PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

This Proxy Statement is being furnished to you in connection with the solicitation by the Board of Directors of SYNEX Corporation, a Delaware corporation, of proxies to be used at our 2016 Annual Meeting of Stockholders and any adjournments or postponements thereof (referred to herein as the Annual Meeting). Our Annual Meeting will be held at our offices at 44201 Nobel Drive, Fremont, California, at 10:00 a.m., Pacific Time, on March 22, 2016. This Proxy Statement and the accompanying form of proxy card are being mailed to stockholders on or about February 25, 2016.

Appointment of Proxy Holders

The Board asks you to appoint Kevin Murai, Dennis Polk and Simon Leung as your proxy holders to vote your shares at the Annual Meeting. You make this appointment by voting the enclosed proxy card using one of the voting methods described below.

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by the Board.

Unless you otherwise indicate on the proxy card, you also authorize your proxy holders to vote your shares on any matters not known by the Board at the time this Proxy Statement was printed and which, under our Bylaws, may be properly presented for action at the Annual Meeting.

Who Can Vote

Only stockholders who owned shares of our common stock at the close of business on February 8, 2016, the record date for the Annual Meeting, can vote at the Annual Meeting. As of the close of business on the record date, we had 39,684,247 shares of common stock outstanding and entitled to vote. Each holder of common stock is entitled to one vote for each share held as of the record date. There is no cumulative voting in the election of directors.

How You Can Vote

You may vote your shares at the Annual Meeting either in person, by mail or, if permitted by your bank or broker, by telephone or via the Internet as described below. Stockholders holding shares through a bank or broker should follow the voting instructions on the form of proxy card received from such bank or broker. The Board recommends that you vote by proxy, as it is not practical for most stockholders to attend the Annual Meeting. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person.

Voting by Mail. You may vote by proxy by dating, signing and returning your proxy card in the enclosed postage-prepaid return envelope.

Voting by Telephone and Internet. Depending upon your bank or broker, you may vote by telephone and Internet. Your bank or broker will provide further instructions if this method of voting is available.

Voting at the Annual Meeting of Stockholders. You may vote in person at the Annual Meeting. If you hold shares through a bank or broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to vote at the Annual Meeting. Voting by mail, telephone or Internet will not limit your right to vote at the Annual Meeting, if you decide to attend in person.

If you submit your proxy, but do not mark your voting preference, the proxy holders will vote your shares FOR the election of the nominees for director, FOR the approval of our executive compensation, and FOR the ratification of the appointment of independent registered public accountants.

Revocation of Proxies

Stockholders can revoke their proxies at any time before they are exercised in any of three ways:

- by voting in person at the Annual Meeting;
- by submitting written notice of revocation to the Corporate Secretary prior to the Annual Meeting; or
- by submitting another properly executed proxy of a later date prior to the Annual Meeting.

Required Vote

Directors are elected by a plurality vote, which means that the ten nominees receiving the most affirmative votes will be elected. However, the Board has adopted a majority vote standard for director elections. As a result, if a director receives less than a majority of the votes cast for such director, the Board will review the totality of circumstances to evaluate the situation and is authorized to remedy the situation as it deems appropriate, including requesting that the affected director resign from the Board. All other matters submitted for stockholder approval require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote.

A quorum, which is a majority of the outstanding shares as of the record date, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented by the stockholders attending in person and by their proxy holders. If you indicate an abstention as your voting preference, your shares will be counted toward a quorum but they will not be voted on the matter.

Abstentions on any matters are treated as shares present or represented and entitled to vote on that matter and have the same effect as a vote against such matter.

Brokers who hold shares of our common stock for a beneficial owner have the discretion to vote on routine proposals when they have not received voting instructions from the beneficial owner. If a broker indicates on the enclosed proxy card or its substitute that such broker does not have discretionary authority to vote on a particular matter (broker non-votes), those shares will be considered as present for purposes of determining the presence of a quorum but will not be treated as shares entitled to vote on that matter. Note that, if you are a beneficial owner and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors, nor will the broker be authorized to vote on the proposals other than the ratification of the appointment of KPMG as the auditor for 2016. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting.

Solicitation of Proxies

We are paying the cost of printing and mailing proxy materials. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers and other employees by personal interview, telephone or facsimile. No additional compensation will be paid to these persons for solicitation. At this time we have not engaged a proxy solicitor. If we do engage a proxy solicitor we will pay the customary costs associated with such engagement. We will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of our common stock.

Important

Please promptly vote and submit your proxy by signing, dating and returning the enclosed proxy card in the postage-prepaid return envelope, or vote by telephone or via the Internet, so that your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

Directors and Nominees

Our Bylaws currently provide that the number of directors which shall constitute the whole Board shall be fixed from time to time by the Board or our stockholders. We currently have authorized ten directors. At the Annual Meeting, ten persons will be elected as members of the Board, each for a one-year term or until their successors are duly elected and qualified. The Nominating and Corporate Governance Committee of the Board of Directors has nominated, and the Board has designated, the ten persons set forth below for election at the Annual Meeting. All of the nominees were elected for their current term at the SYNEX 2015 Annual Meeting of Stockholders held on March 24, 2015. The proxies given to the proxy holders will be voted as directed and, if no direction is given, will be voted FOR the ten nominees. The Board knows of no reason why any of these nominees should be unable or unwilling to serve. However, if for any reason any nominee should be unable or unwilling to serve, the proxies will be voted for any nominee designated by the Board to fill the vacancy.

General

Pursuant to the New York Stock Exchange (NYSE) listing standards, a majority of the members serving on the Board must be independent directors. The Board has determined that Messrs. Breidenbach, Lee, Quesnel, Steffensen, Wurster and Zitzner and Ms. Zulberti have no material relationship with us and that each of these directors is an independent director. Certain additional information with respect to each nominee appears on the following pages, including their age (as of February 25, 2016), position (if any) with SYNEX, business experience during at least the past five years and directorships of other publicly-owned corporations.

In addition, we believe that Dr. Lee's membership on the Board helps to achieve the objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives, skills and other individual qualities that contribute to Board heterogeneity.

Matthew Miao, 69, has served as the chairman of our Board from 1992 to 2008 and has served as a non-executive employee since 2001. Mr. Miao assumed the position of Chairman Emeritus of the Board in December 2008. He is also a member of the Board of Directors of the Institute for Information Industry in Taiwan. SYNEX is the only company which is US-publicly traded or otherwise subject to the periodic reporting requirements of the SEC for which Mr. Miao serves as a director. Mr. Miao received a Bachelor of Science degree in Electrical Engineering/Computer Science from the University of California, Berkeley and a Master of Business Administration degree from Santa Clara University. Vote Required

The ten nominees for director receiving the highest number of affirmative votes will be elected as directors. However, the Board has adopted a majority vote standard for director elections. As a result, if a director receives less than a majority of the votes cast for such director, the Board will evaluate the situation and is authorized to remedy the situation as it deems appropriate, including requesting that the affected director resign from the Board. Unless marked to the contrary, proxies received will be voted "FOR" the nominees.

The Board recommends a vote FOR the election of the nominees set forth above as directors of SYNEX.

CORPORATE GOVERNANCE

Organization of the Board of Directors

The Board held fourteen meetings during the fiscal year ended November 30, 2015. Each director attended at least 75% of the total regularly scheduled and special meetings held by the Board and the committees on which such director served during the director’s tenure in the last completed fiscal year. We do not have a policy regarding directors’ attendance at the Annual Meeting. However, all members of the Board attended the 2015 Annual Meeting of Stockholders.

Our non-management directors meet in regularly scheduled executive sessions without the presence of management. The Chairman of the Board presides over each such Executive Session. Historically, our Chief Executive Officer has not served as our Chairman of the Board and we continue to separate the two positions. Separating the two positions ensures that our Chief Executive Officer is accountable for managing our company in close alignment with the interests of stockholders, eliminates the inherent conflict of interest that arises when the roles are combined, promotes oversight of risk and can serve as a conduit for regular communication with stockholders.

The Board has established four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Executive Committee. In addition, from time to time, the Board establishes non-standing committees to address matters that may arise during periods between regularly scheduled meetings and/or specific issues not fully applicable to one of the standing committees. The Board has determined that all members of the Audit, Compensation, and Nominating and Corporate Governance Committees meet the independence standards of the NYSE and rules and regulations of the Securities and Exchange Commission (SEC). With respect to the Executive Committee, at least one half of the members of the Executive Committee meet the independence standards of the NYSE and rules and regulations of the SEC. In addition, each member of the Audit Committee is financially literate as defined by the Board and each member of the Audit and Compensation Committees meet the heightened independence standards of the NYSE and rules and regulations of the SEC applicable to members of these committees. The Board has approved a charter for each of these standing committees, which can be found on our website at www.synnex.com. Our corporate governance guidelines and ethical business conduct, which are applicable to our principal executive, financial and accounting officers, directors and employees, are also available on or through our website at www.synnex.com and are available in print to any stockholder upon request. We intend to post any amendments to the corporate governance guidelines or code of ethics on our website. The following lists the four standing committees and their current members who are director nominees.

Other responsibilities include at least annually reviewing the implementation and effectiveness of our compliance and ethics program and our business continuity plan and test results. The Executive Committee did not hold any meetings during the fiscal year ended November 30, 2015 as all matters were covered at regularly scheduled Board meetings.

The Board of Directors' Role in Risk Oversight

The Board recognizes the importance of effective risk oversight in running a successful business and in fulfilling its fiduciary responsibilities to SYNEX and our stockholders. While the Chief Executive Officer and other members of our senior management team are responsible for the day-to-day management of risk, the Board is responsible for ensuring that an appropriate culture of risk management exists within our company and for setting the right "tone at the top," overseeing our aggregate risk profile, and assisting management in addressing specific risks, such as strategic and competitive risks, financial risks, brand and reputation risks, legal risks, regulatory risks, and operational risks.

The Board believes that the current leadership structure best facilitates this oversight of risk by combining independent leadership, through an independent Chairman of the Board, independent board committees, and majority independent board composition, with an experienced Chief Executive Officer who has intimate knowledge of our business, history, and the complex challenges that arise. The Chief Executive Officer's in-depth understanding of these matters and involvement in the day-to-day management of our company uniquely positions him to promptly identify and raise key business risks to the Board, call special meetings of the Board when necessary to address critical issues, and focus the Board's attention on areas of concern. The Chairman of the Board, independent committee chairs and other directors also are experienced professionals or executives who can and do raise issues for board consideration and review, and are not hesitant to challenge management. The Board believes there is a well-functioning and effective balance between the Chairman of the Board, non-executive board members and the Chief Executive Officer, which enhances risk oversight.

In addition, while we retain an independent Chairman of the Board, the Board believes that the Chairman of Board should not serve on the Audit Committee, Compensation Committee or the Nominating and Corporate Governance Committee. As such, our current Chairman of the Board, Mr. Steffensen, has not served on any of the independent committees since our 2011 Annual Meeting of Stockholders.

The Board exercises its oversight responsibility for risk both directly and through three of its standing committees. Throughout the year, the Board and each committee spend a portion of their time reviewing and discussing specific risk topics. The full Board is kept informed of each committee's risk oversight and related activities through regular oral reports from the committee chairs, and committee meeting minutes are available for review by all directors. Strategic, operational, financial and competitive risks also are presented and discussed at the Board's quarterly meetings, and more often as needed. On at least an annual basis, the Board conducts a review of our long-term strategic plans and members of senior management report on our top risks and the steps management has taken or will take to mitigate these risks. In addition, at each quarterly meeting, or more often as necessary, the General Counsel updates the Board on material legal and regulatory matters. On a regular basis between Board meetings, our Chief Executive Officer and/or other executive officers provide written reports to the Board on the critical issues we face and recent developments in our principal operating areas. These reports may include a discussion of business risks as well as a discussion regarding enterprise risk.

Director Orientation and Continuing Education

We provide directors with an orientation and education program to familiarize them with our business operations and plans, industry trends and corporate governance practices, as well as ongoing education on issues facing us and on subjects that would assist the directors in discharging their duties. Directors also are encouraged to attend courses provided by outside organizations covering various governance matters, best practices, and issues of concern to directors of publicly-traded companies. It is our policy that directors are to share with the Board or fellow committee members what they have learned.

Director Nominations

The Board nominates directors for election at each Annual Meeting of Stockholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board for nomination or election.

The Nominating and Corporate Governance Committee has a policy and process regarding consideration of director candidates recommended by stockholders. The Nominating and Corporate Governance Committee reviews suggestions for director candidates recommended by stockholders and considers such candidates for recommendation based upon an appropriate balance of knowledge, experience and capability. The assessment of candidates include the candidates' relevant industry experience, general business experience, relevant financial experience, interpersonal and communication skills, as well as the candidates' roles and contributions that are valuable to the business community, personal qualities of leadership, character, judgment and whether the candidate possesses and maintains throughout service on the Board a reputation in the community at large of integrity, trust, respect, competence and adherence to the highest ethical standards. In addition to considering an appropriate balance of knowledge, experience and capability, the Board has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives, skills and other individual qualities that contribute to Board heterogeneity. The Nominating and Corporate Governance Committee selects candidates for director based on their character, judgment, diversity of experience and backgrounds, relevance of experience, business acumen, interpersonal and communication skills, and ability to act on behalf of all stockholders. The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to SYNEX and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an "audit committee financial expert" as defined by SEC rules, and for a majority of the members of the Board of Directors to meet the definition of "independent director" under the rules of the NYSE. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of our management to participate as members of the Board.

Prior to each Annual Meeting of Stockholders, the Nominating and Corporate Governance Committee identifies nominees first by reviewing the current directors whose terms expire at such Annual Meeting of Stockholders and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including each candidate's demonstrated prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to nominate the director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, the Nominating and Corporate Governance Committee will consider various candidates for Board membership, including those suggested by the Nominating and Corporate Governance Committee members, by other Board members, by any executive search firm engaged by the Nominating and Corporate Governance Committee and by stockholders. A stockholder who wishes to suggest a prospective nominee for the Board should notify our Corporate Secretary, any member of the Nominating and Corporate Governance Committee, or the persons referenced below in "Communications with the Board of Directors" in writing with any supporting material the stockholder considers appropriate.

In addition, our Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to the Board at an Annual Meeting of Stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to our Corporate Secretary and otherwise comply with the provisions of our Bylaws. To be timely, our Bylaws provide that we must have received the stockholder's notice not less than 120 days prior to the scheduled date of such meeting. However, if notice or prior public disclosure of the date of the Annual Meeting of Stockholders is given or made to stockholders less than 100 days prior to the meeting date, we must receive the stockholder's notice by the close of business on the 7th day after the earlier of the day we mailed notice of the Annual Meeting of Stockholders date or provided such public disclosure of the meeting date. Information required by our Bylaws to be in the notice include the name and contact information for the candidate and the person making the nomination and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, our Bylaws and must be addressed to: Corporate Secretary, SYNEX Corporation, 44201 Nobel Drive, Fremont, California 94538. You can obtain a copy of our Bylaws by writing to the Corporate Secretary at this address.

Communications with the Board of Directors

The Board has a process for stockholders and other interested persons to send communications to directors. If you wish to communicate with the Board as a whole or to non-management directors, you may send your communication in writing to: Gregory Quesnel, Chairman of the Audit Committee, SYNEX Corporation, 44201 Nobel Drive, Fremont, California 94538 or Jorge del Calvo, Pillsbury Winthrop Shaw Pittman LLP, 2550 Hanover Street, Palo Alto, California 94304. You must include your name and address in the written communication and indicate whether you are a stockholder of SYNEX or other interested person. Messrs. Quesnel or del Calvo will review any communication received from a stockholder or other interested person, and all material communications from stockholders or other interested persons will be forwarded to the appropriate director or directors or Board committee based on the subject matter.

Narrative to Directors' Compensation Table

The compensation and benefit program for non-executive directors is designed to achieve the following goals: (1) compensation should fairly pay directors for work required of directors serving an entity of our size and scope; (2) compensation should align directors' interests with the long-term interests of stockholders; and (3) the structure of the compensation should be transparent and easy for stockholders to understand. We review director compensation every year.

For the fiscal year ended November 30, 2015, each non-executive director received an annual retainer of \$85,000 payable quarterly and an annual restricted stock grant under the 2013 Stock Incentive Plan valued at approximately \$115,000. The annual grant is prorated based upon the expected service period between the director's service commencement date and the immediately following Annual Meeting of Stockholders. The valuation of the stock price in determining the number of shares of restricted stock shall be based upon the closing price on the first trading day following the director's appointment or election and shall vest quarterly based upon our fiscal quarter. The chair of the Audit Committee received a retainer of \$20,000 payable quarterly in advance. The chair of the Compensation Committee received a retainer of \$15,000 payable quarterly in advance and the chair of the Nominating and Corporate Governance Committee received a retainer of \$10,000 payable quarterly in advance. The non-executive Chairman of the Board of Directors received an additional cash retainer of \$70,000 payable quarterly in advance. All directors are reimbursed for their reasonable out-of-pocket expenses in serving on the Board or any committee of the Board. We request each current member of the Board, who was elected prior to the 2010 Annual Meeting of Stockholders, to hold an equity position in SYNEX of the equivalent value of at least \$250,000 of common stock, whether vested or unvested, or vested in-the-money stock options on the date of each Annual Meeting of Stockholders, commencing on the 2012 Annual Meeting of Stockholders. For any director elected after the 2010 Annual Meeting of Stockholders we request that he or she hold an equity position in SYNEX of the equivalent value of at least \$250,000 of common stock, whether vested or unvested, or vested in-the-money stock options on the date of each Annual Meeting of Stockholders, commencing on the third Annual Meeting of Stockholders held following his or her initial election. In fiscal year ended November 30, 2015, Matthew Miao received the standard retainer and equity compensation the same as other outside directors, as approved by the Nominating and Corporate Governance Committee. Any future compensation payable to Mr. Miao will be based upon the approval of the Nominating and Corporate Governance Committee, which is composed of disinterested members of the Board of Directors.

None of our executive officers serves on the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Overview

We have a business relationship with MiTAC International Corporation (MiTAC International), a publicly-traded company in Taiwan that began in 1992 when it became our primary investor through its affiliates. In September 2013, MiTAC Holdings Corporation (MiTAC Holdings) was established through a stock swap from MiTAC International and became a publicly traded company on the Taiwan Stock Exchange. MiTAC International is now a wholly owned subsidiary of MiTAC Holdings. As of February 8, 2016, MiTAC Holdings and its affiliates beneficially owned approximately 24.8% of our common stock. Matthew Miao, our Chairman Emeritus of the Board of Directors and a director, is the Chairman of MiTAC Holdings and a director or officer of MiTAC Holdings' affiliates. As a result, MiTAC Holdings generally has significant influence over us and over the outcome of all matters submitted to stockholders for consideration, including any of our mergers or acquisitions. Among other things, this could have the effect of delaying, deterring or preventing a change of control over us.

Until July 31, 2010, we worked with MiTAC Holdings on OEM outsourcing and jointly marketed MiTAC Holdings' design and electronic manufacturing services and our contract assembly capabilities. On July 31, 2010, MiTAC Holdings purchased certain assets related to the contract assembly business including inventory and customer contracts, primarily related to customers then being jointly serviced by MiTAC Holdings and us. During the fiscal years ended November 30, 2015 and 2014, we recorded \$0.13 million and \$0.11 million in reimbursements for rent and overhead costs.

We purchased inventories from MiTAC Holdings and their affiliates totaling \$87.1 million, \$102.8 million and \$31.4 million during fiscal years 2015, 2014 and 2013, respectively. Our sales to MiTAC Holdings, and its affiliates during fiscal years 2015, 2014 and 2013 totaled \$1.3 million, \$4.1 million and \$4.4 million, respectively. Most of the purchases and sales in 2015, 2014 and 2013 were pursuant to the agreements mentioned under the heading "Agreements with MiTAC Holdings" below.

Our business relationship with MiTAC Holdings and its affiliates has been informal and is not governed by long-term commitments or arrangements with respect to pricing terms, revenue or capacity commitments.

We negotiate pricing and other material terms on a case-by-case basis with MiTAC Holdings. While MiTAC Holdings is a related party and a controlling stockholder, we believe that the significant terms under our arrangements with MiTAC Holdings, including pricing, will not materially differ from the terms we could have negotiated with unaffiliated third parties, and we have adopted a policy requiring that material transactions with MiTAC Holdings or its related parties be approved by its Audit Committee, which is composed solely of independent directors. In addition, Matthew Miao's compensation is approved by the Nominating and Corporate Governance Committee, which is also composed solely of independent directors.

Beneficial Ownership of our Common Stock by MiTAC Holdings

As noted above, MiTAC Holdings and its affiliates in the aggregate beneficially owned approximately 24.8% of our common stock as of February 8, 2016. These are owned by the following MiTAC affiliates:

MiTAC Affiliate	Shares
MiTAC Holdings(1)	5,551,764
Synnex Technology International Corporation (2)	4,282,895
Total	9,834,659

Shares held via Silver Star Developments Ltd., a wholly-owned subsidiary of MiTAC International. Excludes (1) 371,588 shares directly held by Matthew Miao and 223,730 shares indirectly held by Mathew Miao through a charitable remainder trust.

Synnex Technology International Corp. ("Synnex Technology International") is a separate entity from us and is a publicly-traded corporation in Taiwan. Shares are held via Peer Development Ltd., a wholly-owned subsidiary of Synnex Technology International. MiTAC Holdings owns a noncontrolling interest of 8.7% in MiTAC (2) Incorporated, a privately-held Taiwanese company, which in turn holds a noncontrolling interest of 13.6% in Synnex Technology International. Neither MiTAC Holdings nor Mr. Miao is affiliated with any person(s), entity, or entities that hold a majority interest in MiTAC Incorporated.

While the ownership structure of MiTAC Holdings and its affiliates is complex, it has not had a material adverse effect on our business in the past, and we do not expect it do so in the future.

Synnex Technology International is a publicly-traded corporation in Taiwan that currently provides distribution and fulfillment services to various markets in Asia and Australia, and is also our potential competitor. Neither MiTAC Holdings nor Synnex Technology International is restricted from competing with us.

Agreements with MiTAC Holdings

We have entered into several additional agreements with affiliates of MiTAC Holdings. These agreements do not constitute contracts or obligations by any party to purchase products or services from the other parties, nor do they restrict our ability to conduct our business, except where so noted below. Accordingly, we do not believe that the termination of any of these agreements would have a material adverse effect on our business. Pursuant to these agreements, the terms for contracted services or purchased products are individually negotiated and, if agreed upon by the parties, such terms are included in a purchase order. We believe that the terms of each of these agreements are materially no less favorable to us than the terms we could have negotiated with unaffiliated third parties. In the fiscal year ended November 30, 2015, we paid an aggregate of approximately \$84.6 million to MiTAC Holdings, most of which was paid pursuant to the agreements described below.

Distribution Agreement. In April 2009, we entered into a distribution agreement with MiTAC Digital Corp. Pursuant to the agreement, we may purchase certain MiTAC Digital products for distribution in the United States. The agreement has an initial term of one year and automatically renews for subsequent one year terms. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee has overall responsibility for SYNEX' executive compensation policies as provided in a written charter adopted by the Board. The Compensation Committee is empowered to review and approve the compensation and compensation procedures for the executive officers. In addition, in June 2011, the Board determined that, consistent with the stockholders' advisory vote in March 2011, it will include in our proxy materials a stockholder vote on executive compensation every year until the next required stockholder vote on the frequency of stockholder votes concerning executive compensation. This "say on pay" proposal is provided in Proposal 2.

At last year's Annual Meeting of Stockholders, our stockholders approved our executive compensation programs, as disclosed in last year's proxy statement, in an advisory "say-on-pay" vote, with 34,680,631 votes cast in favor of approval and approximately 311,091 votes cast against. As the Compensation Committee evaluated our compensation principles and policies during fiscal 2015, it was mindful of this favorable outcome and the stockholders' strong support of our compensation objectives and compensation programs. The Compensation Committee has maintained its general approach to executive compensation with salary and bonus target adjustments, modifications to performance measurement for bonuses, and additions to the peer group to reflect consideration of our Concentrix business and the trajectory of our business model.

Objectives and Philosophy of Our Compensation Program

Our compensation philosophy is to pay for performance as well as to offer competitive compensation in order to attract and retain talented executive officers. With respect to "pay for performance," our program is designed to align the interests of our executive officers with those of our stockholders, for whom they work. A significant portion of an executive officer's total compensation depends on his performance relative to operational and financial objectives. In particular, in determining total compensation, we stress a compensation philosophy that is performance-driven with relatively moderate base salaries, but high variability through our Profit Sharing Plan and equity compensation. We believe that total compensation should reflect some level of risk associated with the performance of the business. As a result, a substantial portion of an executive officer's total compensation is in the form of profit sharing and equity grants.

We believe that the compensation of our executive officers should reflect their success as a management team, as well as individuals, in attaining key operating objectives, such as growth of sales, growth of operating earnings and earnings per share, return on invested capital, growth or maintenance of market share, long-term competitive advantage, and ultimately, in attaining an increased market price for our common stock. We believe that the performance of our executive officers in managing SYNEX, considered in light of general economic conditions, our company and industry, and competitive conditions, should be the basis for determining their overall compensation.

We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, as we expect the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of SYNEX by our executive officers. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option, restricted stock, restricted stock unit and other equity incentive programs.

Competitive compensation is important if we are to attract and retain the talent necessary to lead SYNEX in the competitive and changing business environment in which we operate. In this regard, we are mindful of the median level of compensation of our competitors as well as of the median level of compensation in the local area in which the executive is located. We strive for internal equity among employees according to job responsibilities, experience, capability, and individual performance. Our executive compensation program impacts all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. As we believe the performance of every employee is important to our success, we are mindful of the effect that our executive compensation and incentive program has on all of our employees.

The differences in compensation between the various executive officers are based primarily upon individual differences in job responsibility, contribution, performance and increase in the global scope of the business and complexity and demands of understanding, managing and influencing global operations and integrated success. An executive with responsibility over a broader, more difficult or more profitable business unit or corporate division will have potential for greater compensation than an executive with responsibility over a narrower, less complex or less profitable business unit or corporate division.

Our compensation philosophy emphasizing performance permeates total compensation for both executive officers and non-executive employees. While we do not have an exact formula for allocating between cash and non-cash compensation, we try to balance long-term equity versus short-term cash compensation and variable compensation versus fixed compensation. As noted above, executive officers who have greater ability to influence the performance of SYNEX receive more long-term equity as a percentage of total compensation than non-executive employees who have less ability to influence the performance of SYNEX. Similarly, performance-related cash compensation for such executive officers as a percentage of total compensation is greater than performance-related cash compensation of non-executive employees. The goal is to create a balanced culture of high performance without undue risk assumption.

Elements of Our Compensation Program

As a result of the above assessment process and as reviewed annually by the Compensation Committee, we have implemented a compensation program for our executive officers that consists of five compensation components:

- (1) base salary;
- (2) Profit Sharing Plan bonus;
- (3) equity grants;
- (4) performance-based, long-term incentives (LTI); and
- (5) LTI program transitional bonuses.

We and the Compensation Committee believe that the LTI program ties executive deferred compensation to business performance and also aligns total compensation closer to the market comparatives in value and in form.

The compensation elements are usually administered in three cycles. Merit raises for base salaries are generally performed in the April-May period. Annual equity grants in the form of stock options, restricted stock awards or restricted stock units (RSUs), other than LTI awards, are generally awarded in the September-October period. Profit Sharing Plan bonuses and LTI program transitional bonuses are generally paid in the December-January period and LTI awards in the form of RSUs are generally granted effective the first business day of the fiscal year with a vesting date of the last day of the third fiscal year following the effective date. However, all of the above elements are reviewed and determined on at least an annual basis by the Compensation Committee.

The components of our compensation program are described as follows:

Base Salary. Base salaries are designed to provide a consistent cash flow throughout the year as compensation for day-to-day responsibilities. In prior years, we maintained relatively low base salaries to incent executive officers to achieve the Profit Sharing Plan targets and thus create a performance-driven environment. The Compensation Committee increased base salaries and decreased Profit Sharing Plan bonuses to reduce the variability of the cash compensation component and to discourage excessive risk-taking and short-term business decisions to meet payout thresholds; however, base salaries generally remain near the 25th percentile for comparable positions in our peer group and are now considered relatively moderate.

Base salaries for our executive officers are reviewed and, if deemed appropriate, adjusted on an annual basis. Merit increases are based on, among other things, individual performance, any new responsibilities assumed and the

magnitude of our merit increase budget for the year. With respect to each executive's individual performance, we assess the breadth and complexity of his area of responsibility and his individual contributions and seek to quantify the same. Determination of base salary is not made in accordance with a strict formula that measures weighted qualitative and quantitative factors, but rather is based on objective data synthesized to competitive ranges and to internal policies and practices.

Profit Sharing Plan. Profit Sharing Plan bonuses reward individuals for achieving operating and financial goals, in keeping with a performance-driven environment conducive to increasing stockholder value. Under our Profit Sharing Plan, we accrued a certain percentage of our pre-tax, before profit sharing accrual, profits for possible bonuses. Bonuses granted to executive officers under our Profit Sharing Plan are determined by the Compensation Committee based upon both qualitative and quantitative considerations. The Compensation Committee establishes in writing specific performance goals for each participant, which must be achieved in order for an award to be earned under our Profit Sharing Plan for that fiscal year. Such performance goals may be based upon any one or more of the following: net income per share, revenue, cash flow, earnings per share, return on equity, total stockholder return, share price performance, return on capital, return on assets or net assets, income or net income, operating income or net operating income, operating profit or net operating profit, operating margin or profit margin, return on operating revenue, return on invested capital, sales productivity, sales growth, market segment share or similar financial performance measures as may be determined by the Compensation Committee. As in prior years, the Compensation Committee set reasonably stringent minimum Profit Sharing Plan hurdles and performance metrics. In addition, we amended our Profit Sharing Plan in 2012 to include a compensation recoupment provision to mitigate the potential for such undue risk assumption.

Profit Sharing Plan bonuses for fiscal year 2015 to the executive officers were based upon a combination of (1) our achievement of certain net income target performance, with adjustments based upon achievement of certain Return on Invested Capital, or ROIC, performance (the Technology Solutions target metric), and (2) the achievement of certain threshold EBITDA target performance by our Concentrix business. For all executive officers other than Mr. Larocque and Mr. Caldwell, the Technology Solutions target performance metric accounts for 67% of the officer's bonus measurement, and the Concentrix target performance metric accounts for 33%. For Mr. Larocque, as President, North American Technology Solutions, the Technology Solutions target performance metric accounts for 90% of his bonus measurement, and the Concentrix target performance metric accounts for 10%. For Mr. Caldwell, as the President of Concentrix, the Technology Solutions target performance metric accounts for 10% of his bonus measurement, and the Concentrix target performance metric accounts for 90%. For the Technology Solutions and Concentrix businesses, the net income and ROIC targets for fiscal year 2015 were increased from fiscal year 2014. Executive officers are not eligible for bonuses unless we meet or exceed the target performance percentages of the internally established net income and EBITDA goals. The minimum threshold target performance percentage is 75% and the maximum target performance percentage is 133.3% for all executive officers.

The actual bonus payable, if the applicable minimum threshold percentages are met, is paid on a sliding scale of the target performance actually achieved and dollar limits pre-established by the Compensation Committee for each individual executive officer. In the case of the Technology Solutions component of the performance bonus, this amount then is adjusted by the percentage increase or decrease corresponding with our performance as measured by the ROIC performance metric. In addition, our President and Chief Executive Officer has discretion to recommend to the Compensation Committee that it decrease bonuses for all other executive officers whose compensation is subject to Section 162(m) of the Code.

If the minimum threshold target performance percentage of the internally established net income goal or EBITDA goal is not achieved, no bonuses would be paid to the executive officers, regardless of the achievement of the ROIC performance metrics. The minimum threshold target performance percentage of the Technology Solutions component was based on the previous year's internally established net income per share goal plus a reasonable "stretch" goal taking into account the then economic environment. Alternatively, if the maximum target performance percentage of the internally established net income goal or EBITDA goal is exceeded, no incremental bonuses beyond the maximum award would be paid to the executive officers. The Profit Sharing Plan bonus for each executive officer is based upon a certain percentage of his annual base salary for the applicable fiscal year.

In the event that the minimum threshold performance target is met, then our executive officers will receive a bonus based on the following approximate percentage of his fiscal year base salary for fiscal 2015 and fiscal 2016:

Name	Minimum Payment (if Threshold is Met) as Percentage of Base Salary(1)	Target Payment as Percentage of Base Salary(1)	Maximum Payment as Percentage of Base Salary(1)
Kevin Murai	125	250	375
Peter Larocque	100	200	300
Dennis Polk	100	200	300
Marshall Witt	50	100	150
Christopher Caldwell	50	100	150

(1) The applicable base salary is each officer's then-current base salary at the end of the fiscal year.

There is potential for actual awards under the Profit Sharing Plan to be less than such minimum targets depending upon corporate performance, as well as the executive officer's performance of certain individual goals that were predetermined by our President and Chief Executive Officer. In addition, the Compensation Committee has discretion to decrease the bonus for all executive officers. The Compensation Committee's discretion is exercised based upon discussions with Mr. Murai, taking into account his ability to manage and monitor the performance of the other named executive officers.

For fiscal year ended November 30, 2015, we achieved a net income of \$208.5 million, which contributed to our exceeding both the minimum threshold of the Technology Solutions component and the Concentrix EBITDA component, and as a result our executive officers received the following bonuses:

Name	Profit Sharing Plan Bonuses
Kevin Murai	\$1,215,414
Peter Larocque	\$721,836
Dennis Polk	\$704,936
Marshall Witt	\$375,239
Christopher Caldwell	\$368,701

Based on comparable peer companies, the total cash compensation targets, including both base salary and Profit Sharing Plan bonus, excluding any recommended adjustments by the Compensation Committee, for our executive officers for comparable positions in our peer group for fiscal year 2015 were as follows:

Name	Total Cash Compensation Target Percentile
Kevin Murai	Below 75 th Percentile
Peter Larocque	Above 75 th Percentile
Dennis Polk	Above 75 th Percentile
Marshall Witt	Below 50 th Percentile
Christopher Caldwell	Below 50 th Percentile

For fiscal 2017, the Compensation Committee has adopted a Management Incentive Plan, subject to stockholder approval, to replace the 2009 Executive Profit-Sharing Plan. The material terms of the Management Incentive Plan are described under Proposal 3.

Equity Grants. Long-term incentives involve equity grants and performance retention grants, including restricted stock awards, RSUs and stock options. Restricted stock and RSUs help us to retain key personnel, whereas stock options provide incentive for creating incremental stockholder value. The value of equity grants and performance retention grants derives from stock price, which aligns executive compensation with stockholder value.

Equity grants are based on a number of considerations. The Compensation Committee's determination with respect to stock option grants, restricted stock award and RSU grants to executive officers for fiscal year ended November 30, 2015 can be viewed from two perspectives: our company and our executive officer. From our company's perspective, the Compensation Committee considered the following principal elements:

- corporate performance;
- dilution to stockholders; and
- related expense to our company.

From our executive officers' perspective, the Compensation Committee considered the following principal elements:

- job responsibilities and past performance;
- likely future contributions;
- potential reward to the executive officer if the stock price appreciates in the public market;
- management tier classification;
- equity grants made by competitors; and
- existing vested and unvested equity holdings.

Determination of equity grant amounts is not made in accordance with a strict formula that measures weighted qualitative and quantitative factors, but rather is based on objective data synthesized to competitive ranges and to internal policies and practices, including an overall review of both employee and corporate performance and the value of equity grants of comparable officers at comparable companies. We evaluate our corporate performance objective primarily by our financial performance, including growth, return on equity, ROIC, and Diluted Earnings Per Share, or EPS. Equity grants may also be made to new executive officers upon commencement of employment and, on occasion, to executive officers in connection with a significant change in job responsibility. We also distinguish between equity grants of stock options, restricted stock awards or RSUs based upon the officer's position. We believe that stock options carry more risk than restricted stock. As such, we expect certain officers with the most direct impact on our overall performance to accept more equity risk and their grants are more heavily weighted towards stock options rather than restricted stock awards or RSUs.

To further ensure that the long-term interests of executive officers are closely aligned with those of stockholders, we request that they, except Mr. Murai, hold an equity position in SYNEX of the lesser of the following: (1) at least one times his annual total cash compensation or (2) \$1,000,000. This equity position can be satisfied by holding shares of common stock, whether vested or unvested, or vested in-the-money stock options. With respect to Mr. Murai, we request that he hold an equity position in SYNEX of the lesser of the following: at least two times the sum of his annual base salary plus target bonus as in effect from time to time or \$2,000,000. Stock ownership for Mr. Murai's purpose includes common stock owned personally or in trust for his benefit, but does not include unvested restricted

stock or stock units, or unexercised stock options. In addition, to avoid any impropriety or even the appearance of such, the Compensation Committee in most cases makes equity grants only during open trading windows. If the date of an equity grant falls within a trading black-out period, then the effective grant date is upon the expiration of the third trading day after the trading black-out period ends. The exception to this standard procedure is the granting of Long-Term incentive RSUs, as discussed below, which are granted to be effective the first business day of the fiscal year. The exercise price for all stock option grants is the market closing price of our common stock on the effective grant date. In addition, annual equity grants to executive officers are generally awarded each year in the September-October period. We believe that the automatic and consistent nature of our equity grant process avoids the possibility of timing deviations.

Performance-Based, Long-Term Equity Incentives. Our LTI program, currently implemented through our 2013 Stock Incentive Plan, is designed to provide long-term retention incentives for our executive officers, and also to create an alignment between the interests of our executive officers and those of our stockholders because appreciation in the stock price of our shares will benefit both our executive officers and our stockholders. Under the 2013 Stock Incentive Plan, the Compensation Committee may grant LTI awards that require, as a condition to vesting, the attainment of one or more performance targets specified by the Compensation Committee from the list of possible financial and operational performance metrics specified in the 2013 Stock Incentive Plan.

We and the Compensation Committee believe that the LTI program ties executive deferred compensation to business performance and also aligns total compensation closer to the market comparatives in value and in form.

The LTI award is comprised of performance-based RSU grants. For fiscal years ending November 30, 2015 and November 30, 2016, the performance-based RSUs granted executive officers will cliff vest based upon (1) the achievement of certain threshold EPS target performance percentages and (2) the achievement of certain ROIC performance percentages with both performance metrics measured over a 3-year period. In determining the EPS target performance metrics, we focused upon our growth, return on equity, ROIC, and EPS. The minimum threshold EPS target performance percentage is 75% and the maximum target performance percentage is 166.7% for all executive officers. If the minimum threshold target performance percentage of the internally established EPS goal is not achieved, no performance-based RSUs will vest for the executive officers, regardless of the achievement of the ROIC performance metrics. The minimum threshold target performance percentage is based on the previous year's EPS plus a reasonable, 3-year "stretch" goal taking into account the then economic environment. Alternatively, if the maximum target performance percentage of the internally established EPS goal is exceeded, no incremental performance-based RSU vesting beyond the maximum award will benefit the executive officers.

The dollar value of the LTI awards is based upon one-third of each executive officer's 100% target Profit Sharing Plan award for the 2015 or 2016 fiscal year, as applicable. The actual number of performance-based RSUs, if the applicable minimum threshold percentage is met, will vest on a sliding scale of the target EPS performance percentage actually achieved and the dollar limits pre-established by the Compensation Committee for each individual executive officer. This amount is then adjusted by the percentage increase or decrease corresponding with our performance as measured by the ROIC performance metric. To the extent that we fail to meet our performance targets for the applicable 3-year period, then that portion of the shares underlying the performance-based RSUs will be canceled and will not vest. If, for example, we achieve an EPS equal to 75% of the EPS target our executive officers would receive 50% of the targeted shares. Similarly, if we achieve an EPS equal to 166.67% of EPS target, then our executive officers will receive 200% of the targeted shares.

In order to allow for vesting of 200% of the target performance-based RSUs (pursuant to the vesting criteria discussed above), each executive officer is granted a number of RSUs equal to two times the target grant. For fiscal year 2015, based upon the per share price, adjusted for the exclusion of dividend equivalents, on the first business day of fiscal 2015 (December 1, 2014) of \$69.49, the executive officers were granted RSUs as follows:

	Number of RSUs granted (represents maximum award of 200% of target award)	Value of LTIs at maximum award of 200% of target award	Number of RSUs vesting at 100% target performance	Value of LTIs at 100% target performance (represents 100% of target award)	Number of RSUs vesting at 75% of target performance	Value of LTIs at 75% target performance (represents 50% of target award)
Kevin Murai	14,750	\$1,024,978	7,375	\$512,489	3,687	\$256,210

In addition, the vesting of the LTI awards is contingent upon the executive officer still being employed by us on the date of vesting.

In considering the appropriate performance metric for the LTI awards for fiscal year 2014, the Compensation Committee, with the assistance of senior management, concluded that applicable EPS and ROIC performance metrics be the same for all executive officers. The Compensation Committee also considered the aggregate projected cost of the equity grants to the executive officers under FASB ASC Topic 718.

With respect to both our equity grants and the LTI program, the Compensation Committee considers at least annually whether to approve specific long-term equity awards based on the recommendations of our President and Chief Executive Officer (except with respect to his own awards). When determining awards, the Compensation Committee considers factors such as the individual's position with us, his prior and expected future performance and responsibilities, our retention and succession needs, and the long-term incentive award levels for comparable executives and key employees at companies that compete with us for executive and managerial talent. The Compensation Committee also considers the total value of equity awards previously granted and the existing equity ownership of each executive officer when determining restricted stock award levels, with particular attention paid to the value of unvested awards. In addition, the Compensation Committee considers the potential dilution and accounting costs of long-term equity awards as compared to those granted at other publicly traded companies that compete with us for business and executive talent. The 2013 Stock Incentive Plan does not state a formulaic method for weighing these factors, nor does the Compensation Committee employ one.

In general, we believe that the rebalancing of annual, variable compensation modified compensation program for our executive officers meets the objectives of rewarding executive officers for measurable results in meeting and exceeding goals and mitigates the potential for undue risk assumption.

LTI Program Transitional Bonuses. As noted above, the dollar value of the LTI awards is based upon one-third of each executive officer's 100% target Profit Sharing Plan award for the fiscal year because the LTI awards will be funded from the historical Profit Sharing Plan. As a result of the 3-year vesting period of the LTI awards, the cash compensation due to the executive officers during this transition period is reduced by 25% of the executive officer's applicable Profit Sharing Plan bonus. In order to bridge the initial implementation of the LTI program for our executive officers, we provided a transitional bonus to each of our executive officers equal to the amount of the cash compensation decrease resulting from the implementation of the LTI program in order to make up for this shortfall. This transitional bonus was applicable for fiscal years 2012 and 2013 for Messrs. Murai, Larocque and Polk and fiscal years 2013 and 2014 for Mr. Witt. The transitional bonus is not a part of our executive compensation in 2015 for these officers as their LTI Program annual equity no longer is impacted by the transition in funding from the historical Profit Sharing Plan. In order to bridge the initial, three-year vesting period of the LTI awards granted to newly hired executive officers, we provide a transitional bonus to such executive officers equal to 25% of the executive officer's applicable Profit Sharing Bonus. This transitional bonus is earned based on achievement of the same metrics as the Profit Sharing Plan for the given year. As a result, this transitional bonus is applicable for fiscal years 2014 and 2015 for Mr. Caldwell, who became an executive officer during fiscal 2014. In this way, the overall cash-flow effect to our executive officers and to the company is largely the same with the new LTI program as compared to what would have occurred under the previous compensation program.

Deferred Compensation Plan. Our deferred compensation plan permits designated employees to accumulate income for retirement and other personal financial goals by deferring present income through a nonqualified plan. Our deferred compensation plan became effective on January 1, 1994 and was amended on January 7, 2008 to conform with changes required by Section 409A of the Internal Revenue Code of 1986, as amended (Code). Currently, none of our executive officers participate in this plan.

Benefits, Perquisites and Other. Other benefits to our executive officers include medical, dental and life insurance, as well as 401(k) plan participation. These benefits are generally available to all our employees.

Some of the primary factors affecting Mr. Witt's compensation include, among other things, our performance toward our pre-established financial goals, his contribution to the overall leadership of our company, his leadership of the finance organization and coordination of worldwide finance resources, our restructuring of our major debt instruments -significantly reducing interest expense, effective navigation through a volatile global foreign currency market, final closing of the IBM CRM acquisition and establishment of consistent and enhanced controls within our Concentrix business.

Executive Vice President and President of Concentrix Corporation. Christopher Caldwell is our Executive Vice President and President of Concentrix Corporation, our global business process outsourcing division, and has served in this capacity since February 2014. He previously served as President of Concentrix Corporation from June 2012 to February 2014, Senior Vice President and General Manager of Concentrix Corporation from March 2007 until June 2012, and Senior Vice President, Global Business Development from March 2007 until June 2012. Some of the primary factors affecting Mr. Caldwell's compensation include, among other things, our performance toward our pre-established financial goals, the strong performance of his division within our company, his contribution to the overall leadership of our company and his leadership of the Concentrix segment of our company, and the integration of the customer care business of IBM.

Risk Assessment of Our Compensation Program

Consistent with SEC disclosure requirements, we have assessed our compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on our company. The risk assessment process included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control and the support of the program and their risks to our company strategy. Although we reviewed all compensation programs, we focused primarily on the programs with variability of payout, with the ability of an executive officer to directly affect payout and the controls on executive officer action and payout. By way of examples, we reviewed our compensation programs for certain design features that have been identified by experts as having the potential to encourage excessive risk-taking, including:

• too much focus on equity;

- compensation mix overly weighted toward annual incentives;
- highly leveraged payout curve and uncapped payouts;
- unreasonable goals or thresholds; and
- steep payout cliffs at certain performance level that may encourage short-term business decisions to meet payout thresholds.

We are satisfied that these potential pitfalls have been avoided or mitigated. We continue to monitor our compensation programs and reserve the right to adjust them as we judge necessary to avoid creating undue risk.

In addition, we have internal controls over financial reporting and the measurement and calculation of compensation goals, and other financial, operational, and compliance policies and practices that are designed to keep our compensation programs from being susceptible to manipulation by any employee, including our executive officers. Other risk-mitigating factors considered by the Compensation Committee include the following:

- the use of different types of compensation that provide a balance of short-term and long-term incentives with fixed and variable components;
- our minimum equity holding guidelines;
- our clawback policy which, in the event of a restatement of our financial results allows the Compensation Committee to seek to recover or cancel Profit Sharing Plan bonuses;
- caps on performance-based awards to limit windfalls;
- every executive officer must obtain permission from our Legal Department before the sale of any shares of our common stock, even during an open trading window;
- our policy to limit our involvement in cashless stock option exercises by our directors and officers;
- our prohibition of trading in our securities on a short-term basis, on margin, or in a short sale transaction;
- our policy against buying or selling puts or calls on our common stock;
- our Code of Ethical and Business Conduct; and
- the Compensation Committee's consideration of ethical behavior as integral in assessing the performance of all executive officers.

Ultimately, our incentive compensation is designed to reward executive officers for committing to and delivering goals that are intended to be challenging yet provide them a reasonable opportunity to reach the threshold amount, while requiring meaningful growth to reach the target level and substantial growth to reach the maximum level. The amount of growth required to reach the maximum level of compensation is developed within the context of the normal business planning cycle and, while difficult to achieve, is not viewed to be at such an aggressive level that it would induce our executive officers to take inappropriate risks that could threaten our financial and operating stability.

Tax Deductibility Considerations

Section 162(m) of the Code generally disallows a deduction for federal income tax purposes to any publicly-traded corporation for any remuneration in excess of \$1,000,000 paid in any taxable year to its chief executive officer and each of the three other most highly-compensated executive officers (other than its chief financial officer). Qualifying "performance-based compensation" is not subject to the deduction limitation if specified requirements are met. We

maintain incentive compensation arrangements that are intended to qualify for this performance-based compensation exception. However, we also reserve the Compensation Committee's flexibility to provide one or more covered executive officers with the opportunity to earn compensation that does not comply with an exemption from the deduction limitation of Section 162(m) when the Compensation Committee believes that such compensation is appropriate to attract and retain executive talent.

Compensation Committee

The Compensation Committee has overall responsibility for our executive compensation policies as provided in a written charter adopted by the Board. The Compensation Committee is empowered to review and approve the annual compensation and compensation procedures for our executive officers. The Compensation Committee does not delegate any of its functions to others in setting compensation.

Compensation Consultant and Peer Group Analysis. To assist in this process, the Compensation Committee retained the services of Compensia, Inc. as its compensation consultant for fiscal years 2014 and 2015. Compensia reported directly to the Compensation Committee and the Compensation Committee directly approved the Compensia fees. Management had no role in the selection of the compensation consultant. The Compensation Committee retained the services of Compensia to outline executive compensation trends and developments, review and analyze SYNEX's executive compensation philosophy and programs, and provide summary of findings and considerations for use in fiscal years 2015 and 2016. Neither SYNEX nor the Compensation Committee engaged any compensation consultants during fiscal year 2015 whose fees exceeded \$120,000. The Compensation Committee believes that the Compensia advice was independent of management, and Compensia has certified the same in writing, and benefited our company and stockholders. In reaching this conclusion, the Compensation Committee considered all factors relevant to Compensia's independence from management, including factors suggested by the New York Stock Exchange in its rules related to compensation advisor independence.

Compensia provided the Compensation Committee with a review of the overall compensation climate in the United States, best practices, and trends specific to our industry. Compensia provided analyses of base salaries, bonuses, long-term incentives and benefit practices of comparable peer companies. Compensia's work did not raise any conflict of interest.

The following comparable technology distribution, electronic manufacturing services, data processing and outsourced services, and IT Consulting and other services peer companies were used in our competitive benchmarking:

Anixter International, Inc.

Arrow Electronics, Inc.

Avnet, Inc.

Benchmark Electronics, Inc.

CDW Corporation

Computer Sciences Corporation

Convergys Corporation

Flextronics International Ltd.

Ingram Micro, Inc.

Insight Enterprises, Inc.

Jabil Circuit, Inc.

NCR Corporation

Plexus Corp.

Sanmina Corporation

ScanSource, Inc.

Science Applications International Corporation

Sykes Enterprises, Incorporated

Tech Data Corporation

TeleTech Holdings, Inc.

Unisys Corporation

In addition to talking to members of the Compensation Committee, Compensia also contacted certain of our executive officers and other employees in our human resources department to obtain historical data and insight into previous compensation practices. The Compensation Committee took information provided by Compensia into consideration when setting executive compensation for fiscal years 2015 and 2016 and used them as a basis for making changes to executive compensation for fiscal years 2015 and 2016.

Tally Sheets and the Role of President and Chief Executive Officer. In fiscal year 2015, the Compensation Committee continued the practice of reviewing the total remuneration of the executive officers using summary tables, or tally sheets. These tally sheets allowed the Compensation Committee to undertake a comprehensive review across all forms of compensation, and to understand the effect that changing profit and stock price scenarios could have on such remuneration forms.

Mr. Murai also made recommendations to the Compensation Committee as to the compensation of the other named executive officers. The Compensation Committee may accept or adjust such recommendations for these officers. However, in general, the Compensation Committee considered the recommendations of our President and Chief Executive Officer, the named executive officer's role, responsibilities and performance during the past year, and the amount of compensation paid to named executive officers in similar positions at comparable companies. These recommendations were considered in relation to annual performance reviews and played an important role in the compensation determinations by the Compensation Committee. For Mr. Murai, the Compensation Committee solely determines the compensation of the President and Chief Executive Officer based on a performance review and competitive benchmarking provided by Compensia.

In general, we believe that the current executive compensation program meets the objectives of rewarding executive officers for measurable results in meeting and exceeding goals.

(1) Amounts listed in these columns represent the grant date fair value of stock awards and option awards recognized by us under FASB ASC Topic 718, disregarding estimated forfeitures, rather than amounts realized by the named individuals. For valuation assumptions used to calculate the fair value of our stock and option awards, see Note 5 “Share-Based Compensation” included in our Annual Report on Form 10-K for fiscal year ended November 30, 2015. Performance-based RSUs granted under our LTI program provide an opportunity for employees to receive common stock if a performance measure is met for the three-year performance period. If the minimum performance measure is not met, no award is earned. If at least the minimum performance measure is attained, awards can range from 50% of the target number of shares to 200% of the target number of shares underlying the performance-based RSUs. The amounts in the table above reflect the aggregate grant date fair values at the Target number of the performance-based RSUs granted under our LTI program described in the 2015 Summary Compensation Table Narrative, calculated in accordance with accounting guidance. If our performance results in a future payout of the performance-based RSUs at the maximum level, the aggregate grant date fair value of the stock awards granted would have been as follows: Mr. Murai, for fiscal 2015 \$1,643,353, for fiscal 2014 \$4,434,860, and for fiscal 2013 \$1,507,962; Mr. Larocque, for fiscal 2015 \$913,150, for fiscal 2014 \$792,264, and for fiscal 2013 \$842,588; Mr. Polk for fiscal 2015 \$913,150, for fiscal 2014 \$792,264, and for fiscal 2013 \$842,588; Mr. Witt for fiscal 2015 \$490,990, for fiscal 2014 \$433,390, and for fiscal 2013 \$768,442; and Mr.

Caldwell for fiscal 2015 \$518,605, and for fiscal 2014 \$1,460,500. For additional information on grant date

fair value and estimated future payouts of stock awards, see the 2015 Grants of Plan-Based Awards table on page 35, and to see the value of stock awards actually realized by the named executive officers in fiscal 2015, see the 2015 Option Exercises and Stock Vested table on page 41.

(2) For fiscal 2015, represents performance-based bonus awards under the Profit Sharing Plan earned in fiscal 2015, but paid in fiscal 2016, and, in the case of Mr. Caldwell, LTI program transitional bonus as follows and calculated as described in the Compensation Discussion and Analysis beginning on page 21. Mr. Caldwell received \$368,701 under our Profit Sharing Plan and an LTI transition bonus of \$184,350.

(3) Mr. Caldwell was appointed our Executive Vice President and President of Concentrix Corporation effective February 2014.

(4) The amount in this column with respect to Mr. Murai includes the grant date fair value of the equity grant of restricted stock, the annual LTI RSU grant, and in fiscal 2014 a performance retention grant of 49,452 RSUs, a portion of which will vest upon the fourth and fifth anniversary of October 7, 2014, provided that Mr. Murai remains in continuous employment by SYNEX through the vesting dates. An additional portion of the RSUs will vest on the fourth and fifth anniversary of the grant date provided that (i) Mr. Murai remains in continuous employment by SYNEX through the vesting dates and (ii) SYNEX achieves on a cumulative basis certain EBITDA performance targets established by the Compensation Committee for each of the fiscal years ended November 30, 2014 through 2018.

The amount in this column with respect to Mr. Caldwell includes the grant date fair value of the annual equity grant of restricted stock, the annual LTI RSU grant, and in fiscal 2014 a performance retention grant of 16,217 RSUs, which will vest in full on January 31, 2017, provided that (i) Mr. Caldwell remains in continuous employment by SYNEX through the vesting date and (ii) Concentrix Corporation achieves on a cumulative basis a certain EBITDA performance target established by the Compensation Committee for any 12-month period over the three-year period ending January 31, 2017.

(5) The following outlines all other additional compensation for fiscal 2015 required by SEC rules to be separately quantified: for Mr. Murai, dividend payments on unvested RSAs of \$14,859; for Mr. Larocque, Company contributions to 401(k) retirement savings plan of \$1,200 and dividend payments on unvested RSAs of \$7,779; for Mr. Polk, Company contributions to 401(k) retirement savings plan of \$1,200 and dividend payments on unvested RSAs of \$7,779; for Mr. Witt, Company contributions to 401(k) retirement savings plan of \$1,200 and dividend payments on unvested RSAs of \$7,144; and for Mr. Caldwell, Company contributions to 401(k) retirement savings plan of \$1,200 and dividend payments on unvested RSAs of \$3,856. The dividend amounts in this column represent the dollar value of dividends paid during the fiscal year ended November 30, 2015 (as part of a dividend paid to all of our stockholders) on unvested restricted stock awards; such dividends were not factored into the grant date fair value of stock awards required to be reported in the stock awards column of the table.

The target incentive amounts shown in this column reflect our annual bonus awards originally provided under our Profit Sharing Plan and represents pre-established target awards as a percentage of base salary for fiscal year ended November 30, 2015, with the potential for actual awards under the plan to either exceed or be less than such funding target depending upon corporate performance. Actual award amounts are not guaranteed and are determined at the discretion of the Compensation Committee, which may consider an individual's performance during the period. For additional information, please refer to the Compensation Discussion and Analysis section. Actual Profit Sharing Plan payouts, along with LTI program transitional bonuses, are reflected in the Non-Equity Incentive Plan Compensation column of the 2015 Summary Compensation Table.

(1) The threshold illustrates the smallest payout that can be made if all of the pre-established performance objectives are achieved at the minimum achievement level. The target is the payout that can be made if the pre-established

performance objectives have been achieved at the target achievement level. The maximum is the greatest payout that can be made if the pre-established maximum performance objectives are achieved or exceeded at the outperform achievement levels. Actual payouts may be more or less than these amounts and are at the discretion of the Compensation Committee.

- These shares represent the range of shares that may be released at the end of the performance period for the LTI (3) awards, December 1, 2014 to November 30, 2017. If the minimum threshold target performance percentage of the internally established EPS goal is not achieved, no performance-based RSUs will vest for the executive officers.
- (4) The restricted stock awards vest as to 20% of the shares on the first five anniversaries of the grant date.
- (5) The option awards vest and become exercisable as to 20% of the shares on the first anniversary of the grant date and the remaining vest monthly thereafter over the remaining four-year period.

On September 29, 2014, we announced the initiation of a regular quarterly dividend program. Accordingly, fair value of performance-based RSU grants starting from October 2014 are calculated using the closing stock price on (6) the date of the grant, based on the probable outcome of the performance conditions, adjusted for the exclusion of dividend equivalents. We pay dividends on restricted stock awards, and, accordingly, no adjustment is required to the stock price of the restricted stock awards.

Narrative to 2015 Summary Compensation Table and 2015 Grants Plan-Based Awards Table

See Compensation Discussion and Analysis above for a complete description of compensation plans pursuant to which the amounts listed under the 2015 Summary Compensation Table and 2015 Grants of Plan-Based Awards Table were paid or awarded and the criteria for such payment, including targets for payment of annual incentives, as well as performance criteria on which such payments were based. The Compensation Discussion and Analysis also describes the options, restricted stock awards and RSU grants.

Except as otherwise noted, all stock awards and option awards vest over five years beginning on the grant date, with the first vesting occurring on the first anniversary of the grant date.

Employment Contracts, Termination of Employment and Change-of-Control Arrangements

The following summarizes our employment arrangement with our executive officers, including potential payments payable to our executive officers upon termination of employment or a change of control of us under their current employment agreements and our other compensation programs. The Compensation Committee may in its discretion revise, amend or add to these benefits if it deems advisable. Although much of the compensation for our executive officers is performance-based and largely contingent upon achievement of aggressive financial goals, our change of control arrangements provide important protection to our executive officers, are consistent with practice of our peer companies, and are appropriate for attraction and retention of executive talent.

Consistent with the practice of our peer companies, other compensation decisions are not generally based on the existence of this severance protection. We find it more equitable to offer severance benefits based on a standard formula relating to the executive officer's title or title equivalent and tenure with the company because severance often serves as a bridge when employment is involuntarily terminated, and should therefore not be affected by other, longer-term accumulations.

Kevin Murai. On March 31, 2008, the Board of Directors appointed Kevin Murai as Co-Chief Executive Officer of SYNEX and he subsequently became Chief Executive Officer in December 2008. In connection with Mr. Murai's employment with SYNEX, Mr. Murai and our company executed an employment offer which provided for certain severance benefits. If we terminate Mr. Murai's employment with our company after March 31, 2008 for a reason other than Cause, Disability or death, as such terms are defined in the employment offer, then Mr. Murai will receive the following severance benefits from us:

Severance Payments. Mr. Murai will be paid severance for twelve (12) months following the employment termination date at a monthly rate equal to his annual base salary rate plus target incentive bonus, as then in effect, divided by twelve (12) months. Such payments shall be paid periodically in accordance with our normal payroll policies.

Continued Health Benefits. Mr. Murai will receive reimbursement from us of the group health continuation coverage premiums for Mr. Murai and his eligible dependents under Section 4980B of the Code or corresponding provisions of state law, or COBRA through the earliest of (x) the twelve-month anniversary of the date of termination of employment, (y) the date upon which Mr. Murai and his eligible dependents become covered under similar plans or (z) the date Mr. Murai no longer qualifies as a "Qualified Beneficiary" (as such term is defined in Section 4980B(g) of the Code); provided, however, that Mr. Murai is solely responsible for timely electing COBRA coverage.

The receipt of any severance benefits will be subject to Mr. Murai signing and not revoking a release of claims in a form acceptable to the company within such period of time as we may require, but not to exceed 21 days following his termination of employment. The receipt of any such severance and change of control benefits will be subject to Mr. Murai not violating the non-competition and non-solicitation covenants of the agreement.

Other than as described above, the employment agreement of Mr. Murai does not provide for repricings or other material modifications of outstanding stock options or other equity-based awards; payment of dividends; material waiver or modification of any specified performance target, goal or condition to payout under any reported incentive payout plan or any formula with respect to level of annual base salary and bonus in proportion to total compensation. Other Executive Officers. If any of the following categories of officers is terminated without cause within two months before or 12 months after a change of control of us (including a voluntary termination because of a reduction in salary or position or a relocation) and signs a standard release of claims, the officer is entitled to the following:

- Executive Vice Presidents are entitled to salary continuation at a rate equal to the average of total salary and bonus over the prior three years for a minimum of 18 months plus one month per year of employment after the eighteenth year of employment, up to a maximum of 24 months, and paid COBRA for two years; and Senior Vice Presidents and the Chief Information Officer are entitled to salary continuation at a rate equal to the average total salary and bonus over the prior three years for a minimum of 12 months plus one month per year of employment after the thirteenth year of employment, up to a maximum of 18 months, and paid COBRA for one year. Severance payments will be delayed for six months following termination of employment to the extent required by Section 409A.

Peter Larocque, Dennis Polk, Marshall Witt and Christopher Caldwell are classified in the Executive Vice President and above category of officers. For these other executive officers, we believe that structuring their severance benefits in the above described fashion in connection with a change of control and tying each individual's severance payment with his length of service with us, encourages their retention, rewards them for their individual contributions, loyalty, teamwork and integrity, and motivates them to achieve returns for our stockholders.

For each of these other executive officers, if their employment with us terminates as a result other than termination without cause within two months before or 12 months after a change of control of us, then they will not be entitled to receive the above severance benefits. They are entitled to receive compensation and benefits through the date of termination in accordance with our established plans.

Potential Payments upon Termination or Change of Control

The following table sets forth potential payments payable to our current executive officers upon termination of employment or a change in control if the triggering event were to have occurred on November 30, 2015. Unless otherwise noted, all stock awards listed in this table vest as to 20% of the shares on each of the first five anniversaries of the grant date and, unless otherwise noted, all option awards listed in these columns vest and become exercisable as to 20% of the shares on the first anniversary of the grant date and the remaining vest 1/60th of the shares monthly thereafter over the remaining four-year period. Market value was determined by multiplying the number of shares of stock or units, as applicable, by \$94.27, the closing price of our Common Stock on November 30, 2015, the last trading day of our last completed fiscal year.

(1) These RSUs granted on January 8, 2013 cliff vested on November 30, 2015, following the 2015 fiscal year end, upon the Compensation Committee’s certification of (1) the achievement of certain threshold EPS target performance percentages and (2) the achievement of certain ROIC performance percentages with both performance metrics measured over a 3-year period ending November 30, 2015. The vesting was contingent upon the officer remaining in continuous employment by SYNEX through the vesting date.

(2) These RSUs granted on February 26, 2014 cliff vest on November 30, 2016. The actual number of RSUs that will vest is based upon (1) the achievement of certain threshold EPS target performance percentages and (2) the achievement of certain ROIC performance percentages with both performance metrics measured over a 3-year period. The vesting is contingent upon the officer remaining in continuous employment by SYNEX through the vesting date provided, however, that in the event of the officer’s death prior to November 30, 2016, SYNEX will transfer to such officer’s estate the number of shares that would have vested on an annual basis on or prior to such

officer's death.

(4) These RSUs will vest in full on the fifth anniversary of October 7, 2014, the grant date. A portion of the RSUs will vest upon the fourth and fifth anniversary of the grant date provided that (i) Mr. Murai remains in continuous employment by SYNEX through the vesting dates. An additional portion of the RSUs will vest on the fourth and fifth anniversary of the grant date provided that (i) Mr. Murai remains in continuous

40

employment by SYNEX through the vesting dates and (ii) SYNEX achieves on a cumulative basis certain EBITDA performance targets established by the Compensation Committee for each of the fiscal years ended November 30, 2014 through 2018. In the event of Mr. Murai's death or disability prior to the fifth anniversary of the grant date, SYNEX will transfer to Mr. Murai's estate the number of shares that would have vested on an annual basis on or prior to his death or disability.

(5) These RSUs will vest in full on January 31, 2017, provided that (i) Mr. Caldwell remains in continuous employment by SYNEX through the vesting date and (ii) Concentrix Corporation achieves on a cumulative basis certain EBITDA performance target established by the Compensation Committee for any 12-month period over the three-year period ending January 31, 2017.

(6) These RSUs granted on January 22, 2015 cliff vest on November 30, 2017. The actual number of RSUs that will vest is based upon (1) the achievement of certain threshold EPS target performance percentages and (2) the achievement of certain ROIC performance percentages with both performance metrics measured over a 3-year period. The vesting is contingent upon the officer remaining in continuous employment by SYNEX through the vesting date provided, however, that in the event of an officer's death prior to November 30, 2017, SYNEX will transfer to such officer's estate the number of shares that would have vested on an annual basis on or prior to such officer's death.

2015 Option Exercises and Stock Vested Table

The following table sets forth the dollar amounts realized pursuant to the vesting or exercise of equity-based awards during the latest fiscal year.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized On Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)(2)
Kevin Murai	89,400	5,382,964	28,759	2,327,927
Peter Larocque	32,128	1,316,347	45,719	3,660,635
Dennis Polk	24,500	1,168,777	45,719	3,660,635
Marshall Witt	—	—	3,403	259,049
Christopher Caldwell	—	—	6,475	579,885

(1) Amounts reflect the difference between the exercise price of the option and the market price at the time of exercise.

(2) Amounts reflect the aggregate market value of shares on the vesting date.

Pension Benefits

None of our named executive officers participate in qualified or non-qualified defined benefit plans sponsored by us. The Compensation Committee may elect to adopt qualified or non-qualified defined benefit plans if the Compensation Committee determines that doing so is in our best interests.

Nonqualified Deferred Compensation Plans

As discussed above, we maintain a deferred compensation plan, which became effective on January 1, 1994. The deferred compensation plan is designed to permit designated officers and directors to accumulate additional income for retirement and other personal financial goals through a nonqualified deferred compensation plan that enables the officer or director to make elective deferrals of a specified amount of salary or bonus to which he or she will become

entitled in the future. The balance in a participant's account will be distributed in full after the earlier of their termination of employment with us or upon attaining the age of 65. The distribution may be paid in one lump sum or in equal monthly or annual installments over a period not to exceed 15 years. Under certain circumstances, a participant may receive an early distribution in the form of a lump sum payment, subject to certain penalties. As noted above, this plan was amended effective January 1, 2005 to conform with changes required under Section 409A of the Code. As a result, for account balances earned after 2004, distributions to officers upon termination of employment are generally subject to a six-month delay, and accelerated distributions are generally prohibited. None of our named executive officers participate in or have account balances under the nonqualified deferred compensation plan.

PROPOSAL 2

ADVISORY VOTE TO APPROVE OUR EXECUTIVE COMPENSATION

General

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 requires us to obtain an advisory vote (non-binding) from our stockholders on our executive compensation as disclosed in this Proxy Statement, which is often referred to as a "say on pay" proposal. Consistent with the stockholders' 2010 advisory vote on the frequency of holding an advisory vote on SYNEX' executive compensation, we are seeking an advisory vote on executive compensation every year until the next required stockholder vote on the frequency of stockholder votes on executive compensation.

As described in the "Executive Compensation Discussion and Analysis" section of this Proxy Statement, our executive compensation programs and policies play an important role in achieving our objective of sustainable long-term growth in stockholder value. As a guiding principle, our executive compensation programs and policies are designed to motivate, retain and reward our executives for superior short- and long-term performance for our company and our stockholders.

We are asking that our stockholders indicate their support of our executive compensation as described in this Proxy Statement. While this advisory vote on executive compensation is non-binding, the Board and the Compensation Committee will review the outcome of this vote and take the vote into consideration when reviewing our compensation policies and procedures. This is not intended to address specific items of compensation, but rather the overall compensation of our named executive officers and our executive compensation policies and procedures as described in this proxy statement. Stockholders who want to communicate with the Board should refer to "Communications with the Board of Directors" in this Proxy Statement for additional information.

At the Annual Meeting we will ask our stockholders to approve the following resolution:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as described in the Company's proxy statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2015 Summary Compensation Table and the other compensation related tables and disclosure."

Required Vote

Approval of our executive compensation, including the Compensation Discussion and Analysis, the 2015 Summary Compensation Table and the other compensation related tables and disclosure as described in the "Executive Compensation Discussion and Analysis" section of this Proxy Statement requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted "FOR" approval.

The Board recommends a vote "FOR" the approval of our executive compensation as described in this Proxy Statement.

PROPOSAL 3

APPROVAL OF THE 2016 MANAGEMENT INCENTIVE PLAN

General

The 2016 Management Incentive Plan (Management Incentive Plan) was adopted by our Compensation Committee in January 2016, subject to stockholder approval. The Management Incentive Plan replaces our current Executive Profit Sharing Plan, which was originally adopted by our Compensation Committee and approved by our stockholders in 2009, as later amended and approved by the Compensation Committee and the stockholders in 2010, 2011 and 2012 (collectively, the Prior Plan).

The Management Incentive Plan is similar to the Prior Plan in that it is designed to provide cash-based incentive awards contingent on achievement of near-term performance objectives, measured on a fiscal year or shorter basis. The awards to be made under the Management Incentive Plan will generally be structured to qualify as “performance-based” compensation under Section 162(m) of the Code and therefore exempt from the federal income tax law that limits the tax deductions available to us for compensation costs related to our most highly paid executive officers. We are seeking shareholder approval of the Management Incentive Plan, including its performance goals, as required to allow performance-based compensation paid under the plan to be fully deductible. We determined that a new plan was necessary to give us greater flexibility in setting performance targets that reflect our current business needs. If the Management Incentive Plan is approved, the Prior Plan will be retired. The following summary of the principal features of the Management Incentive Plan is qualified by reference to the terms of the Management Incentive Plan, a copy of which is attached as Appendix A to this Proxy Statement.

Description of the Management Incentive Plan

As mentioned above, the Management Incentive Plan is designed to enable us to structure awards as “performance-based” compensation within the meaning of Section 162(m) of the Code. Under Section 162(m) of the Code, we may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer, and up to three additional executive officers (other than our Chief Executive Officer and Chief Financial Officer) whose total compensation is required to be reported in our Proxy Statement to the extent that any of these persons receives more than \$1,000,000 in compensation in any one calendar year. However, if we pay compensation that is “performance-based” under Section 162(m), we are generally entitled to a federal income tax deduction for the compensation paid even if such compensation exceeds \$1,000,000 in a single calendar year. If approved by the stockholders, the Management Incentive Plan would provide us with a means of paying incentive compensation that is performance-based and therefore fully tax deductible to the extent otherwise allowable on our federal income tax return.

Administration

The Management Incentive Plan is administered by our Compensation Committee, which is comprised solely of outside directors as defined under Section 162(m) of the Code.

Eligibility

Participation in the Management Incentive Plan is limited to those officers deemed to be executive officers under Section 16(b) of the Securities Exchange Act of 1934. Your Board of Directors determines which employees are Section 16(b) officers. Each fiscal year, the Compensation Committee determines which of those executive officers will be eligible for participation in the plan during that fiscal year. As of January 4, 2016, there were six executive officers who would be eligible to participate in the Management Incentive Plan, if the plan were approved by stockholders.

Establishing and evaluating performance goals

The Management Incentive Plan provides for the payment of incentive awards to participants if, and only to the extent that, the performance goals established by the Compensation Committee are met with respect to the applicable performance period. The performance period will generally be our fiscal year. Our Compensation Committee will establish in writing specific performance goals for each participant no later than the latest time permitted under Section 162(m) of the Code for performance-based compensation, which in the case of a fiscal year performance period is generally the ninetieth day of such fiscal year.

Such performance goals may be based upon any one or more of the following: net income per share, adjusted net income per share, revenue, cash flow, earnings per share, adjusted earnings per share, earnings before interest, taxes, depreciation and amortization (EBITDA), adjusted EBITDA, EBITDA margin, adjusted EBITDA margin, return on equity, total stockholder return, share price performance, return on capital, return on assets or net assets, income or net income, adjusted net income, operating income or net operating income, operating profit or net operating profit, operating margin or profit margin, return on operating revenue, return on invested capital, sales productivity, sales growth, market segment shares, costs, expenses, regulatory body approval, implementation of critical projects, number of media impressions, customer satisfaction, economic value added measurements, sales pipeline or employee turnover. The performance goals may be subject to certain adjustments to reflect the impact of extraordinary items or special events such as asset write-downs, settlements, changes in tax or accounting rules. The full list of potential adjustments is set forth in the Management Incentive Plan.

In addition to establishing the performance goals for each participant, the Compensation Committee will specify an objective formula for computing the amount of compensation payable to each participant if the goal is attained, potentially including a sliding scale for performance between threshold and target levels. If the applicable threshold performance goals established for a participant are not achieved, the participant will not be eligible for payment of an award.

Awards will be payable following the completion of the fiscal year upon certification by our Compensation Committee that we achieved the specified performance goals established for the participant. However, even if we attain the specified performance goals, the Compensation Committee has the discretion, for each participant, to reduce some or all of an award that would otherwise be paid to the participant. This discretion to reduce amounts payable for an award may be implemented by applying criteria that are not included in the list of performance goals above. Our Chief Executive Officer will generally make recommendations to the Compensation Committee regarding the exercise of downward discretion with respect to other participants. In addition, the Compensation Committee has discretion, for each participant who is not an officer subject to tax deduction limitations of Section 162(m), to increase some or all of an award otherwise due upon attainment of the specified performance goals.

Payment of Awards

Payment of earned awards will be made in cash within two and one-half months after the end of the fiscal year. Generally, to receive payment, the participant must remain employed until the end of the applicable fiscal year (or shorter performance period, as applicable), but the Compensation Committee has the discretion to pay a prorated portion of the otherwise earned award as appropriate based on the employment termination circumstances. In no event may a participant receive an award of more than \$3.5 million under the Management Incentive Plan for any fiscal year.

New Plan Benefits under the Management Incentive Plan

Our Compensation Committee has not made any determination with respect to future awards under the Management Incentive Plan and awards and the terms of any awards under the Management Incentive Plan for the last completed fiscal year, current year or any future year are not determinable.

Fiscal Year 2015 Bonuses

The bonuses paid for fiscal year 2015 under our Prior Plan to the executive officers named in the Summary Compensation Table are set forth in the Non-Equity Incentive Plan Compensation column of the 2015 Summary Compensation Table, contained elsewhere in this Proxy Statement. These bonuses were contingent on our meeting or exceeding certain threshold target performance percentages of an internally established net income per share goal. As disclosed in our Compensation Discussion and Analysis, the minimum threshold target performance percentage for all executive officers was 75% and the maximum target performance percentage was 133.3%. The actual bonus payable, if the applicable minimum threshold percentage is met, is paid on a sliding scale of the target performance actually achieved and dollar limits pre-established by the Compensation Committee for each individual executive officer.

Amendment and Termination of the Management Incentive Plan

The Management Incentive Plan may be amended from time to time, in whole or in part, by the Compensation Committee, but no amendment will be effective without stockholder approval if such approval is required to satisfy the requirements of Section 162(m) of the Code.

Required Vote

Approval of the Management Incentive Plan requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting of Stockholders in person or by proxy. Unless marked to the contrary, proxies received will be voted "FOR" approval of the Management Incentive Plan.

The Board recommends a vote "FOR" the approval of the Management Incentive Plan.

PROPOSAL 4

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee, which is composed entirely of non-employee independent directors, has selected KPMG LLP as independent registered public accountants to audit our books, records and accounts and our subsidiaries for the fiscal year ending November 30, 2016. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

The Board has endorsed the appointment of KPMG LLP. Ratification of the selection of KPMG LLP by stockholders is not required by law. However, as a matter of good corporate practice, such selection is being submitted to the stockholders for ratification at the Annual Meeting. If the stockholders do not ratify the selection, the Board of Directors and the Audit Committee will reconsider whether or not to retain KPMG LLP, but may retain KPMG LLP. Even if the selection is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that such change would be in the best interests of SYNEX and our stockholders.

Audit and Non-Audit Fees

The following table presents the aggregate fees for professional services rendered for us by KPMG LLP for the fiscal years ended November 30, 2015 and 2014 were as follows:

All Other	—	—
Total	\$4,817,440	\$4,199,261

Audit Fees. The aggregate fees billed for the fiscal years ended November 30, 2015 and 2014, were for professional services rendered for the audits of our consolidated financial statements, statutory audits of our subsidiaries, reviews of our interim consolidated financial statements and services provided in connection with statutory and regulatory filings.

Audit Related Fees. The aggregate fees billed for the fiscal years ended November 30, 2015 and 2014 were for professional services rendered relating to a SSAE 16 report on internal control, accounting consultations, attestation services and professional services related to due diligence for mergers and acquisitions.

Tax Fees. The aggregate fees billed for the fiscal years ended November 30, 2015 and 2014 were primarily for professional services rendered relating to domestic and foreign tax compliance services and consulting services for international tax and planning services.

All Other Fees. Not applicable.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee pre-approves both the type of services to be provided by KPMG LLP and the estimated fees related to these services.

During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the registered public accountants. The services and fees must be deemed compatible with the maintenance of such accountants' independence, including compliance with SEC rules and regulations. Throughout the year, the Audit Committee will review any revisions to the estimates of audit and non-audit fees initially approved.

Required Vote

Ratification of the appointment of KPMG LLP requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted "FOR" ratification of the appointment. In the event ratification is not obtained, your Audit Committee will review its future selection of our independent registered public accountants.

The Board recommends a vote FOR the ratification of KPMG LLP as our independent registered public accountants.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by SYNEX under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee provides assistance to the Board of Directors in fulfilling its legal and fiduciary obligations in matters involving SYNEX' accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by SYNEX' independent registered public accountants and reviewing their reports regarding SYNEX' accounting practices and systems of internal accounting controls as set forth in a written charter adopted by the Board of Directors. SYNEX' management is responsible for preparing SYNEX' financial statements and the independent registered public accountants are responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by SYNEX' management and the independent registered public accountants.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accountants. Management represented to the Audit Committee that SYNEX' consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants.

The Audit Committee reviewed with the independent registered public accountants its judgments as to the quality, not just the acceptability, of its accounting principles and has discussed with the independent registered public accountants the matters required to be discussed pursuant to the Public Company Accounting Oversight Board Auditing Standard No. 16 "Communications with Audit Committees". The Audit Committee has also received the written disclosures and letter from the independent registered public accountants as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accountants' communications with the Audit Committee concerning independence, and has discussed with the independent registered public accountants the independence of that firm. Additionally, the Audit Committee considered whether the provision of non-audit services was compatible with maintaining such accountants' independence. The Audit Committee has discussed with management the procedures for selection of consultants and the related competitive bidding practices and fully considered whether those services provided by the independent registered public accountants are compatible with maintaining such accountant independence.

The Audit Committee has discussed with SYNEX' internal and independent registered public accountants, with and without management present, their evaluations of SYNEX' internal accounting controls and the overall quality of SYNEX' financial reporting.

In reliance on the reviews and discussions with management and the independent registered public accountants referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, the inclusion of the audited financial statements in SYNEX' Annual Report on Form 10-K for the fiscal year ended November 30, 2015, for filing with the SEC.

Respectfully submitted on February 10, 2016, by the members of the Audit Committee of the Board of Directors:

Mr. Gregory Quesnel, Chairman
Dr. Hau Lee
Ms. Andrea Zulberti

STOCKHOLDER PROPOSALS FOR THE 2017 ANNUAL MEETING OF STOCKHOLDERS

If a stockholder wishes to present a proposal to be included in our Proxy Statement for the 2017 Annual Meeting of Stockholders, the proponent and the proposal must comply with the proxy proposal submission rules of the SEC. One of the requirements is that the proposal be received by the Corporate Secretary no later than October 22, 2016.

Proposals we receive after that date will not be included in the Proxy Statement. We urge stockholders to submit proposals by Certified Mail—Return Receipt Requested.

A stockholder proposal not included in our proxy statement for the 2017 Annual Meeting of Stockholders will be ineligible for presentation at the 2017 Annual Meeting of Stockholders unless the stockholder gives timely notice of the proposal in writing to the Corporate Secretary of SYNEX at the principal executive offices of SYNEX. Under our Bylaws, in order for a matter to be deemed properly presented by a stockholder, timely notice must be delivered to, or mailed and received by, us not less than 50 nor more than 75 days prior to the next Annual Meeting of Stockholders; provided, however, that in the event that less than 65 days' notice or prior public disclosure of the date of the next Annual Meeting of Stockholders is given or made to stockholders, notice by the stockholder to be timely must be so received not later than the earlier of (a) the close of business on the 15th day following the day on which such notice of the date of the next Annual Meeting of Stockholders was mailed or such public disclosure was made, whichever first occurs, and (b) two (2) days prior to the date of the next Annual Meeting of Stockholders.

The stockholder's notice must set forth, as to each proposed matter, the following: (a) a brief description of the business desired to be brought before the meeting and reasons for conducting such business at the meeting; (b) the name and address, as they appear on our books, of the stockholder proposing such business; (c) the class and number of shares of our securities that are beneficially owned by the stockholder; (d) any material interest of the stockholder in such business; and (e) any other information that is required to be provided by such stockholder pursuant to proxy proposal submission rules of the SEC. The presiding officer of the meeting may refuse to acknowledge any matter not made in compliance with the foregoing procedure.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership on Forms 3, 4 and 5 with the SEC. Officers, directors and greater than 10% stockholders are required to furnish us with copies of all Forms 3, 4 and 5 they file.

Based solely on our review of the copies of such forms we have received and written representations from certain reporting persons that they filed all required reports, we believe that all of our officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during fiscal year ended November 30, 2015. Mr. Caldwell had one late Form 4 filing with respect to a vesting event and related withholding of shares upon vesting to satisfy tax obligations in October 2014.

Appendix A

SYNEX CORPORATION
2016 MANAGEMENT INCENTIVE PLAN

1. Purpose.

The purpose of the 2016 Management Incentive Plan (the “Plan”) is to further link executive compensation and corporate performance, to motivate participants to achieve corporate performance objectives, and to attract, motivate and reward the individuals who are part of the senior executive staff of SYNEX Corporation (the “Company”). Under the Plan, eligible executives may be awarded for each fiscal year of the Company, or a portion thereof, a bonus award, described in Section 4 hereof, which is intended to constitute “performance-based compensation” within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”). No awards shall be payable under this Plan unless and until the Plan is approved by the Company’s stockholders.

2. Eligibility.

Plan eligibility will be limited to those individuals who are determined by the Company’s Board of Directors to be executive officers of the Company under Section 16(b) of the Securities Exchange Act of 1934 and who are designated by the Committee as participants in the Plan for the given fiscal year (the “Participants”). No person is automatically entitled to participate in the Plan in any fiscal year, or portion thereof. Participation in the Plan during any fiscal year, or portion thereof, does not entitle a person to participate in the Plan or any similar plan in the future.

3. Administration of the Plan.

The Plan shall be administered by the Compensation Committee of the Board of Directors of the Company (the “Committee”) which shall consist of at least two independent directors of the Company who also satisfy the requirements for “outside directors” under Section 162(m) of the Code. The Committee shall have the sole discretion and authority to:

- i. administer and interpret the Plan in accordance with Section 162(m) of the Code as appropriate;
- ii. prescribe the terms and conditions of any awards granted under the Plan;
- iii. adopt rules and guidelines for the administration of the Plan that are consistent with the Plan; and
- iv. interpret, amend or revoke any such rules and guidelines.

The decisions of the Committee shall in every case be final and binding on all persons having an interest in the Plan.

4. Awards.

For each fiscal year, the awards payable to each Participant under this Section 4 are intended to constitute performance-based compensation for purposes of Section 162(m) of the Code and shall be based on a target award amount, in turn based on one or more relevant performance criteria and the extent to which targets identified for such criteria are realized. The Committee shall, for each fiscal year, approve the target award amount for each Participant, the relevant performance criteria, the respective targets for such criteria, and the award amounts payable depending upon if and the extent to which such targets are realized, in accordance with the following rules:

- i. The relevant performance criteria shall include (a) net income per share, (b) adjusted net income per share (net income before non-cash stock-based compensation expense, net of tax and other specified items divided by the weighted average of dilutive common share equivalents outstanding), (c) revenue, (d) cash flow, (e) earnings per share, (f) adjusted earnings per share (adjusted net income divided by the weighted average of dilutive common share equivalents outstanding), (g) earnings before interest, taxes, depreciation and

amortization (“EBITDA”), (h) adjusted EBITDA (net income before interest, taxes, depreciation, and amortization (internal use software, direct response advertising, and commissions), and non-cash stock-based compensation expense), (i) EBITDA margin (EBITDA/total revenue), (j) adjusted EBITDA margin (adjusted EBITDA/total revenue) (k) return on equity, (l) total stockholder return, (m) share price performance, (n) return on capital, (o) return on assets or net assets, (p) income or net income, (q) adjusted net income, (r) operating income or net operating income, (s) operating profit or net operating profit, (t) operating margin or profit margin, (u) return on operating revenue, (v) return on invested capital, (w) sales productivity, (x) sales growth, (y) market segment shares, (z) costs, (aa) expenses, (bb) regulatory body approval (including without limitation for commercialization of a product), (cc) implementation or completion of critical projects, (dd) number of media impressions, (ee) customer satisfaction, (ff) economic value added measurements, (gg) sales pipeline or (hh) employee turnover, any of which may be measured either individually, alternatively or in any combination, applied to either the individual, the Company as a whole or to a business unit or subsidiary of the Company, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, or on the basis of any other specified period, on an absolute basis or relative to a pre-established target, to previous years’ results or to a designated comparison group or index, and subject to specified adjustments, in each case as specified by the Committee when it identifies the selected performance criteria.

ii. Unless specified otherwise by the Committee at the time the performance goals are established or otherwise within the time limit prescribed by Section 162(m) of the Code, the Committee shall appropriately adjust the method of evaluating performance under a performance criterion for a performance period as follows: (a) to exclude asset write-downs, (b) to exclude litigation or claim judgments or settlements, (c) to exclude the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (d) to exclude accruals for reorganization and restructuring programs, (e) to exclude any extraordinary nonrecurring items as determined under generally accepted accounting principles and/or described in managements’ discussion and analysis of financial condition and results of operations appearing in the Company’s annual report to stockholders for the applicable year, (f) to exclude the dilutive and/or accretive effects of acquisitions or joint ventures, (g) to assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a performance period following such divestiture, (h) to exclude the effect of any change in the outstanding shares of common stock of the Company by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends, (i) to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be expensed under generally accepted accounting principles, in each case in compliance with Section 162(m) of the Code. In addition, the Committee may specify, at the time the performance goals are established or otherwise within the time limit prescribed by Section 162(m) of the Code, that evaluation of a performance criterion for that performance period will be adjusted appropriately to reflect one or more of the following: (x) to exclude the effect of foreign exchange gains and losses; or (y) to exclude the effects of stock based compensation.

iii. As determined by the Committee, any given performance criterion may be measured over all or part of the fiscal year. If for a fiscal year the Committee determines to use only performance criteria measurable over the entire fiscal year, then it must identify in writing within ninety (90) days after the beginning of the fiscal year (and while the outcome of such performance is substantially uncertain) the target award, and the selected performance criteria and targets. If for any fiscal year the Committee determines to use at least one performance criterion to be measured over less than the entire fiscal year, then the award for the fiscal year shall be the award calculated for such short performance period or, if more than one performance period per fiscal year is involved, then the sum of the awards calculated separately for each short performance period ending with or within the fiscal year. In that case, on or before the date which represents 25% of the total number of days in such short performance period (and while the outcome of such performance is substantially uncertain), the Committee shall identify in writing the target award amount, the selected performance criteria, and the targets applicable to such period.

iv. The Committee may in its discretion direct that any award be reduced below the amount as calculated above and the Committee may, to the extent permitted under Section 162(m) of the Code, provide that the amount of an award otherwise payable to a Participant in the amount calculated above shall be payable in a reduced amount based on such additional performance criteria as the Committee shall determine, whether or not such additional performance criteria is included above or established in time and manner provided above. Further, the Committee may in its discretion increase the amount of compensation otherwise payable to any Participant upon satisfaction of the designated targets if such Participant would not be covered by Section 162(m) of the Code. Notwithstanding the foregoing, the maximum aggregate amount payable under this Plan to any Participant for any fiscal year shall be \$3,500,000.

5. Payment.

No later than two and one-half months following the completion of the fiscal year, and prior to payment of the bonus awards, the Committee shall determine and certify in writing the extent to which the performance criteria and targets have been satisfied as required by Section 162(m) of the Code for the fiscal year (or for any short performance periods ending with or within such year). Awards shall be paid (less applicable deductions and tax withholdings) as soon as practicable following the end of such fiscal year and such certification, and in no event later than two and one-half months following the completion of the fiscal year.

6. Termination of Employment.

Termination of employment with the Company or its subsidiaries prior to the end of the fiscal year (or, for awards subject to a shorter performance period, prior to the end of such performance period) for any reason (whether voluntary or involuntary) shall result in forfeiture of all opportunity to receive an award under the Plan for that fiscal year (or short performance period), provided that the Committee shall have discretion to provide for payment of a pro rata portion of any otherwise earned award (based on the number of days employed during the fiscal year or short performance period) in appropriate circumstances.

7. Amendment and Termination.

The Committee may amend, suspend or terminate the Plan at any time, for any and no reason, except that (i) no such action shall adversely affect rights under an award already made, without the consent of the person affected and (ii) no amendment that requires shareholder approval in order for the Plan to continue to comply with Section 162(m) of the Code shall be effective unless approved by the requisite vote of the shareholders of the Company.

8. Section 409A of the Code.

To the extent applicable, it is intended that this Plan and any awards granted hereunder either be exempt from the requirements of, or else comply with the requirements of, Section 409A of the Code and any related regulations or other guidance promulgated with respect to such Section by the U.S. Department of the Treasury or the Internal Revenue Service. Any provision that would cause any award granted hereunder to incur additional taxes under Section 409A of the Code shall have no force or effect until amended to comply with Section 409A of the Code, which amendment may be retroactive to the extent permitted by Section 409A of the Code.

9. Recoupment.

The Committee is also authorized to recover any award or portion thereof made in the previous 36 months to a Participant in the event of a "recoverable event." A recoverable event includes (a) a Participant's engagement in fraud or other intentional misconduct that is detrimental to the Company resulting in the Participant's termination of employment with the Company or (b) payment of an award under the Plan that is based on materially inaccurate financial results or performance metrics. The Committee, may, in its sole discretion, take any or all of the following actions upon its determination that a recoverable event has occurred with respect to a Participant: (x) cause the Participant to forfeit any unpaid award as of the recoverable event and/or (y) recover any and all awards earned and received or realized by the Participant during the period commencing on the date of the occurrence of the

recoverable event and ending on the date on which it determines that the recoverable event has occurred, but not to exceed the 36-month period preceding the date of such determination (with interest).

Notwithstanding any other provision herein, any recoupment or “clawback” policies adopted by the Committee pursuant to Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law shall apply to the awards granted and paid hereunder.

10. No Right to Employment, Reelection or Continued Service.

Nothing in this Plan or any award granted hereunder shall interfere with or limit in any way the right of the Company to terminate any Participant’s employment, service on the Board of Directors of the Company or service for the Company or any subsidiary thereof at any time or for any reason not prohibited by law, nor shall this Plan or an award granted hereunder itself confer upon any Participant any right to continue his or her employment or service for any specified period of time. Neither a bonus awarded hereunder nor any benefits arising under this Plan shall constitute an employment contract with the Company.

11. Unfunded Plan.

The Plan is intended to be an unfunded plan. Participants are and shall at all times be general creditors of the Company with respect to their bonus awards, if any. If the Committee or the Company chooses to set aside funds in a trust or otherwise for the payment of bonuses under the Plan, such funds shall, at all times, be subject to the claims of the creditors of the Company in the event of its bankruptcy or insolvency. The Company shall bear all expenses and costs in connection with the operation of the Plan.
