*2006 Variable Compensation Plan*

On January 26, 2006, the Board of Directors (the *Board*) of Teradyne, Inc. (the *Company*) approved the Variable Compensation Plan for 2006 (the *2006 VC Plan*). Pursuant to the 2006 VC Plan, executive officers and certain eligible senior employees (each, a *VC Participant*) who are integral to the success of the business may receive a variable compensation payment from the Company as determined and approved by the Compensation Committee of the Board (or the full Board in the case of the CEO). The amount of variable compensation, if any, payable to each VC Participant (other than VC Participants in the corporate division, the CEO, CFO and certain other executives) is based on business unit performance during the prior year, as determined by the Compensation Committee and to the CEO, CFO and certain other executive officers is based on a weighted aggregation of the business unit performances, and, in each case, is calculated as a percentage of the VC Participant's base annual salary (the *VC Factor*). The VC Factors for new VC Participants start at 10% and with greater levels of responsibility may be as high as 200%.

In evaluating individual business group performance, the Compensation Committee and the Board consider various factors, including, profitability, return on net assets, market share, strategic position, overall business strategy and quantitative vital goals.

The Board and/or Compensation Committee may at any time, in their sole discretion, further adjust, modify or terminate the 2006 VC Plan, in full or in part.

The 2006 VC Plan became effective on January 26, 2006, the date of its approval by the Board. The above description of the 2006 VC Plan is not a complete description of all terms and conditions of the 2006 VC Plan and is subject to and qualified in its entirety by the 2006 VC Plan, which is filed as Exhibit 99.1 to this Form 8-K.

*Restricted Stock Unit Grant Agreements*

In connection with the first grant of restricted stock units to executive officers and directors, the Board approved on January 26, 2006, the agreement forms for restricted stock unit grants for executive officers, including the CEO (the *Executive Grant Agreement*) and for the directors (the *Director Grant Agreement* and, together with the Executive Grant, the *Grant Agreements*). Awards under the Grant Agreements will be made pursuant to the Teradyne, Inc. 1997 Employee Stock Option Plan (the *1997 Plan*).

Under the terms of the Grant Agreements, awards to directors will vest after a one year period, with 100% of the award vesting on the first anniversary of the grant date. Awards to executive officers, including the CEO, will vest over two years, with 50% of the award subject to time-based vesting and 50% of the award subject to performance-based vesting. The performance criteria (which will be consistent with the performance criteria used for the 2006 VC Plan) for performance-based grants will be assessed on the first anniversary of the grant date and, in turn, determine the number of performance-based restricted stock units available for vesting over the two-year vesting period; portions of the performance-based grants not available for vesting will be forfeited.

Individuals receiving restricted stock unit awards will not have any right in, to or with respect to any shares covered by the award until the award is settled by issuance of shares to the individuals.

The above description of the Grant Agreements is not a complete description of all terms and conditions of the Grant Agreements and is subject to and qualified in its entirety by the forms of the Executive Grant Agreement and the Director Grant Agreement filed as Exhibits 10.1 and 10.2, respectively, to this Form 8-K.

#### *Non-Employee Director Compensation*

On January 26, 2006, the non-employee directors, including the Chairman of the Board, waived the annual automatic stock option grants that they would have received on February 6, 2006 under the 1996 Non-Employee Director Stock Option Plan (options for the purchase of 15,000 and 30,000 shares of Teradyne's common stock for the directors and the Chairman, respectively) in exchange for the restricted stock units described below.

On January 26, 2006, the Board, based on the recommendation of the Compensation Committee, approved the grant of restricted stock units that will vest over a one year period to all non-employee directors and the Chairman of the Board. Grants to directors will have a value of \$90,000 and the grant to the Chairman will

have a value of \$180,000, in each case, based on the fair market value of Teradyne's common stock on the grant date. These grants of restricted stock units will be made on February 6, 2006 under the 1997 Plan. In connection with the approval by the Board of the restricted stock unit awards, the Board also approved the terms of the Director Grant Agreement, the form of which is set forth in Exhibit 10.2 and is described above.

On January 26, 2006, the Board approved a new policy regarding director election in the form of an amendment to the Teradyne, Inc. Corporate Governance Guidelines (the Guidelines).
