PROXY STATEMENT

2010 ANNUAL MEETING OF STOCKHOLDERS

To Be Held September 30, 2010

INFORMATION ABOUT THE MEETING

The Meeting

This Proxy Statement is being furnished in connection with the solicitation of proxies by the board of directors of MEMSIC, Inc., a Delaware corporation (*MEMSIC* or the *Company*), for use at the Company's Special Meeting in Lieu of Annual Meeting of Stockholders to be held on Thursday, September 30, 2010 (the *Annual Meeting*) at 10:00 a.m., local time, at the offices of Foley Hoag LLP, Bay Colony Corporate Center, 1000 Winter Street, Suite 4000, Waltham, Massachusetts 02451 or at any postponements or adjournments thereof. The purpose of the Annual Meeting is to consider and act upon the following proposals:

1. To elect Michael Tung and Paul M. Zavracky, Ph.D. to our board of directors to serve for three-year terms as Class III directors;
 2. To ratify the selection of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2010; and
 3. To transact such other business as may properly come before the Annual Meeting or any postponements or adjournments thereof.
- This Proxy Statement and the enclosed proxy card, as well as our 2009 Annual Report containing financial statements and management's discussion and analysis of financial condition and results of operations for the twelve months ended December 31, 2009, will be mailed to stockholders on or about August 27, 2010.

How to Vote

Only stockholders of record at the close of business on August 16, 2010 (the *Record Date*) are entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. As of the Record Date, an aggregate of 23,804,863 shares of common stock (the *Common Stock*) of the Company were issued and outstanding and held by approximately 34 holders of record. The holders of Common Stock are entitled to one vote per share on any proposal presented at the Annual Meeting. Stockholders may vote in person or by proxy. Execution of a proxy will not affect a stockholder's right to attend the Annual Meeting and vote in person. Any proxy may be revoked by the person giving it at any time before its

Edgar Filing: MEMSIC Inc - Form DEF 14A

exercise by (1) filing with the Secretary of the Company, before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (2) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of the Company before the taking of the vote at the Annual Meeting, or (3) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be delivered to MEMSIC, Inc., One Tech Drive, Suite 325, Andover, Massachusetts 01810, Attention: Corporate Secretary, at or before the taking of the vote at the Annual Meeting.

Table of Contents

Quorum and Tabulation of Votes

Our bylaws provide that the presence in person or representation by proxy of the holders of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to establish a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, then either the chairman of the meeting or the stockholders entitled to vote at the meeting may adjourn the meeting until a later time. Abstentions and broker non-votes are counted as present or represented for purposes of determining the presence or absence of a quorum. A broker non-vote occurs when a broker holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the broker does not have discretionary voting power and has not received instructions from the beneficial owner. The New York Stock Exchange's Rule 452 governs the ability of brokers who are record holders of shares to exercise discretionary authority to vote those shares. Rule 452 prohibits such brokers from exercising discretionary authority in the election of our directors, but brokers may exercise discretionary authority with respect to the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm, may vote shares held in street name for their clients on that proposal without instructions from the beneficial owners.

The election of directors is determined by a plurality of the votes cast and, accordingly, the director nominees receiving the highest number of FOR votes at the meeting will be elected to serve as Class III directors. You may either vote FOR or WITHHOLD your vote for each director nominee. A properly executed proxy marked WITHHOLD with respect to the election of a director nominee will not be voted in favor of the election of that director nominee, although it will be counted for purposes of determining whether there is a quorum.

Stockholder ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2010 is not required by law or by our governing instruments. However, our board of directors is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate governance and practice. Under our bylaws, the ratification of the appointment of Ernst & Young LLP requires a majority of the votes cast. You may vote either FOR or AGAINST ratification of the appointment, or you may abstain. A properly executed proxy marked ABSTAIN with respect to the ratification of the appointment will not be counted as a vote cast with respect to such ratification.

The only items of business that our board of directors intends to present at the meeting are set forth in this proxy statement. As of the date of this proxy statement, no stockholder has advised us of an intent to present any other matter, and we are not aware of any other matters to be presented at the meeting. If any other matter or matters are properly brought before the meeting, the person(s) named as your proxyholder(s) will have the discretion to vote your shares on those matters in accordance with their best judgment and as they deem advisable.

The vote on each matter submitted to stockholders is tabulated separately. Abstentions and broker non-votes are not counted as votes cast for the particular matter and, in the case of Proposal Two, have the effect of reducing the number of affirmative votes required to achieve a majority for that matter by reducing the total number of shares from which the majority is calculated.

The persons named as attorneys-in-fact in the proxies were selected by the board of directors and are officers of the Company. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted.

All shares represented by properly executed proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified the shares represented by proxies will be voted in favor of the election of both director nominees identified herein and in favor of the ratification of the selection of Ernst & Young LLP as our independent auditors.

Table of Contents**PROPOSAL ONE ELECTION OF CLASS III DIRECTORS**

Our board of directors has fixed the number of directors at six pursuant to our bylaws. The term of office for each of Michael Tung and Paul M. Zavracky, Ph.D., our current Class III directors, expires on the date of the 2010 Annual Meeting. Our board of directors has nominated Messrs. Tung and Zavracky for re-election as Class III directors, in each case for a three-year term expiring at our annual meeting of stockholders in 2013. Our Class I and Class II directors will continue in office after the Annual Meeting.

Classes of the Board of Directors

Our board of directors is divided into three classes. Each of the directors serves a three-year term, with one class of directors being elected by our stockholders at each annual meeting. Currently, our directors are divided into Classes I, II and III as follows:

(1) Member of audit committee.

(2) Member of compensation committee.

(3) Member of nominating and corporate governance committee.

Director Nominees

At the Annual Meeting, two Class III directors will be elected to serve until the 2013 annual meeting and until such directors' successors are duly elected and qualified, or until their earlier death, resignation, removal or disqualification. The board of directors has nominated Michael Tung and Paul M. Zavracky, Ph.D. for re-election as Class III directors. Both nominees have agreed to serve if elected, and we have no reason to believe that either will be unable to serve. In the event that a nominee is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for such other nominee as is then designated by our board of directors.

Michael Tung has served as a director since 2004. Mr. Tung joined VentureStar-InveStar Capital Inc. as chief financial officer and Managing Partner in 2002 and is responsible for managing its investment portfolio companies. Mr. Tung has over 20 years of experience in finance, taxation, accounting and general management. He served as chief financial officer for more than 10 years in various organizations, including Acer America Corp., Foxconn Corporation and Fibera Inc. (a start-up company). Mr. Tung worked as Senior Audit Manager of KPMG for 10 years. Mr. Tung received a B.S. degree in Accounting from Tam Kay University. We believe that Mr. Tung's educational background in accounting and finance, his broad experience in finance, taxation, accounting and general management and his knowledge of our industry, gained from his employment as an executive of VentureStar-InveStar Capital and as a chief financial officer of companies engaged in businesses similar to ours, qualify him to serve as a member of our board of directors.

Paul M. Zavracky, Ph.D. has served as a director since 1999. Dr. Zavracky's more than 30 years of business experience includes research at MIT Lincoln Laboratory, teaching at a major university, and management of

Table of Contents

successful venture funded companies. Since 2006 he has served Northeastern University as the Dean of the School of Technological Entrepreneurship. From 1998 to 2006, he was the president and chief operating officer of The MicroOptical Corporation, a start-up company he co-founded. Between 1991 and 1998, he was a tenured professor of electrical engineering at Northeastern University. Before joining Northeastern University, Dr. Zavracky was the chief operating officer of Kopin Corporation, a venture backed company that he and a small group of colleagues from the Massachusetts Institute of Technology's Lincoln Labs started. He led the effort in establishing Kopin's SOI materials capability as an enabling technology for liquid crystal microdisplays. Dr. Zavracky spent five years at The Foxboro Company as principal scientist and technical group leader establishing a MEMS program beginning in 1980. Dr. Zavracky also spent five years at Coulter Corporation managing the government system group working on electrophotographic film and five years at MIT Lincoln Laboratory where he was involved in the development of materials for solar energy applications. He obtained his Ph.D. in Physics at Tufts University. He holds Bachelor's and Master's degrees in Physics from Northeastern University. Dr. Zavracky has more than 100 publications and is named as an inventor in 67 issued patents. We believe that Dr. Zavracky's educational background in physics, his distinguished academic background, his experience as an entrepreneur and his service in senior scientific and operating executive positions at a range of large and small companies in industries related to our own qualify him to serve as a member of our board of directors.

Directors Whose Terms Extend Beyond the 2010 Annual Meeting

Lawrence A. Kaufman, Ph.D. has served as a director since 2008. Dr. Kaufman has been the president and chief executive officer of Lightwave Power Inc., a provider of photovoltaic products for solar energy, since May 2008. From 2006 to 2007, Dr. Kaufman was a partner in The GulfStream Group. Prior to joining The GulfStream Group, Dr. Kaufman founded Sionex Corporation, a venture-backed company that develops miniature chemical sensors, and served as its president and chief executive officer from 2000 to 2003 and as Executive Vice President from 2003 to 2005. Dr. Kaufman currently serves as a director of Top Banana, a non-profit education company, a director of Sionex Corporation and is a partner in The Pinnacle Acquisition Group. Dr. Kaufman was a director of Optical Tape Systems, Inc., from 2005 to 2007, and a director of The MicroOptical Corporation, from 2002 to 2006. Dr. Kaufman received a Bachelor of Science degree in Physics from Rensselaer Polytechnic Institute and a Ph.D. in Solid State Physics from Tufts University. We believe that Dr. Kaufman's educational background in solid state physics, his knowledge of many facets of the electronics industry, and his management experience gained from his employment as a senior operating executive and director of companies in a wide range of businesses qualify him to serve as a member of our board of directors.

David Yang has served as a director since 2007. Mr. Yang is a partner of The CID Group and joined The CID Group as one of the founding employees in 1998. Prior to founding The CID Group, Mr. Yang co-founded an incubator firm, Future Technology Consulting, Inc. to provide legal and advisory work to technology start-up companies in Taiwan. From 1994 to 1997, he served as a lawyer for Tsar and Tsai Law Firm and Jones Day. Mr. Yang has previously served as director or observer for Techwell, Inc., Advanced Analogic Technologies, Inc. and Young Fast Optoelectronic Co., Ltd. Mr. Yang received a J.D. degree from Cornell University in 1993 and a B.A. degree in Asian Studies from the University of Michigan, Ann Arbor in 1990. We believe that Mr. Yang's professional training in law, his extensive experience in advising companies engaged in businesses similar to ours, his service as a director and board observer to such companies and his background as a private equity investor qualify him to serve as a member of our board of directors.

Roger W. Blethen has served as a director since 2005. In March 2008, our Board of Directors also designated Mr. Blethen as our lead director. In 2001, Mr. Blethen was appointed chairman of the board of LTX-Credence Corporation, a provider of semiconductor test solutions to major integrated-circuit manufacturers. Mr. Blethen served as the president and chief executive officer of LTX-Credence Corporation from 1994 to October 2005. Mr. Blethen serves as Chairman of Quebec-based Diablo Technologies Inc. Mr. Blethen currently serves Northeastern University as an advisor to its School for Technological Entrepreneurship. Mr. Blethen received his B.S. in Electrical Engineering from Northeastern University in 1974. We believe that Mr. Blethen's

Table of Contents

educational background in electrical engineering, his broad knowledge of the semiconductor industry, gained from his long tenure as a senior operating executive and director of LTX-Credence Corporation and as a director of Diablo Technologies, and the skills, judgment and experience he has accumulated in these capacities and as a chief executive officer qualify him to serve as a member of our board of directors.

Yang Zhao, Ph.D. is our founder and has served as our President and Chief Executive Officer since our inception and as chairman of the Board of Directors since 2007. Dr. Zhao has over 17 years of experience in MEMS technology and related business development. Prior to founding our company in 1999, Dr. Zhao served in various management positions at Analog Devices, Inc. for seven years, where he was instrumental in developing ADI's MEMS product line and forming industry-wide strategic relationships. Dr. Zhao is well-recognized in the field of MEMS technology. He has been named as an inventor on 22 U.S. patents in IC circuit, processing, packaging and MEMS technology. Dr. Zhao holds a B.S. degree in physics from Peking University, as well as a master's degree and a Ph.D. in electrical engineering from Princeton University where he studied under Professor Daniel Tsui, who won the 1998 Nobel Prize in physics. He is currently the vice chairman of the board at the School of Engineering of Peking University. We believe that Dr. Zhao's educational background in electrical engineering and MEMS technology, his prior management experience and his extensive knowledge of our company's history and culture, its products, technology and personnel, and its markets and customers, qualify him to serve as a member of our board of directors.

Chairman of the Board and Lead Director

Yang Zhao, Ph.D., our president and chief executive officer, is also the chairman of our board of directors. In that capacity, he presides over all meetings of the board. In March 2008, our board of directors established the additional position of lead director and appointed Roger Blethen to serve in that position. Our lead director is a non-employee director whose responsibilities are to:

preside over board meetings in the absence of the chairman and lead executive sessions of the board (i.e., sessions without management present);

consult with other directors concerning corporate governance matters and identification of issues for board meeting discussions and set the board meeting agenda in consultation with the chairman;

advise the chief executive officer on organizational development, business strategy and corporate governance; and

advise the chief executive officer and chief financial officer on appropriate communications policies and procedures.

We believe that our current board leadership structure, with Dr. Zhao serving as both chief executive officer and board chairman, is appropriate and in the interest of our stockholders, in light of Dr. Zhao's experience and effectiveness in serving in these roles, the efficiencies of having the chief executive officer also serve in the role of chairman and our strong corporate governance structure, including the fact that all of our other directors are independent. We believe that by having Dr. Zhao serve as our chairman we benefit from his extensive knowledge of our company's history and culture, its products, technology and personnel, its markets and customers, and its operations in setting the agenda for meetings of our board, bringing relevant information to the attention of the directors and facilitating discussion of important strategic and operational issues. His combined role also enables decisive leadership, ensures clear accountability, and enhances our ability to communicate clearly and consistently to our stockholders, employees, customers and suppliers. Our purpose in establishing the lead director position was to facilitate communications between the independent directors and the chairman and thereby assist both him and the independent directors in more efficiently and effectively performing their respective roles. Our lead director has no role in the management or operations of the company, does not establish company policy or strategy and, except as directed by the board, does not act as a spokesman for the company.

Table of Contents

Director Independence

A majority of our directors are independent within the meaning of the applicable rules of the SEC and The Nasdaq Stock Market, LLC. Specifically, our board of directors has determined that each of Messrs. Blethen, Kaufman, Tung, Yang and Zavracky is an independent director.

Each executive officer serves at the discretion of the board of directors and holds office until his successor is elected and qualified or until his earlier resignation or removal. There are no family relationships among any of our directors and executive officers.

Committees of the Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating committee, which are the only standing committees of the board of directors.

Audit committee. Our audit committee consists of Messrs. Tung, Yang and Zavracky, with Mr. Tung serving as chair. Our audit committee oversees our corporate accounting and financial reporting process and internal controls over financial reporting. Our audit committee evaluates the qualifications, independence and performance of our independent registered public accounting firm, Ernst & Young LLP; engages and determines the compensation of the independent auditor; approves the retention of the independent auditor to perform any proposed permissible non-audit services; reviews our financial disclosures, including our critical accounting policies and internal controls over financial reporting; prepares an annual report to our stockholders for inclusion in our proxy statement; reviews and approves in advance any proposed related party transactions; and discusses with management and the independent auditor the results of the annual audit and our financial statements. We believe that our audit committee members meet the requirements for independence and financial literacy under the current requirements of the Sarbanes-Oxley Act of 2002, The Nasdaq Global Market and SEC rules and regulations. In addition, the board of directors has determined that Mr. Tung is qualified as an audit committee financial expert within the meaning of the SEC rules and regulations. A copy of the charter of our audit committee is available in the Investor Relations section of our website at www.memsic.com.

Compensation committee. Our compensation committee consists of Messrs. Blethen, Yang and Zavracky, with Mr. Blethen serving as chair. Our compensation committee administers our stock option plans and employee stock purchase plans; recommends to our board of directors the compensation of our executive officers; prepares a report of the committee required by the rules of the SEC to be included in our proxy statement; recommends to our board of directors any performance-based awards to be granted to any of our executive officers or other employees; recommends to our board of directors the terms and conditions of any employment agreement and any arrangements regarding severance or change of control payments with any of our executive officers; recommends to our board of directors, and reviews periodically, the compensation of our directors; and recommends to our board of directors, and reviews periodically, the composition of our plans and programs for employee compensation. We believe that each member of our compensation committee meets the requirements for independence under the rules of The Nasdaq Global Market. A copy of the charter of our compensation committee is available in the Investor Relations section of our website at www.memsic.com.

Nominating and corporate governance committee. Our nominating and corporate governance committee, or nominating committee, consists of Messrs. Kaufman, Tung and Zavracky, with Dr. Zavracky serving as chair. Our nominating committee identifies individuals qualified to become members of the board and recommends to our board of directors nominees for election as directors. We believe that our nominating committee members meet the independence requirements under the rules of The Nasdaq Global Market. A copy of the charter of our nominating committee is set forth in [Appendix A](#) hereto and is available in the Investor Relations section of our website at www.memsic.com.

Table of Contents

Policy Regarding Board Attendance

Our directors are expected to attend meetings of the board of directors and meetings of committees on which they serve. Our directors are expected to spend the time needed at each meeting and to meet as frequently as necessary to properly discharge their responsibilities. We encourage members of our board of directors to attend annual meetings of stockholders, but we do not have a formal policy requiring them to do so.

Director Candidates and Selection Process

Our nominating committee is responsible for identifying and reviewing candidates to fill open positions on the board of directors, including positions arising as a result of the expiration of the term, removal, resignation or retirement of any director, an increase in the size of the board or otherwise, and recommending to our full board candidates for nomination for election to the board. The committee is responsible for reviewing from time to time the appropriate skills and characteristics required of board members in the context of the current make-up of the board, including such factors as business experience, diversity, and personal skills in technology, finance, marketing, sales, financial reporting and other areas that contribute to an effective board. In recommending new directors, the committee will consider any requirements of applicable law or listing standards, a candidate's strength of character, judgment, business experience and specific area of expertise, factors relating to the composition of the board (including its size and structure), principles of diversity, and such other factors as the committee deems to be appropriate. The committee considers diversity, which it views broadly to include diversity of experience, skills and viewpoint as well as traditional diversity concepts such as race or gender, as one of a number of factors in identifying nominees for director. The committee has not adopted any formal policy, guidelines or procedures with respect to the consideration of diversity in the nominating process.

Stockholders may recommend individuals to the nominating committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to our nominating committee, c/o Corporate Secretary, MEMSIC, Inc., One Tech Drive, Suite 325, Andover, Massachusetts 01810. Assuming that appropriate biographical and background material has been provided on a timely basis, the nominating committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If the board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting. Any recommendation of a potential director nominee should also include a statement signed by the proposed nominee expressing a willingness to serve on our board if elected. As part of this responsibility, the committee will be responsible for conducting, subject to applicable law, any and all inquiries into the background and qualifications of any candidate for the board and such candidate's compliance with the independence and other qualification requirements established by the committee or imposed by applicable law or listing standards.

Stockholder Communications with the Board

Stockholders wishing to communicate with our board should send correspondence to the attention of the Chairman of the Board of Directors, c/o Corporate Secretary, MEMSIC, Inc., One Tech Drive, Suite 325, Andover, Massachusetts 01810, and should include with the correspondence evidence that the sender of the communication is one of our stockholders. Satisfactory evidence would include, for example, contemporaneous correspondence from a brokerage firm indicating the identity of the stockholder and the number of shares held. The Chairman will review all correspondence confirmed to be from stockholders and decide whether or not to forward the correspondence or a summary of the correspondence to the full board or a committee of the board, or if the Chairman determines in accordance with his best judgment that the matter can be addressed by management, then to the appropriate officer of the Company. The Chairman will review all stockholder

Table of Contents

correspondence, but the decision to relay that correspondence to the full board or a committee will rest entirely within his discretion. Our board believes that this process will suffice to handle the relatively low volume of communications we have historically received from our stockholders. If the volume of communications increases such that this process becomes burdensome to the Chairman, our board may elect to adopt more elaborate screening procedures.

Code of Conduct and Code of Ethics

Our board of directors has adopted a code of conduct, which establishes the standards of ethical conduct applicable to all of our directors, officers and employees. Our code of conduct addresses issues relating to, among other things, conflicts of interest, related party transactions, use of company funds and sensitive payments, corporate opportunities, internal controls over financial reporting, and confidential information. In addition, our board of directors has adopted a code of ethics applicable to our chief executive officer and chief financial officer. Our code of ethics sets guidelines for these individuals to implement policies and procedures to enhance disclosure and reporting system at our company. Our code of conduct is publicly available on our website at www.memsic.com. Any waiver of our code of conduct or code of ethics with respect to our chief executive officer, chief financial officer, controller or persons performing similar functions may only be authorized by our audit committee and will be disclosed as required by applicable law.

**PROPOSAL TWO RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

Ernst & Young LLP currently serves as our independent registered public accounting firm and audited our consolidated financial statements for the year ended December 31, 2009. Our audit committee has appointed Ernst & Young LLP to serve as our independent registered public accounting firm for 2010 and to audit our consolidated financial statements for the year ending December 31, 2010.

Our audit committee is responsible for selecting and appointing our independent registered public accounting firm, and this appointment is not required to be ratified by our stockholders. However, our audit committee has recommended that the board of directors submit this matter to the stockholders as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the audit committee will reconsider whether to retain Ernst & Young LLP, and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, the audit committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and stockholders.

In order to pass, this proposal must receive a majority of the votes cast with respect to this matter.

INFORMATION ABOUT OUR AUDIT COMMITTEE AND AUDITORS

Our Auditors

Ernst & Young LLP have been selected by the audit committee of the board of directors as the independent registered public accounting firm to audit our financial statements for the year ending December 31, 2010. Ernst & Young LLP also served as our auditors in 2009. We expect that representatives of Ernst & Young LLP will attend our annual meeting, will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Audit Committee Report

The primary role of our audit committee is to assist our board of directors in fulfilling its oversight responsibilities by reviewing the financial information proposed to be provided to stockholders and others, the adequacy of the system of internal control over financial reporting and disclosure controls and procedures established by management and the board, and the audit process and the independent auditors' qualifications, independence and performance.

Management is responsible for establishing and maintaining the Company's system of internal controls and for preparation of the Company's financial statements. Our independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an audit of our consolidated financial statements in accordance with generally accepted auditing standards and issuing an opinion on the financial statements. The audit committee has met and held discussions with management and our independent auditors, and has also met separately with our independent auditors, without management present, to review the adequacy of our internal controls, financial reporting practices and audit process.

The audit committee has reviewed and discussed our audited consolidated financial statements for the year ended December 31, 2009 with management and the independent auditors. As part of this review, the audit committee discussed with Ernst & Young LLP the communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, "Communication with Audit Committees."

The audit committee has received from Ernst & Young LLP a written statement describing all relationships between that firm and the Company that might bear on the auditors' independence, consistent with applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. The audit committee has discussed the written statement with the independent auditors, and has considered whether the independent auditors' provision of any consultation and other non-audit services to the Company is compatible with maintaining the auditors' independence.

Based on the above-mentioned reviews and discussions with management and the independent auditors, the audit committee recommended to the board of directors that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2009, as filed with the Securities and Exchange Commission.

The foregoing report is provided by the undersigned members of the audit committee.

Our policies and procedures for related party transactions are contained in our code of conduct and our audit committee charter.

Our code of conduct requires all of our employees, officers and directors to report to our chief executive officer any significant related-party transaction that he or she believes exists or might occur. These related-party transactions include those between our company and: (i) family members or friends of an employee, officer or director; (ii) an organization for which the employee, officer or director currently or has in the past five years served as an officer, director, trustee or partner; (iii) an organization in which the employee, officer or director has a financial interest, other than an investment of less than 1% of the outstanding shares of a publicly-held company; and (iv) any individual or organization with whom the employee, officer or director is negotiating, or with whom he or she has an arrangement, concerning prospective employment.

Our audit committee charter provides the committee with the responsibility to review, and the authority to approve or disapprove, any transaction between our company and any (i) of our directors or executive officers; (ii) nominee for election as a director; (iii) person known to our company to own more than 5% of any class of our voting securities; (iv) member of the immediate family of any such person, if such transaction is required to be disclosed under the related-party transactions rules of the SEC.

In addition to the compensation arrangements with directors and the executive officers described above, the following is a description of each transaction during fiscal year 2009 and each currently proposed transaction in which:

we have been or are to be a participant;

the amount involved exceeds \$120,000; and

any of our directors, executive officers or holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals, had or will have a direct or indirect material interest.

OTHER MATTERS

Other Business

Neither we nor our board of directors intends to propose any matters of business at the Annual Meeting other than those described in this proxy statement. Neither we nor our board know of any matters to be proposed by others at the Annual Meeting.

Solicitation of Proxies

We are soliciting the proxies in the enclosed form and paying the cost of the solicitation. In addition to the use of the mails, we may solicit proxies personally or by telephone or telegraph using the services of our directors, officers and regular employees at nominal cost. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for expenses incurred in sending proxy materials to beneficial owners of our common stock.

Stockholder Proposals

For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting to be held in 2011, the proposal must be in writing and be received by our Corporate Secretary at our principal executive offices no later than June 28, 2011. If the date of next year's annual meeting is more than 30 days before or after September 30, 2011, the deadline for inclusion of proposals in our proxy statement will instead be a reasonable time before we begin to print and mail our proxy materials. Stockholder proposals must comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended, and any other applicable rules established by the SEC. In addition, our bylaws establish an advance notice procedure with regard to including stockholder proposals to be brought before an annual meeting of stockholders. For a stockholder's proposal to be brought before our 2011 annual meeting, the stockholder must give written notice to our Corporate Secretary at our principal executive offices not less than sixty (60) days and not more than ninety (90) days prior to the date set for the annual meeting, regardless of any postponements, deferrals or adjournments of that meeting to a later date; provided, however, that if the annual meeting of stockholders is to be held on a date prior to the second Wednesday in June, which in 2011 will be June 8, 2011, and if less than seventy (70) days' notice or prior public disclosure of the date of the annual meeting is given or made, notice by the stockholder to be timely must be so received by the close of business on the tenth (10th) day following the earlier of the date on which notice of the date of the annual meeting was mailed or the day on which public disclosure was made of the date of the annual meeting. Our bylaws also specify requirements as to the form and content of a stockholder's notice.

Nomination of Director Candidates

Any proposals to nominate candidates for election to our board of directors must be in writing and include the nominee's name and qualifications for board membership and should be directed to our Corporate Secretary at our principal executive offices. To be timely, a stockholder's notice must be received by our Corporate Secretary within the time specified in our bylaws for stockholder proposals, described above. The notice must contain all information relating to the proposed nominee that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, or pursuant to any other then existing statute, rule or regulation applicable thereto (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected), and must also include information concerning the identity of, and shares of our stock held of record and beneficially by, both the record stockholder giving the notice and the beneficial owner of our stock, if other than the record holder giving notice, on whose behalf the nomination is made.
