PROXY STATEMENT

Mailing Date: On or about March 25, 2005

ANNUAL MEETING OF SHAREHOLDERS

To Be Held

April 26, 2005

General

This Proxy Statement is furnished in connection with the solicitation of the enclosed appointment of proxy by the Board of Directors of American Community Bancshares, Inc. (the Company) for the 2005 Annual Meeting of Shareholders of the Company (the Annual Meeting) to be held at American Community Bank, 2593 West Roosevelt Boulevard, Monroe, North Carolina, at 1:00 p.m. on April 26, 2005, and any adjournments thereof.

Solicitation and Voting of Appointments of Proxy; Revocation

Persons named in the appointment of proxy as proxies to represent shareholders at the Annual Meeting are Larry S. Helms, L. Steven Phillips, and Alison J. Smith. Shares represented by each appointment of proxy, which is properly executed and returned and not revoked, will be voted in accordance with the directions contained in the appointment of proxy. If no directions are given, each such appointment of proxy will be voted **FOR** the election of each of the nominees for director named in Proposal 1 below and **FOR** Proposals 2 and 3. If, at or before the time of the Annual Meeting, any nominee named in Proposal 1 has become unavailable for any reason, the proxies will have the discretion to vote for a substitute nominee. On such other matters as may come before the meeting, the proxies will be authorized to vote shares represented by each appointment of proxy in accordance with their best judgment on such matters. An appointment of proxy may be revoked by the shareholder giving it at any time before it is exercised by filing with Dan R. Ellis, Jr., Secretary of the Company, a written instrument revoking it or a duly executed appointment of proxy bearing a later date, or by attending the Annual Meeting and announcing his or her intention to vote in person.

Expenses of Solicitation

The Company will pay the cost of preparing, assembling and mailing this Proxy Statement and other proxy solicitation expenses. In addition to the use of the mails, appointments of proxy may be solicited in person or by telephone by the Company's officers, directors and employees without additional compensation. The Company will reimburse banks, brokers and other custodians, nominees and fiduciaries for their costs in sending the proxy materials to the beneficial owners of the Company's common stock.

Record Date

The close of business on February 22, 2005 has been fixed as the record date (the Record Date) for the determination of shareholders entitled to notice of and to vote at the Annual Meeting. Only shareholders of record on that date will be eligible to vote on the proposals described herein.

Voting Securities

The voting securities of the Company are the shares of its common stock, par value \$1.00 per share, of which 9,000,000 shares are authorized and preferred stock, no par value, of which 1,000,000 shares are authorized. At December 31, 2004, there were 3,489,249 shares of common stock and no shares of preferred stock outstanding. There are approximately 2,500 holders of record of the Company's common stock.

Voting Procedures; Quorum; Votes Required for Approval

Each shareholder is entitled to one vote for each share held of record on the Record Date on each director to be elected and on each other matter submitted for voting. In accordance with North Carolina law, shareholders will not be entitled to vote cumulatively in the election of directors at the Annual Meeting.

A majority of the shares of the Company's common stock issued and outstanding on the Record Date must be present in person or by proxy to constitute a quorum for the conduct of business at the Annual Meeting.

Assuming a quorum is present, in the case of Proposal 1 below, the six directors receiving the greatest number of votes shall be elected.

In the case of Proposal 2 below, for such proposal to be approved, the number of votes cast for approval must constitute a majority (over 50%) of the shares entitled to vote on such proposal. Abstentions and broker non-votes will have the same effect as a vote against the proposal.

In the case of Proposal 3 below, for such proposal to be approved, the number of votes cast for approval must exceed the number of votes cast against the proposal. Abstentions and broker non-votes will have no effect.

Authorization to Vote on Adjournment and Other Matters

Unless the Secretary of the Company is instructed otherwise, by signing an appointment of proxy, shareholders will be authorizing the proxyholders to vote in their discretion regarding any procedural motions which may come before the Annual Meeting. For example, this authority could be used to adjourn the Annual Meeting if the Company believes it is desirable to do so. Adjournment or other procedural matters could be used to obtain more time before a vote is taken in order to solicit additional proxies to establish a quorum or to provide additional information to shareholders. However, proxies voted against any of the Proposals will not be used to adjourn the Annual Meeting. The Company does not have any plans to adjourn the meeting at this time, but intends to do so, if needed, to promote shareholder interests.

401(k) Savings Plan

In 1999, the Bank adopted a tax-qualified plan (the Savings Plan) which covers all current and full-time employees and any new full-time employees who have been employed for twelve months and who have attained the age of twenty-one. Under the Savings Plan, a participating employee may contribute up to 20% of his or her base salary (up to the maximum allowed by law) on a tax-deferred basis through salary reduction as permitted under the Section 401(k) of the Internal Revenue Code of 1986, as amended (the Code). The Bank is permitted to make contributions equal to 50% of the employees' contributions up to a maximum of 3% of employee compensation. The employer contributions vest completely after six years of service. The Bank may make additional discretionary contributions that also vest completely after six years of service with the Bank. The value of a participant's accounts under the Savings Plan becomes payable to him or her according to the vesting schedule upon retirement, total or permanent disability or termination of employment for any other reason, or becomes payable to a designated beneficiary upon a participant's death. The Savings Plan also contains provisions for withdrawals in the event of certain hardships. A participant's contributions, matching contributions and discretionary contributions of the Bank, and any income accrued on such contributions, are not subject to federal or state taxes until such time as the participant withdraws them.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is now, or formerly was, an officer or employee of either of the Company, the Bank or First National Bank of the Carolinas. Mr. Helton makes recommendations to the Committee regarding compensation of the executive officers. Mr. Helton participates in the deliberations, but not the decisions, of the Committee regarding compensation of executive officers other than himself. He does not participate in the Committee's discussions or decisions regarding his own compensation.

Report of the Compensation Committee

The Compensation Committee meets on a regular basis to review the salaries and compensation programs required to attract and retain the Company's executive officers. While the Committee makes recommendations to the Board of Directors regarding the compensation of the executive officers, the Board of Directors ultimately determines such compensation. The salary of each of the Company's executive officers is determined based upon the executive officer's experience, managerial effectiveness, contribution to the Company's overall profitability, maintenance of regulatory compliance standards and professional leadership. The Committee also considers the compensation of the Company's executive officers in light of compensation paid to executives of similarly situated bank holding companies, other businesses in the Company's market area and appropriate state salary data. In establishing the compensation of Mr. Helton during the fiscal year ended December 31, 2004, the Committee considered Mr. Helton's strong leadership, merger integration, corporate profitability, significant asset growth and the successful implementation of our corporate strategic plan with new branch offices in development. All executive officers of the Company, including Mr. Helton, are eligible to receive discretionary bonuses declared by the Board of Directors. The amount of such bonuses and incentive payments is based upon the Company's budget and the attainment of corporate goals and objectives. Finally, the interests of the Company's executive officers are aligned with that of its

shareholders through the use of equity-based compensation, specifically the grant of stock options with exercise prices established at the fair market value of the Company's common stock at the time of grant.

This report is submitted by the Compensation Committee: Frank L. Gentry-Chairman, Robert G. Dinsmore, Jr., Thomas J. Hall, Larry S. Helms, Bill H. Mason, L. Steven Phillips, Alison J. Smith, David D. Whitley and Gregory N. Wylie.

Performance Graph

The following graph compares (i) the yearly change in the cumulative total stockholder return on the Company's common stock with (ii) the cumulative return of the Nasdaq Composite, and (iii) the Nasdaq Bank Stock Index. The graph assumes that the value of an investment in the Company's common stock and in each index was \$100 on December 31, 1999, and that all dividends were reinvested. The performance shown in the graph represents past performance and should not be considered an indication of future performance.

Total Return Performance

Indebtedness of and Transactions with Management

The Company has had, and expects to have in the future, banking transactions in the ordinary course of business with certain of its current directors, nominees for director, executive officers and their associates. All loans included in such transactions were made on substantially the same terms, including interest rates, repayment terms and collateral, as those prevailing at the time such loans were made for comparable transactions with other persons, and do not involve more than the normal risk of collectibility or present other unfavorable features.

Loans made by either American Community Bank or First National Bank of the Carolinas to directors and executive officers are subject to the requirements of Regulation O of the Board of Governors of the Federal Reserve System. Regulation O requires, among other things, prior approval of the Board of Directors with any interested director not participating, dollar limitations on amounts of certain loans and prohibits any favorable treatment being extended to any director or executive officer in any of the banks' lending matters. To the best knowledge of the management of the Company and the banks, Regulation O has been complied with in its entirety.

American Community Bank leases the premises of its main office from Carlton Tyson. The terms of the lease have been appraised by an independent third party to ensure that it is no less favorable to the Bank than would be available from an independent lessor. The Bank paid made lease payments totaling \$259,473 during 2004.

PROPOSAL 2: APPROVAL OF AMENDMENT TO

AMERICAN COMMUNITY BANCSHARES, INC.

2001 INCENTIVE STOCK OPTION PLAN

On March 15, 2005, the Board approved an amendment to the Company's 2001 Incentive Stock Option Plan, subject to shareholder approval, to increase the shares available under the Incentive Stock Option Plan. The amendment, which will aid the Company in attracting and retaining the personnel necessary for its continued growth, provides that an aggregate of 50,000 shares will be added to the 90,200 shares originally reserved for issuance by the Company upon exercise of stock options granted from time to time under the Incentive Stock Option Plan. Options granted under the Incentive Stock Option Plan are intended to qualify as incentive stock options within the meaning of Section 422A of the Internal Revenue Code (the Code). Under the Code, options are afforded favorable tax treatment to recipients upon compliance with certain restrictions but do not result in tax deductions to the Company. The purpose of the Incentive Stock Option Plan is to increase the performance incentive for employees of the Company, to encourage the continued employment of current employees and to attract new employees by facilitating their purchase of a stock interest in the Company.

The Incentive Stock Option Plan is administered by the Compensation Committee of the Board. No member of the Board who is not also an officer of the Company or American Community Bank is eligible to receive options under the Incentive Stock Option Plan. Employees of the Company and American Community Bank are eligible to receive options under the Incentive Stock Option Plan at no cost to them other than the option exercise price. Any options granted under the Incentive Stock Option Plan are subject to a vesting schedule, whereby 20% of the options vest on each anniversary of the date of grant until all options are vested. Generally, the exercise price for options granted pursuant to the Incentive Stock Option Plan may not be less than 100% of the fair market value of the shares on the date of grant. No option will be exercisable more than ten years after the date that it is granted. In accordance with Internal Revenue Service regulations, in the case of an employee who owns more than 10% of the outstanding shares of common stock of the Company at the time the stock option is granted, the option price may not be less than 110% of the fair market value of the shares on the date of the grant, and the option shall not be exercisable more than five years from the date it is granted. The optionee cannot transfer or assign any option other than by will or in accordance with the laws of descent and distribution. In the event the optionee is discharged for cause or voluntary separation on the part of an optionee (but not separation due to retirement or disability) the options will immediately terminate. In the event of an optionee's retirement, the options will continue to be exercisable for three months following retirement. In the event an optionee becomes disabled or dies, the options will continue to be exercisable for twelve months following the date of the disability or death. Common stock subject to options, which expire or terminate prior to the exercise of the options, shall lapse and such shares shall again be available for future grants under the Incentive Stock Option Plan.

The Company receives no monetary consideration at the time of granting the stock options. The consideration, if any, which the Company receives from the granting of such stock options is the further dedication of its employees in the performance of their responsibilities, duties, and functions on behalf of the Company. Upon exercise of options, the Company will receive payment of cash or stock from the optionee in exchange for shares issued.

Subject to alternative minimum tax rules under the Code, a recipient of a stock option under the Incentive Stock Option Plan will not be taxed upon either the grant of the option or on the date he or she exercises such option. Unless subject to the alternative minimum tax, a recipient will be taxed only upon the sale of the stock underlying the option and will be taxed on the difference between the option price and the sales price of the stock. The taxable amount will be treated as capital gain. If the incentive option requirements are satisfied, the Company will receive no corresponding deduction for any portion of the stock option.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR PROPOSAL 2 APPROVING AN AMENDMENT TO THE COMPANY'S 2001 INCENTIVE STOCK OPTION PLAN.

The Committee shall periodically discuss with the independent auditors whether all material correcting adjustments identified by the independent auditors in accordance with GAAP and applicable SEC rules are reflected in the Company's financial statements.

The Committee shall review with management and the independent auditors any material financial or other arrangements of the Company which are not reflected in the Company's financial statements and any transactions or courses of dealing with third parties that are significant in size or involve terms or other aspects that differ from those that typically would be negotiated with independent parties, and which arrangements or transactions are relevant to an understanding of the Company's financial statements.

All relationships between the independent auditors and the Company.

The Committee shall evaluate the qualifications, performance and independence of the independent auditors, including considering whether the independent auditors' quality controls are adequate and the provision of permissible non-audit services is compatible with maintaining the independent auditors' independence, while taking into account the opinions of the Company's management and internal auditors. The Committee shall present its conclusions to the Board and, if so determined by the Committee, recommend that the Board take additional action to satisfy itself of the qualifications, performance and independence of the independent auditors.
