Disclaimer

Safe harbor statement under the US Private Securities Litigation Reform Act of 1995.

This document contains statements that YPF believes constitute forward-looking statements within the meaning of the US Private Securities Litigation Reform Act of 1995.

These forward-looking statements may include statements regarding the intent, belief, plans, current expectations or objectives of YPF and its management, including statements with respect to YPF's future financial condition, financial, operating, reserve replacement and other ratios, results of operations, business concentration, production and marketed volumes and reserves, capital expenditures, investments, expansion and other projects, exploration activities, ownership interests, divestments, cost savings and dividend payout policies. These forward-looking statements may also include statements regarding future economic and other conditions, such as future crude oil and other prices, refining and marketing margins and exchange rates, could differ materially from those expressed in any such forward-looking statements. Important factors that could cause such differences include, but are not limited to, oil, gas and commodity price fluctuations, supply and demand levels, currency fluctuations, exploration, drilling and production results, changes in reserves and production, partnering with third parties, loss of market share, industry competition, environmental risks, physical risks, the risks of doing

countries, legislative, tax, legal and regulatory developments, economic and financial market conditions in various countries and wars and acts of terrorism, natural disasters, project delays or advancements and lack of approvals, as well as those factors described by YPF and its affiliates with the Securities and Exchange Commission, in particular, those described in Item 3. Key Information and Item 5. Operating and Financial Review and Prospects in YPF's Annual Report on Form 20-F for the fiscal year ended 2011. Except as required by law, YPF does not undertake to publicly update or revise these forward-looking statements even if experience or otherwise makes it clear that the projected performance, conditions or events expressed or implied therein will not be realized. These materials do not constitute an offer for sale of YPF S.A. bonds, shares or ADRs in the United States or otherwise. Changes and other factors which may be beyond YPF's control or may be difficult to predict. In light of the foregoing, the forward-looking statements included in this document are made with the US Securities and Exchange Commission.
