PLANDAI BIOTECHNOLOGY, INC.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED MARCH 31, 2013**

(UNAUDITED)

NOTE 1 - NATURE OF OPERATIONS AND GOING CONCERN

Plandai Biotechnology, Inc.'s (the "Company") consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The financial statements do not include any adjustment relating to recoverability and classification of recorded amounts of assets and liabilities that might be necessary should the Company be unable to continue as a going concern.

The Company's continued existence is dependent upon its ability to continue to execute its operating plan and to obtain additional debt or equity financing. There can be no assurance the necessary debt or equity financing will be available, or will be available on terms acceptable to the Company.

Plandai Biotechnology, Inc., through its recent acquisition of Global Energy Solutions, Ltd. and its subsidiaries, focuses on the farming of whole fruits, vegetables and live plant material and the production of proprietary functional foods and botanical extracts for the health and wellness industry. Its principle holdings consist of land, farms and infrastructure in South Africa. The Company is actively pursuing additional financing and has had discussions with various third parties, although no firm commitments have been obtained. Management believes these efforts will generate sufficient cash flows from future operations to pay the Company's obligations and realize positive cash flow. There is no assurance any of these transactions will occur.

These financial statements should be read in conjunction with the Company's annual report for the year ended June 30, 2012 previously filed on Form 10-K. In management's opinion, all adjustments necessary for a fair statement of the results for the interim periods have been made. All adjustments made were of a normal recurring nature.

Organization and Basis of Presentation

On November 17, 2011, the Company, through its wholly-owned subsidiary, Plandai Biotechnologies, Inc., consummated a share exchange with Global Energy Solutions, Inc. ("GES"), an Irish corporation. Under the terms of the share exchange, GES received 76,000,000 shares of the Company's common stock that had been previously issued to Plandai in exchange for 100% of the issued and outstanding capital of GES. Concurrent with the share exchange, the Company sold its subsidiary, Diamond Ranch, Ltd., together with its wholly-owned subsidiary, Executive Seafood, Inc., to a former officer and director of Diamond Ranch. Under the terms of the sale, the purchasers assumed all associated debt as consideration. During the three months ended December 31, 2011 and through the date of the share exchange, Diamond Ranch, Ltd. and Executive Seafood, Inc. had negligible revenues from operations, generated a net loss of \$126,000, and as of December 31, 2011, liabilities exceeded assets by over \$5,000,000. The Company subsequently changed its name to Plandai Biotechnology, Inc.

For accounting purposes, the share exchange has been treated as a reverse merger since the acquired entity now forms the basis for operations and the transaction resulted in a change in control, with the acquired company electing to become the successor issuer for reporting purposes. The accompanying financial statements have been prepared to reflect the assets, liabilities and operations of Plandai Biotechnology, Inc. exclusive of Diamond Ranch Foods since the acquisition and sale were executed simultaneously. For equity purposes, the shares issued to acquire GES (76,000,000 shares) have been shown to be issued and outstanding since inception, with the previous balance outstanding (25,415,300 shares Common) treated as a new issuance as of the date of the share exchange. The additional paid-in capital and retained deficit shown are those of GES and its subsidiary operations.

In management's opinion, all adjustments necessary for a fair statement of the results for the presented periods have been made. All adjustments made were of a normal recurring nature. As a result of the share exchange, the Company changed its fiscal year end to coincide with that of GES, which is June 30. The accompanying financial statements therefore represent the results of operations for the three and nine months ended March 31, 2013.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

This summary of accounting policies for Plandai Biotechnology, Inc. and its wholly-owned subsidiaries, is presented to assist in understanding the Company's financial statements. The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.
