**Item 7.01 Regulation FD Disclosure**

On April 29, 2016, the Massachusetts Department of Public Utilities ( MDPU ) issued an Order (the Order ) approving an increase of \$2.1 million in annual distribution revenue for the electric division and an increase of \$1.6 million in annual distribution revenue for the gas division of Fitchburg Gas and Electric Light Company ( Fitchburg or the Company ), Unitil Corporation s Massachusetts electric and natural gas utility subsidiary. The \$2.1 million in annual electric distribution revenue represents a 3.2% increase over 2014 electric division total operating revenue. The \$1.6 million in annual gas distribution revenue represents a 4.6% increase over 2014 gas division total operating revenue. The MDPU also approved a return on equity of 9.8% for both divisions. Additionally, the MDPU approved an annual capital cost recovery mechanism for the electric division to provide the Company with rate relief associated with capital additions to rate base in future years. The increase in base electric and gas distribution rates reflects the Company s operating costs and investments in utility plant assets based on a test year ended December 31, 2014 as adjusted for known and measurable changes.

The Order is attached as Exhibit 99.1 to this Current Report on Form 8-K.
