ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Governance

Our compensation program is overseen by the Compensation Committee. The primary purpose of the Compensation Committee is to act on behalf of our Board of Directors in overseeing our compensation policies, plans and programs and determining the compensation to be paid to our executive officers. The Compensation Committee charter describes in greater detail the full responsibilities of the Compensation Committee and is available on our website at <http://www.charlotterusse.com>. The members of the Compensation Committee are currently Messrs. Blitzer, Del Rossi and Kleinberger, with Mr. Del Rossi serving as Chairman of the Compensation Committee. The Board has determined that all members of the Compensation Committee are independent within the meaning of applicable NASDAQ listing standards.

Overall Compensation Philosophy

We are engaged in the highly competitive retail industry. To compete and succeed in our business, we believe it is critical that we are able to attract, motivate and retain highly qualified executives. The primary goal of our compensation program has been to align the interests of our executive officers with the interests of our stockholders. Our compensation program is designed to tie total compensation to performance that enhances stockholder value and provides both rewards for outstanding company performance and clear financial implications for underperformance. We have strived to apply a consistent philosophy for all executive officers. The Compensation Committee is guided by the following general principles:

align the goals of our executive officers with the goals of our stockholders by creating and enhancing stockholder value through the accomplishment of corporate performance goals and by providing executive officers with long-term incentives through equity ownership;

provide total compensation that enables us to compete with similarly-sized companies in the retail apparel industry in order to attract and retain high-caliber candidates on a long-term basis; and

align compensation with our short-term and long-term corporate objectives and strategy, focusing executive officer behavior on the fulfillment of those objectives.

In fiscal 2007, the Compensation Committee and the Board of Directors conducted an extensive review and analysis of our senior management compensation program. We engaged ECG Advisors, or ECG, a national executive compensation and governance consulting firm, to assist in the review of our compensation practices. ECG's input encompassed all elements of compensation and served as a factor in the Compensation Committee's decision to recommend the program to our Board of Directors. ECG has provided no other services to Charlotte Russe and has no other relationship or engagements with Charlotte Russe or any member of our Board of Directors.

As a result of this review, in December 2007 our Board of Directors adopted the Charlotte Russe Holding, Inc. Executive Officer Compensation Program, or the Program, effective for fiscal 2008 and thereafter, and the Charlotte Russe Holding, Inc. Executive Performance-Based Incentive Plan, or the Performance Plan, under which the Program is carried out. The purpose of the Program is to implement the compensation philosophy as outlined below. The Program is focused on pay for performance and accountability. It provides specific targets for annual base salaries for our executive officers and provides specific incentive payments for different levels of performance. The Program specifically was designed around the following criteria:

attract, motivate and retain a talented executive team to continually maximize stockholder value;

align interests of executives with those of stockholders;

target salaries at the median of the pay market; and

provide above-market incentive payments for above-market performance.

The Compensation Committee identifies a peer group for each fiscal year in order to measure our compensation practices against market. The relative position of Charlotte Russe in terms of annual revenues to the peer group is an important factor in setting the salary levels and incentive pay programs for our executive officers. Each fiscal year, the Compensation Committee examines each element of executive compensation to determine if the criteria set for each element and the mix of the elements are consistent with competitive norms for a company of our size and complexity in our industry. For fiscal 2008 and 2009, the Compensation Committee identified an 11-company peer group consisting of Aeropostale,

Table of Contents

bebe, Buckle, Guess?, Hot Topic, J. Crew, Pacific Sunwear, Skechers, Tween Brands, Urban Outfitters and Wet Seal. The Compensation Committee also reviews our Chief Executive Officer's compensation relative to the compensation of our President and Chief Marketing Officer, Chief Operating Officer and executive vice presidents to determine if we are consistent with competitive norms.

In November 2008 in connection with the hiring of Mr. Goodman, Ms. Fabricant and Mr. Silny, we engaged Watson Wyatt Worldwide, or Watson Wyatt, a global consulting firm that specializes in the four areas of employee benefits, human capital strategies, technology solutions and insurance and financial services, and Frederic W. Cook & Co., Inc., or Frederic W. Cook, a national compensation consulting firm, to assist us in establishing compensation packages consistent with the Program, our peer group and our overall compensation philosophy. Watson Wyatt and Frederic W. Cook have provided no other services to Charlotte Russe and have no other relationship or engagements with Charlotte Russe or any member of our Board of Directors.

The Program was amended in August 2008 in connection with the promotions of Mr. Wong and Ms. Tillett, and again in November 2008 in connection with the hiring of Mr. Goodman, Ms. Fabricant and Mr. Silny. The discussion below outlines our current compensation practices pursuant to the Program, as amended.

Elements of Executive Compensation

Pursuant to the Program, our compensation structure for executive officers consists of a combination of cash compensation (base salary and annual incentive bonus) and equity compensation (stock options and restricted stock grants). Executive officers are also entitled to participate in benefit plans generally available to all full-time employees.

Cash Compensation Base Salary. Base salary is intended to help attract and retain employees by providing a portion of compensation that is not at risk. As a general matter, we establish an initial base salary for each executive officer through negotiation at the time the executive officer is hired, taking into account the executive officer's qualifications and experience. Our philosophy under the Program is to target salaries at the median of the pay market. We utilize independent compensation survey data for comparable companies in the retail apparel industry, as discussed above.

The base salaries of executives have historically been reviewed annually at various times of the year. All executive officers' base salaries are approved by the Board of Directors or the Compensation Committee on an annual basis at or near the beginning of each fiscal year and are effective as of the first day of the applicable fiscal year. As warranted, salaries are adjusted to reflect prevailing salary practices as determined through analysis of independent compensation survey data for comparable companies in the retail apparel industry as discussed above, as well as an individual's performance against objectives and his or her anticipated contribution to the overall future success of the company. Upon hire of new executives or promotion of existing executives, salaries are set or adjusted using the same methodologies described above.

In September 2007, the fiscal 2008 salaries of certain executives were increased. The base salaries for Mark A. Hoffman, our former President and Chief Executive Officer, Patricia K. Johnson, our former Executive Vice President, Chief Financial Officer and Treasurer, Patricia A. Shields, our former Executive Vice President, General Merchandise Manager, and Mr. Wong were increased from \$700,000, \$400,000, \$400,000 and \$350,000 to \$735,000, \$405,000, \$405,000 and \$355,000, respectively. The salary increases were based upon a number of criteria, including our performance in fiscal 2007 and the guidelines in the Program. In July 2008, Mr. Hoffman retired as our President and Chief Executive Officer and director. In connection with Mr. Hoffman's retirement, Mr. Mogil was appointed as our Interim Chief Executive Officer and Mr. Mogil's base salary was set at \$780,000. In August 2008, we increased Mr. Wong's base salary to \$500,000 in connection with his promotion to our Chief Operating Officer, and we increased Ms. Tillett's base salary to \$350,000 in connection with her promotion to our Executive Vice President, Store Operations. Also in August 2008, Ms. Johnson and Ms. Shields resigned as our Executive Vice President, Chief Financial Officer and Treasurer and Executive Vice President, General Merchandise Manager, respectively. In connection with Ms. Johnson's resignation, Mr. Mogil was appointed as our Interim Chief Financial Officer, in addition to his position as Interim Chief Executive Officer. Fiscal 2008 base salary information for our named executive officers is detailed in the Summary Compensation Table.

In November 2008, in connection with the hiring of Mr. Goodman as our Chief Executive Officer, Ms. Fabricant as our President and Chief Merchandising Officer and Mr. Silny as our Executive Vice President, Chief Financial Officer, Treasurer and Corporate Secretary, we approved fiscal 2009 base salaries for Mr. Goodman, Ms. Fabricant and Mr. Silny of \$900,000, \$600,000 and \$400,000, respectively. Fiscal 2009 base salaries for Mr. Wong and Ms. Tillett were not increased in

Table of Contents

November 2008 due to the increases in base salary each received in connection with their respective promotions in August 2008. Concurrent with Mr. Goodman's appointment as our Chief Executive Officer and Mr. Silny's appointment as our Executive Vice President, Chief Financial Officer, Treasurer and Corporate Secretary, Mr. Mogil ceased serving as our Interim Chief Executive Officer and Chief Financial Officer, respectively.

Cash Compensation Annual Incentive Bonus. We design our annual incentive bonuses to make a significant portion of our executive officer's compensation at risk, to align the goals of our executive officers with the goals of our stockholders and to attract high-caliber executives. We may award annual incentive bonuses equal to a percentage of base salary to motivate and reward executive officers based upon our achievement of corporate performance goals. Corporate performance goals are established annually by the Compensation Committee and reflect high priority corporate objectives. Our Chief Executive Officer recommends to the Compensation Committee which executive officers will be eligible for an annual incentive bonus. We believe using corporate performance goals to determine annual incentive bonuses establishes a direct link between executive officer compensation and our corporate performance.

Pursuant to the Program, annual incentive bonuses for each fiscal year are approved by the Board or the Compensation Committee on an annual basis following the completion of such fiscal year and are calculated as a percentage of each executive officer's base salary for such fiscal year.

For each fiscal year, 70% of the annual incentive bonus is a financial component based upon our achievement of operating income goals approved by the Board or the Compensation Committee, in their sole discretion, at the beginning of such fiscal year that correspond to minimum, midpoint and maximum percentages of each executive officer's base salary established by the Board or Compensation Committee, in their sole discretion. The financial component is determined by multiplying 70% of the executive officer's base salary by the applicable percentage of base salary that corresponds to the operating income goal achieved. Notwithstanding the foregoing, no financial component is paid if the operating income goal for the minimum percentage of base salary is not achieved.

For each fiscal year, 30% of the annual incentive bonus is based upon the achievement of non-financial corporate and individual performance goals for the subject fiscal year approved by the Board or the Compensation Committee, in their sole discretion, at the beginning of such fiscal year. The Board or the Compensation Committee also approves a floor operating income goal for such fiscal year that must be achieved as a condition to any non-financial bonus component being paid.

The non-financial bonus component is determined by multiplying 30% of the executive officer's base salary by (i) the applicable percentage of base salary that corresponds to the operating income goal achieved (provided that the minimum percentage of base salary is used in the event the operating income goal achieved is equal to or greater than the floor operating income goal and equal to or less than the minimum percentage of base salary operating income goal) and (ii) the percentage of the non-financial corporate and individual performance goals actually achieved, as determined by the Board or the Compensation Committee, in their sole discretion. No non-financial bonus component is paid if the floor operating income goal is not achieved.

Mr. Wong and Ms. Tillett were the only executive officers participating in the annual incentive component of the Program as of the end of fiscal 2008, and their minimum, midpoint and maximum percentages of base salary under the Program for fiscal 2008 are set forth below. Although Mr. Mogil was one of our named executive officers for fiscal 2008, due to the interim nature of his employment, his compensation as an interim executive officer was governed by a separate employment agreement and he was not a participant in the Program. His compensation is detailed in the Summary Compensation Table.

Name	Percentage of Base Salary		
	Minimum	Midpoint	Maximum
Edward Wong	25%	50%	80%
Sandra Tillett	20%	30%	45%

In August 2008, the Board approved, as a retention mechanism, the guaranteed payment of fiscal 2008 annual incentive bonuses to Mr. Wong and Ms. Tillett at the minimum percentage of base salary set forth above. Also in August 2008 in connection with his promotion to our Chief Operating Officer and in addition to any annual incentive bonuses paid to Mr. Wong pursuant to the Program, the Board approved an immediate cash bonus to Mr. Wong of \$40,000, and additional cash bonuses of \$75,000 to be paid to Mr. Wong on November 30, 2008 and July 31, 2009, subject to Mr. Wong being

employed by us on such dates. Following fiscal 2008, the Board reviewed the achievement of the operating income goals for fiscal 2008 discussed above and determined that the operating income goal for the minimum percentage of base salary had not been achieved. However, due to the retention mechanism discussed above, Mr. Wong and Ms. Tillett received guaranteed annual incentive bonuses of \$88,750 and \$60,000, respectively. Fiscal 2008 bonus information for our named executive officers is also detailed in the Summary Compensation Table.

In August and November 2008, in connection with the promotions of Mr. Wong and Ms. Tillett and the hire of Mr. Goodman, Ms. Fabricant and Mr. Silny, respectively, the Board established minimum, midpoint and maximum percentages of base salary under the Program for fiscal 2009, as set forth below. The percentages of base salary under the Program for fiscal 2009 reflected below for Mr. Wong and Ms. Tillett include an upward adjustment by five percentage points in recognition of Mr. Wong's and Ms. Tillett's service as our Chief Operating Officer and our Executive Vice President, Store Operations, respectively, during the portion of fiscal 2008 following their promotions.

Name	Percentage of Base Salary		
	Minimum	Midpoint	Maximum
John D. Goodman	50%	100%	150%
Emilia Fabricant	50%	75%	100%
Frederick G. Silny	35%	60%	100%
Edward Wong	40%	65%	105%
Sandra Tillett	30%	55%	85%

Equity Compensation. We provide equity compensation to our executive officers in the form of stock options, restricted stock, restricted stock units and performance share units. We use equity compensation to align the goals of our executive officers with the goals of our stockholders to create and enhance long-term stockholder value. As the exercise price per share of options we grant to our executive officers is equal to the NASDAQ closing price of our common stock on the date of grant, the options will only produce value if the price of our stock appreciates. Similarly, restricted stock, restricted stock units and performance share units increase in value as the price of our stock appreciates and in some cases are subject to the achievement of performance goals. The dependence of our equity awards on appreciating stock value and performance goals directly links the interests of our executive officers with those of stockholders.

Pursuant to the Program, the Black-Scholes value of each incumbent executive officer's total equity compensation for each fiscal year is approximately equal to a percentage of such executive officer's base salary for that fiscal year. This percentage is referred to as the Target Value and is approved by the Board or the Compensation Committee on an annual basis prior to the beginning of such fiscal year. While the Program establishes guidelines for Target Values in the form of a minimum, midpoint and maximum percentages of cash salary for each executive officer, the actual Target Value for each executive officer is determined by the Board or the Compensation Committee, in their sole discretion, and may vary from the guidelines based on prior years' corporate and individual performance.

For each fiscal year, the equity compensation component is divided into three elements as follows:

30% of the Target Value is in the form of a non-qualified stock option approved prior to, and effective as of, the first business day of the fiscal year, subject to vesting in equal annual installments over a three-year period from the date of grant and expiring ten years from the effective date of grant;

30% of the Target Value is in the form of time-based restricted stock grants approved prior to, and effective as of, the first business day of the fiscal year and subject to vesting in equal annual installments over a three-year period from the date of grant; and

40% of the Target Value is in the form of performance-based restricted stock grants with the following award criteria:

Other Benefits

Severance and Change in Control Payments. We have entered into employment agreements containing severance and change in control benefits with certain of our executive officers, the terms of which are described under the headings *Employment and Change in Control Agreements* and *Potential Payments Upon Termination or Change in Control*. We believe these severance and change in control benefits are an essential element of our executive compensation package and assist us in recruiting and retaining talented individuals.

Employee Stock Purchase Plan. We have adopted an Employee Stock Purchase Plan, or the Purchase Plan, that allows all eligible employees to purchase shares of our common stock at the lower of: (i) 85% of the fair market value on the first day of a six month offering period; or (ii) 85% of the fair market value on the last date of such six-month purchase period, with the objective of allowing employees to profit when the value of our common stock increases over time.

Other Benefits. We provide benefits such as an opportunity to participate in our 401(k) savings/retirement plan, medical, dental and life insurance and disability coverage to all our employees, including our executive officers. We also provide personal paid time off and other paid holidays to all employees, including our executive officers, which are comparable to those provided at similar companies.

Section 162(m) Compliance

Section 162(m) of the Internal Revenue Code generally prohibits us from deducting any compensation over \$1 million per taxable year paid to any of our named executive officers unless such compensation is treated as *performance-based compensation* within the meaning of the Internal Revenue Code. The Compensation Committee considers the anticipated tax treatment to Charlotte Russe and the executive officers in its review and establishment of compensation programs and payments. The deductibility of some types of compensation payments can depend on the timing of an executive's vesting or exercise of previously granted rights. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the Compensation Committee's control also can affect deductibility of compensation. For these and other reasons, the Compensation Committee has determined that, other than in connection with the Performance Program, it will not necessarily seek to limit executive compensation to that deductible under Section 162(m). The Compensation Committee will continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable, consistent with its compensation policies and as determined to be in the best interests of Charlotte Russe and its stockholders.

If any of the executive officers' employment is terminated without cause, or the executive officer terminates employment for good reason, the executive officer is entitled to (i) 24 months (12 months in the case of Mr. Silny) of continued payment of his or her annual base salary in effect at the time of termination, (ii) a pro-rated bonus for the fiscal year in which the termination occurs equal to the bonus that would have been paid had the executive officer remained employed through the time such bonus is paid out, multiplied by a fraction equal to the number of days elapsed since the commencement of the applicable fiscal year (as of the date of termination) divided by 360, and all the earned, but unpaid bonuses with respect to the fiscal years preceding the fiscal year of termination, (iii) an extension of the post termination exercise period for vested stock options to six months and (iv) the provision of continued health insurance benefits for 24 months (12 months in the case of Mr. Silny) post termination, in each case provided certain conditions are met and subject to reduction due to interim earnings during the severance period or cessation in the event of obtaining new employment of equal or higher compensation prior to the end of the severance period. Commencing in fiscal 2010, Mr. Goodman, Ms. Fabricant and Mr. Silny will be eligible to participate in the Program with respect to equity awards. The shares of our common stock subject to the awards granted, or to be granted, to Mr. Goodman, Ms. Fabricant and Mr. Silny and described in Compensation Discussion and Analysis will immediately vest and become fully exercisable upon a change of control, provided that, in the case of the performance share units to be granted to Mr. Goodman, the applicable performance goals have been met.

Mr. Mogil ceased serving as our Interim Chief Financial Officer concurrent with Mr. Silny's commencement of employment and ceased serving as our Interim Chief Executive Officer concurrent with Mr. Goodman's commencement of employment. Table of Contents**Grants of Plan Based Awards**

We grant equity awards to our executive officers under our 1999 Equity Incentive Plan, or the 1999 Plan. As of January 5, 2009, options to purchase a total of 1,688,401 shares were outstanding under the 1999 Plan and a preceding plan, restricted stock covering a total of 109,209 shares was outstanding under the 1999 Plan, restricted stock units covering a total of 137,000 shares were outstanding and a total of 172,008 shares remained available for grant under the 1999 Plan. All stock options granted to our executive officers prior to fiscal 2008 are non-qualified stock options, however, Ms. Fabricant received incentive stock options in fiscal 2009. Generally, for fiscal 2007 and prior, the shares subject to options granted to our executive officers vest in equal yearly installments over a five-year period following the date of grant. For fiscal 2008 and thereafter, shares subject to options and restricted stock granted to our executive officers generally vest in accordance with the Program, which is discussed in detail in Compensation Discussion and Analysis, and shares subject to restricted stock units and performance share units granted, or to be granted, to our executive officers generally vest in equal yearly installments over a three-year period and upon the accomplishment of specified performance goals, respectively. Options expire ten years from the date of grant. The exercise price per share of each option granted to our executive officers was equal to the fair market value of our common stock on the date of the grant. Pursuant to the 1999 Plan, the fair market value of our common stock on a given date is deemed to be equal to the closing sales price for such stock as reported on the NASDAQ Stock Market on the date of the grant.

Pension, Deferred Compensation and Long-Term Incentive Plans

We have no pension plans, nonqualified deferred compensation plans or long-term incentive plans.

Director Compensation

In February 2008, we amended our non-employee director compensation policy to provide each of our non-employee directors cash compensation in the form of an annual retainer of \$30,000. In addition, the Chairman of the Audit Committee receives an additional annual retainer of \$12,000, and the Chairmen of the Compensation Committee and the Nominating and Corporate Governance Committee each receive an additional annual retainer of \$6,000. Each non-employee director also receives \$1,500 for each in-person Board of Directors meeting attended and \$750 for each telephonic Board of Directors meeting attended. In addition, each member of the Audit Committee receives \$2,000 for each in-person or telephonic Audit Committee meeting attended, and each member of the Compensation Committee and the Nominating and Corporate Governance Committee receives \$1,500 for each in-person or telephonic committee meeting attended. In June 2008, we further amended our non-employee director compensation policy to provide that the Chairman of our Board of Directors receives an annual retainer of \$150,000, the Chairman of the Business Strategy and Finance Committee receives an additional annual retainer of \$6,000 and each non-employee director receives \$1,500 for each in-person or telephonic Business Strategy and Finance Committee meeting attended. Finally, in September 2008, we further amended our non-employee director compensation policy to provide that each non-employee director receives \$1,500 for each in-person or telephonic Human Resources Strategy Committee or Search Committee meeting attended. We also reimburse our non-employee directors for their reasonable expenses incurred in attending meetings of our Board of Directors and committees of the Board and for educational expenses that are related to duties as our directors. Any non-employee director may waive his or her director fees. All fees are paid quarterly and expenses are reimbursed as incurred.

Each of our non-employee directors also receives stock option grants and restricted stock under the 1999 Plan, or any successor plan thereto. Any non-employee director may waive his or her director equity awards. Stock options granted to our non-employee directors under the 1999 Plan are intended by us not to qualify as incentive stock options under the Internal Revenue Code. Each person who becomes a non-employee director receives, upon his or her election or appointment, an initial stock option grant to purchase a number of shares of our common stock equal to \$27,500 divided by the Black-Scholes value of a stock option covering a single share of our common stock (based upon the NASDAQ closing price of our common stock on the date of grant), rounded to the nearest 500 shares, and restricted stock covering a number of shares of our

Table of Contents

common stock equal to \$27,500 divided by the NASDAQ closing price of our common stock on the date of grant, rounded to the nearest 500 shares. These grants are collectively referred to as initial grants. In addition, each non-employee director receives, upon the date of each of our annual meetings of stockholders, an annual stock option grant to purchase a number of shares of our common stock equal to \$55,000 divided by the Black-Scholes value of a stock option covering a single share of our common stock (based upon the NASDAQ closing price of our common stock on the date of grant), rounded to the nearest 500 shares, and restricted stock covering a number of shares of our common stock equal to \$55,000 divided by the NASDAQ closing price of our common stock on the date of grant, rounded to the nearest 500 shares. These grants are collectively referred to as annual grants. If a person who is first elected as a non-employee director after January 1, 2008 has not been serving as a non-employee director for the entire period since the preceding annual meeting of stockholders, then the number of shares subject to each such annual grant shall be reduced to the number obtained by multiplying the number that would otherwise be subject to each such annual grant by a fraction, the numerator of which is the number of full one-month periods between the date of such person's initial appointment or election to our Board of Directors and the date of such annual meeting of stockholders and the denominator of which is 12.

The exercise price of the stock options granted to our non-employee directors is equal to 100% of the fair market value of our common stock on the date of grant. Initial grants vest in equal yearly installments over a three-year period following the date of grant. Annual grants fully vest one year from the date of grant. In the event of a change in our control, all initial and annual grants become vested in full and fully exercisable, as applicable. The term of stock options included in the initial and annual grants may not exceed ten years.

There is no other form of compensation provided to the Board of Directors.

If a non-employee director's service relationship with us, or any affiliate of ours, ceases for any reason other than cause, the non-employee director, or his or her beneficiary in the event of death, may exercise any vested options up to 12 months after the date of cessation of service.

The following table sets forth, in summary form, information concerning the compensation that we paid or awarded during the fiscal year ended September 27, 2008 to each of our non-employee directors:

Table of Contents**ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS****Security Ownership Of Certain Beneficial Owners And Management**

The following table provides information regarding the beneficial ownership of our common stock as of January 5, 2009 by: (i) each of our directors, (ii) each of our named executive officers, (iii) all of our directors and executive officers as a group and (iv) each person, or group of affiliated persons, known by us to beneficially own more than five percent of our common stock. The table is based upon information supplied by our officers, directors and principal stockholders and a review of Schedules 13D, 13G or, to the extent more recent, 13F, if any, filed with the SEC. Unless otherwise indicated in the footnotes to the table and subject to community property laws where applicable, we believe that each of the stockholders named in the table has sole voting and investment power with respect to the shares indicated as beneficially owned.

Applicable percentages are based on 20,999,870 shares outstanding on January 5, 2009, adjusted as required by rules promulgated by the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities. In addition, the rules include shares of common stock issuable pursuant to the exercise of stock options, restricted stock units or warrants that are either immediately exercisable or exercisable on March 7, 2009, which is 60 days after January 5, 2009. These shares are deemed to be outstanding and beneficially owned by the person holding those options, restricted stock units or warrants for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Policies and Procedures with Respect to Related Party Transactions

Our Board of Directors is committed to upholding the highest legal and ethical conduct in fulfilling its responsibilities and recognizes that related party transactions can present a heightened risk of potential or actual conflicts of interest. Accordingly, as a general matter, it is our preference to avoid related party transactions.

Our Audit Committee Charter requires that members of the Audit Committee, all of whom are independent directors, review and approve all related party transactions for which such approval is required under applicable law, including SEC rules and NASDAQ listing standards. A related party transaction includes any transaction, arrangement or relationship involving an amount that exceeds \$120,000 in which Charlotte Russe is a participant and in which any of the following persons has or will have a direct or indirect interest: any executive officer, director, or more than 5% stockholder of Charlotte Russe, including any of their immediate family members, and any entity owned or controlled by such persons.

In addition, the Audit Committee is responsible for reviewing and investigating any matters pertaining to the integrity of management, including conflicts of interest and adherence to our Code of Business Conduct and Ethics and Code of Ethics for Financial Employees. Under our Code of Business Conduct and Ethics and Code of Ethics for Financial Employees, directors, officers and all other members of the workforce are expected to avoid any relationship, influence or activity that would cause or even appear to cause a conflict of interest.

Certain Transactions

We have entered, and intend to continue to enter, into indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our bylaws. These agreements, among other things, require us to indemnify our directors and executive officers for certain expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by a director or executive officer in any action or proceeding arising out of their services as one of our directors or executive officers, or any of our subsidiaries or any other company or enterprise to which the person provides services at our request.

Board Independence

As required under NASDAQ Stock Market listing standards, a majority of the members of a listed company's Board of Directors must qualify as independent, as affirmatively determined by the board. Our Board of Directors consults with our counsel to ensure that the Board of Director's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in applicable NASDAQ listing standards, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and Charlotte Russe, our senior management and our independent auditors, our Board of Directors has affirmatively determined that the following five directors are independent directors within the meaning of the applicable NASDAQ listing standards: Messrs. Blitzer, Del Rossi, Kleinberger and Mogil and Ms. Salopek. In making this determination, our Board of Directors found that none of these directors had a material or other disqualifying relationship with the Company, and noted that, in accordance with NASDAQ listing standards, Mr. Mogil's previous employment as our Interim Chief Executive Officer and Chief Financial Officer did not spoil his independence as his employment with us as an executive officer lasted less than one year. Mr. Goodman, our Chief Executive Officer and Ms. Fabricant, our President and Chief Merchandising Officer, are not independent directors by virtue of their employment with us. As required under applicable NASDAQ listing standards, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our Board of Directors are comprised entirely of directors determined by the Board of Directors to be independent within the meaning of the applicable NASDAQ listing standards.

- (2) Represents fees for preparation of the Puerto Rico tax return.

Pre-Approval Policies and Procedures

The Audit Committee is required to pre-approve the audit and non-audit services performed by our independent auditors in order to assure that the provision of such services does not impair the auditor's independence. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee or its delegate pre-approved all of the audit and non-audit services provided by our independent auditors in fiscal 2007 and 2008.

The Audit Committee has determined that the rendering of the services other than audit services by Ernst & Young LLP is compatible with maintaining Ernst & Young LLP's independence.
