**NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
To Be Held on May 30, 2007**

The Annual Meeting of Shareholders (the "Annual Meeting") of New York Community Bancorp, Inc. will be held on May 30, 2007 at 10:00 a.m., Eastern Time, at the Sheraton LaGuardia East Hotel, 135-20 39th Avenue, Flushing, New York.

The purpose of the Annual Meeting is to consider and vote upon the following matters:

1. The election of five directors to three-year terms;
2. The ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2007;
3. Such other matters as may properly come before the meeting or any adjournments thereof, including whether or not to adjourn the meeting.

The Board of Directors has established April 11, 2007, as the record date for the determination of shareholders entitled to receive notice of, and to vote at, the Annual Meeting and at any adjournments thereof. Only shareholders of record as of the close of business on that date will be entitled to vote at the Annual Meeting or at any adjournments thereof. In the event that there are not sufficient shares present to constitute a quorum, or votes to approve or ratify any of the foregoing proposals, at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit further solicitation of proxies by the Company. NEW YORK COMMUNITY BANCORP, INC.

**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
May 30, 2007**

Solicitation and Voting of Proxies

This proxy statement is being furnished to shareholders of New York Community Bancorp, Inc. (the "Company") in connection with the solicitation by the Board of Directors (the "Board of Directors" or "Board") of proxies to be used at the Annual Meeting of Shareholders (the "Annual Meeting"), to be held on May 30, 2007, and at any adjournments thereof. This proxy statement is being mailed to shareholders on or about April 27, 2007. The 2006 Annual Report on Form 10-K, including consolidated financial statements for the fiscal year ended December 31, 2006, accompanies this proxy statement.

It is important that holders of at least a majority of the shares be represented in person or by proxy at the Annual Meeting. Regardless of the number of shares of Company common stock (the "Common Stock") owned, shareholders are requested to vote by completing, signing, and dating the enclosed proxy card and returning it in the enclosed postage-paid envelope. Shareholders are urged to indicate their votes in the spaces provided on the proxy card. **Proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given therein. Where no instructions are indicated, signed and dated proxy cards will be voted FOR the election of the nominees for director named in this proxy statement and FOR the ratification of the appointment of KPMG LLP as the independent registered public accounting firm of the Company.**

Alternatively, shareholders of record may vote their shares of Common Stock over the Internet, or by calling a specially designated telephone number. The Internet and telephone voting procedures are designed to authenticate shareholders' identities, and to allow shareholders to provide their voting instructions and confirm

that said instructions have been properly recorded. Specific instructions for shareholders of record who wish to vote their proxies over the Internet or by telephone are set forth on the enclosed proxy card.

Please be aware that if you vote over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for eligible shareholders of record will close at 11:59 p.m., Eastern Time, on May 29, 2007.

Other than the matters listed on the attached Notice of Annual Meeting of Shareholders, the Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. **However, execution of a proxy or voting online or by telephone confers on the designated proxy holders discretionary authority to vote the shares represented by the proxy in accordance with their best judgment on such other business, if any, that may properly come before the Annual Meeting or any adjournments thereof, including whether or not to adjourn the meeting.**

A proxy may be revoked at any time prior to its exercise by filing a written notice of revocation with the Corporate Secretary of the Company, by delivering to the Company a duly executed proxy bearing a later date, by voting online or by telephone on a later date, or by attending the Annual Meeting and voting in person.

The cost of the solicitation of proxies on behalf of management will be borne by the Company. In addition to the solicitation of proxies by mail, Mellon Investor Services LLC, a proxy solicitation firm, will assist the Company in soliciting proxies for the Annual Meeting and will be paid a fee of \$8,500 plus out-of-pocket expenses. Proxies also may be solicited, personally or by telephone, by directors, officers, and other employees of the Company and its subsidiaries, New York Community Bank (the "Community Bank") and New York Commercial Bank (the "Commercial Bank") (collectively, the "Banks"), without receipt of additional compensation. The Company also will request that persons, firms, and corporations holding shares in their names, or in the names of

1

their nominees that are beneficially owned by others, send proxy materials to, and obtain proxies from, such beneficial owners. The Company will reimburse such holders for their reasonable expenses in doing so. If your Company shares are held in street name, your broker, bank, or other nominee will provide you with instructions that must be followed in order to have your shares voted. Your broker or bank may allow you to deliver your voting instructions via the Internet or by telephone. Please see the instruction form that was provided by your broker or bank with this proxy statement. If you wish to change your voting instructions after you have returned your voting instruction form, you will need to contact your broker or bank. **If you wish to vote your shares of Common Stock in person at the Annual Meeting, you will need to get a written proxy in your name from the broker, bank, or other nominee who holds your shares.**

Voting Securities

The securities that may be voted at the Annual Meeting consist of shares of Common Stock, with each share entitling its owner to one vote on all matters to be voted on at the Annual Meeting, except as described below. There is no cumulative voting for the election of directors.

The close of business on April 11, 2007 has been fixed by the Board of Directors as the record date (the "Record Date") for the determination of shareholders of record entitled to receive notice of, and to vote at, the Annual Meeting and at any adjournments thereof. The total number of shares of Common Stock outstanding on the Record Date was 312,577,628.

As provided in the Company's Certificate of Incorporation, holders of Common Stock who beneficially own in excess of 10% of the outstanding shares of Common Stock (the "Limit") are not entitled to any vote with respect to the shares held in excess of the Limit. A person or entity is deemed to beneficially own shares owned by an affiliate of, as well as by, persons acting in concert with such person or entity. The Company's Certificate of Incorporation authorizes the Board of Directors (i) to make all determinations necessary to implement and apply the Limit, including determining whether persons or entities are acting in concert, and (ii) to demand that any person who is reasonably believed to beneficially own stock in excess of the Limit supply information to the Company to enable the Board of Directors to implement and apply the Limit.

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

The presence, in person or by proxy, of the holders of record of at least a majority of the total number of shares of Common Stock entitled to vote (after subtracting any shares in excess of the Limit pursuant to the Company's Certificate of Incorporation) is necessary to constitute a quorum at the Annual Meeting. In the event that there are not sufficient shares present for a quorum, or votes to approve or ratify any proposal at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit the further solicitation of proxies.

As to the election of directors, the proxy card being provided by the Board of Directors enables a shareholder to vote for the election of the nominees proposed by the Board of Directors or to withhold authority to vote for one or more of the nominees being proposed. Under Delaware Law and the Company's Bylaws, directors are elected by a plurality of votes cast, without regard to either (i) broker non-votes or (ii) proxies as to which authority to vote for one or more of the nominees being proposed is withheld.

As to the matters being proposed for shareholder action set forth in Proposal 2 regarding the ratification of the selection of the independent registered public accounting firm, the proxy card being provided by the Board of Directors enables a shareholder to check the appropriate box on the proxy card to (i) vote ☐FOR☐ the proposal, (ii) vote ☐AGAINST☐ the proposal, or (iii) ☐ABSTAIN☐ from voting on the proposal.

An affirmative vote of the holders of a majority of the shares of Common Stock cast at the Annual Meeting at which a quorum is present, in person or by proxy, is required to constitute shareholder ratification of Proposal 2. In connection with such proposal, shares as to which the ☐ABSTAIN☐ box has been selected on the proxy card and shares underlying broker non-votes or in excess of the Limit will not be counted as votes cast and will have no effect on the vote on the matter presented.

Proxies solicited hereby will be tabulated by inspectors of election designated by the Board of Directors. The inspectors of election will not be employed by, or be directors of, the Company or any of its affiliates.

2

Security Ownership of Certain Beneficial Owners

The following table sets forth information as to those persons known by management to be beneficial owners of more than 5% of the outstanding shares of Common Stock on April 20, 2007. Other than those persons listed below, the Company is not aware of any person or group that beneficially owned more than 5% of the Common Stock as of April 20, 2007.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class
New York Community Bank Employee Stock Ownership Plan and Trust 615 Merrick Avenue Westbury, NY 11590	15,729,302 ⁽¹⁾	5.03%

- (1) Donald M. Blake and Max L. Kupferberg, members of the Company's Board of Directors, administer the New York Community Bank Employee Stock Ownership Plan (the "NYCB ESOP") as a committee. An independent corporate trustee has been appointed as the trustee for the ESOP (the "ESOP Trustee"). The NYCB ESOP Trustee must vote all allocated shares held in the NYCB ESOP in accordance with the instructions of the participants. Under the NYCB ESOP, unallocated shares will be voted by the NYCB ESOP Trustee in a manner calculated to most accurately reflect the instructions received from participants regarding the allocated stock so long as such vote is in accordance with the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). At April 20, 2007, 14,268,738 shares were allocated under the NYCB ESOP and 1,460,564 shares were unallocated.

3

PROPOSALS TO BE VOTED ON AT THE MEETING

PROPOSAL 1.**ELECTION OF DIRECTORS**

All persons standing for election as director were unanimously nominated by the Nominating and Corporate Governance Committee of the Board of Directors. No person being nominated as a director is being proposed for election pursuant to any agreement or understanding between any such person and the Company.

Pursuant to the Company's Bylaws, the number of directors of the Company is nine (9), unless otherwise designated by the Board of Directors. The Board of Directors currently consists of fourteen (14) members. All directors presently serve as directors of the Company, the Community Bank, and the Commercial Bank. Directors are elected for staggered terms of three years each, with the term of office of only one of the three classes of directors expiring each year. Directors serve until their successors are elected and qualified.

The nominees proposed for election at this year's Annual Meeting are Donald M. Blake, Michael J. Levine, Guy V. Molinari, John A. Pileski, and John M. Tsimbinos.

In the event that any such nominee is unable to serve or declines to serve for any reason, it is intended that the proxies will be voted for the election of such other person as may be designated by the present Nominating and Corporate Governance Committee of the Board of Directors. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve. **Unless authority to vote for the nominee is withheld, it is intended that the shares represented by the enclosed proxy card, if executed, dated, and returned, will be voted "FOR" the election of the nominees proposed by the Board of Directors.**

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF THE NOMINEES NAMED IN THIS PROXY STATEMENT.

Meetings and Committees of the Board of Directors

The Board of Directors of the Company conducts its business through periodic meetings and through the activities of its committees. In 2006, the Board held fourteen (14) meetings. Each director of the Company attended at least 75% of the aggregate number of meetings of the Board and committees on which such director served during fiscal year 2006. Board members are expected to make reasonable efforts to attend all Board meetings and all meetings of the Board committees on which they serve. Absences are excused only for good cause. The nature and composition of the committees of the Board of Directors are described below.

Audit Committee. The Audit Committee of the Company consists of Messrs. Pileski (Chairman), Kupferberg, Farrell, Ciampa, and Levine, all of whom meet the independence criteria for audit committee members in accordance with the listing standards of the New York Stock Exchange and the rules of the SEC. The purpose of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities, including with respect to review and, as applicable, approval of (1) the integrity of the Company's financial statements; (2) the Company's compliance with applicable legal and regulatory requirements; (3) the independent registered public accounting firm's qualifications and independence; (4) the performance of the Company's internal audit function and independent auditors; (5) the system of internal controls relating to financial reporting, accounting, legal compliance, and ethics established by management and the Board from time to time; and (6) the Company's internal and external auditing processes, and to provide the annual report of the Committee to be included in the Company's annual proxy statement. This committee meets with the Company's and the Banks' internal auditors to review the performance of the internal audit function. The Audit Committee met eleven (11) times in 2006. A detailed list of the Committee's functions is included in its written charter adopted by the Board of Directors, a copy of which is available free of charge on the corporate governance pages of our website at www.myNYCB.com and is available in print to any shareholder who requests a copy. The Board of Directors has determined that Mr. Pileski is an "audit committee financial expert" under the rules of the SEC.

Nominating and Corporate Governance Committee. The Company's Nominating and Corporate Governance Committee consists of Messrs. Blake (Chairman), Ciampa, Dahya, Farrell, Kupferberg, Levine, Molinari, Pileski, and Tsimbinos, Ms. Clancy and Dr. Frederick, all of whom are independent in accordance with the listing standards of the New York Stock Exchange. The Committee considers and recommends the nominees for director to stand for election at the Company's Annual Meeting of Shareholders.

The Nominating and Corporate Governance Committee approved and recommended to the Board of Directors the director nominees standing for election at the Annual Meeting. Each of the nominees proposed for election at the Annual Meeting are current members of the Board, and the Company received no nominations from

shareholders for the election of directors to the Board.

In evaluating and recommending nominees for positions on the Board of Directors, the Nominating and Corporate Governance Committee may, but is not required to, consider nominees proposed by management, and will also consider nominees recommended by shareholders. Upon receipt of a nomination, the Committee evaluates candidates based on, among other things, criteria identified by the Board from time to time, including factors relative to the overall composition of the Board and such other factors as the Committee deems appropriate, such as a potential candidate's business experience and specific areas of expertise, skill, and background. Upon approval of a nominee, the Nominating and Corporate Governance Committee recommends that the Board select such candidate for appointment to fill a vacancy and/or for nomination to be elected by the shareholders. The procedures to be followed by shareholders in recommending director candidates to the Nominating and Corporate Governance Committee are included in this proxy statement. See *Corporate Governance* *Procedures to be Followed by Shareholders in Recommending Director Candidates*.

The Nominating and Corporate Governance Committee held one meeting during 2006. The Committee acts under a written charter adopted by the Board of Directors, a copy of which is available, free of charge, on the corporate governance pages of the Company's website at www.myNYCB.com and is available in print to any shareholder who requests a copy.

The Company's Certificate of Incorporation and Bylaws provide for shareholder nominations of directors. These provisions require such nominations to be made pursuant to timely notice, in writing, to the Secretary of the Company. The shareholder's notice of nomination must contain all information relating to the nominee that is required to be disclosed by the Company's Bylaws and by the Securities Exchange Act of 1934. See *Additional Information - Notice of Business to Be Conducted at an Annual Meeting*.

Compensation Committee. The Compensation Committee of the Board of Directors consists of Messrs. Blake (Chairman), Kupferberg, Farrell, and Levine and Ms. Clancy, all of whom are independent in accordance with the listing standards of the New York Stock Exchange. This committee meets to establish compensation for the executive officers and to review the Company's incentive compensation programs when necessary. The Compensation Committee met seven times in 2006. The Compensation Committee acts under a written charter adopted by the Board of Directors, a copy of which is available, free of charge, on the corporate governance pages of the Company's website at www.myNYCB.com and is available in print to any shareholder who requests a copy.

Attendance at Annual Meetings. The Board of Directors expects all directors to attend the Annual Meeting of Shareholders. All but one of the directors attended the 2006 Annual Meeting of Shareholders held on June 7, 2006.

Directors' Fees. Directors of the Company do not receive any fees or retainers for serving on the Company's Board of Directors. In 2006, non-employee directors of the Community Bank received an annual retainer of \$46,000 and a fee of \$2,500 per Board meeting attended. Non-employee directors of the Banks also received fees ranging from \$500 to \$2,000 for each committee meeting attended, although such fees are not duplicated for joint Company, Community Bank and Commercial Bank committee meetings. Committee chairpersons receive fees ranging from \$1,000 to \$4,000 per meeting. Additionally, members of the Mortgage and Real Estate Committee of the Community Bank Board of Directors or the Credit Committee of the Commercial Bank Board of Directors who perform inspections of properties offered as security for the respective Bank's loans, in accordance with the Community Bank's and Commercial Bank's lending policies, also receive a fee of \$1,200 per inspection.

Directors' Deferred Fee Plan. The Community Bank maintains a deferred fee stock unit plan to provide an opportunity for those members of the Board of Directors of the Community Bank who were active in such capacity on the effective date of the plan to defer the receipt of fees otherwise currently payable to them, in exchange for the receipt (at the time they cease to serve as directors) of shares of the Company's Common Stock having a value equal to the amount of such deferred benefit, thus providing the Community Bank with the use of the funds for business activities. The deferral of fees under the plan applies to all fees received by directors, including regular meeting fees, special meeting fees, and committee fees.

12

Outside Directors' Consultation and Retirement Plan. The Community Bank maintains the Outside Directors' Consultation and Retirement Plan to provide benefits to certain outside directors who served on the board of Queens County Savings Bank and to ensure their continued service and assistance in the conduct of the Community Bank's business. Under the plan, a director who is not currently an officer or employee of the Community Bank and who has served as a director for at least ten years (with credit given for prior service as a trustee of the Community Bank), has attained the age of 65, and agrees to provide continuing consulting services to the Community Bank, will be eligible, upon retirement, to receive an annual benefit equal to the average of the director's annual retainer and meeting fees over the 36-month period preceding the director's termination date, for a period equal to the lesser of the number of months for which such director agrees to provide consulting services after retirement, or ten years. The plan is unfunded. Directors Blake, Ciampa, and Kupferberg are the only participants in the plan.

Life Insurance Benefit for Non-Employee Directors. The Company provides life insurance for non-employee directors of the Banks and the Company. For 2006, the premiums paid by the Company for such insurance coverage for non-employee directors amounted to \$3,450 in the aggregate. These premiums are tax deductible by the Company, assuming certain requirements are met.

Directors' Stock Compensation. Directors also participate from time to time in the Company's stock compensation programs. However, no awards were made to outside directors in 2006 except to Mr. Voutsinas, who received a grant of 18,000 restricted shares, which began vesting in equal quarterly installments over four years on January 1, 2007.

Compensation Discussion and Analysis

Our Compensation Philosophy

Our executive compensation philosophy is based on three guiding principles:

- **Meeting the Demands of the Market** □ We compensate our named executive officers (□NEOs□) and other key members of our management team at competitive levels to position us as the employer of choice among our peers who provide similar financial services in the markets we serve.
- **Aligning with Shareholders** □ We use equity compensation as a key component of our compensation mix to develop a culture of ownership among our management team and to align their individual financial interests with the interests of our shareholders.
- **Driving Performance** □ We believe the largest share of the compensation of our NEOs should depend on the performance of the Company, both on an annual basis and over the long-term.

Our compensation philosophy is based on the premise that the success of the Company depends, in large part, on the dedication and commitment of the people we place in key operating positions to drive our business model. Accordingly, we provide the members of our management team with incentives that are tied to the successful implementation of our corporate strategies and the fulfillment of our specific objectives. At the same time, we

13

recognize that the Company operates in a competitive environment for talent. To enable us compare favorably with our peers as we seek to attract and retain key personnel, we consider the full range of compensation techniques available in compensating our management team.

The decisions we make with regard to compensation for our key personnel serve a three-fold purpose: to communicate our objectives with regard to their individual performance, to influence the decisions they make, and to reward them when they achieve specific results. We believe that communicating the basis upon which each member of management's performance will be evaluated creates accountability for individual performance within the structure of our business plan.

Components of Executive Compensation

Our compensation program relies on three primary elements: (i) base salary; (ii) equity-based, long-term incentive compensation; and (iii) cash-based, short-term incentive compensation. We meet the objectives of our compensation philosophy by achieving a balance among these three elements that is competitive with our industry peers and creates appropriate incentives for our management team. To achieve the necessary balance, our Compensation Committee works closely with nationally recognized independent compensation consultants (see below) who provide us with their special expertise on competitive compensation practices and help us to benchmark our compensation program to our peers and to □best practices□ in our sector.

Base Compensation. Our NEOs receive base salaries at levels that reflect the role, scope, and complexity of their specific position. The salaries of our NEOs are reviewed at least annually to assess their performance, to

evaluate our competitive position on base pay, and to make any necessary adjustments. Our goal is to maintain salary levels for our NEOs at a level that is generally consistent with base pay received by those in comparable positions at our peers. However, we traditionally have placed greater weight on long-term incentive-based compensation in the development of each executive's total compensation package. On a limited basis, we have used short-term cash awards to provide our NEOs recognition for outstanding individual performance. As part of our salary review, we obtain peer group information from a variety of sources, including an independent compensation consultant (see below). Typically, salary adjustments occur in the first quarter or at other appropriate intervals during the year.

Long-Term Equity-Based Compensation. The use of long-term equity-based compensation as a component of our executive compensation program has been a consistent feature throughout our public life. We have long believed, and we continue to believe, that equity compensation is the best means available to align the long-term financial interests of our key executives with those of our shareholders. Our long-term incentive compensation program is based on the delivery of competitive equity awards to our management team. We use our equity-based compensation program to reward outstanding performance with incentives that focuses our management team on the task of creating long-term shareholder value. By increasing the equity holdings of our management team, we provide them with a continuing stake in our long-term success. The nature and size of awards under our equity-based programs are based on a number of factors, including awards made to those holding comparable positions in our peer group and the tax and accounting treatment of specific equity compensation techniques. To ensure the continued availability of equity compensation opportunities for our key personnel, we sought and obtained shareholder approval of our 2006 Stock Incentive Plan ("2006 Stock Plan") at the 2006 annual meeting. This plan takes an omnibus approach to equity compensation, providing us with the flexibility to use a variety of compensation techniques to optimize its impact.

Historically, we used stock options as our primary long-term incentive vehicle since stock options provide a direct means of tying our executive incentives to share price appreciation. We also used outright grants of stock to award our NEOs for specific achievements related to our growth and success, such as the consummation or integration of a significant strategic acquisition.

In 2006, we implemented a performance-based stock compensation program to focus and reward management for the attainment of financial goals relative to our peer group. By combining financial goals with stock-based compensation awards, we can provide our executive officers with an incentive that is both internally and externally performance-based and balanced.

Short-Term Cash-Based Incentive Compensation. Historically we have not emphasized the payment of short-term, cash-based incentive compensation for our NEOs. Our current goal is to increase the share of our senior executives' total annual cash compensation attributable to variable pay. To facilitate this objective, we instituted a Management Incentive Compensation Plan ("MICP") in 2006 and obtained shareholder approval of the plan at the 2006 annual meeting to ensure the deductibility of plan awards under Section 162(m) of the Internal Revenue Code. Our short-term program is designed to reward the attainment of annual company-wide financial objectives compared to our peer group. The Compensation Committee then has the opportunity to adjust actual bonuses paid based upon individual performance relative to the specific tasks we expect our key personnel to accomplish during the year. The 2006 plan specifies a wide range of financial metrics that can be selected for use on a comparative basis relative to our peers.

Our objective is to drive annual performance at both the company and individual levels to the highest attainable levels by establishing threshold, target, and maximum goals tied to increasing levels of incentive compensation. We may also establish individual performance objectives in connection with short-term cash incentive opportunities. Individual objectives will be evaluated by considering actual results against specific targeted objectives, whether the objective represented a significant stretch for the individual and organization, and whether unanticipated circumstances, either positive or negative, affected the outcome. In general, our intent is to provide specific awards based upon predetermined objectives, although the Compensation Committee may exercise discretion in the final determination of awards. Under the MICP, in appropriate circumstances, the Compensation Committee may take into account external or extraordinary factors that influenced or affected a specific outcome, whether relating to a corporate or individual target, and make adjustments that reflect an equitable result. However, under the MICP, the Compensation Committee may only make downward adjustments in the award.

In addition to the MICP, the Compensation Committee retains the right to provide cash awards outside the MICP. The Committee may use this discretion to provide spot awards based upon results that are not necessarily tied to targets established under the MICP.

Peer Group Analysis

A critical element of our compensation philosophy and a key driver of specific compensation decisions for our management team is a comparative analysis of our compensation mix and levels relative to a peer group of publicly traded financial institutions with which we compete for talent. A discussion of the 2006 analysis follows below. In 2006, our peer group was selected with the assistance of our independent compensation consultants on the basis of several factors, including geographic proximity, size, and operating characteristics. The following financial institutions were included in our 2006 peer group:

Associated Banc-Corp.	Indymac Bancorp, Inc.
North Fork Bancorporation, Inc.	M&T Bank Corporation
Astoria Financial Corporation	Northern Trust Corporation
CIT Group, Inc.	Peoples Bank
City National Corporation	Sky Financial Group, Inc.
Compass Bancshares, Inc.	Sovereign Bancorp, Inc.
Hudson City Bancorp, Inc.	TD Banknorth, Inc.
Huntington Bancshares, Inc.	Webster Financial Corporation
Independence Community Bank Corp.	

In addition to our consideration of peer group metrics, we consult with a variety of broad-based published compensation surveys that are either industry-specific or geographically relevant to our operations. These surveys include financial institutions of similar size.

Role of the Compensation Committee

We rely on the Compensation Committee to develop the broad outline of our compensation program and to monitor the success of the program in achieving the objectives of our compensation philosophy. The Committee, which consists of five independent directors, is also responsible for the administration of our compensation programs and policies, including the administration of our cash- and stock-based incentive programs.

The Committee operates under the mandate of a formal charter that establishes a framework for the fulfillment of the Committee's responsibilities. The Committee and the Board review the Charter at least annually to ensure that the scope of the Charter is consistent with the Committee's expected role. Under the Charter, the Committee is charged with general responsibility for the oversight and administration of our compensation program. The Charter vests in the Committee principal responsibility for determining the compensation of the CEO based on the Committee's evaluation of his performance. The Charter also authorizes the Committee to engage consultants and other professionals without management approval to the extent deemed necessary to discharge its responsibilities.

During 2006, the Compensation Committee met seven times, including two executive sessions attended by Committee members only. The members of the Committee included Donald M. Blake, Max L. Kupferberg, Robert S. Farrell, Maureen E. Clancy, and Michael J. Levine.

Role of the Independent Compensation Consultant

Since 2005, the Compensation Committee has worked with independent compensation consultants at Pearl Meyer & Partners to benchmark our compensation program against our peers and to obtain expertise in structuring our compensation program. The compensation consultant is retained directly by the Committee and serves at the pleasure of the Committee. From time to time, the Committee also reviews with Pearl Meyer &

Partners developments in the compensation area to ensure that our program is consistent with prevailing practice in our industry. During 2006, we paid Pearl Meyer & Partners \$140,174 for their services. Those services included consultation with respect to total direct compensation (base salary, annual incentives, and long-term incentives) for

our senior management team, including the CEO, CFO, and the other NEOs. The results of the survey are discussed below. In 2006, representatives of Pearl Meyer & Partners attended two Committee meetings, either in person or by telephone.

Role of Management

Our CEO and other NEOs develop recommendations regarding the appropriate mix and level of compensation for their subordinates. The CEO develops recommendation for the other NEOs. The recommendations consider the objectives of our compensation philosophy and the range of compensation programs authorized by the Compensation Committee. The CEO meets with the Compensation Committee to discuss the recommendations and also reviews with the Committee his recommendations concerning the compensation of our NEOs, including our COO, CFO and Chief Lending Officer. Our CEO provides input on his own compensation. However, he does not participate in Committee discussions or the review of Committee documents relating to the determination of his compensation.

Tax and Accounting Considerations

In consultation with our advisors, we evaluate the tax and accounting treatment of each of our compensation programs at the time of adoption and on an annual basis to ensure that we understand the financial impact of each program on the Company. Our analysis includes a detailed review of recently adopted and pending changes in tax and accounting requirements. As part of our review, we consider modifications and/or alternatives to existing programs to take advantage of favorable changes in the tax or accounting environment or to avoid adverse consequences. During 2006, we continued to consider the implications of the revised accounting treatment for equity compensation under FASB Statement 123R (Accounting for Share-Based Payment). We are continuing to implement changes in plan design or compensation practices to address these developments as they are interpreted and implemented.

To preserve maximum flexibility in the design and implementation of our compensation program, we have not adopted a formal policy that requires all compensation to be tax deductible for purposes of Section 162(m) of the Internal Revenue Code, which limits the deductibility of certain compensation paid to our NEOs. However, to the greatest extent possible, it is our intent to structure our compensation programs in a tax-efficient manner. To that end, we asked for, and received, shareholder approval for both our short- and long-term incentive programs in 2006. As currently structured and approved, our incentive programs meet the requirements of performance-based pay pursuant to Internal Revenue Code Section 162(m).

Post-Employment Arrangements

We recognize that an important consideration in our ability to attract and retain key personnel is our ability to minimize the impact on our management team of the possible disruption associated with our analysis of strategic opportunities. Accordingly, we believe that it is in the best interest of the Company and its shareholders to provide our key personnel with reasonable financial arrangements in the event of termination of employment. In addition, the use of such arrangements by our competitors necessarily influences our use of such arrangements to maintain our ability to attract and retain key personnel. At present, all of our NEOs are covered by employment agreements providing specified severance benefits and benefit continuation in the event of their termination of employment. For additional information regarding our NEO employment agreements, see the section headed *Potential Post-Termination Payments and Benefits* following the *Summary Compensation Table*.

Retirement Benefits; Employee Welfare Benefits

Our principal retirement savings vehicle is our Employee Stock Ownership Plan ( ESOP ). Since our initial public offering in 1993, the ESOP has been a significant source of retirement savings for our employees,

including our NEOs. The ESOP has also fostered a strong sense among our employees that they are owners with a vested interest in the success of the Company. We also offer our employees a 401(k) plan that enables them to supplement

their retirement savings with elective deferral contributions. Certain of our NEOs are entitled to benefits at retirement under our tax-qualified pension plan which was frozen in 1999. Following the plan freeze, no additional benefits were accrued by the NEOs.

We do not currently offer our NEOs supplemental executive retirement benefits or nonqualified deferred compensation programs. Certain of our NEOs participate in a supplemental retirement benefits plan that was established at the time of our initial public offering and that provides benefits with respect to the ESOP that cannot be allocated as a result of applicable Internal Revenue Code limits. Although this plan was frozen in 1999, the plan would provide a restoration benefit to the participants in the event of a change in control. For additional information regarding the supplemental retirement benefits plan, see the section headed *Potential Post-Termination Payments and Benefits* following the *Summary Compensation Table*.

In addition to retirement programs, we provide our employees, including our NEOs, with coverage under medical, dental, life insurance, and disability plan on terms consistent with industry practice. We also provide employees with access to a Section 125 Plan to pay their share of the cost of such coverage on a pre-tax basis.

Perquisites

We provide our NEOs with reasonable perquisites to further their ability to promote the business interests of the Company in our markets and to reflect competitive practices for similarly situated officers employed by our peers. The perquisites are reviewed periodically and adjusted as necessary.

Stock Compensation Grant and Award Practices: Timing Issues

Our Compensation Committee considers whether to make stock option grants and/or award other forms of equity as part of its annual evaluation of the performance of our NEOs. However, grants or awards may be made at other times during the year based on specific circumstances such as a new hire, a specific contractual commitment, or a change in position or responsibility. The Compensation Committee considers the recommendations of our CEO and other executive officers with respect to awards contemplated for their subordinates. However, the Committee is solely responsible for the development of the schedule of grants or awards made to the CEO and NEOs.

As a general matter, the Compensation Committee's process is independent of any consideration of the timing of the release of material non-public information, including with respect to the determination of grant dates or the stock option exercise prices. Similarly, the Company has never timed the release of material non-public information with the purpose or intent of affecting the value of executive compensation. In general, the release of such information reflects long-established timetables for the disclosure of material non-public information such as earnings releases or, with respect to other events reportable under federal securities laws, the applicable requirements of such laws with respect to the timing of disclosure.

We set the exercise price of stock options solely by reference to the applicable provisions of our stock compensation plans. Under our current plan, the 2006 Equity Incentive Plan, the exercise price of an option is the closing price of our Common Stock on the grant date. The grant date is generally the date of Committee action.

Stock Ownership Requirements

We have not adopted formal stock ownership requirements for our senior officers and Board members. As a practical matter, our officers and directors typically hold significant interests in our stock, which they have accumulated through individual purchases and participation in stock compensation programs. We expect our NEOs to maintain a significant portion of their personal wealth in the Company's stock and, historically, our NEOs have more than met this expectation.

2006 Developments in NEO Compensation**Peer Group Analysis and Conclusions**

In 2006, the Compensation Committee commissioned a comprehensive executive total direct compensation review by our consultants at Pearl Meyer & Partners to survey prevailing practices among our peers and to provide the Committee with a benchmark for 2006 compensation determinations. The study, based on 2005 data, revealed that, while NEO base salaries were well positioned relative to our peer group (above the 75th percentile), the total cash compensation of our NEOs in 2005 was 24% below the median level of our peers, largely due to the absence of an annual cash incentive program. In addition, from a total compensation perspective, taking into account long-term equity compensation awards, the study indicated that our NEOs were 52% below the 2005 peer group median.

As compared to its peers, the Company's 2005 executive compensation program relied entirely on base salary. According to the Pearl Meyer study, all peer financial institutions maintained short-term cash incentive programs in 2005 and nearly all provided a mix of equity compensation awards (stock options, restricted stock, and/or other long-term performance awards) to their NEOs.

In response to the study's findings, the Company instituted a formal short-term cash incentive plan (the MICP) and renewed its commitment to providing competitive equity awards by adopting the 2006 Equity Incentive Plan. As previously noted, both plans were approved by shareholders at the 2006 annual meeting. It is expected that the plans will be utilized in tandem on an annual basis to reposition the total compensation of the Company's NEOs in the range of the 50th - 60th percentile of the peer group.

2006 Salary Adjustments

Given the positioning of our NEOs' salaries relative to our peers, and our desire to emphasize variable compensation, our NEOs, including our CEO, did not receive salary increases in 2006.

2006 Long-Term Equity-Based Compensation

We implemented our long-term equity-based performance plan in 2006 to provide our NEOs with the opportunity to receive equity awards based upon the performance of the Company relative to its peers. In September 2006, specific threshold, target, and maximum awards (as described below) expressed as a percentage of base salary were developed and approved by the Compensation Committee as award opportunities for our NEOs.

The following table identifies the award opportunities, expressed as a percentage of base salary, for the NEOs who were part of the program.

	Threshold	Target	Maximum
Mr. Ficalora	44%	175%	263%
Mr. Wann	25%	100%	150%
Mr. Cangemi	25%	100%	150%
Mr. Carpenter	25%	100%	150%

The performance metrics selected for 2006 included the Company's (i) efficiency ratio, (ii) return on tangible stockholders' equity, and (iii) non-performing assets as a percentage of total assets. The Committee believed that these metrics were directly linked to the growth of total shareholder return over the long-term and, therefore, represented appropriate goals upon which to base incentive compensation opportunities.

For 2006, the performance cycle reviewed was the six-month period from July 1 to December 31, 2006. Since the plan was not effective until the receipt of shareholder approval in June 2006, the Committee used an abbreviated period to ensure compliance with Internal Revenue Code Section 162(m) to maximize the tax efficiency of our incentive compensation. In the future, it is anticipated that the performance cycle will be the full calendar year.

Each of the selected performance metrics was measured against the performance of our peers in the same period. The relative performance results were then averaged for the three goals. This average weighting was then linked to a specific incentive award opportunity: (i) 25th percentile performance resulted in a threshold award, (ii) 50th percentile resulted in a target award, and (iii) 75th percentile resulted in the maximum award. Actual award levels were subject to the exercise of negative discretion by the Compensation Committee.

Based upon our results for the performance cycle, the Company performed above the 75th percentile of the peer group averages. Accordingly, the maximum award was available for payout. However, the Compensation Committee made a determination to reduce the award based upon a number of factors, including each executive's total compensation, taking into account each executive's 2006 MICP payout and other bonuses paid earlier in 2006. On average, the executives received awards valued slightly above the target level. The resulting equity compensation awards were paid in the form of restricted shares of the Company's common stock. The actual awards for 2006, which were made on April 2, 2007, are detailed in footnote 2 to the *Summary Compensation Table*.

2006 Short-Term Cash-Based Incentive Compensation

Our MICP was implemented in 2006 through the establishment of target cash incentive opportunities for our NEOs relating to the Company's 2006 performance in specified areas. The 2006 program set goals for three performance metrics in a manner similar to the long-term equity incentive program described above: (i) efficiency ratio, (ii) return on tangible stockholders' equity, and (iii) non-performing assets as a percentage of total assets. As with the long-term incentive program and for the same reasons, the award cycle for 2006 was July 1 to December 31, 2006. It is anticipated that, in future years, the plan cycle will correspond to our calendar-year performance.

Specific award opportunities expressed as a percentage of base pay were tied to the attainment of the goals at threshold (performance better than 25th percentile of the peer group), target (performance better than 50th percentile of the peer group), and maximum (performance better than 75th percentile of the peer group) levels of performance. The following table identifies the specific threshold, target, and maximum awards, expressed as a percentage of base salary, for the four NEOs who participated in the MICP.

	Threshold	Target	Maximum
Mr. Ficalora	25%	100%	150%
Mr. Wann	19%	75%	113%
Mr. Cangemi	13%	50%	75%
Mr. Carpenter	13%	50%	75%

Our relative attainment of the average of the three performance goals was greater than the 75th percentile and, therefore, the maximum awards were available for payout. However, as with the long-term incentive plan, the Committee reserved the right under the 2006 MICP to make downward adjustments to individual awards. Accordingly, the Committee reduced the awards based on its evaluation of each executive's total compensation, including the receipt by each executive, other than Mr. Ficalora, of a prior bonus payment in April 2006. The Committee noted that, taking into account the aggregate of the April 2006 bonus and the 2006 MICP payout, the 2006 cash incentive compensation for each executive other than Mr. Ficalora would fall approximately in the target range, while Mr. Ficalora's MICP payout fell between the threshold and the target range. Mr. Ficalora specifically requested and received a lower payout than he would otherwise have received based on his evaluation of the overall range of NEO compensation and his review of peer group data. The actual amount of the April 2006 bonus is set forth in the *Bonus* column of the *Summary Compensation Table*. The actual amount of the

MICP payout is set forth in the *Non-Equity Incentive Plan Compensation* column of the *Summary Compensation Table*.

Subsequent to the plan freeze, the similarly frozen pension plans of financial institutions acquired by the Company were merged into the Company's frozen plan. The indicated benefit represents the present value of the executive's accumulated benefit as of the date the plans were frozen. All amounts accrued by the Company with respect to the Plans subsequent to the freeze reflect the effect of actuarial adjustments and do not increase the Executive's benefit.

Non-qualified Defined Contribution Plan Benefits

Name	Aggregate Balance at Last Fiscal Year-End
(\$) ⁽¹⁾	
Mr. Ficalora	8,262,198
Mr. Wann	2,061,669

- (1) Represents the value of the executive's account balance at December 31, 2006 under the Company's Supplemental Executive Retirement Plan. The plan, which was frozen as to annual allocations in 1999, credited the executive with shares of Common Stock that could not be allocated to them directly under the Company's ESOP as a result of applicable federal tax limitations. No allocations have been made since 1999. The value presented is based on the closing price of \$16.10 for the Common Stock on December 29, 2006, the last trading day of 2006. Messrs. Ficalora and Wann have 513,180 and 128,054 shares, respectively, allocated to their accounts under the frozen plan. The share totals reflect the cumulative effect of nine stock splits in the form of stock dividends since the Company's 1993 initial public offering and also include shares acquired through dividend reinvestment. For additional information regarding the plan, see Potential Post-Termination Payments and Benefits below.

Potential Post-Termination Payments and Benefits

Severance under Employment Agreements

The Company maintains employment agreements with its NEOs, other than Mr. Manzulli, whose agreement was terminated in connection with his retirement. The agreements, which are identical in form, provide for an initial three-year term and daily extension so that the contract term is always three years from the then-current date, unless either party provides written notice of non-renewal or termination, at which time the expiration date becomes fixed at three years from the date of notice or termination. The employment agreements also provide for the payment and annual review of base salary, the provision of employee benefits applicable to executive personnel, and eligibility to participate in incentive and stock-based compensation programs.

The employment agreements allow the Company to terminate the executive's employment for cause, as defined under and subject to procedures outlined in the agreements. The executive receives no further payments or benefits under their agreement following a termination for cause. Upon the executive's voluntary termination or death, the executive or his estate would receive only base salary and other compensation or benefits earned through the date of termination.

Under the agreements, the Company has the right to terminate the executive's employment if he becomes disabled. Upon the executive's termination of employment by reason of his disability, the executive's full base salary would be continued through the date the executive begins to receive benefits under the Company's long-term disability program. When the executive begins to receive long-term disability benefits, the Company is obligated to (i) continue to pay the executive the difference between 60% of his base salary and the long-term disability benefit and (ii) continue the executive's employee benefits, through the date the agreement would have otherwise expired.

Each executive may also terminate employment under the agreements for good reason (i.e., under circumstances outlined in the agreement and equivalent to constructive termination), and the Company may also terminate the executive without cause. Upon termination for good reason or termination without cause, the executive receives a lump sum benefit equal to the sum of base salary and other compensation earned through the termination date, plus the executive's pro rata share of the aggregate annual amounts of bonuses or other cash incentive compensation paid to the executive for the three calendar years preceding termination of employment. The executive also becomes entitled to a lump sum payment equal to the sum of (i) three times the highest total compensation paid to the executive during the three preceding years, including bonuses, cash and stock compensation, and other amounts reported on the executive's Form W-2 (but excluding income realized

from the exercise or a disqualifying disposition of stock options); and (ii) three times the average amount contributed by or allocated to the executive under all tax-qualified benefit plans during the three preceding years. The executive also receives continued medical, dental, and life insurance benefits for a period of thirty-six months following termination of employment. In addition, if the executive's termination of employment for good reason or without cause occurs on or after the effective date of a change in control, as defined in the agreement, all stock awards and stock options will accelerate and vest in full as of the executive's termination date.

If the executive terminates employment due to disability or death within one year after the occurrence of a change in control or within one year after the commencement of preliminary steps leading to an eventual change of control, with the actual change in control taking place within two years after the executive's termination of employment, the executive or his estate will receive the severance benefits described above, in the same manner as if the executive had terminated employment with good reason.

Section 280G of the Internal Revenue Code of 1986 provides that payments or benefits contingent upon a change in control that exceed three times an executive's "base amount" (i.e., three times average annual taxable compensation over the five taxable years preceding the change in control) are "excess parachute payments." Under Section 4999 of the Code, an executive who receives an excess parachute payment is subject to a 20% excise tax on the amount received in excess of the base amount, and the Company is unable to deduct a corresponding amount. In the event that any payments or benefits provided to the executives are subject to the excise tax, the employment agreements provide the executives with indemnification for these excise taxes and any additional income, employment, and excise taxes imposed as a result of the initial indemnification.

25

The following table summarizes the severance payments and benefits available to the executives under their employment agreements in the event of their termination of employment as of December 31, 2006 in the indicated circumstances:

	Termination without Cause or for Good Reason (\$)	Death (\$)	Disability (1) (\$)	Code Section 4999 Indemnification (2) (\$)
Joseph R. Ficalora				
Cash severance	10,315,511			
Value of benefit continuation	39,478		1,500,000	6,904,509
Robert Wann				
Cash severance	8,128,961			
Value of benefit continuation	52,972		750,000	4,004,528
Thomas R. Cangemi				
Cash severance	7,458,866			
Value of benefit continuation	52,972		550,000	
James J. Carpenter				
Cash severance	2,326,953			
Value of benefit continuation	39,478		450,000	1,103,071

(1) Represents aggregate of 100% base salary continuation for six months after termination by reason of disability and 60% base salary continuation for an additional 30 months reduced by the maximum long-term disability payments under the Company's plan (\$180,000).

(2) The Section 4999 tax indemnification payment applies only if the executive's termination severance payments and benefits, when aggregated with other payments and benefits, results in an excess parachute payment under Section 280G of the Code.

Supplemental Change-in-Control ESOP Benefit

The Company maintains a nonqualified supplemental plan in connection with the ESOP that was designed to provide certain of our officers with benefits that cannot be allocated to them directly through the ESOP as a

result of certain limitations under the Internal Revenue Code. Messrs. Ficalora and Wann have participated in the plan since 1993. The plan was amended in December 2002 to add Mr. Cangemi as a participant but only with respect to the separate change in control provision described below. The supplemental plan was frozen in 1999 with respect to annual allocations. However, in the event of a change in control of the Company (as defined in the plan), Messrs. Ficalora, Wann, and Cangemi, the only NEOs participating in the plan, would be credited with the value of the allocations they would have received under the plan had it been in effect on an annual basis since 1999 (2002 for Mr. Cangemi). The account balance would also be adjusted to reflect stock and cash dividends payable over the same period. Assuming a change in control had occurred at December 31, 2006, the additional benefits payable under the plan are estimated to be as follows: Mr. Ficalora (\$6,258,883), Mr. Wann (\$1,160,186), and Mr. Cangemi (\$425,627).

Transactions with Certain Related Persons

The federal banking laws require that all loans or extensions of credit to executive officers and directors must be made on substantially the same terms, including interest rates and collateral, and follow substantially the same credit underwriting procedures as those prevailing at the time for comparable transactions with other persons, and must not involve more than the normal risk of repayment or present other unfavorable features. The Community Bank from time to time may make mortgage loans to its directors, officers, and employees, including consumer loans or loans to purchase or refinance personal residences, and may make loans secured by income-producing property to entities in which a director or officer has an ownership or, in the case of directors, a management

26

interest, provided that all such loans are made in accordance with federal banking laws and are made in the ordinary course of business, do not involve more than normal risk of collectibility or present other unfavorable features, and are made on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the same time for comparable transactions with unaffiliated persons.

From time to time, in accordance with written policies, the Board of Directors reviews a summary of the Company's transactions with directors and executive officers of the Company and with firms that employ directors, as well as any other related person transactions, for the purpose of recommending to the disinterested members of the Board of Directors that the transactions are fair, reasonable and within Company policy and should be ratified and approved. The Board of Directors also reviews any transactions reported to the Board by the Company's Corporate Secretary that are required to be reported under Item 404(a) of Regulation S-K. Additionally, in accordance with federal regulations, the Board of Directors reviews all loans made to a director or executive officer in an amount that, when aggregated with the amount of all other loans to such person and his or her related interests, exceed the greater of \$25,000 or 5% of the Company's capital and surplus (up to a maximum of \$500,000) and such loan must be approved in advance by a majority of the disinterested members of the Board of Directors. Further, pursuant to the Company's Code of Business Conduct and Ethics and other business standards applicable to them, all executive officers and directors of the Company must disclose any existing or emerging conflicts of interest to the Chief Executive Officer. Such potential conflicts of interest include, but are not limited to, any position or interest, financial or otherwise, which could materially conflict with an executive officer's or director's performance or which affects such executive officer's or director's independence or judgment concerning transactions between the Company, its customers, suppliers or competitors.

Legal Proceedings

There are no legal proceedings to which any of the Company's directors or executive officers, or any of their affiliates, is a party that are adverse to the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors, and greater than 10% shareholders are required by the Securities and Exchange Commission regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of copies of the reports of ownership furnished to the Company, or written representations that no other reports were required, the Company believes that during the 2006 fiscal year, its executive officers and directors complied with applicable reporting requirements for transactions in the Company's Common Stock, except that on February 14, 2006, Mr. Tsimbinos filed an amendment to his Form 3 (originally filed on November 10, 2003) to correct the number of shares reported as being beneficially owned by him through his Individual Retirement Account.

Audit Committee Report to Shareholders

The Audit Committee of the Company's Board of Directors is composed of five non-employee, independent directors, and operates under a written charter adopted by the Board of Directors.

The Company's management is responsible for the Company's internal control over financial reporting. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and issuing an opinion on the conformity of those financial statements with generally accepted accounting principles. The Audit Committee oversees the Company's internal controls and financial reporting process on behalf of the Board of Directors.

27

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm for 2006. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees), including the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with the independent registered public accounting firm, the independent registered public accounting firm's independence from the Company and its management. In concluding that the independent registered public accounting firm is independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the independent registered public accounting firm in 2006 were compatible with its independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their 2006 audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting process.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent registered public accounting firm, who, in their report, express an opinion on the conformity of the Company's financial statements to generally accepted accounting principles. The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal control over financial reporting designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent registered public accounting firm do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company's independent registered public accounting firm is in fact independent.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the SEC. The Audit Committee and the Board of Directors also have approved, subject to shareholder ratification, the selection of the Company's independent registered public accounting firm to audit the Company's consolidated financial statements for the year ending December 31, 2007.

- (2) Primarily reflects services rendered in connection with audits of the Company's employee benefit plan financial statements as well as the issuance of comfort letters and consents relating to the Company's filing of registration statements and offering circulars.
- (3) Includes fees for services rendered in connection with an acquisition cost recovery analysis performed by the Company, tax services relating to certain state and local tax matters, and tax audit support services.

- (4) Includes fees for services rendered in connection with the review and preparation of certain tax returns for the Company and tax services relating to the October 2003 merger of Roslyn Bancorp, Inc. with and into the Company.

The Audit Committee will consider on a case-by-case basis, and, if appropriate, approve, all audit and non-audit services to be provided by the Company's independent registered public accounting firm. Alternatively, the Audit Committee may adopt a policy for pre-approval of audit and permitted non-audit services by the independent registered public accounting firm. In 2006, all audit-related services, tax services, and other services were approved by the Audit Committee, which concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its audit functions.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE
RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY.**

CORPORATE GOVERNANCE

General. The Company periodically reviews its corporate governance policies and practices. This process includes comparing its current policies and practices to policies and practices suggested by various groups or authorities active in corporate governance and practices of other public companies. Based upon this review, the Company adopts any changes in corporate governance policies that the Board of Directors believes are best for the Company. As part of the Company's continuing efforts to strengthen its corporate governance practices, protect the interests of its shareholders, and reflect the adoption of the New York Stock Exchange corporate governance rules, the Board of Directors has taken several important actions:

Corporate Governance Guidelines. The Board has adopted and reviewed a set of Corporate Governance Guidelines, which are available on the corporate governance pages of the Company's website, www.myNYCB.com, and are available in print to any shareholder who requests a copy. These Guidelines address, among other things, the qualifications and responsibilities of directors, functions of the Board and Board committees, director compensation, training, and performance evaluations, and management performance evaluations and succession.

Director Independence. The Board of Directors of the Company has determined that the following directors are "independent" within the meaning of the rules of the New York Stock Exchange: Donald M. Blake, Dominick Ciampa, Maureen E. Clancy, Hanif Dahya, Robert S. Farrell, William C. Frederick, M.D., Max L. Kupferberg, Michael J. Levine, Guy V. Molinari, John A. Pileski, and John M. Tsimbinos. It was also determined that a former director, Thomas A. Doherty, who passed away in April 2007, was independent in accordance with the rules of the New York Stock Exchange. Additionally, the Board has determined that each of the members of the Audit, Nominating, and Compensation Committees is independent in accordance with the listing standards of the New York Stock Exchange and, in the case of the members of the Audit Committee, the rules of the SEC. In determining the independence of its members, the Board broadly considers all facts and circumstances it deems to be relevant and does not limit such review to a specific set of categorical independence standards. Such determinations are made not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships, among others.

In arriving at its conclusions with respect to the directors named above, the Board determined that the directors had no material relationship (as such term is defined under the listing standards of the New York Stock Exchange) with the Company either directly or as a partner, shareholder, or officer of an organization that has a relationship with the Company. Additionally, with respect to Director Levine who is a principal in organizations that maintain lending relationships with the Community Bank, and is a guarantor of a loan between the Community Bank and a family member, the Board has determined that the subject loans did not involve more than normal risk of collectibility or present other unfavorable features, and were made on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the same time for comparable transactions with unaffiliated persons. Accordingly, the lending relationships maintained by the Community Bank with Mr. Levine would not be inconsistent with a determination that he is independent as a director of the Company. Further, Director Levine possesses significant knowledge of, and is a principal in companies that actively participate in, the New York metropolitan area real estate market where the Banks currently conducts a significant portion of its lending business. The Board has determined that it is in the best interests of the Banks and the Company not to exclude such potential borrowers from conducting business with the Banks in

accordance with the arms-length terms described above and under circumstances that are no more favorable than those available to the Community Bank's other borrowers.

Procedures to be Followed by Shareholders in Recommending Director Candidates. It is the policy of the Nominating and Corporate Governance Committee of the Board of Directors of the Company to consider director candidates recommended by shareholders who appear to be qualified to serve on the Board. The Nominating and Corporate Governance Committee may choose not to consider an unsolicited recommendation if no vacancy exists on the Board of Directors and the Nominating and Corporate Governance Committee does not perceive a need to increase the size of the Board of Directors. To avoid the unnecessary use of the Nominating and Corporate Governance Committee's resources, the Nominating and Corporate Governance Committee will

30

consider only those director candidates recommended in accordance with the procedures set forth below. To submit a recommendation of a director candidate to the Nominating and Corporate Governance Committee, a shareholder should submit the following information in writing, addressed to the Chairman of the Nominating and Corporate Governance Committee, care of the Corporate Secretary, at the main office of the Company:

- a. the name of the person recommended as a director candidate;
- b. all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended;
- c. the written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
- d. the name and address of the shareholder making the recommendation, as they appear on the Company's books; provided, however, that if the shareholder is not a registered holder of the Company's Common Stock, the shareholder should submit his or her name and address along with a current written statement from the record holder of the shares that reflects ownership of the Company's Common Stock;
- e. a statement disclosing whether such shareholder is acting with or on behalf of any other person and, if applicable, the identity of such person; and
- f. such other information as the Company may require in accordance with its established nomination procedures then in effect.

In order for a director candidate to be considered for nomination at the Company's Annual Meeting of Shareholders, the recommendation must be received by the Nominating and Corporate Governance Committee at least 120 calendar days prior to the date the Company's proxy statement was released to shareholders in connection with the previous year's Annual Meeting, advanced by one year.

Code of Business Conduct and Ethics

New York Community Bank maintains a Code of Professional Conduct applicable to all Community Bank and Commercial Bank employees that sets forth requirements relating to ethical conduct, conflicts of interest, and compliance with the law. The Code of Professional Conduct requires that the Community and Commercial Bank's employees avoid conflicts of interest, comply with all laws and other legal requirements, conduct business in an honest and ethical manner, and otherwise act with integrity and in the Company's best interest. The Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer are bound by the Code of Professional Conduct. In addition, the Board of Directors has adopted a Code of Business Conduct and Ethics for the Chief Executive Officer, Chief Operating Officer, and Chief Financial Officer of the Company. A copy of that Code, which also applies to the Directors and all other employees of the Company, is available, free of charge, on the corporate governance pages of our website, www.myNYCB.com, and is available in print to any shareholder who requests a copy.

Presiding Director. The Board of Directors has determined that the Chairman of the Nominating and Corporate Governance Committee, currently Donald M. Blake, also shall serve as a presiding director, whose

primary responsibility is to preside over periodic executive sessions of the Board in which management directors and other members of management do not participate. The presiding director also advises the Chairman of the Board and, as appropriate, other committee chairpersons with respect to agenda and information needs relating to the Board and its committee meetings, and performs other duties that the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities.

Communication with the Board of Directors. Shareholders and other parties interested in communicating directly with the presiding director or with the non-management directors as a group may do so by writing to: Presiding Director, New York Community Bancorp, Inc., 615 Merrick Avenue, Westbury, New York 11590. Letters addressed to the Presiding Director will be opened by the Company's General Counsel, who will review them and

forward a summary of such correspondence to the Presiding Director and, if applicable, the Board. If the General Counsel determines that an item of correspondence relates to the functions of the Board or its committees, or otherwise requires their attention, he will direct the item itself to the Presiding Director or other Board members. Directors may at any time review a log of all correspondence received by the Company that is addressed to the Presiding Director as provided above and request copies of any correspondence.

ADDITIONAL INFORMATION

Shareholder Proposals

To be considered for inclusion in the Company's proxy statement and form of proxy relating to the Annual Meeting of Shareholders to be held in 2008, a shareholder proposal must be received by the Secretary of the Company, at the address set forth on the first page of this proxy statement, not later than December 29, 2007. If such Annual Meeting is held on a date more than thirty (30) days from May 30, 2008, a shareholder proposal must be received within a reasonable time before the Company begins to print and mail its proxy solicitation materials for such Annual Meeting. Any such proposal will be subject to the proxy rules adopted by the Securities and Exchange Commission.

Notice of Business to be Conducted at an Annual Meeting

The Bylaws of the Company, a copy of which may be obtained from the Company, set forth the procedures by which a shareholder may properly bring business before a meeting of shareholders. Pursuant to the Bylaws, only business brought by, or at the direction of, the Board of Directors may be conducted at a special meeting. The Bylaws of the Company provide an advance notice procedure for a shareholder to properly bring business before an annual meeting. The shareholder must give written advance notice to the Secretary of the Company not less than ninety (90) days before the date originally fixed for such meeting; *provided, however*, that in the event that less than one hundred (100) days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder, to be timely, must be received not later than the close of business on the tenth day following the date on which the Company's notice to shareholders of the annual meeting date was mailed or such public disclosure was made.

Attendance at the Annual Meeting

If you are a holder of record and plan to attend the Annual Meeting, please indicate this when you vote. The top half of the proxy card is your admission ticket. When you arrive at the Annual Meeting, you will be asked to present photo identification, such as a driver's license. If you hold your Common Stock in street name, you will need proof of ownership to be admitted to the Meeting. A recent brokerage statement or a letter from your bank or broker are examples of proof of ownership. If you want to vote your Common Stock held in street name in person, you must get a written proxy in your name from the broker, bank, or other nominee that holds your shares.

Other Matters Which May Properly Come Before the Annual Meeting

The Board of Directors knows of no business that will be presented for consideration at the Annual Meeting other than as stated in the Notice of Annual Meeting of Shareholders. If, however, other matters are properly brought before the Meeting, it is the intention of the members of the Proxy Committee to vote the shares represented thereby on such matters in accordance with their best judgment.

Whether or not you intend to be present at the Annual Meeting, you are urged to sign, date, and return your proxy card or to vote via the Internet or by telephone promptly. If you are then present and wish to vote your shares in person, your original proxy may be revoked by voting at the Annual Meeting.

Online Delivery of Proxy and Other Materials

This proxy statement and the Company's 2006 Annual Report are available on the Company's website at www.myNYCB.com. We encourage our shareholders to receive future proxy materials online rather than through the U.S. mail delivery methods. By electing to receive future materials electronically, you will help us in our efforts to add to shareholder value by reducing the paper, printing, and postage expenses associated with the distribution of these documents to you by mail. Other benefits of this service include:

- You can receive proxy materials, including the Company's annual report to shareholders, proxy statement, and related materials, as soon as they are available without having to wait for them to arrive in the mail;
- You will have easier access to convenient online voting; and
- You can eliminate bulky paper documents from your personal files.

To enroll in our online delivery service, please visit our web site, www.myNYCB.com, click on "Investor Relations" and then on "Online Delivery of Proxy Materials." Then simply follow the prompts.

Householding of Proxy Statements and Annual Reports

The SEC has adopted rules that permit companies to mail a single proxy statement and a single annual report to two or more shareholders sharing the same address. This practice is known as "householding." Householding provides greater convenience to shareholders and saves the Company money by reducing excess printing costs. You may have been identified as living at the same address as another Company shareholder. If this is the case, and unless the Company receives contrary instructions from you, we will continue to "household" your proxy statement and annual report for the reasons stated above.

If you are a shareholder or a beneficial owner at a shared address to which a single copy of both the proxy statement and the annual report have been delivered, and you would like to receive your own copy of this proxy statement and the annual report, you may obtain them electronically from the Investor Relations portion of our website, www.myNYCB.com, by selecting "SEC Documents"; by contacting the Investor Relations Department of the Company by phone (516-683-4420) or by e-mail (ir@myNYCB.com); or by writing to the Investor Relations Department of the Company and indicating that you are a shareholder at a shared address and would like an additional copy of each document.

If you are a recordholder and would like to receive a separate proxy statement or annual report in the future, please contact Mellon Investor Services either by phone at (866) 293-6077, by e-mail at shrrelations@melloninvestor.com, or by mail at 480 Washington Boulevard, Jersey City, New Jersey 07310. If you are a beneficial owner and would like to receive a separate proxy statement or annual report in the future, please contact your broker, bank, or other nominee.

If, on the other hand, you are a multiple shareholder sharing an address, and are receiving multiple copies of this proxy statement or the annual report, please contact Mellon Investor Services at one of the numbers or addresses listed above so that all shareholders at the shared address can request that only a single copy of each document be mailed to your address in the future. If you are the beneficial owner, but not the recordholder, of Company shares, and you wish to receive only one copy of the proxy statement and annual report in the future, you will need to contact your broker, bank, or other nominee so that all shareholders at the shared address can

request that only a single copy of each document be mailed to your address in the future.
