**NOTICE TO SHAREHOLDERS**

Companhia Brasileira de Distribuição ( Company ) informs its shareholders that the term for shareholders to exercise their preemptive rights to the subscription of preferred shares issued during the capital increase approved by the Board of Directors Meeting of April 08, 2008 and the term for shareholders to subscribe to the unsold shares from said capital increase has expired. Furthermore, the Board of Directors Meeting of May 27, 2008, partially ratified the value of said capital increase through a private subscription of shares, given that the objective of same, i.e. reducing the Company's indebtedness, was fully accomplished. In other words, there was no need to seek additional subscribers for the small amount remaining through an auction process. Subscribers have the right to withdraw from the subscription within 30 days as of the publication of this notice, by informing any of the Banco Itaú S/A branches listed below of their decision. The final amount of the capital increase will be then ratified at the value effectively subscribed and incorporated into the Company's capital stock.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
