The positive performance for the three months ended December 31, 2014 was driven by a realized gain of \$11.6 million associated with the receipt of \$14.7 million of life insurance policy benefits in the period.

“GWG’s performance in the fourth quarter begins to highlight the earnings and cash flow generation power of our business model and supports the Company’s key strategy of growing and sustaining a large and well diversified life insurance portfolio,” said Jon Sabes, GWG Holdings, Inc. Chief Executive Officer. “The positive performance of the Company’s life insurance portfolio in the fourth quarter of 2014 that continued into the first quarter of 2015 pushed our trailing 12-month benefits/premium coverage ratio over 160 percent,” said Bill Acheson, GWG Holdings, Inc. Chief Financial Officer. “We are at the beginning of a business cycle of consistent, sustainable earnings and cash flows

derived from a truly non-correlated asset class that ultimately benefits consumers owning life insurance policies, providing unparalleled value,” stated Michael Freedman, GWG Holdings, Inc. President.

The increase was driven by increased interest costs due to higher debt balances outstanding, increases in legal, professional and marketing expenses relating to the \$1 billion follow-on publicly registered L Bond offering and costs related to the Company’s direct policy origination initiatives.

About GWG Holdings, Inc.

GWG Holdings, Inc. (NASDAQ: GWGH) is a specialty finance company and leader in the life settlement market. GWG, through its subsidiaries, purchases life insurance policies from seniors who no longer want, need or can afford their policies. GWG typically pays these seniors five to eight times more than the cash surrender values paid by insurance companies. GWG's strategy is to efficiently source, own, and manage these non-correlated assets at yields that exceed the costs needed to purchase and finance the policies (in aggregate). GWG finances the purchase and maintenance of a portfolio of policies primarily through a fixed income alternative investment product that is offered through independent broker-dealers and registered investment advisors across the country. GWG's goal is to generate financial returns for GWG's investors and shareholders while providing valuable financial solutions to seniors.

Since 2006, GWG has purchased more than \$1.7 billion in life insurance policy benefits. GWG has paid seniors over \$283 million through life settlements – approximately \$266 million more than the surrendered value offered by their insurance carriers.
