ASV Credit Agreement with PNC

On December 23, 2016, Manitex International, Inc. s (the Company) joint venture entity A.S.V., LLC (ASV) completed a new unitranche credit agreement with PNC Bank, National Association, and another lender to provide a \$65 million, 5-year credit facility (the Credit Agreement). This new facility replaces ASV s previous revolving credit and Term Loan facilities with two North American lenders. The new facility consists of a \$35 million revolving credit facility (which is subject to availability based primarily on eligible accounts receivables and eligible inventory), a Term Loan A facility of \$8.5 million and a Term Loan B facility of \$21.5 million. A total of \$46.7 million was drawn by ASV at closing of the Credit Agreement.

The Credit Agreement provides that ASV can opt to pay interest on the revolving credit facility and the Term Loan A facility at either a domestic rate plus a spread, or a LIBOR rate plus a spread. The domestic rate is initially fixed at 1.50% for revolving loan advances and fixed at 2.00% for Term Loan A advances until delivery of certain reporting documents with respect to the fiscal quarter ending March 31, 2017, at which point it ranges from 1.00% to 1.50% depending on the Average Undrawn Availability (as defined in the Loan Agreement). The LIBOR spread is initially fixed at 2.50% for revolving loan advances and fixed at 3.00% for Term Loan A advances until delivery of the same reporting documents, at which point it ranges from 2.00% to 2.50% depending on the Average Undrawn Availability.

With respect to the Term Loan B advances, the interest rate is fixed at a LIBOR rate plus 10.00% until delivery of the same reporting documents required for the revolving loan advances and Term Loan A advances. After delivery of the reporting documents, ASV will pay interest at the LIBOR rate plus a spread of either 9.00% or 10.00% depending on the Leverage Ratio (as defined in the Credit Agreement), provided that at no time will the LIBOR rate be less than 1.00%).

The amount of each principal payment due under the Term Loan facilities is determined by a formula set forth in the Credit Agreement depending on ASV s quarterly excess cash flow and quarterly Average Undrawn Availability, but will not be less than \$212,500 per quarter with respect to the Term Loan A facility and will not be less than \$537,500 per quarter with respect to the Term Loan B facility.

The Credit Agreement has a letter of credit subfacility of \$2 million and a swing loan subfacility, each of which is fully reserved against availability under the revolving loan facility.

The indebtedness under the Credit Agreement is collateralized by substantially all ASV s assets and the respective equity interests of ASV s members.
