PROXY STATEMENT

This proxy statement provides information in connection with the solicitation of proxies by the Board of Directors (the *Board*) of AMERISAFE, Inc. (the *Company*) for use at the Company's 2010 Annual Meeting of Shareholders or any postponement or adjournment thereof (the *Annual Meeting*). This Proxy Statement also provides information you will need in order to consider and act upon the matters specified in the accompanying Notice of Annual Meeting of Shareholders. This Proxy Statement and the enclosed proxy card are being mailed to shareholders on or about May 4, 2010.

Record holders of the Company's common stock as of the close of business on April 22, 2010 are entitled to vote at the Annual Meeting. Each record holder of common stock on that date is entitled to one vote at the Annual Meeting for each share of common stock held. As of April 22, 2010, there were _____ shares of common stock outstanding.

You cannot vote your shares unless you are present at the Annual Meeting or you have previously given your proxy. You can vote by proxy in one of two convenient ways:

in writing: sign, date, and return the enclosed proxy card in the enclosed pre-addressed, postage- paid envelope; or

by Internet: visit the website shown on your proxy card and follow the instructions.

You may revoke your proxy at any time prior to the vote at the Annual Meeting by:

delivering a written notice revoking your proxy to the Company's Secretary at the address above;

delivering a new proxy bearing a date after the date of the proxy being revoked; or

voting in person at the Annual Meeting.

All properly executed proxies, unless revoked as described above, will be voted at the Annual Meeting in accordance with your directions on the proxy. If a properly executed proxy gives no specific instructions, the shares of common stock represented by your proxy will be voted:

Edgar Filing: AMERISAFE INC - Form PRE 14A

at the discretion of the proxy holders with regard to any other matter that is properly presented at the Annual Meeting.

If you own shares of common stock held in street name and you do not instruct your broker how to vote your shares using the instructions your broker provides you, your shares will be voted in the ratification of the

Table of Contents

appointment of Ernst & Young as the Company's independent registered public accounting firm for 2010, but not with respect to any other proposal. To be sure your shares are voted in the manner you desire, you should instruct your broker how to vote your shares.

Voting your shares is even more important this year due to a recently amended stock exchange rule that prohibits your broker from voting your shares on Proposals 1, 2, 3, and 4 without your express voting instructions.

Holders of a majority of the voting power of the outstanding shares of the Company's common stock must be present, either in person or by proxy, to constitute a quorum necessary to conduct the Annual Meeting. The directors will be elected by a plurality of the votes cast by holders of the Company's common stock. If you withhold authority to vote for a director nominee, your shares will not be counted in the vote for that director nominee.

Each of the amendments to our articles of incorporation must be approved by the affirmative vote of the holders of at least two-thirds of the outstanding shares of our capital stock entitled to vote at the Annual Meeting. The amendment to our non-employee director restricted stock plan must be approved by the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting.

The Company pays the costs of soliciting proxies. We have engaged Georgeson, Inc. to serve as our proxy solicitor for the Annual Meeting at a base fee of \$8,500. Georgeson, Inc. will provide advice relating to the content of solicitation materials; conduct our broker search; solicit banks, brokers, institutional investors, and hedge funds to determine voting instructions; monitor voting; and deliver executed proxies to our voting tabulator. Our employees also may solicit proxies by telephone or in person. However, they will not receive additional compensation for soliciting proxies. The Company may request banks, brokers, and other custodians, nominees, and fiduciaries to forward copies of these proxy materials to the beneficial holders and to request instructions for the execution of proxies. The Company may reimburse these persons for their expenses in so doing. Proxies are solicited to give all record holders of the Company's common stock an opportunity to vote on the matters to be presented at the Annual Meeting, even if they cannot attend the meeting.

PROPOSAL 2

AMENDMENT OF ARTICLES OF INCORPORATION

TO REFLECT CHANGES IN TEXAS LAW

Background

Our current articles of incorporation were adopted by our shareholders in October 2005. We refer to these articles of incorporation as our Current Articles. Since our Current Articles were adopted, Texas law governing corporations has been amended by the adoption of the Texas Business Organizations Code, which we refer to as the TBOC. Effective January 1, 2010, the TBOC replaced the Texas Business Corporation Act and certain other Texas corporate statutes governing our affairs. *As a result, we are currently subject to the TBOC regardless of whether our shareholders approve this amendment.*

The TBOC was adopted as part of a legislative effort to reorganize all Texas statutes into centralized codes grouped by subject matter. The stated purpose of the TBOC is to rearrange the disparate business statutes into a more logical order, employ a consistent format and numbering system, eliminate duplicative and ineffective provisions and restate the law in modern American English. Generally, the TBOC is not intended to effect substantive changes in the Texas law governing business organizations.

In March 2010, our Board approved an amendment to our Current Articles to reflect these changes in Texas law. As proposed, our Current Articles will be renamed "Certificate of Formation" and will be amended in the form attached as *Appendix A*, subject to shareholder approval. Our Board has determined that this amendment is advisable and in the best interests of the Company and our shareholders, and has submitted the amendment to be voted on by our shareholders at the Annual Meeting.

Table of Contents

Proposed Amendment

The following table sets forth a general description of the proposed amendment to our Current Articles. The full text of our new proposed certificate of formation is attached as *Appendix A*.

Current Articles	Proposed Amendment
Article II (Duration)	The TBOC provides that perpetual existence is the default rule for Texas corporations. Therefore, current language concerning perpetual duration is redundant and will be deleted. This article will be updated to clarify that we are a for-profit corporation.
Article III (Purpose)	This article will be amended to refer to the TBOC.
Article IV (Capitalization)	This article will be amended to refer to the TBOC and update article references. This article will also be amended as contemplated by Proposal 3 to reduce the number of authorized shares of our capital stock.
Article V (Commencement of Business)	This article, which provides that the Company will not commence business until it has received consideration for the issuance of its shares, will be deleted because the TBOC does not require the inclusion of this type of provision.
Article VIII (Directors)	This article will be amended to include the names of our current directors and will be renumbered as Article VII.
Article XIV (Indemnification)	This article will be amended to refer to the TBOC and update article references and will be renumbered as Article XIII.
Article XV (No Monetary Liability of Directors to Shareholders)	This article will be amended to refer to the TBOC and update article references and will be renumbered as Article XIV.
Article XVI (Amendment)	This article will be amended to update article references and will be renumbered as Article XV.
Article XVII (Shareholder Action by Written Consent)	This article will be amended to refer to the TBOC and delete unnecessary, ineffective or otherwise inappropriate language. This article will be renumbered as Article XVI.
The proposed certificate of formation set forth in <i>Appendix A</i> also reflects the amendment to our Current Articles contemplated by Proposal 3 to reduce the number of authorized shares of our capital stock. If this Proposal 2 is approved by our shareholders, but Proposal 3 is not approved, then the amendment to our Current Articles will be revised accordingly.	

Reasons for the Amendment

We are proposing to amend our Current Articles to conform to the TBOC and delete any provisions that are unnecessary, ineffective or otherwise inappropriate as a result of the TBOC. *We are currently subject to the TBOC regardless of whether our shareholders approve this amendment.* As a result, if our shareholders do not approve this amendment, it is likely that our Board will resubmit this proposal next year.

Required Vote

Approval of this amendment to our Current Articles requires the affirmative vote of the holders of at least two-thirds of the outstanding shares of our capital stock entitled to vote at the Annual Meeting. If this proposal is approved, the amendment will become effective upon filing with the Texas Secretary of State.

The Board Unanimously Recommends a Vote FOR the Amendment of our Articles of Incorporation to Reflect Changes in Texas Law

PROPOSAL 3

AMENDMENT OF ARTICLES OF INCORPORATION

TO REDUCE AUTHORIZED SHARES OF CAPITAL STOCK

Background

In 1998, our shareholders approved an amendment to our articles of incorporation to authorize the issuance of several series of preferred stock and a class of non-voting common stock in connection with a financing transaction. In 2005, in connection with our initial public offering, our shareholders approved an amendment to our articles of incorporation to authorize the issuance of a class of junior preferred stock. As of December 31, 2009, we have repurchased, redeemed, or exchanged for shares of our common stock all of the outstanding shares of preferred stock, which have been canceled and may not be reissued. Further, no shares of our non-voting common stock have been issued.

As a result of the foregoing, our articles of incorporation currently authorize us to issue a total of 69,000,000 shares of capital stock, consisting of:

3,000,000 shares of preferred stock, par value \$0.01 per share, of which:

1,500,000 shares are designated as Series A preferred stock; and

1,500,000 shares are designated as Series B preferred stock;

500,000 shares of convertible preferred stock, par value \$0.01 per share, of which:

300,000 shares are designated as Series C convertible deferred pay preferred stock; and

200,000 shares are designated as Series D non-voting convertible deferred pay preferred stock;

500,000 shares of Series E preferred stock, par value \$0.01 per share;

10,000,000 shares of junior preferred stock, par value \$0.01 per share;

5,000,000 shares of convertible non-voting common stock, par value \$0.01 per share; and

50,000,000 shares of common stock, par value \$0.01 per share.

As of the date of this proxy statement, there are no shares of any series or class of our preferred stock, junior preferred stock, or non-voting common stock outstanding.

In March 2010, our Board approved an amendment to our articles of incorporation to reduce the number of authorized shares of preferred stock and to eliminate the authorized shares of non-voting common stock, subject to shareholder approval. Our Board has determined that this

Edgar Filing: AMERISAFE INC - Form PRE 14A

amendment is advisable and in the best interests of the Company and our shareholders, and has submitted the amendment to be voted on by our shareholders at the Annual Meeting.

Proposed Amendment

If our shareholders approve the amendment to our articles of incorporation, the number of authorized shares of our capital stock will be reduced and, in connection therewith:

our existing class of non-voting common stock will be eliminated;

our existing series of preferred stock will be eliminated; and

our existing junior preferred stock will be redesignated as preferred stock.

Table of Contents

If Proposal 3 is approved, our total number of authorized shares will be reduced to 60,000,000 shares, consisting of:

10,000,000 shares of preferred stock, par value \$0.01 per share; and

50,000,000 shares of common stock, par value \$0.01 per share.

A copy of the proposed amendment to our articles of incorporation is attached as *Appendix A*. The proposed amendment in *Appendix A* also reflects the amendment to our articles of incorporation contemplated by Proposal 2 to reflect changes in Texas law. If this Proposal 3 is approved by our shareholders, but Proposal 2 is not approved, then the amendment to our articles of incorporation will be revised accordingly.

Reasons for the Amendment

We are proposing to amend our articles of incorporation to simplify our capital structure and reduce the total number of authorized shares of our capital stock.

The series of preferred stock and class of non-voting common stock that will be eliminated if this Proposal 3 is approved by our shareholders were originally approved in connection with a financing transaction at a time in which we were a privately owned company. Since that time, all outstanding shares of preferred stock have been repurchased, redeemed, or exchanged for shares of our common stock in accordance with the terms of our articles of incorporation. Under the terms of our articles of incorporation, we are not permitted to reissue these shares. Additionally, our non-voting common stock was authorized for issuance upon the conversion of shares of a series of preferred stock that will be eliminated. Accordingly, our Board does not believe that we will issue any shares of these series of preferred stock or the non-voting common stock in the future.

The designation of our junior preferred stock will be changed to preferred stock if our shareholders approve this Proposal 3. If the series of preferred stock described above are eliminated, we will only have one class of preferred stock and there will be no need to distinguish it as junior preferred stock.

Required Vote

Approval of this amendment to our articles of incorporation requires the affirmative vote of the holders of at least two-thirds of the outstanding shares of our capital stock entitled to vote at the Annual Meeting. If this proposal is approved, the amendment will become effective upon filing with the Texas Secretary of State.

The Board Unanimously Recommends a Vote FOR the Amendment of our Articles of Incorporation to Reduce our Authorized Shares of Capital Stock

PROPOSAL 4

AMENDMENT OF NON-EMPLOYEE DIRECTOR

RESTRICTED STOCK PLAN

Background

The AMERISAFE, Inc. Non-Employee Director Restricted Stock Plan, which we refer to as the Director Plan, was approved by our Board and shareholders in 2005. The Director Plan currently authorizes the issuance of up to 50,000 shares of our common stock, of which 27,033 shares had been issued as of April 22, 2010.

Under the existing Director Plan, each non-employee director is automatically granted a restricted stock award for a number of shares of our common stock equal to \$15,000 divided by the closing price of our common stock on the date of our annual meeting of shareholders. Each restricted stock award vests on the date of the next annual meeting of shareholders following the date of grant, subject to the continued service of the non-employee director.

If a non-employee director is elected to the Board other than at an annual meeting of shareholders, the non-employee director receives a pro-rated grant of restricted stock based upon the number of months of service until the next annual meeting of shareholders.

In March 2010, our Board approved an amendment to the Director Plan to increase the number of shares available for issuance and increase the dollar value of annual grants to directors. Our Board has determined that the amendment to the Director Plan is advisable and in the best interests of the Company and our shareholders, and has submitted the amendment to be voted on by our shareholders at the Annual Meeting.

Proposed Amendment

If our shareholders approve the amendment to the Director Plan, the following changes will be made:

the value of the initial and annual grants of restricted stock to non-employee directors will be increased from \$15,000 to \$30,000; and

the maximum number of shares of our common stock available for issuance under the Director Plan will be increased by 77,033 shares to a total of 127,033 shares, subject to the authority of our Board to adjust this amount in the event of a merger, consolidation, reorganization, stock split, combination of shares, recapitalization, or similar transaction affecting our common stock. As of April 22, 2010, this increase would result in 100,000 shares being available for issuance under the Director Plan.

If approved, each of our current non-employee directors would receive an annual grant of restricted stock with a value of \$30,000 at the time of our Annual Meeting. A copy of the Director Plan, as proposed to be amended, is attached as *Appendix B*.

Reasons for the Amendment

We are proposing to increase the value of the initial and annual grants of restricted stock to our non-employee directors to more closely align the total compensation paid to our non-employee directors with market practice at public companies similar to ours. Our Board engaged a compensation consultant to assist in determining a market-competitive amount for the equity component of non-employee director compensation. The current value of the initial and annual grants of restricted stock were established in 2005 at the time of our initial public offering. The equity component of our non-employee director compensation has not been adjusted since that time.

We are proposing to increase the maximum number of shares available for issuance under the Director Plan to ensure that we have sufficient shares available for restricted stock awards to our non-employee directors, particularly in light of the proposed increase in the value of the initial and annual restricted stock awards.

Table of Contents

Eligibility; Administration and Terms

The Director Plan provides for the automatic grant of awards to our non-employee directors. Currently, we have seven non-employee directors who are eligible to receive restricted stock awards under the Director Plan.

The Director Plan is administered by the Compensation Committee. Restricted stock awards to non-employee directors are generally subject to terms including non-transferability, immediate vesting upon death or total disability of a director, forfeiture of unvested shares upon termination of service by a director, and acceleration of vesting upon a change in control of the Company.

Required Vote

Approval of the amendment to our Director Plan requires the affirmative vote of the holders of a majority of the outstanding shares entitled to vote at the Annual Meeting.

The Board Unanimously Recommends a Vote FOR the Amendment of the Non-Employee Director Restricted Stock Plan

PROPOSAL 5

RATIFICATION OF APPOINTMENT OF

ERNST & YOUNG LLP AS THE COMPANY S INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM FOR 2010

The Audit Committee has appointed Ernst & Young LLP as the Company s independent registered public accounting firm for 2010. The Board is asking shareholders to ratify this appointment. Although SEC regulations and the Nasdaq listing requirements require the Company s independent registered public accounting firm to be engaged, retained, and supervised by the Audit Committee, the Board considers the selection of an independent registered public accounting firm to be an important matter to shareholders. Accordingly, the Board considers a proposal for shareholders to ratify this appointment to be an opportunity for shareholders to provide input to the Audit Committee and the Board on a key corporate governance issue.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will be offered the opportunity to make a statement if they so desire. They will also be available to answer questions.

The Board recommends a vote FOR Ratification of the

Independent Registered Public Accounting Firm for 2010

The Board presently consists of eight members, seven of whom are non-employee directors. It is divided into three classes of directors, with each class serving three-year terms. The term of one class expires at each annual meeting of shareholders of the Company.

Director Compensation

Cash Compensation. In 2009, each non-employee director of the Company received an annual cash retainer of \$35,000. Directors who are employees of the Company do not receive additional compensation for serving as directors. The chairs of the Audit and Compensation Committees received an additional annual cash retainer of \$15,000 and each other member of the Audit and Compensation Committees received an additional annual cash retainer of \$5,000. The chairs of the Nominating and Corporate Governance Committee and the Investment Committee each received an additional cash retainer of \$5,000. In 2009, in connection with a corporate governance review, the Board approved special cash awards to the chairman and members of the Nominating and Corporate Governance Committee and the chairman of the Audit Committee. The Company reimburses all directors for reasonable out-of-pocket expenses incurred in connection with their service as directors.

Stock-Based Compensation. Under our Non-Employee Director Restricted Stock Plan, non-employee directors receive an annual award of restricted stock equal to \$15,000 divided by the closing price of our common stock on the date of the annual meeting of shareholders at which the non-employee director is elected or is continuing as a member of the Board. Non-employee directors who are first elected or appointed to the Board other than at an annual meeting of shareholders receive a pro rata restricted stock grant. In either case, these shares of restricted stock vest at the next annual meeting of shareholders.

The following table sets forth information regarding the compensation of our non-employee directors for the year ended December 31, 2009.

Name	Fees Earned or Paid in Cash	Stock Awards (1)	Total

Daniel Phillips (2)	45,000	14,990	59,990
Randy Roach	40,000	14,990	54,990
Sean M. Traynor (2)	55,000	14,990	69,990

Thomas W. Hallagan (3)	22,500		22,500

- (1) At market close on June 15, 2009, each non-employee director was granted 974 shares of restricted stock. The grant date fair value of each award, calculated in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718 (Topic 718), was \$14,990. Pursuant to SEC rules, the amounts shown in this column exclude the impact of estimated forfeitures related to service-based vesting conditions. See Note 13 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2009 for information regarding the assumptions made in determining these values. As of December 31, 2009, each non-employee director held 974 shares of restricted stock.
- (2) Cash compensation includes special awards related to corporate governance review as follows: Mr. J. Morris (\$15,000); Mr. Phillips (\$5,000); Mr. Traynor (\$5,000); and Mr. Young (\$10,000).
- (3) Mr. Hallagan's term as a director of the Company expired at the 2009 Annual Meeting of Shareholders.

Changes in Director Compensation. In March 2010, the Board approved changes in non-employee director cash compensation, effective immediately. The annual cash retainers for the chairs of the Audit, Nominating and

Corporate Governance, and Investment Committees were increased to \$20,000, \$10,000, and \$10,000, respectively. The annual cash retainer for the chair of the Compensation Committee was decreased to \$10,000. In addition to annual cash retainers of \$5,000, each other member of the Audit, Compensation, Investment, and Nominating and Corporate Governance Committees will receive \$1,000 for each committee meeting attended in excess of four meetings per committee per calendar year.

Additionally, in March 2010, our Board approved an amendment to the non-employee director restricted stock plan to increase the dollar value of annual grants of restricted stock to non-employee directors, and has submitted the amendment to be voted on by our shareholders at the Annual Meeting. If Proposal 4 is approved, the dollar value of the annual equity award will be increased to \$30,000.

Corporate Governance and Risk Management

The Board and senior management of the Company believe that one of their primary responsibilities is to promote a corporate culture of accountability, responsibility, and ethical conduct throughout the Company. Consistent with these principles, the Company has, among other things, adopted:

corporate governance guidelines that describe the principles under which the Board operates;

a code of business conduct and ethics applicable to all employees; and

written charters for its Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, and Investment Committee.

Our corporate governance guidelines, code of business conduct and ethics, and committee charters are available on the Company's website (www.amerisafe.com) in the Investor Relations section. Copies of these documents are also available upon written request to the Company's Secretary. The Company will post information regarding any amendment to, or waiver from, its code of business conduct and ethics on its website in the Investor Relations section.

The Board periodically reviews its corporate governance policies and practices. Based on these reviews, the Board may adopt changes to policies and practices that are in the best interests of the Company and as appropriate to comply with any new SEC or Nasdaq listing requirements.

The Board also views risk management as one of its primary responsibilities. Its independent directors meet in private session prior to the commencement of regular Board meetings. During those sessions the independent directors receive presentations on risk-related topics from the Company's management, including its Senior Vice President, Enterprise Risk Management. Additionally, the Board monitors risks arising from financial reporting and controls through its Audit Committee and risks relating to its investments through its Investment Committee.

The Company's Chief Executive Officer also serves as Chairman of the Board. The Board views this arrangement as providing an efficient nexus between the Company and the Board, enabling the Board to obtain information pertaining to operational matters expeditiously and enabling the Chairman to bring Company-related areas of concern before the Board in a timely manner. The non-employee members of the Board collaborate with the Chairman of the Board to determine agendas and establish Board priorities and strategic direction.

The Board has not elected an independent lead director. The Board has established a policy that its independent directors meet in executive session, without the presence of members of senior management or the chairman of the Board, at each regularly scheduled meeting of the full Board. The chairs of the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, and Investment Committee each preside as chair at meetings of independent directors at which the principal items to be considered are within the scope of the authority of their committee. This approach is intended to provide leadership at all meetings of independent directors without the need to designate a single lead independent director.

Table of Contents

Director Independence

As part of the Company's corporate governance guidelines, the Board has established a policy requiring a majority of the members of the Board to be independent, as that term is defined in the Nasdaq listing requirements. The Board has determined that each of its non-employee directors, Mr. Garcia, Mr. J. Morris, Mr. M. Morris, Mr. Phillips, Mr. Roach, Mr. Traynor, and Mr. Young, is independent of the Company and its management within the meaning of the Nasdaq listing requirements.

Board Meetings

The Board held eight meetings during 2009. Each director serving on the Board in 2009 attended at least 75% of the total number of meetings of the Board and committees on which he served. Under the Company's corporate governance guidelines, each director is expected to devote the time necessary to appropriately discharge his responsibilities and to rigorously prepare for and attend and participate in all Board meetings and meetings of Board committees on which he serves.

Annual Meetings of Shareholders

The Company's directors are encouraged to attend our annual meetings of shareholders, however, we do not currently have a policy relating to directors' attendance at these meetings. One member of the Board attended the 2009 Annual Meeting of Shareholders.

Audit Committee

The Audit Committee currently consists of Mr. Young (Chair), Mr. Garcia, Mr. J. Morris, and Mr. Roach. The Audit Committee oversees our accounting and financial reporting processes and the audits of the Company's financial statements. The functions and responsibilities of the Audit Committee include:

preparing the Audit Committee report to be included in our annual proxy statement.

The Audit Committee met seven times during 2009. Our independent registered public accounting firm reports directly to the Audit Committee. Each member of the Audit Committee has the ability to read and understand fundamental financial statements. The Board has determined that each member of the Audit Committee is independent as defined in the Nasdaq listing requirements. In addition, the Board has determined that Mr. Young, Mr. Garcia, Mr. J. Morris, and Mr. Roach each satisfy the SEC requirements relating to independence of audit committee members. The Board has also determined that Mr. Young and Mr. Garcia meet the requirements of an audit committee financial expert as defined by the rules of the SEC.

Compensation Committee

The Compensation Committee currently consists of Mr. Traynor (Chair), Mr. M. Morris, and Mr. Phillips. The Compensation Committee has sole authority for establishing, administering, and reviewing the Company's policies, programs, and procedures for compensating our executive officers and the Board. Under its charter, the Compensation Committee may delegate its responsibilities to a subcommittee comprised of Committee members. The functions and responsibilities of the Compensation Committee include:

evaluating the performance of and determining the compensation for the Company's executive officers, including its chief executive officer;

administering and making recommendations to the Board with respect to the Company's equity incentive plans;

overseeing regulatory compliance with respect to compensation matters;

reviewing and approving employment or severance arrangements with senior management;

reviewing director compensation policies and making recommendations to the Board;

reviewing the executive officers' compliance with the Company's stock ownership guidelines;

reviewing the adequacy of the Compensation Committee charter on an annual basis; and

reviewing and approving the Compensation Discussion and Analysis and the Compensation Committee Report to be included in our annual proxy statement.

The Compensation Committee met four times during 2009. The Board has determined that each member of the Compensation Committee is independent under the Nasdaq listing requirements.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee currently consists of Mr. J. Morris (Chair), Mr. Phillips, and Mr. Young. The functions and responsibilities of the Nominating and Corporate Governance Committee include:

developing and recommending corporate governance principles and procedures applicable to the Board and the Company's employees;

recommending committee composition and assignments;

identifying individuals qualified to become directors;

Table of Contents

recommending director nominees;

recommending whether incumbent directors should be nominated for re-election to the Board;

reviewing the adequacy of the Nominating and Corporate Governance Committee charter on an annual basis; and

overseeing, at least annually, an evaluation of the performance of the Board and the Company's management in relation to the Company's corporate governance guidelines.

The Nominating and Corporate Governance Committee met nine times during 2009. The Board has determined that each member of the Nominating and Corporate Governance Committee is independent under the Nasdaq listing requirements.

Qualifications for Director Nominees. In considering nominees for election as director, the Nominating and Corporate Governance Committee considers a number of factors, including the following:

personal and professional qualities, characteristics, attributes, accomplishments, and reputation in the business community, insurance industry, and otherwise;

reputation in a particular field or area of expertise;

experience as a senior executive of a company or other organization of comparable size to the Company;

current knowledge and relationships in the markets and regions in which the Company does business and in the insurance industry and other industries relevant to the Company's business;

the ability to exercise sound business judgment;

the ability and willingness to commit to participate in activities of the Board, including attendance at, and active participation in, meetings of the Board and its committees;

the skills and personality of the nominee and how the Committee perceives the nominee will be a fit with existing directors and other nominees in maintaining a Board that is collegial and responsive to the needs of the Company and its shareholders;

the ability and willingness to represent the best interests of all of the Company's shareholders;

consistent demonstration of integrity;

increasing the diversity of viewpoints, background, and experience in addition to those of existing directors and other nominees; and

Edgar Filing: AMERISAFE INC - Form PRE 14A

whether the nominee would meet the independence criteria of the Nasdaq listing requirements applicable to the Company and the rules promulgated by the SEC.

The Nominating and Corporate Governance Committee will also consider other criteria for director candidates included in its committee charter, the Company's corporate governance guidelines, or as may be established from time to time by the Board. The Nominating and Corporate Governance Committee has not adopted a separate policy pertaining to the consideration of diversity in the selection of nominees to the Board. The Nominating and Corporate Governance Committee will identify nominees based upon recommendations by members of the committee or other Board members, members of the Company's management, or, as discussed below, by shareholders of the Company. Upon identification of a potential nominee, members of the Nominating and Corporate Governance Committee will interview the candidate, and based upon that interview, will make its recommendation to the Board.

Shareholder Recommendations. The Nominating and Corporate Governance Committee will evaluate any director candidates recommended by a shareholder according to the same criteria as a candidate identified by the

Table of Contents

Nominating and Corporate Governance Committee. The Company has never received a recommendation for a director candidate from our shareholders. In considering director candidates recommended by shareholders, the Nominating and Corporate Governance Committee will also take into account such additional factors as it considers relevant, including:

the personal and professional qualities, characteristics, attributes, accomplishments, and reputation of the candidate being submitted for consideration;

the investment the shareholder submitting the director candidate has in the Company;

the length of time that the submitting shareholder has been a shareholder of the Company; and

whether the director candidate is independent as determined in accordance with the rules promulgated by the SEC, the Nasdaq listing requirements and the Company's corporate governance guidelines.

Shareholders may recommend candidates at any time, but to be considered by the Nominating and Corporate Governance Committee for inclusion in the Company's proxy statement for the next annual meeting of shareholders, recommendations must be submitted in writing no later than 150 calendar days before the first anniversary of the date on which the Company first mailed its proxy materials for the prior year's annual meeting of shareholders. A shareholder's notice must contain the following:

the name of the shareholder recommending the director candidate for consideration, the name of the director candidate, and the written consent of the shareholder and the director candidate to be publicly identified;

a written statement by the director candidate agreeing to be named in the Company's proxy materials and to serve as a member of the Board (and any committee of the Board to which the director candidate is assigned to serve by the Board) if nominated and elected;

a written statement by the shareholder and the director candidate agreeing to make available to the Nominating and Corporate Governance Committee all information reasonably requested in connection with the Nominating and Corporate Governance Committee's consideration of the director candidate; and

the director candidate's name, age, business and residential address, principal occupation or employment, number of shares of the Company's common stock and other securities beneficially owned, a resume or similar document detailing personal and professional experiences and accomplishments, and all other information relating to the director candidate that would be required to be disclosed in a proxy statement or other filing made in connection with the solicitation of proxies for the election of directors pursuant to the Securities Exchange Act of 1934, as amended, the rules of the SEC and the listing requirements and other criteria established by Nasdaq.

The shareholder's notice must be signed by the shareholder recommending the director candidate for consideration and sent to the following address: AMERISAFE, Inc., 2301 Highway 190 West, DeRidder, Louisiana 70634, Attn: Corporate Secretary (Nominating and Corporate Governance Committee Communication / Director Candidate Recommendation).

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Program Objectives

Our compensation program is intended to attract, retain, and motivate the key people necessary to enable our Company to maximize operational efficiency and profitability over the long term. Our Compensation Committee believes that executive compensation should seek to align the interests of the Company's executives and other key employees with those of the Company and its shareholders. Our compensation program is also designed to differentiate compensation based upon individual contribution, performance, experience, and tenure with our Company.

In establishing compensation, the Compensation Committee seeks to provide employees, including our executive officers, with a competitive total compensation package. The Compensation Committee sets compensation in this manner to ensure that our compensation practices do not put the Company at a disadvantage in attracting and retaining executives and other employees, while also ensuring a competitive cost structure for our Company.

Compensation Committee

Our compensation program for executives is designed and implemented under the direction of our Compensation Committee, which is composed of three independent directors. For additional information regarding our Compensation Committee, its authority, and responsibilities, see "The Board, Its Committees, and Its Compensation Committee" on page 14 of this proxy statement.

In late 2009, the Committee interviewed three compensation consulting firms, including Longnecker & Associates. The Committee interviewed Longnecker based on the recommendation of Austin Young, a director and chair of our Audit Committee. The Compensation Committee engaged Longnecker to conduct a compensation survey using an identified industry peer group. This survey addressed compensation for both executive officers and the Board. This survey information was not used to determine base salaries or incentive award opportunities for our executives in 2009. For additional information regarding this survey, see "2009 Compensation Survey" below.

Executive Compensation Programs and Policies

The components of our executive compensation program provide for a combination of fixed and variable compensation. As described in more detail below, these components are:

base salary;

annual incentive compensation;

long-term equity-based incentive compensation;

broad-based employee benefits; and

severance benefits and limited other perquisites.

Base Salary. Base salaries are determined on the basis of management responsibilities, level of experience, and tenure with our Company, as well as internal and market comparisons. In setting base salaries for the executive officers of the Company, the Compensation Committee seeks to provide a reasonable level of fixed compensation that we believe is competitive with base salaries for comparable positions at similar companies. In determining base salaries, the Committee also takes into account such factors as local cost of living, regional lifestyle, and corporate environment. At the request of the Committee, Allen Bradley, our Chief Executive Officer, makes recommendations annually with respect to changes in base salary for our executive officers, other than for himself, as well as for other members of the senior management. Neither our Chief Executive Officer nor any other executive officer participates in the Committee's decisions regarding the base salaries of our executive officers.

Table of Contents

Annual Incentive Compensation. The Compensation Committee believes that annual incentive compensation is a key element of the total compensation of each executive officer. The Compensation Committee also believes that placing a significant portion of executive compensation at risk each year, subject to the results of Company and individual performance, appropriately motivates executives to achieve the Company's financial and operational objectives, thereby enhancing shareholder value. As an executive or other key employee progresses to greater levels of responsibility within the Company, the Compensation Committee believes that the annual incentive award should represent an increasing portion of total direct compensation.

The AMERISAFE, Inc. Management Annual Incentive Plan (*Annual Incentive Plan*) was developed by the Compensation Committee in 2008 with the assistance of Schiffers Associates, a compensation consulting firm. Under the Annual Incentive Plan, annual awards are made based on achievement of Company financial and operational objectives and individual performance goals. In establishing financial and operational objectives, the Committee primarily focuses on return on average equity (calculated on a GAAP basis), gross written premium, and net combined ratio. Although the Compensation Committee has retained discretion in paying incentive awards, it has established target awards of up to 100% of base salary for our Chief Executive Officer, up to 70% of base salary for our Chief Operating Officer, and up to 60% of base salary for each of our other executive officers.

The Committee has not adopted a formal policy regarding recovery of incentive awards for fiscal years for which financial results are later restated. While not anticipated, the Committee would expect to consider any restatement in exercising its discretion in connection with determining the payout of incentive and other compensation awards for executives in the period immediately following such a restatement.

Long-term Incentive Compensation. In connection with our initial public offering in November 2005, the Board and our shareholders approved our Equity Incentive Plan. The Equity Incentive Plan is administered by the Committee and is designed to provide incentive compensation to executive officers and other key employees. Grants of stock options under the Equity Incentive Plan are designed to align the interests of management with those of our shareholders and are intended as a long-term incentive for future performance. To date, all option grants that have been awarded under our Equity Incentive Plan have been non-qualified stock options, thereby providing us with the ability to realize tax benefits upon the exercise of these option awards. The Committee also views these awards as an additional means to encourage management retention.

Our Chief Executive Officer and two other executive officers who were employed by the Company at the time of our initial public offering in November 2005 received significant stock option grants at that time. These executive officers have not received additional option grants since the initial public offering. Since our initial public offering, we have made option grants to newly hired executive officers and to our current Chief Financial Officer in connection with her promotion to that position.

When making equity-based incentive awards to executive officers, the Committee takes into consideration the dates on which the Company expects to make public announcements regarding earnings as well as other events or circumstances that have not been publicly announced that may be deemed material. The Compensation Committee's policy is to make discretionary equity-based incentive awards only during periods in which executive officers and directors are permitted to make open market purchases and sales of Company securities.

The Compensation Committee has not addressed the issue of whether the cumulative value of prior equity awards should be considered in making future awards. However, our Compensation Committee intends to make appropriate executive compensation decisions annually, so that our executives receive a total compensation package that is both competitive, and has a significant component at risk. The increase in the value of equity awards is directly linked to an increase in shareholder return, subject to continued employment by our executives with respect to unvested equity awards. The Committee believes, as a general matter, that this positive result should not negatively impact future compensation decisions.

Table of Contents

Employee Benefits. We do not provide our executives or other employees with defined pension benefits, supplemental retirement benefits, post-retirement payments, or deferred compensation programs. We do provide a 401(k) defined contribution plan that is available to all employees. We match 50% of employee contributions up to 4% of compensation for participating employees, subject to limitations under applicable law. Our executives and other employees are fully vested in Company contributions to this plan after five years. We also provide health, life, and other insurance benefits to our executives on the same basis as our other full-time employees.

Severance and Change-in-Control Benefits. We have employment agreements with each of our executive officers. Among other things, these employment agreements provide each executive officer with severance compensation consisting of cash severance payments paid in monthly installments and continued health benefits for a period of 12 months (18 months for our Chief Executive Officer), in the event that an executive's employment is terminated by us without cause or by the executive under certain circumstances. The cash severance payment for the covered executives (other than our Chief Executive Officer) is an amount equal to the officer's then current annual base salary plus the average of the three most recent annual incentive bonuses received by the executive. For our Chief Executive Officer, the cash severance payment is one and one-half times the amount described in the preceding sentence. These employment agreements also provide that the terminated executive will not engage in activities that are competitive with our business for 12 months (18 months for our Chief Executive Officer). For additional information regarding the employment agreements with our executives, see *Executive Compensation Employment Agreements* on page 26 of this proxy statement.

Under the terms of our Equity Incentive Plan and the related award agreements, unvested stock options and restricted stock awards become fully vested upon a change in control of the Company. Under the Annual Incentive Plan our executives would be entitled to receive a prorated portion of the executive's target incentive award for the year in which a change in control occurs.

The Compensation Committee believes that these benefits are necessary and appropriate in order to attract and retain qualified executive officers insofar as these benefits are generally made available by other companies. In addition, the Compensation Committee recognizes that it may be difficult for our executive officers to find comparable employment in a short period of time and therefore these benefits address a valid concern, making an executive position with our Company more attractive. These issues are particularly significant to us, given that our corporate headquarters are not located in a major metropolitan area and it is unlikely that our executives could secure comparable employment without relocating to another city.

Executive Perquisites. Executive compensation also includes a limited number of perquisites that have historically been provided to our executives and that the Committee believes enhance our ability to attract and retain qualified executives. These perquisites include car allowances, disability insurance, reimbursement for annual medical examinations, and limited club memberships. Our executive officers are also permitted to accrue unused vacation on a more favorable basis than that available to other Company employees. Our employees (other than executive officers) are permitted to accrue up to 150% of their annual vacation time. Our executive officers are permitted to accrue up to 200 hours of vacation, a limit slightly higher than the 180 hour maximum available to employees with more than ten years of service. The Compensation Committee believes that this policy is appropriate given that the management responsibilities of our executive officers often do not permit them the flexibility to utilize their vacation time on an annual basis. For additional information regarding perquisites provided to our executives, see *Executive Compensation All Other Compensation* on page of this proxy statement.

Stock Ownership Guidelines. The Compensation Committee has approved stock ownership guidelines for our executive officers. The target ownership by our Chief Executive Officer is a dollar amount equal to three times his average base salary and annual incentive bonus for the three immediately preceding calendar years. The target ownership for each of our other executive officers is a dollar amount equal to two times their average base salary for the three immediately preceding calendar years (or, if less, all complete calendar years employed by

Table of Contents

the Company). All forms of Company equity, whether vested or unvested, including common stock, restricted stock, and stock options, are counted for purposes of determining compliance with the ownership guidelines.

In determining whether an executive meets the applicable guideline, the value of shares of common stock, including restricted stock and shares purchased by executives in the open market, is based upon the closing price of our common stock on the last trading day of the most recent calendar year. In addition, the value of stock options is equal to the greater of (a) the value of the award on the date of grant calculated in accordance with the Black-Scholes-Merton option pricing model and (b) the difference between the applicable exercise price and the closing price of our common stock on the last trading day of the most recent calendar year.

Until an executive officer meets the ownership target provided under the guidelines, he or she is required to retain all shares received under the Company's compensation plans, except for shares sold to pay the exercise price, if any, and to satisfy tax obligations. After an executive meets the applicable guideline, he or she is required to retain 20% of any shares obtained by exercising a stock option or vesting of a restricted stock award, net of shares sold to pay the exercise price, if any, and to satisfy tax obligations.

The following table sets forth for each named executive officer the applicable stock ownership guideline and equity ownership as of December 31, 2009, measured in dollars, using the guideline methodology described above.

Executive and Principal Position	Stock Ownership Guideline	Stock Options	Other Stock	Total Ownership

No Tax Gross-Up Payments. We do not provide, and no executive officer is entitled to receive, any tax gross-up payments in connection with compensation, severance, perquisites, or other benefits provided by the Company.

Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1 million paid to the chief executive officer or to any of the other three most highly compensated executive officers (other than the chief financial officer) of a public company is not deductible for federal income tax purposes unless the compensation qualifies as performance based compensation. Awards of stock options granted under our Equity Incentive Plan are intended to qualify for deduction under federal tax law and regulation. The Committee reviews on an annual basis the potential impact of this deduction limitation on executive compensation. Based on current compensation levels, the Committee presently believes that no action is necessary at this time. The Compensation Committee intends to continue to evaluate the Company's potential exposure to this deduction limitation.

Table of Contents**2009 Compensation**

Base Salary. At the Compensation Committee meeting in March 2009, the Committee and Mr. Bradley discussed the then-current economic environment and the challenges facing the Company as a result of those conditions. Mr. Bradley advised the Committee that he had instructed each Company department to hold 2009 salary increases to 2.5% in the aggregate. He requested that the Compensation Committee limit any increase in base salaries for executive officers in the same manner. Mr. Bradley recommended that the Compensation Committee not increase his base salary. He also recommended that the base salaries of Mr. Banta and Ms. Frost not be increased because those executives had recently received increases in base salary in connection with promotions in November 2008. The Compensation Committee increased Mr. Leach's base salary by 2.6% to \$241,000, and increased the base salaries of two other executive officers by approximately 7%. The base salaries of these two other executive officers were increased by a larger percentage in an effort to more closely align the base salaries of our executive vice presidents. The aggregate increase in the base salaries of executive officers employed in those positions during all of 2009 was 2.6%.

2009 Annual Incentive Compensation. In March 2009, the Compensation Committee approved target award opportunities for each named executive officer, other than Mr. Gau, under our annual incentive compensation plan. The target awards were set at a percentage of the individual executive officer's base salary and were subject to achievement of Company and individual performance goals. The Compensation Committee established the same Company performance goals for each of our executive officers and established individual performance goals for each executive officer, other than our Chief Executive Officer. The individual performance goals established were principally qualitative rather than quantitative. For our Chief Executive Officer, the Compensation Committee did not establish individual performance goals. Rather, the Compensation Committee determined to evaluate his overall performance in leading the Company during the year.

The Compensation Committee approved a target annual incentive award opportunity for Mr. Gau in connection with his joining the Company in June 2009, which award was to be prorated for time worked during 2009. The Company performance goals established for Mr. Gau were consistent with those established for the other named executive officers.

The following table sets forth the target award opportunity for each named executive officer and the weighting of Company and individual performance goals.

Executive	Target Annual Incentive Opportunity (% of base salary)	Weighting of Performance Goals	
		Company Performance	Individual Performance
C. Allen Bradley, Jr.	100%	30%	70%
G. Janelle Frost	60%	50%	50%
Geoffrey R. Banta	70%	50%	50%
Craig P. Leach	60%	50%	50%
Brendan Gau	60%	50%	50%

The following table sets forth the Company performance goals established under the 2009 annual incentive compensation plan and the results achieved. The Company performance goals were equally weighted in determining overall achievement.

Goal	Satisfactory	Superlative	Result
	Performance	Performance	
Return on Average Equity	15.0%	18.0%	16.0%
Gross Written Premium	\$310 million	\$340 million	\$256.5 million
Net Combined Ratio	91.4%	Less than 90.0%	86.9%

Table of Contents

Achievement of individual performance goals was determined for each of our named executive officers, other than our Chief Executive Officer, by the Compensation Committee with input from our Chief Executive Officer. The Compensation Committee evaluated the performance of our Chief Executive Officer based on an assessment of his overall performance during 2009.

At its meeting in March 2010, the Compensation Committee approved annual incentive awards for our named executive officers as follows:

Executive	Award	Percent of Target Award	Percent of Total Cash Compensation
C. Allen Bradley, Jr.	\$ 318,750	75%	42.9%
G. Janelle Frost	\$ 105,000	100%	37.5%
Geoffrey R. Banta	\$ 157,500	75%	34.4%
Craig P. Leach	\$ 101,220	70%	29.7%
Brendan Gau	\$ 46,170	90%	34.1%(1)

- (1) The \$25,000 signing bonus paid to Mr. Gau in 2009, as described below, is not included in Total Cash Compensation for purposes of this calculation.

Our named executive officers received a portion of their annual incentive as a result of achieving two of the three Company performance goals. The annual incentive award payout, as a percentage of the target award, received by each named executive officer, other than Mr. Bradley and Ms. Frost, as set forth in the table above varied based on the Compensation Committee's assessment of achievement of individual performance goals.

The Compensation Committee evaluated Ms. Frost's achievement of her individual performance goals, but also used its discretion to increase Ms. Frost's award payout to 100% of her target award. The Compensation Committee determined to increase Ms. Frost's award payout based on her performance and on the Committee's view that Ms. Frost's base salary (upon which the target award was based) was significantly below the Committee's target level of base salary for her position.

Long-Term Incentive Compensation. In connection with his employment as our Executive Vice President and Chief Investment Officer, Mr. Gau was awarded options to purchase 75,000 shares of our common stock with an exercise price of \$17.10, the closing price on the grant date. The option grant was part of a total compensation package negotiated with Mr. Gau to induce him to relocate and join our Company. The Committee's purpose in granting stock options to Mr. Gau was to further align his financial interests with those of our shareholders and to provide a greater incentive to remain with our Company. The Committee also considered the relative number of stock options granted to Mr. Gau compared with our other executive officers. No other named executive officer received a stock option award in 2009.

All options that have been granted to date under our Equity Incentive Plan vest 20% each year commencing on the first anniversary of the date of grant, and if unexercised, expire on the tenth anniversary of the grant date. For additional information regarding outstanding equity awards held by our executive officers, see Executive Compensation Outstanding Equity Awards at Fiscal Year End on page of this proxy statement.

Other 2009 Executive Compensation. Mr. Gau joined the Company as our Executive Vice President and Chief Investment Officer in June 2009. During 2009, the Company paid \$3,655 in moving expenses on Mr. Gau's behalf and reimbursed him for \$2,359 of health insurance costs covering the period before he was qualified to participate in the Company program. In addition, under the terms of his employment agreement, Mr. Gau received a signing bonus of \$25,000. This amount was intended to compensate Mr. Gau for other costs associated with his relocation to our corporate headquarters in DeRidder, Louisiana.

2009 Compensation Survey

As described above, in late 2009, the Compensation Committee retained the services of Longnecker & Associates, a compensation consulting firm, to conduct a survey (the *Survey*) of compensation practices and levels at a selected group of peer companies. The 13 companies in the Survey are all publicly traded insurance companies, including three companies that, like our Company, derive substantially all of their revenue from the workers' compensation insurance business.

The companies in the Survey group were:

Zenith National Insurance Corp.	United Fire & Casualty
Pro Assurance Corporation	RLI Corp.
PMA Capital Corporation	Tower Group, Inc.
Meadowbrook Insurance Group, Inc.	EMC Insurance Group Inc.
Donegal Group Inc.	SeaBright Insurance Holding, Inc.
First Mercury Financial Corporation	Universal Insurance Holdings, Inc.
Baldwin & Lyons, Inc.	

The Compensation Committee did not utilize the results of the Survey in establishing base salaries or incentive award opportunities for our executive officers in 2009, because the Survey results were not received until near the end of 2009. The Compensation Committee intends to use the Survey results in determining 2010 compensation for the Company's executive officers. The Compensation Committee utilized the Survey results in approving adjustments to the compensation paid to our non-employee directors in 2010. For a discussion of compensation paid to our non-employee directors, see *The Board, Its Committees, and Its Compensation* Director Compensation on page 11 of this proxy statement.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis. Based on that review and discussion, the Compensation Committee recommended to the Board of Directors of the Company that the Compensation Discussion and Analysis be included in the Company's 2009 Annual Report on Form 10-K and this proxy statement.

This report is submitted by the members of the Compensation Committee of the Board.

Employment Agreements

In March 2008, we entered into amended employment agreements with each of Messrs. Bradley, Banta, and Leach. These agreements replaced our then existing employment agreements with each of these officers. In November 2008, we entered into an employment agreement with Ms. Frost in connection with her promotion to Chief Financial Officer. Each of these employment agreements expires on March 1, 2011, unless extended. We entered into an employment agreement with Mr. Gau at the time he joined the Company in June 2009, the term of which expires in June 2012 unless extended. The term of each agreement is automatically extended for an additional consecutive one-year period unless either party provides notice not to extend the term at least 30 days prior to the applicable expiration date. The agreements provide for an annual base salary of not less than \$425,000 for Mr. Bradley, \$175,000 for Ms. Frost, \$255,000 for Mr. Banta, \$235,000 for Mr. Leach, and \$165,000 for Mr. Gau. The officers are also eligible to receive an annual incentive award under our Annual Incentive Plan or any subsequent annual incentive plan that we may adopt.

Under these agreements, if we terminate the employment of one of our executive officers without cause or the executive officer terminates his or her employment for good reason (as defined in the agreements), the terminated executive officer will be entitled to receive severance compensation consisting of cash severance paid in installments, and continued health benefits, for a period of 12 months (18 months for our Chief Executive Officer). The cash severance payment for the covered executives (other than our Chief Executive Officer) is an amount equal to the officer's then current annual base salary plus the average annual incentive award received by the executive in the prior three years. For our Chief Executive Officer, the cash severance payment is one and one-half times the amount described in the preceding sentence. These employment agreements also provide that the terminated executive will not engage in activities that are competitive with our business for 12 months (18 months for our Chief Executive Officer).

An executive officer is deemed to have been terminated without cause if we elect not to extend the terms of the employment agreement or we terminate the executive for any reason other than:

death or disability;

indictment or arrest for, plea of no contest to, or conviction of a felony or other crimes involving theft, fraud, securities or drugs;

misconduct that is materially detrimental to the Company;

actions that cause or are likely to cause material harm to the Company;

breach of fiduciary duty to or engaging in a prohibited conflict of interest with the Company;

failure to comply with reasonable and lawful instructions of our Board (or, in the case of our Chief Operating Officer and Executive Vice Presidents, reasonable and lawful instructions of our President);

gross negligence or willful disregard in the performance of the executive's duties;

a breach of the employment agreement by the executive officer;

An executive officer is deemed to have terminated his or her employment with good reason if there is:

Edgar Filing: AMERISAFE INC - Form PRE 14A

a material reduction in authority or responsibility;

a material reduction in base salary, other than as part of a program approved by the Board that applies to substantially all senior executives;

a termination of employee benefits, unless the termination is applicable to all senior executives or is required under the applicable plan or law;

Table of Contents

a relocation of the executive's principal place of work without consent with the effect of materially increasing the executive's commute; or

a material breach of the employment agreement by us.

Each of our executive officers has agreed during the term of employment by us not to engage in any business competitive with us or solicit our employees, agents, or policyholders without our prior written consent. If one of our executive officers is terminated by us without cause or terminates employment with us for good reason, the prohibition on engaging in competitive activities or soliciting our employees, agents, or policyholders extends for a period of 12 months (18 months for our Chief Executive Officer) after the date of termination. If an executive officer is terminated by us for cause, the executive officer terminates employment other than for good reason, or if an executive officer elects not to renew the term of the employment agreement, we have the option to extend the restriction on engaging in competitive or solicitation activities for a period of 12 months (18 months for our Chief Executive Officer) after the date of termination or non-renewal by (a) delivering a written notice to the executive officer within 180 days after termination or non-renewal, and (b) paying the executive officer the severance compensation provided under the employment agreement.

- (4) Mr. Gau joined the Company as Executive Vice President and Chief Investment Officer in June 2009.

Equity Incentive Plan

Our Equity Incentive Plan was approved by our shareholders in October 2005 and is administered by our Compensation Committee. The Equity Incentive Plan permits awards of stock options, restricted stock, and restricted stock units. The maximum number of shares of our common stock that may be issued pursuant to equity awards under the Equity Incentive Plan is 1.9 million shares. Options granted under the Equity Incentive Plan are required to have an exercise price of not less than the fair market value of our common stock on the grant date. It is our Company's policy to award grants under our Equity Incentive Plan only during periods in which the Company's executives and other employees are normally permitted to buy and sell the Company's securities under our Company's securities trading policy.

Table of Contents

Agreements evidencing awards may provide for accelerated vesting upon a change in control of our Company. Under the Equity Incentive Plan, a change in control is defined as:

1. the acquisition by any person, entity or group of 35% or more of our voting stock, other than an acquisition by the Company or its subsidiaries or a Company benefit plan, or a transaction that is not deemed a change in control under 2 below;

2. a reorganization, merger, consolidation, sale, or other disposition of all or substantially all of our assets, or other transaction unless:
 - the holders of our voting stock immediately prior to the transaction beneficially own more than 50% of the combined voting power of the surviving entity;

 - no person, entity, or group beneficially owns 35% or more of the combined voting power of the surviving entity; and

 - a majority of the directors of the surviving entity were directors of our Company prior to the transaction;

3. when a majority of our directors (a) have not been approved by two-thirds of our then incumbent directors or (b) were elected or appointed as a result of an actual or threatened election contest; or

4. approval by our shareholders of a complete liquidation or dissolution of the Company.

Under our outstanding stock option award agreements, unvested stock options become immediately vested and exercisable in full upon the occurrence of a change in control of our Company (as defined above). In addition, our Board, in its sole discretion, may determine within 60 days following one of the events described below that unvested stock options are immediately exercisable in full:

- the option holder becomes permanently disabled, as determined by our Board;

- the option holder dies while an employee of the Company or one of our subsidiaries;

- the option holder retires at or after the earliest voluntary retirement age permitted by us or with the consent of our Board; or

- under other special circumstances.

Employment Termination and Change-in-Control Benefits

The table below quantifies potential compensation that would become payable to each of our executive officers under employment and equity award agreements and Company plans and policies (as in effect on December 31, 2009) if their employment had terminated on December 31, 2009, given the executive officer's base salary as of that date, and, if applicable, the closing price of our common stock on December 31, 2009. In addition, the table quantifies the compensation that would become payable to each of our named executive officers assuming that a change in control of the Company had occurred on December 31, 2009. For additional information regarding (a) the circumstances in which our executive officers would be entitled to severance compensation, see "Executive Compensation Employment Agreements" and (b) the acceleration of vesting of equity awards, see "Executive Compensation Equity Incentive Plan" on pages 26 and 27 of this proxy statement.

Certain Relationships and Related Transactions

Policy. The Company has adopted a written policy regarding the approval of any transaction or series of transactions in which the Company and a related party have an interest. A related party is one of the Company's executive officers, directors, director nominees, a person owning more than 5% of any class of the Company's securities, an entity in which any of such persons is employed or is a partner or principal, or an immediate family member of such a person. Related party transactions involving \$50,000 or more are required, when circumstances permit, to be submitted to and approved by the Audit Committee at a regular meeting held in advance of the transaction. The chair of the Audit Committee has the authority to approve related party transactions in circumstances in which the Company's general counsel determines it is impracticable or undesirable to wait until the next regularly scheduled Audit Committee meeting. Aspects of proposed related party transactions to be considered in granting approval include whether the transaction benefits the Company, whether the goods or services in question are available from other sources, and whether the terms of the proposed transaction are comparable to those available in transactions with unrelated third parties.

PAX, Inc. Daniel Phillips is a director of the Company. He is currently the president, chief executive officer and part owner of PAX, Inc. PAX has been a Company policyholder at various times since 1994. PAX paid premiums to the Company of \$303,174 in 2009, and is expected to pay premiums to the Company in 2010. The Company believes that the terms of the policies issued to PAX were established on an arm's length basis. The Board has considered this information in determining that Mr. Phillips is an independent director within the meaning of the Nasdaq listing requirements.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

As of December 31, 2009, the Company's 2005 Equity Incentive Plan and 2005 Non-Employee Director Restricted Stock Plan were the only compensation plans under which securities of the Company were authorized for issuance. These plans were approved by the Company's shareholders. The table provides information as of December 31, 2009.

Plan Category	Number of shares of common stock to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of shares of common stock remaining available for future issuance under equity compensation plans

AUDIT COMMITTEE REPORT

Management is responsible for the Company's system of internal controls over financial reporting and for preparing its financial statements. The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States), and to issue a report thereon. The Audit Committee is responsible for overseeing management's conduct of the financial reporting process and system of internal control. It also oversees the Company's internal audit department, approving its audit plans, reviewing its reports, and evaluating its performance. The Audit Committee monitors whistleblower activity under Section 806 of the Sarbanes-Oxley Act of 2002, receiving regular reports from management as to the occurrence of any such activity and anonymous direct reports through the Company's toll-free whistleblower hotline. The Audit Committee operates under a written charter adopted by the Company's Board of Directors and reviewed annually by the Audit Committee. The charter is available on the Company's website at www.amerisafe.com in the Investor Relations section.

The Audit Committee reviewed and discussed with both management and the Company's independent registered public accounting firm the audited financial statements of the Company for the year ended December 31, 2009 prior to their issuance. During 2009, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the independent registered public accounting firm of matters required to be discussed pursuant to Statement on Auditing Standards (SAS) No. 61, as amended, and as adopted by the Public Company Accounting Oversight Board in Rule 3200T, including the quality of the Company's accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee also discussed with its independent registered public accounting firm matters relating to its independence and received the written disclosures and letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board Ethics and Independence Rule 3526 regarding the independent accountant's communications with the Audit Committee concerning independence.

Taking all of these reviews and discussions into account, all of the Audit Committee members, whose names are listed below, recommended to the Board that it (1) approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the SEC and (2) accept management's report on its assessment of the effectiveness of the Company's internal control over financial reporting.

- (s) **Restricted Stock** means Common Shares as to which neither the substantial risk of forfeiture nor the prohibition on transfers referred to in Section 4 or Section 5 of this Plan has lapsed.
- (t) **Subsidiary** means a corporation, company or other entity (i) more than 50 percent of whose outstanding shares or other securities (representing the right to vote for the election of directors or other managing authority) are, or (ii) which does not have outstanding shares or other securities (as may be the case in a partnership, limited liability company, business trust or other legal entity), but more than 50 percent of whose ownership interest representing the right generally to make decisions for such entity is, now or hereafter, owned or controlled, directly or indirectly, by the Company.
- (u) **Total Disability** means the permanent or total disability of a Non-Employee Director, as determined by the Board in good faith.
- (v) **Voting Securities** means, at any time, (i) the securities entitled to vote generally in the election of Directors in the case of the Company, or (ii) the securities entitled to vote generally in the election of members of the board of directors or similar body in the case of another legal entity.

3. Shares Available Under the Plan.

- (a) Subject to adjustment as provided in Section 3(b) of this Plan, the number of Common Shares that may be issued or transferred as Restricted Stock and released from substantial risk of forfeiture thereof shall not exceed in the aggregate [76,617] Common Shares. Such shares may be authorized but unissued shares or treasury shares or a combination of the foregoing.
- (b) The number of shares available in Section 3(a) above shall be adjusted to account for shares relating to Awards that are forfeited. The number and type of shares available in Section 3(a) shall also automatically be adjusted to reflect (a) any stock split, combination of shares, recapitalization or other change in the capital structure of the Company, (b) any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities, or (c) any other corporate transaction or event having an effect similar to any of the foregoing.

4. Initial Grants

- (a) Without any further action of the Board, each person who is elected or appointed for the first time to be a Non-Employee Director shall automatically receive an Initial Grant determined by dividing \$30,000 (prorated as determined below in this Section 4(a)) by the Market Value per Share on the Date of Grant; provided, however, that the number of shares of Restricted Stock shall be rounded downward such that no fractional share shall be issued. If any such person is so elected or appointed other than at an Annual Meeting, the Initial Grant shall be prorated for the number of whole months that such Non-Employee Director will serve until the first anniversary of the immediately preceding Annual Meeting.
- (b) Each Initial Grant shall constitute an immediate transfer of the ownership of shares of Restricted Stock to the Non-Employee Director, entitling such Non-Employee Director to voting, dividend and other ownership rights, but subject to the substantial risk of forfeiture and restrictions on transfer set forth in this Section 4.
- (c) Each Initial Grant shall provide that the shares of Restricted Stock covered by such Initial Grant shall be subject to a substantial risk of forfeiture until the first Annual Meeting after the Date of Grant.

Table of Contents

Each Initial Grant shall provide that the Non-Employee Director shall forfeit the shares of Restricted Stock covered by such Initial Grant if such Non-Employee Director terminates his or her service with the Company while such shares of Restricted Stock are subject to a substantial risk of forfeiture. Notwithstanding the foregoing, each such Initial Grant shall provide for the immediate lapse of such substantial risk of forfeiture in the event of (i) the Non-Employee Director's death or Total Disability, or (ii) upon a Change in Control.

(d) Each Initial Grant shall require that any and all dividends or other distributions (other than cash dividends) declared or otherwise distributed thereon be subject to the same restrictions as the underlying Initial Grant.

(e) Each Initial Grant shall provide that during the period for which such substantial risk of forfeiture has not lapsed, the shares of Restricted Stock shall not be sold or otherwise transferred, other than by will or the laws of descent and distribution.

(f) Each Initial Grant shall be evidenced by an Award Agreement, which shall contain such terms and provisions not inconsistent with this Plan as the Board may approve. Unless otherwise directed by the Board, all certificates representing shares of Restricted Stock shall be held in custody by the Company until all restrictions thereon shall have lapsed, together with a stock power or powers executed by the Non-Employee Director in whose name such certificates are registered, endorsed in blank.

5. Annual Grants

(a) Commencing with the Annual Meeting in 2010, each Non-Employee Director who is then elected or is continuing as a Non-Employee Director shall, without any further action of the Board, automatically receive an Annual Grant determined by dividing \$30,000 by the Market Value per Share on the Date of Grant; provided, however, that the number of shares of Restricted Stock shall be rounded downward such that no fractional share shall be issued.

(b) Each Annual Grant shall constitute an immediate transfer of the ownership of shares of Restricted Stock to the Non-Employee Director, entitling such Non-Employee Director to voting, dividend and other ownership rights, but subject to the substantial risk of forfeiture and restrictions on transfer set forth in this Section 5.

(c) Each Annual Grant shall provide that the shares of Restricted Stock covered by such Annual Grant shall be subject to a substantial risk of forfeiture until the first Annual Meeting after the Date of Grant. Each Annual Grant shall provide that the Non-Employee Director shall forfeit the shares of Restricted Stock covered by such Annual Grant if such Non-Employee Director terminates his or her service with the Company while such shares of Restricted Stock are subject to a substantial risk of forfeiture. Notwithstanding the foregoing, each such Annual Grant shall provide for the immediate lapse of such substantial risk of forfeiture in the event of (i) the Non-Employee Director's death or Total Disability, or (ii) upon a Change in Control.

(d) Each Annual Grant shall provide that during the period for which such substantial risk of forfeiture has not lapsed, the shares of Restricted Stock shall not be sold or otherwise transferred, other than by will or the laws of descent and distribution.

(e) Each Annual Grant shall require that any and all dividends or other distributions (other than cash dividends) declared or otherwise distributed thereon be subject to the same restrictions as the underlying Annual Grant.

(f) Each Annual Grant shall be evidenced by an Award Agreement, which shall contain such terms and provisions not inconsistent with this Plan as the Board may approve. Unless otherwise directed by the Board, all certificates representing Restricted Stock shall be held in custody by the Company until all restrictions thereon shall have lapsed, together with a stock power or powers executed by the Non-Employee Director in whose name such certificates are registered, endorsed in blank.

6. Change in Control. For purposes of this Plan, except as may be otherwise defined in an Award Agreement, a **Change in Control** shall mean the occurrence of any of the following events:

(a) the acquisition by any Person of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of 35% or more of the then outstanding Voting Securities of the Company; provided, however, that for purposes of this Section 6(a), the following acquisitions shall not constitute a Change in Control: (A) any acquisition by the Company or a Subsidiary of Voting Securities, (B) any acquisition of Voting Securities by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary or (C) any acquisition of Voting Securities by any Person pursuant to a Business Combination that complies with clauses (A), (B) and (C) of Section 6(c) below;

(b) a majority of the Board ceases to be comprised of Incumbent Directors;

(c) consummation of a reorganization, merger or consolidation, a sale or other disposition of all or substantially all of the assets of the Company or other transaction (each, a **Business Combination**), unless, in each case, immediately following the Business Combination, (A) all or substantially all of the individuals and entities who were the beneficial owners of Voting Securities immediately prior to the Business Combination beneficially own, directly or indirectly, more than 50% of the combined voting power of the then outstanding Voting Securities of the entity resulting from the Business Combination (including, without limitation, an entity which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries), (B) no Person (other than the Company, such entity resulting from the Business Combination, or any employee benefit plan (or related trust) sponsored or maintained by the Company, any Subsidiary or such entity resulting from the Business Combination) beneficially owns, directly or indirectly, 35% or more of the combined voting power of the then outstanding Voting Securities of the entity resulting from the Business Combination; provided, however, that no Person will be treated for purposes of this Section 6(c) as beneficially owning 35% or more of the Voting Securities of the entity resulting from the Business Combination solely as a result of the Voting Securities held in the Company prior to consummation of the Business Combination and (C) at least a majority of the members of the board of directors of the entity resulting from the Business Combination were Incumbent Directors at the time of the execution of the initial agreement or of the action of the Board providing for the Business Combination; or

(d) approval by the shareholders of the Company of a complete liquidation or dissolution of the Company, except pursuant to a Business Combination that complies with clauses (A), (B) and (C) of Section 6(c) hereof.

Notwithstanding anything to the contrary contained in this Section 6, a Person who holds 35% or more of the Voting Securities of the Company on the Effective Date will not be deemed to have acquired 35% or more of the Voting Securities of the Company for purposes of Section 6(a) of this Plan (and as a result, such circumstance shall not constitute a Change in Control) unless after the Effective Date such person acquires, in one or more transactions, additional Voting Securities of the Company representing 1% or more of the then outstanding Voting Securities of the Company it being understood that an increase in the percentage of Voting Securities held by a Person as a result of (i) the exercise of any conversion or exchange right pursuant to any securities of the Company that were outstanding on the Effective Date shall not be deemed to be an acquisition of Voting Securities by such Person, or (ii) the Company's repurchase of Voting Securities of the Company is not an acquisition of Voting Securities by such Person.

7. Fractional Shares. The Company shall not issue any fractional Common Shares pursuant to this Plan.

8. Administration of the Plan.

(a) This Plan shall be administered by the Board, which may from time to time delegate all or any part of its authority under this Plan to a committee of the Board (or a subcommittee thereof). To the extent of any such delegation, references in this Plan to the Board shall be deemed to be references to such committee or subcommittee.

(b) The interpretation and construction by the Board of any provision of this Plan or of any Award Agreement, and any determination by the Board pursuant to any provision of this Plan or of any such Award Agreement, shall be final and conclusive. No member of the Board shall be liable for any such action or determination made in good faith.

9. Amendment and Termination of Plan. The Board may from time to time and at any time amend or terminate the Plan in whole or in part; provided, however, that any amendment (i) which must be approved by the shareholders of the Company in order to comply with applicable law or the rules of the principal exchange on which the Common Shares are traded or quoted, or (ii) which would increase the benefits accruing to Non-Employee Directors, increase the aggregate number of Common Shares that may be issued under the Plan or materially modify the eligibility requirements for participating in the Plan, shall not be effective unless and until the shareholders of the Company have approved such amendment. Notwithstanding anything to the contrary set forth in this Plan, in the event the common stock of the Company is no longer listed for trading with a national securities exchange or the Nasdaq Stock Market LLC, then all future grants under this Plan shall be suspended until the Board shall take further action with respect thereto.

10. Governing Law. All issues concerning construction, validity and interpretation of this Plan and all Awards granted hereunder shall be governed by the law of the State of Texas, without regard to such state's conflict of laws rules.

11. General Provisions.

(a) Nothing in the Plan shall be deemed to create any obligation on the part of the Board to nominate any Director for reelection by the Company's shareholders or to limit the rights of the shareholders to remove any Director.

(b) All notices under this Plan shall be in writing, and if to the Company, shall be delivered to the Secretary of the Company or mailed to its principal executive office addressed to the attention of the Secretary; and if to a Non-Employee Director, shall be delivered personally or mailed to the Non-Employee Director at the address appearing on the records of the Company. Such addresses may be changed at any time by written notice to the other party.
