NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION FOR THE THREE MONTHS ENDED 31 MARCH 2015

1. GENERAL INFORMATION

China Unicom (Hong Kong) Limited (the Company) was incorporated as a limited liability company in the Hong Kong Special Administrative Region (Hong Kong), the People's Republic of China (the PRC) on 8 February 2000. The principal activity of the Company is investment holding. The principal activities of the Company's subsidiaries are the provision of cellular and fixed-line voice and related value-added services, broadband and other Internet-related services, information communications technology services, and business and data communications services in the PRC. The GSM cellular voice, WCDMA cellular voice, TD-LTE cellular voice, LTE FDD cellular voice and related value-added services are referred to as the mobile business. The services aforementioned other than the mobile business are hereinafter collectively referred to as the fixed-line business. The Company and its subsidiaries are hereinafter referred to as the Group.

2. BASIS OF PREPARATION

Going Concern Assumption

As at 31 March 2015, current liabilities of the Group exceeded current assets by approximately RMB221.9 billion (31 December 2014: approximately RMB235.3 billion). Given the current global economic conditions and the Group's expected capital expenditures in the foreseeable future, management has comprehensively considered the Group's available sources of funds as follows:

The Group's continuous net cash inflows from operating activities;

Approximately RMB355.9 billion of revolving banking facilities and registered quota of commercial papers, promissory notes and corporate bonds, of which approximately RMB227.4 billion was unutilised as at 31 March 2015; and

Other available sources of financing from domestic banks and other financial institutions given the Group's credit history.

In addition, the Group believes that it has ability to raise funds from the short, medium and long-term perspectives and maintain reasonable financing costs through appropriate financing portfolio.

Based on the above considerations, the Board of Directors is of the opinion that the Group has sufficient funds to meet its working capital requirements and debt obligations. As a result, the unaudited condensed consolidated financial information of the Group for the three months ended 31 March 2015 has been prepared on a going concern basis.

Table of Contents**3. EARNINGS PER SHARE**

Basic earnings per share for the three months ended 31 March 2015 and 2014 were computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the periods.

Diluted earnings per share for the three months ended 31 March 2015 and 2014 were computed by dividing the profit attributable to equity shareholders of the Company by the weighted average number of ordinary shares outstanding during the periods, after adjusting for the effects of dilutive potential ordinary shares. All dilutive potential ordinary shares for the three months ended 31 March 2015 arose from the convertible bonds, while all dilutive potential ordinary shares for the three months ended 31 March 2014 arose from (i) share options granted under the amended Share Option Scheme; (ii) share options granted under the amended Special Purpose Share Option Scheme and (iii) the convertible bonds.

The following table sets forth the computation of basic and diluted earnings per share:

	Three months ended 31 March	
	2015	2014
Numerator (in RMB millions):		
Profit attributable to equity shareholders of the Company used in computing basic earnings per share	3,164	3,302
Imputed finance cost on the liability component of convertible bonds	52	52
Profit attributable to equity shareholders of the Company used in computing diluted earnings per share	3,216	3,354
Denominator (in millions):		
Weighted average number of ordinary shares outstanding used in computing basic earnings per share	23,947	23,784
Dilutive equivalent shares arising from share options		60

Table of Contents**OTHER INFORMATION**

The supplementary financial indicators are summarised as follow (All amounts in RMB millions):

	Three months ended	
	31 March	
	2015	2014
Total service revenue from mobile business	36,619	40,675
Total service revenue from fixed-line business	23,163	22,917
Other service revenue	469	205
Total service revenue	60,251	63,797
Sales of telecommunications products	14,052	12,674
Revenue	74,303	76,471
Profit for the period	3,164	3,302
EBITDA	25,346	23,999
EBITDA as a percentage of service revenue	42.1%	37.6%

For the first quarter of 2015, service revenue was RMB60.25 billion, down by 5.6% as compared to the same period of last year. The decrease in service revenue was mainly attributed to the impact of output value-added tax (VAT) which arose from the replacement of business tax with value-added tax¹ (VAT Reform) and the transformation of sales and marketing mode etc., but revenue structure continued to optimise.

For the first quarter of 2015, profit for the period was RMB3.16 billion, down by 4.2% as compared to the same period of last year as a result of VAT Reform and other factors. EBITDA² was RMB25.35 billion for the first quarter of 2015, up by 5.6% as compared to the same period of last year. EBITDA as a percentage of service revenue was 42.1% for the first quarter of 2015, up by 4.5 percentage points compared to the same period of last year.

Table of Contents

Note 1: The replacement of business tax with VAT implemented nationwide for the telecommunications industry from 1 June 2014.

Note 2: EBITDA represents profit for the period before finance costs, interest income, other income-net, income tax, depreciation and amortisation. As the telecommunications business is a capital intensive industry, capital expenditures and finance costs may have a significant impact on the net profit of the companies with similar operating results. Therefore, the Company believes that EBITDA may be helpful in analysing the operating results of a telecommunications service operator like our Group.
