**Amendment to the Prospectus on the Tender Offer  
for Portugal Telecom shares**

Lisbon, 1 March 2007 Following the amendment to the prospectus on the General Tender Offer for shares representing the share capital of Portugal Telecom, SGPS, S.A. ( Portugal Telecom ) launched by Sonaecom, SGPS, S.A. and Sonaecom, B.V, Portugal Telecom informs of the following:

- The Board of Directors of Portugal Telecom considers that the Offerors amendments to the Prospectus do not change in any way the consideration and terms of the revised Offer that has been announced. Such amendments only clarify the conditions of the financing of the offer, namely the sale of assets and the allocation of Portugal Telecom s results through dividends to service the debt assumed by the Offerors;
- Therefore, the Board of Directors does not deem necessary to update its Report on the opportunity and conditions of the Offer, and fully reiterates the position expressed and the commitments undertaken therein: a total remuneration to PT shareholders over 2006-2009 in the amount of Euro 6.2 billion, equivalent to Euro 5.6 per share, or more than half of Sonaecom s revised offer, while allowing shareholders to benefit from the significant value creation opportunity available in PT, as they will retain all their ownership in the Company.

### **FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
