Transcontinental Realty Investors, Inc. (the Company) is amending its Current Report on Form 8-K filed on January 25, 2007, to include (i) a Statement of Revenues and Direct Operating Expenses for the Park West (the Properties) acquisition for the year ended December 31, 2006 as required by Rule 3-14 of Regulation S-X of the Securities and Exchange Commission and (ii) unaudited pro forma financial statements including (a) the Company's pro forma balance sheet as of December 31, 2006, as if the acquisition of the Properties occurred on December 31, 2006, and (b) the Company's pro forma statement of operations for the year ended December 31, 2006, as if the acquisition of the Properties had occurred on January 1, 2006.

Item 2.01. Completion of Acquisition or Disposition of Assets.

On January 19, 2007, two wholly-owned subsidiaries of Transcontinental Realty Investors, Inc. (TCI or the Company), acquired four office buildings containing approximately 1,072,000 rentable square feet and a 4.7-acre tract of undeveloped land (the Properties), located in Farmers Branch, Texas, from affiliates of Brandywine Realty Trust of Radnor, Pennsylvania. The Properties are located in the Park West office park at the intersection of the LBJ Freeway and Luna Road. Two of the office buildings, known as the E-1 and E-2 buildings, contain 383,000 rentable square feet and are currently 70 percent leased. The remaining office buildings, known as the C-2 and C-3 buildings, contain 689,000 rentable square feet and are currently 86 percent leased. TCI has no material relationship with the sellers other than in respect of this transaction. The Properties were acquired for a total purchase price of \$107.1 million plus closing costs. The acquisition was partially financed with a two year, \$62 million loan from a commercial bank and a six-year, \$35 million loan from a life insurance company. Both loans accrue interest at variable rates; the combined weighted average interest rate at closing was approximately 8.15%. The loans are collateralized by the Properties and guaranteed by TCI.

Various factors were considered by the Company in determining the price to be paid for the Properties including the nature of the tenants and terms of the leases in place, opportunities for alternative and new tenancies, historical and expected cash flows, occupancy rates, current operating costs of the Properties and anticipated changes therein under different ownership, the physical condition and location of the Properties, the need for capital improvements, the anticipated effect on the Company's financial results and other factors. Capitalization rates at which TCI believed other comparable properties had recently sold were also considered. However, the Company determined the price it was willing to pay primarily on the factors discussed above relating to the Properties themselves and the fit into the Company's existing operations. No separate independent appraisal was obtained by the Company in connection with this acquisition.

The Properties are located at the primary entrance to Mercer Crossing, a development project substantially owned by the Company, comprised of existing residential and commercial property and 1,200 acres of undeveloped land. Prior to the acquisition, TCI owned the easternmost building in the Park West Development. The acquisition completes the ownership of the Park West development and is a key component in TCI's investment strategy for Mercer Crossing.

Item 9.01. Financial Statements and Exhibits

The following financial statements and pro forma financial information are filed as part of this report.

(a) Financial Statements of Real Estate Acquired:

Statement of Revenues and Direct Operating Expenses of the Park West acquisition for the year ended December 31, 2006.

(b) Pro Forma Financial Statements:

The unaudited pro forma financial statements set forth (i) the pro forma balance sheet as of December 31, 2006, as if the acquisition had occurred on December 31, 2006, and (ii) the pro forma statement of operations for the year ended December 31, 2006, as if the acquisition had occurred on January 1, 2006. The pro forma financial statements are based upon assumptions contained in the notes thereto and should be read in conjunction with such notes.

The unaudited pro forma financial statements may not necessarily reflect the results of operations or financial position of the Company which would have actually resulted had the acquisition occurred as of the date and for the periods indicated, nor should they be taken as indicative of the future results of operations or the future financial position of the Company. Differences would result from various factors, including but not limited to changes in occupancy, rental rates and rental expenses.
