Board Meetings and Committees

Independent Directors

Our Board of Directors has adopted a Corporate Governance Committee Charter, a copy of which is available at our website at www.sunopta.com, under the link Investor Relations, Corporate Governance . Under the Company s Corporate Governance Committee Charter, which adopts the current standards for independence in accordance with the Nasdaq listing standards and the Securities and Exchange Commission rules, a majority of the members of the Board of Directors must be independent as determined by the Board of Directors.

National Policy 58-201 *Corporate Governance Guidelines* of the Canadian Securities Administrators recommends that boards of directors of reporting issuers be composed of a majority of independent directors. A director is considered independent only where the board determines that the director has no "material relationship" with the Company. Director independence of each of the current directors is determined by the Board of Directors with reference to the requirements as set forth by Canadian securities regulators in National Instrument 52-110 - *Audit Committees of the Canadian Securities Administrators*, the rules of the TSX, Nasdaq and SEC rules and regulations (collectively, the Rules and Regulations).

With five of the directors proposed to be nominated considered independent, the Board of Directors is composed of a majority of independent directors. The independent directors are Cyril Ing, Katrina Houde, Douglas Greene, Victor Hepburn and Jay Amato. Three proposed directors have material relations with the Company and are therefore not independent. Each of Mr. Jeremy Kendall, Chairman, Mr. Steve Bromley, President and CEO and Mr. Allan Routh, President of the SunOpta Grains and Foods Group is considered to have a material relation with the Company by virtue of his executive officer position with the Company. The Board has determined that Ms. Houde and Mr. Ing, Mr. Greene, Mr. Hepburn and Mr. Amato are each independent directors within the meaning of the Rules and Regulations.

The Company presently has three Committees (1) Audit Committee; (2) Corporate Governance Committee which also serves as the Nominating Committee; and (3) Compensation Committee. The Board has appointed individuals from its members to serve on these Committees. The membership of these three Committees is composed entirely of independent directors. Four Directors attended the Company's annual meeting of shareholder for the previous fiscal year. During 2008, the Board of Directors held five regularly scheduled meetings and nine special telephonic meetings. All board members attended at least 75% of the meetings of the Board and Committees in which they served. We encourage our directors to attend shareholder meetings. Additionally, all current members of our Audit Committee, Compensation Committee and Corporate Governance Committee are independent.

Audit Committee

The following three independent directors are the current members of the Audit Committee: Victor Hepburn (Chairman), Cyril Ing and Katrina Houde. All three members are financially literate. Our Board of Directors has determined that Victor Hepburn is an audit committee financial expert. On September 25, 2008 Steven Townsend (Chairman) and James Rifenbergh resigned from this Committee and the Board of Directors.

The Audit Committee's duties and responsibilities are documented in a formal Audit Committee Charter, a copy of which is available at our website at www.sunopta.com, under the link: Investors Relations, Corporate Governance. These duties include (a) providing oversight of the financial reporting process and management's responsibility for the integrity, accuracy and objectivity of financial reports and related financial reporting practices; (b) recommending to the Board of Directors the appointment of the Company's auditors; (c) providing oversight of the adequacy of the Company's system of internal and related disclosure controls; and (d) providing oversight of management practices relating to ethical considerations and business conduct, including compliance with laws and regulations. The Audit Committee meets a minimum of four times a year, once to review the Form 10-K and annual Audited Consolidated Financial Statements and before each quarter's earnings are filed to review interim financial statements and Form 10-Q which is filed with the SEC in the U.S. and the Ontario Securities Commission as the Company's principal regulator in Canada. Other meetings may be held at the discretion of the Chair of the Audit Committee. The Audit Committee has free and unfettered access to Deloitte & Touche LLP, the Company's auditors and also meets and has direct access to the Company's internal counsel and external legal advisors.

During 2008 the Audit Committee maintained a company wide whistle-blower policy related to reporting of concerns in accounting or internal controls. This policy gives all employees of the Company the option of using a hot line administered by a third party which is independent of management or direct access to the Chair of the Audit Committee or in-house legal counsel for concerns dealing with accounting practices, internal controls or other matters affecting the Company's well being. The Audit Committee met formally thirteen times during 2008. In addition, several telephonic meetings were held during the year for administrative matters connected to the responsibilities of this Committee.

Corporate Governance Committee and Nominating Committee

The following three independent Directors are the current members of the Corporate Governance Committee: Jay Amato (Chairman), Douglas Greene, and Victor Hepburn. On September 25, 2008 James Rifenbergh and Steven Townsend resigned from this Committee and the Board of Directors. On November 24, 2008 Robert Fetherstonough

also resigned from the Committee and the Board of Directors.

The Company and the Corporate Governance Committee have developed a set of formal Corporate Governance Policies that are monitored on an ongoing basis to ensure that the Company is in compliance with its Corporate Governance Policies.

The Corporate Governance Committee has a charter, a copy of which is available at our website www.sunopta.com, under the link: Investor Relations, Corporate Governance . The Corporate Governance Committee, in its capacity as the Nominating Committee, concerns itself with the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors. The Nominating Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, stockholders or external sources and all self-nominated candidates. The Nominating Committee uses the same criteria for evaluating candidates nominated by stockholders and self-nominated candidates as it does for those proposed by other Board members, management and search companies. To be considered for membership on the Board, the Nominating Committee will consider certain necessary criteria that a candidate should meet, which would include the following: (a) be of proven integrity with a record of substantial achievement, (b) have demonstrated ability and sound judgment that usually will be based on broad experience but, particularly, industry experience; (c) be able and willing to devote the required amount of time to the Company's affairs, including attendance at Board and Committee meetings; (d) possess a judicious and critical temperament that will enable objective appraisal of management's plans and programs; and (e) be committed to building sound, long-term Company growth. Evaluation of candidates occurs on the basis of materials submitted by or on behalf of the candidate. If a candidate continues to be of interest, additional information about her/him is obtained through inquiries to various sources and, if warranted, interviews.

A stockholder may recommend a person as a nominee for director by writing to the Secretary of the Company. Recommendations must be received by November 1, 2009 in order for a candidate to be considered for election at the 2010 annual meeting of shareholders. Each notice of nomination should contain the following information: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as a director of the Company if so elected.

The Corporate Governance Committee met formally five times during 2008. In addition, several telephonic meetings were held during the year for administrative matters connected to the responsibilities of this Committee.

Executive Compensation

Compensation Discussion and Analysis

Overview and Philosophy

The Compensation Committee of the Board of Directors is responsible for making recommendations concerning salaries and incentive compensation for employees, including the CEO and other executive officers, and administering the Amended and Restated 2002 Stock Option Plan and the Employee Stock Purchase Plan. The Compensation Committee consists entirely of non-employee directors, within the meaning of Rule 16b-3 issued by the SEC, and outside directors within the meaning of Section 162(m) of the Internal Revenue Code. At the end of fiscal 2008, and following the resignation of James Rifenberg and Steven Townsend, the Compensation Committee consisted of Cyril Ing (Chairman), Douglas Greene and Katrina Houde.

Executive officers assess and recommend compensation levels based on third party data, changes in responsibility, internal equity and the individual's overall contribution to the Company's success. These recommendations are submitted to the Compensation Committee for decision and final approval.

This report addresses our compensation policies for the fiscal year ended December 31, 2008 as they affected the CEO and the other executive officers. The objectives of our executive compensation program are to:

- attract and retain key executive officers critical to our long-term success;
- align the executive officers' interests with the interests of stockholders;
- promote an ownership mentality among key leadership and the Board of Directors;
- enhance the overall performance of the Company; and
- recognize and reward individual performance and responsibility.

Compensation Program

Our executive compensation program generally consists of base salary, cash incentive compensation (bonuses) and long-term incentive compensation in the form of stock options and restricted stock grants. Executive officers also participate in benefit programs that are generally available to all our employees, including medical benefits, the Employee Stock Purchase Plan and the retirement savings plan (RRSP or 401K).

All compensation decisions are determined following a review of many factors that we believe are relevant, including third-party data, our achievements over the past year, the individual's contributions to our success, any significant changes in role or responsibility and the internal equity of compensation relationships.

In general, we intend that the overall total compensation opportunities provided to the executive officers should reflect competitive compensation for executive officers with corresponding responsibilities in comparable firms providing similar products and services. To the extent determined to be appropriate, we also consider general economic conditions, our financial performance, including corporate net income, return on equity and return on net assets, and individual merit in setting compensation policies for our executive officers.

We regularly assess, with the assistance of outside compensation consultants including OCG, Mercer and Towers Perrin, the competitiveness of our total compensation program, including base salaries, annual cash incentives and long-term stock-based incentives. Data for external comparisons are drawn from a number of sources, including the publicly available disclosures of selected comparable firms with similar products and national compensation surveys of companies of similar size or industry.

For the fiscal year ended December 31, 2008, we reviewed the appropriate mix between salary and other forms of compensation and set annual compensation guidelines for our executive officers.

Base Compensation

The Company determines base salary based on a combination of comparable market data, experience and job responsibilities and other relevant factors.

During fiscal 2008, the Company utilized the services of the independent consulting firm of Towers Perrin to review the compensation levels paid to executive officers. The Company used the Towers Perrin Executive Compensation Surveys for both Canada and the United States, adjusted to company size and structure in establishing a comparative set. For fiscal 2008, compensation for executive officers was set within the range of this compensation review for executive officers with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses, based on the determination of management and approved by the Compensation Committee. Base compensation was also determined in light of a particular individual's contribution as a whole, including the ability to motivate others, develop the necessary skills to grow, recognize and pursue new business opportunities and initiate programs to enhance the Company's growth and improve shareholder value.

Short Term Incentives

Short term incentives for executives and management are provided through annual bonus plans based on the performance of the business. The objectives of these plans are to align the behavior of executives and management with the overall strategy of the business and shareholder interests. The Company utilized the independent consulting firm of Towers Perrin during 2008 to review the bonus levels of executives and management and the eligibility levels for management. Eligible participants could receive an annual bonus based on the actual performance of four criteria: consolidated net income; consolidated return on equity; consolidated return on net assets and Group operating income, all compared to pre-set targets.

Long-Term Incentives

Long-term incentives for executive officers and key employees are provided through the Employee Stock Purchase Plan and the Amended and Restated 2002 Stock Option Plan. The objectives of these plans are to align executive and shareholder long-term interests by creating a strong and direct link between executive compensation and shareholder return, and to enable executive officers to develop and maintain a significant, long-term stock ownership position in our common stock. Stock options are usually granted annually to our executive officers and certain key employees. In selecting executive officers eligible to receive stock options and determining the amount and frequency of such grants, we evaluate a variety of factors, including the following: (i) the job level of the executive officer; (ii) stock option grants awarded by competitors to executive officers at a comparable job level; and (iii) past, current and prospective service rendered, or to be rendered, by the executive officer.

Limitations on Deductions

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to our CEO and the four other most highly compensated executive officers to \$1,000,000 per year, but contains an exception for certain performance-based compensation. For the fiscal year ended December 31, 2008, grants of stock options under the Amended and Restated 2002 Stock Option Plan satisfy the requirements for deductible compensation for employees residing in the U.S. While our general policy is to preserve the deductibility of most compensation paid to executive officers, we may authorize payments that may not be deductible if we believe they are in the best interests of the Company and its shareholders.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has served as one of our officers or employees at any time over the past year. None of our executive officers serve as a member of the Compensation Committee of any other company that has an executive officer serving as a member of our Board of Directors. None of our executive officers serve as a member of the Board of Directors of any other company that has an executive officer serving as a member of our Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the above Compensation Discussion and Analysis. Based on that review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Aggregate Option Exercises during the year ended December 31, 2008 and Option Values at December 31, 2008

The following table details certain information concerning stock options exercised by the named executive officers during fiscal year ended December 31, 2008:

Name	Number of Shares acquired on Exercise	Value Realized on Exercise ⁽¹⁾
Jeremy N. Kendall <i>Chairman, former CEO</i>	0	0
Steven R. Bromley <i>President & CEO</i>	0	0
John H. Dietrich <i>Vice President & CFO</i>	0	0

Antonio Tavares <i>Chief Operating Officer</i>	0	0
Art McEvily <i>Vice President, Technology and Innovation</i>	11,000	\$12,870

(1) Value Realized on Exercise is calculated as the difference between the total fair market value of the shares on the date of exercise (using the closing market price on the date preceding the exercise date), less the total option price paid for the shares.

Payments on Termination or Change in Control

The Board of Directors passed a resolution in 2004 approving the payment of severance benefits in the event of a change of control akin to a Triggering Event for executive officers of the Company. In 2007 and 2008, the Company entered into Employment Agreements with Mr. Bromley and Mr. Tavares, respectively. These agreements provide for certain benefits upon an involuntary termination of employment, other than for cause, or after a Triggering Event. In 2007, the Company modified Mr. Dietrich's employment conditions by providing certain benefits upon an involuntary termination of employment, other than for cause, or after a Triggering Event. A Triggering Event includes a merger of the Company with and into an unaffiliated corporation if the Company is not the surviving corporation or the sale of all or substantially all of the Company's assets. The benefits to be received by the executive officers whose employment is terminated after a Triggering Event occurs include: receipt of a lump sum severance payment equal to two years for Mr. Bromley, eighteen months for Messrs. Tavares and Mr. Dietrich, and twelve months for Messrs. Routh and McEvily. Also, bonus based upon average bonus over the preceding two (2) years and participation in certain Company wide benefit plans, for the term of the severance period.

If an involuntary termination of employment, other than for cause, or a Triggering Event and termination of employment had occurred as of December 31, 2008, we estimate that the value of the benefits under the Employment Agreements and change of control provisions would have been as follows:

Name	Lump Sum Payment	Continuation of Benefits	Accelerated Vesting of Stock Options and Stock Grants ⁽¹⁾
Steven R. Bromley <i>President & CEO</i>	\$873,778	\$87,378	-
John H. Dietrich <i>Vice President & CFO</i>	\$485,606	\$48,561	-
Antonio Tavares <i>Chief Operating Officer</i>	\$563,000	\$56,300	-
Allan Routh <i>Director and President SunOpta Grains & Foods Group</i>	\$255,000	\$25,500	-
Art McEvily <i>Vice President, Technology and Innovation</i>	\$255,000	\$25,500	-

- (1) These amounts represent the difference between the exercise price of the stock options and the closing price of the Company's common shares on the last trading day of the year on the NASDAQ Global Select Market. On December 31, 2008, the closing price was U.S. \$1.57.

The amount payable has been recorded in accounts payable and accrued liabilities.

Pursuant to the appointment of a new director to Opta Minerals Inc. on May 12, 2008, the following transactions and balances are classified as related party:

Included in long-term debt is a promissory note in the amount of \$3,000,000 (December 31, 2007 - \$4,500,000) with annual instalments of \$1,500,000 plus interest at 5.6% . The promissory note and accrued interest are payable to the former shareholders of Magtech (a 2006 Opta Minerals Inc. acquisition). As a result of the previous shareholdings, the director receives 26.5% of the total payment.

Included in other long-term liabilities is an amount of \$1,110,000 representing the estimated contingent consideration pursuant to the acquisition of Bimac. The additional consideration, not to exceed \$3,850,000, may be payable based on the achievement of certain pre-determined earnings targets to September 2016. As a result of the previous shareholdings, the director receives 61.7% of any additional consideration payments. During the year ended December 31, 2008, \$514,000 (2007 - \$526,000) of contingent consideration has been paid.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except insofar as they may be shareholders of the Company or as otherwise disclosed in this Proxy Statement, no person who has been a director or officer of the Company at any time since the beginning of its last completed financial year, any proposed nominee for election as a director of the Company or any associate or affiliate of such persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee discussed with the independent auditors, Deloitte & Touche LLP, who are responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles, their judgments as to the quality and acceptability of the Company's financial reporting, internal control and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications With Audit Committees*, No. 89, *Audit Adjustments* and No. 90 *Audit Committee Communications*. The Committee has discussed with the independent auditors the auditors

independence from the Company and its management, including matters in the written disclosures and the letter from the independent auditors required by Independent Standards Board Standard No. 1, *Independence Discussions With Audit Committees*. The Committee also has considered whether the provision by the auditors of non-audit professional services is compatible with maintaining the auditors' independence.

The Committee also discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets periodically with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting, and the Audit Committee has reviewed and discussed the audited financial statements with management.

In reliance on the reviews and the discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the SEC.

This report has been submitted by Victor Hepburn, Cyril Ing and Katrina Houde, all members of the Audit Committee.

The information contained in this Audit Committee report to the Board of Directors shall not be deemed to be soliciting material or to be filed with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the 1934 Securities Exchange Act, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

PROPOSAL TWO APPOINTMENT AND REMUNERATION OF AUDITOR

The shareholders are being asked at the Meeting to pass a resolution reappointing Deloitte & Touche LLP (Deloitte) as the independent registered public accounting firm and auditor for the Company and authorizing the directors to fix their remuneration for the fiscal year 2009.

This proposal will be approved if a quorum is present at the Meeting and the votes cast in favour of this proposal exceed the votes cast opposing this proposal. Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the Meeting, but will have no effect on the results of the vote. The proxies will be voted for or against this proposal or as an abstention, in accordance with the instructions specified on the proxy form. If no instructions are given, proxies will be voted for approval of the adoption of this proposal.

The Board of Directors recommends that the shareholders vote FOR the appointment of Deloitte who became the Company's independent auditors in 2008 and FOR authorizing the board of directors to fix their remuneration. In the event that shareholders fail to reappoint Deloitte the Board of Directors will reconsider its selection.

A representative of Deloitte will attend the Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from shareholders in attendance. During the Company's fiscal year ended December 31, 2008, the Company was billed the following aggregate fees by Deloitte.

Change of Auditor

The Board of Directors appointed Deloitte as the Company's independent registered public accounting firm and auditor for the fiscal period ending December 31, 2008 following the resignation of PricewaterhouseCoopers LLP on November 10, 2008. Fees Paid to Deloitte in 2008 and PricewaterhouseCoopers (PwC) in 2007

The following fees were billed to the Company by Deloitte or PwC or accrued by the Company for services rendered during the fiscal years 2008 and 2007:

Audit Fees: These amounts relate to the annual audit of the Company's consolidated financial statements included in the Company's Annual Reports on Form 10-K, annual audits of the effectiveness of the Company's internal control over financial reporting, reviews of interim financial statements included in the Company's Quarterly Reports on Form 10-Q and services normally provided by the independent registered public accounting firm in connection with statutory or regulatory filings or its engagement for the indicated fiscal year, statutory audits of certain Company's subsidiaries, and services relating to filings under the Exchange Act. The amounts noted above included out-of-pocket expenses.

Audit-Related Fees: These amounts relate to assistance on acquisitions or divestitures and other audit-related projects.

Tax Fees: These amounts relate to professional services for tax compliance, tax advice and tax planning. Deloitte fees in 2008 reference above of \$207,000 relate to the Company's subsidiary, Opta Minerals.

All Other Fees: The other fees paid to Deloitte in 2008 relate to work completed in July 2008, prior to the Company's release of the Annual Report on Form 10K for the fiscal year ended December 31, 2007, and prior to their appointment as the Company's independent registered public accounting firm in November 2008. The amount relates to services pursuant to the Audit Committee's engagement of, in early 2008, independent counsel who then engaged Deloitte Financial Advisory Services LLP to help investigate and assess the Fruit Group berry operations accounting practices as well as provide support to the Company's restated 2007 quarterly financial statements. The other fees paid to PwC in 2008 relate to SEC investigation of which a portion may be reimbursed from our insurance provider in fiscal 2009. PwC's fees in 2007 include work completed in conjunction with the investigation conducted by the Audit Committee to assess the accounting practices and internal controls within the Fruit Group.

Pre-Approval of Audit and Non-Audit Services

The Audit Committee has a policy for the pre-approval of audit and non-audit services that may be provided by the Company's independent registered public accounting firm. The Committee's policy is to pre-approve all audit and permissible non-audit services provided by Deloitte prior to the engagement with the exception that management is authorized to engage Deloitte in respect of services to the extent that (a) each individual engagement is not more than \$50,000, and (b) the aggregate for all engagements does not exceed \$100,000. These services are subsequently approved at the next scheduled Audit Committee meeting. Any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee has delegated to its Chair authority to pre-approve proposed audit and non-audit services that arise between Audit Committee meetings, provided that the decision to approve the service is presented at the next scheduled Audit Committee meeting. All audit and non-audit services performed by Deloitte during the fiscal year ended December 31, 2008 were approved in accordance with this policy. These services have included audit services, audit-related services, tax services and all other fees as described above.

Financial Information Systems Design and Implementation Fees

No fees were billed by Deloitte to the Company for professional services described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X (financial information systems design and implementation services).

PROPOSAL THREE -

AMENDMENT TO THE COMPANY'S EMPLOYEE STOCK PURCHASE PLAN TO AUTHORIZE AN INCREASE IN THE NUMBER OF COMMON SHARES TO BE RESERVED FOR THE GRANT OF OPTIONS

In May 2003, the Company's shareholders approved the Employee Stock Purchase Plan (the Plan) and authorized 1,000,000 Common Shares to be reserved for the grant of options and subsequent purchase by eligible employees under the Plan. The majority of shares initially reserved under the Plan have now been utilized. The Board of Directors has assessed the Plan and has concluded that it is an effective tool to encourage eligible employees to invest in ownership in the Company and thus recommends its continuance.

As a result, on March 5, 2009 the Board of Directors amended the Plan, subject to shareholder approval, and authorized 2,000,000 additional Common Shares be reserved for the grant of options under the Plan. These 2,000,000 additional shares, represent approximately 3.0% of the Company's outstanding Common Shares as of the date of this Proxy Statement. The Board of Directors believes that it is in the best interest of the Company to offer employees an inducement to acquire an ownership interest in the Company on a tax-favoured basis. The amendment will not become effective until shareholder approval is obtained. Proxies received in favour of management will be voted FOR the approval of the resolution approving the amendment of the Plan, unless a shareholder has specified in the proxy that his or her common shares are to be voted against the resolution. A majority of the votes cast by shareholders at the Meeting is required to approve the amendment to the Plan. A copy of the resolution is attached hereto as Exhibit A.

We also encourage you to read, and incorporate by reference herein, certain information regarding our equity compensation plans of the Company, including the Employee Stock Purchase Plan, found in Item 5 and the notes to the financial statements filed under Item 8 in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 filed with the Securities and Exchange Commission on March 11, 2009. A copy of the Employee Stock Purchase Plan is incorporated herein by reference to Exhibit C of our Definitive Proxy Statement filed with the Securities and Exchange Commission on May 6, 2003.

There are currently 163,302 options outstanding under the Employee Stock Purchase Plan. Options are exercisable for the purchase of shares of our common stock. If the amendment to increase the shares reserved for issuance under the Purchase Plan is approved by the shareholders, 2,163,302 shares will be available for future purchase and issuance under the Purchase Plan.

SHAREHOLDERS PROPOSALS AND COMMUNICATIONS

All proposals of shareholders intended to be presented at the Company's annual meeting of shareholders in 2010, must be received at the Company's head or registered office no later than November 1, 2009 for inclusion in the Proxy Statement related to that meeting. The Company's next annual meeting of shareholders is planned for May 2010.

Shareholders may communicate with the Board of Directors. Communications should be in writing, addressed to: SunOpta Inc., 2838 Bovaird Drive West, Brampton, Ontario, Canada L7A 0H2 and marked to the attention of the Board or any of its individual committees or the Chairman of the Board.

OTHER MATTERS

NASDAQ corporate governance rules state that the required quorum for the annual meeting of shareholders cannot be represented by less than 33 1/3% of the outstanding Common Shares as at March 25, 2009. Therefore holders of at least 21,542,656 Common Shares must participate directly or be present by proxy to validate the quorum requirements.

The Company encourages all of its shareholders of record as of March 25, 2009 to participate in the Meeting.

Management of the Company does not know of any matters other than those stated in this Proxy Statement, which are to be presented for action at the Meeting. If any other matters should properly come before the Meeting, proxies will be voted on the other matters in accordance with the best judgement of the persons voting the proxies.

The Directors of the Company have approved the contents and the sending of this Proxy Statement.

Incorporation by Reference

The rules of the Securities and Exchange Commission allow the Company to "incorporate by reference" certain information into this proxy statement, which means that the Company can disclose important information to you by referring you to another document the Company is providing to you. This proxy statement incorporates by reference: (1) Item 5 and the notes to the financial statements filed under Item 8, Annual Report on Form 10-K for the fiscal year ended December 31, 2008 filed with the Securities and Exchange Commission on March 11, 2009, and (2) Exhibit C, Definitive Proxy Statement filed with the Securities and Exchange Commission on May 6, 2003.

Dated this 3rd day of April, 2009.

ITEM 4.01 CHANGES IN REGISTRANT S CERTIFYING ACCOUNTANT

On November 7, 2008 the Company advised PricewaterhouseCoopers LLP (PwC), its independent registered public accounting firm, that it had requested and received proposals from other independent registered public accounting firms for the 2008 audit and these proposals were being considered by Company Management and the Audit Committee.

a) Previous independent registered public accounting firm

i) The Company was subsequently informed on November 10, 2008 that PwC resigned, effective as of November 10, 2008, as the Company s independent registered public accounting firm. ii) The report of PwC on the Company's consolidated financial statements as of and for each of the fiscal years ended December 31, 2007 and 2006 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. Notwithstanding the foregoing, PwC performed an "integrated audit" pursuant to standards promulgated by the Public Company Accounting Oversight Board ("PCAOB") to comply with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and its reports also included opinions on the effectiveness of the Company's internal control over financial reporting. For the fiscal year ended December 31, 2007, PwC reported that, because of the effects of the material weaknesses in the Company's internal control over financial reporting, the Company did not maintain effective internal control over financial reporting as of December 31, 2007.

iii) The decision of PwC to resign as the Company s independent registered public accounting firm has been discussed with the Chairman of the Audit Committee and the Chairman of the Board of Directors of the Company. iv) During the fiscal years ended December 31, 2007 and 2006 and the subsequent interim period through November 10, 2008:

- There were no disagreements between the Company and PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC, would have caused PwC to make reference thereto in their reports on the consolidated financial statements for such years.
- In connection with PwC s completion of the audit and subsequent issuance of their report on the Company s consolidated financial statements included in our annual report on Form 10-K for the year ended December 31, 2007, PwC required, in addition to management representations on the consolidated financial statements from the Company s CEO and CFO, a supplemental management representation letter from the Chairman of the Board, the Treasurer and Vice President of Financial Reporting of the Company.
- In connection with the audit of the consolidated financial statements for the year ended December 31, 2007, and as a result of the identification of errors in inventory, PwC advised the Company of (a) the need for PwC to significantly expand the scope of its audit; and (b) that it could not use the work of the Company s Internal Audit department.
- In the Company s Form 10-K for the year ended December 31, 2007, the Company disclosed that management had concluded that the Company s internal control over financial reporting was ineffective as of December 31, 2007 because of the identification of six material weaknesses, related to: Control Environment, Ineffective controls over information technology, Ineffective controls over inventory costing and valuation, Ineffective controls over inventory held by third parties, Ineffective controls over period-end reporting and Ineffective controls over the application of GAAP.
- PwC concluded in its report on internal control over financial reporting for the year ended December 31, 2007 that we did not maintain effective internal controls over financial reporting as of December 31, 2007.
- Certain of the Company s unaudited interim consolidated financial statements for interim periods ended March 31, 2007, June 30, 2007 and September 30, 2007 have been restated, as filed on Form 10-Q/A.
- The Company acquired The Organic Corporation B.V., a privately held Dutch company, in April 2008, and since that time has been working to upgrade the control environment from a private company to a level of a subsidiary of a public company. PwC has advised the Company and Audit Committee that the Company needs to enhance the US GAAP expertise and period end reporting at this newly acquired subsidiary.

Except for these matters, there were no reportable events as described under Item 304(a)(1)(v) of Regulation S-K.

The Audit Committee has previously discussed each of these reportable events with PwC and the Company has authorized PwC to respond fully to any inquiry of the successor accountant concerning the subject matter of each of the reportable events.

v) The Company has provided PwC with a copy of the disclosures the Company is making in response to this Item 4.01. PwC has furnished the Company with a letter dated Nov 14, 2008, addressed to the Securities and Exchange Commission, stating that it agrees with the statements made herein. A copy of this letter is filed as Exhibit 16.1 to this Form 8K.

b) New independent registered public accounting firm

Based on the recommendation of its Audit Committee, the Company has engaged Deloitte & Touche LLP as the Company's independent registered public accounting firm, effective immediately.

In early 2008 the Audit Committee engaged independent counsel who then engaged Deloitte & Touche LLP to help investigate and assess the Fruit Group berry operations accounting practices as well as provide support to the Company's restated 2007 quarterly financial statements. This work was completed in July 2008, prior to the release of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007. Deloitte & Touche LLP have confirmed this prior engagement does not affect their independence and ability to accept the appointment as the Company's independent registered public accounting firm.
