**Item 8.01 Other Events**

On May 23, 2018, the Board of Directors of The Clorox Company (the “Company”) terminated its previously announced May 8, 2017 share repurchase authorization and authorized an updated share repurchase program for an aggregate purchase price of up to \$2 billion. Repurchases may be made at the Company’s discretion from time to time in the open market depending on market conditions. The repurchase program has no time limit, does not obligate the Company to make any repurchases and may be suspended for periods or discontinued at any time. The actual number and value of shares that are repurchased will depend on a number of factors, including the price of the shares.

This \$2 billion open market share repurchase program is in addition to the Company’s previously announced evergreen repurchase program to reduce or eliminate dilution in connection with issuances of stock under the Company's stock incentive plans.
