Item 2.04. Triggering Events that Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

On March 6, 2012, holders (the "Holders") of Ampal-American Israel Corporation's (the "Company") Series B debentures (the "Debentures") voted to accelerate and set to immediate repayment the entire outstanding amounts under the Debentures. The acceleration will be effective two weeks after March 6, 2012, unless an additional two-week extension is granted by the committee, formed by the Holders (the "Committee") to represent the Holders. The Committee was granted the authority by the Holders to postpone the effective date of the acceleration of the Debentures by two additional weeks, should the Committee find that sufficient progress was made in the negotiations with the Company and/or with its controlling shareholder. Additional postponements of the effective date of the acceleration of the Debentures are possible, subject to the approval of the majority of the Holders.

As of March 12, 2012, due to the acceleration, the total amount outstanding (including interest) under the Debentures (excluding the Debentures held by the Company) is NIS 527,024,735 (approximately \$138.4 million).

Additionally, the Holders voted to authorize the commencement of legal actions and other measures, at the discretion of Clal Finance Trusts 2007 Ltd., the trustee for the Holders, and/or at the recommendation of the Committee, to collect the principal payment which was due on January 31, 2012 and which the Company did not make, as previously announced. The Holders also voted to empower the Committee to continue negotiations with the Company to settle payments to the Holders and/or to restructure the Debentures, to protect the rights of the Holders and to receive all required information from the Company regarding its financial status and its ability to meet its obligations.
