A message from your independent Chairman,

independent Chairman-Elect and CEO

March 30, 2018

Dear Fellow Shareholder:

Thank you for the trust you have placed in us. As your Board transitions to new leadership, we remain dedicated to representing your interests and creating long-term value for our shareholders. Your Board demonstrates accountability through commitment to ongoing shareholder outreach and engagement and strong corporate governance practices. In addition, your Board utilizes its deep knowledge and diverse background to guide and support management's implementation of its regulated strategy, which is designed to transform the Company into a high-performing, fully regulated utility with well-defined growth opportunities. Your Board will continue to work with management as it implements this strategy, which is outlined in the 2017 Annual Report to Shareholders.

In this proxy statement, you will find a review of your Board's corporate governance philosophy, including:

- **Shareholder Outreach and Engagement**

Your Board listens to our shareholders and considers their views when making decisions in the boardroom. We accomplish this primarily through a robust, year-round shareholder outreach and engagement program in partnership with your Company's management. Please refer to page 17 for a detailed discussion of this program.

- **Executive Compensation**

Ensuring that your Company has an executive compensation program that appropriately incentivizes our employees and aligns pay with performance is an important responsibility of your Board. In 2017 and early 2018, your Compensation Committee undertook a robust process to review our executive compensation structure, incorporating input from our shareholder outreach and engagement. As a result, your Compensation Committee and Board adopted several changes to our compensation program for awards granted beginning in 2018, including (i) simplifying and improving the calibration of the long-term incentive plan design structure, (ii) eliminating the annual goal-setting approach in the long-term incentive plan and moving to 3-year cumulative goals, (iii) adopting two financial goals focused on the regulated distribution, regulated transmission and corporate/other segments' cumulative operating EPS growth and average capital effectiveness, and (iv) adding a relative total shareholder return (TSR) modifier including a cap at target payout (100%) if the Company's absolute TSR for the three-year performance period is negative. Further, your Compensation Committee and the Board added a TSR modifier to the long-term incentive program's open cycles for certain executives to ensure payouts are aligned with 3-year TSR growth for shareholders. These changes are described beginning on page 49 of this proxy statement.

· [Board Composition and Succession](#)

Your Board's Corporate Governance Committee is focused on the makeup of your Board to ensure it has the right mix of skills and experiences as well as an appropriate balance of institutional knowledge, diversity and fresh perspectives. We continuously review, evaluate and assess our Board composition through a variety of means, including our annual Board, committee and individual director evaluation process, and seek to further enhance your Board's composition through our comprehensive nomination process and ongoing consideration of potential Board candidates.

Since 2013, we have continued to expand the diversity of your Board while electing seven new directors. Our new independent Board Chairman is expected to assume the role in May. In addition, in the past year we changed the composition of each of our five Board committees, with each committee having at least one new member. We believe these changes demonstrate our commitment to ensuring fresh perspectives and an infusion of new energy on our Board. Please refer to pages iii and 14 for a detailed discussion of our Board composition and succession planning.

We also want to take this opportunity to introduce Ms. Sandra Pianalto, our newest member elected by your Board in February, and to also thank our colleagues, William Cottle and George Smart, who will be retiring from your Board as of the 2018 Annual Meeting. We join our fellow directors in welcoming Sandy and thanking Bill and George for their commitment to your Board. Their leadership and service has been appreciated.

We encourage you to read more about your Board, our strong corporate governance practices, and our executive compensation programs in this proxy statement. We are grateful for your support of your Company and your Board, and thank you in advance for voting promptly.

Sincerely,

Charles E. Jones

Donald T. Misheff

George M. Smart

President and Chief Executive Officer

Board Chairman-Elect

Notice of Annual Meeting of Shareholders

Date and Time	Location	Record Date
Tuesday, May 15, 2018 8:00 a.m. ET	John S. Knight Center 77 E. Mill Street Akron, OH 44308	March 16, 2018

Annual Meeting of Shareholders Agenda

Elect the 12 nominees named in the accompanying proxy statement to the Board of Directors to hold office until the 2019 Annual Meeting of Shareholders and until their successors shall have been elected;

Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018;

Approve, on an advisory basis, named executive officer compensation;

Approve a management proposal to amend the Company's Amended Articles of Incorporation, as amended (the Amended Articles of Incorporation) and Amended Code of Regulations, as amended (the Amended Code of Regulations) to replace existing supermajority voting requirements with a majority voting power threshold;

Approve a management proposal to amend the Company's Amended Articles of Incorporation and Amended Code of Regulations to implement majority voting for uncontested director elections;

Approve a management proposal to amend the Company's Amended Code of Regulations to implement proxy access;

Vote on one shareholder proposal, if properly presented at the Annual Meeting; and

Take action on other business that may come properly before the Annual Meeting and any adjournment or postponement thereof.

Please carefully review this notice, the annual report and the accompanying proxy statement and vote your shares by following the instructions on your proxy card/voting instruction form or Notice of Internet Availability of Proxy Materials to ensure your representation at the Annual Meeting. Only shareholders of record as of the close of business on March 16, 2018, or their proxy holders, may vote at the Annual Meeting. If you plan to attend the Annual Meeting, you must register in advance. See the *Attending the Annual Meeting* section of the *Questions and Answers about the Annual Meeting* in the accompanying proxy statement for instructions on how to register.

On behalf of the Board of Directors,

Ebony L. Yeboah-Amankwah

Vice President, Corporate Secretary & Chief Ethics Officer

Akron, Ohio

The notice and accompanying proxy statement are being mailed or made available to shareholders on or about March 30, 2018.

Important Notice Regarding Availability of Proxy Materials

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be held on May 15, 2018. This proxy statement and the 2017 Annual Report are available at www.ReadMaterial.com/FE.

Important Note Regarding Voter Participation. Please take time to **vote your shares!**

Edgar Filing: FIRSTENERGY CORP - Form DEF 14A

Pursuant to applicable rules, if your shares are held in a broker account, you must provide your broker with voting instructions for all matters to be voted on at the Annual Meeting of Shareholders except for the ratification of PricewaterhouseCoopers LLP as FirstEnergy Corp.'s independent registered public accounting firm. Your broker does not have the discretion to vote your shares on any other matters without specific instruction from you to do so.

How to Cast Your Vote

Your vote is important! Even if you plan to attend our Annual Meeting in person, please cast your vote as soon as possible by:

Internet by going to the website indicated on your proxy materials (or by scanning the QR Code if provided on your proxy

Telephone by calling the toll-free telephone number on your proxy

Mail by returning your proxy card/voting instruction form

card/voting instruction form)

Please follow the instructions provided on your proxy card/voting instruction form (the proxy card), Notice of Internet Availability of Proxy Materials, or electronic or other communications included with your proxy materials. Also refer to the How You Can Vote section of the Questions and Answers about the Annual Meeting below for more details.

Board Nominees

Each of the twelve members listed below of your Board of Directors (your Board) are standing for election. Each member stands for election annually. The following table provides summary information about each director nominee standing for election to your Board.

Name	Age	Director Since	Independent	Audit Compensation	Committee Memberships			Number of Other Public Company Boards ¹
					Corporate Governance	Finance	Nuclear	
Paul T. Addison	71	2003	Yes			Chair		0
Michael J. Anderson	66	2007	Yes		Chair			1
Steven J. Demetriou	59	2017	Yes					1

Julia L. Johnson	55	2011 ²	Yes		3
Charles E. Jones	62	2015	No		0
Donald T. Misheff	61	2012	Yes	Chair	2
Thomas N. Mitchell	62	2016	Yes	Chair	0
James F. O Neil III	59	2017	Yes		1
Christopher D. Pappas	62	2011 ²	Yes	Chair	2
Sandra Pianalto	63	2018 ³	Yes		3
Luis A. Reyes	66	2013	Yes		0
Dr. Jerry Sue Thornton	71	2015	Yes		2

¹ As defined under New York Stock Exchange Listed Company Manual Section 303A Corporate Governance Standards Frequently Asked Questions.

² Ms. Johnson and Mr. Pappas were previously directors of Allegheny Energy Inc. (Allegheny Energy), which merged with your Company in 2011.

³ Ms. Pianalto was elected to your Board effective February 20, 2018, and is a nominee for election by shareholders at the Annual Meeting.

As previously disclosed, Messrs. William T. Cottle and George M. Smart will retire from your Board as of the 2018 Annual Meeting in accordance with the mandatory retirement age provisions of our Corporate Governance Policies and were not nominated by your Board for election at this Annual Meeting. The size of your Board, which is currently set at 14, will be reduced to 12 as of the Annual Meeting.

Table of Contents

Key Facts About Your Board

We seek to maintain a well-rounded and diverse Board representing a wide breadth of experience and perspectives that balances the institutional knowledge of longer-tenured directors with the fresh perspectives brought by newer directors. Below are highlights regarding our 12 director nominees standing for election to your Board and our Board meetings held in 2017.

¹ Service with your Company does not include service by Ms. Johnson and Mr. Pappas as directors of Allegheny Energy, which merged with your Company in 2011.

Corporate Governance Highlights

Your Company is committed to strong corporate governance, which we believe is important to the success of our business and in advancing shareholder interests. Highlights include:

Strong Governance Practices

Director Resignation Policy requiring any director nominee in an uncontested director election who receives a majority of withheld votes to tender his or her resignation

Consideration of your Board's diversity, age, experience and skills and other attributes when evaluating nominees for your Board

Independent Oversight

Separate Board Chairman and Chief Executive Officer (our CEO)

Independent Board Chairman

Shareholder Rights

Annual election of all directors

Shareholders of 25 percent or more of our shares outstanding and entitled to vote have the right to call a special meeting

A three-part annual evaluation process: full Board evaluation; Board committee evaluations; and individual director evaluations	All directors are independent, other than the CEO	Advisory vote on named executive officer compensation is held on an annual basis, consistent with the shareholder advisory vote on frequency
Mandatory director retirement age of 72 pursuant to our Corporate Governance Policies	Board committees are comprised entirely of independent directors	Clear, effective process for shareholders to raise concerns to the Board
Corporate Governance Committee and Board engage in rigorous director succession planning	Independent directors regularly meet without management present at Board and committee meetings	No poison pill
Robust stock ownership guidelines	Risk oversight by full Board and its committees	
Comprehensive director orientation and continuing education		
Direct investor relations and governance engagement and outreach to shareholders		
Anti-Hedging and Anti-Pledging Policies		

Our corporate governance practices are described in greater detail in the Corporate Governance and Board of Directors Information section beginning on page 12.

Table of Contents**Executive Compensation Highlights**

We continually strive to make improvements to our executive compensation plans and programs. Some of our key executive compensation highlights include:

We believe what we do and don't do with respect to executive compensation aligns with the long-term interests of our shareholders and with commonly viewed best practices in the market.

What We Do	What We Don't Do
Pay-for-performance	No hedging or pledging allowed for NEOs or directors
Caps on short-term and long-term incentive awards	No employment agreements with our NEOs
Different financial performance measures in our short- and long-term incentive plans	No tax gross-ups for our NEOs
Robust stock ownership guidelines	No repricing of underwater stock options without shareholder approval
Stringent clawback policy	No excessive perquisites
Mitigate undue risk in compensation programs	No payment of dividends on unearned shares
Annual Say-on-Pay vote	No new entrants in the Supplemental Executive Retirement Plan (SERP) plan closed since 2014

Double-trigger CIC provisions for LTIP stock awards

Independent compensation consultant for the
Compensation Committee with only independent directors

Beginning in 2018, LTIP is capped at 100% if absolute
TSR over the LTIP performance period is negative
Our executive compensation practices are described in greater detail in the Executive Compensation section beginning
on page 49.

Table of Contents

Environmental, Social & Governance (ESG) Overview

Meeting Our Environmental Commitments

Our West Akron Campus, Akron Control Center and West Virginia Operations Headquarters in Fairmont have earned Leadership in Energy and Environmental Design (LEED) certification from the U.S. Green Building Council

Through our partnership with the Electric Power Research Institute (EPRI), we're helping fuel the next generation of electric vehicles while minimizing cost and the impact on electric system reliability

We are helping customers better manage their energy use and save money through energy efficiency programs offered by our 10 utilities

We have established a goal to reduce CO₂ emissions companywide by at least 90 percent below 2005 levels by 2045

We participate in the CDP (formerly the Carbon Disclosure Project), which enables companies, cities, states and regions to measure and manage the environmental impact of their operations; we strive to demonstrate continuous improvement in our CDP scoring in disclosure programs for Climate Change and Water

Bringing Good Energy to Our Customers and Communities

Through our multibillion-dollar Energizing the Future transmission program, we continue to upgrade and modernize our transmission system. From 2014 through 2017, we invested \$4.4 billion in this program on grid improvement projects, and we plan to invest an additional \$4.0 billion to \$4.8 billion from 2018 through 2021

We have installed nearly 1.5 million smart meters across our four utility operating companies in Pennsylvania since 2014, and plan to deploy smart meters to nearly all our 2 million Pennsylvania customers by mid-2019

Emergency response efforts in 2017 were recognized by the Edison Electric Institute, marking the 21st time we've been honored for our efforts restoring service to our customers or assisting other utilities with service restoration during emergency events

Penn Power, Met-Ed and Ohio Edison electric utilities ranked among the highest among utilities of their size and respective regions in J.D. Power's 2017 Electric Utility Residential Customer Satisfaction Survey

The resources of FirstEnergy and the FirstEnergy Foundation combined with the energy and enthusiasm of our employees benefit hundreds of organizations and thousands of people each year; in 2017, the FirstEnergy Foundation awarded some 1,200 grants totaling more than \$6.1 million to community-based organizations where

we live and work

FirstEnergy employees provided \$1.8 million to local United Way chapters and nonprofit organizations, while the FirstEnergy Foundation provided more than \$2 million to United Way last year

Ensuring Strong Corporate Governance Practices and Policies

Since 2013, we have elected seven new directors and continued to increase the diversity of your Board

We have separated the positions of Chairman of the Board and Chief Executive Officer

The Chairman of the Board is independent, as are all Board directors other than the CEO

Independent directors regularly convene at Board and committee meetings without company management present

Risk oversight is conducted by the full Board and its committees

All directors are elected annually

An advisory vote is held annually on named executive officer compensation

10 Programs	\$4.0B+	1.5M	7 Directors
We are helping customers better manage their energy use and save money through energy efficiency programs offered by our 10 utilities	Plan to invest \$4.0 billion to \$4.8 billion in our transmission system from 2018 through 2021	Installed nearly 1.5 million smart meters across our four utilities in Pennsylvania and plan to deploy smart meters to nearly all our 2 million customers in Pennsylvania by mid-2019	Since 2013, we have elected seven new directors and continued to increase the diversity of our Board

Note About Forward-Looking Statements

Certain discussions in this proxy statement contain forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995, that are subject to risks and uncertainties described in more detail on page 101. These statements include declarations regarding management's intents, beliefs and current expectations, including regarding future financial and operational performance (whether associated with compensation arrangements or otherwise), and typically contain, but are not limited to, the terms anticipate, potential, expect, forecast, goal, target, will, intend, believe, project, estimate, plan and similar words. Forward-looking involve estimates, assumptions, known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These forward-looking statements are qualified by, and should be read together with, the risk factors included in (a) Item 1A Risk Factors and Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations in our most recent Annual Report on Form 10-K and (b) other factors discussed in our other filings with the Securities and Exchange Commission.

These risks, unless otherwise indicated, are presented on a consolidated basis for FirstEnergy; if and to the extent a deconsolidation occurs with respect to certain FirstEnergy companies these risks may materially change. Readers are cautioned not to place undue reliance on these forward-looking statements. Except as otherwise noted, the information herein is as of March 21, 2018, the date we commenced printing in order to commence mailing on or about March 30, 2018. We expressly disclaim any current intention to update, except as required by law, any forward-looking statements contained herein as a result of new information, future events or otherwise.

Table of Contents

Questions and Answers about the Annual Meeting

Proxy Materials

1 Q: Why did I receive these proxy materials?

A: You received these proxy materials because you were a shareholder of record or beneficial owner (as defined below) of shares of common stock of FirstEnergy Corp. (FirstEnergy , the Company , we , us or as of the close of business on March 16, 2018, the record date (the Record Date). Your Company s Annual Meeting of Shareholders (also referred to as the Annual Meeting or the Meeting) will be held on Tuesday, May 15, 2018. We began distributing these proxy materials to shareholders on or about March 30, 2018.

2 Q: Can I view future FirstEnergy proxy materials and annual reports on the Internet instead of receiving paper copies?

A: Yes. If you received paper copies of this proxy statement and the annual report and you are a shareholder of record, you can elect to view future proxy statements and annual reports on the Internet by marking the designated box on your proxy card or by following the instructions when voting by Internet or by telephone. If you choose this option, prior to the next annual meeting, you will be mailed a paper copy of the proxy card along with instructions on how to access the proxy statement and annual report using the Internet unless applicable regulations require delivery of printed proxy materials. Your choice will remain in effect until you notify us that you wish to resume mail delivery of these documents.

If you previously elected to access your proxy materials over the Internet, you will not receive the Notice of Internet Availability of Proxy Materials (Notice of Internet Availability) or paper copies of proxy materials in the mail unless required by law. Instead, you will receive a paper copy of the proxy card along with instructions on how to access the proxy statement and annual report using the Internet.

Edgar Filing: FIRSTENERGY CORP - Form DEF 14A

If you received a Notice of Internet Availability, you may not receive printed copies of proxy statements and annual reports in the future unless required by law. However, you may elect to be mailed a paper proxy card with instructions on how to access proxy statements and annual reports using the Internet for future meetings by following the instructions when voting. The Notice of Internet Availability also contains instructions on how you may request delivery of proxy materials in printed form for the Meeting or on an ongoing basis, if desired.

If you are a beneficial owner, refer to the information provided by your broker, bank or other nominee for instructions on how to elect to view future FirstEnergy proxy statements and annual reports on the Internet instead of receiving paper copies.

1 | FirstEnergy Corp. **2018 Proxy Statement**

Table of Contents

3 Q: Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of receiving a full set of printed proxy materials?

A: To reduce the environmental impact and related costs of the Meeting, we are pleased to again furnish the proxy materials over the Internet. As a result, we are sending a number of our shareholders a Notice of Internet Availability instead of a printed copy of the proxy materials. All shareholders receiving the Notice of Internet Availability will have the ability to access the proxy materials and vote via the Internet and to request a printed copy of the proxy materials by mail, if desired. Instructions on how to access the proxy materials over the Internet, to vote online, and to request a printed copy may be found in the Notice of Internet Availability. The Notice of Internet Availability identifies the items to be voted on at the Meeting, but shares cannot be voted by marking, writing on and/or returning the Notice of Internet Availability. Any Notice of Internet Availability that is returned will not be counted as votes. In addition, the Notice of Internet Availability contains instructions on how you may request delivery of proxy materials in printed form for this Meeting or on an ongoing basis, if desired.

4 Q: Why did we receive just one copy of the proxy statement and annual report when we have more than one stock account in our household?

A: Where applicable, we follow the Securities and Exchange Commission (the SEC) rule that permits us to send one copy each of this proxy statement and the annual report to a household if shareholders provide written or implied consent. We previously mailed a notice to eligible registered shareholders stating our intent to use this rule unless a shareholder provided an objection. Using this rule reduces unnecessary publication and mailing costs. Shareholders continue to receive a separate proxy card or opportunity to vote via the Internet, as applicable, for each stock account. If you are a registered shareholder and received only one copy each of the proxy statement and the annual report in your household, you can request additional copies for some or all accounts for this year or in the future, either by calling Shareholder Services at 1-800-736-3402 or by writing to FirstEnergy Corp., c/o American Stock Transfer & Trust Company, LLC, P.O. Box 2016, New York, NY 10272-2016, and we will promptly deliver the requested copies. You also may contact us in the same manner if you are receiving multiple copies of this proxy statement and/or the annual report in your household and desire to receive one copy. If you are not a registered shareholder and your shares are held by a bank, broker, or other nominee you will need to contact such bank, broker, or other nominee to revoke your election and receive multiple copies of these documents.

5 Q: What is the difference between holding shares as a shareholder of record and holding shares in street name or as a beneficial owner ?

A: *Shareholder of Record:* If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC (AST), you are a shareholder of record of the shares. As the shareholder of record, you have the right to vote your shares directly or to grant a proxy to vote your shares to a representative of your Company or to another person. As a record holder you have received either a proxy card to use in voting your shares or a Notice of Internet Availability which instructs you how to vote.

Beneficial Owner: If your shares are held through a bank, broker or other nominee, it is likely that they are registered in the name of the bank, broker or other nominee and you are the beneficial owner of shares, meaning that you hold shares in street name. You are also a beneficial owner if you own shares through the FirstEnergy Corp. Savings Plan (the Savings Plan).

2 | FirstEnergy Corp. 2018 Proxy Statement

Table of Contents

As a beneficial owner of shares, you have the right to direct the registered holder to vote your shares, and you may attend the Meeting (please see the [Attending the Annual Meeting](#) section of the [Questions and Answers about the Annual Meeting](#) below for instructions on how to register in advance). Your bank, broker or other nominee has provided a voting instruction form for you to use in directing how your shares are to be voted. However, since a beneficial owner is not the shareholder of record, you may not vote your shares in person at the Meeting unless you obtain a legal proxy from the registered holder of the shares giving you the right to do so. If you are a Savings Plan participant, because the Savings Plan's Trustee is the only one who can vote your Savings Plan shares, you cannot vote your Savings Plan shares in person at the Meeting (although you may attend the Meeting by following the instructions on how to register in advance in the [Attending the Annual Meeting](#) section of the [Questions and Answers about the Annual Meeting](#) below).

6 Q: [Who is soliciting my vote, how are proxy cards being solicited, and what is the cost?](#)

A: Your Board is soliciting your vote. We have arranged for the services of Morrow Sodali LLC to solicit votes personally or by telephone, mail, or other electronic means for a fee not expected to exceed \$19,250, plus reimbursement of reasonable expenses. Votes also may be solicited in a similar manner by officers and employees of your Company and members of your Board on an uncompensated basis. Your Company will pay all reasonable solicitation costs and will reimburse banks, brokers or other nominees for postage and expenses incurred by them for sending proxy materials to beneficial owners.

Table of Contents**Voting Matters****7 Q: What items of business will be voted on at the Meeting and how does the Board recommend that I vote?****A:**

Item	Brief Description	Board's Recommendation
1	Elect the 12 nominees named in this proxy statement to the Board of Directors	FOR each director nominee
2	Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018	FOR
3	Approve, on an advisory basis, named executive officer compensation	FOR
4	Approve a management proposal to amend the Company's Amended Articles of Incorporation, as amended (the Amended Articles of Incorporation) and Amended Code of Regulations, as amended (the Amended Code of Regulations) to replace existing supermajority voting requirements with a majority voting power threshold	FOR
5	Approve a management proposal to amend the Company's Amended Articles of Incorporation and Amended Code of Regulations to implement majority voting for uncontested director elections	FOR
6		FOR

Approve a management proposal to amend the Company's Amended Code of Regulations to implement proxy access

7 Shareholder proposal requesting a reduction in the threshold to call a special shareholder meeting AGAINST

What is a quorum and what other voting information should I be aware of?

8 Q:

A: As of the Record Date, 476,834,264 shares of our common stock were outstanding. A majority of these shares represented at the Meeting either in person or by proxy constitutes a quorum. A quorum is required to conduct business at the Meeting. All shares represented at the Meeting are counted for the purpose of determining a quorum. You are entitled to one vote for each share of common stock you owned on the Record Date. A broker non-vote occurs when an entity holding shares in street name, such as a bank or broker, submits a proxy for your shares but does not indicate a vote for a particular non-routine proposal (such as Items 1 and 3-7) because your broker does not have the authority to vote on that proposal and has not received specific voting instructions.

If you are a beneficial owner, we encourage you to provide instructions to your bank, broker, or other nominee by executing the voting form supplied to you by that entity. Pursuant to applicable rules, if your shares are held in a broker account, you must provide your broker with voting instructions for all matters to be voted on at the Annual Meeting except on Item 2. A broker will be permitted to vote your shares on Item 2 without your instructions because Item 2 is considered a routine matter under applicable New York Stock Exchange (NYSE) rules; however, your broker cannot vote your shares on any other items unless you provide instructions because these are deemed to be non-routine matters under NYSE rules. Therefore, your failure to give voting instructions means that your shares will not be voted on these non-routine items and, as applicable, your unvoted shares will be broker non-votes.

Table of Contents

An item to be voted on may require a percentage of votes cast, rather than a percentage of shares outstanding, to determine passage or failure. Votes cast is defined to include both For and Against votes and excludes abstentions and broker non-votes. If you properly sign and return your proxy card but your proxy card is not completed properly, such as marking more than one box for an item, your vote for that particular item will be treated as an abstention.

9 Q: What is the vote required for each item to be voted on at the Meeting?

A:

Item	Brief Description	Vote Required	Treatment of Abstentions and Broker Non-Votes
1	Elect the 12 nominees named in this proxy statement to the Board of Directors	Nominees receiving the most For votes (among votes properly cast in person or by proxy) will be elected.	No effect.
2	Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018	Requires the affirmative vote of a majority of votes cast.	Abstentions - No effect. Broker Non-votes Not applicable.
3	Approve, on an advisory basis, named executive officer compensation	This advisory proposal requires the affirmative vote of a majority of the	No effect.

votes cast.

4 - 6	<p>Approve a management proposal to amend the Company's Amended Articles of Incorporation and Amended Code of Regulations to replace existing supermajority voting requirements with a majority voting power threshold</p>	<p>Require the affirmative vote of at least 80 percent of the voting power of the Company (i.e., outstanding common shares).</p>	<p>Have the same effect as an AGAINST vote.</p>
	<p>Approve a management proposal to amend the Company's Amended Code of Regulations to implement proxy access</p>	<p>The non-binding shareholder proposal requires the affirmative vote of a majority of votes cast.</p>	
7	<p>Shareholder proposal requesting a reduction in the threshold to call a special shareholder meeting</p>	<p>Notwithstanding the results of the shareholder vote, the ultimate adoption of any measures called for by the shareholder proposal is at the discretion of your Board.</p>	<p>No effect.</p>

Table of Contents

10 Q: Will any other matters be voted on other than those described in this proxy statement?

A: We do not know of any business that will be considered at the Meeting other than the matters described in this proxy statement. However, if other matters are presented properly, your executed appointment of a proxy will give authority to the appointed proxies to vote on those matters at their discretion, unless you indicate otherwise in writing.

11 Q: Where can I find the voting results of the Meeting?

A: We will announce preliminary voting results at the Meeting. Final voting results will be reported in a Current Report on Form 8-K, which is required to be filed with the SEC within four business days after the date of the Meeting and will be posted on our website at www.firstenergycorp.com under the tab Investors, then by selecting SEC Filings & Reports. You may also automatically receive your Company's SEC filings (which include alerts for the filing of Form 8-Ks by your Company with the SEC) via e-mail by visiting that same website and clicking on Investors, SEC Filings & Reports, the E-mail Alert icon, then selecting Enable Document Alerts.

How You Can Vote

12 Q: Who is entitled to vote at the Meeting?

A: Shareholders of record of FirstEnergy common stock as of the Record Date are entitled to receive notice of the Meeting and vote their shares. If you plan to attend the Meeting, please see the [Attending the Annual Meeting](#) section below of these [Questions and Answers about the Annual Meeting](#) for instructions on how to register in advance. Holders of FirstEnergy Series A Preferred Stock are not entitled to vote at the Annual Meeting.

13 Q: How do I vote?

A: As further described below, if you are voting by Internet, telephone or mail, your vote must be received by 7:00 a.m., Eastern time, on Tuesday, May 15, 2018, to be counted in the final tabulation, except for shares held by participants in the FirstEnergy Corp. Savings Plan. If you are a participant in the FirstEnergy Corp. Savings Plan, your vote on shares held through the FirstEnergy Corp. Savings Plan must be received by 6:00 a.m., Eastern time, on Monday, May 14, 2018, to be counted in the final tabulation.

If you are a shareholder of record or an employee who holds unvested restricted stock, you can vote your shares using one of the following methods. Whether you plan to attend the Meeting or not, we encourage you to vote as soon as possible.

[By Internet](#) - Go to the website indicated on your proxy card or Notice of Internet Availability and follow the instructions.

[By telephone](#) - Call the toll-free telephone number indicated on your proxy card and follow the instructions.

[By mail](#)

- Complete, date and sign the proxy card that you received in the mail. If you properly sign and return your proxy card but your proxy card is not completed properly, such as marking more than one box for an item,

Edgar Filing: FIRSTENERGY CORP - Form DEF 14A

your vote for that particular item will be treated as an abstention. If you properly sign and return your proxy card but do not mark your choices, your shares will be voted as recommended by your Board.

- Mail your proxy card in the enclosed postage-paid envelope. If your envelope is misplaced, send your proxy card to Corporate Election Services, Inc., your Company's independent proxy tabulator and Inspector of Election. The address is FirstEnergy Corp., c/o Corporate Election Services, P.O. Box 3230, Pittsburgh, PA 15230.

[At the Meeting](#) - You may vote in person at the Meeting, even if you previously appointed a proxy by Internet, telephone, or mail.

If you received a Notice of Internet Availability and would like to vote by telephone or mail, please follow the instructions on your notice to request a paper copy of the proxy materials and proxy card.

Table of Contents

If you are a participant in the FirstEnergy Corp. Savings Plan, your proxy card will include the shares of common stock held for your account in the FirstEnergy Corp. Savings Plan and any other shares registered with our transfer agent, AST, as of the Record Date. You can vote shares allocated to your Savings Plan account by submitting your voting instructions by telephone or through the Internet as instructed on your proxy card or by completing, signing, and dating the proxy card and returning the form in the enclosed postage-prepaid envelope. Subject to the Employee Retirement Income Security Act of 1974, as amended, and pursuant to the Savings Plan provisions, the Savings Plan's Trustee will vote all shares as instructed by Savings Plan participants, and shares for which the Savings Plan's Trustee does not receive timely voting instructions will be voted in the same proportion as the shares held under the Savings Plan for which the Savings Plan's Trustee receives timely voting instructions. Because the Savings Plan Trustee is the only one who can vote your FirstEnergy Corp. Savings Plan shares, you may not vote such shares at the Meeting.

Beneficial owners (other than participants in the FirstEnergy Corp. Savings Plan) will receive instructions from the holder of record (the bank, broker or other nominee that holds your shares) that you must follow for your shares to be voted. Also, please note that if you wish to vote in person at the Meeting, you must request a legal proxy from your bank, broker, or other nominee that holds your shares and present that legal proxy identifying you as the beneficial owner of your shares of FirstEnergy common stock and authorizing you to vote those shares at the Meeting.

14 Q: How may I revoke my proxy?

A: You may revoke your appointment of a proxy or change your related voting instructions one or more times by:

Mailing a proxy card that revises your previous appointment and voting instructions;

Voting by Internet or telephone after the date of your previous appointment and voting instructions;

Voting in person at the Meeting (other than participants in the FirstEnergy Corp. Savings Plan); or

Notifying the Corporate Secretary of your Company in writing prior to the commencement of the Meeting.

The proxy tabulator will treat the last instructions it receives from you as final. For example, if a proxy card is received by the proxy tabulator after the date that a telephone or Internet appointment is made, the tabulator will treat the proxy card as your final instruction. For that reason, it is important to allow sufficient time for your voting instructions on a mailed proxy card to reach the proxy tabulator before changing them by telephone or Internet. Please note that unless you are voting in person at the Meeting, in order to be counted, the revocation or change must be received by the applicable dates and times, discussed above in Question 13, which also includes instructions on how to vote.

If you are a beneficial owner of shares, you must follow the directions you receive from your bank, broker, or other nominee to change your vote.

Table of Contents

Attending the Annual Meeting

15 Q: Do I need to register in advance to attend the Meeting?

A: Yes. In accordance with our security procedures, if you plan to attend the Meeting, you will need to register in advance by following the advance registration instructions below.

Attendance at the Meeting will be limited to your Company's invited guests and to persons owning FirstEnergy Corp. shares as of the Record Date of March 16, 2018, who register in advance of the Meeting and present:

- (i) an admission card (refer to further instructions below); and
- (ii) a valid form of government-issued photo identification.

The admission card admits only the named shareholder(s) and is not transferable. If you are a beneficial owner of shares (other than a participant in the FirstEnergy Corp. Savings Plan), to attend the meeting you will also need an original copy of a letter or legal proxy from your bank, broker or other nominee or your account statement showing proof that you beneficially owned FirstEnergy shares as of the Record Date.

Advance Registration Instructions

If you are a shareholder of record, participant in the FirstEnergy Corp. Savings Plan or an employee who holds unvested restricted stock and you are voting by Internet, telephone or by mail: To register to attend the Meeting, please indicate that you will attend the Meeting when voting by Internet or telephone, or check the appropriate registration box on your proxy card if voting by mail.

All other shareholders: To register to attend the Meeting and, as applicable, have an admission card mailed to you, please send a request containing all of the following information by mail to: FirstEnergy Corp. Annual Meeting Registration A-GO-16, 76 South Main Street, Akron, OH 44308-1890; or by email to: Registration@FirstEnergyCorp.com or by fax: 330-777-6519:

1. Your name, mailing address and telephone number; and
2. If you are a beneficial owner (other than a participant in the FirstEnergy Corp. Savings Plan), proof that you own FirstEnergy shares (such as a photocopy of a letter or legal proxy from your bank, broker, or

other nominee or a photocopy of your account statement redacting certain information) as of the Record Date.

Table of Contents

Admission Card

If you plan to attend the Meeting, you must bring your admission card with you to the Meeting. If you are a shareholder of record, participant in the FirstEnergy Corp. Savings Plan or an employee who holds unvested restricted stock, the admission card portion of your proxy card or one-page Notice of Internet Availability that was included with your proxy material mailing will serve as your admission card. All other shareholders must follow the advance registration instructions above to receive an admission card.

Other Related Matters

If you desire to have one representative attend the Meeting on your behalf or one representative designated to present a shareholder proposal properly brought before the Meeting, please follow the process under Advance Registration Instructions above and include the name, mailing address and telephone number of that representative.

Cameras, recording equipment, computers, large bags and items such as briefcases, backpacks and packages will not be permitted in the Meeting room and may be subject to inspection. No individual may use communication devices, take photographs, or use audio or video recording equipment in the Meeting facilities without the express written permission of your Company. No firearms or weapons will be allowed in the Meeting facilities. Signage and other inappropriate items are likewise prohibited.

16 Q: What are the directions to the Meeting location?

A: John S. Knight Center, 77 E. Mill Street, Akron, Ohio

From Ohio Turnpike Via Route 8: Take I-80 East to Exit 180 (Route 8 South). Follow Route 8 South to the Perkins Street exit. Exit right onto Perkins Street. Proceed on Perkins Street until reaching High Street. Turn left onto High Street. Proceed on High Street, passing over East Market Street. The John S. Knight Center is located on the left at the corner of High & Mill Streets.

From North Via I-77 & West Via I-76: Take I-77/I-76 (they run concurrently briefly) to Exit 22A. Merge with a one-way side street (South Street). Follow South Street to the 2nd light at that point all traffic must turn left onto Broadway. Follow Broadway to Mill Street. The John S. Knight Center is located at the corner of Broadway & Mill Streets.

From North and South via I-71: Take I-71 to I-76 East to Exit 22A (Main/Broadway/Downtown) then follow directions above.

From South: Take I-77 to Exit 22A. Take Broadway and follow Broadway to Mill Street. The John S. Knight Center is located on the left at the corner of Broadway & Mill Streets.

Parking is available next to and near the John S. Knight Center.

Table of Contents

Shareholder Proposals For 2019

17 Q: When are shareholder proposals due for the 2019 Annual Meeting?

- A:** Under the rules of the SEC, a shareholder who wishes to offer a proposal for inclusion in your Company's proxy statement and proxy card for the 2019 annual meeting of shareholders must submit the proposal and any supporting statement by November 30, 2018, to the Corporate Secretary, FirstEnergy Corp., 76 South Main Street, Akron, OH 44308-1890. Any proposal received after that date will not be eligible for inclusion in the 2019 proxy statement and proxy card.

Under our Amended Code of Regulations, a shareholder who wishes to properly introduce an item of business before an annual meeting of shareholders must follow the applicable rules and procedures. The procedures provide that we must receive the notice of intention to introduce an item of business, including nominations of candidates for election to your Board, at an annual meeting not less than 30 nor more than 60 calendar days prior to the annual meeting. In the event public announcement of the date of the annual meeting is not made at least 70 calendar days prior to the date of the meeting, notice must be received not later than the close of business on the 10th calendar day following the day on which the public announcement is first made. Accordingly, if a public announcement of the date of the 2019 annual meeting of shareholders is made at least 70 calendar days prior to the date of the meeting and assuming that our 2019 annual meeting of shareholders is held on the third Tuesday of May, we must receive any notice of intention to introduce an item of business at that meeting no earlier than March 22, 2019 and no later than April 21, 2019; otherwise, we must receive any notice of intention to introduce an item of business at that meeting no later than the close of business on the 10th calendar day following the day on which the public announcement is first made. If we do not receive notice as set forth above or if certain other requirements of applicable law are met, the persons named as proxies in the proxy materials relating to that meeting will use their discretion in voting the proxies when these matters are raised at the meeting. Our Amended Code of Regulations is available on the SEC website and upon written request to the Corporate Secretary, FirstEnergy Corp., 76 South Main Street, Akron, OH 44308-1890. The management proposal to be considered as Item 6 below addresses proxy access for shareholders and, if approved, would impact these procedures.

Obtaining Additional Information

18 Q: How can I learn more about FirstEnergy's operations?

A: If you received a paper copy of this proxy statement, you can learn more about our operations by reviewing the annual report to shareholders for the year ended December 31, 2017, that is included with the mailing of this proxy statement. If you did not receive a paper copy of this proxy statement, you can view the annual report and other information by visiting www.ReadMaterial.com/FE.

A copy of our latest Annual Report on Form 10-K for the year ended December 31, 2017 filed with the SEC, including the financial statements and the financial statement schedules, will be sent to you, without charge, upon written request to the Corporate Secretary, FirstEnergy Corp., 76 South Main Street, Akron, Ohio 44308-1890. You also can view the Form 10-K by visiting your Company's website at www.firstenergycorp.com under the tab Investors, then by selecting SEC Filings & Reports. Information contained on any of the Company or third-party websites referenced above or later in this proxy statement is not deemed to be part of this proxy statement.

Table of Contents

Corporate Governance and Board of Directors Information

Board Leadership Structure

The positions of CEO and Chairman of the Board are separated. Our Amended Code of Regulations and Corporate Governance Policies do not require that your Chairman of the Board and CEO positions be separate, and your Board has not adopted a specific policy or philosophy on whether the role of the CEO and Chairman of the Board should be separate. However, having a separate Chairman of the Board and CEO has typically allowed your CEO to focus more time on our day-to-day operations and, in your Board's judgment, is appropriate at this time.

Mr. Smart, your independent Chairman of the Board who presides at all executive sessions of the independent directors, will retire from your Board as of the Annual Meeting in accordance with the mandatory retirement age provisions of our Corporate Governance Policies. Effective as of the 2018 Annual Meeting, following Mr. Smart's retirement, Mr. Donald Misheff has been elected by your Board to serve as your independent Chairman of the Board contingent on his successful election to your Board at the Annual Meeting.

As required by the NYSE listing standards, FirstEnergy schedules regular executive sessions for your independent directors to meet without management participation. Because an independent director is required to preside over each such executive session of independent directors, we believe it is more efficient to have your independent Chairman of the Board preside over all such meetings as opposed to rotating that function among your Company's independent directors.

Director Independence

Your Board annually reviews the independence of each of its members to make the affirmative determination of independence that is called for by our Corporate Governance Policies and required by the SEC and the listing standards of the NYSE, including certain independence requirements of Board members serving on the Audit Committee, the Compensation Committee and the Corporate Governance Committee.

Your Board adheres to the definition of an independent director as established by the NYSE and the SEC. The definition used by your Board to determine independence is included in our Corporate Governance Policies and can be viewed by visiting our website at www.firstenergycorp.com/charters.

Each year, our directors complete a questionnaire that elicits information to assist the Board in assessing whether each director meets the NYSE's independence standards and the related provisions in the Company's Corporate Governance Policies. The Company facilitates this review by examining its financial records to determine any amounts paid to or received from entities in which each non-employee director or immediate family member has a relationship based on responses to the questionnaires. Subject to the categorical standards approved by the Board and described below, a list of the entities and the amounts the Company paid to or received from those entities is provided to the Corporate Governance Committee. Utilizing this information, the Corporate Governance Committee presents to the Board (i) an evaluation, with regard to each director, whether the director has any material relationship with the Company or any

of its subsidiaries; (ii) a recommendation of whether the amount of any payments between the Company and relevant entities could interfere with a director's ability to exercise independent judgment; and (iii) a review of any other relevant facts and circumstances regarding the nature of these relationships, to determine whether other factors, regardless of the categorical standards the Board has adopted or under the NYSE's independence standards, might impede a director's independence. Based on a review of information concerning each of its non-employee directors and the recommendation of the Corporate Governance Committee, the Board will affirmatively determine whether a director may be considered independent.

Additionally, your Board recognizes that in the ordinary course of business, relationships and transactions may occur between your Company and its subsidiaries and entities with which some of our directors are or have been affiliated. Accordingly, our Corporate Governance Policies provide categorical standards to assist your Board in determining what does not constitute a material relationship for purposes of determining a director's independence. The following commercial and charitable relationships will not be considered to be a material relationship that would impair a director's independence: (i) if the director, an immediate family member or a person or organization with which the director has an affiliation purchases electricity or related

Table of Contents

products or services from the Company or its subsidiaries in the ordinary course of business and the rates or charges involved in the transaction are fixed in conformity with law or governmental authority or otherwise meet the requirements of Regulation S-K Item 404(a) Instruction 7, and (ii) the aggregate charitable contributions made by the Company to an organization with which a director, an immediate family member or a person or organization with which the director has an affiliation were less than \$100,000 in each of the last three fiscal years. Notwithstanding the foregoing, the Board will not treat a director's relationship with the Company as categorically immaterial if the relationship otherwise conflicts with the NYSE corporate governance listing standards or is required to be disclosed by the Company pursuant to Item 404 of Regulation S-K.

In making such determinations, your Board considered the fact that certain directors are executive officers of companies with which we conducted business. In addition, many of our directors are or were directors, trustees, or similar advisors of entities with which we conducted business or of non-profit organizations with which we conducted business and/or made contributions. Outside of their service as a Company director, none of your Company's independent directors currently provide professional or other services to your Company, its affiliates or any officer of your Company and none of your Company's directors are related to any executive officer of your Company.

Specifically, your Board considered the following relationships and transactions, which occurred in the ordinary course of business, between your Company and its subsidiaries and certain entities some of our directors have been affiliated with that existed or occurred during the preceding three years:

Regulated electric services and related non-electric products and services purchased from your Company (by companies where Ms. Pianalto serves as a director and by a university where Ms. Pianalto serves as an advisory trustee and holds a faculty chair);

Non-regulated electric services and related non-electric products and services purchased from your Company (by companies where Ms. Johnson, Ms. Pianalto, Dr. Thornton and Messrs. Anderson and Pappas serve as directors, by a company where a family member of Mr. Anderson is employed, by a university where Ms. Pianalto serves as an advisory trustee and holds a faculty chair, by a community college where Dr. Thornton is a president emeritus, and by a company where Mr. Reyes serves as a chairman of a nuclear safety review board);

Purchases by your Company of electric power generation related products and services (from companies where Dr. Thornton, Ms. Johnson, Ms. Pianalto, and Messrs. Anderson and Pappas serve as directors, from a company where a family member of Mr. Anderson is employed and from a company where Mr. Reyes serves as a chairman of a nuclear safety review board);

Purchases by your Company of public utility water services (from a company where Ms. Johnson serves as a director);

Purchases by your Company of non-audit related services (from an accounting firm that is not our independent accountant where family members of Messrs. Cottle and Misheff are employed);

Purchases by your Company for information technology related services and office-related products and services (from a company where Ms. Pianalto serves as a director); and

Payments by your Company relating to charitable contributions and sponsorships, membership fees/dues, tuition for employee training and related expenses (to a university where Ms. Pianalto serves as an advisory trustee and holds a faculty chair, to an organization where Mr. Reyes serves as a training and accreditation board member and to a community college where Dr. Thornton is a president emeritus).

In all cases, your Board determined that the nature of the business conducted and any interest of the applicable director in that business were immaterial both to your Company and to the director. Pursuant to your Company's Corporate Governance Policies, your Board also determined that the amounts paid to or received from the other entity affiliated with the applicable director in connection with the applicable transactions in each of the last three years did not exceed the greater of \$1 million or two percent of the consolidated gross revenue of that entity, which is the threshold set forth in the NYSE listing standards and our Corporate Governance Policies. The Corporate Governance Committee determined that none of the relationships described above constituted a related person transaction requiring disclosure under the heading "Certain Relationships and Related Person Transactions" in this proxy statement. Also, in each case where the director is a current executive officer of another company, any transactions constituted less than one percent of your Company's and the other company's consolidated gross revenues in each of the last three completed fiscal years.

Table of Contents

Based on the February 2018 independence review, your Board affirmatively determined that all non-employee director nominees Paul T. Addison, Michael J. Anderson, Steven J. Demetriou, Julia L. Johnson, Donald T. Misheff, Thomas N. Mitchell, James F. O'Neil III, Christopher D. Pappas, Sandra Pianalto, Luis A. Reyes and Dr. Jerry Sue Thornton are independent pursuant to our Corporate Governance Policies, the rules and regulations of the SEC and the listing standards of the NYSE. Additionally, Messrs. William T. Cottle and George M. Smart, who were not nominated for election to the Board at the Meeting pursuant to your Board's mandatory retirement age policy, were considered independent directors. Mr. Jones is not considered an independent director because of his employment with your Company.

Board's Function

Although your Board has the responsibility for establishing broad corporate policies and our overall performance, your Board is not involved in day-to-day operations of your Company. Management keeps the directors informed of our business and operations with various reports and documents that are sent to them each month or more frequently as necessary. Management also makes operating and financial presentations at Board and committee meetings. Your Board established the committees described below to assist in performing its responsibilities.

Board Composition and Refreshment

Your Board is comprised of individuals who are highly-qualified, diverse, and independent (other than Mr. Jones, who is not considered independent because of employment with your Company). Your Board's succession planning takes into account the importance of Board refreshment and having an appropriate balance of experience and perspectives on your Board. As further discussed in the "Review of Director Nominees" section of this proxy statement, your Board and the Corporate Governance Committee recognizes that the racial, ethnic and gender diversity of your Board are an important part of its analysis as to whether your Board possesses a variety of complementary skills and experiences.

We have regularly added directors who we believe infuse diversity, new ideas and fresh perspectives into the boardroom. Since the beginning of 2013, your Board has added seven new Board members who are currently standing for election as director nominees. The result is more than half of your Board's director nominees have tenure of five years or less. During this time period, your Board has added four directors that have further diversified your Board, including two female directors. Also, in connection with our mandatory retirement age of 72 for outside directors described below, two of our longest tenured directors will retire from your Board as of the date of the Annual Meeting.

Other Public Company Board Membership

Our Corporate Governance Policies provide that directors will not, without your Board's approval, serve on the board of directors of more than three other public companies. Further, without the Board's approval, no director who serves as an executive officer of any public company may serve on a total of more than two public company boards of directors, except for directorships that existed prior to the implementation of this policy.

2017 Board Evaluations

Your Board is committed to a rigorous self-evaluation process. Through this evaluation, directors review your Board's performance, including areas where the Board feels it functions effectively and areas where the Board believes it can

improve. Your Board has a three-part annual evaluation process that is coordinated by the Corporate Governance Committee: a full Board evaluation; committee evaluations; and individual director evaluations.

Table of Contents

The Board and each committee evaluation includes comprehensive questions designed to provide a holistic evaluation of the performance of the Board and each committee in light of our current needs. Individual director performance evaluations are more specifically tailored to each member by your Board's Chairman, in consultation with the Chair of the Corporate Governance Committee, in order to consider and review the individual director's performance, as well as their continued qualifications. The 2017 evaluations were shared as needed with the applicable directors, committee members, and the full Board, and led to discussions to determine which areas the Board would like to focus on during 2018 to enhance its effectiveness.

1. Annual Process is Initiated

Your Board's Corporate Governance Committee initiates the annual Board, committee and individual director evaluation process and presents the proposed approach to your Board for comment.

2. Board & Committee Assessment Surveys

Assessment surveys solicit each independent director's opinion regarding your Board's and committees effectiveness relating to topics such as Board and committee composition and operations, peer director evaluations, strategic direction, shareholder value and executive management.

3. Individual Director Evaluations & Director Self-Assessments

Your Board Chairman, in consultation with the Chair of the Corporate Governance Committee, reviews individual performance and qualifications of each director. In addition, prior to accepting a nomination, each director conducts a self-assessment as to whether he or she satisfies the criteria set forth in the Company's Corporate Governance Policies and the Corporate Governance Committee Charter.

4. Presentation of Findings

Your Corporate Governance Committee presents its findings to the Board, assessing the contributions of your Board and its committees and discussing any areas in which your Board believes improvement is recommended. Input about the findings is sought from your Board.

5. Feedback Incorporated

Results requiring consideration are addressed at subsequent Board and committee meetings and reported back to the full Board, where appropriate. For example, in 2018, feedback indicated that your Board should remain focused on Board composition and diversity and remain focused on the Company's strategic initiatives.

Table of Contents**Board's Role in Risk Oversight**

Your Company faces a variety of risks and recognizes that the effective management of those risks contributes to the overall success of your Company. Your Company has implemented a process to identify, prioritize, report, monitor, manage, and mitigate its significant risks. A Risk Policy Committee, consisting of the Chief Risk Officer and senior executive officers, provides oversight and monitoring to ensure that appropriate risk policies are established and carried out and processes are executed in accordance with selected limits and approval levels. Other management committees exist to address topical risk issues. Timely reports on significant risk issues are provided as appropriate to employees, management, senior executive officers, respective Board committees, and the full Board. The Chief Risk Officer also prepares enterprise-wide risk management reports that are presented to the Audit Committee, the Finance Committee and your Board.

Your Board administers its risk oversight function through the full Board, as well as through the various Board committees. Specifically, the full Board considers risks applicable to your Company at each meeting in connection with its consideration of significant business and financial developments of your Company. Also, the Audit Committee Charter requires the Audit Committee to oversee, assess, discuss, and generally review your Company's policies with respect to the assessment and management of risks, including risks related to the financial statements and financial reporting process of the Company, credit risk, liquidity and commodity market risks, and risks related to cybersecurity. The Audit Committee also reviews and discusses with management the steps taken to monitor, control, and mitigate such exposures. Through this oversight process, your Board obtains an understanding of significant risk issues on a timely basis, including the risks inherent in your Company's strategy. In addition, while your Company's Chief Risk Officer administratively reports to your Chief Financial Officer (your CFO), he also has full access to the Audit Committee and Finance Committee and is scheduled to attend each of their committee meetings.

In addition to the Audit Committee's role in risk oversight, our other Board committees also play a role in risk oversight within each of their areas of responsibility. Specifically, the Compensation Committee reviews, discusses, and assesses risks related to compensation programs, including incentive compensation and equity-based plans, as well as the relationship between our risk management policies and practices and compensation. See also, "Risk Assessment of Compensation Programs" found in the "Compensation Discussion and Analysis" (the CD&A) section in this proxy statement. The Corporate Governance Committee considers risks related to corporate governance, including Board and committee membership, Board effectiveness, and related person transactions. The Finance Committee evaluates risks relating to financial resources and strategies, including capital structure policies, financial forecasts, budgets and financial transactions, commitments, expenditures, long and short-term debt levels, dividend policy, issuance of securities, exposure to fluctuation in interest rates, share repurchase programs and other financial matters deemed appropriate by your Board. The Nuclear Committee considers the risks associated with the safety, reliability, and quality of our nuclear operations. Further, day-to-day risk oversight is conducted by our Corporate Risk department and our senior management and is shared with your Board or Board committees, as appropriate. We believe that your Board's role in risk oversight is consistent with and complemented by your Board's leadership structure. In addition, the section in this proxy statement entitled "Board Leadership Structure" provides information relating to our general separation of the Chairman of the Board and CEO positions.

Director Orientation and Continuing Education

Your Board recognizes the importance of its members to keep current on Company, industry and governance issues and their responsibilities as directors. All new directors participate in orientation soon after being elected to your

Board. Also, your Board makes available and encourages continuing education programs for Board members, which include internal strategy meetings, third-party presentations, and externally offered programs.

Attendance at the Annual Meeting of Shareholders and Board and Committee Meetings

Our Corporate Governance Policies provide that directors are expected to attend all scheduled Board and committee meetings and your Company's annual meetings of shareholders. All Board members who were directors at that time attended your Company's 2017 annual meeting of shareholders.

Your Board held 14 meetings during 2017. All directors attended at least 75 percent or more of the meetings of your Board and of the committees on which they served in 2017, except for Mr. Robert Heisler due to

Table of Contents

health reasons. Non-management directors, who are all independent directors, are required to meet as a group in executive sessions without the CEO or any other non-independent director or management at least six times in each calendar year, and our independent Chairman of the Board presided over all executive sessions. During 2017, the non-management directors met 13 times in executive sessions.

During 2017, members of the Nuclear Committee and other Board members also participated in site visits to your Company's operating locations, including visits to our nuclear sites.

Shareholder Outreach and Engagement Program

We Have a Robust Shareholder Outreach and Engagement Program

We believe it is important for us to communicate regularly with our shareholders regarding topics of interest so we maintain an active shareholder outreach and engagement program. With support from your Board, your Company's CEO and management team focus significant efforts on engaging our major shareholders and the investment community. Shareholder feedback and suggestions we receive are reported to the Compensation Committee, Corporate Governance Committee or your entire Board for its consideration. We also conduct ongoing governance reviews (e.g., assessing governance trends). This process ensures that your Board and management understand and consider the topics that matter most to our shareholders so we can address them effectively.

As part of our commitment and in an effort to continue to understand our investors' perspective and as part of our corporate governance shareholder engagement program, in the last six months we held meetings with our shareholders representing more than 25% of our outstanding shares at that time (and more than 38% of votes cast from our last annual meeting) primarily to discuss governance-related issues, executive compensation and environmental matters. During these meetings, participants included members from management and our Compensation Committee Chair. Our outreach gave us an opportunity to discuss our continuing goal of implementing ESG and executive compensation measures that are in the best interest of our shareholders and to convey our commitment to continue to align pay and performance.

Communications with your Board of Directors

Your Board provides a process for shareholders and interested parties to send communications to your Board and non-management directors, including our Chairman of the Board. As set forth in your Company's Corporate Governance Policies, shareholders and interested parties may send written communications to your Board or a specified individual director, including our Chairman of the Board, by mailing any such communications to the FirstEnergy Board of Directors at your Company's principal executive office, c/o Corporate Secretary, FirstEnergy Corp., 76 South Main Street, Akron, OH 44308-1890. Our Corporate Governance Policies can be viewed by visiting our website at www.firstenergycorp.com/charters.

Table of Contents

The Corporate Secretary or a member of her staff reviews all such communications promptly and relays them directly to a Board member or a specified individual director, provided that such communications: (i) bear relevance to your Company and the interests of the shareholder, (ii) are capable of being implemented by your Board, (iii) do not contain any obscene or offensive remarks, (iv) are of a reasonable length, and (v) are not from a shareholder who already has sent two such communications to your Board in the last year. Your Board may modify procedures for sorting shareholders and interested parties communications or adopt any additional procedures, provided they are approved by a majority of the independent directors.

Outreach and Engagement Program Shareholder Feedback

Based on the results of our Outreach and Engagement efforts, your Board has taken the following steps:

Adopted Changes to our Executive Compensation Program: Incorporating the feedback we received from shareholders, your Compensation Committee implemented several changes to our executive compensation program in 2018. For further insight on our outreach related to executive compensation, see the Shareholder Engagement and Say-on-Pay Results section below in the CD&A.

Enhanced Board Oversight of Lobbying Activities and Related Disclosures: Although it did not pass, in response to the vote received on the 2017 lobbying activities shareholder proposal, we elicited shareholder feedback on the Company's current practices and disclosures concerning our lobbying activities. Most of those engaged shareholders indicated little or no concern with our current disclosures; however, some investors suggested that we include more specific information about the Corporate Governance Committee's oversight role of our lobbying activities. Accordingly, in 2017, your Board further strengthened its oversight of your Company's lobbying activities and amended the Corporate Governance Committee's Charter to clarify this responsibility. The Corporate Governance Committee maintains an informed status with respect to the Company's practices relating to corporate political participation, and dues and/or contributions to industry groups and trade associations. We also regularly evaluate our related disclosures and anticipate updating these disclosures on our website.

Enhanced our Environmental Related Disclosures: Although it did not pass, in response to the vote received on the 2017 climate change related shareholder proposal and subsequent shareholder feedback, we regularly evaluate our risk and related disclosures and anticipate updating our Sustainability Report with a focus on ESG.

Enhanced our Proxy Statement Disclosures: We continue to enhance our disclosures throughout this proxy statement regarding Board composition, Board refreshment and Director skills. We also expanded the use of charts and illustrations in this proxy statement to help better explain our corporate governance and executive compensation programs and objectives.

Included Certain Governance-Related Management Proposals in this Proxy Statement: Your Board is once again seeking shareholder approval of the following three management proposals to: replace existing supermajority voting requirements with a majority voting power threshold (Item 4), implement majority voting for uncontested director elections (Item 5) and implement proxy access (Item 6). Despite a significant effort in an attempt to secure the required shareholder support, it has been unsuccessful and this is the third time in recent years your Board is attempting to secure shareholder support on the subjects of simple majority vote and proxy access, and the second time in recent years for the proposal related to a majority vote in uncontested director elections. Although these proposals were previously not approved by our shareholders, your Board considered the results of the shareholder vote, as well as shareholder feedback on these matters and continues to support their adoption. As noted in each proposal, your Board cannot unilaterally adopt the proposed amendments because a shareholder vote is necessary under our governing documents.

Incorporated an ESG Director Skill Criterion: Your Board also amended our Corporate Governance Committee Charter to consider environmental, social or governance (ESG) skills when evaluating the knowledge, experience, or skills of each director.

Table of Contents

Corporate Governance Documents

Your Board believes that your Company's policies and practices should enhance your Board's ability to represent your interests as shareholders. Your Board established Corporate Governance Policies which, together with Board committee charters, serve as a framework for meeting your Board's duties and responsibilities with respect to the governance of your Company. Our Corporate Governance Policies and Board committee charters can be viewed by visiting our website at www.firstenergycorp.com/charters. Any amendments to these documents will promptly be made available on our website.

Codes of Business Conduct

Your Company's Code of Business Conduct applies to all employees, including the CEO, CFO, and Chief Accounting Officer. In addition, your Board has a separate Director Code of Ethics and Business Conduct. Both codes can be viewed on our website at www.firstenergycorp.com/charters. Any substantive amendments to, or waivers of, the provisions of these documents will be disclosed and made available on our website. Both codes are available, without charge, upon written request to the Corporate Secretary, FirstEnergy Corp., 76 South Main Street, Akron, Ohio 44308-1890 or may be viewed on our website at www.firstenergycorp.com/charters.

Table of Contents**Committees of your Board of Directors**

Your Board established the standing committees listed below. All committees are comprised solely of independent directors as determined by your Board in accordance with our Corporate Governance Policies, which incorporate the NYSE listing standards and applicable SEC rules. All members of the Audit Committee, Compensation Committee and the Corporate Governance Committee are independent based on the definition applicable to such committee in the NYSE listing standards and SEC rules. Mr. Jones, your only director who is not considered independent because of his employment with your Company, does not serve on any Board committee.

Audit Committee

Donald T. Misheff *

(Chair)

Paul T. Addison *

James F. O'Neil III *

George M. Smart

The purpose of the Audit Committee is to assist your Board with oversight of: the integrity of your Company's financial statements; your Company's compliance with legal, risk management and oversight, and regulatory requirements; the independent auditor's qualifications and independence; the performance of your Company's internal audit function and independent auditor; and your Company's systems of internal control with respect to the accuracy of financial records, adherence to Company policies, and compliance with legal and regulatory requirements. The Audit Committee prepares the Audit Committee Report that SEC rules require be included in

** Financial Experts*

this proxy statement and performs such other duties and responsibilities enumerated in the Audit Committee Charter. The Audit Committee's function is one of oversight, recognizing that your Company's management is responsible for preparing your Company's financial statements, and the independent auditor is responsible for auditing those statements. In adopting the Audit Committee Charter, your Board acknowledges that the Audit Committee members are not employees of your Company and are not providing any expert or special assurance as to your Company's financial statements or any professional certification as to the independent auditor's work or auditing standards. Each

member of the Audit Committee shall be entitled to rely on the integrity of those persons and organizations within and outside your Company who provide information to the Audit Committee and the accuracy and completeness of the financial and other information provided to the Audit Committee by such persons or organizations absent actual knowledge to the contrary. For a complete list of responsibilities and other information, please refer to the Audit Committee Charter available on our website at www.firstenergycorp.com/charters.

All members of the Audit Committee are financially literate. Your Board appoints at least one member of the Audit Committee who, in your Board's business judgment, is an Audit Committee Financial Expert, as such term is defined by the SEC. Your Board determined that Messrs. Addison, Misheff and O'Neil meet this definition. As required by the applicable NYSE listing standards, to the extent any member of your Company's Audit Committee simultaneously serves on the audit committee of more than three public companies, your Company will disclose on its website (www.firstenergycorp.com under the tab Investors, Corporate Governance and Board of Directors) the Board's determination whether such simultaneous service impairs the ability of that individual to serve effectively on your Company's Audit Committee. See the Audit Committee Report in this proxy statement beginning on page 24 for additional information regarding the Audit Committee.

Mr. O'Neil was appointed to the Audit Committee in May 2017. Our Corporate Governance Policies require that your Board shall not nominate for election at any annual meeting of shareholders a non-employee director following his or her 72nd birthday. Accordingly, Mr. Smart will retire from your Board as of our Annual Meeting in accordance with your Board's mandatory retirement age policy and therefore will no longer serve on the Audit Committee.

Table of Contents***Compensation Committee****8 meetings in fiscal year 2017*

Christopher D. Pappas (Chair)	The purpose of the Compensation Committee is to discharge the responsibilities of your Board as specified in the Compensation Committee Charter relating to the compensation of certain senior-level officers of your Company, including your CEO, your Company's other non-CEO executive officers, the Chairman of the Board, if the Chairman of the Board is not an employee, and other individuals named in your Company's annual proxy statement. The Compensation Committee's responsibilities also include: (i) review, discuss, and endorse a compensation philosophy and objectives that support competitive pay-for-performance and are consistent with the corporate strategy; (ii) assist your Board in establishing the appropriate incentive compensation and equity-based plans for your Company's executive officers and other senior-level officers; administer such plans in order to attract, retain, and motivate skilled and talented executives and to align such plans with
Steven J. Demetriou	
Donald T. Misheff	
Sandra Pianalto	

Dr. Jerry Sue Thornton

Company and business unit performance, business strategies, and growth in shareholder value; (iv) review and discuss with your Company's management the disclosures in the CD&A required by applicable rules and regulations and, based upon such review and discussions, recommend to your Board whether the CD&A should be included in your Company's Annual Report on Form 10-K and proxy statement; (v) produce the Compensation Committee Report to be included in your Company's Annual Report on Form 10-K and proxy statement, in accordance with applicable rules and regulations; and (vi) perform such other duties and responsibilities enumerated in and consistent with the Compensation Committee Charter. The Compensation Committee, in accordance with applicable law, has delegated authority to your CEO to establish the compensation of senior-level officers other than our executive officers. The Compensation Committee reviews and, if appropriate, makes recommendations to your Board regarding the compensation and benefits of our non-employee directors. Also, to the extent permitted under NYSE listing standards and applicable law, the Compensation Committee is authorized to delegate to one or more subcommittees. For a complete list of responsibilities and other information, refer to the Compensation Committee Charter available on our website at www.firstenergycorp.com/charters. In addition, refer to the CD&A that can be found later in this proxy statement.

Ms. Pianalto was appointed to the Compensation Committee in February 2018 and Mr. Demetriou was appointed to the Compensation Committee in May 2017.

Corporate Governance Committee

6 meetings in fiscal year 2017

Michael J. Anderson

(Chair)

William T. Cottle

Julia L. Johnson

Thomas N. Mitchell

Luis A. Reyes

George M. Smart

The purpose of the Corporate Governance Committee is to develop, recommend to your Board, and periodically review the corporate governance principles applicable to your Company; recommend Board candidates for all directorships by identifying individuals qualified to become Board members in a manner that is consistent with criteria approved by your Board; recommend that your Board select the director nominees for the next annual meeting of shareholders and recommend to your Board nominees to fill any vacancies and/or newly created directorships on your Board; and oversee the evaluation of your Board and each committee thereof.

In consultation with the CEO, the Chairman of the Board and the full Board, the Corporate Governance Committee has primary responsibility to search for, recruit, screen, interview, and recommend prospective directors, as required, who will provide an appropriate balance of knowledge, experience, diversity and capability on your Board.

The process for board succession planning and identifying potential candidates for nomination by your Board is ongoing. The Corporate Governance Committee has actively engaged in director succession planning and regularly evaluates the addition of a director or directors with particular attributes with an appropriate mix of long-, medium-, and short-term tenured directors in its succession planning. Your Board has been able to attract high quality diverse

candidates and did not use a third party to assist with the identification of potential nominees, but would consider using a third party in the future, if needed or desired. The Corporate Governance Committee's charter requires it to also periodically review the Company's Corporate Political Activity Policy, including practices relating to corporate political participation, and dues and/or contributions to industry groups and trade associations. The Corporate Governance Committee is guided by its charter, the Corporate Governance Policies, and other applicable laws and regulations in recruiting and selecting director candidates. Refer to the Review of Director Nominees section below for more details.

The Corporate Governance Committee considers suggestions for candidates for membership on your Board, including candidates recommended by shareholders for your Board. Provided that shareholders suggesting director candidates have complied with the procedural requirements set forth in the Corporate Governance Committee Charter and Amended Code of Regulations, the Corporate Governance Committee applies the same criteria and employs substantially similar procedures for evaluating candidates suggested by shareholders for your Board as it would for evaluating any other Board candidate. The Corporate Governance Committee will give due consideration to all candidates recommended by shareholders that are submitted in writing to the Corporate Governance Committee, in care of the Corporate Secretary, FirstEnergy Corp., 76 South Main Street, Akron, Ohio 44308-1890, received at least 120 days before the publication of your Company's annual proxy statement from a shareholder or group of shareholders owning one half of one percent (0.5 percent) or more of your Company's voting stock for at least one year, and accompanied by a description of the proposed nominee's qualifications and other relevant biographical information, together with the written consent of the proposed nominee to be named in the proxy statement and to serve on your Board. For a complete list of responsibilities and other information, refer to the Corporate Governance Committee Charter available on our website at www.firstenergycorp.com/charters.

Mr. Mitchell was appointed to the Corporate Governance Committee in May 2017. Our Corporate Governance Policies require that your Board shall not nominate for election at any annual meeting of shareholders a non-employee director following his or her 72nd birthday. Accordingly, Messrs. Cottle and Smart will retire as of our Annual Meeting in accordance with your Board's mandatory retirement age policy and therefore will no longer serve on the Corporate Governance Committee.

Audit Committee Report

The Audit Committee of your Board is charged with assisting the full Board in fulfilling their oversight responsibility with respect to the quality and integrity of the accounting, auditing, and financial reporting practices of your Company. The Audit Committee acts under a written charter that is reviewed annually, revised as necessary, and is approved by your Board. The charter specifies that the Audit Committee is directly responsible for the appointment, compensation and retention of, and the oversight of the work and pre-approval of all services provided by your Company's independent registered public accounting firm, PricewaterhouseCoopers LLP. In connection with the Audit Committee's approval of any non-audit services, the Audit Committee considers whether the independent registered public accounting firm's performance of any non-audit services is compatible with the independent auditor's independence.

As part of the Audit Committee's auditor engagement process, the Audit Committee considers whether to rotate the independent registered public accounting firm. PricewaterhouseCoopers LLP has been the Company's independent auditor since 2002. The Audit Committee also participates in the selection of and ensures the regular rotation of the lead audit partner and concurring partner of the Company's independent registered public accounting firm auditor every five years. The Audit Committee currently believes that there are benefits to having an independent auditor with an extensive history with the Company. The benefits include: higher quality audit work and accounting advice due to PricewaterhouseCoopers LLP's institutional knowledge of our business and operations, accounting policies and financial systems, and internal control framework; and operational efficiencies and a resulting lower fee structure because of PricewaterhouseCoopers LLP's history and familiarity with our business.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements included in your Company's Annual Report on Form 10-K for the year ended December 31, 2017. In performing its review, the Audit Committee discussed the propriety of the application of accounting principles by your Company, the reasonableness of significant judgments and estimates used in the preparation of the financial statements, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed and discussed with your Company's independent registered public accounting firm, PricewaterhouseCoopers LLP, their opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States. This discussion covered the matters required by Auditing Standard No. 1301, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board, including its judgments as to the propriety of the application of accounting principles by your Company.

The Audit Committee received the written disclosures and the letter from the independent registered public accounting firm regarding their independence from your Company as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and discussed with the independent registered public accounting firm such firm's independence.

Edgar Filing: FIRSTENERGY CORP - Form DEF 14A

The Audit Committee discussed with your Company's internal auditors and independent registered public accounting firm the overall scope, plans, and results of their respective audits. The Audit Committee met with the internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of your Company's internal controls, and the overall quality of your Company's financial reporting process.

Based on the above reviews and discussions conducted, the Audit Committee recommended to your Board that the audited financial statements be included in your Company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the SEC.

Audit Committee Members: Donald T. Misheff (Chair), Paul T. Addison, James F. O'Neil III, and George M. Smart.

24 | FirstEnergy Corp. **2018 Proxy Statement**

Table of Contents

Matters Relating to the

Independent Registered Public Accounting Firm*Audit Fees*

The following is a summary of the fees paid by your Company to its independent registered public accounting firm, PricewaterhouseCoopers LLP, for services provided to your Company and its reporting subsidiaries during the years 2017 and 2016.

PricewaterhouseCoopers LLP billed your Company an aggregate of \$9,001,500 in 2017 and \$7,710,800 in 2016 in fees for professional services rendered for the audit of your Company's financial statements and the review of the financial statements included in each of your Company's Quarterly Reports on Form 10-Q, services that are normally provided in connection with statutory and regulatory filings or engagements, audit-related services and non-audit-related services as noted below.

	Fees for Audit Year 2017	Fees for Audit Year 2016
Audit Fees ⁽¹⁾	\$8,460,000	\$7,370,000
Audit Related Fees ⁽²⁾	502,000	335,000
Tax Fees	- 0 -	- 0 -
All Other Fees ⁽³⁾	\$39,500	5,800
Total	\$9,001,500	\$7,710,800

(1) Professional services rendered for the audits of your Company's and certain of its subsidiaries' annual financial statements and reviews of unaudited financial statements included in your Company's and its SEC reporting subsidiary's Quarterly Reports on Form 10-Q and for services in connection with statutory and regulatory filings or engagements, including comfort letters, agreed upon procedures and consents for financings and filings made with the SEC.

(2) Professional services rendered in 2017 and 2016 related to SEC Regulation AB. Also in 2016, professional services rendered related to additional agreed upon procedures for the audit of The Potomac Edison Company's cost allocation manual and the attestation of the Penn Power Company's Net Earnings certificate.

(3) Non-audit-related software subscription fees to PricewaterhouseCoopers LLP.

The Audit Committee has considered whether any non-audit services rendered by the independent registered public accounting firm are compatible with maintaining its independence. The Audit Committee, in accordance with its charter and in compliance with all applicable legal and regulatory requirements promulgated from time to time by the NYSE and SEC, has a policy under which the independent registered public accounting firm cannot be engaged to perform non-audit services that are prohibited by these requirements. The policy further states that any engagement of the independent registered public accounting firm to perform other audit-related or any non-audit services must have approval in advance by the Chair of the Audit Committee upon the recommendation of the Vice President, Controller and Chief Accounting Officer. Such approved engagement is then presented to the Audit Committee at its next regularly scheduled meeting. All audit and non-audit services provided by PricewaterhouseCoopers LLP in 2017 and 2016 were pre-approved.

Table of Contents**Director Compensation in Fiscal Year 2017**

Name⁽¹⁾	Fees Earned or Paid in Cash (\$)⁽²⁾	Stock Awards (\$)⁽³⁾	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)⁽⁴⁾	All Other Compensation (\$)⁽⁵⁾	Total (\$)

Luis A. Reyes	\$97,972	\$134,959	\$0	\$0	\$232,931

George M. Smart	\$246,500	\$134,959	\$16,719	\$20,070	\$418,248
Dr. Jerry Sue Thornton	\$94,942	\$134,959	\$0	\$0	\$229,901

- (1) Charles E. Jones, President and CEO, is not included in this table because during 2017 he was an employee of your Company and therefore received no compensation for his service as director. The compensation received by Mr. Jones is shown in the 2017 Summary Compensation Table (S C T) below.
- (2) The amounts set forth in the Fees Earned or Paid in Cash column include fees earned in cash whether paid in cash, deferred into the FirstEnergy Corp. Deferred Compensation Plan for Outside Directors (Director s Plan) or elected to be received in stock.
- (3) The amounts set forth in the Stock Awards column include the equity retainer received under the FirstEnergy Corp. 2015 Incentive Compensation Plan (2015 Incentive Plan) in the form of shares of common stock. Each amount constitutes the aggregate grant date fair value of stock awards for fiscal 2017 calculated in accordance with Financial Accounting Standards Board (F A S B) ASC Topic 718. The equity retainer is typically paid in quarterly installments. The fair value on the grant dates was \$33,727 on February 27, 2017; \$33,738 on May 3, 2017; \$33,750 on August 2, 2017; and \$33,745 on November 1, 2017. Share amounts are rounded down. There were no option awards or stock awards outstanding as of December 31, 2017.
- (4) The amounts set forth in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column reflect only the above-market earnings on nonqualified deferred compensation. There are no pension values for directors. The formula used to determine the above market earnings equals 2017 total interest multiplied by the difference between 120 percent of the Applicable Federal Rate for long-term rates (AFR) and the plan rate and divided by the plan rate.
- (5) The amounts set forth in the All Other Compensation column include compensation not required to be included in any other column. Charitable matching contributions made on behalf of our directors represent the entire amount in the column, other than for Messrs. Kleisner, Novak and Smart. Charitable matching contributions were \$5,000 for Mr. Kleisner, \$10,000 for Mr. Novak and \$5,000 for Mr. Smart. Personal use of corporate aircraft was \$742 for Mr. Kleisner, \$2,243 for Mr. Novak and \$14,984 for Mr. Smart. Gifts were \$6,151 each for Mr. Kleisner and Mr. Novak and \$86 for Mr. Smart. The FirstEnergy Foundation supports the charitable matching contributions under the Matching Gifts Program.
- (6) Messrs. Demetriou and O Neil were elected to your Board effective January 17, 2017. The amounts paid to both Messrs. Demetriou and O Neil for the first quarter were prorated based on their election date.
- (7) Mr. Heisler passed away on April 11, 2017.
- (8) Messrs. Kleisner and Novak retired effective May 16, 2017.

Table of Contents*Compensation of Directors*

We use a combination of cash and equity-based incentive compensation in order to attract and retain qualified candidates to serve on your Board. Equity compensation provides incentives to directors linking their personal interests to our long-term financial success and to increases in shareholder value. In setting director compensation, we take into consideration the significant amount of time that directors spend in fulfilling their duties to us as well as the skill level required of members of your Board. Only non-employee directors receive the compensation described below for their service on your Board. Since Mr. Jones was an employee, he was not eligible to receive any additional compensation for his service on your Board in 2017.

Fee Structure

In 2017, each non-employee director received a cash retainer of \$95,000 and an equity retainer valued at approximately \$135,000 and paid in the form of our common stock. The Chairs of the Corporate Governance, Compensation, Finance, and Nuclear Committees each received an additional \$15,000 cash retainer in 2017 for serving as a committee chairperson, and the Chair of the Audit Committee received an additional \$20,000 cash retainer in 2017. The amounts paid to directors for 2017 were prorated accordingly based on the duration of their service. Directors are also paid meeting fees of \$1,500, but only for in-person committee meetings and/or site visits held off-cycle. Mr. Smart, the non-executive Chairman of the Board, received an additional \$150,000 cash retainer in 2017 for serving in that capacity.

Equity and cash retainers and chairperson retainers were paid in quarterly installments. Any equity compensation and any compensation deferred into equity was granted under the FirstEnergy Corp. 2015 Incentive Compensation Plan (2015 Incentive Plan). Directors are responsible for paying all taxes associated with cash and equity retainers. We do not gross up equity grants to directors to cover tax obligations.

We believe it is critical that the interests of directors and shareholders be clearly aligned. As such, similar to the Named Executive Officers (NEOs), directors are also subject to share ownership guidelines. Within 90 days of their election to your Board, a director must beneficially own a minimum of 100 shares of our common stock. Within five years of joining your Board, each director is required to own shares of our common stock with an aggregate value of at least six times the annual cash retainer (currently \$570,000 in common stock). Each director has either attained the required share ownership guideline or it is anticipated that the director will attain the required share ownership guideline within the allotted amount of time. The share ownership guidelines are reviewed by the Compensation Committee for competitiveness on an annual basis and were last reviewed at the Compensation Committee's February 2017 meeting.

For 2017, the following directly and indirectly held shares were included in determining whether a non-employee director met his/her ownership guidelines:

Shares directly or jointly owned in certificate form or in a stock investment plan;

Shares held individually or jointly by a broker, or, in certain circumstances, held in trust, or in an individual retirement account (IRA), shares held by a spouse, or other beneficially owned shares, to the extent known by the Company; and

All units held in the Director s Plan, and units held in the Allegheny Energy, Inc. Non-Employee Director Stock Plan (AYE Director s Plan) or the Allegheny Energy Inc. Amended and Restated Revised Plan for Deferral of Compensation of Directors (AYE DCD), which units are payable in shares.

Director s Plan

The Director s Plan is a nonqualified deferred compensation plan that provides directors the opportunity to defer compensation. Directors may defer up to 100 percent of their cash retainer into cash or stock accounts. Deferrals into the cash account can be invested in one of nine funds, similar to the investment funds available to all of our employees through the FirstEnergy Corp. Savings Plan, or in a Company-paid annually adjusted fixed income account. The Company paid interest at an annual rate of 7.13% on funds deferred into cash accounts prior to 2013 and 5.13% on funds deferred into cash accounts beginning in 2013. The interest rate received by the directors is the same rate received by the NEOs under the FirstEnergy Corp. Amended and Restated Executive Deferred Compensation Plan (EDCP).

For stock accounts, dividend equivalent units are accrued quarterly and applied to the directors accounts on each dividend payment date using the closing price of our common stock on that date. Payments made with respect to any dividend equivalent units that accrue after January 21, 2014, will be paid in cash.

Table of Contents

Other Payments or Benefits Received by Directors

The corporate aircraft is available, when appropriate, for transportation to and from Board and committee meetings and training seminars. Mr. Smart had the use of an office and administrative support with respect to carrying out his duties as non-executive Chairman of the Board in 2017. We pay all fees associated with director and officer insurance and business travel insurance for our directors. In 2017, our directors were eligible to receive perquisites including limited personal use of the corporate aircraft, matching charitable contributions and gifts, the collective value of which was less than \$10,000 for each director other than Messrs. Kleisner, Novak and Smart. Directors are responsible for paying all taxes associated with perquisites and personal benefits.

It is critically important to us and our shareholders that we be able to attract and retain the most capable persons reasonably available to serve as our directors. As such, all directors have entered into written indemnification agreements, which are intended to secure the protection for our directors contemplated by our Amended Code of Regulations and Ohio law.

Each indemnification agreement provides, among other things, that we will, subject to the agreement terms, indemnify a director if by reason of their corporate status as a director, the person incurs losses, liabilities, judgments, fines, penalties, or amounts paid in settlement in connection with any threatened, pending, or completed proceeding, whether of a civil, criminal, administrative, or investigative nature. In addition, each indemnification agreement provides for the advancement of expenses incurred by a director, subject to certain exceptions, in connection with proceedings covered by the indemnification agreement. As a director and officer, the agreement for Mr. Jones addresses indemnity in both roles.

Table of Contents

Review of Director Nominees

The Corporate Governance Committee, comprised entirely of independent directors, recommends Board candidates by identifying qualified individuals in a manner that is consistent with criteria approved by your Board. In consultation with the CEO, the Chairman of the Board and the full Board, the Corporate Governance Committee searches for, recruits, screens, interviews and recommends prospective directors to provide an appropriate balance of knowledge, experience and capability on your Board. Suggestions for potential Board candidates come to the Corporate Governance Committee from a number of sources, including incumbent directors, officers, executive search firms and others. The Corporate Governance Committee has sole authority to retain and engage a third-party search firm to identify a candidate or candidates. Your Board did not use a third-party to assist with the identification and evaluation of the director nominees.

Qualifications, Attributes, Skills and Experience of your Board

In recruiting and selecting Board candidates, the Corporate Governance Committee takes into account the size of the Board and considers a skills matrix to determine whether those skills and/or other attributes qualify candidates for service on your Board. The qualifications, experiences, and skills considered in accordance with Corporate Governance Policies and the Corporate Governance Committee charter for each director nominee led your Board to conclude that the nominee is qualified to serve on your Board.

The high-level overview below depicts some of the qualifications, attributes, skills and experience of our director nominees. It is not intended to be an exhaustive list of each director nominee's skills or contributions to the Board. Please also refer to the Proxy Statement Summary section above for highlights regarding the composition of our director nominees, including diversity. Also, additional biographical information and qualifications for each nominee is provided in the Biographical Information and Qualifications of Nominees for Election as Directors section below and contains information regarding the person's service as a director, principal occupation, business experience along with key attributes, experience and skills.

The Corporate Governance Committee believes that well-assembled boards consist of a diverse group of individuals who possess a variety of complementary skills and experiences. It considers this variety of complementary skills in the broader context of your Board's overall composition with a view toward constituting a Board that, as a body, possesses the appropriate skills, experience, attributes, and qualities required to successfully oversee your Company's operations.

The Corporate Governance Committee regularly assesses the size and composition of your Board in light of the operating requirements of your Company and the current makeup of your Board in the context of the needs of your

Board at a particular point in time. Each of the nominees brings a strong and unique background and skill set to your Board, giving your Board, as a whole, competence and experience in a wide variety of areas necessary to oversee the operations of your Company.

Table of Contents

Neither the Corporate Governance Committee nor your Board has an established policy regarding the consideration of diversity in identifying director nominees. However, the Corporate Governance Committee recognizes that the racial, ethnic and gender diversity of your Board are an important part of its analysis as to whether your Board possesses a variety of complementary skills and experiences. The Corporate Governance Committee also considers differences in point of view, professional experience, education, and other individual skills, qualities, and attributes that contribute to the optimal functioning of your Board as a whole. Also, our Corporate Governance Policies provide that your Board will not nominate for election a non-employee director following his or her 72nd birthday.

Table of Contents

**Biographical Information and
Qualifications of Nominees for Election as Directors**

The following provides information about each director nominee as of the date of this proxy statement. The information presented below includes each nominee’s specific experiences, qualifications, attributes, and skills that led the Corporate Governance Committee and your Board to the conclusion that he/she should serve as a director of your Company.

Paul T. Addison

Position, Principal Occupation and Business Experience: Retired in 2002 as managing director in the Utilities Department of Salomon Smith Barney (Citigroup), an investment banking and financial services firm. Director of the Company since 2003.

Key Attributes, Experience and Skills: Mr. Addison received an M.B.A. in Finance and General Business Administration from the Harvard University Graduate School of Business. His career included positions of increasing responsibility in the investment banking and financial services sector, culminating as a managing director of the Utilities Department at Salomon Smith Barney (Citigroup). This wealth of experience in the utilities department in the financial services sector makes Mr. Addison a strong contributor to your Board and your Company.

Michael J. Anderson

Position, Principal Occupation and Business Experience: Chairman of the board of directors since 2016, and executive chairman of the board of directors from 2009 to 2015, of The Andersons, Inc., a diversified public company with interests in the grain, ethanol and plant nutrient sectors of U.S. agriculture, as well as in railcar leasing and repair and turf products production. He also served as chief executive officer of The Andersons, Inc. from 1999 to 2015. Director of the Company since 2007.

Age 71

Committees:
Audit, Finance
(Chair)

Age 66

Committees:

Key Attributes, Experience and Skills: Mr. Anderson received an M.B.A. in Finance and Accounting from the Northwestern University Kellogg Graduate School of Management and was a Certified Public Accountant. He participated in the Harvard Advanced Management Program. Mr. Anderson was an auditor for Arthur Young & Co. In 1996, he became president and chief operating officer of The Andersons, Inc., and he is currently that company's chairman. Mr. Anderson's experience in the accounting and executive management areas are invaluable assets for your Board.

Steven J. Demetriou

Position, Principal Occupation and Business Experience: Chairman, chief executive officer and director of Jacobs Engineering Group Inc., a provider of technical professional and construction services, since August 2015. Chairman and chief executive officer (from 2004 to 2015) of Aleris Corporation (Aleris), a manufacturer of aluminum rolled products. Mr. Demetriou was chairman and chief executive officer of Aleris when it filed a voluntary petition under Chapter 11 of the United States Bankruptcy Code in 2009 and when it successfully emerged from those proceedings in June 2010. He served as a director (from 2008 to 2014) and non-executive chairman (from 2011 to 2014) of Foster-Wheeler AG; director of the OM Group (from 2005 to 2015); and director of Kraton Corporation (from 2009 to 2017). Director of the Company since January 2017.

Key Attributes, Experience and Skills: Mr. Demetriou received his Bachelor of Science degree in chemical engineering from Tufts University. His experience includes more than 30 years of leadership and senior management roles, including 15 years in the role of chief executive officer. In addition, he brings experience in a variety of industries, including engineering, construction and oil and gas. His extensive executive and board experience has equipped him with leadership skills and the knowledge of board processes and functions. This experience qualifies him to serve as a member of your Board.

Julia L. Johnson

Position, Principal Occupation and Business Experience: President of NetCommunications, LLC, a national regulatory and public affairs firm focusing primarily on energy, telecommunications and broadcast regulation, since 2000. She serves as a director of the following three other public companies: American Water Works Company, Inc., MasTec, Inc., and NorthWestern Corporation. Director of the Company since 2011. She was a director of Allegheny Energy, at which time she became a director of your Company in connection with Allegheny Energy's merger with your Company.

Age 59

Committees:
Compensation,
Finance

Age 55

Committees:

Key Attributes, Experience and Skills: Ms. Johnson received her law degree from the University of Florida College of Law after graduating from the University of Florida with a Bachelor of Science in business administration. She is a former chairman and commissioner of the Florida Public Service Commission, which provides her with valuable insight into the electric utility industry. In her current position as president of NetCommunications, LLC, she develops strategies for achieving objectives through advocacy directed at critical decision makers. She previously served as senior vice president of Communications and Marketing at Milcom Technologies and also has additional public company board experience. Ms. Johnson's extensive regulatory background, legal experience and additional board experience qualify her to serve as a member of your Board.

Nuclear

Table of Contents**Charles E. Jones**

Age 62

Position, Principal Occupation and Business Experience: President, CEO and director of your Company since January 1, 2015. He was Executive Vice President and President, FirstEnergy Utilities from 2014 to 2015, Senior Vice President and President, FirstEnergy Utilities from 2010 to 2011, and also served as President of your Company's utility subsidiaries from 2010 to 2015. He also serves as a director of many other subsidiaries of your Company, and served as a director of FirstEnergy Solutions Corp. (FES) from 2015 to 2016.

Key Attributes, Experience and Skills: Mr. Jones received an undergraduate degree in electrical engineering from The University of Akron. He also attended the United States Naval Academy and was a member of the Institute of Electrical and Electronics Engineers. He completed the Reactor Technology Course for Utility Executives at the Massachusetts Institute of Technology and the Public Utility Executive Program at the University of Michigan. He has had an extensive, nearly forty-year career, at Ohio Edison Company and later FirstEnergy Corp., and has held various executive leadership positions, most recently Executive Vice President and President of FirstEnergy Utilities, and currently President and CEO. With this vast experience, Mr. Jones brings to your Board an extraordinary understanding of the inner workings of the public utilities industry and FirstEnergy.

Donald T. Misheff

Age 61

Position, Principal Occupation and Business Experience: Retired in 2011 as managing partner (position held since 2003) of the Northeast Ohio offices of Ernst & Young LLP, a public accounting firm. He serves as a director of the following two other public companies: TimkenSteel Corp. and Trinseo S.A. He is also a director of Aleris Corporation, whose common stock is privately held. Director of your Company since 2012.

Committees:Audit (Chair),
Compensation

Key Attributes, Experience and Skills: Mr. Misheff graduated from The University of Akron with a major in accounting and is a Certified Public Accountant. As the managing partner of the Northeast Ohio offices of Ernst & Young LLP from 2003 until his retirement in 2011, he advised many of the region's largest companies on financial and corporate governance issues. He began his career with Ernst & Young LLP in 1978 as part of the audit staff and later joined the tax practice, specializing in accounting/financial reporting for income taxes, purchase accounting, and mergers and acquisitions. He has more than 30 years of experience performing, reviewing, and overseeing the audits of financial statements of a wide range of public companies. He also has served on numerous non-profit boards. Mr. Misheff's vast financial and corporate governance experience, together with his extensive service to community organizations and business development groups, make him a strong member of your Board.

Table of Contents**Thomas N. Mitchell**

Position, Principal Occupation and Business Experience: Retired in 2015 as the president, chief executive officer and director (positions held since 2009) of Ontario Power Generation Inc. (OPG), an Ontario-based electricity generation company. He is also a former director and member of the leadership and compensation committee of the Electric Power Research Institute. Director of your Company since 2016.

Key Attributes, Experience and Skills: Mr. Mitchell received his undergraduate degree in Engineering (Nuclear and Thermal Sciences) from Cornell University, his Master of Science degree in Mechanical Engineering from George Washington University and his LLD (Hon) from University of Ontario Institute of Technology, which is an honorary degree. He has extensive experience in the nuclear industry and as a senior executive. Prior to his most recent executive position at OPG, he held progressively more responsible leadership roles before being named the site vice president at the Peach Bottom Atomic Power Station, where he directed the day-to-day operations of the station. He also served as a vice president for the Institute of Nuclear Power Operations and as a Lieutenant (Naval Reactors) in the US Navy. Mr. Mitchell's nuclear industry experience, along with his broad leadership and business skills, are essential to your Board.

James F. O Neil III

Position, Principal Occupation and Business Experience: Partner, Western Commerce Group, an advisory and investment firm, since 2016. He is also the principal owner, since October 2017, of Forefront Solutions, LLC, which provides consulting services primarily to the energy infrastructure industry. President, chief executive officer and director of Quanta Services, Inc., a provider of specialty contracting services to the electric power and oil and gas industries (from 2011 to 2016). He serves as a director of the following other public company: Hennessy Capital Acquisition Corp. III. Director of your Company since January 2017.

Age 62

Committee:Nuclear (Chair),
Corporate

Governance

Age 59

Committees:

Audit, Nuclear

Key Attributes, Experience and Skills: Mr. O Neil received his Bachelor of Science degree in civil engineering from Tulane University. His experience includes more than 15 years of leadership and senior management roles, including the role of chief executive officer, chief operating officer and senior vice president of operations integration and audit. His extensive executive and board experience has equipped him with leadership skills and the knowledge of board processes and functions. Additionally, Mr. O Neil's general corporate decision-making and engineering experience makes him a valuable member to your Board.

Table of Contents

Christopher D. Pappas

Position, Principal Occupation and Business Experience: President, chief executive officer and director of Trinseo S.A., a producer of plastics, latex and rubber, since 2010. He also serves as a director of one other public company: Univar Inc., a chemical distributor and provider. Director of your Company since 2011. He was a director of Allegheny Energy from 2008 to 2011, and he became a director of your Company approximately seven months after Allegheny Energy’s merger with your Company.

Key Attributes, Experience and Skills: Mr. Pappas received an M.B.A. from the Wharton School, University of Pennsylvania and an undergraduate degree in Civil Engineering from the Georgia Institute of Technology. He served in various leadership capacities at NOVA Chemicals Corporation, Dow Chemical, and DuPont Dow Elastomers. His extensive executive and board experience has equipped him with leadership skills and the knowledge of board processes and functions. Additionally, Mr. Pappas’ general corporate decision-making and senior executive experience with a commodity-based business provides a useful background for understanding the operations of your Company.

Other Information: Mr. Pappas serves as chief executive officer and director of Trinseo S.A, as well as a director of Univar Inc. and your Company. He manages the demands on his time effectively in many ways: complementary committee memberships on Univar and your Company have enhanced performance in serving these companies effectively; Mr. Pappas is a seasoned director with almost 10 years’ service on your Company’s and AYE’s Board; he also has extensive executive experience, and his specialized knowledge of the industry in which both Trinseo S.A. and Univar Inc. operate creates efficiencies for Mr. Pappas in fulfilling his roles with those companies; and differences in the number and duration of board meetings at the three companies facilitates his attendance and performance as further discussed below.

Mr. Pappas is a highly engaged member of your Board that actively participates in Board and committee matters. In 2017, he attended 100% of your Board’s regularly scheduled Board and committee meetings, and has attended every meeting except for one specially called committee meeting. He also participates in engagement calls with certain investors.

Age 62

Committees:

Compensation

(Chair), Finance

Since becoming a director of your Company in 2011, Mr. Pappas has attended almost 97% of regularly scheduled Board and respective committee meetings. Mr. Pappas is always well prepared for your Company's Board and committee meetings and is widely respected by fellow Board members for making informed and meaningful contributions to the decision-making process at these meetings.

Table of Contents

Sandra Pianalto

Position, Principal Occupation and Business Experience: Ms. Pianalto retired in May 2014 as president and chief executive officer of the Federal Reserve Bank of Cleveland, a position she held since 2003. Prior to retiring, Ms. Pianalto also chaired the Federal Reserve’s Financial Services Policy Committee, which is a committee of senior Federal Reserve Bank officials responsible for overall direction of financial services and related support functions for the Federal Reserve Banks and for leadership in the evolving U.S. payment system. Ms. Pianalto is an advisory trustee and holds the FirstMerit chair in banking at the University of Akron. She also serves as a director of the following three other public companies: Eaton Corporation plc, Prudential Financial, Inc. and The J.M. Smucker Company. Director of your Company since February 2018.

Key Attributes, Experience and Skills: Ms. Pianalto has extensive experience in monetary policy and financial services, and brings wide-ranging leadership and operating skills through her former roles with the Federal Reserve Bank of Cleveland and experience serving as a director of other public companies. Ms. Pianalto joined the Federal Reserve Bank of Cleveland in 1983 as an economist in the research department and held progressively more responsible leadership roles before being named president and chief executive officer. As president and chief executive officer of the Federal Reserve Bank of Cleveland, she developed expertise in economic research, management of financial institutions, and payment services to banks and the U.S. Treasury. In this role, Ms. Pianalto also managed approximately 950 employees in Cleveland, Cincinnati and Pittsburgh who conducted economic research and supervised financial institutions. Prior to joining the Federal Reserve Bank of Cleveland, Ms. Pianalto was an economist at the Board of Governors of the Federal Reserve System and served on the staff of the Budget Committee of the U.S. House of Representatives. Ms. Pianalto’s comprehensive experience qualifies her to provide substantial guidance and oversight to the Board, particularly in overseeing the Company’s finances.

Luis A. Reyes

Position, Principal Occupation and Business Experience: Retired in 2011 as a Regional Administrator (position held since 2008) of the U.S. Nuclear Regulatory Commission (the

Age 63

Committees:

Compensation,

Age 66

NRC), a federal regulatory agency. Director of your Company since 2013.

Key Attributes, Experience and Skills: Mr. Reyes received his undergraduate degree in Electrical Engineering and his Master of Science degree in Nuclear Engineering from the University of Puerto Rico. He has extensive experience in the nuclear field and has held senior leadership positions with the NRC. He joined the NRC in 1978 where he held progressively more responsible leadership roles before being named executive director of operations in 2004, where he managed the day-to-day operations of the agency. He also served as regional administrator for NRC Region II, overseeing all new commercial nuclear power plant construction in the country as well as operating plant inspections in the southeast United States. Mr. Reyes retired from the NRC in 2011 with 33 years of service. This nuclear industry experience is essential to your Board.

Dr. Jerry Sue Thornton

Position, Principal Occupation and Business Experience: Chief executive officer of Dream Catcher Educational Consulting since 2013, a consulting firm that provides coaching and professional development for newly selected college and university presidents. Retired President (position held from 1992 to 2013) of Cuyahoga Community College. Upon her retirement, Cuyahoga Community College honored Dr. Thornton with the title of President Emeritus. She also serves as a director of the following two other public companies: Applied Industrial Technologies, Inc. and Barnes & Noble Education, Inc. She also served as a director of American Greetings Corporation from 2000 to 2013 and RPM International, Inc. from 1999 to 2017. Director of your Company since 2015.

Key Attributes, Experience and Skills: Dr. Thornton received her Ph.D. degree from the University of Texas at Austin and her M.A. and B.A. degrees from Murray State University. She has extensive executive management and board experience, including her board service for other public companies and her participation on numerous key board committees. She is a recognized leader in the Northeast Ohio community. Dr. Thornton's broad leadership and business skills, together with her extensive board service for public companies and community organizations, make her well qualified to serve on your Board.

Items to Be Voted On

Item 1 Election of Directors

Your Board recommends that you vote FOR All Nominees.

You are being asked to vote for the following 12 nominees to serve on your Board for a term expiring at the annual meeting of shareholders in 2019 and until their successors shall have been elected: **Paul T. Addison, Michael J. Anderson, Steven J. Demetriou, Julia L. Johnson, Charles E. Jones, Donald T. Misheff, Thomas N. Mitchell, James F. O Neil III, Christopher D. Pappas, Sandra Pianalto, Luis A. Reyes and Dr. Jerry Sue Thornton.** Ms. Pianalto was elected to your Board effective February 20, 2018 and is a nominee for election by shareholders at the Annual Meeting. Ms. Pianalto was recommended as a director by the members of our Corporate Governance Committee.

The Biographical Information and Qualifications of Nominees for Election as Directors section of this proxy statement provides information for all nominees for election at the Meeting. The Review of Director Nominees section of this proxy statement provides information relating to your Board's and Corporate Governance Committee's review of nominees. Your Board has no reason to believe that the persons nominated will not be available to serve after being elected. If any of these nominees would not be available to serve for any reason, shares represented by the appointed proxies will be voted either for a lesser number of directors or for another person selected by your Board. However, if the inability to serve is believed to be temporary in nature, the shares represented by the appointed proxies will be voted for that person who, if elected, will serve when able to do so.

Pursuant to your Company's Amended Code of Regulations, at any election of directors, the persons receiving the greatest number of votes are elected to the vacancies to be filled. Our Corporate Governance Policies also provide that in an uncontested election of directors (i.e., an election where the only nominees are those recommended by your Board), any nominee for director who receives a greater number of votes Withheld from his or her election than votes For his or her election will promptly tender his or her resignation to the Corporate Governance Committee following certification of the shareholder vote. The Corporate Governance Committee will promptly consider the tendered resignation and will recommend to your Board whether to accept or reject the tendered resignation no later than 60 days following the date of the shareholders' meeting at which the election occurred. In considering whether to recommend acceptance or rejection of the tendered resignation, the Corporate Governance Committee will consider factors deemed relevant by the committee members, including the director's length of service, the director's particular qualifications and contributions to your Company, the reasons underlying the majority withheld vote, if known, and whether these reasons can be cured, and compliance with stock exchange listing standards and the Corporate Governance Policies. In considering the Corporate Governance Committee's recommendation, your Board will consider the factors considered by the Corporate Governance Committee and any such additional information and factors your Board believes to be relevant. Your Board will act on the Corporate Governance Committee's

recommendation no later than at its next regularly scheduled board meeting.

Your Board Recommends That You Vote **For** All Nominees in Item 1.

38 | FirstEnergy Corp. **2018 Proxy Statement**

Table of Contents**Item 2 Ratification of the Appointment of the Independent Registered Public Accounting Firm****Your Board recommends that you vote FOR Item 2.**

You are being asked to ratify the Audit Committee's appointment of PricewaterhouseCoopers LLP as your Company's independent registered public accounting firm to examine the books and accounts of your Company for the fiscal year ending December 31, 2018. While our Amended Code of Regulations do not require shareholders to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, we are submitting the proposal for ratification as a matter of good corporate governance. However, if shareholders do not ratify the appointment, the Audit Committee will reconsider retaining PricewaterhouseCoopers LLP. Even if the appointment is ratified, the Audit Committee, at its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of your Company and its shareholders. A representative of PricewaterhouseCoopers LLP is expected to attend the Meeting and will be available to respond to appropriate questions and have an opportunity to make a statement if he or she wishes to do so. We refer you to the "Matters Relating to the Independent Registered Public Accounting Firm" section of this proxy statement for information regarding services performed by, and fees paid to, PricewaterhouseCoopers LLP during the years 2016 and 2017.

Your Board Recommends That You Vote For Item 2.

Item 3 Approve, on an Advisory Basis, Named Executive Officer Compensation**Your Board recommends that you vote FOR Item 3.**

The following proposal provides shareholders the opportunity to cast an advisory, non-binding vote on compensation for the NEOs, as further described in the CD&A. This resolution is required pursuant to Section 14A of the Securities Exchange Act of 1934. Currently, the advisory vote is held annually. The next advisory vote on NEO compensation is scheduled to occur at your Company's 2019 Annual Meeting of Shareholders. The Board strongly supports your Company's executive pay practices and asks shareholders to support its executive compensation program by adopting the following resolution:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the FirstEnergy Corp. Named Executive Officers, as such compensation is disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables, and the other related narrative executive compensation disclosure contained in the proxy statement.

The primary objectives of your Company's executive compensation program are to attract, motivate, retain, and reward the talented executives, including the NEOs, who we believe can provide the performance and leadership to achieve success in the highly complex energy industry. Our executive compensation program is centered on a

pay-for-performance philosophy. After robust benchmarking and shareholder outreach, the Compensation Committee and your Board approved a number of key changes effective in both 2017 and 2018 to better align executive pay with shareholder interests. Additionally, in 2017 and 2018, there were no increases in base salary and target opportunity levels as a percent of base salary, in the aggregate, for short-term and long-term incentive compensation for any Section 16 Insiders, including the NEOs (excluding promotions).

In deciding how to vote on this proposal, we encourage you to read the CD&A for a more detailed discussion of our executive compensation programs and practices, beginning on page 49.

Your Board strongly believes that our compensation philosophy, in conjunction with continued shareholder outreach, is in the best interests of shareholders. We will continue to annually review and evaluate all compensation plans and programs with the goal of aligning such plans and programs with market practice and the best interests of our shareholders.

Table of Contents

Although this advisory vote is non-binding, your Board and the Compensation Committee value the views of our shareholders and will consider the voting results when considering future executive compensation practices.

Your Board Recommends That You Vote **For Item 3.**

Item 4 Approve a Management Proposal to Amend the Company's Amended Articles of Incorporation and Amended Code of Regulations to Replace Existing Supermajority Voting Requirements with a Majority Voting Power Threshold as Permitted under Ohio Law

Your Board recommends that you vote **FOR Item 4.**

We are asking shareholders to consider amendments to your Company's Amended Articles of Incorporation and Amended Code of Regulations to implement a majority voting power threshold for shareholder voting. If the proposal is approved, all shareholder voting requirements in the Company's Amended Articles of Incorporation and Amended Code of Regulations that are described below would provide for a majority voting power threshold as permitted under Ohio law.

Background and Governance Considerations

This proposal is a result of ongoing review of corporate governance matters by your Board and its Corporate Governance Committee. In connection with this review, your Company continued to conduct shareholder outreach discussions with shareholders owning a significant aggregate ownership interest in your Company to solicit input about possible amendments to its governing documents, including a majority voting power threshold for shareholder voting. In addition, your Board and its Corporate Governance Committee considered the response to non-binding simple majority voting power shareholder proposals presented at our 2015, 2016 and 2017 annual meetings of shareholders, which received a majority of votes cast in 2015 and 2016, but did not receive support of a majority of votes cast in 2017.

In 2013 and 2016, your Company presented a management proposal to adopt a majority voting power threshold under certain circumstances and it received the support of a majority of votes cast each time. However, these proposals did not receive the requisite percentage of the voting power to amend your Company's Amended Articles of Incorporation and Amended Code of Regulations. Additionally, in 2017, your Company presented a management proposal substantially similar to this Item 4. However, although it received the support of a majority of votes cast, it did not receive the requisite percentage of the voting power to amend your Company's Amended Articles of Incorporation and Amended Code of Regulations. Consistent with its strong commitment to monitoring evolutions in governance practices and in light of the benefits of broad shareholder consensus and input from our shareholder engagement efforts, your Board has elected to again submit to a shareholder vote a proposal on this topic as described below. Your Board cannot unilaterally adopt the following proposed amendments because a shareholder vote is necessary under our governing documents.

Proposed Amendments

Your Board is proposing that voting requirements in your Company's Amended Articles of Incorporation and Amended Code of Regulations that require a supermajority vote to take certain actions be changed to a majority of the voting power of the Company as permitted by Ohio law. Ohio law permits a corporation to elect to use a vote standard of greater or less than two-thirds, but not less than a majority of the voting power.

Table of Contents

Ohio law establishes a default two-thirds voting power requirement for corporations relating to the following provisions: amending the articles of incorporation; reducing or eliminating stated capital; applying capital surplus to dividend payments; authorizing share repurchases; authorizing sales of all or substantially all the Company's assets; adopting a merger agreement or other merger-related actions; authorizing a combination or majority share acquisition; dissolving the Company; releasing pre-emptive rights; or authorizing a dividend to be paid in shares of another class. Ohio law also permits corporations to elect to be subject to not less than a majority voting power requirement with respect to such provisions. Article IX of the Amended Articles of Incorporation currently authorizes your Board to reduce this voting requirement to a majority of the voting power of the Company in its discretion. Your Board proposes to amend Article IX of the Amended Articles of Incorporation to provide for a majority of the voting power of the Company on these matters.

Article X of the Amended Articles of Incorporation establishes an 80 percent supermajority voting requirement to amend or repeal the following provisions of the Amended Articles of Incorporation: Article V the fixing or changing of the terms of unissued or treasury shares; Article VI the absence of cumulative voting rights in the election of directors; Article VII the absence of preemptive rights to acquire unissued shares; Article VIII the ability of the company to repurchase its shares and Article X the supermajority voting requirement. Given the proposed change to Article IX, which already governs amending the Amended Articles of Incorporation, Article X would be eliminated.

Similarly, Regulation 36 of the Amended Code of Regulations establishes an 80 percent supermajority voting requirement to amend or repeal certain regulations: Regulation 1 the time and place of shareholder meetings; Regulation 3(a) the calling of special shareholder meetings; Regulation 9 the order of business at shareholder meetings; Regulation 11 the number, election and term of directors; Regulation 12 the manner of filling vacancies on the board of directors; Regulation 13 the removal of directors; Regulation 14 the nomination of directors and elections; Regulation 31 the indemnification of directors and officers; and Regulation 36 amendments to the Code of Regulations. Regulation 36 would be amended to lower the vote requirement to a majority of the voting power of the Company.

In addition, your Board proposes to change the 80 percent supermajority voting requirement in Regulations 11 and 13 of the Amended Code of Regulations. Currently, Regulation 11 of the Amended Code of Regulations enables a change in the number of directors of the Company, and Regulation 13 provides that any director or the entire Board of Directors may be removed, in each case only by the affirmative vote of the holders of at least 80 percent of the voting power of the Company, voting together as a single class. Your Board proposes to reduce this 80 percent supermajority voting requirement in both cases to a majority of the voting power.

The proposed amendments to the Amended Articles of Incorporation and Amended Code of Regulations are set forth in Appendix A, with deletions indicated by strike-throughs and additions indicated by underlining. The summary above is qualified in its entirety by reference to the full text of the proposed amendments in Appendix A.

Effectiveness and Vote Required

Your Board has adopted resolutions approving and recommending that shareholders approve the amendments to the Amended Articles of Incorporation and Amended Code of Regulations reflected in Appendix A, which are subject to the approval of the amendments by shareholders at the Annual Meeting, and authorizing the preparation and filing of any document necessary or advisable to implement such amendments. The amendments, if approved, would be expected to become effective prior to the next annual shareholder meeting. Approval of this proposal requires the

affirmative vote of at least 80 percent of the voting power of the Company. Abstentions and broker non-votes will be counted and have the same effect as a vote against this item.

Your Board Recommends That You Vote **For Item 4.**

Table of Contents

Item 5 Approve a Management Proposal to Amend the Company's Amended Articles of Incorporation and Amended Code of Regulations to Implement a Majority Voting Standard for Uncontested Director Elections

Your Board recommends that you vote FOR Item 5.

We are asking shareholders to consider amendments to your Company's Amended Articles of Incorporation and Amended Code of Regulations to implement a majority voting standard in uncontested director elections. Our Amended Code of Regulations currently provides for the election of directors by a plurality of votes cast, and our Corporate Governance Policies include a director resignation policy. The plurality voting standard is also the default voting standard for the election of directors under Ohio law.

Background and Governance Considerations

Your Board and its Corporate Governance Committee has concluded that the adoption of the proposed majority voting standard in uncontested elections will give shareholders a greater voice in determining the composition of your Board by requiring support of a majority of shareholder votes cast for a candidate to obtain or retain a seat on our Board, and by giving greater effect to shareholder votes against a director candidate. These conclusions were the result of an ongoing review of corporate governance matters by your Board and its Corporate Governance Committee, including the merits, risks and uncertainties relating to the use of a majority vote standard in uncontested elections, and input from our shareholders, including the response to a non-binding shareholder proposal presented at our 2016 Annual Meeting of Shareholders, which was approved by a majority of the votes cast. Your Board is proposing these amendments in response to stated shareholder preferences and to reinforce our commitment to accountability and strong corporate governance practices.

In 2017, your Company presented a substantially similar management proposal; however, the proposal did not receive the requisite percentage of the voting power to amend your Company's Amended Articles of Incorporation and Amended Code of Regulations. Consistent with its strong commitment to monitoring evolutions in governance practices and in light of the benefits of broad shareholder consensus and input from our shareholder engagement efforts, your Board has elected to again submit to a shareholder vote a proposal on this topic as described below. Your Board cannot unilaterally adopt the following proposed amendments because a shareholder vote is necessary under our governing documents.

Proposed Amendments

Your Board is proposing to change director election voting requirements in your Company's Amended Code of Regulations, which currently provide for a plurality voting standard, to provide for a majority voting standard for uncontested director elections and a plurality voting standard in contested elections and to provide for such change in your Company's Amended Articles of Incorporation.

Under the proposed majority voting standard, for a candidate to be elected to your Board in an uncontested election, the number of votes cast for the candidate's election must exceed the number of votes cast against his or her election

and abstentions and broker non-votes would not be considered votes for or against a candidate. An uncontested election means an election in which the number of Director candidates does not exceed the number of Directors to be elected. In all other director elections, which we refer to as contested elections, a plurality voting standard would apply. If adopted by shareholders at this Annual Meeting of Shareholders, the majority voting standard would apply to all future uncontested director elections.

Your Board believes that a plurality voting standard should still apply in contested director elections. If the plurality voting standard did not apply in contested elections, it is possible that more candidates could be elected than the number of director seats up for election because the proposed majority voting standard simply compares the number of for votes with the number of against votes for each director candidate without regard to voting for other candidates. Accordingly, the proposed majority voting standard retains plurality voting in contested director elections to avoid such results.

Table of Contents

Under Ohio law and your Company's Amended Code of Regulations, an incumbent director who is not re-elected remains in office until his or her successor is elected, continuing as a holdover director. If this proposal is approved, we will make conforming revisions to the existing director resignation policy (discussed on p. 38) in your Company's Corporate Governance Policies to reflect that an incumbent director who does not receive more votes for than against his or her election in an uncontested election will promptly submit a written offer of resignation to the Corporate Governance Committee, which will make a recommendation to your Board within 60 days following the date of the election as to whether or not it should be accepted. Your Board will consider the recommendation and decide whether to accept the resignation, as described in more detail in our Corporate Governance Policies. Furthermore, if one or more directors standing for election does not receive a majority of the votes cast and his or her resignation is accepted by your Board, your Board may fill the vacancy without any further shareholder vote.

Your Company's Amended Code of Regulations provides for a plurality voting standard in the election of directors. To implement a majority voting standard, Ohio law requires the Amended Articles of Incorporation to be amended. Additionally, your Company's Amended Code of Regulations requires a conforming amendment. The actual text of the proposed amendment to your Company's Amended Articles of Incorporation, including a new Article XII, and amendment to Regulation 11 of your Company's Amended Code of Regulations, marked with underlining to indicate additions and strike-throughs to indicate deletions, are attached to this Proxy Statement as Appendix B. The amendment to the Amended Articles of Incorporation will become effective upon filing the Amendment to the Amended Articles of Incorporation with the Secretary of State of Ohio.

The above disclosure is qualified in its entirety by reference to the full text of the proposed amendments in Appendix B.

Effectiveness and Vote Required

Your Board has adopted resolutions approving and recommending that shareholders approve the amendments to the Amended Articles of Incorporation and Amended Code of Regulations reflected in Appendix B, which are subject to the approval of the amendments by shareholders at the Annual Meeting, and authorizing the preparation and filing of any document necessary or advisable to implement such amendments. The amendments, if approved, would be expected to become effective prior to the next annual shareholder meeting. Approval of this proposal requires the affirmative vote of at least 80 percent of the voting power of the Company. Abstentions and broker non-votes will be counted and have the same effect as a vote against this item.

Your Board Recommends That You Vote **For Item 5.**

Item 6 Approve a Management Proposal to Amend the Company's Amended Code of Regulations to Implement Proxy Access

Your Board recommends that you vote **FOR Item 6.**

We are asking shareholders to consider an amendment to your Company's Amended Code of Regulations to implement proxy access. Proxy access, as further described below, allows eligible shareholders to include their own nominee or nominees for election to the Board in our proxy materials, along with your Board-nominated candidates.

Background and Governance Considerations

This proposal is a result of an ongoing review of corporate governance matters by your Board and its Corporate Governance Committee and input from our shareholders. Your Board and the Corporate Governance Committee have considered the advantages and disadvantages of providing proxy access rights to shareholders, including the view expressed by a number of our shareholders during our outreach that proxy access rights would increase the accountability of directors to shareholders and would allow shareholders to express preferences in director nominations more easily. This proxy access proposal

Table of Contents

addresses our outreach findings and is in line with market practices and takes into account the response to a non-binding proxy access shareholder proposal at our 2015 Annual Meeting of Shareholders, which received the support of a majority of votes cast.

In 2016 and 2017, your Company presented substantially similar management proposals; however, these proposals did not receive the requisite percentage of the voting power to amend the Amended Code of Regulations. Consistent with its strong commitment to monitoring evolutions in governance practices and in light of the benefits of broad shareholder consensus and input from our shareholder engagement efforts, your Board has elected again to submit to a shareholder vote a proposal on this topic as described below. Your Board cannot unilaterally adopt the following proposed amendment because a shareholder vote is necessary under our governing documents.

Proposed Amendment

Your Board is proposing an amendment to your Company's Amended Code of Regulations that permit certain shareholders to include a specified number of director nominees in our proxy materials for our annual meeting of shareholders.

The proposed amendment would permit a single shareholder, or group of up to 20 shareholders, holding full voting and investment rights and the full economic interest, that has maintained continuous ownership of at least three percent of the Company's outstanding common stock for at least the previous three years to include a specified number of director nominees, as described below, for election to the Board in the proxy statement for the Company's annual meeting of shareholders.

Number of Shareholder-Nominated Candidates

The maximum number of shareholder-nominated candidates would be equal to 20 percent of the directors in office as of the last day a shareholder nomination may be delivered or received or, if the 20 percent calculation does not result in a whole number, the closest whole number below 20 percent and in any event, not less than two shareholder nominated candidates. If your Board decides to reduce the size of the Board after the nomination deadline due to director retirement, resignation or otherwise, the 20 percent calculation will be applied to the reduced size of the Board, with the potential result that a shareholder-nominated candidate may be disqualified. Shareholder-nominated candidates that your Board determines to include in the proxy materials as Board-nominated candidates will be counted against the maximum.

Procedure for Selecting Candidates in the Event the Number of Nominees Exceeds the Maximum

Nominating shareholders are required to provide a list of their proposed nominees in rank order. If the number of shareholder-nominated candidates exceeds the maximum number of permitted shareholder candidates, the highest ranked nominee from the nominating shareholder or group of nominating shareholders, as the case may be, with the largest qualifying ownership will be selected for inclusion in the proxy materials first followed by the highest ranked nominee from the nominating shareholder or group of shareholders, as the case may be, with the next largest qualifying ownership, and continuing on in that manner, until the maximum number of nominees is reached.

Nominating Procedure

Requests to include shareholder-nominated candidates in your Company's proxy materials must be received, under most circumstances, no earlier than 150 days and no later than 120 days before the anniversary of the date that your Company issued its proxy statement for the previous year's annual meeting of shareholders. Each shareholder or shareholder group seeking to include a shareholder nominee in your Company's proxy materials is required to provide certain information, including, but not limited to, the verification of share ownership, biographical information about the nominee and certain representations, as set forth in the proposed amendment attached hereto as Appendix C.

Independence and Other Qualifications of Shareholder Nominees

A shareholder nominee would not be eligible for inclusion if your Board determines that he or she is not independent under the listing standards of the principal U.S. exchange upon which the common stock of your Company is listed (which is the NYSE), any applicable rules of the SEC, or any publicly disclosed standards used by your Board in determining and disclosing the independence of your Company's directors.

Table of Contents

Furthermore, a shareholder nominee would not be qualified to be a director of your Company if, among other things: (i) his or her election would cause your Company to be in violation of its governing documents, the listing standards of the principal U.S. exchange upon which the common stock of your Company is listed, any applicable federal law, rule or regulation or your Company's publicly disclosed policies and procedures; (ii) he or she has been an officer or director of a competitor, as defined in Section 8 of the Clayton Antitrust Act of 1914, within the past three years; (iii) he or she is a named subject of a pending criminal proceeding or has been convicted in a criminal proceeding within the past 10 years (excluding traffic violations and other minor offenses); (iv) he or she is subject to certain enforcement orders related to the regulation of securities; or (v) he or she has provided, or his or her nominating shareholder or group of nominating shareholders has provided, information to us that is not accurate, truthful and complete in all material respects, or that otherwise contravenes certain specified agreements, representations or undertakings.

The proposed amendment to the Amended Code of Regulations is set forth in Appendix C, with deletions indicated by strike-throughs and additions indicated by underlining.

The above disclosure is qualified in its entirety by reference to the full text of the proposed amendment in Appendix C.

Effectiveness and Vote Required

Your Board has adopted a resolution approving and recommending that shareholders approve the amendment to the Amended Code of Regulations reflected in Appendix C, which are subject to the approval of the amendment by shareholders at the Annual Meeting, and authorizing the preparation and filing of any documents necessary or advisable to implement such amendment. The amendment, if approved, would be expected to become effective prior to the next annual shareholder meeting. Approval of this proposal requires the affirmative vote of at least 80 percent of the voting power of the Company. Abstentions and broker non-votes will be counted and have the same effect as a vote against this item.

Your Board Recommends That You Vote **For** **Item 6.**

Item 7 Shareholder Proposal Regarding Special Shareholder Meetings

X Your Board recommends that you vote AGAINST **Item 7**.

John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, California 90278, plans to introduce the following resolution at the Annual Meeting. We have been notified that Mr. Chevedden is the beneficial owner of no less than 90 shares of your Company's common stock.

Proposal 7 Special Shareholder Meeting Improvement

Resolved, Shareowners ask our board to take the steps necessary (unilaterally if possible) to amend our bylaws and each appropriate governing document to give holders in the aggregate of 10% of our outstanding common stock the power to call a special shareowner meeting (or the closest percentage to 10% according to state law). This proposal does not impact our board's current power to call a special meeting.

This proposal is of increased importance because we do not have the right to act by written consent. The lax corporation laws of Ohio do not allow shareholder action by written consent.

Scores of Fortune 500 companies allow 10% of shares to call a special meeting compared to FirstEnergy's higher requirement. FirstEnergy shareholders do not have the full right to call a special meeting that is available under state law.

Special meetings allow shareowners to vote on important matters, such as electing new directors that can arise between annual meetings. This proposal topic won more than 70%-support at Edwards Lifesciences and SunEdison in

2013.

This proposal topic also won 53% support at FirstEnergy earlier. This 53%-support would have been higher (possibility above 57%) if small shareholders had the same access to corporate governance information as large shareholders.

An enhanced ability of shareholders to call a special meeting would give shareholders greater standing to have input in improving the makeup of our board of directors after the 2018 annual meeting. For instance, we may have a board of distracted directors.

For instance the following 7 directors had minimal skin in the game with their minimal stock ownership:

Paul Addison

Steven Demetriou

Donald Misheff

Ernest Novak

James O Neil

Luis Reyes

Jerry Sue Thornton

This is upsetting to shareholders since our directors were each paid up to \$250,000 for perhaps 250 hours of work. Plus our stock traded at about \$30 in 1997 and it was below \$30 in 2017.

Please vote to enhance director accountability to shareholders:

Special Shareholder Meeting Improvement Proposal 7

Table of Contents

Your Company's Response [Shareholder Proposal Regarding Special Shareholder Meetings](#)

Your Board has carefully considered the foregoing shareholder proposal and unanimously recommends a vote **AGAINST** it for the following reasons:

FirstEnergy Shareholders Already Have the Ability to Call Special Shareholder Meetings

Your Board believes that shareholders should have the ability to call special meetings and has given serious consideration to the issue. In 2011, after careful consideration and consultation with numerous shareholders, your Board presented, and shareholders approved by over 97% of the votes cast (85% of shares outstanding), the right of holders of 25% or more of the outstanding shares of FirstEnergy to call a special meeting of shareholders. Since then, shareholders, on the whole, have not identified this threshold percentage as a concern to your Board or to management during our ongoing shareholder outreach and engagement.

Our Existing 25% Ownership Threshold Strikes a Reasonable and Appropriate Balance

Your Board continues to support the current ownership threshold to call a special meeting for the following reasons:

Your Board believes that our existing 25% ownership threshold for the right to call a special meeting strikes a reasonable and appropriate balance between enhancing shareholder rights and protecting against the risk that a small minority of shareholders with potentially narrow, short-term interests would call a special meeting.

Your Board also believes that the current ownership threshold balances the preservation of this important shareholder right with the financial and administrative burdens that could result from misuse of the process by a small minority of shareholders. Shareholder meetings are serious events that require significant monetary commitment on the part of your Company and attention of your Board, officers and employees, thus diverting attention away from their focus on meeting our business objectives and enhancing shareholder value.

Allowing a small minority of shareholders to call a special meeting for any reason would permit such minority to pursue self-interested goals, which could be detrimental to the interest of a majority of our shareholders and other stakeholders.

Your Board also considered the composition of the Company's shareholder base, including that four shareholders each hold greater than 5% of our stock. In addition, the proponent mischaracterizes Ohio law, which permits Company shareholders to act by written consent.

FirstEnergy's Robust Shareholder Outreach and Engagement and Strong Corporate Governance Practices Provide Shareholders Opportunities to Express Opinions on Topics of Interest

Your Board and management continue to view our commitment to ongoing dialogue with our shareholders as key to the Company's success. To that end, and as discussed in detail in the [Shareholder Outreach and Engagement Program](#) section beginning on page 17, your Company's leaders meet regularly with shareholders to discuss our strategy,

operational performance and business practices. We also meet with shareholders throughout the year to discuss perspectives on corporate governance and executive compensation matters. Moreover, our governance policies promote open communication between shareholders and the Board. The Company encourages shareholders to communicate directly as described in the [Communications with your Board of Directors](#) section above.

We also note that the proponent's assertions regarding the stock holdings of certain of your Company's directors is inaccurate. Contrary to the proponent's claim, details relating to the beneficially owned and deferred shares for each of your Company's directors is discussed in the [Security Ownership of Management](#) section on page 97.

Table of Contents

Summary

Your Board believes that at least 25% of our shareholders should agree that a matter requires shareholder action before a special meeting is called. If the proposal were implemented, a relatively small minority of shareholders potentially with narrow, short-term interests could possibly call an unlimited number of special meetings, without regard to how costs and other burdens might impact the Company's future success or to pursue goals at odds with the interests of the vast majority of shareholders. Therefore, your Board recommends that you vote **AGAINST** this shareholder proposal because your Board believes it is not in the best interests of our shareholders and the Company.

Your Board recommends that you

X

vote AGAINST this shareholder proposal (Item 7).

Executive Compensation

Compensation Committee Report

The Compensation Committee reviewed and discussed the CD&A with management and, based on this review and discussions, the Compensation Committee recommended to your Board that the CD&A be included (or incorporated by reference, as applicable) in your Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 and 2018 Proxy Statement.

Compensation Committee: Christopher D. Pappas (Chair), Steven J. Demetriou, Donald T. Misheff and Dr. Jerry Sue Thornton

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis (CD&A) provides an overview of your Company's strategy and performance, shareholder engagement process, 2017 executive compensation programs and decisions, and plans for the 2018 compensation programs. This CD&A focuses on the compensation of our Named Executive Officers (NEOs) for fiscal year 2017 who were as follows:

Charles E. Jones, President and CEO

James F. Pearson, Executive Vice President and CFO

Leila L. Vespoli, Executive Vice President, Corporate Strategy, Regulatory Affairs and Chief Legal Officer

Steven E. Strah, Senior Vice President and President, FirstEnergy Utilities

Donald R. Schneider, President, FirstEnergy Solutions Corp. (FES)

James H. Lash, former Executive Vice President and President, FirstEnergy Generation

As of March 5, 2018, Mr. Pearson became the Executive Vice President, Finance, and Mr. Strah became Senior Vice President and CFO.

As an employee of FES, Mr. Schneider did not participate in all the same compensation programs as the other NEOs. The compensation programs for FES participants that applied to Mr. Schneider are described separately in this proxy statement. Unless otherwise noted, all information contained in the CD&A applies to Mr. Schneider. Mr. Lash retired effective August 1, 2017.

50 | FirstEnergy Corp. **2018 Proxy Statement**

Table of Contents**Executive Summary***Our Business Strategy and Company Performance*

FirstEnergy is a forward-thinking electric utility powered by a diverse team of employees committed to making customers' lives brighter, the environment better and our communities stronger. In November 2016, the Company announced a strategic review to exit its commodity-exposed generation. We expect that this strategic transformation to a fully regulated utility company will lead to more stable and predictable earnings and cash flow from its regulated businesses. In order to position FirstEnergy as a fully regulated business, the Company made significant strides to grow regulated earnings and improve financial strength in many areas:

Significant investment in **Energizing the Future** transmission program

New rates employed at several of our **regulated distribution utilities**

Strengthened our balance sheet to increase financial flexibility in the regulated businesses

Significant progress on the strategic review of **our Competitive Energy Services (CES) business**

Strategic Initiatives	Actions Taken	Results
Investment in Energizing the Future transmission program	<p>In 2014-2017, our Energizing the Future transmission program focused on over \$4 billion in investments and grid modernization in our American Transmission Systems, Inc. (ATSI) region (Ohio and parts of Western Pennsylvania)</p> <p>In 2018 and beyond, the focus is expected to continue on expanding grid modernization and reliability investments to the east</p>	<p>Increased Transmission revenue more than 60% and earnings by 32% in 2014 to 2017 timeframe</p> <p>Investments of \$4.0 billion to \$4.8 billion in capital planned for 2018 to 2021</p> <p>Enhanced service reliability in our eastern operating companies</p>

Mid-Atlantic Interstate Transmission, LLC has submitted a proposed formula transmission rate settlement with the Federal Energy Regulatory Commission (FERC), which is still pending. Includes 330 projects to modernize or replace transmission lines, incorporate smart technology into the grid, and enhance communications and security in electric substations

Jersey Central Power & Light's proposed formula transmission rate settlement was approved by FERC on February 20, 2018

New rates in regulated distribution utilities

In January 2017, new distribution rates were put into effect in Ohio, New Jersey and Pennsylvania. Increased 2017 distribution revenues by \$574 million based on new rates and full-year load growth exceeding initial forecasts

Strengthened our balance sheet and increased financial flexibility

Organizational focus on cost reduction. Cash flow improvement program exceeded our 2017 target of \$240 million

Refinanced \$650 million in bonds and paid down short-term debt through \$3 billion issuance at favorable rates

Improved liquidity and reduced exposure to interest rates

In January 2018, raised \$2.5 billion in equity from a select group of investors and formed a Restructuring Working Group to advise FirstEnergy management regarding a FES restructuring in the event the FES board decides to seek bankruptcy protection

Equity proceeds were used, in part, to reduce debt by \$1.45 billion and to fund the pension plan by \$750 million

Standard & Poor's affirmed Company's ratings and revised outlook to stable

Table of Contents

Strategic Initiatives	Actions Taken	Results
Exiting our CES Business	Sales of commodity-exposed generation assets Continued strategic review of businesses	In December 2017, we sold 859 MWs of combined capacity of gas assets owned by Allegheny Energy Supply Company, LLC (AE Supply) for \$388 million
		In February 2018, we announced we expect to exit operations of the Pleasants Power Station by January 1, 2019 through either sale or deactivation

Through Mr. Jones' tenure as CEO, these strategic initiatives have strengthened our balance sheet and achieved the financial flexibility necessary to transition to a fully regulated Company. The leadership team continues a transformation of the organization from one whose revenues were historically driven two-thirds by our competitive generation business to an organization focused on stable and predictable earnings and cash flow from its regulated businesses.

While we are proud of our strategic and operational results, we also acknowledge the overhang on our stock price caused by the uncertainty associated with transitioning away from commodity exposed generation. Based on publicly available guidelines on Institutional Shareholder Services methodology, FirstEnergy generated a TSR, or stock price change plus the value of reinvested dividends, over the last three years of -1.8% and over the last year of 7.1%. These results are below the industry average and we believe reflect the fact that we are transitioning to a fully regulated company.

Given that our executives met rigorous financial and operational goals, the compensation programs ending in 2017 resulted in above-target payouts to NEOs. The Compensation Committee determined that it would be in the best interests of the Company to pay out the incentive plans in 2017 as designed. The Board further determined that this decision was important to demonstrate its strong confidence in the executive team, while serving as a retention mechanism for our very capable executives during a critical period in your Company's evolution.

Your Company continues to take steps to thoughtfully move away from the commodity-exposed generation to a regulated business while preserving shareholder value and targeting additional steps to ensure long-term growth for our shareholders.

Shareholder Engagement and Say-on-Pay Results

As we prepared for 2017, the Committee and management recognized pay and performance alignment concerns with our incentive programs. As a result, the CEO voluntarily reduced his incentive compensation opportunities and the Board approved an increase in his share ownership guidelines. In addition, there were no base salary increases and no increase in target opportunity levels as a percent of base salary, in the aggregate, for short-term and long-term incentive compensation, for the Section 16 Insiders (excluding promotions).

Our Board and management are committed to engaging our shareholders and soliciting their perspectives on key performance, compensation and governance issues. We conducted extensive outreach during the Spring of 2017, focused on the top 100 shareholders, who accounted for nearly 54% of the outstanding shares at that time. Although our 2017 Say-on-Pay vote technically passed with 72% support, we recognize there is opportunity to improve these results.

Therefore, over the course of 2017, we continued to engage with shareholders and gather feedback on our programs and potential compensation design considerations for 2018. Our outreach efforts included in-person discussions and phone calls with many of our top 25 shareholders (who held almost 45% of our outstanding shares in 2017). Although not all shareholders accepted our invitation, we held meetings with shareholders representing more than 25% of our outstanding shares. **Based in part on this shareholder engagement, we have made substantial changes to our compensation plans and programs for 2018 which are described in the proxy statement.**

To further align our compensation programs with the interests of shareholders, improve the relationship between pay and performance, better tie our executive compensation programs to our business strategies, and drive the right executive behaviors, additional incentive design changes were proactively made to FirstEnergy's incentive programs beginning with awards granted in 2018. Below is a summary of the feedback we obtained, and the actions taken in 2017 and/or 2018 to enhance the alignment between our executives and shareholders.

Table of Contents*Our Responses in 2017 and 2018 to Shareholder Feedback*

Shareholder Feedback	2017-2018 Actions Taken in Response ⁽¹⁾	Timing
Shareholders want pay for performance alignment; metrics should drive Company strategy and long-term shareholder value	<p>Increased CEO stock ownership guidelines from 6X to 7X2017 to increase tie to shareholder value</p> <p>Froze base salaries and target opportunity levels as a percentage of base salary, in the aggregate, for short-term and long-term incentive compensation in 2017 and 2018 for Section 16 Insiders (excluding promotions) to increase focus on performance and pay alignment</p> <p>With the support of the Compensation Committee and Board, Mr. Jones voluntarily reduced his FE STIP opportunity (120% to 115%) and FE LTIP opportunity (600% to 545%) to levels established in 2015</p> <p>Linked programs to key drivers of shareholder value:</p>	<p>2017</p> <p>2017 and 2018</p> <p>2017 and 2018</p> <p>2017 and 2018 FE STIP</p>
	<p>FE STIP tied to KPI Operating Earnings in 2017 and regulated operating EPS in 2018</p>	<p>2018 FE LTIP</p>
	<p>FE LTIP tied to KPI Operating EPS and Capital Effectiveness, both of which are strong indicators of shareholder value in the utility industry</p> <p>Re-designed the FE LTIP:</p>	<p>2018</p>
	<p>Included a relative TSR ($RTSR$) modifier, which will increase or decrease the LTIP payout based on performance against companies in the S&P 500 Utilities Index to enhance link to shareholder value</p>	
	<p>Incorporated a TSR cap, or governor, whereby if TSR is negative over the three-year LTIP period, the payout will be capped at target opportunity</p> <p>In order to further align the previously awarded FE LTIP 2018 and 2019 cycles for 2016-2018 and 2017-2019 with long-term shareholder value, added an absolute TSR cap for Messrs.</p>	

Jones, Pearson, and Strah, Ms. Vespoli, and one other Section 16 Insider that will limit the FE LTIP maximum possible payouts as follows:

100% if the absolute TSR is negative over the respective three-year performance periods;

Based on a continuous function for absolute TSR growth between 0% and 8% for the 2016-2018 cycle and 0% and 10% for the 2017-2019 cycle; and

Paid as earned (up to the max of 200%) if the absolute TSR growth over the performance period is greater than 8% and 10%, respectively

The calculation will use the average stock price for the month of December (i.e., December 2015 and December 2018 for the 2016-2018 cycle and December 2016 and December 2019 for the 2017-2019 cycle) and will assume dividends are reinvested.

Table of Contents

Shareholder Feedback	2017-2018 Actions Taken in Response	Timing
<p>Shareholders prefer performance-based vs. time-based awards</p> <p>Shareholders prefer 3-year cumulative vs. successive annual performance periods for the long-term incentive plans</p>	<p>Maintained current caps on FE STIP (maximum payout 150%, which is a more conservative position compared to the peer groups), and FE LTIP (maximum payout 200%)</p> <p>For 2017, retained the maximum pool funding approach for the FE STIP whereby financial performance is met before operational performance is rewarded</p> <p>For 2018, replaced the FE STIP pool funding approach with a threshold financial performance hurdle for the FE STIP ensuring that financial performance is met before operational performance is rewarded</p> <p>Continued focus on 100% performance-based long-term incentives, a leading practice compared to the peer groups</p> <p>Eliminated the annual goal-setting approach in the FE LTIP and moved to establishing 3-year cumulative goals focused on an operating EPS KPI tied to Regulated Distribution, Regulated Transmission and Corporate and 3-year average Capital Effectiveness</p>	<p>2017 and 2018</p>
<p>Goals need to be set rigorously and the process needs to be transparent</p>	<p>Included a 3-year RTSR modifier with a TSR cap</p> <p>Simplified the LTIP structure and eliminated the annual accumulation of points over the 3-year cycle in favor of cumulative metrics</p> <p>Increased goal rigor. As an example, in the 2017 FE STIP added \$0.06 cents to the stretch-level KPI Operating EPS above what was communicated to investors in November 2016 at EEI.</p>	<p>2017 and 2018</p>
	<p>For 2017 and 2018, improved calibration of payout to performance levels to better align pay with performance</p>	<p>2017 and 2018 FE LTIP</p>

STIP and LTIP metrics should be relevant to the business and not overlapping

FE STIP will incorporate a regulated operating earnings 2018 KPI tied to Regulated Distribution and Regulated Transmission, operational goals, safety goals, and diversity and inclusion goals

FE LTIP will incorporate a regulated operating EPS KPI tied to Regulated Distribution and Regulated Transmission, Capital Effectiveness goals, and RTSR goals

Eliminated the one remaining overlapping metric safety in the FE LTIP, and increased the weighting on safety KPIs in FE STIP

Governance of our Executive Compensation Programs

Compensation Philosophy

The primary objectives of our executive compensation programs are to:

- Attract, retain, focus and reward talented executives who drive our success in the highly complex utility industry by offering competitive total compensation for our executives overall
- Promote the long-term financial health of the business, and the creation of value for the sustained benefit of shareholders, by emphasizing long-term incentives in the pay mix
- Seek to calibrate pay to performance to ensure that the interests of our executives and shareholders are aligned, such that 50th percentile compensation is realized for strong corporate performance, above 50th percentile compensation is realized for exceptional performance, and below 50th percentile compensation is realized for below expected performance
- Tie executive awards to overall business unit performance to hold executives accountable for their areas of responsibility as well as overall corporate results
- Recognize individual contributions, including individual performance, experience, and future potential in determining individual target and actual pay levels to ensure that the Company retains our most critical talent
- Conduct ourselves in a way that comports with standards of good governance, consistent with creating long-term value for shareholders

What We Do and Don't Do

We continually strive to make improvements to our executive compensation plans and programs. Below is a summary of what we do and don't do with respect to executive compensation, the totality of which we believe aligns with the long-term interests of our shareholders and with commonly viewed best practices in the market:

What We Do	What We Don't Do
<p>Pay-for-performance</p> <p>FE LTIP is 100% at risk, with no solely time-based vesting requirements</p>	<p>No hedging or pledging allowed for NEOs or directors</p> <p>No employment agreements with our NEOs</p>

Caps on short-term and long-term incentive awards

No tax gross-ups for our NEOs

A maximum **Pool of Funds** for 2017 FE STIP based on KPI Operating EPS (non-GAAP)

No repricing of underwater stock options without shareholder approval

If the Company does not meet the pre-established KPI Operating EPS funding targets, then certain FE STIP payouts are reduced formulaically

No excessive perquisites

No payment of dividends on unearned shares

Individual short-term incentive awards capped at 150% (vs. industry caps at 200%)

No new entrants in the SERP plan closed since 2014

Individual long-term incentive awards capped at 200% (consistent with the industry)

Different financial performance measures in our short- and long-term incentive plans

Robust stock ownership guidelines

Stringent clawback policy

Mitigate undue risk in compensation programs

Annual Say-on-Pay vote

Double-trigger CIC provisions for LTIP stock awards

**Independent compensation consultant for the
Compensation Committee with only independent
directors**

**Beginning in 2018, LTIP is capped at 100% if absolute
TSR over the LTIP performance period is negative**

Table of Contents*Role of our Compensation Committee, Management and Compensation Consultants*

The Compensation Committee is responsible for overseeing executive compensation and making recommendations to the Board for establishing appropriate salary and incentive compensation for our executive officers, including our NEOs, in accordance with our compensation philosophy, while also aligning our executives' interests with Company and business unit performance, business strategies, and drivers for growth in shareholder value. The Compensation Committee is further responsible for administering our compensation plans in a manner consistent with these objectives. In this process, the Compensation Committee evaluates information provided by its independent compensation consultants, and our CEO, as discussed below. During 2017, the Compensation Committee engaged two compensation consultants who reported directly to the Compensation Committee (collectively, the Compensation Consultants). For the period from January 1, 2017 through November 30, 2017, the Compensation Committee engaged the services of Meridian Compensation Partners (Meridian) and for the period from December 1, 2017 through December 31, 2017 and for 2018, the Compensation Committee has engaged the services of Farient Advisors (Farient). The Compensation Committee reviews the mix and level of compensation by each component individually and in the aggregate. The Compensation Committee, using tally sheets and accumulated wealth summaries, also reviews current and previously awarded but unvested compensation.

Management identifies high-potential and emerging talent, potential executive successors, including high-performing females and minorities. Your Company's talent philosophy is that all leaders, regardless of level, must demonstrate the ability to motivate future performance, be accountable for their behaviors and results, and enable employees to do their best every day. Executive succession topics are reviewed periodically by the CEO, the Senior Vice President, Human Resources and Chief Human Resource Officer and the Compensation Committee. Executive succession plans are reviewed by the Compensation Committee, as applicable, and with the full Board at its annual strategy retreat.

With respect to our CEO's compensation, the Compensation Committee also annually:

- Reviews, determines, and recommends to the Board the Company's goals and objectives with respect to CEO compensation; and

- Makes compensation recommendations to the Board for its approval or ratification based upon the CEO's performance, competitive compensation benchmarking survey data (provided by Meridian in 2017) and the utility peer group proxy data.

The Compensation Committee and Board are responsible for establishing the compensation of the NEOs. Neither the CEO nor any other NEO makes recommendations for setting his or her own compensation. The recommendation of the CEO's compensation is determined in Compensation Committee meetings during an executive session and presented to the independent members of your Board for approval. Annually, the Compensation Committee also reviews the goals and targets of the incentive compensation programs with a focus on setting challenging, but realistic, targets to drive performance and improve shareholder value over the long-term.

The CEO, with guidance from Human Resources, typically makes recommendations to the Compensation Committee with respect to the compensation of the other NEOs and the other Section 16 Insiders. The CEO possesses insight regarding individual performance, experience, future promotion potential, and intentions in retaining particular senior executives. The CEO presents his recommendations to the Compensation Committee for review. However, the Compensation Committee may modify or disregard the CEO's recommendations. The Compensation Consultants, as

discussed below, regularly provide market-level commentary and observations regarding compensation adjustments to the Compensation Committee.

The Compensation Committee also engaged the Compensation Consultants to provide independent advice with respect to executive and director compensation and corporate governance matters related to executive compensation. The Compensation Committee relied on their expertise in benchmarking and familiarity with competitive compensation practices in the utility and general industry sectors. In addition, the Compensation Committee regularly requested advice from the Compensation Consultants concerning the design, communication, and implementation of our incentive compensation plans and other programs. In 2017, the Compensation Committee met with the Compensation Consultants without management present, including the CEO, in an executive session after each regularly scheduled Compensation Committee meeting.

Table of Contents

The services provided by the Compensation Consultants to the Compensation Committee in 2017 include:

Review of our compensation philosophy, including the alignment of our executive compensation practices with our compensation philosophy and assessing potential changes to address trends in market practice and shareholder expectations;

Review of our peer groups used for compensation benchmarking purposes for executives and directors;

Analysis of competitive compensation practices for executives and directors within our peer groups;

Review of the description of our executive compensation practices in our annual proxy statement and apprising the Compensation Committee of its recommendations and necessary changes;

Review of share ownership guidelines;

Review of STIP and LTIP plan designs;

Review of CIC benefits to ensure alignment with our compensation philosophy and competitive practice;

Regularly informing the Compensation Committee of legislative and regulatory changes, market trends and current issues with respect to executive compensation and educating members on our processes, plans and programs; and

Preparation for and attendance at all Compensation Committee meetings, including executive sessions.

The Compensation Committee obtained and considered representations from the Compensation Consultants that they were independent consultants and there were no conflicts of interest. The Compensation Committee has considered the independence of the Compensation Consultants, as required by SEC and NYSE rules and requirements. The Compensation Committee also considered and assessed relevant factors that could give rise to a potential conflict of interest with respect to the Compensation Consultants and their work. Based on this review, the Compensation Committee is not aware of any conflict of interest that has been raised by the work performed by the Compensation Consultants.

Benchmarking

The Compensation Committee uses competitive benchmarking data to evaluate compensation practices and develop compensation recommendations for each of the Section 16 Insiders, including the NEOs. With the exception of periodic merger and acquisition activity, our utility peer group has remained consistent and generally unchanged over the last 10 years. In addition, the Company uses a general industry peer group. Employee and executive compensation, executive benefits and perquisites, broad-based benefits (retirement benefits, death benefits, long-term disability and health care) and Director compensation are all benchmarked against the same peer groups. The Compensation Committee uses competitive blended market data (i.e., the average of the revenue-regressed 50th percentile of our utility peer group and general industry peer group, referred to as the Blended Median) to set compensation levels and to determine any adjustment to assess the competitiveness of the base salary, short- and long-term target incentive opportunities and total target compensation and considers a range of 80% to 120% of the Blended Median for each component of pay to be competitive.

The Compensation Committee selected the 2017 peer groups based on the following criteria:

Included companies with revenues between \$8 and \$30 billion (a range of approximately 0.5 to 2.0 times our revenue) with whom we compete for talent;

Excluded companies and industries whose compensation or business models significantly differ from utilities, such as financial services, health care, retail, franchise, media and companies that are internationally headquartered; and

Included a few select companies outside of the revenue scope based on their close geographic proximity to your Company.

Table of Contents

As a result of this process, the peer groups for 2017 included the following companies:

2017 Utility Peer Group

AES CORPORATION	DUKE ENERGY CORP	NRG ENERGY
AMEREN CORP	EDISON INTERNATIONAL	PG&E CORP
AMERICAN ELECTRIC POWER CO INC	ENTERGY CORP	PPL CORP

EMERSON ELECTRIC CO	NORFOLK SOUTHERN CORP	
	NORTHROP GRUMMAN CORP	

In February 2017, at the Compensation Committee's request, Meridian accumulated benchmark compensation data for our peer companies based on AonHewitt's Total Compensation Measurement database, and determined that our executives' total direct compensation, in aggregate, continues to be positioned at approximately the 50th percentile of the market. Base salary, short- and long-term target incentive opportunity level are all in the competitive range of 80% to 120% of the Blended Median for each NEO.

Table of Contents**Components of Total Direct Compensation Programs***Overview of 2017 Changes for FES Participants (including Mr. Schneider)*

For 2017, the Compensation Committee and Board (and the board of directors of FES), approved separate incentive compensation programs for eligible FES participants. All NEOs and Section 16 Insiders, except for Mr. Schneider, continued to participate in the FE STIP and FE LTIP. Mr. Schneider participated in the FES STIP and the FES replacement LTIP (R-LTIP) in 2017 as well as outstanding awards of the FE LTIP for 2015-2017 and 2016-2018 cycles. However, with the implementation of separate incentive compensation programs for FES participants in 2017, the KPIs and results for the 2017 year of the outstanding 2015-2017 and 2016-2018 cycles under the FE LTIP for FES participants were revised to be based on the same KPIs as those used in the 2017 R-LTIP. We refer to these outstanding cycles of the FE LTIP for FES participants as the FES LTIP.

Performance goals for FES were set to reflect the challenging business environment facing FES and were designed to incentivize and retain FES participants to preserve the value of the CES segment. The FES measures were designed to monitor spending, drive earnings, reduce FirstEnergy Nuclear Operating Company (FENOC) outage time, and continue to focus on safety. The FES KPI measures are:

Program	KPI Measures⁽¹⁾	Rationale
FES STIP	Competitive Generation Environmental Excursions	This metric highlights and enhances the level of attention to environmental compliance activities and drives continuous improvements towards reducing the frequency of environmental excursions related to air emissions, water discharges and other unauthorized releases
FES STIP, FES LTIP for 2017 and R-LTIP	FES, Competitive Fossil and Nuclear Operations and Maintenance (O&M) and Capital Spend Nuclear Unit Capability Factor (UCF) Safety FES, Competitive Fossil and FENOC OSHA incident rate	This metric is a financial metric that monitors spending and focuses on overall cash flow and liquidity This metric measures nuclear energy generation produced over a given period compared to the potential energy generation over the same period This metric reflects our overall safety performance in FES, Competitive Fossil and FENOC. For FES STIP, the safety components are looked at independently for each business unit

⁽¹⁾ Refer to the CD&A Glossary of Terms on page 76 for definitions.

All three measures in the R-LTIP were equally weighted and tracked quarterly over the performance period. The R-LTIP was payable in cash and was designed to be an annual plan. Since the R-LTIP was a one-year performance period (versus three years like the FE LTIP), the long-term incentive program target opportunity percentage for 2017 was set equal to one-third of what otherwise would have been granted under the FE LTIP. The payout for FES STIP may be adjusted from 0% to 150%, and the R-LTIP may be adjusted from 0% to 200% of the target amount based on the three KPIs.

Finally, in light of the strategic review, the current and future FES LTIP payments for the 2015-2017 cycle and 2016-2018 cycle to FES participants (including Mr. Schneider) were modified to settle in cash, rather than stock. Any points earned in the FES LTIP for fiscal years prior to January 1, 2017, were carried forward and points earned in 2017 were based on the 2017 FES R-LTIP KPI goals outlined above. For more information, please see page 75. Any payments for these cycles will be based on the total points earned over the respective three-year periods. Although the form of payment of the outstanding stock-based restricted stock units was modified to settle in cash, the awards continue to track in restricted stock units, until vesting and payout.

Table of Contents*Key Elements of 2017 Executive Compensation*

The key elements of our executive compensation program are described below:

Element	Form	Key Characteristics
Base Salary	Cash	<p>Fixed cash compensation designed to reward strong past performance and sustain strong performance in the future</p> <p>The Compensation Committee primarily uses the Blended Median to set base salary levels and determine any adjustments</p> <p>The Compensation Committee also considers other factors including individual performance, experience, and historical compensation adjustments for the NEO</p> <p>The Compensation Committee, CEO and Board annually review each of the NEOs base salaries</p>
FE STIP & FES STIP (Schneider only)	Cash	<p>Designed to reward the achievement of current corporate and business-unit objectives</p> <p>Variable compensation that is completely at-risk, with payments based entirely on company or business-unit financial and operational performance, including safety</p> <p>The Compensation Committee uses the Blended Median and internal equity to set target opportunity levels</p> <p>Payouts may range from 0% to 150%</p> <p>Weightings for NEOs are financial (70%-80%) and operational, including safety (20%-30%)</p> <p>For 2017, the FE STIP goals included:</p> <ul style="list-style-type: none"> - Financial: Corporate KPI Operating EPS (Mr. Strah also has a portion of his goals tied to business unit financial performance); and - Operational/Safety: Includes a mix of customer and reliability operating metrics and a focus on safety <p>For FE STIP, a maximum Pool of Funds limits payout based on Corporate KPI Operating EPS achievements (as defined below on page 62)</p> <p>For 2017, a separate incentive plan was adopted for FES participants (including Mr. Schneider); see page 64 for more details</p>
	2/3 Stock	<p>Designed to reward the achievement of longer-term goals</p>

FE LTIP & FES LTIP (Schneider only)	1/3 Cash or All Cash (Schneider)	<p>Variable cash and equity compensation that is 100% at risk and performance-based for the FE LTIP</p> <p>The Compensation Committee uses the Blended Median and internal equity to set target opportunity levels</p> <p>The 2017-2019 cycle of FE LTIP compensation consists of performance-adjusted RSUs that are designed to reward the achievement of longer-term goals</p> <p>RSUs are earned based on the achievement of financial and safety KPIs</p> <p>Three metrics are weighted equally based on annual performance results accumulated at the end of the three-year performance cycle:</p> <ul style="list-style-type: none"> - Safety; - Capital Effectiveness Index, a non-GAAP financial measure; and - FFO to Adjusted Debt Index, also a non-GAAP financial measure <p>See the section below titled RSU Index Performance Measures for more information regarding these KPIs</p> <p>Payouts may range from 0% to 200% of target opportunity</p> <p>For 2017, the FES LTIP plan for Mr. Schneider was tied directly to FES performance and the payouts settled entirely in cash. See the section below entitled 2015-2017 FES LTIP and 2017 R-LTIP for Mr. Schneider for more information on the FES LTIP</p>
2017 R-LTIP (Schneider only)	Cash	<p>1-year cash based plan that was completely at risk and based on the achievement of FES-based KPIs, with a minimum payout of 0% and a maximum payout of 200% of target opportunity</p> <p>Represents one-third of what would otherwise be granted under the FE LTIP target opportunity. See the section below entitled 2015-2017 FES LTIP and 2017 R-LTIP for Mr. Schneider for more information on the 2017 R-LTIP</p>

Table of Contents*Compensation Mix*

We review our compensation philosophy, pay mix and pay vehicles for our NEOs annually to ensure that they support our strategy and align with shareholder interests. The Compensation Committee sets our overall compensation level consistent with the Blended Median, but places a greater portion of target pay on performance-based LTIP awards compared to our peer groups. Under our compensation design, the percentage of pay that is based on performance increases as executives' responsibilities increase. As shown in the charts below, of base salary, STIP and LTIP, approximately 87% of the CEO's total target pay and 76% of our NEO average target pay, other than Mr. Schneider, was performance-based, and approximately 72% of the CEO's total target pay and 57% of our NEOs' average target pay, other than Mr. Schneider, was predicated on long-term performance in 2017. A separate chart for Mr. Schneider is also provided below given the different compensation programs in 2017.

CEO 2017 Pay Mix at Target**Other NEOs (excluding Mr. Schneider)****Mr. Schneider's 2017 Pay Mix at Target****2017 Pay Mix at Target***2017 Target Compensation (Base Salary + Incentive Compensation)*

In January 2017, the Compensation Committee reviewed a competitive benchmarking analysis prepared by Meridian. This report assessed each NEO's compensation levels and mix against the Blended Median. Although the NEOs sustained strong individual performance and given that each NEO was well-positioned to the Blended Median (within the 80% to 120% competitive range), the Board approved and ratified for 2017 no increase in base salary and target opportunity levels as a percent of 2017 base salary, in the aggregate, for short-term and long-term incentive compensation in 2017. No Section 16 Insider received an increase in incentive opportunity (as a percent of salary) for 2017, other than for a promotion.

For 2017, target opportunities continue to be set at or near the Blended Median of our peer groups. 2017 target compensation levels for the NEOs were as follows:

Executive	2017 Base Salary	2017 Target Opportunity (% of Salary)	2017 Target		
			STIP (% of Salary) ⁽⁵⁾	LTIP Awards Opportunity	
				2017 Target Total Compensation	
Mr. Jones ⁽¹⁾	\$1,133,000	115%	545%		\$8,610,800

Mr. Pearson	\$ 660,400	90%	320%	\$3,368,040
Ms. Vespoli	\$ 759,200	85%	255%	\$3,340,480
Mr. Strah	\$ 560,000	70%	195%	\$2,044,000
Mr. Schneider ⁽²⁾	\$ 535,000	70%	185% ⁽³⁾	\$1,239,417
Mr. Lash ⁽⁴⁾	\$ 580,000	70%	185%	\$2,059,000

(1) Reflects Mr. Jones' voluntary reduction of FE STIP (from 120% to 2015 level of 115%) and FE LTIP (from 600% to 2015 level of 545%).

(2) Mr. Schneider participated in a separate FES STIP and R-LTIP program in 2017, consistent with employees at FES.

(3) Mr. Schneider's long-term incentive for 2017 is a R-LTIP program under which he receives cash payouts on an annual basis. For 2017, Mr. Schneider was granted 1/3rd of what would otherwise have been granted under the 3-year FE LTIP Award (resulting in a target of 61.667% of salary for the 2017 R-LTIP award).

(4) As a result of Mr. Lash's retirement effective August 1, 2017, he received a pro-rata award for the period worked during 2017. Amounts shown are annualized.

(5) Mr. Jones, Mr. Pearson, Ms. Vespoli, Mr. Strah and Mr. Lash will have 1/3rd of their FE LTIP paid in cash and 2/3rd paid in stock.

Table of Contents

The maximum payout under the FE STIP is 150% of an individual's target opportunity; the maximum payout under the FE LTIP is 200% of an individual's target opportunity. However, unlike market practices, the FE LTIP is 100% performance-based. The NEOs may earn payments that are below their target opportunities if the Company falls short of its pre-established goals, and in excess of target opportunities if the Company performs above its pre-established goals. Except in limited circumstances as described in the plan documents, the Compensation Committee may use negative discretion to make downward adjustments to awards on a formula or discretionary basis, but may not make upward adjustments.

2017 Incentive Compensation Programs

Shareholders previously approved the 2007 Incentive Plan and 2015 Incentive Compensation Plan (the Incentive Compensation Plans). The purpose of the Incentive Compensation Plans is to promote the success of FirstEnergy by providing incentives to certain employees and directors that will link their personal interests to the long-term financial success of the Company and to help increase shareholder value, providing for various types of awards including equity and equity-based awards and cash-based awards. In February 2017, the 2015 Incentive Compensation Plan was amended by the Compensation Committee to permit participants, including NEOs, to satisfy income tax withholding obligations up to the maximum rate allowed by law using cash or award shares.

2017 FE Short-Term Incentive Program (FE STIP)

The FE STIP provides annual cash awards to executives whose contributions support the achievement of the Company's identified financial and operational KPI goals linked to the Company's business strategy and objectives. The Compensation Committee annually reviews the goals and targets with a focus on setting challenging, but realistic, targets that are intended to align with shareholder value.

The Compensation Committee annually establishes the KPIs under the FE STIP that must be satisfied for a NEO to receive an award for such performance period, and recommends that the Board approve the relative weightings for each KPI with respect to each NEO.

No design changes were made to the FE STIP in 2017:

The Maximum Pool of Funds continued to be driven by KPI Operating EPS; and

FE STIP payouts are driven by financial and operating metrics, including safety, with all NEOs having 70% to 80% tied to corporate and business unit financial performance and 20% to 30% tied to operating or safety metrics.

2017 STIP Pool of Funds

KPI Operating EPS is used to determine the maximum amount available to fund the FE STIP. As seen in the chart below, the threshold KPI Operating EPS was set at \$2.52 and target at \$2.67, which aligned with the lower end and midpoint of operating guidance provided to the financial community in November 2016 at EEI, respectively, and the maximum stretch performance was set at \$0.06 above the upper end of guidance and significantly above 2016's actual

operating EPS. The additional rigor in goal setting in the 2017 plan was established to drive business unit performance and further increase shareholder value and the impact also flows through to the 2017 FE LTIP goals.

The Pool of Funds available for the FE STIP payout is based upon the KPI Operating EPS result (after accounting for the cost of the FE STIP payout) as follows:

KPI Operating EPS Achievement Level	2017 FE STIP Pool of Funds
Less than \$2.52	No FE STIP payout
\$2.52 - \$2.56	Up to \$65 million
\$2.57 - \$2.61	\$80 million
\$2.62 - \$2.66	\$95 million
\$2.67 - \$2.71	\$110 million
\$2.72 - \$2.79	\$130 million
\$2.80 - \$2.87	\$150 million
\$2.88 or greater	No pool limit; FE STIP paid as earned

up to 150% cap

Table of Contents

If the FE STIP payout based on KPI results is greater than the Pool of Funds available amount as determined by the KPI Operating EPS achievement level, then the FE STIP payouts (other than those based on Operating EPS or safety KPIs) are reduced to the Pool of Funds amount.

Based on the 2017 year-end KPI Operating EPS result of \$2.76, the Pool of Funds available for the FE STIP payout was \$130 million. Since the Pool of Funds available was sufficient to pay the full FE STIP as earned, at \$128.7 million, the 2017 FE STIP payout was not reduced.

2017 KPIs and Weightings for FE STIP (Excluding Mr. Schneider)

The Compensation Committee reviewed, and the Board approved, the FE STIP performance metrics and weightings for each of the NEOs at a March 2017 meeting. For 2017, the NEOs had the following metrics and weightings (excluding Mr. Schneider who participated in the 2017 FES plan).

Component	KPI Measures ⁽¹⁾	Rationale	Participating NEO Weighting
Financial	KPI Operating EPS	Drives shareholder value	60 - 80%
		Increases in KPI Operating EPS indicate growth of the business	
	FEU/FET Operating Earnings (Mr. Strah only) Safety (based on FEU for Mr. Strah and Corporate for other NEOs) ⁽²⁾	Provides a consistent and comparable measure of performance to help shareholders understand performance trends	
		Drives Company Operating EPS while providing greater focus on driving the regulated distribution and transmission businesses and creating line of sight	15%
	Safety	Top priority of the Company	10%
	(based on FEU for Mr. Strah and Corporate for other NEOs) ⁽²⁾	Measured for the Company and each business unit and is a KPI for all employees	
		Measured by Occupational Safety and Health Administration (OSHA) reportable incidents	

Table of Contents

Threshold, Target, and Stretch levels are established for KPIs based on KPI Operating Earnings in our Regulated Distribution, Regulated Transmission and Corporate businesses and achieving continuous improvement in operational performance. In 2017, the Threshold, Target, Stretch and actual KPI results under the FE STIP for the NEOs were:

KPI Measures ⁽¹⁾	Threshold	Target	Stretch	Actual Result	Result
Financial					
KPI Operating EPS	\$ 2.52	\$ 2.67	\$ 2.88	\$ 2.76	Meets Target

FES STIP for Mr. Schneider

The FES STIP operates in a similar manner to the FE STIP. It provides annual cash awards to executives whose contributions support the achievement of four FES and FENOC-based KPI goals, including Safety. However, there is no Pool of Funds under the FES STIP.

In 2017, the FES STIP KPIs were all achieved at Stretch other than safety which met target. As a result, the FES STIP payout to Mr. Schneider was 148% of target.

Portfolio Investment Activity

During the three months ended September 30, 2013, we acquired \$492,518 of new investments, completed follow-on investments in existing portfolio companies, totaling approximately \$55,743, funded \$4,000 of revolver advances, and recorded PIK interest of \$4,581, resulting in gross investment originations of \$556,843. The more significant of these investments are discussed in the First Quarter Highlights.

S-27

Table of Contents

In addition to the repayments noted in the First Quarter Highlights, during the three months ended September 30, 2013, we received principal amortization payments of \$7,712 on several loans, and \$10,683 of partial prepayments primarily related to Energy Solutions, Stauber Performance Ingredients, and Cinedigm DC Holdings, LLC. On January 4, 2012, Energy Solutions sold its gas gathering and processing assets ("Gas Solutions") for a sale price of \$199,805, adjusted for the final working capital settlement, including a potential earnout of \$28,000 that may be paid based on the future performance of Gas Solutions. Through September 30, 2013, we have not accrued income for any portion of the \$28,000 potential payment. After expenses, including structuring fees of \$9,966 paid to us, Energy Solutions received \$158,687 in cash. Currently, a loan to Energy Solutions remains outstanding and is collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solutions by Energy Solutions resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us were required to be recognized as dividend income, in accordance with ASC 946, as cash distributions were received from Energy Solutions, to the extent there are current year earnings and profits sufficient to support such recognition. During the three months ended September 30, 2013, Energy Solutions repaid \$4,250 of senior and subordinated secured debt. We received \$2,409 of make-whole fees for early repayment of the outstanding loan receivables, which was recorded as interest income during the three months ended September 30, 2013. During the three months ended September 30, 2012, we received distributions of \$33,250 from Energy Solutions which were recorded as dividend income. No such dividends were received during the three months ended September 30, 2013. Energy Solutions continues to hold \$7,118 of cash for future investment and repayment of the remaining debt.

During the quarters ended September 30, 2013 and September 30, 2012, we recognized \$240 and \$284 of interest income due to purchase discount accretion from the assets acquired from Patriot Capital Funding, Inc. ("Patriot"), respectively. There was no accelerated accretion during the three months ended September 30, 2013 and September 30, 2012. We expect to recognize \$160 of normal accretion during the three months ended December 31, 2013, after which, there will be \$141 remaining to be accreted.

(1) Includes new deals, additional fundings, refinancings and PIK interest.

(2) Includes scheduled principal payments, prepayments and refinancings.

(3) The \$210,438 of acquisitions for the quarter ended December 31, 2009 includes \$207,126 of portfolio investments acquired from Patriot.

Table of Contents

Investment Valuation

In determining the fair value of our portfolio investments at September 30, 2013, the Audit Committee considered valuations from the independent valuation firms and from management having an aggregate range of \$4,437,390 to \$4,720,672 excluding money market investments.

In determining the range of value for debt instruments, management and the independent valuation firms generally shadow rated the investment and then based upon the range of ratings, determined appropriate yields to maturity for a loan rated as such. A discounted cash flow analysis was then prepared using the appropriate yield to maturity as the discount rate, yielding the ranges. For equity investments, the enterprise value was determined by applying EBITDA multiples for similar recent investment sales. For stressed equity investments, a liquidation analysis was prepared. In determining the range of value for our investments in CLOs, management and the independent valuation firms used dynamic discounted cash flow models, where the projected future cash flow was estimated using Monte Carlo simulation techniques in accordance with the requirements of ASC 820. The valuations were accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view. For each CLO security, the most appropriate valuation approach was chosen from alternative approaches to ensure the most accurate valuation for such security. A discounted cash flow model is prepared, utilizing a waterfall engine to store the collateral data, generate numerous collateral cash flows from the assets based on various assumptions for the risk factors, and distribute the cash flow to the liability structure based on the payment priorities, and discount them back using proper discount rates to the various cash flows along each simulation path.

The Board of Directors looked at several factors in determining where within the range to value the asset including: recent operating and financial trends for the asset, independent ratings obtained from third parties, comparable multiples for recent sales of companies within the industry and discounted cash flow models for our investments in CLOs. The composite of all these analyses, applied to each investment, was a total valuation of \$4,553,136, excluding money market investments.

Our portfolio companies are generally lower middle market companies, outside of the financial sector, with less than \$150,000 of annual EBITDA. We believe our market has experienced less volatility than others because we believe there are more buy and hold investors who own these less liquid investments.

Control investments offer increased risk and reward over straight debt investments. Operating results and changes in market multiples can result in dramatic changes in values from quarter to quarter. Significant downturns in operations can further result in our looking to recoveries on sales of assets rather than the enterprise value of the investment. Several control investments in our portfolio are under enhanced scrutiny by our senior management and our Board of Directors and are discussed below.

AIRMALL USA, Inc.

AIRMALL is a leading developer and manager of airport retail operations. AIRMALL has developed and presently manages all or substantially all of the retail operations and food and beverage concessions at Baltimore/Washington International Thurgood Marshall Airport (BWI), Boston Logan International Airport (BOS), Cleveland Hopkins International Airport (CLE) and Pittsburgh International Airport (PIT). AIRMALL does so pursuant to long-term, infrastructure-like contracts with the respective municipal agencies that own and operate the airports.

On July 30, 2010, we invested \$52,420 of combined debt and equity as follows: \$30,000 senior term loan, \$12,500 senior subordinated note and \$9,920 preferred equity. We own 100% of AIRMALL's equity securities. AIRMALL's financial performance has been consistent since the acquisition and we continue to monitor the medium to long-term growth prospects for the company.

In September 2013, AIRMALL distributed \$7,000 of earnings to us which was recorded as dividend income during the quarter ended September 30, 2013. As a result of the distribution of earnings, our Board of Directors decreased the fair value of our investment in AIRMALL to \$51,411 as of September 30, 2013, a premium of \$391 from its amortized cost, compared to the \$3,478 unrealized appreciation recorded at June 30, 2013.

Ajax Rolled Ring & Machine, Inc.

Ajax forges large seamless steel rings on two forging mills in the company's York, South Carolina facility. The rings are used in a range of industrial applications, including in construction equipment and power turbines. Ajax also provides machining and other ancillary services.

We acquired a controlling equity interest in Ajax in a recapitalization of Ajax that was closed on April 4, 2008. We funded \$22,000 of senior secured term debt, \$11,500 of subordinated term debt and \$6,300 of equity as of that closing. During the

S-30

Table of Contents

fiscal year ended June 30, 2010, we funded an additional \$3,530 of secured subordinated debt to refinance a third-party revolver provider and provide working capital. Ajax repaid \$3,461 of this secured subordinated debt during the quarter ended September 30, 2010. During the quarter ended December 31, 2012, we funded an additional \$3,600 of unsecured debt to refinance first lien debt held by Wells Fargo.

On April 1, 2013, we refinanced our existing \$38,472 senior loans to Ajax, increasing the size of our debt investment to \$38,537. Concurrent with the refinancing, we received repayment of the \$18,635 loans that were previously outstanding. As of September 30, 2013, we control 78.01% of the fully-diluted common and preferred equity. The principal balance of our senior debt to Ajax was \$19,636 and our subordinated debt was \$20,008 as of September 30, 2013.

Due to soft operating results, the Board of Directors decreased the fair value of our investment in Ajax to \$28,084 as of September 30, 2013, a reduction of \$17,617 from its amortized cost, compared to the \$6,057 unrealized depreciation recorded at June 30, 2013.

APH Property Holdings, LLC

We make investments in real estate through our investment in APH, a holding company that owns 100% of the common equity of APHC. APHC is a Maryland corporation and qualified REIT for federal income tax purposes. As of September 30, 2013, we have provided \$127,374 and \$26,648 of debt and equity financing, respectively, to APH for the acquisition of various industrial and multi-family residential real estate properties in Florida and Georgia. As of September 30, 2013, APHC's real estate portfolio was comprised of seven investments. The following table shows the mortgages outstanding due to other parties for each of the seven properties:

No.	Property Name	City	Date of Acquisition	Purchase Price	Mortgage Outstanding
1	146 Forest Parkway	Forest Park, GA	10/24/2012	\$7,400	\$—
2	Abbingtion Pointe	Marietta, GA	12/28/2012	23,500	15,275
3	Amberly Place	Tampa, FL	1/17/2013	63,400	39,600
4	Lofton Place	Tampa, FL	4/30/2013	26,000	16,965
5	Vista at Palma Sola	Bradenton, FL	4/30/2013	27,000	17,550
6	Arlington Park	Marietta, GA	5/8/2013	14,850	9,650
7	Arium Resort	Pembroke Pines, FL	6/24/2013	225,000	157,500

The Board of Directors set the fair value of our investment in APH at \$154,022 as of September 30, 2013, equal to its amortized cost.

Energy Solutions Holdings, Inc. (f/k/a Gas Solutions Holdings, Inc.)

Energy Solutions owns interests in other companies operating in the energy sector. These include operating offshore supply vessels and ownerships of a non-operating biomass plant and several coal mines. Energy Solutions subsidiaries formerly owned interests in a gas gathering and processing system in east Texas.

In December 2011, we completed a reorganization of Gas Solutions Holdings, Inc. renaming the company Energy Solutions and transferring ownership of other operating companies owned by us and operating within the energy industry with the intent of strategically expanding Energy Solutions operations across energy sectors. As part of the reorganization, we transferred our equity interests in Change Clean Energy Holdings, Inc. ("CCEHI"), Change Clean Energy, Inc. ("CCEI"), Freedom Marine Holdings, LLC ("Freedom Marine") and Yatesville Coal Holdings, Inc. ("Yatesville") to Energy Solutions. On December 28, 2011, we made a follow-on investment of \$4,750 to support the acquisition of a new vessel by Vessel Holdings LLC, a subsidiary of Freedom Marine.

On January 4, 2012, Energy Solutions sold its gas gathering and processing assets ("Gas Solutions") for a sale price of \$199,805, adjusted for the final working capital settlement, including a potential earnout of \$28,000 that may be paid based on the future performance of Gas Solutions. Through September 30, 2013, we have not accrued income for any portion of the \$28,000 potential payment. After expenses, including structuring fees of \$9,966 paid to us, Energy Solutions received \$158,687 in cash. Currently, a loan to Energy Solutions remains outstanding and is collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solutions by Energy Solutions resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us were required to be recognized as dividend income, in

accordance with ASC 946, as cash distributions were received from Energy Solutions, to the extent there are current year earnings and profits sufficient to support such recognition. During the three months ended September 30, 2013, Energy Solutions repaid \$4,250 of senior and subordinated secured debt. We received

S-31

Table of Contents

\$2,409 of make-whole fees for early repayment of the outstanding loan receivables, which was recorded as interest income during the three months ended September 30, 2013. During the three months ended September 30, 2012, we received distributions of \$33,250 from Energy Solutions which were recorded as dividend income. No such dividends were received during the three months ended September 30, 2013. Energy Solutions continues to hold \$7,118 of cash for future investment and repayment of the remaining debt.

In determining the value of Energy Solutions, we have utilized two valuation techniques to determine the value of the investment. Our Board of Directors has determined the value to be \$23,590 for our debt and equity positions at September 30, 2013 based upon a combination of a current value method for the cash balances of Energy Solutions and a liquidation analysis for our interests in CCEHI, CCEI, Freedom Marine and Yatesville. At September 30, 2013 and June 30, 2013, Energy Solutions, including the underlying portfolio companies affected by the reorganization, was valued at \$6,431 and \$7,574 below its amortized cost, respectively.

First Tower Holdings of Delaware, LLC

First Tower is a multiline specialty finance company based in Flowood, Mississippi with over 170 branch offices.

On June 15, 2012, we acquired 80.1% of First Tower, LLC ("First Tower") businesses for \$110,200 in cash and 14,518,207 unregistered shares of our common stock. Based on our share price of \$11.06 at the time of issuance, we acquired our 80.1% interest in First Tower for approximately \$270,771. As consideration for our investment, First Tower Delaware, which is 100% owned by us, recorded a secured revolving credit facility to us of \$244,760 and equity of \$43,193. First Tower Delaware owns 80.1% of First Tower Holdings LLC, the holding company of First Tower. The assets of First Tower

acquired include, among other things, the subsidiaries owned by First Tower, which hold finance receivables, leaseholds, and tangible property associated with First Tower's businesses. During the three months ended June 30, 2012, we received \$8,075 in structuring fee income. During the three months ended December 31, 2012, we funded an additional \$20,000 of senior secured debt to support seasonally high demand during the holiday season. As of August 31, 2013, First Tower had total assets of approximately \$635,483 including \$405,742 of finance receivables net of unearned charges. As of June 30, 2013, First Tower's total debt outstanding to parties senior to us was \$264,760.

Due to improved operating results, the Board of Directors increased the fair value of our investment in First Tower to \$313,673 as of September 30, 2013, a premium of \$5,720 to its amortized cost, compared to the \$9,869 unrealized depreciation recorded at June 30, 2013.

Manx Energy, Inc.

Manx was formed for the purpose of rolling up the assets of two existing Prospect portfolio companies, Coalbed, LLC ("Coalbed") and Appalachian Energy Holdings, LLC ("AEH"), bringing them under new management, restructuring the outstanding debt, and infusing additional capital to allow for future growth. Coalbed is the owner of 100% of the outstanding equity interests of Coalbed Pipelines, LLC and Coalbed Operator, LLC. Coalbed was formed in October 2009 to acquire our outstanding senior secured loan and assigned interests in Conquest Cherokee, LLC ("Conquest"). Conquest's assets consisted primarily of coalbed methane reserves in the Cherokee Basin. AEH was formed in 2006 and is the owner of 100% of the outstanding equity interests of East Cumberland L.L.C., a provider of outsourced mine site development and construction services for coal production companies operating in Southern Appalachia, and C&S Oilfield and Pipeline Construction, a provider of support services to companies engaged in the exploration and production of oil and natural gas.

On January 19, 2010, we modified the terms of our senior secured debt in AEH and Coalbed in conjunction with the formation of Manx, a new entity consisting of the assets of AEH, Coalbed and Kinley Exploration LLC. The assets of the three companies were combined under new common management. We funded \$2,800 at closing to Manx to provide for working capital. A portion of our loans to AEH and Coalbed was exchanged for Manx preferred equity, while our AEH equity interest was converted into Manx common stock. There was no change to fair value at the time of restructuring, and we continue to fully reserve any income accrued for Manx. During the year ended June 30, 2011, we made a follow-on secured debt investments of \$750 in Manx to support ongoing operations. On June 30, 2012, Manx assigned the membership interests and associated operating company debt of Coalbed and AEH to Wolf Energy Holdings, Inc. ("Wolf"), a newly-formed company owned by us. During the quarter ended June 30, 2013, we

determined that the impairment of Manx was other-than-temporary and recorded a realized loss of \$9,397 for the amount that the amortized cost exceeded the fair value.

The Board of Directors set the fair value of our investment in Manx at \$413 as of September 30, 2013, a reduction of \$87 from its amortized cost, compared to the \$154 unrealized depreciation recorded at June 30, 2013.

S-32

Table of Contents

The Healing Staff, Inc.

During the three months ended December 31, 2012, we determined that the impairment of Integrated Contract Services, Inc. ("ICS") was other-than-temporary and recorded a realized loss of \$12,198 for the amount that the amortized cost exceeded the fair value. Our remaining investments are in THS and Vets Securing America ("VSA"), wholly owned subsidiaries of ICS with ongoing operations. THS provides outsourced medical staffing services to governmental and commercial enterprises. VSA provides out-sourced security guards staffed primarily using retired military and police department veterans.

During September and October 2007, we provided \$1,170 to THS for working capital through our investment in ICS. In January 2009, we foreclosed on the real and personal property of ICS. Through this foreclosure process, we gained 100% ownership of THS. As part of its strategy to diversify its revenues THS started VSA as a new business in the latter part of 2009. During the year ended June 30, 2011 and the six months ended December 31, 2011, we made follow-on secured debt investments of \$1,708 and \$874, respectively, to support the ongoing operations of THS and VSA. Effective October 19, 2011, the closing date of the sale by VSA of a commercial real estate asset, \$893 of the follow-on secured debt investments were repaid. In early May 2012, we made short-term secured debt investments of \$118 and \$42, respectively, to support the operations of THS and VSA, which short term debt was repaid in early June 2012. We made no additional fundings during the fiscal year ended June 30, 2013 and the three months ended September 30, 2013. In May 2012, in connection with the implementation of accounts receivable based funding programs for THS and VSA with a third party provider we agreed to subordinate our first priority security interest in all of the accounts receivable and other assets of THS and VSA to the third party provider of that accounts receivable based funding.

Based upon an analysis of the liquidation value of assets, our Board of Directors determined the fair value of our investment in THS and VSA to be zero at September 30, 2013 and June 30, 2013, respectively, a reduction of \$3,831 from its amortized cost.

Wolf Energy Holdings, Inc.

Wolf is a holding company formed to hold 100% of the outstanding membership interests of each of Coalbed and AEH. The membership interests of Coalbed and AEH, which were previously owned by Manx, were assigned to Wolf effective June 30, 2012. The purpose of assignment was to remove those activities from Manx deemed non-core by the Manx convertible debt investors who were not interested in funding those operations. In addition, effective June 29, 2012 C&J Cladding Holding Company, Inc. ("C&J") merged with and into Wolf, with Wolf as the surviving entity. At the time of the merger, C&J held the remaining undistributed proceeds from the sale of its membership interests in C&J Cladding, LLC. The merger was effectuated in connection with the broader simplification of our energy investment holdings.

On April 15, 2013, assets previously held by H&M were assigned to Wolf in exchange for a \$66,000 term loan secured by the assets. Our cost basis in this loan of \$44,632 was determined in accordance with ASC 310-40, Troubled Debt Restructurings by Creditors, and is equal to the fair value of assets at the time of transfer and we recorded a realized loss of \$19,647 in connection with the foreclosure on the assets. On May 17, 2013, Wolf sold certain of the assets that had been previously held by H&M that were located in Martin County to Hibernia for \$66,000. Proceeds from the sale were primarily used to repay the loan and net profits interest receivable due to us and we recognized as a realized gain of \$11,826 partially offsetting the previously recorded loss. We received \$3,960 of structuring and advisory fees from Wolf during the year ended June 30, 2013 related to the sale and \$991 under the net profits interest agreement which was recognized as other income during the fiscal year ended June 30, 2013. Our Board of Directors set the fair value of our investment in Wolf at \$5,256 as of September 30, 2013, a reduction of \$2,785 from its amortized cost, compared to the \$3,091 unrealized depreciation recorded at June 30, 2013.

Equity positions in the portfolio are susceptible to potentially significant changes in value, both increases as well as decreases, due to changes in operating results. Three of our portfolio companies, Ajax, First Tower Delaware, and Valley Electric experienced such volatility and experienced fluctuations in valuation during the three months ended September 30, 2013. The value of Ajax decreased to \$28,084 as of September 30, 2013, a discount of \$17,617 to its cost, compared to the \$6,057 unrealized loss recorded at June 30, 2013 due to a decline in operating results. The value of our equity position in First Tower increased to \$313,673 as of September 30, 2013, a premium of \$5,720 to its cost,

compared to the \$9,869 unrealized loss recorded at June 30, 2013 as there has been improvement in operating results during the quarter. The value of Valley Electric decreased to \$47,611 as of September 30, 2013, a discount of \$6,801 to its cost, compared to the value of \$53,615 recorded at June 30, 2013, equal to its cost, due to a decline in operating results. Six of the other controlled investments have been valued at discounts to the original investment. Seven of the control investments are valued at the original investment amounts or higher. Overall, at September 30, 2013, the control investments are valued at \$22,828 below their amortized cost.

S-33

Table of Contents

We hold three affiliate investments at September 30, 2013. One of our affiliate portfolio companies, Boxercraft, experienced a meaningful decrease in valuation during the three months ended September 30, 2013 due to declining operating results. As of September 30, 2013, Boxercraft is valued at \$5,518, a reduction of \$11,527 to its amortized cost. Overall, at September 30, 2013, affiliate investments are valued \$11,899 below their amortized cost.

With the Non-control/Non-affiliate investments, generally, there is less volatility related to our total investments because our equity positions tend to be smaller than with our control/affiliate investments, and debt investments are generally not as susceptible to large swings in value as equity investments. For debt investments, the fair value is limited on the high side to each loan's par value, plus any prepayment premia that could be imposed. Many of the debt investments in this category have not experienced a significant change in value, as they were previously valued at or near par value. Non-control/Non-affiliate investments did not experience significant changes in valuation and are generally performing as expected or better than expected. As of September 30, 2013, three of our Non-control/Non-affiliate investments, Gulf Coast Machine & Supply Company ("Gulf Coast"), Stryker Energy, LLC ("Stryker") and Wind River Resources Corporation ("Wind River"), are valued at a discount to amortized cost, due to a decline in the operating results of the operating companies from those originally underwritten. Overall, at September 30, 2013, other Non-control/Non-affiliate investments are valued at \$21,250 above their amortized cost, excluding our investments in Gulf Coast, Stryker and Wind River, as the remaining companies are generally performing as or better than expected.

Capitalization

Our investment activities are capital intensive and the availability and cost of capital is a critical component of our business. We capitalize our business with a combination of debt and equity. Our debt currently consists of a revolving credit facility availing us of the ability to borrow debt subject to borrowing base determinations and Senior Convertible Notes which we issued in December 2010, February 2011, April 2012, August 2012 and December 2012, Senior Unsecured Notes, and Prospect Capital InterNotes®, which we may issue from time to time, and our equity capital, which is comprised entirely of common equity. The following table shows the Revolving Credit Facility, Senior Convertible Notes, Senior Unsecured Notes and Prospect Capital InterNotes® amounts and outstanding borrowings at September 30, 2013 and June 30, 2013:

	As of September 30, 2013		As of June 30, 2013	
	Maximum	Amount	Maximum	Amount
	Draw Amount	Outstanding	Draw Amount	Outstanding
Revolving Credit Facility	\$ 567,500	\$ 69,000	\$ 552,500	\$ 124,000
Senior Convertible Notes	\$ 847,500	\$ 847,500	\$ 847,500	\$ 847,500
Senior Unsecured Notes	\$ 347,762	\$ 347,762	\$ 347,725	\$ 347,725
Prospect Capital InterNotes®	\$ 461,977	\$ 461,977	\$ 363,777	\$ 363,777

The following table shows the contractual maturity of our Revolving Credit Facility, Senior Convertible Notes, Senior Unsecured Notes and Prospect Capital InterNotes® at September 30, 2013:

	Payments Due by Period				
	Total	Less than 1 year	1 – 3 Years	3 – 5 Years	After 5 Years
Revolving Credit Facility	\$ 69,000	\$—	\$—	\$ 69,000	\$—
Senior Convertible Notes	847,500	—	317,500	330,000	200,000
Senior Unsecured Notes	347,762	—	—	—	347,762
Prospect Capital InterNotes®	461,977	—	—	51,537	410,440
Total contractual obligations	\$ 1,726,239	\$—	\$ 317,500	\$ 450,537	\$ 958,202

We have and expect to continue to fund a portion of our cash needs through borrowings from banks, issuances of senior securities, including secured, unsecured and convertible debt securities, or issuances of common equity. For flexibility, we maintain a universal shelf registration statement that allows for the public offering and sale of our debt securities, common stock, preferred stock, subscription rights, and warrants and units to purchase such securities in an amount up to \$3,000,000 less issuances to date. As of September 30, 2013, we can issue up to \$1,406,927 of additional debt and equity securities in the public market under this shelf registration. On October 15, 2013, we were

declared effective on a new shelf and at that time could issue an additional \$5,000,000 of debt and equity securities. We may from time to time issue securities pursuant to the shelf registration statement or otherwise pursuant to private offerings. The issuance of debt or equity securities will depend on

S-34

Table of Contents

future market conditions, funding needs and other factors and there can be no assurance that any such issuance will occur or be successful.

Revolving Credit Facility

On March 27, 2012, we closed on an expanded five-year \$650,000 revolving credit facility with a syndicate of lenders through PCF (the "2012 Facility"). The lenders have extended commitments of \$567,500 under the 2012 Facility as of September 30, 2013; which was increased to \$587,500 in October 2013 (see Recent Developments). The 2012 Facility includes an accordion feature which allows commitments to be increased up to \$650,000 in the aggregate. The revolving period of the 2012 Facility extends through March 2015, with an additional two year amortization period (with distributions allowed) after the completion of the revolving period. During such two year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the two year amortization period, the remaining balance will become due, if required by the lenders.

The 2012 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2012 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2012 Facility. The 2012 Facility also requires the maintenance of a minimum liquidity requirement. At September 30, 2013, we were in compliance with the applicable covenants.

Interest on borrowings under the 2012 Facility is one-month Libor plus 275 basis points with no minimum Libor floor.

Additionally, the lenders charge a fee on the unused portion of the 2012 Facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points otherwise. The 2012 Facility requires us to pledge assets as collateral in order to borrow under the credit facility. As of September 30, 2013 and June 30, 2013, we had \$498,675 and \$473,508, respectively, available to us for borrowing under the 2012 Facility, of which the amount outstanding was \$69,000 and \$124,000, respectively. As additional investments that are eligible are transferred to PCF and pledged under the 2012 Facility, PCF will generate additional availability up to the commitment amount of \$587,500.

At September 30, 2013, the investments used as collateral for the 2012 Facility had an aggregate fair value of \$884,267, which represents 18.8% of our total investments at fair value. These assets have been transferred to PCF, a bankruptcy remote special purpose entity, which owns these investments and as such, these investments are not available to our general creditors. PCF, a bankruptcy remote special purpose entity and our wholly-owned subsidiary, holds all of these investments at fair value as of September 30, 2013. The release of any assets from PCF requires the approval of the facility agent.

In connection with the origination and amendments of the 2012 Facility, we incurred \$11,399 of fees, including \$1,319 of fees carried over from the previous facility, which are being amortized over the term of the facility in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$5,966 remains to be amortized.

During the three months ended September 30, 2013 and September 30, 2012, we recorded \$2,476 and \$2,168 of interest costs and amortization of financing costs on the 2012 Facility as interest expense, respectively.

Senior Convertible Notes

On December 21, 2010, we issued \$150,000 in aggregate principal amount of our 6.25% senior convertible notes due 2015 ("2015 Notes") for net proceeds after underwriting expenses of approximately \$145,200. Interest on the 2015 Notes is paid semi-annually in arrears on June 15 and December 15, at a rate of 6.25% per year, commencing June 15, 2011. The 2015 Notes mature on December 15, 2015 unless converted earlier. The 2015 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 88.0902 and 88.1429 shares of common stock, respectively, per \$1 principal amount of 2015 Notes, which is equivalent to an initial conversion price and conversion price at September 30, 2013 of approximately \$11.35 per share of common stock, subject to adjustment in certain circumstances. The conversion price in effect at September 30, 2013 was calculated on the last anniversary of the issuance (December 21, 2012) and will be adjusted again on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2015 Notes is increased if monthly cash dividends paid to common shares exceed the rate of \$0.101125 cents per share, subject to adjustment.

Edgar Filing: FIRSTENERGY CORP - Form DEF 14A

On February 18, 2011, we issued \$172,500 in aggregate principal amount of our 5.50% senior convertible notes due 2016 ("2016 Notes") for net proceeds after underwriting expenses of approximately \$167,325. Between January 30, 2012 and February 2, 2012, we repurchased \$5,000 of our 2016 Notes at a price of 97.5, including commissions. The transactions resulted in our recognizing \$10 of loss in the year ended June 30, 2012. Interest on the remaining \$167,500 of 2016 Notes is paid semi-annually in arrears on February 15 and August 15, at a rate of 5.50% per year, commencing August 15, 2011. The 2016 Notes mature on August 15, 2016 unless converted earlier. The 2016 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 78.3699 and 78.5395 shares of common stock,

S-35

Table of Contents

respectively, per \$1 principal amount of 2016 Notes, which is equivalent to a conversion price of approximately \$12.76 and \$12.73 per share of common stock, respectively, subject to adjustment in certain circumstances. The conversion price in effect at September 30, 2013 was calculated on the last anniversary of the issuance (February 14, 2013) and will be adjusted again on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2016 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.101150 per share.

On April 16, 2012, we issued \$130,000 in aggregate principal amount of our 5.375% senior convertible notes due 2017 ("2017 Notes") for net proceeds after underwriting expenses of approximately \$126,035. Interest on the 2017 Notes is paid semi-annually in arrears on October 15 and April 15, at a rate of 5.375% per year, commencing October 15, 2012. The 2017 Notes mature on October 15, 2017 unless converted earlier. The 2017 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 85.8442 and 86.1162 shares of common stock, respectively, per \$1 principal amount of 2017 Notes, which is equivalent to a conversion price of approximately \$11.65 and \$11.61 per share of common stock, respectively, subject to adjustment in certain circumstances. The conversion price in effect at September 30, 2013 was calculated on the last anniversary of the issuance (April 16, 2013) and will be adjusted again on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2017 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.10150 per share.

On August 14, 2012, we issued \$200,000 in aggregate principal amount of our 5.75% senior convertible notes due 2018 ("2018 Notes") for net proceeds after underwriting expenses of approximately \$193,600. Interest on the 2018 Notes is paid semi-annually in arrears on March 15 and September 15, at a rate of 5.75% per year, commencing March 15, 2013. The 2018 Notes mature on March 15, 2018 unless converted earlier. The 2018 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 82.3451 and 82.8631 of common stock, respectively, per \$1 principal amount of 2018 Notes, which is equivalent to a conversion price of approximately \$12.14 and \$12.07 per share of common stock, respectively, subject to adjustment in certain circumstances. The conversion price in effect at September 30, 2013 was calculated on the last anniversary of the issuance (August 14, 2013) and will be adjusted again on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2018 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.101600 per share.

On December 21, 2012, we issued \$200,000 in aggregate principal amount of 5.875% senior convertible notes due 2019 (the "2019 Notes") for net proceeds after underwriting and other expenses of approximately \$193,600. Interest on the 2019 Notes is paid semi-annually in arrears on January 15 and July 15, at a rate of 5.875% per year, commencing July 15, 2013. The 2019 Notes mature on January 15, 2019 unless converted earlier. The 2019 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 79.7766 shares of common stock per \$1 principal amount of 2019 Notes, which is equivalent to a conversion price of approximately \$12.54 per share of common stock, subject to adjustment in certain circumstances. The conversion price has not been adjusted since the issuance (December 21, 2012) and will be adjusted on the first anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2019 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.110025 per share.

In no event will the total number of shares of common stock issuable upon conversion exceed 96.8992 per \$1 principal amount of the 2015 Notes (the "conversion rate cap"), except that, to the extent we receive written guidance or a no-action letter from the staff of the Securities and Exchange Commission (the "Guidance") permitting us to adjust the conversion rate in certain instances without regard to the conversion rate cap and to make the 2015 Notes convertible into certain reference property in accordance with certain reclassifications, business combinations, asset sales and corporate events by us without regard to the conversion rate cap, we will make such adjustments without regard to the conversion rate cap and will also, to the extent that we make any such adjustment without regard to the conversion rate cap pursuant to the Guidance, adjust the conversion rate cap accordingly. We will use our commercially reasonable efforts to obtain such Guidance as promptly as practicable.

Prior to obtaining the Guidance, we will not engage in certain transactions that would result in an adjustment to the conversion rate increasing the conversion rate beyond what it would have been in the absence of such transaction unless we have engaged in a reverse stock split or share combination transaction such that in our reasonable best estimation, the conversion rate following the adjustment for such transaction will not be any closer to the conversion rate cap than it would have been in the absence of such transaction.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the Notes surrendered for conversion

S-36

Table of Contents

representing accrued and unpaid interest to, but not including the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the 2015 Notes, the 2016 Notes, the 2017 Notes, the 2018 Notes, and the 2019 Notes (collectively, the "Senior Convertible Notes").

No holder of Senior Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Notes upon a fundamental change at a price equal to 100% of the principal amount of the Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Senior Convertible Notes through and including the maturity date.

In connection with the issuance of the Senior Convertible Notes, we incurred \$27,030 of fees which are being amortized over the terms of the notes, of which \$19,149 remains to be amortized and is included within deferred financing costs on the Consolidated Statements of Assets and Liabilities as of September 30, 2013.

During the three months ended September 30, 2013 and September 30, 2012, we recorded \$13,310 and \$8,667 of interest costs and amortization of financing costs on the Senior Convertible Notes as interest expense, respectively.

Senior Unsecured Notes

On May 1, 2012, we issued \$100,000 in aggregate principal amount of 6.95% senior unsecured notes due 2022 for proceeds net of offering expenses of \$97,000 (the "2022 Notes"). Interest on the 2022 Notes is paid quarterly in arrears on August 15, November 15, February 15 and May 15, at a rate of 6.95% per year, commencing on August 15, 2012. The 2022 Notes mature on November 15, 2022. These notes will be our direct unsecured obligations and rank equally with all of our unsecured senior indebtedness from time to time outstanding.

On March 15, 2013, we issued \$250,000 in aggregate principal amount of 5.875% senior unsecured notes due 2023 (the "2023 Notes") for net proceeds after underwriting and other expenses of approximately \$245,885. Interest on the 2023 Notes is paid semi-annually. The 2023 Notes mature on March 15, 2023. These notes will be our direct unsecured obligations and rank equally with all of our unsecured senior indebtedness from time to time outstanding.

In connection with the issuance of the 2022 Notes and 2023 Notes (collectively, the "Senior Unsecured Notes"), we incurred \$7,364 of fees which are being amortized over the term of the notes,

of which \$6,866 remains to be amortized and is included within deferred financing costs on the Consolidated Statements of Assets and Liabilities as of September 30, 2013.

During the three months ended September 30, 2013 and September 30, 2012, we recorded \$5,541 and \$1,807 of interest costs and amortization of financing costs on the Senior Unsecured Notes as interest expense, respectively.

Prospect Capital InterNotes®

On February 16, 2012, we entered into a Selling Agent Agreement (the "Selling Agent Agreement") with Incapital LLC, as purchasing agent for our issuance and sale from time to time of up to \$500,000 of Prospect Capital InterNotes® (the "InterNotes® Offering"), which was subsequently increased to \$1,000,000. Additional agents appointed by us from time to time in connection with the InterNotes® Offering may become parties to the Selling Agent Agreement.

These notes are direct unsecured senior obligations and will rank equally with all of our unsecured senior indebtedness outstanding. Each series of notes will be issued by a separate trust. These notes bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance.

During the three months ended September 30, 2013, we issued \$98,255 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of approximately \$96,189. These notes were issued with stated interest rates ranging from 4.75% to 6.75% with a weighted average rate of 5.48%. These notes mature between July 15, 2018 and

September 15, 2013.

The following is a summary of the notes outstanding at September 30, 2013:

S-37

Table of Contents

Tenor at Origination (in years)	Principal Amount	Interest Rate Range	Average Interest Rate	Maturity Date Range
5	\$51,537	4.75% – 5.00%	4.95	% July 15, 2018 – September 15, 2018
6	5,134	5.00% – 5.50%	5.25	% February 15, 2019 – February 15, 2020
7	209,767	4.00% – 6.55%	5.15	% June 15, 2019 – September 15, 2020
8	1,996	5.75	% 5.75	% February 15, 2021

	\$461,977			

In connection with the issuance of the Prospect Capital InterNotes®, we incurred \$12,757 of fees which are being amortized over the term of the notes, of which \$12,212 remains to be amortized and is included within deferred financing costs on the Consolidated Statements of Assets and Liabilities as of September 30, 2013.

During the three months ended September 30, 2013 and September 30, 2012, we recorded \$6,044 and \$869, respectively, of interest costs and amortization of financing costs on the Prospect Capital InterNotes® as interest expense.

Net Asset Value

During the three months ended September 30, 2013, we issued \$256,043 of additional equity, net of underwriting and offering costs, by issuing 23,211,680 shares of our common stock. The following table shows the calculation of net asset value per share as of September 30, 2013 and June 30, 2013:

	As of September 30, 2013	As of June 30, 2013
Net Assets	\$2,909,755	\$2,656,494
Shares of common stock issued and outstanding	271,404,289	247,836,965
Net asset value per share	\$ 10.72	\$ 10.72

At September 30, 2013, we had 271,404,289 of our common stock issued and outstanding.

Results of Operations

Net increase in net assets resulting from operations for the three months ended September 30, 2013 and September 30, 2012 was \$79,900 and \$47,249, respectively. The \$32,651 increase is primarily the result of a \$60,111 increase in interest income due to a larger income producing portfolio during the three months ended September 30, 2013. This increase is offset by a decrease of \$29,119 in dividend income received from our investment in Energy Solutions. During the three months ended September 30, 2012, we received dividends of \$33,250 from our investment in Energy Solutions. No such dividends were received from Energy Solutions during the three months ended September 30, 2013. This decrease in dividend income from our investment in Energy Solutions was partially offset by a \$7,000 increase in dividend income from our investment in Airmall and a \$22,327 decrease in the net change in unrealized depreciation on investments. During the quarter ended September 30, 2013, we experienced net unrealized losses of \$6,226 primarily from significant write-downs of our investments in Ajax, Gulf Coast and Valley Electric. These instances of unrealized depreciation were partially offset by unrealized appreciation in First Tower. During the quarter ended September 30, 2012, we experienced net unrealized losses of \$28,553 primarily from write-downs of our investments in Ajax and Energy Solutions. These instances of unrealized depreciation were partially offset by unrealized appreciation in R-V.

Net increase in net assets resulting from operations for the three months ended September 30, 2013 and September 30, 2012 was \$0.31 and \$0.29 per weighted average share, respectively. The \$0.02 increase is primarily the result of a \$0.16 per weighted average share favorable decrease in the net change in unrealized depreciation on investments. During the quarter ended September 30, 2013, we experienced net unrealized losses of \$0.02 per weighted average share, primarily from write-downs of our investments in Ajax, Gulf Coast and Valley Electric. These instances of

unrealized depreciation were partially offset by unrealized appreciation in First Tower. During the quarter ended September 30, 2012, we experienced net unrealized losses of \$0.18 per average share primarily from write-downs of our investments in Ajax and Energy Solutions. These instances

S-38

Table of Contents

of unrealized depreciation were partially offset by unrealized appreciation in R-V. The net increase in net assets resulting from operations is also attributable to \$0.03 per weighted average share decrease in advisory fees and a \$0.03 per weighted average share increase in interest income, net of interest and credit facility expenses, as we have increased the leverage on our portfolio during the three months ended September 30, 2013. These instances of appreciation and additional income were partially offset by a \$0.20 per weighted average share decline in dividend income, primarily due to our investment in Energy Solutions as discussed above.

While we seek to maximize gains and minimize losses, our investments in portfolio companies can expose our capital to risks greater than those we may anticipate. These companies are typically not issuing securities rated investment grade, have limited resources, have limited operating history, have concentrated product lines or customers, are generally private companies with limited operating information available and are likely to depend on a small core of management talents. Changes in any of these factors can have a significant impact on the value of the portfolio company.

Investment Income

We generate revenue in the form of interest income on the debt securities that we own, dividend income on any common or preferred stock that we own, and fees generated from the structuring of new deals. Our investments, if in the form of debt securities, will typically have a term of one to ten years and bear interest at a fixed or floating rate. To the extent achievable, we will seek to collateralize our investments by obtaining security interests in our portfolio companies' assets. We also may acquire minority or majority equity interests in our portfolio companies, which may pay cash or in-kind dividends on a recurring or otherwise negotiated basis. In addition, we may generate revenue in other forms including prepayment penalties and possibly consulting fees. Any such fees generated in connection with our investments are recognized as earned.

Investment income, which consists of interest income, including accretion of loan origination fees and prepayment penalty fees, dividend income and other income, including settlement of net profits interests, overriding royalty interests and structuring fees, was \$161,034 and \$123,636 for the three months ended September 30, 2013 and September 30, 2012, respectively. During the three months ended September 30, 2013, the increase in investment income is primarily the result of a larger income producing portfolio.

The following table describes the various components of investment income and the related levels of debt investments:

	For The Three Months Ended September 30,	
	2013	2012
Interest income	\$ 138,421	\$ 78,310
Dividend income	7,089	36,208
Other income	15,524	9,118
Total investment income	\$ 161,034	\$ 123,636
Average debt principal of performing investments	\$4,179,192	\$2,144,554
Weighted average interest rate earned on performing assets	12.96	% 14.24

Average interest income producing assets have increased from \$2,144,554 for the three months ended September 30, 2012 to \$4,179,192 for the three months ended September 30, 2013. The average yield on interest bearing assets decreased from 14.24% for the three months ended September 30, 2012 to 12.96% for the three months ended September 30, 2013. The decrease in our current yield is primarily the result of senior secured loan refinancing activity that took place in the leveraged loan market and within our CLO portfolios during the first half of calendar year 2013, and to a lesser extent, originations at lower rates than our average portfolio yield.

Investment income is also generated from dividends and other income. Dividend income decreased from \$36,208 for the three months ended September 30, 2012 to \$7,089 for the three months ended September 30, 2013. The decrease in dividend income is primarily attributed to a decrease in the level of dividends received from our investment in Energy Solutions. The sale of Gas Solutions by Energy Solutions resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, we received dividends from Energy Solutions of \$33,250 during the three months ended September 30, 2012. No such dividends were

received during the three months ended September 31, 2013 related to our investment in Energy Solutions. The decrease in dividend income was partially offset by a \$7,000 dividend received from our investment in Airmall during the three months ended September 30, 2013. No dividends were received from Airmall during the three months ended September 30, 2012.

S-39

Table of Contents

Other income has come primarily from structuring fees, overriding royalty interests, and settlement of net profits interests. Comparing the three months ended September 30, 2012 to the three months ended September 30, 2013, income from other sources increased from \$9,118 to \$15,524. This \$6,406 increase is primarily due to \$5,000 of legal cost reimbursement from a litigation settlement, which had been expensed in prior quarters and a \$1,325 increase in royalty interests from our controlled investments, particularly APH, Credit Central, First Tower, and Nationwide.

Operating Expenses

Our primary operating expenses consist of investment advisory fees (base management and income incentive fees), borrowing costs, legal and professional fees and other operating and overhead-related expenses. These expenses include our allocable portion of overhead under the Administration Agreement with Prospect Administration under which Prospect Administration provides administrative services and facilities for us. Our investment advisory fees compensate Prospect Capital Management (the "Investment Adviser") for its work in identifying, evaluating, negotiating, closing and monitoring our investments. We bear all other costs and expenses of our operations and transactions in accordance with our Administration Agreement with Prospect Administration. Operating expenses were \$78,697 and \$49,609 for the three months ended September 30, 2013 and September 30, 2012, respectively, holding consistent at approximately \$0.30 per weighted average share outstanding.

The base management fee was \$23,045 and \$13,228 for the three months ended September 30, 2013 and September 30, 2012, respectively. This increase is directly related to our growth in total assets. For the three months ended September 30, 2013 and September 30, 2012, we incurred \$20,584 and \$18,507, respectively, of income incentive fees. The \$2,077 increase in the income incentive fee for the respective three-month period is driven by an increase in pre-incentive fee net investment income from \$92,534 for the three months ended September 30, 2012 to \$102,921 for the three months ended September 30, 2013, primarily due to an increase in interest income from a larger asset base and partially offset by a decrease in dividend income from Energy Solutions. No capital gains incentive fee has yet been incurred pursuant to the Investment Advisory Agreement.

During the three months ended September 30, 2013 and September 30, 2012, we incurred \$27,407 and \$13,511, respectively, of expenses related to our 2012 Facility, Prospect Capital InterNotes®, Senior Unsecured Notes and Senior Convertible Notes. These expenses are related directly to the leveraging capacity put into place for each of those years and the levels of indebtedness actually undertaken in those years. The table below describes the various expenses of our 2012 Facility, Prospect Capital InterNotes®, Senior Unsecured Notes and Senior Convertible Notes and the related indicators of leveraging capacity and indebtedness during these periods.

	For The Three Months Ended September 30,		
	2013	2012	
Interest on borrowings	\$23,524	\$10,470	
Amortization of deferred financing costs	2,472	1,774	
Commitment and other fees	1,411	1,267	
Total	\$27,407	\$13,511	
Weighted-average debt outstanding	\$1,615,894	\$710,676	
Weighted-average interest rate	5.70	% 5.89	%
Weighted-average interest rate including amortization of deferred financing costs	6.29	% 6.89	%
2012 Facility amount at beginning of period	\$552,500	\$492,500	

The increase in interest expense for the three months ended September 30, 2013 is primarily due to the issuance of additional Prospect Capital InterNotes®, the 2023 Notes and the 2019 Notes, for which we incurred \$11,077 of collective interest expense. The weighted average interest rate on borrowings (excluding amortization and undrawn facility fees) decreased from 5.89% to 5.70% as of September 30, 2012 and September 30, 2013, respectively. This decrease is primarily due to issuances of our Prospect Capital InterNotes® at lower coupon rates. The weighted average interest rate on our Prospect Capital InterNotes® decreased from 6.25% to 5.69% as of September 30, 2012 and September 30, 2013, respectively.

The allocation of overhead expense from Prospect Administration was \$3,986 and \$2,184 for the three months ended September 30, 2013 and September 30, 2012, respectively. As our portfolio continues to grow, we expect Prospect Administration to continue to increase the size of its administrative and financial staff.

S-40

Table of Contents

Total operating expenses, net of investment advisory fees, interest costs, excise tax and allocation of overhead from Prospect Administration were \$2,675 and \$2,179 for the three months ended September 30, 2013, and September 30, 2012, respectively.

Net Investment Income

Net investment income represents the difference between investment income and operating expenses. Our net investment income was \$82,337 and \$74,027 for the three months ended September 30, 2013 and September 30, 2012, respectively, or \$0.32 per weighted average share and \$0.46 per weighted average share, respectively. The \$8,310 increase for the three months ended September 30, 2013 is primarily the result of a \$37,398 increase in investment income due to a larger income producing portfolio partially offset by a decrease in dividend income from our investment in Energy Solutions. The \$37,398 increase in investment income is offset by an increase in operating expenses of \$29,088, primarily due to an \$11,894 increase in advisory fees due to the growing size of our portfolio and related income and \$13,896 of additional interest and credit facility expenses. The \$0.14 per share decrease in net investment income for the three months ended September 30, 2013 is primarily due to a \$0.20 per weighted average share decrease in dividend income primarily due to a decline in the level of dividends received from our investment in Energy Solutions. This decrease is partially offset by a \$0.03 per weighted average share decrease in advisory fees and a \$0.04 per weighted average share increase in interest income, net of interest and credit facility expenses, as we have increased the leverage on our portfolio during the three months ended September 30, 2013 over those for the three months ended September 30, 2012.

Net Realized Gains, Increase in Net Assets from Net Changes in Unrealized Depreciation

Net realized gains were \$3,789 and \$1,775 for the three months ended September 30, 2013 and September 30, 2012, respectively. The net realized gain of \$3,789 for the three months ended September 30, 2013 was due primarily to a \$3,252 gain realized from the release of escrowed amount to us related to our investment in NRG Manufacturing, Inc. The net realized gain of \$1,775 for the three months ended September 30, 2012 was due primarily to the sale of our common stock in Iron Horse Coiled Tubing, Inc.

Net increase in net assets from changes in unrealized depreciation was \$6,226 and \$28,553 for the three months ended September 30, 2013 and September 30, 2012, respectively. The variability in results is primarily due to the valuation of equity positions in our portfolio susceptible to significant changes in value, both increases as well as decreases, due to operating results. For the three months ended September 30, 2013, the \$6,226 decrease was driven by significant write-downs of our equity investments in Airmall, Ajax, Boxercraft and Valley Electric. We also recognized a decline in value for our investment in Gulf Coast due to a decrease in the company's operating results. These instances of unrealized depreciation were partially offset by unrealized appreciation in First Tower and our CLO equity investments.

Financial Condition, Liquidity and Capital Resources

For the three months ended September 30, 2013 and September 30, 2012, our operating activities used \$245,448 and \$491,413 of cash, respectively. There were no investing activities for the three months ended September 30, 2013 and September 30, 2012. Financing activities provided \$195,873 and \$490,975 of cash during the three months ended September 30, 2013 and September 30, 2012, respectively, which included the payments of dividends of \$80,064 and \$43,932, during the three months ended September 30, 2013 and September 30, 2012, respectively.

Our primary uses of funds have been to continue to invest in portfolio companies, through both debt and equity investments, repay outstanding borrowings and to make cash distributions to holders of our common stock. Our primary sources of funds have been issuances of debt and equity. We have and may continue to fund a portion of our cash needs through borrowings from banks, issuances of senior securities or secondary offerings. We may also securitize a portion of our investments in mezzanine or senior secured loans or other assets. Our objective is to put in place such borrowings in order to enable us to expand our portfolio. During the three months ended September 30, 2013, we borrowed \$96,000 and made repayments totaling \$151,000 under our revolving credit facility. As of September 30, 2013, we had \$69,000 outstanding on our revolving credit facility, \$847,500 outstanding on our Senior Convertible Notes, Senior Unsecured Notes with a carrying value of \$347,762 and \$461,977 outstanding on our Prospect Capital InterNotes®. (See Capitalization.)

Edgar Filing: FIRSTENERGY CORP - Form DEF 14A

Undrawn committed revolvers incur commitment fees ranging from 0.50% to 2.00%. As of September 30, 2013 and June 30, 2013, we have \$206,684 and \$202,518 of undrawn revolver commitments to our portfolio companies, respectively.

On October 29, 2012, our Registration Statement on Form N-2 was declared effective by the SEC. Under this Shelf Registration Statement, we can issue up to an additional \$1,406,927 of debt and equity securities in the public market at September 30, 2013.

S-41

Table of Contents

On October 15, 2013, our Registration Statement on Form N-2 was declared effective by the SEC as detailed in Recent Developments. Under this Shelf Registration Statement, we can issue up to an additional \$5,000,000 of debt and equity securities.

We also continue to generate liquidity through public and private stock offerings. (See Recent Developments.)

On May 8, 2013, we entered into an ATM Program with BB&T Capital Markets, BMO Capital Markets, and KeyBanc Capital Markets through which we could sell, by means of at-the-market offerings from time to time, of up to 45,000,000 shares of our common stock. During the period from July 5, 2013 to August 21, 2013, we sold 9,818,907 shares of our common stock at an average price of \$10.97 per share, and raised \$107,725 of gross proceeds, under the ATM Program. Net proceeds were \$106,823 after commissions to BB&T Capital Markets, BMO Capital Markets, and KeyBanc Capital Markets on shares sold.

On August 22, 2013, we entered into an ATM Program with BMO Capital Markets, Goldman Sachs, KeyBanc Capital Markets, and RBC Capital Markets through which we could sell, by means of at-the-market offerings from time to time, of up to 45,000,000 shares of our common stock. During the period from August 29, 2013 to September 30, 2013, we sold 11,474,431 shares of our common stock at an average price of \$11.36 per share, and raised \$130,311 of gross proceeds, under the ATM Program. Net proceeds were \$129,008 after commissions to BMO Capital Markets, Goldman Sachs, KeyBanc Capital Markets, and RBC Capital Markets on shares sold. During the period from October 1, 2013 to November 4, 2013, we sold 12,652,811 shares of our common stock at an average price of \$11.21 per share, and raised \$141,804 of gross proceeds, under the ATM Program. Net proceeds were \$140,416 after commissions to BMO Capital Markets, Goldman Sachs, KeyBanc Capital Markets, and RBC Capital Markets on shares sold. (See Recent Developments.)

Off-Balance Sheet Arrangements

At September 30, 2013, we did not have any off-balance sheet liabilities or other contractual obligations that are reasonably likely to have a current or future material effect on our financial condition, other than those which originate from 1) the investment advisory and management agreement and the administration agreement and 2) the portfolio companies.

Recent Developments

During the period from October 1, 2013 to November 4, 2013, we issued \$56,771 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of \$55,739. In addition, we sold \$8,158 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of \$8,005 with expected closing on November 7, 2013. During the period from October 1, 2013 to November 4, 2013, we sold 12,652,811 shares of our common stock at an average price of \$11.21 per share, and raised \$141,804 of gross proceeds, under the ATM Program. Net proceeds were \$140,416 after commissions to the broker-dealer on shares sold and offering costs.

On October 1, 2013, we made a \$2,600 follow-on investment in Airmall, a leading developer and manager of airport retail operations.

On October 2, 2013, we announced an increase of \$20,000 to our commitments to our credit facility. The commitments to the credit facility now stand at \$587,500.

On October 7, 2013, Evanta Ventures, Inc. repaid the \$10,506 loan receivable to us.

On October 11, 2013, we made a \$5,846 follow-on senior debt and equity investment in CP Holdings of Delaware LLC, an energy services company based in western Oklahoma.

On October 11, 2013, we provided \$25,000 in preferred equity for the recapitalization of Ajax. After the financing, we received repayment of the \$20,009 loan previously outstanding.

On October 15, 2013, we made a secured debt investment of \$2,000 in Digital Insight, a leading provider of digital banking software to financial institutions in the U.S. which allows financial institutions to offer a comprehensive, user friendly platform of products and services through the online and mobile channels. On the same day, we fully exited the deal and realized a gain of \$20 on this investment.

On October 15, 2013, our Registration Statement on Form N-2 was declared effective by the SEC. Under this Shelf Registration Statement, we can issue up to an additional \$5,000,000 of debt and equity securities.

On October 16, 2013, we made a secured debt investment of \$7,000 in Renaissance Learning, Inc., a leading provider of technology based school improvement and student assessment programs. On November 4, 2013, we fully exited the

investment and realized a gain of \$140 on this investment.

S-42

Table of Contents

On October 17, 2013, \$19,730 of the Apidos CLO VIII, Ltd. subordinated notes were called.

On October 22, 2013, we made an investment of \$40,791 to purchase 85.05% of the subordinated notes in CIFIC Funding 2013-IV, Ltd.

On October 24, 2013, we issued 135,212 shares of our common stock in connection with the dividend reinvestment plan.

On October 29, 2013, we made a \$2,000 follow-on investment in APH.

On October 30, 2013, we made a secured debt investment of \$2,500 in Omnitrac, Inc., one of the world's largest providers of satellite and terrestrial-based connectivity and position location solutions to transportation and logistics companies. On the same day, we fully exited the deal and realized a gain of \$25 on this investment.

On October 30, 2013, we made a secured debt investment of \$6,000 in The Petroleum Place, Inc. ("P2"), a provider of enterprise resource planning software focused on the oil & gas industry. On November 4, 2013, we fully exited the investment and realized a gain of \$60 on the investment.

On October 31, 2013, we sold \$18,755 of the National Bankruptcy Services, LLC loan receivable. The loan receivable was sold at a discount, for which we realized a loss of \$7,854.

On November 1, 2013, P2 repaid the \$22,000 second lien term loan receivable to us.

On November 1, 2013, we made a \$9,869 follow-on investment in APH, to acquire Bexley Apartment Houses, a multi-family residential property located in Marietta, Georgia. We invested \$1,669 of equity and \$8,200 of debt in APH.

On November 4, 2013, we sold \$2,000 of our \$12,500 investment in Photonis Technologies SAS, recognizing a gain of \$50 on the sale.

On November 4, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110400 per share for April 2014 to holders of record on April 30, 2014 with a payment date of May 22, 2014;

\$0.110425 per share for May 2014 to holders of record on May 30, 2014 with a payment date of June 19, 2014; and

\$0.110450 per share for June 2014 to holders of record on June 30, 2014 with a payment date of July 24, 2014.

Critical Accounting Policies and Estimates

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles ("GAAP") for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Articles 6 or 10 of Regulation S-X. The financial results of our portfolio investments are not consolidated in the financial statements.

Reclassifications

Certain reclassifications have been made in the presentation of prior consolidated financial statements and accompany notes to conform to the presentation as of and for the three months ended September 30, 2013.

Use of Estimates

The preparation of GAAP consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of income, gains and losses, and expenses during the reported period. Changes in the economic environment, financial markets, creditworthiness of our portfolio companies and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

Basis of Consolidation

Under the 1940 Act, the regulations pursuant to Article 6 of Regulation S-X and Accounting Standards Codification ("ASC") 946, Financial Services—Investment Companies ("ASC 946"), we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services and benefits to us. Our consolidated financial statements include our accounts and the accounts of PCF, our only wholly-owned, closely-managed subsidiary that is also an investment company. All intercompany balances and transactions have been eliminated in consolidation.

Table of Contents

Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. We classify our investments by level of control. As defined in the 1940 Act, controlled investments are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Under the 1940 Act, Affiliated investments and affiliated companies are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person.

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Amounts for investments recognized or derecognized but not yet settled are reported as receivables for investments sold and payables for investments purchased, respectively, in the Consolidated Statements of Assets and Liabilities.

Investment Valuation

To value our investments, we follow the guidance of ASC 820 that defines fair value, establishes a framework for measuring fair value in conformity with GAAP and requires disclosures about fair value measurements. In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

- Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.
- Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.
- Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below:

- 1) Each portfolio company or investment is reviewed by our investment professionals with independent valuation firms engaged by our Board of Directors;
- 2) the independent valuation firms conduct independent valuations and make their own independent assessment;
- 3) the Audit Committee of our Board of Directors reviews and discusses the preliminary valuation of Prospect Capital Management LLC (the "Investment Adviser") and that of the independent valuation firms; and
- 4) the Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Investments are valued utilizing a shadow bond approach, a market approach, an income approach, a liquidation approach, or a combination of approaches, as appropriate. The shadow bond and market approaches use prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities (including a business). The income approach uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a

Table of Contents

single present value amount (discounted) calculated based on an appropriate discount rate. The measurement is based on the net present value indicated by current market expectations about those future amounts. In following these approaches, the types of factors that we may take into account in fair value pricing our investments include, as relevant: available current market data, including relevant and applicable market trading and transaction comparables, applicable market yields and multiples, security covenants, call protection provisions, information rights, the nature and realizable value of any collateral, the portfolio company's ability to make payments, its earnings and discounted cash flows, the markets in which the portfolio company does business, comparisons of financial ratios of peer companies that are public, M&A comparables, the principal market and enterprise values, among other factors.

Our investments in CLOs are classified as ASC 820 Level 3 securities, and are valued using a dynamic discounted cash flow model, where the projected future cash flow was estimated using Monte Carlo simulation techniques. The valuations have been accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view. For each CLO security, the most appropriate valuation approach has been chosen from alternative approaches to ensure the most accurate valuation for such security. To value a CLO, both the assets and the liabilities of the CLO capital structure are modeled. We use a waterfall engine to store the collateral data, generate numerous collateral cash flows from the assets based on various assumptions for the risk factors, and distribute the cash flow to the liability structure based on the payment priorities, and discount them back using proper discount rates to the various cash flows along each simulation path. The main risk factors are: default risk, interest rate risk, downgrade risk, and credit spread risk.

Valuation of Other Financial Assets and Financial Liabilities

ASC Subtopic 825-10-25, The Fair Value Option for Financial Assets and Financial Liabilities ("ASC 825-10-25"), permits an entity to elect fair value as the initial and subsequent measurement attribute for eligible assets and liabilities for which the assets and liabilities are measured using another measurement attribute. We have elected not to value some assets and liabilities at fair value as would be permitted by ASC 825-10-25.

Senior Convertible Notes

We have recorded the Senior Convertible Notes (see Note 5) at their contractual amounts. The Senior Convertible Notes were analyzed for any features that would require their accounting to be bifurcated and such features were determined to be immaterial.

Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method. Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Origination, closing and/or commitment fees associated with investments in portfolio companies are accreted into interest income over the respective terms of the applicable loans. Accretion of such purchase discounts or premiums is calculated by the effective interest method as of the purchase date and adjusted only for material amendments or prepayments. Upon the prepayment of a loan or debt security, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as interest income. The purchase discount for portfolio investments acquired from Patriot Capital Funding, Inc. ("Patriot") was determined based on the difference between par value and fair value as of December 2, 2009, and continues to accrete until maturity or repayment of the respective loans.

Interest income from investments in the "equity" class of security of CLO Funds (typically income notes or subordinated notes) is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40-35, Beneficial Interests in Securitized Financial Assets. We monitor the expected cash inflows from our CLO equity investments, including the expected residual payments, and the effective yield is determined and updated periodically.

Dividend income is recorded on the ex-dividend date.

Structuring fees and similar fees are recognized as income as earned, usually when paid. Structuring fees, excess deal deposits, net profits interests and overriding royalty interests are included in other income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will be collected. Unpaid accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment.

Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's judgment, are likely to remain current. As of September 30, 2013, approximately 0.5% of our net assets are in non-accrual status.

S-45

Table of Contents

Federal and State Income Taxes

We have elected to be treated as a regulated investment company and intend to continue to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual ordinary income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceed the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income as taxable income is earned using an annual effective excise tax rate. The annual effective excise tax rate is determined by dividing the estimated annual excise tax by the estimated annual taxable income.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Internal Revenue Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years reduced by an interest charge of 50% of such earnings and profits payable by us as an additional tax. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years.

We follow ASC 740, Income Taxes ("ASC 740"). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the consolidated financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. As of September 30, 2013 and for the three months then ended, we did not have a liability for any unrecognized tax benefits. Management's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management's estimate of our earnings for the quarter. Net realized capital gains, if any, are distributed at least annually.

Financing Costs

We record origination expenses related to our credit facility and Senior Convertible Notes, Senior Unsecured Notes and Prospect Capital InterNotes® (collectively, our "Senior Notes"), as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method for our revolving credit facility and

the effective interest method for our Senior Notes, over the respective expected life or maturity.

We record registration expenses related to shelf filings as prepaid assets. These expenses consist principally of Securities and Exchange Commission ("SEC") registration fees, legal fees and accounting fees incurred. These prepaid assets will be charged to capital upon the receipt of proceeds from an equity offering or charged to expense if no offering is completed.

Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees ("ASC 460"). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual consolidated financial statements about its obligations under certain guarantees that it has issued. It also

S-46

Table of Contents

requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

Per Share Information

Net increase or decrease in net assets resulting from operations per common share is calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, convertible securities are not considered in the calculation of net assets per share.

Recent Accounting Pronouncements

In June 2013, the FASB issued Accounting Standards Update 2013-08, Financial Services—Investment Companies (Topic 946)—Amendments to the Scope, Measurement, and Disclosure Requirements ("ASU 2013-08"). The update clarifies the approach to be used for determining whether an entity is an investment company and provides new measurement and disclosure requirements. ASU 2013-08 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2013. Earlier application is prohibited. The adoption of ASU 2013-08 is not expected to materially affect our consolidated financial statements and disclosures.

Table of Contents

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are subject to financial market risks, including changes in interest rates and equity price risk. Some of the loans in our portfolio have floating interest rates.

We may hedge against interest rate fluctuations by using standard hedging instruments such as futures, options and forward contracts subject to the requirements of the 1940 Act. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of higher interest rates with respect to our portfolio of investments. During the three months ended September 30, 2013, we did not engage in hedging activities.

REGISTRATION AND SETTLEMENT

The Depository Trust Company

All of the notes we offer will be issued in book-entry only form. This means that we will not issue certificates for notes, except in the limited case described below. Instead, we will issue global notes in registered form. Each global note will be held through DTC and will be registered in the name of Cede & Co., as nominee of DTC. Accordingly, Cede & Co. will be the holder of record of the notes. Each note represented by a global note evidences a beneficial interest in that global note.

Beneficial interests in a global note will be shown on, and transfers are effected through, records maintained by DTC or its participants. In order to own a beneficial interest in a note, you must be an institution that has an account with DTC or have a direct or indirect account with such an institution. Transfers of ownership interests in the notes will be accomplished by making entries in DTC participants' books acting on behalf of beneficial owners.

So long as DTC or its nominee is the registered holder of a global note, DTC or its nominee, as the case may be, will be the sole holder and owner of the notes represented thereby for all purposes, including payment of principal and interest, under the indenture. Except as otherwise provided below, you will not be entitled to receive physical delivery of certificated notes and will not be considered the holder of the notes for any purpose under the indenture.

Accordingly, you must rely on the procedures of DTC and the procedures of the DTC participant through which you own your note in order to exercise any rights of a holder of a note under the indenture. The laws of some jurisdictions require that certain purchasers of notes take physical delivery of such notes in certificated form. Those limits and laws may impair the ability to transfer beneficial interests in the notes.

Each global note representing notes will be exchangeable for certificated notes of like tenor and terms and of differing authorized denominations in a like aggregate principal amount, only if (1) DTC notifies us that it is unwilling or unable to continue as depository for the global notes or we become aware that DTC has ceased to be a clearing agency registered under the Exchange Act and, in any such case we fail to appoint a successor to DTC within 60 calendar days, (2) we, in our sole discretion, determine that the global notes shall be exchangeable for certificated notes or (3) an event of default has occurred and is continuing with respect to the notes under the indenture. Upon any such exchange, the certificated notes shall be registered in the names of the beneficial owners of the global note representing the notes.

The following is based on information furnished by DTC:

DTC will act as securities depository for the notes. The notes will be issued as fully-registered notes registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. Generally, one fully registered global note will be issued for all of the principal amount of the notes.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments from over 85 countries that DTC's direct participants deposit with DTC.

DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants' accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non U.S. securities brokers and dealers,

banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of direct participants of DTC and members of the National Securities Clearing Corporation, Government Securities Clearing Corporation,

MBS Clearing Corporation, and Emerging Markets Clearing Corporation, as well as by The New York Stock Exchange, Inc., the American Stock Exchange LLC, and the Financial Industry Regulatory Authority, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a direct participant,

either directly or indirectly. The DTC rules applicable to its participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of the notes under the DTC system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The beneficial interest of each actual purchaser of each note is in turn to be recorded on the

S-49

Table of Contents

direct and indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which the beneficial owner entered into the transaction. Transfers of beneficial interests in the notes are to be accomplished by entries made on the books of direct and indirect participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their beneficial interests in notes, except in the event that use of the book-entry system for the notes is discontinued.

To facilitate subsequent transfers, all notes deposited by direct participants with DTC will be registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of the notes with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes; DTC's records reflect only the identity of the direct participants to whose accounts such notes will be credited, which may or may not be the beneficial owners. The direct and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of the notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the notes, such as redemption, tenders, defaults, and proposed amendments to the security documents. For example, beneficial owners of the notes may wish to ascertain that the nominee holding the notes for their benefit has agreed to obtain and transmit notices to beneficial owners. In the alternative, beneficial owners may wish to provide their names and addresses to the registrar of the notes and request that copies of the notices be provided to them directly. Any such request may or may not be successful.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to us as soon as possible after the regular record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

We will pay principal and or interest payments on the notes in same-day funds directly to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts on the applicable payment date in accordance with their respective holdings shown on DTC's records upon DTC's receipt of funds and corresponding

detail information. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of these participants and not of DTC or any other party, subject to any statutory or regulatory requirements that may be in effect from time to time. Payment of principal and interest to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, is our responsibility, disbursement of such payments to direct participants is the responsibility of DTC, and disbursement of such payments to the beneficial owners is the responsibility of the direct or indirect participant.

We will send any redemption notices to DTC. If less than all of the notes are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in such issue to be redeemed.

A beneficial owner, or its authorized representative, shall give notice to elect to have its notes repaid by us, through its direct or indirect participant, to the trustee, and shall effect delivery of such notes by causing the direct participant to transfer that participant's interest in the global note representing such notes, on DTC's records, to the trustee. The requirement for physical delivery of notes in connection with a demand for repayment will be deemed satisfied when the ownership rights in the global note representing such notes are transferred by the direct participants on DTC's records.

DTC may discontinue providing its services as securities depository for the notes at any time by giving us reasonable notice. Under such circumstances, if a successor securities depository is not obtained, we will print and deliver

certificated notes. We may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, we will print and deliver certificated notes. The information in this section concerning DTC and DTC's system has been obtained from sources that we believe to be reliable, but neither we, the Purchasing Agent nor any agent takes any responsibility for its accuracy.

S-50

Table of Contents

Registration, Transfer and Payment of Certificated Notes

If we ever issue notes in certificated form, those notes may be presented for registration, transfer and payment at the office of the registrar or at the office of any transfer agent designated and maintained by us. We have originally designated American Stock Transfer & Trust Company, LLC to act in those capacities for the notes. The registrar or transfer agent will make the transfer or registration only if it is satisfied with the documents of title and identity of the person making the request. There will not be a service charge for any exchange or registration of transfer of the notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with the exchange. At any time, we may change transfer agents or approve a change in the location through which any transfer agent acts. We also may designate additional transfer agents for any notes at any time.

We will not be required to: (1) issue, exchange or register the transfer of any note to be redeemed for a period of 15 days after the selection of the notes to be redeemed; (2) exchange or register the transfer of any note that was selected, called or is being called for redemption, except the unredeemed portion of any note being redeemed in part; or (3) exchange or register the transfer of any note as to which an election for repayment by the holder has been made, except the unrepaid portion of any note being repaid in part.

We will pay principal of and interest on any certificated notes at the offices of the paying agents we may designate from time to time. Generally, we will pay interest on a note by check on any interest payment date other than at stated maturity or upon earlier redemption or repayment to the person in whose name the note is registered at the close of business on the regular record date for that payment. We will pay principal and interest at stated maturity or upon earlier redemption or repayment in same-day funds against presentation and surrender of the applicable notes.

Table of Contents

SUPPLEMENT TO MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following summary of U.S. federal income tax considerations supplements the discussion set forth under the heading "Material U.S. Federal Income Tax Considerations" in the accompanying prospectus and is subject to the qualifications and assumptions set forth therein.

The following is a general summary of the material U.S. federal income tax considerations relating to the purchase, ownership and disposition of the notes. This discussion is based upon the Code, Treasury Regulations and judicial decisions and administrative interpretations thereof, all as of the date hereof and all of which are subject to change or differing interpretations, possibly with retroactive effect. No ruling from the Internal Revenue Service ("IRS") has been or will be sought regarding any matter discussed herein. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax aspects set forth below.

This discussion applies only to a holder of notes that acquires the notes pursuant to this offering at their "issue price" within the meaning of the applicable provisions of the Code and who holds the notes as a capital asset (generally, property held for investment) under the Code. This discussion does not address any U.S. federal estate or gift tax consequences or any state, local or non-U.S. tax consequences. In addition, this discussion does not address all aspects of U.S. federal income taxation that may be applicable to investors in light of their particular circumstances, or to investors subject to special treatment under U.S. federal income tax law, including, but not limited to:

- banks, insurance companies or other financial institutions;
- pension plans or trusts;
- U.S. noteholders (as defined below) whose functional currency is not the U.S. dollar;
- real estate investment trusts;
- regulated investment companies;
- persons subject to the alternative minimum tax;
- cooperatives;
- tax-exempt organizations;
- dealers in securities;
- expatriates;
- foreign persons or entities (except to the extent set forth below);
- persons deemed to sell the notes under the constructive sale provisions of the Code; or
- persons that hold the notes as part of a straddle, hedge, conversion transaction or other integrated investment.

If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) owns notes, the tax treatment of a partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that owns the notes should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

We encourage investors to consult their tax advisors regarding the specific consequences of an investment in our notes, including tax reporting requirements, the applicability of U.S. federal, state or local and foreign tax laws, eligibility for the benefits of any applicable tax treaty and the effect of any possible changes in the tax laws.

Consequences to U.S. Noteholders

The following is a general summary of the material U.S. federal income tax consequences that will apply to you if you are a U.S. noteholder. Material U.S. federal income tax consequences to non-U.S. noteholders are described under "Consequences to Non-U.S. Noteholders" below. For purposes of this summary, the term "U.S. noteholder" means a beneficial owner of a note that is, for U.S. federal income tax purposes (i) an individual who is a citizen or resident of the U.S., (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, that is created or organized under the laws of the U.S., any of the States or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) a trust (A) if a court within the U.S. is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all substantial decisions of such trust, or (B) that has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes.

Stated interest and OID on the notes

Except as discussed below, a U.S. noteholder generally will be required to recognize stated interest as ordinary income at the time it is paid or accrued on the notes in accordance with its regular method of accounting for U.S. federal income tax purposes. In addition, if the notes' "issue price" (the first price at which a substantial amount of the notes is sold to investors) is less than their "stated redemption price at maturity" (the sum of all payments to be made on the notes other than "qualified

Table of Contents

stated interest") by more than a statutorily defined de minimis threshold, the notes will be issued with original issue discount ("OID") for U.S. federal income tax purposes. The term "qualified stated interest" generally means stated interest that is unconditionally payable at least annually at a single fixed rate or, if certain requirements are met (as described below), certain variable rates.

If the notes are issued with OID, a U.S. noteholder generally will be required to include the OID in gross income as ordinary interest income in advance of the receipt of cash attributable to that income and regardless of such holder's regular method of tax accounting. Such OID will be included in gross income for each day during each taxable year in which the note is held using a constant yield-to-maturity method that reflects the compounding of interest. This means that the holder will have to include in income increasingly greater amounts of OID over time. Notice will be given in the applicable pricing supplement if we determine that a particular note will be issued with OID. We are required to provide information returns stating the amount of OID accrued on the notes held by persons of record other than certain exempt holders.

If the notes are "step-up notes" (i.e., notes with a fixed interest rate that increases at pre-determined intervals), the tax treatment described in the first sentence under "—Consequences to U.S. Noteholders—Stated interest and OID on the notes" assumes that we will have the right to call the notes at par (plus accrued but unpaid interest) on each date that the interest rate increases. If this is not the case, interest that exceeds the lowest rate payable under the step-up note may not be treated as qualified stated interest and, depending on the amount of such excess, may thus cause the step-up note to be treated as issued with OID, in which case the notes generally would be subject to the OID rules discussed above. Prospective investors are urged to consult their own tax advisors regarding the treatment of step-up notes or similar notes.

If you own a note issued with de minimis OID (i.e., discount that is not OID), you generally must include the de minimis OID in income at the time principal payments on the notes are made in proportion to the amount paid. Any amount of de minimis OID that you have included in income will be treated as capital gain.

Short-term notes

Notes that have a fixed maturity of one year or less ("short-term notes") will be subject to the following special rules. All of the interest on a short-term note is treated as part of the short-term note's stated redemption price at maturity, thereby giving rise to OID. Thus, all short-term notes will be OID debt securities. OID will be treated as accruing on a short-term debt instrument ratably or, at the election of a U.S. noteholder, under a constant yield method.

A U.S. noteholder that uses the cash method of tax accounting (with certain exceptions) will generally not be required to include OID in respect of the short-term note in income on a current basis, though they may be required to include stated interest in income as the income is received. Such a U.S. noteholder may not be allowed to deduct all of the interest paid or accrued on any indebtedness incurred or maintained to purchase or carry such a short-term note until the maturity of the note or its earlier disposition in a taxable transaction. In addition, such a U.S. noteholder will be required to treat any gain realized on a disposition of the note as ordinary income to the extent of the holder's accrued OID on the note, and short-term capital gain to the extent the gain exceeds accrued OID. A U.S. noteholder that uses the cash method of tax accounting may, however, elect to include OID on a short-term note in income on a current basis. In such case, the limitation on the deductibility of interest described above will not apply. A U.S. noteholder that uses the accrual method of tax accounting and certain cash method holders generally will be required to include OID on a short-term note in income on a current basis.

Floating Rate Notes

In the case of a note that is a floating rate note (including a note based on LIBOR), special rules apply. In general, if a note qualifies for treatment as a "variable rate debt instrument" under Treasury Regulations and provides for stated interest that is unconditionally payable at least annually at a variable rate that, subject to certain exceptions, is a single "qualified floating rate" or "objective rate," each as defined below, all stated interest on the note is treated as qualified stated interest. In that case, both the note's "yield to maturity" and "qualified stated interest" will be determined, for purposes of calculating the accrual of OID, if any, as though the note will bear interest in all periods throughout its term at a fixed rate generally equal to the rate that would be applicable to interest payments on the note on its issue date or, in the case of an objective rate (other than a "qualified inverse floating rate"), the rate that reflects the yield to maturity that is reasonably expected for the note. A U.S. noteholder of a variable rate debt instrument would then

recognize OID, if any, that is calculated based on the note's assumed yield to maturity. If the interest actually accrued or paid during an accrual period exceeds or is less than the assumed fixed interest, the qualified stated interest allocable to that period is increased or decreased under rules set forth in Treasury Regulations. Special rules apply for determining the amount of OID for other variable rate debt instruments, such as instruments with more than one qualified floating rate or instruments with a single fixed rate and one or more qualified floating rates. U.S. noteholders should consult their own tax advisors with respect to the specific U.S. federal income tax considerations regarding any investment in a note that qualifies a "variable rate debt instrument."

S-53

Table of Contents

A note will generally qualify as a variable rate debt instrument if (a) the note's issue price does not exceed the total noncontingent principal payments by more than the lesser of: (i) .015 multiplied by the product of the total noncontingent principal payments and the number of complete years to maturity from the issue date, or (ii) 15% of the total noncontingent principal payments; (b) the note provides for stated interest, compounded or paid at least annually, only at one or more qualified floating rates, a single fixed rate and one or more qualified floating rates, a single objective rate, or a single fixed rate and a single objective rate that is a qualified inverse floating rate; and (c) the value of the rate on any date during the term of the note is set no earlier than three months prior to the first day on which that value is in effect or no later than one year following that first day.

Generally, a rate is a qualified floating rate if variations in the rate can reasonably be expected to measure contemporaneous fluctuations in the cost of newly borrowed funds in the currency in which the debt instrument is denominated. A rate that equals LIBOR or LIBOR plus or minus a fixed spread is, in general, a qualified floating rate.

However, a rate (including a rate based on LIBOR) will generally not be a qualified floating rate if, among other circumstances:

the rate is subject to one or more minimum or maximum rate floors or ceilings or one or more governors limiting the amount of increase or decrease in each case which are not fixed throughout the term of the note and which are reasonably expected as of the issue date to cause the rate in some accrual periods to be significantly higher or lower than the overall expected return on the note determined without the floor, ceiling, or governor; or the rate is a multiple of a qualified floating rate unless the multiple is a fixed multiple that is greater than 0.65 but not more than 1.35 (provided, however, that if a multiple of a qualified floating rate is not within such limits and thus is not itself a qualified floating rate, it may nevertheless qualify as an "objective rate").

If a note provides for two or more qualified floating rates that are within 0.25 percentage points of each other on the issue date or can reasonably be expected to have approximately the same values throughout the term of the note, the qualified floating rates together constitute a single qualified floating rate.

Generally, an objective rate is a rate that is determined using a single fixed formula that is based on objective financial or economic information such as one or more qualified floating rates. An objective rate is a qualified inverse floating rate if that rate is equal to a fixed rate minus a qualified floating rate and variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. A variable rate will generally not qualify as an objective rate if, among other circumstances, it is reasonably expected that the average value of the variable rate during the first half of the term of the note will be either significantly less than or significantly greater than the average value of the rate during the final half of the term of the note.

If a floating rate note does not qualify as a "variable rate debt instrument," the note generally will be subject to taxation under special rules applicable to contingent payment debt instruments. U.S. noteholders should consult their own tax advisors with respect to the specific U.S. federal income tax considerations regarding such notes.

Sale, exchange, redemption or other taxable disposition of the notes

Subject to the special rules for short-term notes discussed above, upon the sale, exchange, redemption or other taxable disposition of a note, a U.S. noteholder generally will recognize capital gain or loss in an amount equal to the difference between (1) the sum of cash plus the fair market value of all other property received on such disposition (except to the extent such cash or property is attributable to accrued but unpaid interest, which, to the extent not previously included in income, generally will be taxable as ordinary income) and (2) its adjusted tax basis in the note.

A U.S. noteholder's adjusted tax basis in a note generally will equal the price the U.S. noteholder paid for the note increased by OID (including with respect to a short-term note), if any, previously included in income with respect to that note, and reduced by any cash payments on the note other than qualified stated interest. Such capital gain or loss will be long-term capital gain or loss if, at the time of such taxable disposition, the U.S. noteholder has held the note for more than one year. The deductibility of capital losses is subject to limitations.

Medicare Tax

Certain U.S. noteholders who are individuals, estates or trusts and whose income exceeds certain thresholds will be required to pay a 3.8% Medicare tax on all or a portion of their "net investment income," which includes interest on the notes and capital gains from the sale or other disposition of the notes.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to certain payments of principal and interest (including OID) and to the proceeds of sale of a note paid to a U.S. noteholder (unless such noteholder is an exempt recipient). A backup

S-54

Table of Contents

withholding tax may apply to such payments if a U.S. noteholder fails to provide a taxpayer identification number or certification of exempt status, or if it is otherwise subject to backup withholding.

Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against a U.S. noteholder's United States federal income tax liability provided the required information is timely furnished to the IRS.

Consequences to Non-U.S. Noteholders

The following is a general summary of the material U.S. federal income tax consequences that will apply to you if you are a non-U.S. noteholder. A beneficial owner of a note that is not a partnership for U.S. federal income tax purposes (including any entity or arrangement otherwise treated as a partnership for U.S. federal income tax purposes) or a U.S. noteholder is referred to herein as a "non-U.S. noteholder."

Stated interest and OID on the notes

Stated interest and OID, if any, paid or accrued to a non-U.S. noteholder will generally not be subject to U.S. federal income or withholding tax if the interest or OID is not effectively connected with its conduct of a trade or business within the United States and is not considered contingent interest within the meaning of Section 871(h)(4)(A) of the Code (generally relating to interest payments that are determined by reference to the income, profits, receipts, cash flow, changes in the value of non-publicly-traded property or other attributes of, or distributions or similar payments paid by, the debtor or a related party), and the non-U.S. noteholder:

• does not own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote;

• is not a "controlled foreign corporation" with respect to which we are, directly or indirectly, a "related person";

• is not a bank whose receipt of interest on the notes is described in section 881(c)(3)(A) of the Code; and

• provides its name and address, and certifies, under penalties of perjury, that it is not a U.S. person (on a properly executed IRS Form W-8BEN (or other applicable form)), or holds its notes through certain foreign intermediaries and satisfies the certification requirements of applicable Treasury Regulations.

If a non-U.S. noteholder does not qualify for an exemption under these rules, interest income and OID, if any, from the notes may be subject to withholding tax at the rate of 30% (or lower applicable treaty rate). Stated interest and OID, if any, effectively connected with a non-U.S. noteholder's conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, which is attributable to a United States permanent establishment), however, would not be subject to a 30% withholding tax so long as the non-U.S. noteholder provides us or our paying agent an adequate certification (currently on IRS Form W-8ECI); such payments of interest generally would be subject to U.S. federal income tax on a net basis at the rates applicable to U.S. persons generally. In addition, if a non-U.S. noteholder is a foreign corporation and the stated interest and OID, if any, is effectively connected with its conduct of a U.S. trade or business, it may also be subject to a 30% (or lower applicable treaty rate) branch profits tax on its effectively connected earnings and profits for the taxable year, subject to adjustments. To claim the benefit of a tax treaty, a non-U.S. noteholder must provide a properly executed IRS Form W-8BEN (or other applicable form) to us or our paying agent before the payment of stated interest or OID, and may be required to obtain a U.S. taxpayer identification number and provide documentary evidence issued by foreign governmental authorities to prove residence in the foreign country.

Sale, exchange, redemption or other taxable disposition of the notes

Any gain recognized by a non-U.S. noteholder on the sale, exchange, redemption or other taxable disposition of the notes (except with respect to accrued and unpaid interest, which would be taxed as described under "Consequences to Non-U.S. Noteholders—Stated interest and OID on the notes" above) generally will not be subject to U.S. federal income tax unless:

• the gain is effectively connected with its conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment); or

• the non-U.S. noteholder is a nonresident alien individual present in the U.S. for 183 or more days in the taxable year within which the sale, exchange, redemption or other disposition takes place and certain other requirements are met.

If a non-U.S. noteholder is a holder described in the first bullet point above, the net gain derived from the sale, exchange, redemption or other taxable disposition of its notes generally will be subject to U.S. federal income tax on a

net basis at the rates applicable to U.S. persons generally. In addition, if such non-U.S. noteholder is a foreign corporation, it may also be subject to a 30% (or lower applicable treaty rate) branch profits tax on its effectively connected earnings and profits for the taxable year, subject to adjustments. If a non-U.S. noteholder is a holder described in the second bullet point above, it will be subject to a flat 30% U.S. federal income tax on the gain derived from the sale, exchange, redemption or other taxable

S-55

Table of Contents

disposition of its notes, which may be offset by U.S. source capital losses, even though it is not considered a resident of the United States.

Information Reporting and Backup Withholding

Generally, we must report to the IRS and to a non-U.S. noteholder the amount of interest (including OID) on the notes paid to a non-U.S. noteholder and the amount of tax, if any, withheld with respect to those payments if the notes are in registered form. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which a non-U.S. noteholder resides under the provisions of an applicable income tax treaty.

In general, a non-U.S. noteholder will not be subject to backup withholding with respect to payments on the notes that we make to such noteholder provided that we do not have actual knowledge or reason to know that such noteholder is a U.S. person as defined under the Code, and we have received from you the statement described above under the fourth bullet point under "Consequences to Non-U.S. Noteholders—Stated interest and OID on the notes".

In addition, no information reporting requirements or backup withholding will be required regarding the proceeds of the sale of a note made within the United States or conducted through certain United States-related financial intermediaries, if the payor receives the statement described above and does not have actual knowledge or reason to know that the non-U.S. noteholder is a U.S. person as defined under the Code, or the non-U.S. noteholder otherwise establishes an exemption.

Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against a non-U.S. noteholder's United States federal income tax liability provided the required information is timely furnished to the IRS.

Other withholding rules

After June 30, 2014, withholding at a rate of 30% will be required on interest in respect of, and after December 31, 2016, withholding at a rate of 30% will be required on gross proceeds from the sale of, notes held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Secretary of the Treasury to report, on an annual basis, information with respect to shares in, and accounts maintained by, the institution to the extent such shares or accounts are held by certain United States persons or by certain non-U.S. entities that are wholly or partially owned by United States persons and to withhold on certain payments. Accordingly, the entity through which notes are held will affect the determination of whether such withholding is required. An intergovernmental agreement between the United States and an applicable foreign country, or future guidance, may modify these requirements. Similarly, interest in respect of, and gross proceeds from the sale of, notes held by an investor that is a non-financial non-U.S. entity will be subject to withholding at a rate of 30%, unless such entity either (i) certifies to us that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners," which we will in turn provide to the Secretary of the Treasury. Current law provides that obligations that are outstanding on July 1, 2014 are exempt from the withholding and reporting requirements under a grandfathering provision. Non-U.S. noteholders are encouraged to consult with their tax advisors regarding the possible implications of these requirements on their investment in notes.

Non-U.S. noteholders should consult any applicable income tax treaties that may provide for different rules. In addition, non-U.S. noteholders are urged to consult their tax advisors regarding the tax consequences of the purchase, ownership and disposition of the notes.

Table of Contents

CERTAIN CONSIDERATIONS APPLICABLE TO ERISA, GOVERNMENTAL AND
OTHER PLAN INVESTORS

A fiduciary of a pension plan or other employee benefit plan (including a governmental plan, an individual retirement account or a Keogh plan) proposing to invest in the notes should consider this section carefully.

A fiduciary of an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (commonly referred to as "ERISA"), should consider fiduciary standards under ERISA in the context of the particular circumstances of such plan before authorizing an investment in the notes. Such fiduciary should consider whether the investment is in accordance with the documents and instruments governing the plan.

In addition, ERISA and the Code prohibit certain transactions (referred to as "prohibited transactions") involving the assets of a plan subject to ERISA or the assets of an individual retirement account or plan subject to Section 4975 of the Code (referred to as an "ERISA plan"), on the one hand, and persons who have certain specified relationships to the plan ("parties in interest" within the meaning of ERISA or "disqualified persons" within the meaning of the Code), on the other. If we (or an affiliate) are considered a party in interest or disqualified person with respect to an ERISA plan, then the investment in notes by the ERISA plan may give rise to a prohibited transaction. The purchase and holding of notes by an ERISA plan may be subject to one or more statutory or administrative exemptions from the prohibited transaction rules under ERISA and the Code. Even if the conditions for relief under such exemptions were satisfied, however, there can be no assurance that such exemptions would apply to all of the prohibited transactions that may be deemed to arise in connection with a plan's investment in the notes.

By purchasing and holding the notes, the person making the decision to invest on behalf of an ERISA plan is representing that the purchase and holding of the notes will not result in a prohibited transaction under ERISA or the Code. Therefore, an ERISA plan should not invest in the notes unless the plan fiduciary or other person acquiring securities on behalf of the ERISA plan determines that neither we nor an affiliate is a party in interest or a disqualified person or, alternatively, that an exemption from the prohibited transaction rules is available. If an ERISA plan engages in a prohibited transaction, the transaction may require "correction" and may cause the ERISA plan fiduciary to incur certain liabilities and the parties in interest or disqualified persons to be subject to excise taxes.

Employee benefit plans that are governmental plans and non-U.S. plans are not subject to ERISA requirements. However, non-U.S., federal, state or local laws or regulations governing the investment and management of the assets of governmental or non-U.S. plans may contain fiduciary and prohibited transaction requirements similar to those under ERISA and Section 4975 of the Code discussed above. By purchasing and holding the notes, the person making the decision to invest on behalf of such plans is representing that the purchase and holding of the notes will not violate any law applicable to such governmental or non-U.S. plan that is similar to the prohibited transaction provisions of ERISA or the Code.

If you are the fiduciary of an employee benefit plan or ERISA plan and you propose to invest in the notes with the assets of such employee benefit plan or ERISA plan, you should consult your own legal counsel for further guidance.

The sale of notes to an employee benefit plan is in no respect a representation by us, the Purchasing Agent or any other person that such an investment meets all relevant legal requirements with respect to investments by employee benefit plans generally or any particular plan or that such an investment is appropriate for employee benefit plans generally or any particular plan.

Table of Contents

USE OF PROCEEDS

Unless otherwise indicated in a pricing supplement for the notes, we expect to use the net proceeds from the sale of the notes initially to maintain balance sheet liquidity, involving repayment of debt under our credit facility, if any, investments in high quality short-term debt instruments or a combination thereof, and thereafter to make long-term investments in accordance with our investment objective. We anticipate that substantially all of the net proceeds from each offering will be used for the above purposes within six months, depending on the availability of appropriate investment opportunities consistent with our investment objective and market conditions.

As of November 4, 2013, we had no borrowings under our credit facility and, based on the assets currently pledged as collateral on the facility, approximately \$532.0 million was available to us for borrowing under our credit facility.

Interest on borrowings under the credit facility is one-month LIBOR plus 275 basis points, with no minimum Libor floor. Additionally, the lenders charge a fee on the unused portion of the credit facility equal to either 50 basis points if at least half of the credit facility is used or 100 basis points otherwise.

Table of Contents

SENIOR SECURITIES

Information about our senior securities is shown in the following table as of each fiscal year ended June 30 since the Company commenced operations and as of September 30, 2013.

Credit Facility	Total Amount Outstanding(1)	Asset Coverage per Unit(2)	Involuntary Liquidating Preference per Unit(3)	Average Market Value per Unit(4)
2015 Notes				
Fiscal 2014 (as of September 30, 2013, unaudited)	\$69,000	\$67,188	—	—

(1) Total amount of each class of senior securities outstanding at the end of the period presented (in 000's).

(2) The asset coverage ratio for a class of senior securities representing indebtedness is calculated as our consolidated total assets, less all liabilities and indebtedness not represented by senior securities, divided by senior securities representing indebtedness. This asset coverage ratio is multiplied by \$1,000 to determine the Asset Coverage Per Unit.

(3) This column is inapplicable.

(4) This column is inapplicable.

(5) On February 16, 2012, we entered into the Selling Agent Agreement and began offering notes (the "Prospect Capital InterNotes® Program"). On March 4, 2013, we entered into a Second Amended and Restated Selling Agent Agreement which continued the Prospect Capital InterNotes® Program on substantially similar terms and provides for our issuance of floating rate notes in addition to fixed rate notes. On October 15, 2013, we entered into a Third Amended and Restated Selling Agent Agreement on substantially similar terms to provide for such issuances under our current shelf registration statement. Through November 4, 2013, we have sold \$518.8 million aggregate principal amount of notes. Amounts sold under the Prospect Capital InterNotes® Program after September 30, 2013 are not reflected in the table above.

Table of Contents

RATIO OF EARNINGS TO FIXED CHARGES

For the three months ended September 30, 2013 and the years ended June 30, 2013, 2012, 2011, 2010 and 2009, the ratios of earnings to fixed charges of the Company, computed as set forth below, were as follows:

	For the Three Months Ended September 30, 2013	For the Year Ended June 30, 2013	For the Year Ended June 30, 2012	For the Year Ended June 30, 2011	For the Year Ended June 30, 2010	For the Year Ended June 30, 2009
Earnings to Fixed Charges(1)	3.95	3.89	5.95	7.72	3.34	6.78

For purposes of computing the ratios of earnings to fixed charges, earnings represent net increase in net assets resulting from operations plus (or minus) income tax expense including excise tax expense plus fixed charges. Fixed charges include interest and credit facility fees expense and amortization of debt issuance costs.

Earnings include the net change in unrealized appreciation or depreciation. Net change in unrealized appreciation or depreciation can vary substantially from year to year. Excluding the net change in unrealized appreciation or (1) depreciation, the earnings to fixed charges ratio would be 4.18 for the three months ended September 30, 2013, 4.91 for the year ended June 30, 2013, 6.79 for the year ended June 30, 2012, 7.29 for the year ended June 30, 2011, 2.87 for the year ended June 30, 2010 and 4.35 for the year ended June 30, 2009.

Table of Contents

PLAN OF DISTRIBUTION

Under the terms of the Third Amended and Restated Selling Agent Agreement dated October 15, 2013, which we refer to as the "Selling Agent Agreement," the notes will be offered from time to time by us to the Purchasing Agent for subsequent resale to agents, including Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith

Incorporated and other dealers who are broker-dealers and securities firms. The agents, including the Purchasing Agent, and the additional agents named from time to time pursuant to the Selling Agent Agreement, are, or will be, parties to the Selling Agent Agreement. The notes will be offered for sale in the United States only. Dealers who are members of the selling group have executed a Master Selected Dealer Agreement with the Purchasing Agent. We also may appoint additional agents to sell the notes. Any sale of the notes through those additional agents, however, will be on the same terms and conditions to which the original agents have agreed. The Purchasing Agent will purchase the notes at a discount ranging from 0.4% to 3.8% of the non-discounted price for each note sold. However, we also may sell the notes to the Purchasing Agent at a discount greater than or less than the range specified above. The discount at which we sell the notes to the Purchasing Agent will be set forth in the applicable pricing supplement. The Purchasing Agent also may sell notes to dealers at a concession not in excess of the discount it received from us. In certain cases, the Purchasing Agent and the other agents and dealers may agree that the Purchasing Agent will retain the entire discount. We will disclose any particular arrangements in the applicable pricing supplement.

Following the solicitation of orders, each of the agents, severally and not jointly, may purchase notes as principal for its own account from the Purchasing Agent. Unless otherwise set forth in the applicable pricing supplement, these notes will be purchased by the agents and resold by them to one or more investors at a fixed public offering price. After the initial public offering of notes, the public offering price (in the case of notes to be resold at a fixed public offering price), discount and concession may be changed.

We have the sole right to accept offers to purchase notes and may reject any proposed offer to purchase notes in whole or in part. Each agent also has the right, in its discretion reasonably exercised, to reject any proposed offer to purchase notes in whole or in part. We reserve the right to withdraw, cancel or modify any offer without notice. We also may change the terms, including the interest rate we will pay on the notes, at any time prior to our acceptance of an offer to purchase.

Each agent, including the Purchasing Agent, may be deemed to be an "underwriter" within the meaning of the Securities Act. We have agreed to indemnify the agents against certain liabilities, including liabilities under the Securities Act, or to contribute to any payments they may be required to make in respect of such liabilities. We also have agreed to reimburse the agents for certain expenses.

No note will have an established trading market when issued. We do not intend to apply for the listing of the notes on any securities exchange. However, we have been advised by the agents that they may purchase and sell notes in the secondary market as permitted by applicable laws and regulations. The agents are not obligated to make a market in the notes, and they may discontinue making a market in the notes at any time without notice. Neither we nor the agents can provide any assurance regarding the development, liquidity or maintenance of any trading market for any notes. All secondary trading in the notes will settle in same-day funds. See "Registration and Settlement."

In connection with certain offerings of notes, the rules of the SEC permit the Purchasing Agent to engage in transactions that may stabilize the price of the notes. The Purchasing Agent will conduct these activities for the agents. These transactions may consist of short sales, stabilizing transactions and purchases to cover positions created by short sales. A short sale is the sale by the Purchasing Agent of a greater amount of notes than the amount the Purchasing Agent has agreed to purchase in connection with a specific offering of notes. Stabilizing transactions consist of certain bids or purchases made by the Purchasing Agent to prevent or retard a decline in the price of the notes while an offering of notes

is in process. In general, these purchases or bids for the notes for the purpose of stabilization or to reduce a syndicate short position could cause the price of the notes to be higher than it might otherwise be in the absence of those purchases or bids. Neither we nor the Purchasing Agent makes any representation or prediction as to the direction or magnitude of any effect that these transactions may have on the price of any notes. In addition, neither we nor the Purchasing Agent makes any representation that, once commenced, these transactions will not be discontinued without notice. The Purchasing Agent is not required to engage in these activities and may end any of these activities

at any time.

Some of the agents and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the agents and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities

S-62

Table of Contents

may involve securities and/or instruments of ours or our affiliates. The agents and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

LEGAL MATTERS

The legality of the notes will be passed upon for the Company by Joseph Ferraro, our General Counsel, Skadden, Arps, Slate, Meagher & Flom LLP ("Skadden, Arps"), New York, New York, and Venable LLP, as special Maryland counsel, Baltimore, Maryland, will pass on certain matters for the Company. Troutman Sanders LLP will pass on certain matters for the agents. Skadden, Arps and Venable LLP each have from time to time acted as counsel for us and our subsidiaries and may do so in the future.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

BDO USA, LLP is the independent registered public accounting firm for the Company.

AVAILABLE INFORMATION

We have filed with the SEC a registration statement on Form N-2, together with all amendments and related exhibits, under the Securities Act, with respect to the notes offered by this prospectus supplement and accompanying prospectus. The registration statement contains additional information about us and the notes being registered by this prospectus supplement and accompanying prospectus. We file with or submit to the SEC annual, quarterly and current periodic reports, proxy statements and other information meeting the informational requirements of the Exchange Act.

This information and the information specifically regarding how we voted proxies relating to portfolio securities for the period ended June 30, 2013, are available free of charge by contacting us at 10 East 40th Street, 44th floor, New York, NY 10016 or by telephone at toll-free (888) 748-0702. You may inspect and copy these reports, proxy statements and other information, as well as the registration statement and related exhibits and schedules, at the Public Reference Room of the SEC at 100 F Street NE, Washington, D.C. 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at (202) 551-8090. The SEC maintains an Internet site that contains reports, proxy and information statements and other information filed electronically by us with the SEC which are available on the SEC's Internet site at <http://www.sec.gov>. Copies of these reports, proxy and information statements and other information may be obtained, after paying a duplicating fee, by electronic request at the following E-mail address: publicinfo@sec.gov, or by writing the SEC's Public Reference Section, Washington, D.C. 20549-0102.

No dealer, salesperson or other individual has been authorized to give any information or to make any representation other than those contained in this prospectus supplement and accompanying prospectus and, if given or made, such information or representations must not be relied upon as having been authorized by us or the Purchasing Agent or any agent. This prospectus supplement does not constitute an offer to sell or a solicitation of an offer to buy any securities in any jurisdiction in which such an offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so, or to any person to whom it is unlawful to make such offer or solicitation. Neither the delivery of this prospectus supplement and accompanying prospectus nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in our affairs or that information contained herein is correct as of any time subsequent to the date hereof.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
 CONSOLIDATED SCHEDULE OF INVESTMENTS - (CONTINUED)
 September 30, 2013 (Unaudited) and June 30, 2013 (Audited)
 (in thousands, except share data)

-
- Endnote Explanations for the Consolidated Schedule of Investments as of September 30, 2013 and June 30, 2013
- The securities in which Prospect Capital Corporation ("we", "us" or "our") has invested were acquired in
- (1) transactions that were exempt from registration under the Securities Act of 1933, as amended, or the "Securities Act." These securities may be resold only in transactions that are exempt from registration under the Securities Act. Fair value is determined by or under the direction of our Board of Directors. As of September 30, 2013 and June 30, 2013, one of our portfolio investments, Dover Saddlery, Inc. ("Dover"), was publicly traded and classified as Level 1 within the valuation hierarchy established by Accounting Standards Codification 820, Fair Value Measurements and Disclosures ("ASC 820"). As of September 30, 2013 and June 30, 2013, the fair value of our
- (2) remaining portfolio investments was determined using significant unobservable inputs. ASC 820 classifies such inputs used to measure fair value as Level 3 within the valuation hierarchy. Our investments in money market funds are classified as Level 2. See Notes 2 and 3 within the accompanying notes to consolidated financial statements for further discussion.
- Security, or a portion thereof, is held by Prospect Capital Funding LLC ("PCF"), our wholly-owned subsidiary and a bankruptcy remote special purpose entity, and is pledged as collateral for the revolving credit facility and such
- (3) security is not available as collateral to our general creditors (see Note 4). The fair values of these investments held by PCF at September 30, 2013 and June 30, 2013 were \$884,267 and \$883,114, respectively; they represent 18.8% and 20.5% of total investments at fair value, respectively.
- (4) Security, or portion thereof, has a floating interest rate which may be subject to a LIBOR or PRIME floor. Stated interest rate was in effect at September 30, 2013 and June 30, 2013.
- (5) Ellett Brothers, LLC, Evans Sports, Inc., Jerry's Sports, Inc., Simmons Gun Specialties, Inc., Bonitz Brothers, Inc., and Outdoor Sports Headquarters, Inc. are joint borrowers on our second lien loan. United Sporting Companies, Inc. is a parent guarantor of this debt investment.
- During the quarter ended December 31, 2009, we created two new entities, Coalbed Inc. and Coalbed LLC, to foreclose on the outstanding senior secured loan and assigned rights and interests of Conquest Cherokee, LLC
- (6) ("Conquest") as a result of the deterioration of Conquest's financial performance and inability to service debt payments. We own 1,000 shares of common stock in Coalbed Inc., representing 100% of the issued and outstanding common stock. Coalbed Inc., in turn, owns 100% of the membership interest in Coalbed LLC. On October 21, 2009, Coalbed LLC foreclosed on the loan formerly made to Conquest. On January 19, 2010, as part of the Manx rollup, the Coalbed LLC assets and loan were assigned to Manx, the holding company. On June 30, 2012, Manx reassigned our investment in Coalbed to Wolf Energy Holdings, Inc. ("Wolf"), a newly-formed, separately owned holding company. Our Board of Directors set the fair value at zero for the loan position in Coalbed LLC investment as of September 30, 2013 and June 30, 2013.
- (7) In addition to the stated returns, the net profits interest held will be realized upon sale of the borrower or a sale of the interests.
- During the quarter ended December 31, 2011, our ownership of Change Clean Energy Holdings, Inc. ("CCEHI") and Change Clean Energy, Inc. ("CCEI"), Freedom Marine Holding, Inc. ("Freedom Marine") and Yatesville Coal
- (8) Holdings, Inc. ("Yatesville") was transferred to Energy Solutions Holdings, Inc. (f/k/a Gas Solutions Holdings, Inc.) ("Energy Solutions") to consolidate all of our energy holdings under one management team. We own 100% of Energy Solutions.
- (9) Entity was formed as a result of the debt restructuring of ESA Environmental Specialist, Inc. In early 2009, we foreclosed on the two loans on non-accrual status and purchased the underlying personal and real property. We own 1,000 shares of common stock in The Healing Staff, Inc. (f/k/a Lisamarie Fallon, Inc.) ("THS), representing 100% ownership. We own 1,500 shares of Vets Securing America, Inc. ("VSA"), representing 100% ownership.

During the three months ended December 31, 2012, we determined that the impairment of Integrated Contract Services, Inc. ("ICS") was other-than-temporary and recorded a realized loss of \$12,198 for the amount that the amortized cost exceeded the fair value. Our remaining investment in THS, an affiliate of ICS, was valued at zero as of September 30, 2013 and continues to provide staffing solutions for health care facilities and security staffing.

(10) GTP Operations, LLC (formerly known as CI (Transplace) Holdings, LLC), Transplace, LLC, CI (Transplace) International, LLC, Transplace Freight Services, LLC, Transplace Texas, LP, Transplace Stuttgart, LP, Transplace International, Inc., Celtic International, LLC, and Treetop Merger Sub, LLC are joint borrowers on our senior secured investment.

(11) Evanta Ventures, Inc. and Sports Leadership Institute, Inc. are joint borrowers on our investment.

 (in thousands, except share data)

Endnote Explanations for the Consolidated Schedule of Investments as of September 30, 2013 and June 30, 2013
 (Continued)

On January 19, 2010, we modified the terms of our senior secured debt in AEH and Coalbed in conjunction with the formation of Manx Energy, Inc. ("Manx"), a new entity consisting of the assets of AEH, Coalbed and Kinley Exploration. The assets of the three companies were brought under new common management. We funded \$2,800 at closing to Manx to provide for working capital. A portion of our loans to AEH and Coalbed was exchanged for Manx preferred equity, while our AEH equity interest was converted into Manx common stock. There was no
 (12) change to fair value at the time of restructuring. On June 30, 2012, Manx reassigned our investments in Coalbed and AEH to Wolf, a newly-formed, separately owned holding company. We continue to fully reserve any income accrued for Manx. During the quarter ended June 30, 2013, we determined that the impairment of Manx was other-than-temporary and recorded a realized loss of \$9,397 for the amount that the amortized cost exceeded the fair value. The Board of Directors set the fair value of our investment in Manx at \$413 and \$346 as of September 30, 2013 and June 30, 2013, respectively.

(13) On a fully diluted basis represents 10.00% of voting common shares.

(14) A portion of the positions listed was issued by an affiliate of the portfolio company.

We own 99.9999% of AGC/PEP, LLC. AGC/PEP, LLC owns 2,037.65 out of a total of 83,818.69 shares
 (15) (including 5,111 vested and unvested management options) of American Gilsonite Holding Company which owns 100% of American Gilsonite Company.

(16) Syndicated investment which had been originated by another financial institution and broadly distributed.

(17) Our wholly-owned entity, MITY Holdings of Delaware Inc., owns 98.6% (42,053 common shares) of MITY Enterprises, Inc., the operating company.

(18) The overriding royalty interests held receive payments at the stated rates based upon operations of the borrower.

On December 31, 2009, we sold our investment in Aylward Enterprises, LLC. AWCNC, LLC is the remaining
 (19) holding company with zero assets. Our remaining outstanding debt after the sale was written off on December 31, 2009 and no value has been assigned to the equity position as of September 30, 2013 and June 30, 2013.

(20) We own a warrant to purchase 3,755,000 shares of Series A Preferred Stock, 625,000 shares of Series B Preferred Stock, and 43,800 shares of Voting Common Stock in Boxercraft Incorporated.

(21) We own warrants to purchase 33,750 shares of common stock in Metal Buildings Holding Corporation ("Metal Buildings"), the former holding company of Borga, Inc. Metal Buildings owned 100% of Borga, Inc. On March 8, 2010, we foreclosed on the stock in Borga, Inc. that was held by Metal Buildings, obtaining 100% ownership of Borga, Inc.

(22) Certain investments that we have determined are not "qualifying" assets under Section 55(a) of the Investment Company Act of 1940 (the "1940 Act"). Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. We monitor the status of these assets on an ongoing basis.

(23) NCP Finance Limited Partnership, NCP Finance Ohio, LLC and certain affiliates thereof, are joint borrowers on our subordinated secured investment.

(24) On May 6, 2011, we made a secured first lien \$24,250 debt investment to NMMB Acquisition, Inc., a \$2,800 secured debt and \$4,400 equity investment to NMMB Holdings, Inc. We own 100% of the Series A Preferred Stock in NMMB Holdings, Inc. NMMB Holdings, Inc. owns 100% of the Convertible Preferred in NMMB Acquisition, Inc. NMMB Acquisition, Inc. has a 5.8% dividend rate which is paid to NMMB Holdings, Inc. Our fully diluted ownership in NMMB Holdings, Inc. is 100% as of September 30, 2013 and June 30, 2013. Our fully diluted ownership in NMMB Acquisition, Inc. is 83.5% as of September 30, 2013 and June 30, 2013.

(25)

Undrawn committed revolvers incur commitment and unused fees ranging from 0.50% to 2.00%. As of September 30, 2013 and June 30, 2013, we had \$206,684 and \$202,518 of undrawn revolver commitments to our portfolio companies, respectively.

Stated interest rates are based on September 30, 2013 and June 30, 2013 one month or three month Libor rates (26) plus applicable spreads based on the respective credit agreements. Interest rates are subject to change based on actual elections by the borrower for a Libor rate contract or Base Rate contract when drawing on the revolver.

Endnote Explanations for the Consolidated Schedule of Investments as of September 30, 2013 and June 30, 2013
 (Continued)

- (27) On July 30, 2010, we made a secured first lien \$30,000 debt investment to AIRMALL USA, Inc., a \$12,500 secured second lien to AMU Holdings, Inc., and acquired 100% of the Convertible Preferred Stock and Common stock of AMU Holdings, Inc. Our Convertible Preferred Stock in AMU Holdings, Inc. has a 12.0% dividend rate which is paid from the dividends received from the underlying operating company, AIRMALL USA Inc. AMU Holdings, Inc. owns 100% of the common stock in AIRMALL USA, Inc.
- (28) Progrexion Marketing, Inc., Progrexion Teleservices, Inc., Progrexion ASG, Inc. Progrexion IP, Inc. and Efolks, LLC, are joint borrowers on our senior secured investment. Progrexion Holdings, Inc. and eFolks Holdings, Inc. are the guarantors of this debt investment.
- (29) Our wholly-owned entity, First Tower Holdings of Delaware, LLC, owns 80.1% of First Tower Holdings LLC, which owns 100% of First Tower, LLC, the operating company.
- (30) Southern Management Corporation, Thaxton Investment Corporation, Southern Finance of Tennessee, Inc., Covington Credit of Texas, Inc., Covington Credit, Inc., Covington Credit of Alabama, Inc., Covington Credit of Georgia, Inc., Southern Finance of South Carolina, Inc. and Quick Credit Corporation, are joint borrowers on our senior secured investment. SouthernCo, Inc. is the guarantor of this debt investment.
- (31) We own 2.8% (13,220 shares) of the Mineral Fusion Natural, LLC, a subsidiary of Caleel + Hayden, common and preferred interest.
- (32) Our wholly-owned entity, APH Property Holdings, LLC, owns 100% of the common equity of American Property Holdings Corp., a REIT which holds investments in several real estate properties.
- (33) Our wholly-owned entity, CCPI Holdings Inc., owns 95.13% of CCPI Inc., the operating company.
- (34) Our wholly-owned entity, Credit Central Holdings of Delaware, LLC, owns 74.8% of Credit Central Holdings, LLC, which owns 100% of each of Credit Central, LLC, Credit Central South, LLC, Credit Central of Texas, LLC, and Credit Central of Tennessee, LLC, the operating companies.
- (35) Our wholly-owned entity, Valley Electric Holdings I, Inc. ("HoldCo"), owns 100% of Valley Electric Holdings II, Inc. ("Valley II"). Valley II owns 96.3% of Valley Electric Co. of Mt. Vernon, Inc. ("OpCo"), the operating company. Our debt investments are with both HoldCo and OpCo.
- (36) Our wholly-owned entity, Nationwide Acceptance Holdings, LLC, owns 93.8% of Nationwide Acceptance LLC, the operating company.
- (37) On April 15, 2013, assets previously held by H&M were assigned to Wolf in exchange for a \$66,000 term loan secured by the assets. The cost basis in this loan of \$44,632 was determined in accordance with ASC 310-40, Troubled Debt Restructurings by Creditors, and was equal to the fair value of assets at the time of transfer resulting in a capital loss of \$19,647 in connection with the foreclosure on the assets. On May 17, 2013, Wolf sold the assets located in Martin County, which were previously held by H&M, for \$66,000. Proceeds from the sale were primarily used to repay the loan and net profits interest receivable due to us resulting in a realized capital gain of \$11,826. We received \$3,960 of structuring and advisory fees from Wolf during the year ended June 30, 2013 related to the sale and \$991 under the net profits interest agreement which was recognized as other income during the fiscal year ended June 30, 2013.
- (38) Our wholly-owned entity, CP Holdings of Delaware LLC, owns 82.9% of CP Energy Services Inc., which owns 100% of CP Well Testing Holding Company, LLC and 100% of Fluid Management Holdings, Inc., the operating companies.
- (39) Wind River Resources Corporation and Wind River II Corporation (collectively, "Wind River") are joint borrowers on our senior secured loan.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2013

(Unaudited)

(in thousands, except share and per share data)

Note 1. Organization

References herein to "we", "us" or "our" refer to Prospect Capital Corporation ("Prospect") and its subsidiary unless the context specifically requires otherwise.

We were organized on April 13, 2004 and were funded in an initial public offering completed on July 27, 2004. We are a closed-end investment company incorporated in Maryland. We have elected to be regulated as a business development company ("BDC") under the Investment Company Act of 1940 (the "1940 Act"). As a BDC, we have elected to be treated as a regulated investment company ("RIC"), under Subchapter M of the Internal Revenue Code of 1986 (the "Internal Revenue Code"). We invest primarily in senior and subordinated debt and equity of companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes. On May 15, 2007, we formed a wholly-owned subsidiary, Prospect Capital Funding LLC ("PCF"), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the credit facility at PCF.

Note 2. Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles ("GAAP") for interim financial information and pursuant to the requirements for reporting on Form 10-Q and Articles 6 or 10 of Regulation S-X. The financial results of our portfolio investments are not consolidated in the financial statements.

Reclassifications

Certain reclassifications have been made in the presentation of prior consolidated financial statements and accompany notes to conform to the presentation as of and for the three months ended September 30, 2013.

Use of Estimates

The preparation of GAAP consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of income, gains and losses, and expenses during the reported period. Changes in the economic environment, financial markets, creditworthiness of our portfolio companies and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

Basis of Consolidation

Under the 1940 Act, the regulations pursuant to Article 6 of Regulation S-X and Accounting Standards Codification ("ASC") 946, Financial Services—Investment Companies ("ASC 946"), we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services and benefits to us. Our consolidated financial statements include our accounts and the accounts of PCF, our only wholly-owned, closely-managed subsidiary that is also an investment company. All intercompany balances and transactions have been eliminated in consolidation.

Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. We classify our investments by level of control. As defined in the 1940 Act, controlled investments are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Under the 1940 Act, Affiliated investments and affiliated companies are defined by a lesser degree of

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY

(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person.

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Amounts for investments recognized or derecognized but not yet settled are reported as receivables for investments sold and payables for investments purchased, respectively, in the Consolidated Statements of Assets and Liabilities.

Investment Risks

Our investments are subject to a variety of risks. Those risks include the following:

Market Risk

Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument.

Credit Risk

Credit risk represents the risk that we would incur if the counterparties failed to perform pursuant to the terms of their agreements with us.

Liquidity Risk

Liquidity risk represents the possibility that we may not be able to rapidly adjust the size of its positions in times of high volatility and financial stress at a reasonable price.

Interest Rate Risk

Interest rate risk represents a change in interest rates, which could result in an adverse change in the fair value of an interest-bearing financial instrument.

Prepayment Risk

Many of our debt investments allow for prepayment of principal without penalty. Downward changes in interest rates may cause prepayments to occur at a faster than expected rate, thereby effectively shortening the maturity of the security and making the security less likely to be an income producing instrument.

Investment Valuation

To value our investments, we follow the guidance of ASC 820 that defines fair value, establishes a framework for measuring fair value in conformity with GAAP and requires disclosures about fair value measurements. In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

September 30, 2013

(Unaudited)

(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below:

- 1) Each portfolio company or investment is reviewed by our investment professionals with independent valuation firms engaged by our Board of Directors;
- 2) the independent valuation firms conduct independent valuations and make their own independent assessment;
- 3) the Audit Committee of our Board of Directors reviews and discusses the preliminary valuation of Prospect Capital Management LLC (the "Investment Adviser") and that of the independent valuation firms; and
- 4) the Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Investments are valued utilizing a shadow bond approach, a market approach, an income approach, a liquidation approach, or a combination of approaches, as appropriate. The shadow bond and market approaches use prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities (including a business). The income approach uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present value amount (discounted) calculated based on an appropriate discount rate. The measurement is based on the net present value indicated by current market expectations about those future amounts. In following these approaches, the types of factors that we may take into account in fair value pricing our investments include, as relevant: available current market data, including relevant and applicable market trading and transaction comparables, applicable market yields and multiples, security covenants, call protection provisions, information rights, the nature and realizable value of any collateral, the portfolio company's ability to make payments, its earnings and discounted cash flows, the markets in which the portfolio company does business, comparisons of financial ratios of peer companies that are public, M&A comparables, the principal market and enterprise values, among other factors.

Our investments in CLOs are classified as ASC 820 Level 3 securities, and are valued using a dynamic discounted cash flow model, where the projected future cash flow was estimated using Monte Carlo simulation techniques. The valuations have been accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view. For each CLO security, the most appropriate valuation approach has been chosen from alternative approaches to ensure the most accurate valuation for such security. To value a CLO, both the assets and the liabilities of the CLO capital structure are modeled. We use a waterfall engine to store the collateral data, generate numerous collateral cash flows from the assets based on various assumptions for the risk factors, and distribute the cash flow to the liability structure based on the payment priorities, and discount them back using proper discount rates to the various cash flows along each simulation path. The main risk factors are: default risk, interest rate risk, downgrade risk, and credit spread risk.

Valuation of Other Financial Assets and Financial Liabilities

ASC Subtopic 825-10-25, The Fair Value Option for Financial Assets and Financial Liabilities ("ASC 825-10-25"), permits an entity to elect fair value as the initial and subsequent measurement attribute for eligible assets and liabilities for which the assets and liabilities are measured using another measurement attribute. We have elected not to value some assets and liabilities at fair value as would be permitted by ASC 825-10-25.

Senior Convertible Notes

We have recorded the Senior Convertible Notes (see Note 5) at their contractual amounts. The Senior Convertible Notes were analyzed for any features that would require their accounting to be bifurcated and such features were determined to be immaterial.

Revenue Recognition

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

September 30, 2013

(Unaudited)

(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis.

Origination, closing and/or commitment fees associated with investments in portfolio companies are accreted into interest income over the respective terms of the applicable loans. Accretion of such purchase discounts or premiums is calculated by the effective interest method as of the purchase date and adjusted only for material amendments or prepayments. Upon the prepayment of a loan or debt security, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as interest income. The purchase discount for portfolio investments acquired from Patriot Capital Funding, Inc. ("Patriot") was determined based on the difference between par value and fair market value as of December 2, 2009, and continues to accrete until maturity or repayment of the respective loans.

Interest income from investments in the "equity" class of security of CLO Funds (typically income notes or subordinated notes) is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40-35, Beneficial Interests in Securitized Financial Assets. We monitor the expected cash inflows from our CLO equity investments, including the expected residual payments, and the effective yield is determined and updated periodically.

Dividend income is recorded on the ex-dividend date.

Structuring fees and similar fees are recognized as income as earned, usually when paid. Structuring fees, excess deal deposits, net profits interests and overriding royalty interests are included in other income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will be collected. Unpaid accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment.

Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's judgment, are likely to remain current. As of September 30, 2013, approximately 0.5% of our net assets are in non-accrual status.

Federal and State Income Taxes

We have elected to be treated as a regulated investment company and intend to continue to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual ordinary income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceed the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income as taxable income is earned using an annual effective excise tax rate. The annual effective excise tax rate is determined by dividing the estimated annual excise tax by the estimated annual taxable income.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct

distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Internal Revenue Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years reduced by an interest charge of 50% of such earnings and profits payable by us as an additional tax. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY

(Unaudited)

(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years.

We follow ASC 740, Income Taxes ("ASC 740"). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the consolidated financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. As of September 30, 2013 and for the three months then ended, we did not have a liability for any unrecognized tax benefits. Management's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management's estimate of our earnings for the quarter. Net realized capital gains, if any, are distributed at least annually.

Financing Costs

We record origination expenses related to our credit facility and Senior Convertible Notes, Senior Unsecured Notes and Prospect Capital InterNotes® (collectively, our "Senior Notes"), as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method for our revolving credit facility and the effective interest method for our Senior Notes, over the respective expected life or maturity.

We record registration expenses related to shelf filings as prepaid assets. These expenses consist principally of Securities and Exchange Commission ("SEC") registration fees, legal fees and accounting fees incurred. These prepaid assets will be charged to capital upon the receipt of proceeds from an equity offering or charged to expense if no offering is completed.

Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees ("ASC 460"). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual consolidated financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

Per Share Information

Net increase or decrease in net assets resulting from operations per common share is calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, convertible securities are not considered in the calculation of net assets per share.

Recent Accounting Pronouncements

In June 2013, the FASB issued Accounting Standards Update 2013-08, Financial Services—Investment Companies (Topic 946)—Amendments to the Scope, Measurement, and Disclosure Requirements ("ASU 2013-08"). The update clarifies the approach to be used for determining whether an entity is an investment company and provides new measurement and disclosure requirements. ASU 2013-08 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2013. Earlier application is prohibited. The adoption of ASU 2013-08 is not expected to materially affect our consolidated financial statements and disclosures.

Note 3. Portfolio Investments

At September 30, 2013, we had investments in 129 long-term portfolio investments, which had an amortized cost of \$4,642,288 and a fair value of \$4,553,136 and at June 30, 2013, we had investments in 124 long-term portfolio investments, which had an amortized cost of \$4,255,778 and a fair value of \$4,172,852.

Note 3. Portfolio Investments (Continued)

The ranges of unobservable inputs used in the fair value measurement of our Level 3 investments as of September 30, 2013 were as follows:

Asset Category	Fair Value	Primary Valuation Technique	Unobservable Input		Weighted Average
			Input	Range	
Senior Secured	\$2,457,652	Yield Analysis	Market Yield	5.8% – 16.0%	10.6 %
Subordinated Secured	988,581	Yield Analysis	Market Yield	8.1% – 17.7%	11.7 %
Subordinated Unsecured	119,165	Yield Analysis	Market Yield	6.0% – 14.2%	10.4 %
CLO Debt	29,320	Discounted Cash Flow	Discount Rate	19.0% – 20.0%	19.5 %
CLO Residual Interest	777,678	Discounted Cash Flow	Discount Rate	10.0% – 28.0%	18.6 %
Equity	178,573	EV Market Multiple Analysis	EV Market Multiple Analysis	3.3x – 9.3x	6.5x
Escrow	2,031	Discounted Cash Flow	Discount Rate	7.1% – 8.3%	7.7 %
Total	\$4,553,000				

The ranges of unobservable inputs used in the fair value measurement of our Level 3 investments as of June 30, 2013 were as follows:

Asset Category	Fair Value	Primary Valuation Technique	Unobservable Input		Weighted Average
			Input	Range	
Senior Secured	\$2,215,820	Yield Analysis	Market Yield	5.7% – 20.8%	10.7 %
Subordinated Secured	1,024,901	Yield Analysis	Market Yield	7.7% – 19.8%	11.6 %
Subordinated Unsecured	88,827	Yield Analysis	Market Yield	6.1% – 14.6%	10.7 %
CLO Debt	28,589	Discounted Cash Flow	Discount Rate	12.1% – 20.1%	15.7 %
CLO Residual Interest	658,086	Discounted Cash Flow	Discount Rate	11.3% – 19.8%	15.3 %
Equity	151,855	EV Market Multiple Analysis	EV Market Multiple Analysis	3.3x – 8.8x	6.2x
Escrow	4,662	Discounted Cash Flow	Discount Rate	6.5% – 7.5%	7.0 %
Total	\$4,172,740				

The significant unobservable inputs used in the market approach of fair value measurement of our investments are the market multiples of earnings before income tax, depreciation and amortization ("EBITDA") of the comparable guideline public companies. The independent valuation firm selects a population of public companies for each investment with similar operations and attributes of the subject company. Using these guideline public companies' data, a range of multiples of enterprise value to EBITDA is calculated. The independent valuation firm selects percentages from the range of multiples for purposes of determining the subject company's estimated enterprise value based on said multiple and generally the latest twelve months EBITDA of the subject company (or other meaningful measure). Significant increases or decreases in the multiple will result in an increase or decrease, respectively, in enterprise value, resulting in an increase or decrease in the fair value estimate of the equity investment.

The significant unobservable input used in the income approach of fair value measurement of our investments is the discount rate used to discount the estimated future cash flows expected to be received from the underlying investment, which include both future principal and interest payments. Significant increases or decreases in the discount rate would result in a decrease or increase, respectively, in the fair value measurement. Included in the consideration and selection of discount rates are the following factors: risk of default, rating of the investment and comparable company investments, and call provisions.

Changes in market yields, discount rates or EBITDA multiples, each in isolation, may change the fair value of certain of our investments. Generally, an increase in market yields or discount rates or decrease in EBITDA multiples may result in a decrease in the fair value of certain of our investments.

(in thousands, except share and per share data)

Note 3. Portfolio Investments (Continued)

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we could realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

During the quarter ended September 30, 2013, the valuation methodology for Gulf Coast Machine & Supply Company ("Gulf Coast") changed to incorporate an enterprise value waterfall analysis in place of the income method (discounted cash flow analysis) used in previous quarters. Management adopted the enterprise value waterfall analysis due to a deterioration in operating results. As a result of this change and in recognition of recent company performance and current market conditions, we decreased the fair value of our investment in Gulf Coast to \$12,998 as of September 30, 2013, a discount of \$28,215 to its amortized cost, compared to the \$9,241 unrealized depreciation recorded at June 30, 2013.

During the quarter ended September 30, 2013, the valuation methodology for ICON Health & Fitness, Inc. ("ICON") changed to incorporate weighted broker quotes in addition to the enterprise value waterfall analysis and income method (discounted cash flow analysis) used in previous quarters. Management adopted the weighted broker quotes because they are representative of sufficient liquidity to provide an indication of value. As a result of this change and in recognition of recent company performance and current market conditions, we increased the fair value of our investment in ICON to \$37,497 as of September 30, 2013, a discount of \$5,800 to its amortized cost, compared to the \$9,381 unrealized depreciation recorded at June 30, 2013.

During the quarter ended September 30, 2013, the valuation methodology for National Bankruptcy Services, LLC ("NBS") changed to incorporate an enterprise value waterfall analysis in place of the income method (discounted cash flow analysis) used in previous quarters. Management adopted the enterprise value waterfall analysis due to a deterioration in operating results. As a result of this change and in recognition of recent company performance and current market conditions, we decreased the fair value of our investment in NBS to \$11,004 as of September 30, 2013, a discount of \$7,751 to its amortized cost, compared to the \$1,800 unrealized depreciation recorded at June 30, 2013. On January 4, 2012, Energy Solutions sold its gas gathering and processing assets ("Gas Solutions") for a sale price of \$199,805, adjusted for the final working capital settlement, including a potential earnout of \$28,000 that may be paid based on the future performance of Gas Solutions. Through September 30, 2013, we have not accrued income for any portion of the \$28,000 potential payment. After expenses, including structuring fees of \$9,966 paid to us, Energy Solutions received \$158,687 in cash. Currently, a loan to Energy Solutions remains outstanding and is collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solutions by Energy Solutions resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us were required to be recognized as dividend income, in accordance with ASC 946, as cash distributions were received from Energy Solutions, to the extent there are current year earnings and profits sufficient to support such recognition. During the three months ended September 30, 2013, Energy Solutions repaid \$4,250 of senior and subordinated secured debt. We received \$2,409 of make-whole fees for early repayment of the outstanding loan receivables, which was recorded as interest income during the three months ended September 30, 2013. During the three months ended September 30, 2012, we received distributions of \$33,250 from Energy Solutions which were recorded as dividend income. No such dividends were received during the three

months ended September 30, 2013. As of September 30, 2013, Energy Solutions continues to hold \$7,118 of cash for future investment and repayment of the remaining debt.

As of September 30, 2013, we have provided \$127,374 and \$26,648 of debt and equity financing, respectively, to APH for the acquisition of various industrial and multi-family residential real estate properties in Florida and Georgia. APH is a holding company that owns 100% of the common equity of American Property Holdings Corp. ("APHC").

APHC is a Maryland corporation and qualified REIT for federal income tax purposes. As of September 30, 2013,

APHC's real estate portfolio was comprised of seven investments. The following table shows the mortgages outstanding due to other parties for each of the seven properties:

At September 30, 2013 and June 30, 2013, eight loan investments were on non-accrual status: Borga, Freedom Marine, THS, Manx, Stryker Energy, LLC, Wind River, Wolf and Yatesville. Principal balances of these loans amounted to \$114,376 and \$106,395 as of September 30, 2013 and June 30, 2013, respectively. The fair value of these loans amounted to \$15,461 and \$13,810 as of September 30, 2013 and June 30, 2013, respectively. The fair values of these investments represent approximately 0.3% of our total assets as of September 30, 2013 and June 30, 2013. For the three months ended September 30, 2013 and September 30, 2012, the income foregone as a result of not accruing interest on non-accrual debt investments amounted to \$5,570 and \$7,212, respectively.

On August 6, 2013, we received a distribution of \$3,252 related to our investment in NRG Manufacturing, Inc., for which we realized a gain of the same amount. This was a partial release of the amount held in escrow. The original cost basis of debt placements and equity securities acquired, including follow-on investments for existing portfolio companies, totaled \$556,843 and \$747,937 during the three months ended September 30, 2013 and September 30, 2012, respectively. Debt repayments and proceeds from sales of equity securities with a cost basis of approximately \$164,167 and \$158,123 were received during the three months ended September 30, 2013 and September 30, 2012, respectively.

During the quarters ended September 30, 2013 and September 30, 2012, we recognized \$240 and \$284 of interest income due to purchase discount accretion from the assets acquired from Patriot, respectively. No accelerated accretion was recorded during the three months ended September 30, 2013 and September 30, 2012.

As of September 30, 2013, \$300 of purchase discount from the assets acquired from Patriot remains to be accreted as interest income, of which \$160 is expected to be amortized during the three months ending December 31, 2013.

As of September 30, 2013, \$3,295,801 of our loans bear interest at floating rates, \$3,266,481 of which have Libor floors ranging from 1.25% to 6.00%.

Undrawn committed revolvers incur commitment fees ranging from 0.50% to 2.00%. As of September 30, 2013 and June 30, 2013, we have \$206,684 and \$202,518 of undrawn revolver commitments to our portfolio companies, respectively.

Note 4. Revolving Credit Agreements

On March 27, 2012, we closed on an expanded five-year \$650,000 revolving credit facility with a syndicate of lenders through PCF (the "2012 Facility"). The lenders have extended commitments of \$567,500 under the 2012 Facility as of September 30, 2013; which was increased to \$587,500 in October 2013 (see Note 16). The 2012 Facility includes an accordion feature which allows commitments to be increased up to \$650,000 in the aggregate. The revolving period of the 2012 Facility extends through March 2015, with an additional two year amortization period (with distributions allowed) after the completion of the revolving period. During such two year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the two year amortization period, the remaining balance will become due, if required by the lenders.

The 2012 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and

minimum equity requirements. The 2012 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early

F-55

(Unaudited)

(in thousands, except share and per share data)

Note 4. Revolving Credit Agreements (Continued)

termination of the 2012 Facility. The 2012 Facility also requires the maintenance of a minimum liquidity requirement.

At September 30, 2013, we were in compliance with the applicable covenants.

Interest on borrowings under the 2012 Facility is one-month Libor plus 275 basis points with no minimum Libor floor.

Additionally, the lenders charge a fee on the unused portion of the 2012 Facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points otherwise. The 2012 Facility requires us to pledge assets as collateral in order to borrow under the credit facility. As of September 30, 2013 and June 30, 2013, we had \$498,675 and \$473,508, respectively, available to us for borrowing under the 2012 Facility, of which the amount outstanding was \$69,000 and \$124,000, respectively. As additional investments that are eligible are transferred to PCF and pledged under the 2012 Facility, PCF will generate additional availability up to the commitment amount of \$587,500.

At September 30, 2013, the investments used as collateral for the 2012 Facility had an aggregate market value of \$884,267, which represents 18.8% of our total investments at fair value. These assets have been transferred to PCF, a bankruptcy remote special purpose entity, which owns these investments and as such, these investments are not available to our general creditors. PCF, a bankruptcy remote special purpose entity and our wholly-owned subsidiary, holds all of these investments at fair value as of September 30, 2013. The release of any assets from PCF requires the approval of the facility agent.

In connection with the origination and amendments of the 2012 Facility, we incurred \$11,399 of fees, including \$1,319 of fees carried over from the previous facility, which are being amortized over the term of the facility in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$5,966 remains to be amortized.

During the three months ended September 30, 2013 and September 30, 2012, we recorded \$2,476 and \$2,168 of interest costs, unused fees and amortization of financing costs on the 2012 Facility as interest expense, respectively.

Note 5. Senior Convertible Notes

On December 21, 2010, we issued \$150,000 in aggregate principal amount of our 6.25% senior convertible notes due 2015 ("2015 Notes") for net proceeds after underwriting expenses of approximately \$145,200. Interest on the 2015 Notes is paid semi-annually in arrears on June 15 and December 15, at a rate of 6.25% per year, commencing June 15, 2011. The 2015 Notes mature on December 15, 2015 unless converted earlier. The 2015 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 88.0902 and 88.1429 shares of common stock, respectively, per \$1 principal amount of 2015 Notes, which is equivalent to an initial conversion price and conversion price at September 30, 2013 of approximately \$11.35 per share of common stock, subject to adjustment in certain circumstances. The conversion price in effect at September 30, 2013 was calculated on the last anniversary of the issuance (December 21, 2012) and will be adjusted again on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2015 Notes is increased if monthly cash dividends paid to common shares exceed the rate of \$0.101125 cents per share, subject to adjustment.

On February 18, 2011, we issued \$172,500 in aggregate principal amount of our 5.50% senior convertible notes due 2016 ("2016 Notes") for net proceeds after underwriting expenses of approximately \$167,325. Between January 30, 2012 and February 2, 2012, we repurchased \$5,000 of our 2016 Notes at a price of 97.5, including commissions. The transactions resulted in our recognizing \$10 of loss in the year ended June 30, 2012. Interest on the remaining \$167,500 of 2016 Notes is paid semi-annually in arrears on February 15 and August 15, at a rate of 5.50% per year, commencing August 15, 2011. The 2016 Notes mature on August 15, 2016 unless converted earlier. The 2016 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 78.3699 and 78.5395 shares of common stock, respectively, per \$1 principal amount of 2016 Notes, which is equivalent to a conversion price of approximately \$12.76 and \$12.73 per share of common stock, respectively, subject to adjustment in certain circumstances. The conversion price in effect at September 30, 2013 was calculated on the last anniversary of the issuance (February 14, 2013) and will be adjusted again on the next anniversary, unless the

exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2016 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.101150 per share.

On April 16, 2012, we issued \$130,000 in aggregate principal amount of our 5.375% senior convertible notes due 2017 ("2017 Notes") for net proceeds after underwriting expenses of approximately \$126,035. Interest on the 2017 Notes is paid semi-annually in arrears on October 15 and April 15, at a rate of 5.375% per year, commencing October 15, 2012. The 2017 Notes mature on October 15, 2017 unless converted earlier. The 2017 Notes are convertible into shares of common stock at an

Note 5. Senior Convertible Notes (Continued)

initial conversion rate and conversion rate at September 30, 2013 of 85.8442 and 86.1162 shares of common stock, respectively, per \$1 principal amount of 2017 Notes, which is equivalent to a conversion price of approximately \$11.65 and \$11.61 per share of common stock, respectively, subject to adjustment in certain circumstances. The conversion price in effect at September 30, 2013 was calculated on the last anniversary of the issuance (April 16, 2013) and will be adjusted again on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2017 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.10150 per share.

On August 14, 2012, we issued \$200,000 in aggregate principal amount of our 5.75% senior convertible notes due 2018 ("2018 Notes") for net proceeds after underwriting expenses of approximately \$193,600. Interest on the 2018

Notes is paid semi-annually in arrears on March 15 and September 15, at a rate of 5.75% per year, commencing March 15, 2013. The 2018 Notes mature on March 15, 2018 unless converted earlier. The 2018 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 82.3451 and 82.8631 of common stock, respectively, per \$1 principal amount of 2018 Notes, which is equivalent to a conversion price of approximately \$12.14 and \$12.07 per share of common stock, respectively, subject to adjustment in certain circumstances. The conversion price in effect at September 30, 2013 was calculated on the last anniversary of the issuance (August 14, 2013) and will be adjusted again on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2018 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.101600 per share.

On December 21, 2012, we issued \$200,000 in aggregate principal amount of 5.875% senior convertible notes due 2019 (the "2019 Notes") for net proceeds after underwriting and other expenses of approximately \$193,600. Interest on the 2019 Notes is paid semi-annually in arrears on January 15 and July 15, at a rate of 5.875% per year, commencing July 15, 2013. The 2019 Notes mature on January 15, 2019 unless converted earlier. The 2019 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at September 30, 2013 of 79.7766 shares of common stock per \$1 principal amount of 2019 Notes, which is equivalent to a conversion price of approximately \$12.54 per share of common stock, subject to adjustment in certain circumstances. The conversion price has not been adjusted since the issuance (December 21, 2012) and will be adjusted on the first anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2019 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.110025 per share.

In no event will the total number of shares of common stock issuable upon conversion exceed 96.8992 per \$1 principal amount of the 2015 Notes (the "conversion rate cap"), except that, to the extent we receive written guidance or a no-action letter from the staff of the Securities and Exchange Commission (the "Guidance") permitting us to adjust the conversion rate in certain instances without regard to the conversion rate cap and to make the 2015 Notes convertible into certain reference property in accordance with certain reclassifications, business combinations, asset sales and corporate events by us without regard to the conversion rate cap, we will make such adjustments without regard to the conversion rate cap and will also, to the extent that we make any such adjustment without regard to the conversion rate cap pursuant to the Guidance, adjust the conversion rate cap accordingly. We will use our commercially reasonable efforts to obtain such Guidance as promptly as practicable.

Prior to obtaining the Guidance, we will not engage in certain transactions that would result in an adjustment to the conversion rate increasing the conversion rate beyond what it would have been in the absence of such transaction unless we have engaged in a reverse stock split or share combination transaction such that in our reasonable best estimation, the conversion rate following the adjustment for such transaction will not be any closer to the conversion rate cap than it would have been in the absence of such transaction.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the Notes surrendered for conversion representing accrued and unpaid interest to, but not including the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the 2015 Notes, the 2016 Notes, the 2017 Notes, the 2018 Notes, and the 2019 Notes (collectively, the "Senior Convertible Notes").

No holder of Senior Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(Unaudited)

(in thousands, except share and per share data)

Note 5. Senior Convertible Notes (Continued)

promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Notes upon a fundamental change at a price equal to 100% of the principal amount of the Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Senior Convertible Notes through and including the maturity date.

In connection with the issuance of the Senior Convertible Notes, we incurred \$27,030 of fees which are being amortized over the terms of the notes, of which \$19,149 remains to be amortized and is included within deferred financing costs on the Consolidated Statements of Assets and Liabilities as of September 30, 2013.

During the three months ended September 30, 2013 and September 30, 2012, we recorded \$13,310 and \$8,667 of interest costs and amortization of financing costs on the Senior Convertible Notes as interest expense, respectively.

Note 6. Senior Unsecured Notes

On May 1, 2012, we issued \$100,000 in aggregate principal amount of 6.95% senior unsecured notes due 2022 for proceeds net of offering expenses of \$97,000 (the "2022 Notes"). Interest on the 2022 Notes is paid quarterly in arrears on August 15, November 15, February 15 and May 15, at a rate of 6.95% per year, commencing on August 15, 2012. The 2022 Notes mature on November 15, 2022. These notes will be our direct unsecured obligations and rank equally with all of our unsecured senior indebtedness from time to time outstanding.

On March 15, 2013, we issued \$250,000 in aggregate principal amount of 5.875% senior unsecured notes due 2023 (the "2023 Notes") for net proceeds after underwriting and other expenses of approximately \$245,885. Interest on the 2023 Notes is paid semi-annually. The 2023 Notes mature on March 15, 2023. These notes will be our direct unsecured obligations and rank equally with all of our unsecured senior indebtedness from time to time outstanding.

In connection with the issuance of the 2022 Notes and 2023 Notes (collectively, the "Senior Unsecured Notes"), we incurred \$7,364 of fees which are being amortized over the term of the notes, of which \$6,866 remains to be amortized and is included within deferred financing costs on the Consolidated Statements of Assets and Liabilities as of September 30, 2013.

During the three months ended September 30, 2013 and September 30, 2012, we recorded \$5,541 and \$1,807 of interest costs and amortization of financing costs on the Senior Unsecured Notes as interest expense, respectively.

Note 7. Prospect Capital InterNotes®

On February 16, 2012, we entered into a Selling Agent Agreement (the "Selling Agent Agreement") with Incapital LLC, as purchasing agent for our issuance and sale from time to time of up to \$500,000 of Prospect Capital InterNotes® (the "InterNotes® Offering"), which was subsequently increased to \$1,000,000. Additional agents appointed by us from time to time in connection with the InterNotes® Offering may become parties to the Selling Agent Agreement.

These notes are direct unsecured senior obligations and will rank equally with all of our unsecured senior indebtedness outstanding. Each series of notes will be issued by a separate trust. These notes bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance.

During the three months ended September 30, 2013, we issued \$98,255 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of approximately \$96,189. These notes were issued with stated interest rates ranging from 4.75% to 6.75% with a weighted average rate of 5.48%. These notes mature between July 15, 2018 and September 15, 2043.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

(in thousands, except share and per share data)

September 30, 2013

(Unaudited)

Note 9. Equity Offerings, Offering Expenses, and Distributions (Continued)

(1) On May 8, 2013, we established an at-the-market program through which we may sell, from time to time and at our sole discretion 45,000,000 shares of our common stock. Through this program we issued 9,818,907 shares of our common stock at an average price of \$10.97 per share, raising \$107,725 of gross proceeds, from July 5, 2013 through August 21, 2013.

(2) On August 2, 2013, we issued 1,918,342 shares of our common stock in conjunction with an investment in a controlled portfolio company.

(3) On August 22, 2013, we established an at-the-market program through which we may sell, from time to time and at our sole discretion 45,000,000 shares of our common stock. Through this program we issued 11,474,431 shares of our common stock at an average price of \$11.36 per share, raising \$130,311 of gross proceeds, from August 29, 2013 through September 30, 2013.

(4) On June 1, 2012, we established a fifth at-the-market program through which we may sell, from time to time and at our sole discretion 9,500,000 shares of our common stock. Through this program we issued 5,199,764 shares of our common stock at an average price of \$11.38 per share, raising \$59,170 of gross proceeds, from June 12, 2012 through July 12, 2012.

(5) On September 10, 2012, we established a sixth at-the-market program through which we may sell, from time to time and at our sole discretion 9,750,000 shares of our common stock. Through this program we issued 6,764,702 shares of our common stock at an average price of \$11.86 per share, raising \$80,249 of gross proceeds, from September 13, 2012 through September 28, 2012.

Our shareholders' equity accounts at September 30, 2013 and June 30, 2013 reflect cumulative shares issued as of those respective dates. Our common stock has been issued through public offerings, a registered direct offering, the exercise of over-allotment options on the part of the underwriters and our dividend reinvestment plan. When our common stock is issued, the related offering expenses have been charged against paid-in capital in excess of par. All underwriting fees and offering expenses were borne by us.

On August 24, 2011, our Board of Directors approved a share repurchase plan under which we may repurchase up to \$100,000 of our common stock at prices below our net asset value. We have not made any purchases of our common stock during the period from August 24, 2011 to September 30, 2013 pursuant to this plan. Prior to any repurchase we are required to notify shareholders of our intention to purchase our common stock. This notice lasts for six months after notice is given. Our last notice was delivered with our annual proxy mailing on September 10, 2013.

On October 29, 2012, our Registration Statement on Form N-2 was declared effective by the SEC. Under this Shelf Registration Statement, as of September 30, 2013 we can issue up to \$1,406,927 of additional debt and equity securities in the public market.

On June 17, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110225 per share for September 2013 to holders of record on September 30, 2013 with a payment date of October 24, 2013;

\$0.110250 per share for October 2013 to holders of record on October 31, 2013 with a payment date of November 21, 2013;

\$0.110275 per share for November 2013 to holders of record on November 29, 2013 with a payment date of December 19, 2013; and

\$0.110300 per share for December 2013 to holders of record on December 31, 2013 with a payment date of January 23, 2014.

Edgar Filing: FIRSTENERGY CORP - Form DEF 14A

On August 21, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110325 per share for January 2014 to holders of record on January 31, 2014 with a payment date of February 20, 2014;

\$0.110350 per share for February 2014 to holders of record on February 28, 2014 with a payment date of March 20, 2014; and

Note 9. Equity Offerings, Offering Expenses, and Distributions (Continued)

\$0.110375 per share for March 2014 to holders of record on March 31, 2014 with a payment date of April 17, 2014.

During the three months ended September 30, 2013 and September 30, 2012, we issued 355,644 and 355,871 shares, respectively, of our common stock in connection with the dividend reinvestment plan.

At September 30, 2013, we have reserved 70,377,219 shares of our common stock for issuance upon conversion of the Senior Convertible Notes (see Note 5).

Note 10. Other Investment Income

Other investment income consists of structuring fees, overriding royalty interests, revenue receipts related to net profit interests, deal deposits, administrative agent fee, and other miscellaneous and sundry cash receipts. Income from such sources was \$15,524 and \$9,118 for the three months ended September 30, 2013 and September 30, 2012, respectively.

Income Source	For The Three Months Ended September 30,	
	2013	2012
Structuring, advisory and amendment fees (Note 3)	\$9,078	\$9,036
Recovery of legal costs from prior periods from legal settlement	5,000	—
Overriding royalty interests	1,339	14
Administrative agent fee	107	68
Other Investment Income	\$15,524	\$9,118

Note 11. Net Increase in Net Assets per Common Share

The following information sets forth the computation of net increase in net assets resulting from operations per common share for the three months ended September 30, 2013 and September 30, 2012, respectively.

	For The Three Months Ended September 30,	
	2013	2012
Net increase in net assets resulting from operations	\$79,900	\$47,249
Weighted average common shares outstanding	258,084,153	162,492,894
Net increase in net assets resulting from operations per common share	\$0.31	\$0.29

Note 12. Related Party Agreements and Transactions

Investment Advisory Agreement

We have entered into an investment advisory and management agreement with Prospect Capital Management (the "Investment Advisory Agreement") under which the Investment Adviser, subject to the overall supervision of our Board of Directors, manages the day-to-day operations of, and provides investment advisory services to, us. Under the terms of the Investment Advisory Agreement, the Investment Adviser: (i) determines the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes, (ii) identifies, evaluates and negotiates the structure of the investments we make (including performing due diligence on our prospective portfolio companies); and (iii) closes and monitors investments we make.

Prospect Capital Management's services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to us are not impaired. For providing these services the Investment Adviser receives a fee from us, consisting of two components: a base management fee and an incentive fee. The base management fee is calculated at an annual rate of 2.00% on our gross assets (including amounts borrowed). For services currently rendered under the Investment Advisory Agreement, the base management fee is payable quarterly in arrears. The

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

September 30, 2013

(Unaudited)

(in thousands, except share and per share data)

Note 12. Related Party Agreements and Transactions (Continued)

base management fee is calculated based on the average value of our gross assets at the end of the two most recently completed calendar quarters and appropriately adjusted for any share issuances or repurchases during the current calendar quarter.

The total base management fees incurred to the favor of the Investment Adviser for the three months ended September 30, 2013 and September 30, 2012 were \$23,045 and \$13,228, respectively.

The incentive fee has two parts. The first part, the income incentive fee, is calculated and payable quarterly in arrears based on our pre-incentive fee net investment income for the immediately preceding calendar quarter. For this purpose, pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees and other fees that we receive from portfolio companies) accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under the Administration Agreement described below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment in kind interest and zero coupon securities), accrued income that we have not yet received in cash. Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Pre-incentive fee net investment income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter, is compared to a "hurdle rate" of 1.75% per quarter (7.00% annualized).

The net investment income used to calculate this part of the incentive fee is also included in the amount of the gross assets used to calculate the 2.00% base management fee. We pay the Investment Adviser an income incentive fee with respect to our pre-incentive fee net investment income in each calendar quarter as follows:

no incentive fee in any calendar quarter in which our pre-incentive fee net investment income does not exceed the hurdle rate;

100.00% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate); and

20.00% of the amount of our pre-incentive fee net investment income, if any, that exceeds 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate).

These calculations are appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

The second part of the incentive fee, the capital gains incentive fee, is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory Agreement, as of the termination date), and equals 20.00% of our realized capital gains for the calendar year, if any, computed net of all realized capital losses and unrealized capital depreciation at the end of such year. In determining the capital gains incentive fee payable to the Investment Adviser, we calculate the aggregate realized capital gains, aggregate realized capital losses and aggregate unrealized capital depreciation, as applicable, with respect to each investment that has been in its portfolio. For the purpose of this calculation, an "investment" is defined as the total of all rights and claims which maybe asserted against a portfolio company arising from our participation in the debt, equity, and other financial instruments issued by that company. Aggregate realized capital gains, if any, equal the sum of the differences between the aggregate net sales price of each investment and the aggregate cost basis of such investment when sold or otherwise disposed.

Aggregate realized capital losses equal the sum of the amounts by which the aggregate net sales price of each investment is less than the aggregate cost basis of such investment when sold or otherwise disposed. Aggregate unrealized capital depreciation equals the sum of the differences, if negative, between the aggregate valuation of each

investment and the aggregate cost basis of such investment as of the applicable calendar year-end. At the end of the applicable calendar year, the amount of capital gains that serves as the basis for our calculation of the capital gains incentive fee involves netting aggregate realized capital gains against aggregate realized capital losses on a since-inception basis and then reducing this amount by the aggregate unrealized capital depreciation. If this number is positive, then the capital gains incentive fee payable is equal to 20.00% of such amount, less the aggregate amount of any capital gains incentive fees paid since inception.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

September 30, 2013

(Unaudited)

(in thousands, except share and per share data)

Note 12. Related Party Agreements and Transactions (Continued)

For the three months ended September 30, 2013 and September 30, 2012, \$20,584 and \$18,507, respectively, of income incentive fees were incurred. No capital gains incentive fees were incurred for the three months ended September 30, 2013 and September 30, 2012, respectively.

Administration Agreement

We have also entered into an Administration Agreement with Prospect Administration, LLC ("Prospect Administration") under which Prospect Administration, among other things, provides (or arranges for the provision of) administrative services and facilities for us. For providing these services, we reimburse Prospect Administration for our allocable portion of overhead incurred by Prospect Administration in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of our chief financial officer and chief compliance officer and his staff. For the three months ended September 30, 2013 and 2012, the reimbursement was approximately \$3,986 and \$2,184, respectively. Under this agreement, Prospect Administration furnishes us with office facilities, equipment and clerical, bookkeeping and record keeping services at such facilities. Prospect Administration also performs, or oversees the performance of, our required administrative services, which include, among other things, being responsible for the financial records that we are required to maintain and preparing reports to our stockholders and reports filed with the SEC. In addition, Prospect Administration assists us in determining and publishing our net asset value, overseeing the preparation and filing of our tax returns and the printing and dissemination of reports to our stockholders, and generally oversees the payment of our expenses and the performance of administrative and professional services rendered to us by others. Under the Administration Agreement, Prospect Administration also provides on our behalf managerial assistance to those portfolio companies to which we are required to provide such assistance. The Administration Agreement may be terminated by either party without penalty upon 60 days' written notice to the other party. Prospect Administration is a wholly owned subsidiary of the

Investment Adviser.

The Administration Agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Administration and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of Prospect Administration's services under the Administration Agreement or otherwise as administrator for us.

Managerial Assistance

As a business development company, we offer, and must provide upon request, managerial assistance to certain of our portfolio companies. This assistance could involve, among other things, monitoring the operations of our portfolio companies, participating in board and management meetings, consulting with and advising officers of portfolio companies and providing other organizational and financial guidance. As of September 30, 2013 and June 30, 2013, \$130 and \$1,291 of managerial assistance fees remain on the Consolidated Statements of Assets and Liabilities as a payable to Prospect Administration for reimbursement of its cost in providing such assistance.

Note 13. Litigation

From time to time, we may become involved in various investigations, claims and legal proceedings that arise in the ordinary course of our business. These matters may relate to intellectual property, employment, tax, regulation, contract or other matters. The resolution of these matters as they arise will be subject to various uncertainties and, even if such claims are without merit, could result in the expenditure of significant financial and managerial resources. During the three months ended September 30, 2013, we received \$5,000 of legal cost reimbursement from a litigation settlement, which had been expensed in prior quarters, and is recognized as other income on our consolidated financial statements. We are not aware of any other material litigation as of the date of this report.

(1) Per share amounts are calculated using weighted average shares during period.

Note 16. Subsequent Events

During the period from October 1, 2013 to November 4, 2013, we issued \$56,771 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of \$55,739. In addition, we sold \$8,158 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of \$8,005 with expected closing on November 7, 2013. During the period from October 1, 2013 to November 4, 2013, we sold 12,652,811 shares of our common stock at an average price of \$11.21 per share, and raised \$141,804 of gross proceeds, under the ATM Program. Net proceeds were \$140,416 after commissions to the broker-dealer on shares sold and offering costs.

On October 1, 2013, we made a \$2,600 follow-on investment in Airmall, a leading developer and manager of airport retail operations.

On October 2, 2013, we announced an increase of \$20,000 to our commitments to our credit facility. The commitments to the credit facility now stand at \$587,500.

On October 7, 2013, Evanta Ventures, Inc. repaid the \$10,506 loan receivable to us.

On October 11, 2013, we made a \$5,846 follow-on senior debt and equity investment in CP Holdings of Delaware LLC, an energy services company based in western Oklahoma.

On October 11, 2013, we provided \$25,000 in preferred equity for the recapitalization of Ajax Rolled Ring & Machine, Inc. After the financing, we received repayment of the \$20,009 loan previously outstanding.

On October 15, 2013, we made a secured debt investment of \$2,000 in Digital Insight, a leading provider of digital banking software to financial institutions in the U.S. which allows financial institutions to offer a comprehensive, user friendly platform of products and services through the online and mobile channels. On the same day, we fully exited the deal and realized a gain of \$20 on this investment.

On October 15, 2013, our Registration Statement on Form N-2 was declared effective by the SEC. Under this Shelf Registration Statement, we can issue up to an additional \$5,000,000 of debt and equity securities.

September 30, 2013

(Unaudited)

(in thousands, except share and per share data)

Note 16. Subsequent Events (Continued)

On October 16, 2013, we made a secured debt investment of \$7,000 in Renaissance Learning, Inc., a leading provider of technology based school improvement and student assessment programs. On November 4, 2013, we fully exited the investment and realized a gain of \$140 on this investment.

On October 17, 2013, \$19,730 of the Apidos CLO VIII, Ltd. subordinated notes were called.

On October 22, 2013, we made an investment of \$40,791 to purchase 85.05% of the subordinated notes in CIFC Funding 2013-IV, Ltd.

On October 24, 2013, we issued 135,212 shares of our common stock in connection with the dividend reinvestment plan.

On October 29, 2013, we made a \$2,000 follow-on investment in APH.

On October 30, 2013, we made a secured debt investment of \$2,500 in Omnitrac, Inc., one of the world's largest providers of satellite and terrestrial-based connectivity and position location solutions to transportation and logistics companies. On the same day, we fully exited the deal and realized a gain of \$25 on this investment.

On October 30, 2013, we made a secured debt investment of \$6,000 in The Petroleum Place, Inc. ("P2"), a provider of enterprise resource planning software focused on the oil & gas industry. On November 4, 2013, we fully exited this investment and realized a gain of \$60 on this investment.

On October 31, 2013, we sold \$18,755 of the National Bankruptcy Services, LLC loan receivable. The loan receivable was sold at a discount, for which we realized a loss of \$7,854.

On November 1, 2013, P2 repaid the \$22,000 second lien term loan receivable to us.

On November 1, 2013, we made a \$9,869 follow-on investment in APH, to acquire Bexley Apartment Houses, a multi-family residential property located in Marietta, Georgia. We invested \$1,669 of equity and \$8,200 of debt in APH.

On November 4, 2013, we sold \$2,000 of our \$12,500 investment in Photonis Technologies SAS, recognizing a gain of \$50 on the sale.

On November 4, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110400 per share for April 2014 to holders of record on April 30, 2014 with a payment date of May 22, 2014;

\$0.110425 per share for May 2014 to holders of record on May 30, 2014 with a payment date of June 19, 2014; and

\$0.110450 per share for June 2014 to holders of record on June 30, 2014 with a payment date of July 24, 2014.

PROSPECT CAPITAL CORPORATION
Common Stock
Preferred Stock
Debt Securities
Subscription Rights
Warrants
Units

We may offer, from time to time, in one or more offerings or series, together or separately, up to \$5,000,000,000 of our common stock, preferred stock, debt securities, subscription rights to purchase our securities, warrants representing rights to purchase our securities or separately tradeable units combining two or more of our securities, collectively, the Securities, to provide us with additional capital. Securities may be offered at prices and on terms to be disclosed in one or more supplements to this prospectus. You should read this prospectus and the applicable prospectus supplement carefully before you invest in our Securities.

We may offer shares of common stock, subscription rights, units, warrants, options or rights to acquire shares of common stock, at a discount to net asset value per share in certain circumstances. Sales of common stock at prices below net asset value per share dilute the interests of existing stockholders, have the effect of reducing our net asset value per share and may reduce our market price per share. At our 2012 annual meeting, held on December 7, 2012, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering, our stockholders approved our ability to sell or otherwise issue shares of our common stock at any level of discount from net asset value per share for a twelve month period expiring on the anniversary of the date of stockholder approval. We are currently seeking stockholder approval at our 2013 annual meeting, to be held on December 6, 2013, to continue for an additional year our ability to issue shares of common stock below net asset value, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering.

Our Securities may be offered directly to one or more purchasers, or through agents designated from time to time by us, or to or through underwriters or dealers. The prospectus supplement relating to the offering will identify any agents, underwriters or dealers involved in the sale of our Securities, and will disclose any applicable purchase price, fee, commission or discount arrangement between us and our agents, underwriters or dealers, or the basis upon which such amount may be calculated. See "Plan of Distribution." We may not sell any of our Securities through agents, underwriters or dealers without delivery of the prospectus and a prospectus supplement describing the method and terms of the offering of such Securities. Our common stock is traded on The NASDAQ Global Select Market under the symbol "PSEC." As of October 10, 2013, the last reported sales price for our common stock was \$11.07.

Prospect Capital Corporation, or the Company, is a company that lends to and invests in middle market privately-held companies. Prospect Capital Corporation, a Maryland corporation, has been organized as a closed-end investment company since April 13, 2004 and has filed an election to be treated as a business development company under the Investment Company Act of 1940, as amended, or the 1940 Act, and is a non-diversified investment company within the meaning of the 1940 Act.

Prospect Capital Management LLC, our investment adviser, manages our investments and Prospect Administration LLC, our administrator, provides the administrative services necessary for us to operate.

Investing in our Securities involves a heightened risk of total loss of investment. Before buying any Securities, you should read the discussion of the material risks of investing in our Securities in "Risk Factors" beginning on page 12 of this prospectus.

This prospectus contains important information about us that you should know before investing in our Securities. Please read it before making an investment decision and keep it for future reference. We file annual, quarterly and

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we have filed with the SEC, using the "shelf" registration process. Under the shelf registration process, we may offer, from time to time on a delayed basis, up to \$5,000,000,000 of our common stock, preferred stock, debt securities, subscription rights to purchase shares of our securities, warrants representing rights to purchase our securities or separately tradeable units combining two or more of our securities, on the terms to be determined at the time of the offering. The Securities may be offered at prices and on terms described in one or more supplements to this prospectus. This prospectus provides you with a general description of the Securities that we may offer. Each time we use this prospectus to offer Securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. Please carefully read this prospectus and any prospectus supplement together with any exhibits and the additional information described under the heading "Available Information" and the section under the heading "Risk Factors" before you make an investment decision.

Table of Contents

PROSPECTUS SUMMARY

The following summary contains basic information about this offering. It does not contain all the information that may be important to an investor. For a more complete understanding of this offering, we encourage you to read this entire document and the documents to which we have referred.

Information contained or incorporated by reference in this prospectus may contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, which are statements about the future that may be identified by the use of forward-looking terminology such as "may," "will," "expect," "intend," "plans," "anticipate," "estimate" or "continue" or the negative thereof or other variations thereon or comparable terminology. These forward-looking statements do not meet the safe harbor for forward-looking statements pursuant to Section 27A of the Securities Act of 1933, as amended, or the Securities Act. The matters described in "Risk Factors" and certain other factors noted throughout this prospectus and in any exhibits to the registration statement of which this prospectus is a part, constitute cautionary statements identifying important factors with respect to any such forward-looking statements, including certain risks and uncertainties, that could cause actual results to differ materially from those in such forward-looking statements. The Company reminds all investors that no forward-looking statement can be relied upon as an accurate or even mostly accurate forecast because humans cannot forecast the future.

The terms "we," "us," "our," "Prospect," and "Company" refer to Prospect Capital Corporation; "Prospect Capital Management" or the "Investment Adviser" refers to Prospect Capital Management LLC, our investment adviser; and "Prospect Administration" or the "Administrator" refers to Prospect Administration LLC, our administrator.

The Company

We are a financial services company that lends to and invests in middle market privately-held companies. In this prospectus, we use the term "middle-market" to refer to companies typically with annual revenues between \$50 million and \$2 billion.

From our inception to the fiscal year ended June 30, 2007, we invested primarily in industries related to the industrial/energy economy, which consists of companies in the discovery, production, transportation, storage and use of energy resources as well as companies that sell products and services to, or acquire products and services from, these companies. Since then, we have widened our strategy to focus on other sectors of the economy and continue to broaden our portfolio holdings.

We have been organized as a closed-end investment company since April 13, 2004 and have filed an election to be treated as a business development company under the 1940 Act. We are a non-diversified company within the meaning of the 1940 Act. Our headquarters are located at 10 East 40th Street, 44th Floor, New York, NY 10016, and our telephone number is (212) 448-0702.

The Investment Adviser

Prospect Capital Management, an affiliate of the Company, manages our investment activities. Prospect Capital Management is an investment adviser that has been registered under the Investment Advisers Act of 1940, or the Advisers Act, since March 31, 2004. Under an investment advisory and management agreement between us and Prospect Capital Management, or the Investment Advisory Agreement, we have agreed to pay Prospect Capital Management investment advisory fees, which will consist of an annual base management fee based on our gross assets, which we define as total assets without deduction for any liabilities (and, accordingly, includes the value of assets acquired with proceeds from borrowings), as well as a two-part incentive fee based on our performance.

Our Investment Objective and Policies

Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. We focus on making investments in private companies. We are a non-diversified company within the meaning of the 1940 Act.

We invest primarily in first and second lien senior loans and mezzanine debt. First and second lien senior loans generally are senior debt instruments that rank ahead of subordinated debt of a given portfolio company. These loans also have the benefit of security interests on the assets of the portfolio company, which may rank ahead of or be junior to other security interests. Mezzanine debt and our investments in CLOs are subordinated to senior loans and are generally unsecured. Our investments have generally ranged between \$5 million and \$250 million each, although the

investment size may be more or less than this range. Our investment sizes are expected to grow as our capital base expands.

Table of Contents

We also acquire controlling interests in companies in conjunction with making secured debt investments in such companies. These may be in several industries, including industrial, service, real estate and financial businesses. We seek to maximize returns and minimize risk for our investors by applying rigorous analysis to make and monitor our investments. While the structure of our investments varies, we can invest in senior secured debt, senior unsecured debt, subordinated secured debt, subordinated unsecured debt, mezzanine debt, convertible debt, convertible preferred equity, preferred equity, common equity, warrants and other instruments, many of which generate current yield. While our primary focus is to seek current income through investment in the debt and/or dividend-paying equity securities of eligible privately-held, thinly-traded or distressed companies and long-term capital appreciation by acquiring accompanying warrants, options or other equity securities of such companies, we may invest up to 30% of the portfolio in opportunistic investments in order to seek enhanced returns for stockholders. Such investments may include investments in the debt and equity instruments of broadly-traded public companies. We expect that these public companies generally will have debt securities that are non-investment grade. Such investments may also include purchases (either in the primary or secondary markets) of the equity and junior debt tranches of a type of such pools known as CLOs. Structurally, CLOs are entities that are formed to hold a portfolio of senior secured loans ("Senior Secured Loans") made to companies whose debt is rated below investment grade or, in limited circumstances, unrated. The Senior Secured Loans within a CLO are limited to Senior Secured Loans which meet specified credit and diversity criteria and are subject to concentration limitations in order to create an investment portfolio that is diverse by Senior Secured Loan, borrower, and industry, with limitations on non-U.S. borrowers. CLOs are typically highly levered up to approximately 10 times, and therefore the junior debt and equity tranches that we will invest in are subject to a higher risk of total loss. Our potential investment in CLOs is limited by the 1940 Act to 30% of our portfolio. Within this 30% basket, we have and may make additional investments in debt and equity securities of financial companies and companies located outside of the United States.

The Offering

We may offer, from time to time, in one or more offerings or series, together or separately, up to \$5,000,000,000 of our Securities, which we expect to use initially to maintain balance sheet liquidity, involving repayment of debt under our credit facility, investment in high quality short-term debt instruments or a combination thereof, and thereafter to make long-term investments in accordance with our investment objectives.

Our Securities may be offered directly to one or more purchasers, through agents designated from time to time by us, or to or through underwriters or dealers. The prospectus supplement relating to a particular offering will disclose the terms of that offering, including the name or names of any agents, underwriters or dealers involved in the sale of our Securities by us, the purchase price, and any fee,

commission or discount arrangement between us and our agents, underwriters or dealers, or the basis upon which such amount may be calculated. See "Plan of Distribution." We may not sell any of our Securities through agents, underwriters or dealers without delivery of a prospectus supplement describing the method and terms of the offering of our Securities.

We may sell our common stock, subscription rights, units, warrants, options or rights to acquire our common stock, at a price below the current net asset value of our common stock upon approval of our directors, including a majority of our independent directors, in certain circumstances. Our stockholders approved our ability to issue warrants, options or rights to acquire our common stock at our 2008 annual meeting of stockholders for an unlimited time period and in accordance with the 1940 Act which provides that the conversion or exercise price of such warrants, options or rights may be less than net asset value per share at the date such securities are issued or at the date such securities are converted into or exercised for shares of our common stock. At our 2012 annual meeting, held on December 7, 2012, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering, our stockholders approved our ability to sell or otherwise issue shares of our common stock at any level of discount from net asset value per share for a twelve month period expiring on the anniversary of the date of the stockholder approval. We are currently seeking stockholder approval at our 2013 annual meeting, to be held on December 6, 2013, to continue for an additional year our ability to issue shares of common stock below net asset value, subject to the condition that the maximum number of shares salable below net asset value

pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering. See "Sales of Common Stock Below Net Asset Value" in this prospectus and in the prospectus supplement, if applicable. Sales of common stock at prices below net asset value per share dilute the interests of existing stockholders, have the effect of reducing our net asset value per share and may reduce our market price per share. We have no current intention of engaging in a rights offering, although we reserve the right to do so in the future.

Set forth below is additional information regarding the offering of our Securities:

Table of Contents

Use of proceeds	<p>Unless otherwise specified in a prospectus supplement, we intend to use the net proceeds from selling Securities pursuant to this prospectus initially to maintain balance sheet liquidity, involving repayment of debt under our credit facility, if any, investments in high quality short-term debt instruments or a combination thereof, and thereafter to make long-term investments in accordance with our investment objective. Interest on borrowings under the credit facility is one-month LIBOR plus 275 basis points, with no minimum LIBOR floor. Additionally, the lenders charge a fee on the unused portion of the credit facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points otherwise. See "Use of Proceeds."</p>
Distributions	<p>In June 2010, our Board of Directors approved a change in dividend policy from quarterly distributions to monthly distributions. Since that time, we have paid monthly distributions to the holders of our common stock and generally intend to continue to do so. The amount of the monthly distributions is determined by our Board of Directors and is based on our estimate of our investment company taxable income and net short-term capital gains. Certain amounts of the monthly distributions may from time to time be paid out of our capital rather than from earnings for the month as a result of our deliberate planning or accounting reclassifications. Distributions in excess of our current and accumulated earnings and profits constitute a return of capital and will reduce the stockholder's adjusted tax basis in such stockholder's common stock. A return of capital (1) is a return of the original amount invested, (2) does not constitute earnings or profits and (3) while such returns are initially tax free, they will have the effect of reducing the basis such that when a stockholder sells its shares, it may be subject to additional tax even if the shares are sold for less than the original purchase price. After the adjusted basis is reduced to zero, these distributions will constitute capital gains to such stockholders. Certain additional amounts may be deemed as distributed to stockholders for income tax purposes. Other types of Securities will likely pay distributions in accordance with their terms. See "Price Range of Common Stock," "Distributions" and "Material U.S. Federal Income Tax Considerations."</p>
Taxation	<p>We have qualified and elected to be treated for U.S. federal income tax purposes as a regulated investment company, or a RIC, under Subchapter M of the Internal Revenue Code of 1986, or the Code. As a RIC, we generally do not have to pay corporate-level U.S. federal income taxes on any ordinary income or capital gains that we distribute to our stockholders as dividends. To maintain our qualification as a RIC and obtain RIC tax treatment, we must satisfy certain source-of-income and asset diversification requirements and distribute annually at least 90% of our ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, if any. See "Distributions" and "Material U.S. Federal Income Tax Considerations."</p>
Dividend reinvestment plan	<p>We have a dividend reinvestment plan for our stockholders. This is an "opt out" dividend reinvestment plan. As a result, when we declare a dividend, the dividends are automatically reinvested in additional shares of our common stock, unless a stockholder specifically "opts out" of the dividend</p>

The NASDAQ Global Select Market Symbol	reinvestment plan so as to receive cash dividends. Stockholders who receive distributions in the form of stock are subject to the same U.S. federal, state and local tax consequences as stockholders who elect to receive their distributions in cash. See "Dividend Reinvestment Plan." PSEC
Anti-takeover provisions	Our charter and bylaws, as well as certain statutory and regulatory requirements, contain provisions that may have the effect of discouraging a third party from making an acquisition proposal for us. These anti-takeover provisions may inhibit a change in control in circumstances that could give the holders of our common stock the opportunity to realize a premium over the market price of our common stock. See "Description Of Our Capital Stock."
Management arrangements	Prospect Capital Management serves as our investment adviser. Prospect Administration serves as our administrator. For a description of Prospect Capital Management, Prospect Administration and our contractual arrangements with these companies, see "Business—Management Services—Investment Advisory Agreement," and "Business— Management Services—Administration Agreement."

Table of Contents

Risk factors

Investment in our Securities involves certain risks relating to our structure and investment objective that should be considered by prospective purchasers of our Securities. In addition, as a business development company, our portfolio primarily includes securities issued by privately-held companies. These investments generally involve a high degree of business and financial risk, and are less liquid than public securities. We are required to mark the carrying value of our investments to fair value on a quarterly basis, and economic events, market conditions and events affecting individual portfolio companies can result in quarter-to-quarter mark-downs and mark-ups of the value of individual investments that collectively can materially affect our net asset value, or NAV. Also, our determinations of fair value of privately-held securities may differ materially from the values that would exist if there was a ready market for these investments. A large number of entities compete for the same kind of investment opportunities as we do. Moreover, our business requires a substantial amount of capital to operate and to grow and we seek additional capital from external sources. In addition, the failure to qualify as a RIC eligible for pass-through tax treatment under the Code on income distributed to stockholders could have a materially adverse effect on the total return, if any, obtainable from an investment in our Securities. See "Risk Factors" and the other information included in this prospectus for a discussion of factors you should carefully consider before deciding to invest in our Securities.

Plan of distribution

We may offer, from time to time, up to \$5,000,000,000 of our common stock, preferred stock, debt securities, subscription rights to purchase shares of our securities, warrants representing rights to purchase our securities or separately tradeable units combining two or more of our securities on the terms to be determined at the time of the offering. Securities may be offered at prices and on terms described in one or more supplements to this prospectus directly to one or more purchasers, through agents designated from time to time by us, or to or through underwriters or dealers. The supplement to this prospectus relating to the offering will identify any agents or underwriters involved in the sale of our Securities, and will set forth any applicable purchase price, fee and commission or discount arrangement or the basis upon which such amount may be calculated. We may not sell Securities pursuant to this prospectus without delivering a prospectus supplement describing the method and terms of the offering of such Securities. For more information, see "Plan of Distribution."

Fees and Expenses

The following tables are intended to assist you in understanding the costs and expenses that an investor in this offering will bear directly or indirectly. We caution you that some of the percentages indicated in the table below are estimates and may vary. In these tables, we assume that we have borrowed \$2.3 billion. We do not intend to issue preferred stock during the year. Except where the context suggests otherwise, whenever this prospectus contains a reference to fees or expenses paid by "you" or "us" or that "we" will pay fees or expenses, the Company will pay such fees and expenses out of our net assets and, consequently, you will indirectly bear such fees or expenses as an investor in the Company. However, you will not be required to deliver any money or otherwise bear personal liability or responsibility for such fees or expenses.

Table of Contents

Stockholder transaction expenses:		
Sales load (as a percentage of offering price)(1)	3.00	%
Offering expenses borne by the Company (as a percentage of offering price)(2)	0.20	%
Dividend reinvestment plan expenses(3)	None	
Total stockholder transaction expenses (as a percentage of offering price)(4)	3.20	%
Annual expenses (as a percentage of net assets attributable to common stock)(4):		
Management fees(5)	3.88	%
Incentive fees payable under Investment Advisory Agreement (20% of realized capital gains and 20% of pre-incentive fee net investment income)(6)	3.06	%
 Total advisory fees	 6.94	 %
 Total interest expense(7)	 4.32	 %
Acquired Fund Fees and Expenses(8)	0.02	%
Other expenses(9)	1.21	%
 Total annual expenses(6)(9)	 12.49	 %

Example

The following table demonstrates the projected dollar amount of cumulative expenses we would pay out of net assets and that you would indirectly bear over various periods with respect to a hypothetical investment in our common stock. In calculating the following expense amounts, we have assumed we would have borrowed \$2.3 billion, that our annual operating expenses would remain at the levels set forth in the table above and that we would pay the costs shown in the table above.

	1 Year	3 Years	5 Years	10 Years
You would pay the following expenses on a \$1,000 investment, assuming a 5% annual return	\$ 123.32	\$ 293.98	\$ 449.85	\$ 782.94

While the example assumes, as required by the SEC, a 5% annual return, our performance will vary and may result in a return greater or less than 5%. The income incentive fee under our Investment Advisory Agreement with Prospect Capital Management is unlikely to be material assuming a 5% annual return and is not included in the example. If we achieve sufficient returns on our investments, including through the realization of capital gains, to trigger an incentive fee of a material amount, our distributions to our common stockholders and our expenses would likely be higher. In addition, while the example assumes reinvestment of all dividends and other distributions at NAV, participants in our dividend reinvestment plan will receive a number of shares of our common stock determined by dividing the total dollar amount of the distribution payable to a participant by the market price per share of our common stock at the close of trading on the valuation date for the distribution. See "Dividend Reinvestment Plan" for additional information regarding our dividend reinvestment plan.

This example and the expenses in the table above should not be considered a representation of our future expenses. Actual expenses (including the cost of debt, if any, and other expenses) may be greater or less than those shown.

-
- (1) In the event that the Securities to which this prospectus relates are sold to or through underwriters, a corresponding prospectus supplement will disclose the estimated applicable sales load.
- (2) The related prospectus supplement will disclose the estimated amount of offering expenses, the offering price and the estimated offering expenses borne by us as a percentage of the offering price.
- (3) The expenses of the dividend reinvestment plan are included in "other expenses."

(4) The related prospectus supplement will disclose the offering price and the total stockholder transaction expenses as a percentage of the offering price.

(5) Our base management fee is 2% of our gross assets (which include any amount borrowed, i.e., total assets without deduction for any liabilities, including any borrowed amounts for non-investment purposes, for which purpose we have not and have no intention of borrowing). Although we have no intent to borrow the entire amount available under our line of credit, assuming that we borrowed \$2.3 billion, the 2% management fee of gross assets equals

Table of Contents

approximately 3.88% of net assets. Based on our borrowings as of October 10, 2013 of \$1.6 billion, the 2% management fee of gross assets equals approximately 3.44% of net assets. See "Business—Management Services—Investment Advisory Agreement" and footnote 6 below.

(6) Based on the incentive fee paid during our fiscal year ended June 30, 2013, all of which consisted of an income incentive fee. The capital gain incentive fee is paid without regard to pre-incentive fee income. For a more detailed discussion of the calculation of the two-part incentive fee, see "Management Services—Investment Advisory Agreement" in this prospectus.

On December 21, 2010, the Company issued \$150.0 million in aggregate principal amount of 6.25% Convertible Senior Notes due 2015, which we refer to as the 2015 Notes. See "Business—General" and "Risk Factors—Risks Related to our Business" in the accompanying prospectus for more detail on the 2015 Notes. On February 18, 2011, the Company issued \$172.5 million in aggregate principal amount of 5.5% Convertible Senior Notes due 2016, which we refer to as the 2016 Notes. Between January 30, 2012 and February 2, 2012, we repurchased \$5.0 million of our 2016 Notes at a price of 97.5% of par, including commissions. The transactions resulted in us recognizing \$10,000 of loss in the quarter ended March 31, 2012. See "Business—General" and "Risk Factors—Risks Related to our Business" in the accompanying prospectus for more detail on the 2016 Notes. On April 16, 2012, the Company issued \$130.0 million in aggregate principal amount of 5.375% Convertible Senior Notes due 2017, (7) which we refer to as the 2017 Notes. On August 14, 2012, the Company issued \$200.0 million aggregate principal amount of 5.75% Convertible Senior Notes due 2018, which we refer to as the 2018 Notes. On December 21, 2012, the Company issued \$200.0 million aggregate principal amount of 5.875% Convertible Senior Notes due 2019, which we refer to as the 2019 Notes. The 2015 Notes, 2016 Notes, 2017 Notes, 2018 Notes and 2019 Notes are referred to collectively as the Senior Convertible Notes. On May 1, 2012 the Company issued \$100.0 million in aggregate principal amount of 6.95% Senior Notes due 2022, which we refer to as the 2022 Notes. On March 15, 2013 the Company issued \$250.0 million in aggregate principal amount of 5.875% Senior Notes due 2023, which we refer to as the 2023 Notes. As of October 10, 2013, the Company has issued \$0.5 billion in aggregate principal amount of our Prospect Capital InterNotes®. The Senior Convertible Notes, the 2022 Notes, the 2023 Notes and the Prospect Capital InterNotes® are referred to collectively as the Notes.

The Company's stockholders indirectly bear the expenses of underlying investment companies in which the Company invests. This amount includes the fees and expenses of investment companies in which the Company is invested in as of June 30, 2013. When applicable, fees and expenses are based on historic fees and expenses for the investment companies and for those investment companies with little or no operating history, fees and expenses are (8) based on expected fees and expenses stated in the investment companies' prospectus or other similar communication without giving effect to any performance. Future fees and expenses for certain investment companies may be substantially higher or lower because certain fees and expenses are based on the performance of the investment companies, which may fluctuate over time. The amount of the Company's average net assets used in calculating this percentage was based on net assets of approximately \$2.7 billion as of June 30, 2013.

"Other expenses" are based on estimated amounts for the current fiscal year. The amount shown above represents annualized expenses during our three months ended June 30, 2013 representing all of our estimated recurring operating expenses (except fees and expenses reported in other items of this table) that are deducted from our operating income and reflected as expenses in our Statement of Operations. The estimate of our overhead expenses, (9) including payments under an administration agreement with Prospect Administration, or the Administration Agreement, based on our projected allocable portion of overhead and other expenses incurred by Prospect Administration in performing its obligations under the Administration Agreement. "Other expenses" does not include non-recurring expenses. See "Business—Management Services—Administration Agreement."

- (1) Per share data is based on average weighted shares for the period.
(2) Includes \$207,126 of acquired portfolio investments from Patriot Capital Funding, Inc.

Table of Contents

Total return based on market value is based on the change in market price per share between the opening and ending market prices per share in each period and assumes that dividends are reinvested in accordance with our (3) dividend reinvestment plan. Total return based on net asset value is based upon the change in net asset value per share between the opening and ending net asset values per share in each period and assumes that dividends are reinvested in accordance with our dividend reinvestment plan.

(4) Excludes equity investments and non-performing loans.

Table of Contents

RISK FACTORS

Investing in our Securities involves a high degree of risk. You should carefully consider the risks described below, together with all of the other information included in this prospectus, before you decide whether to make an investment in our Securities. The risks set forth below are not the only risks we face. If any of the adverse events or conditions described below occur, our business, financial condition and results of operations could be materially adversely affected. In such case, our NAV, and the trading price of our common stock could decline, or the value of our preferred stock, debt securities, and warrants, if any are outstanding, may decline, and you may lose all or part of your investment.

Risks Relating to Our Business

Capital markets could experience a period of disruption and instability. Such market conditions have historically and could again have a material and adverse effect on debt and equity capital markets in the United States and abroad, which had, and may in the future have, a negative impact on our business and operations.

The global capital markets have historically experienced an extended period of instability as evidenced by the periodic disruptions in liquidity in the debt capital markets, significant write-offs in the financial services sector, the re-pricing of credit risk in the broadly syndicated credit market and the failure of certain major financial institutions. Despite actions of the U.S. federal government and foreign governments during such period, these events contributed to worsening general economic conditions that materially and adversely impacted the broader financial and credit markets and reduced the availability of debt and equity capital for the market as a whole and financial services firms in particular. While recent market conditions have improved, there can be no assurance that adverse market conditions will not repeat themselves or worsen in the future. If these adverse and volatile market conditions repeat themselves or worsen in the future, we and other companies in the financial services sector may have to access, if available, alternative markets for debt and equity capital in order to grow. Equity capital may be difficult to raise because, subject to some limited exceptions, as a BDC, we are generally not able to issue additional shares of our common stock at a price less than net asset value without first obtaining approval for such issuance from our stockholders and our independent directors. At our annual meeting of stockholders held on December 7, 2012, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering, our stockholders approved our ability to sell or otherwise issue shares of our common stock at a price below its then current net asset value per share for a twelve month period expiring on the anniversary of the date of stockholder approval. It should be noted that, theoretically, we may offer up to 25% of our then outstanding common stock each day. In addition, our ability to incur indebtedness (including by issuing preferred stock) is limited by applicable regulations such that our asset coverage, as calculated in accordance with the Investment Company Act, must equal at least 200% immediately after each time we incur indebtedness. The debt capital that will be available to us in the future, if at all, may be at a higher cost and on less favorable terms and conditions than what we currently experience. Any inability to raise capital could have a negative effect on our business, financial condition and results of operations.

Moreover, the re-appearance of market conditions similar to those experienced from 2007 through 2009 for any substantial length of time could make it difficult to extend the maturity of or refinance our existing indebtedness under similar terms and any failure to do so could have a material adverse effect on our business.

Given the extreme volatility and dislocation that the capital markets have historically experienced, many BDCs have faced, and may in the future face, a challenging environment in which to raise or access capital. In addition, significant changes in the capital markets, including the extreme volatility and disruption over the past several years, has had, and may in the future have, a negative effect on the valuations of our investments and on the potential for liquidity events involving our investments. While most of our investments are not publicly traded, applicable accounting standards require us to assume as part of our valuation process that our investments are sold in a principal market to market participants (even if we plan on holding an investment through its maturity). As a result, volatility in the capital markets can adversely affect our investment valuations. Further, the illiquidity of our investments may make it difficult for us to sell such investments to access capital if required. As a result, we could realize significantly less than the value at which we have recorded our investments if we were required to sell them for liquidity purposes.

An inability to raise or access capital could have a material adverse impact on our business, financial condition or results of operations.

The current financial market situation, as well as various social and political tensions in the United States and around the world, particularly in the Middle East, may continue to contribute to increased market volatility, may have long-term effects on the United States and worldwide financial markets, and may cause further economic uncertainties or deterioration in the United States and worldwide. Since 2010, several European Union ("EU") countries, including Greece, Ireland, Italy, Spain, and Portugal have faced budget issues, some of which may have negative long-term effects for the economies of those countries and other EU countries. There is continued concern about national-level support for the euro and the accompanying

Table of Contents

coordination of fiscal and wage policy among European Economic and Monetary Union member countries. We do not know how long the financial markets will continue to be affected by these events and cannot predict the effects of these or similar events in the future on the United States economy and securities markets or on our investments. We monitor developments and seeks to manage our investments in a manner consistent with achieving our investment objective, but there can be no assurance that it will be successful in doing so; and we may not timely anticipate or manage existing, new or additional risks, contingencies or developments, including regulatory developments in the current or future market environment.

We may suffer credit losses.

Investment in small and middle-market companies is highly speculative and involves a high degree of risk of credit loss. These risks are likely to increase during volatile economic periods, such as the U.S. and many other economies have recently been experiencing. See "Risks Related to Our Investments."

Our financial condition and results of operations will depend on our ability to manage our future growth effectively. Prospect Capital Management has been registered as an investment adviser since March 31, 2004, and we have been organized as a closed-end investment company since April 13, 2004. Our ability to achieve our investment objective depends on our ability to grow, which depends, in turn, on the Investment Adviser's ability to continue to identify, analyze, invest in and monitor companies that meet our investment criteria. Accomplishing this result on a cost-effective basis is largely a function of the Investment Adviser's structuring of investments, its ability to provide competent, attentive and efficient services to us and our access to financing on acceptable terms. As we continue to grow, Prospect Capital Management will need to continue to hire, train, supervise and manage new employees.

Failure to manage our future growth effectively could have a materially adverse effect on our business, financial condition and results of operations.

We are dependent upon Prospect Capital Management's key management personnel for our future success.

We depend on the diligence, skill and network of business contacts of the senior management of the Investment Adviser. We also depend, to a significant extent, on the Investment Adviser's access to the investment professionals and the information and deal flow generated by these investment professionals in the course of their investment and portfolio management activities. The senior management team of the Investment Adviser evaluates, negotiates, structures, closes, monitors and services our investments. Our success depends to a significant extent on the continued service of the senior management team, particularly John F. Barry III and M. Grier Eliasek. The departure of any of the senior management team could have a materially adverse effect on our ability to achieve our investment objective. In addition, we can offer no assurance that Prospect Capital Management will remain the Investment Adviser or that we will continue to have access to its investment professionals or its information and deal flow.

We operate in a highly competitive market for investment opportunities.

A number of entities compete with us to make the types of investments that we make in middle-market companies.

We compete with other BDCs, public and private funds, commercial and investment banks, commercial financing companies, insurance companies, hedge funds, and, to the extent they provide an alternative form of financing, private equity funds. Many of our competitors are substantially larger and have considerably greater financial, technical and marketing resources than we do. Some competitors may have a lower cost of funds and access to funding sources that are not available to us. In addition, some of our competitors may have higher risk tolerances or different risk assessments, which could allow them to consider a wider variety of investments and establish more relationships than us. Furthermore, many of our competitors are not subject to the regulatory restrictions that the Investment Company Act imposes on us as a BDC and that the Code imposes on us as a RIC. We cannot assure you that the competitive pressures we face will not have a material adverse effect on our business, financial condition and results of operations. Also, as a result of this competition, we may not be able to pursue attractive investment opportunities from time to time.

We do not seek to compete primarily based on the interest rates we offer and we believe that some of our competitors may make loans with interest rates that are comparable to or lower than the rates we offer. Rather, we compete with our competitors based on our existing investment platform, seasoned investment professionals, experience and focus on middle-market companies, disciplined investment philosophy, extensive industry focus and flexible transaction structuring.

We may lose investment opportunities if we do not match our competitors' pricing, terms and structure. If we match our competitors' pricing, terms and structure, we may experience decreased net interest income and increased risk of credit loss. As a result of operating in such a competitive environment, we may make investments that are on less favorable terms than what we may have originally anticipated, which may impact our return on these investments.

Table of Contents

We fund a portion of our investments with borrowed money, which magnifies the potential for gain or loss on amounts invested and may increase the risk of investing in us.

Borrowings and other types of financing, also known as leverage, magnify the potential for gain or loss on amounts invested and, therefore, increase the risks associated with investing in our securities. Our lenders have fixed dollar claims on our assets that are superior to the claims of our common stockholders or any preferred stockholders. If the value of our assets increases, then leveraging would cause the net asset value to increase more sharply than it would have had we not leveraged. Conversely, if the value of our assets decreases, leveraging would cause net asset value to decline more sharply than it otherwise would have had we not leveraged. Similarly, any increase in our income in excess of consolidated interest payable on the borrowed funds would cause our net income to increase more than it would without the leverage, while any decrease in our income would cause net income to decline more sharply than it would have had we not borrowed. Such a decline could negatively affect our ability to make common stock dividend payments. Leverage is generally considered a speculative investment technique.

Changes in interest rates may affect our cost of capital and net investment income.

A portion of the debt investments we make bears interest at fixed rates and other debt investments bear interest at variable rates with floors and the value of these investments could be negatively affected by increases in market interest rates. In addition, as the interest rate on our revolving credit facility is at a variable rate based on an index, an increase in interest rates would make it more expensive to use debt to finance our investments. As a result, an increase in market interest rates could both reduce the value of our portfolio investments and increase our cost of capital, which could reduce our net investment income or net increase in net assets resulting from operations.

We need to raise additional capital to grow because we must distribute most of our income.

We need additional capital to fund growth in our investments. A reduction in the availability of new capital could limit our ability to grow. We must distribute at least 90% of our ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, if any, to our stockholders to maintain our status as a regulated investment company, or RIC, for U.S. federal income tax purposes. As a result, such earnings are not available to fund investment originations. We have sought additional capital by borrowing from financial institutions and may issue debt securities or additional equity securities. If we fail to obtain funds from such sources or from other sources to fund our investments, we could be limited in our ability to grow, which may have an adverse effect on the value of our common stock. In addition, as a business development company, we generally may not borrow money or issue debt securities or issue preferred stock unless immediately thereafter our ratio of total assets to total borrowings and other senior securities is at least 200%. This may restrict our ability to obtain additional leverage in certain circumstances.

We may experience fluctuations in our quarterly results.

We could experience fluctuations in our quarterly operating results due to a number of factors, including the interest or dividend rates payable on the debt or equity securities we hold, the default rate on debt securities, the level of our expenses, variations in and the timing of the recognition of realized and unrealized gains or losses, the degree to which we encounter competition in our markets, and general economic conditions. As a result of these factors, results for any period should not be relied upon as being indicative of performance in future periods.

Our most recent NAV was calculated on June 30, 2013 and our NAV when calculated effective September 30, 2013 and thereafter may be higher or lower.

Our most recently estimated NAV per share is \$10.75 on an as adjusted basis solely to give effect to our issuance of common stock since June 30, 2013 in connection with our dividend reinvestment plan, shares issued in connection with investment transactions, and our issuance of 26,733,617 shares of common stock during the period from July 1, 2013 to October 10, 2013 (including shares with settlement dates through October 16, 2013) under our at-the-market program (the "ATM Program"), \$0.03 higher than the \$10.72 determined by us as of June 30, 2013. NAV per share as of September 30, 2013 may be higher or lower than \$10.75 based on potential changes in valuations, issuances of securities, dividends paid and earnings for the quarter then ended. Our Board of Directors has not yet determined the fair value of portfolio investments at any date subsequent to June 30, 2013. Our Board of Directors determines the fair value of our portfolio investments on a quarterly basis in connection with the preparation of quarterly financial statements and based on input from independent valuation firms, the Investment Adviser, the Administrator and the Audit Committee of our Board of Directors.

Table of Contents

The Investment Adviser's liability is limited under the Investment Advisory Agreement, and we are required to indemnify the Investment Adviser against certain liabilities, which may lead the Investment Adviser to act in a riskier manner on our behalf than it would when acting for its own account.

The Investment Adviser has not assumed any responsibility to us other than to render the services described in the Investment Advisory Agreement, and it will not be responsible for any action of our Board of Directors in declining to follow the Investment Adviser's advice or recommendations. Pursuant to the Investment Advisory Agreement, the Investment Adviser and its members and their respective officers, managers, partners, agents, employees, controlling persons and members and any other person or entity affiliated with it will not be liable to us for their acts under the Investment Advisory Agreement, absent willful misfeasance, bad faith, gross negligence or reckless disregard in the performance of their duties. We have agreed to indemnify, defend and protect the Investment Adviser and its members and their respective officers, managers, partners, agents, employees, controlling persons and members and any other person or entity affiliated with it with respect to all damages, liabilities, costs and expenses resulting from acts of the Investment Adviser not arising out of willful misfeasance, bad faith, gross negligence or reckless disregard in the performance of their duties under the Investment Advisory Agreement. These protections may lead the Investment Adviser to act in a riskier manner when acting on our behalf than it would when acting for its own account.

Potential conflicts of interest could impact our investment returns.

Our executive officers and directors, and the executive officers of the Investment Adviser, may serve as officers, directors or principals of entities that operate in the same or related lines of business as we do or of investment funds managed by our affiliates. Accordingly, they may have obligations to investors in those entities, the fulfillment of which might not be in our best interests or those of our stockholders. Nevertheless, it is possible that new investment opportunities that meet our investment objective may come to the attention of one of these entities in connection with another investment advisory client or program, and, if so, such opportunity might not be offered, or otherwise made available, to us. However, as an investment adviser, Prospect Capital Management has a fiduciary obligation to act in the best interests of its clients, including us. To that end, if Prospect Capital Management or its affiliates manage any additional investment vehicles or client accounts in the future, Prospect Capital Management will endeavor to allocate investment opportunities in a fair and equitable manner over time so as not to discriminate unfairly against any client.

If Prospect Capital Management chooses to establish another investment fund in the future, when the investment professionals of Prospect Capital Management identify an investment, they will have to choose which investment fund should make the investment.

In the course of our investing activities, under the Investment Advisory Agreement we pay base management and incentive fees to Prospect Capital Management, and reimburse Prospect Capital Management for certain expenses it incurs. As a result of the Investment Advisory Agreement, there may be times when the senior management team of Prospect Capital Management has interests that differ from those of our stockholders, giving rise to a conflict.

The Investment Adviser receives a quarterly income incentive fee based, in part, on our pre-incentive fee net investment income, if any, for the immediately preceding calendar quarter. This income incentive fee is subject to a fixed quarterly hurdle rate before providing an income incentive fee return to Prospect Capital Management. This fixed hurdle rate was determined when then current interest rates were relatively low on a historical basis. Thus, if interest rates rise, it would become easier for our investment income to exceed the hurdle rate and, as a result, more likely that Prospect Capital Management will receive an income incentive fee than if interest rates on our investments remained constant or decreased. Subject to the receipt of any requisite stockholder approval under the 1940 Act, our Board of Directors may adjust the hurdle rate by amending the Investment Advisory Agreement.

The income incentive fee payable by us is computed and paid on income that may include interest that has been accrued but not yet received in cash. If a portfolio company defaults on a loan that has a deferred interest feature, it is possible that interest accrued under such loan that has previously been included in the calculation of the income incentive fee will become uncollectible. If this happens, Prospect Capital Management is not required to reimburse us for any such income incentive fee payments. If we do not have sufficient liquid assets to pay this incentive fee or distributions to stockholders on such accrued income, we may be required to liquidate assets in order to do so. This fee structure could give rise to a conflict of interest for Prospect Capital Management to the extent that it may encourage Prospect Capital Management to favor debt financings that provide for deferred interest, rather than current

cash payments of interest.

We have entered into a royalty-free license agreement with Prospect Capital Management. Under this agreement, Prospect Capital Management agrees to grant us a non-exclusive license to use the name "Prospect Capital." Under the license agreement, we have the right to use the "Prospect Capital" name for so long as Prospect Capital Management or one of its affiliates remains our investment adviser. In addition, we rent office space from Prospect Administration, an affiliate of Prospect Capital Management, and pay Prospect Administration our allocable portion of overhead and other expenses incurred by Prospect Administration in performing its obligations as Administrator under the Administration Agreement, including rent

Table of Contents

and our allocable portion of the costs of our chief financial officer and chief compliance officer and their respective staffs. This may create conflicts of interest that our Board of Directors monitors.

Our incentive fee could induce Prospect Capital Management to make speculative investments.

The incentive fee payable by us to Prospect Capital Management may create an incentive for the Investment Adviser to make investments on our behalf that are more speculative or involve more risk than would be the case in the absence of such compensation arrangement. The way in which the incentive fee payable is determined (calculated as a percentage of the return on invested capital) may encourage the Investment Adviser to use leverage to increase the return on our investments. Increased use of leverage and this increased risk of replacement of that leverage at maturity would increase the likelihood of default, which would disfavor holders of our common stock. Similarly, because the Investment Adviser will receive an incentive fee based, in part, upon net capital gains realized on our investments, the Investment Adviser may invest more than would otherwise be appropriate in companies whose securities are likely to yield capital gains, as compared to income producing securities. Such a practice could result in our investing in more speculative securities than would otherwise be the case, which could result in higher investment losses, particularly during economic downturns.

The incentive fee payable by us to Prospect Capital Management could create an incentive for the Investment Adviser to invest on our behalf in instruments, such as zero coupon bonds, that have a deferred interest feature. Under these investments, we would accrue interest income over the life of the investment but would not receive payments in cash on the investment until the end of the term. Our net investment income used to calculate the income incentive fee, however, includes accrued interest. For example, accrued interest, if any, on our investments in zero coupon bonds will be included in the calculation of our incentive fee, even though we will not receive any cash interest payments in respect of payment on the bond until its maturity date. Thus, a portion of this incentive fee would be based on income that we may not have yet received in cash in the event of default may never receive.

We may be obligated to pay our Investment Adviser incentive compensation even if we incur a loss.

The Investment Adviser is entitled to incentive compensation for each fiscal quarter based, in part, on our pre-incentive fee net investment income if any, for the immediately preceding calendar quarter above a performance threshold for that quarter. Accordingly, since the performance threshold is based on a percentage of our net asset value, decreases in our net asset value make it easier to achieve the performance threshold. Our pre-incentive fee net investment income for incentive compensation purposes excludes realized and unrealized capital losses or depreciation that we may incur in the fiscal quarter, even if such capital losses or depreciation result in a net loss on our statement of operations for that quarter. Thus, we may be required to pay the Investment Adviser incentive compensation for a fiscal quarter even if there is a decline in the value of our portfolio or we incur a net loss for that quarter.

The Investment Adviser and Administrator have the right to resign on 60 days' notice, and we may not be able to find a suitable replacement within that time, resulting in a disruption in our operations that could adversely affect our business, financial condition and results of operations.

The Investment Adviser and Administrator have the right, under the Investment Advisory Agreement and Administration Agreement, respectively, to resign at any time upon not less than 60 days' written notice, whether we have found a replacement or not. If the Investment Adviser or Administrator resigns, we may not be able to find a replacement or hire internal management or administration with similar expertise and ability to provide the same or equivalent services on acceptable terms within 60 days, or at all. If we are unable to do so quickly, our operations are likely to experience a disruption, our business, financial condition and results of operations as well as our ability to pay distributions are likely to be adversely affected and the market price of our shares may decline. In addition, the coordination of our internal management and investment activities or our internal administration activities, as applicable, is likely to suffer if we are unable to identify and reach an agreement with a single institution or group of executives having the expertise possessed by the Investment Adviser and its affiliates or the Administrator and its affiliates. Even if we are able to retain comparable management or administration, whether internal or external, the integration of such management or administration and their lack of familiarity with our investment objective may result in additional costs and time delays that may adversely affect our business, financial condition and results of operations.

Changes in the laws or regulations governing our business or the businesses of our portfolio companies and any failure by us or our portfolio companies to comply with these laws or regulations, could negatively affect the profitability of our operations or of our portfolio companies.

We are subject to changing rules and regulations of federal and state governments, as well as the stock exchange on which our common stock is listed. These entities, including the Public Company Accounting Oversight Board, the SEC and The NASDAQ Global Select Market, have issued a significant number of new and increasingly complex requirements and regulations over the course of the last several years and continue to develop additional regulations. In particular, changes in the laws or regulations or the interpretations of the laws and regulations that govern BDCs, RICs or non-depository commercial

Table of Contents

lenders could significantly affect our operations and our cost of doing business. We are subject to federal, state and local laws and regulations and are subject to judicial and administrative decisions that affect our operations, including our loan originations, maximum interest rates, fees and other charges, disclosures to portfolio companies, the terms of secured transactions, collection and foreclosure procedures and other trade practices. If these laws, regulations or decisions change, or if we expand our business into jurisdictions that have adopted more stringent requirements than those in which we currently conduct business, we may have to incur significant expenses in order to comply, or we might have to restrict our operations. In addition, if we do not comply with applicable laws, regulations and decisions, we may lose licenses needed for the conduct of our business and be subject to civil fines and criminal penalties, any of which could have a material adverse effect upon our business, financial condition and results of operations.

Foreign and domestic political risk may adversely affect our business.

We are exposed to political risk to the extent that Prospect Capital Management, on its behalf and subject to its investment guidelines, transacts in securities in the U.S. and foreign markets. The governments in any of these jurisdictions could impose restrictions, regulations or other measures, which may have a material adverse impact on our strategy.

Risks Relating to Our Operation as a Business Development Company

If we do not invest a sufficient portion of our assets in qualifying assets, we could fail to qualify as a BDC or be precluded from investing according to our current business strategy.

As a BDC, we may not acquire any assets other than "qualifying assets" unless, at the time of and after giving effect to such acquisition, at least 70% of our total assets are qualifying assets. We believe that most of the investments that we may acquire in the future will constitute qualifying assets. However, we may be precluded from investing in what we believe are attractive investments if such investments are not qualifying assets for purposes of the 1940 Act. If we do not invest a sufficient portion of our assets in qualifying assets, we could be found to be in violation of the 1940 Act provisions applicable to BDCs, which would have a material adverse effect on our business, financial condition and results of operations. Similarly, these rules could prevent us from making follow-on investments in existing portfolio companies (which could result in the dilution of our position) or could require us to dispose of investments at inappropriate times in order to come into compliance with the 1940 Act. Because most of our investments will be in private companies, and therefore will be relatively illiquid, any such dispositions could be made at disadvantageous prices and could result in substantial losses.

If we fail to qualify as a RIC, we will have to pay corporate-level taxes on our income, and our income available for distribution would be reduced.

To maintain our qualification for U.S. federal income tax purposes as a RIC under Subchapter M of the Internal Revenue Code of 1986, as amended, or the Code, and obtain RIC tax treatment, we must meet certain source of income, asset diversification and annual distribution requirements.

The source of income requirement is satisfied if we derive at least 90% of our annual gross income from interest, dividends, payments with respect to certain securities loans, gains from the sale or other disposition of securities or options thereon or foreign currencies, or other income derived with respect to our business of investing in such securities or currencies, and net income from interests in "qualified publicly traded partnerships," as defined in the Code.

The annual distribution requirement for a RIC is satisfied if we distribute at least 90% of our ordinary income and net short-term capital gains in excess of net long-term capital losses, if any, to our stockholders on an annual basis.

Because we use debt financing, we are subject to certain asset coverage ratio requirements under the 1940 Act and financial covenants that could, under certain circumstances, restrict us from making distributions necessary to qualify for RIC tax treatment. If we are unable to obtain cash from other sources, we may fail to qualify for RIC tax treatment and, thus, may be subject to corporate-level income tax on all of our taxable income.

To maintain our qualification as a RIC, we must also meet certain asset diversification requirements at the end of each quarter of our taxable year. Failure to meet these tests may result in our having to dispose of certain investments quickly in order to prevent the loss of RIC status. Because most of our investments are in private companies, any such dispositions could be made at disadvantageous prices and may result in substantial losses.

If we fail to qualify as a RIC for any reason or become subject to corporate income tax, the resulting corporate taxes would substantially reduce our net assets, the amount of income available for distribution, and the actual amount of our distributions. Such a failure would have a materially adverse effect on us and our stockholders. For additional information regarding asset coverage ratio and RIC requirements, see "Material U.S. Federal Income Tax Considerations" and "Business—Regulation as a Business Development Company".

Table of Contents

We may have difficulty paying our required distributions if we recognize income before or without receiving cash representing such income.

For U.S. federal income tax purposes, we include in income certain amounts that we have not yet received in cash, such as original issue discount or payment-in-kind interest, which represents contractual interest added to the loan balance and due at the end of the loan term. Such amounts could be significant relative to our overall investment activities. We also may be required to include in taxable income certain other amounts that we do not receive in cash. While we focus primarily on investments that will generate a current cash return, our investment portfolio currently includes, and we may continue to invest in, securities that do not pay some or all of their return in periodic current cash distributions.

The income incentive fee payable by us is computed and paid on income that may include interest that has been accrued but not yet received in cash. If a portfolio company defaults on a loan that is structured to provide accrued interest, it is possible that accrued interest previously used in the calculation of the income incentive fee will become uncollectible.

Since in some cases we may recognize taxable income before or without receiving cash representing such income, we may have difficulty distributing at least 90% of our ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, if any, as required to maintain RIC tax treatment. Accordingly, we may have to sell some of our investments at times we would not consider advantageous, raise additional debt or equity capital or reduce new investment originations to meet these distribution requirements. If we are not able to obtain cash from other sources, we may fail to qualify for RIC treatment and thus become subject to corporate-level income tax. See "Material U.S. Federal Income Tax Considerations" and "Business—Regulation as a Business Development Company". Regulations governing our operation as a business development company affect our ability to raise, and the way in which we raise, additional capital.

We have incurred indebtedness under our revolving credit facility and through the issuance of the Notes and, in the future, may issue preferred stock or debt securities and/or borrow additional money from banks or other financial institutions, which we refer to collectively as "senior securities," up to the maximum amount permitted by the 1940 Act. Under the provisions of the 1940 Act, we are permitted, as a BDC, to incur indebtedness or issue senior securities only in amounts such that our asset coverage, as defined in the 1940 Act, equals at least 200% after each issuance of senior securities. If the value of our assets declines, we may be unable to satisfy this test, which would prohibit us from paying dividends in cash or other property and could prohibit us from qualifying as a RIC. If we cannot satisfy this test, we may be required to sell a portion of our investments or sell additional shares of common stock at a time when such sales may be disadvantageous in order to repay a portion of our indebtedness or otherwise increase our net assets. In addition, issuance of additional common stock could dilute the percentage ownership of our current stockholders in us.

As a BDC regulated under provisions of the 1940 Act, we are not generally able to issue and sell our common stock at a price below the current net asset value per share without stockholder approval. If our common stock trades at a discount to net asset value, this restriction could adversely affect our ability to raise capital. We may, however, sell our common stock, or warrants, options or rights to acquire our common stock, at a price below the current net asset value of our common stock in certain circumstances, including if (i)(1) the holders of a majority of our shares (or, if less, at least 67% of a quorum consisting of a majority of our shares) and a similar majority of the holders of our shares who are not affiliated persons of us approve the sale of our common stock at a price that is less than the current net asset value, and (2) a majority of our Directors who have no financial interest in the transaction and a majority of our independent Directors (a) determine that such sale is in our and our stockholders' best interests and (b) in consultation with any underwriter or underwriters of the offering, make a good faith determination as of a time either immediately prior to the first solicitation by us or on our behalf of firm commitments to purchase such shares, or immediately prior to the issuance of such shares, that the price at which such shares are to be sold is not less than a price which closely approximates the market value of such shares, less any distributing commission or discount or if (ii) a majority of the number of the beneficial holders of our common stock entitled to vote at our annual meeting, without regard to whether a majority of such shares are voted in favor of the proposal, approve the sale of our common stock at a price that is less than the current net asset value per share.

To generate cash for funding new investments, we pledged a substantial portion of our portfolio investments under our revolving credit facility. These assets are not available to secure other sources of funding or for securitization. Our ability to obtain additional secured or unsecured financing on attractive terms in the future is uncertain. Alternatively, we may securitize our future loans to generate cash for funding new investments. See "Securitization of our assets subjects us to various risks."

Table of Contents

Securitization of our assets subjects us to various risks.

We may securitize assets to generate cash for funding new investments. We refer to the term securitize to describe a form of leverage under which a company such as us (sometimes referred to as an "originator" or "sponsor") transfers income producing assets to a single-purpose, bankruptcy-remote subsidiary (also referred to as a "special purpose entity" or SPE), which is established solely for the purpose of holding such assets and entering into a structured finance transaction. The SPE then issues notes secured by such assets. The special purpose entity may issue the notes in the capital markets either publicly or privately to a variety of investors, including banks, non-bank financial institutions and other investors. There may be a single class of notes or multiple classes of notes, the most senior of which carries less credit risk and the most junior of which may carry substantially the same credit risk as the equity of the SPE.

An important aspect of most debt securitization transactions is that the sale and/or contribution of assets into the SPE be considered a true sale and/or contribution for accounting purposes and that a reviewing court would not consolidate the SPE with the operations of the originator in the event of the originator's bankruptcy based on equitable principles.

Viewed as a whole, a debt securitization seeks to lower risk to the note purchasers by isolating the assets collateralizing the securitization in an SPE that is not subject to the credit and bankruptcy risks of the originator. As a result of this perceived reduction of risk, debt securitization transactions frequently achieve lower overall leverage costs for originators as compared to traditional secured lending transactions.

In accordance with the above description, to securitize loans, we may create a wholly owned subsidiary and contribute a pool of our assets to such subsidiary. The SPE may be funded with, among other things, whole loans and such loans may or may not be rated. The SPE would then sell its notes to purchasers who we would expect to be willing to accept a lower interest rate and the absence of any recourse against us to invest in a pool of income producing assets to which none of our creditors would have access. We would retain all or a portion of the equity in the SPE. An inability to successfully securitize portions of our portfolio or otherwise leverage our portfolio through secured and unsecured borrowings could limit our ability to grow our business and fully execute our business strategy, and could decrease our earnings. However, the successful securitization of portions of our portfolio exposes us to a risk of loss for the equity we retain in the SPE and might expose us to greater risk on our remaining portfolio because the assets we retain may tend to be those that are riskier and more likely to generate losses. A successful securitization may also impose financial and operating covenants that restrict our business activities and may include limitations that could hinder our ability to finance additional loans and investments or to make the distributions required to maintain our status as a RIC under Subchapter M of the Code. The 1940 Act may also impose restrictions on the structure of any securitizations.

Interests we hold in the SPE, if any, will be subordinated to the other interests issued by the SPE. As such, we will only receive cash distributions on such interests if the SPE has made all cash interest and other required payments on all other interests it has issued. In addition, our subordinated interests will likely be unsecured and rank behind all of the secured creditors, known or unknown, of the SPE, including the holders of the senior interests it has issued. Consequently, to the extent that the value of the SPEs portfolio of assets has been reduced as a result of conditions in the credit markets, or as a result of defaults, the value of the subordinated interests we retain would be reduced.

Securitization imposes on us the same risks as borrowing except that our risk in a securitization is limited to the amount of subordinated interests we retain, whereas in a borrowing or debt issuance by us directly we would be at risk for the entire amount of the borrowing or debt issuance.

If the SPE is not consolidated with us, our only interest will be the value of our retained subordinated interest and the income allocated to us, which may be more or less than the cash we receive from the SPE, and none of the SPEs liabilities will be reflected as our liabilities. If the assets of the SPE are not consolidated with our assets and liabilities, then our interest in the SPE may be deemed not to be a qualifying asset for purposes of determining whether 70% of our assets are qualifying assets and the leverage incurred by such SPE may or may not be treated as borrowings by us for purposes of the requirement that we not issue senior securities in an amount in excess of our net assets.

We may also engage in transactions utilizing SPEs and securitization techniques where the assets sold or contributed to the SPE remain on our balance sheet for accounting purposes. If, for example, we sell the assets to the SPE with recourse or provide a guarantee or other credit support to the SPE, its assets will remain on our balance sheet.

Consolidation would also generally result if we, in consultation with the SEC, determine that consolidation would

result in a more accurate reflection of our assets, liabilities and results of operations. In these structures, the risks will be essentially the same as in other securitization transactions but the assets will remain our assets for purposes of the limitations described above on investing in assets that are not qualifying assets and the leverage incurred by the SPE will be treated as borrowings incurred by us for purposes of our limitation on the issuance of senior securities.

The Investment Adviser may have conflicts of interest with respect to potential securitizations in as much as securitizations that are not consolidated may reduce our assets for purposes of determining its investment advisory fee although

Table of Contents

in some circumstances the Investment Adviser may be paid certain fees for managing the assets of the SPE so as to reduce or eliminate any potential bias against securitizations.

Our ability to invest in public companies may be limited in certain circumstances.

As a BDC, we must not acquire any assets other than "qualifying assets" specified in the 1940 Act unless, at the time the acquisition is made, at least 70% of our total assets are qualifying assets (with certain limited exceptions). Subject to certain exceptions for follow-on investments and distressed companies, an investment in an issuer that has outstanding securities listed on a national securities exchange may be treated as qualifying assets only if such issuer has a market capitalization that is less than \$250 million at the time of such investment.

Risks Relating to Our Investments

We may not realize gains or income from our investments.

We seek to generate both current income and capital appreciation. However, the securities we invest in may not appreciate and, in fact, may decline in value, and the issuers of debt securities we invest in may default on interest and/or principal payments. Accordingly, we may not be able to realize gains from our investments, and any gains that we do realize may not be sufficient to offset any losses we experience. See "Business—Our Investment Objective and Policies".

Most of our portfolio investments are recorded at fair value as determined in good faith under the direction of our Board of Directors and, as a result, there is uncertainty as to the value of our portfolio investments.

A large percentage of our portfolio investments consist of securities of privately held companies. Hence, market quotations are generally not readily available for determining the fair values of such investments. The determination of fair value, and thus the amount of unrealized losses we may incur in any year, is to a degree subjective, and the Investment Adviser has a conflict of interest in making the determination. We value these securities quarterly at fair value as determined in good faith by our Board of Directors based on input from the Investment Adviser, our Administrator, a third party independent valuation firm and our Audit Committee. Our Board of Directors utilizes the services of an independent valuation firm to aid it in determining the fair value of any securities. The types of factors that may be considered in determining the fair values of our investments include the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flow, current market interest rates and other relevant factors. Because such valuations, and particularly valuations of private securities and private companies, are inherently uncertain, the valuations may fluctuate significantly over short periods of time due to changes in current market conditions. The determinations of fair value by our Board of Directors may differ materially from the values that would have been used if an active market and market quotations existed for these investments. Our net asset value could be adversely affected if the determinations regarding the fair value of our investments were materially higher than the values that we ultimately realize upon the disposal of such securities.

In addition, decreases in the market values or fair values of our investments are recorded as unrealized depreciation. Unprecedented declines in prices and liquidity in the corporate debt markets experienced during the recent financial crises resulted in significant net unrealized depreciation in our portfolio in the past. The effect of all of these factors on our portfolio reduced our NAV by increasing net unrealized depreciation in our portfolio. Depending on market conditions, we could incur substantial realized losses and may continue to suffer additional unrealized losses in future periods, which could have a material adverse impact on our business, financial condition and results of operations. We have no policy regarding holding a minimum level of liquid assets. As such, a high percentage of our portfolio generally is not liquid at any given point in time. See "The lack of liquidity may adversely affect our business." Price declines and illiquidity in the corporate debt markets have adversely affected, and may in the future adversely affect, the fair value of our portfolio investments, reducing our net asset value through increased net unrealized depreciation.

As a BDC, we are required to carry our investments at market value or, if no market value is ascertainable, at fair value as determined in good faith by or under the direction of our Board of Directors. As part of the valuation process, the types of factors that we may take into account in determining the fair value of our investments include, as relevant and among other factors: available current market data, including relevant and applicable market trading and transaction comparables, applicable market yields and multiples, security covenants, call protection provisions,

information rights, the nature and realizable value of any collateral, the portfolio company's ability to make payments, its earnings and discounted cash flows, the markets in which the portfolio company does business, comparisons of financial ratios of peer companies that are public, merger and acquisition comparables, our principal market (as the reporting entity) and enterprise values. Decreases in the market values or fair values of our investments are recorded as unrealized depreciation. The effect of all of these factors on our portfolio can reduce our net asset value by increasing net unrealized depreciation in our portfolio. Depending on market conditions, we could

Table of Contents

incur substantial realized losses and may suffer additional unrealized losses in future periods, which could have a material adverse impact on our business, financial condition and results of operations.

Our investments in prospective portfolio companies may be risky and we could lose all or part of our investment.

Some of our portfolio companies have relatively short or no operating histories. These companies are and will be subject to all of the business risk and uncertainties associated with any new business enterprise, including the risk that these companies may not reach their investment objective and the value of our investment in them may decline substantially or fall to zero.

In addition, investment in the middle market companies that we are targeting involves a number of other significant risks, including:

these companies may have limited financial resources and may be unable to meet their obligations under their securities that we hold, which may be accompanied by a deterioration in the value of their securities or of any collateral with respect to any securities and a reduction in the likelihood of our realizing on any guarantees we may have obtained in connection with our investment;

- they may have shorter operating histories, narrower product lines and smaller market shares than larger businesses, which tend to render them more vulnerable to competitors' actions and market conditions, as well as general economic downturns;

because many of these companies are privately held companies, public information is generally not available about these companies. As a result, we will depend on the ability of the Investment Adviser to obtain adequate information to evaluate these companies in making investment decisions. If the Investment Adviser is unable to uncover all material information about these companies, it may not make a fully informed investment decision, and we may lose money on our investments;

- they are more likely to depend on the management talents and efforts of a small group of persons; therefore, the death, disability, resignation or termination of one or more of these persons could have a materially adverse impact on our portfolio company and, in turn, on us;

they may have less predictable operating results, may from time to time be parties to litigation, may be engaged in changing businesses with products subject to a risk of obsolescence and may require substantial additional capital to support their operations, finance expansion or maintain their competitive position;

- they may have difficulty accessing the capital markets to meet future capital needs;

changes in laws and regulations, as well as their interpretations, may adversely affect their business, financial structure or prospects; and

increased taxes, regulatory expense or the costs of changes to the way they conduct business due to the effects of climate change may adversely affect their business, financial structure or prospects.

In addition, our executive officers, directors and the Investment Adviser could, in the ordinary course of business, be named as defendants in litigation arising from proposed investments or from our investments in the portfolio companies.

The lack of liquidity in our investments may adversely affect our business.

We make investments in private companies. A portion of these investments may be subject to legal and other restrictions on resale, transfer, pledge or other disposition or will otherwise be less liquid than publicly traded securities. The illiquidity of our investments may make it difficult for us to sell such investments if the need arises. In addition, if we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we have previously recorded our investments. In addition, we face other restrictions on our ability to liquidate an investment in a business entity to the extent that we or the Investment Adviser has or could be deemed to have material non-public information regarding such business entity.

Economic recessions or downturns could impair our portfolio companies and harm our operating results.

Many of our portfolio companies may be susceptible to economic slowdowns or recessions and may be unable to repay our loans or meet other obligations during these periods. Therefore, our non-performing assets are likely to increase, and the value of our portfolio is likely to decrease, during these periods. Adverse economic conditions also may decrease the value of collateral securing some of our loans and the value of our equity investments. Economic slowdowns or recessions could lead to financial losses in our portfolio and a decrease in revenues, net income and

assets. Unfavorable economic conditions also could increase our funding costs, limit our access to the capital markets or result in a decision by lenders not to extend credit to us. These events could prevent us from increasing investments and harm our operating results.

A portfolio company's failure to satisfy financial or operating covenants imposed by us or other lenders could lead to defaults and, potentially, termination of its loans and foreclosure on its secured assets, which could trigger cross-defaults under other agreements and jeopardize a portfolio company's ability to meet its obligations under the debt or equity securities that we

Table of Contents

hold. We may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms, which may include the waiver of certain financial covenants, with a defaulting portfolio company. In addition, if one of our portfolio companies were to go bankrupt, even though we may have structured our interest as senior debt or preferred equity, depending on the facts and circumstances, including the extent to which we actually provided managerial assistance to that portfolio company, a bankruptcy court might re-characterize our debt or equity holding and subordinate all or a portion of our claim to those of other creditors.

Investments in equity securities, many of which are illiquid with no readily available market, involve a substantial degree of risk.

We may purchase common and other equity securities. Although common stock has historically generated higher average total returns than fixed income securities over the long-term, common stock also has experienced significantly more volatility in those returns and in recent years has significantly under performed relative to fixed income securities. The equity securities we acquire may fail to appreciate and may decline in value or become worthless and our ability to recover our investment will depend on our portfolio company's success. Investments in equity securities involve a number of significant risks, including:

any equity investment we make in a portfolio company could be subject to further dilution as a result of the issuance of additional equity interests and to serious risks as a junior security that will be subordinate to all indebtedness (including trade creditors) or senior securities in the event that the issuer is unable to meet its obligations or becomes subject to a bankruptcy process;

to the extent that the portfolio company requires additional capital and is unable to obtain it, we may not recover our investment; and

in some cases, equity securities in which we invest will not pay current dividends, and our ability to realize a return on our investment, as well as to recover our investment, will be dependent on the success of the portfolio company. Even if the portfolio company is successful, our ability to realize the value of our investment may be dependent on the occurrence of a liquidity event, such as a public offering or the sale of the portfolio company. It is likely to take a significant amount of time before a liquidity event occurs or we can otherwise sell our investment. In addition, the equity securities we receive or invest in may be subject to restrictions on resale during periods in which it could be advantageous to sell them.

There are special risks associated with investing in preferred securities, including:

preferred securities may include provisions that permit the issuer, at its discretion, to defer distributions for a stated period without any adverse consequences to the issuer. If we own a preferred security that is deferring its distributions, we may be required to report income for tax purposes before we receive such distributions;

preferred securities are subordinated to debt in terms of priority to income and liquidation payments, and therefore will be subject to greater credit risk than debt;

preferred securities may be substantially less liquid than many other securities, such as common stock or U.S. government securities; and

generally, preferred security holders have no voting rights with respect to the issuing company, subject to limited exceptions.

Additionally, when we invest in first lien senior secured loans (including unitranche loans), second lien senior secured loans or mezzanine debt, we may acquire warrants or other equity securities as well. Our goal is ultimately to dispose of such equity interests and realize gains upon our disposition of such interests. However, the equity interests we receive may not appreciate in value and, in fact, may decline in value. Accordingly, we may not be able to realize gains from our equity interests and any gains that we do realize on the disposition of any equity interests may not be sufficient to offset any other losses we experience.

We may invest, to the extent permitted by law, in the equity securities of investment funds that are operating pursuant to certain exceptions to the Investment Company Act and in advisers to similar investment funds and, to the extent we so invest, will bear our ratable share of any such company's expenses, including management and performance fees. We will also remain obligated to pay management and incentive fees to Prospect Capital Management with respect to the assets invested in the securities and instruments of such companies. With respect to each of these investments, each of our common stockholders will bear his or her share of the management and incentive fee of Prospect Capital

Management as well as indirectly bearing the management and performance fees and other expenses of any such investment funds or advisers.

There may be circumstances where our debt investments could be subordinated to claims of other creditors or we could be subject to lender liability claims.

If one of our portfolio companies were to go bankrupt, even though we may have structured our interest as senior debt, depending on the facts and circumstances, a bankruptcy court might recharacterize our debt holding as an equity investment

Table of Contents

and subordinate all or a portion of our claim to that of other creditors. In addition, lenders can be subject to lender liability claims for actions taken by them where they become too involved in the borrower's business or exercise control over the borrower. For example, we could become subject to a lender's liability claim, if, among other things, we actually render significant managerial assistance.

Our portfolio companies may incur debt or issue equity securities that rank equally with, or senior to, our investments in such companies.

Our portfolio companies may have, or may be permitted to incur, other debt, or issue other equity securities, that rank equally with, or senior to, our investments. By their terms, such instruments may provide that the holders are entitled to receive payment of dividends, interest or principal on or before the dates on which we are entitled to receive payments in respect of our investments. These debt instruments would usually prohibit the portfolio companies from paying interest on or repaying our investments in the event and during the continuance of a default under such debt. Also, in the event of insolvency, liquidation, dissolution, reorganization or bankruptcy of a portfolio company, holders of securities ranking senior to our investment in that portfolio company typically are entitled to receive payment in full before we receive any distribution in respect of our investment. After repaying such holders, the portfolio company may not have any remaining assets to use for repaying its obligation to us. In the case of securities ranking equally with our investments, we would have to share on an equal basis any distributions with other security holders in the event of an insolvency, liquidation, dissolution, reorganization or bankruptcy of the relevant portfolio company.

The rights we may have with respect to the collateral securing any junior priority loans we make to our portfolio companies may also be limited pursuant to the terms of one or more intercreditor agreements (including agreements governing "first out" and "last out" structures) that we enter into with the holders of senior debt. Under such an intercreditor agreement, at any time that senior obligations are outstanding, we may forfeit certain rights with respect to the collateral to the holders of the senior obligations. These rights may include the right to commence enforcement proceedings against the collateral, the right to control the conduct of such enforcement proceedings, the right to approve amendments to collateral documents, the right to release liens on the collateral and the right to waive past defaults under collateral documents. We may not have the ability to control or direct such actions, even if as a result our rights as junior lenders are adversely affected.

When we are a debt or minority equity investor in a portfolio company, we are often not in a position to exert influence on the entity, and other equity holders and management of the company may make decisions that could decrease the value of our portfolio holdings.

When we make debt or minority equity investments, we are subject to the risk that a portfolio company may make business decisions with which we disagree and the other equity holders and management of such company may take risks or otherwise act in ways that do not serve our interests. As a result, a portfolio company may make decisions that could decrease the value of our investment.

Our portfolio companies may be highly leveraged.

Some of our portfolio companies may be highly leveraged, which may have adverse consequences to these companies and to us as an investor. These companies may be subject to restrictive financial and operating covenants and the leverage may impair these companies' ability to finance their future operations and capital needs. As a result, these companies' flexibility to respond to changing business and economic conditions and to take advantage of business opportunities may be limited. Further, a leveraged company's income and net assets will tend to increase or decrease at a greater rate than if borrowed money were not used.

Our portfolio contains a limited number of portfolio companies, which subjects us to a greater risk of significant loss if any of these companies defaults on its obligations under any of its debt securities.

A consequence of the limited number of investments in our portfolio is that the aggregate returns we realize may be significantly adversely affected if one or more of our significant portfolio company investments perform poorly or if we need to write down the value of any one significant investment. Beyond our income tax diversification requirements, we do not have fixed guidelines for diversification, and our portfolio could contain relatively few portfolio companies.

Our failure to make follow-on investments in our portfolio companies could impair the value of our portfolio.

Following an initial investment in a portfolio company, we may make additional investments in that portfolio company as "follow-on" investments, in order to: (1) increase or maintain in whole or in part our equity ownership percentage; (2) exercise warrants, options or convertible securities that were acquired in the original or subsequent financing or (3) attempt to preserve or enhance the value of our investment.

Table of Contents

We may elect not to make follow-on investments, may be constrained in our ability to employ available funds, or otherwise may lack sufficient funds to make those investments. We have the discretion to make any follow-on investments, subject to the availability of capital resources. The failure to make follow-on investments may, in some circumstances, jeopardize the continued viability of a portfolio company and our initial investment, or may result in a missed opportunity for us to increase our participation in a successful operation. Even if we have sufficient capital to make a desired follow-on investment, we may elect not to make a follow-on investment because we may not want to increase our concentration of risk, because we prefer other opportunities, or because we are inhibited by compliance with BDC requirements or the desire to maintain our tax status.

We may be unable to invest the net proceeds raised from offerings and repayments from investments on acceptable terms, which would harm our financial condition and operating results.

Until we identify new investment opportunities, we intend to either invest the net proceeds of future offerings and repayments from investments in interest-bearing deposits or other short-term instruments or use the net proceeds from such offerings to reduce then-outstanding obligations under our credit facility. We cannot assure you that we will be able to find enough appropriate investments that meet our investment criteria or that any investment we complete using the proceeds from an offering will produce a sufficient return.

We may have limited access to information about privately held companies in which we invest.

We invest primarily in privately-held companies. Generally, little public information exists about these companies, and we are required to rely on the ability of the Investment Adviser's investment professionals to obtain adequate information to evaluate the potential returns from investing in these companies. These companies and their financial information are not subject to the Sarbanes-Oxley Act of 2002 and other rules that govern public companies. If we are unable to uncover all material information about these companies, we may not make a fully informed investment decision, and we may lose money on our investment.

We may not be able to fully realize the value of the collateral securing our debt investments.

Although a substantial amount of our debt investments are protected by holding security interests in the assets of the portfolio companies, we may not be able to fully realize the value of the collateral securing our investments due to one or more of the following factors:

our debt investments may be in the form of mezzanine loans, therefore our liens on the collateral, if any, are subordinated to those of the senior secured debt of the portfolio companies, if any. As a result, we may not be able to control remedies with respect to the collateral;

the collateral may not be valuable enough to satisfy all of the obligations under our secured loan, particularly after giving effect to the repayment of secured debt of the portfolio company that ranks senior to our loan;

bankruptcy laws may limit our ability to realize value from the collateral and may delay the realization process;

our rights in the collateral may be adversely affected by the failure to perfect security interests in the collateral;

the need to obtain regulatory and contractual consents could impair or impede how effectively the collateral would be liquidated and could affect the value received; and

some or all of the collateral may be illiquid and may have no readily ascertainable market value. The liquidity and value of the collateral could be impaired as a result of changing economic conditions, competition, and other factors, including the availability of suitable buyers.

Our investments in foreign securities may involve significant risks in addition to the risks inherent in U.S. investments.

Our investment strategy contemplates potential investments in securities of foreign companies, including those located in emerging market countries. Investing in foreign companies may expose us to additional risks not typically associated with investing in U.S. companies. These risks include changes in exchange control regulations, political and social instability, expropriation, imposition of foreign taxes, less liquid markets and less available information than is generally the case in the United States, higher transaction costs, less government supervision of exchanges, brokers and issuers, less developed bankruptcy laws, difficulty in enforcing contractual obligations, lack of uniform accounting and auditing standards and greater price volatility. Such risks are more pronounced in emerging market countries.

Although currently all of our investments are, and we expect that most of our investments will be, U.S. dollar-denominated, investments that are denominated in a foreign currency will be subject to the risk that the value of a particular currency will change in relation to one or more other currencies. Among the factors that may affect currency values are trade balances, the level of short-term interest rates, differences in relative values of similar assets in different currencies, long-term opportunities for investment and capital appreciation, and political developments.

Table of Contents

We may expose ourselves to risks if we engage in hedging transactions.

We may employ hedging techniques to minimize certain investment risks, such as fluctuations in interest and currency exchange rates, but we can offer no assurance that such strategies will be effective. If we engage in hedging transactions, we may expose ourselves to risks associated with such transactions. We may utilize instruments such as forward contracts, currency options and interest rate swaps, caps, collars and floors to seek to hedge against fluctuations in the relative values of our portfolio positions from changes in currency exchange rates and market interest rates. Hedging against a decline in the values of our portfolio positions does not eliminate the possibility of fluctuations in the values of such positions or prevent losses if the values of such positions decline. However, such hedging can establish other positions designed to gain from those same developments, thereby offsetting the decline in the value of such portfolio positions. Such hedging transactions may also limit the opportunity for gain if the values of the portfolio positions should increase. Moreover, it may not be possible to hedge against an exchange rate or interest rate fluctuation that is so generally anticipated that we are not able to enter into a hedging transaction at an acceptable price. Furthermore, our ability to engage in hedging transactions may also be adversely affected by recent rules adopted by the CFTC.

The success of our hedging transactions depends on our ability to correctly predict movements, currencies and interest rates. Therefore, while we may enter into such transactions to seek to reduce currency exchange rate and interest rate risks, unanticipated changes in currency exchange rates or interest rates may result in poorer overall investment performance than if we had not engaged in any such hedging transactions. The degree of correlation between price movements of the instruments used in a hedging strategy and price movements in the portfolio positions being hedged may vary. Moreover, for a variety of reasons, we may not seek to establish a perfect correlation between such hedging instruments and the portfolio holdings being hedged. Any such imperfect correlation may prevent us from achieving the intended hedge and expose us to risk of loss. In addition, it may not be possible to hedge fully or perfectly against currency fluctuations affecting the value of securities denominated in non-U.S. currencies. The Company has no current intention of engaging in any of the hedging transaction described above, although it reserves the right to do so in the future.

Our Board of Directors may change our operating policies and strategies without prior notice or stockholder approval, the effects of which may be adverse to us and could impair the value of our stockholders' investment.

Our Board of Directors has the authority to modify or waive our current operating policies and our strategies without prior notice and without stockholder approval. We cannot predict the effect any changes to our current operating policies and strategies would have on our business, financial condition, and value of our common stock. However, the effects might be adverse, which could negatively impact our ability to pay dividends and cause stockholders to lose all or part of their investment.

Our investments in CLOs may be riskier and less transparent to us and our stockholders than direct investments in the underlying companies.

We invest in CLOs. Generally, there may be less information available to us regarding the underlying debt investments held by CLOs than if we had invested directly in the debt of the underlying companies. As a result, our stockholders will not know the details of the underlying securities of the CLOs in which we will invest. Our CLO investments are subject to the risk of leverage associated with the debt issued by such CLOs and the repayment priority of senior debt holders in such CLOs. Our investments in portfolio companies may be risky, and we could lose all or part of our investment.

CLOs typically will have no significant assets other than their underlying Senior Secured Loans; payments on CLO investments are and will be payable solely from the cashflows from such Senior Secured Loans.

CLOs typically will have no significant assets other than their underlying Senior Secured Loans. Accordingly, payments on CLO investments are and will be payable solely from the cashflows from such Senior Secured Loans, net of all management fees and other expenses. Payments to us as a holder of CLO junior securities are and will be made only after payments due on the senior secured notes, and, where appropriate, the junior secured notes, have been made in full. This means that relatively small numbers of defaults of Senior Secured Loans may adversely impact our returns.

Our CLO investments are exposed to leveraged credit risk.

Generally, we are in a subordinated position with respect to realized losses on the Senior Secured Loans underlying our investments in CLOs. The leveraged nature of CLOs, in particular, magnifies the adverse impact of Senior Secured Loan defaults. CLO investments represent a leveraged investment with respect to the underlying Senior Secured Loans. Therefore, changes in the market value of the CLO investments could be greater than the change in the market value of the underlying Senior Secured Loans, which are subject to credit, liquidity and interest rate risk.

Table of Contents

There is the potential for interruption and deferral of cashflow from CLO investments.

If certain minimum collateral value ratios and/or interest coverage ratios are not met by a CLO, primarily due to Senior Secured Loan defaults, then cashflow that otherwise would have been available to pay distributions to us on our CLO investments may instead be used to redeem any senior notes or to purchase additional Senior Secured Loans, until the ratios again exceed the minimum required levels or any senior notes are repaid in full. This could result in an elimination, reduction or deferral in the distribution and/or principal paid to the holders of the CLO investments, which would adversely impact our returns.

Investments in foreign securities may involve significant risks in addition to the risks inherent in U.S. investments. Our CLO investment strategy involves investments in foreign CLOs. Investing in foreign entities may expose us to additional risks not typically associated with investing in U.S. issuers. These risks include changes in exchange control regulations, political and social instability, expropriation, imposition of foreign taxes, less liquid markets and less available information than is generally the case in the United States, higher transaction costs, less government supervision of exchanges, brokers and issuers, less developed bankruptcy laws, difficulty in enforcing contractual obligations, lack of uniform accounting and auditing standards and greater price volatility. Further, we, and the CLOs in which we invest, may have difficulty enforcing creditor's rights in foreign jurisdictions. In addition, the underlying companies of the CLOs in which we invest may be foreign, which may create greater exposure for us to foreign economic developments.

The payment of underlying portfolio manager fees and other charges on CLO investments could adversely impact our returns.

We may invest in CLO investments where the underlying portfolio securities may be subject to management, administration and incentive or performance fees, in addition to those payable by us. Payment of such additional fees could adversely impact the returns we achieve.

The inability of a CLO collateral manager to reinvest the proceeds of the prepayment of Senior Secured Loans may adversely affect us.

There can be no assurance that for any CLO investment, in the event that any of the Senior Secured Loans of a CLO underlying such investment are prepaid, the CLO collateral manager will be able to reinvest such proceeds in new Senior Secured Loans with equivalent investment returns. If the CLO collateral manager cannot reinvest in new Senior Secured Loans with equivalent investment returns, the interest proceeds available to pay interest on the rated liabilities and investments may be adversely affected.

Our CLO investments are subject to prepayments and calls, increasing re-investment risk.

Our CLO investments and/or the underlying senior secured loans may be prepaid more quickly than expected, which could have an adverse impact on our value. Prepayment rates are influenced by changes in interest rates and a variety of economic, geographic and other factors beyond our control, and consequently cannot be predicted with certainty. In addition, for a CLO collateral manager there is often a strong incentive to refinance well performing portfolios once the senior tranches amortize. The yield to maturity of the investments will depend on the amount and timing of payments of principal on the loans and the price paid for the investments. Such yield may be adversely affected by a higher or lower than anticipated rate of prepayments of the debt.

Furthermore, our CLO investments generally do not contain optional call provisions, other than a call at the option of the holders of the equity tranches for the senior notes and the junior secured notes to be paid in full after the expiration of an initial period in the deal (referred to as the "non-call period").

The exercise of the call option is by the relevant percentage (usually a majority) of the holders of the equity tranches and, therefore, where we do not hold the relevant percentage we will not be able to control the timing of the exercise of the call option. The equity tranches also generally have a call at any time based on certain tax event triggers. In any event, the call can only be exercised by the holders of equity tranches if they can demonstrate (in accordance with the detailed provisions in the transaction) that the senior notes and junior secured notes will be paid in full if the call is exercised.

Early prepayments and/or the exercise of a call option other than at our request may also give rise to increased re-investment risk with respect to certain investments, as we may realize excess cash earlier than expected. If we are unable to reinvest such cash in a new investment with an expected rate of return at least equal to that of the investment

repaid, this may reduce our net income and, consequently, could have an adverse impact on our ability to pay dividends.

Table of Contents

We have limited control of the administration and amendment of Senior Secured Loans owned by the CLOs in which we invest.

We may not be able to directly enforce any rights and remedies in the event of a default of a Senior Secured Loan held by a CLO vehicle. In addition, the terms and conditions of the Senior Secured Loans underlying our CLO investments may be amended, modified or waived only by the agreement of the underlying lenders. Generally, any such agreement must include a majority or a super majority (measured by outstanding loans or commitments) or, in certain circumstances, a unanimous vote of the lenders. Consequently, the terms and conditions of the payment obligations arising from Senior Secured Loans could be modified, amended or waived in a manner contrary to our preferences.

We have limited control of the administration and amendment of any CLO in which we invest.

The terms and conditions of target securities may be amended, modified or waived only by the agreement of the underlying security holders. Generally, any such agreement must include a majority or a super majority (measured by outstanding amounts) or, in certain circumstances, a unanimous vote of the security holders. Consequently, the terms and conditions of the payment obligation arising from the CLOs in which we invest be modified, amended or waived in a manner contrary to our preferences.

Senior Secured Loans of CLOs may be sold and replaced resulting in a loss to us.

The Senior Secured Loans underlying our CLO investments may be sold and replacement collateral purchased within the parameters set out in the relevant CLO indenture between the CLO and the CLO trustee and those parameters may typically only be amended, modified or waived by the agreement of a majority of the holders of the senior notes and/or the junior secured notes and/or the equity tranche once the CLO has been established. If these transactions result in a net loss, the magnitude of the loss from the perspective of the equity tranche would be increased by the leveraged nature of the investment.

Our financial results may be affected adversely if one or more of our significant equity or junior debt investments in a CLO vehicle defaults on its payment obligations or fails to perform as we expect.

We expect that a majority of our portfolio will consist of equity and junior debt investments in CLOs, which involve a number of significant risks. CLOs are typically highly levered up to approximately 10 times, and therefore the junior debt and equity tranches that we will invest in are subject to a higher risk of total loss. In particular, investors in CLOs indirectly bear risks of the underlying debt investments held by such CLOs. We will generally have the right to receive payments only from the CLOs, and will generally not have direct rights against the underlying borrowers or the entities that sponsored the CLOs. Although it is difficult to predict whether the prices of indices and securities underlying CLOs will rise or fall, these prices, and therefore, the prices of the CLOs, will be influenced by the same types of political and economic events that affect issuers of securities and capital markets generally.

The investments we make in CLOs are thinly traded or have only a limited trading market. CLO investments are typically privately offered and sold, in the primary and secondary markets. As a result, investments in CLOs may be characterized as illiquid securities. In addition to the general risks associated with investing in debt securities, CLOs carry additional risks, including, but not limited to: (i) the possibility that distributions from the underlying Senior Secured Loans will not be adequate to make interest or other payments; (ii) the quality of the underlying Senior Secured Loans may decline in value or default; and (iii) the complex structure of the security may not be fully understood at the time of investment and may produce disputes with the CLO or unexpected investment results. Further, our investments in equity and junior debt tranches of CLOs are subordinate to the senior debt tranches thereof.

Investments in structured vehicles, including equity and junior debt instruments issued by CLOs, involve risks, including credit risk and market risk. Changes in interest rates and credit quality may cause significant price fluctuations. Additionally, changes in the underlying Senior Secured Loans held by a CLO may cause payments on the instruments we hold to be reduced, either temporarily or permanently. Structured investments, particularly the subordinated interests in which we invest, are less liquid than many other types of securities and may be more volatile than the Senior Secured Loans underlying the CLOs in which we invest.

Non-investment grade debt involves a greater risk of default and higher price volatility than investment grade debt. The Senior Secured Loans underlying our CLO investments typically are rated non-investment grade and, in limited circumstances, are unrated. Non-investment grade securities are predominantly speculative with respect to the issuer's

capacity to pay interest and repay principal when due and therefore involve a greater risk of default and higher price volatility than investment grade debt.

Table of Contents

We will have no influence on management of underlying investments managed by non-affiliated third party CLO collateral managers.

We are not responsible for and have no influence over the asset management of the portfolios underlying the CLO investments we hold as those portfolios are managed by non-affiliated third party CLO collateral managers. Similarly, we are not responsible for and have no influence over the day-to-day management, administration or any other aspect of the issuers of the individual securities. As a result, the values of the portfolios underlying our CLO investments could decrease as a result of decisions made by third party CLO collateral managers.

Risks Relating To Our Securities

Our credit ratings may not reflect all risks of an investment in our debt securities.

Our credit ratings are an assessment by third parties of our ability to pay our obligations. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of our debt securities. Our credit ratings, however, may not reflect the potential impact of risks related to market conditions generally or other factors discussed above on the market value of or trading market for the publicly issued debt securities. Our debt securities are rated by Standard & Poors.

Senior securities, including debt, expose us to additional risks, including the typical risks associated with leverage and could adversely affect our business, financial condition and results of operations.

We currently use our revolving credit facility to leverage our portfolio and we expect in the future to borrow from and issue senior debt securities to banks and other lenders and may securitize certain of our portfolio investments. We also have the Senior Notes outstanding, which are a form of leverage and are senior in payment rights to our common stock.

With certain limited exceptions, as a business development company, or a BDC, we are only allowed to borrow amounts or otherwise issue senior securities such that our asset coverage, as defined in the 1940 Act, is at least 200% after such borrowing or other issuance. The amount of leverage that we employ will depend on the Investment Adviser's and our Board of Directors' assessment of market conditions and other factors at the time of any proposed borrowing. There is no assurance that a leveraging strategy will be successful. Leverage involves risks and special considerations for stockholders, any of which could adversely affect our business, financial condition and results of operations, including the following:

- A likelihood of greater volatility in the net asset value and market price of our common stock;
- Diminished operating flexibility as a result of asset coverage or investment portfolio composition requirements required by lenders or investors that are more stringent than those imposed by the 1940 Act;
- The possibility that investments will have to be liquidated at less than full value or at inopportune times to comply with debt covenants or to pay interest or dividends on the leverage;
- Increased operating expenses due to the cost of leverage, including issuance and servicing costs;
- Convertible or exchangeable securities, such as the Senior Convertible Notes outstanding or those issued in the future may have rights, preferences and privileges more favorable than those of our common stock;
- Subordination to lenders' superior claims on our assets as a result of which lenders will be able to receive proceeds available in the case of our liquidation before any proceeds will be distributed to our stockholders;
- Making it more difficult for us to meet our payment and other obligations under the Notes and our other outstanding debt;
- The occurrence of an event of default if we fail to comply with the financial and/or other restrictive covenants contained in our debt agreements, including the credit agreement and each indenture governing the Notes, which event of default could result in all or some of our debt becoming immediately due and payable;
- Reduced availability of our cash flow to fund investments, acquisitions and other general corporate purposes, and limiting our ability to obtain additional financing for these purposes;
- The risk of increased sensitivity to interest rate increases on our indebtedness with variable interest rates, including borrowings under our amended senior credit facility; and
- Reduced flexibility in planning for, or reacting to, and increasing our vulnerability to, changes in our business, the industry in which we operate and the general economy.

For example, the amount we may borrow under our revolving credit facility is determined, in part, by the fair value of our investments. If the fair value of our investments declines, we may be forced to sell investments at a loss to maintain compliance with our borrowing limits. Other debt facilities we may enter into in the future may contain similar provisions. Any such forced sales would reduce our net asset value and also make it difficult for the net asset value to recover. The Investment Adviser and our Board of Directors in their best judgment nevertheless may determine to use leverage if they expect that the benefits to our stockholders of maintaining the leveraged position will outweigh the risks.

Table of Contents

In addition, our ability to meet our payment and other obligations of the Notes and our credit facility depends on our ability to generate significant cash flow in the future. This, to some extent, is subject to general economic, financial, competitive, legislative and regulatory factors as well as other factors that are beyond our control. We cannot assure you that our business will generate cash flow from operations, or that future borrowings will be available to us under our existing credit facility or otherwise, in an amount sufficient to enable us to meet our payment obligations under the Notes and our other debt and to fund other liquidity needs. If we are not able to generate sufficient cash flow to service our debt obligations, we may need to refinance or restructure our debt, including the Notes, sell assets, reduce or delay capital investments, or seek to raise additional capital. If we are unable to implement one or more of these alternatives, we may not be able to meet our payment obligations under the Notes and our other debt.

Illustration. The following table illustrates the effect of leverage on returns from an investment in our common stock assuming various annual returns, net of interest expense. The calculations in the table below are hypothetical and actual returns may be higher or lower than those appearing below. The calculation assumes (i) \$4.4 billion in total assets, (ii) an average cost of funds of 5.63%, (iii) \$1.7 billion in debt outstanding and (iv) \$2.7 billion of shareholders' equity.

Assumed Return on Our Portfolio (net of expenses)	(10)%	(5)%	— %	5 %	10 %
Corresponding Return to Stockholder	(19.8)%	(11.7)%	(3.5)%	4.6 %	12.7 %

The assumed portfolio return is required by regulation of the SEC and is not a prediction of, and does not represent, our projected or actual performance. Actual returns may be greater or less than those appearing in the table.

The Senior Convertible Notes, the 2022 Notes and the 2023 Notes present other risks to holders of our common stock, including the possibility that such Notes could discourage an acquisition of the Company by a third party and accounting uncertainty.

Certain provisions of the Senior Convertible Notes, the 2022 Notes and the 2023 Notes could make it more difficult or more expensive for a third party to acquire us. Upon the occurrence of certain transactions constituting a fundamental change, holders of the Senior Convertible Notes, the 2022 Notes and the 2023 Notes will have the right, at their option, to require us to repurchase all of their Senior Convertible Notes, the 2022 Notes and the 2023 Notes or any portion of the principal amount of such Senior Convertible Notes, the 2022 Notes and the 2023 Notes in integral multiples of \$1,000, in the case of the Senior Convertible Notes and the 2023 Notes, and \$25, in the case of the 2022 Notes. We may also be required to increase the conversion rate or provide for conversion into the acquirer's capital stock in the event of certain fundamental changes with respect to the Senior Convertible Notes. These provisions could discourage an acquisition of us by a third party.

The accounting for convertible debt securities is subject to frequent scrutiny by the accounting regulatory bodies and is subject to change. We cannot predict if or when any such change could be made and any such change could have an adverse impact on our reported or future financial results. Any such impacts could adversely affect the market price of our common stock.

We may in the future determine to fund a portion of our investments with preferred stock, which would magnify the potential for gain or loss and the risks of investing in us in the same way as our borrowings.

Preferred stock, which is another form of leverage, has the same risks to our common stockholders as borrowings because the dividends on any preferred stock we issue must be cumulative. Payment of such dividends and repayment of the liquidation preference of such preferred stock must take preference over any dividends or other payments to our common stockholders, and preferred stockholders are not subject to any of our expenses or losses and are not entitled to participate in any income or appreciation in excess of their stated preference.

Holders of any preferred stock we might issue would have the right to elect members of the board of directors and class voting rights on certain matters.

Holders of any preferred stock we might issue, voting separately as a single class, would have the right to elect two members of the board of directors at all times and in the event dividends become two full years in arrears would have the right to elect a majority of the directors until such arrearage is completely eliminated. In addition, preferred stockholders have class voting rights on certain matters, including changes in fundamental investment restrictions and conversion to open-end status, and accordingly can veto any such changes. Restrictions imposed on the declarations and payment of dividends or other distributions to the holders of our common stock and preferred stock, both by the

1940 Act and by requirements imposed by rating agencies or the terms of our credit facilities, might impair our ability to maintain our qualification as a RIC for federal income tax purposes. While we would intend to redeem our preferred stock to the extent necessary to enable us to distribute our income as required to maintain our qualification as a RIC, there can be no assurance that such actions could be effected in time to meet the tax requirements.

Table of Contents

In addition to regulatory restrictions that restrict our ability to raise capital, our credit facility contains various covenants which, if not complied with, could accelerate repayment under the facility, thereby materially and adversely affecting our liquidity, financial condition and results of operations.

The agreement governing our credit facility requires us to comply with certain financial and operational covenants.

These covenants include:

- restrictions on the level of indebtedness that we are permitted to incur in relation to the value of our assets;
- restrictions on our ability to incur liens; and
- maintenance of a minimum level of stockholders' equity.

As of June 30, 2013, we were in compliance with these covenants. However, our continued compliance with these covenants depends on many factors, some of which are beyond our control. Accordingly, there are no assurances that we will continue to comply with the covenants in our credit facility. Failure to comply with these covenants would result in a default under this facility which, if we were unable to obtain a waiver from the lenders thereunder, could result in an acceleration of repayments under the facility and thereby have a material adverse impact on our business, financial condition and results of operations.

Failure to extend our existing credit facility, the revolving period of which is currently scheduled to expire on March 27, 2015, could have a material adverse effect on our results of operations and financial position and our ability to pay expenses and make distributions.

The revolving period for our credit facility with a syndicate of lenders is currently scheduled to terminate on March 27, 2015, with an additional two year amortization period (with distributions allowed) after the completion of the revolving period. During such two year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the two year amortization period, the remaining balance will become due if required by the lenders. If the credit facility is not renewed or extended by the participant banks by March 27, 2015, we will not be able to make further borrowings under the facility after such date and the outstanding principal balance on that date will be due and payable on March 27, 2017. At June 30, 2013 we had \$124.0 million of outstanding borrowings under our credit facility. Interest on borrowings under the credit facility is one-month LIBOR plus 275 basis points with no minimum LIBOR floor. Additionally, the lenders charge a fee on the unused portion of the credit facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points otherwise. The credit facility requires us to pledge assets as collateral in order to borrow under the credit facility. If we are unable to extend our facility or find a new source of borrowing on acceptable terms, we will be required to pay down the amounts outstanding under the facility during the two-year term-out period through one or more of the following:

- (1) principal collections on our securities pledged under the facility, (2) at our option, interest collections on our securities pledged under the facility and cash collections on our securities not pledged under the facility, or
- (3) possible liquidation of some or all of our loans and other assets, any of which could have a material adverse effect on our results of operations and financial position and may force us to decrease or stop paying certain expenses and making distributions until the facility is repaid. In addition, our stock price could decline significantly, we would be restricted in our ability to acquire new investments and, in connection with our year-end audit, our independent registered accounting firm could raise an issue as to our ability to continue as a going concern.

Failure to refinance our existing Senior Notes, could have a material adverse effect on our results of operations and financial position.

Our Senior Notes mature at various dates from December 15, 2015 to June 15, 2043. If we are unable to refinance our Senior Notes or find a new source of borrowing on acceptable terms, we will be required to pay down the amounts outstanding at maturity under the facility during the two-year term-out period through one or more of the following:

- (1) borrowing additional funds under our then current credit facility, (2) issuance of additional common stock or
- (3) possible liquidation of some or all of our loans and other assets, any of which could have a material adverse effect on our results of operations and financial position. In addition, our stock price could decline significantly; we would be restricted in our ability to acquire new investments and, in connection with our year-end audit, our independent registered accounting firm could raise an issue as to our ability to continue as a going concern.

The trading market or market value of our publicly issued debt securities may fluctuate.

Our publicly issued debt securities may or may not have an established trading market. We cannot assure our noteholders that a trading market for our publicly issued debt securities will ever develop or be maintained if developed. In addition to our creditworthiness, many factors may materially adversely affect the trading market for, and market value of, our publicly issued debt securities. These factors include, but are not limited to, the following:

- the time remaining to the maturity of these debt securities;

Table of Contents

- the outstanding principal amount of debt securities with terms identical to these debt securities;
- the ratings assigned by national statistical ratings agencies;
- the general economic environment;
- the supply of debt securities trading in the secondary market, if any;
- the redemption or repayment features, if any, of these debt securities;
- the level, direction and volatility of market interest rates generally; and
- market rates of interest higher or lower than rates borne by the debt securities.

Our noteholders should also be aware that there may be a limited number of buyers when they decide to sell their debt securities. This too may materially adversely affect the market value of the debt securities or the trading market for the debt securities.

Terms relating to redemption may materially adversely affect our noteholders return on any debt securities that we may issue.

If our noteholders' debt securities are redeemable at our option, we may choose to redeem their debt securities at times when prevailing interest rates are lower than the interest rate paid on their debt securities. In addition, if our noteholders' debt securities are subject to mandatory redemption, we may be required to redeem their debt securities also at times when prevailing interest rates are lower than the interest rate paid on their debt securities. In this circumstance, our noteholders may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as their debt securities being redeemed.

Our shares of common stock have traded at a discount from net asset value and may do so again in the future, which could limit our ability to raise additional equity capital.

Shares of closed-end investment companies frequently trade at a market price that is less than the net asset value that is attributable to those shares. This characteristic of closed-end investment companies is separate and distinct from the risk that our net asset value per share may decline. It is not possible to predict whether any shares of our common stock will trade at, above, or below net asset value. In the recent past, including during much of 2009, the stocks of BDCs as an industry, including at times shares of our common stock, traded below net asset value and at near historic lows as a result of concerns over liquidity, leverage restrictions and distribution requirements. When our common stock is trading below its net asset value per share, we will generally not be able to issue additional shares of our common stock at its market price without first obtaining approval for such issuance from our stockholders and our independent directors. At our 2012 annual meeting of stockholders held on December 7, 2012, our stockholders approved our ability, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering, to sell shares of our common stock at any level of discount from net asset value per share during the 12 month period following December 7, 2012. It should be noted that, theoretically, we may offer up to 25% of our then outstanding common stock each day.

There is a risk that investors in our common stock may not receive dividends or that our dividends may not grow over time and investors in our debt securities may not receive all of the interest income to which they are entitled.

We intend to make distributions on a monthly basis to our stockholders out of assets legally available for distribution.

We cannot assure you that we will achieve investment results that will allow us to make a specified level of cash distributions or year-to-year increases in cash distributions. If we declare a dividend and if more stockholders opt to receive cash distributions rather than participate in our dividend reinvestment plan, we may be forced to sell some of our investments in order to make cash dividend payments.

In addition, due to the asset coverage test applicable to us as a BDC, we may be limited in our ability to make distributions. Further, if we invest a greater amount of assets in equity securities that do not pay current dividends, it could reduce the amount available for distribution.

The above-referenced restrictions on distributions may also inhibit our ability to make required interest payments to holders of our debt, which may cause a default under the terms of our debt agreements. Such a default could materially increase our cost of raising capital, as well as cause us to incur penalties under the terms of our debt agreements.

Investing in our securities may involve a high degree of risk and is highly speculative.

The investments we make in accordance with our investment objective may result in a higher amount of risk than alternative investment options and volatility or loss of principal. Our investments in portfolio companies may be speculative and aggressive, and therefore, an investment in our shares may not be suitable for someone with low risk tolerance.

Table of Contents

Our stockholders will experience dilution in their ownership percentage if they opt out of our dividend reinvestment plan.

All dividends declared in cash payable to stockholders that are participants in our dividend reinvestment plan are automatically reinvested in shares of our common stock. As a result, our stockholders that opt out of our dividend reinvestment plan will experience dilution in their ownership percentage of our common stock over time.

Sales of substantial amounts of our common stock in the public market may have an adverse effect on the market price of our common stock.

Sales of substantial amounts of our common stock, or the availability of such common stock for sale (including as a result of the conversion of our Senior Convertible Notes into common stock), could adversely affect the prevailing market prices for our common stock. If this occurs and continues, it could impair our ability to raise additional capital through the sale of securities should we desire to do so.

If we sell shares of our common stock or securities to subscribe for or are convertible into shares of our common stock at a discount to our net asset value per share, stockholders who do not participate in such sale will experience immediate dilution in an amount that may be material.

At our 2012 annual meeting of stockholders held on December 7, 2012, our stockholders approved our ability, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering, to sell shares of our common stock at any level of discount from net asset value per share during the 12 month period following December 7, 2012. It should be noted that, theoretically, we may offer up to 25% of our then outstanding common stock each day. The issuance or sale by us of shares of our common stock or securities to subscribe for or are convertible into shares of our common stock at a discount to net asset value poses a risk of dilution to our stockholders. In particular, stockholders who do not purchase additional shares of common stock at or below the discounted price in proportion to their current ownership will experience an immediate decrease in net asset value per share (as well as in the aggregate net asset value of their shares of common stock if they do not participate at all). These stockholders will also experience a disproportionately greater decrease in their participation in our earnings and assets and their voting power than the increase we experience in our assets, potential earning power and voting interests from such issuance or sale. In addition, such sales may adversely affect the price at which our common stock trades. We have sold shares of our common stock at prices below net asset value per share in the past and may do so to the future. We have not sold any shares of our common stock at prices below net asset value per share since July 18, 2011.

Our ability to enter into transactions with our affiliates is restricted.

We are prohibited under the 1940 Act from knowingly participating in certain transactions with our affiliates without the prior approval of our independent directors. Any person that owns, directly or indirectly, 5% or more of our outstanding voting securities is our affiliate for purposes of the 1940 Act and we are generally prohibited from buying or selling any security or other property from or to such affiliate, absent the prior approval of our independent directors. The 1940 Act also prohibits "joint" transactions with an affiliate, which could include investments in the same portfolio company (whether at the same or different times), without prior approval of our independent directors. Subject to certain limited exceptions, we are prohibited from buying or selling any security or other property from or to the Investment Adviser and its affiliates and persons with whom we are in a control relationship, or entering into joint transactions with any such person, absent the prior approval of the SEC.

We and Priority Senior Secured Income Fund, Inc., Pathway Energy Infrastructure Fund, Inc., Prospect Capital Funding LLC, Prospect Capital Management LLC, Priority Senior Secured Income Management, LLC and Pathway Energy Infrastructure Management, LLC have submitted an exemptive application to the SEC to permit us to participate in negotiated co-investments with other funds managed by Prospect Capital Management LLC, Priority Senior Secured Income Management, LLC or Pathway Energy Infrastructure Management, LLC or affiliated advisers in a manner consistent with our investment objective, strategies and restrictions as well as regulatory requirements and other pertinent factors, subject to the conditions therein. However, there is no assurance that we will obtain such exemptive relief.

The market price of our securities may fluctuate significantly.

The market price and liquidity of the market for our securities may be significantly affected by numerous factors, some of which are beyond our control and may not be directly related to our operating performance. These factors include:

- significant volatility in the market price and trading volume of securities of business development companies or other companies in the energy industry, which are not necessarily related to the operating performance of these companies;
- price and volume fluctuations in the overall stock market from time to time;

Table of Contents

- changes in regulatory policies or tax guidelines, particularly with respect to RICs or business development companies;
 - loss of RIC qualification;
 - changes in earnings or variations in operating results;
 - changes in the value of our portfolio of investments;
- any shortfall in revenue or net income or any increase in losses from levels expected by investors or securities analysts;
 - departure of one or more of Prospect Capital Management's key personnel;
 - operating performance of companies comparable to us;
- short-selling pressure with respect to shares of our common stock or BDCs generally;
- future sales of our securities convertible into or exchangeable or exercisable for our common stock or the conversion of such securities, including the Convertible Unsecured Notes;
 - uncertainty surrounding the strength of the U.S. economic recovery;
 - concerns regarding European sovereign debt;
 - changes in prevailing interest rates;
 - litigation matters;
 - general economic trends and other external factors; and
 - loss of a major funding source.

In the past, following periods of volatility in the market price of a company's securities, securities class action litigation has, from time to time, been brought against that company.

If our stock price fluctuates significantly, we may be the target of securities litigation in the future. Securities litigation could result in substantial costs and divert management's attention and resources from our business.

There is a risk that you may not receive distributions or that our distributions may not grow over time.

We have made and intend to continue to make distributions on a monthly basis to our stockholders out of assets legally available for distribution. We cannot assure you that we will achieve investment results or maintain a tax status that will allow or require any specified level of cash distributions or year-to-year increases in cash distributions. In addition, due to the asset coverage test applicable to us as a business development company, we may be limited in our ability to make distributions.

Provisions of the Maryland General Corporation Law and of our charter and bylaws could deter takeover attempts and have an adverse impact on the price of our common stock.

Our charter and bylaws and the Maryland General Corporation Law contain provisions that may have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for our stockholders or otherwise be in their best interest. These provisions may prevent stockholders from being able to sell shares of our common stock at a premium over the current of prevailing market prices.

Our charter provides for the classification of our Board of Directors into three classes of directors, serving staggered three-year terms, which may render a change of control or removal of our incumbent management more difficult. Furthermore, any and all vacancies on our Board of Directors will be filled generally only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any director elected to fill a vacancy will serve for the remainder of the full term until a successor is elected and qualifies.

Our Board of Directors is authorized to create and issue new series of shares, to classify or reclassify any unissued shares of stock into one or more classes or series, including preferred stock and, without stockholder approval, to amend our charter to increase or decrease the number of shares of common stock that we have authority to issue, which could have the effect of diluting a stockholder's ownership interest. Prior to the issuance of shares of common stock of each class or series, including any reclassified series, our Board of Directors is required by our governing documents to set the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series of shares of stock. Our charter and bylaws also provide that our Board of Directors has the exclusive power to adopt, alter or repeal any provision of our bylaws, and to make new bylaws. The Maryland General Corporation Law also contains certain provisions that may limit the ability of a third party to acquire control of us, such as:

The Maryland Business Combination Act, which, subject to certain limitations, prohibits certain business combinations between us and an "interested stockholder" (defined generally as any person who beneficially owns 10% or more of the voting power of the common stock or an affiliate thereof) for five years after the most recent date on which the stockholder becomes an interested stockholder and, thereafter, imposes special minimum price provisions and special stockholder voting requirements on these combinations; and

Table of Contents

The Maryland Control Share Acquisition Act, which provides that "control shares" of a Maryland corporation (defined as shares of common stock which, when aggregated with other shares of common stock controlled by the stockholder, entitles the stockholder to exercise one of three increasing ranges of voting power in electing directors, as described more fully below) acquired in a "control share acquisition" (defined as the direct or indirect acquisition of ownership or control of "control shares") have no voting rights except to the extent approved by stockholders by the affirmative vote of at least two-thirds of all the votes entitled to be cast on the matter, excluding all interested shares of common stock.

The provisions of the Maryland Business Combination Act will not apply, however, if our Board of Directors adopts a resolution that any business combination between us and any other person will be exempt from the provisions of the Maryland Business Combination Act. Our Board of Directors has adopted a resolution that any business combination between us and any other person is exempted from the provisions of the Business Combination Act, provided that the business combination is first approved by the Board of Directors, including a majority of the directors who are not interested persons as defined in the 1940 Act. There can be no assurance that this resolution will not be altered or repealed in whole or in part at any time. If the resolution is altered or repealed, the provisions of the Maryland Business Combination Act may discourage others from trying to acquire control of us.

As permitted by Maryland law, our bylaws contain a provision exempting from the Maryland Control Share Acquisition Act any and all acquisitions by any person of our common stock. Although our bylaws include such a provision, such a provision may also be amended or eliminated by our Board of Directors at any time in the future, provided that we will notify the Division of Investment Management at the SEC prior to amending or eliminating this provision. However, as noted above, the SEC has recently taken the position that the Maryland Control Share Acquisition Act is inconsistent with the 1940 Act and may not be invoked by a BDC. It is the view of the staff of the SEC that opting into the Maryland Control Share Acquisition Act would be acting in a manner inconsistent with section 18(i) of the 1940 Act.

Your interest in us may be diluted if you do not fully exercise your subscription rights in any rights offering. In addition, if the subscription price is less than our net asset value per share, then you will experience an immediate dilution of the aggregate net asset value of your shares.

In the event we issue subscription rights, stockholders who do not fully exercise their subscription rights should expect that they will, at the completion of a rights offering pursuant to this prospectus, own a smaller proportional interest in us than would otherwise be the case if they fully exercised their rights. We cannot state precisely the amount of any such dilution in share ownership because we do not know at this time what proportion of the shares will be purchased as a result of such rights offering.

In addition, if the subscription price is less than the net asset value per share of our common stock, then our stockholders would experience an immediate dilution of the aggregate net asset value of their shares as a result of the offering. The amount of any decrease in net asset value is not predictable because it is not known at this time what the subscription price and net asset value per share will be on the expiration date of a rights offering or what proportion of the shares will be purchased as a result of such rights offering. Such dilution could be substantial.

We may in the future choose to pay dividends in our own stock, in which case our stockholders may be required to pay tax in excess of the cash they receive.

We may distribute taxable dividends that are payable in part in our stock. The IRS has issued private letter rulings on cash/stock dividends paid by RICs and real estate investment trusts if certain requirements are satisfied, and we have received such a ruling permitting us to declare such taxable cash/stock dividends, up to 80% in stock, with respect to our taxable years ending August 31, 2012 and August 31, 2013. Taxable stockholders receiving such dividends would be required to include the full amount of the dividend as ordinary income (or as long-term capital gain to the extent such distribution is properly designated as a capital gain dividend) to the extent of our current and accumulated earnings and profits for United States federal income tax purposes. As a result, a U.S. Stockholder (as defined in "Material U.S. Federal Income Tax Considerations") may be required to pay tax with respect to such dividends in excess of any cash received. If a U.S. Stockholder sells the stock it receives as a dividend in order to pay this tax, it may be subject to transaction fees (e.g. broker fees or transfer agent fees) and the sales proceeds may be less than the amount included in income with respect to the dividend, depending on the market price of its stock at the time of the

sale. Furthermore, with respect to Non-U.S. Stockholders (as defined in "Material U.S. Federal Income Tax Considerations"), we may be required to withhold U.S. tax with respect to such dividends, including in respect of all or a portion of such dividend that is payable in stock. In addition, if a significant number of our stockholders determine to sell shares of our stock in order to pay taxes owed on dividends, it may put downward pressure on the trading price of our stock. It is unclear whether and to what extent we will be able to pay dividends in cash and our stock.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(All figures in this section are in thousands except share, per share and other data)

The following discussion should be read in conjunction with our consolidated financial statements and related notes and other financial information appearing elsewhere in this prospectus or incorporated by reference into this prospectus. In addition to historical information, the following discussion and other parts of this prospectus contain forward-looking information that involves risks and uncertainties. Our actual results could differ materially from those anticipated by such forward-looking information due to the factors discussed under "Risk Factors" and "Forward-Looking Statements" appearing elsewhere herein.

Note on Forward Looking Statements

Some of the statements in this section of the prospectus constitute forward-looking statements, which relate to future events or our future performance or financial condition. The forward-looking statements contained herein involve risks and uncertainties, including statements as to:

- our future operating results;
- our business prospects and the prospects of our portfolio companies;
- the impact of investments that we expect to make;
- our contractual arrangements and relationships with third parties;
- the dependence of our future success on the general economy and its impact on the industries in which we invest;
- the ability of our portfolio companies to achieve their objectives;
- our expected financings and investments;
- the adequacy of our cash resources and working capital; and
- the timing of cash flows, if any, from the operations of our portfolio companies.

We generally use words such as "anticipates," "believes," "expects," "intends" and similar expressions to identify forward-looking statements. Our actual results could differ materially from those projected in the forward-looking statements for any reason, including the factors set forth in "Risk Factors" and elsewhere in this prospectus. These forward-looking statements do not meet the safe harbor for forward-looking statements pursuant to Section 27A of the Securities Act.

We have based the forward-looking statements included in herein on information available to us on the date of this document, and we assume no obligation to update any such forward-looking statements. Although we undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that we may make directly to you or through reports that we in the future may file with the SEC, including any annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K.

Overview

We are a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company that has filed an election to be treated as a business development company under the Investment Company Act of 1940, or the 1940 Act. We invest primarily in senior and subordinated debt and equity of companies in need of capital for acquisitions, divestitures, growth, development and recapitalization. We work with the management teams or financial sponsors to seek investments with historical cash flows, asset collateral or contracted pro-forma cash flows.

We currently have seven origination strategies in which we make investments: (1) lending in private equity sponsored transactions, (2) lending directly to companies not owned by private equity firms, (3) control investments in corporate operating companies, (4) control investments in financial companies, (5) investments in structured credit, (6) real estate investments, and (7) investments in syndicated debt. We continue to evaluate other origination strategies in the ordinary course of business with no specific tops-down allocation to any single origination strategy.

Lending in Private Equity Sponsored Transactions—We make loans to companies which are controlled by leading private equity firms. This debt can take the form of first lien, second lien, unitranche or mezzanine loans. In making these investments, we look for a diversified customer base, recurring demand for the product or service, barriers to entry, strong historical cash flow and experienced management teams. These loans typically have significant equity

subordinate to our loan position. This strategy has represented approximately 50%-60% of our business.

Table of Contents

Lending Directly to Companies—We provide debt financing to companies owned by non-private equity firms, the company founder, a management team or a family. Here, in addition to the strengths we look for in a sponsored transaction, we also look for the alignment with the management team with significant invested capital. This strategy often has less competition than the private equity sponsor strategy because such company financing needs are not easily addressed by banks and often require more diligence preparation. Direct lending can result in higher returns and lower leverage than sponsor transactions and may include warrants or equity to us. This strategy generally has comprised approximately 10%-15% of our business.

Control Investments in Corporate Operating Companies—This strategy involves acquiring controlling stakes in non-financial operating companies. Our investments in these companies are generally structured as a combination of yield-producing debt and equity. We provide certainty of closure to our counterparties, give the seller personal liquidity and generally look for management to continue on in their current roles. This strategy has comprised approximately 10%-15% of our business.

Control Investments in Financial Companies—This strategy involves acquiring controlling stakes in financial companies, including consumer direct lending, subprime auto lending and other strategies. Our investments in these companies are generally structured as a combination of yield-producing debt and equity. These investments are often structured in a tax-efficient RIC-compliant partnership, enhancing returns. This strategy has comprised approximately 10%-15% of our business.

Investments in Structured Credit—We make investments in CLOs, generally taking a significant position in the subordinated interests (equity) of the CLOs. The CLOs include a diversified portfolio of broadly syndicated loans and do not have direct exposure to real estate, mortgages, sub-prime debt, or consumer based debt. The CLOs in which we invest are managed by top-tier collateral managers that have been thoroughly diligenced prior to investment. This strategy has represented 10%-20% of the portfolio.

Real Estate Investments—We make investments in real estate through our wholly-owned tax-efficient real estate investment trust ("REIT"), American Property Holding Corp. ("APHC"). Our real estate investments are in various classes of fully developed and occupied real estate properties that generate current yields. We seek to identify properties that have historically high occupancy and steady cash flow generation. We partner with established property managers with experience in managing the property type to manage such properties after acquisition. This is a more recent investment strategy that has represented less than 5% of our business.

Investments in Syndicated Debt—On an opportunistic basis, we make investments in loans and high yield bonds that have been sold to a syndicate of buyers. Here we look for investments with attractive risk-adjusted returns after we have completed a fundamental credit analysis. These investments are purchased with a long term, buy-and-hold outlook and we look to provide significant structuring input by providing anchoring orders. This strategy has represented approximately 5%-10% of the portfolio.

We invest primarily in first and second lien senior loans and mezzanine debt, which in some cases includes an equity component. First and second lien senior loans generally are senior debt instruments that rank ahead of subordinated debt of a given portfolio company. These loans also have the benefit of security interests on the assets of the portfolio company, which may rank ahead of or be junior to other security interests. Mezzanine debt and our investments in CLOs are subordinated to senior loans and are generally unsecured. We invest in debt and equity positions of CLOs which are a form of securitization in which the cash flows of a portfolio of loans are pooled and passed on to different classes of owners in various tranches. Our CLO investments are derived from portfolios of corporate debt securities which are generally risk rated from BB to B depending on the tranche.

We seek to be a long-term investor with our portfolio companies. The aggregate value of our portfolio investments was \$4,172,852 and \$2,094,221 as of June 30, 2013 and June 30, 2012, respectively. During the year ended June 30, 2013, our net cost of investments increased by \$2,156,465, or 102.7%, as a result of 68 new investments, 25 follow-on investments and several revolver advances of \$3,043,531, accrued of payment-in-kind interest of \$10,947, structuring fees of \$52,699 and amortization of discounts and premiums of \$11,016, while we received full repayment on 23 investments, sold ten investments, impaired one investment, and received several partial prepayments, amortization payments and a revolver repayment, totaling \$931,534.

Compared to the end of last fiscal year (ended June 30, 2012), net assets increased by \$1,144,520, or 75.7% during the year ended June 30, 2013, from \$1,511,974 to \$2,656,494. This increase resulted from the issuance of new shares of our common stock (less offering costs) in the amount of \$1,179,084, dividend reinvestments of \$16,087, and \$220,856 from operations. These increases, in turn, were offset by \$271,507 in dividend distributions to our stockholders. The \$220,856 increase in net assets resulting from operations is net of the following: net investment income of \$324,924, net realized loss on investments of \$26,234, and a decrease in net assets due to changes in net unrealized depreciation of investments of \$77,834.

Table of Contents

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reported period. Changes in the economic environment, financial markets and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

Fourth Quarter Highlights

Investment Transactions

On April 1, 2013, we refinanced our existing \$18,635 of subordinated loans to Ajax Rolled Ring & Machine, Inc. ("Ajax"), increasing the size of our debt investment to \$38,537. Concurrent with the refinancing, we received repayment of the \$18,635 subordinated loans that were previously outstanding. The subordinated unsecured term loan bears interest in cash at the greater of 11.5% or Libor plus 8.5% and interest payment in kind of 6.0% and has a final maturity of March 30, 2018.

On April 15, 2013, assets previously held by H&M were assigned to Wolf in exchange for a \$66,000 term loan secured by the assets. Our cost basis in this loan of \$44,632 was determined in accordance with ASC 310-40, Troubled Debt Restructurings by Creditors, and is equal to the fair value of assets at the time of transfer and we recorded a realized loss of \$19,647 in connection with the foreclosure on the assets. On May 17, 2013, Wolf sold certain of the assets that had been previously held by H&M that were located in Martin County to Hibernia for \$66,000. Proceeds from the sale were primarily used to repay the loan and NPI receivable due to us and we recognized as a realized gain of \$11,826 partially offsetting the previously recorded loss. We received \$3,960 of structuring and advisory fees from Wolf during the year ended June 30, 2013 related to the sale and \$991 under the NPI agreement which was recognized as other income during the fiscal year ended June 30, 2013. On April 17, 2013, we made an investment of \$43,650 to purchase 97% of the subordinated notes in Mountain View CLO 2013-I Ltd. ("Mountain View").

On April 22, 2013, we provided \$34,375 of senior secured financing, of which \$31,875 was funded at closing, to support the acquisition of Pegasus Business Intelligence, LP ("Pegasus"), the world's largest processor of commissions paid by hotels to travel agencies for room booking services. The \$15,938 Term Loan A note bears interest in cash at the greater of 6.75% or Libor plus 5.5% and has a final maturity of April 18, 2018. The \$15,938 Term Loan B note bears interest in cash at the greater of 13.75% or Libor plus 12.5% and has a final maturity of April 18, 2018. The \$2,500 senior secured revolver, which was unfunded at closing, bears interest in cash at the greater of 9.0% or Libor plus 7.75% and has a final maturity of April 18, 2014.

On April 25, 2013, we made an investment of \$26,000 to purchase 50.9% of the subordinated notes in Brookside Mill CLO Ltd. ("Brookside").

On April 30, 2013, we made a \$21,247 follow-on investment in APH, to acquire Lofton Place Apartments and Vista at Palma Sola, multi-family residential properties located in Florida. We invested \$3,247 of equity and \$18,000 of debt in APH. The senior secured note bears interest in cash at the greater of 6.0% or Libor plus 4.0% and interest payment in kind of 5.50% and has a final maturity of October 24, 2020.

On April 30, 2013, we sold our investment in Fischbein, LLC ("Fischbein") for net proceeds of \$3,168, recognizing a realized gain of \$2,293 on the sale. In addition, there is \$310 being held in escrow which will be recognized as additional gain if and when received.

On May 8, 2013, we made a \$6,119 follow-on investment in APH, to acquire Arlington Park, a multi-family residential property located in Marietta, Georgia. We invested \$2,119 of equity and \$4,000 of debt in APH. The senior secured note bears interest in cash at the greater of 6.0% or Libor plus 4.0% and interest payment in kind of 5.50% and has a final maturity of October 24, 2020.

On May 9, 2013, we provided a \$55,000 senior secured credit facility to support the recapitalization of Sandow Media, LLC ("Sandow"), a provider of multimedia content and services to businesses and consumers focused on the areas of design and luxury. The senior secured first lien loan bears interest in cash at the greater of 10.5% or Libor plus 8.5% and interest payment in kind of 1.5% and has a final maturity of May 8, 2018.

On May 10, 2013, we provided \$150,000 of secured second lien financing to support the recapitalization of Arctic Glacier, Inc. ("Arctic Glacier"), a leading producer, marketer, and distributor of high-quality packaged ice to

consumers in the United States and Canada. After the financing, we received repayment of \$86,982 of subordinated unsecured term loan

Table of Contents

previously outstanding. The senior secured second lien loan bears interest in cash at the greater of 11.25% or Libor plus 10.0% and has a final maturity of November 10, 2019.

On May 14, 2013, we provided \$4,000 of senior secured financing to SourceHOV, LLC ("SourceHOV"), a leading provider of business and knowledge process outsourcing. The second lien term loan bears interest in cash at the greater of 8.75% or Libor plus 7.5% and has a final maturity of April 30, 2019. On June 13, 2013, we sold our \$4,000 investment in SourceHOV and realized a gain of \$40 on this investment.

On May 16, 2013, Out Rage, LLC ("Out Rage") repaid the \$11,836 loan receivable to us.

On May 23, 2013, Snacks Holding Corporation ("Snacks Holding") repaid the \$15,366 loan receivable to us.

On May 31, 2013, we made a follow-on secured second lien debt investment of \$7,190 in Injured Workers Pharmacy LLC ("IWP"), a specialty pharmacy services company. The secured second lien loan bears interest in cash at the greater of 11.5% or Libor plus 7.0% and interest payment in kind of 1.0% and has a final maturity of May 31, 2019.

On June 3, 2013, Nobel Learning Communities, Inc. ("Nobel") repaid the \$15,262 loan receivable to us.

On June 4, 2013, Springs Window Fashions, LLC ("Springs") repaid the \$35,000 loan receivable to us.

On June 11, 2013, we provided \$115,000 of senior secured financing to CI Holdings ("Transplace"), a third-party logistics company that services many of the largest shippers in the world. The senior secured first lien loan bears interest in cash at the greater of 10.0% or Libor plus 5.0% and has a final maturity of June 11, 2019.

On June 11, 2013, we provided \$7,000 of secured second lien financing to Armor Holding II LLC ("AST"), a leading North American third-party provider of share registry and associated value added services to shareholders on behalf of listed public companies. The second lien loan bears interest in cash at the greater of 9.25% or Libor plus 8.0% and has a final maturity of December 26, 2020.

On June 12, 2013, we made a \$23,250 follow-on investment in R-V Industries, Inc. ("R-V"). The senior subordinated note bears interest in cash at the greater of 10.0% or Libor plus 9.0% and has a final maturity of June 12, 2018.

On June 14, 2013, we sold our \$10,000 investment in Transaction Networks Services, Inc. ("TNS") and realized a gain of \$117 on this investment.

On June 18, 2013, we served as sole agent and provider of \$70,000 senior secured financing, of which \$65,643 was funded at closing, to support the recapitalization of Traeger Pellet Grills LLC ("Traeger"), a leading designer, marketer, and distributor of wood pellet grills, flavored wood pellets, and grill accessories. The \$30,000 Term Loan A note bears interest in cash at the greater of 6.5% or Libor plus 4.5% and has a final maturity of June 18, 2018. The \$30,000 Term Loan B note bears interest in cash at the greater of 11.5% or Libor plus 9.5% and has a final maturity of June 18, 2018. The \$10,000 senior secured revolver, of which \$5,643 was drawn at closing, bears interest in cash at the greater of 9.0% or Libor plus 7.0% and has a final maturity of June 18, 2014.

On June 24, 2013, we made a \$76,533 follow-on investment in APH, to acquire Arium Resort (f/k/a The Resort at Pembroke Pines), a prominent multi-family residential community located in Pembroke Pines, Florida. We invested \$13,533 of equity and \$63,000 of debt in APH. The senior secured note bears interest in cash at the greater of 6.0% or Libor plus 4.0% and interest payment in kind of 5.50% and has a final maturity of October 24, 2020.

On June 25, 2013, we made an investment of \$26,500 to purchase 84.13% of the subordinated notes in LCM XIV CLO Ltd. ("LCM XIV").

On June 27, 2013, we provided \$11,000 of secured second lien financing to Blue Coat Systems, Inc. ("Blue Coat"), a leading provider of web security and wide area network (WAN) optimization solutions. The second lien note bears interest in cash at the greater of 9.5% or Libor plus 8.5% and has a final maturity of June 28, 2020.

On June 27, 2013, we made a follow-on secured debt investment of \$87,500 to support the recapitalization of Progrexion Holdings, Inc. ("Progrexion"). After the financing, we now hold \$241,033 of senior secured debt of Progrexion. The senior secured first lien note bears interest in cash at the greater of 10.5% or Libor plus 8.5% and has a final maturity of September 14, 2017.

On June 28, 2013, Sandow repaid \$30,100 of the \$55,000 loan receivable to us. After the repayment, we now hold \$24,900 of senior secured debt of Sandow.

Table of Contents

On June 28, 2013, we made a \$1,000 follow-on investment in Ajax. The subordinated unsecured term loan bears interest in cash at the greater of 11.5% or Libor plus 8.5% and interest payment in kind of 6.0% and has a final maturity of March 30, 2018.

On June 28, 2013, we made an \$18,000 secured debt follow-on investment in New Star Metals, Inc. ("New Star"), a provider of specialized processing services to the steel industry. The senior subordinated term loan bears interest in cash at 11.5% and interest payment in kind of 1.0% and has a final maturity of February 2, 2018.

In June 2013, we determined that the impairment of Manx was other-than-temporary and recorded a realized loss of \$9,397 for the amount that the amortized cost exceeded the fair market value.

Equity Issuance

During the period from April 1, 2013 to May 31, 2013, we sold 8,836,237 shares of our common stock at an average price of \$10.92 per share, and raised \$96,476 of gross proceeds, under the ATM Program. Net proceeds were \$95,474 after commissions to the broker-dealer on shares sold and offering costs. No additional shares were sold from June 1, 2013 to June 30, 2013.

On April 18, 2013, May 23, 2013 and June 20, 2013, we issued 138,087, 117,497 and 117,107 shares of our common stock in connection with the dividend reinvestment plan, respectively.

Dividend

On May 6, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110125 per share for May 2013 to holders of record on May 31, 2013 with a payment date of June 20, 2013;
\$0.110150 per share for June 2013 to holders of record on June 28, 2013 with a payment date of July 18, 2013;
\$0.110175 per share for July 2013 to holders of record on July 31, 2013 with a payment date of August 22, 2013; and
\$0.110200 per share for August 2013 to holders of record on August 30, 2013 with a payment date of September 19, 2013.

On June 17, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110225 per share for September 2013 to holders of record on September 30, 2013 with a payment date of October 24, 2013;
\$0.110250 per share for October 2013 to holders of record on October 31, 2013 with a payment date of November 21, 2013;
\$0.110275 per share for November 2013 to holders of record on November 29, 2013 with a payment date of December 19, 2013; and
\$0.110300 per share for December 2013 to holders of record on December 31, 2013 with a payment date of January 23, 2014.

Table of Contents

Debt Issuance

During the quarter ended June 30, 2013, we issued \$164,376 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of approximately \$159,983, as follows:

Date of Issuance	Principal Amount	Interest Rate Range	Weighted Average Interest Rate	Maturity Date
April 4, 2013 - April 25, 2013	\$29,528	4.50% - 5.00%	4.96	% April 15, 2020

	\$164,376			

Investment Holdings

As of June 30, 2013, we continue to pursue our diversified investment strategy. At June 30, 2013, approximately \$4,172,852 or 157.1% of our net assets are invested in 124 long-term portfolio investments and CLOs and 5.4% of our net assets are invested in money market funds.

During the year ended June 30, 2013, we originated \$3,103,217 of new investments. Our origination efforts are focused primarily on secured lending, to reduce the risk in the portfolio, investing primarily in first lien loans, and subordinated notes in CLOs, though we also continue to close select junior debt and equity investments. In addition to targeting investments senior in corporate capital structures with our new originations, we have also increased our origination business mix of third party private equity sponsor owned companies, which tend to have more third party equity capital supporting our debt investments than non-sponsor transactions. Our annualized current yield was 13.9% and 13.6% as of June 30, 2012 and June 30, 2013, respectively, across all performing interest bearing investments.

The decrease in our current yield is primarily due to recent originations being at lower yields than the existing portfolio. Monetization of equity positions that we hold and loans on non-accrual status are not included in this yield calculation. In many of our portfolio companies we hold equity positions, ranging from minority interests to majority stakes, which we expect over time to contribute to our investment returns. Some of these equity positions include features such as contractual minimum internal rates of returns, preferred distributions, flip structures and other features expected to generate additional investment returns, as well as contractual protections and preferences over junior equity, in addition to the yield and security offered by our cash flow and collateral debt protections.

We classify our investments by level of control. As defined in the 1940 Act, control investments are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of more than 25% of the voting securities of an investee company. Affiliated investments and affiliated companies are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of the investee company.

As of June 30, 2013, we own controlling interests in AIRMALL USA, Inc. ("AIRMALL"), Ajax, APH, AWCNC, LLC, Borga, Inc., CCPI Holdings, Inc. ("CCPI"), Credit Central Holdings of Delaware, LLC ("Credit Central"), Energy Solutions Holdings, Inc. (f/k/a Gas Solutions Holdings, Inc.) ("Energy Solutions"), First Tower Holdings of Delaware, LLC ("First Tower Delaware"), Manx Energy, Inc. ("Manx"), Nationwide Acceptance Holdings, LLC ("Nationwide"), NMMB Holdings, Inc. ("NMMB"), R-V Industries, Inc. ("R-V"), The Healing Staff, Inc. ("THS"), Valley Electric Holdings I, Inc. ("Valley Electric") and Wolf Energy Holdings, Inc. ("Wolf"). We

also own an affiliated interest in BNN Holdings Corp. (f/k/a Biotronic NeuroNetwork) ("Biotronic"), Boxercraft Incorporated ("Boxercraft") and Smart, LLC.

Table of Contents

The following is a summary of our investment portfolio by level of control at June 30, 2013 and June 30, 2012, respectively:

Level of Control	June 30, 2013				June 30, 2012			
	Cost	Percent of Portfolio	Fair Value	Percent of Portfolio	Cost	Percent of Portfolio	Fair Value	Percent of Portfolio

Portfolio Investment Activity

During the year ended June 30, 2013, we acquired \$2,574,755 of new investments, completed follow-on investments in existing portfolio companies, totaling approximately \$496,371, funded \$21,143 of revolver advances, and recorded PIK interest of \$10,947, resulting in gross investment originations of \$3,103,217. The more significant of these investments are described briefly in the following:

On July 5, 2012, we made a senior secured debt investment of \$28,000 to support the acquisition of Material Handling Services, LLC, d/b/a/ Total Fleet Solutions ("TFS"), a provider of forklift and other material handling equipment fleet management and procurement services, by funds managed by CI Capital Partners, LLC. The senior secured term loan bears interest in cash at the greater of 10.5% or Libor plus 8.5% and has a final maturity of July 5, 2017.

On July 16, 2012, we provided \$15,000 of secured second lien financing to Pelican Products, Inc., a leading provider of unbreakable, watertight protective cases and technically advanced professional lighting equipment. The second lien term loan bears interest in cash at the greater of 11.5% or Libor plus 10.0% and has a final maturity of June 14, 2019.

On July 20, 2012, we provided \$12,000 of senior secured financing to EIG Investors Corp ("EIG"), a provider of an array of online services such as web presence, domain hosting, e-commerce, e-mail and other related services to small- and medium-sized businesses. The second lien term loan bears interest in cash at the greater of 11.0% or Libor plus 9.5% and has a final maturity of October 22, 2018.

On July 20, 2012, we provided \$10,000 of senior secured financing to FPG, LLC ("FPG"), a supplier of branded consumer and commercial products sold to the retail, foodservice, and hospitality sectors. The note payable bears interest in cash at the greater of 12.0% or Libor plus 11.0% and has a final maturity of January 20, 2017.

On July 27, 2012, we provided \$85,000 of subordinated financing to support the acquisition of substantially all the assets of Arctic Glacier Income Funds by funds affiliated with H.I.G. The new company, Arctic Glacier U.S.A., Inc., will continue to conduct business under the "Arctic Glacier" name and be a leading producer, marketer, and distributor of high-quality packaged ice to consumers in Canada and the United States. The unsecured subordinated term loan bears interest in cash at 12.0% and interest payment in kind of 3.0% and has a final maturity of July 27, 2019.

On August 2, 2012, we provided a \$27,000 secured loan to support the acquisition of New Star, a provider of specialized processing services to the steel industry, by funds managed by Insight Equity Management Company. The senior subordinated note bears interest in cash at the greater of 11.5% or Libor plus 8.5% and interest payment in kind of 1.0% and has a final maturity of February 2, 2018.

On August 3, 2012, we provided \$120,000 of senior secured financing, of which \$110,000 was funded at closing, to support the acquisition of InterDent, Inc. ("Interdent"), a leading provider of dental practice management services to dental professional corporations and associations in the United States, by funds managed by H.I.G. The \$55,000 Term Loan A note bears interest in cash at the greater of 8.0% or Libor plus 6.5% and has a final maturity of August 3, 2017. The \$55,000 Term Loan B note bears interest in cash at the greater of 13.0% or Libor plus 10.0% and has a final maturity of August 3, 2017. The \$10,000 senior secured revolver, which was unfunded at closing, bears interest in cash at the greater of 10.5% or Libor plus 8.25% and matured on February 3, 2013.

On August 3, 2012, we provided \$44,000 of secured subordinated financing to support the refinancing of New Century Transportation, Inc., a leading transportation and logistics company. The senior subordinated loan bears interest in cash at the greater of 12.0% or Libor plus 10.0% and interest payment in kind of 3.0% and has a final maturity of February 3, 2018.

On August 3, 2012, we provided \$10,000 of senior secured financing to Pinnacle (US) Acquisition Co Limited, the largest multi-national software company focused on the delivery of analytical and information management solutions for the discovery and extraction of subsurface natural resources. The second lien term loan originally bore interest in cash at the greater of 10.5% or Libor plus 8.25%. On January 17, 2013, we amended the terms of this investment and the first lien note bears interest in cash at the greater of 6.0% or Libor plus 4.0% and interest payment in kind of 5.5% as of June 30, 2013. The second lien term loan has a final maturity of August 3, 2020.

On August 6, 2012, we made an investment of \$22,210 to purchase 62.9% of the subordinated notes in Halcyon Loan Advisors Funding 2012-I, Ltd.

On August 7, 2012, we made an investment of \$36,798 to purchase 95.0% of the subordinated notes in ING IM CLO 2012-II, Ltd.

Table of Contents

On May 8, 2013, we made a \$6,119 follow-on investment in APH, to acquire Arlington Park, a multi-family residential property located in Marietta, Georgia. We invested \$2,118 of equity and \$4,000 of debt in APH. The senior secured note bears interest in cash at the greater of 6.0% or Libor plus 4.0% and interest payment in kind of 5.50% and has a final maturity of October 24, 2020.

On May 9, 2013, we provided a \$60,000 senior secured credit facility, of which \$55,000 was funded at closing, to support the recapitalization of Sandow, a provider of multimedia content and services to businesses and consumers focused on the areas of design and luxury. The senior secured first lien loan bears interest in cash at the greater of 10.5% or Libor plus 8.5% and interest payment in kind of 1.5% and has a final maturity of May 8, 2018.

On May 10, 2013, we provided a \$150,000 senior secured term loan to support the recapitalization of Arctic Glacier, a leading producer, marketer, and distributor of high-quality packaged ice to consumers in the United States and Canada. After the financing, we received repayment of \$86,982 of subordinated unsecured term loan previously outstanding. The senior secured second lien loan bears interest in cash at the greater of 11.25% or Libor plus 10.0% and has a final maturity of November 10, 2019.

On May 14, 2013, we provided \$4,000 of senior secured financing to SourceHOV, a leading provider of business and knowledge process outsourcing. The senior secured second lien loan bears interest in cash at the greater of 8.75% or Libor plus 7.5% and has a final maturity of April 30, 2019.

On May 31, 2013, we made a follow-on secured second lien debt investment of \$7,190 in IWP, a specialty pharmacy services company. The secured second lien loan bears interest in cash at the greater of 11.5% or Libor plus 7.0% and interest payment in kind of 1.0% and has a final maturity of May 31, 2019.

On June 11, 2013, we provided \$115,000 of senior secured financing to Transplace, a third-party logistics company that services many of the largest shippers in the world. The senior secured first lien loan bears interest in cash at the greater of 10.0% or Libor plus 5.0% and has a final maturity of June 11, 2019.

On June 11, 2013, we provided \$7,000 of secured second lien financing to AST, a leading North American third-party provider of share registry and associated value added services to shareholders on behalf of listed public companies. The second lien loan bears interest in cash at the greater of 9.25% or Libor plus 8.0% and has a final maturity of December 26, 2020.

On June 12, 2013, we made a \$23,250 follow-on investment in R-V. The senior subordinated note bears interest in cash at the greater of 10.0% or Libor plus 9.0% and has a final maturity of June 12, 2018.

On June 18, 2013, we served as sole agent and provider of \$70,000 senior secured financing, of which \$65,643 was funded at closing, to support the recapitalization of Traeger, a leading designer, marketer, and distributor of wood pellet grills, flavored wood pellets, and grill accessories. The \$30,000 Term Loan A note bears interest in cash at the greater of 6.5% or Libor plus 4.5% and has a final maturity of June 18, 2018. The \$30,000 Term Loan B note bears interest in cash at the greater of 11.5% or Libor plus 9.5% and has a final maturity of June 18, 2018. The \$10,000 senior secured revolver, of which \$5,643 was drawn at closing, bears interest in cash at the greater of 9.0% or Libor plus 7.0% and has a final maturity of June 18, 2014.

On June 24, 2013, we made a \$76,533 follow-on investment in APH, to acquire Arium Resort (f/k/a The Resort at Pembroke Pines), a prominent multi-family residential community located in Pembroke Pines, Florida. We invested \$13,533 of equity and \$63,000 of debt in APH. The senior secured note bears interest in cash at the greater of 6.0% or

Libor plus 4.0% and interest payment in kind of 5.50% and has a final maturity of October 24, 2020.
On June 25, 2013, we made an investment of \$26,500 to purchase 84.13% of the subordinated notes in LCM XIV.

Table of Contents

On June 27, 2013, we provided \$11,000 of secured second lien financing to Blue Coat, a leading provider of web security and wide area network (WAN) optimization solutions. The second lien note bears interest in cash at the greater of 9.5% or Libor plus 8.5% and has a final maturity of June 28, 2020.

On June 27, 2013, we made a follow-on secured debt investment of \$87,500 to support the recapitalization of Progrexion. After the financing, we now hold \$241,033 of senior secured debt of Progrexion. The senior secured first lien note bears interest in cash at the greater of 10.5% or Libor plus 8.5% and has a final maturity of September 14, 2017.

On June 28, 2013, we made a \$1,000 follow-on investment in Ajax. The subordinated unsecured term loan bears interest in cash at the greater of 11.5% or Libor plus 8.5% and interest payment in kind of 6.0% and has a final maturity of March 30, 2018.

On June 28, 2013, we made an \$18,000 secured debt follow-on investment in New Star, a provider of specialized processing services to the steel industry. The senior subordinated term loan bears interest in cash at 11.5% and interest payment in kind of 1.0% and has a final maturity of February 2, 2018.

During the year ended June 30, 2013, we closed-out twenty-three positions which are briefly described below.

On July 24, 2012, we sold our 3,821 shares of Iron Horse Coiled Tubing, Inc. ("Iron Horse") common stock in connection with the exercise of an equity buyout option, receiving \$2,040 of net proceeds and realizing a gain of approximately \$1,772 on the sale.

On August 3, 2012, Pinnacle Treatment Centers, Inc. repaid the \$17,475 loan receivable to us.

On August 10, 2012, U.S. HealthWorks Holding Company, Inc. repaid the \$25,000 loan receivable to us.

On September 20, 2012, Fischbein repaid the \$3,425 loan receivable to us.

On October 5, 2012, Northwestern Management Services, LLC ("Northwestern") repaid the \$15,092 loan receivable to us and we sold our 50 shares of Northwestern common stock for total proceeds of \$2,233, realizing a gain of \$1,862.

On October 16, 2012, Blue Coat repaid the \$25,000 loan receivable to us.

On October 18, 2012, Hi-Tech Testing Services, Inc. and Wilson Inspection X-Ray Services, Inc. repaid the \$7,200 loan receivable to us.

On October 19, 2012, Mood Media Corporation repaid the \$15,000 loan receivable to us.

On October 31, 2012, Shearer's Foods, Inc. ("Shearer's") repaid the \$37,999 loan receivable to us. On November 7, 2012, we redeemed our membership interests in Mistral Chip Holdings, LLC, Mistral Chip Holdings 2, LLC and Mistral Chip Holdings 3, LLC in connection with the sale of Shearer's, receiving \$6,022 of net proceeds and realizing a gain of approximately \$2,027 on the redemption.

On November 8, 2012, Potters Holdings II, L.P. repaid the \$15,000 loan receivable to us.

On November 15, 2012, Renaissance Learning, Inc. repaid the \$6,000 loan receivable to us.

On December 3, 2012, VanDeMark Chemicals, Inc. repaid the \$29,658 loan receivable to us.

On December 7, 2012, Hudson Products Holdings, Inc. ("Hudson") repaid the \$6,267 loan receivable to us.

On December 21, 2012, ST Products, LLC repaid the \$23,162 loan receivable to us.

On December 21, 2012, SG Acquisition, Inc. repaid the \$83,242 loan receivable to us.

On February 5, 2013, we sold our \$2,000 investment in Healogics and realized a gain of \$60 on this investment.

On February 25, 2013, we sold our \$2,000 secured first lien investment in TNS and realized a gain of \$20 on this investment.

On March 18, 2013, we sold our \$2,000 investment in J.G. Wentworth and realized a gain of \$75 on this investment.

On March 28, 2013, we sold our investment in New Meatco Provisions, LLC ("Meatco") for net proceeds of approximately \$1,965, realizing a loss of \$10,814 on the sale.

On March 29, 2013, we received net proceeds of \$1,251 for the partial sale of our equity investment in Caleel + Hayden, LLC, realizing a gain of \$900 on the sale.

Table of Contents

On April 30, 2013, we sold our investment in Fischbein for net proceeds of \$3,168, recognizing a realized gain of \$2,293 on the sale. In addition, there is \$310 being held in escrow which will be recognized as additional gain if and when received.

On May 16, 2013, Out Rage repaid the \$11,836 loan receivable to us.

On May 23, 2013, Snacks Holding repaid the \$15,366 loan receivable to us.

On June 3, 2013, Nobel repaid the \$15,262 loan receivable to us.

On June 4, 2013, Springs repaid the \$35,000 loan receivable to us.

On June 13, 2013, we sold our \$4,000 investment in SourceHOV and realized a gain of \$40 on this investment.

On June 14, 2013, we sold our \$10,000 investment in TNS and realized a gain of \$117 on this investment.

On June 28, 2013, Sandow repaid \$30,100 of the \$55,000 loan receivable to us. After the repayment, we now hold \$24,900 of senior secured debt of Sandow.

In addition to the repayments noted above, during the year ended June 30, 2013, we received principal amortization payments of \$19,568 on several loans, and \$99,066 of partial prepayments primarily related to Byrider Systems Acquisition Corp, Capstone, Cargo Airport Services USA, LLC ("Cargo"), Energy Solutions, NMMB, Northwestern, and Sandow.

On January 4, 2012, Energy Solutions sold its gas gathering and processing assets ("Gas Solutions") for a sale price of \$199,805, adjusted for the final working capital settlement, including a potential earnout of \$28,000 that will be paid based on the future performance of Gas Solutions. We do not know the timing, if any, related to this potential earnout and have valued the \$28,000 at zero as of June 30, 2013. After expenses, including structuring fees of \$9,966 paid to us, Energy Solutions received approximately \$158,687 in cash. Currently, a loan to Energy Solutions remains outstanding and is collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solutions by Energy Solutions resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us were required to be recognized as dividend income, in accordance with ASC 946, Financial Services—Investment Companies, as cash distributions are received from Energy Solutions to the extent there are earnings and profits sufficient to support such recognition. During the year ended June 30, 2013, Energy Solutions repaid \$28,500 of senior and subordinated secured debt. We received \$19,543 of make-whole fees for early repayment of the outstanding loan receivables, which was recorded as interest income during the year ended June 30, 2013. During the year ended June 30, 2013, we received distributions of \$53,820 from Energy Solutions which were recorded as dividend income. Energy Solutions continues to hold \$23,979 of cash for future investment and repayment of the remaining debt.

During the year ended June 30, 2013, we recognized \$1,481 of interest income due to purchase discount accretion from the assets acquired from Patriot Capital Funding, Inc. ("Patriot"). Included in the \$1,481 recorded during the year ended June 30, 2013 is \$1,111 of normal accretion and \$370 of accelerated accretion resulting from the repayment of Hudson. We expect to recognize \$240 of normal accretion during the three months ended September 30, 2013.

During the year ended June 30, 2012, we recognized \$6,613 of interest income due to purchase discount accretion from the assets acquired from Patriot. Included in the \$6,613 is \$3,083 of normal accretion and \$3,530 of accelerated accretion resulting from the repayment of Mac & Massey Holdings, LLC ("Mac & Massey"), Nupla Corporation ("Nupla"), ROM Acquisition Corp and Sport Helmets Holdings, LLC ("Sport Helmets").

During the year ended June 30, 2011, we recognized \$22,084 of interest income due to purchase discount accretion from the assets acquired from Patriot. Included in the \$22,084 is \$4,912 of normal accretion, \$12,035 of accelerated accretion resulting from the repayment of Impact Products, LLC, Label Corp Holdings Inc. and Prince, and \$4,968 of accelerated accretion resulting from the recapitalization of our debt investments in Arrowhead General Insurance Agency, Inc. ("Arrowhead"), The Copernicus Inc. ("Copernicus"), Fischbein and Northwestern. The restructured loans for Arrowhead, Copernicus, Fischbein and Northwestern were issued at market terms comparable to other industry transactions. In accordance with ASC 320-20-35 the cost basis of the new loans were recorded at par value, which precipitated the acceleration of original purchase discount from the loan repayments which was recognized as interest income.

(1) Includes new deals, additional fundings, refinancings and PIK interest.

(2) Includes scheduled principal payments, prepayments and refinancings.

(3) The \$210,438 of acquisitions for the quarter ended December 31, 2009 includes \$207,126 of portfolio investments acquired from Patriot.

Investment Valuation

Table of Contents

In determining the fair value of our portfolio investments at June 30, 2013, the Audit Committee considered valuations from the independent valuation firms and from management having an aggregate range of \$4,081,889 to \$4,354,692, excluding money market investments.

In determining the range of value for debt instruments, management and the independent valuation firms generally shadow rated the investment and then based upon the range of ratings, determined appropriate yields to maturity for a loan rated as such. A discounted cash flow analysis was then prepared using the appropriate yield to maturity as the discount rate, yielding the ranges. For equity investments, the enterprise value was determined by applying EBITDA multiples for similar recent investment sales. For stressed equity investments, a liquidation analysis was prepared. In determining the range of value for our investments in CLOs, management and the independent valuation firms used discounted cash flow models. The valuations were accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view. For each security, the most appropriate valuation approach was chosen from alternative approaches to ensure the most accurate valuation for each security. A discounted cash flow model is prepared, utilizing a waterfall engine to store the collateral data, generate collateral cash flows from the assets, and distributes the cash flow to the liability structure based on the payment priorities, and discount them back using proper discount rates that incorporate all the risk factors.

The Board of Directors looked at several factors in determining where within the range to value the asset including: recent operating and financial trends for the asset, independent ratings obtained from third parties, comparable multiples for recent sales of companies within the industry and discounted cash flow models for our investments in CLOs. The composite of all these analyses, applied to each investment, was a total valuation of \$4,172,852, excluding money market investments.

Our portfolio companies are generally lower middle market companies, outside of the financial sector, with less than \$150,000 of annual EBITDA. We believe our market has experienced less volatility than others because we believe there are more buy and hold investors who own these less liquid investments.

Control investments offer increased risk and reward over straight debt investments. Operating results and changes in market multiples can result in dramatic changes in values from quarter to quarter. Significant downturns in operations can further result in our looking to recoveries on sales of assets rather than the enterprise value of the investment. Several control investments in our portfolio are under enhanced scrutiny by our senior management and our Board of Directors and are discussed below.

AIRMALL USA, Inc.

AIRMALL is a leading developer and manager of airport retail operations. AIRMALL has developed and presently manages all or substantially all of the retail operations and food and beverage concessions at Baltimore/Washington International Thurgood Marshall Airport (BWI), Boston Logan International Airport (BOS), Cleveland Hopkins International Airport (CLE) and Pittsburgh International Airport (PIT). AIRMALL does so pursuant to long-term, infrastructure-like contracts with the respective municipal agencies that own and operate the airports.

On July 30, 2010, we invested \$52,420 of combined debt and equity as follows: \$30,000 senior term loan, \$12,500 senior subordinated note and \$9,920 preferred equity. We own 100% of AIRMALL's equity securities. AIRMALL's financial performance has been consistent since the acquisition and we continue to monitor the medium to long-term growth prospects for the company.

As a result of improved operating results, the Board of Directors increased the fair value of our investment in AIRMALL to \$54,648 as of June 30, 2013, a premium of \$3,478 from its amortized cost, compared to the \$3,788 unrealized depreciation recorded at June 30, 2012.

Ajax Rolled Ring & Machine, Inc.

Ajax forges large seamless steel rings on two forging mills in the company's York, South Carolina facility. The rings are used in a range of industrial applications, including in construction equipment and power turbines. Ajax also provides machining and other ancillary services.

We acquired a controlling equity interest in Ajax in a recapitalization of Ajax that was closed on April 4, 2008. We funded \$22,000 of senior secured term debt, \$11,500 of subordinated term debt and \$6,300 of equity as of that closing. During the fiscal year ended June 30, 2010, we funded an additional \$3,530 of secured subordinated debt to refinance a third-party revolver provider and provide working capital. Ajax repaid \$3,461 of this secured subordinated

debt during the quarter ended September 30, 2010. During the quarter ended December 31, 2012, we funded an additional \$3,600 of unsecured debt to refinance first lien debt held by Wells Fargo.

Table of Contents

On April 1, 2013, we refinanced our existing \$38,472 senior loans to Ajax, increasing the size of our debt investment to \$38,537. Concurrent with the refinancing, we received repayment of the \$18,635 loans that were previously outstanding. As of June 30, 2013, we control 78.01% of the fully-diluted common and preferred equity. The principal balance of our senior debt to Ajax was \$19,737 and our subordinated debt was \$19,700 as of June 30, 2013. Due to soft operating results, the Board of Directors decreased the fair value of our investment in Ajax to \$39,437 as of June 30, 2013, a reduction of \$6,057 from its amortized cost, compared to the \$11,151 unrealized appreciation recorded at June 30, 2012.

APH Property Holdings, LLC

We make investments in real estate through our investment in APH, a holding company that owns 100% of the common equity of APHC. APHC is a Maryland corporation and qualified REIT for federal income tax purposes. During the year ended June 30, 2013, we provided \$125,892 and \$26,648 of debt and equity financing, respectively, to APH for the acquisition of various industrial and multi-family residential real estate properties in Florida and Georgia. We received structuring fees of \$4,511 from APH that were recorded as other income during the year ended June 30, 2013. As of June 30, 2013, APHC's real estate portfolio was comprised of seven investments. The following table shows the mortgages outstanding due to other parties for each of the seven properties:

No.	Property Name	City	Date of Acquisition	Purchase Price	Mortgage Outstanding
1	146 Forest Parkway	Forest Park, GA	10/24/2012	\$7,400	\$—
2	Abbingtion Pointe	Marietta, GA	12/28/2012	23,500	15,275
3	Amberly Place	Tampa, FL	1/17/2013	63,400	39,600
4	Lofton Place	Tampa, FL	4/30/2013	26,000	16,965
5	Vista at Palma Sola	Bradenton, FL	4/30/2013	27,000	17,550
6	Arlington Park	Marietta, GA	5/8/2013	14,850	9,650
7	Arium Resort	Pembroke Pines, GA	6/24/2013	225,000	157,500

The Board of Directors set the fair value of our investment in APH to \$152,540 as of June 30, 2013, equal to its amortized cost.

Energy Solutions Holdings Inc. (f/k/a Gas Solutions Holdings, Inc.)

Energy Solutions owns interests in other companies operating in the energy sector. These include operating offshore supply vessels and ownerships of a non-operating biomass plant and several coal mines. Energy Solutions subsidiaries formerly owned interests in a gas gathering and processing system in east Texas.

In December 2011, we completed a reorganization of Gas Solutions Holdings, Inc. renaming the company Energy Solutions and transferring ownership of other operating companies owned by us and operating within the energy industry with the intent of strategically expanding Energy Solutions operations across energy sectors. As part of the reorganization, we transferred our equity interests in Change Clean Energy Holdings, Inc. ("CCEHI"), Change Clean Energy, Inc. ("CCEI"), Freedom Marine Holdings, LLC ("Freedom Marine") and Yatesville Coal Holdings, Inc. ("Yatesville") to Energy Solutions. On December 28, 2011, we made a follow-on investment of \$4,750 to support the acquisition of a new vessel by Vessel Holdings LLC, a subsidiary of Freedom Marine.

On January 4, 2012, Energy Solutions sold Gas Solutions for a sale price of \$199,805, adjusted for the final working capital settlement, including a potential earnout of \$28,000 that will be paid based on the future performance of Gas Solutions. After expenses, including structuring fees of \$9,966 paid to us, Energy Solutions received approximately \$158,687 in cash. Currently, a loan to Energy Solutions remains outstanding and is collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solutions by Energy Solutions has resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us were required to be recognized as dividend income, in accordance with ASC 946, Financial Services—Investment Companies, as cash distributions are received from Energy Solutions to the extent there are current year earnings and profits sufficient to support such recognition.

In determining the value of Energy Solutions, we have utilized two valuation techniques to determine the value of the investment. Our Board of Directors has determined the value to be \$26,696 for our debt and equity positions at

June 30, 2013 based upon a combination of a current value method for the cash balances of Energy Solutions and a liquidation analysis

Table of Contents

for our interests in CCEHI, CCEI, Freedom Marine and Yatesville. At June 30, 2013 and June 30, 2012, Energy Solutions, including the underlying portfolio companies affected by the reorganization, was valued at \$7,574 below and \$63,623 above its amortized cost, respectively. We received distributions of \$53,820 from Energy Solutions that were recorded as dividend income during the year ended June 30, 2013. We also received \$19,543 of make-whole fees from Energy Solutions for early repayments of the outstanding loans, which was recorded as interest income in the year ended June 30, 2013.

First Tower Holdings of Delaware, LLC

First Tower is a multiline specialty finance company based in Flowood, Mississippi with over 170 branch offices.

On June 15, 2012, we acquired 80.1% of First Tower, LLC ("First Tower") businesses for \$110,200 in cash and 14,518,207 unregistered shares of our common stock. Based on our share price of \$11.06 at the time of issuance, we acquired our 80.1% interest in First Tower for approximately \$270,771. As consideration for our investment, First Tower Delaware, which is 100% owned by us, recorded a secured revolving credit facility to us of \$244,760 and equity of \$43,193. First Tower Delaware owns 80.1% of First Tower Holdings LLC, the holding company of First Tower. The assets of First Tower acquired include, among other things, the subsidiaries owned by First Tower, which hold finance receivables, leaseholds, and tangible property associated with First

Tower's businesses. During the three months ended June 30, 2012, we received \$8,075 in structuring fee income. During the three months ended December 31, 2012, we funded an additional \$20,000 of senior secured debt to support seasonally high demand during the holiday season. As of June 30, 2013, First Tower had total assets of approximately \$605,783 including \$378,327 of finance receivables net of unearned charges. As of June 30, 2013, First Tower's total debt outstanding to parties senior to us was \$264,760.

Due to a reduction in public market comparables in the consumer finance industry, the Board of Directors set the fair value of our investment in First Tower at \$298,084 as of June 30, 2013, a discount of \$9,869 to its amortized cost, compared to \$287,953 as of June 30, 2012, equal to its amortized cost at that time.

Manx Energy, Inc.

Manx was formed for the purpose of rolling up the assets of two existing Prospect portfolio companies, Coalbed, LLC ("Coalbed") and Appalachian Energy Holdings, LLC ("AEH"), bringing them under new management, restructuring the outstanding debt, and infusing additional capital to allow for future growth. Coalbed is the owner of 100% of the outstanding equity interests of Coalbed Pipelines, LLC and Coalbed Operator, LLC. Coalbed was formed in October 2009 to acquire our outstanding senior secured loan and assigned interests in Conquest Cherokee, LLC ("Conquest"). Conquest's assets consisted primarily of coalbed methane reserves in the Cherokee Basin. AEH was formed in 2006 and is the owner of 100% of the outstanding equity interests of East Cumberland L.L.C., a provider of outsourced mine site development and construction services for coal production companies operating in Southern Appalachia, and C&S Oilfield and Pipeline Construction, a provider of support services to companies engaged in the exploration and production of oil and natural gas.

On January 19, 2010, we modified the terms of our senior secured debt in AEH and Coalbed in conjunction with the formation of Manx, a new entity consisting of the assets of AEH, Coalbed and Kinley Exploration LLC. The assets of the three companies were combined under new common management. We funded \$2,800 at closing to Manx to provide for working capital. A portion of our loans to AEH and Coalbed was exchanged for Manx preferred equity, while our AEH equity interest was converted into Manx common stock. There was no change to fair value at the time of restructuring, and we continue to fully reserve any income accrued for Manx. During the year ended June 30, 2011, we made a follow-on secured debt investments of \$750 in Manx to support ongoing operations. On June 30, 2012, Manx assigned the membership interests and associated operating company debt of Coalbed and AEH to Wolf Energy Holdings, Inc. ("Wolf"), a newly-formed company owned by us.

During the quarter ended June 30, 2013, we determined that the impairment of Manx was other-than-temporary and recorded a realized loss of \$9,397 for the amount that the amortized cost exceeded the fair market value. The Board of Directors set the fair value of our investment in Manx at \$346 as of June 30, 2013, a reduction of \$154 from its amortized cost, compared to the \$11,028 unrealized depreciation recorded at June 30, 2012.

The Healing Staff, Inc.

During the three months ended December 31, 2012, we determined that the impairment of Integrated Contract Services, Inc. ("ICS") was other-than-temporary and recorded a realized loss of \$12,198 for the amount that the amortized cost exceeded the fair market value. Our remaining investments are in THS and Vets Securing America ("VSA"), wholly owned subsidiaries of ICS with ongoing operations. THS provides outsourced medical staffing services to governmental and

Table of Contents

commercial enterprises. VSA provides out-sourced security guards staffed primarily using retired military and police department veterans.

During September and October 2007, we provided \$1,170 to THS for working capital through our investment in ICS. In January 2009, we foreclosed on the real and personal property of ICS. Through this foreclosure process, we gained 100% ownership of THS. As part of its strategy to diversify its revenues THS started VSA as a new business in the latter part of 2009. During the year ended June 30, 2011 and the six months ended December 31, 2011, we made follow-on secured debt investments of \$1,708 and \$874, respectively, to support the ongoing operations of THS and VSA. Effective October 19, 2011, the closing date of the sale by VSA of a commercial real estate asset, \$893 of the follow-on secured debt investments were repaid. In early May 2012, we made short-term secured debt investments of \$118 and \$42, respectively, to support the operations of THS and VSA, which short term debt was repaid in early June 2012. We made no additional fundings during the six months ended June 30, 2012 and the fiscal year ended June 30, 2013. In May 2012, in connection with the implementation of accounts receivable based funding programs for THS and VSA with a third party provider we agreed to subordinate our first priority security interest in all of the accounts receivable and other assets of THS and VSA to the third party provider of that accounts receivable based funding.

Based upon an analysis of the liquidation value of assets, our Board of Directors determined the fair value of our investment in THS and VSA to be zero at June 30, 2013 and June 30, 2012, respectively, a reduction of \$3,831 and \$3,750 from its amortized cost, respectively.

Wolf Energy Holdings, Inc.

Wolf is a holding company formed to hold 100% of the outstanding membership interests of each of Coalbed and AEH. The membership interests of Coalbed and AEH, which were previously owned by Manx, were assigned to Wolf effective June 30, 2012. The purpose of assignment was to remove those activities from Manx deemed non-core by the Manx convertible debt investors who were not interested in funding those operations. In addition, effective June 29, 2012 C&J Cladding Holding Company, Inc. ("C&J") merged with and into Wolf, with Wolf as the surviving entity. At the time of the merger, C&J held the remaining undistributed proceeds from the sale of its membership interests in C&J Cladding, LLC. The merger was effectuated in connection with the broader simplification of our energy investment holdings.

On April 15, 2013, assets previously held by H&M were assigned to Wolf in exchange for a \$66,000 term loan secured by the assets. Our cost basis in this loan of \$44,632 was determined in accordance with ASC 310-40, Troubled Debt Restructurings by Creditors, and is equal to the fair value of assets at the time of transfer and we recorded a realized loss of \$19,647 in connection with the foreclosure on the assets. On May 17 2013, Wolf sold certain of the assets that had been previously held by H&M that were located in Martin County to Hibernia for \$66,000. Proceeds from the sale were primarily used to repay the loan and NPI receivable due to us and we recognized as a realized gain of \$11,826 partially offsetting the previously recorded loss. We received \$3,960 of structuring and advisory fees from Wolf during the year ended June 30, 2013 related to the sale and \$991 under the NPI agreement which was recognized as other income during the fiscal year ended June 30, 2013.

Based on an increase in the liquidation value of Wolf due to the acquisition of assets previously held by H&M, the Board of Directors increased the fair value of our investment in Wolf to \$4,949 as of June 30, 2013, a reduction of \$3,091 from its amortized cost, compared to the \$7,991 unrealized depreciation recorded at June 30, 2012. Equity positions in the portfolio are susceptible to potentially significant changes in value, both increases as well as decreases, due to changes in operating results. Two of our portfolio companies, Ajax and First Tower Delaware, experienced such volatility and experienced fluctuations in valuation during the year ended June 30, 2013. The valuation of Ajax decreased due to declining operating results. The value of our equity position in Ajax decreased to zero as of June 30, 2013, a discount of \$6,057 to its cost, compared to the \$11,134 unrealized gain recorded at June 30, 2012. The valuation of First Tower Delaware decreased due to change in current market conditions. The value of our equity position in First Tower decreased to \$33,324 as of June 30, 2013, a discount of \$9,869 to its cost, compared to the value of \$43,193 recorded at June 30, 2012, equal to its cost. Six of the other controlled investments have been valued at discounts to the original investment. Eight of the control investments are valued at the original investment amounts or higher. Overall, at June 30, 2013, the control investments are valued at \$18,517 below their amortized cost.

We hold three affiliate investments at June 30, 2013. One of our affiliate portfolio companies, Boxercraft, experienced a meaningful decrease in valuation during the year ended June 30, 2013 due to declining operating results. As of June 30, 2013, Boxercraft is valued at \$9,385, a reduction of \$7,375 to its amortized cost. Overall, at June 30, 2013, affiliate investments are valued at \$6,746 below their amortized cost.

With the Non-control/Non-affiliate investments, generally, there is less volatility related to our total investments because our equity positions tend to be smaller than with our control/affiliate investments, and debt investments are generally not as

Table of Contents

susceptible to large swings in value as equity investments. For debt investments, the fair value is limited on the high side to each loan's par value, plus any prepayment premia that could be imposed. Many of the debt investments in this category have not experienced a significant change in value, as they were previously valued at or near par value.

Non-control/Non-affiliate investments did not experience significant changes in valuation and are generally performing as expected or better than expected. As of June 30, 2013 and June 30, 2012, four of our Non-control/Non-affiliate investments, ICON Health & Fitness, Inc. ("ICON"), Gulf Coast Machine & Supply Company ("Gulf Coast"), Stryker Energy, LLC ("Stryker") and Wind River Resources Corp. and Wind River II Corp. ("Wind River"), are valued at a significant discount to amortized cost, due to significant decreases in the operating results of the operating companies. Overall, at June 30, 2013, other Non-control/Non-affiliate investments are valued at \$8,427 above their amortized cost, excluding our investments in ICON, Gulf Coast, Stryker and Wind River, as the remaining companies are generally performing as or better than expected.

Capitalization

Our investment activities are capital intensive and the availability and cost of capital is a critical component of our business. We capitalize our business with a combination of debt and equity. Our debt currently consists of a revolving credit facility availing us of the ability to borrow debt subject to borrowing base determinations and Senior Convertible Notes which we issued in December 2010, February 2011, April 2012, August 2012 and December 2012, Senior Unsecured Notes, and Prospect Capital InterNotes®, which we may issue from time to time, and our equity capital, which is comprised entirely of common equity. The following table shows the Revolving Credit Facility, Senior Convertible Notes, Senior Unsecured Notes and InterNotes® amounts and outstanding borrowings at June 30, 2013 and June 30, 2012:

	As of June 30, 2013		As of June 30, 2012	
	Maximum Draw Amount	Amount Outstanding	Maximum Draw Amount	Amount Outstanding
Revolving Credit Facility	\$ 552,500	\$ 124,000	\$ 492,500	\$ 96,000
Senior Convertible Notes	\$ 847,500	\$ 847,500	\$ 447,500	\$ 447,500
Senior Unsecured Notes	\$ 347,725	\$ 347,725	\$ 100,000	\$ 100,000
InterNotes®	\$ 363,777	\$ 363,777	\$ 20,638	\$ 20,638

The following table shows the contractual maturity of our Revolving Credit Facility, Senior Convertible Notes, Senior Unsecured Notes and InterNotes® at June 30, 2013:

	Payments Due by Period				
	Total	Less than 1 year	1 - 3 Years	3 - 5 Years	After 5 Years
Revolving Credit Facility	\$ 124,000	\$ —	\$ —	\$ 124,000	\$ —
Senior Convertible Notes	847,500	—	150,000	297,500	400,000
Senior Unsecured Notes	347,725	—	—	—	347,725
InterNotes®	363,777	—	—	—	363,777
Total contractual obligations	\$ 1,683,002	\$ —	\$ 150,000	\$ 421,500	\$ 1,111,502

We have and expect to continue to fund a portion of our cash needs through borrowings from banks, issuances of senior securities, including secured, unsecured and convertible debt securities, or issuances of common equity. For flexibility, we maintain a universal shelf registration statement that allows for the public offering and sale of our debt securities, common stock, preferred stock, subscription rights, and warrants and units to purchase such securities in an amount up to \$3,000,000 less issuances to date. As of June 30, 2013, we can issue up to \$1,743,217 of additional debt and equity securities in the public market under this shelf registration. We may from time to time issue securities pursuant to the shelf registration statement or otherwise pursuant to private offerings. The issuance of debt or equity securities will depend on future market conditions, funding needs and other factors and there can be no assurance that any such issuance will occur or be successful.

Revolving Credit Facility

On June 11, 2010, we closed an extension and expansion of our existing credit facility with a syndicate of lenders through PCF (the "2010 Facility"). The 2010 Facility, which had \$325,000 total commitments as of June 30, 2011,

included an accordion feature which allowed the 2010 Facility to accept up to an aggregate total of \$400,000 of commitments, a limit which was met on September 1, 2011. Interest on borrowings under the 2010 Facility was one-month Libor plus 325 basis

Table of Contents

points, subject to a minimum Libor floor of 100 basis points. Additionally, the lenders charged a fee on the unused portion of the 2010 Facility equal to either 75 basis points if at least half of the credit facility was used or 100 basis points otherwise.

On March 27, 2012, we renegotiated the 2010 Facility and closed on an expanded five-year \$650,000 revolving credit facility (the "2012 Facility"). The lenders have extended commitments of \$552,500 under the 2012 Facility as of June 30, 2013. The 2012 Facility includes an accordion feature which allows commitments to be increased up to \$650,000 in the aggregate. The revolving period of the 2012 Facility extends through March 2015, with an additional two year amortization period (with distributions allowed) after the completion of the revolving period. During such two year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the two year amortization period, the remaining balance will become due, if required by the lenders.

The 2012 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2012 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2012 Facility. The 2012 Facility also requires the maintenance of a minimum liquidity requirement. At June 30, 2013, we were in compliance with the applicable covenants.

Interest on borrowings under the 2012 Facility is one-month Libor plus 275 basis points with no minimum Libor floor. Additionally, the lenders charge a fee on the unused portion of the 2012 Facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points otherwise. The 2012 Facility requires us to pledge assets as collateral in order to borrow under the credit facility. As of June 30, 2013 and June 30, 2012, we had \$473,508 and \$418,980, respectively, available to us for borrowing under our 2012 Facility, of which the amount outstanding was \$124,000 and \$96,000, respectively. As additional investments that are eligible are transferred to PCF and pledged under the 2012 Facility, PCF will generate additional availability up to the commitment amount of \$552,500. At June 30, 2013, the investments used as collateral for the 2012 Facility had an aggregate market value of \$833,310, which represents 31.4% of our net assets. These assets have been transferred to PCF, a bankruptcy remote special purpose entity, which owns these investments and as such, these investments are not available to our general creditors. PCF, a bankruptcy remote special purpose entity and our wholly-owned subsidiary, holds all of these investments at market value as of June 30, 2013. The release of any assets from PCF requires the approval of the facility agent.

In connection with the origination and amendments of the 2012 Facility, we incurred \$11,150 of fees, including \$1,319 of fees carried over from the previous facility, which are being amortized over the term of the facility in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$6,722 remains to be amortized as of June 30, 2013.

During the years ended June 30, 2013, June 30, 2012 and June 30, 2011, we recorded \$9,082, \$14,883 and \$8,507 of interest costs, unused fees and amortization of financing costs on our credit facility as interest expense, respectively.

Senior Convertible Notes

On December 21, 2010, we issued \$150,000 in aggregate principal amount of our 6.25% senior convertible notes due 2015 ("2015 Notes") for net proceeds following underwriting expenses of approximately \$145,200. Interest on the 2015 Notes is paid semi-annually in arrears on June 15 and December 15, at a rate of 6.25% per year, commencing June 15, 2011. The 2015 Notes mature on December 15, 2015 unless converted earlier. The 2015 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 88.0902 and 88.1429 shares of common stock, respectively, per \$1 principal amount of 2015 Notes, which is equivalent to a conversion price of approximately \$11.35 per share of common stock, subject to adjustment in certain circumstances. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (December 21, 2012) and will next be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2015 Notes is increased if monthly cash dividends paid to common shares exceed the rate of \$0.101125 per share, subject to adjustment.

On February 18, 2011, we issued \$172,500 in aggregate principal amount of our 5.50% senior convertible notes due 2016 ("2016 Notes") for net proceeds following underwriting expenses of approximately \$167,325. Between January 30, 2012 and February 2, 2012, we repurchased \$5,000 of our 2016 Notes at a price of 97.5, including

commissions. The transactions resulted in our recognizing \$10 of loss in the year ended June 30, 2012. Interest on the remaining \$167,500 of 2016 Notes is paid semi-annually in arrears on February 15 and August 15, at a rate of 5.50% per year, commencing August 15, 2011. The 2016 Notes mature on August 15, 2016 unless converted earlier. The 2016 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 78.3699 and 78.5395 shares, respectively, of common stock per \$1 principal amount of 2016 Notes, which is equivalent to a conversion price of approximately \$12.73 per share of common stock, subject to adjustment in certain circumstances. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (February 14, 2012) and will next be adjusted on the next anniversary, unless the

Table of Contents

exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2016 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.101150 per share.

On April 16, 2012, we issued \$130,000 in aggregate principal amount of our 5.375% senior convertible notes due 2017 ("2017 Notes") for net proceeds following underwriting expenses of approximately \$126,035. Interest on the 2017 Notes is paid semi-annually in arrears on October 15 and April 15, at a rate of 5.375% per year, commencing

October 15, 2012. The 2017 Notes mature on October 15, 2017 unless converted earlier. The 2017 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 85.8442 and 86.1162 shares of common stock, respectively, per \$1 principal amount of 2017 Notes, which is equivalent to a conversion price of approximately \$11.61 per share of common stock, subject to adjustment in certain circumstances. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (April 16, 2012) and will next be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2017 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.10150 per share.

On August 14, 2012, we issued \$200,000 in aggregate principal amount of our 5.75% senior convertible notes due 2018 ("2018 Notes") for net proceeds following underwriting expenses of approximately \$193,600. Interest on the 2018 Notes is paid semi-annually in arrears on March 15 and September 15, at a rate of 5.75% per year, commencing March 15, 2013. The 2018 Notes mature on March 15, 2018 unless converted earlier. The 2018 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 82.3451 shares of common stock per \$1 principal amount of 2018 Notes, which is equivalent to a conversion price of approximately \$12.07 per share of common stock, subject to adjustment in certain circumstances. The conversion price has not been adjusted since the issuance (August 14, 2012) and will next be adjusted on the first anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2018 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.101600 per share.

On December 21, 2012, we issued \$200,000 in aggregate principal amount of 5.875% senior convertible notes due 2019 (the "2019 Notes") for net proceeds following underwriting and other expenses of approximately \$193,600. Interest on the 2019 Notes is paid semi-annually in arrears on January 15 and July 15, at a rate of 5.875% per year, commencing July 15, 2013. The 2019 Notes mature on January 15, 2019 unless converted earlier. The 2019 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 79.7766 shares of common stock per \$1 principal amount of 2019 Notes, which is equivalent to a conversion price of approximately \$12.54 per share of common stock, subject to adjustment in certain circumstances. The conversion price has not been adjusted since the issuance (December 21, 2012) and will next be adjusted on the first anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2019 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.110025 per share.

In no event will the total number of shares of common stock issuable upon conversion exceed 96.8992 per \$1 principal amount of the 2015 Notes (the "conversion rate cap"), except that, to the extent we receive written guidance or a no-action letter from the staff of the Securities and Exchange Commission (the "Guidance") permitting us to adjust the conversion rate in certain instances without regard to the conversion rate cap and to make the 2015 Notes convertible into certain reference property in accordance with certain reclassifications, business combinations, asset sales and corporate events by us without regard to the conversion rate cap, we will make such adjustments without regard to the conversion rate cap and will also, to the extent that we make any such adjustment without regard to the conversion rate cap pursuant to the Guidance, adjust the conversion rate cap accordingly. We will use our commercially reasonable efforts to obtain such Guidance as promptly as practicable.

Prior to obtaining the Guidance, we will not engage in certain transactions that would result in an adjustment to the conversion rate of the 2015 Notes increasing the conversion rate beyond what it would have been in the absence of such transaction unless we have engaged in a reverse stock split or share combination transaction such that in our reasonable best estimation, the conversion rate following the adjustment for such transaction will not be any closer to the conversion rate cap than it would have been in the absence of such transaction.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the Notes surrendered for conversion representing accrued and unpaid interest to, but not including the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the 2015 Notes and 2016 Notes (collectively, "Senior Convertible Notes").

No holder of Senior Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations

Table of Contents

promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Notes upon a fundamental change at a price equal to 100% of the principal amount of the Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Senior Convertible Notes through and including the maturity date.

In connection with the issuance of the Senior Convertible Notes, we incurred \$27,032 of fees which are being amortized over the terms of the notes in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$20,254 remains to be amortized and is included within deferred financing costs on the consolidated statements of assets and liabilities as of June 30, 2013.

During the years ended June 30, 2013, June 30, 2012 and June 30, 2011, we recorded \$45,878, \$22,197 and \$9,090 of interest costs and amortization of financing costs on the Senior Convertible Notes as interest expense, respectively.

Senior Unsecured Notes

On May 1, 2012, we issued \$100,000 in aggregate principal amount of 6.95% senior unsecured notes due 2022 for proceeds net of offering expenses of \$97,000 (the "2022 Notes"). Interest on the 2022 Notes is paid quarterly in arrears on August 15, November 15, February 15 and May 15, at a rate of 6.95% per year, commencing on August 15, 2012. The 2022 Notes mature on November 15, 2022. These notes will be our direct unsecured obligations and rank equally with all of our unsecured senior indebtedness from time to time outstanding.

On March 15, 2013, we issued \$250,000 in aggregate principal amount of 5.875% senior unsecured notes due 2023 (the "2023 Notes") for net proceeds following underwriting and other expenses of approximately \$245,885. Interest on the 2023 Notes is paid semi-annually. The 2023 Notes mature on March 15, 2023. These notes will be our direct unsecured obligations and rank equally with all of our unsecured senior indebtedness from time to time outstanding.

In connection with the issuance of the 2022 Notes and 2023 Notes (collectively the "Senior Unsecured Notes"), we incurred \$7,480 of fees which are being amortized over the term of the notes in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$7,114 remains to be amortized and is included within deferred financing costs on the consolidated statements of assets and liabilities.

During the years ended June 30, 2013 and June 30, 2012, we recorded \$11,672 and \$1,178 of interest costs and amortization of financing costs on the Senior Unsecured Notes as interest expense, respectively.

Prospect Capital InterNotes®

On February 16, 2012, we entered into a Selling Agent Agreement (the "Selling Agent Agreement") with Incapital LLC, as purchasing agent for our issuance and sale from time to time of up to \$500,000 of Prospect Capital InterNotes® (the "InterNotes® Offering"), which was subsequently increased to \$1,000,000. Additional agents appointed by us from time to time in connection with the InterNotes Offering may become parties to the Selling Agent Agreement.

These notes are direct unsecured senior obligations and will rank equally with all of our unsecured senior indebtedness outstanding. Each series of notes will be issued by a separate trust. These notes bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance.

During the year ended June 30, 2013, we issued \$343,139 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of approximately \$334,243. These notes were issued with stated interest rates ranging from 3.28% to 6.63% with a weighted average rate of 5.59%. These notes mature between July 15, 2019 and June 15, 2043.

Table of Contents

The bonds outstanding as of June 30, 2013 are:

Date of Issuance	Principal Amount	Interest Rate Range	Weighted Average Interest Rate	Maturity Date

	\$ 363,777			

In connection with the issuance of the Prospect Capital InterNotes®, we incurred \$10,598 of fees which are being amortized over the term of the notes in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$10,248 remains to be amortized and is included within deferred financing costs on the consolidated statements of assets and liabilities.

Table of Contents

During the years ended June 30, 2013 and June 30, 2012, we recorded \$9,707 and \$276 of interest costs and amortization of financing costs on the Prospect Capital InterNotes® as interest expense, respectively.

Net Asset Value

During the year ended June 30, 2013, we raised \$1,179,084 of additional equity, net of offering costs, by issuing 106,752,517 shares of our common stock. The following table shows the calculation of net asset value per share as of June 30, 2013 and June 30, 2012:

	As of June 30, 2013	As of June 30, 2012
Net Assets	\$ 2,656,494	\$ 1,511,974
Shares of common stock outstanding	247,836,965	139,633,870
Net asset value per share	\$ 10.72	\$ 10.83

Results of Operations

Net increase in net assets resulting from operations for the years ended June 30, 2013, 2012 and 2011 was \$220,856, \$190,904 and \$118,238, respectively, representing \$1.07, \$1.67 and \$1.38 per weighted average share, respectively. During the year ended June 30, 2013, we experienced net unrealized and realized losses of \$104,068 or approximately \$0.50 per weighted average share primarily due to the reduction in the fair value of our investments in Ajax,

Boxercraft and First Tower because of changes in current market conditions and Energy Solutions for which we received \$19,543 of make-whole fees for early repayment of the outstanding loan and dividends of \$53,820 during the year, which were recorded as interest and dividend income, respectively, reducing the amount previously recorded as unrealized appreciation. These losses were partially offset by net realized gains from the sale of assets in Wolf, assets formerly held by H&M, and distributions received from our escrow receivable account, primarily from NRG. During the year ended June 30, 2012, we experienced net unrealized and realized gains of \$4,220 or approximately \$0.04 per weighted average share primarily from significant write-ups of our investments in Ajax, Energy Solutions and R-V, and our sale of NRG for which we realized a gain of \$36,940. These instances of appreciation were partially offset by unrealized depreciation in Biotronic, H&M, Meatco, NMMB, Stryker and Wind River.

Net investment income decreased on a weighted average per share basis from \$1.63 to \$1.57 for the years ended June 30, 2012 and 2013, respectively. The decrease is primarily due to an increase of \$6,500 in accrued excise as the result of undisturbed ordinary income at December 31, 2012 and expected at December 31, 2013, and higher levels of cash awaiting deployment during the year ended June 30, 2013. Net investment income increased on a weighted average per share basis from \$1.10 to \$1.63 for the years ended June 30, 2011 and 2012, respectively. This increase is primarily due to the sale of NRG, for which we received a \$26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the year ended June 30, 2012, and an increase in dividend income received from Energy Solutions and NRG of \$38,000 and \$11,411, respectively. These increases were partially offset by a \$15,471 decline in interest income from purchase discount accretion from the assets acquired from Patriot.

While we seek to maximize gains and minimize losses, our investments in portfolio companies can expose our capital to risks greater than those we may anticipate. These companies are typically not issuing securities rated investment grade, have limited resources, have limited operating history, have concentrated product lines or customers, are generally private companies with limited operating information available and are likely to depend on a small core of management talents. Changes in any of these factors can have a significant impact on the value of the portfolio company.

Investment Income

We generate revenue in the form of interest income on the debt securities that we own, dividend income on any common or preferred stock that we own, and fees generated from the structuring of new deals. Our investments, if in the form of debt securities, will typically have a term of one to ten years and bear interest at a fixed or floating rate. To the extent achievable, we will seek to collateralize our investments by obtaining security interests in our portfolio companies' assets. We also may acquire minority or majority equity interests in our portfolio companies, which may pay cash or in-kind dividends on a recurring or otherwise negotiated basis. In addition, we may generate revenue in other forms including prepayment penalties and possibly consulting fees. Any such fees generated in connection with our investments are recognized as earned.

Investment income, which consists of interest income, including accretion of loan origination fees and prepayment penalty fees, dividend income and other income, including net profits interests revenue, overriding royalty interests and structuring fees, was \$576,336, \$320,910, and \$169,476, for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively. During the year ended June 30, 2013, the increase in investment income is primarily the result of a larger income producing portfolio, increased structuring, advisory and amendment fees from the deployment of additional capital in revenue-

Table of Contents

producing assets, make-whole fees from Energy Solutions for early repayment of our outstanding loan, and increased dividends received from Energy Solutions and R-V.

The following table describes the various components of investment income and the related levels of debt investments:

	Year Ended June 30, 2013	Year Ended June 30, 2012	Year Ended June 30, 2011	
Interest income	\$435,455	\$219,536	\$134,454	
Dividend income	82,705	64,881	15,092	
Other income	58,176	36,493	19,930	
Total investment income	\$576,336	\$320,910	\$169,476	
Average debt principal of performing investments	\$2,878,421	\$1,466,703	\$871,400	
Weighted average interest rate earned on performing assets	15.1	% 15.0	% 15.2	%

Average interest income producing assets have increased from \$871,400 for the year ended June 30, 2011 to \$1,466,703 for the year ended June 30, 2012 to \$2,878,421 for the year ended June 30, 2013. The average yield on performing interest bearing assets remained relatively consistent over the three year period.

Investment income is also generated from dividends and other income. Dividend income increased from \$64,881 for the year ended June 30, 2012 to \$82,705 for the year ended June 30, 2013. This \$17,824 increase in dividend income is primarily attributed to an increase in the level of dividends received from our investments in Energy Solutions and R-V due to increased profits generated by the portfolio companies. We received dividends from Energy Solutions of \$53,820 and \$47,850 during the years ended June 30, 2013 and June 30, 2012, respectively. The sale of Gas Solutions by Energy Solutions has resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us were recognized as dividend income, in accordance with ASC 946, Financial Services—Investment Companies, as cash distributions are received from Energy Solutions to the extent there are earnings and profits sufficient to support such recognition. We received dividends from R-V of \$24,462 and \$283 during the years ended June 30, 2013 and June 30, 2012, respectively. The \$24,462 of dividends received from R-V during the year ended June 30, 2013 include a \$11,073 distribution as part of R-V's recapitalization in November 2012 for which we provided an additional \$9,500 of senior secured financing. The increases in dividend income from our investments in Energy Solutions and R-V were offset by a reduction in dividends received from NRG. We received dividends from NRG of \$15,011 during the year ended June 30, 2012. There were no dividends from NRG received during the year ended June 30, 2013 as NRG has been sold.

Dividend income increased from \$15,092 for the year ended June 30, 2011 to \$64,881 for the year ended June 30, 2012. This \$49,789 increase in dividend income is primarily attributed to an increase in the dividends received from our investments in Energy Solutions and NRG due to increased profits generated by the portfolio companies. We received dividends from NRG of \$15,011 and \$3,600 during the years ended June 30, 2012 and June 30, 2011, respectively. We received dividends from Energy Solutions of \$47,850 and \$9,850 during the years ended June 30, 2012 and June 30, 2011, respectively. The sale of Gas Solutions by Energy Solutions has resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us were recognized as dividend income, in accordance with ASC 946, Financial Services—Investment Companies, as cash distributions are received from Energy Solutions to the extent there are earnings and profits sufficient to support such recognition.

Other income has come primarily from structuring fees, overriding royalty interests, and settlement of net profits interests. Comparing the year ended June 30, 2012 to the year ended June 30, 2013, income from other sources increased from \$36,493 to \$58,176, respectively. This \$21,683 increase is primarily due to \$52,699 of structuring fees recognized during the year ended June 30, 2013 primarily from our investments in APH, Arctic Glacier, Broder, InterDent, Progrexion, Ryan, TransPlace, USC and Wolf originations, in comparison to \$26,443 of structuring fees recognized during the year ended June 30, 2012. This \$26,256 increase in structuring fees is partially offset by a decrease in advisory fees recognized during the year ended June 30, 2013 from our investments in Energy Solutions and NRG. We received \$8,783 of advisory fees from Energy Solutions and NRG during the year ended June 30, 2012.

No such fee was received during the year ended June 30, 2013. The remaining \$4,210 increase is primarily due to \$4,122 of royalty income recognized during the year ended June 30, 2013 primarily from First Tower and Wolf, in comparison to \$224 of royalty income recognized during the year ended June 30, 2012.

Comparing the year ended June 30, 2011 to the year ended June 30, 2012, income from other sources increased from \$19,930 to \$36,493. This \$16,563 increase is primarily due to \$14,137 of structuring and advisory fees recognized during the year ended June 30, 2012 from our investments in Energy Solutions and NRG. The remaining \$2,426 increase is primarily due to \$21,088 of structuring fees recognized, excluding those received from our investments in Energy Solutions and NRG, during

Table of Contents

the year ended June 30, 2012 primarily from the Capstone, First Tower, Naylor, LLC and Totes Isotoner Corporation ("Totes") originations, in comparison to \$18,494 of structuring fees recognized during the year ended June 30, 2011.

Operating Expenses

Our primary operating expenses consist of investment advisory fees (base management and income incentive fees), borrowing costs, legal and professional fees and other operating and overhead-related expenses. These expenses include our allocable portion of overhead under the Administration Agreement with Prospect Administration under which Prospect Administration provides administrative services and facilities for us. Our investment advisory fees compensate Prospect Capital Management (the "Investment Adviser") for its work in identifying, evaluating, negotiating, closing and monitoring our investments. We bear all other costs and expenses of our operations and transactions in accordance with our Administration Agreement with Prospect Administration. Operating expenses were \$251,412, \$134,226 and \$75,255 for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively.

The base investment advisory expenses were \$69,800, \$35,836 and \$22,496 for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively. These increases are directly related to our growth in total assets. For the years ended June 30, 2013, June 30, 2012 and June 30, 2011, income incentive fees incurred were \$81,231, \$46,761 and \$23,555, respectively. The \$34,470 increase in the income incentive fee for the year ended June 30, 2013 is driven by an increase in pre-incentive fee net investment income of \$172,800 primarily due to an increase in interest income from a larger asset base. No capital gains incentive fee has yet been incurred pursuant to the Investment Advisory Agreement.

During the years ended June 30, 2013, June 30, 2012 and June 30, 2011, we incurred \$76,341, \$38,534 and \$17,598, respectively, of expenses related to our 2012 Facility, InterNotes®, Senior Unsecured Notes and Senior Convertible Notes. These expenses are related directly to the leveraging capacity put into place for each of those years and the levels of indebtedness actually undertaken in those years. The table below describes the various expenses of our 2012 Facility, InterNotes®, Senior Unsecured Notes and Senior Convertible Notes and the related indicators of leveraging capacity and indebtedness during these years.

	Year Ended June 30, 2013	Year Ended June 30, 2012	Year Ended June 30, 2011	
Interest on borrowings	\$62,657	\$27,346	\$9,861	
Amortization of deferred financing costs	8,283	8,510	5,366	
Commitment and other fees	5,401	2,678	2,371	
Total	\$76,341	\$38,534	\$17,598	
Weighted-average debt outstanding	\$1,066,368	\$502,038	\$176,277	
Weighted average interest rate on borrowings (excluding amortization and undrawn facility fees)	5.88	% 5.45	% 5.59	%
Facility amount at beginning of year	\$492,500	\$325,000	\$210,000	

The increase in interest expense for the year ended June 30, 2013 is primarily due to the issuance of the 2022 Notes, 2023 Notes and the Senior Convertible Notes on April 16, 2012, August 14, 2012 and December 21, 2012, for which we incurred \$34,551 of collective interest expense. The weighted average interest rate on borrowings (excluding amortization and undrawn facility fees) increased from 5.45% to 5.88% as of June 30, 2012 and June 30, 2013, respectively. This increase is primarily due to a decrease in utilization of our credit facility in favor of longer term financing.

The allocation of overhead expense from Prospect Administration was \$8,737, \$6,848 and \$4,979 for the years ended June 30, 2013, 2012 and 2011, respectively. As our portfolio continues to grow, we expect Prospect Administration to continue to increase the size of its administrative and financial staff.

Total operating expenses, net of investment advisory fees, interest costs, excise tax and allocation of overhead from Prospect Administration ("Other Operating Expenses"), were \$8,803, \$6,337 and \$6,627 for the years ended June 30, 2013, 2012 and 2011, respectively. The increase in Other Operating Expenses during the year ended June 30, 2013 when compared to the year ended June 30, 2012 is primarily the result of a \$1,000 insurance claim settlement for legal fees expensed in previous periods that was received during the year ended June 30, 2012. The decrease in Other

Operating Expenses during the year ended June 30, 2012 when compared to the year ended June 30, 2011 is primarily the result of a \$1,000 insurance claim settlement for legal fees expensed in previous periods that was received during the year ended June 30, 2012.

Table of Contents

Net Investment Income

Net investment income represents the difference between investment income and operating expenses. Our net investment income was \$324,924, \$186,684 and \$94,221 for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively, or \$1.57 per share, \$1.63 per share and \$1.10 per share, respectively. The \$138,240 increase for the year ended June 30, 2013 is primarily due to an increase of \$215,919 in interest income, due to the increased size of our portfolio for which we have recognized additional interest income. The \$255,426 increase in investment income is offset by an increase in operating expenses of \$117,186, primarily due to a \$68,524 increase in advisory fees due to the growing size of our portfolio and related income, and \$37,807 of additional interest and credit facility expenses. For the calendar year ended December 31, 2012, we elected to retain a portion of our annual taxable income and have paid \$4,500 for the excise tax due with the filing of the return. As of June 30, 2013, we have \$2,000 accrued as an estimate of two quarters of the excise tax due for the calendar year ending December 31, 2013. The per share decrease is primarily due to an increase of \$6,500 in excise taxes and higher levels of cash awaiting deployment during the year ended June 30, 2013.

The \$92,463 increase for the year ended June 30, 2012 is primarily due to a \$151,434 increase in investment income offset by an increase in operating expenses of \$58,971. The \$151,434 increase in investment income is due to increases of \$85,082, \$49,789 and \$16,563 in interest income, dividend income and other income, respectively, due to the increased size of our portfolio for which we have recognized additional interest income, dividends, structuring fees and advisory fees recognized primarily from our investments in Energy Solutions, First Tower and NRG. In conjunction with the sale of NRG we also received a \$26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the year ended June 30, 2012. The offsetting \$58,971 increase in operating expenses is primarily due to a \$36,456 increase in advisory fees due to the growing size of our portfolio and related income, \$20,936 of additional interest and credit facility expenses and a \$1,869 increase in overhead allocated from Prospect Administration.

Net Realized (Losses) Gains, (Decrease) Increase in Net Assets from Net Changes in Unrealized
Appreciation/Depreciation

Net realized (losses) gains were (\$26,234), \$36,588 and \$16,465 for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively. The net realized loss for the year ended June 30, 2013 was primarily due to the sale of Meatco (realized loss of \$10,814), the other-than-temporary impairment of ICS (realized loss of \$12,117) and restructuring of the H&M debt in conjunction with the foreclosure on the assets of H&M (realized loss of \$19,647). These losses were partially offset by net realized gains from the sale of our assets in Wolf (realized gain of \$11,826), assets formerly held by H&M, and distributions received from our escrow receivable account, primarily NRG (resulting in realized gains of \$3,252). The net realized gain for the year ended June 30, 2012 was due primarily to the sale of NRG common stock for which we realized a gain of \$36,940 and the sale of our equity interests in Copernicus, C&J, Fairchild Industrial Products, Co., Fischbein, Mac & Massey, Nupla and Sport Helmets for which we realized a total gain of \$14,317. These gains were offset by our impairment of Deb Shops. During the year ended June 30, 2012, Deb Shops filed for bankruptcy and a plan for reorganization was proposed. The plan was approved by the bankruptcy court and our debt position was eliminated with no payment to us. We determined that the impairment of Deb Shops was other-than-temporary on September 30, 2011 and recorded a realized loss of \$14,607 for the full amount of the amortized cost. The asset was completely written off when the plan of reorganization was approved. The net realized gain for the year ended June 30, 2011 was due primarily to gains from the sales of our common equity in Fischbein and Miller of \$9,893 and \$7,977, respectively.

Net (decrease) increase in net assets from changes in unrealized (depreciation) appreciation was (\$77,834), (\$32,368), and \$7,552 for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively, or (\$0.37) per share, (\$0.28) per share and \$0.09 per share, respectively. For the year ended June 30, 2013, the \$77,834 decrease in net assets from the net change in unrealized depreciation was driven by reduction in the fair value of our investments in Ajax, Boxercraft and First Tower because of changes in current market conditions and Energy Solutions for which we received \$19,543 of make-whole fees for early repayment of the outstanding loan and distributions of \$53,820 during the year, which were recorded as interest and dividend income, respectively, reducing the amount previously recorded as unrealized appreciation. These instances of unrealized depreciation were partially offset by the elimination of the

unrealized depreciation resulting from the H&M foreclosure mentioned above. For the year ended June 30, 2012, the \$32,368 decrease in net assets from the net change in unrealized appreciation/depreciation was driven by write-downs of \$68,197 related to our investments in H&M, Meatco and Stryker, as well as the elimination of the unrealized appreciation resulting from the sale of NRG mentioned above. The unrealized depreciation was partially offset by unrealized appreciation of approximately \$34,712 related to our investments in Ajax and R-V. For the year ended June 30, 2011, the \$7,552 increase in net assets from the net change in unrealized appreciation was driven by significant write-ups of \$54,916 related to our investments in Ajax, Biotronic, ESHI, Iron Horse, NRG and Sport Helmets. The unrealized appreciation were partially offset by unrealized depreciation of approximately \$35,689 related to our investments in H&M, ICS, Manx, Shearer's, Stryker, and \$10,840 related to the repayment of Prince.

Table of Contents

Financial Condition, Liquidity and Capital Resources

For the years ended June 30, 2013, June 30, 2012 and June 30, 2011, our operating activities used \$1,811,101, \$287,881 and \$581,609 of cash, respectively. There were no investing activities for the years ended June 30, 2013, June 30, 2012 and June 30, 2011. Financing activities provided cash flows of \$1,868,250, \$289,214 and \$582,020 for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively. Dividends paid were \$242,301, \$127,564 and \$91,247 for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively.

Our primary uses of funds have been to continue to invest in portfolio companies, through both debt and equity investments, repay outstanding borrowings and to make cash distributions to holders of our common stock. Our primary sources of funds have been issuances of debt and equity. We have and may continue to fund a portion of our cash needs through borrowings from banks, issuances of senior securities or secondary offerings. We may also securitize a portion of our investments in mezzanine or senior secured loans or other assets. Our objective is to put in place such borrowings in order to enable us to expand our portfolio. During the year ended June 30, 2013, we borrowed \$223,000 and made repayments totaling \$195,000 under our 2012 Facility. As of June 30, 2013, we had \$124,000 outstanding on our revolving credit facility, \$847,500 outstanding on our Senior Convertible Notes, \$347,725 outstanding on our Senior Unsecured Notes and \$363,777 outstanding on InterNotes®. (See Capitalization.) Undrawn committed revolvers incur commitment fees ranging from 0.50% to 2.00%. As of June 30, 2013 and June 30, 2012, we have \$202,518 and \$180,646 of undrawn revolver commitments to our portfolio companies, respectively.

Our Board of Directors, pursuant to the Maryland General Corporation Law, executed Articles of Amendment to increase the number of shares authorized for issuance from 200,000,000 to 500,000,000 in the aggregate. The amendment became effective July 30, 2012.

On October 29, 2012, our Registration Statement on Form N-2 was declared effective by the SEC. Under this Shelf Registration Statement, we can issue up to an additional \$1,743,217 of debt and equity securities in the public market at June 30, 2013.

We also continue to generate liquidity through public and private stock offerings.

On June 1, 2012, we entered into an ATM Program with KeyBanc through which we could sell, by means of at-the-market offerings from time to time, of up to 9,500,000 shares of our common stock. During the period from July 2, 2012 to July 12, 2012, we sold 2,247,275 shares of our common stock at an average price of \$11.59 per share, and raised \$26,040 of gross proceeds, under the ATM Program. Net proceeds were \$25,779 after commission to KeyBanc on shares sold.

On July 16, 2012, we issued 21,000,000 shares of our common stock at \$11.15 per share (or \$11.05 per share net proceeds excluding expenses), raising \$234,150 of gross proceeds.

On July 27, 2012, we issued 3,150,000 shares in connection with the exercise of an option granted with the July 12, 2012 offering of 21,000,000 shares which were delivered July 16, 2012, raising an additional \$35,123 of gross proceeds and \$34,808 of net proceeds.

On September 10, 2012, we entered into an ATM Program with KeyBanc through which we could sell, by means of at-the-market offerings from time to time, of up to 9,750,000 shares of our common stock. During the period from October 1, 2012 to October 9, 2012, we sold 1,245,655 shares of our common stock at an average price of \$11.53 per share, and raised \$14,361 of gross proceeds, under this program. Net proceeds were \$14,217 after commission to the broker-dealer on shares sold and offering costs.

On November 7, 2012, we issued 35,000,000 shares of our common stock at \$11.10 per share (or \$10.96 per share net proceeds excluding expenses), raising \$383,600 of net proceeds.

On December 21, 2012, we entered into an ATM Program with KeyBanc through which we could sell, by means of at-the-market offerings from time to time, of up to 17,500,000 shares of our common stock. During the period from January 7, 2013 to February 5, 2013, we sold 10,248,051 shares of our common stock at an average price of \$11.25 per share, and raised \$115,315 of gross proceeds, under this program. Net proceeds were \$114,162 after commission to KeyBanc on shares sold.

On February 11, 2013, we entered into an ATM Program with KeyBanc through which we could sell, by means of at-the-market offerings from time to time, of up to 45,000,000 shares of our common stock. During the period from

Edgar Filing: FIRSTENERGY CORP - Form DEF 14A

February 14, 2013 to May 3, 2013, we sold 17,230,253 shares of our common stock at an average price of \$11.14 per share, and raised \$191,897 of gross proceeds, under the ATM Program. Net proceeds were \$190,109 after commissions to KeyBanc on shares sold.

Table of Contents

On May 8, 2013, we entered into an ATM Program with BB&T Capital Markets, BMO Capital Markets, and KeyBank through which we could sell, by means of at-the-market offerings from time to time, of up to 45,000,000 shares of our common stock. During the period from May 14, 2013 to June 30, 2013, we sold 4,359,200 shares of our common stock at an average price of \$10.90 per share, and raised \$47,532 of gross proceeds, under the ATM Program. Net proceeds were \$47,133 after commissions to BB&T Capital Markets, BMO Capital Markets, and KeyBank on shares sold. During the period from July 1, 2013 to August 21, 2013, we sold 9,818,907 shares of our common stock at an average price of \$10.97 per share, and raised \$107,725 of gross proceeds, under the ATM Program. Net proceeds were \$106,822 after commissions to BB&T Capital Markets, BMO Capital Markets, and KeyBank on shares sold. (See Recent Developments.)

On August 23, 2013, we entered into an ATM Program with BMO Capital Markets, Goldman, Sachs & Co., RBC Capital Markets and KeyBank through which we could sell, by means of at-the-market offerings from time to time, of up to 45,000,000 shares of our common stock. During the period from August 26, 2013 to October 10, 2013 (with settlements August 29, 2013 through October 16, 2013), we sold 16,914,710 shares of our common stock at an average price of \$11.27 per share, and raised \$190,609 of gross proceeds, under the ATM Program. Net proceeds were \$188,735 after commissions to BMO Capital Markets, Goldman, Sachs & Co., RBC Capital Markets and KeyBank on shares sold.

Off-Balance Sheet Arrangements

At June 30, 2013, we did not have any off-balance sheet liabilities or other contractual obligations that are reasonably likely to have a current or future material effect on our financial condition, other than those which originate from 1) the investment advisory and management agreement and the administration agreement and 2) the portfolio companies.

Recent Developments

During the period from July 1, 2013 to October 10, 2013, we issued \$115,110 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of \$112,713.

During the period from July 1, 2013 to August 21, 2013, we sold 9,818,907 shares of our common stock at an average price of \$10.97 per share, and raised 107,725, under the ATM Program. Net proceeds were \$106,822 after commissions to the broker-dealer on shares sold and offering costs.

On August 23, 2013, we entered into an ATM Program with BMO Capital Markets, Goldman, Sachs & Co., RBC Capital Markets and KeyBank through which we could sell, by means of at-the-market offerings from time to time, of up to 45,000,000 shares of our common stock. During the period from August 26, 2013 to October 10, 2013 (with settlements August 29, 2013 through October 16, 2013), we sold 16,914,710 shares of our common stock at an average price of \$11.27 per share, and raised \$190,609 of gross proceeds, under the ATM Program. Net proceeds were \$188,735 after commissions to BMO Capital Markets, Goldman, Sachs & Co., RBC Capital Markets and KeyBank on shares sold.

On July 1, 2013, Pre-Paid Legal Services, Inc. repaid the \$5,000 loan receivable to us.

On July 9, 2013, Southern Management Corporation repaid the \$17,565 loan receivable to us.

On July 12, 2013, we provided \$11,000 of secured second lien financing to Water PIK, Inc., a leader in developing innovative personal and oral healthcare products.

On July 12, 2013, we provided \$11.0 million of secured second lien financing to Blue Coat Systems, Inc., a leading provider of web security and wide area network (WAN) optimization solutions.

On July 23, 2013, we made a \$2,000 investment in Carolina Beverage Group, LLC ("Carolina Beverage"), a contract beverage manufacturer.

On July 24, 2013, we sold our \$2,000 investment in Carolina Beverage and realized a gain of \$45 on this investment.

On July 26, 2013, we made a \$2,000 follow-on senior secured debt investment in Spartan, a leading provider of thru tubing and flow control services to oil and gas companies.

On July 26, 2013, we made a \$20,000 follow-on secured second lien investment in Royal Adhesives & Sealants, LLC ("Royal"), a leading producer of proprietary, high-performance adhesives and sealants.

On July 31, 2013, we made a \$5,100 follow-on investment in Coverall, a leading franchiser of commercial cleaning businesses.

Table of Contents

On July 31, 2013, Royal repaid the \$28,364 subordinated unsecured loan receivable to us.

On July 31, 2013, Cargo repaid the \$43,399 loan receivable to us.

On August 1, 2013, Medical Security Card Company, LLC repaid the \$13,214 loan receivable to us.

On August 2, 2013, we made an investment of \$44,100 to purchase 90% of the subordinated notes in CIFIC Funding 2013-III, Ltd.

On August 2, 2013, we funded a recapitalization of CP Energy Services, Inc. ("CP Energy") with \$81,273 of debt and \$12,741 of equity financing. Through the recapitalization, we acquired a controlling interest in CP Energy for \$73,009 in cash and 1,918,342 unregistered shares of our common stock. After the financing, we received repayment of the \$18,991 loan previously outstanding.

On August 12, 2013, we provided \$80,000 in senior secured loans and a senior secured revolving loan facility, of which \$70,000 was funded at closing, for the recapitalization of Matrixx Initiatives, Inc., owner of Zicam, a leading developer and marketer of OTC cold remedy products under the Zicam brand.

On August 14, 2013, we announced the revised conversion rate on the 2018 Notes of 82.8631 shares of common stock per \$1 principal amount of 2018 Notes, which is equivalent to a conversion price of approximately \$12.07.

On August 15, 2013, we announced an increase of \$15,000 to our commitments to our credit facility. The commitments to the credit facility now stand at \$567,500.

On August 15, 2013, we made a \$14,000 follow-on investment in Totes, a leading designer, distributor and retailer of high quality, branded functional accessories.

On August 21, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110325 per share for January 2014 to holders of record on January 31, 2014 with a payment date of February 20, 2014;

\$0.110350 per share for February 2014 to holders of record on February 28, 2014 with a payment date of March 20, 2014; and

\$0.110375 per share for March 2014 to holders of record on March 31, 2014 with a payment date of April 17, 2014.

On August 30, 2013, we made a \$16,000 follow-on investment in System One Holdings, LLC, a leading provider of professional staffing services.

On September 5, 2013, we provided \$50,000 of floating rate senior secured financing to a leading payments processor.

On September 10, 2013, we made a \$12,500 first lien secured investment in Photonis SAS, a world leader in the development, manufacture and sale of electro-optic components for the detection and intensification of very faint light sources.

On September 11, 2013, Seaton Corp. repaid the \$13,310 loan receivable to us.

On September 12, 2013, we provided a \$75,000 floating-rate senior secured term loan to support the recapitalization of American Broadband Communications, LLC, a leading provider of voice, video, and high-speed internet services.

On September 13, 2013, we made an investment of \$36,515 to purchase 83.56% of the subordinated notes in Apidos CLO XV, Ltd.

On September 19, 2013, we provided \$47,985 of combined senior secured floating rate debt and equity to support the recapitalization of Mity Enterprises, Inc., a leading designer, manufacturer and seller of multipurpose room furniture and specialty healthcare seating products.

On September 25, 2013, we made a \$12,000 senior secured investment in NCP Finance, a lender to short term loan providers in the alternative financial services industry.

On September 25, 2013, we received payment of \$5,000 in settlement of a lawsuit related to the loan to Integrated Contract Services, Inc., which was previously written off.

On September 30, 2013, we made an investment of \$22,575 to purchase 51.02% of the subordinated notes in Galaxy XVI CLO, Ltd.

Table of Contents

On September 30, 2013, we sold our investment in ADAPCO, Inc. for net proceeds of \$553, recognizing a realized gain of \$413 on the sale.

On September 30, 2013, we made an \$18,818 follow-on investment in JHH Holdings, Inc., a leading provider of home healthcare services in Texas.

On October 1, 2013, we made a \$2,600 follow-on investment in AIRMALL USA, Inc., a leading developer and manager of airport retail operations.

On October 7, 2013, Evanta Ventures, Inc. repaid the \$10,506 loan receivable to us.

On October 11, 2013, we made a \$5,846 follow-on senior debt and equity investment in CP Energy Services, Inc., an energy services company based in western Oklahoma.

On October 11, 2013, we provided \$25,000 in preferred equity for the recapitalization of Ajax Rolled Ring & Machine, Inc. After the financing, we received repayment of the \$20,009 loan previously outstanding.

Critical Accounting Policies and Estimates

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Changes in the economic environment, financial markets and any other parameters used in determining such estimates could cause actual results to differ materially. In addition to the discussion below, our critical accounting policies are further described in the notes to the financial statements.

Basis of Consolidation

Under the 1940 Act rules, the regulations pursuant to Article 6 of Regulation S-X and the American Institute of Certified Public Accountants' Audit and Accounting Guide for Investment Companies, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services and benefits to us. Our financial statements include our accounts and the accounts of PCF, our only wholly-owned, closely-managed subsidiary that is also an investment company. All intercompany balances and transactions have been eliminated in consolidation.

Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. We classify our investments by level of control. As defined in the 1940 Act, control investments are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Affiliated investments and affiliated companies are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person.

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments in other, non-security financial instruments are recorded on the basis of subscription date or redemption date, as applicable. Amounts for investments recognized or derecognized but not yet settled are reported as receivables for investments sold and payables for investments purchased, respectively, in the Consolidated Statements of Assets and Liabilities.

Investment Valuation

To value our assets, we follow the guidance of ASC 820 that defines fair value, establishes a framework for measuring fair value in conformity with accounting principles generally accepted in the United States or America, or GAAP, and requires disclosures about fair value measurements.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by the Company at the measurement date.

Table of Contents

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical for similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

ASC 820 applies to fair value measurements already required or permitted by other standards.

In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below:

- 1) Each portfolio company or investment is reviewed by our investment professionals with an independent valuation firm engaged by our Board of Directors;
- 2) the independent valuation firms conduct independent appraisals and make their own independent assessment; the Audit Committee of our Board of Directors reviews and discusses the preliminary valuation of the Investment Adviser and that of the independent valuation firms; and
- 3) the Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Investments are valued utilizing a shadow bond approach, a market approach, an income approach, a liquidation approach, or a combination of approaches, as appropriate. The shadow bond and market approaches use prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities (including a business). The income approach uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present value amount (discounted) calculated based on an appropriate discount rate. The measurement is based on the net present value indicated by current market expectations about those future amounts. In following these approaches, the types of factors that we may take into account in fair value pricing our investments include, as relevant: available current market data, including relevant and applicable market trading and transaction comparables, applicable market yields and multiples, security covenants, call protection provisions, information rights, the nature and realizable value of any collateral, the portfolio company's ability to make payments, its earnings and discounted cash flows, the markets in which the portfolio company does business, comparisons of financial ratios of peer companies that are public, M&A comparables, the principal market and enterprise values, among other factors.

Our investments in CLOs are classified as ASC 820 level 3 securities, and are valued using discounted cash flow model. The valuations have been accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view. For each security, the most appropriate valuation approach has been chosen from alternative approaches to ensure the most accurate valuation for each security. To value a CLO, both the assets and liabilities of the CLO capital structure need be modeled. We use a waterfall engine to store the collateral data, generate collateral cash flows from the assets, and distributes the cash flow to the liability structure based on the payment priorities, and discount them back using proper discount rates that incorporate all the risk factors. The main risk factors are: default risk, interest rate risk, downgrade risk, and credit spread risk.

For a discussion of the risks inherent in determining the value of securities for which readily available market values do not exist, see "Risk Factors—Risks relating to our business—Most of our portfolio investments are recorded at fair value as determined in good faith under the direction of our Board of Directors and, as a result, there is uncertainty as to the value of our portfolio investments."

Table of Contents

Valuation of Other Financial Assets and Financial Liabilities

ASC Subtopic 820-10-05-1, The Fair Value Option for Financial Assets and Financial Liabilities ("ASC 820-10-05-1") permits an entity to elect fair value as the initial and subsequent measurement attribute for many of assets and liabilities for which the fair value option has been elected and similar assets and liabilities measured using another measurement attribute. We have elected not to value some assets and liabilities at fair value as would be permitted by ASC 820-10-05-1.

Federal and State Income Taxes

We have elected to be treated as a regulated investment company and intend to continue to comply with the requirements of the Internal Revenue Code of 1986 (the "Code"), applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute at least 98% of our annual income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceeds the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income as taxable income is earned using an annual effective excise tax rate. The annual effective excise tax rate is determined by dividing the estimated annual excise tax by the estimated annual taxable income. For the calendar year ended December 31, 2012, we elected to retain a portion of our annual taxable income and have paid \$4,500 for the excise tax due with the filing of the return. As of June 30, 2013, we have \$2,000 accrued as an estimate of two quarters of the excise tax due for the calendar year ending December 31, 2013.

If we fail to satisfy the Annual Distribution Requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years reduced by an interest charge of 50% of such earnings and profits payable by us as an additional tax. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years. We adopted FASB ASC 740, Income Taxes ("ASC 740"). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. Adoption of ASC 740 was applied to all open tax years as of July 1, 2007. The adoption of ASC 740 did not have an effect on our net asset value, financial condition or results of operations as there was no liability for unrecognized tax benefits and no change to our beginning net asset value. As of June 30, 2013 and for the year then ended, we did not have a liability for any unrecognized tax benefits. Management's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof.

Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis.

Origination, closing and/or commitment fees associated with investments in portfolio companies are accreted into interest income over the respective terms of the applicable loans. Upon the prepayment of a loan or debt security, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as interest income.

Table of Contents

Interest income from investments in the "equity" class of security of CLO Funds (typically income notes or subordinated notes) is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40-35, Beneficial Interests in Securitized Financial Assets. We monitor the expected cash inflows from our CLO equity investments, including the expected residual payments and the effective yield is determined and updated periodically.

Loans are placed on non-accrual status when principal or interest payments are past due 90 days or more or when there is reasonable doubt that principal or interest will be collected. Unpaid accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's judgment, are likely to remain current. As of June 30, 2013, approximately 0.3% of our net assets are in non-accrual status.

Dividend income is recorded on the ex-dividend date.

Structuring fees and similar fees are recognized as income as earned, usually when paid. Structuring fees, excess deal deposits, net profits interests and overriding royalty interests are included in other income.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a dividend or distribution is approved by our Board of Directors each quarter and is generally based upon our management's estimate of our earnings for the quarter. Net realized capital gains, if any, are distributed at least annually.

Financing Costs

We record origination expenses related to our credit facility and Senior Notes as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method for our revolving credit facility and the effective interest method for our Senior Notes, over the respective expected life.

We record registration expenses related to shelf filings as prepaid assets. These expenses consist principally of Securities and Exchange Commission ("SEC") registration fees, legal fees and accounting fees incurred. These prepaid assets will be charged to capital upon the receipt of an equity offering proceeds or charged to expense if no offering completed.

Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees ("ASC 460"). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

Per Share Information

Net increase or decrease in net assets resulting from operations per common share are calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, Financial Services—Investment Companies, convertible securities are not considered in the calculation of net assets per share.

Recent Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS ("ASU 2011-04"). ASU 2011-04 amends Topic 820, Fair Value Measurements, ("ASC 820") by: (1) clarifying that the highest-and-best-use and valuation-premise concepts only apply to measuring the fair value of non-financial assets; (2) allowing a reporting entity to measure the fair value of the net asset or net liability position in a manner consistent with how market participants would price the net risk position, if certain criteria are met; (3) providing a framework for considering whether a premium or discount can be applied in a fair value measurement; (4) providing that the fair value of an instrument classified in a reporting entity's shareholders' equity is estimated from the perspective of a market participant that holds the identical item as an asset; and (5) expanding the qualitative and quantitative fair value disclosure requirements. The expanded disclosures include, for Level 3 items, a description of the valuation process and a narrative description of the sensitivity of the fair value to changes in unobservable inputs and interrelationships between those inputs if a change in those inputs would result in a significantly different fair value measurement. ASU 2011-4 also requires disclosures about the

highest-and-best-use of a non-financial asset when this use differs from the asset's current use and the reasons for such a difference. In addition, this ASU amends ASC 820, Fair Value Measurements, to require disclosures to include any transfers between Level 1 and Level 2 of the fair value hierarchy. These amendments were effective for fiscal

Table of Contents

years beginning after December 15, 2011 and for interim periods within those fiscal years. The adoption of the amended guidance in ASU 2011-04 did not have a significant effect on our financial statements. See Note 3 for the disclosure required by ASU 2011-04.

In August 2012, the FASB issued Accounting Standards Update 2012-03, Technical Amendments and Corrections to SEC Sections: Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 114 ("SAB No. 114"), Technical Amendments Pursuant to SEC Release No. 33-9250, and Corrections Related to FASB Accounting Standards Update 2010-22 ("ASU 2012-03"). The update amends various SEC paragraphs pursuant to the issuance of SAB No. 114 and is effective upon issuance. The adoption of the amended guidance in ASU 2012-03 did not have a significant effect on our financial statements.

In October 2012, the FASB issued Accounting Standards Update 2012-04, Technical Corrections and Improvements ("ASU 2012-04"). The amendments in this update cover a wide range of Topics in the ASC. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The adoption of the amended guidance in ASU 2012-04 did not have a significant effect on our financial statements.

In June 2013, the FASB issued Accounting Standards Update 2013-08, Financial Services—Investment Companies (Topic 946)—Amendments to the Scope, Measurement, and Disclosure Requirements ("ASU 2013-08"). ASU 2013-08 clarifies the approach to be used for determining whether an entity is an investment company and provides new measurement and disclosure requirements. ASU 2013-08 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2013. Earlier application is prohibited. The adoption of ASU 2013-08 is not expected to materially effect on our financial statements.

Table of Contents

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are subject to financial market risks, including changes in interest rates and equity price risk. Some of the loans in our portfolio have floating interest rates.

We may hedge against interest rate fluctuations by using standard hedging instruments such as futures, options and forward contracts subject to the requirements of the 1940 Act. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of higher interest rates with respect to our portfolio of investments. During the year ended June 30, 2013, we did not engage in hedging activities.

REPORT OF MANAGEMENT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Management is responsible for establishing and maintaining adequate internal control over financial reporting, and for performing an assessment of the effectiveness of internal control over financial reporting as of June 30, 2013. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Company's internal control over financial reporting includes those policies and procedures that (i) pertain to assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Management performed an assessment of the effectiveness of the Company's internal control over financial reporting as of June 30, 2013 based upon criteria in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Based on our assessment, management determined that the Company's internal control over financial reporting was effective as of June 30, 2013 based on the criteria on Internal Control—Integrated Framework issued by COSO. There were no changes in our internal control over financial reporting during the quarter ended June 30, 2013 that have materially affected, or are reasonably likely to affect, our internal control over financial reporting.

Our management's assessment of the effectiveness of our internal control over financial reporting as of June 30, 2013 has been audited by our independent registered public accounting firm, as stated in their report which appears in the 10-K.

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement, we intend to use the net proceeds from selling Securities pursuant to this prospectus initially to maintain balance sheet liquidity, involving repayment of debt under our credit facility, if any, investments in high quality short-term debt instruments or a combination thereof, and thereafter to make long-term investments in accordance with our investment objective. Interest on borrowings under the credit facility is one-month LIBOR plus 275 basis points, with no minimum LIBOR floor. Additionally, the lenders charge a fee on the unused portion of the credit facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points otherwise. A supplement to this prospectus relating to each offering will provide additional detail, to the extent known at the time, regarding the use of the proceeds from such offering including any intention to utilize proceeds to pay expenses in order to avoid sales of long-term assets.

We anticipate that substantially all of the net proceeds of an offering of Securities pursuant to this prospectus will be used for the above purposes within six months, depending on the availability of appropriate investment opportunities consistent with our investment objective and market conditions. In addition, we expect that there will be several offerings pursuant to this prospectus; we expect that substantially all of the proceeds from all offerings will be used within three years. Pending our new investments, we plan to invest a portion of net proceeds in cash equivalents, U.S. government securities and other high-quality debt investments that mature in one year or less from the date of investment and other general corporate purposes. The management fee payable by us will not be reduced while our assets are invested in such securities, which may generate a loss to the Company. See "Regulation—Temporary Investments" for additional information about temporary investments we may make while waiting to make longer-term investments in pursuit of our investment objective.

FORWARD-LOOKING STATEMENTS

Our annual report on Form 10-K for the year ended June 30, 2013, any of our quarterly reports on Form 10-Q or current reports on Form 8-K, or any other oral or written statements made in press releases or otherwise by or on behalf of Prospect Capital Corporation including this prospectus may contain forward looking statements within the meaning of the Section 21E of the Securities Exchange Act of 1934, as amended, which involve substantial risks and uncertainties. Forward looking statements predict or describe our future operations, business plans, business and

investment strategies and portfolio management and the performance of our investments and our investment management business. These forward-looking statements are not historical facts, but rather are based on current expectations, estimates and projections about our industry, our beliefs, and our assumptions. Words such as "intends," "intend," "intended," "goal," "estimate," "estimates," "expects," "expect," "expected," "project," "projected," "projections," "plans," "seeks," "anticipates," "anticipated," "should," "could," "may," "will," "designed to," "foreseeable future," "believe," "believes" and "scheduled" and variations of these words and similar expressions are intended to identify forward-looking statements. Our actual results or outcomes may differ materially

Table of Contents

from those anticipated. Readers are cautioned not to place undue reliance on these forward looking statements, which speak only as of the date the statement was made. We undertake no obligation to publicly update or revise any forward looking statements, whether as a result of new information, future events or otherwise. These forward-looking statements do not meet the safe harbor for forward-looking statements pursuant to Section 27A of the Securities Act.

These statements are not guarantees of future performance and are subject to risks, uncertainties, and other factors, some of which are beyond our control and difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements, including without limitation:

- our future operating results;
- our business prospects and the prospects of our portfolio companies;
- the impact of investments that we expect to make;
- the dependence of our future success on the general economy and its impact on the industries in which we invest;
- the ability of our portfolio companies to achieve their objectives;
- difficulty in obtaining financing or raising capital, especially in the current credit and equity environment;
- the level and volatility of prevailing interest rates and credit spreads, magnified by the current turmoil in the credit markets;
- adverse developments in the availability of desirable loan and investment opportunities whether they are due to competition, regulation or otherwise;
- a compression of the yield on our investments and the cost of our liabilities, as well as the level of leverage available to us;
- our regulatory structure and tax treatment, including our ability to operate as a business development company and a regulated investment company;
- the adequacy of our cash resources and working capital;
- the timing of cash flows, if any, from the operations of our portfolio companies;
- the ability of our Investment Adviser to locate suitable investments for us and to monitor and administer our investments;
- authoritative generally accepted accounting principles or policy changes from such standard-setting bodies as the Financial Accounting Standards Board, the Securities and Exchange Commission, Internal Revenue Service, the NASDAQ Global Select Market, and other authorities that we are subject to, as well as their counterparts in any foreign jurisdictions where we might do business; and
- the risks, uncertainties and other factors we identify in "Risk Factors" and elsewhere in this prospectus and in our filings with the SEC.

Although we believe that the assumptions on which these forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and as a result, the forward-looking statements based on those assumptions also could be inaccurate. Important assumptions include our ability to originate new loans and investments, certain margins and levels of profitability and the availability of additional capital. In light of these and other uncertainties, the inclusion of a projection or forward-looking statement in this prospectus should not be regarded as a representation by us that our plans and objectives will be achieved. These risks and uncertainties include those described or identified in "Risk Factors" and elsewhere in this prospectus. You should not place undue reliance on these forward-looking statements, which apply only as of the date of this prospectus.

DISTRIBUTIONS

Through March 2010, we made quarterly distributions to our stockholders out of assets legally available for distribution. In June 2010, we changed our distribution policy from a quarterly payment to a monthly payment and intend to continue with monthly distributions. Our distributions, if any, will be determined by our Board of Directors.

Certain amounts of the monthly distributions may from time to time be paid out of our capital rather than from earnings for the quarter as a result of our deliberate planning or by accounting reclassifications.

As a RIC, we generally are not subject to U.S. federal income tax on income and gains we distribute each taxable year to our stockholders, provided that in such taxable year we distribute at least 90% of our ordinary income and net short-term capital gains in excess of realized net long-term capital losses. In order to avoid certain excise taxes imposed on RICs, we are required to timely distribute with respect to each calendar year an amount at least equal to

the sum of

98% of our ordinary income for the calendar year,
98.2% of our capital gains in excess of capital losses for the one-year period ending on October 31 of the calendar year, and

any ordinary income and net capital gains for preceding years that were not distributed during such years.

Table of Contents

At December 31, 2012, we accrued, and subsequently paid, \$4,500 for the undistributed ordinary income retained at December 31, 2012. Through June 30, 2013, we have accrued an additional \$2,000 as we expect to again retain undistributed ordinary income at December 31, 2013.

In addition, although we currently intend to distribute realized net capital gains (which we define as net long-term capital gains in excess of short-term capital losses), if any, at least annually, out of the assets legally available for such distributions, we may decide in the future to retain such capital gains for investment. In such event, the consequences of our retention of net capital gains are as described under "Material U.S. Federal Income Tax Considerations." We can offer no assurance that we will achieve results that will permit the payment of any cash distributions and, if we issue senior securities, we may be prohibited from making distributions if doing so causes us to fail to maintain the asset coverage ratios stipulated by the 1940 Act or if distributions are limited by the terms of any of our borrowings.

We maintain an "opt out" dividend reinvestment plan for our common stockholders. As a result, if we declare a distribution, then stockholders' cash distributions will be automatically reinvested in additional shares of our common stock, unless they specifically "opt out" of the dividend reinvestment plan so as to receive cash distributions.

Stockholders who receive distributions in the form of stock are subject to the same U.S. Federal, state and local tax consequences as are stockholders who elect to receive their distributions in cash. See "Dividend Reinvestment Plan".

To the extent prudent and practicable, we intend to declare and pay dividends on a monthly basis.

With respect to the distributions paid to stockholders, income from origination, structuring, closing, commitment and other upfront fees associated with investments in portfolio companies were treated as taxable income and accordingly, distributed to stockholders. During the fiscal year ended June 30, 2013, we declared total distributions of approximately \$271.5 million.

Tax characteristics of all distributions will be reported to stockholders, as appropriate, on Form 1099-DIV after the end of the year. Our ability to pay distributions could be affected by future business performance, liquidity, capital needs, alternative investment opportunities and loan covenants.

The following table reflects the distributions per share that we have declared on our common stock to date. In June 2010, we changed our distribution policy from a quarterly payment to a monthly payment.

Table of Contents

Declaration Date	Record Date	Pay Date	Rate	Amount (in thousands)
8/20/2013	3/31/2014	4/17/2014	0.110375	*

(1) Total amount of each class of senior securities outstanding at the end of the period presented (in 000's).

(2) The asset coverage ratio for a class of senior securities representing indebtedness is calculated as our consolidated total assets, less all liabilities and indebtedness not represented by senior securities, divided by senior securities representing indebtedness. This asset coverage ratio is multiplied by \$1,000 to determine the Asset Coverage Per Unit.

(3) This column is inapplicable.

(4) This column is inapplicable.

(5) On February 16, 2012, we entered into the Selling Agent Agreement and began offering notes (the "Prospect Capital InterNotes® Program"). On March 4, 2013, we entered into a Second Amended and Restated Selling Agent Agreement which continued the Prospect Capital InterNotes® Program on substantially similar terms and provides for our issuance of floating rate notes in addition to fixed rate notes. Through October 10, 2013, we have sold \$478.9 million aggregate principal amount of notes. Amounts sold under the Prospect Capital InterNotes® Program after June 30, 2013 are not reflected in the table above. On August 23, 2013, we amended the Selling Agent Agreement for the Prospect Capital InterNotes® to increase the aggregate principal amount of notes that may be issued from time to time under such agreement from \$500.0 million to \$1.0 billion.

Table of Contents

PRICE RANGE OF COMMON STOCK

Our common stock is quoted on the NASDAQ Global Select Market under the symbol "PSEC." The following table sets forth, for the periods indicated, our NAV per share of common stock and the high and low sales prices per share of our common stock as reported on the NASDAQ Global Select Market. Our common stock historically trades at prices both above and below its NAV per share. There can be no assurance, however, that such premium or discount, as applicable, to NAV per share will be maintained. Common stock of business development companies, like that of closed-end investment companies, frequently trades at a discount to current NAV per share. In the past, our common stock has traded at a discount to our NAV per share. The risk that our common stock may continue to trade at a discount to our NAV per share is separate and distinct from the risk that our NAV per share may decline.

	Stock Price			Premium	Premium	Dividend Declared
	NAV(1)	High(2)	Low(2)	(Discount) of High to NAV	(Discount) of Low to NAV

Second quarter (through October 10, 2013)		\$ 11.21	\$ 10.80			\$ 0.330825

Net asset value per share is determined as of the last day in the relevant quarter and therefore may not reflect the (1) net asset value per share on the date of the high or low sales price. The NAVs shown are based on outstanding shares of our common stock at the end of each period.

(2) The High/Low Stock Price is calculated as of the closing price on a given day in the applicable quarter.

(3) Our most recently estimated NAV per share is \$10.75 on an as adjusted basis solely to give effect to our issuance of common stock since June 30, 2013 in connection with our dividend reinvestment plan, our issuance of 26,733,617 shares of common stock during the period from July 1, 2013 to October 10, 2013 including shares

settling through October 16, 2013 under our at-the-market offering program, and our issuance of 1,918,342 shares of common stock on

Table of Contents

August 2, 2013 in connection with the recapitalization of CP Energy, \$0.01 higher than the \$10.72 determined by us as of June 30, 2013. NAV per share as of September 30, 2013, may be higher or lower than \$10.75 based on potential changes in valuations, issuances of securities, dividends paid and earnings for the quarter then ended.

(4) NAV has not yet been finally determined for any day after June 30, 2013.

(5) On June 17, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110225 per share for September 2013 to holders of record on September 30, 2013 with a payment date of October 24, 2013;

\$0.110250 per share for October 2013 to holders of record on October 31, 2013 with a payment date of November 21, 2013;

\$0.110275 per share for November 2013 to holders of record on November 29, 2013 with a payment date of December 19, 2013; and

\$0.110300 per share for December 2013 to holders of record on December 31, 2013 with a payment date of January 23, 2014.

On August 21, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110325 per share for January 2014 to holders of record on January 31, 2014 with a payment date of February 20, 2014;

\$0.110350 per share for February 2014 to holders of record on February 28, 2014 with a payment date of March 20, 2014; and

\$0.110375 per share for March 2014 to holders of record on March 31, 2014 with a payment date of April 17, 2014.

On October 10, 2013, the last reported sales price of our common stock was \$11.07 per share.

As of October 10, 2013, we had approximately 140 stockholders of record.

The below table sets forth each class of our outstanding securities as of October 10, 2013 including sales of shares under our at-the-market offering program which will settle through October 16, 2013.

Title of Class	Amount Authorized	Amount Held by Registrant or for its Account	Amount Outstanding
Common Stock	500,000,000	—	276,844,568

BUSINESS

General

We are a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company that has filed an election to be treated as a business development company under the Investment Company Act of 1940, or the 1940 Act. We invest primarily in senior and subordinated debt and equity of companies in need of capital for acquisitions, divestitures, growth, development and recapitalization. We work with the management teams or financial sponsors to seek investments with historical cash flows, asset collateral or contracted pro-forma cash flows.

We currently have seven origination strategies in which we make investments: (1) lending in private equity sponsored transactions, (2) lending directly to companies not owned by private equity firms, (3) control investments in corporate operating companies, (4) control investments in financial companies, (5) investments in structured credit, (6) real estate investments, and (7) investments in syndicated debt. We continue to evaluate other origination strategies in the ordinary course of business with no specific top-down allocation to any single origination strategy.

Lending in Private Equity Sponsored Transactions—We make loans to companies which are controlled by leading private equity firms. This debt can take the form of first lien, second lien, unitranche or mezzanine loans. In making these investments, we look for a diversified customer base, recurring demand for the product or service, barriers to entry, strong historical cash flow and experienced management teams. These loans typically have significant equity subordinate to our loan position. This strategy has represented approximately 50%-60% of our business.

Lending Directly to Companies—We provide debt financing to companies owned by non-private equity firms, the company founder, a management team or a family. Here, in addition to the strengths we look for in a sponsored transaction, we also look for alignment with the management team with significant invested capital. This strategy often has less competition than the private equity sponsor strategy because such company financing needs are not easily addressed by banks and often require more diligence preparation. Direct lending can result in higher returns and lower leverage than sponsor transactions and may include warrants or equity to us. This strategy generally has comprised approximately 10%-15% of our business.

Control Investments in Corporate Operating Companies—This strategy involves acquiring controlling stakes in non-financial operating companies. Our investments in these companies are generally structured as a combination of yield-producing debt and equity. We provide certainty of closure to our counterparties, give the seller personal liquidity and generally look for management to continue on in their current roles. This strategy has comprised approximately 10%-15% of our business.

Control Investments in Financial Companies—This strategy involves acquiring controlling stakes in financial companies, including consumer direct lending, subprime auto lending and other strategies. Our investments in these companies are generally structured as a combination of yield-producing debt and equity. These investments are often structured in a tax-efficient RIC (as defined below) compliant partnership, enhancing returns. This strategy has comprised approximately 10%-15% of our business.

Investments in Structured Credit—We make investments in Collateralized Loan Obligations ("CLOs"), generally taking a significant position in the subordinated interests (equity) of the CLOs. The CLOs include a diversified portfolio of broadly syndicated loans and do not have direct exposure to real estate, mortgages, sub-prime debt, or consumer based debt. The CLOs in which we invest are managed by top-tier collateral managers that have been thoroughly diligenced prior to investment. This strategy has represented 10%-20% of the portfolio.

Real Estate Investments—We make investments in real estate through our wholly-owned tax-efficient real estate investment trust ("REIT"), American Property Holdings Corp. ("APHC"). Our real estate investments are in various classes of fully developed and occupied real estate properties that generate current yields. We seek to identify properties that have historically high occupancy and steady cash flow generation. We partner with established property managers with experience in managing the property type to manage such properties after acquisition. This is a more recent investment strategy that has represented less than 5% of our business.

Investments in Syndicated Debt—On an opportunistic basis, we make investments in loans and high yield bonds that have been sold to a syndicate of buyers. Here we look for investments with attractive risk-adjusted returns after we have completed a fundamental credit analysis. These investments are purchased with a long term, buy-and-hold

outlook and we look to provide significant structuring input by providing anchoring orders. This strategy has represented approximately 5%-10% of the portfolio.

Table of Contents

Typically, we concentrate on making investments in companies with annual revenues of less than \$750 million and enterprise values of less than \$1 billion. Our typical investment involves a secured loan of less than \$250 million. We

also acquire controlling interests in companies in conjunction with making secured debt investments in such companies. In most cases, companies in which we invest are privately held at the time we invest in them. We refer to these companies as "target" or "middle market" companies and these investments as "middle market investments".

We seek to maximize total returns to our investors, including both current yield and equity upside, by applying rigorous credit analysis and asset-based and cash-flow based lending techniques to make and monitor our investments.

We are currently pursuing multiple investment opportunities, including purchases of portfolios from private and public companies, as well as originations and secondary purchases of particular securities. We also regularly evaluate control investment opportunities in a range of industries, and some of these investments could be material to us. There can be no assurance that we will successfully consummate any investment opportunity we are currently pursuing. If any of these opportunities are consummated, there can be no assurance that investors will share our view of valuation or that any assets acquired will not be subject to future write downs, each of which could have an adverse effect on our stock price.

We seek to be a long-term investor with our portfolio companies. From our July 27, 2004 inception to the fiscal year ended June 30, 2007, we invested primarily in industries related to the industrial/energy economy. Since then, we have widened our strategy to focus in other sectors of the economy and continue to reduce our exposure to the energy industry, and our holdings in the energy and energy related industries now represent less than 7% of our investment portfolio.

We have been organized as a closed-end investment company since April 13, 2004 and have filed an election to be treated as a business development company under the Investment Company Act of 1940 (the "1940 Act"). We are a non-diversified company within the meaning of the 1940 Act. Our headquarters are located at 10 East 40th Street, 44th Floor, New York, NY 10016, and our telephone number is (212) 448-0702. Our investment adviser is Prospect Capital Management LLC.

On July 27, 2004, we completed our initial public offering ("IPO") and sold 7 million shares of common stock at a price of \$15.00 per share, less underwriting discounts and commissions totaling \$1.05 per share. An additional 55,000 shares were issued through the exercise of an over-allotment option with respect to the IPO on August 27, 2004. Since the IPO and the exercise of the related over-allotment option, we have made other common stock share offerings (including options exercised by underwriters) resulting in the issuance of 206,744,448 shares at prices ranging from \$7.75 to \$17.70. We issued the 2015 Notes on December 21, 2010, the 2016 Notes on February 18, 2011, the 2017 Notes on April 16, 2012, the 2022 Notes on May 1, 2012, the 2018 Notes on August 14, 2012, the 2019 Notes on December 21, 2012, the 2023 Notes on March 15, 2013 and have issued Prospect Capital InterNotes® since February 16, 2012.

Senior Convertible Notes

On December 21, 2010, February 18, 2011, April 16, 2012, August 14, 2012 and December 21, 2012, the Company issued the 2015 Notes, the 2016 Notes, the 2017 Notes, the 2018 Notes and the 2019 Notes, respectively. We refer to the 2015 Notes, the 2016 Notes, the 2017 Notes, the 2018 Notes and the 2019 Notes collectively as the Senior Convertible Notes. The Senior Convertible Notes were issued only to qualified institutional investors under Rule 144A of the 1933 Act. The 2015 Notes mature on December 15, 2015, the 2016 Notes mature on August 15, 2016, the 2017 Notes mature on October 15, 2017, the 2018 Notes mature on March 15, 2018 and the 2019 Notes mature on January 15, 2019, in each case unless previously converted in accordance with their terms. The Senior Convertible Notes are general unsecured obligations of the Company, rank equally in right of payment with the Company's existing and future senior unsecured debt, and rank senior in right of payment to any potential subordinated debt, should any be issued in the future. The Company may not redeem the Senior Convertible Notes prior to maturity. The net proceeds from the offerings of the Senior Convertible Notes were approximately \$825.8 million which was used initially to maintain balance sheet liquidity, including repayment of debt under the Company's credit facility, if any, investments in high quality short-term debt instruments or a combination thereof, and to make long-term investments in accordance with the Company's investment objective.

The interest rate on the 2015 Notes is 6.25% per year, payable semiannually in arrears on June 15 and December 15 of each year, commencing June 15, 2011. Holders may convert their 2015 Notes at any time on or prior to the close of business on the business day immediately preceding the maturity date at an initial conversion rate of 88.0902 shares of common stock per \$1,000 principal amount of 2015 Notes (equivalent to an initial conversion price of approximately \$11.35 per share). The conversion rate is subject to adjustment in certain events and in no event will the total number of shares of common stock issuable upon conversion exceed 96.8992 per \$1,000 principal amount of the 2015 Notes, or the "conversion rate cap," except that, to the extent the Company receives written guidance or a no-action letter from the staff of the SEC permitting it to adjust the conversion rate in certain instances without regard to the conversion rate cap, and to make the 2015 Notes convertible into certain reference property in accordance with certain reclassifications, business combinations, asset sales and corporate events of the Company without regard to the conversion rate cap it will make such adjustments without regard to the conversion rate cap and will also, to the extent that it makes any such adjustment without regard to the conversion rate cap pursuant to such

Table of Contents

written guidance or a no-action, adjust the conversion rate cap accordingly. Prior to obtaining the previously mentioned written guidance or no-action letter from the staff of the SEC, the Company will not engage in certain transactions that would result in an adjustment to the conversion rate of the 2015 Notes increasing the conversion rate beyond what it would have been in the absence of such transaction unless the Company has engaged in a reverse stock split or share combination transaction such that in our reasonable best estimation, the conversion rate following the adjustment for such transaction will not be any closer to the conversion rate cap than it would have been in the absence of such transaction. At June 30, 2013, the 2015 Notes are convertible into 88.1429 shares of common stock per \$1,000 principal amount of 2015 Notes (equivalent to a conversion price of approximately \$11.35 per share). The conversion rate is subject to adjustment in certain events. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (December 21, 2012) and will next be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary.

The interest rate on the 2016 Notes is 5.50% per year, payable semiannually in arrears on February 15 and August 15 of each year, commencing August 15, 2011. Holders may convert their 2016 Notes at any time on or prior to the close of business on the business day immediately preceding the maturity date at an initial conversion rate of 78.3699 shares of common stock per \$1,000 principal amount of 2016 Notes (equivalent to an initial conversion price of approximately \$12.76 per share). The conversion rate is subject to adjustment in certain events. At June 30, 2013, the 2016 Notes are convertible into 78.5395 shares of common stock per \$1,000 principal amount of 2016 Notes (equivalent to a conversion price of approximately \$12.73 per share). The conversion rate is subject to adjustment in certain events. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (February 14, 2012) and will next be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary.

The interest rate on the 2017 Notes is 5.375% per year, payable semiannually in arrears on April 15 and October 15 of each year, commencing October 15, 2012. Holders may convert their 2017 Notes at any time on or prior to the close of business on the business day immediately preceding the maturity date at an initial conversion rate of 85.8442 shares of common stock per \$1,000 principal amount of 2017 Notes (equivalent to an initial conversion price of approximately \$11.65 per share). The conversion rate is subject to adjustment in certain events. At June 30, 2013, the 2017 Notes are convertible into 86.1162 shares of common stock per \$1,000 principal amount of 2017 Notes (equivalent to a conversion price of approximately \$11.61 per share). The conversion rate is subject to adjustment in certain events. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (April 16, 2012) and will next be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary.

The interest rate on the 2018 Notes is 5.75% per year, payable semiannually in arrears on March 15 and September 15 of each year, commencing March 15, 2013. Holders may convert their 2018 Notes at any time on or prior to the close of business on the business day immediately preceding the maturity date at an initial conversion rate of 82.3451 shares of common stock per \$1,000 principal amount of 2018 Notes (equivalent to an initial conversion price of approximately \$12.14 per share). The conversion rate is subject to adjustment in certain events. At June 30, 2013, the 2018 Notes are convertible into 82.3451 shares of common stock, as adjusted for monthly cash dividends paid in excess of \$0.1016 per share after closing. The conversion price was adjusted on the anniversary date of August 14, 2013 to 82.8631 shares of common stock per \$1,000 principal amount of 2018 Notes (equivalent to an initial conversion price of approximately \$12.07 per share) and will be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary.

The interest rate on the 2019 Notes is 5.875% per year, payable semiannually in arrears on January 15 and July 15 of each year, commencing July 15, 2013. Holders may convert their 2019 Notes at any time on or prior to the close of business on the business day immediately preceding the maturity date at an initial conversion rate of 79.7766 shares of common stock per \$1,000 principal amount of 2019 Notes (equivalent to an initial conversion price of approximately \$12.54 per share). The conversion price has not been adjusted since the issuance (December 21, 2012) and will be adjusted on the first anniversary, unless the exercise price shall have changed by more than 1% before the anniversary.

Senior Unsecured Notes

On May 1, 2012, the Company issued the 2022 Notes pursuant to its effective shelf registration statement. The 2022 Notes are listed on the New York Stock Exchange under the symbol "PRY." The 2022 Notes are general unsecured obligations and rank pari passu with all outstanding and future unsecured unsubordinated indebtedness issued by the Company. The 2022 Notes will mature on November 15, 2022. The Company will pay interest on the 2022 Notes on

February 15, May 15, August 15 and November 15 of each year, beginning August 15, 2012. The Company may redeem the 2022 Notes in whole or in part at any time or from time to time on or after May 15, 2015, at a redemption price as specified in the indenture governing the 2022 Notes. The 2022 Notes were issued in minimum denominations of \$25 and integral multiples of \$25 in excess thereof.

On March 15, 2013, the Company issued the 2023 Notes pursuant to its effective shelf registration statement. The 2023 Notes are general unsecured obligations and rank pari passu with all outstanding and future unsecured unsubordinated

Table of Contents

indebtedness issued by the Company. The 2023 Notes will mature on March 15, 2023. The Company will pay interest on the 2023 Notes on September 15 and March 15 of each year, commencing on September 15, 2013.

Prospect Capital InterNotes®

On March 4, 2013, the Company entered into a Second Amended and Restated Selling Agent Agreement (the "Selling Agent Agreement") with Incapital LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as purchasing agents for the Company's issuance and sale from time to time of up to \$500 million of Prospect Capital InterNotes® (the "InterNotes® Offering"). The initial Selling Agent Agreement was entered into on February 16, 2012. Citigroup Global Markets Inc. joined the Selling Agent Agreement by the Agent Joinder Letter dated April 15, 2013. Additional agents appointed by us from time to time in connection with the InterNotes Offering may become parties to the Selling Agent Agreement. On August 23, 2013, we amended the Selling Agent Agreement to increase the aggregate principal amount of notes that may be issued from time to time under such agreement from \$500.0 million to \$1.0 billion.

These Prospect Capital InterNotes® are and will be the Company's direct unsecured senior obligations and will and do rank equally with all of the Company's unsecured senior indebtedness from time to time outstanding. Each series of Prospect Capital InterNotes® will be issued by a separate supplemental indenture. The Prospect Capital InterNotes® bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance. Since the inception of the InterNotes® Offering, the Company has issued \$430.1 million in aggregate principal amount of Prospect Capital InterNotes® for net proceeds of approximately \$419.3 million. The Prospect Capital InterNotes® were issued with variable and fixed interest rates ranging from 3.28% to 7.00% with an average rate of 5.63%, and maturities ranging from July 15, 2018 to August 15, 2043. The Prospect Capital InterNotes® may be issued with a Survivor's Option, which is a provision in such Note's supplemental indenture pursuant to which the Company will repay that Note, if requested by the authorized representative of the beneficial owner of that Note, following the death of the beneficial owner of the Note, so long as the Note was owned by that beneficial owner or the estate of that beneficial owner at least six months prior to the request. Each of the Prospect Capital InterNotes® issued thus far includes a Survivor's Option.

Under each indenture governing the Notes, there are certain events of default, the occurrence of which may lead to the Notes being due and payable immediately. An event of default under an indenture could have a material adverse effect on our business, financial conditions and results of operations.

If the Company undergoes a "fundamental change" as described in the indenture for each of the Senior Convertible Notes or Unsecured Senior Notes, holders may require the Company to repurchase all or part of their Senior Convertible Notes or Unsecured Senior Notes at a price equal to 100% of the principal amount of the Senior Convertible Notes or Unsecured Senior Notes, plus accrued and unpaid interest (including additional interest, if any).

Our Investment Objective and Policies

Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. We focus on making investments in private companies. We are a non-diversified company within the meaning of the 1940 Act.

We invest primarily in first and second lien senior loans and mezzanine debt. First and second lien senior loans generally are senior debt instruments that rank ahead of subordinated debt of a given portfolio company. These loans also have the benefit of security interests on the assets of the portfolio company, which may rank ahead of or be junior to other security interests. Mezzanine debt and our investments in CLOs are subordinated to senior loans and are generally unsecured. Our investments have generally ranged between \$5 million and \$250 million each, although the investment size may be more or less than this range. Our investment sizes are expected to grow as our capital base expands.

We also acquire controlling interests in companies in conjunction with making secured debt investments in such companies. These may be in several industries, including industrial, service, real estate and financial businesses. We seek to maximize returns and minimize risk for our investors by applying rigorous analysis to make and monitor our investments. While the structure of our investments varies, we can invest in senior secured debt, senior unsecured debt, subordinated secured debt, subordinated unsecured debt, mezzanine debt, convertible debt, convertible preferred equity, preferred equity, common equity, warrants and other instruments, many of which generate current yield. While

our primary focus is to seek current income through investment in the debt and/or dividend-paying equity securities of eligible privately-held, thinly-traded or distressed companies and long-term capital appreciation by acquiring accompanying warrants, options or other equity securities of such companies, we may invest up to 30% of the portfolio in opportunistic investments in order to seek enhanced returns for stockholders. Such investments may include investments in the debt and equity instruments of broadly-traded public companies. We expect that these public companies generally will have debt securities that are non-

Table of Contents

investment grade. Such investments may also include purchases (either in the primary or secondary markets) of the equity and junior debt tranches of a type of such pools known as CLOs. Structurally, CLOs are entities that are formed to hold a portfolio of senior secured loans ("Senior Secured Loans") made to companies whose debt is rated below investment grade or, in limited circumstances, unrated. The Senior Secured Loans within a CLO are limited to Senior Secured Loans which meet specified credit and diversity criteria and are subject to concentration limitations in order to create an investment portfolio that is diverse by Senior Secured Loan, borrower, and industry, with limitations on non-U.S. borrowers. Within this 30% basket, we have and may make additional investments in debt and equity securities of financial companies and companies located outside of the United States.

Our investments may include other equity investments, such as warrants, options to buy a minority interest in a portfolio company, or contractual payment rights or rights to receive a proportional interest in the operating cash flow or net income of such company. When determined by the Investment Adviser to be in our best interest, we may acquire a controlling interest in a portfolio company. Any warrants we receive with our debt securities may require only a nominal cost to exercise, and thus, as a portfolio company appreciates in value, we may achieve additional investment return from this equity interest. We have structured, and will continue to structure, some warrants to include provisions protecting our rights as a minority-interest or, if applicable, controlling-interest holder, as well as puts, or rights to sell such securities back to the company, upon the occurrence of specified events. In many cases, we obtain registration rights in connection with these equity interests, which may include demand and "piggyback" registration rights.

We plan to hold many of our investments to maturity or repayment, but will sell an investment earlier if a liquidity event takes place, such as the sale or recapitalization of a portfolio company, or if we determine a sale of such investment to be in our best interest.

We have qualified and elected to be treated for U.S. Federal income tax purposes as a regulated investment company ("RIC"), under Subchapter M of the Code. As a RIC, we generally do not have to pay corporate-level U.S. Federal income taxes on any ordinary income or capital gains that we distribute to our stockholders as dividends. To continue to qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements (as described below). In addition, to qualify for RIC tax treatment we must distribute to our stockholders, for each taxable year, at least 90% of our "investment company taxable income," which is generally our ordinary income plus the excess of our realized net short-term capital gains over our realized net long-term capital losses.

For a discussion of the risks inherent in our portfolio investments, see "Risk Factors—Risks Relating to our Investments."

Industry Sectors

While our original investments were concentrated in industrial and energy related companies, we continue to widen our focus in other sectors of the economy to diversify our portfolio holdings. Our portfolio is now well diversified into 36 industry categories with no individual industry comprising more than 14.6% of the portfolio on either a cost or fair value basis.

Ongoing Relationships with Portfolio Companies

Monitoring

Prospect Capital Management monitors our portfolio companies on an ongoing basis. Prospect Capital Management will continue to monitor the financial trends of each portfolio company to determine if it is meeting its business plan and to assess the appropriate course of action for each company.

Prospect Capital Management employs several methods of evaluating and monitoring the performance and value of our investments, which may include, but are not limited to, the following:

- Assessment of success in adhering to the portfolio company's business plan and compliance with covenants;
- Regular contact with portfolio company management and, if appropriate, the financial or strategic sponsor, to discuss financial position, requirements and accomplishments;

- Attendance at and participation in board meetings of the portfolio company; and

- Review of monthly and quarterly financial statements and financial projections for the portfolio company.

Investment Valuation

To value our assets, we follow the guidance of Accounting Standards Codification ("ASC") 820 that defines fair value, establishes a framework for measuring fair value in conformity with accounting principles generally accepted in the United States or America, or GAAP, and requires disclosures about fair value measurements.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Table of Contents

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by the Company at the measurement date.

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical for similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

ASC 820 applies to fair value measurements already required or permitted by other standards.

In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below:

- 1) Each portfolio company or investment is reviewed by our investment professionals with an independent valuation firm engaged by our Board of Directors;
- 2) the independent valuation firms conduct independent appraisals and make their own independent assessment;
- 3) the Audit Committee of our Board of Directors reviews and discusses the preliminary valuation of the Investment Adviser and that of the independent valuation firms; and
- 4) the Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Investments are valued utilizing a shadow bond approach, a market approach, an income approach, a liquidation approach, or a combination of approaches, as appropriate. The shadow bond and market approaches use prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities (including a business). The income approach uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present value amount (discounted) calculated based on an appropriate discount rate. The measurement is based on the net present value indicated by current market expectations about those future amounts. In following these approaches, the types of factors that we may take into account in fair value pricing our investments include, as relevant: available current market data, including relevant and applicable market trading and transaction comparables, applicable market yields and multiples, security covenants, call protection provisions, information rights, the nature and realizable value of any collateral, the portfolio company's ability to make payments, its earnings and discounted cash flows, the markets in which the portfolio company does business, comparisons of financial ratios of peer companies that are public, M&A comparables, the principal market and enterprise values, among other factors.

Our investments in CLOs are classified as ASC 820 level 3 securities, and are valued using discounted cash flow model. The valuations have been accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view. For each security, the most appropriate valuation approach has been chosen from alternative approaches to ensure the most accurate valuation for each security. To value a CLO, both the assets and liabilities of the CLO capital structure need be modeled. We use a waterfall engine to store the collateral data, generate collateral cash flows from the assets, and distributes the cash flow to the liability structure based on the payment priorities, and discount them back using proper discount rates that incorporate all the risk factors. The main risk factors are: default risk, interest rate risk, downgrade risk, and credit spread risk.

For a discussion of the risks inherent in determining the value of securities for which readily available market values do not exist, see "Risk Factors—Risks relating to our business—Most of our portfolio investments are recorded at fair

value as

86

Table of Contents

determined in good faith under the direction of our Board of Directors and, as a result, there is uncertainty as to the value of our portfolio investments."

Valuation of Other Financial Assets and Financial Liabilities

ASC Subtopic 820-10-05-1, The Fair Value Option for Financial Assets and Financial Liabilities, ("ASC 820-10-05-1") permits an entity to elect fair value as the initial and subsequent measurement attribute for many assets and liabilities for which the fair value option has been elected and similar assets and liabilities measured using another measurement attribute. We have elected not to value some assets and liabilities at fair value as would be permitted by ASC 820-10-05-1.

Managerial Assistance

As a business development company, we offer, and must provide upon request, managerial assistance to certain of our portfolio companies. This assistance could involve, among other things, monitoring the operations of our portfolio companies, participating in board and management meetings, consulting with and advising officers of portfolio companies and providing other organizational and financial guidance. Prospect Administration provides such managerial assistance on our behalf to portfolio companies when we are required to provide this assistance. We are also deemed to be providing managerial assistance to all portfolio companies that we control, either by ourselves or in conjunction with others.

Investment Adviser

Prospect Capital Management manages our investments as the Investment Adviser. Prospect Capital Management is a Delaware limited liability corporation that has been registered as an investment adviser under the Investment Adviser Act of 1940 (the "Advisers Act") since March 31, 2004. Prospect Capital Management is led by John F. Barry III and M. Grier Eliasek, two senior executives with significant investment advisory and business experience. Both Messrs. Barry and Eliasek spend a significant amount of their time in their roles at Prospect Capital Management working on the Company's behalf. The principal executive offices of Prospect Capital Management are 10 East 40th Street, 44th Floor, New York, NY 10016. We depend on the due diligence, skill and network of business contacts of the senior management of the Investment Adviser. We also depend, to a significant extent, on the Investment Adviser's investment professionals and the information and deal flow generated by those investment professionals in the course of their investment and portfolio management activities. The Investment Adviser's senior management team evaluates, negotiates, structures, closes, monitors and services our investments. Our future success depends to a significant extent on the continued service of the senior management team, particularly John F. Barry III and M. Grier Eliasek. The departure of any of the senior managers of the Investment Adviser could have a materially adverse effect on our ability to achieve our investment objective. In addition, we can offer no assurance that Prospect Capital Management will remain the Investment Adviser or that we will continue to have access to its investment professionals or its information and deal flow. Under the Investment Advisory Agreement, we pay Prospect Capital Management investment advisory fees, which consist of an annual base management fee based on our gross assets as well as a two-part incentive fee based on our performance. Mr. Barry currently controls Prospect Capital Management.

Staffing

Mr. John F. Barry III, our chairman and chief executive officer, Mr. Grier Eliasek, our chief operating officer and president, and Mr. Brian H. Oswald, our chief financial officer, chief compliance officer, treasurer and secretary, comprise our senior management. Over time, we expect to add additional officers and employees.

Messrs. Barry and Eliasek each also serves as an officer of Prospect Administration and performs his respective functions under the terms of the Administration Agreement. Our day-to-day investment operations are managed by Prospect Capital Management. In addition, we reimburse Prospect Administration for our allocable portion of expenses incurred by it in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of our chief executive officer, president, chief financial officer, chief operating officer, chief compliance officer, treasurer and secretary and their respective staffs. See "Business—Management Services—Administration Agreement."

Properties

We do not own any real estate or other physical properties materially important to our operation. Our corporate headquarters are located at 10 East 40th Street, 44th Floor, New York, NY 10016, where we occupy an office space pursuant to the Administration Agreement.

Legal Proceedings

From time to time, we may become involved in various investigations, claims and legal proceedings that arise in the ordinary course of our business. These matters may relate to intellectual property, employment, tax, regulation, contract or other matters. The resolution of such matters that may arise out of these investigations, claims and proceedings will be subject to

Table of Contents

various uncertainties and, even if such matters are without merit, could result in the expenditure of significant financial and managerial resources.

We are not aware of any material pending legal proceeding, and no such material proceedings are contemplated to which we are a party or of which any of our property is subject.

Management

Our business and affairs are managed under the direction of our Board of Directors. Our Board of Directors currently consists of five directors, three of whom are not "interested persons" of the Company as defined in Section 2(a)(19) of the 1940 Act. We refer to these individuals as our independent directors. Our Board of Directors elects our officers to serve for a one-year term and until their successors are duly elected and qualify, or until their earlier removal or resignation.

Board Of Directors And Executive Officers

Under our charter, our directors are divided into three classes. Directors are elected for a staggered term of three years each, with a term of office of one of the three classes of directors expiring each year. At each annual meeting of our stockholders, the successors to the class of directors whose terms expire at such meeting are elected to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election. Each director holds office for the term to which he or she is elected and until his or her successor is duly elected and qualifies.

Directors and Executive Officers

Our directors and executive officers and their positions are set forth below. The address for each director and executive officer is c/o Prospect Capital Corporation, 10 East 40th Street, 44th Floor, New York, NY 10016.

(3) An investment company subject to the 1940 Act.

Information about Executive Officers who are not Directors

Name and Age	Position(s) Held with the Company	Term of Office and Length of Time Served	Principal Occupation(s) During Past Five Years
Brian H. Oswald, 52	Chief Financial Officer, Chief Compliance Officer,	November 2008 to present as Chief Financial Officer, Treasurer and Secretary and	Joined Prospect Administration as Managing Director

Treasurer and Secretary October 2008 to present as Chief Compliance Officer. in June 2008.

Board Leadership Structure

The Board of Directors believes that the combined position of Chief Executive Officer of the Company and Chairman of the Board of Directors of the Company is a superior model that results in greater efficiency regarding management of the Company, reduced confusion due to the elimination of the need to transfer substantial information quickly and repeatedly between a chief executive officer and chairman, and business advantages to the Company arising from the specialized knowledge acquired from the duties of the dual roles. The need for efficient decision making is particularly acute in the line of business of the Company, whereby multiple factors including market factors, interest rates and innumerable other financial metrics change on an ongoing and daily basis.

The Company's Board of Directors does not currently have a designated lead independent director. Instead, all of the independent directors play an active role on the Board of Directors. The independent directors compose a majority of the Company's Board of Directors, and are closely involved in all material board level deliberations related to the Company. The Board of Directors believes that, with these practices, each independent director has an equal stake in the Board's actions and oversight role and equal accountability to the Company and its stockholders. The Company believes that Eugene Stark acts as the de facto lead independent director, by virtue of his role as an accounting expert and Chairman of the Audit Committee.

Director Independence

On an annual basis, each member of our Board of Directors is required to complete an independence questionnaire designed to provide information to assist the Board of Directors in determining whether the director is independent. Our Board of Directors has determined that each of our directors, other than Messrs. Barry and Eliasek, is independent under the 1940 Act.

Table of Contents

Role of the Chairman and Chief Executive Officer

As Chairman of the Board of Directors and Chief Executive Officer, Mr. Barry assumes a leading role in mid- and long-term strategic planning and supports major transaction initiatives of the Company. Mr. Barry also manages the day-to-day operations of the Company, with the support of the other executive officers. As Chief Executive Officer,

Mr. Barry has general responsibility for the implementation of the policies of the Company, as determined by the Board of Directors, and for the management of the business and affairs of the Company. The Board of Directors has determined that its leadership structure, in which the majority of the directors are not affiliated with the Company, Prospect Capital Management or Prospect Administration, is appropriate in light of the services that Prospect Capital Management and Prospect Administration and their affiliates provide to the Company and the potential conflicts of interest that could arise from these relationships.

Experience, Qualifications, Attributes and/or Skills that Led to the Board's Conclusion that such Members Should Serve as Director of the Company

The Board believes that, collectively, the directors have balanced and diverse experience, qualifications, attributes and skills, which allow the Board to operate effectively in governing the Company and protecting the interests of its stockholders. Below is a description of the various experiences, qualifications, attributes and/or skills with respect to each director considered by the Board.

John F. Barry III

The Board benefits from Mr. Barry's years of experience in the investment banking and the financial advisory industries, as well as his service on multiple boards for various companies. In addition to overseeing the Company, Mr. Barry has served on the boards of directors of private and public companies, including financial services, financial technology and energy companies. Mr. Barry also managed an investment bank, focusing on private equity and debt financing for energy and other companies, and was the founding member of the project finance group at Merrill Lynch & Co. The Board also benefits from Mr. Barry's past experience as a corporate securities lawyer at a premiere United States law firm, advising energy companies and their commercial and investment bankers. Mr. Barry is also chairman of the board of directors of the Mathematics Foundation of America, a non-profit foundation which enhances opportunities in mathematics education for students from diverse backgrounds. Mr. Barry's longstanding service as Chairman and Chief Executive Officer of the Company and as a Managing Director of Prospect Capital Management and Prospect Administration provide him with a specific understanding of the Company, its operation, and the business and regulatory issues facing the Company.

M. Grier Eliasek

Mr. Eliasek brings to the Board business leadership and experience and knowledge of senior loan, mezzanine, bridge loan, private equity and venture capital investments, as well as a knowledge of diverse management practices. Mr. Eliasek is the President and Chief Operating Officer of the Company and a Managing Director of Prospect Capital Management and Prospect Administration. He is also responsible for leading the origination and assessment of investments for the Company. The Board also benefits from Mr. Eliasek's experience as a consultant with Bain & Company, a global strategy consulting firm, where he managed engagements for companies in several different industries, by providing the Company with unique views on investment and management issues. At Bain & Company, Mr. Eliasek analyzed new lines of businesses, developed market strategies, revamped sales organizations, and improved operational performance for Bain & Company clients. Mr. Eliasek's longstanding service as Director, President and Chief Operating Officer of the Company and as a Managing Director of Prospect Capital Management and Prospect Administration provide him with a specific understanding of the Company, its operation, and the business and regulatory issues facing the Company.

Andrew C. Cooper

Mr. Cooper's over 25 years of experience in venture capital management, venture capital investing and investment banking provides the Board with a wealth of leadership, business investing and financial experience. Mr. Cooper's experience as the co-founder, director and former co-CEO of Unison Site Management LLC, a leading cellular site owner with 2,000 plus cell sites which generate more than \$40 million in annual cash flow, and as co-founder, CFO and VP of business development for Avesta Technologies, an enterprise, information and technology management software company bought by Visual Networks in 2000, provides the Board with the benefit of leadership and

experience in finance and management. Mr. Cooper also serves on the board of Brand Asset Digital, Aquatic Energy and the Madison Square Boys and Girls Club of New York. Further, Mr. Cooper's time as a director of CSG Systems, Protection One Alarm, LionBridge Technologies and Weblink Wireless, provides the Board with a wealth of experience and an in-depth understanding of management practices. Mr. Cooper's knowledge of financial and accounting matters qualifies him to serve on the Company's Audit Committee and his independence from the Company, Prospect Capital Management and Prospect Administration enhances his service as a member of the Nominating and Corporate Governance Committee.

Table of Contents

William J. Grep

Mr. Grep brings to the Board a broad and diverse knowledge of business and finance as a result of his career as an investment banker, spanning over 40 years working in corporate finance and originating and executing transactions and advisory assignments for energy and utility related clients. Since 1999, Mr. Grep has been responsible for traditional banking services, credit and lending, private equity and corporate cash management with Merrill Lynch & Co.. From 1996 to 1999, he served at Wachovia as senior vice president, managing director and co-founder of the utilities and energy investment banking group, responsible for origination, structuring, negotiation and successful completion of transactions utilizing investment banking, capital markets and traditional commercial banking products. From 1990 to 1996, Mr. Grep was the managing director of global power and project finance at JPMorgan Chase & Co., and from 1970 to 1990, Mr. Grep was with Merrill Lynch & Co., starting out as an associate in the mergers and acquisitions department, then in 1986 becoming the senior vice president, managing director and head of the regulated industries group. Mr. Grep's knowledge of financial and accounting matters qualifies him to serve on the Company's Audit Committee and his independence from the Company, Prospect Capital Management and Prospect Administration enhances his service as a member of the Nominating and Corporate Governance Committee.

Eugene S. Stark

Mr. Stark brings to the Board over 25 years of experience in directing the financial and administrative functions of investment management organizations. The Board benefits from his broad experience in financial management; SEC reporting and compliance; strategic and financial planning; expense, capital and risk management; fund administration; due diligence; acquisition analysis; and integration activities. Since May 2005, Mr. Stark's position as the Principal Financial Officer, Chief Compliance Officer and Vice President of Administration at General American Investors Company, Inc., where he is responsible for operations, compliance, and financial functions, allows him to provide the Board with added insight into the management practices of other financial companies. From January to April of 2005, Mr. Stark was the Chief Financial Officer of the Company, prior to which he worked at Prudential Financial, Inc. between 1987 and 2004. His many positions within Prudential include 10 years as Vice President and Fund Treasurer of Prudential Mutual Funds, 4 years as Senior Vice President of Finance of Prudential Investments, and 2 years as Senior Vice President of Finance of Prudential Amenities. Mr. Stark is also a Certified Public Accountant. Mr. Stark's knowledge of financial and accounting matters qualifies him to serve on the Company's Audit Committee and his independence from the Company, Prospect Capital Management and Prospect Administration enhances his service as a member of the Nominating and Corporate Governance Committee. Mr. Stark is also a member of Mount Saint Mary Academy's Finance Committee.

Means by Which the Board of Directors Supervises Executive Officers

The Board of Directors is regularly informed on developments and issues related to the Company's business, and monitors the activities and responsibilities of the executive officers in various ways.

At each regular meeting of the Board of Directors, the executive officers report to the Board of Directors on developments and important issues. Each of the executive officers, as applicable, also provide regular updates to the members of the Board of Directors regarding the Company's business between the dates of regular meetings of the Board of Directors.

Executive officers and other members of Prospect Capital Management, at the invitation of the Board of Directors, regularly attend portions of meetings of the Board of Directors and its committees to report on the financial results of the Company, its operations, performance and outlook, and on areas of the business within their responsibility, including risk management and management information systems, as well as other business matters.

The Board's Role in Risk Oversight

The Company's Board of Directors performs its risk oversight function primarily through (a) its two standing committees, which report to the entire Board of Directors and are comprised solely of independent directors and (b) monitoring by the Company's Chief Compliance Officer in accordance with its compliance policies and procedures.

As set forth in the descriptions regarding the Audit Committee and the Nominating and Governance Committee, the Audit Committee and the Nominating and Governance Committee assist the Board of Directors in fulfilling its risk

oversight responsibilities. The Audit Committee's risk oversight responsibilities include reviewing and discussing with management and the independent accountants the annual audited financial statements of the Company, including disclosures made in management's discussion and analysis; reviewing and discussing with management and the independent accountants the Company's quarterly financial statements prior to the filings of its quarterly reports on Form 10-Q; pre-approving the independent accountants' engagement to render audit and/or permissible non-audit services; and evaluating the qualifications, performance and independence of the independent accountants. The Nominating and Governance Committee's risk oversight responsibilities include selecting qualified nominees to be elected to the Board of Directors by stockholders; selecting qualified

Table of Contents

nominees to fill any vacancies on the Board of Directors or a committee thereof; developing and recommending to the Board of Directors a set of corporate governance principles applicable to the Company; and overseeing the evaluation of the Board of Directors and management. Both the Audit Committee and the Nominating and Governance Committee consist solely of independent directors.

The Company's Board of Directors also performs its risk oversight responsibilities with the assistance of the Chief Compliance Officer. The Company's Chief Compliance Officer prepares a written report annually discussing the adequacy and effectiveness of the compliance policies and procedures of the Company and certain of its service providers. The Chief Compliance Officer's report, which is reviewed by the Board of Directors, addresses at a minimum (a) the operation of the compliance policies and procedures of the Company and certain of its service providers since the last report; (b) any material changes to such policies and procedures since the last report; (c) any recommendations for material changes to such policies and procedures as a result of the Chief Compliance Officer's annual review; and (d) any compliance matter that has occurred since the date of the last report about which the Board of Directors would reasonably need to know to oversee the Company's compliance activities and risks. In addition, the Chief Compliance Officer meets separately in executive session with the independent directors at least once each year.

The Company believes that its Board of Director's role in risk oversight is effective and appropriate given the extensive regulation to which it is already subject as a business development company, or BDC, under the 1940 Act. Specifically, as a BDC the Company must comply with certain regulatory requirements that control certain types of risk in its business and operations. For example, the Company's ability to incur indebtedness is limited such that its asset coverage must equal at least 200% immediately after each time it incurs indebtedness, the Company generally has to invest at least 70% of its total assets in "qualifying assets." In addition, the Company elected to be treated as a regulated investment company, or RIC, under Subchapter M of the Internal Revenue Code, as amended. As a RIC, the Company must, among other things, meet certain income source and asset diversification requirements.

The Company believes that the extent of its Board of Directors' (and its committees') role in risk oversight complements its Board's leadership structure because it allows the Company's independent directors to exercise oversight of risk without any conflict that might discourage critical review through the two fully independent board committees, auditor and independent valuation providers, and otherwise.

The Company believes that a board's roles in risk oversight must be evaluated on a case by case basis and that the Board of Directors' practices concerning risk oversight is appropriate. However, the Company continually re-examines the manners in which the Board administers its oversight function on an ongoing basis to ensure that they continue to meet the Company's needs.

Committees of the Board of Directors

Our Board of Directors has established an Audit Committee and a Nominating and Corporate Governance Committee.

For the fiscal year ended June 30, 2013, our Board of Directors held 17 Board of Director meetings, 9 Audit Committee meetings, and 1 Nominating and Corporate Governance Committee meetings. All directors attended at least 75% of the aggregate number of meetings of the Board of Directors and of the respective committees on which they served. We require each director to make a diligent effort to attend all board and committee meetings, as well as each annual meeting of stockholders. Three directors attended last year's annual meeting of stockholders in person. The Audit Committee. The Audit Committee operates pursuant to a charter approved by the Board of Directors. The charter sets forth the responsibilities of the Audit Committee, which include selecting or retaining each year an independent registered public accounting firm, or independent accountants, to audit the accounts and records of the Company; reviewing and discussing with management and the independent accountants the annual audited financial statements of the Company, including disclosures made in management's discussion and analysis, and recommending to the Board of Directors whether the audited financial statements should be included in the Company's annual report on Form 10-K; reviewing and discussing with management and the independent accountants the Company's quarterly financial statements prior to the filings of its quarterly reports on Form 10-Q; pre-approving the independent accountants' engagement to render audit and/or permissible non-audit services; and evaluating the qualifications, performance and independence of the independent accountants. The Audit Committee is presently composed of three persons: Messrs. Cooper, Grempp and Stark, each of whom is not an "interested person" as defined in the 1940 Act and is considered independent under applicable NASDAQ rules, with Mr. Stark serving as chairman of the committee.

The Board of Directors has determined that Mr. Stark is an "audit committee financial expert" as that term is defined under Item 407 of Regulation S-K. The Audit Committee may delegate its pre-approval responsibilities to one or more of its members. The member(s) to whom such responsibility is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. Messrs. Cooper, Grempe and Stark were added to the Audit Committee concurrent with their election to the Board of Directors on February 12, 2009, April 1, 2010 and September 4, 2008, respectively.

Table of Contents

The function of the Audit Committee is oversight. Our management is primarily responsible for maintaining appropriate systems for accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent accountants are primarily responsible for planning and carrying out a proper audit of our annual financial statements in accordance with generally accepted accounting standards. The independent accountants are accountable to the Board of Directors and the Audit Committee, as representatives of our stockholders. The Board of Directors and the Audit Committee have the ultimate authority and responsibility to select, evaluate and, where appropriate, replace our independent accountants (subject, if applicable, to stockholder ratification).

In fulfilling their responsibilities, it is recognized that members of the Audit Committee are not our full-time employees or management and are not, and do not represent themselves to be, accountants or auditors by profession. As such, it is not the duty or the responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures, to determine that the financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to set auditor independence standards. Each member of the Audit Committee shall be entitled to rely on (a) the integrity of those persons within and outside us and management from which it receives information; (b) the accuracy of the financial and other information provided to the Audit Committee absent actual knowledge to the contrary (which shall be promptly reported to the Board of Directors); and (c) statements made by our officers and employees, our investment adviser or other third parties as to any information technology, internal audit and other non-audit services provided by the independent accountants to us.

The Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, or Nominating and Governance Committee, is responsible for selecting qualified nominees to be elected to the Board of Directors by stockholders; selecting qualified nominees to fill any vacancies on the Board of Directors or a committee thereof; developing and recommending to the Board of Directors a set of corporate governance principles applicable to the Company; overseeing the evaluation of the Board of Directors and management; and undertaking such other duties and responsibilities as may from time to time be delegated by the Board of Directors to the Nominating and Governance Committee. The Nominating and Governance Committee takes into consideration the educational, professional and technical backgrounds and diversity of each nominee when evaluating such nominees to be elected to the Board of Directors. The Nominating and Governance Committee does not have a formal policy with respect to diversity. The Nominating and Governance Committee is presently composed of three persons: Messrs. Cooper, Grempe and Stark, each of whom is not an "interested person" as defined in the 1940 Act and is considered independent under applicable NASDAQ rules, with Mr. Grempe serving as chairman of the committee.

Messrs. Cooper, Grempe and Stark were added to the Nominating and Governance Committee concurrent with their election to the Board of Directors on February 12, 2009, April 1, 2010 and September 4, 2008, respectively. The Nominating and Governance Committee will consider stockholder recommendations for possible nominees for election as directors when such recommendations are submitted in accordance with the Company's Bylaws and any applicable law, rule or regulation regarding director nominations. Nominations should be sent to the Corporate Secretary c/o Prospect Capital Corporation, 10 East 40th Street, 44th Floor, New York, New York 10016. When submitting a nomination to the Company for consideration, a stockholder must provide all information that would be required under applicable Commission rules to be disclosed in connection with election of a director, including the following minimum information for each director nominee: full name, age and address; principal occupation during the past five years; current directorships on publicly held companies and investment companies; number of shares of our common stock owned, if any; and, a written consent of the individual to stand for election if nominated by the Board of Directors and to serve if elected by the stockholders. Criteria considered by the Nominating and Governance Committee in evaluating the qualifications of individuals for election as members of the Board of Directors include compliance with the independence and other applicable requirements of the NASDAQ rules and the 1940 Act and all other applicable laws, rules, regulations and listing standards, the criteria, policies and principles set forth in the Nominating and Corporate Governance Committee Charter, and the ability to contribute to the effective management of the Company, taking into account our needs and such factors as the individual's experience, perspective, skills, expertise and knowledge of the industries in which the Company operates, personal and professional integrity,

character, business judgment, time availability in light of other commitments, dedication, and conflicts of interest. The Nominating and Governance Committee also may consider such other factors as it may deem to be in our best interests and those of our stockholders. The Board of Directors also believes it is appropriate for certain key members of our management to participate as members of the Board of Directors.

Table of Contents

Corporate Governance

Corporate Governance Guidelines. Upon the recommendation of the Nominating and Governance Committee, the Board of Directors has adopted Corporate Governance Guidelines on behalf of the Company. These Corporate Governance Guidelines address, among other things, the following key corporate governance topics: director responsibilities; the size, composition, and membership criteria of the Board of Directors; composition and responsibilities of directors serving on committees of the Board of Directors; director access to officers, employees, and independent advisors; director orientation and continuing education; director compensation; and an annual performance evaluation of the Board of Directors.

Code of Conduct. We have adopted a code of conduct which applies to, among others, our senior officers, including our Chief Executive Officer and Chief Financial Officer, as well as all of our employees. Our code of conduct is an exhibit to our Annual Report on Form 10-K filed with the SEC, and can be accessed via the Internet site of the SEC at <http://www.sec.gov>. We intend to disclose amendments to or waivers from a required provision of the code of conduct on Form 8-K.

Code of Ethics. We, Prospect Capital Management and Prospect Administration have each adopted a code of ethics pursuant to Rule 17j-1 under the 1940 Act that establishes procedures for personal investments and restricts certain personal securities transactions. Personnel subject to each code may invest in securities for their personal investment accounts, including securities that may be purchased or held by us, so long as such investments are made in accordance with the code's requirements.

Internal Reporting and Whistle Blower Protection Policy. The Company's Audit Committee has established guidelines and procedures regarding the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, collectively, Accounting Matters, and the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters. Persons with complaints or concerns regarding Accounting Matters may submit their complaints to our Chief Compliance Officer, or CCO. Persons who are uncomfortable submitting complaints to the CCO, including complaints involving the CCO, may submit complaints directly to our Audit Committee Chairman. Complaints may be submitted on an anonymous basis.

The CCO may be contacted at: Prospect Capital Corporation, Chief Compliance Officer, 10 East 40th Street, 44th Floor, New York, New York 10016.

The Audit Committee Chairman may be contacted at: Prospect Capital Corporation, Audit Committee Chairman, 10 East 40th Street, 44th Floor, New York, New York 10016.

Independent Directors

The Board of Directors, in connection with the 1940 Act and the applicable Marketplace Rules of NASDAQ, has considered the independence of members of the Board of Directors who are not employed by Prospect Capital Management and has concluded that Messrs. Cooper, Grempe and Stark are not "interested persons" as defined by the 1940 Act and therefore qualify as independent directors under the standards promulgated by the Marketplace Rules of NASDAQ. In reaching this conclusion, the Board of Directors concluded that Messrs. Cooper, Grempe and Stark had no relationships with Prospect Capital Management or any of its affiliates, other than their positions as directors of the Company and, if applicable, investments in us that are on the same terms as those of other stockholders.

Proxy Voting Policies And Procedures

We have delegated our proxy voting responsibility to Prospect Capital Management. The guidelines are reviewed periodically by Prospect Capital Management and our non-interested directors, and, accordingly, are subject to change. See "Regulation—Proxy Voting Policies and Procedures."

Table of Contents

Compensation of Directors and Officers

The following table sets forth information regarding the compensation received by the directors and executive officers from the Company for the fiscal year ended June 30, 2013. No compensation is paid to the interested directors by the Company.

Name and Position	Aggregate Compensation from the Company	Pension or Retirement Benefits Accrued as Part of the Company's Expenses(1)	Total Compensation Paid to Director/ Officer
Interested Directors			
John F. Barry III(2)	None	None	None
M. Grier Eliasek(2)	None	None	None
Independent Directors			
Andrew C. Cooper(3)	\$ 100,000	None	\$ 100,000
William J. Grempe(4)	\$ 100,000	None	\$ 100,000
Eugene S. Stark(5)	\$ 100,000	None	\$ 100,000
Executive Officers			
Brian H. Oswald(2)	None	None	None

(1) We do not have a bonus, profit sharing or retirement plan, and directors do not receive any pension or retirement benefits.

We have not paid, and we do not intend to pay, any annual cash compensation to our executive officers for their services as executive officers. Messrs. Barry and Eliasek are compensated by Prospect Capital Management from (2) the income Prospect Capital Management receives under the management agreement between Prospect Capital Management and us. Mr. Oswald is compensated from the income Prospect Administration receives under the administration agreement.

(3) Mr. Cooper joined our Board of Directors on February 12, 2009.

(4) Mr. Grempe joined our Board of Directors on April 1, 2010.

(5) Mr. Stark joined our Board of Directors on September 4, 2008.

No compensation was paid to directors who are interested persons of the Company as defined in 1940 Act. In addition, the Company purchases directors' and officers' liability insurance on behalf of the directors and officers.

Management Services

Investment Advisory Agreement

We have entered into the Investment Advisory Agreement with Prospect Capital Management under which the Investment Adviser, subject to the overall supervision of our Board of Directors, manages the day-to-day operations of, and provides investment advisory services to, us. Under the terms of the Investment Advisory Agreement, our Investment Adviser: (i) determines the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes, (ii) identifies, evaluates and negotiates the structure of the investments we make (including performing due diligence on our prospective portfolio companies); and (iii) closes and monitors investments we make.

Prospect Capital Management's services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to us are not impaired. For providing these services the Investment Adviser receives a fee from us, consisting of two components: a base management fee and an incentive fee. The base management fee is calculated at an annual rate of 2% on our gross assets (including amounts borrowed).

For services rendered under the Investment Advisory Agreement, the base management fee is payable quarterly in arrears. The base management fee is calculated based on the average value of our gross assets at the end of the two most recently completed calendar quarters and appropriately adjusted for any share issuances or repurchases during the current calendar quarter. Base management fees for any partial month or quarter are appropriately prorated.

The incentive fee has two parts. The first part, the income incentive fee, which is payable quarterly in arrears, will equal 20% of the excess, if any, of our pre-incentive fee net investment income that exceeds a 1.75% quarterly (7% annualized) hurdle rate, subject to a "catch up" provision measured as of the end of each calendar quarter. In the three months ended June 30, 2013, we paid an incentive fee of \$23.0 million (see calculation below). For this purpose, pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees and other fees

Table of Contents

that we receive from portfolio companies) accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under the Administration Agreement described below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment in kind interest and zero coupon securities), accrued income that we have not yet received in cash. Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Pre-incentive fee net investment income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter, is compared to a "hurdle rate" of 1.75% per quarter (7% annualized).

We expect the incentive fees we pay to increase to the extent we earn greater interest and dividend income through our investments in portfolio companies and, to a lesser extent, realize capital gains upon the sale of warrants or other equity investments in our portfolio companies and to decrease if our interest and dividend income and capital gains decrease. The "catch-up" provision requires us to pay 100% of our pre-incentive fee net investment income with respect to that portion of such income, if any, that exceeds the hurdle rate but is less than 125% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming an annualized hurdle rate of 7%). The catch-up provision is meant to provide Prospect Capital Management with 20% of our pre-incentive fee net investment income as if a hurdle rate did not apply when our pre-incentive fee net investment income exceeds 125% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming an annualized hurdle rate of 7%). The income incentive fee will be computed and paid on income that may include interest that is accrued but not yet received in cash. If interest income is accrued but never paid, the Board of Directors would decide to write off the accrual in the quarter when the accrual is determined to be uncollectible. The write off would cause a decrease in interest income for the quarter equal to the amount of the prior accrual. The Investment Adviser is not under any obligation to reimburse us for any part of the incentive fee it received that was based on accrued income that we never receive as a result of a default by an entity on the obligation that resulted in the accrual of such income.

The net investment income used to calculate this part of the incentive fee is also included in the amount of the gross assets used to calculate the 2% base management fee. We pay the Investment Adviser an income incentive fee with respect to our pre-incentive fee net investment income in each calendar quarter as follows:

- no incentive fee in any calendar quarter in which our pre-incentive fee net investment income does not exceed the hurdle rate;

- 100.00% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate); and

- 20.00% of the amount of our pre-incentive fee net investment income, if any, that exceeds 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate).

These calculations are appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

The second part of the incentive fee, the capital gains incentive fee, is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory Agreement, as of the termination date), and equals 20% of our realized capital gains for the calendar year, if any, computed net of all realized capital losses and unrealized capital depreciation at the end of such year. In determining the capital gains incentive fee payable to the Investment Adviser, we calculate the aggregate realized capital gains, aggregate realized capital losses and aggregate unrealized capital depreciation, as applicable, with respect to each investment that has been in our portfolio. For the purpose of this calculation, an "investment" is defined as the total of all rights and claims which may be asserted against a portfolio company arising out of our participation in the debt, equity, and other financial instruments issued by that company. Aggregate realized capital gains, if any, equals the sum of the differences between the aggregate net sales price of each investment and the aggregate cost basis of such investment when sold or otherwise disposed.

Aggregate realized capital losses equal the sum of the amounts by which the aggregate net sales price of each investment is less than the aggregate cost basis of such investment when sold or otherwise disposed. Aggregate unrealized capital depreciation equals the sum of the differences, if negative, between the aggregate valuation of each

investment and the aggregate cost basis of such investment as of the applicable calendar year-end. At the end of the applicable calendar year, the amount of capital gains that serves as the basis for our calculation of the capital gains incentive fee involves netting aggregate realized capital gains against aggregate realized capital losses on a since-inception basis and then reducing this amount by the aggregate unrealized capital depreciation. If this number is positive, then the capital gains incentive fee payable is equal to 20% of such amount, less the aggregate amount of any capital gains incentive fees paid since inception.

The actual transfer or sale of assets by Prospect to a SPE established by Prospect and consolidated with Prospect is disregarded for purposes of calculating the incentive fee.

Table of Contents

The following is a calculation of the most recently paid incentive fee paid in July 2013 (for the quarter ended June 30, 2013) (in thousands):

Prior Quarter Net Asset Value (adjusted for stock offerings during the quarter)	\$ 2,615,648	
Quarterly Hurdle Rate	1.75	%
Current Quarter Hurdle	\$ 45,774	
125% of the Quarterly Hurdle Rate	2.1875	%
125% of the Current Quarter Hurdle	\$ 57,217	
Current Quarter Pre Incentive Fee Net Investment Income	\$ 115,120	
Incentive Fee—"Catch-Up"	\$ 11,443	
Incentive Fee—20% in excess of 125% of the Current Quarter Hurdle	\$ 11,581	
Total Current Quarter Incentive Fee	\$ 23,024	

The total base management fees earned by and paid to Prospect Capital Management during the twelve months ended June 30, 2013, June 30, 2012 and June 30, 2011 were \$69.8 million, \$35.8 million and \$22.5 million, respectively. The income incentive fees were \$81.2 million, \$46.7 million and \$23.6 million for the twelve months ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively. No capital gains incentive fees were earned for the twelve months ended June 30, 2013, June 30, 2012 and June 30, 2011.

The total investment advisory fees were \$151.0 million, \$82.5 million and \$46.1 million for the twelve months ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively.

Because of the structure of the incentive fee, it is possible that we may have to pay an incentive fee in a quarter where we incur a loss. For example, if we receive pre-incentive fee net investment income in excess of the hurdle rate for a quarter, we will pay the applicable income incentive fee even if we have incurred negative total return in that quarter due to realized or unrealized losses on our investments.

Examples of Quarterly Incentive Fee Calculation

Example 1: Income Incentive Fee(*):

Alternative 1

Assumptions

Investment income (including interest, dividends, fees, etc.) = 1.25%

Hurdle rate(1) = 1.75%

Base management fee(2) = 0.50%

Other expenses (legal, accounting, custodian, transfer agent, etc.)(3) = 0.20%

(*) The hypothetical amount of pre-incentive fee net investment income shown is based on a percentage of total net assets.

(1) Represents 7% annualized hurdle rate

(2) Represents 2% annualized base management fee.

(3) Excludes organizational and offering expenses.

Pre-incentive fee net investment income (investment income - (base management fee + other expenses)) = 0.55%

Pre-incentive net investment income does not exceed hurdle rate, therefore there is no income incentive fee.

Table of Contents

Alternative 2

Assumptions

Investment income (including interest, dividends, fees, etc.) = 2.70%

Hurdle rate(1) = 1.75%

Base management fee(2) = 0.50%

Other expenses (legal, accounting, custodian, transfer agent, etc.)(3) = 0.20%

(1) Represents 7% annualized hurdle rate

(2) Represents 2% annualized base management fee.

(3) Excludes organizational and offering expenses.

Pre-incentive fee net investment income (investment income - (base management fee + other expenses)) = 2%

Pre-incentive net investment income exceeds hurdle rate, therefore there is an income incentive fee payable by us to our Investment Adviser.

= 100% × "Catch Up" + the greater of 0% AND (20% × (pre-incentive fee net investment income - 2.1875)%

= (100% × (2% - 1.75%)) + 0%

= 100% × 0.25% + 0% = 0.25%

Income incentive Fee

Alternative 3

Assumptions

Investment income (including interest, dividends, fees, etc.) = 3%

Hurdle rate(1) = 1.75%

Base management fee(2) = 0.50%

Other expenses (legal, accounting, custodian, transfer agent, etc.)(3) = 0.20%

(1) Represents 7% annualized hurdle rate.

(2) Represents 2% annualized base management fee.

(3) Excludes organizational and offering expenses.

Pre-incentive fee net investment income (investment income - (base management fee + other expenses)) = 2.30%

Pre-incentive net investment income exceeds hurdle rate, therefore there is an income incentive fee payable by us to our Investment Adviser.

= 100% × "Catch Up" + the greater of 0% AND (20% × (pre-incentive fee net)) investment income - 2.1875)%

= (100% × (2.1875% - 1.75%)) + the greater of 0% AND (20% × (2.30% - 2.1875%))

= (100% × 0.4375%) + (20% × 0.1125%)

= 0.4375% + 0.0225%

= 0.46%

Income incentive Fee

Example 2: Capital Gains Incentive Fee:

Alternative 1

Assumptions

Year 1: \$20 million investment made

Year 2: Fair market value, or FMV of investment determined to be \$22 million

Table of Contents

•Year 3: FMV of investment determined to be \$17 million

•Year 4: Investment sold for \$21 million

The impact, if any, on the capital gains portion of the incentive fee would be:

•Year 1: No impact

•Year 2: No impact

•Year 3: Decrease base amount on which the second part of the incentive fee is calculated by \$3 million (unrealized capital depreciation)

•Year 4: Increase base amount on which the second part of the incentive fee is calculated by \$4 million (\$1 million of realized capital gain and \$3 million reversal in unrealized capital depreciation)

Alternative 2

Assumptions

•Year 1: \$20 million investment made

•Year 2: FMV of investment determined to be \$17 million

•Year 3: FMV of investment determined to be \$17 million

•Year 4: FMV of investment determined to be \$21 million

•Year 5: FMV of investment determined to be \$18 million

•Year 6: Investment sold for \$15 million

The impact, if any, on the capital gains portion of the incentive fee would be:

•Year 1: No impact

•Year 2: Decrease base amount on which the second part of the incentive fee is calculated by \$3 million (unrealized capital depreciation)

•Year 3: No impact

•Year 4: Increase base amount on which the second part of the incentive fee is calculated by \$3 million (reversal in unrealized capital depreciation)

•Year 5: Decrease base amount on which the second part of the incentive fee is calculated by \$2 million (unrealized capital depreciation)

•Year 6: Decrease base amount on which the second part of the incentive fee is calculated by \$3 million (\$5 million of realized capital loss offset by a \$2 million reversal in unrealized capital depreciation)

Alternative 3

Assumptions

•Year 1: \$20 million investment made in company A, or Investment A, and \$20 million investment made in company B, or Investment B

•Year 2: FMV of Investment A is determined to be \$21 million, and Investment B is sold for \$18 million

•Year 3: Investment A is sold for \$23 million

The impact, if any, on the capital gains portion of the incentive fee would be:

•Year 1: No impact

•Year 2: Decrease base amount on which the second part of the incentive fee is calculated by \$2 million (realized capital loss on Investment B)

•Year 3: Increase base amount on which the second part of the incentive fee is calculated by \$3 million (realized capital gain on Investment A)

Alternative 4

Assumptions

•Year 1: \$20 million investment made in company A, or Investment A, and \$20 million investment made in company B, or Investment B

•Year 2: FMV of Investment A is determined to be \$21 million, and FMV of Investment B is determined to be \$17 million

•Year 3: FMV of Investment A is determined to be \$18 million, and FMV of Investment B is determined to be \$18 million

Table of Contents

Year 4: FMV of Investment A is determined to be \$19 million, and FMV of Investment B is determined to be \$21 million

Year 5: Investment A is sold for \$17 million, and Investment B is sold for \$23 million

The impact, if any, on the capital gains portion of the incentive fee would be:

Year 1: No impact

Year 2: Decrease base amount on which the second part of the incentive fee is calculated by \$3 million (unrealized capital depreciation on Investment B)

Year 3: Decrease base amount on which the second part of the incentive fee is calculated by \$1 million (\$2 million in unrealized capital depreciation on Investment A and \$1 million recovery in unrealized capital depreciation on Investment B)

Year 4: Increase base amount on which the second part of the incentive fee is calculated by \$3 million (\$1 million recovery in unrealized capital depreciation on Investment A and \$2 million recovery in unrealized capital depreciation on Investment B)

Year 5: Increase base amount on which the second part of the incentive fee is calculated by \$1 million (\$3 million realized capital gain on Investment B offset by \$3 million realized capital loss on Investment A plus a \$1 million reversal in unrealized capital depreciation on Investment A from Year 4)

Payment of our expenses

All investment professionals of the Investment Adviser and its staff, when and to the extent engaged in providing investment advisory and management services, and the compensation and routine overhead expenses of such personnel allocable to such services, will be provided and paid for by the Investment Adviser. We bear all other costs and expenses of our operations and transactions, including those relating to: organization and offering; calculation of our net asset value (including the cost and expenses of any independent valuation firms); expenses incurred by Prospect Capital Management payable to third parties, including agents, consultants or other advisers (such as independent valuation firms, accountants and legal counsel), in monitoring our financial and legal affairs and in monitoring our investments and performing due diligence on our prospective portfolio companies; interest payable on debt, if any, and dividends payable on preferred stock, if any, incurred to finance our investments; offerings of our debt, our preferred shares, our common stock and other securities; investment advisory fees; fees payable to third parties, including agents, consultants or other advisors, relating to, or associated with, evaluating and making investments; transfer agent and custodial fees; registration fees; listing fees; taxes; independent directors' fees and expenses; costs of preparing and filing reports or other documents with the SEC; the costs of any reports, proxy statements or other notices to stockholders, including printing costs; our allocable portion of the fidelity bond, directors and officers/errors and omissions liability insurance, and any other insurance premiums; direct costs and expenses of administration, including auditor and legal costs; and all other expenses incurred by us, by our Investment Adviser or by Prospect Administration in connection with administering our business, such as our allocable portion of overhead under the Administration Agreement, including rent and our allocable portion of the costs of our chief compliance officer and chief financial officer and his staff, including the internal legal staff.

Duration and termination

The Investment Advisory Agreement was originally approved by our Board of Directors on June 23, 2004 and was recently re-approved by the Board of Directors on May 3, 2013 for an additional one-year term expiring June 22, 2014. Unless terminated earlier as described below, it will remain in effect from year to year thereafter if approved annually by our Board of Directors or by the affirmative vote of the holders of a majority of our outstanding voting securities, including, in either case, approval by a majority of our directors who are not interested persons. The Investment Advisory Agreement will automatically terminate in the event of its assignment. The Investment Advisory Agreement may be terminated by either party without penalty upon not more than 60 days' written notice to the other.

See "Risk factors—Risks Relating to Our Business—We are dependent upon Prospect Capital Management's key management personnel for our future success."

Administration Agreement

We have also entered into an Administration Agreement with Prospect Administration under which Prospect Administration, among other things, provides (or arranges for the provision of) administrative services and facilities

for us. For providing these services, we reimburse Prospect Administration for our allocable portion of overhead incurred by Prospect Administration in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of our chief compliance officer and chief financial officer and his staff, including the internal legal staff. Under this agreement, Prospect Administration furnishes us with office facilities, equipment and clerical, bookkeeping and record keeping services at such facilities. Prospect Administration also performs, or oversees the performance of, our required administrative services, which include, among other things, being responsible for the financial records that we are required to maintain and

Table of Contents

preparing reports to our stockholders and reports filed with the Securities and Exchange Commission, or the SEC. In addition, Prospect Administration assists us in determining and publishing our net asset value, overseeing the preparation and filing of our tax returns and the printing and dissemination of reports to our stockholders, and generally oversees the payment of our expenses and the performance of administrative and professional services rendered to us by others. Under the Administration Agreement, Prospect Administration also provides on our behalf managerial assistance to those portfolio companies to which we are required to provide such assistance. The Administration Agreement may be terminated by either party without penalty upon 60 days' written notice to the other party. Prospect Administration is a wholly owned subsidiary of our Investment Adviser.

We reimbursed Prospect Administration \$8.7 million, \$6.8 million and \$5.0 million for the twelve months ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively, for services it provided to the Company at cost.

Indemnification

The Investment Advisory Agreement provides that, absent willful misfeasance, bad faith or gross negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Capital Management and its officers, managers, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of Prospect Capital Management's services under the Investment Advisory Agreement or otherwise as our investment adviser.

The Administration Agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Administration and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of Prospect Administration's services under the Administration Agreement or otherwise as our administrator.

Board of Directors approval of the Investment Advisory Agreement

On May 3, 2013, our Board of Directors voted unanimously to renew the Investment Advisory Agreement for the 12-month period ending June 22, 2014. In its consideration of the Investment Advisory Agreement, the Board of Directors focused on information it had received relating to, among other things: (a) the nature, quality and extent of the advisory and other services to be provided to us by Prospect Capital Management; (b) comparative data with respect to advisory fees or expense ratios paid by other business development companies with similar investment objectives; (c) our projected operating expenses; (d) the projected profitability of Prospect Capital Management and any existing and potential sources of indirect income to Prospect Capital Management or Prospect Administration from their relationships with us and the profitability of those relationships; (e) information about the services to be performed and the personnel performing such services under the Investment Advisory Agreement; (f) the organizational capability and financial condition of Prospect Capital Management and its affiliates and (g) the possibility of obtaining similar services from other third party service providers or through an internally managed structure. In approving the renewal of the Investment

Advisory Agreement, the Board of Directors, including all of the directors who are not "interested persons," considered the following:

Nature, Quality and Extent of Services. The Board of Directors considered the nature, extent and quality of the investment selection process employed by Prospect Capital Management. The Board of Directors also considered Prospect Capital Management's personnel and their prior experience in connection with the types of investments made by us. The Board of Directors concluded that the services to be provided under the Investment Advisory Agreement are generally the same as those of comparable business development companies described in the available market data.

Investment Performance. The Board of Directors reviewed our investment performance as well as comparative data with respect to the investment performance of other externally managed business development companies. The Board of Directors concluded that Prospect Capital Management was delivering results consistent with our investment objective and that our investment performance was satisfactory when compared to comparable business development

companies.

The reasonableness of the fees paid to Prospect Capital Management. The Board of Directors considered comparative data based on publicly available information on other business development companies with respect to services rendered and the advisory fees (including the management fees and incentive fees) of other business development companies as well as our projected operating expenses and expense ratio compared to other business development companies. The Board of Directors, on behalf of the Company, also considered the profitability of Prospect Capital

Table of Contents

Management. Based upon its review, the Board of Directors concluded that the fees to be paid under the Investment Advisory Agreement are reasonable compared to other business development companies.

Economies of Scale. The Board of Directors considered information about the potential of Prospect Capital Management to realize economies of scale in managing our assets, and determined that at this time there were not economies of scale to be realized by Prospect Capital Management.

Based on the information reviewed and the discussions detailed above, the Board of Directors (including all of the directors who are not "interested persons") concluded that the investment advisory fee rates and terms are fair and reasonable in relation to the services provided and approved the renewal of the Investment Advisory Agreement with Prospect Capital Management as being in the best interests of the Company and its stockholders.

Portfolio Managers

The following individuals function as portfolio managers primarily responsible for the day-to-day management of our portfolio. Our portfolio managers are not responsible for day-to-day management of any other accounts. For a description of their principal occupations for the past five years, see above.

Name	Position	Length of Service with Company (Years)
John F. Barry III	Chairman and Chief Executive Officer	9
M. Grier Eliasek	President and Chief Operating Officer	9

Mr. Eliasek receives no compensation from the Company. Mr. Eliasek receives a salary and bonus from Prospect Capital Management that takes into account his role as a senior officer of the Company and of Prospect Capital Management, his performance and the performance of each of Prospect Capital Management and the Company.

Mr. Barry receives no compensation from the Company. Mr. Barry, as the sole member of Prospect Capital Management, receives a salary and/or bonus from Prospect Capital Management and is entitled to equity distributions after all other obligations of Prospect Capital Management are met.

The following table sets forth the dollar range of our common stock beneficially owned by each of the portfolio managers described above as of June 30, 2013.

Name	Aggregate Dollar Range of Common Stock Beneficially Owned by Prospect Capital Management
John F. Barry III	Over \$100,000
M. Grier Eliasek	Over \$100,000

Managerial Assistance

As a business development company, we offer, and must provide upon request, managerial assistance to certain of our portfolio companies. This assistance could involve, among other things, monitoring the operations of our portfolio companies, participating in board and management meetings, consulting with and advising officers of portfolio companies and providing other organizational and financial guidance. We billed \$5.3 million, \$1.6 million and \$1.3 million of managerial assistance fees for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively, of which \$1.3 million, \$165,000 and \$128,000 remains on the consolidated statement of assets and liabilities as of June 30, 2013, June 30, 2012 and June 30, 2011, respectively. These fees are paid to the Administrator so we simultaneously accrue a payable to the Administrator for the same amounts, which remain on the consolidated statements of assets and liabilities.

License Agreement

We entered into a license agreement with Prospect Capital Management, pursuant to which Prospect Capital Management agreed to grant us a nonexclusive, royalty free license to use the name "Prospect Capital." Under this agreement, we have a right to use the Prospect Capital name, for so long as Prospect Capital Management or one of its affiliates remains our investment adviser. Other than with respect to this limited license, we have no legal right to the Prospect Capital name. This license agreement will remain in effect for so long as the Investment Advisory Agreement with our Investment Adviser is in effect.

Table of Contents

CERTAIN RELATIONSHIPS AND TRANSACTIONS

We have entered into the Investment Advisory Agreement with Prospect Capital Management. Our Chairman of the Board of Directors is the sole member of and controls Prospect Capital Management. Our senior management may in the future also serve as principals of other investment managers affiliated with Prospect Capital Management that may in the future manage investment funds with investment objectives similar to ours. In addition, our executive officers and directors and the principals of Prospect Capital Management may serve as officers, directors or principals of entities that operate in the same or related lines of business as we do or of investment funds managed by affiliates. Accordingly, we may not be given the opportunity to participate in certain investments made by investment funds managed by advisers affiliated with Prospect Capital Management. However, our Investment Adviser and other members of the affiliated present and predecessor companies of Prospect Capital Management intend to allocate investment opportunities in a fair and equitable manner consistent with our investment objectives and strategies so that we are not disadvantaged in relation to any other client. See "Risk Factors—Risks Relating To Our Business—Potential conflicts of interest could impact our investment returns" and "Risk Factors—Risks Relating To Our Securities—Our ability to enter into transactions with our affiliates is restricted."

In addition, pursuant to the terms of the Administration Agreement, Prospect Administration provides, or arranges to provide, the Company with the office facilities and administrative services necessary to conduct our day-to-day operations. Prospect Capital Management is the sole member of and controls Prospect Administration.

CONTROL PERSONS AND PRINCIPAL STOCKHOLDERS

As of October 10, 2013, there were no persons that owned 25% or more of our outstanding voting securities, and we believe no person should be deemed to control us, as such term is defined in the 1940 Act.

The following table sets forth, as of October 10, 2013, certain ownership information with respect to our common stock for those persons who directly or indirectly own, control or hold with the power to vote, 5% or more of our outstanding common stock and all officers and directors, as a group. Unless otherwise indicated, we believe that the beneficial owners set forth in the tables below have sole voting and investment power.

Name and Address of Beneficial Owner	Number of Shares Beneficially Owned	Percentage of Class(1)	
5% or more holders			
Zazove Associates, LLC 1001 Tahoe Blvd. Incline Village, NV 89451	15,219,643	(2) 5.2	%
Executive officers and directors as a group	3,769,498	1.4	%

(*) Represents less than one percent.

(1) Based on a total of 276,844,568 shares of our common stock issued and outstanding as of October 10, 2013.

Based upon a Schedule 13G filed with the SEC on February 5, 2013 by Zazove Associates, LLC, or Zazove.

According to the Schedule 13G, all of the shares beneficially owned by Zazove represent shares issuable upon the conversion of certain convertible notes, or the Notes, issued by the Company and beneficially owned by Zazove.

(2) Notwithstanding the percentage of common stock noted, each of the Notes contain a provision that limits the holders of the Notes from converting the Notes to shares of common stock of the Company to the extent such conversion would cause the holder to become a beneficial owner of more than 5.0% of the Company's outstanding common stock at the time of conversion. Percentage of common stock outstanding included the conversion of these shares in the total outstanding.

Table of Contents

The following table sets forth the dollar range of our equity securities beneficially owned by each of our directors and officers as of June 30, 2013. We are not part of a "family of investment companies" as that term is defined in the 1940 Act.

Name of Director or Officer	Dollar Range of Equity Securities in the Company(1)
Independent Directors	
William J. Grempe	\$10,001 - \$50,000
Andrew C. Cooper	None
Eugene S. Stark	Over \$100,000
Interested Directors	
John F. Barry III(2)	Over \$100,000
M. Grier Eliasek	Over \$100,000
Officer	
Brian H. Oswald	Over \$100,000

(1) Dollar ranges are as follows: none, \$1-\$10,000, \$10,001-\$50,000, \$50,001-\$100,000 or over \$100,000.

Represents an indirect beneficial ownership in shares of our common stock, that are beneficially owned directly by

(2) Prospect Capital Management, by reason of Mr. Barry's position as a control person of Prospect Capital Management.

PORTFOLIO COMPANIES

The following is a listing of our portfolio companies at June 30, 2013. Values are as of June 30, 2013.

The portfolio companies are presented in three categories: "companies more than 25% owned" are portfolio companies in which Prospect directly or indirectly owns more than 25% of the outstanding voting securities of such portfolio company and, therefore, such portfolio company is presumed to be controlled by us under the 1940 Act; "companies owned 5% to 25%" are portfolio companies where Prospect directly or indirectly owns 5% to 25% of the outstanding voting securities of such portfolio company and/or holds one or more seats on the portfolio company's Board of Directors and, therefore, such portfolio company is deemed to be an affiliated person with us under the 1940 Act; "companies less than 5% owned" are portfolio companies where Prospect directly or indirectly owns less than 5% of the outstanding voting securities of such portfolio company and where it has no other affiliations with such portfolio company. As of June 30, 2013, Prospect owned 100.0% of the fully diluted common equity of ESHI, 100.0% of the equity of Airmall, 100.0% of the common equity of Borga, 100.0% of the fully diluted common equity of The Healing Staff, Inc., 100.0% of the members unit of AWCNC, LLC, 100.0% of the common equity of Manx Energy, Inc., 100.0% of the common equity of Wolf Energy Holdings, Inc., 100.0% of the common equity of American Property Holdings Corp. through our wholly-owned entity, APH Property Holdings, LLC, 96.3% of the common equity of Valley Electric Co. of Mt. Vernon, Inc., through our wholly-owned entity, Valley Electric Holdings I, Inc., 95.13% of the common equity of CCPI Inc. through our wholly-owned entity, CCPI Holdings, Inc., 93.8% of the common equity of Nationwide Acceptance LLC, through our wholly-owned entity, Nationwide Acceptance Holdings, LLC, 88.3% of the fully diluted equity of R-V, 83.5% of the fully diluted preferred equity of NMMB Holdings, Inc., 80.1% of First Tower Holdings LLC through our wholly-owned entity, First Tower Holdings of Delaware LLC, 77.9% of the fully diluted equity of Ajax and 74.8% of the common equity of Credit Central Holdings LLC., through our wholly-owned entity, Credit Central Holdings of Delaware, LLC. Prospect makes available significant managerial assistance to its portfolio companies. Prospect generally requests and may receive rights to observe the meetings of its portfolio companies' Boards of Directors.

(1) Certain investments that the Company has determined are not "qualifying" assets" under Section 55(a) of the 1940 Act. Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. The Company monitors the status of these assets on an ongoing basis

Table of Contents

DETERMINATION OF NET ASSET VALUE

The net asset value per share of our outstanding shares of common stock will be determined quarterly by dividing the value of total assets minus liabilities by the total number of shares outstanding.

In calculating the value of our total assets, we will value investments for which market quotations are readily available at such market quotations. Short-term investments which mature in 60 days or less, such as U.S. Treasury bills, are valued at amortized cost, which approximates market value. The amortized cost method involves recording a security at its cost (i.e., principal amount plus any premium and less any discount) on the date of purchase and thereafter amortizing/accreting that difference between the principal amount due at maturity and cost assuming a constant yield to maturity as determined at the time of purchase. Short-term securities which mature in more than 60 days are valued at current market quotations by an independent pricing service or at the mean between the bid and ask prices obtained from at least two brokers or dealers (if available, or otherwise by a principal market maker or a primary market dealer). Investments in money market mutual funds are valued at their net asset value as of the close of business on the day of valuation.

Most of the investments in our portfolio do not have market quotations which are readily available, meaning the investments do not have actively traded markets. Debt and equity securities for which market quotations are not readily available are valued with the assistance of an independent valuation service using a documented valuation policy and a valuation process that is consistently applied under the direction of our Board of Directors. For a discussion of the risks inherent in determining the value of securities for which readily available market values do not exist, see "Risk Factors—Risks Relating to Our Business—Most of our portfolio investments are recorded at fair value as determined in good faith by our Board of Directors and, as a result, there is uncertainty as to the value of our portfolio investments."

The factors that may be taken into account in valuing such investments include, as relevant, the portfolio company's ability to make payments, its estimated earnings and projected discounted cash flows, the nature and realizable value of any collateral, the financial environment in which the portfolio company operates, comparisons to securities of similar publicly traded companies, changes in interest rates for similar debt instruments and other relevant factors. Due to the inherent uncertainty of determining the fair value of investments that do not have readily available market quotations, the fair value of these investments may differ significantly from the values that would have been used had such market quotations existed for such investments, and any such differences could be material.

As part of the fair valuation process, the independent valuation firms engaged by the Board of Directors performs a review of each debt and equity investment and provides a range of values for each investment, which, along with management's valuation recommendations, is reviewed by the Audit Committee. Management and the independent valuation firm may adjust their preliminary evaluations to reflect comments provided by the Audit Committee. The Audit Committee reviews the final valuation report and management's valuation recommendations and makes a recommendation to the Board of Directors based on its analysis of the methodologies employed and the various weights that should be accorded to each portion of the valuation as well as factors that the independent valuation firm and management may not have included in their evaluation processes. The Board of Directors then evaluates the Audit Committee recommendations and undertakes a similar analysis to determine the fair value of each investment in the portfolio in good faith.

Determination of fair values involves subjective judgments and estimates not susceptible to substantiation by auditing procedures. Accordingly, under current accounting standards, the notes to our financial statements will refer to the uncertainty with respect to the possible effect of such valuations, and any change in such valuations, on our financial statements.

Table of Contents

SALES OF COMMON STOCK BELOW NET ASSET VALUE

At our 2012 annual meeting of stockholders held on December 7, 2012, our stockholders approved our ability to sell, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering, an unlimited number of shares of our common stock at any level of discount from NAV per share during the twelve-month period following such approval. In order to sell shares pursuant to this authorization, a majority of our directors who have no financial interest in the sale and a majority of our independent directors must (a) find that the sale is in our best interests and in the best interests of our stockholders, and (b) in consultation with any underwriter or underwriters or sales manager or sales managers of the offering, make a good faith determination as of a time either immediately prior to the first solicitation by us or on our behalf of firm commitments to purchase such shares, or immediately prior to the issuance of such shares of common stock, that the price at which such shares are to be sold is not less than a price which closely approximates the market value of such shares, less any distributing commission or discount.

We may make sales of our common stock at prices below our most recently determined NAV per share. Pursuant to the approval of our Board of Directors, we have made such sales in the past and we may continue to do so under this prospectus.

In making a determination that an offering below NAV per share is in our and our stockholders' best interests, our Board of Directors considers a variety of factors including matters such as:

• The effect that an offering below NAV per share would have on our stockholders, including the potential dilution they would experience as a result of the offering;

• The amount per share by which the offering price per share and the net proceeds per share are less than the most recently determined NAV per share;

• The relationship of recent market prices of par common stock to NAV per share and the potential impact of the offering on the market price per share of our common stock;

• Whether the estimated offering price would closely approximate the market value of our shares;

• The potential market impact of being able to raise capital during the current financial market difficulties;

• The nature of any new investors anticipated to acquire shares of common stock in the offering;

• The anticipated rate of return on and quality, type and availability of investments; and

• The leverage available to us.

Our Board of Directors also considers the fact that sales of common stock at a discount will benefit our Advisor as the Advisor will earn additional investment management fees on the proceeds of such offerings, as it would from the offering of any other securities of the Company or from the offering of common stock at premium to NAV per share.

We will not sell shares of common stock under a prospectus supplement to the registration statement (the "current registration statement") if the cumulative dilution to our NAV per share from offerings under the current registration statement exceeds 15%. This limit would be measured separately for each offering pursuant to the current registration statement by calculating the percentage dilution or accretion to aggregate NAV from that offering and then summing the percentage from each offering. For example, if our most recently determined NAV per share at the time of the first offering is \$10.75 and we have 275.0 million shares of common stock outstanding, sale of 50.0 million shares of common stock at net proceeds to us of \$5.38 per share (an approximately 50% discount) would produce dilution of 7.69%. If we subsequently determined that our NAV per share increased back to \$10.50 on the then 325.0 million shares of common stock outstanding and then made an additional offering, we could, for example, sell approximately an additional 55.7 million shares of common stock at net proceeds to us of \$5.25 per share, which would produce dilution of 7.31%, before we would reach the aggregate 15% limit. If we file a new post-effective amendment, the threshold would reset.

Sales by us of our common stock at a discount from NAV per share pose potential risks for our existing stockholders whether or not they participate in the offering, as well as for new investors who participate in the offering.

The following three headings and accompanying tables will explain and provide hypothetical examples on the impact of an offering at a price less than NAV per share on three different set of investors:

• existing shareholders who do not purchase any shares of common stock in the offering;

existing shareholders who purchase a relatively small amount of shares of common stock in the offering or a relatively large amount of shares of common stock in the offering; and
new investors who become shareholders by purchasing shares of common stock in the offering.

Table of Contents

The tables below provide hypothetical examples of the impact that an offering at a price less than NAV per share may have on the NAV per share of shareholders and investors who do and do not participate in such an offering. However, the tables below do not show and are not intended to show any potential changes in market price that may occur from an offering at a price less than NAV per share and it is not possible to predict any potential market price change that may occur from such an offering.

Impact On Existing Stockholders Who Do Not Participate in the Offering

Our existing stockholders who do not participate in an offering below NAV per share or who do not buy additional shares of common stock in the secondary market at the same or lower price we obtain in the offering (after expenses and commissions) face the greatest potential risks. These stockholders will experience an immediate decrease (often called dilution) in the NAV of the shares of common stock they hold and their NAV per share. These stockholders will also experience a disproportionately greater decrease in their participation in our earnings and assets and their voting power than the increase we will experience in our assets, potential earning power and voting interests due to the offering. These stockholders may also experience a decline in the market price of their shares of common stock, which often reflects to some degree announced or potential increases and decreases in NAV per share. This decrease could be more pronounced as the size of the offering and level of discounts increases.

The following chart illustrates the level of NAV dilution that would be experienced by a nonparticipating stockholder in three different hypothetical offerings of different sizes and levels of discount from NAV per share. It is not possible to predict the level of market price decline that may occur. Actual sales prices and discounts may differ from the presentation below. There is no maximum level of discount from NAV at which we may sell shares pursuant to the stockholder authority.

The examples assume that the issuer has 275.0 million common shares outstanding, \$4,756,250,000 in total assets and \$1,800,000,000 in total liabilities. The current NAV and NAV per share are thus \$2,956,250,000 and \$10.75. The chart illustrates the dilutive effect on Stockholder A of (1) an offering of 13,750,000 shares of common stock (5% of the outstanding shares of common stock) at \$10.21 per share after offering expenses and commission (a 5% discount from NAV), (2) an offering of 27,500,000 shares of common stock (10% of the outstanding shares of common stock) at \$9.68 per share after offering expenses and commissions (a 10% discount from NAV), (3) an offering of 68,750,000 shares of common stock (25% of the outstanding shares of common stock) at \$8.06 per share after offering expenses and commissions (a 25% discount from NAV), and (4) an offering of 68,750,000 shares of common stock (25% of the outstanding shares of common stock) at \$0.00 per share after offering expenses and commissions (a 100% discount from NAV).

Impact On Existing Stockholders Who Do Participate in the Offering

Our existing stockholders who participate in an offering below NAV per share or who buy additional shares of common stock in the secondary market at the same or lower price as we obtain in the offering (after expenses and commissions) will experience the same types of NAV dilution as the nonparticipating stockholders, albeit at a lower level, to the extent they purchase less than the same percentage of the discounted offering as their interest in our shares of common stock immediately prior to the offering. The level of NAV dilution will decrease as the number of shares of common stock such stockholders purchase increases. Existing stockholders who buy more than such percentage will experience NAV dilution on their existing shares but will, in contrast to existing stockholders who purchase less than their proportionate share of the offering, experience an increase (often called accretion) in average NAV per share over their investment per share and will also experience a disproportionately greater increase in their participation in our earnings and assets and their voting power than our increase in assets, potential earning power and voting interests due to the offering. The level of accretion will increase as the excess number of shares of common stock such stockholder purchases increases. Even a stockholder who over-participates will, however, be subject to the risk that we may make additional discounted offerings in which such stockholder does not participate, in which case such a stockholder will experience NAV dilution as described above in such subsequent offerings. These shareholders may also experience a decline in the market price of their shares of common stock, which often reflects to

Table of Contents

some degree announced or potential decreases in NAV per share. This decrease could be more pronounced as the size of the offering and level of discounts increases. There is no maximum level of discount from NAV at which we may sell shares pursuant to this authority.

The following chart illustrates the level of dilution and accretion in the hypothetical 25% discount offering from the prior chart (Example 3) for a stockholder that acquires shares of common stock equal to (1) 50% of its proportionate share of the offering (i.e., 34,375 shares of common stock, which is 0.05% of an offering of 68,750,000 shares of common stock) rather than its 0.10% proportionate share and (2) 150% of such percentage (i.e., 103,125 shares of common stock, which is 0.15% of an offering of 68,750,000 shares of common stock rather than its 0.10% proportionate share). It is not possible to predict the level of market price decline that may occur. Actual sales prices and discounts may differ from the presentation below. There is no maximum level of discount from NAV at which we may sell shares pursuant to the stockholder authority.

Impact On New Investors

Investors who are not currently stockholders and who participate in an offering below NAV but whose investment per share is greater than the resulting NAV per share due to selling compensation and expenses paid by the issuer will experience an immediate decrease, albeit small, in the NAV of their shares of common stock and their NAV per share compared to the price they pay for their shares of common stock. Investors who are not currently stockholders and who participate in an offering below NAV per share and whose investment per share is also less than the resulting NAV per share due to selling compensation and expenses paid by the issuer being significantly less than the discount

per share will experience an immediate increase in the NAV of their shares of common stock and their NAV per share compared to the price they pay for their shares of common stock. These investors will experience a disproportionately greater participation in our earnings and assets and their voting power than our increase in assets, potential earning power and voting interests. These investors will, however, be subject to the risk that we may make additional discounted offerings in which such new stockholder does not participate, in which case such new stockholder will experience dilution as described above in such subsequent offerings. These investors may also experience a decline in the market price of their shares of common stock, which often reflects to some degree announced or potential increases and decreases in NAV per share. This decrease could be more pronounced as the size of the offering and level of discounts increases. There is no maximum level of discount from NAV at which we may sell shares pursuant to this authority.

The following chart illustrates the level of dilution or accretion for new investors that would be experienced by a new investor in the same hypothetical 5%, 10% and 25% discounted offerings as described in the first chart above. The illustration is for a new investor who purchases the same percentage (0.10%) of the shares of common stock in the offering as Stockholder A in the prior examples held immediately prior to the offering. It is not possible to predict the level of market price decline that

Table of Contents

may occur. Actual sales prices and discounts may differ from the presentation below. There is no maximum level of discount from NAV at which we may sell shares pursuant to the stockholder authority.

DIVIDEND REINVESTMENT PLAN

We have adopted a dividend reinvestment plan that provides for reinvestment of our distributions on behalf of our stockholders, unless a stockholder elects to receive cash as provided below. As a result, when our Board of Directors authorizes, and we declare, a cash dividend, then our stockholders who have not "opted out" of our dividend reinvestment plan will have their cash dividends automatically reinvested in additional shares of our common stock, rather than receiving the cash dividends.

No action is required on the part of a registered stockholder to have their cash dividend reinvested in shares of our common stock. A registered stockholder may elect to receive an entire dividend in cash by notifying the plan administrator and our transfer agent and registrar, in writing so that such notice is received by the plan administrator no later than the record date for dividends to stockholders. The plan administrator sets up an account for shares acquired through the plan for each stockholder who has not elected to receive dividends in cash and hold such shares in non-certificated form. Upon request by a stockholder participating in the plan, the plan administrator will, instead of crediting shares to the participant's account, issue a certificate registered in the participant's name for the number of whole shares of our common stock and a check for any fractional share. Such request by a stockholder must be received three days prior to the dividend payable date in order for that dividend to be paid in cash. If such request is received less than three days prior to the dividend payable date, then the dividends are reinvested and shares are repurchased for the stockholder's account; however, future dividends are paid out in cash on all balances. Those stockholders whose shares are held by a broker or other financial intermediary may receive dividends in cash by notifying their broker or other financial intermediary of their election.

Table of Contents

We primarily use newly-issued shares to implement the plan, whether our shares are trading at a premium or at a discount to net asset value. However, we reserve the right to purchase shares in the open market in connection with our implementation of the plan. The number of shares to be issued to a stockholder is determined by dividing the total dollar amount of the dividend payable to such stockholder by the market price per share of our common stock at the close of regular trading on The NASDAQ Global Select Market on the valuation date for such dividend. If we use newly-issued shares to implement the plan, the valuation date will not be earlier than the last day that stockholders have the right to elect to receive cash in lieu of shares. Market price per share on that date will be the closing price for such shares on The NASDAQ Global Select Market or, if no sale is reported for such day, at the average of their reported bid and asked prices. The number of shares of our common stock to be outstanding after giving effect to payment of the dividend cannot be established until the value per share at which additional shares will be issued has been determined and elections of our stockholders have been tabulated. Stockholders who do not elect to receive dividends in shares of common stock may experience accretion to the net asset value of their shares if our shares are trading at a premium at the time we issue new shares under the plan and dilution if our shares are trading at a discount. The level of accretion or discount would depend on various factors, including the proportion of our stockholders who participate in the plan, the level of premium or discount at which our shares are trading and the amount of the dividend payable to a stockholder.

There are no brokerage charges or other charges to stockholders who participate in the plan. The plan administrator's fees under the plan are paid by us. If a participant elects by written notice to the plan administrator to have the plan administrator sell part or all of the shares held by the plan administrator in the participant's account and remit the proceeds to the participant, the plan administrator is authorized to deduct a \$15 transaction fee plus a \$0.10 per share brokerage commissions from the proceeds.

Stockholders who receive dividends in the form of stock are subject to the same U.S. Federal, state and local tax consequences as are stockholders who elect to receive their dividends in cash. A stockholder's basis for determining gain or loss upon the sale of stock received in a dividend from us will be equal to the total dollar amount of the dividend payable to the stockholder. Any stock received in a dividend will have a new holding period for tax purposes commencing on the day following the day on which the shares are credited to the U.S. stockholder's account.

Participants may terminate their accounts under the plan by notifying the plan administrator via its website at www.amstock.com or by filling out the transaction request form located at the bottom of their statement and sending it to the plan administrator at American Stock Transfer & Trust Company, P.O. Box 922, Wall Street Station, New York, NY 10269-0560 or by calling the plan administrator's Interactive Voice Response System at (888) 888-0313.

The plan may be terminated by us upon notice in writing mailed to each participant at least 30 days prior to any payable date for the payment of any dividend by us. All correspondence concerning the plan should be directed to the plan administrator by mail at American Stock Transfer & Trust Company, 6201 15th Avenue, Brooklyn, NY 11219 or by telephone at (718) 921-8200.

Stockholders who purchased their shares through or hold their shares in the name of a broker or financial institution should consult with a representative of their broker or financial institution with respect to their participation in our dividend reinvestment plan. Such holders of our stock may not be identified as our registered stockholders with the plan administrator and may not automatically have their cash dividend reinvested in shares of our common stock by the administrator.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a general summary of the material U.S. federal income tax considerations applicable to us and to an investment in our shares. This summary does not purport to be a complete description of the income tax considerations applicable to us or our investors on such an investment. For example, we have not described tax consequences that we assume to be generally known by investors or certain considerations that may be relevant to certain types of holders subject to special treatment under U.S. federal income tax laws, including stockholders subject to the alternative minimum tax, tax-exempt organizations, insurance companies, dealers in securities, pension plans and trusts, financial institutions, U.S. Stockholders (as defined below) whose functional currency is not the U.S. dollar, persons who mark-to-market our shares and persons who hold our shares as part of a "straddle," "hedge" or

"conversion" transaction. This summary does not discuss any aspects of U.S. estate or gift tax or foreign, state or local tax. This summary assumes that investors hold our common stock as capital assets (within the meaning of the Code). This discussion is based upon the Code, Treasury regulations, and administrative and judicial interpretations thereof, each as of the date of this prospectus and all of which are subject to differing interpretation or change, possibly retroactively, which could affect the continuing validity of this discussion. We have not sought and will not seek any ruling from the Internal Revenue Service, or the IRS, regarding this offering. No assurance can be

Table of Contents

given that the IRS would not assert, or that a court would not sustain, a position contrary to the any of the tax aspects set forth below.

This summary does not discuss the consequences of an investment in shares of our preferred stock, debt securities, subscription rights to purchase our securities, warrants representing rights to purchase our securities or separately tradeable units combining two or more of our securities. The tax consequences of such an investment will be discussed in a relevant prospectus supplement.

A "U.S. Stockholder" is a beneficial owner of shares of our common stock that is for U.S. federal income tax purposes:

• a citizen or individual resident of the United States;

• a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States or any state thereof or the District of Columbia;

• an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
• a trust if (1) a U.S. court is able to exercise primary supervision over the administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in place to be treated as a U.S. person.

A "Non-U.S. Stockholder" is a beneficial owner of shares of our common stock that is not a partnership and is not a U.S. Stockholder.

If a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holds shares of our common stock, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. A prospective stockholder that is a partner of a partnership holding shares of our common stock should consult its tax advisors with respect to the purchase, ownership and disposition of shares of our common stock.

Tax matters are very complicated and the tax consequences to an investor of an investment in our shares will depend on the facts of his, her or its particular situation. We encourage investors to consult their own tax advisors regarding the specific consequences of such an investment, including tax reporting requirements, the applicability of U.S. federal, state, local and foreign tax laws, eligibility for the benefits of any applicable tax treaty and the effect of any possible changes in the tax laws.

Election To Be Taxed As A RIC

As a business development company, we have elected and intend to continue to qualify to be treated as a RIC under Subchapter M of the Code. As a RIC, we generally are not subject to corporate-level U.S. federal income taxes on any ordinary income or capital gains that we distribute to our stockholders as dividends. To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements (as described below). In addition, to obtain RIC tax treatment, we must distribute to our stockholders, for each taxable year, at least 90% of our "investment company taxable income," which is generally our ordinary income plus the excess of realized net short-term capital gains over realized net long-term capital losses (the Annual Distribution Requirement).

Taxation As A RIC

In order to qualify as a RIC for U.S. federal income tax purposes, we must, among other things:

- qualify to be treated as a business development company or be registered as a management investment company under the 1940 Act at all times during each taxable year;
- derive in each taxable year at least 90% of our gross income from dividends, interest, payments with respect to certain securities loans, gains from the sale or other disposition of stock or other securities or currencies or other income derived with respect to our business of investing in such stock, securities or currencies and net income derived from an interest in a "qualified publicly traded partnership" (as defined in the Code) (the 90% Income Test); and
- diversify our holdings so that at the end of each quarter of the taxable year:
 - at least 50% of the value of our assets consists of cash, cash equivalents, U.S. Government securities, securities of other RICs, and other securities if such other securities of any one issuer do not represent more than 5% of the value of our assets or more than 10% of the outstanding voting securities of the issuer (which for these purposes includes the equity securities of a "qualified publicly traded partnership"); and

no more than 25% of the value of our assets is invested in the securities, other than U.S. Government securities or securities of other RICs, (i) of one issuer, (ii) of two or more issuers that are controlled, as determined under applicable tax rules, by us and that are engaged in the same or similar or related trades or businesses or (iii) of one or more "qualified publicly traded partnerships."

To the extent that we invest in entities treated as partnerships for U.S. federal income tax purposes (other than a "qualified publicly traded partnership"), we generally must include the items of gross income derived by the partnerships for

Table of Contents

purposes of the 90% Income Test, and the income that is derived from a partnership (other than a "qualified publicly traded partnership") will be treated as qualifying income for purposes of the 90% Income Test only to the extent that such income is attributable to items of income of the partnership which would be qualifying income if realized by us directly. In addition, we generally must take into account our proportionate share of the assets held by partnerships (other than a "qualified publicly traded partnership") in which we are a partner for purposes of the asset diversification tests. If the partnership is a "qualified publicly traded partnership," the net income derived from such partnership will be qualifying income for purposes of the 90% Income Test, and interests in the partnership will be "securities" for purposes of the diversification tests. We intend to monitor our investments in equity securities of entities that are treated as partnerships for U.S. federal income tax purposes to prevent our disqualification as a RIC.

In order to meet the 90% Income Test, we may establish one or more special purpose corporations to hold assets from which we do not anticipate earning dividend, interest or other qualifying income under the 90% Income Test. Any such special purpose corporation would generally be subject to U.S. federal income tax, and could result in a reduced after-tax yield on the portion of our assets held by such corporation.

Provided that we qualify as a RIC and satisfy the Annual Distribution Requirement, we will not be subject to U.S. federal income tax on the portion of our investment company taxable income and net capital gain (which we define as net long-term capital gains in excess of net short-term capital losses) we timely distribute to stockholders. We will be subject to U.S. federal income tax at the regular corporate rates on any investment company taxable income and net capital gain not distributed (or deemed distributed) to our stockholders.

We will be subject to a 4% non-deductible U.S. federal excise tax on certain undistributed income unless we distribute during each calendar year an amount at least equal to the sum of (1) 98% of our ordinary income for the calendar year and (2) 98.2% of our capital gain net income for the one-year period ending October 31 in that calendar year and (3) any income realized, but not distributed, in preceding years. In addition, the minimum amounts that must be distributed in any year to avoid the excise tax will be increased or decreased to reflect any under-distribution or over-distribution, as the case may be, from the previous year.

We may be required to recognize taxable income in circumstances in which we do not receive cash. For example, if we hold debt obligations that are treated under applicable tax rules as having original issue discount, we must include in income each year a portion of the original issue discount that accrues over the life of the obligation, regardless of whether cash representing such income is received by us in the same taxable year. Because any original issue discount accrued will be included in our investment company taxable income for the year of accrual, we may be required to make a distribution to our stockholders in order to satisfy the Annual Distribution Requirement, even though we will not have received any corresponding cash amount.

Gain or loss realized by us from warrants acquired by us as well as any loss attributable to the lapse of such warrants generally will be treated as capital gain or loss. Such gain or loss generally will be long-term or short-term, depending on how long we held a particular warrant. As a RIC, we are not allowed to carry forward or carry back a net operating loss for purposes of computing our investment company taxable income in other taxable years.

Although we do not presently expect to do so, we are authorized to borrow funds and to sell assets in order to satisfy distribution requirements. However, under the 1940 Act, we are not permitted to make distributions to our stockholders while our debt obligations and other senior securities are outstanding unless certain "asset coverage" tests are met. Moreover, our ability to dispose of assets to meet our distribution requirements may be limited by (1) the illiquid nature of our portfolio and/or (2) other requirements relating to our status as a RIC, including the diversification tests. If we dispose of assets in order to meet the Annual Distribution Requirement or to avoid the excise tax, we may make such dispositions at times that, from an investment standpoint, are not advantageous. If we fail to satisfy the Annual Distribution Requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to "qualified dividend income" to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Code, corporate distributees would be eligible for the dividends-received deduction. To qualify again to be

taxed as a RIC in a subsequent year, we would be required to distribute to our stockholders our accumulated earnings and profits attributable to non-RIC years reduced by an interest charge on 50% of such earnings and profits payable by us as an additional tax. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have

Table of Contents

been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years.

Certain of our investment practices may be subject to special and complex U.S. federal income tax provisions that may, among other things, (i) disallow, suspend or otherwise limit the allowance of certain losses or deductions, (ii) convert lower taxed long-term capital gain and qualified dividend income into higher taxed short-term capital gain or ordinary income, (iii) convert an ordinary loss or a deduction into a capital loss (the deductibility of which is more limited), (iv) cause us to recognize income or gain without a corresponding receipt of cash, (v) adversely affect the time as to when a purchase or sale of stock or securities is deemed to occur, (vi) adversely alter the characterization of certain complex financial transactions, and (vii) produce income that will not be qualifying income for purposes of the 90% Income Test. We will monitor our transactions and may make certain tax elections in order to mitigate the effect of these provisions.

We may invest in preferred securities or other securities the U.S. federal income tax treatment of which may be unclear or may be subject to recharacterization by the IRS. To the extent the tax treatment of such securities or the income from such securities differs from the expected tax treatment, it could affect the timing or character of income recognized, requiring us to purchase or sell securities, or otherwise change our portfolio, in order to comply with the tax rules applicable to RICs under the Code.

Taxation Of U.S. Stockholders

Distributions by us generally are taxable to U.S. Stockholders as ordinary income or capital gains. Distributions of our "investment company taxable income" (which is, generally, our ordinary income plus realized net short-term capital gains in excess of realized net long-term capital losses) will be taxable as ordinary income to U.S. Stockholders to the extent of our current and accumulated earnings and profits, whether paid in cash or reinvested in additional common stock. Provided that certain holding period and other requirements are met, such distributions (if designated by us) may qualify (i) for the dividends received deduction available to corporations, but only to the extent that our income consists of dividend income from U.S. corporations and (ii) in the case of individual shareholders, as qualified dividend income eligible to be taxed at long-term capital gain rates to the extent that we receive qualified dividend income (generally, dividend income from taxable domestic corporations and certain qualified foreign corporations).

There can be no assurance as to what portion, if any, of our distributions will qualify for favorable treatment as qualified dividend income.

Distributions of our net capital gain (which is generally our realized net long-term capital gains in excess of realized net short-term capital losses) properly designated by us as "capital gain dividends" will be taxable to a U.S. Stockholder as long-term capital gains, regardless of the U.S. Stockholder's holding period for its common stock and regardless of whether paid in cash or reinvested in additional common stock. Distributions in excess of our current and accumulated earnings and profits first will reduce a U.S. Stockholder's adjusted tax basis in such stockholder's common stock and, after the adjusted basis is reduced to zero, will constitute capital gains to such U.S. Stockholder. Although we currently intend to distribute any long-term capital gains at least annually, we may in the future decide to retain some or all of our long-term capital gains, and designate the retained amount as a "deemed distribution." In that case, among other consequences, we will pay tax on the retained amount, each U.S. Stockholder will be required to include its proportionate share of the deemed distribution in income as if it had been actually distributed to the U.S.

Stockholder, and the U.S. Stockholder will be entitled to claim a credit equal to its allocable share of the tax paid thereon by us. The amount of the deemed distribution net of such tax will be added to the U.S. Stockholder's tax basis for its common stock. Since we expect to pay tax on any retained capital gains at our regular corporate tax rate, and since that rate is in excess of the maximum rate currently payable by individuals on long-term capital gains, the amount of tax that individual stockholders will be treated as having paid and for which they will receive a credit will exceed the tax they owe on the retained net capital gain. Such excess generally may be claimed as a credit against the U.S. Stockholder's other U.S. federal income tax obligations or may be refunded to the extent it exceeds such U.S. Stockholder's liability for U.S. federal income tax. A U.S. Stockholder that is not subject to U.S. federal income tax or otherwise required to file a U.S. federal income tax return would be required to file a U.S. federal income tax return on the appropriate form in order to claim a refund for the taxes we paid. In order to utilize the deemed distribution approach, we must provide written notice to our stockholders prior to the expiration of 60 days after the close of the

relevant taxable year. We cannot treat any of our investment company taxable income as a "deemed distribution."

For purposes of determining (1) whether the Annual Distribution Requirement is satisfied for any year and (2) the amount of capital gain dividends paid for that year, we may, under certain circumstances, elect to treat a dividend that is paid during the following taxable year as if it had been paid during the taxable year in question. If we make such an election, the U.S. Stockholder will still be treated as receiving the dividend in the taxable year in which the distribution is made. However, any dividend declared by us in October, November or December of any calendar year, payable to stockholders of record on a specified date in any such month and actually paid during January of the following year, will be treated as if it had been received by our U.S. Stockholders on December 31 of the year in which the dividend was declared.

Table of Contents

If a U.S. Stockholder purchases shares of our common stock shortly before the record date of a distribution, the price of the shares will include the value of the distribution and the investor will be subject to tax on the distribution even though it represents a return of its investment.

A U.S. Stockholder generally will recognize taxable gain or loss if such U.S. Stockholder sells or otherwise disposes of its shares of our common stock. Any gain or loss arising from such sale or taxable disposition generally will be treated as long-term capital gain or loss if the U.S. Stockholder has held its shares for more than one year. Otherwise, it would be classified as short-term capital gain or loss. However, any capital loss arising from the sale or taxable disposition of shares of our common stock held for six months or less will be treated as long-term capital loss to the extent of the amount of capital gain dividends received, or undistributed capital gain deemed received, with respect to such shares. In addition, all or a portion of any loss recognized upon a taxable disposition of shares of our common stock may be disallowed if other substantially identical shares are purchased (whether through reinvestment of distributions or otherwise) within 30 days before or after the disposition. Capital losses are deductible only to the extent of capital gains (subject to an exception for individuals under which a limited amount of capital losses may be offset against ordinary income).

In general, individual U.S. Stockholders currently are subject to a preferential rate on their net capital gain, or the excess of realized net long-term capital gain over realized net short-term capital loss for a taxable year, including long-term capital gain derived from an investment in our shares. Such rate is lower than the maximum rate on ordinary income currently payable by individuals. Corporate U.S. Stockholders currently are subject to U.S. federal income tax on net capital gain at ordinary income rates.

Certain U.S. Stockholders who are individuals, estates or trusts and whose income exceeds certain thresholds will be required to pay a 3.8% Medicare tax on all or a portion of their "net investment income," which includes dividends received from us and capital gains from the sale or other disposition of our stock.

We will send to each of our U.S. Stockholders, as promptly as possible after the end of each calendar year, a notice detailing, on a per share and per distribution basis, the amounts includible in such U.S. Stockholder's taxable income for such year as ordinary income and as long-term capital gain. In addition, the amount and the U.S. federal tax status of each year's distributions generally will be reported to the IRS. Distributions may also be subject to additional state, local and foreign taxes depending on a U.S. Stockholder's particular situation.

Payments of dividends, including deemed payments of constructive dividends, or the proceeds of the sale or other taxable disposition of our common stock generally are subject to information reporting unless the U.S. Stockholder is an exempt recipient. Such payments may also be subject to U.S. federal backup withholding at the applicable rate if the recipient of such payment fails to supply a taxpayer identification number and otherwise comply with the rules for establishing an exemption from backup withholding. Backup withholding is not an additional tax, and any amounts withheld under the backup withholding rules generally will be allowed as a refund or credit against the holder's U.S. federal income tax liability, provided that certain information is provided timely to the IRS.

Taxation Of Non-U.S. Stockholders

Whether an investment in our common stock is appropriate for a Non-U.S. Stockholder will depend upon that person's particular circumstances. An investment in our common stock by a Non-U.S. Stockholder may have adverse tax consequences. Non-U.S. Stockholders should consult their tax advisers before investing in our common stock.

Distributions of our investment company taxable income to Non-U.S. Stockholders that are not "effectively connected" with a U.S. trade or business conducted by the Non-U.S. Stockholder, will generally be subject to withholding of U.S. federal income tax at a rate of 30% (or lower applicable treaty rate) to the extent of our current and accumulated earnings and profits.

For our taxable years beginning before January 1, 2014 (and, if extended as has happened in the past, for taxable years covered by such extension), properly reported distributions to Non-U.S. Stockholders are generally exempt from U.S. federal withholding tax where they (i) are paid in respect of our "qualified net interest income" (generally, our

U.S.-source interest income, other than certain contingent interest and interest from obligations of a corporation or partnership in which we are at least a 10% shareholder, reduced by expenses that are allocable to such income) or (ii) are paid in respect of our "qualified short-term capital gains" (generally, the excess of our net short-term capital gain over our long-term capital loss for such taxable year). There can be no assurance as to whether this provision will

be extended. In addition, depending on our circumstances, we may report all, some or none of our potentially eligible dividends as such qualified net interest income or as qualified short-term capital gains, and/or treat such dividends, in whole or in part, as ineligible for this exemption from withholding. In order to qualify for this exemption from withholding, a Non-U.S. Stockholder needs to comply with applicable certification requirements relating to its non-U.S. status (including, in general, furnishing an IRS Form W-8BEN or substitute Form). In the case of shares held through an intermediary, the intermediary may withhold even if we report the payment as qualified net interest income or qualified short-term capital gain. Non-U.S. Stockholders should contact their intermediaries

Table of Contents

with respect to the application of these rules to their accounts. There can be no assurance as to what portion of our distributions will qualify for favorable treatment as qualified net interest income or qualified short-term capital gains. Actual or deemed distributions of our net capital gain to a Non-U.S. Stockholder, and gains recognized by a Non-U.S.

Stockholder upon the sale of our common stock, that are not effectively connected with a U.S. trade or business conducted by the Non-U.S. Stockholder will generally not be subject to U.S. federal withholding tax and generally will not be subject to U.S. federal income tax unless the Non-U.S. Stockholder is a nonresident alien individual and is physically present in the U.S. for 183 or more days during the taxable year and meets certain other requirements.

Distributions of our investment company taxable income and net capital gain (including deemed distributions) to Non-U.S. Stockholders, and gains recognized by Non-U.S. Stockholders upon the sale of our common stock, that are effectively connected with a U.S. trade or business conducted by the Non-U.S. Stockholder will be subject to U.S. federal income tax at the graduated rates applicable to U.S. citizens, residents and domestic corporations. In addition, if such Non-U.S. Stockholder is a foreign corporation, it may also be subject to a 30% (or lower applicable treaty rate) branch profits tax on its effectively connected earnings and profits for the taxable year, subject to adjustments, if its investment in our common stock is effectively connected with its conduct of a U.S. trade or business.

If we distribute our net capital gain in the form of deemed rather than actual distributions (which we may do in the future), a Non-U.S. Stockholder will be entitled to a U.S. federal income tax credit or tax refund equal to the stockholder's allocable share of the tax we pay on the capital gains deemed to have been distributed. In order to obtain the refund, the Non-U.S. Stockholder must obtain a U.S. taxpayer identification number and file a U.S. federal income tax return even if the Non-U.S. Stockholder would not otherwise be required to obtain a U.S. taxpayer identification number or file a U.S. federal income tax return.

In addition, after June 30, 2014, withholding at a rate of 30% will be required on dividends in respect of, and after December 31, 2016, withholding at a rate of 30% will be required on gross proceeds from the sale of, shares of our stock held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Secretary of the Treasury to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution to the extent such interests or accounts are held by certain U.S. persons or by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments. Accordingly, the entity through which our shares are held will affect the determination of whether such withholding is required. An intergovernmental agreement between the United States and an applicable foreign country, or future Treasury regulations or other guidance, may modify these requirements. Similarly, dividends in respect of, and gross proceeds from the sale of, our shares held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exemptions will be subject to withholding at a rate of 30%, unless such entity either

(i) certifies to us that such entity does not have any "substantial United States owners" or (ii) provides certain information regarding the entity's "substantial United States owners," which we will in turn provide to the Internal Revenue Service. We will not pay any additional amounts to stockholders in respect of any amounts withheld.

Non-U.S. Stockholders are encouraged to consult their tax advisors regarding the possible implications of the legislation on their investment in our shares.

A Non-U.S. Stockholder generally will be required to comply with certain certification procedures to establish that such holder is not a U.S. person in order to avoid backup withholding with respect to payments of dividends, including deemed payments of constructive dividends, or the proceeds of a disposition of our common stock. In addition, we are required to annually report to the IRS and each Non-U.S. Stockholder the amount of any dividends or constructive dividends treated as paid to such Non-U.S. Stockholder, regardless of whether any tax was actually withheld. Copies of the information returns reporting such dividend or constructive dividend payments and the amount withheld may also be made available to the tax authorities in the country in which a Non-U.S. Stockholder resides under the provisions of an applicable income tax treaty. Backup withholding is not an additional tax, and any amounts withheld under the backup withholding rules generally will be allowed as a refund or credit against a Non-U.S. Stockholder's U.S. federal income tax liability, if any, provided that certain required information is provided timely to the IRS.

Non-U.S. persons should consult their tax advisors with respect to the U.S. federal income tax and withholding tax, and state, local and foreign tax consequences of an investment in our common stock.

Failure To Obtain RIC Tax Treatment

If we were unable to obtain tax treatment as a RIC, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct distributions to stockholders, nor would they be required to be made.

Distributions would generally be taxable to our stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to qualified dividend income to the extent of our current and accumulated earnings and profits. Subject to certain limitations under the Code, corporate distributees would be eligible for the dividends-received deduction.

Table of Contents

Distributions in excess of our current and accumulated earnings and profits would be treated first as a return of capital to the extent of the stockholder's tax basis, and any remaining distributions would be treated as a capital gain. The discussion set forth herein does not constitute tax advice, and potential investors should consult their own tax advisors concerning the tax considerations relevant to their particular situation.

Table of Contents

DESCRIPTION OF OUR CAPITAL STOCK

The following description is based on relevant portions of the Maryland General Corporation Law and on our charter and bylaws. This summary is not necessarily complete, and we refer you to the Maryland General Corporation Law and our charter and bylaws for a more detailed description of the provisions summarized below.

Capital Stock

Our authorized capital stock consists of 500,000,000 shares of stock, par value \$0.001 per share, all of which is initially classified as common stock. Our common stock is traded on The NASDAQ Global Select Market under the symbol "PSEC." There are no outstanding options or warrants to purchase our stock. No stock has been authorized for issuance under any equity compensation plans. Under Maryland law, our stockholders generally are not personally liable for our debts or obligations.

Under our charter, our Board of Directors is authorized to classify and reclassify any unissued shares of stock into other classes or series of stock, and to authorize the issuance of such shares, without obtaining stockholder approval.

Our Board of Directors will only take such actions in accordance with Section 18 as modified by Section 61 of the 1940 Act. The 1940 Act limits business development companies to only one class or series of common stock and only one class of preferred stock. As permitted by the Maryland General Corporation Law, our charter provides that the Board of Directors, without any action by our stockholders, may amend the charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we have authority to issue.

The below table sets forth each class of our outstanding securities as of October 10, 2013 including shares sold with settlement dates through October 16, 2013:

(1) Title of Class	(2) Amount Authorized	(3) Amount Held by the Company or for its Account	(4) Amount Outstanding Exclusive of Amount Shown Under (3)
Common Stock	500,000,000	—	276,844,568

Common Stock

All shares of our common stock have equal rights as to earnings, assets, dividends and voting and, when they are issued, will be duly authorized, validly issued, fully paid and nonassessable. Distributions may be paid to the holders of our common stock if, as and when authorized by our Board of Directors and declared by us out of funds legally available therefor. Shares of our common stock have no preemptive, conversion or redemption rights and are freely transferable, except where their transfer is restricted by U.S. Federal and state securities laws or by contract. In the event of a liquidation, dissolution or winding up of us, each share of our common stock would be entitled to share ratably in all of our assets that are legally available for distribution after we pay all debts and other liabilities and subject to any preferential rights of holders of our preferred stock, if any preferred stock is outstanding at such time. Each share of our common stock is entitled to one vote on all matters submitted to a vote of stockholders, including the election of directors. Except as provided with respect to any other class or series of stock, the holders of our common stock will possess exclusive voting power. There is no cumulative voting in the election of directors, which means that prior to the issuance of preferred stock holders of a majority of the outstanding shares of common stock will elect all of our directors, and holders of less than a majority of such shares will be unable to elect any director.

Preferred Stock

Our charter authorizes our Board of Directors to classify and reclassify any unissued shares of stock into other classes or series of stock, including preferred stock. Prior to issuance of shares of each class or series, the Board of Directors is required by Maryland law and by our charter to set the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, the Board of Directors could authorize the issuance of shares of preferred stock with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of our common stock or otherwise be in their best interest. You should note, however, that any issuance of preferred stock must comply with the requirements of the 1940 Act. The 1940 Act requires, among other things, that (1) immediately after issuance and before any dividend or other distribution (other

than in shares of stock) is made with respect to our common stock and before any purchase of common stock is made, such preferred stock together with all other senior securities must not exceed an amount equal to 50% of our total assets after deducting the amount of such dividend, distribution or purchase price, as the case may be, and (2) the holders of shares of preferred stock, if any are issued, must be entitled as a class to elect two directors at all times and to elect a majority of the directors if dividends on such preferred stock become in arrears by two years or more until all arrears are cured. Certain matters under the 1940 Act require the separate vote of the holders of any issued and outstanding preferred stock. For example, holders of preferred stock would vote separately from the holders of common stock on a proposal

Table of Contents

to operate other than as an investment company. We believe that the availability for issuance of preferred stock will provide us with increased flexibility in structuring future financings and acquisitions.

Limitation On Liability Of Directors And Officers; Indemnification And Advance Of Expenses

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty established by a final judgment as being material to the cause of action. Our charter contains such a provision which eliminates directors' and officers' liability to the maximum extent permitted by Maryland law, subject to the requirements of the 1940 Act.

Our charter authorizes us, to the maximum extent permitted by Maryland law and subject to the requirements of the 1940 Act, to obligate ourselves to indemnify any present or former director or officer or any individual who, while serving as a director or officer and at our request, serves or has served another corporation, real estate investment trust, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee, from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in any such capacity and to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. Our bylaws obligate us, to the maximum extent permitted by Maryland law and subject to the requirements of the 1940 Act, to indemnify any present or former director or officer or any individual who, while serving as a director or officer and at our request, serves or has served another corporation, real estate investment trust, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner, manager, member or trustee and who is made, or threatened to be made, a party to the proceeding by reason of his or her service in any such capacity from and against any claim or liability to which that person may become subject or which that person may incur by reason of his or her service in any such capacity and to pay or reimburse their reasonable expenses in advance of final disposition of a proceeding. The charter and bylaws also permit us to indemnify and advance expenses to any person who served a predecessor of us in any of the capacities described above and any of our employees or agents or any employees or agents of our predecessor. In accordance with the 1940 Act, we will not indemnify any person for any liability to which such person would be subject by reason of such person's willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office.

Maryland law requires a corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service in that capacity. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made, or threatened to be made, a party by reason of their service in those or other capacities unless it is established that (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (1) was committed in bad faith or (2) was the result of active and deliberate dishonesty, (b) the director or officer actually received an improper personal benefit in money, property or services or (c) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. However, under Maryland law, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that a personal benefit was improperly received, unless in either case a court orders indemnification, and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

Our insurance policy does not currently provide coverage for claims, liabilities and expenses that may arise out of activities that a present or former director or officer of us has performed for another entity at our request. There is no assurance that such entities will in fact carry such insurance. However, we note that we do not expect to request our

present or former directors or officers to serve another entity as a director, officer, partner or trustee unless we can obtain insurance providing coverage for such persons for any claims, liabilities or expenses that may arise out of their activities while serving in such capacities.

Provisions Of The Maryland General Corporation Law And Our Charter And Bylaws
Anti-takeover Effect

The Maryland General Corporation Law and our charter and bylaws contain provisions that could make it more difficult for a potential acquiror to acquire us by means of a tender offer, proxy contest or otherwise. These provisions are expected to discourage certain coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of us to negotiate first with our Board of Directors. These provisions could have the effect of depriving stockholders of

Table of Contents

an opportunity to sell their shares at a premium over prevailing market prices by discouraging a third party from seeking to obtain control of us. We believe that the benefits of these provisions outweigh the potential disadvantages of discouraging any such acquisition proposals because, among other things, the negotiation of such proposals may improve their terms.

Control Share Acquisitions

The Maryland General Corporation Law under the Control Share Act provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by the affirmative vote of holders of two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by directors who are employees of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock which, if aggregated with all other shares of stock owned by the acquiror or in respect of which the acquiror is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

- one-tenth or more but less than one-third,
- one-third or more but less than a majority, or
- a majority or more of all voting power.

The requisite stockholder approval must be obtained each time an acquiror crosses one of the thresholds of voting power set forth above. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the Board of Directors of the corporation to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including an undertaking to pay the expenses of the meeting. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the corporation may redeem for fair value any or all of the control shares, except those for which voting rights have previously been approved. The right of the corporation to redeem control shares is subject to certain conditions and limitations, including, as provided in our bylaws, compliance with the 1940 Act. Fair value is determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquiror or of any meeting of stockholders at which the voting rights of the shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The Control Share Act does not apply (a) to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (b) to acquisitions approved or exempted by the charter or bylaws of the corporation.

Our bylaws contain a provision exempting from the Control Share Act any and all acquisitions by any person of our shares of stock. There can be no assurance that such provision will not be amended or eliminated at any time in the future. However, we will notify the Division of Investment Management at the SEC prior to amending our bylaws to be subject to the Control Share Act and will make such amendment only if the Board of Directors determines that it would be in our best interests.

Business Combinations

Under Maryland law, "business combinations" between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, share exchange or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined as:

any person who beneficially owns 10% or more of the voting power of the corporation's shares; or an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then outstanding voting stock of the corporation.

A person is not an interested stockholder under this statute if the Board of Directors approved in advance the transaction by which he otherwise would have become an interested stockholder. However, in approving a transaction, the Board of

Table of Contents

Directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the Board of Directors.

After the five-year prohibition, any such business combination must be recommended by the Board of Directors of the corporation and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

The statute provides various exemptions from its provisions, including for business combinations that are exempted by the Board of Directors before the time that the interested stockholder becomes an interested stockholder. Our

Board of Directors has adopted a resolution that any business combination between us and any other person is exempted from the provisions of the Business Combination Act, provided that the business combination is first approved by the Board of Directors, including a majority of the directors who are not interested persons as defined in the 1940 Act. This resolution, however, may be altered or repealed in whole or in part at any time. If this resolution is repealed, or the Board of Directors does not otherwise approve a business combination, the statute may discourage others from trying to acquire control of us and increase the difficulty of consummating any offer.

Conflicts with 1940 Act

Our bylaws provide that, if and to the extent that any provision of the Maryland General Corporation Law, including the Control Share Act (if we amend our bylaws to be subject to such Act) and the Business Combination Act, or any provision of our charter or bylaws conflicts with any provision of the 1940 Act, the applicable provision of the 1940 Act will control.

Classified Board of Directors

Our Board of Directors is divided into three classes of directors serving staggered three-year terms. The current terms of the first, second and third classes will expire at the annual meeting of stockholders held in 2014, 2015 and 2013 respectively, and in each case, until their successors are duly elected and qualify. Each year one class of directors will be elected to the Board of Directors by the stockholders to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election. Each director holds office for the term to which he or she is elected and until his or her successor is duly elected and qualifies. A classified board may render a change in control of us or removal of our incumbent management more difficult. We believe, however, that the longer time required to elect a majority of a classified Board of Directors will help to ensure the continuity and stability of our management and policies.

Election of Directors

Our charter and bylaws provide that the affirmative vote of the holders of a majority of the outstanding shares of stock entitled to vote in the election of directors will be required to elect a director. Under the charter, our Board of Directors may amend the bylaws to alter the vote required to elect directors.

Number of Directors; Vacancies; Removal

Our charter provides that the number of directors will be set only by the Board of Directors in accordance with our bylaws. Our bylaws provide that a majority of our entire Board of Directors may at any time increase or decrease the number of directors. However, unless our bylaws are amended, the number of directors may never be less than three nor more than eight. Our charter provides that, at such time as we are eligible to make the election provided for under Section 3-802(b) of the Maryland General Corporation Law, we elect to be subject to the provision of Subtitle 8 of Title 3 of the Maryland General Corporation Law regarding the filling of vacancies on the Board of Directors.

Accordingly, except as may be provided by the Board of Directors in setting the terms of any class or series of preferred stock, any and all vacancies on the Board of Directors may be filled only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any director elected to fill a vacancy will serve for the remainder of the full term of the directorship in which the vacancy

occurred and until a successor is elected and qualifies, subject to any applicable requirements of the 1940 Act. Our charter provides that a director may be removed only for cause, as defined in our charter, and then only by the affirmative vote of at least two-thirds of the votes entitled to be cast in the election of directors.

Table of Contents

Action by Stockholders

The Maryland General Corporation Law provides that stockholder action can be taken only at an annual or special meeting of stockholders or (unless the charter provides for stockholder action by less than unanimous written consent, which our charter does not) by unanimous written consent in lieu of a meeting. These provisions, combined with the requirements of our bylaws regarding the calling of a stockholder-requested special meeting of stockholders discussed below, may have the effect of delaying consideration of a stockholder proposal until the next annual meeting.

Advance Notice Provisions for Stockholder Nominations and Stockholder Proposals

Our bylaws provide that with respect to an annual meeting of stockholders, nominations of persons for election to the Board of Directors and the proposal of business to be considered by stockholders may be made only (1) pursuant to our notice of the meeting, (2) by or at the direction of the Board of Directors or (3) by a stockholder who was a stockholder of record both at the time of provision of notice and at the annual meeting, who is entitled to vote at the meeting and who has complied with the advance notice procedures of the bylaws. With respect to special meetings of stockholders, only the business specified in our notice of the meeting may be brought before the meeting.

Nominations of persons for election to the Board of Directors at a special meeting may be made only (1) by or at the direction of the Board of Directors or (2) provided that the Board of Directors has determined that directors will be elected at the meeting, by a stockholder who was a stockholder of record both at the time of provision of notice and at the special meeting, who is entitled to vote at the meeting and who has complied with the advance notice provisions of the bylaws.

The purpose of requiring stockholders to give us advance notice of nominations and other business is to afford our Board of Directors a meaningful opportunity to consider the qualifications of the proposed nominees and the advisability of any other proposed business and, to the extent deemed necessary or desirable by our Board of Directors, to inform stockholders and make recommendations about such qualifications or business, as well as to provide a more orderly procedure for conducting meetings of stockholders. Although our bylaws do not give our Board of Directors any power to disapprove stockholder nominations for the election of directors or proposals recommending certain action, they may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our stockholders.

Calling of Special Meetings of Stockholders

Our bylaws provide that special meetings of stockholders may be called by our Board of Directors and certain of our officers. Additionally, our bylaws provide that, subject to the satisfaction of certain procedural and informational requirements by the stockholders requesting the meeting, a special meeting of stockholders will be called by the secretary of the corporation upon the written request of stockholders entitled to cast not less than a majority of all the votes entitled to be cast at such meeting.

Approval of Extraordinary Corporate Action; Amendment of Charter and Bylaws

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business, unless approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Our charter generally provides for approval of charter amendments and extraordinary transactions by the stockholders entitled to cast at least a majority of the votes entitled to be cast on the matter.

Our charter also provides that certain charter amendments and any proposal for our conversion, whether by merger or otherwise, from a closed-end company to an open-end company or any proposal for our liquidation or dissolution requires the approval of the stockholders entitled to cast at least 80 percent of the votes entitled to be cast on such matter. However, if such amendment or proposal is approved by at least two-thirds of our continuing directors (in addition to approval by our Board of Directors), such amendment or proposal may be approved by a majority of the votes entitled to be cast on such a matter. The "continuing directors" are defined in our charter as our current directors

as well as those directors whose nomination for election by the stockholders or whose election by the directors to fill vacancies is approved by a majority of the continuing directors then on the Board of Directors.

Our charter and bylaws provide that the Board of Directors will have the exclusive power to make, alter, amend or repeal any provision of our bylaws.

Table of Contents

No Appraisal Rights

Except with respect to appraisal rights arising in connection with the Control Share Act discussed above, as permitted by the Maryland General Corporation Law, our charter provides that stockholders will not be entitled to exercise appraisal rights.

DESCRIPTION OF OUR PREFERRED STOCK

In addition to shares of common stock, our charter authorizes the issuance of preferred stock. If we offer preferred stock under this prospectus, we will issue an appropriate prospectus supplement. We may issue preferred stock from time to time in one or more series, without stockholder approval. Our Board of Directors is authorized to fix for any series of preferred stock the number of shares of such series and the designation, relative powers, preferences and rights, and the qualifications, limitations or restrictions of such series; except that, such an issuance must adhere to the requirements of the 1940 Act, Maryland law and any other limitations imposed by law.

The 1940 Act requires, among other things, that (1) immediately after issuance and before any distribution is made with respect to common stock, the liquidation preference of the preferred stock, together with all other senior securities, must not exceed an amount equal to 50% of our total assets (taking into account such distribution) and (2) the holders of shares of preferred stock, if any are issued, must be entitled as a class to elect two directors at all times and to elect a majority of the directors if dividends on the preferred stock are in arrears by two years or more.

For any series of preferred stock that we may issue, our Board of Directors will determine and the prospectus supplement relating to such series will describe:

- the designation and number of shares of such series;

• the rate and time at which, and the preferences and conditions under which, any dividends will be paid on shares of such series, the cumulative nature of such dividends and whether such dividends have any participating feature;

• any provisions relating to convertibility or exchangeability of the shares of such series;

• the rights and preferences, if any, of holders of shares of such series upon our liquidation, dissolution or winding up of our affairs;

• the voting powers of the holders of shares of such series;

• any provisions relating to the redemption of the shares of such series;

• any limitations on our ability to pay dividends or make distributions on, or acquire or redeem, other securities while shares of such series are outstanding;

• any conditions or restrictions on our ability to issue additional shares of such series or other securities;

• if applicable, a discussion of certain U.S. Federal income tax considerations; and

• any other relative power, preferences and participating, optional or special rights of shares of such series, and the qualifications, limitations or restrictions thereof.

All shares of preferred stock that we may issue will be identical and of equal rank except as to the particular terms thereof that may be fixed by our Board of Directors, and all shares of each series of preferred stock will be identical and of equal rank except as to the dates from which cumulative dividends thereon will be cumulative.

DESCRIPTION OF OUR DEBT SECURITIES

We currently have the Notes outstanding. However, we may issue additional debt securities in one or more series in the future which, if publicly offered, will be under an indenture to be entered into between us and a trustee. The specific terms of each series of debt securities we publicly offer will be described in the particular prospectus supplement relating to that series. The prospectus supplement may or may not modify the general terms found in this prospectus and will be filed with the SEC. For a complete description of the terms of a particular series of debt securities, you should read both this prospectus and the prospectus supplement relating to that particular series. The description below is a summary with respect to future debt securities we may issue and not a summary of the Notes.

Please see "Business—General—Notes" for a description of the Notes.

As required by federal law for all bonds and notes of companies that are publicly offered, the debt securities are governed by a document called an "indenture." On March 9, 2012, we entered into an Agreement of Resignation, Appointment and Acceptance (the "Agreement") with American Stock Transfer & Trust Company, LLC (the

"Retiring Trustee") and U.S. Bank National Association (the "trustee"). Under the Agreement, we formally accepted the resignation of the Retiring Trustee and appointed the trustee under the Indenture, dated as of February 16, 2012 (the "indenture"), by and between us and the Retiring Trustee, as supplemented by the First Supplemental Indenture, dated as of March 1, 2012, by and between us and the Retiring

Table of Contents

Trustee, as further supplemented by the Second Supplemental Indenture, dated as of March 8, 2012, by and between us and the Retiring Trustee, and as further supplemented by the Joinder Supplemental Indenture, dated as of March 8, 2012, by and among us, the Retiring Trustee and the trustee. We accepted the resignation of the Retiring Trustee and appointed the trustee in order to take advantage of a more efficient money market based system of settling issuances of notes issued pursuant to the indenture not available through the Retiring Trustee. The indenture is subject to and governed by the Trust Indenture Act of 1939, as amended. The trustee has two main roles. First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, described in the second paragraph under "Events of Default—Remedies if an Event of Default Occurs." Second, the trustee performs certain administrative duties for us.

Because this section is a summary, it does not describe every aspect of the debt securities and the indenture. We urge you to read the indenture because it, and not this description, defines your rights as a holder of debt securities. For example, in this section, we use capitalized words to signify terms that are specifically defined in the indenture. Some of the definitions are repeated in this prospectus, but for the rest you will need to read the indenture. We have filed the form of the indenture with the SEC. See "Available Information" for information on how to obtain a copy of the indenture.

The prospectus supplement, which will accompany this prospectus, will describe the particular series of debt securities being offered by including:

- the designation or title of the series of debt securities;
- the total principal amount of the series of debt securities;
- the percentage of the principal amount at which the series of debt securities will be offered;
- the date or dates on which principal will be payable;

the rate or rates (which may be either fixed or variable) and/or the method of determining such rate or rates of interest, if any;

the date or dates from which any interest will accrue, or the method of determining such date or dates, and the date or dates on which any interest will be payable;

- the terms for redemption, extension or early repayment, if any;
- the currencies in which the series of debt securities are issued and payable;

whether the amount of payments of principal, premium or interest, if any, on a series of debt securities will be determined with reference to an index, formula or other method (which could be based on one or more currencies, commodities, equity indices or other indices) and how these amounts will be determined;

the place or places, if any, other than or in addition to The City of New York, of payment, transfer, conversion and/or exchange of the debt securities;

- the denominations in which the offered debt securities will be issued;
- the provision for any sinking fund;
- any restrictive covenants;
- any events of default;

- whether the series of debt securities are issuable in certificated form;
- any provisions for defeasance or covenant defeasance;

any special federal income tax implications, including, if applicable, federal income tax considerations relating to original issue discount;

whether and under what circumstances we will pay additional amounts in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities rather than pay the additional amounts (and the terms of this option);

- any provisions for convertibility or exchangeability of the debt securities into or for any other securities;
- whether the debt securities are subject to subordination and the terms of such subordination;
- the listing, if any, on a securities exchange; and
- any other terms.

The debt securities may be secured or unsecured obligations. Under the provisions of the 1940 Act, we are permitted, as a BDC, to issue debt only in amounts such that our asset coverage, as defined in the 1940 Act, equals at least 200%

after each issuance of debt. Unless the prospectus supplement states otherwise, principal (and premium, if any) and interest, if any, will be paid by us in immediately available funds.

General

The indenture provides that any debt securities proposed to be sold under this prospectus and the attached prospectus supplement ("offered debt securities") and any debt securities issuable upon the exercise of warrants or upon conversion or exchange of other offered securities ("underlying debt securities"), may be issued under the indenture in one or more series.

Table of Contents

For purposes of this prospectus, any reference to the payment of principal of or premium or interest, if any, on debt securities will include additional amounts if required by the terms of the debt securities.

The indenture limits the amount of debt securities that may be issued thereunder from time to time. Debt securities issued under the indenture, when a single trustee is acting for all debt securities issued under the indenture, are called the "indenture securities." The indenture also provides that there may be more than one trustee thereunder, each with respect to one or more different series of indenture securities. See "Resignation of Trustee" below. At a time when two or more trustees are acting under the indenture, each with respect to only certain series, the term "indenture securities" means the one or more series of debt securities with respect to which each respective trustee is acting. In the event that there is more than one trustee under the indenture, the powers and trust obligations of each trustee described in this prospectus will extend only to the one or more series of indenture securities for which it is trustee. If two or more trustees are acting under the indenture, then the indenture securities for which each trustee is acting would be treated as if issued under separate indentures.

The indenture does not contain any provisions that give you protection in the event we issue a large amount of debt.

We refer you to the prospectus supplement for information with respect to any deletions from, modifications of or additions to the Events of Default or our covenants that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

We have the ability to issue indenture securities with terms different from those of indenture securities previously issued and, without the consent of the holders thereof, to reopen a previous issue of a series of indenture securities and issue additional indenture securities of that series unless the reopening was restricted when that series was created.

Conversion and Exchange

If any debt securities are convertible into or exchangeable for other securities, the prospectus supplement will explain the terms and conditions of the conversion or exchange, including the conversion price or exchange ratio (or the calculation method), the conversion or exchange period (or how the period will be determined), if conversion or exchange will be mandatory or at the option of the holder or us, provisions for adjusting the conversion price or the exchange ratio and provisions affecting conversion or exchange in the event of the redemption of the underlying debt securities. These terms may also include provisions under which the number or amount of other securities to be received by the holders of the debt securities upon conversion or exchange would be calculated according to the market price of the other securities as of a time stated in the prospectus supplement.

Issuance of Securities in Registered Form

We may issue the debt securities in registered form, in which case we may issue them either in book-entry form only or in "certificated" form. Debt securities issued in book-entry form will be represented by global securities. We expect that we will usually issue debt securities in book-entry only form represented by global securities.

We also will have the option of issuing debt securities in non-registered form as bearer securities if we issue the securities outside the United States to non-U.S. persons. In that case, the prospectus supplement will set forth the mechanics for holding the bearer securities, including the procedures for receiving payments, for exchanging the bearer securities, including the procedures for receiving payments, for exchanging the bearer securities for registered securities of the same series, and for receiving notices. The prospectus supplement will also describe the requirements with respect to our maintenance of offices or agencies outside the United States and the applicable U.S. federal tax law requirements.

Book-Entry Holders

We will issue registered debt securities in book-entry form only, unless we specify otherwise in the applicable prospectus supplement. This means debt securities will be represented by one or more global securities registered in the name of a depository that will hold them on behalf of financial institutions that participate in the depository's book-entry system. These participating institutions, in turn, hold beneficial interests in the debt securities held by the depository or its nominee. These institutions may hold these interests on behalf of themselves or customers.

Under the indenture, only the person in whose name a debt security is registered is recognized as the holder of that debt security. Consequently, for debt securities issued in book-entry form, we will recognize only the depository as the holder of the debt securities and we will make all payments on the debt securities to the depository. The depository will then pass along the payments it receives to its participants, which in turn will pass the payments along to their

customers who are the beneficial owners. The depositary and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the debt securities.

Table of Contents

As a result, investors will not own debt securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository's book-entry system or holds an interest through a participant. As long as the debt securities are represented by one or more global securities, investors will be indirect holders, and not holders, of the debt securities.

Street Name Holders

In the future, we may issue debt securities in certificated form or terminate a global security. In these cases, investors may choose to hold their debt securities in their own names or in "street name." Debt securities held in street name are registered in the name of a bank, broker or other financial institution chosen by the investor, and the investor would hold a beneficial interest in those debt securities through the account he or she maintains at that institution.

For debt securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the debt securities are registered as the holders of those debt securities and we will make all payments on those debt securities to them. These institutions will pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold debt securities in street name will be indirect holders, and not holders, of the debt securities.

Legal Holders

Our obligations, as well as the obligations of the applicable trustee and those of any third parties employed by us or the applicable trustee, run only to the legal holders of the debt securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a debt security or has no choice because we are issuing the debt securities only in book-entry form.

For example, once we make a payment or give a notice to the holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with depository participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, if we want to obtain the approval of the holders for any purpose (for example, to amend an indenture or to relieve us of the consequences of a default or of our obligation to comply with a particular provision of an indenture), we would seek the approval only from the holders, and not the indirect holders, of the debt securities. Whether and how the holders contact the indirect holders is up to the holders.

When we refer to you, we mean those who invest in the debt securities being offered by this prospectus, whether they are the holders or only indirect holders of those debt securities. When we refer to your debt securities, we mean the debt securities in which you hold a direct or indirect interest.

Special Considerations for Indirect Holders

If you hold debt securities through a bank, broker or other financial institution, either in book-entry form or in street name, we urge you to check with that institution to find out:

- how it handles securities payments and notices,
- whether it imposes fees or charges,
- how it would handle a request for the holders' consent, if ever required,
- whether and how you can instruct it to send you debt securities registered in your own name so you can be a holder, if that is permitted in the future for a particular series of debt securities,
- how it would exercise rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests, and
- if the debt securities are in book-entry form, how the depository's rules and procedures will affect these matters.

Global Securities

As noted above, we usually will issue debt securities as registered securities in book-entry form only. A global security represents one or any other number of individual debt securities. Generally, all debt securities represented by the same global securities will have the same terms.

Each debt security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution or its nominee that we select. The financial institution that we select for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository

Trust Company, New York, New York, known as DTC, will be the depositary for all debt securities issued in book-entry form.

Table of Contents

A global security may not be transferred to or registered in the name of anyone other than the depositary or its nominee, unless special termination situations arise. We describe those situations below under "Special Situations when a Global Security Will Be Terminated". As a result of these arrangements, the depositary, or its nominee, will be the sole registered owner and holder of all debt securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depositary or with another institution that has an account with the depositary. Thus, an investor whose security is represented by a global security will not be a holder of the debt security, but only an indirect holder of a beneficial interest in the global security.

Special Considerations for Global Securities

As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depositary, as well as general laws relating to securities transfers. The depositary that holds the global security will be considered the holder of the debt securities represented by the global security.

If debt securities are issued only in the form of a global security, an investor should be aware of the following: An investor cannot cause the debt securities to be registered in his or her name, and cannot obtain certificates for his or her interest in the debt securities, except in the special situations we describe below.

An investor will be an indirect holder and must look to his or her own bank or broker for payments on the debt securities and protection of his or her legal rights relating to the debt securities, as we describe under "Issuance of Securities in Registered Form" above.

An investor may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own their securities in non-book-entry form.

An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the debt securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective.

The depositary's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. We and the trustee have no responsibility for any aspect of the depositary's actions or for its records of ownership interests in a global security. We and the trustee also do not supervise the depositary in any way.

If we redeem less than all the debt securities of a particular series being redeemed, DTC's practice is to determine by lot the amount to be redeemed from each of its participants holding that series.

- An investor is required to give notice of exercise of any option to elect repayment of its debt securities, through its participant, to the applicable trustee and to deliver the related debt securities by causing its participant to transfer its interest in those debt securities, on DTC's records, to the applicable trustee.
- DTC requires that those who purchase and sell interests in a global security deposited in its book-entry system use immediately available funds. Your broker or bank may also require you to use immediately available funds when purchasing or selling interests in a global security.

Financial institutions that participate in the depositary's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the debt securities. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

Special Situations when a Global Security will be Terminated

In a few special situations described below, a global security will be terminated and interests in it will be exchanged for certificates in non-book-entry form (certificated securities). After that exchange, the choice of whether to hold the certificated debt securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in a global security transferred on termination to their own names, so that they will be holders. We have described the rights of legal holders and street name investors under "Issuance of Securities in Registered Form" above.

The special situations for termination of a global security are as follows:

- if the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for that global security, and we do not appoint another institution to act as depositary within 60 days,
 - if we notify the trustee that we wish to terminate that global security, or
- if an event of default has occurred with regard to the debt securities represented by that global security and has not been cured or waived; we discuss defaults later under "Events of Default."

Table of Contents

The prospectus supplement may list situations for terminating a global security that would apply only to the particular series of debt securities covered by the prospectus supplement. If a global security is terminated, only the depositary, and not we or the applicable trustee, is responsible for deciding the names of the institutions in whose names the debt securities represented by the global security will be registered and, therefore, who will be the holders of those debt securities.

Payment and Paying Agents

We will pay interest to the person listed in the applicable trustee's records as the owner of the debt security at the close of business on a particular day in advance of each due date for interest, even if that person no longer owns the debt security on the interest due date. That day, usually about two weeks in advance of the interest due date, is called the "record date." Because we will pay all the interest for an interest period to the holders on the record date, holders buying and selling debt securities must work out between themselves the appropriate purchase price. The most common manner is to adjust the sales price of the debt securities to prorate interest fairly between buyer and seller based on their respective ownership periods within the particular interest period. This prorated interest amount is called "accrued interest."

Payments on Global Securities

We will make payments on a global security in accordance with the applicable policies of the depositary as in effect from time to time. Under those policies, we will make payments directly to the depositary, or its nominee, and not to any indirect holders who own beneficial interests in the global security. An indirect holder's right to those payments will be governed by the rules and practices of the depositary and its participants, as described under "—Special Considerations for Global Securities."

Payments on Certificated Securities

We will make payments on a certificated debt security as follows. We will pay interest that is due on an interest payment date by check mailed on the interest payment date to the holder at his or her address shown on the trustee's records as of the close of business on the regular record date. We will make all payments of principal and premium, if any, by check at the office of the applicable trustee in New York, NY and/or at other offices that may be specified in the prospectus supplement or in a notice to holders against surrender of the debt security.

Alternatively, if the holder asks us to do so, we will pay any amount that becomes due on the debt security by wire transfer of immediately available funds to an account at a bank in New York City, on the due date. To request payment by wire, the holder must give the applicable trustee or other paying agent appropriate transfer instructions at least 15 business days before the requested wire payment is due. In the case of any interest payment due on an interest payment date, the instructions must be given by the person who is the holder on the relevant regular record date. Any wire instructions, once properly given, will remain in effect unless and until new instructions are given in the manner described above.

Payment When Offices Are Closed

If any payment is due on a debt security on a day that is not a business day, we will make the payment on the next day that is a business day. Payments made on the next business day in this situation will be treated under the indenture as if they were made on the original due date, except as otherwise indicated in the attached prospectus supplement. Such payment will not result in a default under any debt security or the indenture, and no interest will accrue on the payment amount from the original due date to the next day that is a business day.

Book-entry and other indirect holders should consult their banks or brokers for information on how they will receive payments on their debt securities.

Events of Default

You will have rights if an Event of Default occurs in respect of the debt securities of your series and is not cured, as described later in this subsection.

The term "Event of Default" in respect of the debt securities of your series means any of the following:

- ♣We do not pay the principal of, or any premium on, a debt security of the series on its due date.
- ♣We do not pay interest on a debt security of the series within 30 days of its due date.
- ♣We do not deposit any sinking fund payment in respect of debt securities of the series on its due date.

We remain in breach of a covenant in respect of debt securities of the series for 90 days after we receive a written notice of default stating we are in breach. The notice must be sent by either the trustee or holders of at least 25% of the principal amount of debt securities of the series.

•We file for bankruptcy or certain other events of bankruptcy, insolvency or reorganization occur.

•Any other Event of Default in respect of debt securities of the series described in the prospectus supplement occurs.

Table of Contents

An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under the same or any other indenture. The trustee may withhold notice to the holders of debt securities of any default, except in the payment of principal, premium or interest, if it considers the withholding of notice to be in the best interests of the holders.

Remedies if an Event of Default Occurs

If an Event of Default has occurred and has not been cured, the trustee or the holders of at least 25% in principal amount of the debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. This is called a declaration of acceleration of maturity. A declaration of acceleration of maturity may be canceled by the holders of a majority in principal amount of the debt securities of the affected series under certain circumstances.

Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability (called an "indemnity"). (Section 315 of the Trust Indenture Act of 1939) If reasonable indemnity is provided, the holders of a majority in principal amount of the outstanding debt securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. The trustee may refuse to follow those directions in certain circumstances. No delay or omission in exercising any right or remedy will be treated as a waiver of that right, remedy or Event of Default.

Before you are allowed to bypass your trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

• You must give your trustee written notice that an Event of Default has occurred and remains uncured.

The holders of at least 25% in principal amount of all outstanding debt securities of the relevant series must make a written request that the trustee take action because of the default and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action.

• The trustee must not have taken action for 60 days after receipt of the above notice and offer of indemnity.

The holders of a majority in principal amount of the debt securities must not have given the trustee a direction inconsistent with the above notice during that 60-day period.

However, you are entitled at any time to bring a lawsuit for the payment of money due on your debt securities on or after the due date.

Holders of a majority in principal amount of the debt securities of the affected series may waive any past defaults other than:

- the payment of principal, any premium or interest or

• in respect of a covenant that cannot be modified or amended without the consent of each holder.

Book-entry and other indirect holders should consult their banks or brokers for information on how to give notice or direction to or make a request of the trustee and how to declare or cancel an acceleration of maturity.

Each year, we will furnish to each trustee a written statement of certain of our officers certifying that to their knowledge we are in compliance with the indenture and the debt securities or else specifying any default.

Merger or Consolidation

Under the terms of the indenture, we are generally permitted to consolidate or merge with another entity. We are also permitted to sell all or substantially all of our assets to another entity. However, we may not take any of these actions unless all the following conditions are met:

• Where we merge out of existence or sell our assets, the resulting entity must agree to be legally responsible for our obligations under the debt securities.

The merger or sale of assets must not cause a default on the debt securities and we must not already be in default (unless the merger or sale would cure the default). For purposes of this no-default test, a default would include an Event of Default that has occurred and has not been cured, as described under "Events of Default" above. A default for this purpose would also include any event that would be an Event of Default if the requirements for giving us a notice of default or our default having to exist for a specific period of time were disregarded.

Under the indenture, no merger or sale of assets may be made if as a result any of our property or assets or any property or assets of one of our subsidiaries, if any, would become subject to any mortgage, lien or other encumbrance unless either (i) the mortgage, lien or other encumbrance could be created pursuant to the limitation on liens covenant

Table of Contents

in the indenture (see "Indenture Provisions—Limitation on Liens" below) without equally and ratably securing the indenture securities or (ii) the indenture securities are secured equally and ratably with or prior to the debt secured by the mortgage, lien or other encumbrance.

We must deliver certain certificates and documents to the trustee.

We must satisfy any other requirements specified in the prospectus supplement relating to a particular series of debt securities.

Modification or Waiver

There are three types of changes we can make to the indenture and the debt securities issued thereunder.

Changes Requiring Your Approval

First, there are changes that we cannot make to your debt securities without your specific approval. The following is a list of those types of changes:

- change the stated maturity of the principal of, or interest on, a debt security;
- reduce any amounts due on a debt security;
- reduce the amount of principal payable upon acceleration of the maturity of a security following a default;
- adversely affect any right of repayment at the holder's option;
- change the place (except as otherwise described in the prospectus or prospectus supplement) or currency of payment on a debt security;
- impair your right to sue for payment;
- adversely affect any right to convert or exchange a debt security in accordance with its terms;
- modify the subordination provisions in the indenture in a manner that is adverse to holders of the debt securities;
- reduce the percentage of holders of debt securities whose consent is needed to modify or amend the indenture;
- reduce the percentage of holders of debt securities whose consent is needed to waive compliance with certain provisions of the indenture or to waive certain defaults;
- modify any other aspect of the provisions of the indenture dealing with supplemental indentures, modification and waiver of past defaults, changes to the quorum or voting requirements or the waiver of certain covenants; and
- change any obligation we have to pay additional amounts.

Changes Not Requiring Approval

The second type of change does not require any vote by the holders of the debt securities. This type is limited to clarifications and certain other changes that would not adversely affect holders of the outstanding debt securities in any material respect. We also do not need any approval to make any change that affects only debt securities to be issued under the indenture after the change takes effect.

Changes Requiring Majority Approval

Any other change to the indenture and the debt securities would require the following approval:

If the change affects only one series of debt securities, it must be approved by the holders of a majority in principal amount of that series.

If the change affects more than one series of debt securities issued under the same indenture, it must be approved by the holders of a majority in principal amount of all of the series affected by the change, with all affected series voting together as one class for this purpose.

In each case, the required approval must be given by written consent.

The holders of a majority in principal amount of all of the series of debt securities issued under an indenture, voting together as one class for this purpose, may waive our compliance with some of our covenants in that indenture.

However, we cannot obtain a waiver of a payment default or of any of the matters covered by the bullet points included above under "—Changes Requiring Your Approval."

Further Details Concerning Voting

When taking a vote, we will use the following rules to decide how much principal to attribute to a debt security:

For original issue discount securities, we will use the principal amount that would be due and payable on the voting date if the maturity of these debt securities were accelerated to that date because of a default.

For debt securities whose principal amount is not known (for example, because it is based on an index), we will use a special rule for that debt security described in the prospectus supplement.

Table of Contents

For debt securities denominated in one or more foreign currencies, we will use the U.S. dollar equivalent. Debt securities will not be considered outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust money for their payment or redemption. Debt securities will also not be eligible to vote if they have been fully defeased as described later under "Defeasance—Full Defeasance."

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding indenture securities that are entitled to vote or take other action under the indenture. If we set a record date for a vote or other action to be taken by holders of one or more series, that vote or action may be taken only by persons who are holders of outstanding indenture securities of those series on the record date and must be taken within eleven months following the record date.

Book-entry and other indirect holders should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the indenture or the debt securities or request a waiver.

Defeasance

The following provisions will be applicable to each series of debt securities unless we state in the applicable prospectus supplement that the provisions of covenant defeasance and full defeasance will not be applicable to that series.

Covenant Defeasance

Under current United States federal tax law, we can make the deposit described below and be released from some of the restrictive covenants in the indenture under which the particular series was issued. This is called "covenant defeasance." In that event, you would lose the protection of those restrictive covenants but would gain the protection of having money and government securities set aside in trust to repay your debt securities. In order to achieve covenant defeasance, we must do the following:

If the debt securities of the particular series are denominated in U.S. dollars, we must deposit in trust for the benefit of all holders of such debt securities a combination of money and United States government or United States government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates.

We must deliver to the trustee a legal opinion of our counsel confirming that, under current United States federal income tax law, we may make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves at maturity.

We must deliver to the trustee a legal opinion of our counsel stating that the above deposit does not require registration by us under the 1940 Act, as amended, and a legal opinion and officers' certificate stating that all conditions precedent to covenant defeasance have been complied with.

Full Defeasance

If there is a change in United States federal tax law, as described below, we can legally release ourselves from all payment and other obligations on the debt securities of a particular series (called "full defeasance") if we put in place the following other arrangements for you to be repaid:

If the debt securities of the particular series are denominated in U.S. dollars, we must deposit in trust for the benefit of all holders of such debt securities a combination of money and United States government or United States government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates.

We must deliver to the trustee a legal opinion confirming that there has been a change in current United States federal tax law or an IRS ruling that allows us to make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves at maturity.

Under current United States federal tax law, the deposit and our legal release from the debt securities would be treated as though we paid you your share of the cash and notes or bonds at the time the cash and notes or bonds were deposited in trust in exchange for your debt securities and you would recognize gain or loss on the debt securities at the time of the deposit.

We must deliver to the trustee a legal opinion of our counsel stating that the above deposit does not require registration by us under the 1940 Act, as amended, and a legal opinion and officers' certificate stating that all conditions precedent to defeasance have been complied with.

Form, Exchange and Transfer of Certificated Registered Securities
If registered debt securities cease to be issued in book-entry form, they will be issued:

Table of Contents

- only in fully registered certificated form,
- without interest coupons, and

unless we indicate otherwise in the prospectus supplement, in denominations of \$1,000 and amounts that are multiples of \$1,000.

• Holders may exchange their certificated securities for debt securities of smaller denominations or combined into fewer debt securities of larger denominations, as long as the total principal amount is not changed.

Holders may exchange or transfer their certificated securities at the office of their trustee. We have appointed the trustee to act as our agent for registering debt securities in the names of holders transferring debt securities. We may appoint another entity to perform these functions or perform them ourselves.

Holders will not be required to pay a service charge to transfer or exchange their certificated securities, but they may be required to pay any tax or other governmental charge associated with the transfer or exchange. The transfer or exchange will be made only if our transfer agent is satisfied with the holder's proof of legal ownership.

If we have designated additional transfer agents for your debt security, they will be named in your prospectus supplement. We may appoint additional transfer agents or cancel the appointment of any particular transfer agent. We may also approve a change in the office through which any transfer agent acts.

If any certificated securities of a particular series are redeemable and we redeem less than all the debt securities of that series, we may block the transfer or exchange of those debt securities during the period beginning 15 days before the day we mail the notice of redemption and ending on the day of that mailing, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers or exchanges of any certificated securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security that will be partially redeemed.

If a registered debt security is issued in book-entry form, only the depositary will be entitled to transfer and exchange the debt security as described in this subsection, since it will be the sole holder of the debt security.

Resignation of Trustee

Each trustee may resign or be removed with respect to one or more series of indenture securities provided that a successor trustee is appointed to act with respect to these series. In the event that two or more persons are acting as trustee with respect to different series of indenture securities under the indenture, each of the trustees will be a trustee of a trust separate and apart from the trust administered by any other trustee.

Indenture Provisions—Subordination

Upon any distribution of our assets upon our dissolution, winding up, liquidation or reorganization, the payment of the principal of (and premium, if any) and interest, if any, on any indenture securities denominated as subordinated debt securities is to be subordinated to the extent provided in the indenture in right of payment to the prior payment in full of all Senior Indebtedness (as defined below), but our obligation to you to make payment of the principal of (and premium, if any) and interest, if any, on such subordinated debt securities will not otherwise be affected. In addition, no payment on account of principal (or premium, if any), sinking fund or interest, if any, may be made on such subordinated debt securities at any time unless full payment of all amounts due in respect of the principal (and premium, if any), sinking fund and interest on Senior Indebtedness has been made or duly provided for in money or money's worth.

In the event that, notwithstanding the foregoing, any payment or distribution of our assets by us is received by the trustee in respect of subordinated debt securities or by the holders of any of such subordinated debt securities before all Senior Indebtedness is paid in full, the payment or distribution must be paid over, upon written notice to the Trustee, to the holders of the Senior Indebtedness or on their behalf for application to the payment of all the Senior Indebtedness remaining unpaid until all the Senior Indebtedness has been paid in full, after giving effect to any concurrent payment or distribution to the holders of the Senior Indebtedness. Subject to the payment in full of all Senior Indebtedness upon this distribution by us, the holders of such subordinated debt securities will be subrogated to the rights of the holders of the Senior Indebtedness to the extent of payments made to the holders of the Senior Indebtedness out of the distributive share of such subordinated debt securities.

By reason of this subordination, in the event of a distribution of our assets upon our insolvency, certain of our senior creditors may recover more, ratably, than holders of any subordinated debt securities. The indenture provides that

these subordination provisions will not apply to money and securities held in trust under the defeasance provisions of the indenture.

Senior Indebtedness is defined in the indenture as the principal of (and premium, if any) and unpaid interest on:

Table of Contents

our indebtedness (including indebtedness of others guaranteed by us), whenever created, incurred, assumed or guaranteed, for money borrowed (other than indenture securities issued under the indenture and denominated as subordinated debt securities), unless in the instrument creating or evidencing the same or under which the same is outstanding it is provided that this indebtedness is not senior or prior in right of payment to the subordinated debt securities, and

renewals, extensions, modifications and refinancings of any of this indebtedness.

If this prospectus is being delivered in connection with the offering of a series of indenture securities denominated as subordinated debt securities, the accompanying prospectus supplement will set forth the approximate amount of our Senior Indebtedness outstanding as of a recent date.

The Trustee under the Indenture

U.S. Bank National Association will serve as trustee under the indenture.

Certain Considerations Relating to Foreign Currencies

Debt securities denominated or payable in foreign currencies may entail significant risks. These risks include the possibility of significant fluctuations in the foreign currency markets, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending upon the currency or currencies involved and will be more fully described in the applicable prospectus supplement.

DESCRIPTION OF OUR SUBSCRIPTION RIGHTS

General

We may issue subscription rights to the holders of the class of securities to whom the subscription rights are being distributed, or the Holders to purchase our Securities. Subscription rights may be issued independently or together with any other offered security and may or may not be transferable by the person purchasing or receiving the subscription rights. In connection with a subscription rights offering to the Holders, we would distribute certificates evidencing the subscription rights and a prospectus supplement to the Holders on the record date that we set for receiving subscription rights in such subscription rights offering.

The applicable prospectus supplement would describe the following terms of subscription rights in respect of which this prospectus is being delivered:

the period of time the offering would remain open (which shall be open a minimum number of days such that all record holders would be eligible to participate in the offering and shall not be open longer than 120 days);

the title of such subscription rights;

the exercise price for such subscription rights (or method of calculation thereof);

the ratio of the offering;

the number of such subscription rights issued to each Holder;

the extent to which such subscription rights are transferable and the market on which they may be traded if they are transferable;

if applicable, a discussion of certain U.S. federal income tax considerations applicable to the issuance or exercise of such subscription rights;

the date on which the right to exercise such subscription rights shall commence, and the date on which such right shall expire (subject to any extension);

the extent to which such subscription rights include an over-subscription privilege with respect to unsubscribed securities and the terms of such over-subscription privilege;

any termination right we may have in connection with such subscription rights offering; and

any other terms of such subscription rights, including exercise, settlement and other procedures and limitations relating to the transfer and exercise of such subscription rights.

Exercise of Subscription Rights

Each subscription right would entitle the holder of the subscription right to purchase for cash such amount of our Securities at such exercise price as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the subscription rights offered thereby. Subscription rights may be exercised at any time up to the close of business on the expiration date for such subscription rights set forth in the prospectus supplement. After the close of business on the expiration date, all unexercised subscription rights would become void.

Table of Contents

Subscription rights may be exercised as set forth in the prospectus supplement relating to the subscription rights offered thereby. Upon receipt of payment and the subscription rights certificate properly completed and duly executed at the corporate trust office of the subscription rights agent or any other office indicated in the prospectus supplement we will forward, as soon as practicable, the Securities purchasable upon such exercise. To the extent permissible under applicable law, we may determine to offer any unsubscribed offered securities directly to persons other than stockholders, to or through agents, underwriters or dealers or through a combination of such methods, as set forth in the applicable prospectus supplement.

DESCRIPTION OF OUR WARRANTS

The following is a general description of the terms of the warrants we may issue from time to time. Particular terms of any warrants we offer will be described in the prospectus supplement relating to such warrants.

We may issue warrants to purchase shares of our common stock, preferred stock or debt securities from time to time.

Such warrants may be issued independently or together with one of our Securities and may be attached or separate from such securities. We will issue each series of warrants under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent and will not assume any obligation or relationship of agency for or with holders or beneficial owners of warrants.

A prospectus supplement will describe the particular terms of any series of warrants we may issue, including the following:

- the title of such warrants;
 - the aggregate number of such warrants;
 - the price or prices at which such warrants will be issued;
 - the currency or currencies, including composite currencies, in which the price of such warrants may be payable;
 - the number of shares of common stock, preferred stock or debt securities issuable upon exercise of such warrants;
 - the price at which and the currency or currencies, including composite currencies, in which the shares of common stock, preferred stock or debt securities purchasable upon exercise of such warrants may be purchased;
 - the date on which the right to exercise such warrants will commence and the date on which such right will expire;
 - whether such warrants will be issued in registered form or bearer form;
 - if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
 - if applicable, the number of such warrants issued with each share of common stock, preferred stock or debt securities;
 - if applicable, the date on and after which such warrants and the related shares of common stock, preferred stock or debt securities will be separately transferable;
 - information with respect to book-entry procedures, if any;
 - if applicable, a discussion of certain U.S. federal income tax considerations; and
- any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

We and the warrant agent may amend or supplement the warrant agreement for a series of warrants without the consent of the holders of the warrants issued thereunder to effect changes that are not inconsistent with the provisions of the warrants and that do not materially and adversely affect the interests of the holders of the warrants.

Under the 1940 Act, we may generally only offer warrants provided that (1) the warrants expire by their terms within ten years; (2) the exercise or conversion price is not less than the current market value at the date of issuance; (3) our stockholders authorize the proposal to issue such warrants, and our Board of Directors approves such issuance on the basis that the issuance is in our best interests and the best interest of our stockholders; and (4) if the warrants are accompanied by other securities, the warrants are not separately transferable unless no class of such warrants and the securities accompanying them has been publicly distributed. The 1940 Act also provides that the amount of our voting securities that would result from the exercise of all outstanding warrants at the time of issuance may not exceed 25% of our outstanding voting securities.

DESCRIPTION OF OUR UNITS

A unit is a separate security consisting of two or more other securities that either may or must be traded or transferred together as a single security. The following is a general description of the terms of the units we may issue from time to time. Particular terms of any units we offer will be described in the prospectus supplement relating to such units. For a

complete description of the terms of particular units, you should read both this prospectus and the prospectus supplement relating to those particular units.

We may issue units comprised of one or more of the other securities described in this prospectus in any combination. Each unit may also include contracts for purchase of any such security or debt obligations of third parties, such as U.S.

Table of Contents

Treasury securities, such that the holder holds each component. Thus, the holder of a unit will have the rights and obligations of a holder of each included security.

A prospectus supplement will describe the particular terms of any series of units we may issue, including the following:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;

a description of the terms of any unit agreement governing the units;

a description of the provisions for the payment, settlement, transfer or exchange of the units; and

whether the units will be issued in fully registered or global form.

REGULATION

We are a closed-end, non-diversified investment company that has filed an election to be treated as a business development company under the 1940 Act and has elected to be treated as a RIC under Subchapter M of the Code. The 1940 Act contains prohibitions and restrictions relating to transactions between business development companies and their affiliates (including any investment advisers or sub-advisers), principal underwriters and affiliates of those affiliates or underwriters and requires that a majority of the directors be persons other than "interested persons," as that term is defined in the 1940 Act. In addition, the 1940 Act provides that we may not change the nature of our business so as to cease to be, or to withdraw our election as, a business development company unless approved by a majority of our outstanding voting securities.

We may invest up to 100% of our assets in securities acquired directly from issuers in privately negotiated transactions. With respect to such securities, we may, for the purpose of public resale, be deemed an "underwriter" as that term is defined in the Securities Act. Our intention is to not write (sell) or buy put or call options to manage risks associated with the publicly-traded securities of our portfolio companies, except that we may enter into hedging transactions to manage the risks associated with interest rate and other market fluctuations. However, in connection with an investment or acquisition financing of a portfolio company, we may purchase or otherwise receive warrants to purchase the common stock of the portfolio company. Similarly, in connection with an acquisition, we may acquire rights to require the issuers of acquired securities or their affiliates to repurchase them under certain circumstances. We also do not intend to acquire securities issued by any investment company that exceed the limits imposed by the 1940 Act. Under these limits, except with respect to money market funds we generally cannot acquire more than 3% of the voting stock of any registered investment company, invest more than 5% of the value of our total assets in the securities of one investment company or invest more than 10% of the value of our total assets in the securities of more than one investment company. With regard to that portion of our portfolio invested in securities issued by investment companies, it should be noted that such investments subject our stockholders indirectly to additional expenses. None of these policies are fundamental and may be changed without stockholder approval.

Qualifying Assets

Under the 1940 Act, a business development company may not acquire any asset other than assets of the type listed in Section 55(a) of the 1940 Act, which are referred to as qualifying assets, unless, at the time the acquisition is made, qualifying assets represent at least 70% of the company's total assets. The principal categories of qualifying assets relevant to our business are the following:

(1) Securities purchased in transactions not involving any public offering from the issuer of such securities, which issuer (subject to certain limited exceptions) is an eligible portfolio company, or from any person who is, or has been during the preceding 13 months, an affiliated person of an eligible portfolio company, or from any other person, subject to such rules as may be prescribed by the SEC. An "eligible portfolio company" is defined in the 1940 Act and rules adopted pursuant thereto as any issuer which:

(a) is organized under the laws of, and has its principal place of business in, the United States;

(b) is not an investment company (other than a small business investment company wholly owned by the business development company) or a company that would be an investment company but for exclusions under the 1940 Act for certain financial companies such as banks, brokers, commercial finance companies, mortgage companies and insurance companies; and

(c) satisfies any of the following:

1. does not have any class of securities with respect to which a broker or dealer may extend margin credit;

Table of Contents

2. is controlled by a business development company or a group of companies including a business development company and the business development company has an affiliated person who is a director of the eligible portfolio company;
3. is a small and solvent company having total assets of not more than \$4 million and capital and surplus of not less than \$2 million;
 4. does not have any class of securities listed on a national securities exchange; or
5. has a class of securities listed on a national securities exchange, but has an aggregate market value of outstanding voting and non-voting common equity of less than \$250 million.
 - (2) Securities in companies that were eligible portfolio companies when we made our initial investment if certain other requirements are satisfied.
 - (3) Securities of any eligible portfolio company which we control.
 - (4) Securities purchased in a private transaction from a U.S. issuer that is not an investment company or from an affiliated person of the issuer, or in transactions incident thereto, if the issuer is in bankruptcy and subject to reorganization or if the issuer, immediately prior to the purchase of its securities was unable to meet its obligations as they came due without material assistance other than conventional lending or financing agreements.
 - (5) Securities of an eligible portfolio company purchased from any person in a private transaction if there is no ready market for such securities and we already own 60% of the outstanding equity of the eligible portfolio company.
 - (6) Securities received in exchange for or distributed on or with respect to securities described in (1) through (4) above, or pursuant to the exercise of warrants or rights relating to such securities.
 - (7) Cash, cash equivalents, U.S. government securities or high-quality debt securities maturing in one year or less from the time of investment.

In addition, a business development company must have been organized and have its principal place of business in the United States and must be operated for the purpose of making investments in the types of securities described in (1), (2), (3) or (4) above.

Managerial Assistance to Portfolio Companies

In order to count portfolio securities as qualifying assets for the purpose of the 70% test, a business development company must either control the issuer of the securities or must offer to make available to the issuer of the securities (other than small and solvent companies described above) significant managerial assistance; except that, where the business development company purchases such securities in conjunction with one or more other persons acting together, one of the other persons in the group may make available such managerial assistance. Making available significant managerial assistance means, among other things, exercising control, either on its own or together with others, over a portfolio company or any arrangement whereby the business development company, through its directors, officers or employees, offers to provide, and, if accepted, does so provide, significant guidance and counsel concerning the management, operations or business objectives and policies of a portfolio company.

Temporary Investments

Pending investment in other types of "qualifying assets," as described above, our investments may consist of cash, cash equivalents, including money market funds, U.S. government securities or high quality debt securities maturing in one year or less from the time of investment, which we refer to, collectively, as temporary investments, so that 70% of our assets are qualifying assets. Typically, we will invest in money market funds, U.S. treasury bills or in repurchase agreements that are fully collateralized by cash or securities issued by the U.S. government or its agencies. A repurchase agreement involves the purchase by an investor, such as us, of a specified security and the simultaneous agreement by the seller to repurchase it at an agreed upon future date and at a price which is greater than the purchase price by an amount that reflects an agreed-upon interest rate. There is no percentage restriction on the proportion of our assets that may be invested in such repurchase agreements. However, if more than 25% of our total assets constitute repurchase agreements from a single counterparty, we would not meet the diversification tests in order to qualify as a RIC for U.S. Federal income tax purposes. Thus, we do not intend to enter into repurchase agreements with a single counterparty in excess of this limit. Our Investment Adviser will monitor the creditworthiness of the counterparties with which we enter into repurchase agreement transactions.

Table of Contents

Senior Securities

We are permitted, under specified conditions, to issue multiple classes of indebtedness and classes of stock senior to our common stock if our asset coverage, as defined in the 1940 Act, is at least equal to 200% immediately after each such issuance. The 1940 Act allows BDCs to issue multiple series of the same class of preferred stock and to issue multiple classes in connection with certain refundings or reorganizations. In addition, while any preferred stock or public debt securities remain outstanding, we must make provisions to prohibit any distribution to our stockholders or the repurchase of such securities or shares unless we meet the applicable asset coverage ratios after giving effect to such distribution or repurchase. We may also borrow amounts up to 5% of the value of our total assets for temporary or emergency purposes without regard to asset coverage. For a discussion of the risks associated with leverage, see "Risk Factors."

Code of Ethics

We, Prospect Capital Management and Prospect Administration have each adopted a code of ethics pursuant to Rule 17j-1 under the 1940 Act that establishes procedures for personal investments and restricts certain personal securities transactions. Personnel subject to each code may invest in securities for their personal investment accounts, including securities that may be purchased or held by us, so long as such investments are made in accordance with the code's requirements. For information on how to obtain a copy of each code of ethics, see "Available Information."

Investment Concentration

Our investment objective is to generate both current income and long-term capital appreciation through debt and equity investments. While we are broadening the portfolio, many of our existing investments are in the energy and energy related industries.

Compliance Policies and Procedures

We and our Investment Adviser have adopted and implemented written policies and procedures reasonably designed to prevent violation of the U.S. Federal securities laws, and are required to review these compliance policies and procedures annually for their adequacy and the effectiveness of their implementation, and to designate a Chief Compliance Officer to be responsible for administering the policies and procedures. Brian H. Oswald serves as our Chief Compliance Officer.

Proxy Voting Policies and Procedures

We have delegated our proxy voting responsibility to Prospect Capital Management. The Proxy Voting Policies and Procedures of Prospect Capital Management are set forth below. The guidelines are reviewed periodically by Prospect Capital Management and our independent directors, and, accordingly, are subject to change.

Introduction. As an investment adviser registered under the Advisers Act, Prospect Capital Management has a fiduciary duty to act solely in the best interests of its clients. As part of this duty, Prospect Capital Management recognizes that it must vote client securities in a timely manner free of conflicts of interest and in the best interests of its clients.

These policies and procedures for voting proxies for Prospect Capital Management's Investment Advisory clients are intended to comply with Section 206 of, and Rule 206(4)-6 under, the Advisers Act.

Proxy policies. These policies are designed to be responsive to the wide range of subjects that may be the subject of a proxy vote. These policies are not exhaustive due to the variety of proxy voting issues that Prospect Capital Management may be required to consider. In general, Prospect Capital Management will vote proxies in accordance with these guidelines unless: (1) Prospect Capital Management has determined to consider the matter on a case-by-case basis (as is stated in these guidelines), (2) the subject matter of the vote is not covered by these guidelines, (3) a material conflict of interest is present, or (4) Prospect Capital Management might find it necessary to vote contrary to its general guidelines to maximize stockholder value and vote in its clients' best interests. In such cases, a decision on how to vote will be made by the Proxy Voting Committee (as described below). In reviewing proxy issues, Prospect Capital Management will apply the following general policies:

Elections of directors. In general, Prospect Capital Management will vote in favor of the management-proposed slate of directors. If there is a proxy fight for seats on the Board of Directors or Prospect Capital Management determines that there are other compelling reasons for withholding votes for directors, the Proxy Voting Committee will determine the appropriate vote on the matter. Prospect Capital Management believes that directors have a duty to

respond to stockholder actions that have received significant stockholder support. Prospect Capital Management may withhold votes for directors that fail to act on key issues such as failure to implement proposals to declassify boards, failure to implement a majority vote requirement, failure to submit a rights plan to a stockholder vote and failure to act on tender offers where a majority of

Table of Contents

stockholders have tendered their shares. Finally, Prospect Capital Management may withhold votes for directors of non-U.S. issuers where there is insufficient information about the nominees disclosed in the proxy statement.

Appointment of auditors. Prospect Capital Management believes that the Company remains in the best position to choose the auditors and will generally support management's recommendation.

Changes in capital structure. Changes in a company's charter, articles of incorporation or by-laws may be required by state or U.S. Federal regulation. In general, Prospect Capital Management will cast its votes in accordance with the Company's management on such proposal. However, the Proxy Voting Committee will review and analyze on a case-by-case basis any proposals regarding changes in corporate structure that are not required by state or U.S. Federal regulation.

Corporate restructurings, mergers and acquisitions. Prospect Capital Management believes proxy votes dealing with corporate reorganizations are an extension of the investment decision. Accordingly, the Proxy Voting Committee will analyze such proposals on a case-by-case basis.

Proposals affecting the rights of stockholders. Prospect Capital Management will generally vote in favor of proposals that give stockholders a greater voice in the affairs of the Company and oppose any measure that seeks to limit those rights. However, when analyzing such proposals, Prospect Capital Management will weigh the financial impact of the proposal against the impairment of the rights of stockholders.

Corporate governance. Prospect Capital Management recognizes the importance of good corporate governance in ensuring that management and the Board of Directors fulfill their obligations to the stockholders. Prospect Capital Management favors proposals promoting transparency and accountability within a company.

Anti-takeover measures. The Proxy Voting Committee will evaluate, on a case-by-case basis, proposals regarding anti-takeover measures to determine the measure's likely effect on stockholder value dilution.

Stock splits. Prospect Capital Management will generally vote with the management of the Company on stock split matters.

Limited liability of directors. Prospect Capital Management will generally vote with management on matters that would affect the limited liability of directors.

Social and corporate responsibility. The Proxy Voting Committee may review and analyze on a case-by-case basis proposals relating to social, political and environmental issues to determine whether they will have a financial impact on stockholder value. Prospect Capital Management may abstain from voting on social proposals that do not have a readily determinable financial impact on stockholder value.

Proxy voting procedures. Prospect Capital Management will generally vote proxies in accordance with these guidelines. In circumstances in which (1) Prospect Capital Management has determined to consider the matter on a case-by-case basis (as is stated in these guidelines), (2) the subject matter of the vote is not covered by these guidelines, (3) a material conflict of interest is present, or (4) Prospect Capital Management might find it necessary to vote contrary to its general guidelines to maximize stockholder value and vote in its clients' best interests, the Proxy Voting Committee will vote the proxy.

Proxy voting committee. Prospect Capital Management has formed a proxy voting committee to establish general proxy policies and consider specific proxy voting matters as necessary. In addition, members of the committee may contact the management of the Company and interested stockholder groups as necessary to discuss proxy issues. Members of the committee will include relevant senior personnel. The committee may also evaluate proxies where we face a potential conflict of interest (as discussed below). Finally, the committee monitors adherence to guidelines, and reviews the policies contained in this statement from time to time.

Conflicts of interest. Prospect Capital Management recognizes that there may be a potential conflict of interest when it votes a proxy solicited by an issuer that is its advisory client or a client or customer of one of our affiliates or with whom it has another business or personal relationship that may affect how it votes on the issuer's proxy. Prospect Capital Management believes that adherence to these policies and procedures ensures that proxies are voted with only its clients' best interests in mind. To ensure that its votes are not the product of a conflict of interests, Prospect Capital Management requires that: (i) anyone involved in the decision making process (including members of the Proxy Voting Committee) disclose to the chairman of the Proxy Voting Committee any potential conflict that he or she is aware of and any contact that he or she has had with any interested party regarding a proxy vote; and (ii) employees

involved in the decision making process or vote administration are prohibited from revealing how Prospect Capital Management intends to vote on a proposal in order to reduce any attempted influence from interested parties.

Table of Contents

Proxy voting. Each account's custodian will forward all relevant proxy materials to Prospect Capital Management, either electronically or in physical form to the address of record that Prospect Capital Management has provided to the custodian.

Proxy recordkeeping. Prospect Capital Management must retain the following documents pertaining to proxy voting:

• copies of its proxy voting policies and procedures;

• copies of all proxy statements;

• records of all votes cast by Prospect Capital Management;

• copies of all documents created by Prospect Capital Management that were material to making a decision how to vote proxies or that memorializes the basis for that decision; and

• copies of all written client requests for information with regard to how Prospect Capital Management voted proxies on behalf of the client as well as any written responses provided.

All of the above-referenced records will be maintained and preserved for a period of not less than five years from the end of the fiscal year during which the last entry was made. The first two years of records must be maintained at our office.

Proxy voting records. Clients may obtain information about how Prospect Capital Management voted proxies on their behalf by making a written request for proxy voting information to: Compliance Officer, Prospect Capital Management LLC, 10 East 40th Street, 44th Floor, New York, NY 10016.

Sarbanes-Oxley Act of 2002

The Sarbanes-Oxley Act of 2002 imposes a variety of regulatory requirements on publicly-held companies. In addition to our Chief Executive and Chief Financial Officers' required certifications as to the accuracy of our financial reporting, we are also required to disclose the effectiveness of our disclosure controls and procedures as well as report on our assessment of our internal controls over financial reporting, the latter of which must be audited by our independent registered public accounting firm.

The Sarbanes-Oxley Act also requires us to continually review our policies and procedures to ensure that we remain in compliance with all rules promulgated under the Act.

CUSTODIAN, TRANSFER AND DIVIDEND PAYING AGENT AND REGISTRAR

Our Securities are held under a custody agreement by U.S. Bank National Association. The address of the custodian is: 1555 North Rivercenter Drive, MK-WI-5302, Milwaukee, WI 53212, Attention: Mutual Fund Custody Account Administrator, facsimile: (866) 350-1430. American Stock Transfer & Trust Company acts as our transfer agent, dividend paying agent and registrar. The principal business address of American Stock Transfer & Trust Company is 6201 15th Avenue, Brooklyn, NY 11219, telephone number: (718) 921-8200.

BROKERAGE ALLOCATION AND OTHER PRACTICES

Since we generally acquire and dispose of our investments in privately negotiated transactions, we infrequently use brokers in the normal course of our business. We have not paid any brokerage commissions during the three most recent fiscal years. Subject to policies established by our Board of Directors, Prospect Capital Management is primarily responsible for the execution of the publicly-traded securities portion of our portfolio transactions and the allocation of brokerage commissions.

Prospect Capital Management does not expect to execute transactions through any particular broker or dealer, but seeks to obtain the best net results for the Company, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution, and operational facilities of the firm and the firm's risk and skill in positioning blocks of securities. While Prospect Capital Management generally seeks reasonably competitive trade execution costs, the Company will not necessarily pay the lowest spread or commission available. Subject to applicable legal requirements, Prospect Capital Management may select a broker based partly upon brokerage or research services provided to it and the Company and any other clients. In return for such services, we may pay a higher commission than other brokers would charge if Prospect Capital Management determines in good faith that such commission is reasonable in relation to the services provided.

PLAN OF DISTRIBUTION

We may sell the Securities pursuant to this prospectus and a prospectus supplement in any of four ways (or in any combination): (a) through underwriters or dealers; (b) directly to a limited number of purchasers or to a single purchaser,

Table of Contents

including existing stockholders in a rights offering; (c) through agents; or (d) directly to our stockholders and others through the issuance of transferable or non-transferable rights to our stockholders. In the case of a rights offering, the applicable prospectus supplement will set forth the number of shares of our common stock or units issuable upon the exercise of each right and the other terms of such rights offering. Any underwriter or agent involved in the offer and sale of the Securities will also be named in the applicable prospectus supplement. The Securities may be sold "at-the-market" to or through a market maker or into an existing trading market for the securities, on an exchange or otherwise. The prospectus supplement will set forth the terms of the offering of such securities, including: the name or names of any underwriters or agents and the amounts of Securities underwritten or placed by each of them;

the offering price of the Securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to underwriters or agents; and

any securities exchanges on which the Securities may be listed.

In addition, we may enter into registration rights agreements or other similar agreements in the future pursuant to which certain of our stockholders may resell our Securities under this prospectus and as described in any related prospectus supplement.

We may use Securities to acquire investments in companies, the terms of which will be further disclosed in a prospectus supplement if such stock is issued in an offering hereunder.

Any offering price and any discounts or concessions allowed or reallocated or paid to underwriters or agents may be changed from time to time.

We may sell our common stock, subscription rights, units, warrants, options or rights to acquire our common stock, at a price below the current net asset value of our common stock in certain circumstances, including if (i)(1) the holders of a majority of our shares (or, if less, at least 67% of a quorum consisting of a majority of our shares) and a similar majority of the holders of our shares who are not affiliated persons of us approve the sale of our common stock at a price that is less than the current net asset value, and (2) a majority of our Directors who have no financial interest in the transaction and a majority of our independent Directors (a) determine that such sale is in our and our stockholders'

best interests and (b) in consultation with any underwriter or underwriters of the offering, make a good faith determination as of a time either immediately prior to the first solicitation by us or on our behalf of firm commitments to purchase such shares, or immediately prior to the issuance of such shares, that the price at which such shares are to be sold is not less than a price which closely approximates the market value of such shares, less any distributing commission or discount or if (ii) a majority of the number of the beneficial holders of our common stock entitled to vote at the annual meeting, without regard to whether a majority of such shares are voted in favor of the proposal, approve the sale of our common stock at a price that is less than the current net asset value per share.

If underwriters are used in the sale of any Securities, Securities acquired by the underwriters for their own account may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The Securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. Generally, any obligations by the underwriters to purchase the Securities will be subject to certain conditions precedent.

In compliance with the guidelines of FINRA, the maximum compensation to the underwriters or dealers in connection with the sale of our Securities pursuant to this prospectus and the accompanying supplement to this prospectus may not exceed 8% of the aggregate offering price of the Securities as set forth on the cover page of the supplement to this prospectus. In connection with any rights offering to our stockholders, we may also enter into a standby underwriting arrangement with one or more underwriters pursuant to which the underwriter(s) will purchase our common stock remaining unsubscribed for after the rights offering.

We may sell the Securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of the Securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

Agents, dealers and underwriters may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act or to contribution with respect to payments which the agents or underwriters may be required to make in respect thereof. Agents, dealers and underwriters may be customers of, engage in transactions

with, or perform services for us in the ordinary course of business.

We may enter into derivative transactions with third parties, or sell Securities outside of this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell Securities covered by this prospectus and the applicable prospectus supplement, including in short sale

Table of Contents

transactions. If so, the third party may use Securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment). We or one of our affiliates may loan or pledge Securities to a financial institution or other third party that in turn may sell the securities using this prospectus. Such financial institution or third party may transfer its short position to investors in our Securities or in connection with a simultaneous offering of other Securities offered by this prospectus or otherwise.

Any of our common stock sold pursuant to a prospectus supplement will be listed on The NASDAQ Global Select Market, or another exchange on which our common stock is traded.

In order to comply with the securities laws of certain states, if applicable, the Securities offered hereby will be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states, the Securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirements is available and is complied with.

LEGAL MATTERS

Certain legal matters regarding the securities offered by this prospectus will be passed upon for the Company by Skadden, Arps, Slate, Meagher & Flom LLP, New York, NY, and Venable LLP as special Maryland counsel.

INDEPENDENT REGISTERED ACCOUNTING FIRM

BDO USA, LLP is the independent registered public accounting firm of the Company.

AVAILABLE INFORMATION

We have filed with the SEC a registration statement on Form N-2, together with all amendments and related exhibits, under the Securities Act, with respect to our Securities offered by this prospectus. The registration statement contains additional information about us and the Securities being registered by this prospectus. We file with or submit to the SEC annual, quarterly and current periodic reports, proxy statements and other information meeting the informational requirements of the Exchange Act. This information and the information specifically regarding how we voted proxies relating to portfolio securities for the period ended June 30, 2013, are available free of charge by contacting us at 10 East 40th Street, 44th floor, New York, NY 10016 or by telephone at toll-free (888) 748-0702. You may inspect and copy these reports, proxy statements and other information, as well as the registration statement and related exhibits and schedules, at the Public Reference Room of the SEC at 100 F Street NE, Washington, D.C. 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at (202) 551-8090 or by calling 1-800-SEC-0330. The SEC maintains an Internet site that contains reports, proxy and information statements and other information filed electronically by us with the SEC which are available on the SEC's Internet site at <http://www.sec.gov>. Copies of these reports, proxy and information statements and other information may be obtained, after paying a duplicating fee, by electronic request at the following E-mail address: publicinfo@sec.gov, or by writing the SEC's Public Reference Section, Washington, D.C. 20549-0102.

Report of Independent Registered Public Accounting Firm

Board of Directors and Stockholders
Prospect Capital Corporation
New York, New York

We have audited the accompanying consolidated statements of assets and liabilities of Prospect Capital Corporation, the "Company", including the consolidated schedule of investments, as of June 30, 2013 and 2012, and the related consolidated statements of operations, changes in net assets, and cash flows for each of the three years in the period ended June 30, 2013, and the financial highlights for each of the five years in the period ended June 30, 2013. These consolidated financial statements and financial highlights are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements and financial highlights are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. Our procedures include confirmation of securities owned as of June 30, 2013 and 2012 by correspondence with the custodian, trustees and portfolio companies, and alternative procedures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Prospect Capital Corporation at June 30, 2013 and 2012, the results of its operations, the changes in its net assets, and its cash flows for each of the three years in the period ended June 30, 2013, and the financial highlights for each of the five years in the period ended June 30, 2013, in conformity with accounting principles generally accepted in the United States of America.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Prospect Capital Corporation's internal control over financial reporting as of June 30, 2013, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) and our report dated August 21, 2013 expressed an unqualified opinion thereon.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
CONSOLIDATED SCHEDULE OF INVESTMENTS (Continued)

June 30, 2013 and June 30, 2012

(in thousands, except share data)

Endnote Explanations for the Consolidated Schedule of Investments as of June 30, 2013 and June 30, 2012

- The securities in which Prospect Capital Corporation ("we", "us" or "our") has invested were acquired in
- (1) transactions that were exempt from registration under the Securities Act of 1933, as amended, or the "Securities Act." These securities may be resold only in transactions that are exempt from registration under the Securities Act. Fair value is determined by or under the direction of our Board of Directors. As of June 30, 2013 and June 30, 2012, two of our portfolio investments, Allied Defense Group, Inc. ("Allied") and Dover Saddlery, Inc. ("Dover") were publicly traded and classified as Level 1 within the valuation hierarchy established by Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures ("ASC 820"). As of June 30, 2013 and
- (2) June 30, 2012, the fair value of our remaining portfolio investments was determined using significant unobservable inputs. ASC 820 classifies such inputs used to measure fair value as Level 3 within the valuation hierarchy. Our investments in money market funds are classified as Level 2. See Note 2 and Note 3 within the accompanying consolidated financial statements for further discussion.
- Security, or a portion thereof, is held by Prospect Capital Funding LLC, a bankruptcy remote special purpose entity, and is pledged as collateral for the revolving credit facility and such security is not available as collateral to
- (3) our general creditors (See Note 4). The market values of these investments at June 30, 2013 and June 30, 2012 were \$883,114 and \$783,384, respectively; they represent 20.5% and 35.4% of total investments at fair value, respectively. Prospect Capital Funding LLC (See Note 1), our wholly-owned subsidiary, holds an aggregate market value of \$883,114 and \$783,384 of these investments as of June 30, 2013 and June 30, 2012, respectively.
- (4) Security, or portion thereof, has a floating interest rate which may be subject to a LIBOR or PRIME floor. Stated interest rate was in effect at June 30, 2013 and June 30, 2012.
- Ellett Brothers, LLC., Evans Sports, Inc., Jerry's Sports, Inc., Simmons Gun Specialties, Inc., Bonitz Brothers, Inc.
- (5) and Outdoor Sports Headquarters, Inc., are joint borrowers on our second lien loan. United Sporting Companies, Inc., is a parent guarantor of this debt investment.
- During the quarter ended December 31, 2009, we created two new entities, Coalbed Inc. and Coalbed LLC, to foreclose on the outstanding senior secured loan and assigned rights and interests of Conquest Cherokee, LLC
- (6) ("Conquest"), as a result of the deterioration of Conquest's financial performance and inability to service debt payments. We own 1,000 shares of common stock in Coalbed Inc., representing 100% of the issued and outstanding common stock. Coalbed Inc., in turn owns 100% of the membership interest in Coalbed LLC.
- On October 21, 2009, Coalbed LLC foreclosed on the loan formerly made to Conquest. On January 19, 2010, as part of the Manx rollup, the Coalbed LLC assets and loan were assigned to Manx, the holding company. On June 30, 2012, Manx reassigned our investment in Coalbed to Wolf Energy Holdings, Inc. ("Wolf"), a newly-formed, separately owned holding company. Our Board of Directors set value at zero for the loan position in Coalbed LLC investment as
- of June 30, 2013 and June 30, 2012.
- (7) In addition to the stated returns, the net profits interest held will be realized upon sale of the borrower or a sale of the interests.
- During the quarter ended December 31, 2011, our ownership of Change Clean Energy Holdings, Inc. ("CCEHI") and Change Clean Energy, Inc. ("CCEI"), Freedom Marine Holding, Inc. ("Freedom Marine") and Yatesville Coal
- (8) Holdings, Inc. ("Yatesville") was transferred to Energy Solutions Holdings, Inc. (f/k/a Gas Solutions Holdings, Inc.) ("Energy Solutions") to consolidate all of our energy holdings under one management team. We own 100% of Energy Solutions.
- Entity was formed as a result of the debt restructuring of ESA Environmental Specialist, Inc. In early 2009, we foreclosed on the two loans on non-accrual status and purchased the underlying personal and real property. We
- (9) own 1,000 shares of common stock in The Healing Staff ("THS"), f/k/a Lisamarie Fallon, Inc. representing 100% ownership. We own 1,500 shares of Vets Securing America, Inc. ("VSA"), representing 100% ownership.

During the three months ended December 31, 2012, we determined that the impairment of Integrated Contract Services, Inc. ("ICS") was other-than-temporary and recorded a realized loss of \$12,198 for the amount that the amortized cost exceeded the fair market value. Our remaining investment in The Healing Staff ("THS"), an affiliate of ICS, was valued at zero as of June 30, 2013 and continues to provide staffing solutions for health care facilities and security staffing.

(10) Loan is with THS, an affiliate of ICS.

(11) Evanta Ventures, Inc. and Sports Leadership Institute, Inc. are joint borrowers on our investment.

On January 19, 2010, we modified the terms of our senior secured debt in AEH and Coalbed in conjunction with (12) the formation of Manx Energy, a new entity consisting of the assets of AEH, Coalbed and Kinley Exploration. The assets

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
CONSOLIDATED SCHEDULE OF INVESTMENTS (Continued)

June 30, 2013 and June 30, 2012

(in thousands, except share data)

of the three companies were brought under new common management. We funded \$2,800 at closing to Manx to provide for working capital. A portion of our loans to AEH and Coalbed was exchanged for Manx preferred equity, while our AEH equity interest was converted into Manx common stock. There was no change to fair value at the time of restructuring. On June 30, 2012, Manx reassigned our investments in Coalbed and AEH to Wolf, a newly-formed, separately owned holding company. We continue to fully reserve any income accrued for Manx. During the quarter ended June 30, 2013, we determined that the impairment of Manx was other-than-temporary and recorded a realized loss of \$9,397 for the amount that the amortized cost exceeded the fair market value. The Board of Directors set the fair value of our investment in Manx at \$346 as of June 30, 2013.

(13) On a fully diluted basis, represents 10.00% of voting common shares.

(14) A portion of the positions listed was issued by an affiliate of the portfolio company.

We own 99.9999% of AGC/PEP, LLC. AGC/PEP, LLC owns 2,037.65 out of a total of 83,818.69 shares (15) (including 5,111 vested and unvested management options) of American Gilsonite Holding Company which owns 100% of American Gilsonite Company.

(16) Syndicated investment which had been originated by another financial institution and broadly distributed. At June 30, 2012, Mistral Chip Holdings, LLC owns 44,800 shares of Chip Holdings, Inc. and Mistral Chip Holdings 2, LLC owns 11,975 shares in Chip Holdings, Inc. Chip Holdings, Inc. is the parent company of Shearer's Foods, Inc. and has 67,936 shares outstanding before adjusting for management options. On (17) November 7, 2012, we redeemed our membership interests in Mistral Chip Holdings, LLC, Mistral Chip Holdings 2, LLC and Mistral Chip Holdings 3, LLC in connection with the sale of Shearer's, receiving \$6,022 of net proceeds and realizing a gain of approximately \$2,027 on the redemption.

(18) The overriding royalty interests held receive payments at the stated rates based upon operations of the borrower.

On December 31, 2009, we sold our investment in Aylward Enterprises, LLC. AWCNC, LLC is the remaining (19) holding company with zero assets. Our remaining outstanding debt after the sale was written off on December 31, 2009 and no value has been assigned to the equity position as of June 30, 2013 and June 30, 2012.

(20) We own a warrant to purchase 3,755,000 shares of Series A Preferred Stock, 625,000 shares of Series B Preferred Stock, and 43,800 shares of Voting Common Stock in Boxercraft Incorporated.

(21) We own warrants to purchase 33,750 shares of common stock in Metal Buildings Holding Corporation ("Metal Buildings"), the former holding company of Borga, Inc. Metal Buildings Holding Corporation owned 100% of Borga, Inc.

On March 8, 2010, we foreclosed on the stock in Borga, Inc. that was held by Metal Buildings, obtaining 100% ownership of Borga, Inc.

Certain investments that we have determined are not "qualifying" assets under Section 55(a) of the 1940 Act.

(22) Under the 1940 Act, we may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of our total assets. We monitor the status of these assets on an ongoing basis.

On January 1, 2010, we restructured our senior secured and bridge loans investment in Iron Horse Coiled Tubing, Inc. ("Iron Horse") and we reorganized Iron Horse's management structure. The senior secured loan and bridge loan were replaced with three new tranches of senior secured debt. During the period from June 30, 2011 (23) to June 30, 2012, our fully diluted ownership of Iron Horse decreased from 57.8% to 5.0%, respectively, as we continued to transfer ownership interests to Iron Horse's management as they repaid our outstanding debt. Iron Horse management had an option to repurchase our remaining interest for \$2,040.

On July 24, 2012, we sold our 3,821 shares of Iron Horse Coiled Tubing, Inc. common stock in connection with the exercise of the equity buyout option, receiving \$2,040 of net proceeds and realizing a gain of approximately \$1,772 on the sale.

(24) On May 6, 2011, we made a secured first lien \$24,250 debt investment to NMMB Acquisition, Inc., a \$2,800 secured debt and \$4,400 equity investment to NMMB Holdings, Inc. We own 100% of the Series A Preferred

Stock in NMMB Holdings, Inc. NMMB Holdings, Inc. owns 100% of the Convertible Preferred in NMMB Acquisition, Inc. NMMB Acquisition, Inc. has a 5.8% dividend rate which is paid to NMMB Holdings, Inc. Our fully diluted ownership in NMMB Holdings, Inc. is 100% as of June 30, 2013 and June 30, 2012. Our fully diluted ownership in NMMB Acquisition, Inc. is 83.5% as of June 30, 2013 and June 30, 2012.

Undrawn committed revolvers incur commitment and unused fees ranging from 0.50% to 2.00%. As of June 30, (25) 2013 and June 30, 2012, we had \$202,518 and \$180,646 of undrawn revolver commitments to our portfolio companies, respectively.

Stated interest rates are based on June 30, 2013 and June 30, 2012 one month Libor rates plus applicable spreads (26) based on the respective credit agreements. Interest rates are subject to change based on actual elections by the borrower for a Libor rate contract or Base Rate contract when drawing on the revolver.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
CONSOLIDATED SCHEDULE OF INVESTMENTS (Continued)

June 30, 2013 and June 30, 2012

(in thousands, except share data)

- On July 30, 2010, we made a secured first lien \$30,000 debt investment to AIRMALL USA, Inc., a \$12,500 secured second lien to AMU Holdings, Inc., and acquired 100% of the Convertible Preferred Stock and Common (27) stock of AMU Holdings, Inc. Our Convertible Preferred Stock in AMU Holdings, Inc. has a 12.0% dividend rate which is paid from the dividends received from the underlying operating company, AIRMALL USA Inc. AMU Holdings, Inc. owns 100% of the common stock in AIRMALL USA, Inc.
- Progrexion Marketing, Inc., Progrexion Teleservices, Inc., Progrexion ASG, Inc. Progrexion IP, Inc. and (28) Efolks, LLC, are joint borrowers on our senior secured investment. Progrexion Holdings, Inc. and eFolks Holdings, Inc. are the guarantors of this debt investment.
- Our wholly-owned entity, First Tower Holdings of Delaware, LLC, owns 80.1% of First Tower Holdings LLC, (29) the operating company of First Tower, LLC.
- Southern Management Corporation, Thaxton Investment Corporation, Southern Finance of Tennessee, Inc., (30) Covington Credit of Texas, Inc., Covington Credit, Inc., Covington Credit of Alabama, Inc., Covington Credit of Georgia, Inc., Southern Finance of South Carolina, Inc. and Quick Credit Corporation, are joint borrowers on our senior secured investment. SouthernCo, Inc. is the guarantor of this debt investment.
- We own 2.8% (13,220 shares) of the Mineral Fusion Natural, LLC, a subsidiary of Caleel + Hayden, common and (31) preferred interest.
- Our wholly-owned entity, APH Property Holdings, LLC, owns 100% of the common equity of American (32) Property Holdings Corp., a REIT which holds investments in several real estate properties.
- (33) Our wholly-owned entity, CCPI Holdings, Inc. owns 95.13% of CCPI Inc., the operating company.
- Our wholly-owned entity, Credit Central Holdings of Delaware, LLC owns 74.8% of Credit Central (34) Holdings, LLC, which owns 100% of each of Credit Central, LLC, Credit Central South, LLC and Credit Central of Tennessee, LLC, the operating companies.
- Our wholly-owned entity, Valley Electric Holdings I, Inc. ("HoldCo"), owns 100% of Valley Electric Holdings, (35) II, Inc. ("Valley II"). Valley II owns 96.3% of Valley Electric Co. of Mt. Vernon, Inc. ("OpCo"), the operating company. Our debt investments are with both HoldCo and OpCo.
- Our wholly-owned entity, Nationwide Acceptance Holdings, LLC owns 93.8% of Nationwide Acceptance LLC, (36) the operating company.
- On April 15, 2013, assets previously held by H&M were assigned to Wolf in exchange for a \$66,000 term loan secured by the assets. The cost basis in this loan of \$44,632 was determined in accordance with ASC 310-40, Troubled Debt Restructurings by Creditors, and was equal to the fair value of assets at the time of transfer (37) resulting in a capital loss of \$19,647 in connection with the foreclosure on the assets. On May 17, 2013, Wolf sold the assets located in Martin County for \$66,000. Proceeds from the sale were primarily used to repay the loan and net profits interest receivable due to us resulting in a realized capital gain of \$11,826. We received \$3,960 of structuring and advisory fees from Wolf during the year ended June 30, 2013 related to the sale and \$991 under the net profits interest agreement which was recognized as other income during the fiscal year ended June 30, 2013.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(In thousands, except share and per share data)

Note 1. Organization

References herein to "we", "us" or "our" refer to Prospect Capital Corporation ("Prospect") and its subsidiary unless the context specifically requires otherwise.

We were organized on April 13, 2004 and were funded in an initial public offering ("IPO"), completed on July 27, 2004. We are a closed-end investment company that has filed an election to be treated as a Business Development Company ("BDC"), under the Investment Company Act of 1940 (the "1940 Act"). As a BDC, we have qualified and have elected to be treated as a regulated investment company ("RIC"), under Subchapter M of the Internal Revenue Code of 1986 (the "Internal Revenue Code"). We invest primarily in senior and subordinated debt and equity of companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes. On May 15, 2007, we formed a wholly-owned subsidiary, Prospect Capital Funding LLC ("PCF"), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the credit facility at PCF.

Note 2. Significant Accounting Policies

The following are significant accounting policies consistently applied by us:

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the requirements for reporting on Form 10-K and Regulation S-X. The financial results of our portfolio investments are not consolidated in the financial statements.

Reclassifications

Certain reclassifications have been made in the presentation of prior consolidated financial statements and accompanying notes to conform to the presentation as of and for the twelve months ended June 30, 2013.

Use of Estimates

The preparation of GAAP financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reported period. Changes in the economic environment, financial markets, creditworthiness of our portfolio companies and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

Basis of Consolidation

Under the 1940 Act rules, the regulations pursuant to Article 6 of Regulation S-X and the American Institute of Certified Public Accountants' Audit and Accounting Guide for Investment Companies, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services and benefits to us. Our consolidated financial statements include our accounts and the accounts of PCF, our only wholly-owned, closely-managed subsidiary that is also an investment company. All intercompany balances and transactions have been eliminated in consolidation.

Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. We classify our investments by level of control. As defined in the 1940 Act, control investments are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Affiliated investments and affiliated companies are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments in other, non-security financial instruments are recorded on the basis of subscription date or redemption date, as applicable. Amounts for investments recognized or derecognized but not yet settled are reported as receivables for investments sold and payables for investments purchased, respectively, in the Consolidated Statements of Assets and Liabilities.

Investment Risks

The Company's investments are subject to a variety of risks. Those risks include the following:

Market Risk

Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument.

Credit Risk

Credit risk represents the risk that the Company would incur if the counterparties failed to perform pursuant to the terms of their agreements with the Company.

Liquidity Risk

Liquidity risk represents the possibility that the Company may not be able to rapidly adjust the size of its positions in times of high volatility and financial stress at a reasonable price.

Interest Rate Risk

Interest rate risk represents a change in interest rates, which could result in an adverse change in the fair value of an interest-bearing financial instrument.

Prepayment Risk

Many of the Company's debt investments allow for prepayment of principal without penalty. Downward changes in interest rates may cause prepayments to occur at a faster than expected rate, thereby effectively shortening the maturity of the security and making the security less likely to be an income producing instrument.

Investment Valuation

To value our assets, we follow the guidance of ASC 820 that defines fair value, establishes a framework for measuring fair value in conformity with accounting principles generally accepted in the United States or America, or GAAP, and requires disclosures about fair value measurements.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by the Company at the measurement date.

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

ASC 820 applies to fair value measurements already required or permitted by other standards.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below:

- 1) Each portfolio company or investment is reviewed by our investment professionals with an independent valuation firm engaged by our Board of Directors;
- 2) the independent valuation firms conduct independent appraisals and make their own independent assessment;
- 3) the Audit Committee of our Board of Directors reviews and discusses the preliminary valuation of Prospect Capital Management LLC (the "Investment Adviser") and that of the independent valuation firms; and
- 4) the Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of the Investment Adviser, the respective independent valuation firm and the Audit Committee.

Investments are valued utilizing a shadow bond approach, a market approach, an income approach, a liquidation approach, or a combination of approaches, as appropriate. The shadow bond and market approaches use prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities (including a business). The income approach uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present value amount (discounted) calculated based on an appropriate discount rate. The measurement is based on the net present value indicated by current market expectations about those future amounts. In

following these approaches, the types of factors that we may take into account in fair value pricing our investments include, as relevant: available current market data, including relevant and applicable market trading and transaction comparables, applicable market yields and multiples, security covenants, call protection provisions, information rights, the nature and realizable value of any collateral, the portfolio company's ability to make payments, its earnings and discounted cash flows, the markets in which the portfolio company does business, comparisons of financial ratios of peer companies that are public, M&A comparables, the principal market and enterprise values, among other factors.

Our investments in CLOs are classified as ASC 820 level 3 securities, and are valued using a discounted cash flow model. The valuations have been accomplished through the analysis of the CLO deal structures to identify the risk exposures from the modeling point of view. For each security, the most appropriate valuation approach has been chosen from alternative approaches to ensure the most accurate valuation for each security. To value a CLO, both the assets and liabilities of the CLO capital structure need be modeled. We use a waterfall engine to store the collateral data, generate collateral cash flows from the assets, and distributes the cash flow to the liability structure based on the payment priorities, and discount them back using proper discount rates that incorporate all the risk factors. The main risk factors are: default risk, interest rate risk, downgrade risk, and credit spread risk.

For a discussion of the risks inherent in determining the value of securities for which readily available market values do not exist, see "Risk Factors—Risks relating to our business—Most of our portfolio investments are recorded at fair value as determined in good faith under the direction of our Board of Directors and, as a result, there is uncertainty as to the value of our portfolio investments."

Valuation of Other Financial Assets and Financial Liabilities

ASC Subtopic 820-10-05-1, The Fair Value Option for Financial Assets and Financial Liabilities ("ASC 820-10-05-1") permits an entity to elect fair value as the initial and subsequent measurement attribute for many of

assets and liabilities for which the fair value option has been elected and similar assets and liabilities measured using another measurement attribute. We have elected not to value some assets and liabilities at fair value as would be permitted by ASC 820-10-05-1.

F-42

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

Senior Convertible Notes

We have recorded the Senior Convertible Notes (See Note 5) at their contractual amounts. The Senior Convertible Notes were analyzed for any features that would require their accounting to be bifurcated and such features were determined to be immaterial.

Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Origination, closing and/or commitment fees associated with investments in portfolio companies are accreted into interest income over the respective terms of the applicable loans. Accretion of such purchase discounts or premiums is calculated by the effective interest method as of the purchase date and adjusted only for material amendments or prepayments. Upon the prepayment of a loan or debt security, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as interest income. The purchase discount for portfolio investments acquired from Patriot Capital Funding, Inc. ("Patriot") was determined based on the difference between par value and fair market value as of December 2, 2009, and continues to accrete until maturity or repayment of the respective loans.

Interest income from investments in the "equity" class of security of CLO Funds (typically income notes or subordinated notes) is recorded based upon an estimation of an effective yield to expected maturity utilizing assumed cash flows in accordance with ASC 325-40-35, Beneficial Interests in Securitized Financial Assets. We monitor the expected cash inflows from our CLO equity investments, including the expected residual payments, and the effective yield is determined and updated periodically.

Dividend income is recorded on the ex-dividend date.

Structuring fees and similar fees are recognized as income as earned, usually when paid. Structuring fees, excess deal deposits, net profits interests and overriding royalty interests are included in other income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will be collected in accordance with the terms of the investment. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment of collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's judgment, are likely to remain current.

Federal and State Income Taxes

We have elected to be treated as a regulated investment company and intend to continue to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual ordinary income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceed the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income as taxable income is earned using an annual effective excise tax rate. The annual effective excise tax rate is determined by dividing the estimated annual excise tax by the estimated annual

taxable income.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate applicable to

F-43

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

qualified dividend income to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Internal Revenue Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years reduced by an interest charge of 50% of such earnings and profits payable by us as an additional tax. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years. We follow ASC 740, Income Taxes ("ASC 740"). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. As of June 30, 2013 and for the year then ended, we did not have a liability for any unrecognized tax benefits. Management's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management's estimate of our earnings for the quarter. Net realized capital gains, if any, are distributed at least annually.

Financing Costs

We record origination expenses related to our credit facility and Senior Convertible Notes, Senior Unsecured Notes and Prospect Capital InterNotes® (collectively, our "Senior Notes"), as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method for our revolving credit facility and the effective interest method for our Senior Notes, over the respective expected life.

We record registration expenses related to shelf filings as prepaid assets. These expenses consist principally of Securities and Exchange Commission ("SEC") registration fees, legal fees and accounting fees incurred. These prepaid assets will be charged to capital upon the receipt of an equity offering proceeds or charged to expense if no offering completed.

Guarantees and Indemnification Agreements

We follow ASC 460, Guarantees ("ASC 460"). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

Per Share Information

Net increase or decrease in net assets resulting from operations per common share are calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, Financial Services—Investment Companies, convertible securities are not considered in the calculation of net assets per share.

Recent Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs ("ASU 2011-04"). ASU 2011-04 amends Accounting Standards Codification 820, Fair Value Measurements ("ASC 820") by: (1) clarifying that the

highest-and-best-use and valuation-premise concepts only apply to measuring the fair value of non-financial assets; (2) allowing a reporting entity to measure the fair value of the net asset or net liability position in a manner consistent with how market participants would price the net risk position, if certain criteria are met; (3) providing a framework for considering whether a premium or discount can be applied in a fair value measurement; (4) providing that the fair value of an instrument classified in a reporting entity's

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 2. Significant Accounting Policies (Continued)

shareholders' equity is estimated from the perspective of a market participant that holds the identical item as an asset; and (5) expanding the qualitative and quantitative fair value disclosure requirements. The expanded disclosures include, for Level 3 items, a description of the valuation process and a narrative description of the sensitivity of the fair value to changes in unobservable inputs and interrelationships between those inputs if a change in those inputs would result in a significantly different fair value measurement. ASU 2011-4 also requires disclosures about the highest-and-best-use of a non-financial asset when this use differs from the asset's current use and the reasons for such a difference. In addition, this ASU amends ASC 820, Fair Value Measurements, to require disclosures to include any transfers between Level 1 and Level 2 of the fair value hierarchy. These amendments were effective for fiscal years beginning after December 15, 2011 and for interim periods within those fiscal years. The adoption of the amended guidance in ASU 2011-04 did not have a significant effect on our financial statements. See Note 3 for the disclosure required by ASU 2011-04.

In August 2012, the FASB issued Accounting Standards Update 2012-03, Technical Amendments and Corrections to SEC Sections: Amendments to SEC Paragraphs Pursuant to SEC Staff Accounting Bulletin No. 114 ("SAB No. 114"), Technical Amendments Pursuant to SEC Release No. 33-9250, and Corrections Related to FASB Accounting Standards Update 2010-22 ("ASU 2012-03"). The update amends various SEC paragraphs pursuant to the issuance of SAB No. 114 and is effective upon issuance. The adoption of the amended guidance in ASU 2012-03 did not have a significant effect on our financial statements.

In October 2012, the FASB issued Accounting Standards Update 2012-04, Technical Corrections and Improvements ("ASU 2012-04"). The amendments in this update cover a wide range of Topics in the ASC. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The adoption of the amended guidance in ASU 2012-04 did not have a significant effect on our financial statements.

In June 2013, the FASB issued Accounting Standards Update 2013-08, Financial Services—Investment Companies (Topic 946)—Amendments to the Scope, Measurement, and Disclosure Requirements ("ASU 2013-08"). ASU 2013-08 clarifies the approach to be used for determining whether an entity is an investment company and provides new measurement and disclosure requirements. ASU 2013-08 is effective for interim and annual reporting periods in fiscal years that begin after December 15, 2013. Earlier application is prohibited. The adoption of ASU 2013-08 is not expected to materially effect on our financial statements.

Note 3. Portfolio Investments

At June 30, 2013, we had investments in 124 long-term portfolio investments, which had an amortized cost of \$4,255,778 and a fair value of \$4,172,852 and at June 30, 2012, we had investments in 85 long-term portfolio investments, which had an amortized cost of \$2,099,313 and a fair value of \$2,094,221.

As of June 30, 2013, we own controlling interests in AIRMALL USA, Inc. ("Airmall"), Ajax Rolled Ring & Machine, Inc., APH Property Holdings, LLC ("APH"), AWCNC, LLC, Borga, Inc. ("Borga"), CCPI Holdings, Inc., Credit Central Holdings of Delaware, LLC, Energy Solutions Holdings, Inc. (f/k/a Gas Solutions Holdings, Inc.) ("Energy Solutions"), First Tower Holdings of Delaware, LLC ("First Tower Delaware"), Manx Energy, Inc. ("Manx"), Nationwide Acceptance Holdings, LLC, NMMB Holdings, Inc., R-V Industries, Inc., The Healing Staff, Inc. ("THS"), Valley Electric Holdings I, Inc. and Wolf Energy Holdings, Inc. ("Wolf"). We also own an affiliated interest in BNN Holdings Corp. (f/k/a Biotronic NeuroNetwork), Boxercraft Incorporated and Smart, LLC. The composition of our investments and money market funds as of June 30, 2013 and June 30, 2012 at cost and fair value was as follows:

Total	\$2,094,092				

The significant unobservable inputs used in the market approach of fair value measurement of our investments are the market multiples of earnings before income tax, depreciation and amortization ("EBITDA") of the comparable guideline public companies. The independent valuation firm selects a population of public companies for each investment with similar operations and attributes of the subject company. Using these guideline public companies' data, a range of multiples of enterprise value to EBITDA is calculated. The independent valuation firm selects percentages from the range of multiples for purposes of determining the subject company's estimated enterprise value based on said multiple and generally the latest twelve months EBITDA of the subject company (or other meaningful measure). Significant increases or decreases in the multiple will result in an increase or decrease in enterprise value, resulting in an increase or decrease in the fair value estimate of the equity investment.

The significant unobservable input used in the income approach of fair value measurement of our investments is the discount rate used to discount the estimated future cash flows expected to be received from the underlying investment, which include both future principal and interest payments. Significant increases or decreases in the discount rate would result in a

F-50

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 3. Portfolio Investments (Continued)

decrease or increase in the fair value measurement. Included in the consideration and selection of discount rates are the following factors: risk of default, rating of the investment and comparable company investments, and call provisions.

Changes in market yields, discount rates or EBITDA multiples, each in isolation, may change the fair value of certain of our investments. Generally, an increase in market yields or discount rates or decrease in EBITDA multiples may result in a decrease in the fair value of certain of our investments.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of our investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that we may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we could realize significantly less than the value at which we have recorded it.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected in the valuations currently assigned.

During the year ended June 30, 2013, the valuation methodology for Airmall changed to incorporate the income method (discounted cash flow analysis) in addition to the market method (public comparable company analysis) used in previous quarters. Management adopted the income method to incorporate current financial projections in recognition of the time elapsed since the initial acquisition of the company in June 2010. As a result of this change and in recognition of recent improved company performance, we increased the fair value of our investment in Airmall to \$54,648 as of June 30, 2013, a premium of \$3,478 from its amortized cost, compared to the \$3,788 unrealized depreciation recorded at June 30, 2012.

During the year ended June 30, 2013, the valuation methodology for First Tower Delaware changed to incorporate the income method (discounted cash flow analysis) in addition to the market method (public comparable company analysis) used in previous quarters. Management adopted the income method in consideration of management forecasts not previously available. As a result of this change and in recognition of recent company performance and current market conditions we decreased the fair value of our investment in First Tower Delaware to \$298,084 as of June 30, 2013, a discount of \$13,869 to its amortized cost, compared to \$287,953 as of June 30, 2012, equal to its amortized cost at that time.

During the year ended June 30, 2013, the valuation methodology for ICON Health & Fitness, Inc. ("ICON") changed to incorporate an enterprise value waterfall analysis in place of a trading analysis in addition to the income method (discounted cash flow analysis) used in previous quarters. Management adopted the enterprise value waterfall analysis due to the impairment of the senior term loan, and removed the trading analysis due to lack of trading activity during the quarter. As a result of this change and in recognition of recent company performance and current market conditions, we decreased the fair value of our investment in ICON to \$33,929 as of June 30, 2013, a discount of \$9,381 to its amortized cost, compared to the \$261 unrealized depreciation recorded at June 30, 2012.

In December 2011, we completed a reorganization of Gas Solutions Holdings, Inc. renaming the company Energy Solutions and transferring ownership of other operating companies owned by us that operate within the energy industry. As part of the reorganization, our equity interests in Change Clean Energy Holdings, Inc. and Change Clean Energy, Inc., Freedom Marine Holdings, LLC, a subsidiary of Energy Solutions ("Freedom Marine") and Yatesville Coal Holdings, Inc., a subsidiary of Energy Solutions ("Yatesville"), were transferred to Energy Solutions to consolidate all of our energy holdings under one management team strategically expanding Energy Solutions across energy sectors.

On January 4, 2012, Energy Solutions sold its gas gathering and processing assets ("Gas Solutions") for a sale price of \$199,805, adjusted for the final working capital settlement, including a potential earnout of \$28,000 that will be paid based on the future performance of Gas Solutions. After expenses, including structuring fees of \$9,966 paid to us, Energy Solutions received approximately \$158,687 in cash. Currently, a loan to Energy Solutions remains outstanding and is collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solutions by Energy Solutions has resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us were required to be recognized as dividend income, in accordance with ASC 946, Financial Services—Investment Companies, as cash distributions are received from Energy Solutions, to the extent there are current year earnings and profits sufficient to support such recognition. During the year ended June 30, 2013, Energy Solutions repaid \$28,500 of senior and subordinated secured debt. We received \$19,543 of make-whole fees for early

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
 (in thousands, except share and per share data)

Note 3. Portfolio Investments (Continued)

repayment of the outstanding loan receivables, which was recorded as interest income during the year ended June 30, 2013. During the year ended June 30, 2013, we received distributions of \$53,820 from Energy Solutions which were recorded as dividend income. Energy Solutions continues to hold \$23,979 of cash for future investment and repayment of the remaining debt.

During the year ended June 30, 2013, we provided \$125,892 and \$26,648 of debt and equity financing, respectively, to APH for the acquisition of various industrial and multi-family residential real estate properties in Florida and Georgia. APH is a holding company that owns 100% of the common equity of American Property Holdings Corp. ("APHC"). APHC is a Maryland corporation and qualified REIT for federal income tax purposes. During the year ended June 30, 2013, we received \$4,511 of structuring fees related to our investments in APH which were recorded as other income. As of June 30, 2013, APHC's real estate portfolio was comprised of seven investments. The following table shows the mortgages outstanding due to other parties for each of the seven properties:

No.	Property Name	City	Date of Acquisition	Purchase Price	Mortgage Outstanding
1	146 Forest Parkway	Forest Park, GA	10/24/2012	\$ 7,400	\$—
2	Abbingtion Pointe	Marietta, GA	12/28/2012	23,500	15,275
3	Amberly Place	Tampa, FL	1/17/2013	63,400	39,600
4	Lofton Place	Tampa, FL	4/30/2013	26,000	16,965
5	Vista at Palma Sola	Bradenton, FL	4/30/2013	27,000	17,550
6	Arlington Park	Marietta, GA	5/8/2013	14,850	9,650
7	Arium Resort	Pembroke Pines, GA	6/24/2013	225,000	157,500

At June 30, 2013, eight loan investments were on non-accrual status: Borga, Freedom Marine, THS, formerly a subsidiary of Integrated Contract Services, Inc. ("ICS"), Manx, Stryker Energy, LLC ("Stryker"), Wind River Resources Corp. and Wind River II Corp. ("Wind River"), Wolf and Yatesville. At June 30, 2012, nine loan investments were on non-accrual status: Borga, Freedom Marine, H&M Oil and Gas, LLC ("H&M"), THS, formerly a subsidiary of ICS, Manx, Stryker, Wind River, Wolf and Yatesville. Principal balances of these loans amounted to \$106,395 and \$171,149 as of June 30, 2013 and June 30, 2012, respectively. The fair value of these loans amounted to \$13,810 and \$43,641 as of June 30, 2013 and June 30, 2012, respectively. The fair values of these investments represent approximately 0.5% and 2.9% of our net assets as of June 30, 2013 and June 30, 2012, respectively. For the years ended June 30, 2013, June 30, 2012 and June 30, 2011, the income foregone as a result of not accruing interest on non-accrual debt investments amounted to \$25,965, \$25,460 and \$18,535, respectively.

On December 3, 2010, we exercised our warrants in Miller Petroleum, Inc ("Miller") and received 2,013,814 shares of Miller common stock. On December 27, 2010, we sold 1,397,510 of these shares receiving \$3.95 of net proceeds per share, realizing a gain of \$5,415. On January 10, 2011, we sold the remaining 616,304 shares of Miller common stock receiving \$4.23 of net proceeds per share, realizing an additional gain of \$2,561. The total gain was \$7,976 on the sale of the Miller common stock.

On May 2, 2011, we sold our membership interests in Fischbein, LLC ("Fischbein") for \$12,396 of gross proceeds, \$1,479 of which is deferred revenue held in escrow, realizing a gain of \$9,893, and received a repayment on the loan that was outstanding. We subsequently made a \$3,334 senior secured second lien term loan and invested \$875 in the common equity of Fischbein with the new ownership group.

During the year ended June 30, 2012, Deb Shops, Inc. ("Deb Shops") filed for bankruptcy and a plan for reorganization was proposed. The plan was approved by the bankruptcy court and our debt position was eliminated with no payment to us. We determined that the impairment of Deb Shops was other-than-temporary on September 30,

2011 and recorded a realized loss of \$14,607 for the full amount of the amortized cost. The asset was completely written off when the plan of reorganization was approved.

On December 28, 2011, we made a secured debt investment of \$37,218 to support the recapitalization of NRG Manufacturing, Inc. ("NRG"). After the financing, we received repayment of the \$13,080 loan that was previously outstanding

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 3. Portfolio Investments (Continued)

and a dividend of \$6,711 as a result of our equity holdings. In addition, we sold 392 shares of NRG common stock held by us back to NRG for \$13,266, realizing a gain of \$12,131.

On February 2, 2012, NRG was sold to an outside buyer for \$123,258. In conjunction with the sale, the \$37,218 loan that was outstanding was repaid. We also received a \$26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the year ended June 30, 2012. Further, we received a \$3,800 advisory fee for the transaction, which was recorded as other income in the quarter ending March 31, 2012. After expenses, including the make whole and advisory fees discussed above, \$40,886 was available to be distributed to stockholders.

While our 408 shares of NRG common stock represented 67.1% of the ownership, we received net proceeds of \$25,991 as our contribution to the escrow amount was proportionately higher than the other shareholders. In connection with the sales, we recognized a realized gain of \$24,810 during the year ended June 30, 2012. In total, we received proceeds of \$93,977 at closing. In addition, there was \$11,125 being held in escrow of which 80% is due to us upon release of the escrowed amounts. During the year ended June 30, 2013, we received \$3,251 upon release of escrowed amounts for which we recognized a gain in the same amount. As of June 30, 2013, the fair value of the remaining escrow amounts was \$3,618. This will be recognized as a gain if and when received.

On February 5, 2013, we received a distribution of \$3,250 related to our investment in NRG, for which we realized a gain of the same amount. This was a partial release of the amount held in escrow.

On June 15, 2012, we acquired 80.1% of the businesses of First Tower LLC ("First Tower") for \$110,200 in cash and 14,518,207 unregistered shares of our common stock. Based on our share price of \$11.06 at the time of issuance, we acquired our 80.1% interest in First Tower for approximately \$270,771. As consideration for our investment, First Tower Holdings of Delaware, which is 100% owned by us, recorded a secured revolving credit facility to us of \$244,760 and equity of \$43,193. First Tower Delaware owns 80.1% of First Tower Holdings LLC, the holding company of First Tower. The assets of First Tower acquired include, among other things, the subsidiaries owned by First Tower, which hold finance receivables, leaseholds, and tangible property associated with First Tower's businesses. We received \$8,075 in structuring fee income as part of the acquisition.

In December 2012, we determined that the impairment of ICS was other-than-temporary and recorded a realized loss of \$12,198 for the amount that the amortized cost exceeded the fair market value. Our remaining investment in THS, an affiliate of ICS, was valued at zero as of June 30, 2013 and continues to provide staffing solutions for health care facilities and security staffing.

On March 28, 2013, we sold our investment in New Meatco Provisions, LLC for net proceeds of approximately \$1,965, recognizing a realized loss of \$10,814 on the sale.

On April 30, 2013, we sold our investment in Fischbein for net proceeds of \$3,168, recognizing a realized gain of \$2,293 on the sale. In addition, there is \$310 being held in escrow which will be recognized as additional gain if and when received.

On April 15, 2013, assets previously held by H&M were assigned to Wolf in exchange for a \$66,000 term loan secured by the assets. Our cost basis in this loan of \$44,632 was determined in accordance with ASC 310-40, Troubled Debt Restructurings by Creditors, and is equal to the fair value of assets at the time of transfer and we recorded a realized loss of \$19,647 in connection with the foreclosure on the assets. On May 17 2013, Wolf sold certain of the assets that had been previously held by H&M that were located in Martin County to Hibernia for \$66,000. Proceeds from the sale were primarily used to repay the loan and net profits interest receivable due to us and we recognized as a realized gain of \$11,826 partially offsetting the previously recorded loss. We received \$3,960 of structuring and advisory fees from Wolf during the year ended June 30, 2013 related to the sale and \$991 under the net profits interest agreement which was recognized as other income during the fiscal year ended June 30, 2013.

In June 2013, we determined that the impairment of Manx was other-than-temporary and recorded a realized loss of \$9,397 for the amount that the amortized cost exceeded the fair market value.

The original cost basis of debt placements and equity securities acquired, including follow-on investments for existing portfolio companies, totaled \$3,103,217, \$1,120,659 and \$953,337 during the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively. Debt repayments and proceeds from sales of equity securities of \$931,534, \$500,952 and \$285,862 were received during the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively.

F-53

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 3. Portfolio Investments (Continued)

During the year ended June 30, 2013, we recognized \$1,481 of interest income due to purchase discount accretion from the assets acquired from Patriot. Included in the \$1,481 recorded during the year ended June 30, 2013 is \$1,111 of normal accretion and \$370 of accelerated accretion resulting from the repayment of Hudson Products Holdings, Inc.

During the year ended June 30, 2012, we recognized \$6,613 of interest income due to purchase discount accretion from the assets acquired from Patriot. Included in the \$6,613 is \$3,083 of normal accretion and \$3,530 of accelerated accretion resulting from the repayment of Mac & Massey Holdings, LLC, Nupla Corporation, ROM Acquisition Corp and Sport Helmets Holdings, LLC.

During the year ended June 30, 2011, we recognized \$22,084 of interest income due to purchase discount accretion from the assets acquired from Patriot. Included in the \$22,084 is \$4,912 of normal accretion, \$12,035 of accelerated accretion resulting from the repayment of Impact Products, LLC, Label Corp Holdings Inc. and Prince Mineral Company, Inc., and \$4,968 of accelerated accretion resulting from the recapitalization of our debt investments in Arrowhead General Insurance Agency, Inc. ("Arrowhead"), The Copernicus Inc. ("Copernicus"), Fischbein and Northwestern Management Services, LLC ("Northwestern"). The restructured loans for Arrowhead, Copernicus, Fischbein and Northwestern were issued at market terms comparable other industry transactions. In accordance with ASC 320-20-35 the cost basis of the new loan was recorded at par value, which precipitated the acceleration of original purchase discount from the loan repayment which was recognized as interest income.

As of June 30, 2013, \$540 of purchase discount from the assets acquired from Patriot remains to be accreted as interest income, of which \$240 is expected to be amortized during the three months ending September 30, 2013. As of June 30, 2013, \$3,005,298 of our loans bear interest at floating rates, \$2,976,709 of which have Libor floors ranging from 1.00% to 5.89%.

Undrawn committed revolvers incur commitment fees ranging from 0.50% to 2.00%. As of June 30, 2013 and June 30, 2012, we had \$202,518 and \$180,646 of undrawn revolver commitments to our portfolio companies, respectively.

Note 4. Revolving Credit Agreements

On June 11, 2010, we closed an extension and expansion of our existing credit facility with a syndicate of lenders through PCF (the "2010 Facility"). The 2010 Facility, which had \$325,000 total commitments as of June 30, 2011, included an accordion feature which allowed the 2010 Facility to accept up to an aggregate total of \$400,000 of commitments, a limit which was met on September 1, 2011. Interest on borrowings under the 2010 Facility was one-month Libor plus 325 basis points, subject to a minimum Libor floor of 100 basis points. Additionally, the lenders charged a fee on the unused portion of the 2010 Facility equal to either 75 basis points if at least half of the credit facility was used or 100 basis points otherwise.

On March 27, 2012, we renegotiated the 2010 Facility and closed on an expanded five-year \$650,000 revolving credit facility (the "2012 Facility"). The lenders have extended commitments of \$552,500 under the 2012 Facility as of June 30, 2013. The 2012 Facility includes an accordion feature which allows commitments to be increased up to \$650,000 in the aggregate. The revolving period of the 2012 Facility extends through March 2015, with an additional two year amortization period (with distributions allowed) after the completion of the revolving period. During such two year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the two year amortization period, the remaining balance will become due, if required by the lenders.

The 2012 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2012 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2012 Facility. The 2012 Facility also requires the maintenance of a minimum liquidity requirement. At June 30, 2013, we were in compliance with the applicable covenants.

Interest on borrowings under the 2012 Facility is one-month Libor plus 275 basis points with no minimum Libor floor. Additionally, the lenders charge a fee on the unused portion of the 2012 Facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points otherwise. The 2012 Facility requires us to pledge assets as collateral in order to borrow under the credit facility. As of June 30, 2013 and June 30, 2012, we had \$473,508 and \$418,980, respectively, available to us for borrowing under our 2012 Facility, of which the amount outstanding was \$124,000 and \$96,000, respectively. As

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 4. Revolving Credit Agreement (Continued)

additional investments that are eligible are transferred to PCF and pledged under the 2012 Facility, PCF will generate additional availability up to the commitment amount of \$552,500. At June 30, 2013, the investments used as collateral for the 2012 Facility had an aggregate market value of \$833,310, which represents 31.37% of our net assets. These assets have been transferred to PCF, a bankruptcy remote special purpose entity, which owns these investments and as such, these investments are not available to our general creditors. PCF, a bankruptcy remote special purpose entity and our wholly-owned subsidiary, holds all of these investments at market value as of June 30, 2013. The release of any assets from PCF requires the approval of the facility agent.

In connection with the origination and amendments of the 2012 Facility, we incurred \$11,150 of fees, including \$1,319 of fees carried over from the previous facility, which are being amortized over the term of the facility in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$6,722 remains to be amortized. During the years ended June 30, 2013, June 30, 2012 and June 30, 2011, we recorded \$9,082, \$14,883 and \$8,507 of interest costs, unused fees and amortization of financing costs on our credit facility as interest expense, respectively.

Note 5. Senior Convertible Notes

On December 21, 2010, we issued \$150,000 in aggregate principal amount of our 6.25% senior convertible notes due 2015 ("2015 Notes") for net proceeds following underwriting expenses of approximately \$145,200. Interest on the 2015 Notes is paid semi-annually in arrears on June 15 and December 15, at a rate of 6.25% per year, commencing June 15, 2011. The 2015 Notes mature on December 15, 2015 unless converted earlier. The 2015 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 88.0902 and 88.1429 shares of common stock, respectively, per \$1 principal amount of 2015 Notes, which is equivalent to a conversion price of approximately \$11.35 per share of common stock, subject to adjustment in certain circumstances. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (December 21, 2012) and will next be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2015 Notes is increased if monthly cash dividends paid to common shares exceed the rate of \$0.101125 cents per share, subject to adjustment.

On February 18, 2011, we issued \$172,500 in aggregate principal amount of our 5.50% senior convertible notes due 2016 ("2016 Notes") for net proceeds following underwriting expenses of approximately \$167,325. Between January 30, 2012 and February 2, 2012, we repurchased \$5,000 of our 2016 Notes at a price of 97.5, including commissions. The transactions resulted in our recognizing \$10 of loss in the year ended June 30, 2012. Interest on the remaining \$167,500 of 2016 Notes is paid semi-annually in arrears on February 15 and August 15, at a rate of 5.50% per year, commencing August 15, 2011. The 2016 Notes mature on August 15, 2016 unless converted earlier. The 2016 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 78.3699 and 78.5395 shares, respectively, of common stock per \$1 principal amount of 2016 Notes, which is equivalent to a conversion price of approximately \$12.73 per share of common stock, subject to adjustment in certain circumstances. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (February 14, 2012) and will next be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2016 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.101150 per share.

On April 16, 2012, we issued \$130,000 in aggregate principal amount of our 5.375% senior convertible notes due 2017 ("2017 Notes") for net proceeds following underwriting expenses of approximately \$126,035. Interest on the 2017 Notes is paid semi-annually in arrears on October 15 and April 15, at a rate of 5.375% per year, commencing October 15, 2012. The 2017 Notes mature on October 15, 2017 unless converted earlier. The 2017 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 85.8442 and 86.1162 shares of common stock, respectively, per \$1 principal amount of 2017 Notes, which is equivalent to a conversion price of approximately \$11.61 per share of common stock, subject to adjustment in certain circumstances. The conversion price in effect at June 30, 2013 was last calculated on the anniversary of the issuance (April 16, 2012)

and will next be adjusted on the next anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2017 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.10150 per share.

On August 14, 2012, we issued \$200,000 in aggregate principal amount of our 5.75% senior convertible notes due 2018 ("2018 Notes") for net proceeds following underwriting expenses of approximately \$193,600. Interest on the 2018 Notes is paid semi-annually in arrears on March 15 and September 15, at a rate of 5.75% per year, commencing March 15, 2013. The 2018 Notes mature on March 15, 2018 unless converted earlier. The 2018 Notes are convertible into shares of common stock at an

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 5. Senior Convertible Notes (Continued)

initial conversion rate and conversion rate at June 30, 2013 of 82.3451 shares of common stock per \$1 principal amount of 2018 Notes, which is equivalent to a conversion price of approximately \$12.07 per share of common stock, subject to adjustment in certain circumstances. The conversion price has not been adjusted since the issuance (August 14, 2012) and will next be adjusted on the first anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2018 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.101600 per share.

On December 21, 2012, we issued \$200,000 in aggregate principal amount of 5.875% senior convertible notes due 2019 (the "2019 Notes") for net proceeds following underwriting and other expenses of approximately \$193,600. Interest on the 2019 Notes is paid semi-annually in arrears on January 15 and July 15, at a rate of 5.875% per year, commencing July 15, 2013. The 2019 Notes mature on January 15, 2019 unless converted earlier. The 2019 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at June 30, 2013 of 79.7766 shares of common stock per \$1 principal amount of 2019 Notes, which is equivalent to a conversion price of approximately \$12.54 per share of common stock, subject to adjustment in certain circumstances. The conversion price has not been adjusted since the issuance (December 21, 2012) and will next be adjusted on the first anniversary, unless the exercise price shall have changed by more than 1% before the anniversary. The conversion rate for the 2019 Notes is increased when monthly cash dividends paid to common shares exceed the monthly dividend rate of \$0.110025 per share.

In no event will the total number of shares of common stock issuable upon conversion exceed 96.8992 per \$1 principal amount of the 2015 Notes (the "conversion rate cap"), except that, to the extent we receive written guidance or a no-action letter from the staff of the Securities and Exchange Commission (the "Guidance") permitting us to adjust the conversion rate in certain instances without regard to the conversion rate cap and to make the 2015 Notes convertible into certain reference property in accordance with certain reclassifications, business combinations, asset sales and corporate events by us without regard to the conversion rate cap, we will make such adjustments without regard to the conversion rate cap and will also, to the extent that we make any such adjustment without regard to the conversion rate cap pursuant to the Guidance, adjust the conversion rate cap accordingly. We will use our commercially reasonable efforts to obtain such Guidance as promptly as practicable.

Prior to obtaining the Guidance, we will not engage in certain transactions that would result in an adjustment to the conversion rate increasing the conversion rate beyond what it would have been in the absence of such transaction unless we have engaged in a reverse stock split or share combination transaction such that in our reasonable best estimation, the conversion rate following the adjustment for such transaction will not be any closer to the conversion rate cap than it would have been in the absence of such transaction.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the Notes surrendered for conversion representing accrued and unpaid interest to, but not including the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the 2015 Notes and 2016 Notes (collectively, "Senior Convertible Notes").

No holder of Senior Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Notes upon a fundamental change at a price equal to 100% of the principal amount of the Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Senior Convertible Notes through and including the maturity date.

In connection with the issuance of the Senior Convertible Notes, we incurred \$27,032 of fees which are being amortized over the terms of the notes in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$20,254

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY

(in thousands, except share and per share data)

Note 5. Senior Convertible Notes (Continued)

remains to be amortized and is included within deferred financing costs on the consolidated statements of assets and liabilities as of June 30, 2013.

During the years ended June 30, 2013, June 30, 2012 and June 30, 2011, we recorded \$45,878, \$22,197 and \$9,090 of interest costs and amortization of financing costs on the Senior Convertible Notes as interest expense.

Note 6. Senior Unsecured Notes

On May 1, 2012, we issued \$100,000 in aggregate principal amount of 6.95% senior unsecured notes due 2022 for proceeds net of offering expenses of \$97,000 (the "2022 Notes"). Interest on the 2022 Notes is paid quarterly in arrears on August 15, November 15, February 15 and May 15, at a rate of 6.95% per year, commencing on August 15, 2012. The 2022 Notes mature on November 15, 2022. These notes will be our direct unsecured obligations and rank equally with all of our unsecured senior indebtedness from time to time outstanding.

On March 15, 2013, we issued \$250,000 in aggregate principal amount of 5.875% senior unsecured notes due 2023 (the "2023 Notes") for net proceeds following underwriting and other expenses of approximately \$245,885. Interest on the 2023 Notes is paid semi-annually. The 2023 Notes mature on March 15, 2023. These notes will be our direct unsecured obligations and rank equally with all of our unsecured senior indebtedness from time to time outstanding. In connection with the issuance of the 2022 Notes and 2023 Notes (collectively the "Senior Unsecured Notes"), we incurred \$7,480 of fees which are being amortized over the term of the notes in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$7,114 remains to be amortized and is included within deferred financing costs on the consolidated statements of assets and liabilities.

During the years ended June 30, 2013 and June 30, 2012, we recorded \$11,672 and \$1,178 of interest costs and amortization of financing costs on the Senior Unsecured Notes as interest expense, respectively.

Note 7. Prospect Capital InterNotes®

On February 16, 2012, we entered into a Selling Agent Agreement (the "Selling Agent Agreement") with Incapital LLC, as purchasing agent for our issuance and sale from time to time of up to \$500,000 of Prospect Capital InterNotes® (the "InterNotes® Offering"), which was subsequently increased to \$1,000,000. Additional agents appointed by us from time to time in connection with the InterNotes Offering may become parties to the Selling Agent Agreement.

These notes are direct unsecured senior obligations and will rank equally with all of our unsecured senior indebtedness outstanding. Each series of notes will be issued by a separate trust. These notes bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance.

During the year ended June 30, 2013, we issued \$343,139 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of approximately \$334,243. These notes were issued with stated interest rates ranging from 3.28% to 6.63% with a weighted average rate of 5.59%. These notes mature between July 15, 2019 and June 15, 2043.

Note 7. Prospect Capital InterNotes® (Continued)

In connection with the issuance of the Prospect Capital InterNotes®, we incurred \$10,598 of fees which are being amortized over the term of the notes in accordance with ASC 470-50, Debt Modifications and Extinguishments, of which \$10,248 remains to be amortized and is included within deferred financing costs on the consolidated statements of assets and liabilities.

During the years ended June 30, 2013 and June 30, 2012, we recorded \$9,707 and \$276 of interest costs and amortization of financing costs on the Prospect Capital InterNotes® as interest expense, respectively.

Note 8. Financial Instruments Disclosed, But Not Carried, At Fair Value

The fair values of our financial liabilities disclosed, but not carried, at fair value as of June 30, 2013 disaggregated into the three levels of the ASC 820 valuation hierarchy are as follows:

	Fair Value Hierarchy			Total
	Level 1	Level 2	Level 3	
Credit facility payable(1)	\$—	\$ 124,000	\$—	\$ 124,000
Senior convertible notes(2)	—	886,210	—	886,210
Senior unsecured notes(2)	101,800	242,013	—	343,813
Prospect Capital InterNotes®(3)	—	336,055	—	336,055
Total	\$ 101,800	\$ 1,588,278	\$—	\$ 1,690,078

(1) The carrying value of our credit facility payable approximates the fair value.

(2) We use available market quotes to estimate the fair value of the Senior Convertible Notes and Senior Unsecured Notes.

(3) The fair value of our Prospect Capital InterNotes® is estimated by discounting remaining payments using estimated current market rates.

The fair values of our financial liabilities disclosed, but not carried, at fair value as of June 30, 2012 disaggregated into the three levels of the ASC 820 valuation hierarchy are as follows:

	Fair Value Hierarchy			Total
	Level 1	Level 2	Level 3	
Credit facility payable(1)	\$—	\$ 96,000	\$—	\$ 96,000
Senior convertible notes(2)	—	456,671	—	456,671
Senior unsecured notes(2)	99,560	—	—	99,560
Prospect Capital InterNotes®(3)	—	20,280	—	20,280
Total	\$ 99,560	\$ 572,951	\$—	\$ 672,511

(1) The carrying value of our credit facility payable approximates the fair value.

(2) We use available market quotes to estimate the fair value of the Senior Convertible Notes and Senior Unsecured Notes.

(3) The fair value of our Prospect Capital InterNotes® is estimated by discounting remaining payments using estimated current market rates.

Note 9. Equity Offerings, Offering Expenses, and Distributions

We issued 106,752,517 and 30,970,696 shares of our common stock during the years ended June 30, 2013 and June 30, 2012, respectively. The proceeds raised, the related underwriting fees, the offering expenses and the prices at which these shares were issued are as follows:

(1) On June 1, 2012, we established an at-the-market program through which we may sell, from time to time and at our sole discretion 9,500,000 shares of our common stock. Through this program we issued 5,199,764 shares of our common stock at an average price of \$11.38 per share, raising \$59,170 of gross proceeds, from June 12, 2012 through July 12, 2012.

(2) On September 10, 2012, we established an at-the-market program through which we may sell, from time to time and at our sole discretion 9,750,000 shares of our common stock. Through this program we issued 8,010,357 shares of our common stock at an average price of \$11.81 per share, raising \$94,610 of gross proceeds, from September 13, 2012 through October 9, 2012.

(3) On December 13, 2012, December 28, 2012 and December 31, 2012, we issued 467,928, 897,906 and 4,141,547 shares of our common stock, respectively, in conjunction with investments in controlled portfolio companies.

(4) On December 21, 2012, we established an at-the-market program through which we may sell, from time to time and at our sole discretion 17,500,000 shares of our common stock. Through this program we issued 10,248,051 shares of our common stock at an average price of \$11.25 per share, raising \$115,315 of gross proceeds.

(5) On February 11, 2013, we established an at-the-market program through which we may sell, from time to time and at our sole discretion 45,000,000 shares of our common stock. Through this program we issued 17,230,253 shares of our common stock at an average price of \$11.14 per share, raising \$191,897 of gross proceeds.

(6) On May 8, 2013, we established an at-the-market program through which we may sell, from time to time and at our sole discretion 45,000,000 shares of our common stock. Through this program we issued 4,359,200 shares of our common stock at an average price of \$10.90 per share, raising \$47,532 of gross proceeds.

(7) On June 15, 2012, we completed the acquisition of the businesses of First Tower. We acquired 80.1% of First Tower's businesses for \$110,200 in cash and 14,518,207 unregistered shares of our common stock.

Our shareholders' equity accounts at June 30, 2013 and June 30, 2012 reflect cumulative shares issued as of those respective dates. Our common stock has been issued through public offerings, a registered direct offering, the exercise

of over-allotment options on the part of the underwriters and our dividend reinvestment plan. When our common stock is issued, the related offering expenses have been charged against paid-in capital in excess of par. All underwriting fees and offering expenses were borne by us.

On August 24, 2011, our Board of Directors approved a share repurchase plan under which we may repurchase up to \$100,000 of our common stock at prices below our net asset value. We have not made any purchases of our common stock

F-60

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
 (in thousands, except share and per share data)

Note 9. Equity Offerings, Offering Expenses, and Distributions (Continued)

during the period from August 24, 2011 to June 30, 2013 pursuant to this plan. Prior to any repurchase we are required to notify shareholders of our intention to purchase our common stock. This notice lasts for six months after notice is given. The last notice was more than six months ago, therefore notice would be necessary before such repurchase could be effected.

On October 29, 2012, our Registration Statement on Form N-2 was declared effective by the SEC. Under this Shelf Registration Statement, as of June 30, 2013 we can issue up to \$1,743,217 of additional debt and equity securities in the public market.

On May 6, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110125 per share for May 2013 to holders of record on May 31, 2013 with a payment date of June 20, 2013;
 \$0.110150 per share for June 2013 to holders of record on June 28, 2013 with a payment date of July 18, 2013;
 \$0.110175 per share for July 2013 to holders of record on July 31, 2013 with a payment date of August 22, 2013; and
 \$0.110200 per share for August 2013 to holders of record on August 30, 2013 with a payment date of September 19, 2013.

On June 17, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110225 per share for September 2013 to holders of record on September 30, 2013 with a payment date of October 24, 2013;
 \$0.110250 per share for October 2013 to holders of record on October 31, 2013 with a payment date of November 21, 2013;
 \$0.110275 per share for November 2013 to holders of record on November 29, 2013 with a payment date of December 19, 2013; and
 \$0.110300 per share for December 2013 to holders of record on December 31, 2013 with a payment date of January 23, 2014.

During the years ended June 30, 2013 and June 30, 2012, we issued 1,450,578 and 1,056,484 shares, respectively, of our common stock in connection with the dividend reinvestment plan.

At June 30 2013, we have reserved 70,246,258 shares of our common stock for issuance upon conversion of the Senior Convertible Notes (See Note 5).

Note 10. Other Investment Income

Other investment income consists of structuring fees, overriding royalty interests, revenue receipts related to net profit interests, deal deposits, administrative agent fee, and other miscellaneous and sundry cash receipts. Income from such sources was \$58,176, \$36,493 and \$19,930 for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively.

Income Source	For The Year Ended		
	June 30, 2013	June 30, 2012	June 30, 2011
Structuring, advisory and amendment fees (Note 3)	\$ 53,708	\$ 35,976	\$ 19,589
Overriding royalty interests	4,122	224	154
Administrative agent fee	346	293	187
Other Investment Income	\$ 58,176	\$ 36,493	\$ 19,930

Note 11. Net Increase in Net Assets per Common Share

The following information sets forth the computation of net increase in net assets resulting from operations per common share for the years ended June 30, 2013, 2012 and 2011, respectively.

	For The Year Ended		
	June 30, 2013	June 30, 2012	June 30, 2011
Net increase in net assets resulting from operations	\$ 220,856	\$ 190,904	\$ 118,238
Weighted average common shares outstanding	207,069,971	114,394,554	85,978,757
Net increase in net assets resulting from operations per common share	\$ 1.07	\$ 1.67	\$ 1.38

Note 12. Related Party Agreements and Transactions

Investment Advisory Agreement

We have entered into an investment advisory and management agreement with Prospect Capital Management (the "Investment Advisory Agreement") under which the Investment Adviser, subject to the overall supervision of our Board of Directors, manages the day-to-day operations of, and provides investment advisory services to, us. Under the terms of the Investment Advisory Agreement, the Investment Adviser: (i) determines the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes, (ii) identifies, evaluates and negotiates the structure of the investments we make (including performing due diligence on our prospective portfolio companies); and (iii) closes and monitors investments we make.

Prospect Capital Management's services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to us are not impaired. For providing these services the Investment Adviser receives a fee from us, consisting of two components: a base management fee and an incentive fee. The base management fee is calculated at an annual rate of 2.00% on our gross assets (including amounts borrowed). For services currently rendered under the Investment Advisory Agreement, the base management fee is payable quarterly in arrears. The base management fee is calculated based on the average value of our gross assets at the end of the two most recently completed calendar quarters and appropriately adjusted for any share issuances or repurchases during the current calendar quarter.

The total base management fees earned by and paid to Prospect Capital Management for the years ended June 30, 2013, June 30, 2012 and June 30, 2011 were \$69,800, \$35,836 and \$22,496, respectively.

The incentive fee has two parts. The first part, the income incentive fee, is calculated and payable quarterly in arrears based on our pre-incentive fee net investment income for the immediately preceding calendar quarter. For this purpose, pre-incentive fee net investment income means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees and other fees that we receive from portfolio companies) accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under the Administration Agreement described below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment in kind interest and zero coupon securities), accrued income that we have not yet received in cash. Pre-incentive fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Pre-incentive fee net investment income, expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter, is compared to a "hurdle rate" of 1.75% per quarter (7.00% annualized).

The net investment income used to calculate this part of the incentive fee is also included in the amount of the gross assets used to calculate the 2.00% base management fee. We pay the Investment Adviser an income incentive fee with respect to our pre-incentive fee net investment income in each calendar quarter as follows:

no incentive fee in any calendar quarter in which our pre-incentive fee net investment income does not exceed the hurdle rate;

F-62

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 12. Related Party Agreements and Transactions (Continued)

100.00% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate); and 20.00% of the amount of our pre-incentive fee net investment income, if any, that exceeds 125.00% of the quarterly hurdle rate in any calendar quarter (8.75% annualized assuming a 7.00% annualized hurdle rate).

These calculations are appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

The second part of the incentive fee, the capital gains incentive fee, is determined and payable in arrears as of the end of each calendar year (or upon termination of the Investment Advisory Agreement, as of the termination date), and equals 20.00% of our realized capital gains for the calendar year, if any, computed net of all realized capital losses and unrealized capital depreciation at the end of such year. In determining the capital gains incentive fee payable to the Investment Adviser, we calculate the aggregate realized capital gains, aggregate realized capital losses and aggregate unrealized capital depreciation, as applicable, with respect to each investment that has been in its portfolio. For the purpose of this calculation, an "investment" is defined as the total of all rights and claims which maybe asserted against a portfolio company arising from our participation in the debt, equity, and other financial instruments issued by that company. Aggregate realized capital gains, if any, equal the sum of the differences between the aggregate net sales price of each investment and the aggregate cost basis of such investment when sold or otherwise disposed.

Aggregate realized capital losses equal the sum of the amounts by which the aggregate net sales price of each investment is less than the aggregate cost basis of such investment when sold or otherwise disposed. Aggregate unrealized capital depreciation equals the sum of the differences, if negative, between the aggregate valuation of each investment and the aggregate cost basis of such investment as of the applicable calendar year-end. At the end of the applicable calendar year, the amount of capital gains that serves as the basis for our calculation of the capital gains incentive fee involves netting aggregate realized capital gains against aggregate realized capital losses on a since-inception basis and then reducing this amount by the aggregate unrealized capital depreciation. If this number is positive, then the capital gains incentive fee payable is equal to 20.00% of such amount, less the aggregate amount of any capital gains incentive fees paid since inception.

Income incentive fees totaling \$81,231, \$46,671 and \$23,555 were earned for the years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively. No capital gains incentive fees were earned for years ended June 30, 2013, June 30, 2012 and June 30, 2011, respectively.

Administration Agreement

We have also entered into an Administration Agreement with Prospect Administration, LLC ("Prospect Administration") under which Prospect Administration, among other things, provides (or arranges for the provision of) administrative services and facilities for us. For providing these services, we reimburse Prospect Administration for our allocable portion of overhead incurred by Prospect Administration in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of our chief financial officer and chief compliance officer and his staff. For the years ended June 30, 2013, 2012 and 2011, the reimbursement was approximately \$8,737, \$6,848 and \$4,979, respectively. Under this agreement, Prospect Administration furnishes us with office facilities, equipment and clerical, bookkeeping and record keeping services at such facilities. Prospect Administration also performs, or oversees the performance of, our required administrative services, which include, among other things, being responsible for the financial records that we are required to maintain and preparing reports to our stockholders and reports filed with the SEC. In addition, Prospect Administration assists us in determining and publishing our net asset value, overseeing the preparation and filing of our tax returns and the printing and dissemination of reports to our stockholders, and generally oversees the payment of our expenses and the performance of administrative and professional services rendered to us by others. Under the Administration Agreement, Prospect

Administration also provides on our behalf managerial assistance to those portfolio companies to which we are required to provide such assistance. The Administration Agreement may be terminated by either party without penalty upon 60 days' written notice to the other party. Prospect Administration is a wholly owned subsidiary of the Investment Adviser.

The Administration Agreement provides that, absent willful misfeasance, bad faith or negligence in the performance of its duties or by reason of the reckless disregard of its duties and obligations, Prospect Administration and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with it are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 12. Related Party Agreements and Transactions (Continued)

reasonably paid in settlement) arising from the rendering of Prospect Administration's services under the Administration Agreement or otherwise as administrator for us.

Managerial Assistance

As a business development company, we offer, and must provide upon request, managerial assistance to certain of our portfolio companies. This assistance could involve, among other things, monitoring the operations of our portfolio companies, participating in board and management meetings, consulting with and advising officers of portfolio companies and providing other organizational and financial guidance. As of June 30, 2013 and June 30, 2012, \$1,291 and \$165 of managerial assistance fees remain on the consolidated statements of assets and liabilities as a payable to the Administrator for reimbursement of its cost in providing such assistance.

Note 13. Litigation

From time to time, we may become involved in various investigations, claims and legal proceedings that arise in the ordinary course of our business. These matters may relate to intellectual property, employment, tax, regulation, contract or other matters. The resolution of these matters as they arise will be subject to various uncertainties and, even if such claims are without merit, could result in the expenditure of significant financial and managerial resources. We are not aware of any such material litigation as of the date of this report.

Note 16. Subsequent Events

During the period from July 1, 2013 to October 11, 2013, we issued \$115,110 in aggregate principal amount of our Prospect Capital InterNotes® for net proceeds of \$112,713.

During the period from July 1, 2013 to August 21, 2013, we sold 9,818,907 shares of our common stock at an average price of \$10.97 per share, and raised \$107,725 of gross proceeds, under the ATM Program. Net proceeds were \$106,822 after commissions to the broker-dealer on shares sold and offering costs.

On August 23, 2013, we entered into an ATM Program with BMO Capital Markets, Goldman, Sachs & Co., RBC Capital Markets and KeyBank through which we could sell, by means of at-the-market offerings from time to time, of up to 45,000,000 shares of our common stock. During the period from August 26, 2013 to October 11, 2013 (with settlements August 29, 2013 through October 16, 2013), we sold 17,444,710 shares of our common stock at an average price of \$11.26 per share, and raised \$196,513 of gross proceeds, under the ATM Program. Net Proceeds were \$194,579 after commissions to BMO Capital Markets, Goldman, Sachs & Co., RBC Capital Markets and KeyBank on shares sold.

On July 1, 2013, Pre-Paid Legal Services, Inc. repaid the \$5,000 loan receivable to us.

On July 9, 2013, Southern Management Corporation repaid the \$17,565 loan receivable to us.

On July 12, 2013, we provided \$11,000 of secured second lien financing to Water PIK, Inc., a leader in developing innovative personal and oral healthcare products.

On July 23, 2013, we made a \$2,000 investment in Carolina Beverage Group, LLC ("Carolina Beverage"), a contract beverage manufacturer.

On July 24, 2013, we sold our \$2,000 investment in Carolina Beverage and realized a gain of \$45 on this investment.

On July 26, 2013, we made a \$2,000 follow-on senior secured debt investment in Spartan Energy Services, LLC, a leading provider of thru tubing and flow control services to oil and gas companies.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 16. Subsequent Events (Continued)

On July 26, 2013, we made a \$20,000 follow-on secured second lien investment in Royal Adhesives & Sealants, LLC ("Royal"), a leading producer of proprietary, high-performance adhesives and sealants.

On July 31, 2013, we made a \$5,100 follow-on investment in Coverall North America, Inc., a leading franchiser of commercial cleaning businesses.

On July 31, 2013, Royal repaid the \$28,364 subordinated unsecured loan receivable to us.

On July 31, 2013, Cargo Airport Services USA, LLC repaid the \$43,399 loan receivable to us.

On August 1, 2013, Medical Security Card Company, LLC repaid the \$13,214 loan receivable to us.

On August 2, 2013, we made an investment of \$44,100 to purchase 90% of the subordinated notes in CIFC Funding 2013-III, Ltd.

On August 2, 2013, we funded a recapitalization of CP Energy Services, Inc. ("CP Energy") with \$81,273 of debt and \$12,741 of equity financing. Through the recapitalization, we acquired a controlling interest in CP Energy for \$73,009 in cash and 1,918,342 unregistered shares of our common stock. After the financing, we received repayment of the \$18,991 loan previously outstanding.

On August 12, 2013, we provided \$80,000 in senior secured loans and a senior secured revolving loan facility, of which \$70,000 was funded at closing, for the recapitalization of Matrixx Initiatives, Inc., owner of Zicam, a leading developer and marketer of OTC cold remedy products under the Zicam brand.

On August 14, 2013, we announced the revised conversion rate on the 2018 Notes of 82.8631 shares of common stock per \$1 principal amount of 2018 Notes, which is equivalent to a conversion price of approximately \$12.07.

On August 15, 2013, we announced an increase of \$15,000 to our commitments to our credit facility. The commitments to the credit facility now stand at \$567,500.

On August 15, 2013, we made a \$14,000 follow-on investment in Totes Isotoner Corporation, a leading designer, distributor and retailer of high quality, branded functional accessories.

On August 21, 2013, we announced the declaration of monthly dividends in the following amounts and with the following dates:

\$0.110325 per share for January 2014 to holders of record on January 31, 2014 with a payment date of February 20, 2014;

\$0.110350 per share for February 2014 to holders of record on February 28, 2014 with a payment date of March 20, 2014; and

\$0.110375 per share for March 2014 to holders of record on March 31, 2014 with a payment date of April 17, 2014.

On August 30, 2013, we made a \$16,000 follow-on investment in System One Holdings, LLC, a leading provider of professional staffing services.

On September 5, 2013, we provided \$50,000 of floating rate senior secured financing to a leading payments processor.

On September 10, 2013, we made a \$12,500 first lien secured investment in Photonis SAS, a world leader in the development, manufacture and sale of electro-optic components for the detection and intensification of very faint light sources.

On September 11, 2013, Seaton Corp. repaid the \$13,310 loan receivable to us.

On September 12, 2013, we provided a \$75,000 floating-rate senior secured term loan to support the recapitalization of American Broadband Communications, LLC, a leading provider of voice, video, and high-speed internet services.

On September 13, 2013, we made an investment of \$36,515 to purchase 83.56% of the subordinated notes in Apidos CLO XV, Ltd.

PROSPECT CAPITAL CORPORATION AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share and per share data)

Note 16. Subsequent Events (Continued)

On September 19, 2013, we provided \$47,985 of combined senior secured floating rate debt and equity to support the recapitalization of Mity Enterprises, Inc., a leading designer, manufacturer and seller of multipurpose room furniture and specialty healthcare seating products.

On September 25, 2013, we made a \$12,000 senior secured investment in NCP Finance, a lender to short term loan providers in the alternative financial services industry.

On September 25, 2013, we received payment of \$5,000 in settlement of a lawsuit related to the loan to Integrated Contract Services, Inc., which was previously written off.

On September 30, 2013, we made an investment of \$22,575 to purchase 51.02% of the subordinated notes in Galaxy XVI CLO, Ltd.

On September 30, 2013, we sold our investment in ADAPCO, Inc. for net proceeds of \$553, recognizing a realized gain of \$413 on the sale.

On September 30, 2013, we made an \$18,818 follow-on investment in JHH Holdings, Inc., a leading provider of home healthcare services in Texas.

On October 1, 2013, we made a \$2,600 follow-on investment in AIRMALL USA, Inc., a leading developer and manager of airport retail operations.

On October 7, 2013, Evanta Ventures, Inc. repaid the \$10,506 loan receivable to us.

On October 11, 2013, we made a \$5,846 follow-on senior debt and equity investment in CP Energy Services, Inc., an energy services company based in western Oklahoma.

On October 11, 2013, we provided \$25,000 in preferred equity for the recapitalization of Ajax Rolled Ring & Machine, Inc. After the financing, we received repayment of the \$20,009 loan previously outstanding.
