To Our Shareholders:

You are cordially invited to attend the 2003 Annual Meeting of Shareholders. The meeting will be held on Thursday, May 15, 2003, at the Elley-Long Music Center at St. Michael's College, 223 Ethan Allen Drive, Colchester, Vermont 05446. As the meeting will begin promptly at 10:00 a.m., please plan to arrive earlier.

Directions to the Elley-Long Music Center at St. Michael's College: From I-89 Northbound, take Exit 15, turn right at the end of the ramp onto Route 15. Go past St. Michael's College and Vermont National Guard Base. At next light, turn left into Fort Ethan Allen. Take 2nd right onto Ethan Allen Avenue. The Center is on your left. There is no Exit 15 Southbound off I-89, so you should take Exit 14 East, follow ramp onto Williston Road, then take the ramp to rejoin I-89 North, take Exit 15 and proceed as above.

The proxy, which follows this letter, gives you the opportunity to cast your vote for the election of two Class II members to the Board: Merrill O. Burns and Christopher L. Dutton.

Directors and Officers are expected to be available before and after the meeting to speak with you. During the meeting, we will answer your questions

Edgar Filing: GREEN MOUNTAIN POWER CORP - Form DEF 14A

regarding our business affairs and will consider the matters explained in the notice and proxy statement that follows.

Please fill in your vote, sign and return the enclosed proxy as soon as possible, whether or not you plan to attend the meeting. Your vote is important.

Thank you for your continued interest in and support of Green Mountain Power Corporation.

Sincerely,

/s/ Nordahl L. Brue

PROXY STATEMENT

GREEN MOUNTAIN POWER CORPORATION
163 Acorn Lane
Colchester, Vermont 05446

ANNUAL MEETING OF SHAREHOLDERS
May 15, 2003

March 28, 2003

PROXY AND SOLICITATION

The accompanying proxy is solicited on behalf of the Board of Directors of Green Mountain Power Corporation (the "Company" or "GMP") for use at the Annual Meeting of Shareholders of the Company to be held on Thursday, May 15, 2003, and at any and all adjournments thereof. This proxy statement and the accompanying form of proxy are being sent to the shareholders on or about March 28, 2003.

The cost of soliciting proxies by the Board of Directors will be borne by the Company, including the charges and expenses of brokers and others for sending proxy materials to beneficial owners of Common Stock. In addition to the use of the mails, proxies may be solicited by personal interview, by telephone, by facsimile, by telegraph, or by certain of the Company's employees, without compensation therefor. The Company has retained Mellon Investor Services LLC to assist in the solicitation of proxies at an estimated cost of \$5,500, plus reimbursement of reasonable out-of-pocket expenses.

Shareholders who execute proxies retain the right to revoke them by notifying the Corporate Secretary by mail at the above address or in person at the Annual Meeting before they are voted. A proxy in the accompanying form, when it is returned properly executed, will be voted at the Annual Meeting in accordance with the instructions given, and if no instructions are given, the proxy will be voted in accordance with the recommendation of the Board of Directors.

STOCK OUTSTANDING AND VOTING RIGHTS

On March 20, 2003, the record date for the Annual Meeting, the Company had 4,961,957 outstanding shares of Common Stock, which is the only class of stock entitled to vote at the Annual Meeting. Each holder of record of Common Stock on the record date is entitled to one vote for each share of Common Stock so held.

The affirmative vote of a plurality of the shares represented at the Annual Meeting is required for the election of Class II Directors. Abstentions and broker non-votes will not be counted as votes For or Against.

The shares of Common Stock represented by each properly executed proxy will be voted at the Annual Meeting in accordance with the instructions given. If no instructions are given and the proxy is executed, the shares will be voted FOR the election of all of the nominees as directors. The Board of Directors knows of no other matters for consideration at the meeting. If any other matters are properly presented, the persons appointed in the enclosed proxy have discretionary authority to vote in accordance with their best judgment.

BOARD COMPENSATION, MEETINGS, and COMMITTEES

Compensation

Non-employee Directors receive an annual fee of \$12,500. In addition to the annual fee, the Chair of the Board receives an annual fee of \$30,000. In addition to the annual fee, the Chairs of the Governance and Compensation Committees each receive an annual fee of \$3,000 and the Chair of the Audit Committee receives an annual fee of \$5,000. Directors also receive \$1,000 for each Board, committee or other meeting attended in person, \$850 for a committee meeting held on the same day as a Board meeting, or one-half the regular fee paid for each meeting attended by telephone. We reimburse directors for reasonable expenses related to their Board service. Directors may defer all or part of their annual fee and meeting fees under the Directors Deferred Compensation Plan. Deferred amounts earn interest and the Director may determine at the time of the deferral, or in limited instances thereafter, when the funds

Edgar Filing: GREEN MOUNTAIN POWER CORP - Form DEF 14A

are to be paid.

In August 2000, non-employee Directors were each awarded options to purchase 2,000 shares of the Company's Common Stock at an exercise price of \$7.90 per share, vesting over a two-year period beginning August 22, 2000. Non-employee Directors were not awarded any options during 2001. In February 2002, non-employee Directors were each awarded options to purchase 2,000 shares of the Company's Common Stock at an exercise price of \$18.33 per share, vesting over a two-year period beginning February 1, 2003, with the exception of Elizabeth A. Bankowski, who was elected to the Board in May 2002. Ms. Bankowski was awarded options to purchase 2,000 shares of the Company's Common Stock at an exercise price of \$18.95 per share, vesting over a two-year period beginning May 16, 2003.

Board Meetings

In 2002, the Board held eight regular and three special meetings. Each Director attended not less than 75 percent of his or her Board and committee meetings.

Board Committees

The current standing committees of the Board are:

The Executive Committee exercises all the powers of the Board in the management of the current and ordinary business of the Company, except as otherwise provided by law. The Executive Committee held one meeting during 2002. Members: Christopher L. Dutton, Chair, Nordahl L. Brue, William H. Bruett and David R. Coates.

The Audit Committee advises the Board on internal and external audit matters affecting the Company, including accounting policies and financial reporting matters and recommendations of the appointment of independent auditors of the Company. The Audit Committee reviews with such auditors the scope and results of their examination of the Company's financial statements. It also reviews the scope of internal audits and receives, reviews and takes action deemed appropriate with respect to audit reports submitted and other audit matters. In addition, the Audit Committee reviews the presentation of the Company's financial results. It also reviews the Company's systems of internal controls designed to improve the reliability of financial reporting and compliance with applicable laws and regulations. The Audit Committee held nine meetings in 2002. All members are independent directors, as defined in the rules of the New York Stock Exchange, the exchange on

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee (the "Committee") of the Board is comprised only of non-employee Directors. The Committee is responsible for:

9

- * recommending executive compensation plans to the Board;
- * administering executive compensation plans as authorized by the Board;
- * recommending compensation levels for the Officers of the Company, including the Chief Executive Officer;
- * administering the 2000 Stock Incentive Plan for all employees as authorized by the Board; and
- * considering all executive compensation issues and recommending such issues to the Board for approval.

This is the report of the Committee describing the Compensation Program and the basis upon which the 2002 compensation determinations were made. During 2000, the 2000 Stock Incentive Plan was approved by shareholders and Green Mountain Power Corporation stock options were granted. We believe that the 2000 Stock Incentive Plan is consistent with creating value for customers and shareholders, successfully attracting and retaining employees, and rewarding appropriate employees for creating such value.

Compensation Philosophy

It is our philosophy that executive compensation should be competitive in the marketplace, promote the strategic objectives of the Company and be aligned with corporate performance. Total cash compensation for executives should compare favorably with organizations competing for similar talent. The compensation arrangement for Officers is designed to meet these objectives.

Base Salary

Base salaries are intended to provide a competitive rate of fixed compensation. Base salary levels are assessed annually by Watson Wyatt by compiling and analyzing salary information from various survey sources, including the Watson Wyatt 2002/2003 Top Management Industry Survey Report, the Towers Perrin 2001 Executive Compensation Energy Services Survey, and the William Mercer 2002 Executive Compensation Survey. We select companies from the surveys which are of similar size or have other operating characteristics similar to the Company. We believe these companies are representative of the Company's main competition for executive talent. In addition to the published survey sources, Watson Wyatt gathers data from a designated peer group to provide a closer review of Vermont companies and utilities of similar size and scope. Consequently, the compensation survey groups include companies that are different from the companies in the Edison Electric Institute 100 and the S&P 500 Composite Index used for the Performance Graph.

In December 2002, the Compensation Committee recommended and the Board approved base salary adjustments for the Chief Executive Officer and five other officers of the Company, effective January 2003. Salary adjustments for the Chief Executive Officer and five other officers were based upon market levels of

Edgar Filing: GREEN MOUNTAIN POWER CORP - Form DEF 14A

base salary compensation and other performance criteria, including the first mortgage bond credit rating upgrades received by the Company, attainment of the Company's allowed rate of return on equity on regulated operations, improvement in a number of customer service related performance measurements, and the performance of the Company's Common Stock during 2002. Also in December 2002, the Compensation Committee, in light of the excellent financial and operating performance of the Company, elected to award cash bonuses to the Executive Officers of the Company, as indicated in the executive compensation table above.

The 2000 Stock Incentive Plan

In September 2002, the Compensation Committee approved awards for the entire employee population of the Company, excluding Officers and Directors, and any newly hired employees who had previously received awards during 2002. As of December 31, 2002, the Company had 365,800 incentive stock options outstanding out of the original 500,000 authorized for the 2000 Stock Incentive Plan.

The purpose of the 2000 Stock Incentive Plan is to promote the interests of the Company and its shareholders by aiding the Company in attracting and retaining employees, officers, consultants, independent contractors and non-employee Directors capable of contributing to the future success of the Company, to offer such persons incentives to put forth maximum efforts for the success of the Company and to afford such persons an additional opportunity to acquire a proprietary interest in the Company.

Conclusion

We believe the Company's executive compensation program appropriately aligns executive compensation with individual and corporate performance and increases in shareholder value, is competitive with the market and is sensitive to the concerns of customers, shareholders and other constituencies.

PENSION PLAN INFORMATION AND OTHER BENEFITS

Pension Plan Information

All employees are covered by the Employees' Retirement Plan of Green Mountain Power Corporation the ("Retirement Plan") if they have been employed for more than one year. The Retirement Plan is a defined benefit plan providing for normal retirement at age 65. Provided that a participant has at least ten years of continuous service, early retirement may be taken beginning the first day of any month following the attainment of age 55. If retirement occurs prior to age 59, benefits are reduced as shown in the table below:

Age at Retirement	Reduction of Benefits
-----	-----
58	7.5%
57	15.0
56	22.5
55	30.0

For employees with at least five but less than ten years of continuous service who commence benefits before age 65, benefits are actuarially reduced. If retirement occurs after age 59 and completion of at least 10 years of continuous service, the full accrued benefit is payable.

Retirement benefits are based on final average base compensation and length of service. Final average base compensation is the average of the compensation (limited to base salary for Officers, as shown in the Salary column of the Summary Compensation Table for the Officers named in this proxy statement, and straight-time payroll wages for other employees) for the highest 36 consecutive fiscal months out of the final ten years of employment. The normal retirement benefit is equal to 1.1% of the final average compensation up to the covered compensation amount plus 1.6% of final average base compensation over covered compensation multiplied by each year of credited service up to 35 years. Retirement benefits are not subject to any deductions for Social Security or other offset amounts.

The following table shows the estimated annual pension benefit payable pursuant to the Retirement Plan to all covered employees, including the Officers named in this proxy statement, for the average compensation and years of service indicated. It assumes retirement at age 65 and an election of a retirement allowance payable as a life annuity. The retirement benefits in connection with the separate life insurance plan referred to below are in addition to those described in the table.

Credited years of service (including service credited with other companies), as of December 31, 2002, for each of the Officers named in this proxy statement were as follows: C. L. Dutton 16.8 years; M.G. Powell 2.8 years; S.C. Terry 15.8 years; W. S. Oakes 35 years; and D. J. Rendall, Jr. 0 years.

** Compensation cap was \$170,000 for 2000 and 2001, and \$200,000 for 2002.

Supplemental Retirement Plan

In addition to the Retirement Plan described above, all the Officers, including the Officers named in this proxy statement, participate in a Supplemental Retirement Plan. The plan provides retirement and survivor's benefits for a period of fifteen years following retirement. The benefits are a percentage of the Officer's final salary:

- 44% for the most senior Officer;
- 33% for the next most senior Officers; and
- 22% for the third most senior Officers.

The retirement benefits are partially covered by the life insurance coverage that we have obtained (see below). The cost of this plan cannot be properly allocated or determined for any one plan participant because of the overall retirement plan assumptions. We are recording the estimated cost of the supplemental retirement plan benefits on a current basis and the income from the life insurance coverage as it is earned.

Life Insurance Plan

The Officers participate in a related life insurance plan. Under this plan, we have purchased insurance on the lives of the Officers to provide pre-retirement life insurance benefits to them in an amount equal to four times salary for the most senior Officer, three times salary for the next most senior Officers, and two times salary for the third most senior Officers. The life insurance benefits are designed so that the Company does not expect to incur any significant net expense in providing the pre-retirement insurance plan. The life insurance policies also are intended to cover in part the supplemental retirement benefits described above.

Deferred Compensation Plan

Officers may participate in a Deferred Compensation Plan under which they may elect to defer a portion of their salaries. Amounts deferred are credited to a separate account for each participant. The balance in a participant's account, plus accrued interest, will be paid to him or her, or to his or her beneficiary according to their election form.

2000 Stock Incentive Plan

The 2000 Stock Incentive Plan provides for the grant of stock options and

Edgar Filing: GREEN MOUNTAIN POWER CORP - Form DEF 14A

other stock-based compensation to employees, Officers and Directors. The Compensation Committee administers the 2000 Stock Incentive Plan and determines when and to whom awards will be granted and the type, amount, terms of payment and other terms and conditions of each award, consistent with the provisions of the 2000 Stock Incentive Plan. As of December 31, 2002, there were approximately 200 employees, Officers and Directors who were eligible to be selected by the Compensation Committee to receive an award under the 2000 Stock Incentive Plan.

Change of Control Agreements

Change of Control agreements have been executed with six members of management, including the Officers named in this proxy statement. If within three years following a change of control of the Company, the Officer's employment is involuntarily terminated without cause or is voluntarily terminated by the Officer with good reason, the agreements provide affected individuals with:

- * Payments of 2.99 times the base salary of the individual;
- * Continuation for 36 months of health, medical and other insurance programs;
- * Payment of an amount equal to the actuarial value of up to 36 months of additional credited service under the Retirement Plan;
- * Full vesting and payment in a lump sum of any Supplemental Retirement benefits that the individual is otherwise entitled to upon termination; and
- * All Options and Stock Appreciation Rights outstanding shall become fully vested and exercisable.

13

As defined in the agreements, "change of control of the Company" will have occurred when:

- * A person secures ownership of 20% or more of the voting power of the outstanding stock of the Company;
- * A change occurs in the majority of the Board for two consecutive years, which has not been approved by the Directors in office at the beginning of the period; or
- * Shareholders approve a merger or consolidation of the Company with another company where the outstanding voting stock of the Company does not continue to represent at least 80% of the combined voting power of the Company or the surviving company.

Individuals may terminate employment following a change in control "with good reason" if:

- * The individual is assigned duties inconsistent with the duties before the change in control;
- * The headquarters are relocated more than 50 miles from the present location;
- * The individual is required to relocate more than 50 miles from the present location;
- * Compensation or benefits are reduced or adversely affected other than as part of an overall adjustment of executive compensation or benefits;
- * The Company fails to obtain an agreement from its successor to perform under the change of control agreements;
- * The Company fails to offer the individual any compensation plan provided to other executives of similar responsibility;
- * The Company eliminates or materially reduces or jeopardizes the ability of the Company to fulfill its obligations under certain executive benefit

Edgar Filing: GREEN MOUNTAIN POWER CORP - Form DEF 14A

plans; or

- * The executive resigns within the 30 days immediately after the first 12 months following a change of control, or if the change of control occurs pursuant to shareholder approval of a merger or consolidation as described above, then the resignation must occur within the 30 days immediately after the first 12 months following the closing of such merger or consolidation.

The Board has limited discretion to determine whether a change of control of the Company has taken place.

AUDIT COMMITTEE REPORT

The Audit Committee is composed of five independent directors and operates under a written charter adopted by the Board. The Audit Committee recommends to the Board the selection of the Company's independent accountants. Management is responsible for the Company's disclosure controls, internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes and to report thereon to the Board. In this context, the Audit Committee has met and held discussions with management and Deloitte & Touche LLP, the Company's independent accountants.

Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles and the Audit Committee has reviewed and discussed the consolidated financial statements with management and Deloitte & Touche.

The Audit Committee has discussed with Deloitte & Touche the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Accounting Standards), including the scope of the auditor's responsibilities.

The Audit Committee also has received the written disclosures and the letter from Deloitte & Touche relating to the independence of that firm and has discussed with Deloitte & Touche that firm's independence from the Company.

14

Based upon the Audit Committee's discussions with management and Deloitte & Touche and the Audit Committee's review of the representation of management and the report of Deloitte & Touche to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2002, to be filed with the Securities and Exchange Commission.

The Audit Committee reviews with management and the independent accountants the results of the independent accountant's review of the unaudited financial statements that are included in the Company's quarterly reports on Form 10-Q. Effective February 7, 2003, a written policy was adopted whereby the Audit Committee preapproves the performance of any significant non-audit services by the Company's independent accountants in addition to reviewing the fees charged by the Company's independent accountants. During the fiscal year ended December 31, 2002, Deloitte & Touche billed the Company the fees set forth below in connection with services rendered by that firm to the Company.

Edgar Filing: GREEN MOUNTAIN POWER CORP - Form DEF 14A

The Audit Committee meets regularly with both the independent external auditors and the accounting firm and individuals responsible for the internal audit function, all of whom have unrestricted access to the Audit Committee. These meetings include an executive session without management present. The Audit Committee believes that it has taken the actions it deems necessary or appropriate to fulfill its oversight responsibilities under the Audit Committee's written charter. Audit Committee members are independent based on the applicable definitions promulgated in the Securities and Exchange Commission rules, and have not accepted any consulting or advisory fees from the Company.

Change in Certifying Accountant

On June 27, 2002, based upon the recommendation of the Audit Committee and approved by the Board, the Company terminated the engagement of Arthur Andersen LLP and retained Deloitte & Touche as its independent public accountants with respect to the audit of the Company's consolidated financial statements for its fiscal year ending December 31, 2002.

Arthur Andersen's report on the Company's consolidated financial statements for the year ended December 31, 2001, did not contain an adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

During each of the years ended December 31, 2001 and 2000, and during the subsequent interim period preceding the replacement of Arthur Andersen, there were no disagreements between the Company and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter of the disagreement in connection with its report on the Company's consolidated financial statements for such periods.

The Company provided Arthur Andersen with a copy of the above disclosures, which were set forth in the Company's current report on Form 8-K filed with the SEC on June 28, 2002. Arthur Andersen's letter, dated June 28, 2002, stating its agreement with the above statements was filed as an exhibit to the Form 8-K.

During the Company's fiscal years ended December 31, 2000 and 2001, and during the subsequent interim period preceding the replacement of Arthur Andersen on June 27, 2002, the Company did not consult with Deloitte & Touche regarding the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements.

15

Audit Fees

Aggregate fees billed by Arthur Andersen LLP and Deloitte & Touche for the Company's annual audit and for the reviews of the Company's quarterly financial statements totaled \$60,662 and \$70,000, respectively, for the year ended December 31, 2002.

Financial Information Systems Design and Implementation Fees

For the fiscal year ended December 31, 2002, there were no fees paid to Deloitte & Touche or Arthur Andersen LLP for professional services rendered in connection with financial information systems design and implementation.

All Other Fees

Edgar Filing: GREEN MOUNTAIN POWER CORP - Form DEF 14A

Aggregate fees billed by Deloitte & Touche and Arthur Andersen LLP for other services rendered, other than the services described above under "Audit Fees," totaled \$ 46,361 and \$6,050, respectively, for the year ended December 31, 2002, all of which related to tax services.

The Audit Committee has considered whether the provision of the services discussed above, other than the services described above under "Audit Fees" and "Financial Information Systems Design and Implementation Fees," by the Company's principal external auditor is compatible with maintaining auditor independence.
