Annual Report to Shareholders for the year ended December 31, 2005

Dear Shareholder,

2005 was a milestone year as Anglo Swiss Resources Inc. (the Company) became a NEW CONTENDER TO DIAMOND EXPLORATION in the Northwest Territories (NWT) of Canada. The Company acquired four distinct properties of merit in the LAC LA Gras region of the Slave Craton, the first area in Canada to host two PRODUCING diamond mines, the EKATI & DIAVAK DIAMOND MINES; making Canada rank third in diamond production globally. Enclosed is our diamond brochure giving you a detailed description of these properties and their close proximity to these existing diamond mines.

Fugro Airborne Surveys Corp. of Mississauga Ontario, acting as a contractor for ANGLO SWISS RESOURCES, has completed the airborne survey on one of our Diamond properties, The FRY INLET DIAMOND PROPERTY and will now analyze the data and report results to the Company shortly. During the survey multi-channel electromagnetic and high-sensitivity magnetic geophysical measurements were taken approximately every 4 meters along the survey lines. A total of 1,695 line-kilometers were flown during this survey along a parallel flight lines spaced 100 meters apart. This survey will allow ANGLO SWISS RESOURCES to select the drill targets for the next phase of exploration.

On the eastern portion of the FRY INLET DIAMOND PROPERTY is the LI-201 DIMONDIFIEROUS KIMBERLITE. Previous exploration identified and confirmed this kimberlite body and two of four drill holes intersected LI-201 and retrieved 14 MACRO-DIAMONDS and 46 MICRO-DIAMONDS from 281.1 kg. of kimberlite.

With the Company's focus shifting to the Lac de Gras region of the NWT for diamonds, the decision was made to significantly reduced the mineral holdings in the McAllister property of South-eastern British Columbia in January of 2006 to 1959 hectares. The McAllister Diatreme, identified as the host of a potential diamondiferous lamproite is scheduled for exploration in the third quarter of 2006 to determine whether or not this property has the potential to host diamonds

Precious and Base Metals Exploration, South-eastern British Columbia

Exploration is also underway on the Company's KENVILLE GOLD MINE.

With current market prices for precious and base metals HITTING 25 YEAR HIGHS, the economics of the Kenville Mine WARRANT SERIOUS CONSIDERATION. The Kenville Mine property has three main areas of interest to potentially host mineral deposits:

The Old Kenville Mine workings, the mineralization contained within, and immediately adjacent to the old workings need much collation and interpretation before proceeding with further exploration although work performed by previous operators has demonstrated that potential exists for QUARTZ GOLD VEIN type mineralization to be outlined.

The Eagle Vein has been intercepted by two drill holes (TK95-04, 05). As this vein contains HIGH - GRADE GOLD and SILVER values, its surface location and strike direction are of considerable importance. Further excavator trenching and diamond drilling will be required before considering an underground mining approach.

The Porphyry target is based on compelling evidence, a strong case is presented for further investigation of the presence of a COPPER - MOLYBDENUM - SILVER - GOLD porphyry deposit, on the west side of Eagle

Creek. The presence of such a deposit is also supported by past rock sampling results, geophysical surveys and diamond drilling results.

Exploration on the Kenville Mine property was initiated on August 16, 2005 thru November 10, 2005 on the Kenville Mine property under the terms of the Option Joint Venture Agreement OJVA (see Release dated October 28, 2003). Work consisted mainly on the west side of Eagle Creek and consisted of extensive compilation of decades of data by numerous operators, GPS mapping of the property, geochemical soil sampling and excavator trenching. The Company has received approval from the Ministry of Energy and Mines for the OJVA's 2006 work program, exploration is expected to re-commence in late April or May.

Management has received and is reviewing the Assessment Report on the Kenville Mine Property, Physical and Geochemical dated March 5, 2006, by Thomson Geological Consulting.

For the first time in decades of operating as a gold mine and numerous exploration programs on the Kenville Mine property, all the data available is being correlated and compiled utilizing state of the art technologies and computer modelling. The current exploration methodology is being correlated to the extensive compilation of operations and exploration data undertaken by numerous operators over many years.

Gemstone Exploration Southeastern British Columbia

The Company will re-evaluate the Blu Starr Gemstone property, located in southeastern British Columbia, which consists of 7,312.77 hectares of Staked Mineral Claims (90% ownership) and 712.87 hectares of Placer Mineral Claims (100% ownership). This property hosts numerous in-situ discoveries of gem-grade SAPPHIRE, GARNET, IOLITE, AQUAMARINE and other semi-precious gem stones and a large, flake graphite zone has been discovered with high fixed carbon grades.

In closing we would like to thank you for your continued encouragement and support as we advance these projects and ultimately build shareholder value.

Please read and pass on the Company brochures to your friends/family/or business associates to make them aware of your company and the opportunities in the surging mining industry. Further information is available at our new website www.anglo-swiss.com.

Yours Sincerely,

Len Danard

President & CEO

INFORMATION CIRCULAR

Unless otherwise specified herein, this Information Circular contains information as at April 24, 2006.

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of Anglo Swiss Resources Inc. (the Company) for use at the Annual General Meeting (the Meeting) of the shareholders of the Company to be held on May 31, 2006 at 10:00 a.m. at the boardroom of Computershare Trust Company of Canada, 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Meeting. It is expected that the solicitation will be primarily by mail. Proxies may also be solicited personally or by telephone by directors, officers or employees of the Company at nominal cost. The cost of this solicitation will be borne by the Company. The Company does not reimburse shareholders, nominees or agents for the costs incurred in obtaining from their principals authorization to execute Instruments of Proxy.

Because many of the Company's shareholders are unable to attend the Meeting in person, the Board of Directors solicits proxies by mail to give each shareholder an opportunity to vote on all matters that will properly come before the Meeting. Shareholders who expect to be unable to attend the Meeting in person should:

- (a)
read this Information Circular carefully;
- (b)
specify their choice on each matter by marking the appropriate box on the enclosed Instrument of Proxy; and
- (c)

Sign, date and return the Instrument of Proxy to the Company's Registrar and Transfer Agent, Computershare Trust Company of Canada, Proxy Dept. 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1 (facsimile in North America 1-866-249-7775; outside North America 416-263-9524) before the close of business on Monday, May 29 2006.

- (d)
To be valid, the Instrument of Proxy must be dated and signed by the shareholder or by the shareholder's attorney authorized in writing or, where the shareholder is a Company, by a duly authorized and appointed officer, attorney or representative of the Company. If the Instrument of Proxy is executed by an attorney for an individual shareholder or by an officer, attorney or representative of a corporate shareholder, the instrument so empowering the officer, attorney or representative, as the case may be, or a notarial copy thereof, must accompany the Instrument of Proxy.

APPOINTMENT AND VOTING OF PROXIES

The persons named in the enclosed Instrument of Proxy are directors and/or officers of the Company. **A shareholder has the right to appoint another person to attend and act on the shareholder's behalf at the Meeting other than the persons named in the enclosed Instrument of Proxy. To exercise this right, a shareholder should strike out the names of the persons named in the Instrument of Proxy and insert the name of the shareholder's nominee in the blank space provided. A person appointed as a proxyholder need not be a shareholder of the Company.**

The proxyholder will, if the instructions contained in the Instrument of Proxy are certain and if the Instrument of Proxy is duly completed and delivered and has not been revoked, be voted on any poll, and where a choice is specified with respect to any matter to be acted upon, the shares represented by the proxy will be voted on any poll in accordance with the specifications so made. Unless otherwise indicated by the shareholder, it is intended that such shares will be voted in favour of the motions proposed to be made at the Meeting as stated in the Instrument of Proxy.

The Instrument of Proxy also confers upon the proxyholder discretionary authority to vote all shares represented by the proxy with respect to amendments or variations to matters identified in the notice or any other matter that properly comes before the Meeting. At the time of printing this Information Circular, management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the management should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

REVOCATION OF PROXIES

A shareholder who has given a proxy may revoke it by:

(e)

signing an Instrument of Proxy bearing a later date and depositing it at the place and within the time aforesaid;

(f)

signing and dating a written notice of revocation (in the same manner as the Instrument of Proxy is required to be executed, as set out in the notes to the Instrument of Proxy) and either delivering the same to the registered office of the Company at P.O. Box 10026, Pacific Centre South, 26th Floor, 700 West Georgia Street, Vancouver, British Columbia, V7Y 1B3 at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of it at which the Instrument of Proxy is to be used, or to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof before any vote in respect of which the Instrument of Proxy is to be used shall have been taken;

(g)

attending the Meeting or any adjournment thereof and registering with the Scrutineer thereat as a shareholder present in person, whereupon such Instrument of Proxy shall be deemed to have been revoked; or

(h)

In any other manner provided by law.

PERSONS MAKING THE SOLICITATION

This solicitation is made on behalf of management. The Company will bear the costs incurred in the preparation and mailing of the proxy materials. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by the directors, officers and employees who will not be remunerated for their services.

REQUEST FOR FINANCIAL STATEMENTS

National Instrument 51-102 Continuous Disclosure Obligations sets out the procedures for a shareholder to receive financial statements. If you wish to receive financial statements, you may use the enclosed form or provide instructions in any other written format. **Registered shareholders must also provide written instructions in order to decline to receive the financial statements.**

ADVICE TO BENEFICIAL SHAREHOLDERS

The Information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees, or other persons, or who otherwise do not hold their Common Shares in their own name (referred to in this Circular as Beneficial Shareholders) should note that only proxies deposited by shareholders who appear on the records maintained by the Company's registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, not be registered in the shareholder's name. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for the Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder's meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or agent of the broker) is substantially similar to the Instrument of proxy provided directly to registered shareholders by the Company. However, its purpose is limited to instructing the registered Shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communications ("ADP") in Canada. ADP typically prepares a machine-readable voting instructions form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to ADP, or otherwise communicate voting instructions to ADP (by way of the Internet or telephone, for example). ADP then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives an ADP voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to ADP (or other instructions respecting the voting of Common Shares must otherwise be communicated to ADP) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxy holder for the registered shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxy holder for the registered shareholder, should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or their broker's agent) in accordance with the instructions provided by the broker.**

All references to shareholders in this Management Information Circular and the accompanying Instrument of Proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

QUORUM

Two holders of shares in the Company entitled to vote at the Meeting present in person or represented by proxy, holding in aggregate not less than 5% of the issued and outstanding shares of the Company, shall constitute a quorum.

EFFECTIVE DATE

The effective date of this Management Information Circular and the information contained herein is April 24, 2006 (the Effective Date).

VOTING SHARES OF THE COMPANY AND PRINCIPAL HOLDERS THEREOF

At the close of business on April 24, 2006, 68,402,688 common shares without par value of the Company were issued and outstanding, each such share carrying the right to one vote at the meeting. There are no other classes of voting securities outstanding. Only those holders of record of the Company's common shares on April 24, 2006 are entitled to receive notice of and to vote at the Meeting.

To the knowledge of the directors and senior officers of the Company as at April 24, 2006, there are no persons that, individually or together with other persons, beneficially own, directly or indirectly, or exercise control or direction over, greater than 10% of the voting rights attached to any class of voting securities of the Company.

ELECTION OF DIRECTORS

The Board of Directors of the Company is currently comprised of four persons. It is intended the number of Directors of the Company for the ensuing year will be comprised of four persons following the Meeting. The individuals named in the following table are proposed by management for re-election as Directors of the Company. In accordance with the Articles of the Company, each Director elected will hold office until the next annual general meeting or until his or her successor is duly elected or appointed, unless his or her office is earlier vacated in accordance with the Articles of the Company or he becomes disqualified to act as a Director pursuant to the *Company Act* (British Columbia). The persons named in the enclosed Instrument of Proxy intend to vote the common shares represented by proxies, in which either of them is designated a proxyholder, for the election of nominees named in the Instrument of Proxy, unless authority to vote for such persons is withheld. In the unanticipated event that a nominee is unable to or declines to serve as a Director at the time of the Meeting, the proxies will be voted at the discretion of the proxyholder to elect another nominee if presented, or to reduce the number of Directors accordingly. As of the date of this Information Circular, the Board of Directors is not aware of any nominee who is unable to or who intends to decline to serve as a Director, if elected.

As at the date of this Information Circular, the Company had not received any nominations for Directors under Section 111 of the *Company Act* (British Columbia) as set out in the Advance Notice of Annual General Meeting published in *The Vancouver Sun* newspaper on April 13, 2006.

STATEMENT ON CORPORATE GOVERNANCE

The Company has generally adopted the guidelines for effective corporate governance proposed by The Toronto Stock Exchange and the Toronto Venture Exchange (collectively, the Guidelines). The Guidelines deal with such matters as the constitution and independence of corporate boards, their functions, the effectiveness and education of board members and other items dealing with sound corporate governance. The Company's approach to corporate governance is set forth below under the Corporate Governance Committee.

Mandate of the Corporate Governance Committee

The Corporate Governance Committee currently consists of Leonard Danard and Christopher Robbins. The mandate of the Committee is to manage corporate governance matters pertaining to the business and affairs of the Company. In fulfilling its mandate, the Committee oversees the development and application of policies regarding corporate governance and dealing with corporate governance issues and is responsible for:

(a)

adoption of a strategic planning process for the Company;

(b)

identification of the principal risks of the Company's business and ensuring the implementation of the appropriate systems to manage these risks;

(c)

succession planning for the Company, including identifying, appointing, training and monitoring senior management;

(d)

overseeing the integrity of the Company's internal controls and management information systems; and

(e)

maintaining a continuing dialogue with management in order to ensure the ability to respond to changes, both internal and external, which may affect the Company and its business operations from time to time.

In carrying out its mandate the Committee holds at least four regular meetings annually, and from its members has established two committees with specific responsibilities, namely an Audit Committee and a Communications Committee. The frequency of meetings, as well as the nature of the matters dealt with, will vary from year to year depending on the state of the Company's business and the opportunities or risks which the Company faces from time to time.

Composition of the Board

The Guidelines recommend that a board of directors be constituted with a majority of individuals who come within the description of "unrelated directors". An "unrelated director" is defined as a director who is independent of management and is free from any interest and any other business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the Company, other than interests and relationships arising from shareholding. The Guidelines also recommend that in the circumstances where a Company has a "significant shareholder" (that is, a shareholder with the ability to exercise the

majority of the votes for the election of directors) the board of directors should include a number of directors who do not have interests in or relationships with the Company or the significant shareholder and which fairly reflects the investment in the Company by the shareholders other than the significant shareholder.

The Board has determined that of its four current Directors, two are considered to be unrelated Directors. The Board considers the following individuals to be related Directors: Leonard Danard because he is President and Chief Executive Officer and Christopher Robbins because he is Vice President and Chief Financial Officer. The number of directors to be fixed for the coming year remains at four, of whom two Directors are expected to be unrelated. The Company does not have a significant shareholder, and the Board considers its size of four directors to be appropriate at the current time. However, as the Articles of the Company and the *Company Act* (British Columbia) entitle the Board to appoint one additional Director before the next meeting of shareholders is held, the Board may use this power to add to the breadth of its experience and expertise. The functions of the Committees of the Board of Directors are described above under the heading *Standing Committees* .

Aside from its Audit Committee, Corporate Governance Committee and Communications Committee, the Board has not designated any other committee. Given there are currently only four members of the Board, the Board as a whole remains responsible for performing the functions that may otherwise be given to an executive committee or a compensation committee. The Board intends to remain sensitive to the changes required in corporate governance issues and will re-examine the need for additional measures, control mechanisms and structures (including committees) from time to time as the Company resources permit.

Decisions Requiring Prior Board Approval

In addition to matters which must, by law or by the Articles of the Company, be approved by the Board, management is required to seek Board approval for major transactions.

Nomination for New Directors

The Company does not currently provide a formal orientation program for new Directors. However, it is the Board's intention that as and when a new nominee is identified, they will ensure that a full program of orientation and education is provided for the nominee, including (but not limited to) provision of a complete corporate history, including copies of past minutes of meetings of the Board of Directors, as well as information regarding the Company's business and operations.

Outside Advice

In certain circumstances it may be appropriate for an individual Director to engage an outside professional advisor at the expense of the Company. The engagement of the outside professional advisor would be subject to approval of the Board acting in discharge of its duties to manage corporate governance matters.

EXECUTIVE COMPENSATION

Report on Executive Compensation

Composition of the Compensation Committee

The Board of Directors has not designated a compensation committee. Instead, the responsibilities that would otherwise go to such a committee remain with the Board (see *Statement on Corporate Governance* appearing above). Currently, the Company has two executive officers: Leonard Danard (President and Chief Executive Officer) and Christopher Robbins (Vice President and Chief Financial Officer). In making compensation decisions, the Board intends to meet at such times as is appropriate.

Executive Compensation Policies and Programs

The objectives of the Company's compensation policies and programs for executive officers are to motivate and reward executive officers for the achievement of significant corporate and functional objectives, recruit and retain executive officers of a high calibre and align the interests of the executive officers with the interests of shareholders and the intermediate and long term objectives of the Company. Achievement of these objectives will contribute to an increase in shareholder value.

The Company's compensation policies and programs for executive officers currently consists of a base salary and long term incentive compensation in the form of stock options. As a general rule for establishing compensation for executive officers, the Board considers the executive's performance, experience, position within the Company and industry compensation surveys. The Board of Directors uses its discretion to set compensation for executive officers at levels warranted by external, internal and individual circumstances. Compensation of executive officers of the Company is generally reviewed on an annual basis.

2005 Share Option Plan (the Plan)

Options for executive officers are granted initially at the time of employment. Option grants for all employees including executive officers are reviewed on an annual basis.

The Plan has been drafted to comply with Exchange policies and received all required approvals in 2005. It reserves 11,000,000 common shares for issuance pursuant to the exercise of options granted pursuant to the Plan being less than 20% of the number of issued and outstanding common shares as at the effective date of the Plan. Any common shares subject to a share option which for any reason is cancelled or terminated without having been exercised shall again be available for grant under the Plan.

The Plan provides that eligible persons there under include any director, officer, employee (full or part-time), consultant or management company employee of the Company or any affiliate of the Company designated by the directors under the Plan. The definition of consultant is the same as that contained in the policies of the Exchange.

The Plan is administered by the board of directors of the Company, or if appointed, by a special committee of directors appointed from time to time by the board of (the Option Committee). The board of directors has authority to determine, among other things, the persons to whom options are granted and the number of such options. At the time an option is granted, the board will also determine the exercise price of the option which, subject to a minimum price of \$0.10, shall be equal to the closing price of the common shares on the Exchange on the day immediately preceding the date of grant, and any vesting criteria or other restrictions with respect to the exercise-ability of the option. At a minimum, unless approval of the Exchange is received, options will vest in equal instalments, either monthly, quarterly or bi-annually, at the discretion of the board over a period of 18 months. Subject to any restrictions contained in the Plan, the board may also impose such other terms and conditions as it shall deem necessary or advisable at the time of the grant.

The term of the options will be determined by the board, but in any case must be no more than five years from the date of the grant. Options are not transferable other than by will or the laws of descent and distribution. If an optionee ceases to be an eligible person for any reason whatsoever, the option (to the extent that it has vested at the time of termination) is exercisable for a period of 90 days or until the option expiration date, whatever is earlier, after which time the options will terminate and be of no further force and effect. If an optionee dies, the legal representative of the optionee may exercise the option (to the extent that it has vested at the time of death) until the earlier of one year after the date of death and the option expiration date.

The Plan provides that the maximum number of common shares which may be reserved for issuance to any participant pursuant to options may not exceed 5% of the common shares outstanding at the time of the grant (on a non-diluted

basis) less the aggregate number of common shares reserved for issuance to such person under any option to purchase common shares under any other share compensation arrangement. Under the Plan, the maximum number of common shares that may be issued to any one participant, or to any one insider and the insider's associates, within a one year period pursuant to option exercises may not exceed 5% of the outstanding issue.

The maximum number of common shares which may be reserved for issuance to all the insiders of the Company pursuant to share options is limited to 20% of the common shares outstanding at the time of the grant (on a non-diluted basis) less the aggregate number of common shares reserved for issuance to insiders under any other share compensation arrangement.

The Company will not provide any optionee with financial assistance in order to enable such optionee to exercise share options granted under the Plan.

As at December 31, 2005 there were an aggregate of 10,475,000 stock options outstanding of the 11,000,000 authorized under the Plan; the Company cancelled 1,000,000 options effective January 6, 2006.

The following are the options exercised in the year ended December 31, 2005 and outstanding as at the Record Date:

Employment Agreements of Named Executive Officers; Change in Responsibilities

Upon the Company Common Shares listing on the Toronto Venture Exchange (formerly the Canadian Venture Exchange) on October 1, 2001, Mr. Danard's and Mr. Robbins' base annual salary was set at \$30,000 and is subject to annual review by the Board. This agreement currently contains no provision for benefits other than by way of base salary and long-term incentive compensation in the form of stock options. Either the Company or Mr. Danard or Mr. Robbins may terminate this agreement by providing not less than three months written notice to the other.

The Company has no compensatory plan or arrangement in respect of compensation received or that may be received by any executive officer in the Company's most recently completed or current financial year for compensation in the event of termination of employment (resignation, retirement, change of control) or in the event of a change in responsibilities following a change in control, where such compensation exceeds \$100,000.

Long-Term Incentive Plan (LTIP) Awards

See the discussion of Incentive Stock Options immediately below.

Incentive Stock Options 2005 Stock Option Plan

The management of the Company is of the view that to be able to attract the most suitable employees, officers and directors of the Company, it is often necessary to be able to offer them options to purchase shares of the Company, as an incentive or inducement. There were 2,000,000 options granted to purchase common shares of the Company at \$0.11 per share to Leonard Danard as Chief Executive Officer and 2,000,000 options granted to purchase common shares of the Company at \$0.11 per share to Christopher Robbins as Chief Financial Officer, made during the most recently completed financial year. 12.

General Authority to Conclude Placements or Transactions

Under British Columbia corporate law, directors are vested with the authority to issue shares for cash, property (including settlement of debt) or services, providing that the valuation of non-cash consideration is fair and reasonable and in the best interests of the Company and the shares issued for such consideration are reasonably valued. The Company uses the prevailing trading price of its common shares as quoted on the TSX Venture Exchange (the Exchange) as a benchmark for valuing its shares. Pursuant to regulatory policies and prevailing industry standards, the Company may apply a discount of up to 25% from such market prices to reflect the fact that the purchasers of such treasury shares are generally subject to hold periods, for some period of time after completion of the share sale, pursuant to applicable securities legislation. Under certain policies of the Exchange, issuances of shares by way of private placement in a number in excess of 25% of a listed company's then outstanding shares may require shareholders' approval.

In order to avoid the necessity and added expense of having to convene an additional shareholders' meeting in the event that arrangements satisfactory to the board are reached for a private placement transaction involving the issuance of shares prior the shareholders' meeting to be held in 2006, management proposes to request advance approval at this time from the shareholders. The limitations on the approval sought are that any transaction effected by the Company, must be completed prior to the date of the next Annual General Meeting and must receive the acceptance or filing of the regulatory officials of the Exchange. The share issuances may occur in one or more transactions and with one or more recipients.

The Directors of the Company believe that passing an ordinary resolution giving effect to the foregoing is in the best interests of the Company and **recommend that shareholders vote in favour of the resolution.** In the event the resolution is not passed, the Exchange may not approve any private placements which result in the issuance of a number of shares which exceeds the 25% figure, without specific shareholder approval. **Such restriction could impede the Company's timely access to required funds.**

13.

Approval of Preceding Actions

To ratify, confirm and approve all acts, deeds and things done by and the preceding actions of the directors and officers of the Company on its behalf since the last annual general meeting of the Company.

14.

Other Matters

Management of the Company is not aware of any other matters will come before the Meeting other than as set forth above and in the Notice of Meeting. However, if other matters do properly come before the Meeting, the persons named in the accompanying Instrument of Proxy intend to vote on them in accordance with their best judgment.
