FOR IMMEDIATE RELEASE - São Paulo, July 9 2012 – Gafisa S.A. (Bovespa: GFSA3; NYSE: GFA), Brazil's leading diversified national homebuilder, today announced operational results for the quarter ending June 30, 2012.

Duilio Calciolari, Chief Executive Officer, said: “The first half results indicate that our turnaround strategy is on track with improved operating performance. We are making progress against all of the targets which Gafisa Group set in the Business Plan for each brand. The Gafisa Group is generating cash from its core business; we have resold 62% of cancelled Tenda units within the 1H12 and achieved a 64% increase in unit deliveries in the 1H12, which is in line with full year guidance of 22.000 to 26.000 units.”

“First-half launches represent 34% of the mid-range of full-year launch guidance of R\$2.7 to R\$3.3 billion, and are in keeping with seasonally lower launches in the first six months of the year. Gafisa continues to experience good demand for middle and middle to high income products represented by the Gafisa and Alphaville brands, which led to sales of R\$614.6 million during the quarter, with a consolidated sales velocity of launches of 51.6% in the first half. In keeping with a narrowed geographic focus, São Paulo accounted for 100% of the R\$680.6 million launches in the Gafisa segment during the first half.”

Gafisa Group is Generating Cash From its Core Business

The Gafisa Group ended the second quarter with more than R\$1.02 billion in preliminary cash and cash equivalents, a sequential improvement from the R\$947.1 million at the end of 1Q12. Preliminary net debt was R\$3.17 billion at the end of the 2Q12, a R\$150 million reduction from R\$3.32 billion as of the end of 1Q12. As a consequence, preliminary consolidated cash generation (cash burn) was positive at approximately R\$150 million in 2Q12, leading to a 1H12 preliminary number of R\$75 million. The

operational consolidated cash flow reached approximately R\$300 million in 1H12, 50% of the mid-range guidance for the full year.

Delivered Projects

Gafisa delivered 67 projects encompassing 6,032 units during the second quarter of this year, a 38% increase on the 4,359 delivered during 2Q11. The 1H12 result equates to 51% of full-year guidance. In 1H12, the projects delivered by the Gafisa Group reached 12,197 units, representing a 64% y-o-y increase. See the accompanying chart for detailed information.

Units launched during the same year represented 48% of total sales, while sales from inventory accounted for the remaining 52%. In 2Q12, sales velocity (sales over supply) was 19.6%, compared to 13.9% in 1Q12, and 19.7% in 2Q11. The sales velocity of Gafisa launches was 41.8%.

Focuses on the sale of residential lots, with unit prices between R\$100,000 and R\$500,000.

Alphaville Launches

Second-quarter launches totaled R\$80.6 million, a 16% decrease compared to 2Q11, and included 2 projects/phases across 2 states. The brand accounted for a 33 percent share of 1H12 consolidated launches, up from 15% percent a year ago, underscoring the increasing share of Alphaville in the product

mix.

Alphaville Pre-Sales

Second-quarter pre-sales reached R\$158.2 million, a 13% decrease compared to the first quarter of 2012 and 9% increase y-o-y. During 1H12, the residential lots segment's share of consolidated pre-sales increased to 33% from 16% in 1H11. In 2Q12, sales velocity (sales over supply) was 21.6%, compared to 22.2% in 1Q12. Second-quarter sales velocity from launches was 54%. Sales from launches represented 51% of total sales, while the remaining 49% came from inventory.

During the 1H12, Alphaville delivered 5 projects/phases and 1,637 units.

TENDA SEGMENT

Focuses on affordable residential developments, with unit prices between R\$80,000 and R\$200,000.

Tenda Launches

Reflecting remedial actions at Tenda and a focus on execution and delivery, no projects were launched in the first half of 2012. Throughout the year, Tenda is not expected to represent more than 10% of consolidated launch guidance of between R\$2.7 and R\$3.3 billion.

Tenda Pre-Sales

In keeping with a necessary change in strategy, second-quarter gross pre-sales increased 38% Q-o-Q to R\$344.8 million, compared to R\$249.1 million in 1Q12, in part due to the success of CEF's recent Feirão (annual sales event), which attracted strong demand.

Since 1Q12, pre-sales recognition and the remuneration of the Tenda sales force has been contingent upon the ability to pass mortgages onto financial institutions. Second-quarter net pre-sales (gross pre-sales less dissolutions) were R\$15.7 million compared with negative R\$90.4 million in 1Q12. The net pre-sales results reflect the dissolution of contracts in 2Q12 of R\$329.1 million with potential homeowners who no longer qualify for bank mortgages versus R\$339.6 million in the previous quarter. Despite ongoing dissolutions expected in 2012, the Gafisa group is experiencing positive demand for these units. Of the 4,957 units returned to inventory, 62% have already been resold to qualified customers within the 1H12.

Tenda Segment Operations

Since June 2011 the number of units contracted by financial institutions has accelerated, which in part reflects the addition of a new CEF unit dedicated to major homebuilders. In 1H12, Tenda transferred 6.300 units to financial institutions, or 53% of the mid-range of guidance provided for the full year of 10.000–14.000 customers, contributing positively to the positive operational cash flow achieved in the period.

Tenda Delivery

The Tenda segment is expected to represent 50% of the Gafisa Group's planned deliveries ranging from 22,000 to 26,000 units in 2012. During the 1H12, Tenda delivered 39 projects/phases and 6.534 units, reaching 54% of the mid-range of full-year delivery guidance for the brand.
