VOTING PROCEDURES

Purpose of Annual Meeting

Stockholders entitled to vote at the 2013 annual meeting will consider and act upon the matters outlined in the notice of meeting accompanying this proxy statement, including the election of two individuals constituting the class of directors to be elected for a three-year term expiring in 2016 (Proposal 1); approval, by non-binding advisory vote, of our executive compensation (Proposal 2); and ratification of the selection of KPMG LLP as our independent registered public accounting firm for the 2013 fiscal year (Proposal 3).

Voting Securities and Record Date

Only stockholders of record at the close of business on March 26, 2013, are entitled to vote at the meeting or any adjournment of the meeting. Each share is entitled to one vote. Our outstanding capital stock entitled to vote at the meeting (which excludes shares held in our treasury) as of March 26, 2013, consisted of 11,098,103 shares of our common stock, \$.01 par value per share.

Quorum

The holders of a majority of the shares of our common stock that are issued and outstanding and entitled to vote at the meeting constitute a quorum for the transaction of business at the meeting. If a quorum is not present, the meeting will be adjourned until a quorum is obtained. For purposes of determining the presence or absence of a quorum, abstentions, withhold votes or do not vote instructions, and broker non-votes (where a broker or nominee does not exercise discretionary authority to vote on a proposal) will be counted as present.

Manner of Voting

Each share of common stock you hold is entitled to one vote for or against a proposal. Shares entitled to be voted at the meeting can only be voted if the stockholder of record of such shares is present at the meeting, returns a signed proxy card, or authorizes proxies to vote his or her shares by telephone or over the Internet.

Table of Contents

Shares represented by valid proxy will be voted in accordance with your instructions. If you choose to vote your shares by telephone or over the Internet, you may do so until 11:59 p.m. Eastern time on Tuesday, May 21, 2013, by following the instructions on the proxy card or the notice of internet availability.

You may revoke your proxy at any time before the shares are voted at the meeting by entering new voting instructions by telephone or over the Internet before 11:59 p.m. Eastern time on Tuesday, May 21, 2013, by written notice received by our corporate secretary before the meeting, by executing and returning a new proxy bearing a later date or by voting by ballot at the meeting. Attendance at the meeting without voting by ballot will not revoke a previously submitted proxy.

You may specify your choices by marking the appropriate box on the proxy card. If your proxy card is signed and returned without specifying choices, your shares will be voted in accordance with the recommendation of the board of directors and as the individuals named as proxy holders on the proxy card deem advisable on all other matters that may properly come before the meeting. The board of directors recommends that you vote for the listed nominees for director and for approval of the advisory vote on executive compensation and the ratification of the selection of our independent registered public accounting firm.

If you hold your shares in street name through a broker, bank or other representative, generally the broker or other representative may only vote the shares that it holds for you in accordance with your instructions. However, if the broker or other representative has not timely received your instructions, it may vote on certain matters for which it has discretionary voting authority. The election of directors and the advisory vote on executive compensation are non-discretionary voting matters and your broker will be unable to vote on these matters without receiving your instructions. Your broker or other representative will generally provide detailed voting instructions with your proxy material. These instructions may include information on whether your shares can be voted by telephone or over the Internet and the manner in which you may revoke your votes.

Vote Required

Assuming a quorum is present at the meeting, the vote required to adopt each of the scheduled proposals is as follows:

Election of Directors (Proposal 1). The election of directors is determined by a plurality of the votes cast in person or by proxy by the stockholders entitled to vote on the election of directors. An instruction to withhold authority to vote for a nominee for director and broker non-votes will have no effect upon the outcome of the vote on the election of directors.

All Other Matters: Advisory Vote on Executive Compensation (Proposal 2) and Ratification of the Selection of Our Independent Registered Public Accounting Firm (Proposal 3). The advisory vote on our executive compensation and the ratification of the selection of our independent registered public accounting firm are determined by a majority of the votes cast by the holders of the shares present or represented by proxy at the meeting and voting on each matter. Under our bylaws, abstentions and broker non-votes will have no effect on the determination of whether stockholders have approved the proposal.

Multiple Stockholders per Household

When more than one stockholder share the same address, we will deliver only one notice describing the Internet availability of our proxy materials to that address, unless we have been instructed to the contrary by the stockholders. Similarly, beneficial owners with the same address who hold their shares in street name through a broker, bank or other representative may have elected to receive only one copy of the notice at that address. We will promptly send a separate copy of the notice, our annual report or proxy statement to you if you request one by writing or calling us at Kadant Inc., One Technology Park Drive, Westford, Massachusetts 01886 (telephone: 978-776-2000). PROPOSAL 1

ELECTION OF DIRECTORS

Our board of directors is divided into three classes of directors serving staggered three-year terms, with each class being as nearly equal in number as possible. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires.

Our board of directors has nominated Mr. Jonathan W. Painter and Mr. William A. Rainville for election as directors for the three-year term expiring in 2016. Both nominees are currently members of our board of directors. If either nominee becomes unable to serve as a director, the proxy holders may vote the proxy for the election of a substitute nominee to be designated by our board of directors. We do not expect that either nominee will be unable to serve. Directors serve until the expiration of their terms and until their successors have been elected and qualified or until their earlier resignation, death or removal in accordance with our bylaws.

Our board of directors believes that the election of Messrs. Painter and Rainville as directors is in the best interests of our company and our stockholders and recommends a vote **FOR** their election.

Information regarding the names, ages, principal occupations and employment during the past five years of each of our nominees and directors is provided below. We have also included information about each director's specific experience, qualifications, attributes or skills that led the board to conclude that he should serve as a director. Unless we have specifically noted below, no corporation or organization referred to below is a subsidiary or affiliate of ours. There are no family relationships among any of our directors and executive officers. Information on the stock ownership of our directors is provided in this proxy statement under the heading "Stock Ownership." Information regarding the compensation of our directors is provided in this proxy statement under the heading "Director Compensation."

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are asking that our stockholders cast an advisory vote on the executive compensation of our named executive officers, usually referred to as say-on-pay. This proposal is required by Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act). Our board of directors recommended, and our stockholders agreed in 2011, that our stockholders cast an advisory vote once every year on the executive compensation of our named executive officers. We believe it is appropriate to seek the views of our stockholders on the design and effectiveness of our executive compensation program, as described in this proxy statement.

Our compensation philosophy is described in the Compensation Discussion and Analysis contained in this proxy statement. Our goal is to attract and retain a talented leadership group and we seek to accomplish this goal with a compensation program that rewards performance and is aligned with our stockholders' long-term interests. Our program emphasizes compensation linked to objective performance measures, which we believe are linked in turn to the creation of stockholder value. Highlights of our compensation program include the following:

Cash compensation in the form of base salary and an annual performance-based cash incentive award (bonus). We use objective financial measures based on earnings per share growth and return on average shareholders' equity to determine our executives' annual performance-based bonus.

Equity compensation in the form of annual awards of performance-based restricted stock units and stock options. We use objective financial measures based on earnings before interest, taxes, depreciation and amortization (EBITDA) for our performance-based restricted stock units. All performance-based awards are subject to additional time-based vesting periods once the performance goals have been met.

All of our named executive officers are employees-at-will and none has an employment agreement or severance agreement, other than an agreement that provides benefits upon termination following a change in control.

We believe that our executive compensation program reflects our company's performance and aligns the pay of our executives to the long-term interests of our stockholders. For example, in 2009, when our company's financial performance suffered during the economic recession, we froze the salaries of our executive officers and our corporate performance measures resulted in performance-based cash bonus and performance-based equity award payouts that were significantly below target compensation. In contrast, beginning in 2010 and continuing through 2012, our company's financial performance has improved significantly from the economic downturn, and our corporate performance measures resulted in our named executive officers earning above target performance-based cash bonus awards and above target pay-outs under our performance-based equity awards.

Our board of directors is asking stockholders to approve a non-binding advisory vote on the following resolution:

RESOLVED, that the compensation paid to our company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby approved.

As an advisory vote, this proposal is not binding upon the board of directors. The outcome of this advisory vote will not overrule any decision by our company or our board of directors (or any of its committees), create or imply any change to the fiduciary duties of our company or our board of directors (or any of its committees), or create or imply any additional fiduciary duties for our company or our board of directors (or any of its committees). However, our compensation committee, which is responsible for designing and administering our executive compensation program, and our board of directors value the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

Table of Contents

Recommendation

Our board of directors recommends a vote **FOR** Proposal 2. Proxies solicited by our board of directors will be voted **FOR** the proposal unless stockholders otherwise specify to the contrary on their proxy.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of our board of directors has selected KPMG LLP as our company's independent registered public accounting firm for the 2013 fiscal year. KPMG LLP was appointed our company's independent registered public accounting firm in August 2012, and audited our consolidated financial statements for our 2012 fiscal year. Although we are not required to seek stockholder ratification of this selection, our board of directors decided to provide our stockholders with the opportunity to do so. If this proposal is not approved by our stockholders at the 2013 annual meeting, our audit committee will reconsider the selection of KPMG LLP. Even if the selection of KPMG LLP is ratified, our audit committee in its discretion may select a different independent registered public accounting firm at any time during the year.

Representatives of KPMG LLP are expected to be present at the 2013 annual meeting of stockholders. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

Recommendation

Our board of directors believes that the ratification of the selection of KPMG LLP as our company's independent registered public accounting firm for the 2013 fiscal year is in the best interests of our company and stockholders and recommends you vote **FOR** ratification. Proxies solicited by our board of directors will be voted **FOR** the proposal unless stockholders otherwise specify to the contrary on their proxy.

CORPORATE GOVERNANCE

Our board of directors believes that good corporate governance is important to ensure that our company is managed for the long-term benefit of stockholders. Current copies of our corporate governance guidelines, code of business conduct and ethics, and charters for our audit, compensation and nominating and corporate governance committees are available on our web site, www.kadant.com, in the Investors section under the caption Corporate Governance. We may also use our web site in the future to make certain disclosures required by the rules of The New York Stock Exchange (NYSE), on which our common stock is listed.

Director Independence

Our board of directors has determined that each of the following directors qualifies as an independent director, as defined in the listing requirements of the NYSE: Dr. Albertine, Mr. Leonard, Senator Brown and Dr. Tully. Its findings included an affirmative determination that none of our outside directors has a material relationship with our company. Mr. Rainville, who served as our executive chairman and was an employee until January 2011, and Mr. Painter, who serves as our president and chief executive officer, do not qualify as independent directors under the NYSE rules. Our board of directors has established guidelines to assist it in determining whether a director has a material relationship with our company. Under these guidelines, a director is not considered to have a material relationship with our company if the director is independent and the director:

receives, or has a family member that receives, less than \$120,000 in direct compensation from our company for services rendered, excluding director and committee fees or deferred compensation for prior service;

Table of Contents

is an executive officer of another company that does business with our company, unless the annual sales to, or purchases from, our company account for more than the greater of \$1 million or 2% of the annual consolidated gross revenues of the company of which the director is an executive officer;

is an executive officer of another company that is indebted to our company, or to which our company is indebted, unless the total amount of either company's indebtedness to the other is more than 1% of the total consolidated assets of the company of which the director is an executive officer; or

is an officer, director or trustee of a charitable organization, unless our company's discretionary charitable contributions to the organization are more than the greater of \$1 million or 2% of the organization's total annual charitable receipts. For this purpose, the automatic matching of employee charitable contributions is not included in the amount of our company's contributions.

In addition, ownership of a significant amount of our company's stock, by itself, does not constitute a material relationship.

For relationships not covered by these guidelines, the determination of whether a material relationship exists is made by the other members of our board of directors who are independent.

Committees of our Board of Directors

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Each committee operates under a charter that has been approved by our board of directors. Current copies of the committee charters are posted on our web site, www.kadant.com.

Our board of directors has determined that all of the members of each committee also meet the independence guidelines applicable to each committee set forth in the listing requirements of the NYSE.

The audit committee is responsible for the selection of our company's independent registered public accounting firm and assists our board of directors in its oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, our independent registered public accounting firm's performance, qualifications and independence, and the performance of our internal audit function. The committee meets regularly with management and our independent registered public accounting firm to discuss the annual audit of our financial statements, the quarterly reviews of our financial statements and our quarterly and annual earnings disclosures. The current members of the audit committee are Mr. Leonard (chairman), Dr. Albertine and Dr. Tully and their committee report is included in this proxy statement under the heading Audit Committee Report. Mr. Leonard has been designated by our board of directors as its audit committee financial expert (as defined in Item 407(d)(5) of Regulation S-K under the Exchange Act).

The compensation committee reviews the performance and determines the compensation of the chief executive officer and other officers of our company, administers executive compensation, incentive compensation and incentive programs and policies, and reviews and assesses management succession planning. The current members of the compensation committee are Dr. Albertine (chairman), Mr. Leonard and Dr. Tully. See Compensation Disclosure and Analysis below for information regarding the compensation committee's processes and procedures for the consideration and determination of executive compensation.

The nominating and corporate governance committee identifies and recommends to our board of directors qualified candidates for nomination as directors, develops and monitors our company's corporate governance principles and evaluates our board's performance. The current members of the nominating and corporate governance committee are Dr. Tully (chairman) and Dr. Albertine.

Attendance at Meetings

In 2012, our board of directors met ten times, the audit committee met nine times, the compensation committee met five times, and the nominating and corporate governance committee met twice. Each director

attended over 75% of all meetings of our board of directors and committees on which he served that were held during 2012. Our directors are encouraged to attend the annual meeting of stockholders, to the extent practicable. All of our directors serving at the time of our 2012 annual meeting of stockholders attended the meeting.

Board Leadership Structure

Our board separated the roles of chief executive officer and chairman of the board beginning with the 2010 fiscal year and believes this leadership structure continues to be appropriate. Our chief executive officer is responsible for setting our strategic direction and the day-to-day leadership and performance of our company. Our chairman of the board provides guidance to the chief executive officer and sets the agenda for board meetings and presides over meetings of the full board of directors.

In addition, because our chairman was an employee of our company until January 2011 and is not considered independent under the NYSE rules, we also schedule regular executive sessions of our non-employee and independent directors without management present.

The presiding director at these sessions is rotated among the chairmen of the committees of our board of directors, all of whom are independent directors. Our board recognizes that different leadership structures may be appropriate in the future, depending on our company's circumstances, and will periodically review its leadership structure as situations change.

Board Role in Risk Oversight

Our board of directors administers its risk oversight function directly and through its audit committee. The board of directors and the audit committee regularly discuss with management and our independent auditors, our major risk exposures, their potential financial impact on our company, and the steps we take to manage these risks.

In general, management is responsible for the day-to-day management of the risks our company faces, while the board of directors, acting as a whole and through its audit committee, has responsibility for the oversight of risk management. In its risk oversight role, the board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our board of directors meets regularly with our chief executive officer to discuss strategy and the risks facing our company. Senior management attend the regular quarterly meetings of the board of directors and are available to address questions and concerns raised by the board of directors on risk management-related and other matters.

The audit committee assists the board of directors in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements. In addition, the audit committee discusses policies with respect to risk assessment and risk management with management, internal audit and the independent auditors.

Nomination of Directors

The nominating and corporate governance committee of our board of directors identifies and evaluates director candidates and recommends to our board of directors qualified candidates for nomination as directors for election at our annual meeting of stockholders or to fill vacancies on our board of directors. The process followed by the committee in fulfilling its responsibilities includes requests to board members and others for recommendations, meetings to evaluate biographical information, experience and other background material relating to potential candidates, and interviews of selected candidates.

Table of Contents

In considering candidates, the committee applies the criteria for selection of directors adopted by our board of directors, which is set forth as an appendix to our company's corporate governance guidelines. These criteria include the following assessments of the candidate's:

integrity;

business acumen, experience and judgment;

knowledge of our company's business and industry;

ability to understand the interests of various constituencies of our company and to act in the interests of all our stockholders;

potential conflicts of interest; and

contribution to diversity on our board of directors.

Our criteria specify that the value of diversity on the board of directors should be considered by the committee in the director identification and nomination process. However, we do not have a formal policy on diversity. The committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The committee believes that the backgrounds and qualifications of our company's directors, considered as a group, should provide a significant breadth of experience, knowledge and abilities to assist our board of directors in fulfilling its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis prohibited by law.

After completing its evaluation, the nominating and corporate governance committee makes a recommendation to our board of directors as to the persons who should be nominated for election to our board of directors, and our board of directors determines the nominees after considering the recommendation and report of the committee.

The nominating and corporate governance committee will consider candidates recommended by individual stockholders, if their names and credentials are provided to the committee on a timely basis for consideration prior to the annual meeting. Stockholders who wish to recommend an individual to the nominating and corporate governance committee for consideration as a potential candidate for director should submit the name, together with appropriate supporting documentation, to the committee at the following address: nominating and corporate governance committee, c/o corporate secretary, Kadant Inc., One Technology Park Drive, Westford, Massachusetts 01886. A submission will be considered timely if it is made during the timeframes disclosed in this proxy statement under "Stockholder Proposals." The submission must be accompanied by a statement as to whether the stockholder or group of stockholders making the recommendation has owned more than 5% of our common stock for at least a year prior to the date the recommendation is made. Submissions meeting these requirements will be considered by the nominating and corporate governance committee using the same process and applying substantially the same criteria it follows for candidates submitted by others. If our board of directors determines to nominate and recommend for election a stockholder-recommended candidate, then the candidate's name will be included in our company's proxy card for the next annual meeting of stockholders.

Stockholders also have the right under our company's bylaws to directly nominate candidates for director, without any action or recommendation on the part of the nominating and corporate governance committee or our board of directors, by following the procedures described in this proxy statement under "Stockholder Proposals." Candidates nominated by stockholders in accordance with these bylaw procedures will not be included in our company's proxy card for the next annual meeting of stockholders.

During fiscal 2012, none of our executive officers served on the board of directors or compensation committee of another company in which any of our directors also served as a director or executive officer.

Certain Relationships and Related Party Transactions

We review relationships and transactions between our company and our directors, nominees for director, executive officers or their immediate family members to determine whether these individuals have a direct or indirect material interest in a transaction, based on the facts and circumstances. Such transactions are referred to the disinterested members of the audit committee of our board of directors to review and approve or ratify the transaction. Directors and executive officers are canvassed in writing to determine whether such related party transactions exist or are under consideration, and are required under our code of business conduct and ethics to disclose to us potential conflicts of interest with our company.

SEC rules require us to disclose certain relationships and related party transactions our company enters into with our directors, nominees for director, executive officers, owners of more than 5% of the outstanding shares of our common stock, or members of their immediate families. Our company has not entered into any such disclosable relationships or transactions since the beginning of our 2012 fiscal year and no such disclosable relationships are currently proposed.
