## PROXY STATEMENT

This Proxy Statement and a form of proxy were first mailed to stockholders on or about March 19, 2012. The following information concerning the enclosed proxy and the matters to be acted upon at the Annual Meeting of the Stockholders to be held on April 24, 2012, is submitted by the Company to the stockholders in connection with the solicitation of proxies on behalf of the Company's Board of Directors.

Three-for-two stock split – The Board of Directors, at their meeting on January 24, 2012, authorized a three-for-two stock split to stockholders of record on February 10, 2012, payable on March 9, 2012. All share, per share and market price data herein have been adjusted for this split. The Company's Annual Report on Form 10-K for the year ended December 31, 2011 did not adjust the Company's outstanding shares and earnings per share for the effect of the three-for-two stock split, payable on March 9, 2012.

## SOLICITATION OF AND POWER TO REVOKE PROXY

A form of proxy is enclosed. Each proxy submitted will be voted as directed, but if not otherwise specified, proxies solicited by the Board of Directors of the Company will be voted in favor of the candidates for election to the Board of Directors and in favor of ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012.

A stockholder executing and delivering a proxy has power to revoke the same and the authority thereby given at any time prior to the exercise of such authority, if he so elects, by contacting either proxy holder, by timely submitting a later dated proxy changing his vote or by attending the meeting and voting in person. However, a beneficial stockholder who holds his shares in street name must secure a proxy from his broker before he can attend the meeting and vote.

## CAPITAL STOCK

The outstanding capital stock of the Company on March 2, 2012 consisted of 219,500,434 shares of Common Stock, par value \$0.10 per share. Holders of Common Stock are entitled to one vote (non-cumulative) for each share of such stock registered in their respective names at the close of business on March 2, 2012, the record date for determining stockholders entitled to notice of, and to vote at, the meeting or any adjournment thereof.

A majority of the outstanding shares will constitute a quorum at the Annual Meeting. Abstentions will be counted for purposes of determining the presence or absence of a quorum for the transaction of business. In accordance with the General Corporation Law of the state of Delaware, the election of the nominees named herein as Directors will require the affirmative vote of a plurality of the votes cast by the shares of Company Common Stock entitled to vote in the election provided that a quorum is present at the Annual Meeting. In the case of a plurality vote requirement (as in the election of directors), where no particular percentage vote is required, the outcome is solely a matter of comparing the number of votes cast for each nominee, with those nominees receiving the most votes being elected, and hence only votes for director nominees (and not abstentions) are relevant to the outcome. In this case, the four nominees receiving the most votes will be elected. The affirmative vote of a majority of a quorum of the Company's outstanding shares of Common Stock present and entitled to vote at the meeting is required to approve the ratification of the appointment of the Company's independent registered public accounting firm for fiscal year 2012. Abstentions will have the effect of a vote against the proposals and broker non-votes will have no effect on the proposals for ratification of the appointment of the Company's independent registered public accounting firm. There are no rights of appraisal or similar dissenter's rights with respect to any matter to be acted upon pursuant to this Proxy Statement. It is expected that shares held of record by officers and directors of the Company, which in the aggregate represent approximately 72 percent of the outstanding shares of Common Stock, will be voted for the nominees for directors and for the ratification of the

appointment of the Company's independent registered public accounting firm.

The Board of Directors has also determined that all of the Audit Committee members are "Audit Committee Financial Experts" as defined in the SEC rules. Additionally, the Board of Directors has determined that the simultaneous service by Mr. James B. Williams on the Audit Committees of three other publicly traded companies does not impair his ability to effectively serve on the Audit Committee of RPC. The Audit Committee meets with the Company's independent registered public accountants, internal auditor, Chief Executive Officer and Chief Financial Officer to review the scope and results of audits and recommendations made with respect to controls over financial reporting and specific accounting and financial reporting issues. The Audit Committee has the authority to obtain advice and assistance from, and receive appropriate funding from the Company for, outside legal, accounting or other advisors as it deems necessary to carry out its duties. Williams, each of whom is independent, as discussed more fully under “Director Independence and NYSE Requirements.” The Committee was formed in 2002 pursuant to a resolution passed by the Board of Directors for the following purposes:

upon request of the Board of Directors, to review and report to the Board with regard to matters of corporate governance; and

to make recommendations to the Board of Directors regarding the agenda for Annual Stockholders’ Meetings and with respect to appropriate action to be taken in response to any stockholder proposals.

The Nominating and Governance Committee held one meeting during the fiscal year ended December 31, 2011.

## Director Nominations

Under Delaware law, there are no statutory criteria or qualifications for directors. No criteria or qualifications have been prescribed by the Board at this time. The Nominating and Governance Committee does not have a charter or a formal policy with regard to the consideration of director candidates. As such, there is no formal policy relative to diversity, although as noted below, it is one of many factors that the Nominating and Corporate Governance Committee has the discretion to factor into its decision making. This discretion would extend to how the Committee might define diversity in a particular instance – whether in terms of background, viewpoint, experience, education, race, gender, national origin or other considerations. The Committee acts under the guidance of the Corporate Governance Guidelines approved by the Board of Directors and posted on the Company’s website at [www.rpc.net](http://www.rpc.net) under the Governance section. The Board believes that it should preserve maximum flexibility in order to select directors with sound judgment and other desirable qualities. According to the Company’s Corporate Governance Guidelines, the Board of Directors will be responsible for selecting nominees for election to the Board of Directors. The Board delegates the screening process to the Nominating and Governance Committee. This Committee is responsible for determining the appropriate skills and characteristics required of Board members in the context of the then current make-up of the Board. This determination takes into account all factors which the Committee considers appropriate, such as independence, experience, strength of character, mature judgment, technical skills, diversity, age and the extent to which the individual would fill a present need on the Board. The Company’s Bylaws provide that nominations for the election of directors may be made by any stockholder entitled to vote for the election of directors. Nominations must comply with an advance notice procedure which generally requires, with respect to nominations for directors for election at an annual meeting, that written notice be addressed to: Secretary, RPC, Inc., 2170 Piedmont Road, NE, Atlanta, Georgia 30324, not less than ninety days prior to the anniversary of the prior year’s annual meeting and set forth the name, age, business address and, if known, residence address of the nominee proposed in the notice, the principal occupation or employment of the nominee for the past five years, the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the person and any other information relating to the person that would be required to be disclosed in a proxy statement or other filings. Other requirements related to the notice are contained in the Company’s Bylaws. The Committee will consider nominations from stockholders who satisfy these requirements. The Committee is responsible for screening the nominees that are selected by the Board of Directors for nomination to the Board and for service on committees of the Board. To date, the Company has not received a recommendation for a director nominee from a stockholder. All of the nominees for directors being voted upon, at the Annual Meeting to be held on April 24, 2012 are directors standing for re-election.

## Board Leadership

The Company has had separate persons serving as its Chairman of the Board and Chief Executive Officer since 2003. Mr. Randall Rollins is our Chairman and chairs our Board meetings. Mr. Richard Hubbell is our President and Chief Executive Officer. We believe that it represents the appropriate structure for us at this time; the Chairman of the Board provides general oversight and strategic planning for the Company while the President focuses on optimizing operational efficiencies. Many authorities on corporate governance are of the view that a company's principal executive officer should not also be chairman of its board and that it is best to keep board leadership separate from operational management.

## Risk Oversight by Board

Our Board's oversight of risk has not been delegated to any Board Committee. "Risk" is an extremely broad concept that extends to multiple functional areas and crosses multiple disciplines. As such, risk may be addressed from time to time by the full Board or by one or more of our Committees. Senior management is responsible for identifying and managing material risks that we face while insurable risks and litigation risks are handled primarily by the risk management department. Senior management provides the Board with a summary of insurance coverage annually and updates as deemed necessary. Liquidity risk, credit risk and risks associated with our credit facilities and cash management are handled primarily by our finance department which regularly provides a financial report to both the Audit Committee and to the full Board. Operational, business, regulatory and political risks are handled primarily by senior executive management which regularly provides various operational reports to, among others, the full Board or to the Executive Committee.

## Director Independence and NYSE Requirements

### Controlled Company Exemption

The Company is not required by law or NYSE listing requirements to have a Nominating or Compensation Committee composed of independent directors, nor to have a Board of Directors, the majority of which are independent. Because the Company is a "controlled corporation," as defined by NYSE Rule 303A.00, the Company is exempt from NYSE Rules 303A.01, 303A.04 and 303A.05 and does not undertake compliance with those provisions. The Company is a "controlled corporation" because a group that includes the Company's Chairman of the Board, R. Randall Rollins, his brother Gary W. Rollins who is also a director and certain companies under their control, possesses in excess of fifty percent of the Company's voting power.

The Company's Audit Committee is composed of four "independent" directors as defined by the Company's Corporate Governance Guidelines, the NYSE rules, the Exchange Act, SEC regulations thereunder, and the Company's Audit Committee Charter. All of the members of the Compensation, Diversity and Nominating and Governance Committees are also independent directors. The independent directors of the Company are Henry B. Tippie, Wilton Looney, James B. Williams, Bill J. Dismuke, and Larry L. Prince.

### Independence Guidelines

Under NYSE listing standards, to be considered independent, a director must be determined to have no material relationship with the Company other than as a director. The NYSE standards set forth a nonexclusive list of relationships which are conclusively deemed material.

The Company's Independence Guidelines (Appendix A to the Company's Corporate Governance Guidelines) are posted on the Company's website at [www.rpc.net](http://www.rpc.net) under the Governance section. These independence guidelines provide that to be independent, a director must not have any relationship that would be considered material under NYSE standards and that, except in special circumstances as determined by a majority of the Board, the following relationships are not material:

- (i) If the director, or a member of the director's immediate family, has received less than one hundred twenty thousand dollars (US \$120,000) in direct compensation from the Company (other than director and committee fees and compensation for prior service which are not contingent in any way on continued services) during every 12 month period within the past three (3) years;
- (ii)

If the director is a director or officer, or any member of the director's immediate family is a director or officer of a bank to which the Company is indebted, and the total amount of the indebtedness does not exceed one percent (1%) of the total assets of the bank for any of the past three (3) years;

- (iii) If the director or any member of the director's immediate family is an employee of a charitable or educational organization, and donations by the Company do not exceed the greater of one million dollars (US \$1,000,000) or two percent (2%) of the organization's consolidated gross revenues within the preceding three (3) years;
- (iv) If the director has a relationship with the Company of a type covered by item 404(a) and/or item 407 of the Securities and Exchange Commission's Regulation S-K (or any successor regulation), and that relationship need not, according to the terms of those items and any then-current proxy regulations, be disclosed in the Company's annual Proxy Statement (except for relationships described elsewhere in the Company's guidelines in which case the other guidelines will govern);
- (v) If the director, or a member of the director's immediate family, has direct or beneficial ownership (as defined by Rule 13d-3 under the Exchange Act) of any amount of any class of common stock of the Company.

#### Audit Committee Charter

Under the Company's Audit Committee Charter, in accordance with NYSE listing requirements and the Securities Exchange Act of 1934, all members of the Audit Committee must be independent of management and the Company. A member of the Audit Committee is considered independent as long as he or she (i) does not accept any consulting, advisory, or compensatory fee from the Company, other than as a director or committee member; (ii) is not an affiliated person of the Company or its subsidiaries; and (iii) otherwise meets the independence requirements of the NYSE and the Company's Corporate Governance Guidelines.

#### Nonmaterial Relationships

After reviewing all of the relationships between the members of the Audit Committee and the Company, the Board of Directors determined that none of the members of the Audit Committee nor Mr. Prince had any relationships not included within the categorical standards set forth in the Independence Guidelines and disclosed above except as follows:

1. Mr. Tippie was employed by Rollins from 1953 to 1970, and held several offices with that company during that time, including as Executive Vice President – Finance, Secretary, Treasurer and Chief Financial Officer. Mr. Dismuke was employed by Rollins from 1979 to 1984 and held various offices within that company including Senior Vice President. Messrs. Randall and Gary Rollins are directors and executive officers of Rollins and are part of a group that has voting control of Rollins.
2. Mr. Tippie is Chairman of the Board of Directors of Dover Motorsports, Inc. and Dover Downs Gaming & Entertainment, Inc. Mr. Randall Rollins is also a director of these companies.
3. Mr. Tippie is the trustee of the O. Wayne Rollins Foundation and of the Rollins Children's Trust. O. Wayne Rollins is the father of Gary and Randall Rollins. The beneficiaries of the Rollins Children's Trust include the immediate family members of Messrs. Randall and Gary Rollins.
4. Each of Messrs. Dismuke, Looney, Prince, Tippie and Williams also serve on the Boards of Rollins and Marine Products, of which Messrs. Gary and Randall Rollins are directors, and voting control over which is held by a control group of which Messrs. Randall and Gary Rollins are a part. Mr. Randall Rollins is an executive officer of Marine Products.

5. Mr. Prince is a director of Genuine Parts Company. Mr. Gary W. Rollins is also a director of Genuine Parts Company.

As required by the Independence Guidelines, the Board of Directors unanimously concluded that the above-listed relationships would not affect the independent judgment of the independent directors, based on their experience, character and independent means, and therefore do not preclude an independence determination. All of the members are also independent under the heightened standards required for Audit Committee members.

In accordance with the NYSE corporate governance listing standards, Mr. Henry B. Tippie was elected as the Presiding Director. The Company's non-management directors meet at regularly scheduled executive sessions without management. Mr. Tippie presides during these executive sessions.

#### Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines to promote better understanding of our policies and procedures. At least annually, the Board reviews these guidelines. As required by the rules of the New York Stock Exchange, our Corporate Governance Guidelines require that our non-management directors meet in at least two regularly scheduled executive sessions per year without management.

At the Company's website at [www.rpc.net](http://www.rpc.net), under the Governance section, you may access a copy of our Corporate Governance Guidelines, our Audit Committee Charter, our Code of Business Conduct and our Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy.

#### Code of Business Conduct

The Company has adopted a Code of Business Conduct applicable to all directors, officers and employees generally, as well as a Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy applicable to the principal executive officer, principal financial officer, and directors. Both codes are available on the Company's website at [www.rpc.net](http://www.rpc.net) under the Governance section.

#### Director Communications

The Company also has a process for interested parties, including stockholders, to send communications to the Board of Directors, Presiding Director, any of the Board Committees or the non-management directors as a group. Such communications should be addressed as follows:

All communications received from interested parties are forwarded to the Board of Directors. Any communication addressed solely to the Presiding Director or the non-management directors will be forwarded directly to the appropriate addressee(s).

#### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the directors named above who serve on the Company's Compensation Committee are or have ever been an employee of the Company. There are no Compensation Committee interlocks requiring disclosure.

All non-management directors are also entitled to reimbursement of expenses for all services as a director, including committee participation or special assignments. There have been no changes to the director compensation arrangements for 2012.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, that might incorporate future filings, including the Proxy Statement, in whole or in part, the Report of the Audit Committee shall not be incorporated by reference into any such filings.

REPORT OF THE AUDIT COMMITTEE

Management is responsible for the Company's internal controls, assessing the effectiveness of these controls and the financial reporting process. The Company's independent registered public accounting firm is responsible for performing independent audits of the Company's consolidated financial statements and the effectiveness of the Company's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing reports thereon. The Audit Committee's responsibility is generally to monitor and oversee these processes, as described in the Audit Committee Charter. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles; that is the responsibility of management.

In fulfilling its oversight responsibilities with respect to the year ended December 31, 2011, the Audit Committee:

Approved the terms of engagement of Grant Thornton LLP as the Company's independent registered public accounting firm for the year ended December 31, 2011;

Reviewed with management the interim financial information included in the Forms 10-Q prior to their being filed with the SEC. In addition, the Committee reviewed all earnings releases with management and the Company's independent registered public accounting firm prior to their release;

Reviewed and discussed with the Company's management and the independent registered public accounting firm the audited consolidated financial statements of the Company as of December 31, 2011 and 2010 and for the three years ended December 31, 2011;

Received from the independent registered public accounting firm the written disclosures and the letter in accordance with the requirements of the Public Company Accounting Oversight Board regarding the firm's communications with the Committee concerning independence, and discussed with such firm its independence from the Company.

In giving its recommendation to the Board of Directors, the Audit Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and (ii) the report of the Company's independent registered public accounting firm with respect to such financial statements.

## COMPENSATION DISCUSSION AND ANALYSIS

### Compensation Committee

During the fiscal year ended December 31, 2011, the members of our Compensation Committee held primary responsibility for determining executive compensation levels. The Committee is composed of three of our non-management directors who do not participate in the Company's compensation plans. The Committee determines the compensation and administers the performance-based incentive cash compensation plan for our executive officers. In addition, the Committee also administers our Stock Incentive Plan for all the employees.

The members of our Compensation Committee have extensive and varied experience with various public and private corporations - as investors and stockholders, as senior executives, and as directors charged with the oversight of management and the setting of executive compensation levels. Henry B. Tippie, the Chairman of the Compensation Committee, has served on the board of directors of twelve different publicly traded companies and has been involved in setting executive compensation levels at all of these companies. Messrs. Wilton Looney and James B. Williams have served on the board of directors of several different publicly traded companies and have similarly been involved in setting executive compensation levels at many of these companies.

The Compensation Committee has authority to engage attorneys, accountants and consultants, including executive compensation consultants, to solicit input from management concerning compensation matters, and to delegate any of its responsibilities to one or more directors or members of management where it deems such delegation appropriate and permitted under applicable law. The Committee has not used the services of any compensation consultants in determining or recommending the amount or form of executive compensation.

The Compensation Committee believes that determinations relative to executive compensation levels are best left to the discretion of the Committee. In addition to the extensive experience and expertise of the Committee's members and their familiarity with the Company's performance and the performance of our executive officers, the Committee is able to draw on the experience of other Directors and on various legal and accounting executives employed by the Company, and the Committee has access to readily available public information relative to structuring executive compensation programs and setting appropriate compensation levels. The Committee also believes that the structure of our executive compensation programs should not become overly complicated or difficult to understand. The Committee solicits input from our Chairman with respect to the performance of our executive officers and their compensation levels.

### The Role of Shareholder Say-on-Pay Votes

The Company provides its shareholders with the opportunity to cast an every three years advisory vote on executive compensation (a "say-on-pay proposal"). At the Company's annual meeting of shareholders held in April 2011, a substantial majority of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. The Compensation Committee believes this affirms shareholders' support of the Company's approach to executive compensation. The shareholders voted to hold a say-on-pay advisory vote on executive compensation every three years, and the Board resolved to accept the shareholders' recommendation. As a result, the advisory vote on executive compensation will be held again at the 2014 annual shareholders' meeting. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for its executive officers.

### General Compensation Objectives and Guidelines

The Company is engaged in a highly competitive industry. The success of the Company depends on its ability to attract and retain highly qualified and motivated executives. In order to accomplish this objective, the Company structures the executive compensation in a fashion that takes into account the Company's overall performance and the individual performance of the executive.

The Compensation Committee endorses the philosophy that executive compensation should reflect Company performance and the contribution of executive officers to that performance. The Company's compensation policy 14 is designed to achieve three fundamental objectives: (i) attract and retain qualified executives, (ii) motivate performance to achieve Company objectives, and (iii) align the interests of our executives with the long-term interests of the Company's stockholders. The Committee recognizes that there are many intangibles involved in evaluating performance and in motivating performance, and that determining an appropriate compensation level is a highly subjective endeavor. The analysis of the Committee is not based upon a structured formula and the objectives referred to above are not weighted in any formal manner.

The Company's executive officers are also executive officers of Marine Products and receive compensation directly from Marine Products. The members of the Company's Compensation Committee also constitute the Compensation Committee of Marine Products. In determining the compensation for the executive officers at the Company, the Committee considers these dual responsibilities and sources of compensation. The Company sets compensation of its executives at such levels so that the aggregate compensation received from both Marine Products and the Company is reasonable in light of their respective responsibilities and the performance of both companies, and so that the compensation from the Company for services solely to the Company is reasonable. A discussion of the Company's executive officers' compensation at Marine Products is contained in its annual Proxy Statement filed with the SEC. During the year, none of the executive officers made recommendations or otherwise contributed input on their own compensation. However, the Compensation Committee may from time to time solicit input from the Chairman when reviewing executive compensation.

Pursuant to the Company's compensation philosophy, the total annual compensation of its executive officers is primarily comprised of base salary, performance-based incentive cash compensation and stock-based incentive compensation. In addition, the Company provides retirement compensation plans, group welfare benefits and certain perquisites.

We believe a competitive base salary is important to attract, retain and motivate top executives. We believe a performance-based incentive cash compensation plan is valuable in recognizing and rewarding individual achievement. Finally, we believe stock-based incentives make executives "think like owners" and, therefore, align their interests with those of our stockholders.

The Company does not have any formal stock ownership requirements for its executive officers but notes that its current directors and executive officers are stockholders of the Company, as is disclosed elsewhere in this Proxy Statement. The Company is mindful of the stock ownership of our directors and executive officers but does not believe that it is appropriate to provide a mechanism or formula to take stock ownership (or gains from prior option or stock awards) into account when setting compensation levels. The Company provides in its insider trading policies that directors and executive officers may not sell Company securities short and may not sell puts, calls or other derivative securities tied to our Common Stock.

The Company does not have a formal policy relative to the adjustment or recovery of incentives or awards in the event that the performance measures upon which incentives or awards were based are later restated or otherwise adjusted in a manner that would have reduced the size of an incentive or award. However, as all incentives and awards remain within the discretion of the Compensation Committee, the Committee retains the ability to take any such restatements or adjustments into account in subsequent years. In addition, the Sarbanes-Oxley Act requires in the case of accounting restatements that result from material non-compliance with SEC financial reporting requirements, that Chief Executive Officers and Chief Financial Officers must disgorge bonuses and other incentive-based compensation and profits on stock sales, if the non-compliance results from misconduct.

#### Base Salary

The salary of each executive officer is determined by the Compensation Committee. In making its determinations, the Committee gives consideration to the recent financial performance of the Company, the magnitude of responsibilities, the scope of the position, individual performance and compensation paid by Marine Products. The Committee solicits input from our Chairman with respect to the performance of our executive officers and their compensation levels. During 2011, the base salaries of our executive officers were increased to the following amounts: Mr. Richard A. Hubbell: \$800,000 (\$100,000 increase from 2010); Mr. Ben M. Palmer: \$300,000 (\$50,000 increase from 2010); Mr. R. Randall Rollins: \$700,000 (\$100,000 increase from 2010); and Ms. Linda H. Graham: \$200,000 (\$35,000 increase from 2010). These increases were subjectively based on growth in revenues, recent profit performance of the Company and return on invested capital. On January 24, 2012, the Committee approved for its executive officers the following base salary for 2012: Mr. Richard A. Hubbell: \$900,000; Mr. Ben M. Palmer: \$375,000; Mr. R. Randall Rollins: \$800,000; and Ms. Linda H. Graham: \$250,000.

## Performance-Based Incentive Cash Compensation

The Company implemented the Performance-Based Incentive Cash Compensation Plan (the “Management Incentive Plan”) for the executive officers in 2006. Under the Management Incentive Plan, the Compensation Committee establishes performance goals annually within ninety days after the commencement of the performance period to which such goals relate. Performance goals for each participant may be based on corporate, business unit/function or individual performance, or a combination of one or more such measures.

In connection with the annual establishment of performance goals, the Compensation Committee sets a target award for each participant in the Management Incentive Plan for the applicable year, which is expressed as a percentage of the participant’s base compensation (the “Target Award”) in effect on the last day of the final pay period of that year. If the participant’s performance goals are based upon a combination of performance measures, the Compensation Committee will weigh the importance of each performance measure by assigning a percentage (the “Weighted Percentage”) to those performance measures. The participant’s cash award amount will also depend in part upon the level of achievement that the participant attained with respect to each such performance measure utilizing the formula set out in the Management Incentive Plan. This formula provides for a performance value (“Performance Value”) which ranges from:

- threshold performance level (with a Performance Value of 25 percent of the Target Award),
- target performance level (with a Performance Value up to 100 percent of the Target Award), to
- superior performance level (with a Performance Value up to 200 percent of the Target Award).

Subject to the limitations set forth below, a participant’s cash award amount for each year under the Management Incentive Plan equals the product of the Target Award multiplied by the Weighted Percentage assigned to each performance measure used for a participant, multiplied by the Performance Value attained for each performance measure, multiplied by base compensation. The Committee will determine the maximum cash award as a percentage of participants’ base compensation for each applicable year.

For 2011, the Compensation Committee established the target incentive award under the Management Incentive Plan for the Chief Executive Officer and for the other members of executive management at the amounts shown in the table below. The target awards that could be earned under the Management Incentive Plan for 2011 were the same as for the prior year.

	Target Award as a percentage of base salary	
Executive Officer Richard A. Hubbell		
President and Chief Executive Officer Ben M. Palmer	100	%
Vice President, Chief Financial Officer and Treasurer R. Randall Rollins	100	%
Chairman of the Board Linda H. Graham	100	%
Vice President and Secretary	40	%

The maximum bonus award for each participant under the Plan for 2011 and prior years was established at 150 percent of such participant's base salary. The performance criteria applicable to the participants under the Management Incentive Plan for 2011 were determined based solely on corporate performance. The Compensation Committee established corporate performance goals for 2011 under the Management Incentive Plan based on cash flow return on invested capital. Return on invested capital ("ROIC") is a widely used financial performance measure that typically correlates with long term change in stockholder value. The Company has used ROIC as the sole performance goal under the Management Incentive Plan for several years. ROIC is computed as the ratio of earnings before interest, taxes, depreciation and amortization (EBITDA) to invested capital. Invested capital is generally equal to the aggregate of stockholders' equity, accumulated depreciation and other long-term liabilities. For 2011 year, the target performance goal established by the Company is in excess of the comparable historical average ROIC of our peers, is in excess of the Company's weighted average cost of capital, and is an amount which the Company believes represents outstanding financial performance. Under the Management Incentive Plan, the Company must achieve at least 80 percent of the target performance goal for executive officers to be eligible for any bonus award. Bonus awards under the Management Incentive Plan are determined on a sliding scale between the threshold performance level and a superior performance level, which corresponds to 175 percent of the target performance goal. To be eligible for the bonus award under the Management Incentive Plan, the ROIC must be in the range of 16 percent to 35 percent. The Company has consistently followed the same method to compute ROIC, and the Compensation Committee has not exercised discretion to waive the performance goals based on difficult industry conditions or other factors.

The Company operates in a cyclical business where financial performance is influenced by changes in oil and natural gas prices. The Company generated ROIC that resulted in excess of 200 percent of the target award in 2011, 164 percent of the target award in 2010 and zero percent of the target award in 2009. The level of performance achieved had been trending downward with a significant improvement in 2010 that was sustained through 2011, consistent with the cyclical nature of industry performance and the performance of our peers.

For 2011, the executive officers earned awards that were higher than the superior performance level which qualified the officers to receive bonus awards up to 200 percent of the target incentive award, limited to 150 percent of base compensation. Performance-based cash compensation earned under the Management Incentive Plan for 2011 was as follows: Mr. Richard A. Hubbell: \$1,200,000; Mr. Ben M. Palmer: \$450,000; Mr. R. Randall Rollins: \$1,050,000 and Ms. Linda H. Graham: \$160,000. For 2012, the target awards, performance goal and maximum awards were established at the same levels as 2011.

#### Stock Based Incentive Plans

Our Stock Incentive Plan allows for a wide variety of stock based awards such as stock options and restricted stock. We last issued stock options in fiscal year ended 2003 and have no current plans to issue additional stock options. We have never issued any stock appreciation rights. Partially in response to changes relative to the manner in which stock options are accounted for under generally accepted accounting principles, we have modified the structure and composition of the long-term equity based component of our executive compensation. In recent years, we have awarded time-based restricted stock in lieu of granting stock options. The terms and conditions of these awards are described in more detail below.

Awards under the Company's Stock Incentive Plan are purely discretionary, are not based upon any specific formula and may or may not be granted in any given fiscal year. For the past three years, we have granted time-based restricted stock to various employees, including our executive officers, in early January during our regularly scheduled meetings of the Compensation Committee during which the Committee reviews executive compensation. Consistent with this practice, we granted restricted stock awards to our executive officers in January 2012, 2011 and 2010 as follows:

Name	2012	2011	2010
------	------	------	------

Edgar Filing: RPC INC - Form DEF 14A

Richard A. Hubbell	75,000	75,000	56,250
Ben M. Palmer	45,000	45,000	36,000
R. Randall Rollins	75,000	75,000	56,250
Linda H. Graham	22,500	22,500	18,000

The amount of the aggregate stock based awards to our executive officers in any given year is influenced by the Company's overall performance. The amount of each grant to our executive officers is influenced in part by the Committee's subjective assessment of each individual's respective contributions to achievement of the Company's long-term goals and objectives. In evaluating individual performance for these purposes, the Committee considers the overall contributions of executive management as a group and the Committee's subjective assessment of each individual's relative contribution to that performance rather than specific aspects of each individual's performance over a short-term period. It is our expectation to continue yearly grants of restricted stock awards although we reserve the right to modify or discontinue this or any of our other compensation practices at any time.

All of our restricted stock awards granted since 2004 have had the same features. The shares vest one-fifth per year beginning on the second anniversary of the grant date. Restricted shares have full voting and dividend rights. However, until the shares vest, they cannot be sold, transferred or pledged. Should the executive leave our employment for any reason prior to the vesting dates (other than due to death, disability or retirement on or after age 65), the unvested shares will be forfeited. In the event of a “change in control” as determined by the Board of Directors, all unvested restricted shares shall vest immediately.

Grants are made under our Stock Incentive Plan and the plan is administered pursuant to Rule 16b-3 of the Securities Exchange Act of 1934.

#### Employment Agreements

There are no agreements or understandings between the Company and any executive officer which guarantee continued employment or guarantee any level of compensation, including incentive or bonus payments, to the executive officer.

#### Retirement Plans

The Company maintains a defined benefit pension plan (called the Retirement Income Plan) for all our eligible employees, a non-qualified supplemental retirement plan for our executives and certain other highly compensated employees and a 401(k) Plan for the benefit of all regular full time employees. In 2002, the Company’s Board of Directors approved a resolution to cease all future benefit accruals under the Retirement Income Plan effective March 31, 2002. In lieu thereof, beginning in 2002, the Company began providing enhanced benefits in the form of cash contributions on behalf of certain long-service employees who were 40 to 65 years of age on or before December 31, 2002. These enhanced benefit contributions were discretionary and made annually, subject to a participant’s continued employment, for a maximum of seven years. The contributions were made either to the non-qualified Supplemental Retirement Plan (“SRP”) or to the 401(k) Plan for each employee who was entitled to the enhanced benefits. Beginning late in 2002, the Company began permitting selected highly compensated employees to defer a portion of their compensation into the SRP.

- (2) These amounts represent aggregate grant date fair value for grants of restricted shares of Common Stock awarded in fiscal year 2011 under our Stock Incentive Plan computed in accordance with ASC Topic 718. Please refer to Note 10 to our Financial Statements contained in our Form 10-K for the period ended December 31, 2011 for a discussion of assumptions used in this computation. For this computation, we do not include an assumption for estimated forfeitures. Our Form 10-K has been included in our Annual Report and provided to our stockholders.

The table above reflects grants of restricted shares of Company Common Stock under our Stock Incentive Plan awarded in fiscal year 2011. All grants of restricted shares of Common Stock vest one-fifth per year beginning on the second anniversary of the grant date. Restricted shares have full voting and dividend rights. However, until the shares vest, they cannot be sold, transferred or pledged. Should the executive leave our employment for any reason prior to the vesting dates (other than due to death, disability or retirement on or after age 65), the unvested shares will be forfeited. We have not issued any stock options since 2003 and have no immediate plans to issue additional stock options.

The Company's employment contracts with its Chief Executive Officer and the Company's other executive officers are oral, at will arrangements. All of the executive officers are eligible for annual cash bonuses which are awarded under the Management Incentive Plan. The Compensation Committee's decisions are based upon broad performance objectives under that plan. The executive officers are eligible to receive shares of Company Common Stock subject to

options and restricted shares of Company Common Stock under the Company's Stock Incentive Plans, in such amounts and with such terms and conditions as determined by the Compensation Committee at the time of grant. All of the executive officers are eligible to participate in the Company's SRP. The executive officers are eligible to participate in the Company's regular employee benefit programs, including the 401(k) Plan with Company match, group life insurance, group medical and dental coverage, vision and other group benefit plans. All of the executive officers are eligible for the Retirement Income Plan that was frozen in March 2002. For more information on these plans, see "Compensation Discussion and Analysis" on page 14, and "Benefit Plans" on page 23.

## OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END

The table below sets forth details concerning outstanding option awards made in prior years to the executives named in our Summary Compensation Table, including the grant date, the expiration date, the option exercise price, and the number of shares of Common Stock underlying the grants both exercisable and un-exercisable. The grant dates for all of these options are from fiscal year 2003 and earlier since we have not issued any stock options after 2003. The table below also sets forth the total number of restricted shares of Common Stock that were granted in prior years to the executives named in our Summary Compensation Table but which have not yet vested, together with the market value of these unvested shares based on the \$12.17 closing price of our Common Stock on December 30, 2011.

## BENEFIT PLANS

The table below shows the present value of accumulated benefits payable to each of the named executive officers, including the number of years of service credited to each such named executive officer, under the Retirement Income Plan determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements. Information regarding the Retirement Income Plan can be found under Note 10 to our Financial Statements contained in our Form 10-K for the period ended December 31, 2011.

## Pension Benefits

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Mr. Richard A. Hubbell	Retirement Income Plan	15	470,980	42,312
Mr. Ben M. Palmer	Retirement Income Plan	4	55,620	—
Mr. R. Randall Rollins	Retirement Income Plan	30	2,432,050	261,576
Ms. Linda H. Graham	Retirement Income Plan	15	450,550	48,708

(1) The difference in years of credited and actual service is due to the freezing of benefit accruals in 2002. See discussion below for further details.

The Company's Retirement Income Plan, a trustee defined benefit pension plan, provides monthly benefits upon retirement at age 65 to eligible employees. In 2002, the Company's Board of Directors approved a resolution to cease all future benefit accruals under the Retirement Income Plan effective March 31, 2002. Retirement Income Plan benefits are based on the average of the employee's compensation from the Company for the five consecutive complete calendar years of highest compensation during the last ten consecutive complete calendar years ("final average compensation") immediately preceding March 31, 2002. The benefits are computed as the product of 1.5 percent of final average compensation multiplied by years of credited service (up to 30 years) reduced by an adjustment for benefits drawn from social security. Adjustments have been made for age and IRS mandated compensation limitations. The final average compensation for Mr. Hubbell is \$205,890, Mr. Palmer is \$179,900 and Ms. Graham is \$127,325.

The annual benefit payable at the later of retirement age or 65 for the named executive officers is \$261,600 for Mr. Rollins, \$42,400 for Mr. Hubbell, \$48,800 for Ms. Graham and \$9,400 for Mr. Palmer. In accordance with the Internal Revenue Code (as amended by the Economic Growth and Tax Relief Reconciliation Act of 2001), the maximum annual benefit payable to a Retirement Income Plan beneficiary in 2011 was \$195,000. Retirement benefits accrued at the end of any calendar year or as of March 31, 2002 will not be reduced or increased by any subsequent changes in the maximum compensation limit.

The Plan also provides reduced early retirement benefits at age 55 or older with 15 or more years of service. Ms. Graham and Mr. Hubbell are voluntarily receiving distributions from the plan even though they have not retired from the Company. In addition, as an owner with stock ownership in excess of five percent of the Company's voting securities, Mr. Rollins is required to receive mandatory distributions currently, even though he has not retired from the Company. The amount of distribution received during 2011 has been disclosed in the table above and is not subject to change after retirement.

In 2002, the Company began providing additional benefits on behalf of certain long-service employees in the form of discretionary cash contributions made either to the Company's 401(k) Plan (which is described below) or the SRP as described in the section below titled "Nonqualified Deferred Compensation." Amounts contributed by the Company to the accounts of the executive officers are reported in the "All Other Compensation" column of the Summary Compensation Table on page 19.

## 401(k) Plan

Effective July 1, 1984, the Company adopted a qualified retirement plan designed to meet the requirements of Section 401(k) of the Code. The Company makes matching contributions of fifty cents (\$0.50) for each dollar (\$1.00) of a participant's contribution to the 401(k) Plan that does not exceed six percent of his or her annual compensation. The only form of benefit payment under the 401(k) Plan is a single lump-sum payment equal to the vested balance in the participant's account on the date the distribution is processed. Under the 401(k) Plan, the full amount of a participant's vested accrued benefit is payable upon his termination of employment, retirement, total and permanent disability, or death. Also under the 401(k) Plan, a participant may withdraw his or her pre-tax contributions to the extent of certain specified instances of financial hardship and may withdraw any amount from his or her pre-tax contribution account for any reason after attaining age 59 1/2. In addition, a participant may withdraw any amount from his or her rollover account for any reason. Amounts contributed by the Company to the accounts of the named executive officers under this plan are reported in the "All Other Compensation" column of the Summary Compensation Table on page 19.

## NONQUALIFIED DEFERRED COMPENSATION

The SRP has been established as a nonqualified plan that is designed to comply with the provisions of the American Jobs Creation Act of 2004 (including Section 409A of the Internal Revenue Code) for the cash contributions made to certain longer serviced employees in lieu of freezing of benefit accruals effective in 2002; the SRP also has a compensation deferral option for eligible employees. The contributions and deferrals to the SRP are invested in funds held in a rabbi trust.

Name	Executive Contributions in last FY (\$) (1)	Registrant contributions in last FY (\$) (2)	Aggregate earnings in last FY (\$)	Aggregate withdrawals/distributions (\$)	Aggregate balance at last FYE (\$)
Richard A. Hubbell	—	—	—	—	234,286
Ben M. Palmer	54,000	—	(1,322 )	—	205,043
R. Randall Rollins	—	—	—	—	—
Linda H. Graham	104,120	—	(2,310 )	—	667,342

- (1) Includes the following amounts related to the base salary for 2011 which have been deferred by the executive officer pursuant to the SRP and which are included in the Summary Compensation Table: Mr. Ben M. Palmer: \$24,000 and Ms. Linda H. Graham: \$50,000. The remaining amounts represent deferrals of bonus compensation related to 2010 that were paid in 2011.
- (2) Reflects the amounts for each of the named executive officers which are reported as compensation to such named executive officer in the "All Other Compensation" column of the Summary Compensation Table on page 19.

The deferral option provides that participants may defer up to 50 percent of their base salary and up to 100 percent of their annual bonus with respect to any given plan year, subject to a \$2,000 per plan year minimum. The deferred amounts are voluntarily funded on a monthly basis; salary and bonus deferrals are generally 100 percent vested. Accounts are credited with hypothetical earnings, and/or debited with hypothetical losses, based on the performance of certain "Measurement Funds." Account values are calculated as if the funds from deferrals and contributions had been converted into shares or other ownership units of selected Measurement Funds by purchasing

(or selling, where relevant) such shares or units at the current purchase price of the relevant Measurement Fund at the time of the participant's selection. The benefits are unsecured general obligations of the Company to the participants, and these obligations rank in parity with the Company's other unsecured and unsubordinated indebtedness. To the extent that the Company's obligations under the SRP exceed assets available under the trust, the Company would be required to seek additional funding sources to fund its liability under the SRP.

Generally, the SRP provides for distributions of any deferred amounts upon the earliest to occur of a participant's death, disability, retirement or other termination of employment (a "Termination Event"). However, for any deferrals of base salary and bonus compensation (but not Company contributions), participants are entitled to designate a distribution date which is prior to a Termination Event. The SRP allows a participant to elect to receive distributions in installments or lump-sum payments.

## POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The following table describes the potential payments and benefits under the Company's compensation and benefit plans and arrangements to which the named executive officers would be entitled upon termination of employment. There are no other agreements, arrangements or plans that entitle executive officers to severance, perquisites, or other enhanced benefits upon termination of their employment except as described below. Additional payments or benefits to a terminating executive officer would be at the discretion of the Compensation Committee.

The executive officers are not entitled to additional benefits at death or disability per the terms of the defined benefit plan. The amounts payable at retirement are disclosed in the "Benefit Plans" section on page 23. The executive officers can choose to receive the amounts accumulated in the SRP either as a lump-sum or in installments at retirement, death or disability. These amounts have been disclosed under the "Nonqualified Deferred Compensation" section on page 24. The table below shows the incremental restricted shares that would become vested as of December 30, 2011 at the closing market price of \$12.17 per share for our Common Stock, as of that date in the case of retirement, disability, death or change in control.

## Accrued Pay and Regular Retirement Benefits

The amounts shown in the table above do not include the following since they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include:

Accrued salary and vacation pay.

Distributions of plan balances under the 401(k) Plan.

The value of option continuation upon termination, as described below. When an employee terminates prior to retirement, his or her stock options are terminated immediately, except that the options may be exercised for a period after termination (not to exceed the original option termination date) in the following circumstances:

Permanent Disability – one year after termination

Death – six months after the date of death

Normal or Early Retirement – one day less than three months after retirement

The termination of employment for any reason shall not accelerate the vesting of options.

## Pension Benefit and Deferred Compensation

The Retirement Income Plan does not provide for lump sum payments for a participant including executive officers for instances other than retirement. The Retirement Income Plan is described at “Pension Benefits” above. Upon termination, the executive officers will receive a distribution of the balance in their SRP account. These amounts are disclosed under the “Nonqualified Deferred Compensation” section on page 24.

Severance. The Company does not have any severance arrangements for its executives.

## CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Effective with the spin-off in 2001, the Company began providing certain administrative services to Marine Products. The service agreements between Marine Products and the Company provide for the provision of services on a cost reimbursement basis and may be terminated upon six months notice. The services covered by these agreements include administration of certain employee benefit programs and other administrative services. Charges from the Company (or from corporations which are subsidiaries of the Company) for such services aggregated approximately \$639,000 in 2011.

During 2011, a subsidiary of RPC conducted business with companies owned by LOR, Inc. Mr. R. Randall Rollins, Chairman, and Mr. Gary W. Rollins, Director, are officers, directors and controlling stockholders of LOR, Inc. In 2011, payments totaling approximately \$1,458,000 were made to these LOR, Inc. companies primarily for the purchase of parts and repair services related to certain of RPC’s oilfield operating equipment. RPC believes the charges incurred by its subsidiary are at least as favorable as the charges that would have been incurred for similar services from unaffiliated third parties.

RPC receives certain administrative services including an allocation for office space from Rollins. The service agreements between Rollins and the Company provide for the provision of services on a cost reimbursement basis and are terminable on six months notice. The services covered by these agreements include office space, administration of certain employee benefit programs, and other administrative services. Charges to the Company (or to corporations which are subsidiaries of the Company) for such services and rent aggregated approximately \$102,000 in 2011.

A group that includes the Company’s Chairman of the Board, R. Randall Rollins, his brother Gary W. Rollins who is also a director, and certain companies under their control, possesses in excess of fifty percent of the Company’s voting power. Please refer to the discussion above under the heading, “Corporate Governance and Board of Directors Committees and Meetings, Director Independence and NYSE Requirements, Controlled Company Exemption.” The group discussed above also controls in excess of fifty percent of Marine Products’ voting power.

Our Code of Business Conduct and Ethics for Directors and Executive Officers and Related Party Transactions Policy provides that related party transactions, as defined in Regulation S-K, Item 404(a) must be reviewed, approved and/or ratified by our Nominating and Corporate Governance Committee. As set forth in our Code, our Nominating and Corporate Governance Committee has the responsibility to ensure that it only approves or ratifies related party transactions that are in compliance with applicable law, consistent with the Company’s corporate governance policies (including those relative to conflicts of interest and usurpation of corporate opportunities) and on terms that are deemed to be fair to the Company. The Committee has the authority to hire legal, accounting, financial or other advisors as it may deem necessary or desirable and/or to delegate responsibilities to executive officers of the Company in connection with discharging its duties. A copy of the Code is available on our website at [www.rpc.net](http://www.rpc.net) under the Governance section. All related party transactions for the fiscal year ended December 31, 2011 were reviewed, approved and/or ratified by the Nominating and Corporate Governance Committee in accordance with the Code.

## Pre-approval of Services

All of the services described above were pre-approved by the Company’s Audit Committee. The Audit Committee has determined that the payments made to its independent registered public accounting firm for these services are compatible with maintaining such auditors’ independence. A majority of the hours expended on the principal accountant’s engagement to audit the financial statements of the Company for the year 2011 was attributable to work performed by full-time, permanent employees of the principal accountant.

The Audit Committee is directly responsible for the appointment and termination, compensation, and oversight of the work of the independent registered public accounting firm, including resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting. The Audit Committee is responsible for pre-approving all audit and non-audit services provided by the independent registered public accounting firm and ensuring that they are not engaged to perform the specific non-audit services proscribed by law or regulation. The Audit Committee has delegated pre-approval authority to its Chairman with the stipulation that his decision is to be presented to the full Committee at its next scheduled meeting. The Audit Committee has no other pre-approval policies.
