The Board, upon recommendation by our Compensation Committee, also approved the Calix, Inc. Management Bonus Program Under the 2010 Equity Incentive Award Plan (the Management Bonus Program), pursuant to which certain members of the management are eligible for cash bonuses based on the Company's performance. The bonuses under the Management Bonus Program are based on a specified target bonus percentage of a participant's base salary and are payable based on corporate performance related to revenue, pro-forma gross margin and pro-forma

net profit. The Compensation Committee may, in its discretion, increase or decrease the amount payable to any participant under the program using such criteria as it deems appropriate. In 2012, our named executive officers have the target bonus percentages under the Management Bonus Program as listed in the table above.

Long Term Incentive Program Under the 2010 Equity Incentive Award Plan (the Long Term Incentive Program), pursuant to which certain key employees of the Company are eligible for equity awards of the Company's common stock based on the Company's stock price performance. Under the Long Term Incentive Program, the Compensation Committee establishes certain performance criteria and goals in connection with the Company's stock price, and the participants receive an initial grant of a certain number of Performance Shares (as defined in the Long Term Incentive Program) as determined by the Compensation Committee. The corresponding number of shares of the Company's common stock earned by each participant is calculated with respect to each performance period by multiplying (a) the number of Performance Shares granted to such participant times (b) a specified ratio based on the stock price performance for such performance period as established by the Compensation Committee.
