SPIRIT REALTY CAPITAL, INC.

We are a Maryland corporation and operate as a self-administered and self-managed REIT with in-house capabilities, including acquisition, portfolio management, asset management, credit research, real estate research, legal, finance and accounting and capital markets. We primarily invest in single-tenant, operationally essential real estate throughout the United States, which is generally acquired through strategic sale-leaseback transactions and subsequently leased on a long-term, triple-net basis to high-quality tenants with business operations within predominantly retail, but also office and industrial property types. Single-tenant, operationally essential real estate generally refers to freestanding, commercial real estate facilities where tenants conduct activities that are essential to the generation of their sales and profits.

As of December 31, 2015, our undepreciated gross investment in real estate and loans totaled approximately \$8.30 billion, representing investments in 2,629 properties, including properties securing our mortgage loans. Of this amount, 98.7% consisted of our gross investment in real estate, representing ownership of 2,485 properties, and the remaining 1.3% consisted primarily of commercial mortgage loans receivable secured by 144 real properties.

As of December 31, 2015, our owned properties were approximately 98.6% occupied (based on number of properties), and our leases had a weighted average non-cancelable remaining lease term (based on total rental revenue) of approximately 10.7 years. Our leases are generally long-term, typically with non-cancelable initial terms of 15 to 20 years and tenant renewal options for additional terms. As of December 31, 2015, approximately 88% of our single-tenant leases (based on total rental revenue normalized to exclude rental revenues contributed by properties sold during the period) provided for increases in future annual base rent.

Our operations are carried out through our operating partnership. Spirit General OP Holdings, LLC, one of our wholly-owned subsidiaries, is the sole general partner and owns 1.0% of our operating partnership. We and a wholly-owned subsidiary are the only limited partners and together own the remaining 99.0% of our operating partnership.

Our outstanding common stock is listed on the NYSE under the symbol SRC.

RECENT DEVELOPMENTS

Acquisitions

From January 1, 2016 through April 8, 2016, we acquired 15 properties for a gross acquisition cost of approximately \$72.5 million in nine transactions with an initial cash yield of approximately 8.02% (based on in-place base rent payable under the lease) and a weighted average remaining lease term of approximately 15.6 years.

S-1

Table of Contents

We also have identified and are in various stages of reviewing a number of potential property acquisitions. As of April 8, 2016, we were tracking and evaluating properties that present acquisition opportunities during the second quarter of 2016 with an estimated aggregate purchase price of over \$190.0 million, in addition to acquisitions under contract with an aggregate purchase price of approximately \$7.0 million. Our acquisition of these properties (other than the acquisitions under contract) is subject to us negotiating and executing with the sellers mutually acceptable definitive and binding purchase and sale agreements. There can be no assurance that the sellers of these properties will be willing to proceed with a transaction, that we will be able to negotiate and execute satisfactory definitive purchase and sale agreements with the sellers, that our due diligence will be satisfactory or that the conditions to closing will be satisfied. As such, there can be no assurance that we will complete any of the potential acquisitions that we are evaluating.

We calculate initial cash yield from acquired properties by dividing the first 12 months of contractual cash rent (excluding any future rent escalations provided for in the lease and contingent rent) by gross investment in the properties. Gross investment in an acquired property includes the contracted purchase price and any related capitalized transaction costs. Because it excludes any future rent increases or additional rent that may be contractually provided for in the lease, as well as any other income or fees that may be earned from lease modifications or asset dispositions, initial cash yield does not represent the annualized investment rate of return of acquired properties. Additionally, actual cash rent earned from acquired properties may differ from the contractual cash rent used in calculating the initial cash yield based on other factors, including difficulties collecting contractual rental revenues and unanticipated expenses at these properties that we cannot pass on to tenants, as well as the risk factors set forth in our Annual Report on Form 10-K for the year ended December 31, 2015, which is incorporated by reference in this prospectus supplement.

Dispositions

From January 1, 2016 through April 8, 2016, we disposed of 38 properties for aggregate gross proceeds of approximately \$109.9 million, with a capitalization rate of approximately 6.42% (based on in-place base rent payable under the lease) and an overall gain on sale of \$16.7 million. This includes three of the six stores that Haggen Holdings, LLC and a number of its affiliates (collectively, Haggen) returned to our possession in connection with Haggen's partial assumption and partial rejection of its master lease with us pursuant to a settlement agreement approved by the bankruptcy court on November 25, 2015. We disposed of these three Haggen stores for gross proceeds of approximately \$20.8 million. As of April 8, 2016, we had dispositions under contract that would generate aggregate gross proceeds of approximately \$80.3 million. While we expect to complete these dispositions, the consummation of each disposition is subject to customary closing conditions. As a result, there can be no assurance that we will complete these dispositions.

We calculate the capitalization rate for disposed properties as the annualized cash rent on the date of disposition divided by the gross sales price. For multi-tenant properties, non-reimbursable property costs are deducted from the annualized cash rent prior to computing the capitalization rate. Annualized cash rent for a disposed property represents the annualized monthly contractual cash rent under the related lease at time of disposition.

Financing Activity

Our operating partnership's \$600.0 million revolving credit facility includes an accordion feature that allows us to increase the size of the revolving credit facility to up to \$1.0 billion, subject to satisfying certain requirements and obtaining additional lender commitments. We are currently seeking additional lender commitments to increase the revolving credit facility by \$200.0 million; however, no assurance can be given that we will be successful in obtaining such commitments. The revolving credit facility bears interest at LIBOR plus

S-2

Table of Contents

an applicable margin based on our leverage. The applicable margin in effect at March 31, 2016 was 1.70%. The revolving credit facility was undrawn as of April 8, 2016.

From January 1, 2016 through April 8, 2016, we reduced the amount of outstanding commercial mortgage backed securities and securitized net-lease mortgage notes under our master funding program by \$111.0 million (including the extinguishment of \$13.6 million of defaulted loans through deed in lieu transfers).

ATM Activity

From January 1, 2016 through April 8, 2016, we sold a total of 3,012,260 shares of our common stock under our at-the-market equity distribution program at an average price per share of \$11.17, for an aggregate gross sales price of approximately \$33.6 million.

Quarterly Distribution

On March 15, 2016, our board of directors declared a quarterly cash distribution of \$0.175 per share of common stock, which represents an annualized distribution rate of \$0.70 per share. This distribution is payable on April 15, 2016 to stockholders of record as of the close of business on March 31, 2016. Accordingly, purchasers of common stock in this offering will not be entitled to receive this distribution with respect to shares of common stock purchased in this offering.

Investing in our common stock involves risks. You should carefully consider the information set forth under Risk Factors beginning on page S-6 of this prospectus supplement and under the caption Item 1A. Risk Factors beginning on page 13 of our Annual Report on Form 10-K for the year ended December 31, 2015, which is incorporated by reference in this prospectus supplement and the accompanying prospectus.

- (1) The number of shares of our common stock that will be outstanding after this offering is based on 445,163,012 shares outstanding as of April 8, 2016 and excludes:

a maximum of 823,179 shares of our common stock available for issuance in the future under our incentive award plan; and

a total of 729,898 target performance shares granted to certain of our executive officers under three separate award programs. The target performance shares were granted in 2014 (155,096), 2015 (264,096) and 2016 (310,706) and are subject to three-year performance periods that began on January 1 of each grant year and end on December 31, 2016, 2017 and 2018, respectively. Pursuant to a performance share award agreement, each participant is eligible to vest in and receive shares of our common stock based on the initial target number of shares granted multiplied by a percentage range between 0% and 250%. The percentage range is based on the attainment of total shareholder return of our company compared to a specified peer group of companies during the performance period.

On March 30, 2016, our board of directors adopted, subject to stockholder approval, an amendment and restatement of our incentive award plan, which would increase the number of shares of common stock reserved for issuance thereunder by 5,500,000 shares. Unless otherwise stated, all information contained in this prospectus supplement assumes no exercise of the underwriters' option to purchase additional shares in this offering.

RISK FACTORS

*Investing in our common stock involves risks. Before acquiring our common stock offered pursuant to this prospectus supplement and the accompanying prospectus, you should carefully consider the information contained and incorporated, or deemed to be incorporated, by reference in this prospectus supplement and the accompanying prospectus or in any free writing prospectus that we may prepare in connection with this offering, including, without limitation, the risks of an investment in our company under the caption *Item 1A. Risk Factors* beginning on page 13 of our Annual Report on Form 10-K for the year ended December 31, 2015, which is incorporated by reference in this prospectus supplement and the accompanying prospectus. The occurrence of any of these risks could materially and adversely affect our business, financial condition, liquidity, results of operations, funds from operations and prospects and might cause you to lose all or a part of your investment in our common stock. Please also refer to the section entitled *Special Note Regarding Forward- Looking Statements* included elsewhere in this prospectus supplement.*

Risks Related to this Offering

The market price and trading volume of shares of our common stock may be adversely impacted by various factors.

The market price and trading volume of our common stock may fluctuate widely due to various factors, including:

actual or anticipated variations in our quarterly operating results or distributions, or those of our competitors;

publication of research reports about us, our competitors or the real estate industry;

adverse market reaction to any additional indebtedness we incur or debt or equity securities we or our operating partnership issue in the future;

additions or departures of key management personnel;

changes in our credit ratings;

the financial condition, performance and prospects of our tenants; and

the realization of any of the other risk factors presented in our Annual Report on Form 10-K for the year ended December 31, 2015, which is incorporated by reference in this prospectus supplement and the accompanying prospectus.

We may issue shares of our common stock, preferred stock, or other securities without stockholder approval, including shares issued to satisfy REIT dividend distribution requirements. Our operating partnership may issue partnership interests to third parties, and such partnership interests would be exchangeable for cash or, at our election, shares of our common stock at specified ratios set when partnership interests in our operating partnership are issued. Our existing stockholders have no preemptive rights to acquire any of these securities, and any issuance of equity

securities by us or our operating partnership may dilute stockholder investment.

There can be no assurance that we will be able to maintain cash distributions, and certain agreements relating to our indebtedness may, under certain circumstances, limit or eliminate our ability to make distributions to our common stockholders.

Our ability to continue to make distributions in the future may be adversely affected by the risk factors described in and incorporated by reference into this prospectus supplement and the accompanying prospectus. We can give no assurance that we will be able to maintain distributions and certain agreements relating to our indebtedness may, under certain circumstances, limit or eliminate our ability to make distributions to our common stockholders. We can give no assurance that rents from our properties will increase, or that future acquisitions of real properties, mortgage loans or other investments will increase our cash available for

Table of Contents

distribution to stockholders. In addition, all distributions are made at the discretion of our board of directors and depend on our earnings, our financial condition, maintaining our REIT status, contractual limitations relating to our indebtedness, Maryland law and other factors our board of directors deems relevant from time to time.

Distributions are expected to be based upon our funds from operations, financial condition, cash flows and liquidity, debt service requirements and capital expenditure requirements for our properties. If we do not have sufficient cash available for distribution, we may need to fund the shortage out of working capital or revenues from future property acquisitions, if any, or borrow to provide funds for such distributions, which would reduce the amount of proceeds available for real estate investments and increase our future interest costs. Our inability to make distributions, or to make distributions at expected levels, could result in a decrease in the per share trading price of our common stock.

Increases in market interest rates may result in a decrease in the value of shares of our common stock.

One of the factors that influences the price of shares of our common stock is the distribution yield on shares of our common stock (as a percentage of the price of shares of our common stock) relative to market interest rates. An increase in market interest rates, which are currently at low levels relative to historical rates, may lead prospective purchasers of shares of our common stock to expect a higher distribution yield, and higher interest rates would likely increase our borrowing costs and potentially decrease cash available for distribution. Thus, higher market interest rates could cause the per share trading price of our common stock to decrease.

Broad market fluctuations could negatively impact the market price of shares of our common stock.

The stock market has experienced extreme price and volume fluctuations that have affected the market price of the common equity of many companies in industries similar or related to ours and that have been unrelated to these companies' operating performances. These broad market fluctuations could reduce the market price of shares of our common stock. Furthermore, our operating results and prospects may be below the expectations of public market analysts and investors or may be lower than those of companies with comparable market capitalizations. Either of these factors could lead to a material decline in the per share trading price of our common stock.

Future offerings of debt, which would be senior to shares of our common stock upon liquidation, and/or preferred equity securities that may be senior to shares of our common stock for purposes of distributions or upon liquidation, may materially and adversely affect the market price of shares of our common stock.

In the future, we may attempt to increase our capital resources by making offerings of debt or preferred equity securities (or causing our operating partnership to issue debt securities). Upon liquidation, holders of our debt securities and preferred stock and lenders with respect to other borrowings will receive distributions of our available assets prior to our common stockholders. Additionally, our outstanding convertible senior notes have, and any convertible or exchangeable securities that we issue in the future may have, rights, preferences and privileges more favorable than those of our common stock and may result in dilution to owners of our common stock. Our common stockholders are not entitled to preemptive rights or other protections against dilution. Our preferred stock, if issued, could have a preference on liquidating distributions or a preference on distribution payments that could limit our ability to make distributions to our common stockholders. Because our decision to issue securities in any future offering will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings. Our common stockholders bear the risk of our future offerings reducing the per share trading price of our common stock.

You may experience significant dilution as a result of this offering, which may adversely affect the per share trading price of our common stock.

Edgar Filing: Spirit Realty Capital, Inc. - Form 424B5

This offering may have a dilutive effect on our earnings per share and funds from operations per share after giving effect to the issuance of our common stock in this offering and the receipt of the expected net proceeds. The actual amount of dilution from this offering or from any future offering of common (including pursuant to

S-7

Table of Contents

our at-the-market equity distribution program) or preferred stock will be based on numerous factors, particularly the number of shares of our common stock issued, the use of proceeds and the return generated by such investment, and cannot be determined at this time. The per share trading price of our common stock could decline as a result of sales of a large number of shares of our common stock in the market pursuant to this offering, or otherwise, or as a result of the perception or expectation that such sales could occur.

Affiliates of the underwriters may receive benefits in connection with this offering.

Affiliates of Morgan Stanley & Co. LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, J.P. Morgan Securities LLC, SunTrust Robinson Humphrey, Inc., RBC Capital Markets, LLC, BTIG, LLC, Capital One Securities, Inc. and Raymond James & Associates, Inc., underwriters in this offering, are lenders under our operating partnership's term loan facility. In addition, in connection with this offering, Samuel A. Ramirez & Company, Inc. (an underwriter in this offering) is paying a referral fee to Associated Investment Services, Inc. (an affiliate of which is a lender under our operating partnership's term loan facility). As described above, our operating partnership intends to use the net proceeds from this offering to reduce amounts outstanding under its term loan facility. As a result, these affiliates will receive their proportionate share of any amounts repaid under the term loan facility with the net proceeds from this offering. This use of proceeds creates a conflict of interest because such underwriters have an interest in the successful completion of this offering beyond the underwriting discount they will receive. These interests may influence the decision regarding the terms and circumstances under which the offering is completed.

Table of Contents

USE OF PROCEEDS

We estimate that the net proceeds from this offering, after deducting the underwriting discount and other estimated expenses payable by us, will be approximately \$320.7 million (\$368.9 million if the underwriters exercise their option to purchase additional shares in full). We intend to contribute the net proceeds from this offering to our operating partnership in exchange for common units of operating partnership. Our operating partnership intends to use the net proceeds from this offering to reduce amounts outstanding under its \$370.0 million term loan facility. We expect to redraw on our operating partnership's term loan facility and revolving credit facility from time to time to repay approximately \$200.0 million of outstanding commercial mortgage backed securities maturing within the next 12 months, to fund identified and potential future acquisitions, and for general corporate purposes.

As of April 8, 2016, our operating partnership had approximately \$334.0 million of indebtedness outstanding under its term loan facility, the proceeds from which were primarily used to repay amounts outstanding under our operating partnership's revolving credit facility and, to a lesser extent, to fund acquisitions. The term loan facility bears interest at either prime or LIBOR, plus an applicable margin based on our leverage, and has an initial term that expires on November 2, 2018 (extendable at our operating partnership's option to November 2, 2020, subject to certain requirements and payment of an extension fee). The applicable margin in effect at March 31, 2016 was 1.60%. The commercial mortgage backed securities we expect to repay have an average maturity of 10 months and a weighted average interest rate of 5.98%.

As described above, our operating partnership intends to use the net proceeds from this offering to reduce amounts outstanding under its term loan facility. As a result, these affiliates will receive their proportionate share of any amounts repaid under the term loan facility with the net proceeds from this offering.

The underwriters and the representatives are collectively referred to as the underwriters and the representatives, respectively. The underwriters are offering the shares of common stock subject to their acceptance of the shares from us and subject to prior sale. The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the shares of common stock offered by this prospectus supplement are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriting agreement also provides that if an underwriter defaults, the purchase commitment of non-defaulting underwriters may also be increased or the offering may be terminated. The underwriters are obligated to take and pay for all of the shares of common stock offered by this prospectus supplement if any such shares are taken. However, the underwriters are not required to take or pay for the shares covered by the underwriters' option to purchase additional shares described below.

The underwriters propose initially to offer the share of common stock to the public at the public offering price on the cover page of this prospectus supplement and to dealers at that price less a concession not in excess of \$0.2676 per share. After the public offering, the public offering price and concession may be changed. Sales of shares of common stock made outside of the United States may be made by affiliates of the underwriters.

Option to purchase additional common stock

We have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to 4,500,000 additional shares of common stock at the public offering price listed on the cover page of this prospectus supplement, less the underwriting discount. To the extent the option is exercised, each underwriter will become obligated, subject to certain conditions, to purchase about the same percentage of the additional shares of common stock as the number listed next to each underwriter's name in the preceding table bears to the total number of shares of common stock listed next to the names of all underwriters in the preceding table.

Lock-Ups

We and all of our directors and officers have agreed that, without the prior written consent of Morgan Stanley & Co. LLC on behalf of the underwriters, we and they will not, during the period ending 45 days after the date of this prospectus supplement (the restricted period):

offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend or otherwise transfer or dispose of, directly or indirectly, any shares of common stock or any securities convertible into or exercisable or exchangeable for shares of common stock;

file any registration statement with the SEC relating to the offering of any shares of common stock or any securities convertible into or exercisable or exchangeable for common stock; or

enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of the common stock,

whether any such transaction described above is to be settled by delivery of common stock or such other securities, in cash or otherwise. In addition, we and each such person agrees that, without the prior written consent of Morgan Stanley & Co. LLC on behalf of the underwriters, we or such other person will not, during the restricted period, make any demand for, or exercise any right with respect to, the registration of any shares of common stock or any security convertible into or exercisable or exchangeable for common stock.

The restrictions described in the immediately preceding paragraph do not apply to:

the sale of shares to the underwriters; or

the issuance by us of shares of common stock upon the exercise of an option or a warrant or the conversion of a security outstanding on the date of this prospectus supplement of which the underwriters have been advised in writing;

transactions by any person other than us relating to shares of common stock or other securities acquired in open market transactions after the completion of the offering of the shares; provided that no filing under Section 16(a) of the Exchange Act, is required or voluntarily made in connection with subsequent sales of the common stock or other securities acquired in such open market transactions;

the issuance of common units by our operating partnership in connection with acquisitions of real property or real property companies; provided that the aggregate value of any such common unit

issuances during the restricted period in the aggregate does not exceed \$100 million (with the value of each common unit equal to the closing price per share of our common stock on the NYSE on the date of issuance); provided further that the recipient of any such common units shall agree not to sell or otherwise dispose of any such common units for the then remaining term of the restricted period;

transfers of shares of common stock or any security convertible into common stock as a bona fide gift, charitable donation or disposition by will or intestacy (including, without limitation, any disposition from a revocable trust, family trust or similar trust arrangement providing for the distribution of assets upon death or intestacy);

the establishment of a trading plan pursuant to Rule 10b5-1 under the Exchange Act for the transfer of shares of common stock, provided that (i) such plan does not provide for the transfer of common stock during the restricted period and (ii) to the extent a public announcement or filing under the Exchange Act, if any, is required or voluntarily made regarding the establishment of such plan, such announcement or filing shall include a statement to the effect that no transfer of common stock may be made under such plan during the restricted period;

sales of shares of common stock made pursuant to and in accordance with a trading plan pursuant to Rule 10b5-1 under the Exchange Act existing on the date of this prospectus supplement; or

sales or the surrender of shares of common stock sufficient to generate net proceeds not in excess of the estimated federal and state income tax liabilities associated with the vesting of any equity securities during the restricted period.

Morgan Stanley & Co. LLC, in its sole discretion, may release the common stock and other securities subject to the lock-up agreements described above in whole or in part at any time with or without notice.

Price stabilization and short positions; repurchase of common stock

In order to facilitate the offering of the common stock, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the common stock. Specifically, the underwriters may sell more shares than they are obligated to purchase under the underwriting agreement, creating a short position. A short sale is covered if the short position is no greater than the number of shares available for purchase by the underwriters under the option. The underwriters can close out a covered short sale by exercising the option or purchasing shares in the open market. In determining the source of shares to close out a covered short sale, the underwriters will consider, among other things, the open market price of shares compared to the price available under the option. The underwriters may also sell shares in excess of the option, creating a naked short position. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the common stock in the open market after pricing that could adversely affect investors who purchase in this offering. As an additional means of facilitating this offering, the underwriters may bid for, and purchase, shares of common stock in the open market to stabilize the price of the common stock. These activities may raise or maintain the market price of the common stock above independent market levels or prevent or retard a decline in the market price of the common stock. The underwriters are not required to engage in these activities and may end any of these activities at any time.

Indemnification

We and the underwriters have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

Electronic Delivery

A prospectus supplement in electronic format may be made available on websites maintained by one or more underwriters, or selling group members, if any, participating in this offering.

(1) The merger was accounted for as a reverse acquisition using the acquisition method of accounting, with pre-merger Spirit as the accounting acquirer. As a result, the historical financial information for the periods prior to the merger is that of pre-merger Spirit.

(2) Prior to the three months ended March 31, 2014, the ratio of earnings to combined fixed charges and preferred dividends was less than 1.00 as a result of losses from continuing operations for the periods ended December 31, 2013, 2012, 2011, 2010 and 2009.

Our ratios of earnings to combined fixed charges and preferred dividends are computed by dividing earnings by the sum of fixed charges and preferred dividends. For these purposes, earnings consist of pre-tax net loss from continuing operations plus fixed charges. Fixed charges consist of interest costs, amortization of deferred financing costs and discounts and premiums related to indebtedness. Interest income is not included in this computation. Preferred dividends consist of the amount of pre-tax earnings required to pay dividends on our 125 shares of Series A Cumulative Preferred Stock, \$0.01 par value per share, which were redeemed on December 20, 2012, for a redemption price of \$1,112.50 per share.

USE OF PROCEEDS

Unless otherwise indicated in the applicable prospectus supplement, we intend to loan or contribute the net proceeds from any sale of offered securities to our operating partnership. Our operating partnership will use the net proceeds from us for general business and working capital purposes, including the repayment of indebtedness or potential future acquisitions. Net proceeds from the sale of any offered securities initially may be temporarily invested in interest-bearing accounts and short-term, interest-bearing securities that are consistent with our intention to continue to qualify as a REIT for federal income tax purposes. Further details regarding the use of net proceeds from the sale of any offered securities will be set forth in the applicable prospectus supplement. We will not receive any proceeds from sales of securities by selling securityholders, if any, pursuant to this prospectus.

DESCRIPTION OF CAPITAL STOCK

The following is a summary of the material terms of our capital stock. For a complete description, you are urged to review in their entirety our charter and our bylaws, which are filed as exhibits to the registration statement of which this prospectus is a part, and applicable Maryland law. See [Where You Can Find More Information](#).

General

Our charter authorizes us to issue 750,000,000 shares of common stock, \$0.01 par value per share, and 20,000,000 shares of preferred stock, \$0.01 par value per share. Our board of directors has the power, without stockholder approval, to amend our charter to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series we are authorized to issue. As of May 6, 2014, there were 372,306,689 shares of our common stock issued and outstanding and no shares of our preferred stock issued and outstanding.

Under Maryland law, our stockholders generally are not liable for our debts or obligations solely as a result of their status as stockholders.

Common Stock

All shares of our common stock offered by this prospectus will, upon the receipt by us of the consideration therefor, be duly authorized, fully paid and nonassessable. Stockholders are entitled to receive dividends when, as and if authorized by our board of directors and declared by us out of assets legally available for the payment of dividends. Stockholders are also entitled to share ratably in our assets legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up, after payment of, or adequate provision for, all of our known debts and liabilities. These rights are subject to the preferential rights of any other class or series of our stock and to the provisions of our charter regarding restrictions on ownership and transfer of our stock.

Subject to our charter restrictions on ownership and transfer of our stock, each outstanding share of our common stockholders entitles the holder thereof to one vote on all matters submitted to a vote of stockholders, including the election of directors. Except as provided with respect to any other class or series of stock, our common stockholders will possess exclusive voting power. Cumulative voting in the election of directors is not permitted. Directors will be elected by a plurality of the votes cast at the meeting in which directors are being elected provided that a quorum is present. This means that the holders of a majority of the outstanding shares of our common stock can effectively elect all of the directors then standing for election, and the holders of the remaining shares will not be able to elect any directors.

Our common stockholders have no preference, conversion, exchange, sinking fund, redemption or appraisal rights and have no preemptive rights to subscribe for any of our capital stock. Our charter provides that our stockholders generally have no appraisal rights unless our board of directors determines prospectively that appraisal rights will apply to one or more transactions in which our common stockholders would otherwise be entitled to exercise such rights. Subject to our charter restrictions on ownership and transfer of our stock, holders of shares of our common stock will initially have equal dividend, liquidation and other rights.

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a statutory share exchange or engage in similar transactions unless declared advisable by the board of directors and approved by the affirmative vote of stockholders entitled to cast at least two-thirds of all of the votes entitled to be cast on the matter unless a lesser percentage (but not less than a majority of the votes entitled to be cast on the matter) is set forth in the corporation's charter. Our charter provides for approval of

these matters by the affirmative vote of stockholders entitled to cast a majority of the

Table of Contents

votes entitled to be cast on such matter, except that the affirmative vote of stockholders holding at least two-thirds of the shares entitled to vote on such matter is required to amend the provisions of our charter relating to the removal of directors, which also requires two-thirds of all votes entitled to be cast on the matter, and to amend the provisions of our charter relating to the vote required to amend the removal provisions. Maryland law also permits a corporation to transfer all or substantially all of its assets without the approval of its stockholders to an entity all of the equity interests of which are owned, directly or indirectly, by the corporation. Because our operating assets may be held by our operating partnership or its wholly-owned subsidiaries, these subsidiaries may be able to merge or transfer all or substantially all of their assets without the approval of our stockholders.

Our charter authorizes our board of directors to reclassify any unissued shares of our common stock into other classes or series of stock, to establish the designation and number of shares of each such class or series and to set, subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption of each such class or series. Thus, our board of directors could authorize the issuance of shares of common stock or preferred stock with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for our common stock or that our common stockholders otherwise believe to be in their best interests.

Preferred Stock

Under the terms of our charter, our board of directors is authorized to classify any unissued shares of our preferred stock and to reclassify any previously classified but unissued shares of preferred stock into other classes or series of stock. Before the issuance of shares of each class or series, our board of directors is required by Maryland law and by our charter to set, subject to our charter restrictions on ownership and transfer of stock, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption for each class or series. No shares of our preferred stock are outstanding.

Power to Issue Additional Shares of Common Stock and Preferred Stock

We believe that the power to issue additional shares of our common stock or preferred stock and to classify or reclassify unissued shares of our common stock or preferred stock and to issue the classified or reclassified shares provides us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. These actions can be taken without action by our stockholders, unless stockholder approval is required by applicable law or the rules of any stock exchange or automated quotation system on which our stock may be listed or traded. Although we have no present intention of doing so, we could issue a class or series of stock that could delay, defer or prevent a transaction or a change in control of our company that might involve a premium price for our common stock or that our common stockholders otherwise believe to be in their best interest. In addition, our issuance of additional shares of stock in the future could dilute the voting and other rights of your shares. See

Certain Provisions of Maryland Law and of Our Charter and Bylaws Anti-takeover Effect of Certain Provisions of Maryland Law and of Our Charter and Bylaws.

Meetings and Special Voting Requirements

An annual meeting of our stockholders will be held each year on the date and at the time and place set by our board of directors. Special meetings of stockholders may be called by our board of directors, the chairman of our board of directors, our president or our chief executive officer. Additionally, subject to the provisions of our bylaws, special meetings of the stockholders must be called by our secretary upon the written request of stockholders entitled to cast not less than a majority of the votes entitled to be cast at such meeting who have requested the special meeting in

accordance with the procedures set forth in, and provided the information and certifications required by, our bylaws. The presence at a meeting, either in person or by proxy, of stockholders

Table of Contents

entitled to cast a majority of all the votes entitled to be cast at such meeting of stockholders will constitute a quorum. Generally, the affirmative vote of a majority of all votes cast is necessary to take stockholder action, except that a plurality of the votes cast at a meeting at which a quorum is present is sufficient to elect a director and a majority of the votes entitled to be cast is required to approve certain extraordinary matters such as mergers, certain amendments to our charter or the sale of all or substantially all of our assets. Cumulative voting of shares is not permitted.

Restrictions on Ownership and Transfer

In order for us to qualify as a REIT under the Internal Revenue Code of 1986, as amended, or the Code, our stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. Also, not more than 50% of the value of the outstanding shares of stock (taking into account certain options to acquire shares of stock) may be owned, directly or through certain constructive ownership rules by five or fewer individuals (as defined in the Code to include certain entities such as private foundations) at any time during the last half of a taxable year.

Our charter contains restrictions on the ownership and transfer of our stock that are intended to assist us in complying with these requirements and continuing to qualify as a REIT. The relevant sections of our charter provide that, subject to the exceptions described below, no person or entity may actually or beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, more than 9.8% (in value or in number of shares, whichever is more restrictive) of the outstanding shares of our common stock or 9.8% in value of the aggregate of the outstanding shares of all classes and series of our stock, in each case excluding any shares of our stock that are not treated as outstanding for federal income tax purposes. We refer to each of these restrictions as an ownership limit and collectively as the ownership limits. A person or entity that would have acquired actual, beneficial or constructive ownership of our stock but for the application of the ownership limits or any of the other restrictions on ownership and transfer of our stock discussed below is referred to as a prohibited owner. For purposes of this provision, we will not include a group as that term is used for purposes of Rule 13d-5(b) or Section 13(d)(3) of the Exchange Act in the definition of person.

The constructive ownership rules under the Code are complex and may cause stock owned actually or constructively by a group of related individuals and/or entities to be owned constructively by one individual or entity. As a result, the acquisition of less than 9.8% of our common stock (or the acquisition of an interest in an entity that owns, actually or constructively, our common stock) by an individual or entity could, nevertheless, cause that individual or entity, or another individual or entity, to own constructively in excess of 9.8% (in value or in number of shares, whichever is more restrictive) of the outstanding shares of our common stock and thereby violate the applicable ownership limit.

Our charter provides that our board of directors, subject to certain limits including the directors' duties under applicable law, may retroactively exempt and shall prospectively exempt a person from either or both of the ownership limits and, if necessary, establish a different limit on ownership for such person if it determines that such exemption could not cause or permit:

five or fewer individuals to actually or beneficially own more than 49% in value of the outstanding shares of all classes or series of our stock; or

us to own, actually or constructively, an interest in a tenant of ours (or a tenant of any entity owned in whole or in part by us).

As a condition of the exception, our board of directors may require an opinion of counsel or a ruling from the Internal Revenue Service, or the IRS, in either case in form and substance satisfactory to our board of directors, in its sole and absolute discretion, in order to determine or ensure our status as a REIT and such representations, covenants and/or undertakings as are necessary or prudent to make the determinations above. Notwithstanding the receipt of any ruling or opinion, our board of directors may impose such conditions or restrictions as it deems appropriate in connection with such an exception.

Table of Contents

In connection with a waiver of an ownership limit or at any other time, our board of directors may, in its sole and absolute discretion, increase or decrease one or both of the ownership limits for one or more persons, except that a decreased ownership limit will not be effective for any person whose actual, beneficial or constructive ownership of our stock exceeds the decreased ownership limit at the time of the decrease until the person's actual, beneficial or constructive ownership of our stock equals or falls below the decreased ownership limit, although any further acquisition of our stock will violate the decreased ownership limit. Our board of directors may not increase or decrease any ownership limit if the new ownership limit would allow five or fewer persons to actually or beneficially own more than 49% in value of our outstanding stock or could cause us to be closely held under Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or otherwise cause us to fail to qualify as a REIT.

Our charter further prohibits:

any person from actually, beneficially or constructively owning shares of our stock that could result in us being closely held under Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or otherwise cause us to fail to qualify as a REIT (including, but not limited to, actual, beneficial or constructive ownership of shares of our stock that could result in us owning (actually or constructively) an interest in a tenant that is described in Section 856(d)(2)(B) of the Code if the income we derive from such tenant, taking into account our other income that would not qualify under the gross income requirements of Section 856(c) of the Code, would cause us to fail to satisfy any the gross income requirements imposed on REITs); and

any person from transferring shares of our stock if such transfer would result in shares of our stock being beneficially owned by fewer than 100 persons (determined without reference to any rules of attribution). Any person who acquires or attempts or intends to acquire actual, beneficial or constructive ownership of shares of our stock that will or may violate the ownership limits or any of the other restrictions on ownership and transfer of our stock described above must give written notice immediately to us or, in the case of a proposed or attempted transaction, provide us at least 15 days prior written notice, and provide us with such other information as we may request in order to determine the effect of such transfer on our status as a REIT.

The ownership limits and other restrictions on ownership and transfer of our stock described above will not apply if our board of directors determines that it is no longer in our best interests to continue to qualify as a REIT or that compliance is no longer required in order for us to qualify as a REIT.

Pursuant to our charter, if any purported transfer of our stock or any other event would otherwise result in any person violating the ownership limits or such other limit established by our board of directors, or could result in us being closely held within the meaning of Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or otherwise failing to qualify as a REIT, then the number of shares causing the violation (rounded up to the nearest whole share) will be automatically transferred to, and held by, a trust for the exclusive benefit of one or more charitable beneficiaries selected by us. The prohibited owner will have no rights in shares of our stock held by the trustee. The automatic transfer will be effective as of the close of business on the business day prior to the date of the violative transfer or other event that results in the transfer to the trust. Any dividend or other distribution paid to the prohibited owner, prior to our discovery that the shares had been automatically transferred to a trust as described above, must be repaid to the trustee upon demand. If the transfer to the trust as described above is not automatically effective, for any reason, to prevent violation of the applicable restriction

on ownership and transfer of our stock, then the transfer of the number of shares that otherwise would cause any person to violate the above restrictions will be void and of no force or effect and the intended transferee will acquire no rights in the shares. Pursuant to our charter, if any transfer of our stock would result in shares of our stock being beneficially owned by fewer than 100 persons (determined without reference to any rules of attribution), then any such purported transfer will be void and of no force or effect and the intended transferee will acquire no rights in the shares.

Table of Contents

Our charter provides that shares of our stock transferred to the trustee are deemed offered for sale to us, or our designee, at a price per share equal to the lesser of (1) the price per share in the transaction that resulted in the transfer of the shares to the trust (or, in the event of a gift, devise or other such transaction, the last sale price reported on the NYSE on the day of the transfer or other event that resulted in the transfer of such shares to the trust) and (2) the last sale price reported on the NYSE on the date we accept, or our designee accepts, such offer. We must reduce the amount payable to the prohibited owner by the amount of dividends and distributions paid to the prohibited owner and owed by the prohibited owner to the trustee and pay the amount of such reduction to the trustee for the benefit of the charitable beneficiary. We have the right to accept such offer until the trustee has sold the shares of our stock held in the trust. Upon a sale to us, the interest of the charitable beneficiary in the shares sold terminates and the trustee must distribute the net proceeds of the sale to the prohibited owner and any dividends or other distributions held by the trustee with respect to such stock will be paid to the charitable beneficiary.

If we do not buy the shares, the trustee must, within 20 days of receiving notice from us of the transfer of shares to the trust, sell the shares to a person or persons designated by the trustee who could own the shares without violating the ownership limits or other restrictions on ownership and transfer of our stock. Upon such sale, the trustee must distribute to the prohibited owner an amount equal to the lesser of (1) the price paid by the prohibited owner for the shares (or, if the prohibited owner did not give value in connection with the transfer or other event that resulted in the transfer to the trust (e.g., a gift, devise or other such transaction), the last sale price reported on the NYSE on the day of the transfer or other event that resulted in the transfer of such shares to the trust) and (2) the sales proceeds (net of commissions and other expenses of sale) received by the trustee for the shares. The trustee must reduce the amount payable to the prohibited owner by the amount of dividends and other distributions paid to the prohibited owner and owed by the prohibited owner to the trustee. Any net sales proceeds in excess of the amount payable to the prohibited owner will be immediately paid to the charitable beneficiary, together with any dividends or other distributions thereon. In addition, if prior to discovery by us that shares of our stock have been transferred to the trustee, such shares of stock are sold by a prohibited owner, then our charter provides that such shares shall be deemed to have been sold on behalf of the trust and, to the extent that the prohibited owner received an amount for or in respect of such shares that exceeds the amount that such prohibited owner was entitled to receive, such excess amount shall be paid to the trustee upon demand.

The trustee will be designated by us and will be unaffiliated with us and with any prohibited owner. Our charter provides that prior to the sale of any shares by the trust, the trustee will receive, in trust for the beneficiary, all dividends and other distributions paid by us with respect to such shares, and may exercise all voting rights with respect to such shares for the exclusive benefit of the charitable beneficiary.

Subject to Maryland law, effective as of the date that the shares have been transferred to the trust, the trustee may, at the trustee's sole discretion:

rescind as void any vote cast by a prohibited owner prior to our discovery that the shares have been transferred to the trust; and

recast the vote in accordance with the desires of the trustee acting for the benefit of the beneficiary of the trust.

However, if we have already taken irreversible corporate action, then the trustee may not rescind and recast the vote.

If our board of directors determines in good faith that a proposed transfer or other event has taken place that violates the restrictions on ownership and transfer of our stock set forth in our charter, our board of directors may take such action as it deems advisable in its sole discretion to refuse to give effect to or to prevent such transfer, including, but not limited to, causing us to redeem shares of stock, refusing to give effect to the transfer on our books or instituting proceedings to enjoin the transfer.

Table of Contents

Every owner of 5% or more (or such lower percentage as required by the Code or the Treasury Regulations promulgated thereunder) of the outstanding shares of our stock, within 30 days after the end of each taxable year, must give written notice to us stating the name and address of such owner, the number of shares of each class and series of our stock that the owner actually or beneficially owns and a description of the manner in which the shares are held. Each such owner also must provide us with any additional information that we request in order to determine the effect, if any, of the person's actual or beneficial ownership on our status as a REIT and to ensure compliance with the ownership limits and the other restrictions on ownership and transfer of our stock set forth in our charter. In addition, any person that is an actual, beneficial owner or constructive owner of shares of our stock and any person (including the stockholder of record) who is holding shares of our stock for an actual, beneficial owner or constructive owner must, on request, disclose to us in writing such information as we may request in good faith in order to determine our status as a REIT and comply with requirements of any taxing authority or governmental authority or to determine such compliance.

Any certificates representing shares of our stock will bear a legend referring to the restrictions on ownership and transfer of our stock described above.

These restrictions on ownership and transfer could delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for our common stock that our stockholders believe to be in their best interest.

Covenants

We will set forth in the applicable prospectus supplement any restrictive covenants applicable to any issue of debt securities. (Article IV)

No Protection in the Event of a Change of Control

Unless we state otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions which may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) which could adversely affect holders of debt securities.

Consolidation, Merger and Sale of Assets

We may not consolidate with or merge with or into, or convey, transfer or lease all or substantially all of our properties and assets to any person (a successor person) unless:

we are the surviving corporation or the successor person (if other than Spirit Realty Capital, Inc.) is a corporation organized and validly existing under the laws of any U.S. domestic jurisdiction and expressly assumes our obligations on the debt securities and under the indenture; and

immediately after giving effect to the transaction, no Default or Event of Default, shall have occurred and be continuing.

Notwithstanding the above, any of our subsidiaries may consolidate with, merge into or transfer all or part of its properties to us. (Section 5.1)

Table of Contents

Events of Default

default in the payment of any interest upon any debt security of that series when it becomes due and payable, and continuance of such default for a period of 30 days (unless the entire amount of the payment is deposited by us with the trustee or with a paying agent prior to the expiration of the 30-day period);

default in the payment of principal of any security of that series at its maturity;

default in the performance or breach of any other covenant or warranty by us in the indenture (other than a covenant or warranty that has been included in the indenture solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 60 days after we receive written notice from the trustee or Spirit Realty Capital, Inc. and the trustee receive written notice from the holders of not less than 25% in principal amount of the outstanding debt securities of that series as provided in the indenture;

certain voluntary or involuntary events of bankruptcy, insolvency or reorganization of Spirit Realty Capital, Inc.;

any other Event of Default provided with respect to debt securities of that series that is described in the applicable prospectus supplement. (Section 6.1)

No Event of Default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an Event of Default with respect to any other series of debt securities. (Section 6.1) The occurrence of certain Events of Default or an acceleration under the indenture may constitute an event of default under certain indebtedness of ours or our subsidiaries outstanding from time to time.

We will provide the trustee written notice of any Default or Event of Default within 30 days of becoming aware of the occurrence of such Default or Event of Default, which notice will describe in reasonable detail the status of such Default or Event of Default and what action we are taking or propose to take in respect thereof. (Section 6.1)

If an Event of Default with respect to debt securities of any series at the time outstanding occurs and is continuing, then the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may, by a notice in writing to us (and to the trustee if given by the holders), declare to be due and payable immediately the principal of (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) and accrued and unpaid interest, if any, on all debt securities of that series. In the case of an Event of Default resulting from certain events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) of and accrued and unpaid interest, if any, on all outstanding debt securities will become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of a majority in principal amount of the outstanding debt securities of that series

may rescind and annul the acceleration if all Events of Default, other than the non-payment of accelerated principal and interest, if any, with respect to debt securities of that series, have been cured or waived as provided in the indenture. (Section 6.2) We refer you to the prospectus supplement relating to any series of debt securities that are discount securities for the particular provisions relating to acceleration of a portion of the principal amount of such discount securities upon the occurrence of an Event of Default.

The indenture provides that the trustee may refuse to perform any duty or exercise any of its rights or powers under the indenture unless the trustee receives indemnity satisfactory to it against any cost, liability or expense which might be incurred by it in performing such duty or exercising such right or power. (Section 7.1(e)) Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for

any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. (Section 6.12)

No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or for the appointment of a receiver or trustee, or for any remedy under the indenture, unless:

that holder has previously given to the trustee written notice of a continuing Event of Default with respect to debt securities of that series; and

the holders of not less than 25% in principal amount of the outstanding debt securities of that series have made written request, and offered indemnity or security satisfactory to the trustee, to the trustee to institute the proceeding as trustee, and the trustee has not received from the holders of not less than a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days. (Section 6.7)

Notwithstanding any other provision in the indenture, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, and any interest on that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment. (Section 6.8)

The indenture requires us, within 120 days after the end of our fiscal year, to furnish to the trustee a statement as to compliance with the indenture. (Section 4.3) If a Default or Event of Default occurs and is continuing with respect to the securities of any series and if it is known to a responsible officer of the trustee, the trustee shall mail to each Securityholder of the securities of that series notice of a Default or Event of Default within 90 days after it occurs or if later, after a responsible officer of the trustee has knowledge of such Default or Event of Default. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any Default or Event of Default (except in payment on any debt securities of that series) with respect to debt securities of that series if the trustee determines in good faith that withholding notice is in the interest of the holders of those debt securities. (Section 7.5)

Modification and Waiver

We and the trustee may amend or supplement the indenture or the debt securities of any series without the consent of any holder of any debt security:

to cure any ambiguity, defect or inconsistency;

to comply with covenants in the indenture described above under the heading Consolidation, Merger and Sale of Assets ;

to provide for uncertificated securities in addition to or in place of certificated securities;

to add guarantees with respect to debt securities of any series or secure debt securities of any series;

to surrender any of our rights or powers under the indenture;

to add covenants or events of default for the benefit of the holders of debt securities of any series;

to comply with the applicable procedures of the applicable depositary;

to make any change that does not adversely affect the rights of any holder of debt securities;

to provide for the issuance of and establish the form and terms and conditions of debt securities of any series as permitted by the indenture;

to effect the appointment of a successor trustee with respect to the debt securities of any series and to add to or change any of the provisions of the indenture to provide for or facilitate administration by more than one trustee; or

to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act. (Section 9.1)

Table of Contents

We may also modify and amend the indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments. We may not make any modification or amendment without the consent of the holders of each affected debt security then outstanding if that amendment will:

reduce the amount of debt securities whose holders must consent to an amendment, supplement or waiver;

reduce the rate of or extend the time for payment of interest (including default interest) on any debt security;

reduce the principal of or premium on or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities;

reduce the principal amount of discount securities payable upon acceleration of maturity;

waive a default in the payment of the principal of, premium or interest on any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from such acceleration);

make the principal of or premium or interest on any debt security payable in currency other than that stated in the debt security;

make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of, premium and interest on those debt securities and to institute suit for the enforcement of any such payment and to waivers or amendments; or

waive a redemption payment with respect to any debt security. (Section 9.3)

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive our compliance with provisions of the indenture. (Section 9.2) The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of such series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal of, premium or any interest on any debt security of that series; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration. (Section 6.13)

Defeasance of Debt Securities and Certain Covenants in Certain Circumstances

Legal Defeasance. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, we may be discharged from any and all obligations in respect of the debt securities of any series (subject to certain exceptions). We will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. Dollars, government obligations of the government that issued or caused to be issued such currency, that, through the payment of interest and principal in accordance with their terms, will provide money or U.S. government obligations in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities.

This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel stating that we have received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the indenture, there has been a change in the applicable United States

Table of Contents

federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred. (Section 8.3)

Defeasance of Certain Covenants. The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with certain conditions:

we may omit to comply with the covenant described under the heading Consolidation, Merger and Sale of Assets and certain other covenants set forth in the indenture, as well as any additional covenants which may be set forth in the applicable prospectus supplement; and

any omission to comply with those covenants will not constitute a Default or an Event of Default with respect to the debt securities of that series (covenant defeasance).

The conditions include:

depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. Dollars, government obligations of the government that issued or caused to be issued such currency, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants or investment bank to pay and discharge each installment of principal of, premium and interest on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities; and

delivering to the trustee an opinion of counsel to the effect that we have received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the Indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the holders of the debt securities of that series will not recognize income, gain or loss for United States federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to United States federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred. (Section 8.4)

No Personal Liability of Directors, Officers, Employees or Stockholders

None of our past, present or future directors, officers, employees or stockholders, as such, will have any liability for any of our obligations under the debt securities or the indenture or for any claim based on, or in respect or by reason of, such obligations or their creation. By accepting a debt security, each holder waives and releases all such liability. This waiver and release is part of the consideration for the issue of the debt securities. However, this waiver and release may not be effective to waive liabilities under U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Governing Law

The indenture and the debt securities, including any claim or controversy arising out of or relating to the indenture or the securities, will be governed by the laws of the State of New York. (Section 10.10)

GLOBAL SECURITIES

Book-Entry, Delivery and Form

Unless we indicate differently in a prospectus supplement, the securities initially will be issued in book-entry form and represented by one or more global notes or global securities, or, collectively, global securities. The global securities will be deposited with, or on behalf of, The Depository Trust Company, New York, New York, as depository, or DTC, and registered in the name of Cede & Co., the nominee of DTC. Unless and until it is exchanged for individual certificates evidencing securities under the limited circumstances described below, a global security may not be transferred except as a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository.

DTC has advised us that it is:

a limited-purpose trust company organized under the New York Banking Law;

a banking organization within the meaning of the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation within the meaning of the New York Uniform Commercial Code; and

a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among its participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants in DTC include securities brokers and dealers, including underwriters, banks, trust companies, clearing corporations and other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others, which we sometimes refer to as indirect participants, that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

Purchases of securities under the DTC system must be made by or through direct participants, which will receive a credit for the securities on DTC's records. The ownership interest of the actual purchaser of a security, which we sometimes refer to as a beneficial owner, is in turn recorded on the direct and indirect participants' records. Beneficial owners of securities will not receive written confirmation from DTC of their purchases. However, beneficial owners are expected to receive written confirmations providing details of their transactions, as well as periodic statements of their holdings, from the direct or indirect participants through which they purchased securities. Transfers of ownership interests in global securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the global

securities, except under the limited circumstances described below.

To facilitate subsequent transfers, all global securities deposited by direct participants with DTC will be registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of securities with DTC and their registration in the name of Cede & Co. or such other nominee will not change the beneficial ownership of the securities. DTC has no knowledge of the actual beneficial owners of the securities. DTC's records reflect only the identity of the direct participants to whose accounts the securities are credited, which may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

Table of Contents

So long as the securities are in book-entry form, you will receive payments and may transfer securities only through the facilities of the depository and its direct and indirect participants. We will maintain an office or agency in the location specified in the prospectus supplement for the applicable securities, where notices and demands in respect of the securities and the indenture may be delivered to us and where certificated securities may be surrendered for payment, registration of transfer or exchange.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any legal requirements in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the securities of a particular series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in the securities of such series to be redeemed.

Neither DTC nor Cede & Co. (or such other DTC nominee) will consent or vote with respect to the securities. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the consenting or voting rights of Cede & Co. to those direct participants to whose accounts the securities of such series are credited on the record date, identified in a listing attached to the omnibus proxy.

So long as securities are in book-entry form, we will make payments on those securities to the depository or its nominee, as the registered owner of such securities, by wire transfer of immediately available funds. If securities are issued in definitive certificated form under the limited circumstances described below, we will have the option of making payments by check mailed to the addresses of the persons entitled to payment or by wire transfer to bank accounts in the United States designated in writing to the applicable trustee or other designated party at least 15 days before the applicable payment date by the persons entitled to payment, unless a shorter period is satisfactory to the applicable trustee or other designated party.

Redemption proceeds, distributions and dividend payments on the securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts upon DTC's receipt of funds and corresponding detail information from us on the payment date in accordance with their respective holdings shown on DTC records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the account of customers in bearer form or registered in street name. Those payments will be the responsibility of participants and not of DTC or us, subject to any statutory or regulatory requirements in effect from time to time. Payment of redemption proceeds, distributions and dividend payments to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is our responsibility, disbursement of payments to direct participants is the responsibility of DTC, and disbursement of payments to the beneficial owners is the responsibility of direct and indirect participants.

Except under the limited circumstances described below, purchasers of securities will not be entitled to have securities registered in their names and will not receive physical delivery of securities. Accordingly, each beneficial owner must rely on the procedures of DTC and its participants to exercise any rights under the securities and the indenture.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. Those laws may impair the ability to transfer or pledge beneficial interests in securities.

DTC may discontinue providing its services as securities depository with respect to the securities at any time by giving reasonable notice to us. Under such circumstances, in the event that a successor depository is not obtained,

securities certificates are required to be printed and delivered.

Table of Contents

As noted above, beneficial owners of a particular series of securities generally will not receive certificates representing their ownership interests in those securities. However, if:

DTC notifies us that it is unwilling or unable to continue as a depository for the global security or securities representing such series of securities or if DTC ceases to be a clearing agency registered under the Exchange Act at a time when it is required to be registered and a successor depository is not appointed within 90 days of the notification to us or of our becoming aware of DTC's ceasing to be so registered, as the case may be;

we determine, in our sole discretion, not to have such securities represented by one or more global securities; or

an Event of Default has occurred and is continuing with respect to such series of securities, we will prepare and deliver certificates for such securities in exchange for beneficial interests in the global securities. Any beneficial interest in a global security that is exchangeable under the circumstances described in the preceding sentence will be exchangeable for securities in definitive certificated form registered in the names that the depository directs. It is expected that these directions will be based upon directions received by the depository from its participants with respect to ownership of beneficial interests in the global securities.

We have obtained the information in this section and elsewhere in this prospectus concerning DTC and DTC's book-entry system from sources that are believed to be reliable, but we take no responsibility for the accuracy of this information.

CERTAIN PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS

The following summary of certain provisions of Maryland law and our charter and bylaws does not purport to be complete and is subject to and qualified in its entirety by reference to Maryland law and to our charter and bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus is a part. See [Where You Can Find More Information](#).

Our Board of Directors

According to our charter and bylaws, the number of directors of our company may be established, increased or decreased only by a majority of our entire board of directors but may not be fewer than the minimum number required under the Maryland General Corporation Law, or the MGCL (which is one), nor, unless our bylaws are amended, more than 15. The number of directors is currently fixed at nine. Our charter provides that, at such time as we have a class of securities registered under the Exchange Act and at least three independent directors (which we have as of the date of this prospectus), we elect to be subject to a provision of Maryland law requiring that vacancies on our board of directors may be filled only by an affirmative vote of a majority of the remaining directors and that any individual elected to fill a vacancy will serve for the remainder of the full term of the directorship in which the vacancy occurred and until his or her successor is duly elected and qualifies.

Each of our directors will be elected by our common stockholders to serve until the next annual meeting of our stockholders and until his or her successor is duly elected and qualifies under the MGCL. Holders of shares of our common stock will have no right to cumulative voting in the election of directors. Directors are elected by a plurality of the votes cast.

Removal of Directors

Our charter provides that, subject to the rights of holders of one or more classes or series of preferred stock to elect or remove one or more directors, a director may be removed only for cause (as defined in our charter) and only by the affirmative vote of at least two-thirds of the votes entitled to be cast generally in the election of directors. This provision, when coupled with the exclusive power of our board of directors to fill vacant directorships, precludes stockholders from removing incumbent directors and filling the vacancies created by such removal with their own nominees.

Business Combinations

Under the MGCL, certain business combinations (including a merger, consolidation, statutory share exchange or, in certain circumstances specified under the statute, an asset transfer or issuance or reclassification of equity securities) between a Maryland corporation and any interested stockholder, or an affiliate of such an interested stockholder, are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. Maryland law defines an interested stockholder as:

any person who beneficially owns, directly or indirectly, 10% or more of the voting power of the corporation's outstanding voting stock; or

an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then-outstanding voting stock of the corporation.

A person is not an interested stockholder under the MGCL if the board of directors approved in advance the transaction by which the person otherwise would have become an interested stockholder. In approving a transaction, the board of directors may provide that its approval is subject to compliance, at or after the time of the approval, with any terms and conditions determined by it.

Table of Contents

After such five-year period, any such business combination must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom (or with whose affiliate) the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These supermajority approval requirements do not apply if, among other conditions, the corporation's common stockholders receive a minimum price (as defined in the MGCL) for their shares and the consideration is received in cash or in the same form as previously paid by the interested stockholder for its shares.

These provisions of the MGCL do not apply, however, to business combinations that are approved or exempted by a corporation's board of directors prior to the time that the interested stockholder becomes an interested stockholder. Our board of directors has, by board resolution, elected to opt out of the business combination provisions of the MGCL.

We cannot assure you that our board of directors will not opt for us to be subject to such business combination provisions in the future. However, an alteration or repeal of this resolution will not have any effect on any business combinations that have been consummated prior to or upon any agreements existing at the time of such modification or repeal.

Control Share Acquisitions

The MGCL provides that a holder of control shares of a Maryland corporation acquired in a control share acquisition has no voting rights with respect to those shares except to the extent approved by the affirmative vote of at least two-thirds of the votes entitled to be cast by stockholders entitled to exercise or direct the exercise of the voting power in the election of directors generally but excluding: (1) the person who has made or proposes to make the control share acquisition; (2) any officer of the corporation; or (3) any employee of the corporation who is also a director of the corporation. Control shares are voting shares of stock that, if aggregated with all other such shares of stock previously acquired by the acquirer or in respect of which the acquirer is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquirer to exercise voting power in electing directors within one of the following ranges of:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority or more of all voting power.

Control shares do not include shares that the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition, directly or indirectly, of ownership of, or the power to direct the exercise of voting power with respect to, issued and outstanding control shares, subject to

certain exceptions.

A person who has made or proposes to make a control share acquisition, upon satisfaction of certain conditions (including an undertaking to pay expenses and making an acquiring person statement as described in the MGCL), may compel the board of directors of the company to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the control shares. If no request for a special meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights of control shares are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then, subject to certain conditions and limitations, the corporation may redeem any or all of the control shares (except those for which voting rights have previously

Table of Contents

been approved) for fair value determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquirer or of any meeting of stockholders at which the voting rights of such shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquirer becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of such appraisal rights may not be less than the highest price per share paid by the acquirer in the control share acquisition.

The control share acquisition statute does not apply (1) to shares acquired in a merger, consolidation or statutory share exchange if the corporation is a party to the transaction or (2) to acquisitions approved or exempted by the charter or bylaws of the corporation.

Our bylaws contain a provision exempting from the control share acquisition statute any and all control share acquisitions by any person of shares of our stock. Our board of directors may amend or eliminate this provision at any time in the future, whether before or after the acquisition of control shares.

Subtitle 8

Subtitle 8 of Title 3 of the MGCL permits a Maryland corporation with a class of equity securities registered under the Exchange Act and at least three independent directors to elect to be subject, by provision in its charter or bylaws or a resolution of its board of directors and notwithstanding any contrary provision in the charter or bylaws, to any or all of the following five provisions:

a classified board;

a two-thirds vote requirement for removing a director;

a requirement that the number of directors be fixed only by vote of the directors;

a requirement that a vacancy on the board be filled only by the remaining directors and for the remainder of the full term of the class of directors in which the vacancy occurred; or

a majority requirement for the calling of a special meeting of stockholders.

Our charter provides that, at such time as we become eligible to make a Subtitle 8 election (which we are as of the date of this prospectus), we elect to be subject to the provisions of Subtitle 8 relating to the filling of vacancies on our board of directors. Through provisions in our charter and bylaws unrelated to Subtitle 8, we already (1) require a two-thirds vote for the removal of any director from our board of directors, which removal must be for cause, (2) vest in our board of directors the exclusive power to fix the number of directorships, subject to limitations set forth in our charter and bylaws, and (3) require, unless called by the chairman of our board of directors, our president, our chief executive officer or our board of directors, the request of stockholders entitled to cast not less than a majority of all votes entitled to be cast on a matter at such meeting to call a special meeting. We have not elected to create a classified board. In the future, our board of directors may elect, without stockholder approval, to create a classified board or adopt one or more of the other provisions of Subtitle 8.

Amendments to Our Charter and Bylaws

Our charter generally may be amended only if such amendment is declared advisable by our board of directors and approved by the affirmative vote of stockholders entitled to cast a majority of the votes entitled to be cast on the matter, except that amendments to the provisions of our charter relating to the removal of directors and the vote required to amend the removal provision may be amended only with the approval of stockholders entitled to cast at least two-thirds of all of the votes entitled to be cast on the matter. Our board of directors has the exclusive power to adopt, alter or repeal any provision of our bylaws or to make new bylaws.

Table of Contents

Meetings of Stockholders

Under our bylaws, annual meetings of stockholders will be held each year at a date and time determined by our board of directors. Special meetings of stockholders may be called by our board of directors, the chairman of our board of directors, our president or our chief executive officer. Additionally, subject to the provisions of our bylaws, special meetings of the stockholders must be called by our secretary upon the written request of stockholders entitled to cast not less than a majority of the votes entitled to be cast at such meeting who have requested the special meeting in accordance with the procedures set forth in, and provided the information and certifications required by, our bylaws. Only matters set forth in the notice of the special meeting may be considered and acted upon at such a meeting.

Advance Notice of Director Nominations and New Business

Our bylaws provide that:

with respect to an annual meeting of stockholders, nominations of individuals for election to our board of directors and the proposal of business to be considered by stockholders at the annual meeting may be made only:

pursuant to our notice of the meeting;

by or at the direction of our board of directors; or

by a stockholder who was a stockholder of record both at the time of giving of the notice of the meeting and at the time of the annual meeting, who is entitled to vote at the meeting and who has complied with the advance notice procedures set forth in, and provided the information and certifications required by, our bylaws; and

with respect to special meetings of stockholders, only the business specified in our company's notice of meeting may be brought before the special meeting of stockholders, and nominations of individuals for election to our board of directors may be made only:

by or at the direction of our board of directors; or

provided that the meeting has been called in accordance with our bylaws for the purpose of electing directors, by a stockholder who is a stockholder of record both at the time of giving of the notice required by our bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated and who has complied with the advance notice provisions set forth in, and provided the information and certifications required by, our bylaws.

The purpose of requiring stockholders to give advance notice of nominations and other proposals is to afford our board of directors and our stockholders the opportunity to consider the qualifications of the proposed nominees or the

advisability of the other proposals and, to the extent considered necessary by our board of directors, to inform stockholders and make recommendations regarding the nominations or other proposals. Although our bylaws do not give our board of directors the power to disapprove timely stockholder nominations and proposals, our bylaws may have the effect of precluding a contest for the election of directors or proposals for other action if the proper procedures are not followed, and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors to our board of directors or to approve its own proposal.

Anti-takeover Effect of Certain Provisions of Maryland Law and of Our Charter and Bylaws

The restrictions on ownership and transfer of our stock, the supermajority vote required to remove directors, our election to be subject to the provision of Subtitle 8 vesting in our board of directors the exclusive power to fill vacancies on our board of directors and the stockholder-requested special meeting requirements and advance

Table of Contents

notice provisions of our bylaws could delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for our common stock or that our common stockholders otherwise believe to be in their best interests. Likewise, if our board of directors were to elect to be subject to the provision of Subtitle 8 providing for a classified board or the business combination provisions of the MGCL or if the provision in our bylaws opting out of the control share acquisition provisions of the MGCL were amended or rescinded, these provisions of the MGCL could have similar anti-takeover effects.

Limitation of Liability and Indemnification of Directors and Officers

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from actual receipt of an improper benefit or profit in money, property or services or active and deliberate dishonesty that is established by a final judgment adverse to the director or officer and is material to the cause of action. Our charter contains such a provision that eliminates such liability to the maximum extent permitted by Maryland law.

The MGCL requires a Maryland corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made or threatened to be made a party by reason of his or her service in that capacity. The MGCL permits a Maryland corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or are threatened to be made a party by reason of their service in those or other capacities unless it is established that:

the act or omission of the director or officer was material to the matter giving rise to the proceeding and:

was committed in bad faith; or

was the result of active and deliberate dishonesty;

the director or officer actually received an improper personal benefit in money, property or services; or

in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

However, under the MGCL, a Maryland corporation may not indemnify a director or officer for an adverse judgment in a suit by or in the right of the corporation or if the director or officer was adjudged liable on the basis that personal benefit was improperly received, unless in either case a court orders indemnification and then only for expenses. A court may order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification, even though the director or officer did not meet the prescribed standard of conduct or was adjudged liable on the basis that personal benefit was improperly received.

In addition, the MGCL permits a Maryland corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation; and

a written undertaking, which may be unsecured, by the director or officer or on the director's or officer's behalf to repay the amount paid if it shall ultimately be determined that the standard of conduct has not been met.

Table of Contents

Our charter authorizes us to obligate our company and our bylaws obligate us, to the fullest extent permitted by Maryland law in effect from time to time, to indemnify and to pay or reimburse reasonable expenses in advance of final disposition of a proceeding without requiring a preliminary determination of the director's or officer's ultimate entitlement to indemnification to:

any present or former director or officer who is made or threatened to be made a party to the proceeding by reason of his or her service in that capacity; or

any individual who, while a director or officer of our company and at our request, serves or has served as a director, officer, partner, member, manager, trustee, employee or agent of another corporation, real estate investment trust, partnership, limited liability company, joint venture, trust, employee benefit plan or any other enterprise and who is made or threatened to be made a party to the proceeding by reason of his or her service in that capacity.

Our charter and bylaws also permit us, with the approval of our board of directors, to indemnify and advance expenses to any person who served a predecessor of ours in any of the capacities described above and to any employee or agent of our company or a predecessor of our company.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers that obligate us to indemnify them to the maximum extent permitted by Maryland law as discussed under "Certain Provisions of Maryland Law and of Our Charter and Bylaws - Limitation of Liability and Indemnification of Directors and Officers." The indemnification agreements provide that, if a director or executive officer is a party or is threatened to be made a party to any proceeding by reason of his or her service as a director, officer, employee or agent of our company or as a director, officer, partner, member, manager or trustee of any other foreign or domestic corporation, real estate investment trust, partnership, limited liability company, joint venture, trust, employee benefit plan or other enterprise that he or she is or was serving in such capacity at our request, we must indemnify the director or executive officer for all expenses and liabilities actually and reasonably incurred by him or her, or on his or her behalf, to the maximum extent permitted under Maryland law, including in any proceeding brought by the director or executive officer to enforce his or her rights under the indemnification agreement, to the extent provided by the agreement. The indemnification agreements also require us to advance reasonable expenses incurred by the indemnitee within ten days of the receipt by us of a statement from the indemnitee requesting the advance, provided the statement evidences the expenses and is accompanied or preceded by:

a written affirmation of the indemnitee's good faith belief that he or she has met the standard of conduct necessary for indemnification; and

a written undertaking, which may be unsecured, by the indemnitee or on his or her behalf to repay the amount paid if it shall ultimately be established that the standard of conduct has not been met.

The indemnification agreements also provide for procedures for the determination of entitlement to indemnification, including requiring such determination be made by independent counsel after a change of control of us.

Our charter will permit us, and our bylaws obligate us, to the maximum extent permitted by Maryland law, to indemnify and to pay or reimburse reasonable expenses in advance of final disposition of a proceeding to (1) any of our present or former directors or officers who is made or threatened to be made a party to the proceeding by reason of his or her service in that capacity or (2) any individual who, while serving as our director or officer and at our request, serves or has served as a director, officer, partner, member, manager, trustee, employee or agent of another corporation, real estate investment trust, partnership, limited liability company, joint venture, trust, employee benefit plan or any other enterprise and who is made or threatened to be made a party to the proceeding by reason of his or her service in that capacity, as discussed under Certain Provisions of Maryland Law and of Our Charter and Bylaws Limitation of Liability and Indemnification of Directors and Officers.

Table of Contents

In addition, our directors and officers are entitled to indemnification pursuant to the terms of the partnership agreement of our operating partnership.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling our company pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Restrictions on Ownership and Transfer of our Stock

Our charter contains restrictions on the ownership and transfer of our stock that are intended to assist us in continuing to qualify as a REIT. Subject to certain exceptions, our charter provides that no person or entity may beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, more than 9.8% (in value or in number of shares, whichever is more restrictive) of the outstanding shares of our common stock, or 9.8% (in value) of the aggregate of the outstanding shares of all classes and series of our stock. For more information regarding these and other restrictions on the ownership and transfer of our stock imposed by our charter, see

Description of Our Capital Stock Restrictions on Ownership and Transfer.

REIT Qualification

Our charter provides that our board of directors may revoke or otherwise terminate our REIT election, without approval of our stockholders, if it determines that it is no longer in our best interest to continue to be qualified as a REIT. Our charter also provides that our board of directors may determine that compliance with the restrictions on ownership and transfer of our stock is no longer required for us to qualify as a REIT.

FEDERAL INCOME TAX CONSIDERATIONS

The following is a general summary of certain material U.S. federal income tax considerations regarding our company and the purchase, ownership or disposition of our capital stock and debt securities. Supplemental U.S. federal income tax considerations relevant to the ownership of the securities offered by this prospectus may be provided in the prospectus supplement that relates to those securities. For purposes of this discussion, references to we, our and us mean only Spirit Realty Capital, Inc. and do not include any of its subsidiaries, except as otherwise indicated. This summary is for general information only and is not tax advice. The information in this summary is based on:

the Code;

current, temporary and proposed Treasury Regulations promulgated under the Code;

the legislative history of the Code;

administrative interpretations and practices of the IRS; and

court decisions;

in each case, as of the date of this prospectus. In addition, the administrative interpretations and practices of the IRS include its practices and policies as expressed in private letter rulings that are not binding on the IRS except with respect to the particular taxpayers who requested and received those rulings. The sections of the Code and the corresponding Treasury Regulations that relate to qualification and taxation as a REIT are highly technical and complex. The following discussion sets forth certain material aspects of the sections of the Code that govern the federal income tax treatment of a REIT and holders of its capital stock and debt securities. This summary is qualified in its entirety by the applicable Code provisions, Treasury Regulations promulgated under the Code, and administrative and judicial interpretations thereof. Future legislation, Treasury Regulations, administrative interpretations and practices and/or court decisions may adversely affect the tax considerations contained in this discussion. Any such change could apply retroactively to transactions preceding the date of the change. We have not requested and do not intend to request a ruling from the IRS that we qualify as a REIT, and the statements in this prospectus are not binding on the IRS or any court. Thus, we can provide no assurance that the tax considerations contained in this discussion will not be challenged by the IRS or will be sustained by a court if challenged by the IRS. This summary does not discuss any state, local or non-U.S. tax consequences associated with the purchase, ownership, or disposition of our capital stock or debt securities, or our election to be taxed as a REIT.

You are urged to consult your tax advisors regarding the tax consequences to you of:

the purchase, ownership or disposition of our capital stock or debt securities, including the federal, state, local, non-U.S. and other tax consequences;

our election to be taxed as a REIT for federal income tax purposes; and

potential changes in applicable tax laws.

Taxation of Our Company

General

We have elected to be taxed as a REIT under Sections 856 through 860 of the Code commencing with our taxable year ended December 31, 2005. We believe that we have been organized and have operated in a manner that has allowed us to qualify for taxation as a REIT under the Code commencing with such taxable year, and we intend to continue to be organized and operate in this manner. However, qualification and taxation as a REIT depend upon our ability to meet the various qualification tests imposed under the Code, including through actual annual operating results, asset composition, distribution levels and diversity of stock ownership. Accordingly, no assurance can be given that we have been organized and have operated, or will continue to be organized and operate, in a manner so as to qualify or remain qualified as a REIT. See Failure to Qualify.

Table of Contents

Latham & Watkins LLP has acted as our tax counsel in connection with this prospectus and our federal income tax status as a REIT. Latham & Watkins LLP has rendered an opinion to us to the effect that, commencing with our taxable year ended December 31, 2005, we have been organized and have operated in conformity with the requirements for qualification and taxation as a REIT under the Code, and our proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT under the Code. It must be emphasized that this opinion was based on various assumptions and representations as to factual matters, including representations made by us in a factual certificate provided by one or more of our officers. In addition, this opinion was based upon our factual representations set forth in this prospectus. Moreover, our qualification and taxation as a REIT depend upon our ability to meet the various qualification tests imposed under the Code, which are discussed below, including through actual annual operating results, asset composition, distribution levels and diversity of stock ownership, the results of which have not been and will not be reviewed by Latham & Watkins LLP. Accordingly, no assurance can be given that our actual results of operations for any particular taxable year will satisfy those requirements. Further, the anticipated federal income tax treatment described in this discussion may be changed, perhaps retroactively, by legislative, administrative or judicial action at any time. Latham & Watkins LLP has no obligation to update its opinion subsequent to the date of such opinion.

Provided we qualify for taxation as a REIT, we generally will not be required to pay federal corporate income taxes on our REIT taxable income that is currently distributed to our stockholders. This treatment substantially eliminates the double taxation that ordinarily results from investment in a C corporation. A C corporation is a corporation that generally is required to pay tax at the corporate level. Double taxation means taxation once at the corporate level when income is earned and once again at the stockholder level when the income is distributed. We will, however, be required to pay federal income tax as follows:

First, we will be required to pay tax at regular corporate rates on any undistributed REIT taxable income, including undistributed net capital gains.

Second, we may be required to pay the alternative minimum tax on our items of tax preference under some circumstances.

Third, if we have (1) net income from the sale or other disposition of foreclosure property held primarily for sale to customers in the ordinary course of business or (2) other nonqualifying income from foreclosure property, we will be required to pay tax at the highest corporate rate on this income. To the extent that income from foreclosure property is otherwise qualifying income for purposes of the 75% gross income test, this tax is not applicable. Subject to certain other requirements, foreclosure property generally is defined as property we acquired through foreclosure or after a default on a loan secured by the property or a lease of the property.

Fourth, we will be required to pay a 100% tax on any net income from prohibited transactions. Prohibited transactions are, in general, sales or other taxable dispositions of property, other than foreclosure property, held as inventory or primarily for sale to customers in the ordinary course of business.

Fifth, if we fail to satisfy the 75% gross income test or the 95% gross income test, as described below, but have otherwise maintained our qualification as a REIT because certain other requirements are met, we will be required to pay a tax equal to (1) the greater of (A) the amount by which we fail to satisfy the 75% gross income test and (B) the amount by which we fail to satisfy the 95% gross income test, multiplied by (2) a fraction intended to reflect our profitability.

Sixth, if we fail to satisfy any of the asset tests (other than a de minimis failure of the 5% or 10% asset test), as described below, due to reasonable cause and not due to willful neglect, and we nonetheless maintain our REIT qualification because of specified cure provisions, we will be required to pay a tax equal to the greater of \$50,000 or the highest corporate tax rate multiplied by the net income generated by the nonqualifying assets that caused us to fail such test.

Table of Contents

Seventh, if we fail to satisfy any provision of the Code that would result in our failure to qualify as a REIT (other than a violation of the gross income tests or certain violations of the asset tests, as described below) and the violation is due to reasonable cause and not due to willful neglect, we may retain our REIT qualification but we will be required to pay a penalty of \$50,000 for each such failure.

Eighth, we will be required to pay a 4% excise tax to the extent we fail to distribute during each calendar year at least the sum of (1) 85% of our ordinary income for the year, (2) 95% of our capital gain net income for the year, and (3) any undistributed taxable income from prior periods.

Ninth, if we acquire any asset from a corporation that is or has been a C corporation in a transaction in which our initial tax basis in the asset is less than the fair market value of the asset, in each case determined as of the date on which we acquired the asset, and we subsequently recognize gain on the disposition of the asset during the ten-year period beginning on the date on which we acquired the asset, then we will be required to pay tax at the highest regular corporate tax rate on this gain to the extent of the excess of (1) the fair market value of the asset over (2) our adjusted tax basis in the asset, in each case determined as of the date on which we acquired the asset. The results described in this paragraph with respect to the recognition of gain assume that the C corporation will refrain from making an election to receive different treatment under applicable Treasury Regulations on its tax return for the year in which we acquire the asset from the C corporation. Treasury Regulations exclude from the application of this built-in gains tax any gain from the sale of property we acquire in an exchange under Section 1031 (a like-kind exchange) or 1033 (an involuntary conversion) of the Code. See Tax Liabilities and Attributes Inherited from Other Entities.

Tenth, our subsidiaries that are C corporations, including our taxable REIT subsidiaries, generally will be required to pay federal corporate income tax on their earnings.

Eleventh, we will be required to pay a 100% tax on any redetermined rents, redetermined deductions or excess interest. See Income Tests Penalty Tax. In general, redetermined rents are rents from real property that are overstated as a result of services furnished to any of our tenants by a taxable REIT subsidiary of ours. Redetermined deductions and excess interest generally represent amounts that are deducted by a taxable REIT subsidiary of ours for amounts paid to us that are in excess of the amounts that would have been deducted based on arm's length negotiations.

Twelfth, we may elect to retain and pay income tax on our net capital gain. In that case, a stockholder would include its proportionate share of our undistributed net capital gain (to the extent we make a timely designation of such gain to the stockholder) in its income, would be deemed to have paid the tax that we paid on such gain, and would be allowed a credit for its proportionate share of the tax deemed to have been paid, and an adjustment would be made to increase the basis of the stockholder in our capital stock.

Requirements for Qualification as a REIT

The Code defines a REIT as a corporation, trust or association:

- (1) that is managed by one or more trustees or directors;
- (2) that issues transferable shares or transferable certificates to evidence its beneficial ownership;
- (3) that would be taxable as a domestic corporation, but for Sections 856 through 860 of the Code;
- (4) that is not a financial institution or an insurance company within the meaning of the Code;
- (5) that is beneficially owned by 100 or more persons;
- (6) not more than 50% in value of the outstanding stock of which is owned, actually or constructively, by five or fewer individuals, including certain specified entities, during the last half of each taxable year; and
- (7) that meets other tests, described below, regarding the nature of its income and assets and the amount of its distributions.

Table of Contents

The Code provides that conditions (1) to (4), inclusive, must be met during the entire taxable year and that condition (5) must be met during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. Conditions (5) and (6) do not apply until after the first taxable year for which an election is made to be taxed as a REIT. For purposes of condition (6), the term individual includes a supplemental unemployment compensation benefit plan, a private foundation or a portion of a trust permanently set aside or used exclusively for charitable purposes, but generally does not include a qualified pension plan or profit sharing trust.

We believe that we have been organized, have operated and have issued sufficient shares of stock with sufficient diversity of ownership to allow us to satisfy conditions (1) through (7), inclusive, during the relevant time periods. In addition, our charter provides for restrictions regarding ownership and transfer of our shares which are intended to assist us in continuing to satisfy the share ownership requirements described in conditions (5) and (6) above. A description of the share ownership and transfer restrictions relating to our outstanding capital stock is contained in the discussion in this prospectus under the heading Description of Capital Stock Restrictions on Ownership and Transfer. These restrictions, however, do not ensure that we have previously satisfied, and may not ensure that we will, in all cases, be able to continue to satisfy, the share ownership requirements described in conditions (5) and (6) above. If we fail to satisfy these share ownership requirements, except as provided in the next sentence, our status as a REIT will terminate. If, however, we comply with the rules contained in applicable Treasury Regulations that require us to ascertain the actual ownership of our shares and we do not know, or would not have known through the exercise of reasonable diligence, that we failed to meet the requirement described in condition (6) above, we will be treated as having met this requirement. See Failure to Qualify.

In addition, we may not maintain our status as a REIT unless our taxable year is the calendar year. We have and will continue to have a calendar taxable year.

Ownership of Interests in Partnerships, Limited Liability Companies and Qualified REIT Subsidiaries

In the case of a REIT that is a partner in a partnership or a member in a limited liability company treated as a partnership for federal income tax purposes, Treasury Regulations provide that the REIT will be deemed to own its proportionate share of the assets of the partnership or limited liability company, as the case may be, based on its interest in partnership capital, subject to special rules relating to the 10% asset test described below. Also, the REIT will be deemed to be entitled to its proportionate share of the income of that entity. The assets and gross income of the partnership or limited liability company retain the same character in the hands of the REIT for purposes of Section 856 of the Code, including satisfying the gross income tests and the asset tests. Thus, our pro rata share of the assets and items of income of any partnership or limited liability company treated as a partnership or disregarded entity for federal income tax purposes, including such partnership's or limited liability company's share of these items of any partnership or limited liability company treated as a partnership or disregarded entity for federal income tax purposes in which it owns an interest, would be treated as our assets and items of income for purposes of applying the requirements described in this discussion, including the gross income and asset tests described below. A brief summary of the rules governing the federal income taxation of partnerships and limited liability companies is set forth below in Tax Aspects of Our Operating Partnership, the Subsidiary Partnerships and the Limited Liability Companies.

We have control of our operating partnership and the subsidiary partnerships and limited liability companies and intend to operate them in a manner consistent with the requirements for our qualification as a REIT. If we become a limited partner or non-managing member in any partnership or limited liability company and such entity takes or expects to take actions that could jeopardize our status as a REIT or require us to pay tax, we may be forced to dispose of our interest in such entity. In addition, it is possible that a partnership or limited liability company could take an action which could cause us to fail a gross income or asset test, and that we would not become aware of such action in time to dispose of our interest in the partnership or limited liability company or take other corrective action on a

timely basis. In that case, we could fail to qualify as a REIT unless we were entitled to relief, as described below.

Table of Contents

We may from time to time own and operate certain properties through subsidiaries that we intend to be treated as qualified REIT subsidiaries under the Code. A corporation will qualify as our qualified REIT subsidiary if we own 100% of the corporation's outstanding stock and do not elect with the subsidiary to treat it as a taxable REIT subsidiary, as described below. A qualified REIT subsidiary is not treated as a separate corporation, and all assets, liabilities and items of income, gain, loss, deduction and credit of a qualified REIT subsidiary are treated as assets, liabilities and items of income, gain, loss, deduction and credit of the parent REIT for all purposes under the Code, including all REIT qualification tests. Thus, in applying the federal tax requirements described herein, any qualified REIT subsidiaries we own are ignored, and all assets, liabilities and items of income, gain, loss, deduction and credit of such corporations are treated as our assets, liabilities and items of income, gain, loss, deduction and credit. A qualified REIT subsidiary is not subject to federal income tax, and our ownership of the stock of a qualified REIT subsidiary will not violate the restrictions on ownership of securities, as described below under Asset Tests.

Ownership of Interests in Taxable REIT Subsidiaries

We currently own an interest in one taxable REIT subsidiary and may acquire securities in additional taxable REIT subsidiaries in the future. A taxable REIT subsidiary is a corporation, other than a REIT, in which a REIT directly or indirectly holds stock, and that has made a joint election with such REIT to be treated as a taxable REIT subsidiary. If a taxable REIT subsidiary owns more than 35% of the total voting power or value of the outstanding securities of another corporation, such other corporation will also be treated as a taxable REIT subsidiary. Other than some activities relating to lodging and health care facilities, a taxable REIT subsidiary may generally engage in any business, including the provision of customary or non-customary services to tenants of its parent REIT. A taxable REIT subsidiary is subject to federal income tax as a regular C corporation. In addition, a taxable REIT subsidiary may be prevented from deducting interest on debt funded directly or indirectly by its parent REIT if certain tests regarding the taxable REIT subsidiary's debt to equity ratio and interest expense are not satisfied. A REIT's ownership of securities of a taxable REIT subsidiary is not subject to the 5% or 10% asset test described below. See Asset Tests.

Income Tests

We must satisfy two gross income requirements annually to maintain our qualification as a REIT. First, in each taxable year we must derive directly or indirectly at least 75% of our gross income (excluding gross income from prohibited transactions, certain hedging transactions, and certain foreign currency gains) from investments relating to real property or mortgages on real property, including rents from real property, interest on obligations adequately secured by mortgages on real property, and certain types of temporary investments. Second, in each taxable year we must derive at least 95% of our gross income (excluding gross income from prohibited transactions, certain hedging transactions, and certain foreign currency gains) from the real property investments described above or dividends, interest and gain from the sale or disposition of stock or securities, or any combination of the foregoing. For these purposes, the term interest generally does not include any amount received or accrued, directly or indirectly, if the determination of all or some of the amount depends in any way on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term interest solely by reason of being based on a fixed percentage or percentages of receipts or sales.

Rents we receive from a tenant will qualify as rents from real property for the purpose of satisfying the gross income requirements for a REIT described above only if all of the following conditions are met:

The amount of rent is not based in whole or in part on the income or profits of any person. However, an amount we receive or accrue generally will not be excluded from the term rents from real property solely

because it is based on a fixed percentage or percentages of receipts or sales;

Neither we nor an actual or constructive owner of 10% or more of our capital stock actually or constructively owns 10% or more of the interests in the assets or net profits of a non-corporate tenant, or, if the tenant is a corporation, 10% or more of the total combined voting power of all classes of stock

Table of Contents

entitled to vote or 10% or more of the total value of all classes of stock of the tenant. Rents we receive from such a tenant that is a taxable REIT subsidiary of ours, however, will not be excluded from the definition of rents from real property as a result of this condition if at least 90% of the space at the property to which the rents relate is leased to third parties, and the rents paid by the taxable REIT subsidiary are substantially comparable to rents paid by our other tenants for comparable space. Whether rents paid by a taxable REIT subsidiary are substantially comparable to rents paid by other tenants is determined at the time the lease with the taxable REIT subsidiary is entered into, extended, and modified, if such modification increases the rents due under such lease. Notwithstanding the foregoing, however, if a lease with a controlled taxable REIT subsidiary is modified and such modification results in an increase in the rents payable by such taxable REIT subsidiary, any such increase will not qualify as rents from real property. For purposes of this rule, a controlled taxable REIT subsidiary is a taxable REIT subsidiary in which the parent REIT owns stock possessing more than 50% of the voting power or more than 50% of the total value of the outstanding stock of such taxable REIT subsidiary;

Rent attributable to personal property, leased in connection with a lease of real property, is not greater than 15% of the total rent received under the lease. If this condition is not met, then the portion of the rent attributable to personal property will not qualify as rents from real property. To the extent that rent attributable to personal property, leased in connection with a lease of real property, exceeds 15% of the total rent received under the lease, we may transfer a portion of such personal property to a taxable REIT subsidiary; and

We generally are not permitted to operate or manage the property or furnish or render services to our tenants, subject to a 1% de minimis exception and except as provided below. We are permitted, however, to perform directly certain services that are usually or customarily rendered in connection with the rental of space for occupancy only and are not otherwise considered rendered to the occupant of the property. Examples of these permitted services include the provision of light, heat, or other utilities, trash removal and general maintenance of common areas. In addition, we are permitted to employ an independent contractor from whom we derive no revenue to provide customary services to our tenants, or a taxable REIT subsidiary (which may be wholly or partially owned by us) to provide both customary and non-customary services to our tenants, without causing the rent we receive from those tenants to fail to qualify as rents from real property. Any amounts we receive from a taxable REIT subsidiary with respect to the taxable REIT subsidiary's provision of non-customary services will, however, be nonqualifying income under the 75% gross income test and, except to the extent received through the payment of dividends, the 95% gross income test.

We generally do not intend, and as the sole owner of the general partner of our operating partnership, do not intend to permit our operating partnership, to take actions we believe will cause us to fail to satisfy the rental conditions described above. However, we may intentionally fail to satisfy some of these conditions to the extent we determine, based on the advice of our tax counsel, that the failure will not jeopardize our tax status as a REIT. In addition, with respect to the limitation on the rental of personal property, we have not appraised the relative values of the real property and personal property leased to tenants. Accordingly, there can be no assurance that the IRS will not disagree with our determinations of value of such property.

From time to time, we may enter into hedging transactions with respect to one or more of our assets or liabilities. Our hedging activities may include entering into interest rate swaps, caps, and floors, options to purchase these items, and futures and forward contracts. Income from a hedging transaction, including gain from the sale or disposition of such a transaction, that is clearly identified as a hedging transaction as specified in the Code will not constitute gross

income and thus will be exempt from the 75% and 95% gross income tests. The term hedging transaction, as used above, generally means any transaction we enter into in the normal course of our business primarily to manage risk of (1) interest rate changes or fluctuations with respect to borrowings made or to be made by us to acquire or carry real estate assets, or (2) currency fluctuations with respect to an item of qualifying income under the 75% or 95% gross income test or any property which generates such income. To the

Table of Contents

extent that we do not properly identify such transactions as hedges or we hedge with other types of financial instruments, the income from those transactions is not likely to be treated as qualifying income for purposes of the gross income tests. We intend to structure any hedging transactions in a manner that does not jeopardize our status as a REIT.

To the extent our taxable REIT subsidiaries pay dividends, we generally will derive our allocable share of such dividend income through our interest in our operating partnership. Such dividend income will qualify under the 95%, but not the 75%, gross income test.

We will monitor the amount of the dividend and other income from our taxable REIT subsidiaries and will take actions intended to keep this income, and any other nonqualifying income, within the limitations of the gross income tests. Although we expect these actions will be sufficient to prevent a violation of the gross income tests, we cannot guarantee that such actions will in all cases prevent such a violation.

If we fail to satisfy one or both of the 75% or 95% gross income tests for any taxable year, we may nevertheless qualify as a REIT for the year if we are entitled to relief under certain provisions of the Code. We generally may make use of the relief provisions if:

following our identification of the failure to meet the 75% or 95% gross income tests for any taxable year, we file a schedule with the IRS setting forth each item of our gross income for purposes of the 75% or 95% gross income tests for such taxable year in accordance with Treasury Regulations to be issued; and

our failure to meet these tests was due to reasonable cause and not due to willful neglect.

It is not possible, however, to state whether in all circumstances we would be entitled to the benefit of these relief provisions. For example, if we fail to satisfy the gross income tests because nonqualifying income that we intentionally accrue or receive exceeds the limits on nonqualifying income, the IRS could conclude that our failure to satisfy the tests was not due to reasonable cause. If these relief provisions do not apply to a particular set of circumstances, we will not qualify as a REIT. As discussed above in *Taxation of Our Company General*, even if these relief provisions apply, and we retain our status as a REIT, a tax would be imposed with respect to our nonqualifying income. We may not always be able to comply with the gross income tests for REIT qualification despite periodic monitoring of our income.

Prohibited Transaction Income

Any gain that we realize on the sale of property held as inventory or otherwise held primarily for sale to customers in the ordinary course of business, including our share of any such gain realized by our operating partnership, either directly or through its subsidiary partnerships and limited liability companies, will be treated as income from a prohibited transaction that is subject to a 100% penalty tax, unless certain safe harbor exceptions apply. This prohibited transaction income may also adversely affect our ability to satisfy the gross income tests for qualification as a REIT. Under existing law, whether property is held as inventory or primarily for sale to customers in the ordinary course of a trade or business is a question of fact that depends on all the facts and circumstances surrounding the particular transaction. As the sole owner of the general partner of our operating partnership, we intend to cause our operating partnership to hold its properties for investment with a view to long-term appreciation, to engage in the business of acquiring and owning its properties and to make occasional sales of the properties as are consistent with our investment objective. We do not intend, and do not intend to permit our operating partnership or its subsidiary

However, the IRS may successfully contend that some or all of the sales made by our operating partnership or its subsidiary partnerships or limited liability companies are prohibited transactions. We would be required to pay the 100% penalty tax on our allocable share of the gains resulting from any such sales.
