**INFORTE CORP.
PROXY STATEMENT FOR 2007 STOCKHOLDERS' ANNUAL MEETING
APRIL 26, 2007**

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of our board of directors for use related to our 2007 stockholders' annual meeting to be held on April 26, 2007 at 9:00 a.m. central daylight time, or at any adjournments or postponements thereof, for the purpose set forth in this proxy statement and in the accompanying notice of stockholders' annual meeting. The meeting will be held completely on an electronic basis. To access the live webcast of the meeting go to www.inforte.com at least 30 minutes prior to the meeting start time to register. Our telephone number is (312) 540-0900.

These proxy solicitation materials were mailed or delivered electronically on or about March 30, 2007 to all stockholders entitled to vote.

RECORD DATE; OUTSTANDING SHARES

Stockholders of record at the close of business on March 15, 2007 (the "record date") are entitled to receive notice of and vote during the meeting. On the record date, 11,733,567 shares of our common stock, \$0.001 par value, were issued and outstanding and held by 1,557 stockholders.

REVOCABILITY OF PROXIES

Stockholders may change their vote by revoking a proxy prior to the close of voting in one of four ways:

1. Deliver written notice to Inforte's corporate secretary that you are revoking your proxy;
2. Submit another proxy with a later date;
3. Submit another proxy by telephone or Internet after you have provided an earlier proxy; or
4. Fax your completed proxy to (312) 540-0067 during the meeting.

VOTING AND SOLICITATION

Every stockholder of record on the record date is entitled, for each share held, to one vote on each proposal or item that comes before the meeting. Stockholders will not be allowed to cumulate their votes in the election of directors.

We will bear the cost of soliciting proxies. We may reimburse expenses incurred by brokerage firms and other persons representing beneficial owners of shares in forwarding solicitation material to beneficial owners. Proxies may be solicited by certain of our directors, officers and regular employees, without additional compensation, personally, by Internet, by telephone or by fax.

QUORUM; ABSENTATIONS; BROKER NON-VOTES

Votes cast by proxy or via fax during the meeting will be tabulated by the inspector of elections and ADP Investor Communication Services. The inspector will also determine whether or not a quorum is present. In general, Delaware law provides that a quorum consists of a majority of shares which are entitled to vote and which are present or represented by proxy at the meeting. Except in certain specific circumstances, the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present

is required under Delaware law for approval of proposals presented to stockholders. Since our meeting is entirely electronic, the affirmative vote will be determined by a majority of shares represented by proxy.

1

The inspector will treat shares that are voted WITHHELD or ABSTAIN as being present and entitled to vote for purposes of determining the presence of a quorum but will not treat these as votes in favor of or opposed to the matter submitted to the stockholders for a vote. All proxies will be voted as directed. Any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted for the election of the two class I directors, for the ratification of the appointment of the designated independent registered public accounting firm, to extend the term of the Amended and Restated Inforte Corp. 1997 Incentive Compensation Plan until December 31, 2017, and on such other matters that may properly come before the meeting, as the case may be, with respect to the items not marked.

If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present with respect to that matter. We believe that the tabulation procedures to be followed by the inspector are consistent with the Delaware statutory requirements concerning voting of shares and determination of a quorum.

SELECTING CANDIDATES TO SERVE ON THE BOARD OF DIRECTORS

The Nominating Committee recommends nominees to serve as directors for the next year. The board of directors is soliciting proxies to elect these individuals. Messrs. Hogan and Kurzweil, who are currently nominated for the class I director positions, have been determined to be independent under applicable NASDAQ rules defining director independence. Board members also determined to be independent are Messrs. Bundy and Taylor, whose terms of office will continue after the annual meeting. A copy of the Nominating Committee's charter is not located on our website, but is attached as Exhibit III. All of the members of the Nominating Committee are independent as defined in NASDAQ listing standards.

The Nominating Committee has adopted a policy pursuant to which a stockholder who has owned at least 1% of our outstanding shares of common stock for at least one year may recommend a director candidate that the Nominating Committee will consider when there is a vacancy on the board either as a result of a director resignation or an increase in the size of the board. Such recommendation must be made in writing addressed to the Chairperson of the Nominating Committee at our principal executive offices and must be received by the Chairperson at least 120 days prior to the anniversary date of the release of the prior year's proxy statement. For the 2008 annual meeting, such notice must be received by no later than November 23, 2007. Although the Nominating Committee has not formulated any specific minimum qualifications that it believes must be satisfied by a nominee that the Nominating Committee recommends to the board, the factors it will take into account may include, but not be limited to, strength of character, mature judgment, career specialization, relevant technical skills or financial acumen, diversity of viewpoint and industry knowledge, as outlined in the Nominating Committee charter. The Nominating Committee identifies board member candidates by searching our existing executive and board member business networks, considering our management recommendations and by surveying the general business community for individuals who have skills and experience that may benefit us. Candidates meeting the minimum qualifications interview in person with management and select board members prior to final evaluation by the Nominating Committee. The Nominating Committee does not believe that there will be any differences between the manner in which it evaluates a nominee recommended by a stockholder and the manner in which it evaluates nominees recommended by other persons.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Stockholders desiring to communicate with a director, the non-management directors as a group or the full board may address such communication to the attention of our secretary at our executive offices and such communication will be forwarded to the intended recipient or recipients.

DIRECTOR ATTENDANCE AT ANNUAL MEETINGS

We have not adopted a formal policy that each director must attend each annual meeting of stockholders, although directors are encouraged to do so. Three of the seven members of the board of directors attended last year's annual meeting of stockholders that was held on April 27, 2006.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Stockholder proposals which are intended to be presented at our 2008 annual meeting must be received by our corporate secretary no later than November 23, 2007 in order to be included in the proxy statement and form of proxy for that meeting. Stockholder proposals which are not to be included in our proxy statement for the 2008 annual meeting will be considered untimely if not received by November 23, 2007, and the persons named as proxies solicited by our board of directors for the 2008 annual meeting may exercise discretionary voting power with respect to any such proposal not submitted by that deadline.

The Committee has authority to retain executive compensation consulting firms and other consultants, including outside financial and legal advisors, to assist it in meeting any of the above obligations, as necessary and appropriate, and to ensure that we provide appropriate funding to pay the fees and expenses of such advisors.

COMPENSATION DISCUSSION & ANALYSIS

COMPENSATION PHILOSOPHY

Compensation Objectives and Philosophy

The primary objective of our executive compensation program is to support the achievement of our business and performance objectives. The program is mainly designed to:

- Attract, motivate and retain a highly capable and performance-focused executive team;
- Promote a culture of employee owners whose financial interests are aligned with those of our stockholders;
- Reward performance of each executive based on their individual performance and our overall performance; and
- Efficiently manage the potential dilution, cash flow, tax and reported earnings implications of executive compensation, consistent with the other objectives of the program.

The Committee's principal objective is to align executive compensation with long-term stockholder value. To achieve that objective, executive compensation has various components, including:

- base salary,
- cash bonus, and
- equity-based compensation.

Process for Determining Executive Compensation

The Committee is responsible for establishing and monitoring adherence to our compensation programs. When setting executive compensation, the Committee applies a consistent approach for all executive officers. It intends that the combination of elements of executive compensation closely aligns the executive's interest with those of the stockholders. Target total compensation is comprised of base salary, quarterly and annual cash bonus and long-term incentive compensation in the form of equity grants. As a general rule, the Committee reviews and adjusts executive target total compensation levels annually in January; however, compensation is also reviewed and sometimes adjusted in July as part of our semi-annual performance review process.

We begin the annual process by reviewing each executive's target total compensation in relation to comparably sized companies based on general industry data. These targets are used by the Committee when setting target total compensation for the chief executive officer and other executive officers. Additionally, the Committee also reviews executive compensation relative to our employees and members of the management team. Lastly, the Committee exercises appropriate business judgment, reviewing additional facts and circumstances when determining total compensation for executive officers.

A recommendation for the target total compensation of our executive officers, including the chief executive officer and the chief financial officer, is made by the Chairperson after reviewing the executive's and our performance in conjunction with the executive's responsibility and experience. The compensation package for the other executive officers, including the chief executive officer and the chief financial officer, is established by the Committee based on the recommendation of the Chairperson to the Committee and in consideration of the executive officer's individual responsibility, experience and overall performance.

9

Generally, the amount of compensation realized or potentially realizable does not directly impact the level at which future pay opportunities are set. However, the Committee does review when granting equity awards both individual performance and the number of outstanding and previously granted equity awards.

Although we and the Committee establish total compensation based on target performance, actual total compensation can vary based on our actual performance. A large proportion of the chief executive officer's and chief financial officer's total compensation in 2006 was variable based on performance, which constitutes pay at risk. Mr. Heyes and Mr. Sutton had performance-based restricted stock grants and both, along with Mr. Mack, participated in a target-based cash bonus plan.

Base Salary

Base salary is intended to compensate executives for services performed throughout the year. Base salary is primarily set below the median for similar positions at comparable companies with the intent of utilizing bonus and stock incentive compensation to compile an overall competitive compensation package. In setting base salary, the Committee also considers the executive officer's base salary relative to other employees and members of the management team.

Bonus

The bonus plan is typically established at the beginning of the fiscal year and is primarily structured around a defined bonus target level for each executive officer and the achievement of short-term performance goals that relate to stockholder value. For each executive officer, an overall bonus target level is defined and a set of performance goals is established. The intent of the bonus plan is to reward the achievement of these defined goals. The bonus has both quarterly and annual components. Bonuses to executive officers are both approved by the Committee and paid on a quarterly basis. The final quarterly bonus payment factors in adjustments for the achievement of any targets that are annual in nature. Each executive officer has bonus goals that consist of team goals and individual specific goals. Team goals may be based upon things such as net revenues and operating margin. Individual goals may be based upon projects or initiatives that are specific to an executive officer. For the purposes of determining bonus payment, these goals are weighted differently depending upon our strategic focus. Lastly, in determining final bonus payments, the Committee also considers the difficulty in achieving specific goals, unforeseen factors affecting the achievement of specific goals and the overall contribution of the executive officer in activities outside the defined set of goals.

Bonus Awarded

Annual targets for Mr. Mack and Mr. Heyes were set at \$250,000 for 2006. Mr. Mack's target was pro-rated to \$125,000 as he joined as our chief executive officer and president in March 2006 and did not go on a bonus plan until July 2006. Targets were set based upon net revenues, operating margin and individual specific targets. Mr. Mack received 30% of his pro-rated target and Mr. Heyes received 54% of his target. Mr. Sutton did not receive any cash bonus in 2006. Mr. Mack voluntarily elected not to receive a cash bonus related to the fourth quarter performance goals.

Stock Incentive Program

Our equity programs are intended to provide incentive for the achievement of our long-term goals. Our equity programs also act as a retention tool for key employees. We utilize both restricted stock and stock options, with a primary emphasis on restricted stock. There is no set formula for granting awards. The amount of an executive officer award is generally determined on a basis relative to other employees and members of the management team. The value of the awards is calculated internally. For restricted stock, the value of the award is determined by multiplying the number of shares granted by the closing price of our common stock on the NASDAQ Stock Market on the business day preceding the grant date. For stock options, a Black-Scholes valuation is performed. At times, employees may be given a choice of choosing a grant of stock options or an equivalent grant of restricted stock. Equity awards typically vest in equal increments over 2 to 5 years. Stock option life ranges from 5 to 10 years.

10

Process and Timing for Granting Equity Awards

Our equity awards are issued under the 1997 Inforte Corp. Incentive Compensation Plan. The issuance of equity awards is primarily concentrated around the following dates:

- our semi-annual promotion cycle in January,
- our semi-annual promotion cycle in July, and
- an individual's hire date.

The strike price for stock option grants is the closing price of our common stock on the NASDAQ Stock Market on the business day preceding the grant date. In some instances, the Committee has approved option grants with a strike price based on the closing price of our common stock on the grant date. The Committee has set pre-approval guidelines for our executive officers for the granting of equity awards to non-officer employees. All officer grants must be pre-approved by the Committee. On a quarterly basis, the Committee reviews and ratifies all equity compensation awards issued within the prior quarter.

Stock Incentive Awards

In 2006, stock options totaling 40,000 shares were granted to officers and directors. This totaled 9% of the total stock options granted to all employees and non-employee directors in 2006. In 2006, restricted stock totaling 29,832 shares were granted to officers and directors. This totaled 7% of the total restricted stock granted to all employees and non-employee directors in 2006.

On October 1, 2005, the Committee approved a bonus plan that provided incentives to a small group of our officers and senior-level employees, including Mr. Nick Heyes, the chief financial officer at this time. Grants of restricted stock under this bonus plan vest based on the achievement of profitability targets established by the Committee and the lapse of designated vesting periods during which recipients must remain employed by us. Initially 167,064 shares were granted to Mr. Heyes. As of December 31, 2006, he had 16,871 shares vested as to performance and 83,368 were cancelled because of inability to meet the set profitability targets.

Perquisites

Perquisites do not comprise a significant portion of our executive compensation and we limit the perquisites that we make available to our executive officers. The perquisites provided in 2006, were as follows:

- Mr. Sutton received \$6,480 towards a club membership
- Mr. Mack received \$700 a month for corporate health insurance benefits
- All executive officers that participated in our 401(k) plan received matching funds of up to \$1,000, the maximum amount of employer's contribution available to all of our employees participating in the 401(k) plan

Our health and insurance plans are materially the same for all employees. We do not provide pension arrangements or post retirement health coverage for any executive officers or employees.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a federal income tax deduction to public companies for certain compensation in excess of \$1 million paid to our chief executive officer or any of our other most highly compensated executive officers. Qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. We have structured our stock incentive plans to qualify income received upon the exercise of stock options granted under those plans as performance-based compensation. The Committee intends to review the potential effects of Section 162(m) periodically and in the future may decide to structure additional portions of our compensation program in a manner designed to permit unlimited deductibility for federal income tax purposes.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Responsibility for good corporate governance rests with the board of directors, whose primary roles are oversight, counseling and direction to our management in the best long-term interests of the company and our stockholders. The Audit Committee oversees the accounting and financial reporting processes of the company and audits of our annual financial statements. The Audit Committee is composed of three outside directors who are independent, as defined by NASDAQ Stock Market listing standards. Messrs. Thomas E. Hogan and Daniel J. Taylor are members of the Audit Committee and Mr. Harvey H. Bundy is the Audit Committee chairperson. The board of directors has determined that Messrs. Harvey H. Bundy and Thomas E. Hogan are "audit committee financial experts" as defined under Item 401(h) of Regulation S-K.

Management is responsible for our internal controls and financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of our financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing a report to our stockholders and board of directors on the results of this audit. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee's functions are defined by an audit committee charter adopted by the board of directors. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis, and has concluded that the charter meets current regulatory requirements.

The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent registered public accounting firm for the purpose of preparing or issuing an audit report or related work. The independent registered public accounting firm reports directly to the Audit Committee and all non-audit services are pre-approved by the Audit Committee. In addition, the Audit Committee generally oversees our internal compliance programs. In accordance with law, the Audit Committee is responsible for establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, including the confidential, anonymous submission by our employees, received through established procedures, of concerns regarding questionable accounting or auditing matters.

It is not the duty of the Audit Committee to plan or conduct audits or to determine that our financial statements are complete and accurate and are prepared in accordance with generally accepted accounting principles, which are the responsibility of management and the independent registered public accounting firm. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisers, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

The Audit Committee has met and held discussions with management and the independent registered public accounting firm seven times during the year ended December 31, 2006. These meetings included sessions at which management was not present. The Audit Committee discussed with the auditors the results of its examination of our financial statements, its evaluation of our internal controls, and its assessment of the overall quality of our financial controls. Management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee reviewed and discussed with management and Grant Thornton LLP, the independent registered public accounting firm, each of our quarterly financial statements and the audited financial statements for the year ended December 31, 2006. This review included a discussion with management of the quality, not merely the acceptability, of our accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in our financial statements. The Audit Committee also discussed with Grant Thornton LLP matters related to the financial reporting process required to be discussed by Statement on Auditing

Standards No. 61 *Communication with Audit Committee*. Grant Thornton LLP also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 *Independence Discussions with Audit Committees*, and the Audit Committee reviewed with Grant Thornton LLP that firm's independence.

During 2006, the Audit Committee focused also on several topics, including: (i) review of the current status of Section 404 of the Sarbanes-Oxley Act internal control assessment efforts; (ii) approval of all non-audit services performed by Grant Thornton LLP including tax compliance and planning and assurance services related to various employee benefit plans; (iii) review of our investment policy and controls; (iv) review of the performance-based restricted stock plan; (v) status of legal proceedings; (vi) the functioning of our disclosure committee with respect to SEC reporting obligations and chief executive officer/chief financial officer diligence with respect to certification of the financial statements; (vii) review of our stock option granting policies; and (viii) potential impact of our adoption of FASB Interpretation 48 *Accounting for Uncertainty in Income Taxes*.

Based on the Audit Committee's discussions with management and Grant Thornton LLP, the Committee's review of the representations of management, and the report of Grant Thornton LLP to the Committee, the Committee recommended to the board of directors, and the board has approved the inclusion of the audited financial statements in our annual report on Form 10-K for the year ended December 31, 2006. The Audit Committee and the board of directors also have recommended for stockholder ratification the retention of Grant Thornton LLP as independent registered public accounting firm for fiscal year 2007.

CERTAIN TRANSACTIONS

We have entered into indemnification agreements with each of our directors and executive officers. These indemnification agreements require us to indemnify such individuals to the fullest extent possible under Delaware law.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No executive officer or member of the board of directors or the Compensation Committee serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board of directors or Compensation Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership with the SEC. Officers, directors and 10% stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) reports they file. With the exceptions noted below, based solely on a review of the copies of filings furnished to us and written representations that no other reports were required, we believe that all of our directors, executive officers and 10% stockholders complied during 2006 with the reporting requirements of Section 16(a).

On June 30, 2006 Inforte cancelled 83,368 shares of performance-based restricted stock granted to Mr. Heyes in 2005. The report reflecting the change in beneficial ownership was not filed until July 19, 2006.

PERFORMANCE GRAPH

The following graph compares our stock price performance against the total stock price performance of the NASDAQ Composite Index and the Russell 2000 Index for the periods indicated. We do not believe that there is a representative published industry or line-of-business index or a representative industry peer group of public

companies against which to measure our stock price performance. Therefore, under SEC regulations, we have selected the Russell 2000 Index, an index of companies with similar market capitalization, to use as a representative peer group.

PROPOSAL NO. 2-RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Grant Thornton LLP as our principal independent registered public accounting firm to perform the audit of our financial statements for the current fiscal year, and the stockholders are being asked to ratify this selection. Representatives of Grant Thornton LLP will not be available during the meeting.

The following tabulation shows the audit and non-audit fees incurred and payable to Grant Thornton LLP for the years ended December 31, 2005 and December 31, 2006:

Grant Thornton LLP

Type of Fees	2005	2006
Audit Fees (1)	\$112,250	\$173,804
Audit-related Fees (2)	25,268	15,850
Tax Fees (3)	174,489	87,320
Total Fees	\$312,007	\$276,974

- (1) Audit Fees, including those for statutory audits, include the aggregate fees for professional services rendered by the principal accountants for the audit of our annual financial statements and review of financial statements included in our Forms 10-Q.
- (2) Audit-related Fees include the aggregate fees for assurance and related services by the principal accountants that are reasonably related to the performance of the audit or review of our financial statements and excluded from Audit Fees, including fees for accounting advice and assurance services related to various employee benefit plans.
- (3) Tax Fees include the aggregate fees for professional services rendered by the principal accountant for tax compliance, tax advice and tax planning.

The Audit Committee reviews and considers all independent accountant professional services when assessing auditor independence. The Audit Committee approved all audit and non-audit services provided by our independent accountants during 2005 and 2006 on a case-by-case basis in advance of each engagement. The Audit Committee does not have a written policy or procedure for the pre-approval by category of particular audit or non-audit services.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares of our common stock present and voting during the meeting is required to ratify the appointment of Grant Thornton LLP.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF GRANT THORNTON LLP.

PROPOSAL NO. 3-APPROVAL OF THE AMENDED AND RESTATED INFORTE CORP. 1997 INCENTIVE COMPENSATION PLAN TO EXTEND ITS TERM UNTIL DECEMBER 31, 2017

On December 31, 1997, the stockholders approved the 1997 Incentive Compensation Plan (the "1997 Plan"), which permits the grant of stock options and other stock awards to our employees and directors. On December 1, 1999, the stockholders approved the Amended and Restated Inforte Corp. 1997 Incentive Compensation Plan. We have reserved an aggregate of 4,000,000 shares of common stock for issuance through the amended 1997 Plan, plus annual increases beginning in 2001 equal to the lesser of: (1) 1,000,000 shares, (2) 5% of the total shares of common stock outstanding or (3) a number determined by the board of directors. The "evergreen provisions" of our 1997 Plan allowed for an automatic increase in the number of shares available for grant by a formulaic amount at the beginning of each year. In 2003 the board of directors abolished the "evergreen provisions" on the grounds that these provisions had been an administrative convenience in hyper-growth times, but were no longer necessary, nor desirable from a governance and dilution perspective. The 1997 Plan authorizes the grant of both incentive and nonqualified stock options, and further authorizes the grant of stock appreciation rights independently of or with respect to options granted or outstanding. The 1997 Plan, by its current terms, will terminate on December 31, 2007. As of December 31, 2006 there were 2,871,811 shares available for grant under the 1997 Plan.

19

The objectives of the plan are:

- to further our long-term growth by offering competitive incentive compensation related to long-term performance goals to those of our employees who will be responsible for planning and directing such growth,
- to reinforce the common interest between our stockholders and employees who participate in the 1997 Plan, and
- to aid us in attracting and retaining employees.

The plan will, if the plan extension is approved by our stockholders, be effective until December 31, 2017.

The amendment is being submitted to our stockholders for approval in order to comply with the requirements of the Internal Revenue Code of 1986, as amended, and with the requirements of the NASDAQ Stock Market.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares of our common stock present and voting during the meeting is required to approve the extension of the term of the 1997 Plan until December 31, 2017.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE AMENDMENT OF THE 1997 PLAN TO EXTEND ITS TERM UNTIL DECEMBER 31, 2017.

OTHER MATTERS

The board of directors does not presently intend to bring any other business before the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed proxy card to vote the shares they represent as the board of directors may recommend.

By order of the board of directors

EXHIBIT I

**AUDIT COMMITTEE CHARTER
of
INFORTE CORP.**

Adopted January 30, 2003

Organization

There shall be a committee of the Board of Directors (the "Board") of Inforte Corp., a Delaware corporation (the "Company"), known as the Audit Committee (the "Committee"). This Charter governs the operations of the Committee. The Charter will be reviewed and reassessed by the Committee and will be approved by the Board, at least annually. The Committee shall be appointed by the Board and shall be solely comprised of at least three directors, each of whom shall satisfy the requirements of independence for audit committee members, as set forth in the applicable rules and regulations of the National Association of Securities Dealers, Inc. ("NASDAQ"), Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended, and the rules and regulations of the Securities and Exchange Commission (the "SEC"). All Committee members will be financially literate and at least one member will have accounting or related financial expertise and, if so required by applicable NASDAQ rules and regulations, be an audit committee financial expert, all in compliance with NASDAQ audit committee composition requirements. The members of the Committee shall be elected by the Board at an annual organizational meeting of the Board or serve until their successors shall be duly elected and qualified. Unless a Chair is elected by the full Board the members of the Committee may designate a Chair by majority vote of the full Committee membership.

Statement of Policy

The Committee will provide assistance to the Board in fulfilling its oversight responsibilities to the stockholders relating to the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs established by management and the Board. In so doing, it is the responsibility of the Committee to maintain free and open communication between the Committee, the independent auditors, the internal auditors and management of the Company. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain, and to determine funding for, outside counsel and other advisors for this purpose.

Responsibilities and Processes

The primary responsibility of the Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements. The Committee shall be directly responsible for the appointment, compensation and oversight of the work of the independent auditors (including resolution of disagreements between management and the independent auditors regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditors shall report directly to the Committee.

Absent unusual circumstances, the Committee shall meet at least four times annually. Special meetings shall be held as circumstances require as determined by the Chair of the Audit Committee or by any two other members of the Committee. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee. With respect to Committee meetings, a majority of the Committee members holding office shall constitute a quorum for the transaction of business. The Committee shall take action by the

affirmative vote of a majority of the Committee members present at a duly held meeting. A conference among Committee members by any means of communications through which the members may simultaneously hear each other during the conference shall constitute a committee meeting if the number of members participating in the conference would be sufficient to constitute a quorum at a meeting.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee may supplement them as appropriate.

- The Committee shall have sole authority to, and shall, appoint, determine funding for, oversee, and, when appropriate, replace the Company's independent auditors.
- The Committee shall meet and discuss with the internal auditors and the independent auditors their overall scope and plans for their audits of the Company, including the adequacy of staffing and compensation.
- The Committee shall meet and discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls of the Company, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs.
- The Committee shall meet with the internal auditors and the independent auditors, with and without management present, to discuss the results of their audit examinations of the Company. The Committee shall review the Company's interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. The Committee shall discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards. The Chair of the Committee may represent the entire Committee for the purpose of this review.
- The Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to stockholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just the acceptability, of accounting principals, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. The Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.
- The Committee shall publish the report required by the rules of the SEC to be included in the Company's annual proxy statement.
- The Committee shall approve, in advance, the engagement of the independent auditors for any permissible non-audit services and the fees therefore (taking into consideration whether the provision of such services is compatible with maintaining the independence of the independent auditors).
- The Committee shall obtain from the independent auditors on at least an annual basis a formal written statement delineating all relationships between the independent auditors and the Company. The Committee shall discuss with the independent auditors relationships and services that in the view of the Committee may affect auditor objectivity or independence. If the Committee is not satisfied with the auditors' assurances of independence, the Committee shall take appropriate action to ensure the independence of the independent auditors.
- The Committee shall establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or audit matters.
- The Committee shall review and approve all related party transactions as that term shall be used in the applicable NASDAQ rules and regulations.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and

accurate and are prepared in accordance with generally accepted accounting principles, which are the responsibility of management and the independent auditors.
