Dear Shareholders,

The Board of Directors of Companhia de Saneamento Básico do Estado de São Paulo - SABESP has the satisfaction of submitting to the appreciation of the Annual and Extraordinary General Meetings, pursuant to its Bylaws and to article 131, of the Law 6404/76 and amendments, the present Proposal, which is part of the Call Notice of the Meetings, to be held on April 30, 2007, for the discussion of the following matters:

II. Resolution on the allocation of the income of the period and transfer of the retained earnings balance to the investments reserve account.

The proposal for the allocation of the income of fiscal year 2006 complies with article 192, of Law 6404/76 and subsequent amendments:

Income of the period	R\$ 872,662,646.65
(+) Realized Revaluation Reserve	R\$ 102,271,851.94
(-) Interest on Own Capital	R\$ 270,840,785.13

III. Election of the Board of Directors and Fiscal Council sitting and alternate members.

IV. Definition of the compensation of the Board of Directors, Audit Committee, Fiscal Council and Executive Office members.

Extraordinary General Meeting

I. Analysis of the Board of Directors Reverse Stock Split proposal, as detailed below:

- a) Reverse Split Factor = 125:1, i.e., each one hundred twenty five (125) common shares will correspond to one (01) common share after the reverse split;
- b) Term for adjustment of the shareholding position = From May 3, 2007 up to June 1, 2007, shareholders, may, at their own discretion, by means of acquisition or sale, adjust their shareholding positions in multiple trenches of one hundred twenty-five (125) common shares, so that their shares do not generate fractions after the reverse split process;
- c) Trading in Stock Exchange: As from June 4, 2007, the shares issued by Sabesp will start to be traded as grouped and quoted in Reais per share;
- d) After the termination of the term for adjustment of the shareholding position, the eventual fractions resulting from the reverse split process shall be separated, grouped in whole numbers and sold in auction. The amounts resulting from the disposal shall be proportionally made available to the owners of these fractions;
- e) Due to the reverse split factor to be used, the amount of common shares representing the Company's capital stock will decrease from twenty-eight billion, four hundred seventy-nine million, five hundred seventy-seven thousand, eight hundred twenty-seven (28,479,577,827) to two hundred twenty-seven million, eight hundred thirty-six thousand, six hundred twenty-three (227,836,623) common shares. The fraction resulting from this division has been rounded off up, in order to prevent any loss to the Company's shareholders, which, in the event of round off down, could be impaired at the moment of the composition of the fractions and/or in the repayment amount due as a result of the reverse split;
- f) Adjustment in the ratio change of the American Depositary Receipt (ADR)'s ratio change, at the ratio of 250:2, i.e., each ADR will correspond to 2 shares after the reverse split.
