Adoption of New Senior Leadership Short-Term Incentive Program for the Fiscal Year ending in 2016

On December 7, 2015, the Compensation Committee of the Board of Directors of NCI Building Systems, Inc. (“NCI” or the “Company”) approved the terms of a new short-term annual incentive program for the Company’s senior leadership team for the fiscal year ending in 2016, including its named executive officers (the “Senior Leadership STI Program”). Under the Senior Leadership STI Program, annual bonuses for such fiscal year will be determined based solely on adjusted EBITDA performance. The program includes a threshold equal to 75% of adjusted EBITDA performance below which no bonuses would be paid, and annual bonuses for the fiscal year ending in 2016 are capped at a maximum equal to 200% of the target bonus amount. As under the prior bonus program of the Company, Norman C. Chambers’ target annual bonus is equal to 100% of his base salary, and, for the other named executive officers, the target annual bonus is equal to 75% of base salary, with the exception of Donald R. Riley, whose target bonus is equal to 80% of base salary. Total bonuses for all employees, including non-management employees, may not exceed 15% of NCI’s adjusted pre-tax profit for fiscal year 2016, calculated in accordance with the Senior Leadership STI Program, before accrual for bonuses and before share-based compensation expense, and may also not exceed the maximum amounts payable under the Company’s Senior Executive Bonus Plan previously approved by stockholders at the 2014 annual meeting.
