1. FOR the election of each of the 12 director nominees identified in this proxy statement;
2. FOR the approval of the Viacom Inc. 2016 Long-Term Management Incentive Plan;

How many shares must be present or represented at the Annual Meeting to conduct business?

Under our Amended and Restated Bylaws, the holders of a majority of the aggregate voting power of the Class A common stock outstanding on the record date must be present in person or by proxy at the Annual Meeting to constitute a quorum to conduct business at the Annual

Meeting. Abstentions will be treated as present for purposes of determining a quorum. The shares of our Class A common stock held by National Amusements, Inc. (NAI) will be present at the Annual Meeting and will constitute a quorum.

What vote is required to approve each of the items of business?

Voting by Proxy

Holders of Class A common stock may submit a proxy by:

following the instructions on your Notice of Internet Availability of Proxy Materials, proxy card or voting instruction card to vote by telephone or the Internet. These instructions can also be found at <http://proxymaterials.viacom.com>. Your telephone or Internet proxy must be received no later than 11:59 p.m., Eastern Daylight Time, on March 15, 2015; or

completing, signing, dating and returning the proxy card or voting instruction card so that it is received prior to the Annual Meeting.

Philippe P. Dauman and Michael D. Fricklas (the proxy holders) have been designated by our Board of Directors to vote the shares represented by proxy at the Annual Meeting. Messrs. Dauman and Fricklas are executive officers of Viacom, and Mr. Dauman is also a director nominee.

QUESTIONS AND ANSWERS ABOUT THE 2015 ANNUAL MEETING OF STOCKHOLDERS

If any other matter properly comes before the Annual Meeting, the proxy holders will vote the shares represented by proxy on that matter in their discretion.

Voting Shares Held in the Viacom 401(k) Plan

Voting instructions for shares of Class A common stock held in the Viacom 401(k) plan must be received by 11:59 p.m., Eastern Daylight Time, on March 12, 2015 so that the trustee of the plan (who votes the shares on behalf of plan participants) has adequate time to tabulate the voting

instructions. Shares held in the Viacom 401(k) plan that are not voted, or for which the trustee does not receive timely voting instructions, will be voted by the trustee in the same proportion as the shares held in the plan that are timely voted, except as otherwise required by law.

Voting other than by Proxy

While we encourage voting in advance by proxy, holders of Class A common stock (other than shares held in the Viacom 401(k) plan) also have the option of voting their shares in person at the Annual Meeting.

Can I change my vote or revoke my proxy after I return my proxy card?

Shares Held other than in the Viacom 401(k) Plan

You may change your vote or revoke your proxy at any time before your proxy is voted at the Annual Meeting by:

submitting a proxy bearing a later date than the proxy being revoked to Broadridge, P.O. Box 9111, Farmingdale, NY 11735, so long as it is received by 11:59 p.m., Eastern Daylight Time, on March 15, 2015;

voting again by telephone or the Internet by 11:59 p.m., Eastern Daylight Time, on March 15, 2015;

attending the Annual Meeting and voting in person.

[Shares Held in the Viacom 401\(k\) Plan](#)

Voting instructions relating to shares of Class A common stock held in the 401(k) plan may be revoked prior to 11:59 p.m., Eastern Daylight Time, on March 12, 2015 by:

submitting voting instructions bearing a later date than the voting instructions being revoked to Broadridge, P.O. Box 9111, Farmingdale, NY 11735;

voting again by telephone or the Internet; or

sending written notice to Michael D. Fricklas, Secretary, Viacom Inc., 1515 Broadway, New York, NY 10036-5794.

What effect do abstentions and broker non-votes have on the items of business?

An abstention on any of the items listed above will have the effect of a vote against that item.

If you hold shares of our Class A common stock beneficially in street name and do not provide your broker or other nominee specific voting instructions, your shares may constitute broker non-votes. Broker non-votes occur when (i) a broker is not permitted, under applicable stock exchange rules, to vote on a matter without instructions from the beneficial owner and (ii) instructions are not given. Brokers are

not permitted to vote on items 1, 2 or 3 above without receiving specific voting instructions from the beneficial holder of the shares. Therefore, if you are a beneficial holder of our Class A common stock and do not give your broker/nominee specific voting instructions on items 1, 2 or 3, your shares will not be voted on that item and a broker non-vote will occur. Broker non-votes are counted for purposes of determining whether a quorum is present, but will have no effect on the voting results for such items.

How do I gain admission to the Annual Meeting?

[If you are a registered holder of Class A common stock:](#)

Please mark the appropriate box on the proxy card, or indicate that you plan to attend the meeting when you vote by

telephone or the Internet, and an admission ticket will be sent to you. Please bring photo identification with you for admittance to the meeting.

OUR BOARD OF DIRECTORS

OUR BOARD OF DIRECTORS

Our Board of Directors is comprised of 12 members, 7 of whom are independent under the standards discussed below. The Board has three standing committees: the Audit Committee, the Compensation Committee and the Governance and Nominating Committee (collectively, the Committees), each of which consists solely of independent

directors. Our Board met 7 times in fiscal year 2014, and each of our directors attended more than 75% of the meetings of the Board and Committees on which the director served. Under our Corporate Governance Guidelines, directors are expected to attend the Annual Meeting. Two of our directors attended our 2014 Annual Meeting.

Board Structure

Our Board of Directors is comprised of the following members:

an Executive Chairman;

a non-executive Vice Chair;

our President and Chief Executive Officer;

our Senior Executive Vice President and Chief Operating Officer; and

eight other directors, seven of whom are independent.

Mr. Redstone is the controlling stockholder of NAI, which has voting control of Viacom. Mr. Redstone founded Viacom in 1987 and has led our development over the years into the company we are today. The Board of Directors believes it is appropriate for Mr. Redstone to be Chairman of the Board, in an executive capacity, as he continues to actively participate in the development of the strategic direction of our company. The Board also appointed Mr. Redstone's daughter, Shari Redstone, as non-executive Vice Chair of the Board, to increase her involvement with our company in a non-executive capacity. Ms. Redstone also has a significant ownership interest in NAI.

Mr. Dauman has been a member of Viacom's Board since 1987, and Mr. Dooley rejoined Viacom's Board in 2006 after serving on the Board for four years prior to the merger with CBS in 2000. In September 2006, Mr. Dauman was elected President and Chief Executive Officer and Mr. Dooley was

elected Senior Executive Vice President and Chief Administrative Officer. In January 2007, Mr. Dooley was elected to the additional role of Chief Financial Officer, and in May 2010, he was promoted to Chief Operating Officer. The Board has determined that their continued participation on the Board is beneficial because of their experience, talent and knowledge of the business, as well as their day-to-day management of Viacom.

We do not have a formal lead independent director. Mr. Schwartz, the Chair of our Governance and Nominating Committee, leads executive sessions of non-management and independent directors and approves Board agendas. He and our other Committee Chairs play leading roles with respect to various other matters that are appropriate for consideration by independent directors, such as executive compensation, matters involving related parties and potential conflicts of interest.

In keeping with good corporate governance practices, we maintain a majority of independent directors and our Board Committees are comprised solely of independent directors. Independent directors have the ability to propose agenda items, including for executive sessions, to the Chair of the Governance and Nominating Committee. We believe our Board leadership structure provides the appropriate balance of independent directors, directors affiliated with our controlling stockholder and management directors to work together to represent the interests of our entire stockholder base.

Board Role in Risk Oversight

Our Board receives regular reports from our CEO, COO, CFO, General Counsel and other members of senior management regarding areas of significant risk to us, including operational, strategic, legal and regulatory, financial and reputational risks. Certain risks that are under the purview of a particular Committee are monitored by that Committee, which then reports to the full Board as appropriate. For example, our Chief Audit and Compliance Officer, who identifies and

manages a wide range of risks companywide, reports to the Audit Committee, which in turn reports significant developments to the full Board of Directors. In addition, under their respective Charters, the Audit Committee reviews our risk assessment and risk management processes, and the Compensation Committee oversees periodic risk assessments of our compensation programs.

OUR BOARD OF DIRECTORS

Director Independence

Our Corporate Governance Guidelines (the Guidelines) provide that a majority of our directors must be independent of Viacom, as independence is defined in the NASDAQ listing standards and in the Guidelines.

NASDAQ Listing Standards

The NASDAQ listing standards provide six bright-line tests to determine independence. If a director fails any of the six tests, the director must be found to be not independent. In addition, the NASDAQ listing standards provide that a director is not independent unless the Board affirmatively determines that the director has no relationship that would impair his or her independence, which we refer to as a material relationship.

Our Corporate Governance Guidelines

Our Guidelines provide categorical standards to assist the Board in determining what constitutes a material relationship with Viacom for purposes of the NASDAQ listing standards. These categorical standards are summarized below and can be found in their entirety in our Guidelines, which are posted in the Investor Relations/Corporate Governance section of our website at www.viacom.com.

Under the categorical standards in our Guidelines, the following relationships are generally deemed not to be material:

the types of relationships identified by the NASDAQ listing standard's bright-line tests, if they occurred more than five years ago (the Board will review any such relationship if it occurred more than three but less than five years ago);

a relationship whereby the director has received, or an immediate family member of the director has received for service as an executive officer, \$120,000 or less in direct compensation from us during any twelve-month period within the last three years; and

a relationship in which the director is an executive officer or employee, or an immediate family member of the director is an executive officer, of the following:

a company that made payments to or received payments from us for property or services in an amount that, in any of the last three fiscal years, is less than 1% of that company's annual consolidated gross revenues;

a company that is either indebted to us or a creditor of ours in an amount that is less than 1% of that company's total consolidated assets; and

a tax-exempt organization that received contributions from us in the prior fiscal year in an amount less than the greater of \$500,000 and 1% of that organization's consolidated gross revenues.

For relationships that exceed these thresholds, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, is made by the directors who are independent. In addition, the Guidelines state that, generally, the types of relationships not addressed by the NASDAQ listing standards or the categorical standards described in the Guidelines will not, by themselves, cause a director to be considered not independent. The Board may, after considering relevant facts and circumstances, determine that a director is not independent for any reason it deems appropriate.

Independence of Our Directors

When considering whether a director is independent, we believe it is important for our Board to have a range of information about the director so that it can make an informed independence determination. Our Governance and Nominating Committee and the full Board review information about:

the director's employment;

any relationships required to be disclosed as related person transactions in this proxy statement;

certain other relationships not required to be disclosed in this proxy statement because they do not meet materiality thresholds;

any relationship of which we are aware between the director or a director's family member and Viacom or any other Viacom director or executive officer (for example, overlapping directorships); and

other public company board and committee memberships and affiliations with not-for-profit organizations.

In addition, as discussed under Related Person Transactions, the Governance and Nominating Committee receives reports on all transactions between related persons and us, regardless of whether such transaction is determined to involve a material interest by a related person.

Since our 2014 Annual Meeting, 7 of our 12 directors have been independent (and before the death in July 2014 of Alan Greenberg, 8 of our 13 directors were independent): Messrs. Kraft, Phillips, Salerno and Schwartz and Meses. Falcone Sorrell, McGarvie and Norville.

In January 2015, the Board conducted its annual review of the independence of the director nominees and confirmed that these directors continue to be independent.

With respect to specific companies with which we conduct business and an independent director is affiliated, the Governance and Nominating Committee and the Board considered that Ms. Norville is the anchor of Inside Edition,

Table of Contents

OUR BOARD OF DIRECTORS

which is a CBS-owned program, and that Ms. Falcone Sorrell's husband is Chief Executive Officer of WPP PLC. The transactions between Viacom and these entities were

negotiated on an arm's length basis. The Board determined that these transactions did not affect the respective director's independence.

Board Committees

Committee Membership

The Board reviews and determines the membership of our Board Committees at least annually, with input from the Governance and Nominating Committee. The following discusses the membership of the Committees in fiscal year 2014, including the number of meetings held in fiscal year 2014, as well as information about the Committees, their respective roles and responsibilities and their charters. Each of our Committees has a written charter, which is posted in the Investor Relations/Corporate Governance section of our website [at www.viacom.com](http://www.viacom.com).

Audit Committee

Under its Charter, the Audit Committee is responsible for the following, among other things:

the appointment, retention, termination, compensation and oversight of the work of our independent auditor, which reports directly to the Committee, including reviewing with the independent auditor the scope, planning and staffing of the annual audit, and the sole authority to approve all services provided by the independent auditor;

reviewing our financial statements and related SEC filings and financial disclosures;

overseeing our compliance with the requirements of Section 404 of the Sarbanes-Oxley Act with respect to internal control over financial reporting;

reviewing our risk assessment and risk management processes;

reviewing our policies governing, and approving our use of, certain swap transactions;

overseeing our internal audit function; and

overseeing our compliance with legal and regulatory requirements.

For additional information on the Audit Committee's role and its oversight of the independent auditor during fiscal year 2014, see Report of the Audit Committee.

The Audit Committee Charter also provides that:

the Committee will be comprised of at least three independent directors, each of whom also meets the separate standards for Audit Committee independence set forth in the NASDAQ listing standards;

all Committee members must be financially literate, and the Committee must have at least one audit committee financial expert ;

the Committee will hold at least six regular meetings each calendar year;

the Committee will meet separately with the independent auditor at least four times each year;

the Committee will meet regularly in executive session with members of our senior management team; and

the Committee is empowered to hire outside advisors as it deems appropriate.

OUR BOARD OF DIRECTORS

Audit Committee Financial Experts

The Board of Directors has determined that all of the members of the Audit Committee are independent and financially sophisticated. In addition, the Board has determined that three of the four members, Ms. McGarvie (Chair), Mr. Phillips and Mr. Salerno, qualify as audit committee financial experts, as that term is defined in the regulations promulgated under the Securities Act of 1933, as amended (the Securities Act).

Service on the Audit Committees of Other Public Companies

We do not restrict the number of other audit committees on which members of our Audit Committee may serve; however, in recommending director candidates to the Board and directors to serve on Committees of the Board, the Governance and Nominating Committee considers the other demands on each director's time, including those arising from such service.

[Compensation Committee](#)

Under its Charter, the Compensation Committee is responsible for the following, among other things:

establishing and regularly reviewing our general compensation philosophy, strategy, principles and policies, including conducting periodic risk assessments of our compensation programs;

reviewing and approving the total compensation packages for, and key terms of any agreements with, our Executive Chairman and Founder, our President and Chief Executive Officer, our other executive officers, operating managers who report to the CEO, and certain other executives;

reviewing and making recommendations to the Board on compensation plans and overseeing the administration of those plans;

determining the appropriate design for awards made under our annual cash bonus and equity compensation plans and setting related performance targets;

approving equity awards; and

evaluating the performance of our Executive Chairman and Founder and our President and Chief Executive Officer, and reviewing the evaluations of other executives by the Executive Chairman and Founder and/or the President and CEO, as appropriate, including in the context of succession planning.

For additional information on the Compensation Committee's role, its processes for the consideration and determination of executive compensation and its use of outside advisors, see Compensation Discussion and Analysis.

The Compensation Committee Charter also provides that:

the Committee will be comprised of at least three independent directors, each of whom must be an outside director as defined by Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and a non-employee director as defined in Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act);

the Committee will hold at least four regular meetings each calendar year;
the Committee will meet periodically in executive session, which sessions typically include its independent outside advisors; and

the Committee is empowered to hire outside advisors as it deems appropriate and will conduct annual assessments of the independence of each such advisor.

Compensation Committee's Relationship with its Independent Compensation Consultant

The Compensation Committee's independent compensation consultant during fiscal year 2014 was Pay Governance LLC (Pay Governance). Pay Governance is engaged by, and reports directly to, the Compensation Committee, which has the sole authority to hire or fire Pay Governance and to approve fee arrangements for work performed. Pay Governance assists the Compensation Committee in fulfilling its responsibilities under its Charter, including advising on proposed compensation packages for top executives, compensation program design and market practices generally. The Compensation Committee has authorized Pay Governance to interact with management on behalf of the Compensation Committee, as needed in connection with advising the Compensation Committee, and Pay Governance is included in discussions with management and, when applicable, the Compensation Committee's outside legal counsel on matters being brought to the Compensation Committee for consideration.

It is the Compensation Committee's policy that the Chair of the Compensation Committee or the full Compensation Committee pre-approve any additional services provided to management by our independent compensation consultant. In fiscal year 2014, Pay Governance only did work for the Compensation Committee and, in connection with our outside director compensation program, for the Governance and Nominating Committee as discussed under Director Compensation. The Compensation Committee has assessed the independence of Pay Governance pursuant to Securities and Exchange Commission (SEC) rules and concluded that Pay Governance's work for the Compensation Committee does not raise any conflict of interest.

OUR BOARD OF DIRECTORS

Governance and Nominating Committee

Under its Charter, the Governance and Nominating Committee is responsible for the following, among other things:

identifying and recommending to the Board potential director candidates and reviewing the composition of the Board as part of this process;

overseeing all aspects of our corporate governance initiatives, including periodic assessments of our principal governance documents, and making recommendations to the Board as appropriate;

establishing policy on and overseeing our entry into related person transactions;

establishing criteria for the annual self-assessments of the Board and its Committees;

reviewing and making recommendations to the Board on director compensation matters; and

monitoring developments in the law and practice of corporate governance.

The Governance and Nominating Committee Charter also provides that:

the Committee will be comprised of at least three independent directors, which the Board believes should include a Chair with experience in governance matters plus the Chairs of the Audit and Compensation Committees in accordance with good governance practice;

the Committee will hold at least three regular meetings each calendar year;

the Committee will meet regularly in executive session; and

the Committee is empowered to hire outside advisors as it deems appropriate.

As noted above, the Governance and Nominating Committee uses the Compensation Committee's independent compensation consultant for advice on director compensation.

For additional information on the Governance and Nominating Committee's oversight of director compensation and related person transactions, see the sections [Director Compensation](#) and [Related Person Transactions](#).

Executive Sessions of the Board

Mr. Schwartz, the Chair of the Governance and Nominating Committee, leads the executive sessions of non-management and independent directors.

Director Nomination Process and Consideration of Diversity

Our Corporate Governance Guidelines and the Governance and Nominating Committee Charter set forth certain criteria for director qualifications and Board composition. These criteria include an expectation that directors have substantial accomplishments in their professional backgrounds, are able to make independent, analytical inquiries and exhibit practical wisdom and mature judgment. The Governance and Nominating Committee seeks to achieve a Board that represents a diverse mix of skills, perspectives, talents, backgrounds and education that will enhance our decision-making process, oversee management's execution of strategic objectives and represent the interests of all of our stockholders. Director candidates should meet our standards for independence, be free of potential conflicts of interest, possess the highest personal and professional ethics, integrity and values, be committed to promoting the long-term interests of our stockholders and be able and willing to devote the necessary time to carrying out their duties and responsibilities as members of the Board. These criteria are described more fully in our Guidelines and the Governance and Nominating Committee Charter. The Governance and Nominating Committee considers these criteria, including diversity, in connection with its annual review of the composition, qualifications and independence of our Board.

For additional discussion of how the Governance and Nominating Committee determines the director nominees, see [Item 1 Election of Directors](#) and [Our Board of Directors Director Independence](#).

Stockholder Recommendations for Director Candidates

The Governance and Nominating Committee will consider potential director candidates recommended by our stockholders. When making a recommendation, stockholders should consider our criteria for director qualifications and Board composition set forth above and in our Guidelines and the Governance and Nominating Committee Charter. Director candidates recommended by stockholders who meet these qualifications will be considered by the Chair of the Governance and Nominating Committee, who will present the information on the candidate to the entire Governance and Nominating Committee. All director candidates recommended by stockholders will be considered by the Governance and Nominating Committee in the same manner as any other candidate and may or may not be selected by the Governance and Nominating Committee.

All recommendations by stockholders for potential director candidates must include written materials on the potential candidate's qualifications and be sent to Michael D. Fricklas, Secretary, Viacom Inc., 1515 Broadway, New York, NY 10036-5794.

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE

Our corporate governance practices are established, monitored and regularly assessed by our Board of Directors with assistance from the Governance and Nominating Committee. The Board considers current and proposed legal requirements and governance best practices in connection with its decisions on our governance practices, including ensuring that a majority of our Board is independent and that all of our Board Committees are comprised solely of independent directors.

Our principal governance documents are our Corporate Governance Guidelines, Board Committee Charters, Global Business Practices Statement and Supplemental Code of

Ethics for Senior Financial Officers. These documents are available in the Investor Relations/Corporate Governance section of our website at www.viacom.com, and copies of these documents may be requested by writing to Investor Relations, Viacom Inc., 1515 Broadway, New York, NY 10036-5794.

Certain aspects of our governance documents are summarized below. We encourage our stockholders to read our governance documents, as we believe they illustrate our commitment to good governance practices and ethical business conduct.

Corporate Governance Guidelines

Our Corporate Governance Guidelines establish our corporate governance principles and practices on a variety of topics, including the responsibilities, composition and functioning of the Board. The Governance and Nominating Committee assesses the Guidelines periodically and makes recommendations to the Board on any changes to implement. Our Guidelines address, among other things:

director qualifications, including our director independence standards;

the requirement to hold separate executive sessions of the non-management directors and of the independent directors and their frequency;

how stockholders and interested parties may communicate with the non-management directors;

stock ownership guidelines for directors and the Board's policies for setting director compensation;

director orientation and continuing education;

policies regarding director access to management, employees and independent advisors;

the role of the non-management directors in executive succession planning; and

the annual self-assessment of the Board to evaluate its effectiveness.

Board Committee Charters

As discussed in more detail in the descriptions of our Board Committees under "Our Board of Directors - Board Committees," each of our Board Committees operates under a written charter adopted by the Board. The charters set forth the purpose, objectives and responsibilities of the respective Committee and discuss matters such as Committee

membership requirements, number of meetings and the setting of meeting agendas. The charters are assessed annually by the Governance and Nominating Committee and the respective Committee and are updated by the Board as needed.

Viacom Global Business Practices Statement

Our Global Business Practices Statement (the "GBPS") discusses our standards for ethical conduct that are expected of all directors and employees of Viacom and its subsidiaries. The GBPS has been distributed to our directors and employees worldwide. As part of our compliance and ethics programs, directors and employees receive regular training on the contents of the GBPS and, where permitted, are required to certify as to compliance with it. They are also required to disclose any conflicts or potential conflicts of interest on an

ongoing basis and appropriately report on suspected violations of the GBPS. The GBPS addresses, among other things, topics such as:

compliance with laws, rules and regulations;

conflicts of interest and interference, including the disclosure of actual or potential conflicts;

confidentiality, transactions in securities and fair disclosure;

financial accounting and improper payments;

our commitment to being an equal opportunity employer and providing a workplace environment free of harassment and improper bias;

fair dealing and relations with competitors, customers and suppliers;

connecting, communicating and sharing through social media;

protection and proper use of company assets, information systems and electronic communications;

privacy, data security and information protection;

anti-corruption laws such as the Foreign Corrupt Practices Act and the UK Bribery Act;

export control and anti-boycott laws;

health, safety and the environment; and

political contributions.

The GBPS also identifies numerous avenues for employees to report violations of the GBPS, matters of alleged financial impropriety and any other matters of concern, anonymously or

with attribution, to the appropriate officers of Viacom and/or the Audit Committee. These avenues include telephone hotlines (in the United States and for numerous international locations), email contacts and reporting through various internal websites at Viacom and its business divisions. The GBPS makes clear that retaliation against an employee who makes a report in good faith will not be tolerated.

Our Senior Vice President, Chief Audit and Compliance Officer, has oversight responsibility for our compliance and ethics programs. He reports to the Audit Committee and administratively to the Chief Operating Officer; he also reports administratively to the General Counsel as to compliance matters and to the Chief Financial Officer as to audit matters. These individuals, together with senior executives of various disciplines from Viacom and its business divisions, regularly review and update the GBPS policies, and generate more detailed policies and training for those officers and employees engaged in activities that warrant additional focus, such as conducting business internationally. We also require that our suppliers comply with pertinent elements of our business conduct policies.

Waivers of the GBPS for our executive officers and directors will be disclosed on our website at www.viacom.com or by Form 8-K filed with the SEC.

Supplemental Code of Ethics for Senior Financial Officers

The Supplemental Code of Ethics for Senior Financial Officers is applicable to our President and Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer. The Supplemental Code of Ethics addresses matters specific to those senior financial positions at Viacom, including responsibility for the disclosures made in our filings with the SEC, reporting obligations with respect to certain matters and

a general obligation to promote honest and ethical conduct within Viacom. As with all employees, the Senior Financial Officers are also required to comply with the GBPS.

Amendments to or waivers of the Supplemental Code of Ethics for these officers will be disclosed on our website at www.viacom.com or by Form 8-K filed with the SEC.

DIRECTOR COMPENSATION

DIRECTOR COMPENSATION

Directors who are not employees of Viacom or any of its subsidiaries (the Outside Directors) are entitled to receive compensation for their service on the Board and are eligible to participate in certain director plans, as discussed below. Messrs. Abrams, Kraft, Phillips, Salerno and Schwartz and Mses. Falcone Sorrell, McGarvie, Norville and Redstone are Outside Directors.

Our director compensation programs are overseen by our Governance and Nominating Committee, which makes recommendations at least every other year to the Board on the appropriate amount and structure of director compensation in light of then current competitive practice and other factors. The Governance and Nominating Committee receives advice from Pay Governance, the Compensation Committee's independent compensation consultant, on director compensation matters.

Elements of Outside Director Compensation

Cash Compensation

We pay cash compensation to our Outside Directors as follows:

Our Outside Directors receive an annual Board retainer of \$100,000, payable in equal installments quarterly in advance, except for our Vice Chair, who receives an annual retainer of \$200,000.

The Chairs of the Audit and Compensation Committees each receive an annual retainer of \$20,000, payable in equal installments quarterly in advance, and the members of those committees receive a per meeting attendance fee of \$2,000.

The Chair of the Governance and Nominating Committee receives an annual retainer of \$15,000, payable in equal installments quarterly in advance, and the members of that committee receive a per meeting attendance fee of \$1,500.

Outside Directors may elect to defer their cash compensation under the Viacom Inc. Deferred Compensation Plan for Outside Directors discussed below.

Equity Compensation

Pursuant to the Viacom Inc. 2011 RSU Plan for Outside Directors, as amended and restated as of November 13, 2013 and as further amended on January 16, 2014, on January 31 of each year, our Outside Directors automatically receive an annual grant of restricted share units (RSUs) equal in value to \$175,000 based on the closing price of our Class B common stock on NASDAQ on the date of grant. The RSUs vest one year from the date of grant. RSUs are payable in shares of Class B common stock upon vesting unless the Outside Director elects to defer settlement of the RSUs to a future date. Dividend equivalents are credited on the RSUs each time we pay a regular cash dividend on our Class B

common stock until the RSUs are settled. Prior to 2014, outside directors received annual grants of stock options pursuant to the Viacom Inc. Stock Option Plan for Outside Directors as well as annual grants of RSUs.

Pay Governance advised the Governance and Nominating Committee with respect to these director compensation plans.

See [Fiscal Year 2014 Director Compensation](#) below for detail on the compensation our Outside Directors received for fiscal year 2014.

Deferred Compensation Plan

Under the Viacom Inc. Deferred Compensation Plan for Outside Directors, Outside Directors may elect to defer their Board and Committee retainers and meeting fees for the upcoming calendar year. Deferred amounts are credited during a calendar quarter to an interest-bearing income account or a stock unit account in accordance with the director's prior election.

Amounts credited to an income account bear interest at the prime rate in effect at the beginning of each calendar quarter. Amounts credited to a stock unit account prior to January 1, 2014 were deemed invested in a number of phantom stock units equal to the number of shares of Class A common stock and Class B common stock that the deferred amounts, if invested as equally as possible in the Class A and Class B common stock, would have purchased based on their respective closing market prices on the first day of the next

Table of Contents

DIRECTOR COMPENSATION

calendar quarter. Amounts credited to a stock unit account bore interest at the prime rate in effect at the beginning of the relevant calendar quarter until they were converted to phantom stock units. Unless a director made the one-time election described in the paragraph below, these phantom stock units will be settled in cash. Under amendments to the plan, and to the amended and restated 2011 RSU Plan for Outside Directors, amounts credited to a stock unit account on or after January 1, 2014 are deferred into a fixed number of fully-vested RSUs. The number of RSUs awarded is based on the value of our Class B common stock on the first day of the relevant calendar quarter. The awarded RSUs will be settled in shares of Class B common stock.

As referenced above, under the amended plans, directors were given a one-time election to change the settlement mechanics of their existing balances in stock unit

accounts so that they would receive shares of Class B common stock rather than cash upon their retirement from the Board. If a director did not make such one-time election, amounts deferred under the Deferred Compensation Plan for Outside Directors prior to January 1, 2014 will be paid in cash. Whether paid in shares of Class B common stock or in cash, deferred amounts will be paid in either a lump sum or in three or five annual installments based on the director's prior election, with the lump sum or initial annual installment becoming payable on the later of six months after the director leaves the Board or January 15 of the following year. For more information on the phantom stock units and RSUs related to deferred compensation held by certain of our directors as of January 15, 2015, see footnote (1) to the Security Ownership of Certain Beneficial Owners and Management table.

⁽¹⁾ Reflects the grant date fair value of the awards calculated in accordance with FASB ASC Topic 718 Stock Compensation. Grant date fair value assumptions are consistent with those disclosed in the Equity-Based Compensation Note to our Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended September 30, 2014.

⁽²⁾ Reflects nonqualified deferred compensation only. Interest accrues on the amounts deferred under our Deferred Compensation Plan for Outside Directors at the prime rate in effect at Citibank N.A. at the beginning of each calendar quarter. The prime rate generally represents an interest rate that is more than 120% of the long-term applicable federal rate published by the Internal Revenue Service and therefore is deemed to be preferential for purposes of this table. Accordingly, we have indicated above the difference in the amount of interest accrued for each director in fiscal year 2014 compared to the interest that would have been accrued at 120% of the long-term applicable federal rate.

⁽³⁾ Mr. Abrams did not defer receipt of his cash director fees in fiscal year 2014. As of September 30, 2014, Mr. Abrams held a total of 29,548 stock options for shares of Class B common stock and 2,574 RSUs for shares of Class B common stock. DIRECTOR COMPENSATION

Director Perquisites

We generally do not provide perquisites to our directors. Occasionally, a director's spouse may accompany him or her to Viacom events at our request. For example, spouses are invited to some of the Board dinners we hold from time to time in connection with Board meetings. This policy involves a de minimis or no incremental cost to us, and we believe it serves a legitimate business purpose.

[Director Attendance at Certain Viacom Events](#)

We believe it is in our best interest for directors to participate in certain events throughout the year, and the Board has established a policy under which directors are allocated tickets without charge to attend specific events that have been designated as having a business purpose. Travel expenses to such events are reimbursed by us in accordance with our normal travel policies. The Governance and Nominating Committee is responsible for oversight of this policy.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC and NASDAQ. Executive officers, directors and greater than 10% beneficial owners are required by the Exchange Act to furnish us with copies of all Section 16(a) forms they file. As an

administrative matter, we assist our executive officers and directors by monitoring transactions and filing Section 16 reports on their behalf. Based on our records, compliance program, and review of written representations, we believe that during fiscal year 2014 our executive officers, directors and greater than 10% beneficial owners complied with all applicable Section 16(a) filing requirements.

NAI, directly and through a wholly-owned subsidiary, is the controlling stockholder of both Viacom and CBS Corporation. Mr. Redstone, the controlling stockholder, Chairman and Chief Executive Officer of NAI, serves as our Executive Chairman and Founder and the Executive Chairman and Founder of CBS Corporation. Ms. Redstone, the President and a director of NAI, serves as non-executive Vice Chair of

the Board of Directors of both Viacom and CBS Corporation. Mr. Dauman and Mr. Abrams are directors of NAI, and Mr. Salerno is also a director of CBS Corporation. We consider these entities, as well as our directors and executive officers and certain of their family members, to be related persons.

Policy on Oversight of Related Person Transactions

The Governance and Nominating Committee maintains a written policy on its review, approval and ratification of transactions with related persons. The policy generally groups these transactions into four categories: (1) transactions requiring the advance approval of the Committee, (2) transactions that the Chair of the Committee is authorized to approve, (3) certain ordinary course transactions below established financial thresholds, and other designated categories of transactions, that are deemed pre-approved by the Committee and (4) certain transactions requiring reporting to the Committee.

Generally, the Governance and Nominating Committee deems pre-approved any transaction or series of transactions between Viacom and an entity for which a related person is an executive or employee (except NAI and CBS Corporation) that is entered into in the ordinary course of our business and

where the aggregate amount of all such transactions on an annual basis is less than 1% of the annual consolidated gross revenues of the other entity.

Ordinary course transactions with NAI or CBS Corporation, or any of their respective subsidiaries, where the amount exceeds \$10 million or \$25 million, respectively, require pre-approval of the Governance and Nominating Committee.

Regardless of whether a transaction is deemed pre-approved, all transactions with related persons, including NAI, CBS Corporation and their respective subsidiaries, in any amount are required to be reported to the Governance and Nominating Committee. The Committee reviews and discusses with management the determination on whether a transaction with a related person involves a direct or indirect material interest.

Related Person Transactions in Fiscal Year 2014

Transactions with National Amusements, Inc.

NAI licenses films in the ordinary course of business for its motion picture theaters from all major studios, including Paramount. Payments made to us in connection with these licenses for fiscal year 2014 amounted to approximately \$15.2 million and are continuing in fiscal year 2015 as a result of this ongoing relationship. NAI also licenses films from a number of unaffiliated companies, and Paramount expects to continue to license films to NAI on similar terms in the future. In addition, NAI and Paramount have co-op advertising

arrangements, which are continuing in fiscal year 2015, and occasionally engage in other ordinary course transactions (e.g., movie ticket purchases and various promotional activities) from time to time. In connection with these arrangements and transactions, Paramount paid NAI a total of approximately \$217,000 in fiscal year 2014. We believe that the terms of these transactions between NAI and Paramount were no more or less favorable to Paramount than transactions between unaffiliated companies and NAI.

Transactions with CBS Corporation

In the ordinary course of business, we are involved in transactions with CBS Corporation and its various businesses (CBS) that result in the recognition of revenues and expenses by us. Transactions with CBS are settled in cash.

Our *Filmed Entertainment* segment earns revenues and recognizes expenses associated with the distribution of certain television products into the home entertainment market on behalf of CBS. Pursuant to its agreement with CBS, Paramount distributes CBS's library of television and other content on DVD and Blu-ray disc on a worldwide basis. Under the terms of the agreement, Paramount is entitled to retain a

fee based on a percentage of gross receipts and is generally responsible for all out-of-pocket costs, which are recoupable together with any advance amounts paid. Paramount also earns revenues from CBS through leasing of studio space and licensing of certain film products.

Our *Media Networks* segment recognizes advertising revenues and purchases television programming from CBS. The cost of the programming purchases is initially recorded as acquired program rights inventory and amortized over the estimated period that revenues will be generated.

Compensation Discussion and Analysis

Overview

The goal of our compensation programs is to make sure that we have the talented executives and employees we need to achieve our strategic plans and deliver financial returns to our stockholders over both the short term and the long term. To do this, we need to attract and retain great managers and employees, and to compensate them in a way that encourages and rewards their performance. Our compensation programs include salaries, a cash bonus plan that rewards annual performance, and a long-term equity plan that links the value the executive receives to the value of our company as measured by our stock price and/or company performance. Our compensation packages are designed to reward (i) company performance as measured by strategic, operating and financial results, (ii) individual contributions to those results and (iii) stock price growth on both an absolute and a relative basis. Occasionally, if the Compensation Committee (the Committee in this section) or, in limited circumstances, Mr. Dauman determines it is appropriate in connection with hiring, retention and other objectives, they may authorize one-time equity awards for our executives. Since equity awards are tied to the performance of our stock, the awards are aligned with the interests of our stockholders.

Awards are balanced between short-term and long-term compensation to incent our executives to achieve superior operating and financial results every year while achieving long-term strategic objectives to drive stockholder value. In certain instances, the Committee may feel it is appropriate to structure equity awards with portions that are both more sensitive and less sensitive to our stock price.

We are committed to providing competitive compensation packages to ensure that we attract and retain executives who will achieve these goals. We compete for talented executives in a highly-compensated industry globally, with the majority in the New York and Los Angeles markets. The Committee reviews information about past and evolving practices of our media and entertainment industry peer companies and other comparable public companies, but it does not specifically benchmark compensation to a particular level.

Compensation information for fiscal year 2014, fiscal year 2013 and fiscal year 2012 reflects performance during the twelve months ended September 30, 2014, September 30, 2013 and September 30, 2012, respectively.

Fiscal Year 2014 Performance

Our fiscal year 2014 results were solid. We continued to achieve creative and operational excellence and delivered growth in adjusted operating income and adjusted diluted earnings per share, achieving records in both measures, as well as strong cash flows. Our strength allowed us to access capital markets efficiently and allowed our stockholders to participate in our cash generation. In fiscal 2014, we returned \$3.9 billion to stockholders through stock buybacks and dividends, including an increase in our quarterly dividend from \$0.30 to \$0.33 per share.

Specifically:

We invested aggressively to expand our brands by creating and acquiring content, and by developing and producing content that can be viewed by consumers across multiple screens.

We acquired Channel 5 in the UK, establishing a much stronger base for us in that market.

We continued to innovate and refine the distribution of our content, partnering with digital distribution partners, launching apps for our major brands, optimizing new windowing strategies, and negotiating attractive long-term agreements with major distributors, including Time Warner Cable, Verizon and more than 800 National Cable Television Cooperative member distributors.

We also innovated in advertising sales, expanding integrated marketing and other approaches that are less dependent on traditional media measurement, as well as initiating sales based on dynamic advertising insertion.

We successfully released 11 feature films, including *Transformers: Age of Extinction*, which was the largest-ever theatrical release in China, and *Teenage Mutant Ninja Turtles*, which established a new movie franchise to complement our television and consumer products business based on that property. We also continued to develop our television production business at Paramount.

Our solid operating profile allowed us to strategically access the capital markets, issuing senior notes and debentures at very attractive rates and extending our weighted average debt maturity. This allowed us to aggressively return significant capital to our stockholders through our stock repurchase program and by increasing our quarterly dividend.

We continued to aggressively manage costs, both domestically and internationally, and enhanced our operational efficiency.

Compensation decisions reflected our performance

The efforts and leadership of our senior management team, including our named executive officers (NEOs), remain critical to our accomplishments and allowed us to produce results that strengthened our business, delivered strong financial performance, created value for our stockholders and allowed us to return capital to our stockholders in the form of significant dividends and share repurchases. During the period, we continued to perform well and we remain well positioned to capitalize on future opportunities and successfully address future challenges. These

accomplishments provide context for our pay-for-performance approach and the key compensation decisions made by our Compensation Committee in fiscal year 2014.

The bonus and equity compensation decisions for each of our NEOs in fiscal year 2014 are discussed in detail below under Compensation Program Design Annual Performance-Based Cash Bonus and Compensation Program Design Equity Awards.

Fiscal Year 2014 Named Executive Officer Compensation

The achievements previously discussed were a direct result of the leadership of our NEOs and other senior executives. Our NEOs for fiscal year 2014 were:

Sumner M. Redstone, Executive Chairman and Founder;

Philippe P. Dauman, President and Chief Executive Officer;

Thomas E. Dooley, Senior Executive Vice President and Chief Operating Officer;

Michael D. Fricklas, Executive Vice President, General Counsel and Secretary; and

Wade C. Davis, Executive Vice President, Chief Financial Officer.

Individual NEO performance and qualifications are key factors in the Committee's compensation decisions. The Committee considers the executive's professional experience, tenure and accomplishments at our company and/or

within the industry, the executive's individual performance if he or she is an existing employee, the executive's compensation history, compensation levels of executives at comparable levels within

the company, competitive conditions, management development and succession planning activities and input from Pay Governance. All of our NEOs and many of our divisional executives have been affiliated with Viacom for many years and this is reflected in their compensation packages.

At our 2014 Annual Meeting of Stockholders, we held a stockholder advisory vote on the compensation of our NEOs, and our stockholders approved the compensation of our executives as disclosed in our proxy statement for our 2014 Annual Meeting of Stockholders. The Committee has considered the results of the vote on our executive compensation program and concluded that the program continues to provide a competitive pay-for-performance package that effectively incentivizes our NEOs and encourages long-term retention. We have determined to conduct an advisory vote on executive compensation every three years, as permitted under SEC rules, and intend to hold the next such advisory vote at our 2017 annual meeting. The Committee will continue to consider stockholder views about our core compensation principles and objectives when determining executive compensation.

Base Salary and Target Annual Cash Bonus

As previously disclosed in the proxy statement for our 2014 annual meeting of stockholders, the Committee determined to increase certain base salary and target annual bonus awards for 2014 for certain NEOs, which reflects the Committee's evaluation of the applicable NEOs' performance and other factors. Mr. Dauman's annual base salary was increased to \$4 million from \$3.5 million, effective January 1, 2014, and his target annual bonus was increased to \$15 million from \$12 million, effective October 1, 2013. Mr. Dooley's annual base salary was increased to \$3 million from \$2.5 million, effective January 1, 2014, and his target annual bonus was increased to \$12 million from \$9.5 million, effective October 1,

2013. Mr. Redstone's annual base salary was increased to \$2 million from \$1.75 million, effective January 1, 2014, and his target annual bonus was increased to \$7.5 million from \$6 million, effective October 1, 2013. Each of these increases in annual base salary and target annual bonus for Messrs. Dauman, Dooley and Redstone were the first such increases since 2010. Mr. Davis' annual base salary was increased to \$1.25 million from \$1.2 million and his target annual bonus was increased to \$1.55 million from \$1.2 million, each effective November 27, 2013. Mr. Fricklas' annual base salary was \$1,287,500 and his target annual bonus was \$2.475 million.

Stock options and RSUs were granted at the meeting of the Compensation Committee that took place in May 2014. PSUs for Messrs. Dauman and Dooley were granted on January 1, 2014 pursuant to the terms of their employment agreements. Mr. Redstone did not receive a Viacom equity award in fiscal year 2014.

⁽¹⁾ The number of stock options granted is determined using the Black-Scholes valuation method on the date of grant. Stock options have an eight-year term until expiration. The number of RSUs granted is determined by dividing the value of the award by the closing market price of our Class B common stock on the date of grant (\$84.46). For PSUs, the number shown in the above table equals the target number of PSUs, and was determined by dividing the value of the award by the average closing market price of our Class B common stock for a period of 10 trading days ending on the date of grant.

⁽²⁾ Stock option exercise price is equal to the closing market price of our Class B common stock on the date of grant (May 21, 2014). See *Compensation Program Design Equity Awards Performance Share Units* below for additional detail on the PSU performance conditions.

⁽¹⁾ Messrs. Dauman and Dooley received their target annual equity awards in the form of stock options and PSUs, and Messrs. Fricklas and Davis received their target annual equity awards in the form of stock options and RSUs. There is no guarantee that the executives will realize the target value of their equity awards, as the amount the executive ultimately realizes will depend on the market value of our stock at the time of exercise or settlement and, in the case of PSUs, our performance over the three-year performance period.

⁽²⁾ Performance-based compensation includes target annual bonus amounts, stock options and PSU awards, each of which represents a form of compensation for which a set level of company or stock performance is required to realize compensation from the award. Equity-linked compensation includes RSUs, for which continued employment is the sole criterion for receipt but which have a value to the NEO that fluctuates with our stock price.

EXECUTIVE COMPENSATION

Compensation Program Design

The following section provides additional detail on our compensation philosophy, components of compensation and how our programs are designed and complement each other.

Employment agreements are standard in our industry for top executives, and are important for recruiting purposes as well as for their restrictive and other covenants. Each of our NEOs has an employment agreement in which the Committee sets the components of compensation and initial compensation levels. Compensation levels are generally reviewed annually to ensure they continue to reflect the executive's performance as well as remain competitive. The key terms of our NEO employment agreements are described below and in the narrative following the Fiscal Year 2014 Summary Compensation Table.

Component	Compensation Profile	Rationale
Base Salary	Guaranteed; Merit increases reflect performance	Rewards individual experience, performance and tenure, and considers competitive market data
Annual Cash Bonus	Performance-based	Rewards annual company operating and strategic performance and individual performance during the year
Annual Equity Awards	Performance-based and/or linked to stock performance	Contain multi-year vesting periods and/or performance conditions designed to motivate employees to focus on long-term growth and create stockholder value, as well as to provide retentive value for us Stock options: vest in equal annual installments over 4 years PSUs: have a performance period of 3 years RSUs: vest in equal annual installments over 4 years
One-Time Equity Awards	Performance-based and/or linked to stock performance	See Annual Equity Awards above Stock options: vest in equal annual installments over 4 years PRSUs: have a performance period of 3 or 4 years
Health and Retirement Benefits	Guaranteed	Support the health and safety of our employees and provide mechanisms for retirement savings
Severance and Restrictive Covenants	Contingent	Provide capped cash payments upon termination without cause or resignation for good reason (as defined in agreement). No severance payment is made if an employee leaves voluntarily or is terminated for cause. Severance protections are designed to allow executives to think and act independently (balanced by our ability to terminate without cause) and provide consideration for restrictive covenants

The Committee considers each component of compensation individually and in the aggregate as part of its pay-for-performance approach, with its general goal being that a large part of the compensation package be performance-based and/or equity-linked rather than guaranteed cash. Each component is designed to serve a specific purpose and is evaluated both separately and in light of the overall value of the award. The components of our compensation packages generally include:

Base Salary

Base salaries for our NEOs and other executive officers are generally reviewed annually by the Committee and increased at its discretion if individual performance and competitive

considerations warrant. The base salaries for other executives and employees are generally reviewed annually and adjusted at the discretion of management.

Annual Performance-Based Cash Bonus

Our annual bonuses are paid under our Short-Term Incentive Plan (STIP), which is a broad-based program that we use to incent and reward management at all levels to obtain superior operating, strategic and individual results during a particular year. Prior to the start of fiscal year 2014, the Board of Directors approved a fiscal year 2014 budget that, consistent with prior years, contained challenging targets to drive growth. The Committee then established performance goals for our fiscal year 2014 bonus program that are directly linked to our achievement of the budget s goals as well as achievement of specific qualitative objectives. The ability of a participant to

realize a bonus at target is linked to the achievement of results at budget.

Our NEOs participate in the Senior Executive STIP, a plan that contains a separate performance goal and is designed to comply with the provisions on performance-based compensation of Section 162(m) of the Internal Revenue Code (Section 162(m)). This performance goal was achieved in fiscal year 2014, since our operating income for STIP purposes of \$4.134 billion exceeded the fiscal year 2014 performance target set for the Senior Executive STIP of \$3.168 billion. The Senior Executive STIP provides for a

EXECUTIVE COMPENSATION

maximum allowable bonus amount of eight times base salary or \$50 million, whichever is lower, if the performance target is achieved and certified by the Committee, and in no event may the actual bonus that we pay an NEO exceed that amount. Our Compensation Committee then uses its discretion to adjust the actual bonuses down, based on an award structure and performance goals that are the same as the STIP.

In fiscal year 2014, approximately 4,980 of our 9,900 employees participated in the Senior Executive STIP and the STIP. Our divisional business multipliers in 2014 ranged from 76% to 112% of target, and in fiscal year 2013, they ranged from 45% to 117% of target.

The design of our Senior Executive STIP and STIP programs are reviewed and approved by the Committee each year. Key elements of the design for our fiscal year 2014 include the following:

Maximum and Minimum Bonus Amounts

Based on the achievement of the performance goals set by the Committee, as well as individual performance, cash bonus amounts can range from 0% to 200% of an individual's target annual bonus amount.

Performance Goals Overview

Our performance goals for fiscal year 2014 related to achievement of operating income (weighted 60%), free cash flow (weighted 20%) and qualitative objectives (weighted 20%).

Operating income for STIP purposes was increased to \$4.134 billion (from our reported operating income of \$4.082 billion), principally reflecting certain acquisition costs and asset impairments.

Free cash flow, which is defined as cash provided by operations minus capital expenditures, plus excess tax benefits from equity-based compensation awards, for STIP purposes was decreased to \$2.561 billion (from our reported free cash flow of \$2.569 billion), reflecting the subtraction of cash flow associated with a certain acquisition.

Our qualitative objectives in fiscal year 2014 were, for Corporate (including all of our NEOs), furtherance and achievement of company-wide strategic initiatives contemplated in the budgeting and long-range planning processes; for Viacom Media Networks, achievement of ratings growth at their respective networks and implementation and achievement of initiatives designed to improve operating margins; for Paramount Pictures, implementation and achievement of cost reduction initiatives designed to reduce the annual run-rate of overhead, continued focus on improving return on invested capital and timely development of the animation and television initiatives; and for all STIP participants, timely adherence to achievement of corporate goals, inclusion and talent development, compliance and policy objectives.

Operating income and free cash flow performance goals are used because they encourage executives to achieve superior operating results while taking into account appropriate cost management.

Operating income and free cash flow performance is determined relative to our operating budget, which is approved by our Board of Directors before the start of the fiscal year for which bonuses are paid. Bonuses for corporate executives are based on overall company performance; bonuses for divisional executives are based on the performance of their division or, in many cases, smaller business units.

Setting Performance Goals

When setting the range of performance goals for operating income and free cash flow at the outset of the fiscal year, the Committee considers our financial results from the prior year and our annual operating budget for the coming year, as approved by the Board. The budget reflects desired growth rates, strategic initiatives, the economic environment, and other business fundamentals.

The Committee uses this information to set operating income and free cash flow performance grids for corporate and each of the divisions.

Achievement of operating income and free cash flow at budget equates to a performance factor of 100% on each performance grid. We believe our budgeting process is rigorous and results in goals that are meaningful and challenging, the achievement of which is designed to drive stockholder value.

A minimum performance factor of 0% results in no bonus being earned. Consistent with the maximum bonus amounts, a maximum of 200% can be earned for each performance goal (including the qualitative goals) before the respective weightings are applied.

The performance range on the grids is 25% to 200% of the target annual bonus amount, with performance below the level required to generate a payout of 25% resulting in a performance factor of 0%.

The Committee sets the payout on each grid from 25% to 200% in a manner that is designed to, within reasonable limits, encourage achievement that exceeds target goals and penalize underachievement, while recognizing the need to encourage performance throughout the year, even in difficult conditions.

Committee Determination of Bonus Amounts

For corporate and each of the divisions, the Committee reviews actual fiscal year financial performance compared to the goals set by the Committee prior to the commencement of the year, as well as Mr. Dauman's and senior management's assessment of the achievement of the qualitative factors. The resulting performance multiplier is then applied to the aggregate target annual bonus amounts for all STIP participants (by division) to create the recommended aggregate dollar amount of the corporate and business unit bonus pools.

Once the bonus pools are established, individual bonus amounts are increased or decreased based on individual performance.

The Committee may consider other financial or qualitative factors significant to the year, such as the extent to which the performance targets were met in ways that related to the fundamentals of the business and furthered our long-term interests as well as the appropriateness of excluding unusual expenses or impacts on financial results that it believes have the effect of distorting the performance goals.

The following table sets forth the corporate performance goals that applied to our NEOs in fiscal year 2014, with the bottom of the performance range equal to a performance factor of 25% and the top of the range equal to a performance factor of 200%. The Committee determined that the corporate performance multiplier applicable to participants in the Senior Executive STIP for fiscal year 2014 was 112%, as shown in the table.

Performance Goals	Performance Range (in millions)	Fiscal 2014		Weighting	Weighted Performance Factor
		Performance (in millions)	Resulting Performance Factor		
Operating income	\$ 3,391-4,780	\$ 4,134 ⁽¹⁾	92%	60%	55%
Free cash flow	\$ 1,433-2,839	\$ 2,561 ⁽²⁾	166%	20%	33%
Qualitative objectives	N/A	N/A	120%	20%	24%
Corporate performance multiplier					112%

⁽¹⁾ Operating income for STIP purposes was increased to \$4.134 billion (from our reported operating income of \$4.082 billion), principally reflecting certain acquisition costs and asset impairments.

⁽²⁾ We define free cash flow, which is a non-GAAP measure, as cash flow provided by operations minus capital expenditures, plus excess tax benefits from equity-based compensation awards. Free cash flow for STIP purposes was decreased to \$2.561 billion (from our reported free cash flow of \$2.569 billion), reflecting the subtraction of

cash flow associated with a certain acquisition.

Individual NEO Performance

The Committee also approves individual bonus amounts for the executives within its oversight, which includes all of the NEOs. Mr. Dauman makes specific bonus recommendations for each of those executives other than Mr. Redstone and himself. Given the accomplishments of each executive in fiscal year 2014, the Committee established certain bonus amounts for each executive based on the corporate performance multiplier and their individual accomplishments.

In addition to the accomplishments discussed earlier in this section:

Mr. Redstone continued to oversee the activities of the Board of Directors. Under his leadership and vision, the company enhanced its financial position and continued to strengthen its overall business.

Mr. Dauman and Mr. Dooley continued to provide strategic leadership and management for our company. They and their senior executive teams executed on key operational goals such as enhancing our creative teams and directing significant investment in content creation, concluding favorable affiliation arrangements in both traditional and digital distribution, driving ad sales and the adoption of new measurement and monetization tools, building our international operations and focusing our motion picture operations, and investing in new business initiatives such as mobile content delivery and television production, in each case while maintaining cost discipline and enhancing our operating leverage. They led the company in accessing capital markets on favorable terms, allowing the company to return \$3.9 billion of capital to stockholders in the forms of stock buybacks and dividends. Under their leadership, senior management continued to execute a company-wide leadership development initiative and foster a diverse and inclusive corporate culture.

Mr. Fricklas and Mr. Davis participated in and advised the senior management team and:

Mr. Fricklas provided leadership on a wide variety of matters, including resolving a number of legal matters on terms favorable to the company, providing legal support to transactions, continuing to advise senior management in a wide variety of matters while enhancing the legal function and implementing a number of programs to develop internal legal talent across Viacom and its divisions; and

Mr. Davis provided leadership of the company's finance function and strategy and corporate development function. He strengthened and streamlined our finance organization and processes, led the Company's successful acquisition of

Channel 5, executed new issuances of public debt, reduced our global effective tax rate and led the financial team in achieving our successful financial performance and effective capital structure, including our significant return of capital to stockholders in the form of stock buybacks and dividends.

Equity Awards

Our Long-Term Management Incentive Plan (LTMIP) is a broad-reaching program that motivates management to focus on long-term growth and the performance of our stock price, and provides retentive value to us through multi-year vesting schedules for equity awards. In fiscal year 2014, approximately 1,460 employees participated in the LTMIP.

The Committee approves all of our equity awards, which take the form of (i) stock options, (ii) RSUs, (iii) PSUs and (iv) PRSUs, except those granted by Mr. Dauman pursuant to a limited delegation of authority to grant employee equity awards with values below certain thresholds. The Committee determines, either by employment agreement or at the time of grant, the appropriate type, combination and value of each equity award. The target values for our NEO equity awards are specified in their employment agreements.

Use of Stock Options, RSUs, PSUs and PRSUs

The Committee believes it is appropriate for Messrs. Fricklas and Davis to receive annual equity awards that are comprised of a mix of stock options and RSUs. Awards of equal value would result in an executive receiving fewer RSUs than stock options and, as a consequence, RSUs have less of a potential dilutive effect to stockholders than an equivalent award of stock options. In addition, RSUs continue to have value as the stock price declines and accordingly provide motivation and retentive value in down markets, and the accounting associated with stock options and RSUs, which generally have similar or greater value to employees than PSUs, results in a lower expense to us than PSUs. Stock options are more sensitive to the stock price and have no value to the NEO if the current share price is less than the closing price on the date of grant. In contrast, RSUs, which vest on the basis of continued service, always have value equal to our stock price. For these reasons, the Committee

believes that a ratio of 40% stock options and 60% RSUs for awards to Messrs. Fricklas and Davis appropriately balances the goals of providing performance incentives, retention value and stockholder alignment with the cost of the awards to us.

As specified in their employment agreements, Messrs. Dauman and Dooley are entitled to receive annual equity awards that are comprised of stock options and PSUs. In addition, the Committee granted a one-time PRSU award to each of Mr. Dauman and Mr. Dooley in connection with their employment agreement renewals in fiscal year 2010 and a one-time PRSU award to Mr. Dauman in connection with his employment agreement renewal in fiscal year 2015. The Committee believes PSUs, which are valued based on the performance of our stock relative to a broad market index, continue to be an effective tool to motivate those executives' performance in the long-term interests of the

company because Messrs. Dauman and Dooley have overall corporate oversight and responsibility and therefore a greater ability to impact stockholder value than other employees. In providing for PSU awards, the Committee reviewed, among other things, the executives' overall mix of compensation elements and set target values for the PSU awards in the context of the Committee's objectives for the overall compensation package. The Committee believes it was appropriate for Messrs. Dauman and Dooley to receive PRSU awards to motivate those executives' performance in the long-term interests of the company, since the value realized depends on our performance over successive fiscal years. Like PSUs, PRSUs have an at risk component to incent the achievement of company performance goals, with the maximum and minimum parameters designed to balance the Committee's objectives of incenting performance in a way that enhances stockholder value and the retention of valuable executives.

Performance Share Units

PSU awards are made in the form of a target grant. The target number of PSUs is equal to the target award value divided by the average closing price of our Class B common stock during the 10 trading days ending on the date of grant. The number of shares of Class B common stock the executive ultimately receives at the end of the measurement period depends on the total stockholder return (TSR) of our Class B common stock measured against the TSR of the common stock of the companies comprising the S&P 500 Index at the

start of the measurement period (the reference group). The percentile ranking of the TSR of our Class B common stock compared to the TSR of the common stock of the companies in the reference group is used to calculate the number of shares received. The maximum payout is 300% of the target award, which the executive would be eligible to receive if our stock outperformed every other company in the reference group. The payout schedule for the awards is set forth in the following table.

Schedule ⁽¹⁾

If Viacom achieves less than the 25th percentile TSR, the award of PSUs will be forfeited, unless the EPS hurdle is met

If Viacom achieves the 25th percentile TSR, the number of shares to be delivered under the award will be 25% of the target award, subject to adjustment if the EPS hurdle is met

If Viacom achieves the 50th percentile TSR, the number of shares to be delivered under the award will be 100% of the target award

If Viacom achieves the 100th percentile TSR (that is, if it is the first ranked company in the S&P 500 for TSR), the number of shares to be delivered under the award will be 300% of the target award

⁽¹⁾ For achievement at intermediate points between the 25th and 50th percentile, or between the 50th percentile and the 100th percentile, the number of shares to be delivered will be interpolated between the respective shares delivered at such percentiles, subject to adjustment between the 25th and 50th percentile, if the EPS hurdle is met.

EPS Hurdle

The EPS, or earnings per share, hurdle is intended to provide an alternative measure of performance for the PSU awards in the event strong operating performance is not appropriately reflected in our stock price due to market or other conditions outside of our control.

If we achieve less than the 50th percentile TSR during the measurement period but achieve the EPS hurdle, the executive would receive the average of his target award and the award he would have earned under the above schedule.

For the 2014 PSU grants, the Committee set the EPS hurdle as achievement of compound annual growth rate of diluted EPS from continuing operations that is greater than the median compound annual EPS growth rate for the companies in the reference group during the measurement period of 2014 – 2016. This is a challenging, relative metric, and whether we will meet the hurdle is uncertain until our 2016 financial results are determined.

For the payout percentages of PSUs awarded for the fiscal 2012-fiscal 2014 performance cycle, please refer to footnotes 2 through 4 of the *Option Exercises and Stock Vested in Fiscal Year 2014* table.

Performance Restricted Share Units

PRSUs represent a right to receive a number of shares of Class B common stock over four performance periods, with a target number of shares (a *Target PRSU Award*) to be delivered in respect of each performance period. The performance periods for the PRSU awards granted in 2010 are each of the first four full fiscal years starting after the execution of the employment agreement providing for the PRSU grant. The minimum and maximum number of shares that will be delivered to an executive in respect of any performance period is 75% and 125%, respectively, of the *Target PRSU Award*. The number of shares of Class B common stock the executive ultimately receives at the end of each performance period depends on a *Current Achievement Percentage* calculated for the performance period as follows: 75% of the *Current Achievement Percentage* is calculated as a ratio of the achievement of operating income for the current performance period to the operating income goals established for the current performance period under the Senior Executive STIP; 25% of the *Current Achievement Percentage* is calculated as a ratio of the achievement of free cash flow for the current performance period to the free cash flow goals for the current performance period under the Senior Executive STIP; and in no event may either component ratio exceed 200%. The *Current Achievement Percentage* for the current performance period is then averaged with the *Current Achievement Percentages* for any prior performance periods to produce a *Cumulative Achievement Percentage* on which the payout is based, according to the following schedule.

Schedule ⁽¹⁾

If the *Cumulative Achievement Percentage* is 75% or less, the number of shares to be delivered under the award will be 75% of the *Target PRSU Award*

If the *Cumulative Achievement Percentage* is 100%, the number of shares to be delivered under the award will be 100% of the *Target PRSU Award*

If the *Cumulative Achievement Percentage* is 125% or more, the number of shares to be delivered under the award will be 125% of the *Target PRSU Award*

⁽¹⁾ *For a Cumulative Achievement Percentage at an intermediate point between 75% and 100%, or between 100% and 125%, the number of shares to be delivered will be interpolated on a straight-line basis between the respective numbers of shares to be delivered at such percentages.*

Benefits

We provide traditional benefit plans and programs to our executives and employees on the same relative basis with few exceptions, which are described under *Perquisites* below. These plans include:

a tax-qualified defined benefit Pension Plan (frozen as of December 31, 2012) and a related Excess Pension Plan (frozen as of April 1, 2009);

a tax-qualified defined contribution 401(k) Plan, with a company match and potential transition credits and profit-sharing contributions, and Excess 401(k) Plans with a company match;
a bonus deferral plan, which allows an executive to elect to defer a portion of his or her annual cash bonus amount;
and

health coverage, life insurance, disability benefits and other similar benefits.

For more detail on our benefit plans, see the narratives following the *Fiscal Year 2014 Pension Benefits* and *Fiscal Year 2014 Nonqualified Deferred Compensation* tables.

Perquisites

We generally provide few perquisites to our NEOs. However, we and the Committee believe that some perquisites, as discussed below and in footnote (5) to the *Fiscal Year 2014 Summary Compensation Table*, are appropriate for the reasons discussed below. The executives are taxed as appropriate on these perquisites, and we do not gross up our NEOs for these taxes.

Our NEOs may be eligible to use the Viacom aircraft for personal use. Mr. Dauman may use the Viacom plane to travel to meetings of the other board of directors on which he serves, and we consider amounts related to such travel to be a perquisite.

We have a car and driver in New York, which are provided to Mr. Redstone and Mr. Dauman for security reasons and are occasionally used for business purposes by other executives. Mr. Redstone is also provided with a car and driver in his hometown of Los Angeles. Any personal use of a car and driver by either Mr. Redstone or Mr. Dauman, including commuting, is considered a perquisite.

Under their employment agreements, certain of our NEOs receive life insurance benefits in amounts that are higher than the life insurance benefits we provide to employees generally. This incremental amount is considered a perquisite. We pay the premiums for these life insurance benefits and do not generally provide any other death benefit such as salary continuation. In 2014, we provided \$5,000,000 in coverage for each of Messrs. Dauman, Dooley and Fricklas and, commencing November 27, 2014, we provided \$5,000,000 in coverage for Mr. Davis. Our NEOs also receive occasional tickets to company events, DVDs and merchandise related to our businesses. For business purposes, an NEO's spouse may also accompany him from time to time to these events. These items involve a de minimis or no incremental cost to us, and we believe they serve a legitimate business purpose.

Severance and Restrictive Covenants

The Committee believes that providing certain severance benefits is important to attract and retain high-caliber executives in our industry and provide consideration for the executive's commitments under the employment agreement. For non-contractual employees, we also maintain a more broad-based severance plan that generally provides our employees with a set number of weeks of severance.

Our NEO agreements (other than Mr. Redstone's) provide for cash payments upon termination without cause or resignation for good reason. For Messrs. Dauman and Dooley, these payments are generally capped at three years of base salary and bonus amount in the year of termination, subject to adjustment if fewer than three years remain in the employment term. For Messrs. Fricklas and Davis, these

payments are generally capped at the lesser of two years of base salary and bonus amount in the year of termination or the remaining cash compensation payable under the agreement. No payment is made if an employee leaves voluntarily or is terminated for cause. The employment agreements define good reason and cause.

Receipt of severance is conditioned on the employee's signing a release of claims and continuing compliance with certain restrictive and other covenants. Typical restrictive covenants in our employment agreements include commitments not to compete with our company during the term of the agreement, not to solicit our employees to leave our company within a specified time frame, and to protect our confidential information.

EXECUTIVE COMPENSATION

For detail on the severance obligations we may have to our NEOs upon termination of employment, see the section Potential Payments Upon Termination or Change-In-Control.

These obligations were negotiated at the time we entered into each NEO's employment agreement.

[Tax Deductibility of Performance-Based Compensation and Other Tax Considerations](#)

Where appropriate, and after taking into account various considerations, we generally structure our executive employment agreements and compensation programs to allow us to take a tax deduction for the compensation we pay to our executives. Any individual base salary we pay over \$1,000,000 is not tax deductible. The performance-based compensation we pay in the form of annual cash bonus amounts under our Senior Executive STIP is designed to comply with the requirements of Section 162(m) and therefore be tax deductible. In addition, our stock option and PSU

grants under the LTMIP contain performance and/or market conditions and are designed to be Section 162(m) compliant. RSUs with time-vesting only and the target payout under the PRSUs are not tax deductible to the extent they result in compensation that exceeds the \$1 million limit under Section 162(m).

Our deferred compensation arrangements, including those in our employment agreements and compensation and benefit plans, are designed to comply with Section 409A of the Internal Revenue Code.

[Risk Assessment of Compensation Programs](#)

We annually review with our Compensation Committee and our outside compensation consultant our company-wide compensation programs to assess whether they encourage our employees to take unnecessary or excessive risks that could have a material adverse effect on our business. We have concluded that our programs are appropriately tailored to encourage employees to grow our business, but not incent them to do so in a way that poses unnecessary or excessive material risk to us. For example, our STIP and LTMIP, which are our two primary, company-wide compensation programs, balance each other by providing compensation that rewards short-term and long-term performance. The STIP balances

risk by considering a mix of performance goals, capping the maximum payout a participant can receive and allowing the Compensation Committee to determine the final amounts of all bonuses, and the LTMIP provides balanced incentives through a mix of equity awards such as PSUs, PRSUs, stock options and RSUs, which have varying vesting

schedules and levels of performance and/or market conditions to encourage long-term growth and provide retentive value. In addition, our equity awards include forfeiture conditions, and we have various policies, such as our clawback policy, that are designed to discourage undue risk-taking or manipulation of financial reporting.

Compensation Decision Process and Compensation Policies

Compensation Committee Composition

Compensation decisions for our NEOs, other executive officers and certain key divisional executives are made by the Committee. During fiscal year 2014, the Committee was comprised of five independent directors: Blythe J. McGarvie, Deborah Norville, Charles E. Phillips, Jr., Frederic V. Salerno (Chair) and William Schwartz. The Committee has the sole

decision-making authority for the compensation of our NEOs and, under its Charter, may not delegate this authority in connection with any material element of NEO compensation. As discussed below, the Committee considers information and recommendations from several sources when making its compensation decisions.

Management's Role

The Committee interacts with management regarding our executive compensation initiatives and programs. For our senior executives other than Messrs. Redstone and Dauman, the proposed terms of new employment agreements and annual merit compensation reviews, if any, are initially discussed by Mr. Dauman and Scott Mills, our Executive Vice President, Human Resources and Administration (except with respect to his own agreement), with input from the executive to whom the NEO directly reports (if other than Mr. Dauman). The proposed terms of the agreements are presented to the Committee for consideration and approval. All of our NEOs have input into the compensation decisions for the executives and employees who report to them.

See Compensation Program Design Annual Performance-Based Cash Bonus Individual NEO Performance above for additional information regarding Mr. Dauman's role in recommending bonus amounts.

Messrs. Dauman, Dooley and Mills also participate in STIP and LTMIP design discussions, including forming recommendations with respect to performance targets, the results of which are presented to the Committee for consideration and determination. They may provide input to the Committee and/or the Board, as appropriate, from time to time on benefits, retirement programs and other matters related to our Human Resources function.

Independent Compensation Consultant

Since January 1, 2006, the Committee has retained the services of an independent compensation consultant with particular expertise in compensation matters for media and entertainment companies. Pay Governance, the Committee's independent compensation consultant, is engaged by, and reports directly to, the Committee. A representative of Pay Governance attends Committee meetings, reviews

compensation data with the Committee, and participates in general discussions regarding executive compensation issues. While the Committee considers input from Pay Governance, the Committee's decisions ultimately reflect many factors and considerations. See *Our Board of Directors Compensation Committee* for additional information.

The Entertainment Industry and Use of Peer Company Data

The Committee considers information about the practices of our media and entertainment industry peer companies and other comparable public companies, as well as evolving market practices, because it believes that reviewing this information is appropriate to ensure that it makes informed compensation decisions. The Committee does not benchmark the compensation of any executive over which it has oversight to any particular percentile, or range of percentiles, of peer company data. Rather, the Committee considers the compensation levels for similar executive positions at our peer companies as only one factor in its decision-making process. One reason for this is that the structure and organization of other companies, as well as the duties, responsibilities, tenure and talents of executives at other companies, often vary considerably. Specifically, Pay Governance advises the Committee based on an analysis of information about the other major, diversified media and entertainment industry companies, Comcast Corporation, The Walt Disney Company, Time Warner Inc., Twenty-First

Century Fox Inc. and CBS Corporation. The Committee may also consider advice provided by Pay Governance based on a broad industry peer group, which was comprised of the following companies in fiscal year 2014: Altria Group, Inc., AT&T Inc., Cablevision Systems Corporation, CBS Corporation, Cisco Systems, Inc., The Coca-Cola Company, Comcast Corporation, Dell, Inc., Gannett Co., Inc., General Electric Company, Hewlett-Packard Company, International Business Machines Corporation, PepsiCo, Inc., The Procter & Gamble Company, Twenty-First Century Fox Inc., Sprint Nextel Corporation, Time Warner Inc., Verizon Communications Inc., The Walt Disney Company and Yahoo! Inc. In addition, the Committee generally monitors compensation best practices and considers alternatives for compensation program design using their own experience and judgment, as well as by reference to the experience and practices of other large public companies and expert commentary. The Committee does not refer to any set group of companies for this purpose.

Clawback Policy: Adjustment to Bonuses/Equity Awards in the Event of a Restatement

Since 2006, the Committee has had a policy under which it reserves the right to require, at any time, any of our employees or former employees to return all or a portion of the bonus and/or equity compensation the employee receives if any of the performance goals or quantitative factors considered in determining the amount of the award are restated in a manner that would have affected the amount if known prior to the grant, or, with respect to bonus amounts, if

such restatement alters the Committee's assessment of the employee or former employee's individual performance in a manner that warrants reduction. The Committee may also require employees to return certain compensation as a result of their material breach of certain restrictive covenants under various agreements. Our incentive plans expressly reserve these powers to the Committee.

Change-in-Control

As further discussed in the section Potential Payments Upon Termination or Change-In-Control, we do not have any plans or arrangements that provide for payments or accelerated

vesting of incentives solely in connection with a change in control of Viacom. We do not provide excise tax gross-ups in the event of a change in control to any of our executives.

Pledges and Hedges of Viacom Stock

Our executive officers are prohibited from hedging or pledging any Viacom securities that they hold directly. (This prohibition does not apply to pledges of stock by National Amusements, Inc., of which Mr. Redstone is the controlling stockholder.) In

addition, all of our employees are prohibited from engaging in short sales of our stock and may not hedge or pledge equity compensation.

EXECUTIVE COMPENSATION

Wealth Accumulation

The Committee may consider past wealth accumulation as one of many factors in connection with its compensation decisions. The Committee is focused on ensuring that a large part of our NEOs' compensation packages is performance-based. The Committee believes that executives and employees should not be penalized in future years for strong

performance in prior years, and that all employees, regardless of individual financial situation, should have a compensation package that is competitive for their respective positions. Further, the Committee believes the company's ability to retain employees is diminished if pay is not at competitive levels.

Timing of Equity Grants

We protect against issues associated with timing of equity awards by granting them on an annual basis at regular Committee meetings generally scheduled more than a year in advance. Since 2006, the Committee has made our annual equity grants to senior executives and other employees at the meeting of the Committee that has taken place in May or June of each year, other than PSU grants made to Messrs. Dauman, Dooley and, prior to 2012, Redstone; PSU grants to these executives have been made on January 1 pursuant to the terms of their employment agreements. Stock option exercise prices and the sizes of the annual equity grants are determined based on the closing price of our Class B common stock on the date of grant.

For certain newly hired executives, and rarely upon entering into new or amended employment agreements with existing executives, the Committee may award off-cycle equity grants. In the case of stock options and RSUs, these grants are made 3 to 10 days after the later of Committee approval, the execution of the employment agreement by both parties or commencement of employment and have an exercise price or value, as applicable, based on the closing price of our Class B common stock on the date of grant. The Committee has delegated limited authority to Mr. Dauman to grant equity awards to employees other than specified executives (including our NEOs); the grant date of awards made pursuant to this delegation is at least three days after Mr. Dauman's approval.

Repricing of Stock Options

Our LTMP prohibits the repricing of stock options.

Executive Stock Ownership Requirements

Given the significant stock ownership of Messrs. Redstone, Dauman and Dooley, as well as the significant equity holdings (with multi-year vesting schedules) of our executive team, the Committee believes senior management is appropriately

incented to manage the business in line with stockholders' interests and has not established specified executive stock ownership requirements.

Fiscal Year 2015 STIP Design

Except for the adoption of new financial targets for the upcoming year, our fiscal year 2015 STIP design is substantially the same as it was in fiscal year 2014. The 2015 qualitative objectives include: (i) for corporate employees, furtherance and achievement of the company-wide strategic

initiatives, (ii) timely adherence to achievement of corporate goals, inclusion and talent development, compliance, and policy objectives and (iii) specific strategic goals for each of the divisions.

- (1) Reflects the aggregate grant date fair value of the equity awards granted in the respective year calculated in accordance with FASB ASC Topic 718 – Stock Compensation, not including assumed forfeitures. Annual stock awards reflect equity awards granted under our LTMIP as part of our annual equity program; One-time stock awards reflect equity awards granted under the LTMIP to the respective NEO in connection with their employment agreement renewals in 2010. See Compensation Discussion & Analysis for a detailed discussion of our equity program and the individual awards. Grant date fair value assumptions are consistent with those disclosed in the Equity-Based Compensation Note to our Consolidated Financial Statements in our Annual Reports on Form 10-K for fiscal years 2014, 2013 and 2012.
- (2) Reflects annual cash bonus amounts under the Senior Executive STIP for performance during the respective year.
- (3) Reflects the positive change in pension value only for Messrs. Dauman, Dooley, Fricklas and Davis for 2012 and 2014, but not the negative change in their pension value for 2013. For Mr. Redstone, reflects (i) the increase in the intrinsic value of his stock option equivalents (the SOEs) during each fiscal year, and (ii) the positive change in pension value for 2012 and 2014, but not the negative change in his pension value for 2013. Mr. Redstone obtained the SOEs when he converted the cash balance of his deferred salary compensation account to SOEs of equal value on September 27, 2006. We recognized expense of \$1,737,717 in fiscal year 2014, \$25,725,512 in fiscal year 2013, and \$9,700,210 in fiscal year 2012 related to the SOEs. All of Mr. Redstone’s SOEs were notionally exercised during fiscal year 2014 and his deferred compensation account was credited with the difference between the closing price of the Class B Common Stock on the date of notional exercise and the exercise price of the SOEs.
- (4) All Other Compensation includes the following amounts received in fiscal year 2014 by the NEOs:

Company	Additional Compensation			Perquisites			Total	
	Match in 401(k) Plan	Match Excess in 401(k) Plan	Profit Sharing Plan	Transition Credits in 401(k) Plan	Personal Use of Life Insurance (a)	Personal Use of Aircraft (b)		Personal Use of Car Service (c)

Philippe P. Dauman	\$ 13,000		\$ 3,825		\$ 8,466	\$ 457,564	\$ 17,458	\$ 500,313
Thomas E. Dooley	\$ 13,000		\$ 3,825	\$ 4,463	\$ 7,140	\$ 73,021	\$ 129	\$ 101,578
Michael D. Fricklas	\$ 13,000	\$ 8,400	\$ 3,825		\$ 5,813			\$ 31,038

(a) Represents the incremental cost of the life insurance policy we provide in accordance with the terms of each NEO’s respective employment agreement above the cost of life insurance that we provide to employees generally.

(b) The incremental cost of use of our aircraft is calculated by dividing the total variable costs (such as fuel, aircraft maintenance, catering, telecommunications, landing and navigation fees and flight crew expenses) by the total flight hours for such year and multiplying such amount by the individual’s total number of flight hours for non-business use for the year, including flights that were made to reposition the plane in connection with the personal travel from either our New York or Los Angeles locations. Incremental cost does not include certain fixed costs that we incur by virtue of owning the plane.

(c)

Represents incremental costs in connection with personal use of car service, including amounts attributable to commuting expenses. For security reasons, we provide Messrs. Redstone and Dauman with a shared car and driver in New York for use by them and other executives and provide Mr. Redstone with a car and driver in his hometown of Los Angeles. The amount shown above for Mr. Redstone reflects our half of the incremental cost of his personal use of the car and driver; CBS Corporation reimburses us for the other half.

An executive's spouse or other guests may accompany him on business travel, including travel on company aircraft, in company-paid car service, and sharing a hotel room. No amounts are included in the table above for such events since there is little or no incremental cost to us. Other items that may be considered perquisites and for which there is a de minimis or no incremental cost to us include meals provided by our corporate kitchen upon an executive's request (we do not have an executive dining room), access to the executive fitness room (non-staffed) and occasional receipt of tickets, DVDs and other merchandise related to our businesses.

The increases reflected the Compensation Committee's evaluation of Mr. Dauman's performance and other factors.

On January 15, 2015, we amended and restated Mr. Dauman's employment agreement, extending his employment term to December 31, 2018. On the same date, pursuant to that agreement, Mr. Dauman was awarded a one-time grant of 300,000 PRSUs that vest in three equal annual installments beginning with fiscal year 2016 and deliver, at the time of vesting, 75% to 125% of the shares underlying the PRSUs, depending on the achievement of company financial targets over specified periods.

Mr. Dooley was awarded a one-time grant of stock options to purchase 1.6 million shares of Class B common stock with an exercise price equal to the closing market price of the Class B common stock on the date of grant, which vested in four equal annual installments beginning on May 27, 2011. Mr. Dooley was also awarded a one-time grant of 800,000 PRSUs that vested in four equal annual installments beginning with fiscal year 2011 and delivered, at the time of vesting, 75% to 125% of the shares underlying the PRSUs, depending on the achievement of company financial targets over specified periods.

Threshold amount is equal to 25% of the target award, which is the minimum amount that could be paid if any bonus amount were earned. Performance below the 25% threshold earns a bonus amount of \$0.

- (3) For PSUs, the threshold amount is equal to 25% of the target award, which is the minimum amount that could be paid if the market condition for the PSU awards is met, and the maximum award is 300% of the target award. The target number of PSUs is determined by dividing the target value of the award by the average closing market price of our Class B common stock for a period of 10 trading days ending on the date of grant.*
- (4) The number of RSUs granted is determined by dividing the target value of the award by the closing market price of our Class B common stock on the date of grant. The number of stock options granted is determined using the Black-Scholes valuation method on the date of grant.*
- (5) Grant date fair value assumptions are consistent with those disclosed in the Equity-Based Compensation Note to our Consolidated Financial Statements in our Annual Report on Form 10-K for fiscal year 2014. For PSUs, the grant date fair value takes into consideration the performance and/or market conditions applicable to the grant, and makes certain assumptions about the performance of our stock and that of the companies in the reference group for PSUs over the measurement period. Factors such as market volatility and/or possibility of a payout above target can cause dramatic changes in the accounting expense for PSUs. Accordingly, the expense shown in this column may be significantly higher than the value of the awards determined in accordance with the respective NEO employment agreements.*
- (6) We believe it is relevant for investors' understanding of our NEOs' compensation to present the current value of the awards compared to the grant date fair value, which is the total accounting expense for the fiscal year 2014 awards that we will recognize over a period of years. This information is for illustrative purposes only to demonstrate the compensation the executive might realize from the awards if they were vested and settled, or for stock options, vested and exercised, using our Class B common stock price of \$76.94 as of September 30, 2014. The actual market value of the awards fluctuates daily with the price of our stock. In addition, our stock options and RSUs vest over a period of four years and our PSUs have measurement periods of three or more years; therefore, none of the equity awards in the above table have actually vested.*
- (7) Since PSUs have a multi-year measurement period, this table assumes that the target number of PSUs was received on September 30, 2014. The actual number of PSUs the executive will receive cannot be determined until the end of the measurement period when the market conditions applicable to the PSUs can be determined.*

Fiscal Year 2014 Pension Benefits

We provide pension benefits through the Viacom Pension Plan and the Viacom Excess Pension Plan. However, effective December 31, 2012, we froze the Viacom Pension Plan and, effective April 1, 2009, we terminated the accrual of benefits under the Viacom Excess Pension Plan. The table below presents certain information with respect to these plans.

⁽¹⁾ Present Value of Accumulated Benefit as of September 30, 2014 is determined assuming commencement of benefits at age 65 (or immediate commencement if over 65) with an interest adjustment during the deferral period from September 30, 2014 until age 65, but no pre-retirement mortality assumption. The present value reflects a discount rate of 4.5% and the RP-2000 Mortality Table projected with Scale BB for the Viacom Pension Plan and the Viacom Excess Pension Plan to determine the present value of the annuity payments at commencement. The Viacom Pension Plan payment form assumptions are that 70% of retirement eligible participants elect lump sums and 30% elect life annuities and that 75% of vested eligible participants elect lump sums and 25% elect life annuities. The Viacom Excess Pension Plan assumes the grandfathered benefit under Section 409A of the Code is

payable in the same form of payment as the benefit under the Viacom Pension Plan. The benefit accumulated after the implementation of Section 409A of the Code assumes a 100% single life annuity. The lump sums are determined using a 3.89% interest rate and the 2015+ IRS Applicable Mortality Table with projection using Scale AA to payment date under Section 417(e) of the Code.

- (2) Mr. Redstone has participated in the Viacom Pension Plan and the Viacom Excess Pension Plan since our separation from CBS Corporation. Prior to the separation, he participated in Former Viacom's corresponding plans (now the CBS Corporation pension plans). Mr. Redstone received credit for his years of service at Former Viacom for purposes of meeting the eligibility requirement, but not for calculating the benefit amount, for our pension plans. He began receiving required minimum distributions from the Viacom Pension Plan in April 2007 in the form of a 50% Joint and Survivor annuity.*
- (3) Mr. Dauman commenced participation in the Viacom Pension Plan and the Viacom Excess Pension Plan on October 1, 2007. In addition, Mr. Dauman has a vested pension benefit for 20 years of service under the CBS Corporation pension plans as a result of his previous service at Former Viacom. We have agreed in Mr. Dauman's employment agreement to pay him the greater of (a) the benefit he would have received under our pension plans if he had received credit for the same number of years he has credited under the CBS pension plans plus his current years of service under our plans, offset by the benefit he has accrued under the CBS pension plans payable at age 65 and (b) the actual benefit he would be entitled to under our pension plans.*
- (4) Mr. Dooley commenced participation in the Viacom Pension Plan and the Viacom Excess Pension Plan on October 1, 2007. In addition, Mr. Dooley has a vested pension benefit for 20 years of service under the CBS Corporation pension plans as a result of his previous service at Former Viacom. We have agreed in Mr. Dooley's employment agreement to pay him the greater of (a) the benefit he would have received under our pension plans if he had received credit for the same number of years he has credited under the CBS pension plans plus his current years of service under our plans, offset by the benefit he has accrued under the CBS pension plans payable at age 65 and (b) the actual benefit he would be entitled to under our pension plans.*
- (5) Mr. Davis commenced participation in the Viacom Pension Plan and the Viacom Excess Pension Plan on November 1, 2006.*

EXECUTIVE COMPENSATION

[The Viacom Pension Plan](#)

The Viacom Pension Plan was frozen as of December 31, 2012. It had been established for all eligible Viacom employees who satisfied age and service requirements, including the NEOs. The Pension Plan assumed from the Former Viacom pension plan (now the CBS Corporation pension plan) the liability for benefits accrued by Mr. Fricklas with respect to years of service at Former Viacom through the date of our separation from CBS Corporation, and assets allocable to those accrued benefits were also transferred to our Pension Plan based on applicable rules governing such transfers. The liabilities for Messrs. Redstone, Dauman and Dooley as a result of their years of service at Former Viacom remain under the CBS Corporation pension plans.

The Pension Plan offers optional forms of annuity payments that a participant may elect upon retirement. The single life annuity is the normal form of payment for a single participant

and the 50% joint and survivor annuity is the normal form of payment for a married participant. A reduction is applied to the single life annuity benefit if an optional form is elected. The 50% joint and survivor annuity and all optional forms of payment under the Pension Plan are the actuarial equivalent of the single life annuity benefit. The Pension Plan also offers a lump-sum distribution option and allows payment of benefits at any time following termination of employment regardless of age, with reduced benefits to reflect the participant's age if under 65. Under applicable tax rules, Mr. Redstone began receiving certain minimum required in-service distributions from the Pension Plan beginning in April 2007.

A participant's total benefit is equal to the sum of the benefits earned on or before December 31, 2009 plus the benefits earned on or after January 1, 2010, as follows:

Benefits Accumulated On or Before December 31, 2009

As of December 31, 2009, all benefits determined under the existing benefit formula were frozen. On or before December 31, 2009, an eligible employee's retirement benefit was calculated based upon the employee's years of benefit service (up to a maximum of 30 years), final average compensation and covered compensation amount, and using the plan formula in place, as of December 31, 2009. Final average compensation is eligible salary, commissions, overtime and eligible bonus for the highest 60 consecutive months out of the final 120 months of employment on the earlier of termination of employment or December 31, 2009. Covered compensation is the average of the Social Security Wage Bases during the 35-year period that ends with the year the employee reaches the Social Security Retirement age or December 31, 2009, if earlier. The pension plan formula as of December 31, 2009, which provides a monthly benefit

payable in the form of a single life annuity at a normal retirement age of 65, was as follows:

1.25% times final average compensation up to the covered compensation amount times benefit service (up to 30 years)

plus

1.75% times final average compensation above the covered compensation amount times benefit service (up to 30 years).

For purposes of this benefit formula, participants in the Pension Plan receive credit for years of service credited under the Former Viacom pension plan, except for Messrs. Redstone, Dauman and Dooley, whose benefits remained at Former Viacom.

Benefits Accumulated January 1, 2010 Through December 31, 2012

For the period January 1, 2010 through December 31, 2012, pension benefits accumulated under a benefit formula that provided a single-sum benefit payable at the normal retirement age of 65, equal to 10% of the participant's post-2009 accumulated compensation. Accumulated compensation is the total of the participant's eligible salary,

eligible bonus, commissions and overtime from January 1, 2010 through December 31, 2012, adjusted annually during employment by a wage inflation factor. The wage inflation factor is based on the annual increase in the Social Security Wage Base, with an annual cap of 4%.

Viacom Pension Plan Frozen on December 31, 2012

The Pension Plan was frozen effective December 31, 2012. Participants as of December 31, 2012 remained entitled to the benefits already earned and have not earned additional benefits since that date.

[The Viacom Excess Pension Plan](#)

We established the Viacom Excess Pension Plan to provide benefits to participants in the Pension Plan whose annual base salary exceeds the IRS's annual compensation limit. Effective April 1, 2009, we discontinued further accruals under the Excess Pension Plan.

We have assumed the liability for amounts credited for Mr. Fricklas under the Former Viacom excess pension plan through the date of the separation. The liability for Messrs. Redstone, Dauman and Dooley remains a liability of Former Viacom.

Benefits under the Excess Pension Plan are calculated using the Pension Plan formula and eligible compensation in excess of the annual compensation limit. The overall accrued benefit for each participant was calculated as of March 31, 2009, the date we ceased accruals under the plan. The maximum amount of total compensation earned on or before March 31, 2009 that was taken into account under the Pension Plan and the Excess Pension Plan was generally limited to \$750,000. In the case of Mr. Redstone, the maximum amount was limited

to \$375,000. Participants will receive the portion of their pension benefits accrued and vested under the Excess Pension Plan prior to January 1, 2005 coincident with and in the same form as their benefit from the Pension Plan. Payment of the portion of their benefit accrued and vested after December 31, 2004 will begin generally as of the later of the first day of the month coincident with or next following six months after termination of employment or the first day of the month coincident with or next following their attainment of age 55 and will be paid in the form of an annuity.

We generally do not grant employees extra years of benefit service under the Pension Plan or the Excess Pension Plan for purposes of calculating a pension benefit. However, we have on rare occasions, in connection with the negotiation of an executive employment agreement, agreed to terms that effectively grant credit for additional years of service. See footnotes (3) and (4) to the [Fiscal Year 2014 Pension Benefits](#) table for a discussion of the contractual additional benefit we agreed to provide to Messrs. Dauman and Dooley in light of their years of service at Former Viacom.

Fiscal Year 2014 Nonqualified Deferred Compensation

In addition to our tax-qualified 401(k) Plan, we maintain certain nonqualified deferred compensation plans. The Viacom Excess 401(k) Plans and the Viacom Bonus Deferral Plans are available to certain employees whose income exceeds certain statutory limits for the 401(k) Plan. We also previously had a program for any deferrals of base salary required under employment agreements.

In fiscal year 2014, except for Messrs. Fricklas and Davis contributions to the Excess 401(k) Plan, none of our NEOs participated in these plans. Messrs. Dauman and Redstone previously contributed to the Excess 401(k) Plan, Messrs. Redstone and Fricklas previously deferred a portion of their base salary under their employment agreements, and Mr. Fricklas previously deferred bonus amounts under the Bonus Deferral Plan. The table below presents, on an aggregate basis, contributions to these plans in fiscal year 2014, earnings in fiscal year 2014, and the balances in the plans as of September 30, 2014.

(1) Amounts represent contributions under our Excess 401(k) Plan for Designated Senior Executives. These amounts are included in Mr. Fricklas and Mr. Davis salary in the Fiscal Year 2014 Summary Compensation Table.

(2) Amounts represent company match under the Excess 401(k) Plan for Designated Senior Executives. These amounts are included in Mr. Fricklas and Mr. Davis All Other Compensation in the Fiscal Year 2014 Summary Compensation Table.

- (3) *Except as otherwise noted, amounts deferred under our Deferral Plans are deemed invested in the same investment alternatives that the NEO has elected for his tax-qualified 401(k) plan or, if no election has been made, in the 401(k) plan's default investment option. Amounts are net of deductions for annual fees. Since these amounts are not preferential, they are not included in the Fiscal Year 2014 Summary Compensation Table.*
- (4) *On September 27, 2006, Mr. Redstone converted the \$9,439,918 balance of his deferred salary compensation account to SOEs of equal value that had an exercise price of \$37.55 (which was the closing price of our Class B common stock on that date) and an eight-year term, and vested in equal annual installments over four years. In accordance with his employment agreement, Mr. Redstone continued to defer his base salary through December 31, 2006. This amount reflects the net earnings in fiscal year 2014 on amounts previously deferred under this account of \$1,394,810. All of Mr. Redstone's SOEs were notionally exercised during fiscal year 2014 and his deferred compensation account was credited with the difference between the closing price of the Class B Common Stock on the date of notional exercise and the exercise price of the SOEs.*

The Viacom Excess 401(k) Plans

We have established Excess 401(k) Plans to provide benefits to employees who are participants in the tax-qualified 401(k) Plan and whose annual base salary exceeds the annual compensation limit set forth in the Code. For calendar year 2014, the compensation limit for the tax-qualified 401(k) Plan was \$260,000. We maintain an account in the name of each participant and that account is credited with the amount of the participant's deferral. A participant may elect to defer between 1% and 15% of eligible compensation on a before-tax basis. Eligible compensation for Excess 401(k) Plan participants is, in general, a participant's base pay including all pre-tax elective contributions made on behalf of a participant either to a company-qualified cash or deferred arrangement (as defined under Section 401(k) of the Code and applicable regulations), a cafeteria plan (as defined under Section 125 of the Code and applicable regulations), or a qualified transportation

fringe (as defined under Section 132(f) of the Code and the applicable regulations). Eligible compensation does not include deferred compensation or cash bonuses under our STIP. Deferrals to the Excess 401(k) Plans begin once Code limits have been reached in the tax-qualified 401(k) Plan.

In fiscal year 2014, we matched 100% of the first 1% and 50% of the next 5% of eligible compensation contributed by a participant on a pre-tax basis. Matching contributions credited under the Excess 401(k) Plans in the aggregate for any participant were subject to an eligible compensation limit of \$500,000. Participants become fully vested in the matching contribution after two years of service. Participant accounts under the Excess 401(k) Plans are credited (or charged) with earnings, gains or losses based on the investment performance of the funds selected by the participant for amounts contributed to the qualified 401(k) Plan. For

purposes of vesting, participants receive credit for years of service credited under the Former Viacom 401(k) plan. We have assumed the total liability for amounts credited under the Former Viacom excess 401(k) plans through the date of our

separation from CBS Corporation for our NEOs who participated in the Former Viacom excess 401(k) plans, except for Mr. Redstone, for whom we assumed 50% of the liability.

The Bonus Deferral Plans

Our Bonus Deferral Plans are voluntary unfunded nonqualified deferred compensation plans for the benefit of senior executives who are designated as eligible to participate in the Excess 401(k) Plans (whose annual base salary exceeds the annual compensation limit applicable to the tax-qualified 401(k) Plan). A participant can elect before the end of each fiscal year to defer a portion (from 1% to 15%) of his or her annual bonus amount earned during the next succeeding fiscal year. We maintain an account in the name of each participant and that account is credited with the amount of the

participant's bonus deferral. Participant accounts under the Bonus Deferral Plans are credited (or charged) with earnings, gains or losses based on the investment performance of the funds selected by the participant for amounts contributed to the tax-qualified 401(k) Plan. We do not make matching contributions in the Bonus Deferral Plans. We have assumed the liability for amounts credited under the Former Viacom bonus deferral plans through the date of the separation for our NEOs who participated in the Former Viacom bonus deferral plan.

Distributions and Withdrawals under the Excess 401(k) Plans and Bonus Deferral Plans

The vested portion of each participant's accounts in the Excess 401(k) Plans and the Bonus Deferral Plans is distributed in cash after termination of employment in accordance with the participant's payment election. Participants are required to make a joint payment election for all amounts deferred under the plans.

For amounts earned, deferred and vested prior to January 1, 2005, participants elected to have these amounts paid in a single lump sum in January of the first, second, third, fourth or fifth year following termination of employment, or in up to five annual installments in amounts designated by the participants beginning in the January following the year of termination. If no election is made, a participant is deemed to have elected a lump sum payment in January of the year following termination of employment. If a participant elects to receive annual installment payments over a period of two or more years, the annual payments will be made in substantially equal annual installments, unless the participant

designates at the time of making his or her payment option election a specific percentage of his or her account to be distributed in each year. All specified percentages must be a whole multiple of

10%, and the total of all designated percentages must be equal to 100%. For all amounts earned, deferred and vested prior to January 1, 2005, participants can change their payment elections up to three times during their term of employment. Payments of pre-2005 amounts will be made in accordance with the most recent payment election made more than six months before termination of employment.

For amounts earned, deferred or vested after December 31, 2004, the payment options are the same as those set forth above, except that a participant will not be able to receive any payment from post-2004 accounts until the later of the January 31 following his or her termination of employment or six months following termination of employment. No changes can be made to the joint payment election made for post-2004 deferrals.

A participant who suffers an unforeseeable emergency as defined in Section 409A of the Code may receive a withdrawal of all or part of the vested portion of his or her accounts in the Excess 401(k) Plans and/or the Bonus Deferral Plans to the extent permitted under Section 409A of the Code.

The Deferred Compensation Plan

This plan was established for employees who have a deferred compensation arrangement in their employment contract. The amounts deferred are dictated by the specific employment contract. Participant accounts under the deferred compensation plan are credited (or charged) with earnings, gains or losses based on the investment performance of the funds selected by the participant for amounts contributed to the qualified 401(k) Plan, except that, as discussed in footnote (4) to the Fiscal Year 2014 Nonqualified Deferred Compensation table, Mr. Redstone's account was indexed to stock option equivalents effective September 27, 2006 through the dates during the fiscal year 2014 on which

Mr. Redstone notionally exercised the SOEs. We do not make matching contributions in the deferred compensation plan. Payment of amounts accrued under the deferred compensation plan are made in accordance with the participant's employment agreement, which generally provides that the amounts be paid after the participant ceases to be an employee in a timeframe designed to comply with the requirements of Section 409A of the Code unless a grandfather provision applies. We have assumed the liability for amounts credited under the Former Viacom deferred compensation plan through the date of the separation for our NEOs who participated in the plan.

Potential Payments Upon Termination or Change-In-Control

Overview

Our employment agreements and certain of our plans require us to provide compensation and other benefits to our NEOs if their employment terminates under certain circumstances. Specifically:

we generally limit cash severance to 2x or 3x annual base salary and bonus amount;
we do not have any single trigger plans or other arrangements that provide for benefits, payments or accelerated vesting of equity awards solely upon a change-in-control; and

our employment agreements specify that we may terminate the executive with or without cause and define certain events that may permit the executive to resign for good reason.

The following table summarizes our general approach to contractual severance upon the occurrence of various events. Individual NEO employment agreements may contain variations to the general approach. See **Specific Employment Agreement Provisions** below for additional detail.

Potential Payments Upon Termination Without Cause or Resignation for Good Reason

The following table sets forth cash amounts (other than accrued amounts) that an NEO would have received from the company if a termination without cause or resignation for good reason occurred effective September 30, 2014. Any actual amounts these executives may receive would vary depending on any actual date of termination or resignation.

(1) Cash severance capped under employment agreement at, in the case of Messrs. Dauman and Dooley, three times, and in the case of Messrs. Fricklas and Davis, two times, base salary and bonus amount. (3) Assumes an interest rate of 6.87%.

The following table sets forth the market value of outstanding equity awards that would have accelerated in connection with a termination without cause or resignation for good reason effective September 30, 2014, assuming the Class B shares underlying the awards were sold on September 30, 2014. The table assumes that September 30, 2014 was the last day of the measurement period for all PSUs, and values RSUs as of that date. The closing price of our Class B common stock on September 30, 2014 was \$76.94.

(1) Mr. Redstone's employment agreement does not include a concept of good reason. The amount indicated reflects termination of his employment without cause as defined in the LTMIP.

Other Important Employment Agreement Provisions as of September 30, 2014

Definition of Cause

Mr. Redstone's employment agreement does not contain a definition of "cause." The standard applicable to him with respect to his outstanding equity grants would be the definition of "cause" contained in the LTMIP. This definition is generally consistent with the definition in the employment agreements for Messrs. Fricklas and Davis, except that the LTMIP definition does not include a notice requirement or a cure period.

Under the terms of the employment agreements for Messrs. Dauman and Dooley, we generally would have "cause" to terminate employment in any of the following circumstances: (i) engaging in intentional acts of material fraud against Viacom; (ii) engaging in willful malfeasance that has a material adverse effect on Viacom; (iii) substantial and continual refusal to perform his duties, responsibilities or obligations as our President and CEO or Senior Executive Vice President and Chief Operating Officer, respectively; (iv) conviction of a felony

or entering a plea of *nolo contendere* to a felony charge; (v) willful violation of any Viacom policy generally applicable to employees or officers, including policies concerning insider trading or sexual harassment, or our code of conduct, where he knew or should have known that the violation could reasonably be expected to result in a material adverse effect on Viacom; (vi) making of certain unauthorized disclosures of trade secrets or other confidential information; (vii) willful failure to cooperate with an internal investigation or with a regulatory or law enforcement investigation of Viacom after being instructed by the Board to cooperate; (viii) willful destruction or intentional failure to preserve documents or other material known by him to be relevant to an investigation; or (ix) willful inducement of others to fail to cooperate in any investigation. We are required to notify Messrs. Dauman and Dooley within 30 days after any event that constitutes "cause" comes to the attention of one of our executive officers, and in general, they have 30 days after receiving notice to cure the event.

Table of Contents

EXECUTIVE COMPENSATION

Under the employment agreements of each of Mr. Fricklas and Mr. Davis, we generally would have cause to terminate employment in any of the following circumstances: (i) engaging in embezzlement, fraud or other conduct that would constitute a felony; (ii) engaging in conduct that would constitute a financial crime, material act of dishonesty or material unethical business conduct, involving Viacom, (iii) engaging in the willful unauthorized disclosure of confidential information; (iv) failure to obey a material lawful directive that was appropriate to his position from an executive or executives in his reporting line; (v) committing a material breach of his employment agreement; (vi) failure (except in the event of disability) or refusal to substantially perform material

obligations under his employment agreement; (vii) willful failure to cooperate with a bona fide internal investigation or investigation by regulatory or law enforcement authorities, after being instructed by Viacom to cooperate; (viii) willful destruction or failure to preserve documents or other material known to be relevant to such an investigation; or (ix) willful inducement of others to engage in the conduct described in subparagraphs (i) through (viii) above or to otherwise breach their obligations to Viacom. We are required to notify the executive after any event that constitutes cause before terminating his employment, and in general he has 10 business days after receiving notice to cure the event.

Resignation for Good Reason

Mr. Redstone's employment agreement does not include a provision on resignation for good reason.

Our employment agreements for Messrs. Dauman and Dooley each include a provision permitting the executive to terminate employment for good reason, including in the following comparable circumstances: (i) if we assign duties inconsistent with his current positions, duties or responsibilities or if we change the parties to whom he reports; (ii) if we remove him from, or fail to re-elect him to, his position; (iii) if he is removed from, or not re-elected to, the Board of Directors; (iv) if we reduce his salary, target annual bonus or other compensation levels; (v) if we require him to be based anywhere other than the New York metropolitan area; or (vi) if we breach any of our obligations under the employment agreement. Messrs. Dauman and Dooley generally are required to notify us within

30 days after becoming aware of the occurrence of any event that constitutes good reason, and in general we have 30 days to cure the event.

Each of Messrs. Fricklas and Davis generally would have good reason to terminate his employment in any of the following circumstances: (i) if we assign him duties inconsistent with his current position or duties; (ii) if we withdraw material portions of his duties; (iii) if we materially breach our material obligations under his employment agreement; or (iv) with respect to Mr. Fricklas, if his position is relocated outside the New York City metropolitan area. The executives generally are required to notify us within 30 days after the occurrence of any event that constitutes good reason, and in general we have 30 business days to cure the event.

Restrictive Covenants

Our executive employment agreements contain several important restrictive covenants with which an executive must comply following termination of employment. For example, the entitlement of our NEOs to payment of any unpaid portion of the severance amount indicated in the table as owing following a termination without cause or resignation for good reason is conditioned on the executive's compliance with covenants not to engage in any business that competes with Viacom and not to solicit certain of our employees. In some cases, Viacom may offset continuing compensation.

The employment agreements for each of the NEOs other than Mr. Redstone also contain covenants regarding cooperation in litigation proceedings and non-disparagement, covenants regarding non-disclosure of confidential information and recognition of Viacom's ownership of works of authorship resulting from their services (both of unlimited duration) and covenants concerning the executive's ability to prepare or assist in the preparation of certain creative works.

Disability Benefits

In the event an NEO becomes disabled during the term of employment, the NEO may participate in our short-term disability program for up to 26 weeks, and may then participate in our long-term disability program. In addition to any accrued benefits and target annual bonus payable, Messrs. Dauman and Dooley would receive their full salary while participating in our short-term disability program (which we self-insure and would therefore pay), and then payments would be made by our long-term disability insurer up to a

maximum amount per month until age 65. In addition to any accrued benefits and target annual bonus payable, Messrs. Redstone, Fricklas and Davis would participate in our short-term disability program on the same basis as any other employee, earning 100% of salary for the first 13 weeks of participation in the short-term disability program and 80% of salary for the second 13 weeks. Messrs. Fricklas and Davis would receive payments from our long-term disability insurer up to a maximum amount per month, until age 65.

EXECUTIVE COMPENSATION

[Compliance with Section 409A](#)

Our NEOs are specified employees for purposes of Section 409A of the Code. As a result, without triggering adverse consequences, we cannot make payments of deferred compensation within the meaning of Section 409A to them within six months of termination of employment, subject to certain exceptions. We have agreed to delay the

payment of any amounts required to be delayed for six months until we are permitted to make payment without triggering adverse consequences under Section 409A, and, in the case of Messrs. Dauman and Dooley, to pay interest on the amounts as to which payment was delayed at our highest borrowing rate in effect on the termination date.

ITEM 2 APPROVAL OF THE VIACOM INC. 2016 LONG-TERM MANAGEMENT INCENTIVE PLAN

ITEM 2 APPROVAL OF THE VIACOM INC. 2016 LONG-TERM MANAGEMENT INCENTIVE PLAN

The Company is asking its stockholders to approve the 2016 Long-Term Management Incentive Plan, which we refer to in this section as the LTMIP, the Plan or the 2016 Plan, which will replace the 2006 Long-Term Management Incentive Plan, as amended from time to time (the 2006 Plan), which is the only program under which we grant equity awards to management employees. These awards are designed to motivate management to focus on long-term growth and the performance of our stock price, and help us retain key employees through multi-year vesting schedules. The 2006 Plan terminates on December 31, 2015. If the 2016 Plan is approved by stockholders, the plan will be effective January 1, 2016 through December 31, 2020. Any equity awards granted by the Company through December 31, 2015 will continue to be made under the 2006 Plan until it is terminated.

The following description of the 2016 LTMIP should be read in conjunction with, and is qualified in its entirety by reference to, the full text of the Plan, a copy of which we have attached to this proxy statement as [Exhibit A](#).

Purpose of the LTMIP

As discussed in Executive Compensation Compensation Discussion and Analysis, long-term equity compensation plays an important part of our pay-for-performance philosophy. Equity awards under the LTMIP benefit our stockholders by providing a means to attract, retain and reward key employees upon whom the long-term financial success of the company largely depends. The LTMIP is an omnibus equity compensation plan under which we can make awards of stock options, stock appreciation rights, restricted and unrestricted shares of our Class B common stock, restricted share units (RSUs), phantom shares, dividend equivalents, performance awards and other equity-related awards and cash payments. We describe these awards in more detail below.

The Board has approved, and recommends that our stockholders approve, the 2016 LTMIP.

Highlights of the LTMIP

No evergreen provision. The LTMIP does not contain an evergreen or similar provision. Instead, the LTMIP fixes the number of shares available for future grants and does not provide for any increase based on increases in the number of outstanding shares of common stock.

Sole vehicle for employee equity awards. The LTMIP is the only plan under which equity-based compensation currently may be awarded to our executives and other employees.

Fixed award dates. Annual equity awards under the LTMIP are generally approved at regular meetings of the Compensation Committee that generally are scheduled more than a year in advance.

No repricing of stock options or SARs. The LTMIP prohibits the repricing of stock options and SARs.

No discounted stock options or SARs. All stock options and SARs must have an exercise price equal to or greater than the fair market value of the underlying Class B Common Stock on the date of grant.

No single trigger change in control vesting. No awards under the LTMIP vest solely upon a change in control. Moreover, the consequences of a participant's termination of employment following a change in control are no different than the consequences of a termination occurring before a change in control.

Awards subject to clawback. Equity awards are subject to our clawback policy in the event of a financial restatement, as described in Executive Compensation Compensation Discussion and Analysis.

No parachute tax gross-up. We do not provide an excise tax gross-up in the event of a change in control to any of our executives or other employees.

Eligibility

We may make LTMIP awards to any employee of Viacom or any of its subsidiaries. Approximately 1,460 employees of Viacom and its subsidiaries, including officers, are currently eligible to receive awards under the LTMIP. The LTMIP, however, does not create any entitlement on the part of any officer or other employee to receive awards, and the Compensation Committee in its discretion selects which employees receive awards from time to time.

Administration

The Compensation Committee administers the LTMIP. Subject to certain limitations, the Compensation Committee may delegate its authority under the plan to one or more of its members or one or more officers of Viacom. The Compensation Committee selects the employees who receive awards and determines the type of award to be granted, the number of shares subject to awards or the cash amount

payable in connection with an award and the terms and conditions of these awards in accordance with the terms of the LTMIP. The Compensation Committee has full authority to interpret the LTMIP and to establish rules for its administration.

Limit on shares available under the LTMIP; Sub-limits

The maximum number of shares of our Class B common stock available for issuance under the LTMIP is 30 million. As of December 31, 2014, approximately 24 million shares remained available for future awards under the 2016 LTMIP. Shares of our Class B common stock delivered under the LTMIP may be authorized but unissued shares, treasury shares or, subject to conditions that the Compensation Committee may determine, shares beneficially owned by one or more stockholders of Viacom. Shares of Class B common stock are the only shares authorized for delivery pursuant to awards under the LTMIP.

When the Compensation Committee grants an award, the number of shares in respect of which the award is granted is counted against the plan limit. Any shares that are:

tendered or withheld to pay the exercise price of an award or to satisfy any tax or other withholding obligations with respect to an award,

subject to an award (or portion of an award) that expires or is canceled, forfeited or terminated without having been exercised or paid, or

subject to an award (or portion of an award) that is settled in consideration other than shares of Class B common stock, including cash
are added back to the plan limit and are available for future awards.

Shares underlying awards granted in substitution for awards previously granted by an entity that Viacom acquires, or with which Viacom merges or otherwise combines, or from which Viacom is spun-off or otherwise separated, are not counted against the plan limit.

In addition to the overall limit on shares, the LTMIP contains several sub-limits :

A maximum of 25 million shares of our Class B common stock may be delivered pursuant to restricted shares and certain other full value awards during each 5-year term of the Plan. Of this number, Viacom may not issue more than 50,000 shares as unrestricted Class B common stock.

The maximum aggregate number of shares that we may issue in conjunction with awards of incentive stock options is 5 million.

The maximum aggregate number of shares that we may grant to any single participant during each five-year term of the Plan pursuant to stock option, stock appreciation rights or phantom share awards that are not subject to performance goals is 7.5 million.

For awards other than stock option, stock appreciation rights or phantom share awards that are intended to satisfy the Section 162(m) exception for qualified performance-based compensation, the maximum amount that may be granted to any participant during any performance period is \$50 million for awards denominated in cash and 1,000,000 shares of our Class B common stock for awards denominated in shares. Under certain circumstances, the unused portion of the maximum dollar or share amount may be carried forward to the next performance period for which a participant is granted awards intended to satisfy the Section 162(m) exception.

The same add back rules that apply to the overall plan limit generally apply to the sub-limits. Both the overall plan limit and the sub-limits described above are subject to adjustment in the event of certain significant transactions, as described under the caption *Adjustments* below.

The closing price of our Class B common stock on January 20, 2015 was \$66.36.

Term of the LTMIP

Unless earlier terminated by action of the Board of Directors, the LTMIP will terminate on December 31, 2020. No additional grants may be made under the LTMIP after that date.

Awards Generally

Stock Options

Stock options give the holder the right to purchase shares of Class B Common Stock at a specified price during specified time periods. Stock options can be either incentive stock options within the meaning of Section 422 of the Internal Revenue Code or nonqualified stock options that do not qualify as incentive stock options for U.S. federal income tax purposes. To date, we have awarded only nonqualified stock options.

Subject to certain limits described below, the Compensation Committee determines the number and kind of stock options granted, the exercise price of the stock options, the applicable vesting schedule, the period during which they can be exercised and any applicable performance goal requirements. The Compensation Committee may, in its discretion, accelerate the vesting date of any stock option.

No stock option granted under the LTMIP may have a per share exercise price of less than 100% of the fair market value of a share of our Class B common stock on the date of grant. (This limitation does not apply to stock options granted in substitution for outstanding awards previously granted by an

Table of Contents

ITEM 2 APPROVAL OF THE VIACOM INC. 2016 LONG-TERM MANAGEMENT INCENTIVE PLAN

entity acquired by Viacom to the extent that the substitute award preserves the intrinsic value of the predecessor award).

The LTMIP establishes a maximum term of ten years for stock options, so that, unless the Compensation Committee determines otherwise, no stock option can be exercised more than ten years after the date of grant. The Compensation Committee's current practice is to fix a maximum term of eight years for stock options.

The LTMIP sets forth general rules concerning the effects of a termination of employment on a participant's stock options, including the period, if any, following termination of employment during which vested stock options may be exercised. The Compensation Committee has authority to alter these default rules for any participant or group of participants.

Repricing Prohibited

The Compensation Committee may not reprice any stock option, directly or indirectly. This means that the Compensation Committee may not amend a stock option to reduce its exercise price. In addition, canceling an underwater stock option (that is, a stock option whose exercise price exceeds the fair market value of a share of Class B common stock) in exchange for a new stock option, restricted share or other equity award would be considered an indirect repricing and similarly is prohibited.

Stock Appreciation Rights

Stock appreciation rights give the holder the right to receive the excess, if any, of the fair market value of a specified number of shares of Class B Common Stock on the date of exercise, over the exercise price of the stock appreciation right. The Compensation Committee may grant stock appreciation rights alone or in tandem with other awards. No stock appreciation right awarded under the LTMIP may have a per share exercise price of less than 100% of the fair market value of a share of our Class B common stock on the date of grant unless it is awarded in substitution for outstanding awards previously granted by an entity that Viacom acquires (subject to the same limitations that apply to stock options). Stock appreciation rights granted alone or in tandem with awards other than stock options will be subject to the terms and conditions established by the Compensation Committee as set forth in the applicable award agreement.

Stock appreciation rights granted in tandem with a stock option entitle the holder to surrender the related stock option in lieu of exercising it and to receive an amount equal to the excess of the fair market value of a share of our Class B common stock over the aggregate exercise price of the stock option. We will pay this amount in cash or in shares of our Class B common stock or other Viacom securities. A

participant may not exercise a stock appreciation right granted in tandem with a stock option unless the related stock option is then exercisable.

Restricted Shares and RSUs

The Compensation Committee may grant restricted shares and RSUs under the LTMIP. A restricted share is a share of our Class B common stock granted to a participant subject to restrictions the Compensation Committee determines.

An RSU is a contractual right to receive, in the discretion of the Compensation Committee, a share of our Class B common stock (or other Viacom securities designated by the Compensation Committee) or a cash payment equal to the fair market value of a share of our Class B common stock, subject to terms and conditions as determined by the Compensation Committee.

Restricted shares and RSUs will be subject to a vesting schedule, and may also include performance goal requirements. Unless the Compensation Committee determines otherwise, restricted shares or RSUs whose vesting is contingent solely on the continued employment of the participant may not fully vest in less than four years from the date of grant. A participant generally has the same rights with respect to his or her restricted shares as a holder of shares of our Class B common stock except that the participant cannot sell, pledge or otherwise dispose of the shares until they have vested.

Upon termination of employment with Viacom and its subsidiaries for any reason, a participant will forfeit unvested restricted shares and RSUs unless otherwise provided in the participant's employment agreement or the Compensation Committee determines otherwise. The Compensation Committee may in its discretion accelerate the dates on which restricted shares and RSUs vest.

Phantom Shares

Phantom shares are contractual rights to receive the appreciation value of a specified number of shares of Class B common stock. The appreciation value is determined by reference to the fair market value of a share of our Class B common stock on the date of grant and is calculated as of valuation dates specified for the award; the Compensation Committee, moreover, may establish a limit on the maximum amount payable in respect of any phantom share award. The Compensation Committee determines the valuation dates (not later than the eighth anniversary of the date of grant), the vesting schedule and any limit on the maximum amount of appreciation value payable for the phantom shares. The appreciation value of a phantom share will be paid to a participant in cash or, in the discretion of the Compensation Committee, in shares of our Class B common stock (or other Viacom securities).

ITEM 2 APPROVAL OF THE VIACOM INC. 2016 LONG-TERM MANAGEMENT INCENTIVE PLAN

Performance Awards

The Compensation Committee may grant performance awards in the form of either performance shares or performance share units. The Compensation Committee sets the terms and conditions of the performance awards and may condition the granting, vesting and/or exercisability of performance awards on the achievement of performance goals during the applicable performance period. Performance shares are payable in shares of our Class B common stock and performance share units are payable in cash or, in the discretion of the Compensation Committee, in shares of our Class B common stock (or other Viacom securities).

Performance Goals

The Compensation Committee may condition the grant, vesting and/or exercisability of any award upon the attainment of performance targets related to one or more performance goals over a specified performance period. The Compensation Committee may reduce any award below the maximum amount that could be paid based on the degree to which the performance targets related to the award were attained. However, the Compensation Committee may not increase any award that is intended to satisfy the exception for qualified performance-based compensation set forth in Section 162(m) above the maximum amount that could be paid based on the attainment of the applicable performance targets.

Any awards that are intended to satisfy the Section 162(m) exception for qualified performance-based compensation will be subject to the achievement of financial goals based on one or more of the following financial metrics chosen by the Compensation Committee:

OIBDA (operating income before depreciation and amortization);

OIBDA without intercompany eliminations;

operating income;

free cash flow;

net earnings;

net earnings from continuing operations;

earnings per share;

revenue;

net revenue;

operating revenue;

total shareholder return;

share price;

return on equity;

return in excess of cost of capital;
profit in excess of cost of capital;

return on assets;

return on invested capital;

net operating profit after tax;

operating margin;

profit margin;

or any combination thereof. For any awards that are not intended to satisfy the Section 162(m) exception for qualified performance-based compensation, the Compensation Committee may establish performance targets based on other performance goals.

The Compensation Committee may base performance targets on objectives related to individual performance, company performance, or the performance of a subsidiary, division, department, region, function or business unit. The performance targets may be determined on an absolute or cumulative basis or on a percentage of improvement over time. In addition, a performance target may be measured in terms of company performance (or of the performance of a subsidiary, division, department, region, function or business unit) considered independently, or measured relative to selected peer companies or a market index.

If, during a performance period, a significant corporate transaction or other extraordinary event occurs that has the effect, as determined by the Compensation Committee, of distorting the applicable performance criteria (including, without limitation, changes in accounting standards), the Compensation Committee shall adjust or modify the

calculation of the performance goals to the extent necessary to prevent reduction or enlargement of the participants awards for the applicable performance period.

Dividend Equivalents and Other Awards

The Compensation Committee may allow any recipient of an award under the LTMIP to receive, currently or on a deferred basis, interest, dividends or dividend equivalent payments with respect to the number of shares of our Class B common stock covered by the award. The Compensation Committee may also provide for the amount of such interest, dividend or dividend equivalent to be reinvested and/or subject to the same terms and conditions (including vesting and forfeiture provisions) as the related award.

The Compensation Committee may grant other equity-related awards or cash payments, based on one or more criteria it determines, that are consistent with the purpose of the LTMIP and the interests of our company. The Compensation Committee may also establish procedures for the deferral of payment of awards.

Adjustments

In the event of certain corporate transactions, which include a merger, consolidation, stock split, reverse stock-split, dividend, distribution, combination, reclassification, reorganization, split up, spin-off or recapitalization that changes the character or amount of our Class B common stock or other changes in the corporate structure, equity securities or capital structure of Viacom, the Compensation Committee will make any adjustments it deems appropriate related to (i) the number and kind of securities subject to any outstanding award, (ii) the exercise price or purchase price, if any, of any outstanding award or the initial value of any outstanding phantom shares, (iii) the maximum number or kind of securities that may be granted under the LTMIP or under the applicable plan sub-limits or (iv) the aggregate number or kind of securities that may be granted to any participant. These adjustments will not be considered a repricing under the LTMIP.

Transfer and Rights Restrictions

Participants may not transfer their rights with respect to any award granted under the LTMIP other than by will, the laws of descent and distribution or beneficiary designation. The Compensation Committee may, however, permit other transferability, subject to any conditions and limitations that it imposes. During a participant's lifetime, the participant's rights with respect to any award may be exercised only by the participant or his or her permitted transferee. No award will be construed as giving any employee a right to receive future awards or to continued employment with Viacom.

Amendment and Termination of the Plan

The Viacom Board of Directors may at any time amend, suspend or terminate the LTMIP, in whole or in part. No amendment will be effective without stockholder approval if stockholder approval is required by law or under the rules of NASDAQ. No amendment or termination may materially adversely alter or affect the terms of any then-outstanding awards without the consent of the affected participant, unless the amendment or termination is necessary or desirable to comply with, or to take into account changes in, applicable law or to ensure that a participant is not required to recognize income for federal tax purposes in respect of an award prior to its payment or subject to interest or additional tax under Section 409A of the Internal Revenue Code.

Repayment (Clawback)

The Compensation Committee may include a provision in any award that would require a participant to return gains realized on the award if the participant materially breaches specified obligations under one or more agreements with Viacom during the participant's employment or during the one-year period after the termination of the participant's employment, or if any

financial or other performance criteria on the basis of which the award was granted are restated or adjusted. In addition, the Compensation Committee may require a participant to return all or a portion of any payment made in respect of any performance award if the performance goals used to determine the grant, vesting and/or exercisability of the award are subsequently restated or otherwise adjusted in a manner that would reduce the size of the performance award or any payment thereunder.

New Plan Benefits

We cannot currently determine the benefits or number of shares subject to awards under the LTMIP that the Compensation Committee may grant in the future to our executives and employees, as these awards are either subject to the sole discretion of the Compensation Committee or contemplated as a target value amount in employment agreements with certain of our executives and employees, in which case, the equivalent number of shares will depend on the fair market value of our Class B common stock at various future dates.

U.S. Federal Income Tax Consequences

The following discussion is intended as a general summary of the U.S. federal income tax consequences associated with the grant and exercise of stock options. This summary does not purport to be complete and does not address any applicable state or local tax law.

Non-Qualified Stock Options

In general, a participant does not recognize taxable income upon the grant of a non-qualified stock option, and no deduction is available to Viacom at that time. When a participant exercises a non-qualified stock option, the excess of the fair market value of the shares on the date of exercise over the exercise price will be taxable to the participant as ordinary income. Viacom generally may deduct the amount included in the gross income of the participant. The participant's tax basis in shares acquired upon the exercise of a stock option will equal the exercise price plus the amount includable in the participant's gross income as ordinary income. When a participant disposes of shares acquired upon exercise of a non-qualified stock option, any amount realized in excess of the fair market value of the shares on the date of exercise generally will be treated as a capital gain and will be long-term or short-term, depending on the holding period of the shares. The holding period commences upon exercise of the non-qualified stock option. If the amount received is less than such fair market value, the loss will be treated as a long-term or short-term capital loss, depending on the holding period of the shares. Certain additional rules may apply if the participant pays the exercise price of a non-qualified stock option in shares or other securities the participant already owns.

Table of Contents

ITEM 2 APPROVAL OF THE VIACOM INC. 2016 LONG-TERM MANAGEMENT INCENTIVE PLAN

Incentive Stock Options

In general, a participant does not recognize taxable income and no tax deduction is available to Viacom upon either the grant or exercise of an incentive stock option. If a participant holds the shares acquired upon the exercise of an incentive stock option for more than one year after the transfer of the shares upon exercise of the incentive stock option and more than two years from the date of the grant of the incentive stock option, which we refer to as the ISO Holding Period, the difference between the exercise price and the amount the participant realizes upon the sale of the shares will be treated as a long-term capital gain or loss. In this case, no deduction will be available to Viacom. If the participant disposes of shares acquired upon exercise of an incentive stock option before the expiration of the ISO Holding Period, the participant will realize ordinary income, and Viacom will be entitled to a deduction, on the portion of the gain, if any, equal to the difference between the exercise price of the incentive stock option and the fair market value of the shares on the date of

exercise or, if less, the difference between the amount realized on the disposition and the adjusted basis of the stock. Any further gain or loss from an arm's-length sale or exchange will be taxable as a long-term or short-term capital gain or loss, depending upon the holding period of the shares before disposition. Certain additional rules may apply if the participant pays the exercise price of an incentive stock option in shares or other securities the participant already owns.

The excess of the fair market value at the time of exercise of the shares acquired upon the exercise of an incentive stock option over the exercise price of the stock option may constitute an adjustment to taxable income for purposes of the alternative minimum tax. Special rules for computing alternative minimum taxable income also may apply in certain cases where there are subsequent sales of shares in disqualifying dispositions and to determine the basis of the shares for purposes of computing alternative minimum taxable income on the subsequent sale of the shares.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors recommends a vote FOR the approval of the 2016 LTMIP.

ITEM 3 APPROVAL OF THE VIACOM INC. 2011 RSU PLAN FOR OUTSIDE DIRECTORS

ITEM 3 APPROVAL OF THE VIACOM INC. 2011 RSU PLAN FOR OUTSIDE DIRECTORS, AS AMENDED AND RESTATED EFFECTIVE JANUARY 1, 2016

The Governance and Nominating Committee and the Board assess, at least every other year, the appropriate amount and structure of our director compensation in light of then current competitive practice and other factors.

In connection with the most recent assessment, the Viacom Inc. 2011 RSU Plan for Outside Directors (the RSU Plan) was amended to provide that on January 31 of each year, our outside directors will automatically receive an annual grant of restricted share units (RSUs) equal in value to \$175,000 based on the closing price of our Class B common stock on NASDAQ on the date of grant. Prior to 2014, outside directors received annual grants of stock options pursuant to the Viacom Inc. Stock Option Plan for Outside Directors (the Stock Option Plan) as well as annual grants of RSUs. The Stock Option Plan will expire by its terms on January 1, 2016, and no additional stock options will be awarded thereunder. In addition, under the Viacom Inc. Deferred Compensation Plan for Outside Directors (the Deferred Compensation Plan) and the amended and restated RSU Plan, outside directors may defer their cash compensation into a stock unit account, receiving a fixed number of fully-vested RSUs based on the value of our Class B common stock on the date of grant.

The RSU Plan currently terminates on January 1, 2016, and we are proposing to amend it so that we will be able to continue to use it to make RSU awards to our outside directors for an additional five years. If the amended and restated RSU Plan is approved by our stockholders, it will be effective January 1, 2016 through December 31, 2020.

We are not asking our stockholders to increase the number of shares of Class B Common Stock available under the RSU Plan for awards made during the five year cycle from January 1, 2016 through December 31, 2020. Instead, we propose to maintain, and are asking stockholders to authorize, the same number of shares that was available under the plan for the five year cycle ending January 1, 2016, as described below.

The following description of the RSU Plan, as proposed to be amended and restated as of January 1, 2016, should be read in conjunction with, and is qualified in its entirety by reference to, the full text of the RSU Plan, a copy of which is attached to this proxy statement as Exhibit B.

Purpose of the Plan

The purpose of the RSU Plan is to benefit and advance the interests of Viacom and its subsidiaries by obtaining and retaining the services of qualified persons who are not employees of Viacom or any of its subsidiaries to serve as directors and to induce them to make a maximum contribution to the success of Viacom and its subsidiaries.

Proposed Amendment to the RSU Plan

The Board has approved, and recommends that our stockholders approve, the amended and restated RSU Plan, in order to extend the termination of the plan from January 1, 2016 to December 31, 2020.

Plan Generally

The RSU Plan provides that outside directors receive automatic annual grants of RSUs on January 31 of each year. The number of RSUs received each year will be determined by dividing (i) \$175,000 by (ii) the fair market value of one share of Class B common stock on the date of grant or, if that date is not a business day, on the last business day preceding the date of grant on which the fair market value can be determined.

The RSU Plan does not provide for prorated awards. Thus, directors who join our Board after January 31 of any year will receive their first award on January 31 of the following year.

Each RSU represents a contractual right to receive one share of Class B common stock, subject to the terms and conditions set forth in the RSU Plan. RSUs will be settled exclusively in Class B common stock, with fractional shares payable in cash.

The number of shares of Class B common stock that may be issued pursuant to awards made under the RSU Plan during the five-year period January 1, 2016 through December 31, 2020 is 500,000 shares. This is the same number of shares that is authorized under the corresponding director plans currently in place until January 1, 2016.

The settlement of RSUs under the RSU Plan in any manner will result in a decrease in the number of shares of Class B common stock that thereafter may be issued under the plan by the number of shares issued upon such settlement. Shares of Class B common stock with respect to which RSUs

Table of Contents

ITEM 3 APPROVAL OF THE VIACOM INC. 2011 RSU PLAN FOR OUTSIDE DIRECTORS

lapse, expire or are canceled without being settled or are otherwise terminated will not be counted towards the plan limit and will be available for new grants under the RSU Plan.

Shares of Class B common stock issued under the RSU Plan may be authorized but unissued shares or treasury shares. Unless terminated earlier by action of the Board, the RSU Plan will terminate on December 31, 2020, and no additional grants may be made after that date.

Administration

The RSU Plan will generally be administered by the members of the Board who are not outside directors.

Terms of the Director RSUs

Each annual grant of RSUs will vest in full on the first anniversary of the date of grant. Subject to the following paragraph, upon vesting, Viacom will settle the RSUs by delivering the corresponding number of shares of Class B common stock and cash in lieu of fractional shares, if any. An outside director who ceases to serve on the Board for any reason will forfeit all of his or her unvested RSUs.

The RSU Plan permits recipients of RSUs to elect to defer settlement of the RSUs to a date after the vesting date. Outside directors who elect to defer settlement of RSUs may elect to have their deferral settled in a single distribution or in three or five annual installments. The single distribution or first annual installment, as applicable, will be payable in accordance with the director's prior election on the later of (i) six months following the date of the director's termination of services on the Board for any reason and (ii) January 31 of the calendar year following the calendar year in which the director's service on the Board terminates for any reason.

Dividend Equivalents

The RSU Plan provides that dividend equivalents will be awarded with respect to the RSUs in the event Viacom pays a regular cash dividend with respect to shares of Class B common stock. Dividend equivalents will be credited in dollar amounts to a book entry account that Viacom will maintain on behalf of the outside directors.

Dividend equivalents will accrue on annual grants of RSUs until the RSUs vest and, except to the extent a director has elected to defer the RSUs, will be paid in shares of Class B common stock based on the fair market value of Class B common stock on the vesting date, with any fractional shares paid in cash. Payment of dividend equivalents that have been credited to the recipient's account will not be made with respect to any RSUs that do not vest and are canceled.

If an outside director elects to defer settlement of his or her RSUs, or defers his or her cash compensation into a stock unit account pursuant to the Deferred Compensation Plan, the dividend equivalents related to such RSUs will be credited to

the recipient's account and will be settled when the related RSUs are settled, and deferred RSUs will continue to earn dividend equivalents through the settlement date. These dividend equivalents will be converted quarterly into additional whole and/or fractional RSUs, based on the fair market value of Class B common stock on the respective date, and these additional RSUs will be deferred and settled at the same time and in the same manner as the original

underlying RSUs.

Substitute RSUs

The Board may provide for substitute RSUs under the RSU Plan upon assumption of, or in substitution for, outstanding awards previously granted by a company or other entity all or a portion of the assets or equity of which is acquired by Viacom, with which Viacom merges or otherwise combines or from which Viacom is spun-off or otherwise separated. Substitute RSUs may have substantially the same terms and conditions, including without limitation provisions relating to vesting, expiration, payment, forfeiture, and the consequences of termination of employment and changes in control, as the awards that they replace. Viacom shares subject to substitute RSUs will not count against the 500,000 share limit of the RSU Plan.

Adjustments

In the event of certain significant corporate transactions, which include a merger, consolidation, stock split, dividend (other than a regular cash dividend), distribution, combination, reclassification, recapitalization, reorganization, split-up or spin-off that changes the character or amount of the Class B common stock or any other changes in the corporate structure, equity securities or capital structure of Viacom, the Board will make such proportionate adjustments as it deems appropriate to the number and kind of securities subject to outstanding awards granted under the RSU Plan, the number and kind of securities subject to the annual RSU grants under the RSU Plan, and the maximum number and kind of securities available for issuance under the RSU Plan. The Board may also make such other adjustments as it deems appropriate in order to preserve, but not increase, the benefits or potential benefits intended to be made available hereunder upon the occurrence of any of the foregoing events. The Board's determination as to what, if any, adjustments shall be made shall be final and binding on Viacom and all participants. All adjustments will be conducted in a manner consistent with any adjustments under the Stock Option Plan.

Transfer Restrictions, Etc.

The RSU Plan provides that the rights of a participant with respect to awards granted under the RSU Plan are not transferable other than:

by will or the laws of descent and distribution,

Table of Contents

ITEM 3 APPROVAL OF THE VIACOM INC. 2011 RSU PLAN FOR OUTSIDE DIRECTORS

upon prior notice to Viacom, for transfers to members of the participant's immediate family or trusts whose beneficiaries are members of the participant's immediate family, but only if such transfer is being made for estate and/or tax planning purposes without consideration being received therefor,

upon prior notice to Viacom, for transfers to a former spouse incident to a divorce, or

for such other transfers as the Board may approve, subject to any conditions and limitations that it may, in its sole discretion, impose.

No grant of awards under the RSU Plan entitles a participant, a participant's estate or a permitted transferee to any rights of a holder of shares of Class B common stock, except upon delivery of shares upon settlement of an award. No grant will be construed as giving the recipient the right to remain a member of the Board for any period of time, or at any particular rate of compensation.

Amendment and Termination of the Plan

The Board may at any time alter, amend, suspend or terminate the RSU Plan in whole or in part, including, without limitation, amend the provisions for determining the amount of RSUs to be issued to an outside director, provided that any amendment which under the requirements of applicable law or under the rules of NASDAQ or other principal stock exchange on which the shares of Class B common stock are then listed must be approved by the stockholders of the Company shall not be effective unless and until such stockholder approval has been obtained in compliance with such law or rule. No alteration, amendment, suspension or

termination of the RSU Plan that would adversely affect a participant's rights under the RSU Plan with respect to any award made prior to such action will be effective as to such participant unless he or she consents thereto. A participant's consent will not be required, however, if the Board determines in its sole discretion that any such alteration, amendment, suspension or termination is necessary or advisable to comply with any law, regulation, ruling, judicial decision or accounting standards or to ensure that RSUs or dividend equivalents are not subject to federal, state or local income tax prior to settlement.

U.S. Federal Income Tax Consequences

Outside directors generally will not recognize income when they are awarded RSUs or when dividend equivalents are credited on their behalf. Outside directors will recognize ordinary income in an amount equal to the fair market value of the shares of Class B common stock and any cash delivered when their RSUs are settled. Viacom will generally be entitled to a tax deduction in the same amount.

New Plan Benefits

Only outside directors are eligible to receive awards of RSUs under the RSU Plan. The estimated annual benefit that we expect to allocate to the outside directors, in the aggregate, under the RSU Plan is approximately \$1,575,000, which assumes the total number of outside directors continues to be nine and that no director elects to defer his or her cash compensation into a stock unit account. We cannot currently determine the number of shares subject to awards as

the equivalent number of shares will depend on the fair market value of our Class B common stock at various future dates.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The Board of Directors recommends a vote **FOR** the approval of the amended and restated RSU Plan.

In accordance with the Board's recommendation, the proxy holders will vote the shares of Class A common stock covered by valid and timely received proxies **FOR** the approval of the amended and restated RSU Plan, unless the stockholder gives instructions to the contrary.

The Audit Committee monitors and oversees these processes.

As part of its oversight role, the Audit Committee has reviewed and discussed with management and Viacom's independent auditor, PricewaterhouseCoopers LLP (PwC), Viacom's audited consolidated financial statements for the fiscal year ended September 30, 2014 and disclosures under Management's Discussion and Analysis of Results of Operations and Financial Condition in Viacom's Annual Report on Form 10-K for the fiscal year ended September 30, 2014. The Audit Committee has also discussed with PwC all required communications, including the matters required to be discussed by the statement on Auditing Standards No. 61, as amended, as adopted by the PCAOB in Rule 3200T. In addition, the Audit Committee has received the written disclosures and the letter from PwC required by PCAOB Rule 3526 (Communications with Audit Committees Concerning Independence) and has discussed with PwC the firm's independence from Viacom.

Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Viacom's Annual Report on Form 10-K for the fiscal year ended September 30, 2014.

ITEM 4 RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT AUDITOR

ITEM 4 RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT AUDITOR

The Audit Committee has appointed PricewaterhouseCoopers LLP (PwC) as the independent auditor of our consolidated financial statements for our fiscal year ending September 30, 2015, subject to stockholder ratification. The Audit Committee has reviewed PwC s independence from us as described in the Report of the Audit Committee. In appointing PwC as our independent auditor for our fiscal year ending September 30, 2015, and in recommending that our stockholders ratify the appointment, the Audit Committee has considered whether

the non-audit services provided by PwC were compatible with maintaining PwC s independence from us and has determined that such services do not impair PwC s independence.

Representatives of PwC are expected to be present at the Annual Meeting and will be given an opportunity to make a statement if they desire to do so. They will also be available to respond to questions at the Annual Meeting.

Section 1.3 Administration of the Plan.

(a) *Board or Committee to Administer.* The Plan shall be administered by the Committee, which shall consist of at least two members of the Board. If any member of the Committee (or subcommittee, as applicable) is found not to have met the qualification requirements of the Section 162(m) Exception, any actions taken or Awards granted by the Committee (or subcommittee, as applicable) shall not be invalidated by such failure to so qualify.

(b) *Powers of the Committee.*

(i) The Committee shall adopt such rules as it may deem appropriate in order to carry out the purpose of the Plan. All questions of interpretation, administration and application of the Plan shall be determined by the Committee. The determination of the Committee shall be final and binding as to all matters relating to the Plan.

(ii) The Committee shall have authority to select Participants from among the class of eligible persons specified in Section 1.4 below, to determine the type of Award to be granted, to determine the number of shares of Class B Common Stock subject to an Award or the cash amount payable in connection with an Award, and to determine the terms and conditions of each Award in accordance with the terms of the Plan. Except as provided in Section 6.4, the

Committee shall also have the authority to amend the terms of any outstanding Award or waive any conditions or restrictions applicable to any Award; *provided, however*, that no amendment shall materially impair the rights of the holder thereof without the holder's consent *except* that the Committee shall have the right at any time, without a holder's consent and whether or not the rights of the holder in an Award are materially adversely affected thereby, to amend or modify the Plan or any Award under the Plan in any manner that the Committee considers necessary or advisable to comply with any law, regulation, ruling, judicial decision, accounting standards, regulatory guidance or other legal requirement. (c) *Delegation by the Committee.* The Committee may, but need not, from time to time delegate some or all of its authority under the Plan to an Administrator consisting of one or more members of the Committee or of one or more officers of the Company; provided, however, that the Committee may not delegate its authority (i) to make Awards to employees (A) who are subject on the date of the Award to the reporting rules under Section 16(a) of the Exchange Act, (B) whose compensation for such fiscal year may be subject to the limit on deductible compensation pursuant to Section 162(m) or (C) who are officers of the Company who are delegated authority by the Committee hereunder, or (ii) under Article XI of the Plan. Any delegation hereunder shall be subject to the restrictions and limits that the Committee specifies at the time of such delegation or thereafter. Nothing in the Plan shall be construed as obligating the Committee to delegate authority to an Administrator, and the Committee may at any time rescind the authority delegated to an Administrator appointed hereunder or appoint a new Administrator. At all times, the Administrator appointed under this Section 1.3(c) shall serve in such capacity at the pleasure of the Committee. Any action undertaken by the Administrator in accordance with the Committee's delegation of authority shall have the same force and effect as if undertaken directly by the Committee, and any reference in the Plan to the Committee shall, to the extent consistent with the terms and limitations of such delegation, be deemed to include a reference to the Administrator.

(d) *Non-Uniform Determinations.* The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, Awards under the Plan (whether or not such persons are similarly situated). Without limiting the generality of the foregoing, the Committee shall be entitled, among other things, to make non-uniform and selective determinations, and to enter into non-uniform and selective Agreements, as to the persons receiving Awards under the Plan, and the terms and provisions of Awards under the Plan.

(e) *No Liability.* Subject to applicable law: (i) no member of the Committee nor any Administrator shall be liable to any Participant or any other person for anything whatsoever in connection with the administration of the Plan except such person's own willful misconduct; (ii) under no circumstances shall any member of the Committee or any Administrator be liable for any act or omission of any other member of the Committee or any other Administrator; and (iii) in the performance of its functions with respect to the Plan, the Committee and any Administrator shall be entitled to rely upon information and advice furnished by the Company's officers, the Company's accountants, the Company's counsel and any other party the Committee or such Administrator deems necessary, and no member of the Committee or such Administrator shall be liable for any action taken or not taken in good faith reliance upon any such advice.

Section 1.4 Eligible Persons.

Awards may be granted to any employee of the Company or any of its Subsidiaries. An individual's status as an Administrator will not affect his or her eligibility to receive Awards under the Plan.

Section 1.5 Class B Common Stock Subject to the Plan.

(a) *Plan Limit.* The shares of Class B Common Stock subject to Awards under the Plan shall be made available from authorized but unissued Class B Common Stock, from Class B Common Stock issued and held in the treasury of the Company or, subject to such conditions as the Committee may determine, from shares beneficially owned by one or more stockholders of the Company. Subject to adjustment under Article IX hereof, the total number of shares of Class B Common Stock that may be delivered under the Plan (the "Section 1.5 Limit") shall not exceed 30 million.

(b) *Plan Sub-Limits.* Subject to adjustment under Article IX hereof, the maximum aggregate number of shares of Class B Common Stock that may be delivered in conjunction with awards of Restricted Shares, Restricted Share Units, unrestricted shares of Class B Common Stock, Performance Shares, Dividend Equivalents, Performance Share

Units and Other Awards during each five-year period under the Plan is 25 million, provided that, subject to adjustment under Article IX hereof, no more than 50,000 shares may be issued as unrestricted Class B Common Stock. Subject to adjustment under Article IX hereof, the maximum aggregate number of shares of Class B Common Stock that may be delivered in conjunction with awards of Incentive Stock Options is 5 million.

(c) *Rules Applicable to Determining Shares Available for Issuance.* For purposes of determining the number of shares of Class B Common Stock that remain available for delivery under the Plan, the following rules apply:

(i) In connection with the granting of a Share-Denominated Award, the number of shares of Class B Common Stock in respect of which the Award is granted or denominated shall be counted against the Section 1.5 Limit (and, if applicable, the limits set forth in Section 1.5(b)).

Table of Contents

(ii) To the extent permitted by law or the rules and regulations of any stock exchange on which the Class B Common Stock is listed, the number of shares of Class B Common Stock that shall be added back to the Section 1.5 Limit (and, if applicable, the limits set forth in Section 1.5(b)) and shall again be available for Awards, shall be the corresponding number of shares of Class B Common Stock that are (A) tendered in payment of the exercise price of an Award or to satisfy a Participant's tax or other withholding obligations with respect to an Award; (B) subject to an Award or any portion of an Award which for any reason expires or is cancelled, forfeited, or terminated without having been exercised or paid; (C) withheld from any Award to satisfy a Participant's tax or other withholding obligations or to pay the exercise price of an Award; and (D) subject to an Award or any portion of an Award that is settled in consideration other than shares of Class B Common Stock (including cash). Anything to the contrary in this Section 1.5(c) notwithstanding, if an Award is settled in whole or in part by delivery of fewer than the full number of shares of Class B Common Stock that was counted against the Section 1.5 Limit (and, if applicable, the limits set forth in Section 1.5(b)) pursuant to clause (i) (as such number may have been adjusted from time to time), the excess, if any, of the number of shares of Class B Common Stock so counted over the number of shares of Class B Common Stock delivered to the Participant upon exercise or settlement shall no longer be counted against the Section 1.5 Limit (and, if applicable, the limits set forth in Section 1.5(b)) and shall again be available for Awards.

(iii) Any shares of Class B Common Stock underlying Substitute Awards shall not be counted against the Section 1.5 Limit (and, if applicable, the limits set forth in Section 1.5(b)).

Section 1.6 Section 162(m) Limits on Awards to Participants.

(a) *Limits on Certain Stock Options, Stock Appreciation Rights and Phantom Shares.* The maximum aggregate number of shares of Class B Common Stock that may be granted to any Participant during each five-year period under the Plan with respect to Stock Options, Stock Appreciation Rights or Phantom Shares is 7.5 million (regardless of whether Stock Appreciation Rights and Phantom Shares are settled in cash, Class B Common Stock, other Company securities or a combination thereof), subject to adjustment pursuant to Article IX hereof.

(b) *Limits on other Awards.* With respect to any Awards (other than those Awards set forth in Section 1.6(a)) that are intended to qualify, in whole or in part, for the Section 162(m) Exception, the maximum amount intended to so qualify that may be awarded to any Participant in respect of any Performance Period is \$50 million (with respect to Cash-Denominated Awards) and 1,000,000 shares of Class B Common Stock (with respect to Share-Denominated Awards). Notwithstanding the preceding sentence, if in respect of any Performance Period with a duration of at least twelve months (an Initial Performance Period), the Committee grants to a Participant Awards having a maximum dollar payout (for Cash-Denominated Awards) or maximum share payout (for Share-Denominated Awards) less than the maximum dollar value and/or number of shares that could be paid or awarded to such Participant for a Performance Period pursuant to the preceding sentence, the excess of such maximum dollar value and/or number of shares over the maximum dollar value and/or number of shares actually subject to Awards granted to such Participant for the Initial Performance Period shall be carried forward and shall increase the maximum dollar value and/or number of shares that may be awarded to such Participant in respect of the next Performance Period with a duration of at least twelve months and beginning after the end of the Initial Performance Period in respect of which the Committee grants to such Participant an Award intended to qualify, in whole or in part, for the Section 162(m) Exception. The maximum amounts determined pursuant to the preceding two sentences shall be subject to adjustment pursuant to Article IX hereof.

Section 1.7 Agreements.

The Committee shall determine and set forth in an Agreement the terms and conditions of each Award (other than an Award of unrestricted Class B Common Stock). Each Agreement (i) shall state the Date of Grant and the name of the

Participant, (ii) shall specify such other terms of the Award as appropriate for inclusion in the Agreement, (iii) shall incorporate the Plan by reference and (iv) shall be delivered or otherwise made available to the Participant. The Agreement shall contain such other terms not inconsistent with the Plan as the Committee may deem advisable. The Committee shall have the authority to adjust the terms of the Agreements relating to an Award in a jurisdiction outside of the United States (i) to comply with the laws of such jurisdiction or (ii) to obtain more favorable tax treatment for the Company and/or any Subsidiary, as applicable, and/or for the Participants in such jurisdiction. Such authority shall be notwithstanding the fact that the requirements of the local jurisdiction may be more restrictive than the terms set forth in the Plan.

ARTICLE II

PROVISIONS APPLICABLE TO STOCK OPTIONS

Section 2.1 Grants of Stock Options.

The Committee may from time to time grant to eligible employees Stock Options on the terms and conditions set forth in the Plan and on such other terms and conditions as are not inconsistent with the purposes and provisions of the Plan, as the Committee, in its discretion, may from time to time determine. Each Agreement covering a grant of Stock Options shall specify the number of Stock Options granted, the Date of Grant, the exercise price of such Stock Options, whether such Stock Options are Incentive Stock Options or Non-Qualified Stock Options, the period during which such Stock Options may be exercised, any vesting schedule, any Performance Goals and any other terms that the Committee deems appropriate.

Section 2.2 Exercise Price.

The Committee shall establish the per share exercise price of a Stock Option on the Date of Grant in such amount as the Committee shall determine; *provided* that such exercise price shall not be less than 100% of the Fair Market Value of a share of Class B Common Stock on the Date of Grant. Notwithstanding the foregoing, the per share exercise price of a Stock Option that is a Substitute Award may be less than 100% of the Fair Market Value of a share of Class B Common Stock on the Date of Grant, *provided* that the excess of the aggregate intrinsic value of the Substitute Award, determined immediately after the transaction giving rise to the substitution or assumption of the predecessor award, does not exceed the aggregate intrinsic value of such predecessor award, determined immediately before such transaction, and such substitution complies with applicable laws and regulations, including the listing requirements of NASDAQ or other principal stock exchange on which the Class B Common Stock is then listed and Section 409A or Section 424 of the Code, as applicable.

The exercise price of any Stock Option will be subject to adjustment in accordance with the provisions of Article IX of the Plan. Any adjustments made pursuant to this Section 2.2 shall be made in a manner consistent with the requirements of Section 409A.

Section 2.3 Exercise of Stock Options.

(a) *Exercisability.* Stock Options shall be exercisable only to the extent the Participant is vested therein, subject to any restrictions that the Committee shall determine. The Committee shall establish the vesting schedule applicable to Stock Options, which vesting schedule shall specify the period of time, the increments in which a Participant shall vest in the Stock Options and/or any applicable Performance Goal requirements, subject to any restrictions that the Committee shall determine and specify in the applicable Agreement (or any employment agreement applicable to the Participant); *provided* that, unless otherwise determined by the Committee, Stock Options that vest contingent solely on the requirement of continued employment shall not fully vest in less than three years from the Date of Grant. The Committee may, in its sole discretion, accelerate the time at which a Participant vests in his Stock Options.

(b) *Option Period.* For each Stock Option granted, the Committee shall specify the period during which the Stock Option may be exercised.

(c) *Registration Restrictions.* A Stock Option shall not be exercisable, no transfer of shares of Class B Common Stock shall be made to any Participant, and any attempt to exercise a Stock Option or to transfer any such shares shall be void and of no effect, unless and until (i) a registration statement under the Securities Act of 1933, as amended, has

been duly filed and declared effective pertaining to the shares of Class B Common Stock subject to such Stock Option, and the shares of Class B Common Stock subject to such Stock Option have been duly qualified under applicable federal or state securities or blue sky laws or (ii) the Committee, in its sole discretion, determines, or the Participant, upon the request of the Committee, provides an opinion of counsel satisfactory to the Committee, that such registration or qualification is not required as a result of the availability of an exemption from registration or qualification under such laws. Without limiting the foregoing, if at any time the Committee shall determine, in its sole discretion, that the listing, registration or qualification of the shares of Class B Common Stock subject to such Stock Option is required under any federal or state law or on any securities exchange or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, delivery or purchase of such

shares pursuant to the exercise of a Stock Option, such Stock Option shall not be exercised in whole or in part unless and until such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

(d) *Exercise in the Event of Termination of Employment, Retirement or Death.*

(i) *Termination other than for Cause or due to Retirement, Death.* Except as otherwise provided in this Section 2.3 or as otherwise determined by the Committee, in the event that (A) the Participant ceases to be an employee of the Company or any of its Subsidiaries by reason of the voluntary termination by the Participant or the termination by the Company or any of its Subsidiaries other than for Cause, his Outstanding Stock Options may be exercised to the extent then exercisable until the earlier of six months after the date of such termination or the Expiration Date, (B) the Participant ceases to be an employee of the Company or any of its Subsidiaries by reason of the Participant's Retirement, the Participant may exercise his outstanding Stock Options to the extent exercisable on the date of Retirement until the earlier of the third anniversary of such date or the Expiration Date; and (C) a Participant dies during a period during which his Stock Options could have been exercised by him, his Outstanding Stock Options may be exercised to the extent exercisable at the date of death by the person who acquired the right to exercise such Stock Options by will or the laws of descent and distribution, permitted transfer or beneficiary designation until the earlier of the second anniversary of the date of death or the Expiration Date. Except as otherwise provided in this Section 2.3, otherwise provided in a Participant's employment agreement with the Company or a Subsidiary, or as otherwise determined by the Committee, upon the occurrence of an event described in clauses (A), (B) or (C) of this Section 2.3(d)(i), the Participant shall forfeit all unvested Stock Options as of the date of such event.

(ii) *Termination for Cause.* If a Participant's employment with the Company or any of its Subsidiaries ends due to a termination of employment for Cause then, unless the Committee in its discretion determines otherwise, all Outstanding Stock Options, whether or not then vested, shall terminate effective as of the date of such termination.

(iii) *Maximum Exercise Period.* Anything in this Section 2.3(d) to the contrary notwithstanding and unless the Committee determines otherwise, no Stock Option shall be exercisable after the earlier to occur of (A) the expiration of the option period set forth in the applicable Agreement or (B) the tenth anniversary of the Date of Grant thereof. If the date determined in accordance with the preceding sentence is not a business day, the Stock Options may be exercised up to and including the last business day before such date.

Section 2.4 Payment of Purchase Price Upon Exercise.

Every share purchased through the exercise of a Stock Option shall be paid for in full on or before the settlement date for the shares of Class B Common Stock issued pursuant to the exercise of the Stock Options in cash or, in the discretion of the Committee, in shares of Class B Common Stock or other securities of the Company designated by the Committee, in a combination of cash, shares or such other securities or in any other form of valid consideration that is acceptable to the Committee in its sole discretion. If the Agreement so provides, such exercise price may also be paid in whole or in part using a net share settlement procedure or through the withholding of shares subject to the Stock Option with a value equal to the exercise price. In accordance with the rules and procedures established by the Company for this purpose, a Stock Option may also be exercised through a cashless exercise procedure approved by the Company from time to time, involving a broker or dealer, that affords Participants the opportunity to sell immediately some or all of the shares underlying the exercised portion of the Stock Option in order to generate sufficient cash to pay the exercise price of the Option.

Section 2.5 Stock Appreciation Rights.

(a) *Generally.* The Committee may grant Stock Appreciation Rights alone or in tandem with other Awards.

(b) *Stock Appreciation Rights Granted In Tandem with Stock Options.* Any Stock Appreciation Right granted in tandem with a Stock Option shall be granted at the time of the grant of the Stock Option. The Stock Appreciation Right shall be subject to the same terms and conditions as the related Stock Option and shall be exercisable only at such times and to such extent as the related Stock Option is exercisable. A Stock Appreciation Right shall entitle the holder to surrender to the Company the related Stock Option (in whole or in part) unexercised and receive from the Company in exchange therefor an amount equal to the excess of the Fair Market Value of the shares of Class B Common Stock subject to the surrendered portion of such Stock

Option, determined as of the day preceding the surrender of such Stock Option, over the aggregate exercise price of the portion of the Stock Option so surrendered. Such amount shall be paid in cash, or in the discretion of the Committee, in shares of Class B Common Stock or other securities of the Company designated by the Committee or in a combination of cash, shares of Class B Common Stock or such other securities.

(c) *Stock Appreciation Rights Granted Alone or In Tandem with Awards Other Than Stock Options.* Subject to the next sentence, Stock Appreciation Rights granted alone or in tandem with Awards other than Stock Options shall be subject to such terms and conditions as the Committee shall establish at or after the time of grant and set forth in the applicable Agreement. The Committee shall establish the per share exercise price of a Stock Appreciation Right granted alone on the Date of Grant in such amount as the Committee shall determine; provided that such exercise price shall not be less than 100% of the Fair Market Value of a share of Class B Common Stock on the Date of Grant. In addition, notwithstanding the foregoing, the per share exercise price of a Stock Appreciation Right that is a Substitute Award may be less than 100% of the Fair Market Value of a share of Class B Common Stock on the Date of Grant; provided that the excess of the aggregate intrinsic value of the Substitute Award, determined immediately after the transaction giving rise to the substitution or assumption of the predecessor award, does not exceed the aggregate intrinsic value of such predecessor award, determined immediately before such transaction, and such substitution complies with applicable laws and regulations, including the listing requirements of NASDAQ or other principal stock exchange on which the Class B Common Stock is then listed and Section 409A or Section 424 of the Code, as applicable. The exercise price of any Stock Appreciation Right will be subject to adjustment in accordance with the provisions of Article VIII of the Plan. Any adjustments made pursuant to this Section 2.5(c) shall be made in a manner consistent with the requirements of Section 409A.

Section 2.6 Repricing of Stock Options and Stock Appreciation Rights.

The Committee may not reprice any Stock Option or Stock Appreciation Right. Reprice means any of the following or any other action that has the same effect: (a) amending an Option or Stock Appreciation Right to reduce its exercise price, (c) canceling a Stock Option or Stock Appreciation Right at a time when its exercise price exceeds the Fair Market Value of a share of Class B Common Stock in exchange for a Stock Option, Restricted Share or other equity award unless the cancellation and exchange occurs in connection with a merger, acquisition, spin-off or other similar corporate transaction, or (c) taking any other action that is treated as a repricing under GAAP, *provided* that nothing in this Section 2.6 shall prevent the Committee from making adjustments pursuant to Article IX.

ARTICLE III

PROVISIONS APPLICABLE TO RESTRICTED SHARES

Section 3.1 Grants of Restricted Shares.

The Committee may from time to time grant to eligible employees Restricted Shares on the terms and conditions set forth in the Plan and on such other terms and conditions as are not inconsistent with the purposes and provisions of the Plan, as the Committee, in its discretion, may from time to time determine. Each Agreement covering a grant of Restricted Shares shall specify the number of Restricted Shares granted, the Date of Grant, the price, if any, to be paid by the Participant for such Restricted Shares, the vesting schedule (as provided for in Section 3.2 hereof) and any Performance Goals for such Restricted Shares and any other terms that the Committee deems appropriate.

Section 3.2 Vesting.

The Committee shall establish the vesting schedule applicable to Restricted Shares granted hereunder, which vesting schedule shall specify the period of time, the increments in which a Participant shall vest in the Restricted Shares and/or any applicable Performance Goal requirements, subject to any restrictions that the Committee shall determine and specify in the applicable Agreement, *provided* that, unless otherwise determined by the Committee, Restricted Shares that vest contingent solely on the requirement of continued employment shall not fully vest in less than three years from the Date of Grant.

Section 3.3 Rights and Restrictions Governing Restricted Shares.

The Participant shall have all rights of a holder as to such shares of Class B Common Stock (including, to the extent applicable, the right to receive dividends (as described in Section 3.8) and to vote), subject to the following restrictions: (a) the Participant shall not be entitled to be registered on the books and records of the Company as a stockholder until such shares have vested; (b) none of the Restricted Shares may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of until such shares have vested; and (c) except as otherwise provided in Section 3.6 below, all unvested Restricted Shares shall be immediately forfeited upon a Participant's termination of employment with the Company or any Subsidiary for any reason or the Participant's death or Retirement.

Section 3.4 Adjustment with Respect to Restricted Shares.

Any other provision of the Plan to the contrary notwithstanding, the Committee may, in its discretion, at any time accelerate the date or dates on which Restricted Shares vest. The Committee may, in its sole discretion, remove any and all restrictions on such Restricted Shares whenever it may determine that, by reason of changes in applicable law, the rules of any stock exchange on which the Class B Common Stock is listed or other changes in circumstances arising after the Date of Grant, such action is appropriate.

Section 3.5 Delivery of Restricted Shares.

On the date on which Restricted Shares vest, all restrictions contained in the Agreement covering such Restricted Shares and in the Plan shall lapse as to such Restricted Shares. Restricted Share Awards issued hereunder may be evidenced in such manner as the Committee in its discretion shall deem appropriate, including, without limitation, book-entry registration or issuance of one or more stock certificates. If stock certificates are issued, such certificates shall be delivered to the Participant or such certificates shall be credited to a brokerage account if the Participant so directs; *provided, however*, that such certificates shall bear such legends as the Committee, in its sole discretion, may determine to be necessary or advisable in order to comply with applicable federal or state securities laws.

Section 3.6 Termination of Employment.

Unless otherwise provided in a Participant's employment agreement with the Company or a Subsidiary, in the event that the Participant's employment with the Company or any of its Subsidiaries terminates prior to the date or dates on which Restricted Shares vest, the Participant shall forfeit all unvested Restricted Shares as of the date of such event, unless the Committee determines otherwise and provides that some or all of such Participant's unvested Restricted Shares shall vest as of the date of such event or some other date or dates.

Section 3.7 Grants of Unrestricted Shares.

Subject to the limit set forth in the proviso in Section 1.5(b) (as such limit may be adjusted under Article IX hereof), the Committee may, in its sole discretion, make awards of unrestricted Class B Common Stock to eligible employees in recognition of outstanding achievements and performance.

Section 3.8 Delivery of Dividend Payments.

Subject to the provisions of this Plan and any Agreement, the recipient of an Award of Restricted Shares may, if so determined by the Committee, be entitled to receive dividends with respect to the number of shares of Class B Common Stock covered by the Award, as determined by the Committee, in its sole discretion. The Committee shall determine the payment schedule for such amounts (if any) and may provide that such amounts (if any) shall accrue

and be paid at the time that the related Award vests and is payable. The terms of any deferral or accrual of such amounts (if any) shall comply with all applicable laws, rules and regulations, including, without limitation, Section 409A.

ARTICLE IV

PROVISIONS APPLICABLE TO RESTRICTED SHARE UNITS

Section 4.1 Grants of Restricted Share Units.

The Committee may from time to time grant Restricted Share Units on the terms and conditions set forth in the Plan and on such other terms and conditions as are not inconsistent with the purposes and provisions of the Plan as the Committee, in its discretion, may from time to time determine. Each Restricted Share Unit awarded to a Participant shall correspond to one share of Class B Common Stock. Each Agreement covering a grant of Restricted Share Units shall specify the number of Restricted Share Units granted, the vesting schedule (as provided for in Section 4.2 hereof) for such Restricted Share Units and any Performance Goals and any other terms that the Committee deems appropriate.

Section 4.2 Vesting.

The Committee shall establish the vesting schedule applicable to Restricted Share Units granted hereunder, which vesting schedule shall specify the period of time, the increments in which a Participant shall vest in the Restricted Share Units and/or any applicable Performance Goal requirements, subject to any restrictions that the Committee shall determine and specify in the applicable Agreement, *provided* that, unless otherwise determined by the Committee, Restricted Share Units that vest contingent solely on the requirement of continued employment shall not fully vest in less than three years from the Date of Grant.

Section 4.3 Adjustment with Respect to Restricted Share Units.

Any other provision of the Plan to the contrary notwithstanding, the Committee may, in its discretion, at any time accelerate the date or dates on which Restricted Share Units vest.

Section 4.4 Settlement of Restricted Share Units.

Unless otherwise determined by the Committee, on the date on which Restricted Share Units vest, all restrictions contained in the Agreement covering such Restricted Share Units and in the Plan shall lapse as to such Restricted Share Units and the Restricted Share Units will be payable, at the discretion of the Committee, in cash equal to the Fair Market Value of the shares subject to such Restricted Share Units, in shares of Class B Common Stock or in other securities of the Company designated by the Committee or in a combination of cash, shares of Class B Common Stock or such other securities. Restricted Share Units paid in Class B Common Stock may be evidenced in such manner as the Committee in its discretion shall deem appropriate, including, without limitation, book-entry registration or issuance of one or more stock certificates. If stock certificates are issued, such certificates shall be delivered to the Participant or such certificates shall be credited to a brokerage account if the Participant so directs; *provided, however*, that such certificates shall bear such legends as the Company may determine to be necessary or advisable in order to comply with applicable federal or state securities laws. Unless the Committee determines otherwise, in no event shall payment pursuant to this Section 4.4 occur later than March 15th of the year following the year in which the Restricted Share Units are no longer subject to a substantial risk of forfeiture for purposes of Section 409A.

Section 4.5 Termination of Employment.

Unless otherwise provided in a Participant's employment agreement with the Company or a Subsidiary, in the event that the Participant's employment with the Company or any of its Subsidiaries terminates prior to the date or dates on

which Restricted Share Units vest, the Participant shall forfeit all unvested Restricted Share Units as of the date of such event, unless the Committee determines otherwise and provides that some or all of such Participant's unvested Restricted Share Units shall vest as of the date of such event or some other date or dates. In the case of the Participant's death, payment in respect of the Participant's Restricted Share Units shall be made in the manner provided in Section 4.4 to the person or persons who acquired the right to receive such payment by will or the laws of descent and distribution or by permitted transfer or beneficiary designation.

ARTICLE V

PROVISIONS APPLICABLE TO PHANTOM SHARES

Section 5.1 Grants of Phantom Shares.

The Committee may from time to time grant to eligible employees Phantom Shares, the value of which is determined by reference to a share of Class B Common Stock, on the terms and conditions set forth in the Plan and on such other terms and conditions as are not inconsistent with the purposes and provisions of the Plan as the Committee, in its discretion, may from time to time determine. Each Agreement covering a grant of Phantom Shares shall specify the number of Phantom Shares granted, the Initial Value of such Phantom Shares, the Valuation Dates, the number of Phantom Shares whose Appreciation Value shall be determined on each such Valuation Date, any applicable vesting schedule (as provided for in Section 5.3 hereof) and Performance Goals for such Phantom Shares, and any applicable limitation on payment (as provided for in Section 5.4 hereof) for such Phantom Shares and any other terms that the Committee deems appropriate.

Section 5.2 Appreciation Value.

(a) *Valuation Dates; Measurement of Appreciation Value.* The Committee shall provide in the Agreement for one or more Valuation Dates on which the Appreciation Value of the Phantom Shares granted pursuant to the Agreement shall be measured and fixed, and shall designate in the Agreement the number of such Phantom Shares whose Appreciation Value is to be calculated on each such Valuation Date. Unless otherwise determined by the Committee, each Valuation Date shall be December 15 and no Valuation Date shall occur later than the year in which the eighth (8th) anniversary of the Date of Grant occurs.

(b) *Payment of Appreciation Value.* Except as otherwise provided in Section 5.5 hereof, and subject to the limitation contained in Section 5.4 hereof, the Appreciation Value of a Phantom Share shall be paid to a Participant in cash, or in the discretion of the Committee, in shares of Class B Common Stock or other securities of the Company designated by the Committee or in a combination of cash, shares of Class B Common Stock or such other securities, as soon as practicable following the Valuation Date applicable to such Phantom Share. In no event shall a payment occur pursuant to the previous sentence later than the 60th day following the Valuation Date applicable to such Phantom Share.

Section 5.3 Vesting.

The Committee may establish a vesting schedule applicable to Phantom Shares granted hereunder, which vesting schedule shall specify the period of time, the increments in which a Participant shall vest in the Phantom Shares and/or any applicable Performance Goal requirements, subject to any restrictions that the Committee shall determine and specify in the applicable Agreement; provided that, unless otherwise determined by the Committee, Phantom Shares that vest contingent solely on the requirement of continued employment shall not fully vest in less than three years from the Date of Grant.

Section 5.4 Limitation on Payment.

The Committee may, in its discretion, establish and set forth in the Agreement a maximum dollar amount payable under the Plan for each Phantom Share granted pursuant to such Agreement.

Section 5.5 Termination of Employment, Retirement or Death.

(a) *Termination Other Than for Cause, or due to Retirement or Death.* Except as otherwise provided in this Section 5.5, if, before the occurrence of one or more Valuation Dates applicable to the Participant's Outstanding Phantom Shares, (i) the Participant's employment with the Company or any of its Subsidiaries ends by reason of the voluntary termination by the Participant, the termination by the Company or any of its Subsidiaries other than for Cause or the Participant's Retirement or (ii) the Participant's death occurs, then, unless the Committee, in its discretion, determines otherwise, the Appreciation Value of each Outstanding Phantom Share as to which the Participant's rights are vested as of the date of such event shall be the lesser of (x) the Appreciation Value of such Phantom Share calculated as of the date of such event or (y) the Appreciation Value of such Phantom Share calculated as of the originally scheduled Valuation Date applicable thereto. Unless the Committee, in its

Table of Contents

discretion, determines otherwise and so specifies in the applicable Award Agreement or otherwise in compliance with Section 409A, the Appreciation Value so determined for each such vested Outstanding Phantom Share shall then be payable to the Participant following the originally scheduled Valuation Date applicable thereto in accordance with Section 5.2(b) hereof. Upon the occurrence of an event described in this Section 5.5(a), unless the Committee determines otherwise, all rights with respect to Phantom Shares that are not vested as of such date will be relinquished.

(b) *Termination for Cause.* If a Participant's employment with the Company or any of its Subsidiaries ends due to a termination of employment for Cause, then, unless the Committee, in its discretion, determines otherwise, all Outstanding Phantom Shares, whether or not vested, and any and all rights to the payment of Appreciation Value with respect to such Outstanding Phantom Shares shall be forfeited effective as of the date of such termination.

ARTICLE VI

PERFORMANCE AWARDS

Section 6.1 Grants of Performance Awards.

The Committee may from time to time grant to eligible employees Performance Awards consisting of Performance Shares or Performance Share Units on the terms and conditions set forth in the Plan and on such other terms and conditions as are not inconsistent with the purposes and provisions of the Plan, as the Committee, in its discretion, may from time to time determine. Performance Awards may be granted either alone or in addition to other Awards made under the Plan.

Section 6.2 Performance Goals.

Unless otherwise determined by the Committee, the grant, vesting and/or exercisability of Performance Awards shall be conditioned, in whole or in part, on the attainment of performance targets, in whole or in part, related to one or more performance goals over a Performance Period. For any such Performance Awards that are intended to qualify for the Section 162(m) Exception, the performance targets on which the grant, vesting and/or exercisability are conditioned shall be selected by the Committee from among the following goals (the Section 162(m) Performance Goals): OIBDA, OIBDA Without Intercompany Eliminations, Operating Income, Free Cash Flow, Net Earnings, Net Earnings from Continuing Operations, Earnings Per Share, Revenue, Net Revenue, Operating Revenue, total shareholder return, share price, return on equity, return in excess of cost of capital, profit in excess of cost of capital, return on assets, return on invested capital, net operating profit after tax, operating margin, profit margin or any combination thereof. In addition, for any Awards not intended to qualify for the Section 162(m) Exception, the Committee may establish performance targets based on other performance goals as it deems appropriate (together with the Section 162(m) Performance Goals, the Performance Goals). The Performance Goals may be described in terms of objectives that are related to the individual Participant or objectives that are Company-wide or related to a Subsidiary, division, department, region, function or business unit and may be measured on an absolute or cumulative basis or on the basis of percentage of improvement over time, and may be measured in terms of Company performance (or performance of the applicable Subsidiary, division, department, region, function or business unit) or measured relative to selected peer companies or a market index.

Section 6.3 Performance Goals on Awards other than Performance Awards.

The Committee, in its sole discretion, may also require that the grant, vesting and/or exercisability of Awards other than Performance Awards be conditioned, in whole or in part, on the attainment of performance targets, in whole or in

part, related to Performance Goals over a Performance Period, as described in Section 6.2.

Section 6.4 Discretion to Reduce Awards.

The Committee retains the right to reduce any Award below the maximum amount that could be paid based on the degree to which the Performance Goals related to such Award were attained. The Committee may not increase any Award intended to qualify for the Section 162(m) Exception in any manner that would adversely affect the treatment of the Award under the Section 162(m) Exception.

Table of Contents

Section 6.5 Adjustment of Calculation of Performance Goals.

In the event that, during any Performance Period, any recapitalization, reorganization, merger, acquisition, divestiture, consolidation, spin-off, combination, liquidation, dissolution, sale of assets or other similar corporate transaction or event, or any other extraordinary event or circumstance occurs which has the effect, as determined by the Committee of distorting the applicable performance criteria involving the Company, including, without limitation, changes in accounting standards, the Committee shall adjust or modify the calculation of the Performance Goals, to the extent necessary to prevent reduction or enlargement of the Participants Awards under the Plan for such Performance Period attributable to such transaction, circumstance or event. All determinations that the Committee makes pursuant to this Section 6.5 shall be conclusive and binding on all persons for all purposes.

ARTICLE VII

SUBSTITUTE AWARDS

Notwithstanding any terms or conditions of the Plan to the contrary, the Committee may provide for Substitute Awards under the Plan upon assumption of, or in substitution for, outstanding awards previously granted by a company or other entity all or a portion of the assets or equity of which is acquired by the Company, with which the Company merges or otherwise combines or from which the Company is spun-off or otherwise separated. Without limiting the generality of the preceding sentence, Substitute Awards include Awards granted in connection with the Separation in substitution for stock options, restricted share units and other awards of the former Viacom Inc. (renamed CBS Corporation) granted prior to the Separation Date. Notwithstanding any terms or conditions of the Plan to the contrary, Substitute Awards may have substantially the same terms and conditions, including without limitation provisions relating to vesting, exercise periods, expiration, payment, forfeiture, and the consequences of termination of employment and changes in control, as the awards that they replace.

ARTICLE VIII

DIVIDEND EQUIVALENTS AND OTHER AWARDS

Section 8.1 Dividend Equivalents.

Subject to the provisions of this Plan and any Agreement, the recipient of an Award (including, without limitation, any Award deferred pursuant to Section 10.9) may, if so determined by the Committee, be entitled to receive interest or dividends or Dividend Equivalents, with respect to the number of shares of Class B Common Stock covered by the Award, as determined by the Committee, in its sole discretion. The Committee shall determine the payment schedule for such amounts (if any) and may provide that such amounts (if any) shall accrue and be paid at the time that the related Award vests and is payable. The terms of any deferral or accrual of such amounts (if any) shall comply with all applicable laws, rules and regulations, including, without limitation, Section 409A.

Section 8.2 Other Awards.

The Committee shall have the authority to specify the terms and provisions of other forms of equity-based or equity-related awards not described above that the Committee determines to be consistent with the purpose of the Plan and the interests of the Company. Other Awards may also include cash payments under the Plan which may be based on one or more criteria determined by the Committee that are unrelated to the value of Class B Common Stock and that may be granted in tandem with, or independent of, Awards granted under the Plan.

ARTICLE IX

EFFECT OF CERTAIN CORPORATE CHANGES

In the event of a merger, consolidation, stock-split, reverse stock-split, dividend, distribution, combination, reclassification, reorganization, split-up, spin-off or recapitalization that changes the character or amount of the Class B Common Stock or any

A-14

other changes in the corporate structure, equity securities or capital structure of the Company, the Committee shall make such adjustments, if any, to (i) the number and kind of securities subject to any outstanding Award, (ii) the exercise price or purchase price, if any, of any outstanding Award or the Initial Value of any Outstanding Phantom Shares, and (iii) the maximum number and kind of securities referred to in Section 1.5(a) and (b) and Section 1.6(a) and Section 1.6(b) of the Plan, in each case, as it deems appropriate. The Committee may, in its sole discretion, also make such other adjustments as it deems appropriate in order to preserve the benefits or potential benefits intended to be made available hereunder. All determinations that the Committee makes pursuant to this Article IX shall be conclusive and binding on all persons for all purposes. Any adjustments made pursuant to this Article IX shall be made in a manner consistent with the requirements of Section 409A.

ARTICLE X

MISCELLANEOUS

Section 10.1 No Rights to Awards or Continued Employment.

Nothing in the Plan or in any Agreement, nor the grant of any Award under the Plan, shall confer upon any individual any right to be employed by or to continue in the employment of the Company or any Subsidiary thereof, nor to be entitled to any remuneration or benefits not set forth in the Plan or such Agreement, including the right to receive any future Awards under the Plan or any other plan of the Company or any Subsidiary thereof or interfere with or limit the right of the Company or any Subsidiary thereof to modify the terms of or terminate such individual's employment at any time for any reason. All grants of Awards and deliveries of shares of Class B Common Stock, cash or other property under the Plan shall constitute a special discretionary incentive payment to the Participant and shall not be required to be taken into account in computing the amount of salary or compensation of the Participant for the purpose of determining any contributions to or any benefits under any pension, retirement, profit-sharing, bonus, life insurance, severance or other benefit plan of the Company, or payments based on the Fair Labor Standards Act of 1938, or under any agreement with the Participant, unless the Company specifically provides otherwise.

Section 10.2 Restriction on Transfer.

The rights of a Participant with respect to any Award shall not be transferable, except by will, the laws of descent and distribution or beneficiary designation; *provided* that the Committee may permit other transferability, subject to any conditions and limitations that it may, in its sole discretion, impose. During a Participant's lifetime, the Participant's rights with respect to any Award may be exercised only by the Participant or by any transferee to whom the Award has been transferred in accordance with the preceding sentence.

Section 10.3 Taxes.

The Company or a Subsidiary thereof, as appropriate, shall have the right to deduct from all payments made under the Plan to a Participant, a Participant's estate or a Participant's permitted transferee or beneficiary any federal, state, local or other taxes required by law to be withheld with respect to such payments. The Committee, in its discretion, may require, as a condition to the exercise or settlement of any Award or delivery of any certificate(s) for shares of Class B Common Stock, that an additional amount be paid in cash equal to the amount of any federal, state, local or other taxes required to be withheld as a result of such exercise or settlement. In addition, the Committee may establish procedures to allow Participants to satisfy such withholding obligations through a net share settlement procedure or the withholding of shares subject to the applicable Award, or through a cashless exercise procedure as described in Section 2.4. Any Participant who makes an election under Section 83(b) of the Code to have his Award taxed in accordance with such election must give notice to the Company of such election immediately upon making a valid

election in accordance with the rules and regulations of the Code. Any such election must be made in accordance with the rules and regulations of the Code.

Section 10.4 Stockholder Rights.

No Award under the Plan shall entitle a Participant or a Participant's estate or permitted transferee or beneficiary to any rights of a holder of shares of Class B Common Stock of the Company, except as provided in Article III with respect to Restricted Shares, until the Participant, the Participant's estate or the permitted transferee or beneficiary is registered on the books and

Table of Contents

records of the Company as a stockholder with respect to the exercise or settlement of such Award, and no adjustments shall be made for dividends or distributions on, or other events relating to, shares of Class B Common Stock subject to an Award for which the record date is prior to the date such registration.

Section 10.5 No Restriction on Right of Company to Effect Corporate Changes.

The Plan shall not affect in any way the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, or any merger or consolidation of the Company, or any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stock whose rights are superior to or affect the Class B Common Stock or the rights thereof or which are convertible into or exchangeable for Class B Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

Section 10.6 Source of Payments.

The general funds of the Company shall be the sole source of cash settlements of Awards under the Plan and payments of Appreciation Value and the Company shall not have any obligation to establish any separate fund or trust or other segregation of assets to provide for payments under the Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship, between the Company and a Participant or any other person. To the extent a person acquires any rights to receive payments hereunder from the Company, such rights shall be no greater than those of an unsecured creditor.

Section 10.7 Exercise Periods Following Termination of Employment.

For the purposes of determining the dates on which Awards may be exercised following a termination of employment or following the Retirement or death of a Participant, the day following the date of such event shall be the first day of the exercise period and the Award may be exercised up to and including the last business day falling within the exercise period. Thus, if the last day of the exercise period is not a business day, then the last date an Award may be exercised is the last business day preceding the end of the exercise period.

Section 10.8 Repayments.

The Committee may include in any Agreement a provision requiring the Participant to return gains (as defined by the Committee) realized on Awards made under the Plan in the event that (i) the Committee determines that a material breach of specified obligations under one or more written agreements between a Participant and the Company or under any Company policy applicable to the Participant has occurred during the Participant's employment or the twelve month period after termination of the Participant's employment with the Company or a Subsidiary, or (ii) any financial or other performance criteria on the basis of which the Award was granted are restated or adjusted. In addition, the Committee may require a Participant to return gains (as defined by the Committee) on any Performance Award if the Performance Goals used to determine the grant, vesting and/or exercisability of such Performance Award are subsequently restated or otherwise adjusted in a manner that would reduce the size of the Performance Award or any payment thereunder.

Section 10.9 Deferral of Awards.

The Committee may establish procedures pursuant to which the payment of any Award may be deferred. Any such deferral shall be made in a manner that conforms to the requirements of Section 409A applicable to initial and

subsequent deferrals, and the Committee shall set forth in writing (which may be in electronic form), on or before the date the applicable deferral election is required to be irrevocable in order to meet the requirements of Section 409A, the conditions under which such election may be made.

Section 10.10 Employment of Participant by Subsidiary.

Unless the Committee determines otherwise, the employment of a Participant who works for a Subsidiary shall terminate, for Plan purposes, on the date on which the Participant's employing company ceases to be a Subsidiary.

Table of Contents

Section 10.11 Section 409A.

If any provision of the Plan or an Agreement contravenes any regulations or Treasury guidance promulgated under Section 409A or could cause a Participant to be required to recognize income for United States federal income tax purposes prior to the time of payment, settlement or exercise of an Award or to be subject to any tax or interest under Section 409A, such provision of the Plan or any Agreement may be modified to maintain, to the maximum extent practicable, the original intent of the applicable provision without the imposition of any tax or interest under Section 409A. Moreover, any discretionary authority that the Board or the Committee may have pursuant to the Plan shall not be applicable to an Award that is subject to Section 409A to the extent such discretionary authority will contravene Section 409A.

ARTICLE XI

AMENDMENT AND TERMINATION

The Plan may be terminated and may be altered, amended, suspended or terminated at any time, in whole or in part, by the Board; *provided, however*, that no alteration or amendment will be effective without stockholder approval if such approval is required by law or under the rules of NASDAQ or other principal stock exchange on which the Class B Common Stock is listed. No termination or amendment of the Plan may, without the consent of the Participant to whom an Award has been made, materially adversely affect the rights of such Participant in such Award. Notwithstanding any provision herein to the contrary, the Committee shall have broad authority to amend the Plan or any outstanding Award under the Plan without approval of the Participant to the extent necessary or desirable (i) to comply with, or take into account changes in, applicable tax laws, securities laws, accounting rules and other applicable laws, rules and regulations or (ii) to ensure that a Participant is not required to recognize income for United States federal income tax purposes prior to the time of payment, settlement or exercise of an Award or subject to interest and additional tax under Section 409A with respect to any Award. Unless previously terminated pursuant to this Article XI, the Plan shall terminate on the day before the fifth anniversary of the Effective Date, and no further Awards may be granted hereunder after such date.

Section 1.1 Purpose.

The purpose of the Viacom Inc. 2011 RSU Plan for Outside Directors, as amended and restated as of January 1, 2016 (the Plan), is to benefit and advance the interests of Viacom Inc., a Delaware corporation (the Company), and its subsidiaries by obtaining and retaining the services of qualified persons who are not employees of the Company or its subsidiaries to serve as directors and to induce them to make a maximum contribution to the success of the Company and its subsidiaries.

- (v) Class B Common Stock shall mean the shares of Class B Common Stock, par value \$0.001 per share, of the Company.
- (vi) Code shall mean the Internal Revenue Code of 1986, as amended, including any successor law thereto, and the rules and regulations promulgated thereunder from time to time.

(x) Dividend Equivalent shall mean a right to receive a payment based upon the value of the regular cash dividend paid on a specified number of shares of Class B Common Stock as set forth in Article III below. Payment in respect of Dividend Equivalents upon settlement shall be in shares of Class B Common Stock except as set forth in Article III below.

(xi) Elective RSU Grant shall have the meaning set forth in Section 2.1(c).

(xii) Fair Market Value of a share of Class B Common Stock on a given date shall be the closing price on such date on the NASDAQ Global Select Market or other principal stock exchange on which the Class B Common Stock is then listed, as reported by The Wall Street Journal (Northeast edition) as the 4:00 p.m. (New York time) closing price or as reported by any other authoritative source selected by the Company. (xvii) Stock Unit Account shall have the meaning assigned to such term in the Deferred Compensation Plan.

(xviii) Subsidiary shall mean a corporation (or a partnership or other enterprise) in which the Company owns or controls, directly or indirectly, more than 50% of the outstanding shares of stock normally entitled to vote for the election of directors (or comparable equity participation and voting power).

Section 1.3 Administration of the Plan.

The Plan shall be administered by the members of the Board who are not Outside Directors and such Board members shall determine all questions of interpretation, administration and application of the Plan. References in the Plan to actions or determinations by the Board will be understood to mean actions or determinations by those members of the Board responsible for administering the Plan. Such Board members' determinations shall be final and binding in all matters relating to the Plan.

Section 1.4 Eligible Persons.

Awards shall be granted only to Outside Directors.

Section 1.5 Class B Common Stock Subject to the Plan.

Subject to adjustment in accordance with the provisions of Article IV hereof, the maximum number of shares of Class B Common Stock that may be issued during the five-year period starting on the 2016 Effective Date shall be 500,000 shares. Any shares of Class B Common Stock underlying Substitute Awards shall not be counted against this limit. The shares of Class B Common Stock shall be made available from authorized but unissued shares of Class B Common Stock or from shares of Class B Common Stock issued and held in the treasury of the Company. The settlement of any Awards under the Plan in any manner shall result in a decrease in the number of shares of Class B Common Stock which thereafter may be issued for purposes of this Section 1.5 by the number of shares issued upon such settlement. Shares of Class B Common Stock with respect to which Awards lapse, expire or are cancelled without being settled or are otherwise terminated may be regranted under the Plan.

ARTICLE II

RESTRICTED SHARE UNITS

Section 2.1 Grants of Restricted Share Units; One-Time Settlement Election.

(a) On January 31st of each year until the Plan terminates in accordance with the terms hereof, each Outside Director shall automatically be granted a number of Director RSUs determined by dividing (i) \$175,000 by (ii) the Fair Market Value of one share of Class B Common Stock on the date of grant (an Annual RSU Grant).

(b) The Annual RSU Grants shall not be prorated and persons who become Outside Directors after the date of a particular Award shall first become eligible to receive an Award under the Plan as of the date of the next Annual RSU Grant.

(c) On the first day of each calendar quarter, each Outside Director who has made an election under the Deferred Compensation Plan to defer fees in the form of Director RSUs shall automatically be granted a number of Director RSUs determined by dividing (i) the dollar amount of the balance in such Outside Director's Stock Unit Account as of the first day of such calendar quarter, as determined under Section 3(b) of the Deferred Compensation Plan by (ii) the Fair Market Value of one share of Class B Common Stock on the first day of such calendar quarter (an Elective RSU Grant).

(d) In addition to shares delivered in settlement of Annual RSU Grants and Elective RSU Grants, shares subject to the Plan shall be available to satisfy the Company's obligations pursuant to Section 3(c) of the Deferred Compensation Plan and pursuant to Article III hereof.

B-2

Table of Contents

(e) The Company shall periodically issue (or arrange for the issuance of) statements or other communications to Participants advising them of grants and vesting of Director RSUs.

Section 2.2 Vesting.

Director RSUs shall be settled only to the extent the Participant is vested therein. Subject to Section 2.3(b), each Annual RSU Grant shall vest on the first anniversary of the relevant date of grant. Each Elective RSU Grant shall be vested in full upon grant.

Section 2.3 Settlement of Restricted Share Units.

(a) *Settlement.* All restrictions contained in the Plan or any supplemental documentation relating to Director RSUs shall lapse as follows: (i) in the case of Annual RSU Grants, on the date on which Director RSUs included in the relevant Annual RSU Grant vest; and (ii) in the case of Elective RSU Grants, on the applicable payment date determined in accordance with the Outside Director's payment election made pursuant to the Deferred Compensation Plan. Upon the lapse of such restrictions, Director RSUs shall be payable in shares of Class B Common Stock, with any fractional shares payable in cash, and shall be evidenced in such manner as the Board in its discretion shall deem appropriate, including, without limitation, book-entry registration. Any fractional shares of Class B Common Stock to which a Participant becomes entitled shall not be settled by delivery of shares but instead shall be paid in cash, based on the Fair Market Value of the Class B Common Stock on the date of payment.

(b) *Settlement in the Event of Termination of Services.* If the services of a Participant as a director of the Company terminate for any reason, the Participant shall forfeit all unvested Director RSUs as of the date of such event.

(c) *Deferral of Settlement.* Notwithstanding Section 2.3(a), a Participant may elect to defer settlement of any or all Director RSUs included in an Annual RSU Grant to a date subsequent to the vesting date of such Director RSUs, provided that such election to defer is made no later than December 31 of the taxable year prior to the year in which the Outside Director performs the services for which such Director RSUs are granted. Settlement of any such deferred Director RSUs shall be made in a single distribution or three or five annual installments in accordance with the Participant's deferral election. The single distribution or first annual installment, as applicable, will be payable on the later of (i) six months following the date of the Participant's termination of services as a director of the Company for any reason or (ii) January 31 of the calendar year following the calendar year in which the Participant's services as a director of the Company terminate for any reason.

ARTICLE III

DIVIDEND EQUIVALENTS

Section 3. Dividend Equivalents.

(a) *General.* The Participant shall be entitled to receive Dividend Equivalents on the Director RSUs in the event the Company pays a regular cash dividend with respect to the Class B Common Stock. The Company shall maintain a bookkeeping record that credits the dollar amount of the Dividend Equivalents to a Participant's account on the date that it pays such regular cash dividend on the shares of Class B Common Stock.

(b) *Dividend Equivalents on Annual RSU Grants.* Dividend Equivalents shall accrue on the Director RSUs included in Annual RSU Grants until the Director RSUs vest. Except to the extent that the Participant has made a deferral election pursuant to Section 2.3(c) above, upon vesting the Dividend Equivalents shall be paid in shares of Class B Common

Stock determined by dividing (i) the aggregate amount credited in respect of such Dividend Equivalents by (ii) the Fair Market Value on the vesting date, with any fractional shares resulting from this calculation paid in cash. If, however, the Participant has made an election to defer settlement of Director RSUs, then the Dividend Equivalents related to such Director RSUs will not be paid when the Director RSUs vest but instead will be credited to the Participant's account as additional whole and/or fractional Director RSUs based on the Fair Market Value of the Class B Common Stock on the vesting date and will be settled when the related Director RSUs are settled. Payment of Dividend Equivalents that have been credited to the Participant's account will not be made with respect to any Director RSUs that do not vest and are cancelled. If the Participant elects to defer settlement of the Director RSUs included in an Annual RSU Grant pursuant to Section 2.3(c) above, the Participant will continue to earn Dividend Equivalents on the

B-3

Table of Contents

deferred Director RSUs (including any deferred Director RSUs that resulted from crediting Dividend Equivalents on the vesting date, or any subsequent date, pursuant to this Section 3(b)) through the settlement date. All such Dividend Equivalents credited to the Participant's account with respect to deferred Director RSUs shall be converted, on the first day of the first calendar quarter commencing after the dividend payment date (or if the dividend payment date is the first day of a calendar quarter, on the dividend payment date), into additional whole and/or fractional Director RSUs, based on the Fair Market Value of the Class B Common Stock on such first day of the relevant calendar quarter. Such additional Director RSUs shall be deferred subject to the same terms and conditions (including payment schedule) as the Director RSUs to which the Dividend Equivalents originally related.

(c) *Dividend Equivalents on Elective RSU Grants.* Dividend Equivalents shall accrue on Director RSUs included in Elective RSU Grants through the relevant settlement date. All such Dividend Equivalents credited to the Participant's account shall be converted, as of the first day of the first calendar quarter commencing after the dividend payment date (or if the dividend payment date is the first day of a calendar quarter, on the dividend payment date), into additional whole and/or fractional Director RSUs, based on the Fair Market Value of the Class B Common Stock on such first day of the relevant calendar quarter. Such additional Director RSUs shall be subject to the same terms and conditions (including payment schedule) as the Director RSUs to which the Dividend Equivalents originally related.

(d) *Settlement of Cash Balance.* The aggregate dollar amount of Dividend Equivalents on deferred Director RSUs and Director RSUs included in Elective RSU Grants that have not yet converted to additional Director RSUs at the time any such Director RSUs are settled shall be paid in shares of Class B Common stock determined by dividing (i) the aggregate amount of such unconverted Dividend Equivalents credited on the Director RSUs that are being settled by (ii) the Fair Market Value on the settlement date, with any fractional shares resulting from this calculation paid in cash.

ARTICLE IV

EFFECT OF CERTAIN CORPORATE CHANGES

In the event of any merger, consolidation, stock-split, dividend (other than a regular cash dividend), distribution, combination, recapitalization, reclassification, reorganization, split-off or spin-off that changes the character or amount of the shares of Class B Common Stock or any other changes in the corporate structure, equity securities or capital structure of the Company, the Board shall make such proportionate adjustments to (i) the number and kind of securities subject to any outstanding Awards, (ii) the number and kind of securities subject to the Annual RSU Grants and Elective RSU Grants, and (iii) the maximum number and kind of securities available for issuance under the Plan referred to in Section 1.5, in each case, as it deems appropriate. The Board may, in its sole discretion, also make such other adjustments as it deems appropriate in order to preserve, but not increase, the benefits or potential benefits intended to be made available hereunder upon the occurrence of any of the foregoing events. The Board's determination as to what, if any, adjustments shall be made shall be final and binding on the Company and all Participants. Adjustments under this Article shall be conducted in a manner consistent with any adjustments under the Stock Option Plan.

ARTICLE V

SUBSTITUTE AWARDS

Notwithstanding any terms or conditions of the Plan to the contrary, the Board may provide for Substitute Awards under the Plan upon assumption of, or in substitution for, outstanding awards previously granted to a director by a company or other entity all or a portion of the assets or equity of which is acquired by the Company, with which the

Company mergers or otherwise combines or from which the Company is spun-off or otherwise separated. Notwithstanding any terms or conditions of the Plan to the contrary, Substitute Awards may have substantially the same terms and conditions, including without limitation provisions relating to vesting, expiration, payment, forfeiture, and the consequences of termination of employment and changes in control, as the awards that they replace.

ARTICLE VI

MISCELLANEOUS

Section 6.1 No Right to Re-election.

Nothing in the Plan shall be deemed to create any obligation on the part of the Board to nominate any of its members for re-election by the Company's stockholders, nor confer upon any Participant the right to remain a member of the Board for any period of time, or at any particular rate of compensation.

Section 6.2 Restriction on Transfer.

The rights of a Participant with respect to any Awards under the Plan shall not be transferable by the Participant to whom such Awards are granted, except (i) by will or the laws of descent and distribution, (ii) upon prior notice to the Company, for transfers to members of the Participant's immediate family or trusts whose beneficiaries are members of the Participant's immediate family, *provided, however*, that such transfer is being made for estate and/or tax planning purposes without consideration being received therefor, (iii) upon prior notice to the Company, for transfers to a former spouse incident to a divorce or (iv) for such other transfers as the Board may approve, subject to any conditions and limitations that it may, in its sole discretion, impose.

Section 6.3 Stockholder Rights.

No grant of an Award under the Plan shall entitle a Participant, a Participant's estate or a permitted transferee to any rights of a holder of shares of Class B Common Stock, except upon the delivery of shares through book-entry registration upon settlement of an Award and as provided in Section 2.3.

Section 6.4 No Restriction on Right of Company to Effect Corporate Changes.

The Plan shall not affect in any way the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, or any merger or consolidation of the Company, or any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the shares of Class B Common Stock or the rights thereof or which are convertible into or exchangeable for shares of Class B Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

Section 6.5 Headings.

The headings of articles and sections herein are included solely for convenience of reference and shall not affect the meaning of any of the provisions of the Plan.

Section 6.6 Governing Law.

The Plan and all rights hereunder shall be construed in accordance with and governed by the laws of the State of Delaware.

ARTICLE VII

AMENDMENT AND TERMINATION

The Board may at any time and from time to time alter, amend, suspend or terminate the Plan in whole or in part, including, without limitation, amend the provisions for determining the amount of Director RSUs to be issued to an Outside Director, *provided, however*, that any amendment which under the requirements of applicable law or under the rules of the NASDAQ Global Select Market or other principal stock exchange on which the shares of Class B Common Stock are then listed must be approved by the stockholders of the Company shall not be effective unless and until such stockholder approval has been obtained in compliance with such law or rule; and no alteration, amendment, suspension or termination of the Plan that would adversely affect a Participant's rights under the Plan with respect to any Award made prior to such action shall be effective as to

such Participant unless he or she consents thereto, *provided, however*, that no such consent shall be required if the Board determines in its sole discretion that any such alteration, amendment, suspension or termination is necessary or advisable to comply with any law, regulation, ruling, judicial decision or accounting standards or to ensure that Director RSUs or Dividend Equivalents are not subject to federal, state or local income tax prior to settlement.

ARTICLE VIII

EFFECTIVE DATE

The Plan is effective as of January 1, 2016 and approval of the Company's stockholders is being sought at the Company's 2015 annual meeting of stockholders.
