Proxy Statement

ANNUAL MEETING OF SHAREHOLDERS JANUARY 20, 2016

This Proxy Statement sets forth certain information with respect to the accompanying proxy to be used at the Annual Meeting of Shareholders (the “Meeting”) of New Jersey Resources Corporation, or at any adjournments or postponements thereof, for the purposes set forth in the accompanying Notice of Annual Meeting. The Board of Directors (the “Board”) has designated Eagle Oaks Golf & Country Club, 20 Shore Oaks Drive, Farmingdale, New Jersey 07727, as the place of the Meeting. The Meeting will be called to order at 9:30 a.m., Eastern Standard Time, on Wednesday, January 20, 2016. The Board solicits this proxy and urges you to vote immediately. Unless the context otherwise indicates, reference to “New Jersey Resources,” “NJR,” “we,” “us,” “our” or “the Company” means New Jersey Resources Corporation.

The Board is making these materials available to you on the Internet or, upon your request, delivering printed versions of these materials to you by mail. On or about December 11, 2015, we will mail a notice to shareholders containing instructions on how to access the Proxy Statement and Annual Report and how to vote.

QUESTIONS AND ANSWERS ABOUT THE MEETING

1.WHO IS ASKING FOR MY VOTE AND WHY AM I RECEIVING THIS DOCUMENT?

The Board asks that you vote on the matters listed in the Notice of Annual Meeting, which are more fully described in this Proxy Statement. We are providing this Proxy Statement and related proxy card to our shareholders in connection with the solicitation by the Board of proxies to be voted at the Meeting. A proxy, if duly executed and not revoked, will be voted and, if it contains any specific instructions, will be voted in accordance with those instructions.

2.WHO IS ENTITLED TO VOTE?

Only holders of record of outstanding shares of our common stock (the “Common Stock”) at the close of business on November 24, 2015, are entitled to notice of and to vote at the Meeting. At the close of business on November 24, 2015, there were 85,790,569 outstanding shares of Common Stock. Each share of Common Stock is entitled to one vote.

3.WHAT IS A PROXY?

A proxy is your legal designation of another person to vote the stock you own. If you designate someone as your proxy or proxy holder in a written document, that document is called a proxy or a proxy card. Ms. Mariellen Dugan and Ms. Rhonda M. Figueroa have been designated as proxies or proxy holders for the Meeting. Proxies properly executed and received by our Corporate Secretary prior to the Meeting, and not revoked, will be voted in accordance with the terms thereof.

4. WHAT IS A VOTING INSTRUCTION?

A voting instruction is the instruction form you receive from your bank, broker or its nominee if you hold your shares of Common Stock in street name. The instruction form instructs you how to direct your bank, broker or its nominee, as record holder, to vote your shares of Common Stock.

5. WHAT AM I VOTING ON?

You will be voting on each of the following items of business:

- The election as directors of four nominees to the Board of Directors for terms expiring in 2019
- The approval of a non-binding advisory resolution approving the compensation of our named executive officers
- The ratification of the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2016
- Any other business that may properly come before the Meeting or any adjournments or postponements thereof

[Back to Contents](#)

6. HOW MANY VOTES MUST BE PRESENT TO HOLD THE MEETING?

A majority of the outstanding shares of Common Stock as of the record date must be present in person or represented by proxy at the meeting. This is referred to as a quorum. Abstentions, withheld votes and shares of record held by a broker or its nominee (“broker shares”) that are voted on any matter are included in determining the existence of a quorum. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

7. WHAT VOTE IS NEEDED TO ELECT THE FOUR DIRECTORS?

The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of Common Stock voted in the election of directors. In addition, the Company’s Corporate Governance Guidelines provide that any nominee for director in an uncontested election who receives a greater number of shareholder votes “withheld” from his or her election than votes “for” his or her election must promptly tender his or her resignation to the Board. For more details regarding the director resignation policy, please see “Election of Directors” on page 10.

8. WHAT VOTE IS NEEDED TO APPROVE THE NON-BINDING ADVISORY RESOLUTION REGARDING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS?

The approval of the non-binding advisory resolution regarding the compensation of our named executive officers requires that the votes cast in favor of the proposal exceed the number of votes cast against the proposal.

9. WHAT VOTE IS NEEDED TO RATIFY THE APPOINTMENT BY THE AUDIT COMMITTEE OF DELOITTE & TOUCHE LLP?

The ratification of the appointment by the Audit Committee of Deloitte & Touche LLP requires that the votes cast in favor of the ratification exceed the number of votes cast opposing the ratification.

10. WHAT ARE THE VOTING RECOMMENDATIONS OF THE BOARD?

For the reasons set forth in detail later in this Proxy Statement, **The Board Recommends That You Vote:**

- **FOR** The Proposed Nominees for the Board;

-

FOR The Non-Binding Advisory Resolution Regarding Approval of the Compensation of Our Named Executive Officers;

•**FOR** The Ratification of the Appointment by the Audit Committee of Deloitte & Touche LLP.

11. HOW DO I VOTE?

Registered shareholders (shareholders who hold Common Stock in their own name registered with our transfer agent, Wells Fargo Shareowner Services or in certificated form, as opposed to through a bank, broker or other nominee) or employees who hold Common Stock through our NJR Employees' Retirement Savings Plan (our "401(k) Plan") may vote in person at the Meeting or by proxy. There are three ways for registered shareholders and employees who own Common Stock through our 401(k) Plan to vote by proxy:

If you received your proxy materials by mail, complete, properly sign, date and mail the enclosed proxy card or voting instruction.

Connect to the Internet at <http://www.proxyvote.com> and follow the instructions included on the proxy card or voting instruction.

Call **1-800-690-6903** and follow the instructions included on the proxy card or voting instruction.

Registered shareholders and participants in our 401(k) and any other plans holding shares of Common Stock are urged to deliver proxies or voting instructions by calling the toll-free telephone number, by using the Internet or by completing and mailing the proxy card or voting instruction. The telephone and Internet voting procedures are designed to authenticate shareholders' and plan participants' identities, to allow shareholders and plan participants to give their proxies or voting instructions and to confirm that such instructions have been properly recorded. Instructions for voting by telephone or over the Internet are included on the enclosed proxy card or voting instruction. If you received your proxy materials via mail, registered shareholders and plan participants may send their proxies or voting instructions by completing, signing and dating the enclosed proxy card or voting instruction and returning it as promptly as possible in the enclosed prepaid envelope.

Shareholders who hold Common Stock through banks, brokers or other nominees ("street name shareholders") who wish to vote at the Meeting should receive voting instructions from the

[Back to Contents](#)

institution that holds their shares. Please contact the institution that holds your shares if you have not received voting instructions. Street name shareholders may also be eligible to vote their shares electronically by following the voting instructions provided by the bank, broker or other nominee that holds the shares, using either the toll-free telephone number or the Internet address provided on the voting instruction; or by completing, dating and signing the voting instruction and returning it promptly in the enclosed prepaid envelope.

The deadline for voting via the Internet or telephone is 11:59 p.m. Eastern Standard Time, on January 19, 2016.

12. CAN I ATTEND THE MEETING?

Yes. The Meeting is open to all holders of our Common Stock as of the record date, November 24, 2015. You may attend the Meeting and vote in person. However, even if you plan to attend the Meeting, we encourage you to vote your shares by proxy. Cameras, recording devices and other electronic devices are not permitted at the Meeting.

13. VOTING INSTRUCTION CARD, BUT DO NOT PROVIDE COMPLETE VOTING INSTRUCTIONS WITH RESPECT TO EACH PROPOSAL?

Shareholders should specify their vote for each matter on the enclosed proxy. The proxies solicited by this Proxy Statement vest in the proxy holders' voting rights with respect to the election of directors (unless the shareholder marks the proxy to withhold that authority) and on all other matters voted upon at the Meeting.

Unless otherwise directed in the enclosed proxy card, the persons named as proxies therein will vote all properly executed, returned and not-revoked proxy cards or voting instruction cards (1) **FOR** the election of the four director nominees listed thereon; (2) **FOR** the non-binding proposal regarding approval of the compensation of the Company's named executive officers; and (3) **FOR** the proposal to ratify the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2016, with the following two exceptions:

- Shares of Common Stock held in our 401(k) Plan for which no direction is provided on a properly executed, returned and not revoked voting instruction card will be voted proportionately in the same manner as those shares held in our 401(k) Plan for which timely and valid voting instructions are received with respect to such proposals.

- Shares of Common Stock held in our 401(k) Plan for which timely and valid voting instructions are not received will be considered to have been designated to be voted by the trustee in accordance with the recommendation of the Company's management.

As to any other business that may properly come before the Meeting, the persons named in the enclosed proxy card or voting instruction will vote the shares of Common Stock represented by the proxy in the manner as the Board may recommend, or otherwise at the proxy holders' discretion. The Board does not presently know of any other such business.

14. HOW WILL MY SHARES BE VOTED IF I DO NOT RETURN MY PROXY CARD OR MY VOTING INSTRUCTION?

It will depend on how your ownership of shares of Common Stock is registered. If your shares of Common Stock are registered in your name with our transfer agent, your unvoted shares will not be represented at the Meeting and will not count toward the quorum requirement, as explained under "6. *How many votes must be present to hold the Meeting?*" on page 7, unless you attend the Meeting to vote them in person.

If you own your shares of Common Stock in street name, which means that your shares are registered in the name of your bank, broker or its nominee, your shares may be voted even if you do not provide your bank, broker or other nominee with voting instructions. Under the rules of the New York Stock Exchange ("NYSE") your bank, broker or other nominee may vote your shares in its discretion on "routine" matters. However, NYSE rules do not permit your bank, broker or other nominee to vote your shares on proposals that are not considered routine. When a proposal is not a routine matter and your bank, broker or other nominee has not received your voting instructions with respect to such proposal, your bank, broker or other nominee cannot vote your shares on that proposal. It is called a "broker non-vote" when a bank, broker or other nominee does not cast a vote for a routine or a non-routine matter.

Please note in the absence of your specific instructions as to how to vote, your bank, broker or other nominee may not vote your shares with respect to (1) the election of the four nominees for director, or (2) the non-binding proposal regarding the approval of the compensation of our named executive officers. Under NYSE rules, these matters are not considered routine matters. Based on NYSE rules, we believe that the ratification of the appointment by the Audit Committee of Deloitte & Touche LLP is a routine matter for which brokerage firms may vote on behalf of their clients if no voting instructions are provided. Therefore, if you are a shareholder whose shares of Common Stock are held in street name with a bank, broker or other nominee and you do not return your voting instruction card, your bank, broker or other nominee may vote your shares **FOR** the ratification of the appointment by the Audit Committee of Deloitte & Touche LLP as our independent registered public accounting firm. **Please return your proxy card so your vote can be counted.**

[Back to Contents](#)

15. HOW ARE ABSTENTIONS AND BROKER NON-VOTES COUNTED?

Only votes cast “for” or “against” are included in determining the votes cast with respect to any matter presented for consideration at the Meeting. As described above, when brokers do not have discretion to vote or do not exercise such discretion, the inability or failure to vote is referred to as a “broker non-vote.” Proxies marked as abstaining, and any proxies returned by brokers as “non-votes” on behalf of shares held in street name because beneficial owners’ discretion has been withheld as to one or more matters to be acted upon at the Meeting, will be treated as present for purposes of determining whether a quorum is present at the Meeting. Broker non-votes and withheld votes will not be included in the vote total for the proposal to elect the nominees for director and will not affect the outcome of the vote for the proposal. In addition, under New Jersey corporation law, abstentions are not counted as votes cast on a proposal. Therefore, abstentions and broker non-votes will not count either in favor of or against (1) the non-binding proposal regarding the vote of the compensation of our named executive officers or, (2) the ratification of the appointment of Deloitte & Touche LLP.

16. WHAT IF I CHANGE MY MIND AFTER I VOTE?

Whether you vote by telephone, Internet or by mail, you may change or revoke your proxy at any time before it is exercised by (1) submitting a properly signed proxy with a later date, (2) voting by telephone or the Internet at a later time, or (3) voting in person at the Meeting. See the enclosed proxy card for instructions. Attendance at the Meeting will not by itself revoke a previously granted proxy.

If you are a shareholder whose stock is held in street name with a bank, broker or other nominee, you must follow the instructions found on the voting instruction card provided by the bank, broker or other nominee, or contact your bank, broker or other nominee to change or revoke your previously given proxy.

17. WHO PAYS THE COST OF PROXY SOLICITATION?

NJR will pay all expenses of soliciting proxies, including clerical work, printing and postage. Our officers and other employees may personally solicit proxies or solicit proxies by mail, telephone, facsimile or Internet, but we will not provide compensation for such solicitations. In addition, we have agreed to pay Laurel Hill Proxy Advisory Group, LLC a fee of approximately \$5,500, plus reasonable expenses, for proxy solicitation services. We will also reimburse banks, brokers and other persons holding shares in their names or in the names of nominees for expenses incurred sending material to beneficial owners and obtaining proxies from beneficial owners.

18. COULD OTHER MATTERS BE DECIDED IN THE MEETING?

The Board does not know of any other business that may be brought before the Meeting. However, if any other matters should properly come before the Meeting or at any adjournment or postponement thereof, it is the intention of

the persons named in the accompanying proxy to vote on such matters as they, in their discretion, may determine.

19. HOW DO I MAKE A SHAREHOLDER PROPOSAL FOR THE 2017 ANNUAL MEETING OF SHAREHOLDERS?

We must receive proposals from shareholders intended to be presented at the 2017 Annual Meeting of Shareholders, on or before August 13, 2016 to be considered for inclusion in our Proxy Statement and form of proxy/voting instruction card for that meeting pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (“Exchange Act”), and for consideration at that meeting. Shareholders submitting such proposals are required to be the beneficial owners of shares of the Common Stock amounting to at least \$2,000 in market value and to have held such shares for at least one year prior to the date of submission.

Our By-Laws also set forth the procedures a shareholder must follow to nominate directors or to bring other business before shareholder meetings. For a shareholder to nominate a candidate for director at the 2017 Annual Meeting of Shareholders, we must receive notice of the nomination no later than November 6, 2016. The notice must describe various matters regarding the nominee, including name, address, occupation and shares held. See “Director Nominations and Evaluation Processes” on page 15 for more information regarding the director nomination process. Additionally, under our By-Laws, for a shareholder to bring other matters before the 2017 Annual Meeting of Shareholders, we must receive notice no later than November 6, 2016. The notice must include a description of the proposed business, the reasons therefore and other matters specified in our By-Laws. In each case, the notice must be timely given to our Corporate Secretary, whose address is Office of the Corporate Secretary, 1415 Wyckoff Road, Wall, New Jersey 07719. A copy of the By-Laws is available free of charge on our website at <http://investor.njresources.com> under the caption “Corporate Governance.” A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

Election of Directors

ITEM 1 ON PROXY CARD

The Board currently consists of 11 members divided into three classes with overlapping three-year terms. Four individuals have been nominated for election as directors at the Meeting. Lawrence R. Codey, Laurence M. Downes, Robert B. Evans and Alfred C. Koeppe would each serve for a three-year term expiring in 2019 and until their respective successors are elected and have been qualified. Each of the nominees is currently serving as a director of the Company and has been previously elected by our shareholders. There were no nominee recommendations from shareholders or from any group of shareholders submitted in accordance with our By-Laws. Unless otherwise indicated on a proxy, the proxy holders intend to vote the shares each proxy represents for all nominees for election as directors.

Under New Jersey law, directors are elected by a plurality of the votes cast at an election. The Company's Corporate Governance Guidelines provide, however, that any nominee for director in an uncontested election who receives a greater number of shareholder votes "withheld" from his or her election than votes "for" his or her election must promptly tender his or her resignation to the Board for consideration. The Nominating/Corporate Governance Committee will then evaluate the best interests of the Company and will recommend to the Board whether to accept or reject the tendered resignation. Following the Board's determination, the Company will disclose the Board's decision of whether to accept the resignation and an explanation of how the decision was reached.

Proxies solicited by the Board will be voted in favor of the nominees listed below, unless otherwise specified in the proxy. All of the nominees proposed by the Board have consented to serve if elected. We know of no reason why the nominees would not be available for election or, if elected, would be unable to serve. While we do not anticipate that any of the nominees will be unable to serve, if any should be unable to serve, the proxy holders reserve the right to substitute any other person approved by the Board.

The Nominating/Corporate Governance Committee looks for its current and potential directors collectively to have a mix of skills and qualifications.

It is of critical importance to the Company that the Nominating/ Corporate Governance Committee recruit directors who help achieve the goal of a well-rounded, diverse Board that functions collegially as a unit.

As part of each director's biography, we have included a brief summary of the skills and experience of such nominee. We have also included a chart below the director biographies that summarizes the skill set for the full Board. Set forth below is information for each nominee and director concerning the age, principal occupation, employment and directorships during the past five years, positions with the Company, the year in which he or she first became a

director of the Company and his or her term of office as a director. Also set forth below is a brief discussion of the specific experience, qualifications, attributes or skills that led to the Board's conclusion that, in light of our business and structure, each nominee and director should serve as a director as of the date of this Proxy Statement.

DIRECTOR NOMINATIONS AND EVALUATION PROCESSES

Director Candidate Recommendations and Nominations by Shareholders. The Nominating/Corporate Governance Committee's charter provides that the Nominating/Corporate Governance Committee will consider qualified director candidate recommendations by shareholders. Shareholder nominees will be evaluated under the same standards as nominees recommended by management or the non-management members of the Board. Recommendations should be sent to Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, P.O. Box 1464, Wall, New Jersey 07719. Under our By-Laws, the Corporate Secretary should receive any nomination for director on or before November 6, 2016 for consideration at the 2017 Annual Meeting of Shareholders. In addition, in accordance with our By-Laws, any shareholder entitled to vote for the election of directors may nominate persons for election to the Board if such shareholder complies with the procedures set forth in the By-Laws and summarized above under "Question 19 under QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING: How do I make a shareholder proposal for the 2017 Annual Meeting of Shareholders?" on page 9. The Nominating/Corporate Governance Committee did not receive any recommendations from any shareholders in connection with the Meeting.

Nominating/Corporate Governance Committee Process for Identifying and Evaluating Director Candidates. The Nominating/Corporate Governance Committee identifies and evaluates all director candidates in accordance with the

director qualification standards described in the Corporate Governance Guidelines. The Nominating/Corporate Governance Committee evaluates a candidate's qualifications to serve as a member of the Board based on the background and expertise of individual Board members, as well as the background and expertise

[Back to Contents](#)

of the Board as a whole. Nominees will be required to bring the skills, talents, knowledge and expertise to ensure that the composition, structure and operation of the Board serves the best interests of our shareholders. In addition, the Nominating/ Corporate Governance Committee will evaluate a candidate's independence and his or her background and expertise in the context of the Board's needs.

Although the Nominating/Corporate Governance Committee does not have a separate policy regarding diversity, it will consider, in identifying first-time candidates, nominees for director, or evaluating individuals recommended by shareholders, the current composition of the Board in light of the diverse communities and geographies we serve and the interplay of the candidate's or nominee's diverse individual experience, education, skills, background and other qualities and attributes with those of the other Board members. To ensure that the Board's composition reflects the particular needs of the Board and the Company, the Nominating/Corporate Governance Committee incorporates this broad view of diversity into its review and evaluation of new candidates and incumbent nominees in its director nomination process. The Nominating/Corporate Governance Committee and Board monitor its effectiveness through the Board's self-evaluation process.

As described under "*Nominees for Election as Directors*" on page 10, the Nominating/Corporate Governance Committee and the Board believe that the current composition of the Board reflects a group of highly talented individuals with diverse backgrounds, skills, professional and industry experience and other personal qualities and attributes best suited to perform oversight responsibilities for the Company and its shareholders.

Annual Director Performance Evaluations. As required by our Corporate Governance Guidelines, the Board conducts an evaluation of its performance on an annual basis. The Board has the authority to retain advisers or consultants and to provide for their compensation by the Company, as it shall deem appropriate, to assist in designing and implementing such evaluation. Annually, all Board members participate in a self-assessment that is administered by the Nominating/Corporate Governance Committee. The self-assessment focuses on the following areas: board structure, logistics, conduct of the meeting and discharge of board responsibilities. During fiscal year 2015, the Nominating/ Corporate Governance Committee Chair also interviewed each Board member to solicit their views on the Board's performance. The results of the interviews were shared with the Committee and discussed with the Board. Feedback from the leadership team was also solicited and provided to the Board.

Corporate Governance and Related Matters

Our business and affairs are managed under the direction of the Board in accordance with the New Jersey Business Corporation Act and our Certificate of Incorporation and By-Laws. Members of the Board are kept informed of our business through discussions with the Chairman and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. The corporate governance practices we follow are summarized below.

BOARD MEETINGS AND ATTENDANCE AT ANNUAL MEETING OF SHAREHOLDERS

During fiscal year 2015, there were 11 meetings of the Board. Each director attended more than 75 percent of the combined meetings of the Board and the committees on which she or he served during the year. We encourage all directors to attend our annual shareholders' meeting. All of the directors serving at the time of the 2015 Annual Meeting of Shareholders held in January 2015 attended that meeting.

BOARD STANDARDS OF INDEPENDENCE

The Board sets our independence standards ("Company Independence Guidelines") in our corporate governance guidelines (the "Corporate Governance Guidelines"). The director independence standards, as set forth in the Company Independence Guidelines, provide that a majority of the Board must be independent under the independence standards established by the Corporate Governance Guidelines, the NYSE and the SEC as in effect from time to time. For a Board member or candidate for election to the Board to qualify as independent, the Board must determine that the person and his or her immediate family members do not have a material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) or any of our affiliates. Under the categorical standards adopted by the Board, a member of the Board is not independent if:

the director is, or has been within the last three years, our employee, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

the director has received, or has an immediate family member who has received, during any 12-month period within the last three years, more than \$120,000 in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(i) the director is a current partner or employee of a firm that is our internal or external auditor; (ii) the director has an immediate family member who is a current partner of such a firm; (iii) the director has an immediate family member who is a current employee of such a firm and personally works on our audit; or (iv) the director or an immediate family member was, within the last three years, a partner or employee of such a firm and personally worked on our

audit within that time;

the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee; or

the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or two percent, of such other company's consolidated gross revenues.

The Board will also consider a director's charitable relationships. Contributions to tax-exempt organizations are not considered payments for purposes of the test in the final bullet point above, provided that we are required to disclose in our annual proxy statement any such contributions made by us to any tax-exempt organization in which any independent director serves as an executive officer if, within the preceding three years, contributions in any single fiscal year from us to the organization exceeded the greater of \$1 million, or two percent, of such tax-exempt organization's consolidated gross revenues.

NEW JERSEY RESOURCES - 2015 Proxy Statement 17

For purposes of the above independence standards, an “immediate family member” includes a person’s spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than domestic employees) who shares such person’s home. When applying the look-back provisions set forth above, the Board need not consider individuals who are no longer immediate family members as a result of legal separation or divorce, or those who have died or become incapacitated.

A Board member may sit on the board of any of our affiliates if, except for being a director on each such board of directors, the member otherwise meets the independence requirements for each such entity, including the receipt of only ordinary-course compensation for serving as a member of the board of directors. Each member of the Board must submit a letter of resignation to the Chairman of the Board when the member changes his or her principal occupation or employment, or leaves or retires from the business with which such occupation or employment was carried out. The letter will be submitted to the Nominating/Corporate Governance Committee who will make a recommendation to the Board regarding such director’s continued service on the Board. The Board will then determine whether to accept such resignation.

With the exception of Mr. Downes, the Chairman of the Board and Chief Executive Officer, the Board has affirmatively determined that each member of the Board is independent in accordance with the above standards. Additionally, we made no contributions during fiscal year 2015 to any charitable organization in which an independent director serves as an executive officer in any single fiscal year within the preceding three fiscal years in an amount in excess of the greater of \$1 million, or two percent, of the charitable organization’s consolidated gross revenues.

The Company Independence Guidelines are described in the Corporate Governance Guidelines and are available free of charge on our website at <http://investor.njresources.com> under the caption “Corporate Governance.” A printed copy is available free of charge to any shareholder who requests it by contacting the Corporate Secretary in writing at Office of the Corporate Secretary, New Jersey Resources Corporation, 1415 Wyckoff Road, Wall, New Jersey 07719.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Our Board has adopted a written related person transaction policy that governs the review, approval or ratification of covered related person transactions. Our Audit Committee manages this policy. The policy generally provides that we may enter into a related person transaction only if:

the Audit Committee approves or ratifies such transaction in accordance with the guidelines set forth in the policy,

the transaction is on terms comparable to those that could be obtained in arm’s length dealings with an unrelated third party,

the transaction is approved by the disinterested members of the Board, or

the transaction involves compensation approved by the Leadership Development and Compensation Committee.

In the event our management determines to recommend a related person transaction to the Audit Committee, that transaction must be presented to the Audit Committee for approval. After review, the Audit Committee will approve or disapprove such transaction. Our management will update the Audit Committee as to any material change to the proposed related person transaction at each subsequently scheduled Audit Committee meeting. When our General Counsel, in consultation with our Chief Executive Officer or our Chief Financial Officer, determines that it is not practicable or desirable for us to wait until the Audit Committee meeting, the Chairman of the Audit Committee possesses delegated authority to act on behalf of the Audit Committee. The Audit Committee or the Chairman approves only those related person transactions that are in, or not inconsistent with, our best interests and the best interests of our shareholders, as the Audit Committee or the Chairman determines in good faith.

For purposes of this policy, a “related person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we (or any of our subsidiaries) were, are or will be a participant, and the amount involved exceeds \$120,000 and in which any related person had, has or will have a direct or indirect interest. For purposes of determining whether a transaction is a related person transaction, the Audit Committee relies upon Item 404 of Regulation S-K, promulgated under the Securities Exchange Act of 1934, as amended.

A “related person” is defined as:

Any person who is, or at any time since the beginning of our last fiscal year was, one of our directors or executive officers or a nominee to become one of our directors

Any person who is known to be the beneficial owner of more than five percent of any class of our voting securities

Any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the director, executive officer, nominee or more than five percent beneficial owner and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than five percent beneficial owner

Any firm, corporation, or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a five percent or greater beneficial ownership interest

[Back to Contents](#)

Apart from the delivery of regulated natural gas service to any director or executive officer living in our service territory, there have been no related person transactions or proposed transactions since the beginning of fiscal year 2015 between our directors or executive officers, either directly or indirectly, and us. Additionally, there are no legal proceedings to which any director, officer, principal shareholder or any affiliate thereof, is a party that would be material and adverse to us.

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

Board Leadership Structure. As provided in the Corporate Governance Guidelines, the Board does not have a policy on whether the role of the Chief Executive Officer and Chairman of the Board should be separate or, if it is to be separate, whether the Chairman should be selected from the non-employee directors or be an employee. We currently operate with one individual, Mr. Downes, serving as Chairman of the Board, President and Chief Executive Officer. The Board elected Mr. Downes as President and Chief Executive Officer in July 1995 and Chairman of the Board in September 1996. Prior to his election as our President and Chief Executive Officer, Mr. Downes served as our Senior Vice President and Chief Financial Officer. The Board believes that because Mr. Downes has unique and extensive experience and understanding of our business, as well as more than 20 years of experience serving on our Board, he is well situated to lead and execute strategy and business plans to maximize shareholder value.

The Board believes that combining the Chairman of the Board and Chief Executive Officer positions is the appropriate corporate governance structure for us at this time because it most effectively utilizes Mr. Downes' extensive experience and knowledge regarding the Company, by allowing him to lead Board discussions regarding our business and strategy and providing us with unified leadership.

To ensure that the independent directors play a leading role in our current leadership structure, the Board established the position of Lead Director in the Corporate Governance Guidelines in 2003. Mr. Codey currently serves as our Lead Director. In addition, we maintain a significant majority of independent directors (Mr. Downes is the only non-independent director) and independent Board committees. In this role as Lead Director, Mr. Codey is in frequent contact with the Chairman of the Board and Chief Executive Officer and is regularly consulted on all material matters. The Lead Director is elected by the independent directors and ensures that the Board operates independently of management and directors and that shareholders have an independent leadership contact.

The Lead Director, who must satisfy our independence standards, has the following specific roles and responsibilities:

- Ensures that the Board and its committees function independently of our management
- Chairs Board meetings when the Chairman is not present or when there is a potential conflict
- Confers with the Chairman to develop the agenda for the Board meetings and schedules for the Board and committee meetings
- Provides advice and counsel to the Chairman on Board meeting schedules to ensure there is sufficient time for all agenda items
- Calls meetings and sets agendas for executive sessions of the independent directors

- Evaluates and oversees, with the Chairman, the quality, quantity and timeliness of the information submitted by management to the independent directors
- Acts as a liaison between the independent directors and the Chairman and senior management
- Confers with the Nominating/Corporate Governance Committee Chair and the Chairman as to the membership of the various committees and committee chairs
- Coordinates with the Nominating/Corporate Governance Committee Chair and the Chairman in the performance evaluation of the Board and its committees
- Coordinates with the Nominating/Corporate Governance Committee Chair in the performance evaluation of the Chairman
- Is available for consultation and direct communication, under appropriate circumstances, if requested by major shareholders
- Retains advisors and consultants at the request of the independent directors
- Performs such other duties and responsibilities as may be delegated to the Lead Director by the Board from time to time

[Back to Contents](#)

The Board also has four standing Committees: the Audit Committee, the Leadership Development and Compensation Committee, the Nominating/Corporate Governance Committee and the Executive Committee. Each Committee has a separate chairperson and each committee, other than the Executive Committee, is composed solely of independent directors.

Given our current circumstances and operating strategies, we believe having a combined Chairman of the Board and Chief Executive Officer, as well as having a Lead Director and independent standing Board committees, is the most appropriate structure for our shareholders and us. We believe this structure demonstrates clear leadership to our employees, shareholders and other interested parties and eliminates potential for redundancies and confusion. The Lead Director supports the role of the independent directors by providing leadership to the independent directors and working closely with the Chairman of the Board and Chief Executive Officer.

As part of the Board's annual assessment process, the Board evaluates our board leadership structure to ensure that it remains appropriate. The Board recognizes that there may be circumstances in the future that would lead it to separate the roles of Chief Executive Officer and Chairman of the Board, but believes that the absence of a policy requiring either the separation or combination of the roles of Chairman and Chief Executive Officer provides the Board with the flexibility to determine the best leadership structure.

Board's Role in Risk Oversight. The Board is responsible for our risk oversight. Management is responsible for our risk management, including providing oversight and monitoring to ensure our policies are carried out and processes are executed in accordance with our performance goals and risk tolerance. Our management team holds regular meetings that identify, discuss and assess financial risk from current macro-economic, industry and company perspectives. In carrying out its risk oversight function, the Board has four standing committees: the Audit Committee, the Leadership Development and Compensation Committee, the Nominating/Corporate Governance Committee and the Executive Committee. Each committee is responsible for risk oversight within its area of responsibility and regularly reports to the Board. Each of the committee's charters, other than the Executive Committee charter, reflects such responsibilities. Generally, the Board's committees and subsidiary boards of directors oversee the risks as follows:

Audit Committee: Responsible for discussing with management our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies. As part of its regular reporting process, management reports and reviews with the Audit Committee our material risks, including, but not limited to, proposed risk factors and other public disclosures, mitigation strategies and our internal controls over financial reporting. The Audit Committee also engages in regular periodic discussions with the Chief Financial Officer and other members of management regarding risks as appropriate. Our internal Risk Management Committee ("RMC") was established by the Audit Committee to develop, implement and enforce risk management procedures for NJRES, NJNG and NJRCEV and continuously monitors our credit risk management, risks related to trading positions, and trading risk policies and procedures applicable to those entities. The RMC is comprised of individuals from our affiliated companies that meet approximately twice a month and provides periodic reports to the Audit Committee. The RMC's duties include, but are not limited to, evaluating the effectiveness of existing credit policies and procedures, reviewing material transactions and discussing emerging issues.

Leadership Development and Compensation Committee: Considers succession planning, human resources risks and risks that may result from our executive compensation programs.

Nominating/Corporate Governance Committee: Considers risks related to corporate governance structure, policies and practices.

Each committee regularly reports to the Board. Moreover, the Board reviews and oversees our various financial policies, financing programs, capital and operating plans, benefit plan management and certain risk management policies.

Subsidiary Boards: Our several subsidiary boards of directors, which are comprised largely of non-management directors, enhance our operational risk oversight. The board of directors of NJNG provides operational and financial risk oversight to that subsidiary, while the boards of directors of NJRES, NJR Energy Investments Corporation, NJRCEV and NJR Clean Energy Ventures II Corporation jointly meet periodically and discuss the operational and financial risks of those subsidiaries.

We believe the current leadership structure of the Board supports the risk oversight functions described above by providing independent leadership at the committee and subsidiary board level, with ultimate oversight by the full Board as led by the Chairman of the Board and Chief Executive Officer and the Lead Director.

Based on this review, the NCGC recommended and the Board approved effective January 1, 2015, the following changes:

In the event of extraordinary circumstances resulting in an excessive number of Board or Committee meetings beyond the typical number of meetings of a Board or Committee in a given year, the Board retains discretion to pay an additional per meeting fee of \$1,500 to each attending non-employee director that is a member of such Board or

Committee.

DIRECTOR SHARE OWNERSHIP GUIDELINES

All Board members are required to own shares of our Common Stock with a market value equal to five times the annual cash retainer, to foster a mutual interest between Board members and shareholders of the Company. We expect Board members to retain at least 50 percent of the Common Stock received from the Company as part of their annual stock retainer until the stock ownership requirements are met. All of our Board members are in compliance with these guidelines.

DIRECTOR DEFERRED COMPENSATION PLAN

Non-employee directors of the company are eligible to defer up to 100 percent of their Board compensation under the NJR Directors' Deferred Compensation Plan (the "Director Deferred Compensation Plan"). This includes the deferral of the payment of annual Board and committee retainers, Board meeting fees and committee meeting fees. At the director's election, deferred amounts are credited to either an "interest account" or a "stock account." If deferred amounts are credited to a stock account, such account is credited with a number of shares based on the closing price of our Common Stock on the date we allocate such fees (no later than 90 days after the deferred fees would have been paid) and such account is credited with additional shares based on the deemed reinvestment of dividends. An interest account is credited monthly with interest at a rate equal to the Prime Rate listed in the *Wall Street Journal* plus two percent based on the average daily balance credited to the account for that month. The rate is adjusted on a monthly basis. At the election of the participating director, deferred balances in the stock and/or interest accounts are payable after termination of Board service in a lump sum or in installments over a period not to exceed five years after termination of Board service.

Compensation Discussion and Analysis

This discussion and analysis of our compensation program for named executive officers should be read in conjunction with the tables and text elsewhere in this Proxy Statement that describe the compensation awarded to, earned by or paid to the named executive officers.

EXECUTIVE SUMMARY

The purpose of the Compensation Discussion and Analysis is to explain the process the Leadership Development and Compensation Committee (LDCC) of the Board of Directors (the “Board”) uses to determine compensation and benefits for the following individuals, who are our “named executive officers” for the fiscal year ended September 30, 2015, and to provide the rationale and context for those compensation decisions:

Name	Title
Laurence M. Downes	Chairman of the Board, Chief Executive Officer and President
Glenn C. Lockwood	Executive Vice President and Chief Financial Officer
Kathleen T. Ellis	Executive Vice President and Chief Operating Officer, New Jersey Natural Gas Company (NJNG)
Mariellen Dugan	Senior Vice President and General Counsel
Stephen D. Westhoven	Senior Vice President, NJR Energy Services Company (NJRES)

Compensation of our named executive officers is determined under our compensation and benefits program for senior executives, which is governed by the LDCC. Information with respect to the LDCC can be found on page 22 of this Proxy Statement.

At our 2015 Annual Meeting of Shareholders, over 96.6 percent of the votes cast on the “say-on-pay” proposal were voted in favor of the compensation we pay to our named executive officers.

The LDCC, which is composed exclusively of independent directors, believes that the shareholder vote confirms the philosophy and objective of linking our executive compensation to performance, our commitment to stakeholders and enhancement of our shareholder value. We view this level of shareholder support as an affirmation of our current pay practices and, as a result, no significant changes were made to our executive compensation pay practices for fiscal year 2015. Our Board and the LDCC will continue to consider the outcome of the Company’s say-on-pay votes when making future compensation decisions for the named executive officers.

OUR GUIDING PHILOSOPHY

Our compensation philosophy is guided by the principle of pay-for-performance. While aligning each executive's compensation with our short-term and long-term business goals, we aim to provide the incentives needed to attract, motivate, reward and retain our management talent, which is crucial to our long-term success.

Our compensation programs are designed to support our business goals by rewarding achievement of short-term and long-term objectives in a manner that links compensation of our executive officers with the value created for our shareholders.

DEVELOPMENTS IN OUR EXECUTIVE COMPENSATION PROGRAM FOR FISCAL YEAR 2015

During fiscal year 2014, we undertook our annual review of our executive compensation practices to ensure that our plans and practices were supportive of the goals of the organization, competitive and in keeping with the best interests of our shareholders. As a result of that review, the LDCC implemented an executive compensation program for fiscal year 2015, which featured the following:

An Officer Incentive Program for fiscal year 2015 (the "2015 OIP"), that included an "Outer Plan" and an "Inner Plan." The Outer Plan requires our executive officers to meet a performance hurdle, which is based on achievement of a Net Financial Earnings (NFE)¹ per basic share goal, in order for the 2015 OIP to fund their annual incentive awards to qualify for deductibility under Internal Revenue Code Section 162(m). The Inner Plan consists of NFE goals, Commitment to Stakeholders ("CTS") operational measures and individual leadership goals.

The NJRES Annual Incentive Plan (the "NJRES AIP"), which included an "Outer Plan" based on achievement of an NFE-based performance hurdle for the officers of NJR Energy Services Company (NJRES), which must be met in order for the NJRES AIP to fund their annual incentive awards to qualify for deductibility under Internal Revenue Code Section 162(m).

NFE is a financial measure not calculated in accordance with generally accepted accounting principles (GAAP) of the United States and is discussed in greater detail on page 37 of this Proxy Statement under "Net Financial Earnings Component." For a full discussion of NFE and a reconciliation to net income, please see our most recent Annual Report on Form 10-K filed on November 24, 2015, Part II, Item 7.

A long-term equity incentive award program for our executive officers (other than our CEO) that included a mix of performance share awards with performance criteria based on cumulative NFE per basic share over a 36 month period (“Fiscal Year 2015 NFE Performance Shares”) and based on total shareholder return (TSR) versus a comparator group over a 36 month period (“Fiscal Year 2015 TSR Performance Shares”), and time-vested restricted stock awards, each granted under our 2007 Stock Award and Incentive Plan (the “2007 Plan”).

The long-term equity incentive award program also provides us with the ability under the 2007 Plan to grant deferred retention stock awards, which we have used from time to time as special recognition awards that reward outstanding performance while encouraging retention of key executives.

A long-term equity incentive award package for our Chief Executive Officer consisting mostly of “at-risk” equity awards, including Fiscal Year 2015 NFE Performance Shares, Fiscal Year 2015 TSR Performance Shares and performance-based restricted stock payable in three annual installments with each installment vesting subject to achievement of a NFE per basic share goal for the fiscal year ending September 30, 2015. The balance of the package consisted of deferred retention stock awards.

The adoption of a Compensation Recoupment Policy (“Clawback Policy”), which allows NJR to recover excess performance-based cash and equity compensation paid to executive officers under certain circumstances in the event of a financial restatement.

In September 2015, our Board decided to eliminate the tax gross-up provision in our change-in-control agreements, replacing it with a “best net” provision.

To implement our pay-for-performance philosophy, the LDCC attempts to set reasonable but rigorous goals for our OIP and performance shares granted to our named executive officers.

FISCAL YEAR 2015 PERFORMANCE HIGHLIGHTS

Fiscal 2015 was a strong year for NJR, with financial performance that exceeded our expectations. Our business segments generated strong overall results, producing NFE of \$151.5 million, which exceeded the target set in our 2015 OIP by 19 percent.

New Jersey Resources (NJR)

- NJR’s NFE exceeded performance goal targets and our original expectations.

- Total return to shareowners was 22.5 percent.

- We increased our annual dividend rate by 6.7 percent, which represented the 22nd dividend increase over the past 20 years.

Through our Volunteers Inspiring Service In Our Neighborhoods (“VISION”) program, our employees, retirees and their families contributed 5,000 hours of volunteer service, assisting 1,800 nonprofit and community-based service organizations.

New Jersey Natural Gas (NJNG)

With an improving new construction market and strong conversion market, NJNG added 7,858 new customers and converted 636 existing customers to natural gas heat and other services.

According to JD Power and Associates’ 2015 Gas Utility Customer Satisfaction Study, we ranked highest in the eastern United States among large natural gas utilities.

Cogent Reports named us the “Most Trusted Utility Brand” in the eastern United States, as well as a 2015 utility “Environmental Champion.”

We completed the construction of two compressed natural gas refueling stations in our service territory and made progress on the third. All three stations will be open to the public.

We implemented a decrease to our Basic Gas Supply Service (BGSS) rate for residential and commercial customers and renewed our BGSS incentive program on a permanent basis.

The SAVEGREEN Project® was extended through July 2017 and continues to be successful. Since its inception in 2009, SAVEGREEN grants, incentives and OBRP loans, totaling over \$117.6 million, have helped more than 38,900 customers reduce their energy consumption and lower their bills.

For the 23rd consecutive year, NJNG recorded the lowest number of complaints per 1,000 customers with the Board of Public Utilities, when compared to other major New Jersey utilities.

NJR Energy Services (NJRES)

NJRES had another outstanding year, earning \$42.1 million in NFE. These strong results allowed the Company to increase its earnings retention above expectations, which will improve future profitability.

NJRES’ efforts to restructure its portfolio over the last several years positioned the Company to take advantage of favorable market conditions, which continued to create significant financial benefits for shareowners.

NJRES’ ability to increase its producer services and asset management transactions generated additional non-volatile revenue.

With its focus on disciplined risk management, NJRES continues to identify new growth opportunities in the producer services marketplace, providing customized energy solutions for customers.

NJR Clean Energy Ventures (NJRCEV)

- NJRCEV added the 3,956th customer to its residential lease program. NJRCEV also completed five commercial solar projects totaling 26.5 megawatts of capacity.
- NJRCEV placed its second onshore wind project into service and began construction on its third project.

NJR Midstream (Midstream)

Midstream's equity ownership interests in a natural gas storage facility and a transportation pipeline contributed to our profitability by providing both long-dated contracted revenues and incremental revenues generated from short-term market conditions.

Midstream announced its 20 percent ownership interest in PennEast Pipeline Company, which is designed to bring lower cost natural gas produced in the Marcellus Shale region to homes and businesses in Pennsylvania and New Jersey.

We exchanged our 5.53 percent equity interest in the Iroquois Gas Transmission System LP for approximately 1.8 million partnership units in Dominion Midstream Partners, which generated a pre-tax deferred gain of about \$25 million.

NJR Home Services (NJRHS):

NJRHS expanded its service contract business and now provides over 116,500 customers with this service.

OUR PAY-FOR-PERFORMANCE LINK

Our strong financial performance in fiscal year 2015 resulted in annual short-term incentive award payouts for three of our named executive officers at 137.7 percent of their respective target award amounts, and one named executive officer at 105.2 percent of her target award amount, under our 2015 OIP. The outstanding results in 2015 were aided in part by the leadership of our named executive officers and strategies developed in prior years that positioned NJR to take advantage of market opportunities by maintaining a strong financial profile that could be utilized to generate greater NFE this past year. In addition to the payouts under the 2015 OIP, in recognition of their performance and contributions to our record results in fiscal year 2015, the LDCC awarded two named executive officers long-term special recognition awards of Deferred Retention Stock, as described in greater detail below. Mr. Westhoven's performance as the lead executive at NJRES was rewarded by the LDCC with an incentive award package consisting of cash and Deferred Retention Stock, also described in greater detail in this section.

KEY COMPENSATION CORPORATE GOVERNANCE PRACTICES

The LDCC and our Nominating/Corporate Governance Committee continuously review evolving practices in executive compensation and corporate governance. We have adopted certain policies and practices that we believe are consistent with industry best practices.

What We Do

Use an appropriate balance between short-term and long-term compensation.

Use multiple performance metrics under the 2015 OIP to encourage executives to focus on financial and operational goals important to the Company, our shareholders and other stakeholders.

Conduct an annual review and assessment of potential and existing risks arising from our compensation programs and policies.

Develop and adhere to meaningful share ownership guidelines for our directors and executive officers.

Subject performance-based cash and equity compensation paid to our executive officers to our Clawback Policy.

Prohibit hedging and pledging of our stock by our directors, officers and employees.

Require a “double trigger” for acceleration of equity award grants following a change of control, beginning with grants made in fiscal 2015.

Engage an independent advisor, who performs no other work for the Company, to advise the LDCC on executive compensation matters.

What We Do Not Do

Provide excessive perquisites.

Provide executive officers any excise tax payment or tax gross-up for change-in-control related payments, or a tax gross-up on any perquisites.

Enter into employment agreements with any executive officer; therefore, none of our executive officers are entitled to a minimum base salary, guaranteed bonus or guaranteed equity awards.

Allow repricing of stock options or buyout of underwater stock options without shareholder approval.

PRINCIPLES OF OUR COMPENSATION FRAMEWORK

The LDCC believes that the compensation program for executive officers should reward the achievement of our short-term and long-term objectives and that compensation should be related to the value created for our shareholders. Furthermore, the compensation program should reflect competition and best practices in the marketplace. The following objectives serve as the LDCC's guiding principles for all compensation decisions:

Our executive compensation and benefits should attract, motivate, reward and retain the management talent necessary to achieve our business objectives at compensation levels that are fair and competitive with those of comparable companies.

- Compensation should be set based on the leadership and contribution of each executive officer, taking into account individual skill sets, experience and achievement.

Compensation should also be based upon our "Commitment to Stakeholders" key performance measures for Safe, Reliable, and Competitively Priced Service, Customer Service, Quality, Valuing Employees and Corporate Citizenship.

Compensation should be linked to corporate performance as measured by financial performance and creation of long-term value for our shareholders.

Compensation should be comprised of an appropriate mix and weighting among base salary, annual short-term incentive awards and long-term equity incentive awards such that an adequate amount of each executive officer's total compensation is performance-based or "at risk." Further, as an executive's responsibilities increase, the portion of "at-risk" compensation for the executive should increase as a percentage of total compensation.

In addition, the LDCC believes that the various elements of our compensation program effectively align compensation with performance measures that are directly related to our financial goals and creation of shareholder value without encouraging executives to take unnecessary and excessive risks.

ELEMENTS OF OUR COMPENSATION PROGRAM FOR NAMED EXECUTIVE OFFICERS

The LDCC has a specific mix of compensation components that it targets, with the intent to make each component of total direct compensation competitive with that of other companies of similar size and operational characteristics while also linking compensation to individual and corporate performance and encouraging stock ownership by senior management. The table below describes each compensatory element in our program and briefly explains how it promotes our objectives. We believe the combination of these elements provides an appropriate balance of rewards,

incentives and benefits to our executives and enables us to meet our desired compensation objectives, strengthen our ability to attract and retain highly qualified individuals and to appropriately link pay to performance.

Element of Compensation	Description	How This Element Promotes Company Objectives
<i>Annual Short-Term Compensation:</i>		
Base Salary	Fixed annual compensation that is certain in payment and provides continuous income.	Aids in both recruitment and retention; designed to be competitive in the marketplace.
Annual Short-Term Incentive Awards	Performance-based compensation for achieving established annual goals based on NFE, individual leadership and our Commitment to Stakeholders; in the case of the named executive officer at NJRES, performance-based compensation based upon pre-tax, pre-incentive compensation profits.	Motivates and rewards achievement of annual corporate objectives by providing at-risk pay opportunities linked to company and individual performance.
<i>Long-term Compensation:</i>		
Performance Share Awards	Grants of stock units that are payable in Common Stock and earned based on relative total shareholder return (TSR) performance relative to our peer group and/or NFE per share growth, each over a specified period.	Provides strong incentives to executives by aligning a portion of their compensation to the TSR on our Common Stock versus that of a comparator group of selected companies and also to our long-term NFE. Promotes retention, increases long-term equity ownership and aligns executive and long-term shareholder interests by linking a portion of their compensation to changes in company stock price and dividend payments.
Restricted Stock Awards	Grants of our Common Stock that are part of our long-term incentive program and may also be used for special recognition of superior performance; time-based vesting over a specified period.	Promotes strong performance incentives to executives by aligning a portion of their compensation to our financial performance and promotes retention. Promotes retention by providing disincentive to executive to leave us for a competitor and aligns executive and long-term shareholder interests by linking a portion of their compensation to changes in company stock price and dividend payments.
Performance-Based Restricted Stock Awards	Grants of Restricted Stock with time-based vesting if we achieve NFE per share goals over a specified period.	
Deferred Retention Stock Awards	Grants of deferred shares of our Common Stock (“Deferred Retention Stock”) that may be part of our long-term incentive program and are also used to recognize and reward superior performance; executive must comply with non-competition and non-solicitation covenants to receive share payout at future date.

Element of Compensation	Description	How This Element Promotes Company Objectives
<i>Other Compensation:</i>		
Deferred Compensation	Opportunity to defer receipt of specified portions of compensation and to have such deferred amounts treated as if invested in specified investment vehicles.	Provides an opportunity for executives to defer compensation based on personal financial needs and objectives; program enables company to offer a competitive total compensation package at minimal cost to us.
Post-Termination Payments and Benefits	Payments and benefits upon termination of an executive's employment in specified circumstances, such as retirement, death, disability or a change-in-control, as described in greater detail beginning on page 59.	Provides assurance of financial security, which is desirable in lateral recruiting and executive retention and permits objective evaluation by executives of potential changes to our strategy and structure.
Other Benefits	Executives participate in employee benefit plans generally available to our employees, including our Employees' Retirement Savings Plan, qualified defined benefit plan for retirement allowances, medical, dental, life, accidental death and dismemberment, travel and accident and long-term disability insurance; certain limited perquisites.	Fair and competitive programs to provide family protection, and facilitate recruitment and retention as part of our broad-based total compensation.

THE COMPENSATION REVIEW PROCESS**Process for Approval of Compensation Measures**

Our planning process begins in May (the third quarter of our fiscal year) when management identifies financial and operational goals, performance measures and action plans that are tied to our Commitment to Stakeholders and that will be executed by the business units and approved by our management in August (the fourth quarter of our fiscal year) for the following fiscal year. These metrics are presented to the Board in September for approval. Upon approval by the Board, the financial and operational goals become the compensation measures for the executive officers and are the foundation for our Commitment to Stakeholders, which is also communicated to the rest of the organization through the performance planning and evaluation process and through management presentations to employees.

Role of the LDCC and the Chief Executive Officer

Governance of our compensation program is the responsibility of the LDCC, which consists solely of independent directors. The LDCC works with management, in particular our Chief Executive Officer and the Vice President, Chief Human Resources Officer, in making decisions regarding our compensation program. The LDCC reviews and takes into account all elements of executive compensation in setting policies and determining compensation amounts. The Chief Executive Officer is responsible for recommending to the LDCC the compensation amounts of each of our named executive officers, other than himself. The Chief Executive Officer attends meetings of the LDCC, but does not participate in the portion of the meetings when his compensation or performance is discussed.

Role of Compensation Consultant

The LDCC is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties. For fiscal year 2015, the LDCC retained FW Cook as its independent compensation consultant. The independent compensation consultant was retained to (1) assist in gathering and analyzing market data, (2) advise the LDCC on compensation standards and trends, (3) provide an annual risk assessment of our compensation policies and (4) assist in the implementation of policies and programs during fiscal year 2015. All work completed by the independent compensation consultant is subject to the approval of the LDCC. The independent compensation consultant's role with respect to the LDCC is to provide independent advice and counsel. The LDCC does not delegate authority to its outside advisor or to other parties. Prior to each meeting of the LDCC, the independent compensation consultant meets with the Chief Executive Officer and the Chairman of the LDCC, followed by a private meeting with only the LDCC Chairman. The LDCC also periodically meets in executive session with its independent compensation consultant to discuss our compensation program. During fiscal year 2015, the independent compensation consultant periodically met with management at the direction of the LDCC, participated in LDCC meetings, reviewed materials in advance, provided additional data to the LDCC on market trends and overall compensation design and reviewed recommendations for base salary, annual short-term and long-term incentive awards for our named executive officers.

In July 2015, the LDCC determined that FW Cook had no other financial ties to the Company or our management and that it does not have any conflicts of interest after considering the relevant factors, including those prescribed under SEC and NYSE rules.

Comparator Group Analysis

So that we can successfully attract and retain the high-quality executive talent we believe is critical to our long-term success, we intend that the levels of compensation available to executive officers who successfully enhance corporate value are competitive with the compensation offered by publicly held companies that are similar to us with regard to size and industry focus. To understand the competitive market for pay and set the compensation terms for our program, we analyze the compensation programs of a comparator group of companies.

Fiscal Year 2015 Peer Group

During fiscal year 2014, the LDCC asked FW Cook to perform an independent review of our comparator group. In July 2014, the LDCC, based upon recommendations provided by FW Cook, approved revisions to the comparator group for fiscal year 2015 to increase the size of the group to 12 companies. In particular, the size of the comparator group was increased to enhance statistical reliability and to mitigate the need for future revisions in the event of continued industry consolidation. The companies in the comparator group were selected based on industry, market capitalization range (generally 0.33 to 3.0 times our market capitalization), revenue range (generally 0.4 to 2.5 times our revenues) and other growth and business factors. Our peer group for fiscal year 2015 compensation (“2015 Peer Group”), which is the same peer group that we used for fiscal year 2014 compensation, is as follows:

AGL Resources Inc.	Questar Corporation
Atmos Energy Corporation	South Jersey Industries, Inc
The Laclede Group, Inc.	Southwest Gas Corporation
Northwest Natural Gas Company	UIL Holdings Corporation
ONE Gas, Inc.	Vectren Corporation
Piedmont Natural Gas Company, Inc.	WGL Holdings, Inc.

As of July 2015, our market capitalization was between the median and 75th percentile of the 2015 Peer Group, and our revenues were above the 75th percentile of the 2015 Peer Group.

ESTABLISHING TOTAL DIRECT REMUNERATION

Total direct remuneration is the sum of base salary, annual short-term incentive awards and long-term equity incentive awards. A major portion of each named executive officer’s remuneration is established by performance-based incentives, which requires achievement of performance goals as a condition to earning annual short-term incentive awards and long-term equity incentive awards. The at-risk portion of total direct remuneration provides increased pay for higher levels of corporate and/or business unit performance and lower pay for performance below target levels.

In setting each named executive officer's total direct remuneration opportunity, the LDCC takes into account other factors such as the responsibilities, experience, performance, contributions and service of the executive. As a result, we do not set total direct remuneration or the component parts at levels to achieve a mathematically precise market position. In determining executive compensation, the LDCC reviews all components of our Chief Executive Officer's and each other named executive officer's total compensation, including retirement benefits and the costs of all perquisites received to ensure such compensation meets the goals of the program. As a part of this review, the LDCC considers corporate performance information, compensation survey data, the advice of its independent consultant and the recommendations of management. The LDCC also takes into consideration individual and overall company operating performance to ensure executive compensation reflects past performance as well as future potential and adequately differentiates between employees, based on the scope and complexity of the employee's job position, market comparisons, individual performance and experience and our ability to pay. The LDCC reviews annually our Chief Executive Officer's and each other named executive officer's performance prior to considering changes in compensation. Our Chief Executive Officer's performance and the performance of each other named executive officer is evaluated in light of our overall performance (as described in greater detail below) and non-financial goals and strategic objectives approved by the LDCC and the Board. Based on its latest review, the LDCC believes total compensation for each of the named executive officers is reasonable.

The following table shows the target total direct remuneration opportunity that the LDCC approved for fiscal year 2015. The table states the annual salary of each named executive officer as of September 30, 2015. The table includes the amount of the annual short-term incentive award that could have been earned by a named executive officer meeting target performance goals relating to NFE, our Commitment to Stakeholders and individual leadership described below. Annually, the LDCC uses long-term equity incentive awards as a component of the named executive officers' compensation. The table below shows the target value of long-term equity incentive awards granted to each of the named executive officers in fiscal year 2015.

COMPONENTS OF COMPENSATION

BASE SALARY

In November 2014, each of the named executive officers received an increase in base salary of between 3 and 5 percent, effective January 1, 2015. Base salary increases for all of our named executive officers, with the exception of our Chief Executive Officer, are recommended by our Chief Executive Officer and subject to review and approval by the LDCC and the Board. Base salary increases for our Chief Executive Officer are recommended by the LDCC and approved by the independent members of the Board. In setting the base salary level of each executive officer, the LDCC considers marketplace compensation data compiled and presented by its independent compensation consultant, as well as the executive's experience level, demonstrated capabilities, time and placement in position, our geographic region and the actual performance of the Company and the executive. No particular weight is assigned to any one factor.

ANNUAL SHORT-TERM INCENTIVE AWARDS

We maintain a strong link between performance and pay within our executive compensation program through emphasis on incentives and utilization of financial, operational and leadership measures, which we believe are key drivers of long-term value creation for shareholders. The LDCC reviews and approves the annual performance objectives for the Company and our named executive officers at the start of each fiscal year. In November 2014, the LDCC approved the 2015 OIP and the 2015 NJRES AIP. Our objectives for the 2015 OIP and the 2015 NJRES AIP considered the results of a review of our compensation programs by FW Cook.

Our objectives for the 2015 OIP and the 2015 NJRES AIP were to maintain line of sight for each executive officer by providing them with an understanding of their individual objectives and how they could be achieved based on areas that they impact, continue the linkage to corporate results and provide flexibility to determine awards based on qualitative performance assessments.

The 2015 OIP and 2015 NJRES AIP sought to motivate our senior executives by rewarding them when our annual financial performance goals and their individual performance goals were met or exceeded. After the end of fiscal year 2015, the Chief Executive Officer and the LDCC evaluated the degree to which the Company and our named executive officers met or exceeded their respective goals. Under the 2015 OIP and the NJRES AIP, the Chief Executive Officer recommends the annual short-term incentive awards to the LDCC for executive officers other than himself.

In 2015, we utilized a performance hurdle for our named executive officers' annual short-term incentive awards so that such awards may be eligible for deductibility under Internal Revenue Code Section 162(m). See "*United States Federal Income Tax Limits on Deductibility*" on page 49. Achievement of the performance hurdle allows the LDCC to fund the annual short-term incentive award at the maximum payout level established for the award, or to provide a lesser amount based upon achievement of the performance measures established by the LDCC under the 2015 OIP and the 2015 NJRES AIP, which are discussed below. If the performance required by the performance hurdle is not achieved, there would be no annual short-term incentive award payable to the named executive officers.

2015 OIP Annual Short-Term Incentive Awards

Under the 2015 OIP, the performance hurdle approved by the LDCC for the named executive officers' annual short-term incentive awards in November 2014 was NJR NFE per basic share of \$1.14 ("2015 OIP Performance Hurdle"). An explanation of NFE is provided directly below under "*Net Financial Earnings Component*." If the 2015 OIP Performance Hurdle is achieved, the maximum payout to the named executive officers under the 2015 OIP is 150 percent of their respective target annual short-term incentive opportunities.

In addition, under the 2015 OIP, based upon the recommendations of the Chief Executive Officer, the LDCC reserves the ability to modify, based upon its qualitative assessment, any annual short-term incentive award payable. In addition, our Chief Executive Officer, subject to LDCC approval, may recommend special recognition awards to named executive officers who have made significant contributions and have demonstrated a sustained level of outstanding performance. The LDCC may approve special recognition awards to the Chief Executive Officer. The Chief Executive Officer engages in extensive discussions, evaluation and review of his recommendations with the LDCC to reach a consensus on the annual short-term incentive awards.

The Chief Executive Officer uses the criteria set forth in the 2015 OIP to guide his recommendations of the annual short-term incentive awards for the named executive officers, other than himself, to the LDCC. The criteria that guide the Chief Executive Officer's recommendations are: (i) NFE, (ii) Commitment to Stakeholders and (iii) Leadership. Each named executive officer's annual short-term incentive award is based 50 percent on our NFE, 30 percent on the named executive officer achieving an individual leadership component and 20 percent on the Company meeting an overall Commitment to Stakeholders component. These criteria are used to balance our focus on affordability with the use of non-financial metrics that are leading indicators of the creation of long-term shareholder value. While these criteria serve as guidelines, the Chief Executive Officer has discretion to modify the actual awards for recommendation to the LDCC.

Under the 2015 OIP, the target annual short-term incentive award opportunity for Mr. Lockwood, Ms. Ellis and Ms. Dugan was 60 percent of base salary and the target annual short-term incentive award opportunity for Mr. Downes was 100 percent of base salary. Actual fiscal year 2015 short-term incentive award payments under the 2015 OIP, if earned, could range from 0 percent up to 150 percent of this targeted amount for each of the named executive officers other than Mr. Westhoven. Amounts payable under the 2015 OIP that exceeded 100 percent of the target amount could be paid in full, or in part, in the form of restricted stock based on our Chief Executive Officer's recommendation and subsequent approval by the LDCC. The actual payouts of the 2015 annual short-term incentive awards are described in the section of the Proxy Statement entitled "*— Actual Fiscal Year 2015 Short-Term Incentive Award Payouts Under the 2015 OIP,*" on page 39.

ANNUAL SHORT-TERM INCENTIVE AWARDS

Net Financial Earnings Component

NFE represents net income excluding the accounting impact and resulting volatility in our GAAP earnings due to unrealized gains and losses from certain derivative instruments, net of applicable tax adjustments. NFE is not an alternative to a measure derived from GAAP, such as earnings per share or any other GAAP measure of liquidity or financial performance. We use NFE as a key performance measure for compensatory purposes because we believe it strongly encourages capital discipline, better investment decisions and leads to enhanced cash flow and shareholder value. Our Chief Executive Officer is our chief operating decision maker, and he uses NFE as a measure of profit or loss in measuring the results of our segments and operations.

No annual short-term incentive award is payable to our named executive officers under the 2015 OIP unless we achieve the 2015 OIP Performance Hurdle and a minimum of at least 75 percent (“Minimum NFE”) of a target NFE amount. However, the LDCC retains the ability to pay an annual short-term incentive award if we do not achieve the Minimum NFE as there may be circumstances under which the LDCC may decide that an annual short-term incentive award is still appropriate. While an annual short-term incentive award may be paid if we achieve the Minimum NFE, if we do not achieve at least 90 percent of the target NFE amount, no portion of the annual short-term incentive award would be paid attributable to the NFE component.

For fiscal year 2015, the target NFE amount for NJR, which was applicable to Messrs. Downes and Lockwood and Ms. Dugan, was \$127.6 million. Therefore, the Minimum NFE applicable to them was \$95.7 million. NJR’s actual NFE for fiscal year 2015, was \$151.5 million. The fiscal year 2015 NFE target is based on five percent average annual growth from fiscal 2013 NFE. Fiscal year 2014 experienced unusually cold weather conditions throughout the country that created extremely high levels of volatility in the wholesale natural gas markets. NJRES’ operations are such that these unusual conditions created much higher-than-expected profits for NJR. The fiscal year 2015 plan assumed a return to more normal conditions.

The 2015 OIP allows the LDCC to approve the exclusion of certain discretionary expenses in excess of budgeted amounts from the calculation of NFE used for purposes of the NFE component of the annual short-term incentive award formula (“Adjusted NFE”). These adjustments are designed to allow us to make certain investments and expenditures in years with outstanding financial performance at NJR without penalizing our executives.

The target NFE for NJNG, which was applicable to Ms. Ellis, as NJNG’s Chief Operating Officer, was \$79.4 million. Therefore, the Minimum NFE applicable to her was \$59.6 million. NJNG’s Adjusted NFE, net of discretionary spending adjustments approved by the LDCC, was \$78.3 million. Discretionary spending included expenses related to our summer intern program and accelerated maintenance expenses outside of NJNG’s original budget.

The tables below show the Minimum NFE and the performance/ payout curve for the NFE component of the annual short-term incentive awards applicable to NJR (for Messrs. Downes and Lockwood and Ms. Dugan) and NJNG (for

Ms. Ellis). Payouts for performance between the stated percentages are interpolated.

Leadership Component

The LDCC assesses the leadership component for our Chief Executive Officer based on a review of his performance in comparison with his specific individual objectives for the past fiscal year. The leadership component of the annual short-term incentive award for the other named executive officers is determined based on our Chief Executive Officer's review of established business unit initiatives and individual performance assessments that is then ratified by the LDCC. As part of his review, our Chief Executive Officer seeks and considers specific examples of how each named executive officer met these objectives. The maximum payout for this portion of the annual short-term incentive award is equal to 150 percent of the targeted amount. The LDCC determines the leadership component of the annual short-term incentive award for each of our named executive officers, other than our Chief Executive Officer, taking into consideration reviews by our Chief Executive Officer.

Our Chief Executive Officer's leadership objectives for fiscal year 2015 included:

- Ensuring that the goals and objectives enumerated in our fiscal year 2015 business and financial plan are achieved;
- Focusing on the implementation of the initiatives contained in our fiscal year 2015 Commitment to Stakeholders;
- Furthering the development and execution of our strategic plan;
- Creating development plans for our leadership team; expanding our succession planning process; and
- Enhancing our strong relationship with all key external stakeholders.

The leadership objectives of the other named executive officers for fiscal year 2015 included:

• Executing the initiatives contained in our fiscal year 2015 Commitment to Stakeholders and Business and Financial Plans;

• Creating an atmosphere that values strategic thinking and innovation;

• Expanding their breadth of knowledge about our business to identify and support new growth opportunities;

• Executing their job responsibilities; and

• Fostering collaboration and teamwork throughout the organization.

Commitment to Stakeholders (CTS) Component

The CTS component of the annual short-term incentive award is determined based on a subset of 54 specific performance measures that the LDCC views as important to our shareholders, and that encompass a broader range of our activities that are not necessarily reflected in our financial metrics. These performance measures are company-wide and fall into the following five categories:

- **Safe, reliable and competitively priced service:** Measures employee safety, system safety, system reliability, service reliability and competitive pricing
- **Customer satisfaction:** Measures customer care, problem resolution, billing accuracy and timely response
- **Quality:** Measures quality of processes throughout the organization
- **Valuing employees:** Measures provision of feedback to employees, leadership development, workforce relations and positive work environment
- **Corporate citizenship:** Measures customer and community outreach, environmental focus, promotion of ethical behavior and fostering of community and business relationships

The 54 performance measures were set through a process that began early in the third quarter of fiscal year 2014. A team of employees from across our business units selected these performance measures spanning the five CTS categories listed above. This set of 54 performance measures was reviewed by our Chief Executive Officer and Chief Financial Officer, who made further revisions and recommendations to the measures, which were then approved by our Chief Executive Officer.

The LDCC and management use these metrics to measure our overall effort to provide our customers, shareholders, communities and other stakeholders with the highest quality service and performance. Each of the performance measures is objective and quantifiable. For instance, one way we measure corporate citizenship is by calculating the total number of employee volunteer hours and calculating the total number of people reached by our customer and community outreach programs using data compiled at each such event during the course of the fiscal year.

For each performance measure, a performance target was developed based upon historical company information, peer information, comparative data, trends and, in certain cases, benchmarks required by state regulations. Performance targets were set by the appropriate business unit leaders, reviewed by our Quality Department and approved by our senior executive team, including our Chief Executive Officer. Thereafter, the Board approved the 54 performance measures and targets. The performance measures and targets were published and distributed to our employees shortly after the beginning of fiscal year 2015. Separately, the senior executive team selected a subset of the 54 performance measures for recommendation to the Chief Executive Officer and the LDCC for purposes of determining the CTS component of the annual short-term incentive award. The Chief Executive Officer and the LDCC then reviewed the subset. The LDCC and the Board ultimately approved a final subset of six performance measures (the “Performance

Measures.”) When selecting the Performance Measures, the Chief Executive Officer and the LDCC selected one or more significant measures in each of the five CTS categories to encompass a broad spectrum of our performance, thereby allowing them to best gauge, on a company-wide basis, how well the executive management team is fulfilling the CTS. As a result, the LDCC considers the Performance Measures as those most useful for a broad assessment of executive performance.

When determining the CTS component of the annual short-term incentive award, the LDCC, in consultation with the Chief Executive Officer, establishes threshold, target and maximum performance levels for each of the Performance Measures. The threshold level is based on a level of performance that was believed to be achievable, the target level is based on a level of performance that was believed to be aggressive, but obtainable, and the maximum level is based on a level of performance that was believed to be attainable by achieving exceptional performance. Each of these Performance Measures is weighted equally and an overall average measurement is obtained. The overall average measurement reflects the average company-wide performance on the Performance Measures (each weighted equally) on a scale of 0 to 120 percent of the target goal. The percentage of target is adjusted to a scale of 0 to 150 percent for purposes of determining the CTS component of the annual short-term incentive award. For example, if we were to meet the maximum of 120 percent of the target goal for each of the Performance Measures, the average company-wide performance amount would be 150 percent.

The table below shows the six equally-weighted Performance Measures, and indicates our threshold, target and maximum performance levels, as well as indicating our actual performance for each of the Performance Measures:

Performance Measures	Performance Range (threshold to maximum)	Target Performance	Actual Performance	Percentage of Target*	
Average emergency response time (minutes)	27.6 to 18.4	23	18.4	116	%

As illustrated in the tables above and below this paragraph, during fiscal year 2015, the average company-wide performance as compared to the target goal was 95.3 percent of the target goal. This corresponded to a payout of 88.3 percent of the target payout amount for the CTS component of the annual short-term incentive award formula.

The table below shows the performance/payout level for the CTS component of the annual short-term incentive awards. Performance between the stated percentages is interpolated.

Actual Fiscal Year 2015 Annual Short-Term Incentive Award Payouts under the 2015 OIP

In November 2015, the LDCC reviewed NJR's NFE per basic share against the 2015 OIP Performance Hurdle before considering whether each of the named executive officers, other than Mr. Westhoven, qualified for an annual short-term incentive award under the 2015 OIP as set forth below:

2015 OIP Performance Hurdle: \$1.27 NFE per basic share

Actual 2015 Performance: \$1.78 NFE per basic share

Since the 2015 OIP Performance Hurdle was met, the LDCC determined that the named executive officers, other than Mr. Westhoven, were eligible for an annual short-term incentive award under the 2015 OIP of up to 150% of their respective target awards. The LDCC reviewed the results of the 2015 OIP for Mr. Downes and then reviewed the results of the 2015 OIP for Mr. Lockwood and Mses. Ellis and Dugan based on the recommendations made by the Chief Executive Officer. The amount of the annual short-term incentive award approved by the LDCC for the Chief Executive Officer and the amounts of the annual short-term incentive awards recommended by the Chief Executive Officer to the LDCC and subsequently approved by the LDCC for the other named executive officers (other than Mr. Westhoven) are set forth below. For fiscal year 2015, the NFE, CTS and leadership components comprised 50 percent, 20 percent and 30 percent, respectively, of the annual short-term incentive awards under the 2015 OIP for each of our named executive officers, other than Mr. Westhoven.

This totaled a payout amount equal to 137.7 percent of the target amounts for the fiscal year 2015 total annual short-term incentive awards for Messrs. Downes and Lockwood and Ms. Dugan, calculated as set forth below. For fiscal year 2015, our NFE, were \$151.5 million, which corresponded to a payout amount equal to 75 percent of the total target annual short-term incentive award for these three named executive officers. We calculated this payout

amount as follows:

NJR Actual NFE	NJR Target NFE	Percent of Target	Percent of Target Payout Amount	Component Percentage	Amount Earned as Percent of Total Annual Short-Term Incentive Award
\$151.5 million	\$127.6 million	124.3	% 150	% 50	% 75

The payout amount for Ms. Ellis, NJNG's Chief Operating Officer, was calculated using the Adjusted NFE (net of discretionary expenses) of NJNG, which were \$78.3 million, which corresponded to a payout amount equal to 47.5 percent of the total target annual short-term incentive award for her.

NJNG Actual Adjusted NFE*	NJNG Target NFE	Percent of Target	Percent of Target Payout Amount	Component Percentage	Amount Earned as Percent of Total Annual Short-Term Incentive Award
\$78.3 million	\$79.4 million	99	% 95	% 50	% 47.5

**net of discretionary expenses*

In addition, we achieved 95.3 percent of our CTS targets, which corresponded to a payout amount equal to 17.7 percent of the total target annual short-term incentive award. We calculated this payout amount as follows:

Actual Performance as a Percentage of Commitment to Stakeholders Target	Percent of Target Payout Amount	Component Percentage	Amount Earned as Percent of Total Annual Short-Term Incentive Award
95.3	% 88.3	% 20	% 17.7

Our Chief Executive Officer submitted individual leadership performance reviews for each of the named executive officers, for discussion and consideration by the LDCC. The LDCC reviewed each of the named executive officer's 2015 individual leadership results, including our Chief Executive Officer, and assessed these results against such named executive officer's objectives. Below is a summary of certain of the 2015 individual performance highlights for each of our named executive officers that were factored into their 2015 annual short-term incentive award and the setting of 2015 total targeted direct remuneration.

The Chief Executive Officer recommended to the LDCC that Mr. Lockwood and Ms. Dugan achieved 150 percent of their leadership goals and that Ms. Ellis achieved 133.3 percent of her leadership goals, which corresponded to a payout amount equal to 45 percent and 40 percent of these total target annual short-term incentive awards, respectively. The LDCC determined that the Chief Executive Officer achieved 150 percent of his leadership goals, which corresponded to a payout amount equal to 45 percent of his total target annual short-term incentive award. In addition to the performance highlights listed above, the LDCC considered the Company's extraordinary financial performance in fiscal year 2015 and the contributions of each of the named executive officers to the outstanding results. We calculated the payout amount for the Leadership Component as follows:

The 2015 OIP formula payout amount was equal to 137.7 percent of each of the target total annual short-term incentive awards for Mr. Downes, Mr. Lockwood and Ms. Dugan. The 2015 OIP formula payout amount was equal to 105.2 percent of the target total annual short-term incentive award for Ms. Ellis. Special Recognition Deferred Retention Stock Awards to Named Executive Officers (“NEO”) for FY 2015 Performance

In recognition of the Company’s continued strong performance, the LDCC awarded special recognition awards, in the form of long-term Deferred Retention Stock Awards, to Mr. Lockwood and Ms. Ellis, in addition to their annual short-term incentive awards. The Deferred Retention Stock Awards are denominated in dollars and converted into deferred stock units based on the stock price at the date of grant. Each deferred stock unit equals one share of our Common Stock and accrues dividends. At the end of the deferral period on October 15, 2018, the deferred stock units will be paid out in shares of our Common Stock on a one-for-one basis, provided the named executive officer complies with certain covenants, including non-competition and non-solicitation restrictions.

As set forth in the tables below, on November 10, 2015, the LDCC granted the following Deferred Stock Retention Awards:

Name	Number of Deferred Stock Units Granted	Grant Date Fair Value of Award (\$)†
Glenn C. Lockwood	6,660	200,000
Kathleen T. Ellis	2,498	75,000

Fiscal Year 2015 Short-Term Incentive Award for Mr. Westhoven under the NJRES Annual Incentive Plan (NJRES AIP)

For fiscal year 2015, the LDCC, in consultation with the Chief Executive Officer, determined the annual short-term incentive award for Mr. Westhoven based primarily on the financial performance of NJRES under the NJRES AIP. As part of the 2015 NJRES AIP, the LDCC approved a performance hurdle requiring positive NFE at NJRES for fiscal 2015 (“2015 NJRES AIP Performance Hurdle”). The LDCC reviewed NJRES’ NFE against the 2015 NJRES AIP Performance Hurdle before considering whether Mr. Westhoven qualified for an annual short-term incentive award under the 2015 NJRES AIP as set forth below:

2015 NJRES AIP Performance Hurdle: NJRES NFE greater than zero

Actual 2015 Performance: \$42.1 million NFE

Maximum Award Payable: \$1.263 million

If the 2015 NJRES AIP Performance Hurdle is achieved, the maximum award to Mr. Westhoven would be funded but subject to reduction by the LDCC through the application of negative discretion factors described in the NJRES 2015 AIP. The maximum payout to Mr. Westhoven under the 2015 NJRES AIP is three percent of NJRES’ NFE, not to exceed \$2.5 million. No annual short-term incentive award is payable to Mr. Westhoven under the NJRES 2015 AIP unless NJRES achieves the 2015 Performance Hurdle and a minimum of at least 75 percent (“Minimum NFE”) of a target NFE amount. The LDCC retains the ability to pay an annual short-term incentive award if we do not achieve the Minimum NFE as there may be circumstances under which the LDCC may decide that an annual short-term incentive award is still appropriate.

2015 NJRES Target NFE Amount: \$24.1 million

2015 Minimum NFE: \$18.075 million

2015 Actual NJRES NFE: \$42.1 million

As part of the 2015 NJRES AIP, since the 2015 NJRES AIP Performance Hurdle was met, the incentive compensation pool for NJRES was funded in an amount equal to five percent of pre-tax, pre-incentive compensation NJRES NFE.

At the sole discretion of the LDCC, the incentive compensation pool may be increased up to a total maximum of 12 percent of the pre-tax, pre-incentive compensation NJRES NFE. Factors to be considered by the LDCC in deciding whether to increase the pool include, but are not limited to, NJRES performance; macroeconomic conditions in the wholesale energy services market; the industry in general; and NJR's overall financial results. Notwithstanding the formula set forth above, the LDCC, in its sole discretion, retains the right to modify, adjust or eliminate any bonus pool under the 2015 NJRES AIP.

At the end of fiscal year 2015, upon the recommendation of our Chief Executive Officer, which was based upon an assessment of NJRES performance versus market conditions and both NJR's and NJRES' financial plans, and the LDCC's consideration of such recommendation, the LDCC set the incentive compensation pool at approximately 10.6 percent of NJRES' pre-tax, pre-incentive compensation profits. The LDCC's decision to set the incentive compensation pool at this level took into account NJRES' financial performance, which exceeded initial expectations and allowed the Company to improve its overall financial profile.

NEW JERSEY RESOURCES - 2015 Proxy Statement 41

[Back to Contents](#)

The Chief Executive Officer makes a recommendation to the LDCC for Mr. Westhoven's incentive payment for the LDCC's ultimate determination and approval. The LDCC retains the ability to alter the amount of the incentive payment to Mr. Westhoven and to determine whether awards should be in the form of cash and/or equity grants, any of which equity grants may be subject to further vesting based on continued service or achievement of established performance goals. The Chief Executive Officer's recommendation to the LDCC was based upon a qualitative and quantitative review of the performance of NJRES, Mr. Westhoven's individual performance and accomplishments during fiscal year 2015 (including those listed on page 40 of this Proxy Statement) and the availability of funds in the compensation pool. The quantitative factors reviewed included performance metrics such as financial margin*, NFE and natural gas throughput. The qualitative factors included effects of market conditions, quality of decision-making and the effectiveness of the response to changing market conditions. In consideration of NJRES' strong performance in fiscal year 2015, Mr. Westhoven's leadership performance in fiscal year 2015 and the amounts available from the total compensation pool, the Chief Executive Officer made a recommendation to the LDCC for Mr. Westhoven's fiscal year 2015 incentive award.

Under the NJRES compensation plan for fiscal year 2015, the LDCC awarded Mr. Westhoven \$1,263,000:

Cash	Deferred Retention Stock	Total
\$ 580,000	\$ 683,000	\$ 1,263,000

All payments under the NJRES compensation plan are subject to NJR's Compensation Recoupment Policy, which requires repayment by certain participants in the event that NJRES' NFE is restated, other than due to a change in accounting principles.

LONG-TERM EQUITY INCENTIVE AWARDS

Our primary objectives in granting long-term equity incentive awards are to encourage significant ownership of our Common Stock by management and to provide long-term financial incentives linked directly to the long-term performance of the Company. The LDCC believes that significant ownership of our Common Stock by senior management is the optimal method for aligning the interests of management and the shareholders. Our stock incentive program is effectively designed to further this objective.

In November 2014, after consulting with FW Cook, the LDCC determined that a portion of our executive officers' total compensation should continue to be paid in equity awards through a long-term equity incentive program with a mix of time-vested restricted stock and performance-based awards. In fiscal year 2015, the LDCC adopted a long-term equity incentive program under our 2007 Plan ("LTIP"). For fiscal year 2015, the Board approved, pursuant to the recommendation of the Chief Executive Officer, the new long-term incentive program granting five different types of awards:

FY 2015 TSR Performance Shares. Performance shares that will vest, if at all, if the total shareholder return for NJR
1) Common Stock measured against our 2015 Peer Group meets or exceeds the threshold performance goal over a
36-month period ending on September 30, 2017.

2) *FY 2015 NFE Performance Shares.* Performance shares that will vest, if at all, based upon our cumulative NFE per
basic share over the 36-month period beginning on October 1, 2014, and ending on September 30, 2017.

3) *Performance-Based Restricted Stock.* Shares of restricted stock awarded to our Chief Executive Officer that will
vest in three equal annual installments on September 30, 2015, September 30, 2016 and September 30, 2017, if the
NFE per basic share performance goal for the fiscal year ending September 30, 2015, is achieved and subject to his
continued employment, except under certain conditions.

4) *Time-Vested Restricted Stock.* With the exception of a grant of restricted stock to Ms. Dugan, which will cliff-vest
in its entirety on October 15, 2017, subject to her continued employment, shares of restricted stock awarded to
certain named executive officers other than our Chief Executive Officer that vest in three equal installments on
October 15, 2015, October 15, 2016 and October 15, 2017, subject to continued employment of the named
executive officer, except under certain conditions.

5) *Deferred Retention Stock Awards.* Awards denominated in dollars and converted into deferred stock units based on
the stock price at the date of grant. Each deferred stock unit equals one share of our Common Stock and accrues
dividends. At the end of the three- year deferral period, the deferred stock units will be paid out in shares of our
Common Stock on a one-for-one basis, provided the named executive officer complies with certain covenants,
including non-competition and non-solicitation restrictions.

The long-term incentive equity awards granted to the Chief Executive Officer were mostly “at-risk,” with 63 percent of
the shares granted consisting of performance shares and performance-based restricted stock. Approximately 35
percent of the shares comprising the awards to our named executive officers, other than the Chief Executive Officer,
were in the form of performance shares while the remaining 65 percent of the awards were in the form of shares of
Deferred Retention Stock and time-vested restricted stock. Time-vested restricted stock and Deferred Retention

Stock awards were granted to focus on retention of the named executive officers, while the FY 2015 TSR Performance Shares benchmark our performance against our peer companies over an extended period of time and the FY 2015 NFE Performance Shares measure our performance against cumulative NFE per share-based goals set by the LDCC.

The LDCC determined the award of performance shares, performance-based restricted stock and Deferred Retention Stock to our Chief Executive Officer and the Board ratified that determination.

The graphic on the left below shows the historical mix between the time-vested restricted stock or Deferred Retention Stock grants and performance-based awards to named executive officers between 2011 and 2015 based upon number of shares granted. The graphic in the middle illustrates the split in number of shares granted between time-vested restricted stock or Deferred Retention Stock grants and the performance-based FY 2015 TSR Performance Shares and FY 2015 NFE Performance Shares granted to our named executive officers other than our Chief Executive Officer in fiscal 2015. The graphic on the right shows the split in the number of performance-based equity grants and time-vested restricted stock and Deferred Retention Stock grants to our Chief Executive Officer in fiscal year 2015. These graphics highlight our emphasis over the past five years on awarding a mix of performance-based awards, such as performance shares and performance-based restricted stock, and time-vested restricted stock or Deferred Retention Stock awards. The actual value a named executive officer may receive will depend upon the number of shares actually received and the market price of our Common Stock at the time the awards vest.

**Based on target number of shares granted. Includes special recognition deferred stock awards granted in fiscal year 2015. Restricted stock for purposes of these graphs refers only to time-vested restricted stock.*

In designing the long-term equity incentive program, the LDCC established the following key objectives:

- Selecting long-term equity incentive levels and vehicles that are competitive with our comparator group
- Distributing shares of restricted stock with meaningful vesting periods and deferred retention stock awards to encourage retention of key executives
- Using performance share awards and performance-based restricted stock based upon NFE or relative TSR to link compensation to company performance criteria that are meaningful to shareholders
- Providing flexibility for granting awards by allowing balance among different types of long-term equity awards that relate to the objectives of retention and performance

With the exception of significant promotions and new hires, equity grants, including long-term equity incentive awards, are generally awarded at the first regularly scheduled LDCC meeting following the conclusion of the fiscal year. The LDCC selects this timing because it enables us to consider the prior year performance of the Company and the participants and our expectations for the next performance period, while also ensuring that regular awards will be made after we publicly disclose our performance for the year. The awards are made as early as practicable in our fiscal year to maximize the time period for the incentives associated with the awards.

FISCAL YEAR 2015 (“FY 2015”) TSR PERFORMANCE SHARES

In November 2014, the LDCC approved the grant of the FY 2015 TSR Performance Shares with performance criteria based upon the Company’s TSR, pursuant to the 2007 Plan. As set forth in the table below, the FY 2015 TSR Performance Share awards were granted to the named executive officers as of November 11, 2014. Each FY 2015 TSR Performance Share is equal to one share of Common Stock. The FY 2015 TSR Performance Share awards vest at the end of a 36-month performance period beginning on October 1, 2014, and ending on September 30, 2017, based on relative company TSR versus the established comparator group used for compensation purposes, which is described under “Elements of Our Compensation Program for Named Executive Officers — *Comparator Group Analysis*” on page 34 above. FY 2015 TSR Performance Shares will not vest if performance during that period does not meet the minimum threshold level. If the performance meets or exceeds the maximum expectations, 150 percent of the target number of awarded FY 2015 TSR Performance Shares will be earned.

The actual value *of these awards will be determined based upon the actual number of performance shares that vest at the end of the performance period on September 30, 2017, and the closing price of our Common Stock on September 30, 2017. As described below, the “threshold” number of shares would be 50 percent of the target award amount, while the “maximum” number of shares that may be awarded would equal 150 percent of the target award amount.*
