PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS

MARCH 22, 2005

Information Regarding Proxies

The accompanying proxy card is solicited by and on behalf of the Board of Directors of The Cooper Companies, Inc. (the Company) for use at its Annual Meeting of Stockholders to be held on March 22, 2005 at The Benjamin Hotel, 125 East 50th Street, New York, NY, at 10:00 a.m., and at any adjournments or postponements thereof. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders on or about February 14, 2005. Included with the Proxy is the Company's 2004 Annual Report to Stockholders on Form 10-K as filed with the Securities and Exchange Commission (SEC). This is not a part of the proxy soliciting materials.

When you return a properly executed proxy card in the form enclosed with this Proxy Statement, or vote by phone or Internet, the shares represented will be voted at the Annual Meeting in accordance with the indicated directions. If a proxy card is properly executed but no directions are indicated, the shares will be voted FOR each of the nominees for director as shown on the form of proxy card, FOR ratification of the appointment of KPMG LLP as independent certified public accountants of the Company and FOR the amendment of the Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock. The Board of Directors is not aware of any other business to come before the Annual Meeting. If any other matters should properly come before the Annual Meeting or any adjournments or postponements thereof for which specific authority has not been solicited from the stockholders, then, to the extent permissible by law, the persons named on the proxy card will have discretionary authority to vote in accordance with their best judgment. A stockholder who executes and returns the enclosed proxy card may revoke it at any time prior to its exercise by giving written notice of such revocation to the Secretary of the Company, by executing a subsequently dated proxy card or vote by phone or Internet, or by voting in person at the Annual Meeting. Attendance at the Annual Meeting by a stockholder who has executed and returned a proxy card does not automatically revoke such proxy.

The Company will pay all costs associated with soliciting proxies. In addition to the solicitation of proxies by mail, officers, directors and other employees of the Company, acting on its behalf, may solicit proxies by telephone, facsimile, electronic transmission or personal interview. The Company has retained D.F. King & Co., Inc. to aid in the solicitation of proxies, for which the Company will pay a fee of \$11,000 plus reasonable expenses. The Company will, at its expense, request brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to stockholders of record.

Outstanding Stock and Voting Rights

Edgar Filing: COOPER COMPANIES INC - Form DEF 14A

As of the close of business on February 3, 2005, the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were outstanding 43,903,119 shares of the Company's common stock, \$.10 par value per share, each of which is entitled to one vote at the Annual Meeting. Under the Company's By-laws and Delaware law, shares represented by proxies that reflect abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Broker non-votes occur when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Directors will be elected by the favorable vote of a plurality of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions as to the election of directors will not affect the election of the candidates receiving a plurality of votes. The proposal to approve the increase in the number of authorized shares of common stock requires the affirmative vote of the majority of the outstanding shares of common stock, and the proposal to ratify the appointment of the Company's independent certified public accountants requires the approval of the majority of shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions to these proposals will have the same effect as votes against them. Shares represented by proxies that reflect broker non-votes will have the same effect as a vote against the proposal to increase the number of authorized shares of common stock, but be treated as not entitled to vote for purposes of determining approval of the proposal to ratify the appointment of the Company's independent certified public accountants and will not have any effect on the outcome of such proposal.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's By-laws provide for no fewer than six and no more than eleven directors, as determined by the Board of Directors, which has fixed the number of directors to be elected at the 2005 Annual Meeting at ten, each of whom will serve until the next Annual Meeting of Stockholders or until their successor is duly elected and qualified. The Board of Directors recommends that each nominee for director described below be elected to serve as a director of the Company. All nominees have consented to be named and have indicated their intention to serve if elected. The Board of Directors expects that all nominees will be available for election and able to serve. If any nominee is not available for election or able to serve as a director, the accompanying proxy will be voted for the election of such other person, if any, as the Board of Directors may designate.

Each of the nominees currently serves on the Board of Directors (the Board). In furtherance of this commitment the Company regularly monitors developments in the area of corporate governance and reviews Company processes and procedures in light of such developments. The Company complies with the rules and regulations promulgated by the SEC and the New York Stock

Exchange (NYSE), and implements other corporate governance practices as are believed to be in the best interest of the Company and its stockholders. The Company believes that policies are in place which are designed to enhance stockholders' interests.

Governance Principles. The Board has approved a set of Corporate Governance Principles (Principles) for the Company. The Principles are available on the Company's website at <http://www.coopercos.com>, and to any stockholder otherwise requesting a copy; the Principles deal with director qualifications, director responsibilities, Board committees, director access to officers and employees, director compensation, director orientation and continuing education, and performance evaluations of the Chief Executive Officer and of the Board and its committees.

Ethics and Business Conduct Policy. The Company has adopted an Ethics and Business Conduct Policy (the Ethics Policy) that is available in its entirety on the Company's website at <http://www.coopercos.com> and to any stockholder otherwise requesting a copy. All Company employees, officers, and directors, including the Chief Executive Officer and Chief Financial Officer, are required to adhere to the Ethics Policy in discharging their work-related responsibilities. Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Ethics Policy. Amendments to the Ethics Policy, and any waivers from the Ethics Policy granted to directors or executive officers, will also be made available through the Company's website as they are adopted.

In keeping with the Sarbanes-Oxley Act of 2002, the Audit Committee has established procedures for receipt and handling of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and to allow for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters. In furtherance of this goal, the Company has established a confidential hotline through which employees may report concerns about the Company's business practices.

The Board of Directors

The Board is elected annually and each of the Company's directors stands for election every year. Presently the Board is comprised of ten directors, of which two are executive officers and eight have been affirmatively determined by the Board to be independent, as they meet the objective requirements set forth by the NYSE and the SEC, and have no relationship, direct or indirect, to the Company other than as stockholders or through their service on the Board.

The Board maintains four committees whose functions are described on page 4 of this Proxy Statement. Committee membership is determined by the Board, and all committee members are independent directors as determined by the Board. Each committee maintains a written charter detailing its authority and responsibilities. These charters are reviewed periodically as legislative and regulatory developments and business circumstances warrant and are available in their entirety on the Company's website at <http://www.coopercos.com> and to any stockholder otherwise requesting a copy.

Stockholders wishing to communicate with the Board of Directors, or with a specific Board member, may do so by writing to the Board, or to the particular Board member, and delivering the communication in person or mailing it to: Board of Directors, c/o Carol R. Stockholder Director Nominations

The By-laws of the Company provide that any stockholder entitled to vote on the election of directors at a meeting called for such purpose may nominate persons for election to the Board, by following the procedures set forth in the section titled "Stockholder Nominations and Proposals". In addition, the Nominating Committee (the "Committee"), will consider suggestions from stockholders for nominees for election as directors. Stockholders who wish to submit a proposed nominee to the Committee should send written notice to Mr. Moses Marx, Nominating Committee Chairman, The Cooper Companies, Inc., 6140 Stoneridge Mall Road, Suite 590, Pleasanton, CA 94588.

Such notice should set forth all information relating to such nominee as is required to be disclosed in solicitations of proxies for elections of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), including such person's written consent to being named in the Proxy Statement as a nominee and to serve as a director if elected, the name and address of such stockholder or beneficial owner on whose behalf the proposed nomination is being made, and the class and number of shares of the Company owned beneficially and of record by such stockholder or beneficial owner. The Committee will consider nominees suggested by stockholders on the same terms as nominees selected by the Committee. No such stockholder suggestions for director nominees have been received by the Committee as of the date of this Proxy Statement.

The Committee believes that nominees for election to the Board must possess certain minimum qualifications and attributes. The nominee: 1) must meet the objective independence requirements set forth by the SEC and NYSE, 2) must exhibit strong personal integrity, character and ethics, and a commitment to ethical business and accounting practices, 3) must not serve on more than two other public company boards, 4) must not be involved in on-going litigation with the Company or be employed by an entity which is engaged in such litigation, and 5) must not be the subject of any on-going criminal investigations, including investigations for fraud or financial misconduct.

Except as set forth above, the Committee does not currently have a formal policy regarding the handling or consideration of director candidate recommendations received from a stockholder, or a formal process for identifying and evaluating nominees for directors (including nominees recommended by stockholders). REPORT OF THE ORGANIZATION AND COMPENSATION COMMITTEE

Scope of the Committee; Members

The Company's Organization and Compensation Committee (the Committee) is comprised of three directors, all of whom have been determined by the Board to be independent as defined by the NYSE. The Committee operates under a written charter adopted by the Board of Directors. A copy of the charter is available on the Company's website at <http://www.coopercos.com> or to any stockholder otherwise requesting a copy. The members of the Committee are Messrs. Kalkstein (Chairman) and Press, and Dr. Rubenstein.

Pursuant to its charter, the Committee reviews and approves the Company's overall compensation strategy, the selection of an appropriate peer group for compensation comparisons, and the terms of each executive compensation and bonus plan in effect and the aggregate amounts that can be awarded thereunder each year. The Committee is specifically responsible for reviewing and approving all aspects of the compensation paid to the Company's Chief Executive Officer, the four other most highly paid executive officers and any other employees identified as Section 16(a) reporting persons, all salaries and salary increases for executives whose annual base salary is \$300,000 or greater and all agreements providing for the payment of benefits following a change of control of the Company or severance following a termination of employment. In addition, the Committee reviews all aspects of director compensation and makes recommendations to the Board. (For further discussion of compensation paid to directors, see the section titled *Compensation of Directors* on page 15.) The Committee also administers the Company's 1996 and 2001 Long Term Incentive Plans, which govern the distribution of long term incentive awards, including stock options, to directors and employees, and annually reviews and makes recommendations to the Board regarding the aggregate amount and types of awards, if any, to be made during each fiscal year.

With respect to all of the Committee's compensation decisions described in this report, the Committee also reviewed, considered and evaluated the information, advice and opinions of an independent compensation consultant retained by the Committee who does no other work for the Company. Based on this advice, and their own independent review, the Committee feels that all elements of executive and director compensation, as disclosed in this report, are reasonable and appropriate.

Executive Compensation for Fiscal 2004

The Committee's philosophy regarding compensation of executive officers emphasizes performance-based compensation and the belief that executives should be compensated at competitive levels that are sufficient to attract and retain highly talented employees.

The level of annual compensation for individual executive officers is based upon a number of factors. The Committee considers a combination of the individual executive officer's performance and the performance of the Company and the individual business that the executive is responsible for, the scope of the executive's responsibility, and the current compensation package in place for that executive. The Committee also considers other published compensation data covering the contact lens and medical device industry, and industry in general, to assess whether the salary ranges in place for its executive officers are competitive. Increases in an executive's annual base salary are dependent on his or her performance and responsibility level, and on general levels of wage and price inflation. The Chief Executive Officer and the other four most highly compensated executives also receive some non-salary based compensation, as specified in the *Executive Compensation Table* on page 13. Such additional compensation is generally provided in accordance with benefit plans available to most employees, such as life insurance and matching contributions to 401(k) retirement accounts, and in all cases is reviewed by the Committee and taken into consideration when reviewing executive compensation.

In addition to annual compensation, the Company maintains long-term compensation and bonus plans under which executives and certain employees are qualified to receive compensation bonuses and equity awards, including stock options as determined by the Committee in accordance with the plans. In keeping with the goal of enhancing the Company's profitability and continuing to build stockholder value, these plans are designed to reward growth in stockholder value, as well as to reward performance and long-term service to the Company. The value of awards under the plans is primarily dependent upon the Company's financial performance and, in the case of equity awards, increases in the price of the Company's common stock over a period of up to ten years. Generally, the plans require employees to remain employed by the Company in order to receive their awards.

Annual bonuses are awarded to executives under the Company's Incentive Payment Plan (the IPP). The Committee reviews and approves the terms of the IPP, including award criteria and participation eligibility, at the beginning of each fiscal year. Participation levels under the Company's 2004 IPP were set at percentages of base salaries previously assigned to designated positions within the corporate structure, modified by the Committee to reflect the recommendations of the Company's Chief Executive Officer. IPP awards are paid with respect to each fiscal year when the operating business or the Company's consolidated results (depending upon the executive's employer) meet specified performance targets.

In making awards under the 2004 IPP, the Committee gave primary consideration to the performance of the Company or the operating business for which the executive officer worked. In fiscal 2004, performance targets for executives employed by an operating business were tied to the attainment by that business of specified levels of net revenue, operating income and cash flow. For executives employed by the parent company, performance targets were tied to the attainment of certain levels of consolidated net revenue, net income and cash flow. In addition, decisions as to whether, and at what level, to award the discretionary portion of each participant's award were made by his or her division head or the Chief Executive Officer after an assessment of each individual's performance. In the case of the five most highly paid executive officers and any other executives determined to have Section 16 reporting status, such decisions were made by the Committee, following an assessment of each individual's performance.

Long term incentive awards to executives are made under the Company's Amended and Restated 2001 Long Term Incentive Plan (2001 LTIP). The Committee annually submits a recommendation to the Board regarding whether awards should be made for the fiscal year, and if so, the aggregate amount of those awards. Annual awards are generally made at the end of each year to individuals by the Committee based on recommendations submitted to the Committee by the Company's Chief Executive Officer or, with respect to awards to the Chief Executive Officer and the four other most highly compensated executives, by the Committee, based on his or her contribution to the success of the Company, taking into consideration competitive grant levels and total options granted as a percentage of shares outstanding. Additional grants may be made throughout the year at the discretion of the Committee. Such grants are generally made to new employees or in recognition of outstanding accomplishments or changes in job responsibilities. Each grant is designed to align the interests of the executives with those of the stockholders. In fiscal 2004, all awards consisted of grants of stock options having exercise prices equal to 100% of the fair market value of the Company's common stock on the date of grant. The exercisability and future value of these options is directly linked to increases in the price of the Company's common stock and the passage of time (generally requiring employees to remain employed by the Company in order to receive their awards), thereby linking long-term compensation to both increased stockholder value and continuing service to the Company.

Additional grants were made by the Committee in January of 2005 to new employees and certain Section 16 reporting executives in connection with the acquisition of Ocular Sciences, Inc. These awards consisted of grants of stock options having exercise prices equal to 100% of the fair market value of the Company's stock on the date of grant. The exercisability and future value of these options is directly linked to increases in the price of the Company's common stock and the passage of time

(generally requiring employees to remain employed by the Company in order to receive their awards), thereby linking long-term compensation to both increased stockholder value and continuing service to the Company.

CEO Compensation for Fiscal 2004

Mr. Bender's base salary of \$500,000 represents his salary for serving as the Company's President and Chief Executive Officer. This salary is set by the Committee and is based on the Committee's review of both current salaries within the industry and Mr. Bender's individual performance. Based on Mr. Bender's demonstrated leadership, skills and contribution to the growth of the Company, the Committee feels that his compensation as President and Chief Executive Officer is fair and reasonable.

Mr. Bender's 2004 bonus consisted of \$434,500 paid under the 2004 IPP. Mr. Bender was eligible to participate in the 2004 IPP at a level equal to 55% of the \$500,000 salary paid to him in fiscal 2004, with such level subject to increase or decrease depending on achievement of certain specified financial targets. The determination of Mr. Bender's actual 2004 IPP payment depended upon both the Company's ability to meet targeted consolidated net revenue, net income and cash flow levels and on the Committee's discretion. Based solely on the Company's financial performance, Mr. Bender was entitled to receive a bonus of \$145,749. An additional \$288,751 was awarded to Mr. Bender by the Committee under the discretionary component of the 2004 IPP based on its belief that Mr. Bender's performance in fiscal 2004 contributed to the overall growth and improvement in each of the Company's operations. In making this determination, the Committee noted that in 2004, the Company continued the consistent performance it has delivered to stockholders since Mr. Bender was elected Chief Executive Officer in 1995. The Committee also cited the significant increases in revenue, earnings per share and cash flow growth during 2004 and Mr. Bender's role in the successful acquisition of Ocular Sciences, Inc. which closed in January 2005.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department, certain limited exemptions to Section 162(m) apply with respect to qualified performance-based compensation. The Company's 2001 LTIP was designed to assure that any compensation deemed paid in connection with the exercise of stock options granted under that plan will qualify as performance-based compensation. The Committee intends that awards made under the 2001 LTIP will be eligible for the performance-based exception, and eligible as a federal income tax deduction for the Company.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of three directors, all of whom have been determined to be independent by the Board as defined by the NYSE and the SEC. The Committee operates under a written charter adopted by the Board of Directors. A copy of the Committee's charter is available on the Company's website at <http://www.coopercos.com> or to any stockholder otherwise requesting a copy.

The members of the Audit Committee (the "Committee") are Messrs. Rosenberg (Chairman) and Kalkstein, and Dr. Zinberg. The Board has determined that all members of the Committee are financially literate as required by the NYSE. The Board has also determined that Mr. Rosenberg is an audit committee financial expert as defined by the SEC.

The primary function of the Audit Committee is to provide advice with respect to the Company's financial matters and to assist the Board of Directors in fulfilling its oversight responsibilities regarding (i) the quality and integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications and independence of the independent accounting firm serving as auditors of the Company and (iv) the performance of the Company's internal audit function and the independent auditors. The Audit Committee's primary duties and responsibilities relate to:

- a. maintenance by management of the reliability and integrity of the accounting policies and financial reporting and financial disclosure practices of the Company;
- b. establishment and maintenance by management of processes to assure that an adequate system of internal controls is functioning within the Company; and
- c. retention and termination of the independent auditors.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee maintains policies and procedures for the pre-approval of work performed by the independent auditors. Under the Committee's charter, all auditor engagements must be approved in advance by the Audit Committee. All engagements with fees estimates above \$150,000 shall require consideration and approval by the full Audit Committee. The Chair of the Audit Committee shall have and may exercise authority to approve all engagements on behalf of the Audit Committee where the fees are estimated to be below \$150,000. Management recommendations will be considered in connection with such engagements, but management will have no authority to approve engagements.

The Audit Committee held twelve meetings during fiscal 2004, including regular meetings in conjunction with the close of each fiscal quarter during which the Audit Committee reviewed and discussed the Company's financial statements with management and KPMG LLP ("KPMG"), its independent auditors.

The Audit Committee reviewed and discussed the audited financial statements of the Company for the fiscal year ended October 31, 2004 with the Company's management, and management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee discussed with KPMG matters required to

Edgar Filing: COOPER COMPANIES INC - Form DEF 14A

be discussed by Statement on Auditing Standards (SAS) No. 61 (Communication with Audit Committees) as amended by SAS No. 91.

The Audit Committee received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), and the Audit Committee discussed with KPMG their independence from the Company. It considered the

non-audit services provided by KPMG and determined that the services provided are compatible with maintaining KPMG's independence. The Audit Committee approved 100% of all audit, audit related, tax and other services provided by KPMG for the fiscal year ended October 31, 2004. The total fees paid to KPMG for the last two fiscal years are as follows:

	Fiscal Year Ended	Fiscal Year Ended
	October 31, 2004	October 31, 2003
	<u> </u>	<u> </u>
Audit Fees	\$ 1,066,500	\$ 873,400
Audit Related Fees: Professional services rendered for employee benefit plan audits, accounting assistance in connection with acquisitions and consultations related to financial accounting and reporting standards	\$ 63,800	\$ 58,900
Tax Fees	\$ 273,400	\$ 3,290,400(1)
All Other Fees: Professional services rendered for corporate secretarial support	\$ 0	\$ 0

(1) Includes \$270,000 in fees for strategic tax planning services.

Based on the Audit Committee's discussions with management and the independent auditors, the Audit Committee's review of the representation of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended October 31, 2004 for filing with the SEC.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF AUDITORS

The Audit Committee of the Board of Directors has retained the firm of KPMG LLP, independent certified public accountants, to audit and opine upon the consolidated financial statements of the Company for the fiscal year ending October 31, 2005, such appointment to continue at the pleasure of the Audit Committee and to be presented to the stockholders for ratification. KPMG LLP has served as auditors of the Company since the Company's incorporation in 1980. The stockholders are asked to ratify such appointment.

The Board of Directors expects that one or more representatives of KPMG LLP will be present at the Annual Meeting and will be provided an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Board of Directors unanimously recommends a vote FOR the ratification of KPMG LLP as the Company's independent certified public accountants.

Ratification of KPMG LLP as the Company's independent certified public accountants requires the affirmative vote of the majority of the outstanding shares of common stock, present in person or by proxy, and entitled to vote on this matter at the Annual Meeting.

PROPOSAL 3 AMENDMENT OF AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

General:

The Board recommends that the stockholders approve an amendment to Article IV(a) of the Amended and Restated Certificate of Incorporation, which authorizes an increase from 70,000,000 to 120,000,000 in the number of shares of common stock that the Company may issue.

Purpose:

The Board of Directors believes that it is in the best interests of the Company and its stockholders to have additional common stock authorized which would be available for issuance for general corporate purposes, including raising capital to support business expansion, stock splits, stock dividends, acquisitions or other developments which might make stock issuance desirable. For example, the Company believes that stock splits or stock dividends broaden the market for, and the liquidity of, the Company's common stock.

On January 6, 2005 the Company acquired Ocular, pursuant to which 10,671,458 shares were issued. As a result, the Company has 43,903,119 shares of common stock outstanding as of the record date for the Annual Meeting, in addition to 5,278,117 reserved for issuance pursuant to the Company's stock option plans and 2,589,812 shares reserved for issuance in connection with the convertible debentures issued in June 2003, leaving 18,228,952 authorized shares (including 496,035 treasury shares) available for issuance. If authorization of an increase in the common stock is postponed until a specific need arises, the delay and expense incident to obtaining approval of the stockholders at that time could impair

Edgar Filing: COOPER COMPANIES INC - Form DEF 14A

the Company's ability to meet its objectives. The Company does not now have any agreement, understanding, arrangement or commitment which would result in the issuance of any of the additional shares to be authorized and no assurance can be given at this time that additional shares will, or as to the circumstances under which such shares might, in fact be issued. No further action or authorization by the stockholders would be necessary prior to the issuance of the additional shares unless applicable laws or regulations or the rules of any stock exchange on which the Company's securities may then be listed requires such approval.

The holders of any of the additional shares of common stock issued in the future would have the same rights and privileges as the holders of the shares of common stock currently authorized and outstanding. Those rights do not include preemptive rights with respect to the future issuance of any additional shares.

As stated above, the Company has no immediate plans, arrangements, commitments, or understanding with respect to the issuance of any additional shares of common stock authorized by the proposed amendment. However, the increased authorized shares could be used to make a takeover attempt more difficult by using the shares to make a counter-offer for the shares of a bidder or by selling shares to dilute the voting power of the bidder. As of this date, the Board is unaware of any effort to accumulate the Company's shares or to obtain control of the Company by means of a merger, tender offer, solicitation in opposition to management, or otherwise.

Text of Amendment:

The amendment authorizing the increase in the authorized shares of common stock will amend Article IV(a) of the Company's Amended and Restated Certificate of Incorporation. If the amendment is approved, Article IV(a) will read in its entirety as follows:

(a) Number of Shares. The total number of shares of all classes of stock which the Corporation shall have authority to issue is 121,000,000 consisting of (i) 120,000,000 shares of common stock ("common stock"), each share having a par value of \$.10 and (ii) 1,000,000 shares of Preferred Stock ("Preferred Stock"), each share having a par value of \$.10.

Board Recommendation and Vote Required for Approval:

Amendment of the Amended and Restated Certificate of Incorporation requires the affirmative vote of the majority of the outstanding shares of common stock.

The Board of Directors unanimously recommends a vote FOR amending the Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock.

OTHER MATTERS

The Board of Directors of the Company knows of no other matters to be presented at the Annual Meeting, but if any such matters properly come before the Annual Meeting, it is intended that the persons holding the accompanying proxy will vote in accordance with their best judgment.

RECOMMENDATIONS

The Board of Directors of the Company unanimously recommends that the stockholders vote FOR the election of the nominees for director named in this Proxy Statement and FOR ratification of the appointment of KPMG LLP as independent certified public accountants of the Company for fiscal 2005 and FOR amending the Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock.

STOCKHOLDER NOMINATIONS AND PROPOSALS

Stockholder proposals for inclusion in the proxy materials for the 2006 Annual Meeting of Stockholders pursuant to Rule 19a-8 under the Securities Exchange Act of 1939, as amended, must be received at the Company's principal executive offices on or before October 12, 2005. The Nominating Committee or, if none exists, the Board of Directors will consider suggestions from stockholders for nominees for election as directors at the 2006 Annual Meeting of Stockholders. For a stockholder to nominate any person for election as a director at the 2006 Annual Meeting of Stockholders the person making such nomination must be a stockholder entitled to vote and such nomination must be made pursuant to timely notice. The Company's By-laws provide that stockholders desiring to nominate a director or bring any other business before the stockholders at the 2006 Annual Meeting of Stockholders must notify the Secretary of the Company in writing not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to March 22, 2006 (or, if the date of the 2006 annual meeting is more than 30 days before or more than 70 days after March 22, 2006, notice by the stockholder must be so delivered not earlier than the close of business on the 120th day prior to the meeting and not later than the close of business on the later of the 90th day prior to the meeting or the 10th day following the date on which public disclosure of the date of the meeting is first made by the Company) and, with respect to nominations for directors, if the number of directors to be elected at the 2006 Annual Meeting of Stockholders is increased and there is no public announcement by the Company naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to March 22, 2006, notice will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the Secretary at the principal executive offices of the Company not later than the close of business on the 10th day following the day on which such public announcement is first made by the Company. Such notice must set forth certain information specified in the Company's By-laws.
