In calculating this amount, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that particular holder's notes, 0.5% Convertible Subordinated Notes due 2008 and 1.0% Convertible Subordinated Notes due 2010. However, we did not assume the conversion of any other holder's notes, 0.5% Convertible Subordinated Notes or 1.0% Convertible Subordinated Notes.
- (3) The selling securityholder has indicated that Vincent Roche, Portfolio Manager, has voting and investment control over the notes and common stock issuable upon conversion of the notes held by Gabelli Capital Structure Arbitrage Master, Ltd. The selling securityholder has represented that it is an affiliate of a registered broker-dealer, Gabelli & Co., and that its adviser, Gabelli Securities, Inc. is an SEC reporting company. The selling securityholder has indicated that it has acquired its securities in the ordinary course of business and, at the time of the acquisition of the securities, it has no agreement or understanding, directly or indirectly with any person to distribute the securities.

We prepared this prospectus supplement based on the information supplied to us by the selling securityholder named in the table. The information provided in this prospectus supplement is current as of October 29, 2007.

The selling securityholders listed above and in the prospectus may have sold or transferred some or all of their notes or the underlying common stock since the date on which they provided us with information regarding their notes and common stock, and we have not made any independent inquiries as to the foregoing. Information about selling securityholders may change over time. Because the selling securityholders listed above and in the prospectus may offer all or some of their notes or the underlying common stock from time to time, we cannot estimate the amount of the notes or underlying common stock that will be held by the selling securityholders upon the termination of any particular offering. See "Plan of Distribution" in the prospectus.
