LASERSIGHT INCORPORATED AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS Three-Month Periods
Ended March 31, 2005 and 2004

NOTE 1 BASIS OF PRESENTATION

The accompanying unaudited, condensed consolidated financial statements of LaserSight Incorporated and subsidiaries ("LaserSight" or the "Company") as of March 31, 2005, and for the three-month periods ended March 31, 2005 and 2004 have been prepared in accordance with accounting principles generally accepted in the United States, except as disclosed herein, and the rules and regulations of the United States Securities and Exchange Commission for interim financial information. Accordingly, they do not include all of the information and footnotes necessary for a comprehensive presentation of financial position and the results of operations.

The Company's business is subject to various risks and uncertainties, which contemplates the realization of assets and the discharge of liabilities in the normal course of business for the foreseeable future. The Company has suffered recurring losses from operations and has a significant accumulated deficit that raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described below. The condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The condensed consolidated financial statements have been prepared in accordance with the requirements for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all of the information and note disclosures required by accounting principles generally accepted in the United States of America for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in LaserSight's annual report on Form 10-KSB for the year ended December 31, 2004. In the opinion of management, the condensed consolidated financial statements include all adjustments necessary, consisting only of normal, recurring adjustments, for a fair presentation of consolidated financial position and the results of operations and cash flows for the periods presented. There are no other components of comprehensive income other than the Company's consolidated net income for the three-month periods ended March 31, 2005 and 2004. The results of operations for the three-month period ended March 31, 2005 are not necessarily indicative of the operating results for the full year.

NOTE 2 CRITICAL ACCOUNTING POLICIES

The Company's condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. Preparation of these statements requires management to make judgments and estimates that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates. Some accounting policies have a significant impact on amounts reported in these financial statements. A summary of significant accounting policies and a description of accounting policies that are considered critical may be found in our 2004 Annual Report on Form 10-KSB, filed in March 2005, in the Critical Accounting Policies and Estimates section of "Item 7. - Management's Discussion

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

and Analysis of Financial Condition and Results of Operations."

NOTE 3 PER SHARE INFORMATION

Page 6 of 19

Basic income per common share is computed using the weighted average number of common shares and contingently issuable shares (to the extent that all necessary contingencies have been satisfied). Diluted income per common share is computed using the weighted average number of common shares, contingently issuable shares, and common share equivalents outstanding during each period. Common share equivalents includes options, and warrants to purchase Common Stock and are included in the computation using the treasury stock method. Convertible preferred stock is included in the computation using the if-converted method, if they would have a dilutive effect. However, as a result of the September 5, 2003 Chapter 11 filing, all common and preferred shares outstanding at and prior to June 30, 2004, including options and warrants, were cancelled and new shares were distributed, effective June 30, 2004, as follows:

Creditors of LaserSight Incorporated	1,116,000
Creditors of LaserSight Technologies	1,134,000
Old preferred stockholders	360,000
Old common stockholders	539,997 (1)
Cancel treasury stock	(2,802)
Conversion of \$1 million DIP	
Financing	6,850,000

	9,997,195
	=====

(1) The old common stock was converted at a 51.828 to 1 ratio.

The following table presents earnings per share figures as if this reorganization of the capital structure had taken place as of the beginning of the first period presented:

	March 31, 2005	March 31, 2004
	-----	-----
Net income per common share - basic and diluted	\$0.01	\$0.03
	=====	=====
Weighted average number of common shares outstanding - basic and diluted	9,997,195	9,997,195
	=====	=====

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

NOTE 4 INVENTORIES

Inventories, which consist primarily of excimer and erbium laser systems and related parts and components, are stated at the lower of cost or market. Cost is determined using the standard cost method, which approximates cost determined on the first-in first-out basis. The components of inventories at March 31, 2005 are summarized as follows:

	March 31, 2005

Raw material	\$ 1,170,414
Work in Process	615,467
Finished Goods	121,247
Reserve	(150,000)

	\$ 1,757,128
	=====

Page 7 of 19

NOTE 5 AMENDED LOAN AGREEMENT

The Company signed a three-year note with Heller Healthcare Finance, Inc ("Heller") and GE Healthcare Financial Services, Inc., as successor-in-interest to Heller (collectively "GE") on August 30, 2004. The note expires on June 30, 2007. The note bears interest of 9%. Certain covenants were modified as follows: net worth \$750,000, tangible net worth \$1,000,000 and minimum quarterly revenues of \$1,000,000. GE was issued a warrant to purchase 100,000 shares of common stock at \$0.25 per share, or \$0.40 per share if the New Industries Investment Group (the "China Group"), see Note 6, converts its DIP loan to equity. The warrant expires June 30, 2008. The Company is currently not in compliance with certain of its loan covenants and is attempting to negotiate and revise the terms with the lender; accordingly, all amounts outstanding under this loan agreement are classified as current liabilities.

NOTE 6 CHINA BACKGROUND

Shenzhen New Industries Medical Development Co., Ltd. ("NIMD") was founded and incorporated by the Medical Investment Department of the People's Republic of China in 1995 by its parent company, New Industries Investment Group ("NII"). It specializes in marketing and distribution of LASIK surgery devices and equipment, as well as in investment and operation of LASIK clinical centers in Chinese market.

In the past decade, NIMD invested and operated PRK/LASIK excimer laser refractive surgery centers in joint venture with hospitals and medical institutes in China. NIMD is the largest business in Mainland China, as measured by the amount of investment in refractive surgery centers.

New Industries Investment Consultants (H.K.) Ltd ("NIIC") specializes in hi-tech business investment and consulting services. It is registered in Hong Kong. It was incorporated in 1994 by its principal investor Mr. Xianding Weng (a major shareholder of NII, NII's CEO and the Company's Chairman of the Board of Directors). NIIC, NII and NIMD are collectively referred to as the "China Group".

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

In 2003 and 2004, the China Group provided \$2 million of debtor-in-possession ("DIP") financing to the Company. On June 30, 2004, \$1 million of the DIP financing was converted into 6,850,000 shares of common stock. As of March 31, 2005, the China Group controlled approximately 72% of the Company's common stock. Company revenues from the China Group were approximately \$1.9 million and \$1.8 million in the three months ended March 31, 2005 and 2004, respectively. Accounts receivable due from the China Group as of March 31, 2005 was \$1,989,261, virtually all of the accounts receivable balance at March 31, 2005. As of April 25, 2005 \$1,329,261 remains unpaid. We have verbal promises from the China Group to pay the accounts receivable balance but no guarantee that payment will be made on time or at all. The loss of the China Group as a customer or the non-payment or slow payment of monies owed to the Company would have a significant adverse effect on the Company's ability to continue as a going concern.

Page 8 of 19

NOTE 7 STOCK BASED COMPENSATION

The Company accounts for stock-based employee compensation plans using the intrinsic value method under Accounting Principles Board Opinion No. 25 and related interpretations. Accordingly, stock-based employee compensation cost is not reflected in net earnings, as all stock options granted under the plans had an exercise price equal to the market value of the underlying common stock on the date of grant. As previously announced, as a result of the Chapter 11 filing, the Company cancelled all of the common and preferred shares, options and warrants outstanding at June 30, 2004. Accordingly, there was no stock based compensation for the three months ended March 31, 2005. Had compensation cost for the Company's stock-based compensation plans been determined based on the fair value at the grant dates for awards under those plans consistent with the method of Statement No. 123, "Accounting for Stock-Based Compensation," the Company's net earnings and earnings per share would have been reduced to the pro forma amounts indicated below:

Three months ended:

	March 31, 2005	March 31, 2004
	-----	-----
Net income, as reported	\$ 91,135	\$ 264,192
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	-	9,069
	-----	-----
Pro forma net income	\$ 91,135	\$ 255,123
	=====	=====
Basic and diluted income per share:		
As reported	\$ 0.01	\$ 0.01
	=====	=====
Pro forma	\$ 0.01	\$ 0.01
	=====	=====

NOTE 8 BANKRUPTCY

On September 5, 2003 LaserSight and two of its subsidiaries filed for Chapter 11 bankruptcy protection and reorganization in the United

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

States Bankruptcy Court, Middle District of Florida, Orlando Division. The cases filed were LaserSight Incorporated, ("LSI") Case No. 6-03-bk-10371-ABB; LaserSight Technologies, Inc., ("LST") Case No. 6-03-bk-10370-ABB; and LaserSight Patents, Inc., Case No. 6-03-bk-10369-ABB.

On April 28, 2004, the Bankruptcy Court confirmed the Re-organization Plan. The effective date of the Plan was June 30, 2004. On December 22, 2004 a final decree of bankruptcy was issued.

In June of 2004, the effective date of the re-organization plan, the following liabilities were relieved:

Accounts Payable	\$ 2,905,814
Accrued TLC license fee	825,500
Accrued salaried/severance	235,367
Accrued warranty	6,125,730
Accrued Ruiz license fees	3,471,613
Deposits/service contracts	720,399
Other accrued expenses	1,331,711

	\$ 15,616,134
Stock issued to creditors	(328,500)

Gain on forgiveness of debt	\$ 15,287,634
	=====

Page 9 of 19

The new common stock issued to the creditors was valued at \$0.146 per share, or \$328,500, which was deducted from the forgiven liabilities. The per share stock value is the same amount as the \$1,000,000 of DIP financing converted to equity.

NOTE 9 CONTINGENCIES

Liquidity -----

The Company had incurred significant losses and negative cash flows from operations in each of the years in the three-year period ended December 31, 2003, and had an accumulated deficit of \$108.1 million at March 31, 2005. Cash flows were negative during the three-month period ended March 31, 2005. The substantial portion of these losses is attributable to an inability to sell certain products in the U.S. due to delays in Food and Drug Administration (FDA) approvals various procedures using the Company's excimer laser system in the U.S. and continued development efforts to expand clinical approvals of the Company's excimer laser and other products. Additionally, the Company's continued lack of adequate funding and working capital, and additional administrative and professional expenses attributed to the Chapter 11 filing, have also contributed to these losses.

In 2004, the Company had net income of \$14.7 million, which included \$15.3 million of gain on forgiveness of debt. In 2004 the Company incurred \$398,000 of bankruptcy related expenses for legal services, financial advisor fees, printing and postage, priority claims and new

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

stock certificates.

Contractual obligations with GE require that one third of the payments received from WaveLight for licensing our patents be additional principal payments. During the first quarter of 2005 additional principal payments were \$125,000.

The Company's ability to continue as a going concern is uncertain and dependent upon continuing to achieve improved operating results and cash flows or obtaining additional equity capital and/or debt financing.

Litigation

Italian Distributor. In February 2003, an Italian court issued an order restraining LaserSight Technologies from marketing our AstraPro software at a trade show in Italy. This restraining order was issued in favor of LIGI Tecnologie Medicali S.p.a. (LIGI), a distributor of our products, and alleged that our AstraPro software product infringes certain European patents owned by LIGI. We had retained Italian legal counsel to defend us in this litigation, and we were informed that the Italian court had revoked the restraining order and ruled that LIGI must pay our attorney's fees in connection with our defense of the restraining order. In addition, our Italian legal counsel informed us that LIGI had filed a motion for a permanent injunction. We believe that our AstraPro software does not infringe the European patents owned by LIGI, but due to limited cash flow the Company has not defended its position. Management believes that the outcome of this litigation will not have a material adverse impact on LaserSight's business, financial condition or results from operations. Since the Chapter 11 petition does not apply to foreign courts, this action is still pending.

Page 10 of 19

Routine Matters. In addition, we are involved from time to time in routine litigation and other legal proceedings incidental to our business. Although no assurance can be given as to the outcome or expense associated with any of these proceedings, we believe that none of such proceedings, either individually or in the aggregate, will have a material adverse effect on the financial condition of LaserSight.

NOTE 10 SEGMENT INFORMATION

The Company's operations principally include refractive products. Refractive product operations primarily involve the development, manufacture and sale of ophthalmic lasers and related devices for use in vision correction procedures. Patent services involve the revenues and expenses generated from the ownership of certain refractive laser patents.

Operating profit is total revenue less operating expenses. In determining operating profit for operating segments, the following items have not been considered: general corporate expenses, non-operating income and expense and income tax expense. Identifiable assets by operating segment are those that are used by or applicable to each operating segment. General corporate assets consist primarily of cash and income tax accounts.

The table below summarizes information about reported segments as of

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

and for the three months ended March 31:

	Operating Revenues	Operating Profit (Loss)	Assets	Depreciation Amortization
	-----	-----	-----	-----

Item 2. Management's Discussion and Analysis or Plan of Operation.

Forward-Looking Statements and Associated Risks

THIS QUARTERLY REPORT ON FORM 10-QSB CONTAINS FORWARD-LOOKING STATEMENTS THAT HAVE BEEN MADE PURSUANT TO THE PROVISIONS OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995. THESE FORWARD-LOOKING STATEMENTS ARE BASED ON MANAGEMENT'S CURRENT EXPECTATIONS, ESTIMATES AND PROJECTIONS, BELIEFS AND ASSUMPTIONS. WORDS

Page 11 of 19

SUCH AS "ANTICIPATES", "EXPECTS", "INTENDS", "PLANS", "BELIEVES", "SEEKS", "ESTIMATES", VARIATIONS OF SUCH WORDS AND SIMILAR EXPRESSIONS ARE INTENDED TO IDENTIFY SUCH FORWARD-LOOKING STATEMENTS. THESE STATEMENTS ARE NOT GUARANTEES OF FUTURE PERFORMANCE AND ARE SUBJECT TO CERTAIN RISKS, UNCERTAINTIES AND ASSUMPTIONS THAT ARE DIFFICULT TO PREDICT; THEREFORE, ACTUAL RESULTS MAY DIFFER MATERIALLY FROM THOSE EXPRESSED OR FORECASTED IN ANY SUCH FORWARD-LOOKING STATEMENTS. THESE RISKS AND UNCERTAINTIES INCLUDE THOSE DISCUSSED IN "PART I - ITEM 1 - DESCRIPTION OF BUSINESS - RISK FACTORS" AND PART II - ITEM 6 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS" CONTAINED IN THE COMPANY'S FORM 10-KSB FOR THE YEAR ENDED DECEMBER 31, 2004, AS FILED WITH THE SECURITIES AND EXCHANGE COMMISSION. UNLESS REQUIRED BY LAW, THE COMPANY UNDERTAKES NO OBLIGATION TO UPDATE PUBLICLY ANY FORWARD-LOOKING STATEMENTS, WHETHER AS A RESULT OF NEW INFORMATION, FUTURE EVENTS OR OTHERWISE. INVESTORS SHOULD REVIEW THIS QUARTERLY REPORT IN COMBINATION WITH THE COMPANY'S ANNUAL REPORT ON FORM 10-KSB IN ORDER TO HAVE A MORE COMPLETE UNDERSTANDING OF THE PRINCIPAL RISKS ASSOCIATED WITH AN INVESTMENT

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

IN THE COMPANY'S STOCK.

Overview

LaserSight is principally engaged in the manufacture and supply of narrow beam scanning excimer laser systems, topography-based diagnostic workstations, and other related products used to perform procedures that correct common refractive vision disorders such as nearsightedness, farsightedness and astigmatism. Since 1994, we have marketed our laser systems commercially in over 30 countries worldwide. We are currently focused on selling in selected international markets; primarily China.

We have significant liquidity and capital resource issues relative to the timing of our accounts receivable collection and the successful completion of new sales compared to our ongoing payment obligations and our recurring losses from operations and net capital deficiency raises substantial doubt about our ability to continue as a going concern. We have experienced significant losses and operating cash flow deficits, and we expect that operating cash flow deficits will continue without improvement in our operating results.

Bankruptcy

On September 5, 2003 the company filed for Chapter 11 bankruptcy protection and reorganization. The Company operated in this manner from September 5, 2003 through June 10, 2004, when a final bankruptcy release was obtained. As a result of the bankruptcy re-structuring, the Company has recorded credits for debt forgiveness of approximately \$15.3 during the three months ended June 30, 2004. Additionally, the Company recognized charges of approximately \$8.0 million during 2003 for patent impairment, accounts receivable and inventory write offs. The Company cancelled all of its outstanding common and preferred stock, including warrants and options, and issued 9,997,195 new common shares on June 30, 2004. The Company emerged from bankruptcy with approximately \$0.7 million in unsecured liabilities, approximately \$2.1 million in secured debt to GE, approximately \$5.3 million in deferred revenue and approximately \$1.0 million of DIP financing provided by NIIC, as part of the approved bankruptcy plan. NIIC converted \$1.0 million of the DIP financing for additional 6,850,000 common shares.

China Transaction

In February 2004, we received a commitment to purchase at least \$12.0 million worth of our products during the 12-month period ending February 2005, to distribute our products in Mainland China, Hong Kong, Macao and Taiwan. The purchase agreement provides for two one-year extensions. From February 2004 through March 2005, approximately \$8.1 million worth of products were sold under this agreement. Product issues reduced shipments during the third and fourth quarter of 2004. These issues have been resolved through revisions to product crating for shipment, software modifications and shipper instructions.

Page 12 of 19

WaveLight Transaction

In March 2005 the Company executed a worldwide non-exclusive license agreement with WaveLight Laser Technologie AG ("WaveLight") to use and reproduce the Lin Scanning Patents for products to be used in ophthalmic surgery, which became effective on March 3, 2005, and an option to acquire a license to the Company's Apple Patents. Both the non-exclusive license and the option include certain WaveLight co-enforcement rights. As consideration for the license, the Company has received a \$375,000 payment and will receive another \$525,000 prior to October 15, 2005. \$45,000 in broker fees were paid to PCE Investments for

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

their assistance in closing this transaction. The agreement terminates when the patents expire, or earlier in the event of the occurrence of certain events of default, including the failure of the WaveLight to make required payments. The agreement is attached as an exhibit to this filing.

Results of Operations

The following table sets forth for the periods indicated information derived from our statements of operations for those periods expressed as a percentage of net sales, and the percentage change in such items from the comparable prior year period. Any trends illustrated in the following table are not necessarily indicative of future results.

	As a Percentage of Net Sales Three Months Ended Mar 31,		Percent Increase (Decrease) Over Prior Periods Three Months Ended Mar 31,
	2005	2004	2005 vs. 2004
	-----	-----	-----
Statement of Operations Data:			
Net Revenues:			
Refractive products.....	88.0%	89.8%	-7.7%
Patent services.....	12.0%	10.2%	10.9%
	-----	-----	---
Net Revenues.....	100.0%	100.0%	-5.8%
Cost of Revenue.....	45.9%	47.3%	-8.6%
	-----	-----	---
Gross Profit (1).....	54.1%	52.7%	-3.3%
Research, development and regulatory expenses (2).....	2.4%	2.3%	0.1%
Other general and administrative expenses.....	31.0%	26.9%	8.6%
Selling-related expenses (3)...	12.0%	9.6%	17.5%
Amortization of intangibles...	0.4%	0.4%	0.0%
	-----	-----	---
Net Income from operations...	8.3%	13.5%	-42.5%

(1) As a percentage of net revenues, the gross profit for refractive products only for the three months ended March 31, 2005 and 2004 were 48% and 47%, respectively.

(2) As a percentage of refractive product net sales, research, development and regulatory expenses for the three months ended March 31, 2005 and 2004, were 3%, and 3%, respectively.

(3) As a percentage of refractive product net sales, selling-related expenses for the three months ended March 31, 2005 and 2004, were 14%, and 11%, respectively.

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

Three Months Ended March 31, 2005, Compared to Three Months Ended March 31, 2004

Our consolidated revenues totaled \$2.2 million for the three months ended March 31, 2005, a decrease of approximately \$0.1 million or (6%) compared to revenues for the three months ended March 31, 2004 of \$2.3 million. The decrease was primarily attributable to decreased sales of parts. Eight lasers systems were sold in the first quarter of both 2005 and 2004. For the three months ended March 31, 2005, parts revenues were \$0.02 million compared to \$0.2 million for the three months ended March 31, 2004. This was offset by \$0.06 million from additional sales of our AstraMax(R) diagnostic workstation.

Net revenues from patent services increased by \$26,000, or 11%, from \$235,000 for the three months ended March 31, 2004 to \$261,000 for the three months ended March 31, 2005. During the first quarter of 2005, the Company licensed its Lin scanning patent for \$855,000, net of expenses of \$45,000. This deferred revenue is being amortized over the remaining life of the patent, approximately seven years.

Geographically, China has become our most significant market with \$1.9 million in revenue during the three months ended March 31, 2005, as compared to \$1.8 million for the three months ended March 31, 2004.

For the three months ended March 31, 2005, consolidated cost of sales of \$1.0 million was approximately 46% of net revenues of \$2.2 million, compared to the same period in 2004 when our cost of sales was approximately 47% of net revenues. This improvement was caused by the reduction of costs for the AstraMax diagnostic workstations. Going forward into 2005, the emphasis will be continued unit cost reductions driven by efficient purchasing and limited re-design of the product.

Selling-related expenses consist of those items directly related to sales activities, including commissions on sales, royalty or license fees, warranty expenses, and costs of shipping and installation. Selling-related expenses for the three months ended March 31, 2005 increased \$40,000, or 17%, to \$260,000 from \$220,000 during 2004. This increase was primarily attributable to an increase in license fees. Our 2005 operating plan projects our selling-related expense ratio to be 11% of net revenues.

General and administrative expenses increased by \$53,000 to \$673,000 in the three months ended March 31, 2005, from \$620,000 for the same period in 2004. The increase was primarily due to accounting, legal and SEC filing fees attributable to bringing the Company's SEC filings up to date. Our operating plan for fiscal 2005 projects business levels that will require general and administrative expenses to be lower due to reduced professional fees relating to the bankruptcy filing.

Research, development and regulatory expenses remained unchanged at \$53,000 for the three months ended March 31, 2005 and 2004. Even though our resources are limited, we continue to offer improvements to our product. Our operating plan for fiscal 2005 projects business levels that will require research, development and regulatory expenses to be similar to 2004.

In the three months ended March 31, 2005, amortization of intangibles remained unchanged at \$8,400. In accordance with our operating plan, amortization of intangibles will be at a rate of approximately \$33,000 per year.

Other income and expense for the three months ended March 31, 2005 consisted of the following:

- o We received \$1,000 of interest income on notes receivable.

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

- o In the three months ended March 31, 2005, we paid \$63,000 in interest to GE, the DIP financier and the tax assessor. The interest expense also includes \$26,000 of amortized financing costs and the fair value of a warrant issued to GE. The amortization is \$8,600 per month and will continue until June of 2007.

Page 14 of 19

For the three months ended March 31, 2005 and 2004, we had no income tax expense.

Net income for the three months ended March 31, 2005 was approximately \$91,000 compared to \$264,000 for the same period in 2004, a decline of approximately \$173,000. This \$173,000 decline in the current quarter was comprised approximately of:

- o increased shipping expense of \$12,000
- o increased license fees of \$21,000
- o increased interest expense of \$40,000
- o increased professional expenses of \$100,000 for accounting, legal and SEC EDGAR filing fees

Inflation and Currency Fluctuation

Inflation and currency fluctuations have not previously had a material impact upon the results of operations and are not expected to have a material impact in the near future.

Liquidity and Capital Resources

On September 5, 2003 the company filed for Chapter 11 bankruptcy protection and reorganization. The Company operated in this manner from September 5, 2003 through June 10, 2004, when the re-organization was approved by the bankruptcy court. A final decree of bankruptcy was obtained on December 22, 2004. The Company cancelled all of its outstanding common and preferred stock, including warrants and options, and issued 9,997,195 new common shares on June 30, 2004. The Company emerged from bankruptcy with approximately \$0.7 million in unsecured liabilities, approximately \$2.1 million in secured debt to GE, approximately \$5.3 million in deferred revenue and approximately \$1.0 million of DIP financing provided by NIIC. NIIC converted \$1.0 million of the DIP financing for additional equity.

With the new revenues being generated from the China Group and projected sales to other customers, management expects that LaserSight's cash and cash equivalent balances and funds from operations (which are principally the result of sales and collection of accounts receivable) will be sufficient to meet its anticipated operating cash requirements for the next several months. This expectation is based upon assumptions regarding cash flows and results of operations over the next several months and is subject to substantial uncertainty and risks beyond our control. If these assumptions prove incorrect, the duration of the time period during which LaserSight could continue operations could be materially shorter. We continue to face liquidity and

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

capital resource issues relative to the timing of the successful completion of new sales compared to our ongoing payment obligations. To continue our operations, we will need to generate increased revenues, collect them and reduce our expenditures relative to our recent history. While we are working to achieve these improved results, we cannot assure you that we will be able to generate increased revenues and collections to offset required cash expenditures. Company revenues from the China Group were approximately \$1.9 million in the three months ended March 31, 2005. Accounts receivable due from the China Group as of March 31, 2005 was \$1,989,261, virtually all of the accounts receivable balance at March 31, 2005. As of April 25, 2005 \$1,329,261 remains unpaid. We have verbal promises from the China Group to pay the accounts receivable balance but no guarantee that payment will be made on time or at all. The loss of the China Group as a customer or the non-payment or slow payment of monies owed to the Company could have a significant adverse effect on the Company's ability to continue as a going concern.

Page 15 of 19

On August 30, 2004 the Company signed a three-year note with GE, which will expire on June 30, 2007. The note bears interest of 9%. Certain covenants were modified as follows: net worth \$750,000, tangible net worth \$1,000,000 and minimum quarterly revenues of \$1,000,000. GE was issued a warrant to purchase 100,000 shares of common stock at \$0.25 per share, or \$0.40 per share if the China Group converts their DIP loan to equity. The warrant expires on June 30, 2008. The Company is currently not in compliance with certain covenant of the loan agreements. Accordingly all amounts have been classified as short-term obligations.

There can be no assurance as to the correctness of the other assumptions underlying our business plan or our expectations regarding our working capital requirements or our ability to continue operations.

Our ability to continue operations is based on factors including the success of our sales efforts in China and in other foreign countries where our efforts will initially be primarily focused, increases in accounts receivable and inventory purchases when sales increase, the uncertain impact of the market introduction of our AstraMax diagnostic workstations, and the absence of unanticipated product development and marketing costs.

Our expectations regarding future working capital requirements and our ability to continue operations are based on various factors and assumptions that are subject to substantial uncertainty and risks beyond our control, and no assurances can be given that these expectations will prove correct. The occurrence of adverse developments related to these risks and uncertainties or others could result in LaserSight incurring unforeseen expenses, being unable to generate additional sales, to collect new and outstanding accounts receivable, to control expected expenses and overhead, or to negotiate payment terms with creditors, and we would likely be unable to continue operations.

Item 3. Controls and Procedures.

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow for timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only

Edgar Filing: LASERSIGHT INC /DE - Form 10QSB

reasonable assurance of achieving the desired control objectives, and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

We carry out a variety of on-going procedures, under the supervision and with the participation of our management, including our Chief Executive Officer and our Chief Financial Officer, to evaluate the effectiveness of the design and operation of our disclosure controls and procedures. Our Chief Executive Officer and Chief Financial Officer have concluded that such controls and procedures are currently effective at the reasonable assurance level.

PART II - OTHER INFORMATION

Item 1 Legal Proceedings.

Certain legal proceedings against LaserSight are described in Item 3 (Legal Proceedings) of LaserSight's Form 10-KSB for the year ended December 31, 2004, and in Note 9 to the Financial Statements in Part I, Item 1 of this report.

Item 2 Unregistered Sales of Equity Securities and Use of Proceeds.

Not applicable.

Page 16 of 19

Item 3 Defaults Upon Senior Securities.

On September 5, 2003 the Company filed a Chapter 11 bankruptcy petition. The Company had been in default under its loan agreements with GE. On August 30, 2004 the Company signed a three-year note expiring on June 30, 2007. The note bears interest of 9%. Certain covenants were modified as follows: net worth \$750,000, tangible net worth \$1,000,000 and minimum quarterly revenues of \$1,000,000. GE was issued a warrant to purchase 100,000 shares of common stock at \$0.25 per share, or \$0.40 per share if the China Group converts their DIP loan to equity. The warrant expires on June 30, 2008. The Company is currently not in compliance with certain covenant of the loan agreements [and may, therefore, be deemed to be in default]. Accordingly all amounts have been classified as short-term obligations.

Item 4 Submission of Matters to a Vote of Security Holders.

Not applicable. However, proxy materials were mailed to security holders on March 28, 2005 with respect to the annual meeting of stockholders to be held on April 26, 2005. Such materials were filed with the Commission on March 24, 2005.

Item 5 Other Information.

Not applicable.

Item 6 Exhibits.
