**FORM 8-A****INFORMATION REQUIRED IN REGISTRATION STATEMENT****Item 1. Description of Registrant's Securities to be Registered.**

As of July 9, 2007, Spark Networks, Inc. adopted a stockholder rights plan (the "Rights Plan"). Under the Rights Plan, Spark Networks, Inc. will issue a right for each share of common stock outstanding as of July 9, 2007. The rights themselves are evidenced by ownership of common stock, and they may not be traded separately from the shares of common stock.

The rights are not exercisable except upon the occurrence of certain takeover-related events – most importantly, the acquisition by a third party (the "Acquiring Person") of more than 30% of outstanding voting shares of Spark Networks, Inc. if the Acquiring Person has not concurrently made a tender offer to acquire all outstanding shares of common stock. The tender offer also needs to meet certain conditions, including, (i) all-cash consideration, (ii) price protection in the event the Acquiring Person acquires additional shares at a higher price after the commencement of the tender offer, (iii) the lack of financing, due diligence or other conditions, (iv) delivery of a fairness opinion, (v) allowing stockholders sufficient time to consider the tender offer and (vi) promptly acquiring all shares of common stock tendered after the expiration of the offer period.

Once triggered, the rights would entitle the stockholders, other than the Acquiring Person, to purchase additional Common Shares at a 50% discount to their fair market value. If Spark Networks, Inc. remained a publicly-traded company, the Common Shares purchased upon exercise of the rights would be additional shares of Spark (a "flip-in"). If Spark Networks, Inc. were acquired by another company (by a merger into or with a subsidiary of, an acquirer, for example), the rights could be exercised to purchase stock of the surviving corporation or its parent (a "flip over"). Accordingly, the effect of triggering the rights is to expose the Acquiring Person to severe dilution of its ownership interest, as the shares of Spark (or any surviving corporation) are offered to all of the stockholders other than the Acquiring Person at a steep discount to their market value.

The rights issued under the Rights Plan may be redeemed by the board of directors at a nominal redemption price of \$0.001 per right, and the board of directors may amend the rights in any respect until the rights are triggered. After the rights are triggered, they may not be amended in any manner adverse to the rights of the holders. The Rights Plan has a 10-year term.
