Oil discovery in Colombia

Rio de Janeiro, December 19, 2012 – Petróleo Brasileiro S.A. – Petrobras announces that its wholly-owned subsidiary Petrobras Colombia has confirmed the presence of oil at the Guando SW 1 well, in the Upper Magdalena Valley, Tolima Department, Colombia.

The Guando SW 1 well reached a total depth of 1,576 meters. Tests have confirmed the presence of oil of approximately 23,9° API and initial production rates of 500 barrels of oil per day.

The work carried out at Guando SW 1 corresponds to the resumption of exploration of Block Boquerón, already in production, of which Petrobras is the operator. In this same block, 12 years ago, Petrobras developed Guando Field, one of the biggest oil discoveries in Colombia of the past 15 years.

On October 27, Petrobras started an extended well test at wild cat well Guando SW 1. Petrobras will proceed with tests to assess the potential of the discovery.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
