Ahead of its reconvened AGM today (7 June 2010), Prudential plc announces strong new business performance for the year to date.

In the first five months of 2010, APE new business across the Group was £1,355 million, up 27 per cent (2009 May year to date: £1,067 million). The Group's sales in the months of April and May 2010 were up 28 per cent, exceeding the 26 per cent growth reported in the first quarter of this year. We have continued to maintain our strict pricing discipline across the business.

In Asia, APE new business sales were £579 million, an increase of 33 per cent on the first five months of 2009 (2009: £435 million), demonstrating the continued strength of our business in Asia. The business recorded its

highest ever sales for the months of both April and May, achieving growth of 38 per cent over the same period last year and ahead of the 30 per cent growth reported in the first quarter. This g rowth is broad based and demonstrates the strength of our operations across the region.

In the US, Jackson delivered APE new business sales of £454 million representing a 41 per cent increase on the first five months of 2009 (2009: £323 million).

Prudential UK reported APE new business sales of £322 million, up 4 per cent on the same period in 2009 (2009: £309 million).

M&G net inflows for the first five months of 2010 were robust at  $\pounds$ 3.4 billion (2009:  $\pounds$ 7.9 billion). Net inflows in our Asian asset management business were  $\pounds$ 0.3 billion (2009:  $\pounds$ 1.5 billion). After the exceptionally high levels of net new business experienced in 2009, this continues to be a strong performance in a

re-invigorated and competitive environment.

## Tidjane Thiam, Group Chief Executive said:

"Our strong start to 2010 has continued in April and May. Our strategy to focus capital on the most profitable geographies and products is delivering excellent results. We have been consistent in our commitment to our strategy and the proposed acquisition of AIA was intended to accelerate this strategy. Throughout the period of our proposed transaction with AIA, our businesses continued to perform strongly, particularly in Asia and the US. All of our businesses have a strong momentum and we will continue to focus on delivering shareholder value."

## ENDS

All figures are at actual exchange rates. Asia 2010 and comparative 2009 APE new business sales exclude the Taiwan agency business disposed of during the second quarter of 2009 and the Japanese insurance operations which we have closed to new business from 15 February 2010.
