Resolution:

4. To approve issuance of new common shares for cash to sponsor issuance of the overseas depositary shares (DR Offering) and/or issuance of new common shares in private placement (Private Placement Shares) and/or issuance of overseas or domestic convertible bonds in private placement (Private Placement CB)

Explanation:

(1) Fund Raising Purpose and Size:

In order to build the new technology (e.g. AMOLED) and capacity, enrich working capital, have sound financial structure and/or support the Company's long term development funding needs, it is hereby proposed that the shareholders meeting to authorize the Board of Directors (Board), within the limit of 800,000,000 common shares, depending on the market conditions and the Company's capital needs, to choose appropriate timing and fund raising method(s), to issue new common shares for cash to sponsor DR Offering and/or issue Private Placement Shares and/or issue Private Placement CB, in accordance with the applicable laws and regulations and the following fund raising method principles. For issuance of Private Placement CB, the number of common shares can be converted within the limit of 800,000,000 common shares shall be calculated in accordance with the conversion price determined at the time of issuance of Private Placement CB.

(2) Fund raising method(s) and handling principles:

I. Issuance of new common shares for cash to sponsor DR Offering:

- (I) The issue price of the new common shares will be decided with reference to (a) the closing price of the Company's common shares or American Depositary Shares (ADSs) on the pricing date or (b) the average of the closing price of the Company's common shares or ADSs for 1, 3 or 5 trading days prior to the pricing date (each of (a) and (b) is referred to hereinafter as the reference price). The Chairman is authorized to coordinate with the foreign lead-underwriter(s) of the DR Offering to determine the actual issue price in accordance with market conditions, provided that, the actual price shall not be less than 90% of the reference price after adjustment for bonus shares issued as stock dividends, shares cancelled in connection with capital reduction and cash dividends.

The reference price and the actual price will be decided in accordance with market practice and applicable laws. In addition, assuming that the Company issues 800,000,000 common shares which is approximately 8.3% of the Company's total outstanding common shares prior to the record date for the Company's 2012 annual shareholders meeting, as the actual price shall be no less than 90% of the reference price after adjustment for bonus shares issued as stock dividends, shares cancelled in connection with capital reduction and the cash dividends, it is unlikely that such issuance will have a material dilutive effect on the holdings of the current existing shareholders. Thus, setting of the issue price of the new common shares shall be reasonable and should not have a material adverse effect on the rights and benefits of the current existing shareholders.

- (II) Except for 10%-15% of the new common shares shall be allocated for the employees' subscription in accordance with the applicable laws, the right to subscribe for the remaining shares shall be waived by the shareholders and such remaining shares should be offered to the public under Article 28-1 of the Securities and Exchange Law as the underlying shares of the global depository shares to be sold in the DR Offering. Any new common shares not subscribed by employees of the Company shall be determined by the Chairman, depending on the market needs, to be allocated as underlying shares of the global depository shares or to be subscribed by the designated person(s).

II. Issuance of Private Placement Shares or Private Placement CB:

- (I) Basis and reasonableness for determination of the subscription price of the Private Placement Shares:

- (A) The subscription price of the Private Placement Shares shall be no less than 80% of either of the following reference prices:

- (x) The simple average closing price of the Company's common shares for 1, 3 or 5 trading days prior to the pricing date, after adjustment for bonus shares issued as stock dividends, shares cancelled in connection with capital reduction and cash dividends.
- (y) The simple average closing price of the Company's common shares for 30 trading days prior to the pricing date, after adjustment for bonus shares issued as stock dividends, shares cancelled in connection with capital reduction and cash dividends.

The issue price of the Private Placement CB shall be no less than 80% of the theoretical price.

- (B) The actual subscription price of Private Placement Shares and the issue price of Private Placement CB shall be determined by the Board considering the specific investors' subscription and market conditions within the percentage of the reference price/theoretical price as stated in (A) above and the actual subscription price of Private Placement Shares shall be no less than the par value. As subscription price of the Private Placement Shares and issue price of Private Placement CB will be determined with reference to the price of the Company's common shares and the theoretical price in accordance with the regulations governing public companies issuing shares in private placement, thus, the price determination should be reasonable.
- (II) The method, purpose, necessity and projected benefits to determine specific investor(s): The investors to subscribe to the Private Placement Shares and/or Private Placement CB shall meet the qualifications listed in Article 43-6 of the Securities and Exchange Law and the Board is fully authorized to determine the specific investor(s). If the investor(s) are strategic investor(s), such investors must meet the qualifications listed in Article 43-6 of the Securities and Exchange Law. The purpose, necessity and projected benefits are to accommodate the needs of Company's operation and development. That said, it is proposed for the private placement investor(s) to assist the Company, directly or indirectly, in finance, business, manufacture, technology, procurement, management, strategy development, etc. to strengthen the Company's competition and improve operational efficiency and long term development.
- (III) The necessity of issuance of Private Placement Shares and/or Private Placement CB:
Considering the effectiveness and convenience for issuance of the Private Placement Shares/Private Placement CB and/or to accommodate the Company's development planning, including inviting the strategic investor(s), it is necessary to issue the Private Placement Shares and or/Private Placement CB.
- (IV) For the Private Placement Shares and/or the new common shares to be issued upon conversion of Private Placement CB, after expiration of three years following delivery date of the Private Placement Shares/Private Placement CB, the Board is authorized to obtain an approval letter issued by the Taiwan Stock Exchange (TSE) acknowledging that the Private Placement Shares /new common shares to be issued upon conversion of Private Placement CB meet the standards for TSE listing before the Company's submitting the application with the Financial Supervisory Commission for retroactive handling of public issuance of such shares and submitting the application with TSE for listing such shares on TSE.
- (V) The tentative terms and conditions of the Private Placement CB (Offering Plan) are shown in Attachment 10 (pages 53-54).

III. Use of proceeds, the schedule and the projected benefits:

The Company plans to use the funds raised from the DR Offering and/or issuance of the Private Placement Shares and/or Private Placement CB to build the new technology (e.g. AMOLED) and capacity, enrich working capital, have sound financial structure and/or support the Company's long term development funding needs and plans to use such funds within three years after completing the fund raising and plans to strengthen the Company's competition and improve operational efficiency effect.

- IV. The new common shares to sponsor the DR Offering, the Private Placement Shares and the new common shares to be issued upon conversion of Private Placement CB will be issued in the scriptless form. Except that the Private Placement Shares and the new common shares to be issued upon conversion of Private Placement CB are subject to the selling restrictions within three years after the delivery date of the Private Placement Shares/Private Placement CB, the new common shares to sponsor the DR Offering, the Private Placement Shares and the new common shares to be issued upon conversion of Private Placement CB will have the same rights and obligations as the Company's existing issued and outstanding common shares.
- V. After the shareholders meeting approves issuance of new common shares to sponsor the DR Offering, the Private Placement Shares and the Private Placement CB, it is proposed for the shareholders meeting to authorize the Board to determine and amend at the Board's sole discretion the terms and conditions of the new common shares to be issued for the DR Offering or terms and condition of the Private Placement Shares and/or Offering Plan of the Private Placement CB, the plan for the use of proceeds, the schedule and projected benefits and all matters in connection therewith, in accordance with the Company's actual needs, market conditions and relevant regulations and if any amendment thereto is required by amendment to the regulations or the authority's order or based on the Company's operational evaluation or change of the market conditions, the Board is authorized to make the required amendment at the Board's sole discretion.
- VI. To complete the fund raising, the Chairman or the Chairman's designee is authorized, on behalf of the Company, to handle all matters relating to, and sign all agreements and documents in connection with, issuance of the new common shares to sponsor the DR Offering and issuance of the Private Placement Shares and/or Private Placement CB.
- VII. The Board is hereby authorized to handle all matters which are not addressed herein in accordance with the applicable laws and regulations.

2011 Business Report

For AUO, 2011 was a year full of tough challenges, with the Great East Japan earthquake, Thai floods, as well as the US and European financial crisis once again severely dampened the global economy. Facing a business environment even more difficult than the financial crisis of 2008, AUO's management team has stayed cautious and conscientious, and been attentive to cost controls. AUO's performance in 2011, however, still inevitably has been impacted significantly. We closed 2011 with an annual consolidated revenue of NT\$379.7 billion, a 18.7% decrease from 2010. We also reported a consolidated net loss of NT\$61.3 billion, which represented a basic Earning per Share (EPS) of -NT\$6.94.

Nevertheless, while facing the global financial crisis and industrial transformation, AUO still maintains its determination and capability for pursuing breakthrough innovations hoping to firmly overcome the down cycles, and when there is a sign of recovery of global economy, the Company can immediately catch any opportunities for growth. Looking back to 2011, the Company has accomplished the followings:

1. Display business:

A full launch of Company's high-end products and technologies. For example, AUO has increased its shipment proportion for the new applications, such as one glass solution touch panels and naked eye 3D notebook panels, penetrated into the supply chain of world-class automotive manufacturers, and introduced the Hyper LCD panels for smartphone application. All of the above demonstrates AUO's fruitful results of its continuous investment in the advanced display technologies.

2. Solar business:

The Company's solar strategy is to continuously focus on technology differentiation and to expand its global exposure. For example, AUO has mass produced back-contact mono-crystalline modules with conversion efficiencies of over 20%. The Company was also the first in the industry to launch the AC (Alternating Current, AC) module along with the energy monitoring system. Furthermore, the Company has successfully won various solar power projects located in the United Kingdom, Germany, Italy, Slovakia, Czech Republic, South Africa, the United States, and Taiwan.

The fast-changing industry cycle and the diversification of market and product trends have been constantly testing AUO's overall ability to respond and adapt to new technologies, manufacturing, and marketing trends. Looking forward to 2012, AUO's management team will target business growths in the following sectors:

1. Display business:

(1) Enhance the value of existing capacity with new products and technologies:

The Company plans to proactively develop the next generation technologies, such as boosting the development and mass production of one glass solution touch panels, embedded touch panels, naked eye 3D panels, super narrow bezel TV panels, and small and medium-sized OLED panels, and accelerate the time to market for new products to gain the competitive edges and increase profit contributions.

(2) Offer total solution to customers:

To help customers to stay ahead in the diverse global market by providing them with advanced and cost-competitive display products using the Company's full range of production lines and flexible production capability, the Company will also proactively develop innovative products with diversified applications in order to create new business opportunities in various panel applications.

2. Solar business:

(1) Establish a solar brand and expand sales channel:

By introducing a new solar brand, AUO intends to expand its sales channels in the system and downstream business through global deployment and local services, and aggressively explore any solar project opportunities.

(2) Continue to develop high efficiency products:

AUO plans to continuously develop the mono-crystalline solar cells used in-house and enhance module encapsulation technology to upgrade the conversion efficiency and reliability of the modules. The Company also plans to introduce more environmental friendly solar cell and module products with high conversion efficiency for rooftop and power plants, building a foundation for a high efficiency and high quality solar brand.

In our 15 years of history, our core value of integrity has never changed. AUO's management team is determined to overcome future challenges with consistent levels of passion and execution. By strengthening our financial positions during recessions and enhancing our competitive advantages in products and technology, we envision to explore more opportunities for the Company in the years to come and establish AUO as the global leader in both optoelectronics and green energy industries, with an ultimate goal to maximize our value to our shareholders.

Independent Auditors' Report

The Board of Directors

AU Optronics Corp.:

We have audited the accompanying balance sheets of AU Optronics Corp. (the Company) as of December 31, 2011 and 2010, and the related statements of operations, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the Republic of China and the Rules Governing Auditing and Certification of Financial Statements by Certified Public Accountants. Those rules and standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AU Optronics Corp. as of December 31, 2011 and 2010, and the results of its operations and its cash flows for the years then ended, in conformity with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and accounting principles generally accepted in the Republic of China.

We have also audited the consolidated financial statements of AU Optronics Corp. as of and for the years ended December 31, 2011 and 2010, and have expressed an unqualified opinion on such financial statements.

Independent Auditors' Report

The Board of Directors

AU Optronics Corp.:

We have audited the accompanying consolidated balance sheets of AU Optronics Corp. and subsidiaries (the Company) as of December 31, 2011 and 2010, and the related consolidated statements of operations, stockholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the Republic of China and the Rules Governing Auditing and Certification of Financial Statements by Certified Public Accountants. Those rules and standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of AU Optronics Corp. and subsidiaries as of December 31, 2011 and 2010, and the consolidated results of its operations and its cash flows for the years then ended, in conformity with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and accounting principles generally accepted in the Republic of China.

(1) Except for the assets which are dealing with a government institution or by ways of mandating others to build on the Company's own land or on the land rented by the Company or the machines and equipments which are to be acquired for business use, any acquisition or disposal of real property or other fixed assets the transaction amount of which reaches 20% of the Company's paid-in capital or NT\$300,000,000 or more, shall be subject to obtaining the evaluation report issued by the professional appraisers and compliance with the following provisions:

(i) If a limited price, a specified price or a special price is used as a reference for determination of the transactional price due to special reason, such transaction shall be submitted to the Board of Directors for prior approval. The same procedure shall apply to amendments to the transaction terms.

(ii) If the transaction amount is more than NT\$1,000,000,000, the Company shall retain two or more professional appraisers to conduct an appraisal.

Article 5 Evaluation Procedures

(1) Except for the assets which are dealing with a government institution or by ways of mandating others to build on the Company's own land or on the land rented by the Company or the machines and equipments which are to be acquired for business use, any acquisition or disposal of real property or other fixed assets the transaction amount of which reaches 20% of the Company's paid-in capital or NT\$300,000,000 or more, shall be subject to obtaining the evaluation report issued by the professional appraisers prior to occurrence of the event and compliance with the following provisions:

(i) If a limited price, a specified price or a special price is used as a reference for determination of the transactional price due to special reason, such transaction shall be submitted to the Board of Directors for prior approval. The same procedure shall apply to amendments to the transaction terms.

(ii) If the transaction amount is more than NT\$1,000,000,000, the Company shall retain two or more professional appraisers to conduct an appraisal.

To be in compliance with the amended regulations

(iii) If the appraisal made by professional appraiser indicates any of the following, a certified public accountant shall be retained to handle such situation in accordance with the Statements of Auditing Standards No. 20 issued by Accounting Research and Development Foundation of the Republic of China and render the specific opinion on (i) the reason for difference between the actual transaction amount and the appraisal result and (ii) the appropriateness of the transaction price:

1. the difference between the appraisal result and actual transaction amount is 20% or more of the actual transaction amount; or

2. the difference between the respective appraisal results of two or more appraisers is more than 10% of the actual transaction amount.

(iv) If an appraisal is conducted before the contract execution date, no more than 3 months may elapse between the date of the appraisal report and the contract execution date; provided, however, that where the publicly announced current value for the same period is used and not more than 6 months have elapsed, an opinion may still be issued by the original professional appraiser.

(v) The term professional appraiser as used herein shall mean the real property appraiser or other person who are legally permitted to conduct the appraisal of real properties and other fixed assets.

(iii) If the appraisal made by professional appraiser indicates any of the following, unless all the appraisal results for the assets to be acquired are higher than the transaction amount, or all the appraisal results for the assets to be disposed of are lower than the transaction amount, a certified public accountant shall be retained to handle such situation in accordance with the Statements of Auditing Standards No. 20 issued by Accounting Research and Development Foundation of the Republic of China and render the specific opinion on (i) the reason for difference between the actual transaction amount and the appraisal result and (ii) the appropriateness of the transaction price:

1. the difference between the appraisal result and actual transaction amount is 20% or more of the actual transaction amount; or

2. the difference between the respective appraisal results of two or more appraisers is more than 10% of the actual transaction amount.

(iv) ~~If an appraisal is conducted before the contract execution date, n~~issued by a professional appraiser No more than 3 months may elapse between the date of the appraisal report and the contract execution date; provided, however, that where the publicly announced current value for the same period is used and not more than 6 months have elapsed, an opinion may still be issued by the original professional appraiser.

(2) The latest financial statements of the target company audited or reviewed by the certified public accountants shall be use as a reference to determine the transaction price of any acquisition or disposal of the securities. A certified public accountant shall be retained to issue a fairness opinion on the transaction price, if the transaction amount reaches 20% of the Company's paid-in capital or NT\$300,000,000 or more. This requirement does not apply, however, to publicly quoted prices of securities that have an active market, or where otherwise provided by the FSC.

(3) If the transaction amount of any acquisition or disposal of the certificate of membership or intangible asset reaches 20% of the Company's paid-in capital or NT\$300,000,000 or more, a certificated public accountant shall be retained to issue a fairness opinion on the transaction price. The certificated public accountant shall issue such fairness opinion in accordance with the Statements of Auditing Standards No. 20 issued by Accounting Research and Development Foundation of the Republic of China.

Amended by the Shareholders Meeting on April 23, 1999

1. Shareholders meeting of the Company shall be conducted in accordance with the Rules and Procedures.
2. Shareholders or their proxies attending the shareholders meeting (the Meeting) shall submit the attendance card for the purpose of signing in. The number of shares represented by shareholders or their proxies attending the Meeting shall be calculated in accordance with the attendance cards submitted by the shareholders or their proxies.
3. The quorum required for the Meeting and the votes cast by the shareholders shall be calculated in accordance with the number of shares representing by shareholders attending the Meeting.
4. The Meeting shall be held at the head office of the Company or at any other appropriate place that is convenient for the shareholders to attend. The time to start the Meeting shall not be earlier than 9:00 a.m. or later than 3:00 p.m.
5. The chairman of the Board of Directors shall be the chairman presiding at the Meeting in the case that the Meeting is convened by the Board of Directors. In case the chairman of the Board of Directors is on leave or cannot exercise his power and authority for any reason, the vice chairman shall act on behalf of the chairman. In case the Company has no vice chairman, or the vice chairman is also on leave or unable to exercise his and authority for any reason, the chairman of the Board of Directors shall designate one of the directors to act on behalf of the chairman. If the chairman does not make such designation, the directors shall elect from and among themselves an acting chairman of the Board of Directors. If the Meeting is convened by the person other than the Board of Directors who is permitted to convene such Meeting, such person shall be the chairman presiding the Meeting.
6. The Company may appoint designated counsel, Certified Public Accountant or other related persons to attend the Meeting.
7. The process of the Meeting shall be tape-recorded or videotaped and these tapes or videos shall be preserved for at least one year.
8. Chairman shall call the Meeting to order at the time scheduled for the meeting. If the number of shares represented by the shareholders present at the Meeting has not yet constituted the quorum at the time scheduled for the Meeting, the chairman may postpone the time for the Meeting. The postponements shall be limited to two times at the most and Meeting shall not be postponed for longer than one hour in the aggregate. If after two postponements no quorum can yet be constituted but the shareholders present at the Meeting represent more than one-third of the total outstanding shares of the Company, tentative resolutions may be made in accordance with Paragraph 1, Article 175 of the Company Law of the Republic of China. If during the process of the Meeting the number of shares represented by the shareholders present becomes sufficient to constitute the quorum, the chairman may submit the tentative resolutions to the Meeting for approval in accordance with Article 174 of the Company law of the Republic of China.
9. The agenda of the Meeting shall be set by the Board of Directors, if the Meeting is convened by the Board of Directors. The Meeting shall proceed in accordance with the agenda unless otherwise resolved at the Meeting. During the Meeting, the chairman may, at his/her discretion, set time for intermission. Unless otherwise resolved at the Meeting, the chairman cannot announce adjournment of the Meeting before all the discussion items listed in the agenda are resolved. The shareholders cannot designated any other person as chairman and

continue the Meeting in the same or other place after the Meeting is adjourned.

10. When a shareholder present at the Meeting wishes to speak, a speech note should be filled out with summary of the speech, the shareholder's number, and the name of the shareholder. The sequence of speeches by shareholders should be decided by the chairman. If any shareholder presenting the Meeting submits a speech note but does not speak, no speech should be deemed to have been made by such shareholder. In case the contents of the speech of a shareholder are inconsistent with the contents of the speech note, the contents of actual speech shall prevail. Unless otherwise permitted by the chairman and the shareholder in speaking, no shareholder shall interrupt the speeches of the other shareholder, otherwise the chairman shall stop such interruption.

~ 57 ~

11. Unless otherwise permitted by the chairman, each shareholder shall not, for each discussion item, speak more than two times or longer than 5 minutes each time. In case the speech of any shareholder violates this provision or exceeds the scope of the discussion item, the chairman may stop the speech of such shareholder.
12. Any legal entity designated as proxy by a shareholder(s) to be present at the Meeting may appoint only one representative to attend the Meeting. If a legal entity designates two or more representatives to attend the Meeting, only one representative can speak for each discussion item.
13. After the speech of a shareholder, the chairman may respond him/herself or appoint an appropriate person to respond.
14. The chairman may announce to end the discussion of any discussion item and go into voting if the chairman deems it appropriate.
15. The person(s) to monitor and the person(s) to count the ballots shall be appointed by the chairman. The person(s) monitoring the ballots shall be a shareholder(s). The result of voting shall be announced at the Meeting and recorded in the minutes of the Meeting.
16. Except otherwise provided in the Company Law of the Republic of China or the Articles of Incorporation of the Company, a resolution shall be adopted by a majority of the votes represented by the shareholders present at the Meeting. The resolution shall be deemed adopted and shall have the same effect as if it was voted by casting ballots if no objection is voiced after solicitation by the chairman.
17. If there is amendment to or substitute for a discussion item, the chairman shall decide the sequence of voting for such discussion item, the amendment or the substitute. If any of them has been adopted, the other shall be deemed vetoed and no further voting is necessary.
18. The chairman may require or supervise the disciplinary officers or the security guards to assist in keeping order of the Meeting place. Such disciplinary officers or security guards shall wear badges marked "Disciplinary Officer" for identification purpose.
19. In case of incident due to force majeure, the chairman may decide to temporarily suspend the Meeting or to announce adjournment and decide the day to reconvene the Meeting.
20. Any matter not provided in the Rules and Procedures shall be handled in accordance with the Company Law of Republic of China and the Articles of Incorporation of the Company.
21. The Rules and Procedures shall become effective from the date on which the Rules and Procedures are approved by the Meeting. The same shall apply to amendments to the Rules and Procedures.

Chapter 3: Shareholders Meetings

Article 8

Shareholders meetings shall be of two types, ordinary meetings and extraordinary meetings. Ordinary meetings shall be convened annually by the Board within six months of the end of each fiscal year. Extraordinary meetings shall be convened in accordance with the relevant laws, whenever necessary.

Article 9

Unless otherwise provided in the Company Law, a resolution shall be adopted at a meeting attended by the shareholders holding and representing a majority of the total issued and outstanding shares and at which meeting a majority of the attending shareholders shall vote in favor of the resolution. In case a shareholder is unable to attend a shareholders meeting, such shareholder may issue a proxy in the form issued by the Company, setting forth the scope of authorization by signing and affixing such shareholder's seal on the proxy form for the representative to be present on such shareholder's behalf. Except for trust enterprises or other stock transfer agencies approved by the securities authorities, if a person is designated as proxy by more than two shareholders, any of his voting rights representing in excess of 3% of the total issued and outstanding shares shall not be considered. The relevant matters related to the use and rescission of the proxy shall be conducted in accordance with the Company Law and applicable rules.

Chapter 4: Board of Directors and Audit Committee

Article 10

The Company shall have nine to eleven directors. Directors shall be elected from a slate of director candidates, which are nominated under the Candidate Nomination System, at shareholders' meetings. Within the entire Board, the Company shall have three to six independent directors on the Board. The professional qualifications, restrictions on the shareholdings and concurrent positions held, method of nomination and election, and other matters with respect to independent directors shall be in compliance with applicable laws and regulations. The term of office for all directors shall be three (3) years. The directors are eligible for re-election. The number of the directors shall be decided by the Board of Directors.

The Board is authorized to determine the compensation for the directors, taking into account the extent and value of the services provided for the Company's operation and with reference to the standards of local and overseas industry.

The Company may take out liability insurance for the directors with respect to the liabilities resulting from exercising their duties during their terms of office.

Article 10-1

Pursuant to Article 14-4 of the Securities and Exchange Law, the Company shall have the audit committee which shall be composed of all independent directors.

Article 11

The Company shall have a chairman of the Board. The chairman of the Board shall be elected by and among the directors by a majority of directors present at a meeting attended by more than two thirds of directors. As necessary, a vice chairman may be elected by and among the directors. The chairman of the Board shall preside internally at the meetings of the Board and shall externally represent the Company. In case the chairman of the Board cannot exercise his power and authority, the vice chairman shall act on his behalf. In case there is no vice chairman or the vice chairman is also on leave or cannot exercise his power and authority for any reason, the chairman of the Board may designate one of the directors to act on his behalf. In the absence of such a designation, the directors shall elect a designee from among themselves.

Article 12

Where a director is unable to attend a meeting of the Board, he may appoint another director to represent him by proxy in accordance with Article 205 of the Company Law. Each director may act as a proxy for one other director only.

The meeting of the Board of Directors shall be convened in accordance with the Company Law. In calling a meeting of the Board of Directors, a notice may be given to each director by means of electronic mail or facsimile.

Chapter 5: President & Vice Presidents

Article 13

The Company shall have one or more managerial personnel. Appointment, dismissal, and remuneration of the president and vice presidents shall be subject to the provisions of the Company Law.

Chapter 6: Accounting

Article 14

After the end of each fiscal year, the Board shall submit the following documents: (1) business report, (2) financial statements, (3) proposal for allocation of earnings or recovery of loss. The above documents shall be audited by an accountant appointed by the supervisors and then submitted to the shareholders at the ordinary meeting of shareholders for their acceptance.

~ 61 ~

Article 15

Where the Company has a profit at the end of each fiscal year, the Company shall first allocate the profit to recover losses for preceding years. Ten percent of any remaining net earnings shall be allocated as the Company's legal reserve and a certain amount shall be allocated or reversed as special reserve in accordance with applicable laws and regulations or as requested by the competent authority. The balance shall be distributed as follows:

1. employee bonus: not less than 5%;
2. remuneration of directors: no more than 1%; and

3. all or a portion of the remaining balance shall be distributed as shareholders' dividends.

The Company's dividend policy will be to pay dividends from surplus. Upon consideration of factors such as the Company's current and future investment environment, cash requirements, competitive conditions inside and outside of the R.O.C. and capital budget requirements, the shareholders' interest, maintenance of a balanced dividend and the Company's long term financial plan, the Board shall propose the profit allocation each year subject to relevant laws, then submit such proposal to the shareholders' meeting for approval. No less than 10% of the total dividend to be paid with respect to any fiscal year shall be paid in the form of cash.

Chapter 7: Supplementary Articles

Article 16

With respect to the matters not provided herein, the Company Law and other applicable laws and regulations shall govern.
