expiration of the initial term or then-current renewal term, as applicable, of Mr. Driscoll's employment under the Employment Agreement.

Role of Independent Compensation Consultant

Our Compensation Committee did not use the services of a consultant with respect to its executive or director compensation determinations in March 2011; however, the Compensation Committee expects to retain an independent compensation consultant to provide it with information about the competitive market for our executive management. The Compensation Committee anticipates that the consultant will (a) assist the Compensation Committee to review and suggest changes to the Company's current executive compensation program; (b) review and comment on major compensation matters that management proposes, including with respect to plan design recommendations; (c) advise the Compensation Committee on best practices for Board governance over executive compensation, current executive compensation trends and regulatory updates; (d) review and comment on comparative data on executive compensation; and (e) undertake special projects or provide such other advice as the Compensation Committee may request.

Potential Payments Upon Termination or Change in Control

In December 1994, Getty entered into agreements with certain key employees, providing for severance payments upon enumerated termination and change of control events. Mr. Stirnweis is currently the only employee covered by these arrangements. The Company's obligation under Mr. Stirnweis' severance agreement is triggered by the termination of Mr. Stirnweis' employment (i) by the Company other than for cause, (ii) by the Company or its successor following a change in control, or (iii) by the Company or Mr. Stirnweis following assignment of materially different employment by the Company. (Mr. Stirnweis' employment will be considered materially different if it is on terms materially less favorable to Mr. Stirnweis than the terms in effect as of the date of the severance agreement, or if his place of employment is relocated more than 15 miles from Jericho, NY.) If Mr. Stirnweis' employment is so terminated, the Company is obligated to pay severance compensation for a period of 12 months following the termination, in an amount equal to his Guaranteed Salary (as defined) minus any amount of similar compensation Mr. Stirnweis may receive from another employer during such 12-month period. "Guaranteed Salary" is defined in the severance agreement as the sum of (a) Mr. Stirnweis' current base salary; (b) the greater of 20% of his current base salary or the benefits received by him under any bonus plan; (c) his current expected annual benefits under the Supplemental Retirement Plan; (d) the total of the current expected annual employer contributions made to his account under the Retirement Plan; and (e) his current annual automobile reimbursement. If, following a change in control, the Company or its successor continues to compensate Mr. Stirnweis but at a total salary less than his Guaranteed Salary, the Company is obligated to pay the difference during the 12-month severance period. In addition, if as a result of one of the above events, Mr. Stirnweis suffers a loss or reduction in healthcare benefits, the Company will pay the full cost of continuation coverage pursuant to the Consolidated Budget Reconciliation Act of 1984 ("COBRA").

Getty does not believe that potential payments to Mr. Stirnweis under his severance agreement influence decisions regarding other elements of his or other executive officers' compensation.

Pursuant to a long-standing arrangement, upon the death of Mr. Liebowitz, benefits in an amount equal to twelve months' salary will be paid to his estate. In the event of termination of Mr. Liebowitz's employment due to illness or incapacity for a period of one year or longer, benefits equal to twenty-four months' salary will be payable to Mr. Liebowitz.

(1) The decision to award cash bonuses in March 2011 was based on the Company's successful performance and key accomplishments in 2010 and 2011, including, in particular, the achievements outlined in the Executive Summary portion of the "Compensation Discussion and Analysis" section which starts on page 19 of this Proxy Statement. The bonuses attributed to 2010 above include the full amount awarded to each of the officers in March 2011.

(2) Stock awards are in the form of RSUs. The amount reflected is the grant date fair value calculated based on the closing price of the Company's common stock on the grant date without consideration of the five-year vesting period of the restricted stock award. The value of future dividends is assumed to be reflected in the closing per share price of the common stock, and, consequently, in the fair value of each award. Therefore, the dividend equivalents paid on RSUs are not shown separately in this table. The Company pays dividends on RSUs only to the extent dividends are declared on shares of its common stock. Excludes for Mr. Driscoll, the \$77,315 value of the 3,500 RSU award granted on March 1, 2010 for his services as a Director of the Company prior to his employment as an officer of the Company.

(3) All Other Compensation includes (w) perquisites and other personal benefits received by the Named Executive Officers that exceeded \$10,000 in the aggregate for the year, specified below, (x) Company contributions to the Retirement Plan (including contributions under both the profit-sharing and 401(k) components of the Retirement Plan, and without consideration of the six-year vesting period applicable to such contributions), (y) Company contributions to the Supplemental Retirement Plan (without consideration of the six-year vesting period applicable to such contributions), and (z) life insurance premiums, as set forth in the following table:

(1) Directors receive annual retainer fees of \$20,000, except that the Chairman of the Audit Committee receives an annual retainer fee of \$22,000. Directors also receive Committee and Board meeting fees of \$1,000 for each meeting attended (except for telephonic meetings, for which the fee is \$500), except that the Chairman of the Audit Committee receives \$1,500 for each Audit Committee meeting (except for telephonic meetings, for which he receives \$750). Directors who are employees of Getty do not receive retainers or Board meeting fees. Prior to his resignation on February 25, 2010, in his capacity as Lead Director and at the request of the Board of Directors, Mr. Driscoll acted as the Company's representative in discussions with Getty Petroleum Marketing Inc., the Company's largest tenant, regarding possible modifications to the Company's Master Lease with Marketing and worked with the Company's management on related matters. Because of these increased director responsibilities, the Board of Directors determined to provide Mr. Driscoll additional Board compensation on a per diem basis. Accordingly, Mr. Driscoll earned \$25,500 in additional director fees related to services provided in 2010 prior to his employment as an officer of the Company. Mr. Safenowitz receives a fee of \$10,000 per quarter for his services as Lead Director.

(2) The Company granted 3,500 RSUs to each non-employee director in 2010. The fair value of these RSUs was determined based on the closing market price of Getty's stock on the date of grant without consideration of the five-year vesting period of the restricted stock award. Includes for Mr. Driscoll the \$77,315 value of the 3,500 RSU award granted on March 1, 2010 for his services as a Director of the Company prior to his employment as an officer of the Company.

Vested RSUs granted before 2009 provide for settlement upon termination of service from the Board of Directors and RSUs granted in 2009 and thereafter provide for settlement upon the earlier of ten years after grant or termination of service from the Board of Directors. At December 31, 2010, Messrs. Cooper, Coviello and Safenowitz each had 1,500 vested and 7,000 unvested RSUs outstanding of which, in each case, 1,000 RSUs vested during the year ended December 31, 2010. PROPOSAL NO. 2

ADVISORY (NON-BINDING) VOTE

ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

(Item No. 2 on the Proxy Card)

Background

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, requires that our stockholders have the opportunity to cast an advisory (non-binding) vote on executive compensation commencing with the Annual Meeting, commonly referred to as a "Say-on-Pay" vote, as well as an advisory vote with respect to whether future Say-on-Pay votes will be held every one, two or three years, which is the subject of Proposal No. 3 in this proxy statement.

The advisory vote on executive compensation is a non-binding vote on the compensation of our "named executive officers," or "NEOs", as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this Proxy Statement. The Compensation Discussion and Analysis section starts on page 19 of this Proxy Statement. Please read the Compensation Discussion and Analysis section which provides a detailed discussion of our executive compensation program and compensation philosophy, including information about 2010 compensation of our NEOs. This advisory vote on executive compensation is not a vote on our general compensation policies, the compensation of our Board, or our compensation policies as they relate to risk management.

The vote solicited by this Proposal No. 2 is advisory, and therefore is not binding on the Company, our Board or our Compensation Committee. The outcome of the vote will not require the Company, our Board or our Compensation Committee to take any action and will not be construed as overruling any decision by the Company or the Board. Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our NEOs that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, our Board, including our Compensation Committee, values the opinions of our stockholders, and, to the extent there is any significant vote against the executive officer compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns and evaluate what actions, if any, may be appropriate to address those concerns. Stockholders will be asked at the Annual Meeting to approve the following resolution pursuant to this Proposal No. 2:

RESOLVED, that the stockholders of Getty Realty Corp. approve, on an advisory basis, the compensation of the Company's Named Executive Officers, disclosed pursuant to Item 402 of Regulation S-K in the Company's definitive proxy statement for the 2011 Annual Meeting of Stockholders.

Recommendation

The Board of Directors unanimously recommends a vote "FOR" approval of the foregoing resolution. Proxies will be so voted unless stockholders specify otherwise in their proxies.

PROPOSAL NO. 3

ADVISORY (NON-BINDING) VOTE

ON THE FREQUENCY OF AN ADVISORY VOTE

ON EXECUTIVE COMPENSATION (SAY-ON-FREQUENCY)

(Item No. 3 on the Proxy Card)

Background

In connection with Proposal No. 2 above seeking advisory approval of our executive compensation program, the Dodd-Frank Act also requires that we include in this Proxy Statement a separate advisory (non-binding) stockholder vote to advise on whether the Say-on-Pay vote should occur every one, two or three years. You have the option to vote for any one of the three options, or to abstain on the matter. For the reasons described below, our Board recommends that our stockholders select a frequency of every year, or an annual vote. We are required to solicit stockholder approval on the frequency of future Say-on-Pay proposals at least once every six years, although we may seek stockholder input more frequently.

The Board has determined that an advisory vote on executive compensation every year is the best approach for the Company based on various factors, including the following:

- Annual votes will allow stockholders to provide the Company with their direct input on the compensation philosophy, policies and practices as disclosed in the Proxy Statement every year;
- Less frequent votes could allow an unpopular pay practice to continue too long without timely feedback; and
- Giving our stockholders the right to cast an advisory vote every year on their approval of the compensation arrangements of our named executive officers is a good corporate governance practice and is in the best interests of our stockholders by allowing their input on our executive compensation philosophy, policies and practices as disclosed in our proxy statement every year.

We understand that our stockholders may have different views as to what is the best approach for the Company regarding the frequency of an advisory vote on executive compensation and we look forward to hearing from our stockholders on this Proposal. The Board will continue to engage with stockholders on executive compensation between stockholders votes.

You may cast your vote on your preferred voting frequency by choosing the option of three years, two years, one year, or abstain from voting when you vote in response to the resolution set forth below.

“RESOLVED, that the stockholders of Getty Realty Corp. determine, on an advisory basis, that the frequency with which the stockholders of the Company shall have an advisory vote on executive compensation, as disclosed pursuant to the compensation disclosure rules of the SEC, is:

Choice 1 – every year;

Choice 2 – every two years;

Choice 3 – every three years; or

Choice 4 – abstain from voting.

Recommendation

The Board unanimously recommends that the stockholders vote for the option of every year as the frequency with which stockholder are provided an advisory vote on executive compensation, as disclosed pursuant to Item 402 of Regulation S-K.

REPORT OF THE AUDIT COMMITTEE

To Our Stockholders:

This report addresses our compliance with rules of the SEC and the listing standards of the NYSE designed to enhance audit committee effectiveness to improve public disclosure about the functioning of corporate audit committees and to enhance the reliability and credibility of financial statements of public companies.

Independence/Qualifications

The Board of Directors determined that for the year ended December 31, 2010 each member of the Audit Committee was “independent” during the period he served on the Audit Committee, as such term is defined in the listing standards of the NYSE, and that each member who served on the Audit Committee for 2010 is “financially literate”, as such term is defined in the listing standards of the NYSE. The Board also determined that for the year ended December 31, 2010, Messrs. Coviello, Driscoll and Montag each qualified as an “audit committee financial expert” under the relevant rules of the SEC and each had the requisite accounting/financial management expertise required by the listing standards of the NYSE. On February 25, 2010, after being appointed to serve as President effective April 1, 2010, and Chief Executive Officer effective May 20, 2010, Mr. Driscoll resigned from the Audit Committee.

Sarbanes-Oxley Act Compliance

During the past year, the Audit Committee met regularly with management to assure that the Company’s internal control over financial reporting continued to meet applicable standards under the Sarbanes-Oxley Act and are compliant with the listing standards of the New York Stock Exchange. PROPOSAL NO. 4**RATIFICATION OF APPOINTMENT****OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****(Item No. 4 on the Proxy Card)**

On March 3, 2011, the Audit Committee appointed the firm of PricewaterhouseCoopers LLP (“PwC”), subject to ratification by the stockholders at the Annual Meeting, to audit the accounts of Getty with respect to our operations for the year ending December 31, 2011 and to perform such other services as may be required. Should PwC be unable to perform these services for any reason, the Audit Committee will appoint another independent registered public accounting firm to perform these services. As long as a quorum is present, a majority of votes cast at the Annual Meeting is necessary to ratify the appointment of the independent registered public accounting firm.

The Audit Committee’s Pre-Approval Policy requires pre-approval of services to be provided by PwC. The policy authorizes the Audit Committee to delegate to one or more of its members, and the Audit Committee has delegated to each of its members, authority to pre-approve non-audit services. Each member is required to report any pre-approval decisions to the Audit Committee at its next scheduled meeting. All (100%) of the non-audit services performed by PwC in 2009 and 2010 were pre-approved by the Audit Committee.

The fees payable to PwC, our principal independent registered public accounting firm, related to services provided for the years ending December 31, 2009 and 2010 were as follows:

		2009	2010
(a)	Audit Fees ⁽¹⁾	\$ 464,000	\$ 468,000
(b)	Audit-Related Fees (assurance and related services reasonably related to audit or review of financial statements not reported under (a)) ⁽²⁾	\$ 21,000	\$ 31,000
(c)	Tax Fees (professional services for tax compliance, advice and planning) ⁽³⁾	\$ 284,000	\$ 185,000
(d)	All Other Fees ⁽⁴⁾ (not reflected in (a) - (c))	\$ 1,500	\$ 1,500

(1) Includes the aggregate fees and expenses estimated or billed for professional services rendered by PwC for the integrated audit of the Company’s annual consolidated financial statements for the year and of its internal control over financial reporting as of year end and the reviews of the financial statements included in the Company’s Quarterly Reports on Form 10-Q for the year.

(2) For 2010, represents fees for professional services rendered by PwC related to the Company’s common stock issuance completed in May 2010. For 2009, represents fees for professional services rendered by PwC related to the Company’s response to SEC comment letters.

(3) For 2010, includes \$185,000 for federal and state tax compliance. For 2009, includes \$188,000 for federal and state tax compliance and \$96,000 for tax related advisory services.

(4) Represents annual subscription fees for the online accounting research tool *Comperio*.

Representatives of the firm of PwC are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from stockholders.

Recommendation

The Board of Directors recommends that you vote “FOR” the proposals to ratify the selection of PricewaterhouseCoopers LLP as the Company’s independent registered public accounting firm for the year ended December 31, 2011.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Exchange Act and the rules issued thereunder, Getty's officers and directors are required to file reports of ownership and changes in ownership of Getty equity securities with the SEC and the NYSE. Copies of these reports are required to be furnished to the Company. Based on our review of the Forms 4 that we received during 2010 and the Forms 5 that we received with respect to 2010 and written representations provided by our directors and officers, Getty believes that during 2010 all of our officers and directors complied with the Section 16(a) requirements.
