COLE CREDIT PROPERTY TRUST II, INC.

SUPPLEMENT NO. 7 DATED OCTOBER 8, 2008

TO THE PROSPECTUS DATED APRIL 30, 2008

This document supplements, and should be read in conjunction with, the prospectus of Cole Credit Property Trust II, Inc. dated April 30, 2008, Supplement No. 3 dated July 29, 2008, Supplement No. 4 dated August 18, 2008, Supplement No. 5 dated September 4, 2008 and Supplement No. 6 dated October 1, 2008. Supplement No. 3 superseded and replaced all previous supplements to the prospectus. Unless otherwise defined in this supplement, capitalized terms used in this supplement shall have the same meanings as set forth in the prospectus.

The purpose of this supplement is to describe the following:

- (1) the status of the offering of shares in Cole Credit Property Trust II, Inc.;
- (2) clarification and addition of risk factors;
- (3) recent real property investments; and
- (4) potential real property investments.

Status of Our Public Offerings

As of October 3, 2008, we had approximately 26.4 million shares available for sale (excluding shares offered pursuant to our distribution reinvestment plan) in our follow-on offering, or approximately \$263.6 million. Based on the shares currently available, we anticipate the offering will close to new investments on or about November 30, 2008.

If all of the shares we are offering pursuant to the follow-on offering have not been sold by May 11, 2009, we may extend the offering as permitted under applicable law. In addition, at the discretion of our board of directors, we may elect to extend the termination date of our offering of shares reserved for issuance pursuant to our distribution reinvestment plan until we have sold all shares allocated to such plan through the reinvestment of distributions, in which case participants in the plan will be notified. The follow-on offering must be registered in every state in which we offer or sell shares. Generally, such registrations are for a period of one year. Thus, we may have to stop selling shares in any state in which our registration is not renewed or otherwise extended annually. We reserve the right to terminate this offering at any time prior to the stated termination date.

We commenced our initial public offering on June 27, 2005. We terminated our initial public offering on May 22, 2007. We issued a total of 54,838,315 shares in our initial public offering, including 53,909,877 shares sold in the primary offering and 928,438 shares sold pursuant to our distribution reinvestment plan, resulting in gross offering proceeds to us of approximately \$547.4 million.

Edgar Filing: Cole Credit Property Trust II Inc - Form 424B3

We commenced our follow-on offering of shares of our common stock on May 23, 2007. Pursuant to the follow-on offering, we are offering up to 143,050,000 shares in a primary offering and up to 6,000,000 shares pursuant to our distribution reinvestment plan. As of October 3, 2008, we had accepted investors' subscriptions for, and issued, approximately 122,042,482 shares of our common stock in the follow-on offering, including approximately 116,688,449 shares sold in the primary offering and approximately 5,354,033 shares sold pursuant to our distribution reinvestment plan, resulting in gross proceeds to us of approximately \$1.2 billion. Combined with our initial public offering, we had received a total of approximately \$1.8 billion in gross offering proceeds as of October 3, 2008.

On September 18, 2008, we registered 30,000,000 additional shares to be offered pursuant to our distribution reinvestment plan in a Registration Statement on Form S-3. We will stop offering shares under the distribution reinvestment plan portion of our follow-on offering before we begin offering shares under the Registration Statement on Form S-3.

Risk Factors

The following information supersedes and replaces in its entirety the first paragraph of the risk factor under the caption “Adverse economic conditions will negatively affect our returns and profitability” on page 36 of the prospectus:

Adverse economic and geopolitical conditions will negatively affect our returns and profitability.

Our operating results may be affected by market and economic challenges, including the current global economic credit environment, which may result from a continued or exacerbated general economic slow down experienced by the nation as a whole or by the local economics where our properties may be located, or by the real estate industry, including the following:

- poor economic conditions may result in tenant defaults under leases;
- re-leasing may require concessions or reduced rental rates under the new leases;
- poor economic conditions may result in lower revenue to us from retailers who pay us a percentage of their revenues under percentage rent leases;
- constricted access to credit may result in tenant defaults or non-renewals under leases; and
- increased insurance premiums may reduce funds available for distribution or, to the extent such increases are passed through to tenants, may lead to tenant defaults. Increased insurance premiums may make it difficult to increase rents to tenants on turnover, which may adversely affect our ability to increase our returns.

The length and severity of any economic slow down or downturn cannot be predicted. Our operations could be negatively affected to the extent that an economic slow down or downturn is prolonged or becomes more severe.

The following information supplements the risk factors section of the prospectus:

Dislocations in the credit markets and real estate markets could have a material adverse effect on our results of operations, financial condition and ability to pay distributions to you.

Domestic and international financial markets currently are experiencing significant dislocations which have been brought about in large part by failures in the U.S. banking system. These dislocations have severely impacted the availability of credit and have contributed to rising costs associated with obtaining credit. If debt financing is not available on terms and conditions we find acceptable, we may not be able to obtain financing for investments. If this dislocation in the credit markets persists, our ability to borrow monies to finance the purchase of, or other activities related to, real estate assets will be negatively impacted. If we are unable to borrow monies on terms and conditions that we find acceptable, we likely will have to reduce the number of properties we can purchase, and the return on the properties we do purchase may be lower. In addition, we may find it difficult, costly or impossible to refinance indebtedness which is maturing. If interest rates are higher when the

Edgar Filing: Cole Credit Property Trust II Inc - Form 424B3

properties are refinanced, we may not be able to finance the properties and our income could be reduced. In addition, if we pay fees to lock-in a favorable interest rate, falling interest rates or other factors could require us to forfeit these fees. All of these events would have a material adverse effect on our results of operations, financial condition and ability to pay distributions.

In addition to volatility in the credit markets, the real estate market is subject to fluctuation and can be impacted by factors such as general economic conditions, supply and demand, availability of financing and interest rates. To the extent we purchase real estate in an unstable market, we are subject to the risk that if the real estate market ceases to attract the same level of capital investment in the future that it attracts at the time of our purchases, or the number of companies seeking to acquire properties decreases, the value of our investments may not appreciate or may decrease significantly below the amount we pay for these investments.

The failure of any bank in which we deposit our funds could reduce the amount of cash we have available to pay distributions and make additional investments.

We intend to diversify our cash and cash equivalents among several banking institutions in an attempt to minimize exposure to any one of these entities. However, the Federal Deposit Insurance Corporation, or "FDIC," only insures amounts up to \$250,000 per depositor per insured bank. We expect that we will have cash and cash equivalents and restricted cash deposited in certain financial institutions in excess of federally insured levels. If any of the banking institutions in which we have deposited funds ultimately fails, we may lose our deposits over \$250,000. The loss of our deposits could reduce the amount of cash we have available to distribute or invest and could result in a decline in the value of your investment.

The following information supersedes and replaces in its entirety the second paragraph of the risk factor under the caption "Increases in interest rates could increase the amount of our debt payments and adversely affect our ability to pay distributions to our stockholders" on page 41 of the prospectus:

As of June 30, 2008, we had approximately \$1.0 billion of indebtedness, approximately \$77.3 million of which was variable rate debt. We incurred variable rate indebtedness in the past and expect that we will incur variable rate indebtedness in the future. To the extent that we incur variable rate debt, increases in interest rates would increase our interest costs, which could reduce our cash flows and our ability to pay distributions to you. In addition, if we need to repay existing debt during periods of rising interest rates, we could be required to liquidate one or more of our investments in properties at times that may not permit realization of the maximum return on such investments.

The following information supplements the section of our prospectus captioned "Investment Objectives and Policies — Real Property Investments" beginning on page 87 of the prospectus:

Real Property Investments

We engage in the acquisition and ownership of commercial properties throughout the United States. We invest primarily in income-generating retail, office and distribution properties, net leased to investment grade and other creditworthy tenants.

As of October 8, 2008, we, through separate wholly-owned limited liability companies, have acquired a 100% fee simple interest in 471 properties consisting of approximately 18.1 million gross rentable square feet of commercial space located in 45 states and the U.S. Virgin Islands. The properties were generally acquired through the use of mortgage notes payable and proceeds from our ongoing public offering of our common stock.

Tenant Lease Expirations

The following table sets forth, as of October 8, 2008, lease expirations of our properties, including the properties described above, for each of the next ten years assuming no renewal options are exercised. For purposes of the table, the “total annual base rent” column represents annualized base rent, based on rent in effect on January 1 of the respective year, for each lease that expires during the respective year.

Year Ending December 31,	Number of Leases Expiring	Approx. Square Feet Expiring	Total Annual Base Rent	% of Total	
				Annual Base Rent

Other Investments

On September 17, 2008, we purchased commercial mortgage backed securities, class A-J certificates of the LB-UBS Commercial Mortgage Trust 2007 – C2 (the “Certificates”) with a face amount of \$35.2 million at a discounted price of approximately \$26.3 million. The Certificates are rated AAA by Standard & Poor’s Ratings Services and AAA by Fitch Ratings with a coupon rate of 5.562% per year and are secured by a diversified pool of commercial mortgage loans secured by commercial real estate. JP Morgan Chase Bank, N.A. provided 30-day repurchase financing at settlement in the amount of \$17,441,000, with an interest rate of 3.50%. We paid Cole Realty Advisors, an affiliate of our advisor, an acquisition fee of approximately \$525,000.

Potential Property Investments

Our advisor has identified certain properties as potential suitable investments for us. The acquisition of each such property is subject to a number of conditions. A significant condition to acquiring any one of these potential acquisitions is our ability to raise sufficient proceeds in this offering to pay all or a portion of the purchase price. An additional condition to acquiring these properties may be our securing debt financing to pay the balance of the purchase price. Such financing may not be available on acceptable terms or at all.

Our evaluation of a property as a potential acquisition, including the appropriate purchase price, will include our consideration of a property condition report; unit-level store performance; property location, visibility and access; age of the property, physical condition and curb appeal; neighboring property uses; local market conditions, including vacancy rates; area demographics, including trade area population and average

household income; neighborhood growth patterns and economic conditions; and the presence of demand generators.

We will decide whether to acquire each property generally based upon:

- satisfaction of the conditions to the acquisition contained in the respective contract;
- no material adverse change occurring relating to the properties, the tenant or in the local economic conditions;
- our receipt of sufficient net proceeds from the offering of our common stock to the public and financing proceeds to make this acquisition; and
- our receipt of satisfactory due diligence information including the appraisal, environmental reports and tenant and lease information.

Other properties may be identified in the future that we may acquire prior to or instead of these properties. Due to the considerable conditions to the consummation of the acquisition of these properties, we cannot make any assurances that the closing of these acquisitions are probable. The properties currently identified are as follows:

Property	Expected Acquisition Date	Seller (1)	Approximate Purchase Price (2)	Approximate Compensation to Sponsor (3)
Walgreens – Fredericksburg, VA	10/2008	HCS Development Corporation	\$ 7,341,000	\$ 146,820
Tractor Supply – Baldwinsville, NY	10/2008	Kimbrook Route 31 Development LLC	3,402,120	68,042

- (1) Seller is an unaffiliated third party.
- (2) Approximate purchase price does not include acquisition costs, which we expect to be approximately 3.0% of the contract purchase price, which include acquisition fees described in note 3 below.
- (3) Amounts include fees payable to an affiliate of our advisor for acquisition fees in connection with the property acquisition.

Each potential property acquisition is subject to a net lease, pursuant to which the tenant is required to pay substantially all operating expenses and capital expenditures in addition to base rent.

Property	Major Tenants*	Guarantor	Total Square Feet Leased	% of Total Square Feet Leased
Walgreens – Fredericksburg, VA	Walgreen Co.	N/A	14,820	100%
Tractor Supply – Baldwinsville, NY	Tractor Supply Company	N/A	24,727	100%

* Major tenants are those tenants that occupy greater than 10.0% of the rentable square of their respective property.

The table below provides leasing information for the major tenants at each respective property:

Property	Number of Tenants	Major Tenants*	Renewal Options**	Current Annual Base Rent	Base Rent per Square Foot	Lease Term	
						Beginning	To
Walgreens – Fredericksburg, VA	1	Walgreen Co.	10/5 yr.	\$ 513,894	\$ 34.68	3/1/2008	2/28/2033
Tractor Supply – Baldwinsville, NY	1	Tractor Supply Company	3/5 yr.	253,452(1)	10.25	9/28/2005	9/30/2020

* Major tenants include those tenants that occupy greater than 10.0% of the rentable square feet of their respective property.

** Represents option renewal period / term of each option.

- (1) The initial annual base rent under the lease increases every five years by 10.0% of the then current annual base rent. For the purposes of this presentation, the individual rental escalations are not displayed in the table.

We expect to purchase each property with proceeds from our ongoing public offering of common stock, potential borrowings from our line of credit and available cash. In addition, we expect to assume a loan, of approximately \$2.2 million, secured by the Tractor Supply property in Baldwinsville, NY. We expect the loan to have a fixed rate of 6.0% per annum and mature on December 1, 2025.

We believe that each of our properties is adequately covered by insurance and we intend to obtain adequate insurance coverage for all future properties that we acquire.
