Item 2.01 Completion of Acquisition or Disposition of Assets.

On December 6, 2016 (the Closing Date), pursuant to the terms of the Agreement and Plan of Merger, dated as of June 2, 2016 (the Merger Agreement), by and among RPH Parent LLC (RPH), SPH Parent LLC (SPH), CRJ Parent LLC (CRJ) and collectively with RPH and SPH, Parent), RJS Merger Sub Inc., a wholly owned subsidiary of Parent (Merger Sub), and Talen Energy Corporation (the Company), Merger Sub was merged with and into the Company (the Merger), with the Company continuing as the surviving corporation in the Merger. As a result of the Merger, the Company is privately owned by Raven Power Holdings LLC (Raven), Sapphire Power Holdings LLC (Sapphire) and C/R Energy Jade, LLC (Jade) and together with Raven and Sapphire, the Sponsor Entities), which are affiliates of Riverstone Holdings LLC (Riverstone).

The merger became effective at 8:02 a.m. on December 6, 2016, and at such time, each share of the Company's common stock, par value \$0.001 per share (the Common Stock) was cancelled and converted into the right to receive \$14.00 in cash (the Merger Consideration), other than shares of Common Stock held by the Sponsor Entities that were converted into shares of the surviving corporation upon completion of the Merger (the Excluded Shares).

The foregoing is not complete and is qualified in its entirety by reference to the Merger Agreement, which was filed as Exhibit 2.1 to Talen Energy Corporation's Current Report on Form 8-K filed on June 6, 2016 and is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of Registrant

New Term Loan B Credit Facility

On December 6, 2016, Talen Energy Supply, LLC (the Borrower) entered into a senior secured term loan B credit agreement (the Term Loan B Credit Agreement) with the various lenders party thereto and Goldman Sachs Bank USA, as administrative agent (the Agent). The Term Loan B Credit Agreement is a senior secured facility that will rank pari-passu with the existing first lien revolving credit facility of Talen Energy Supply, LLC (the Talen Energy Supply RCF).

The Term Loan B Credit Agreement provides for a \$600 million facility consisting of term loans, which were drawn on December 6, 2016 (the Closing Date) and are scheduled to mature seven years from the Closing Date. The term loans under the Term Loan B Credit Agreement will amortize in equal quarterly installments of 0.25% of the original principal amount, with the balance payable on the final maturity date.

The Borrower may elect that the loans under the Term Loan B Credit Agreement bear interest at a rate per annum equal to a margin over either (a) a base rate, determined by reference to the highest of (1) the Agent's prime lending rate, (2) the federal funds effective rate plus 1/2 of 1.00% and (3) the LIBOR for a one-month interest period plus 1.00% or (b) a LIBOR, subject to a 1.00% floor, determined by reference to the Reuters LIBOR for the interest period relevant to such borrowing. The margin for the Term Loan B Credit Agreement is 4.00% for base rate loans and 5.00% for LIBOR loans.

The Borrower will have the ability to voluntarily repay the outstanding loans under the Term Loan B Credit Agreement upon terms usual and customary for facilities of this type, provided that in the case of optional prepayments in connection with a refinancing or an amendment resulting in a lower effective yield for the first twelve months (other than any such transaction in connection with a change of control or certain other extraordinary sale and acquisition transactions), there shall be a 1.00% prepayment premium. Subject to certain customary exceptions, the Term Loan B Credit Agreement is subject to mandatory prepayments in amounts equal to: (a) 100% of the net cash proceeds from any non-ordinary course sale or other disposition of assets (including as a result of casualty or condemnation) subject to customary reinvestment provisions and certain other exceptions; (b) 100% of the net cash

Edgar Filing: Talen Energy Corp - Form 8-K

proceeds from incurrences of non-permitted debt; and (c) beginning with the fiscal year ending 2017, a customary annual excess cash flow sweep, starting at 50% of annual excess cash flow (with step-downs to 25% and 0% based upon achievement of specified senior secured leverage ratios).

The Term Loan B Credit Agreement contains covenants, events of default and other terms and provisions that are based on and generally consistent with the Talen Energy Supply RCF, with modifications to reflect the term loan facility structure and other changes to the negative covenants and certain other terms that were agreed with the lenders. Unlike the Talen Energy Supply RCF, the Term Loan B Credit Agreement does not include any financial maintenance covenants.

The obligations under the Term Loan B Credit Agreement are guaranteed by the same subsidiary guarantors that support, and secured by the same security interests that secure, the Talen Energy Supply RCF. The Term Loan B Credit Agreement also provides a negative pledge with respect to Sapphire Power Generation Holdings, LLC.

In addition, the Company requested that the NYSE delist the Common Stock at the open of business on December 6, 2016, and, as a result, trading of Common Stock on the NYSE was suspended as of the open of business on December 6, 2016. The Company also requested that the NYSE file a notification of removal from listing and registration on Form 25 with the Securities and Exchange Commission (the SEC) to effect the delisting of the Common Stock from the NYSE and the deregistration of the Common Stock under Section 12(b) of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Company intends to file with the SEC a Form 15 requesting the termination of registration of the Common Stock under Section 12(g) of the Exchange Act and the suspension of reporting obligations under Sections 13 and 15(d) of the Exchange Act.

Compensation Committee Actions

On December 1, 2016, the Compensation, Governance and Nominating Committee of the Board of Directors of the Company (Compensation Committee) approved the forms of RSU award agreements attached hereto as Exhibits 10.1 and 10.2. These forms were used for awards approved by the Compensation Committee on the same date and granted on December 5, 2016. Messrs. Rausch and Schinski received the form of agreement attached as Exhibit 10.1, which is substantially similar to the form of RSU agreement used for prior annual equity awards, but provides that the RSUs convert to a cash-based award at the Effective Time. Messrs. Farr, McGuire, and Hopf received agreements substantially in the form attached as Exhibit 10.2, which is substantially identical to Exhibit 10.1, but also contains certain restrictive covenants.

The Compensation Committee also approved a form of amendment, attached hereto as Exhibit 10.3, to performance unit award agreements for Messrs. Farr, McGuire, Hopf, and Rausch (the Senior Executives). As provided in the Merger Agreement and previously disclosed in the Company's public filings, a pro-rata portion of the performance units held by the Senior Executives (determined based on the relative portion of the applicable performance period that has elapsed as of the Effective Time) were canceled and terminated at the Effective Time in exchange for an amount in cash, based on the number of shares of Company common stock subject to the award and the Merger Consideration, and otherwise upon the terms and subject to the conditions set forth in the Merger Agreement. In addition, pursuant to the amendments, the remaining number of shares of Company common stock subject to the Senior Executives' performance unit awards (assuming target achievement of the applicable performance goals) were converted into cash-based retention awards, which generally will vest in accordance with the terms of the Senior Executives' performance unit award agreements.

The foregoing description of the forms of RSU award agreements and form of performance unit award agreement amendment is summary in nature and is qualified by reference to the full text of the forms, copies of which are attached hereto as Exhibits 10.1, 10.2, and 10.3, and incorporated herein by reference.
