**Item 2.02 Results of Operations and Financial Condition.**

On February 1, 2018, Esterline Technologies Corporation (the Company) issued a press release announcing financial results for the three months ended December 29, 2017. A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference. In addition, supplemental information regarding the financial results for periods presented in the press release is attached hereto as Exhibit 99.2. The press release and the supplemental financial information should be read in conjunction with the note regarding forward-looking statements, which is included in the text of the press release and as part of the supplemental financial information.

**Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.**

On February 1, 2018, the Company's management, after consultation and discussions with Ernst & Young LLP, the Company's independent registered public accounting firm, and the Audit Committee of the Board of Directors, concluded that the Company's previously issued financial statements for the fiscal year ended September 29, 2017 included in the Company's Annual Report on Form 10-K for such period should no longer be relied upon, and determined that the financial statements will be restated due to the identification of an accounting error. The Company's management will also reassess its internal controls as a result of the identification of the error.

The restatement results from an accounting error in the Company's Sensors and Systems segment. The accounting error had no effect on cash and is related to intercompany transactions within the Company's Power System business platform. The Company currently estimated the non-cash accounting errors would reduce reported after-tax earnings for prior periods by approximately \$9 million to \$10 million in aggregate.

The Company expects to file an amendment on Form 10-K/A to its Annual Report on Form 10-K for the year ended September 29, 2017 to restate the Annual Financial Statements included in the Form 10-K to correct the error described above. Promptly after the filing of the Form 10-K/A, the Company expects to file the 2018 First Quarter Form 10-Q. The Company is seeking to file the amendment on Form 10-K/A and the 2018 First Quarter Form 10-Q as soon as practicable.
