Notes:

- (a) The Company's ratios as at June 30, 2011 have been restated according to the reclassified assets and liabilities resulted from discontinued business. Please see page 7 of the Company's Condensed Consolidated Balance Sheets for further information. This information has also been published on the Company's website at <http://www.namtai.com/quarterly/quarterly.htm> in the quarterly earnings report of 2Q2012 on page 7, Condensed Consolidated Balance Sheets.
- (b) According to the definition of Balance Sheet under the Financial Accounting Standard Board (the FASB) Accounting Standards Codification (ASC) 210-10-20, cash equivalents are short-term, highly liquid investments that are readily convertible to cash. Only investments with original maturities of three months or less when purchased qualify under that definition. Therefore, the fixed deposits maturing over three months are not classified as cash on hand but require separate disclosure.

OPERATING RESULTS

Sales in the second quarter of 2012 were \$205.1 million, an increase of 62.8%, as compared to sales of \$126.0 million for the same quarter of 2011. Gross profit margin in the second quarter of 2012 was 9.2%, up 3.9% from 5.3% in the second quarter of last year. Gross profit in the second quarter of 2012 was \$18.9 million, an increase of 182.8%, as compared to \$6.7 million in the second quarter of last year. Net income in the second quarter of 2012 was \$9.4 million, or \$0.21 per diluted share, an increase of 212.9%, as compared to net income of \$3.0 million, or

Edgar Filing: NAM TAI ELECTRONICS INC - Form 6-K

\$0.07 per diluted share in the second quarter of last year.

For the six months ended June 30, 2012, net sales were \$299.2 million, an increase of 11.5%, as compared to \$268.4 million in the same period of 2011. Gross profit margin in the first six months of 2012 was 7.4%, as compared to 4.6% in the same period of last year. Gross profit was \$22.0 million, an increase of 78.7%, as compared to \$12.3 million in the same period of last year. Operating income for the six months of 2012 was \$8.3 million, as compared to operating loss of \$1.4 million in the same period of last year. Net income for the six months ended June 30, 2012 was \$5.8 million, or \$0.13 per share (diluted), as compared to net income of \$5.0 million, or \$0.11 per share (diluted), in the same period last year.

The improvement of the Company's results in the second quarter of 2012 was mainly due to three factors. First, sales increased significantly by 62.8%, as a result of the Company's Wuxi manufacturing facility ramping up the production of larger quantities of high-resolution liquid crystal display modules (LCMs) for tablets in June 2012. Second, the Company had \$6.5 million in other income, of which \$4 million was compensation income from customers for a percentage of the costs and overhead expenses incurred in relation to the postponement of the mass production of certain products. The Company also recorded \$2.6 million of subsidy granted as an advanced technology incentive allowance from the Wuxi government as a result of the Company's investment and facility expansion in Wuxi. Third, the Company's gross and net profit also improved after the Company discontinued certain production orders that have had low sales and poor performance for the past few years.

With respect to the discontinued low profit margin businesses, for the three months ended June 30, 2012 and June 30, 2011, its net sales were \$10.8 million and \$21.7 million, gross profit was \$0.4 million and \$2.8 million, and operating (loss) income was (\$0.1 million) and \$1.2 million, respectively. For the six months ended June 30, 2012 and June 30, 2011, their net sales were \$22.3 million and \$41.2 million, gross (loss) profit was (\$1.1 million) and \$5.3 million, and operating (loss) income was (\$3.6 million) and \$2.4 million, respectively. Please see page 7 of the Company's Condensed Consolidated Statements of Operations for further details. This information has also been published on the Company's website at <http://www.namtai.com/quarterly/quarterly.htm> in the quarterly earnings report of 2Q2012 on page 6, Condensed Consolidated Statements of Operations.

EXPANSION PROJECTS

The Company purchased a parcel of land of approximately 470,000 square feet from the Wuxi government to expand its Wuxi manufacturing facility. The stone-laying ceremony was held on July 12, 2012 for the construction of the facility's new additions. The expanded facility will include office buildings, a research and development center, an environmental and safety control center, a SMT plant and warehouse, labor union buildings and employee activity centers. With respect to the expansion of its Shenzhen facility, the Company is actively working with the Shenzhen government to facilitate the release of the land.

COMPANY OUTLOOK

The Company's revenue increased by 62.8% for the second quarter of 2012, as compared to the second quarter of 2011, excluding the contribution from the discontinued low profit margin businesses. This significant revenue increase was principally due to commencement of the production of high-resolution LCMs for tablets at the Company's Wuxi facility beginning in June 2012. Net income in the second quarter of 2012 also increased significantly to \$9.4 million, as compared to net income of \$3.0 million in same quarter of 2011.

Regarding the business of high-resolution LCMs for smartphones in the Shenzhen manufacturing facility, the Company has recently reached an agreement with its customer for the pricing and business terms and has received the relevant production orders. The production pilot run will be started in August 2012 and the mass production will commence in September 2012.

For the second half of 2012, the Company's management anticipates the tablet LCM business will run smoothly and the smartphone LCM orders will also commence their production in Shenzhen, which could generate further increases in sales and the Company's profit may also continue to improve.

FORWARD-LOOKING STATEMENTS AND FACTORS THAT COULD CAUSE OUR SHARE PRICE TO DECLINE

Certain statements included in this press release and the subsequent conference call, other than statements of historical fact, are forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology such as may, will, expect, intend, estimate, anticipate, plan, seek or believe. These forward-looking statements, which are subject to risks, uncertainties, and assumptions, may include projections of our future financial performance based on our growth strategies and anticipated trends in our business. These statements are only predictions based on our current expectations about future events. There are important factors that could cause our actual results, level of activity, performance, or achievements to differ materially from the results, level of activities, performance, or achievements expressed or implied by the forward-looking statements, including, but not limited to, a deterioration of the markets for the Company's customers' products and the global economy as a whole, which could negatively impact the Company's revenue and the ability of the Company's customers to confirm prior orders or pay for the Company's products; the sufficiency of the Company's cash position and other sources of liquidity to operate its business; the negative effects of increased competition pressure on the Company's revenues and margins; component quality or shortage, whether or not caused by customers' change in specifications, delay in the Company's ability to take possession of land for development of additional production facilities, continued inflation and appreciation of the Renminbi against the US dollar; rising labor costs in China and changes in the labor supply and labor relations our ability to win additional government business. In particular, you should consider the risks outlined under the heading "Risk Factors" in our most recent Annual Report on Form 20-F and in our Current Report filed from time to time on Form 6-K. The Company's decision to continue dividend payments in 2012 does not necessarily mean that dividend payments will continue thereafter. Whether future dividends will be declared depends upon the Company's future growth and earnings, of which there can be no assurance, as well as the Company's cash flow needs for further expansion. Accordingly, there can be no assurance that cash dividends on the Company's common shares will be declared beyond those declared for 2012, what amount that dividends may be or whether such dividends, once declared for a specific period, will continue for any future period, or at all. Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, level of activity, performance, or achievements. You should not rely upon forward-looking statements as predictions of future events. These forward-looking statements apply only as of the date of this press release and the subsequent investors conference call; as such, they should not be unduly relied upon as circumstances change. Except as required by law, we are not obligated, and we undertake no obligation, to release publicly any revisions to these forward-looking statements that might reflect events or circumstances occurring after the date of this release or those that might reflect the occurrence of unanticipated events.
