THIS REPORT CONTAINS FORWARD LOOKING STATEMENTS WITHIN THE MEANING OF SECTION 27A OF THE SECURITIES ACT OF 1933, AS AMENDED AND SECTION 21E OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED. THE COMPANY'S ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE SET FORTH ON THE FORWARD LOOKING STATEMENTS AS A RESULT OF THE RISKS SET FORTH IN THE COMPANY'S FILINGS WITH THE SECURITIES AND EXCHANGE COMMISSION, GENERAL ECONOMIC CONDITIONS, AND CHANGES IN THE ASSUMPTIONS USED IN MAKING SUCH FORWARD LOOKING STATEMENTS.

OVERVIEW

Winfield Financial Group, Inc. (the "Registrant") was incorporated in the State of Nevada on May 2, 2000. Prior to the Acquisition, discussed below, the Registrant was a business broker, primarily representing sellers and offering its clients' businesses for sale. As a result of the Acquisition, the Registrant changed its business focus.

On April 7, 2004, the Registrant filed Articles of Exchange with the State of Nevada to take effect on such date. Under the terms of the Articles of Exchange, the Registrant was to acquire Vanguard Commercial, Inc., a Nevada corporation ("Vanguard") whereby the Registrant was to issue 197,000 of its shares of common stock in exchange for all of the issued and outstanding common stock of Vanguard. Robert Burley, a former Director of the Registrant and the Registrant's former President, Chief Executive Officer and Treasurer is also an officer and director of Vanguard. Subsequent to the effective date of the exchange with Vanguard, the Registrant and Vanguard mutually agreed to rescind the transaction. The Registrant filed a Certificate of Correction with the State of Nevada rescinding the exchange with Vanguard, which never took place and the Registrant never issued any of its shares with respect thereto.

On April 22, 2004, the Registrant amended its Articles of Incorporation to increase the authorized shares to Fifty Million (50,000,000) shares of common stock, to reauthorize the par value of \$.001 per share of common stock and to

Edgar Filing: WINFIELD FINANCIAL GROUP INC - Form 10QSB

reauthorize 5,000,000 shares of preferred stock with a par value of \$.001 per share of preferred stock.

On April 23, 2004, the Registrant acquired 100% of the issued and outstanding shares of Healthcare Business Services Groups, Inc., a Delaware corporation ("Healthcare"). As part of the same transaction on May 7, 2004, the Registrant acquired 100% of the issued and outstanding shares of AutoMed Software Corp., a Nevada corporation ("AutoMed"), and 100% of the membership interests of Silver Shadow Properties, LLC, a Nevada single member limited liability company ("Silver Shadow"). The transactions are collectively referred to herein as the "Acquisition." The Registrant acquired Healthcare, AutoMed, and Silver Shadow from Chandana Basu, the sole owner, in exchange for 25,150,000 newly issued treasury shares of the Registrant's common stock. The term "Company" shall include a reference to Winfield Financial Group, Inc., Healthcare, AutoMed and Silver Shadow unless otherwise stated.

On June 21, 2004, the Registrant entered into an agreement with Robert Burley (former Director, President and Chief Executive Officer of the Registrant) and Linda Burley (former Director and Secretary of the Registrant) whereby the Registrant agreed to transfer certain assets owned by the Registrant immediately prior to the change in control in consideration for Mr. and Mrs. Burley's cancellation of an aggregate of 2,640,000 of their shares of the Registrant's common stock. The Registrant is transferring the following assets to Mr. and Mrs. Burley: i) the right to the name "Winfield Financial Group, Inc."; and ii) any contracts, agreements, rights or other intangible property that related to the Registrant's business operations immediately prior to the change in control whether or not such intangible property was accounted for in the Registrant's financial statements. The Registrant expects to change its name from Winfield Financial Group, Inc. to Healthcare Business Services Groups, Inc. After the issuance of shares to Ms. Basu and the cancellation of 2,640,000 shares of Mr. and Mrs. Burley, there were 29,774,650 shares of the Registrant's common stock outstanding. As a result of these transactions, control of the Registrant shifted to Ms. Basu. Ms. Basu currently owns 25,150,000 shares (or approximately 84.5%) out of 29,774,650 of the Registrant's issued and outstanding common stock.

The Registrant is a holding company for HBSGI. The business operations discussed herein are conducted by HBSGI. The Registrant, through HBSGI, is engaged in the business of providing medical billing services to healthcare providers in the United States.

The Company is a medical billing service provider that for over nine years has assisted various healthcare providers to successfully enhance their billing function. The Company has a diversified market base with customers in Providence, Rhode Island; Laredo, Texas; and Upland, California. The Company closed its office in Stockton, California. The Company has developed a proprietary medical billing software system named AutoMed(TM). The Company has installed, and is currently beta testing, AutoMed(TM) at some of the Company's existing medical billing clients. The Company expects that after this software is launched, revenues will grow substantially over the next three to five years extending its billing model into the technology era. In addition, the Company made an investment in real estate which the Company had rezoned for development and construction of a surgical center.

LIQUIDITY AND CAPITAL RESOURCES

The Company had current assets of \$3,725 as of June 30, 2004, which consisted solely of cash. The Company had total current liabilities of \$1,328,294 as of June 30, 2004, consisting of accounts payable of \$131,743, accrued expenses of \$67,150, income tax payable of \$5,555, line of credit of \$45,433, due to trust fund of \$181,427, note payable of \$480,704, convertible note payable for services of \$250,000, and note payable to related party of \$166,282.

Net cash used in operating activities was \$319,485 during the six months ended June 30, 2004, as compared to net cash provided by operating activities of \$127,659 during the six months ended June 30, 2003. In addition to its continued medical billing operation, the Company has planned to begin marketing AutoMed(TM), to begin development and construction on its first surgery center, and to purchase a second parcel of land for its second surgery center. The Company believes that it can satisfy the current cash requirements for Medical Billing. It is imperative that we raise \$4 to \$5 million of additional capital to fully implement our business plan with respect to AutoMed(TM) and Surgery Centers. The Company intends to raise the additional capital in one or more private placements. The Company does not have any commitments or identified sources of additional capital from third parties or from its officers, directors or majority shareholders. There is no assurance that additional financing will be available on favorable terms, if at all. If

Edgar Filing: WINFIELD FINANCIAL GROUP INC - Form 10QSB

the Company is unable to raise such additional financing, it would have a materially adverse effect upon the Company's ability to implement its business plan with respect to AutoMed(TM) and Surgery Centers, and may cause the Company to curtail or scale back its current Medical Billing operations.

RISK FACTORS

NEED FOR ADDITIONAL FINANCING. In addition to its continued medical billing operation, the Company has planned to begin marketing AutoMed(TM), to begin development and construction on its first surgery center, and to purchase a second parcel of land for its second surgery center. The Company believes that it can satisfy the current cash requirements for Medical Billing. The Company needs to raise \$4 to \$5 million of additional financing to implement its business plan with respect to AutoMed(TM) and Surgery Centers. The Company intends to raise the additional capital in one or more private placements. The Company does not have any commitments or identified sources of additional capital from third parties or from its officers, directors or majority shareholders. There is no assurance that additional financing will be available on favorable terms, if at all. If the Company is unable to raise such additional financing, it would have a materially adverse effect upon the Company's ability to implement its business plan with respect to AutoMed(TM) and Surgery Centers, and may cause the Company to curtail or scale back its current Medical Billing operations.

POTENTIAL LIABILITY REGARDING "DUE TO TRUST FUND." The Company may be liable for an amount in excess of the recorded balance for due to trust fund of \$181,427 (and accrued interest) as of June 30, 2004. During 2004, the Company's CEO and majority shareholder borrowed money without authorization from a bank account used as a clearing account for monies collected on behalf of anesthesiologists in the ordinary course of business. About 10% of these collected monies belong to the Company as their fees for providing the collection service, but the amounts borrowed were in excess of this 10%. The monies are tallied and disbursed each week for the previous week's collections. All amounts borrowed are considered due on demand and interest of 18% is being accrued on all outstanding amounts. While the Company does not own this account, they have the power to transfer money, which is an internal control weakness. Management has pledged to correct this weakness and alter procedures to prevent the transfer of money solely by an officer of the Company. The Company is in the process of repaying the amounts borrowed including interest. If the clients were to sue the Company, the Company may be required to repay an amount in excess of \$181,427 and the accrued interest.

RELIANCE ON KEY MANAGEMENT. The success of the Company depends upon the personal efforts and abilities of Chandana Basu, Payel Madero, Gina Ruiz, Valerie Salazar, and Sherryl Montgomery. The Company faces competition in retaining such personnel and in attracting new personnel should any of the foregoing chose to leave the Company. There is no assurance that the Company will be able to retain and/or continue to adequately motivate such personnel. The loss of any of these employees or the Company inability to continue to adequately motivate them could have a material adverse effect on the Company's business and operations.

BECAUSE MS. CHANDANA BASU OWNS 84.5% OF OUR OUTSTANDING COMMON STOCK, SHE WILL EXERCISE CONTROL OVER CORPORATE DECISIONS THAT MAY BE ADVERSE TO OTHER MINORITY SHAREHOLDERS. Chandana Basu, a Director of the Company and the Company's Chief Executive Officer and Treasurer, owns approximately 84.5% of the issued and outstanding shares of our common stock. Accordingly, she will exercise control in determining the outcome of all corporate transactions or

Edgar Filing: WINFIELD FINANCIAL GROUP INC - Form 10QSB

other matters, including mergers, consolidations and the sale of all or substantially all of our assets, and also the power to prevent or cause a change in control. The interests of Ms. Basu may differ from the interests of the other stockholders and thus result in corporate decisions that are adverse to other shareholders.

IF THERE'S A MARKET FOR OUR COMMON STOCK, OUR STOCK PRICE MAY BE VOLATILE. If there's a market for our common stock, we anticipate that such market would be subject to wide fluctuations in response to several factors, including, but not limited to:

- (1) actual or anticipated variations in our results of operations;
- (2) our ability or inability to generate new revenues;
- (3) conditions and trends in the medical billing industry.

Further, because our common stock is traded on the NASD over the counter bulletin board, our stock price may be impacted by factors that are unrelated or disproportionate to our operating performance. These market fluctuations, as well as general economic, political and market conditions, such as recessions, interest rates or international currency fluctuations may adversely affect the market price of our common stock.

CRITICAL ACCOUNTING POLICIES

Our discussion and analysis of our financial condition and results of operations is based upon our financial statements, which have been prepared in accordance with accounting principals generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of any contingent assets and liabilities. On an on-going basis, we evaluate our estimates. We base our estimates on various assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our financial statements:

Due to trust fund. During 2004, the Company's CEO and majority shareholder borrowed money without authorization from a bank account used as a clearing account for monies collected on behalf of anesthesiologists in the ordinary course of business. About 10% of these collected monies belong to the Company as their fees for providing the collection service, but the amounts borrowed were in excess of this 10%. The monies are tallied and disbursed each week for the previous week's collections. All amounts borrowed are considered due on demand and interest of 18% is being accrued on all outstanding amounts. While the Company does not own this account, they have the power to transfer money, which is an internal control weakness. Management has pledged to correct this weakness and alter procedures to prevent the transfer of money solely by an officer of the Company. The Company is in the process of repaying the amounts borrowed including interest. If the clients were to sue the Company, the Company may be required to repay an amount in excess of the \$181,427 (and the accrued interest) shown on the Company's balance sheet as of June 30, 2004.

ITEM 3. CONTROLS AND PROCEDURES

- (a) Evaluation of disclosure controls and procedures. Our chief executive officer and principal financial officer, after evaluating the effectiveness of the Company's "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this quarterly report (the "Evaluation Date"), has concluded that as of the Evaluation Date, our disclosure controls and procedures were adequate and designed to ensure that material information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act of 1934 is 1) recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms; and 2) accumulated and communicated to her as appropriate to allow timely decisions regarding required disclosure.
- (b) Changes in internal control over financial reporting. There were no significant changes in our internal control over financial reporting during our most recent fiscal quarter that materially affected, or were reasonably likely to materially affect, our internal control over financial reporting.

During 2004, the Company's CEO and majority shareholder borrowed money without authorization from a bank account used as a clearing account for monies collected on behalf of anesthesiologists in the ordinary course of business. About 10% of these collected monies belong to the Company as their fees for providing the collection service, but the amounts borrowed were in excess of this 10%. The monies are tallied and disbursed each week for the previous week's collections. While the Company does not own this account, they have the power to transfer money, which is an internal control weakness. Management has pledged to correct this weakness and alter procedures to prevent the transfer of money solely by an officer of the Company.
