Item 8.01 Other Events

On September 2, 2014, PowerSecure International, Inc., a Delaware corporation (the Company), acquired the electrical contracting business of Apex Controls, Inc., a Georgia corporation (Apex). The acquired business provides retrofit and electrical contracting services to major retailers, in most cases through general contractors. This acquisition is part of the Company's strategy to expand its Energy Efficiency services market base to retailers and is expected to be accretive to the Company's gross margins, operating margins and earnings per share.

In 2013, the acquired business had \$4.4 million in revenues and \$1.2 million in EBITDA (earnings before interest, taxes, depreciation and amortization). The purchase price for this business was \$750,000 in cash, plus potential additional earn-out consideration of up to \$500,000 in cash if the gross profits generated from the acquired business in 2015 and 2016 exceed certain targeted thresholds. Apex is a corporation primarily owned and managed by Jonathan Hinton, the son of Sidney Hinton, the President and Chief Executive Officer, and a director, of the Company. The transaction was approved by the Audit Committee of the Board of Directors of the Company, which is comprised solely of independent directors, under the Company's Related Persons Transactions Policy.
