SUMMARY

This summary is not complete and does not contain all of the information that you should consider before buying the notes in this offering. Our Company

RR Donnelley is a global provider of integrated communications. Founded more than 145 years ago, the company works collaboratively with more than 60,000 customers worldwide to develop custom communications solutions that reduce costs, enhance return on investment and ensure compliance. Drawing on a range of proprietary and commercially available digital and conventional technologies deployed across four continents, we employ a suite of leading Internet based capabilities and other resources to provide premedia, printing, logistics and business process outsourcing products and services to leading clients in virtually every private and public sector.

Recent Developments

On February 23, 2010, we announced that we had signed a definitive agreement to acquire Bowne for approximately \$481 million in cash. Bowne, a provider of shareholder and marketing communication services, is headquartered in New York, New York, and has operations in North America, Latin America, Europe and Asia. The acquisition is subject to customary closing conditions, including the expiration or termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976. On May 26, 2010, a majority of Bowne's shareholders voted to approve the merger agreement for the acquisition. We expect the combination with Bowne to expand and enhance the range of services that we offer to our customers, while creating an opportunity to provide our comprehensive line of products to Bowne's clients.

RISK FACTORS

An investment in the notes is subject to numerous risks, including those listed in our Annual Report on Form 10-K, our Quarterly Report on Form 10-Q for the quarter ended March 31, 2010 and the additional risks described below. You should carefully consider the following risks, along with the information provided elsewhere in this prospectus supplement and the accompanying prospectus. Risks Related to the Offering

There is no established trading market for the notes.

There is currently no established trading market for the notes and an active market may not develop. As a result, you may not be able to resell your notes for an extended period of time, if at all. Consequently, your lenders may be reluctant to accept the notes as collateral for loans. In addition, in response to prevailing interest rates and market conditions generally or other factors referred to in the section entitled

Forward-Looking Statements, the notes could trade at a price lower than their initial offering price and you may not be able to liquidate your investment.

fixed charges consist of (i) interest on indebtedness, whether expensed or capitalized, including amortization of discounts related to indebtedness and (ii) that portion of rental expense we believe is representative of interest.

As of June 15, 2010, we had \$270 million of borrowings outstanding under our revolving credit facility, at an interest rate equal to one-week LIBOR plus 40 basis points.

Amounts repaid under our revolving credit facility may be reborrowed in the future.

DESCRIPTION OF THE NOTES

You can find the definitions of certain terms used in this description under *Certain Definitions*. Defined terms used in this description but not defined below under *Certain Definitions* or elsewhere in this description have the meanings assigned to them in the indenture. In this description, the *Company*, *us*, *we* and *our* refer only to R.R. Donnelley & Sons Company.

We will issue our 7.625% notes due 2020 (the *notes*) under a supplemental indenture, to be dated as of June 21, 2010, to the indenture, dated as of January 3, 2007, between R.R. Donnelley & Sons Company and Wells Fargo Bank, National Association, as trustee (the *Trustee*).

The following description is a summary of the material provisions of the indenture, as supplemented by the supplemental indenture referred to above, which we refer to as the *indenture*. It does not restate that agreement in its entirety. We urge you to read the indenture because it contains additional information that may be of importance to you. A form of the indenture has been filed as an exhibit to the registration statement of which this prospectus supplement is a part and can be obtained as indicated under *Where You Can Find More Information*. The indenture contains provisions that define your rights under the notes. In addition, the indenture governs the obligations of the Company under the notes. The terms of the notes include those stated in the indenture and, upon effectiveness of a registration statement with respect to the notes, those made part of the indenture by reference to the Trust Indenture Act of 1939.

The notes will be issued in one series in an aggregate principal amount of \$400,000,000.

We may issue additional notes in an unlimited aggregate principal amount at any time and from time to time under the same indenture. For example, we may, from time to time, without notice to or consent of the holders of notes, create additional notes under the indenture. These additional notes will have substantially the same terms as the notes offered hereby in all respects (or in all respects except in some cases for the payment of interest accruing prior to the issue date of the additional notes or except for the first payment of interest following the issue date of the additional notes) so that the additional notes may be consolidated and form a single series with the notes offered hereby.

The notes will be unsecured obligations of R.R. Donnelley & Sons Company only and will rank equally with all of the other unsecured and unsubordinated indebtedness from time to time outstanding of R.R. Donnelley & Sons Company.

We will issue the notes only in fully registered form without coupons, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Trustee will initially act as paying agent and registrar for the notes. The notes may be presented for registration of transfer and exchange at the offices of the registrar, which initially will be the Trustee's corporate trust office. We may change any paying agent and registrar without notice to holders of the notes and we may act as paying agent or registrar. We will pay principal (and premium, if any) on the notes at the Trustee's corporate trust office in Chicago, Illinois. At our option, interest may be paid at the Trustee's corporate trust office or by check mailed to the registered address of the holders.

Principal, Maturity and Interest

The notes will mature on June 15, 2020. Interest on the notes will accrue at a rate of 7.625% per year and will be payable semiannually in arrears on June 15 and December 15, commencing on December 15, 2010. We will pay interest to those persons who were holders of record on the June 1 and December 1, as the case may be, immediately preceding each interest payment date.

Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Table of Contents

When we use the term *business day*, we mean any day other than a Saturday, Sunday or other day on which commercial banking institutions in New York City or Chicago, Illinois are authorized or required by law to close.

If an interest payment date, redemption date or maturity date for the notes falls on a date that is not a business day (as defined above), then interest will be paid on the next day that is a business day, and no interest on such payment will accrue for the period from and after such interest payment date, redemption date or maturity date. If a redemption date or the maturity date for any note falls on a date that is not a business day, the related payments of principal, premium, if any, and interest may be made on the next succeeding business day, and no additional interest will accumulate on the amount payable for the period from and after the redemption date or maturity date.

Methods of Receiving Payments on the Notes

If a holder has given us wire transfer instructions, we will pay, or cause to be paid by the paying agent, all principal, premium, if any, and interest on that holder's notes in accordance with those instructions. All other payments on the notes will be made at the office or agency of the paying agent and registrar unless we elect to make interest payments by check mailed to the holders at their address set forth in the register of holders.

Ranking

The notes will be senior unsecured obligations of the Company. The payment of the principal of, premium, if any, and interest on the notes will:

rank equally in right of payment with all other indebtedness of the Company that is not, by its terms, expressly subordinated to other indebtedness of the Company;

rank senior in right of payment to all indebtedness of the Company that is, by its terms, expressly subordinated to the senior indebtedness of the Company; and

be effectively subordinated to the secured indebtedness of the Company to the extent of the value of the collateral securing such indebtedness and to the indebtedness and other obligations of the Company's subsidiaries.

Optional Redemption

We may, at our option, redeem the notes in whole at any time or in part from time to time at a redemption price equal to the greater of (1) 100% of the principal amount of the notes to be redeemed and (2) as determined by the Quotation Agent (as defined below), the sum of the present values of the remaining scheduled payments of principal and interest in respect of the notes to be redeemed (not including any portion of those payments of interest accrued as of the date of redemption) discounted to the date of redemption (the *Redemption Date*) on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate (as defined below) plus 65 basis points, plus accrued interest to the Redemption Date.

Adjusted Treasury Rate means, with respect to any Redemption Date, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that Redemption Date.

Comparable Treasury Issue means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of those notes.

Table of Contents

Comparable Treasury Price means, with respect to any Redemption Date, (1) the average of the Reference Treasury Dealer Quotations for that Redemption Date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (2) if the Quotation Agent obtains fewer than four Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations so received.

Quotation Agent means the Reference Treasury Dealer appointed by us.

Reference Treasury Dealer means (1) each of Banc of America Securities LLC and J.P. Morgan Securities Inc. and their respective successors; *provided, however*, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a *Primary Treasury Dealer*), we will substitute another Primary Treasury Dealer, and (2) any two other Primary Treasury Dealers selected by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Quotation Agent, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Quotation Agent by that Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding that Redemption Date.

We will mail notice of any redemption at least 30 days, but not more than 60 days, before the Redemption Date to each holder of the notes to be redeemed. Unless we default in payment of the redemption price on the Redemption Date, on and after the Redemption Date, interest will cease to accrue on the notes or portions thereof called for redemption.

Any notice to holders of notes of a redemption hereunder needs to include the appropriate calculation of the redemption price, but does not need to include the redemption price itself. The actual redemption price, calculated as described above, must be set forth in an Officers' Certificate of ours delivered to the Trustee no later than two business days prior to the Redemption Date.

Mandatory Redemption

We are not required to make mandatory redemption or sinking fund payments with respect to the notes.

Selection and Notice of Redemption

If we redeem less than all the notes at any time and the notes are Global Notes held by DTC, DTC will select the notes to be redeemed in accordance with its Operational Arrangements. If the notes are not Global Notes held by DTC, the Trustee will select notes on a pro rata basis, or on as nearly a pro rata basis as is practicable.

We will redeem notes of \$2,000 or less in whole and not in part. We will cause notices of redemption to be mailed by first-class mail at least 30 but not more than 60 days before the Redemption Date to each holder of notes to be redeemed at its registered address. We may provide in the notice that payment of the redemption price and performance of our obligations with respect to the redemption or purchase may be performed by another person. Any notice may, at our discretion, be subject to the satisfaction of one or more conditions precedent.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount thereof to be redeemed. We will issue a new note in a principal amount equal to the unredeemed portion of the original note in the name of the holder upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after such date, unless we default in payment of the redemption price on such date, interest ceases to accrue on the notes or portions thereof called for such redemption.

Change of Control

If a Change of Control Triggering Event occurs, unless we have exercised our right to redeem the notes as described above, holders of notes will have the right to require us to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of their notes pursuant to the offer described below (the *Change of Control Offer*) on the terms set forth in the notes. In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of purchase (the *Change of Control Payment*). Within 30 days following any Change of Control Triggering Event, we will be required to mail a notice to holders of notes describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*), pursuant to the procedures required by the notes and described in such notice. We must comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the notes, we will be required to comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control provisions of the notes by virtue of such conflicts.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;

deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and

deliver or cause to be delivered to the Trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of RR Donnelley and its subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require RR Donnelley to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of RR Donnelley and its subsidiaries taken as a whole to another Person or group may be uncertain.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

Below Investment Grade Rating Event means the notes are rated below an Investment Grade Rating by each of the Rating Agencies (as defined below) on the 60th day following the occurrence of a Change of Control (which date shall be extended if the rating of the notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies on such 60th day, such extension to last until the date on which the Rating Agency considering such possible downgrade either (x) rates the notes below an Investment Grade Rating or (y) publicly announces that it is no longer considering the notes for possible downgrade; *provided*, that no such extension shall occur if any of the Rating Agencies rates the notes with an Investment Grade Rating that is not subject to review for possible downgrade on such 60th day).

Change of Control means the occurrence of any of the following: (1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of RR Donnelley and its subsidiaries taken as a

whole to any person (as that term is used in Section 13(d)(3) of the Exchange Act) other than RR Donnelley or one of its subsidiaries; (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person (as that term is used in Section 13(d)(3) of the Exchange Act) becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding number of shares of RR Donnelley's voting stock; or (3) the first day on which a majority of the members of RR Donnelley's Board of Directors are not Continuing Directors.

Change of Control Triggering Event means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

Continuing Directors means, as of any date of determination, any member of the Board of Directors of RR Donnelley who (1) was a member of such Board of Directors on the date of the issuance of the notes; or (2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election (either by a specific vote or by approval of RR Donnelley's proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

Investment Grade Rating means a rating equal to or higher than Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P.

Moody's means Moody's Investors Service, Inc., a subsidiary of Moody's Corporation, and its successors.

Rating Agencies means (1) each of Moody's and S&P; and (2) if any of Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for Moody's or S&P, or both of them, as the case may be.

S&P means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc., and its successors.
