1- GENERAL BUSINESS DESCRIPTION

Intertape Polymer Group Inc. (the Parent Company), incorporated under the *Canada Business Corporations Act*, has its principal administrative offices in Montreal, Québec, Canada and in Sarasota, Florida, U.S.A. The address of the Parent Company s registered office is 800 Place Victoria, Suite 3700, Montreal, Québec H4Z 1E9, c/o Fasken Martineau DuMoulin LLP. The Parent Company s common shares are listed on the Toronto Stock Exchange (TSX) in Canada.

The Parent Company and its subsidiaries (together referred to as the Company) develop, manufacture and sell a variety of paper and film based pressure sensitive and water activated tapes, polyethylene and specialized polyolefin films, woven coated fabrics and complementary packaging systems for industrial and retail use.

The Parent Company is the Company s ultimate parent.

2- ACCOUNTING POLICIES

Basis of Presentation and Statement of Compliance

The unaudited interim condensed consolidated financial statements (Financial Statements) present the Company s consolidated balance sheets as of September 30, 2016 and December 31, 2015, as well as its consolidated earnings, comprehensive income, changes in equity and cash flows for the three and nine months ended September 30, 2016 and 2015.

These Financial Statements have been prepared in accordance with International Accounting Standard (IAS) 34 *Interim Financial Reporting* and are expressed in United States (US) dollars. Accordingly, certain information and footnote disclosures normally included in annual audited consolidated financial statements prepared in accordance with International Financial Reporting Standards (IFRS), as issued by the International Accounting Standards Board (IASB), have been omitted or condensed. These Financial Statements use the same accounting policies and methods of computation as compared with the Company s most recent annual audited consolidated financial statements, except for (i) the estimate of the provision for income taxes, which is determined in these Financial Statements using the estimated weighted average annual effective income tax rate applied to the earnings before income tax expense (benefit) of the interim period, which may have to be adjusted in a subsequent interim period of the financial year if the estimate of the annual income tax rate changes and (ii) the re-measurement of the defined benefit liability, which is required at year-end and if triggered by plan amendment or settlement during interim periods.

These Financial Statements reflect all adjustments which are, in the opinion of management, necessary to present a fair statement of the results for these interim periods. These adjustments are of a normal recurring nature.

These Financial Statements were authorized for issuance by the Company's Board of Directors on November 10, 2016.

Table of Contents

Critical Accounting Judgments, Estimates and Assumptions

The preparation of these Financial Statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Significant changes in the underlying assumptions could result in significant changes to these estimates. Consequently, management reviews these estimates on a regular basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected. The judgments, estimates and assumptions applied in these Financial Statements were the same as those applied in the Company's most recent annual audited consolidated financial statements other than (as noted above) the accounting policies and methods of computation for the estimate of the provision for income taxes and the re-measurement of the defined benefit liability.

New Standards and Interpretations Issued but Not Yet Effective

Certain new standards, amendments and interpretations, and improvements to existing standards have been published by the IASB but are not yet effective, and have not been adopted early by the Company. Management anticipates that all of the relevant pronouncements will be adopted in the first reporting period following the date of application. Information on new standards, amendments and interpretations, and improvements to existing standards, which could potentially impact the Company's consolidated financial statements, are detailed as follows:

IFRS 15 Revenue from Contracts with Customers replaces IAS 18 Revenue, IAS 11 Construction Contracts and some revenue related interpretations. IFRS 15 establishes a new control-based revenue recognition model, changes the basis for deciding when revenue is recognized at a point in time or over time, provides new and more detailed guidance on specific topics and expands and improves disclosures about revenue. IFRS 15 is effective for annual reporting periods beginning on or after January 1, 2018. Management has yet to assess the impact of this new standard on the Company's consolidated financial statements.

IFRS 9 (2014) Financial Instruments was issued in July 2014 and differs in some regards from IFRS 9 (2013) which the Company adopted effective January 1, 2015. IFRS 9 (2014) includes updated guidance on the classification and measurement of financial assets. The final standard also amends the impairment model by introducing a new expected credit loss model for calculating impairment. The mandatory effective date of IFRS 9 (2014) is for annual periods beginning on or after January 1, 2018 and must be applied retrospectively with some exemptions. Early adoption is permitted. Management has yet to assess the impact of this new standard on the Company's consolidated financial statements.

IFRS 16 Leases which will replace IAS 17 Leases was issued in January 2016. IFRS 16 eliminates the classification of an operating lease and requires lessees to recognize a right-of-use asset and a lease liability in the statement of financial position for all leases with exemptions permitted for short-term leases and leases of low value assets. In addition, IFRS 16 changes the definition of a lease; sets requirements on how to account for the asset and liability, including complexities such as non-lease elements, variable lease payments and option periods; changes the accounting for sale and leaseback arrangements; largely retains IAS 17's approach to lessor accounting and introduces new disclosure requirements. IFRS 16 is effective for annual reporting periods beginning on or after January 1, 2019 with early application permitted in certain circumstances. Management has yet to assess the impact of this new standard on the Company's consolidated financial statements.

Certain other new standards and interpretations have been issued but are not expected to have a material impact on the Company's consolidated financial statements.

As part of its plan to realize operational synergies from the TaraTape acquisition completed in November 2015, the Company intends to close its Fairless Hills, Pennsylvania manufacturing facility by the end of the first quarter of 2017 and leverage production capacity in its Carbondale, Illinois and Danville, Virginia manufacturing facilities (TaraTape Closure).

On October 4, 2015, the Columbia, South Carolina manufacturing facility was damaged by significant rainfall and subsequent severe flooding (South Carolina Flood). The damages sustained were considerable and resulted in the facility being shut down permanently.

The Company received a total of \$5.0 million in insurance claim settlement proceeds in the second quarter of 2016 related to the South Carolina Flood of which \$0.5 million was recorded in manufacturing facility closures, restructuring and other related charges and is presented in the table above under insurance proceeds, and \$4.5 million was recorded in cost of sales. Refer to Note 10 for more information on the insurance claim settlement.

The incremental costs of relocating the Columbia, South Carolina manufacturing facility are included in the table above under Other projects for 2016 and 2015. In 2015, Other projects in the table above also includes costs related to the Richmond, Kentucky manufacturing facility closure, and consolidation of the shrink film production from Truro, Nova Scotia to Tremonton, Utah.

Share Repurchases

On July 10, 2015, the Company entered into a normal course issuer bid (NCIB) which entitled the Company to repurchase for cancellation up to 4,000,000 of the Company's common shares issued and outstanding. The NCIB which was scheduled to expire on July 9, 2016, was renewed for a twelve-month period starting July 14, 2016. This renewed NCIB expires on July 13, 2017. As of September 30, 2016, 4,000,000 shares remained available for repurchase under the NCIB.

The following table summarizes information related to share repurchases:

	Three months ended September 30,		Nine months ended September 30,	
	2016	2015	2016	2015
Common shares repurchased		1,153,500	147,200	2,120,588

Performance Share Unit Plan

On May 9, 2016, the Board of Directors approved an amendment to the PSU Plan to provide the Company the option of settling PSUs in cash. In the event of cash settlement, the cash payment will equal the number of shares that would otherwise have been issued or delivered to the participant, multiplied by the volume weighted average trading price (VWAP) of the shares on the TSX for the five consecutive trading days immediately preceding the day of payment. The Board has full discretion to determine the form of settlement of the PSUs and as of September 30, 2016, no such discretion has been used. As a result, the Company has no present obligation to settle the PSUs in cash and the amendment to the PSU Plan had no impact on the treatment of the PSUs as equity-settled share-based payment transactions as of September 30, 2016.

Additionally, on the same date, the Board of Directors approved an amendment to the PSU Plan that allowed for accelerated vesting of PSUs in the event of death, disability or retirement of a participant. This amendment required the immediate recognition of expense associated with awards outstanding for certain retirement-eligible participants, the impact of which was nil and \$0.4 million for the three and nine months ended September 30, 2016 and was included in earnings in selling, general and administrative expense.

The following tables summarize information related to PSUs:

	Three months ended		Nine months ended	
	September 30, 2016	2015	September 30, 2016	2015
PSUs granted			392,572	363,600
Weighted average fair value per PSU granted			\$ 13.52	\$ 13.64

PSUs cancelled/forfeited	25,688	1,770	28,696	1,770
--------------------------	---------------	-------	---------------	-------

				September 30, 2016
PSUs outstanding				861,916
Weighted average fair value per PSU outstanding			\$	13.24

The PSUs are normally earned over a three-year period with vesting at the third anniversary of the grant date unless vesting is accelerated based on retirement eligibility, death or disability. The number of shares earned can range from 0% to 150% of the grant amount based on the total shareholder return (TSR) ranking versus a specified peer group of companies. Based on the Company's TSR ranking as of September 30, 2016, the number of shares earned if all of the outstanding awards were to be settled at September 30, 2016, would be equivalent to 150% of awards granted.

Table of Contents

The weighted average fair value of PSUs granted was estimated based on a Monte Carlo simulation model, taking into account the following weighted average assumptions:

	Nine months ended September 30,	
	2016	2015
Expected life	3 years	3 years
Expected volatility ⁽¹⁾	36%	35%
Risk-free interest rate	1.05%	1.07%
Expected dividends ⁽²⁾	0.00%	0.00%
Performance period starting price ⁽³⁾	CDN\$ 18.49	CDN\$ 17.86
Stock price at grant date	CDN\$ 18.44	CDN\$ 17.53

⁽¹⁾ Expected volatility was calculated based on the daily dividend adjusted closing price change on the TSX for a term commensurate with the expected life of the grant.

⁽²⁾ A participant will receive a cash payment from the Company upon PSU settlement that is equivalent to (a) the number of shares issued or delivered to the participant or, in the event of cash settlement, an amount equal to the number of shares that would otherwise have been issued or delivered to the participant, multiplied by (b) the amount of cash dividends per share declared by the Company between the date of grant and the third anniversary of the grant date. As such, there is no impact from expected future dividends in the Monte Carlo simulation model. As of September 30, 2016, the Company accrued \$0.4 million (\$0.1 million as of December 31, 2015) in the consolidated balance sheets in other liabilities.

⁽³⁾ The performance period starting price is measured as the five-day VWAP for the common shares of the Company on the TSX on the grant date.

Deferred Share Unit Plan

The following tables summarize information related to deferred share units (DSUs):

7- FINANCIAL INSTRUMENTS

The following tables summarize information regarding interest swap agreements designated as cash flow hedges:

Effective Date	Maturity	Notional amount	Settlement	Fixed interest rate paid
March 18, 2015	November 18, 2019	\$40,000,000	Monthly	1.610%
August 18, 2015	August 20, 2018	\$60,000,000	Monthly	1.197%

	2016		2016	
The change in fair value of the derivatives used for calculating hedge effectiveness	(\$ 625)	\$ 1,212	\$ 1,009	\$ 1,481

The carrying amount and fair value was a liability, included in other liabilities in the consolidated balance sheet, amounting to \$1.5 million and \$0.4 million as of September 30, 2016 and December 31, 2015, respectively.

The Company categorizes its interest rate swap as Level 2 within the fair value measurement hierarchy as the fair value is estimated using a valuation technique based on observable market data, including interest rates, as a listed market price is not available.

As at September 30, 2016 and December 31, 2015, the fair value of long-term debt, excluding finance lease liabilities, mainly bearing interest at variable rates, is estimated using observable market interest rates of similar variable rate loans with similar risk and credit standing and approximates its carrying amount.

Table of Contents**8- COMMITMENTS**

The following table summarizes information related to commitments to purchase machinery and equipment:

	September 30, 2016	December 31, 2015
	\$	\$
Commitments to purchase machinery and equipment	36,224	20,877

Effective May 1, 2016, the Company entered into a five-year electricity service contract for one of its manufacturing facilities under which the Company expects to reduce the overall cost of electricity consumed by the facility. In the event of early termination, the Company is required to pay for unrecovered power supply costs incurred by the supplier which are estimated to be approximately \$12 million as of September 30, 2016, and would decline monthly based on actual service billings to date.

9- BUSINESS ACQUISITION

On September 16, 2016, IPG Mauritius Ltd., a newly formed subsidiary of the Parent Company, under a Share Purchase Agreement (the "Powerband Agreement") dated September 2, 2016, purchased 74% of the issued and outstanding shares in Powerband Industries Private Limited (doing business as "Powerband") (the "Acquisition") a global supplier of acrylic adhesive-based carton sealing tapes and stretch films located in Daman, India. The remaining 26% will continue to be held by the Desai family (the "Promoters") who founded Powerband in 1994.

IPG Mauritius Ltd. paid in cash, funded primarily from the Company's Revolving Credit Facility, a purchase price of \$43.4 million, subject to a post-closing working capital adjustment. The Company and the Promoters each deposited into escrow \$1.4 million and \$4.8 million, respectively, related to customary representations, warranties and covenants in the Powerband Agreement which contains customary indemnification provisions. Subsequent to September 30, 2016, all amounts deposited were released from escrow.

The net cash consideration paid on the closing date was as follows:

	September 16, 2016 (Unaudited)
	\$
Consideration paid in cash	43,397
Less: cash balances acquired	1
	43,396

The Acquisition is intended to further extend the Company's product offering and presence in the global packaging market. The Acquisition will be accounted for using the acquisition method of accounting. The Company expects a significant portion of the Acquisition purchase price to be assigned to goodwill and intangible assets. Management is still in the preliminary stages of assessing the fair value of the opening balance sheet purchase price allocation and is not yet able to provide a final breakout of the purchase price allocation due to the mid-month timing of the

Acquisition and the post-closing working capital adjustment. The Company does not expect any of the goodwill to be deductible for income tax purposes.

Table of Contents

The preliminary fair value of net identifiable assets acquired and goodwill at the date of acquisition are as follows:

	September 16, 2016 (Unaudited)
	\$

The Company measures the non-controlling interest at its proportionate share of the net identifiable assets acquired.

10- POST REPORTING EVENTS*Adjusting Events*

On November 5, 2015, the Company's former Chief Financial Officer filed a lawsuit against the Company in the United States District Court for the Middle District of Florida alleging certain violations by the Company related to the terms of his employment and his termination. On October 20, 2016, the Company and the former Chief Financial Officer agreed to a settlement of the outstanding litigation. Pursuant to the terms of the confidential settlement agreement, the Company has recorded a provision of \$1.9 million as of September 30, 2016 for full and complete settlement of all matters between the parties with respect to the litigation. The Company paid the settlement in full in October 2016.

Non-Adjusting Events

On November 10, 2016, the Company declared a quarterly cash dividend of \$0.14 per common share payable on December 30, 2016 to shareholders of record at the close of business on December 15, 2016. The estimated amount of this dividend payment is \$8.2 million based on 58,645,335 of the Company's common shares issued and outstanding as of November 10, 2016.

Table of Contents

On October 19, 2016, the Company and its insurers reached a settlement for the outstanding property and business interruption claims related to the South Carolina Flood in the amount of \$30.0 million, subject to a \$0.5 million deductible. The Company has received a total of \$10.0 million in insurance claim settlement proceeds to date of which \$5.0 million was recorded in manufacturing facility closures, restructuring and other related charges in the fourth quarter of 2015 and \$4.5 million and \$0.5 million were recorded in cost of sales and manufacturing facility closures, restructuring and other related charges, respectively, in the second quarter of 2016.

No other significant non-adjusting events have occurred between the reporting date of these Financial Statements and the date of authorization.
