AMERICAN MORTGAGE ACCEPTANCE COMPANY AND SUBSIDIARIES
Notes to Condensed Consolidated Financial Statements
March 31, 2005
(Unaudited)

NOTE 1 - BASIS OF PRESENTATION

The condensed consolidated financial statements include the accounts of American Mortgage Acceptance Company and its wholly owned subsidiaries. All intercompany accounts and transactions have been eliminated on consolidation. Unless otherwise indicated, we herein refer to American Mortgage Acceptance Company and its subsidiaries as "AMAC", "we", "us", "our", and "our Company". We are externally managed by Related AMI Associates, Inc., which acts as our Advisor. We operate in one business segment.

In March 2005, we formed AMAC Capital Financing I ("ACFI"), a wholly owned trust, for the purpose of issuing trust preferred securities, which are subject to mandatory repurchase in March 2035 and are callable in March 2010 (see Note 5).

The condensed consolidated financial statements have been prepared without audit. In the opinion of management, the financial statements contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly our financial position as of March 31, 2005, and the results of our operations and our cash flows. However, the operating results for interim periods may not be indicative of the results for the full year.

Certain information and footnote disclosures normally included in annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been condensed or omitted. It is suggested that these financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Form 10-K for the year ended December 31, 2004.

Our annual report on Form 10-K for the year ended December 31, 2004, contains a summary of our significant accounting policies. There have been no material changes to these items since December 31, 2004; however, we have entered into a transaction during 2005 which involves a new significant accounting policy (see Note 5).

The preparation of the consolidated financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Certain prior year amounts have been reclassified to conform to the current year presentation.

NOTE 2 - INVESTMENTS IN DEBT SECURITIES - AVAILABLE FOR SALE

During the first quarter of 2005, we purchased six Fannie Mae ("FNMA") certificates with principal amounts totaling approximately \$34.3 million. The certificates were purchased at premiums totaling approximately \$96,000 and bear interest at rates ranging from 4.90% per year to 6.65% per year.

During January 2005, one Ginnie Mae ("GNMA") certificate, Western Manor, paid off at par. We received approximately \$2.4 million in proceeds resulting from the payoff.

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

During February 2005, one FNMA certificate, Orchard Park, paid off. We received approximately \$3.2 million in proceeds, resulting in a net gain of approximately \$47,000, which is included in other income in the condensed consolidated statements of income.

AMERICAN MORTGAGE ACCEPTANCE COMPANY AND SUBSIDIARIES Notes to Condensed Consolidated Financial Statements March 31, 2005 (Unaudited)

Information regarding our investments in debt securities is as follows:

	(In thousands)	
	March 31, 2005	December 31, 2004
	-----	-----
Amortized cost	\$ 215,203	\$ 184,576

Fair value	\$ 223,429	\$ 194,587
	=====	=====

The fair value and gross unrealized losses of our debt securities aggregated by length of time that these individual debt securities have been in a continuous unrealized loss position, at March 31, 2005, and December 31, 2004, is summarized in the table below:

	(Dollars in thousands)					
	March 31, 2005			December 31, 2004

Gross unrealized loss	\$ 552	\$ 1,150	\$ 1,702	\$ 515	\$ 844	\$ 1,359

These unrealized losses are as a result of increases in interest rates

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

subsequent to the acquisition of the securities. All of the debt securities are performing according to their terms. Furthermore, we have the intent and ability to hold these securities to maturity, or at least until interest rates change such that the fair value is no longer less than book value. Accordingly, we have concluded that these impairments are temporary.

At March 31, 2005, 31 of these debt securities, with a fair value of approximately \$193.1 million, are partially or wholly pledged as collateral under our repurchase facilities.

NOTE 3 - NOTES RECEIVABLE

During February 2005, the Noble Towers note receivable was partially repaid. We received approximately \$5.9 million in proceeds. The remaining balance at March 31, 2005 is \$1.4 million.

During March 2005, the Georgia King note in the amount of approximately \$945,000 was repaid at par.

- (1) During February 2005, the Plaza at San Jacinto property was sold to an unaffiliated third party. We received approximately \$7.4 million in proceeds from the sale, which approximated the property's carrying value. Accordingly, no gain or loss was recorded.
- (2) During March 2005, we received \$480,000, representing a return of an escrow funded from the refinancing of the Concord portfolio.
- (3) During February 2005, we purchased the first mortgage on the Reserve at Autumn Creek property at a foreclosure auction for approximately \$17.2 million.

NOTE 5 - SUBSIDIARY EQUITY

ACFI has issued 25,000 of Floating Rate Preferred Securities, having a stated liquidation amount of \$1,000 per security. We received approximately \$24.2 million in proceeds, net of closing costs, which are deferred and will be amortized ratably over a 30-year period to the redemption date. The securities bear a variable interest rate, re-set quarterly, equal to LIBOR plus 3.75% per year. At March 31, 2005, the rate was 6.61%.

SFAS No. 150, ACCOUNTING FOR CERTAIN FINANCIAL INSTRUMENTS WITH CHARACTERISTICS OF BOTH LIABILITIES AND EQUITY, requires that a mandatorily redeemable financial instrument be classified as a liability in the consolidated financial statements and the payments or accruals of "dividends" and other amounts to be paid to the holders of these securities be reported as interest costs. Due to the stated maturity date, we have classified these securities as liabilities and recorded them at fair value.

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

NOTE 6 - RELATED PARTY TRANSACTIONS

The costs incurred to our Advisor for the three months ended March 31, 2005, and 2004, were as follows:

(In thousands)	Three Months Ended March 31,

	\$ 694	\$ 482
	=====	=====

* Accrual based on our estimates of 2005 full year results.

In June 2004, we entered into a revolving credit facility (the "Revolving Facility") with CharterMac, an affiliated company and parent of our Advisor. The Revolving Facility, which is unsecured, will provide up to \$20.0 million in borrowings to be used to purchase new investments. As of March 31, 2005, we had no outstanding borrowings on this facility. At December 31, 2004, we had approximately \$4.6 million in borrowings outstanding on this facility at an interest rate of 5.42%.

NOTE 7 - COMPREHENSIVE INCOME

Comprehensive income for the three months ended March 31, 2005, and 2004, was as follows:

NOTE 9 - COMMITMENTS AND CONTINGENCIES

a) Legal

On October 27, 2003, prior to taking possession of the real estate collateral supporting a loan investment, we were named in a lawsuit, Concord Gulfgate, Ltd. vs. Robert Parker, Sunrise Housing Ltd., and American Mortgage Acceptance Company, Cause No. 2003-59290 in the State District Court of Harris County, Texas. The suit claims, among other causes of action against the respective defendants, that we conducted wrongful foreclosure in that the loan guarantor did not derive any benefit from our loan and that the limited partners of the loan guarantor did not authorize the loan transaction. The suit seeks, among other relief, actual, consequential, exemplary, and punitive damages, a declaration that the loan made by us is unenforceable, and that we were involved in a conspiracy to defraud the loan guarantor. The discovery phase of this suit has been completed and is proceeding to either summary judgment or trial. A trial date has not been set.

Subsequently, we filed a countersuit on November 25, 2003, against the limited partners of the loan guarantor seeking to recover unpaid taxes and misappropriated property receipts. We are currently unable to determine the possible outcome of the litigation.

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

b) Guarantees

In June and October of 2000, we originated two loans totaling \$3.3 million under an agreement with Fannie Mae that provided for our guaranteeing a first-loss position on the loans. In September 2003, we transferred and assigned all of our obligations to the two loans we originated under this program to CharterMac Mortgage Capital Corp. ("CMC"), a subsidiary of CharterMac, both of which are affiliates of the Advisor. Pursuant to the agreement with CMC, CharterMac guaranteed CMC's obligations, and we agreed to indemnify both CMC and CharterMac for any losses incurred in exchange for retaining all fees which we were otherwise entitled to receive under the program. While provisions of this agreement could potentially result in exposure of up to \$7.5 million, the maximum exposure at March 31, 2005, was \$3.2 million, and we expect that we will not be called upon to fund these guarantees.

In the first quarter of 2003, we discontinued our loan program with Fannie Mae and will issue no further guarantees pursuant to such program.

Mezzanine Loan/Preferred Stock Commitment

In November 2004, we provided a commitment to fund up to \$74.5 million to Prime/Mansur Investment Partners, LLC in connection with its financing of an acquisition. In connection with providing the commitment, we received a commitment fee of \$435,000, which was deferred on our balance sheet at March 31, 2005 and recognized on May 1, 2005, after the commitment had expired (see Note 10).

Stabilization Loan Guarantees

During 2002, we entered into an agreement with Wachovia Bank ("Wachovia") to provide stabilization guarantees for new construction of multifamily properties under the LIHTC program in designated areas. As per the agreement, we guarantee that properties which have completed construction will stabilize and that the associated construction loans will convert to permanent Fannie Mae loans. We receive origination and guarantee fees from the developers for providing the guarantees. If the properties do not stabilize, by a date specific, with enough net operating income for Fannie Mae to fully fund its commitment for a permanent loan, we may be required to purchase the construction loan from Wachovia or to fund the difference between the construction loan amount and the reduced Fannie Mae permanent loan amount.

For this guarantee, and for the guarantees issued under the Fannie Mae loan program discussed above, we monitor the status of the underlying properties and evaluate our exposure under the guarantees. To date, we have concluded that no accrual for probable losses is required under SFAS No. 5, ACCOUNTING FOR CONTINGENCIES.

NOTE 10 - SUBSEQUENT EVENTS

During April 2005, in accordance with our share repurchase program, we repurchased a total of 24,800 of our common shares for approximately \$339,000.

During April 2005, the Clarks Crossing note receivable paid down at par. We received proceeds of approximately \$926,000.

On May 1, 2005, we recognized approximately \$412,000, net of related legal expenses, in relation to a deferred commitment fee that expired on April 30, 2005 (see Note 9).

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Forward-Looking Statements

Certain statements made in this report may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements include statements regarding the intent, belief or current expectations of us and our management and involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These factors, which are outlined in detail in our annual report on Form 10-K for the year ended December 31, 2004, include the following:

- o Risks of investing in uninsured and non-investment grade mortgage assets and subordinated CMBS;

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

- o Competition in acquiring desirable investments;
- o Interest rate fluctuations and changes in prepayment rates which may affect the value of our assets;
- o Risks associated with investments in real estate generally and the properties which secure many of our investments;
- o General economic conditions, particularly as they affect the value of our assets and the credit status of our borrowers;
- o Dependence on our external Advisor for all services vital to our operations;
- o Conflicts which may arise among us and other entities affiliated with our Advisor which have similar investment policies to ours; and
- o Risks associated with the repurchase agreements we utilize to finance our investments and the availability of financing generally.

Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this quarterly report.

Factors Affecting Comparability

During 2004, we owned several properties through foreclosure, classified as Real Estate Owned - Held and Used, - subject to Sales contracts and - Held for Sale (see REAL ESTATE OWNED below). As a result of certain circumstances during 2004, we reclassified some of these assets from Held for Sale to Held and Used, resulting in a reduction in interest income recorded on Real Estate Owned - Held for Sale and an increase in rental income, property operations, and depreciation expense.

Results of Operations

The following is a summary of our operations for the three months ended March 31, 2005 and 2004:

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

In the three months ended March 31, 2005, as compared to the three months ended March 31, 2004, revenues increased mainly due to an increase in the purchases of new FNMA certificates and an increase in rental income recorded due to the reclassification of the concord properties from real estate owned - subject to sales contract to Real Estate Owned - Held and Used (see Real Estate Owned below). Expenses have also increased for these periods due to an increase in expenses related to property operations from the reclassification of the Concord properties as well as an increase in advisory, administrative and financing costs (partially interest rates). Other income has decreased due to the reclassification of the concord properties. Income and expenses from operations of those properties are now classified in revenue and expense categories.

In addition, the decrease in net income was impacted largely by the loss of investment yield from Real Estate Owned following the December 2004 refinancing of the Concord portfolio that lowered our economic interest in the properties.

advances on the Ellington Plaza GNMA certificate and the purchase of eight FNMA certificates during the fourth quarter of 2004 and six FNMA certificates during 2005, partially offset by the repayment of the Reserve at Autumn Creek and Western Manor GNMA certificates.

Interest income from mortgage loans increased for the three months ended March 31, 2005, as compared to 2004, primarily due to the funding of Champaign Offices, Sawmill Plaza, and the Pines mezzanine loans.

Interest income from notes receivable decreased for the three months ended March 31, 2005, as compared to 2004, primarily due to the payoff of Mountain Valley and Baywoods notes in 2004, partially offset by the funding of the Woods at Mandarin note receivable.

15

Rental income increased for the three months ended March 31, 2005, as compared to 2004, due to the classification of the Concord properties in December 2004 as Real Estate Owned - Held and Used (see "Real Estate Owned" below).

Other revenues increased for the three months ended March 31, 2005, as compared to 2004, primarily due to the paydown of the FNMA Orchard Park certificate, resulting in a net gain, and the recognition of a non-refundable due diligence fee into income in 2005. No such fees were recorded in 2004.

At March 31, 2005, excluding mortgages on real estate owned, we had total debt of approximately \$207.4 million with a weighted average interest rate of 3.43% per year, including the effect of our swap agreement. At March 31, 2004, we had a comparable balance of approximately \$180.8 million with a weighted average interest rate of 1.9% per year.

Interest expense increased for the three months ended March 31, 2005, as compared to 2004, primarily due to the increased borrowings on the repurchase

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

facilities stemming from an increased investment base. This increase can also be attributed to a steady increase in interest rates during 2004 and 2005.

Distributions to preferred shareholders of subsidiary (subject to mandatory repurchase) were recorded on preferred securities issued in 2005. There were no such securities issued during 2004.

General and administrative expenses increased for the three months ended March 31, 2005, as compared to 2004, primarily due to the increase in legal fees related to foreclosed properties, the increase in accounting fees related to Sarbanes-Oxley compliance, and the increase of certain other administrative costs.

Fees to Advisor increased for the three months ended March 31, 2005, as compared to 2004, primarily due to the accrual of incentive management fees and an increase in overhead allocations.

Property operations increased for the three months ended March 31, 2005, as compared to 2004, due to the classification of the Concord properties in December 2004 as Real Estate Owned - Held and Used (see "Real Estate Owned" below).

Depreciation expense increased for the three months ended March 31, 2005, as compared to 2004, due to a higher base of depreciable real estate owned in 2005 as compared to the 2004 period. In 2004, only the Plaza at San Jacinto property was depreciated. In 2005, the Concord properties are depreciating, partially offset by the removal of Plaza at San Jacinto upon its sale.

16

OTHER INCOME

Other income decreased for the three months ended March 31, 2005, as compared to 2004, due to the reclassification of the Concord properties to Real Estate Owned - Held and Used. Income from these properties is now being recognized in operations and classified as rental revenues (see "Real Estate Owned" below).

REAL ESTATE OWNED

During 2004, we reclassified some of our investments in foreclosed properties as Real Estate Owned-Held for Sale on our balance sheet and recognized income from the operations of these properties. As a result of these circumstances, there was a substantial decrease in interest income from these loans, as noted above.

During the time we have owned the real estate, certain circumstances have occurred that warranted the reclassification of most of these assets. The following is the March 31, 2005 classification of our real estate owned portfolio:

- o REAL ESTATE OWNED - HELD AND USED

During 2004, we had three properties classified as Real Estate Owned - Subject to Sales Contracts, due to the fact that the sale of these properties did not constitute a sale in accordance with GAAP. After the properties were refinanced during December 2004, we reclassified these properties on our balance sheet as Real Estate Owned - Held and Used; we have recorded depreciation on the properties in 2004, as well as retroactively for the period since foreclosure. We have recognized income associated with the properties as income from real estate owned

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

on the income statement up to the date of refinancing. Subsequently, we recognize income associated with a \$13.4 million mezzanine loan as rental income.

During 2005, we sold the Plaza at San Jacinto property to an unaffiliated third party for approximately its carrying value.

o REAL ESTATE OWNED - HELD FOR SALE

One remaining property in our real estate owned portfolio, Reserve at Autumn Creek, will continue to remain as Real Estate Owned - Held for Sale as we continue to market the real estate. We have changed the marketing strategy of this asset in order to reflect marketplace behavior.

Funds from Operations

Funds from operations ("FFO"), represents net income or loss (computed in accordance with GAAP), excluding gains or losses from sales of property, excluding depreciation and amortization related to real property and including funds from operations for unconsolidated joint ventures calculated on the same basis. FFO is calculated in accordance with the National Association of Real Estate Investment Trusts ("NAREIT") definition. FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs. FFO should not be considered as an alternative to net income as an indicator of the Company's operating performance or as an alternative to cash flows as a measure of liquidity. Our management considers FFO a supplemental measure of operating performance, and, along with cash flows from operating activities, financing activities, and investing activities, it provides investors with an indication of our ability to incur and service debt, make capital expenditures, and to fund other cash needs.

17

The following table reconciles net income to FFO for the three months ended March 31, 2005 and 2004:

(In thousands)	Three Months Ended March 31,	
	2005	2004
Net income	\$ 2,827	\$ 3,325

Since not all companies calculate FFO in a similar fashion, our calculation presented above may not be comparable to similarly titled measures reported by other companies.

Liquidity and Capital Resources

SOURCES OF FUNDS

We expect that cash generated from our investments, as well as our borrowing capacity, will meet our needs for short-term liquidity and will be sufficient to pay all expenses and distributions to our shareholders in amounts sufficient to retain our Real Estate Investment Trust ("REIT") status in the foreseeable future. In order to qualify as a REIT under the Internal Revenue Code, as amended, we must, among other things, distribute at least 90% of our taxable income. We believe that we are in compliance with the REIT-related provisions of the Code.

We finance our investing activity primarily through borrowing from various facilities at short-term rates. At March 31, 2005, we had approximately \$48.5 million available to borrow, contractually, under our debt facilities without exceeding limits imposed by debt covenants and our declaration of trust.

In August 2005, our warehouse facility will mature. We are currently in negotiations with a financial institution to replace this facility with a similar one with similar terms.

From time to time, we may also issue common shares or other equity to fund investing activity. During 2005, our subsidiary issued \$25.0 million of Floating Rate Preferred Securities. The proceeds received were used to purchase FNMA certificates.

We have capacity to raise approximately \$170.0 million of additional funds by issuing either common or preferred shares pursuant to a shelf registration statement filed with the SEC in 2002. If market conditions warrant, we may seek to raise additional funds for investment through further offerings, although the timing and amount of such offerings cannot be determined at this time.

SUMMARY OF CASH FLOWS

During the three months ended March 31, 2005, as compared to the three months ended March 31, 2004, the net change in cash and cash equivalents decreased approximately \$1.4 million. Operating cash flows improved by \$538,000 primarily due to the timing of payments of liabilities. An increase in net cash used in investing activities (approximately \$46.1 million) offset by an increase in net cash provided by financing activities (approximately \$44.1 million) was due to a higher level of investing activity in debt securities and the purchase of a mortgage loan on real estate owned during the 2005 period. This investing activity was funded through borrowings from our repurchase facilities and

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

through the issuance of preferred shares.

OTHER

We are not aware of any trends or events, commitments or uncertainties, which have not otherwise been disclosed that will or are likely to impact liquidity in a material way.

Distributions

Of the total distributions of approximately \$3.3 million for both the three months ended March 31, 2005 and 2004, approximately \$628,000 in 2005 (\$0.08 per share or 18.82%) and approximately \$10,800 in 2004 (0.32%), represented a return of capital determined in accordance with GAAP. As of March 31, 2005, the aggregate amount of distributions made since our initial public offering representing a return of capital, in accordance with GAAP, totaled approximately \$17.8 million. The portion of the distributions which constituted a return of capital was more significant in our initial years in order to permit us to maintain level distributions to shareholders while we were in the process of investing the proceeds from our initial public offering.

(1) Represents a first mortgage on properties we report as Real Estate Owned - Held and Used (Concord Properties) as a sale of the properties did not meet the criteria for sale recognition in accordance with GAAP. The first mortgage loan is non-recourse with respect to AMAC, the debt service is paid from the cash flows of the properties and we will not be required to satisfy the obligation. (See Note 4).

(2) Pertains to a commitment made to Prime Realty Trust. Obligation to fund this commitment expired on April 30, 2005.

Inflation

Inflation did not have a material effect on our results for the periods presented.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the exposure to loss resulting from changes in interest rates and equity prices. The primary market risk to which the Company is exposed is interest rate risk, which is highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors beyond the control of the Company.

INTEREST RATE RISK

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

Interest rate fluctuations can adversely affect our income in many ways and present a variety of risks, including the risk of mismatch between asset yields and borrowing rates.

Our operating results depend in large part on differences between the income from our assets (net of credit losses) and our borrowing costs. Most of our assets generate fixed returns and have terms in excess of five years. We fund the origination and acquisition of a significant portion of these assets with borrowings which have variable interest rates that reset relatively rapidly, such as monthly or quarterly. In most cases, the income from assets will respond more slowly to interest rate fluctuations than the cost of borrowings, creating a mismatch between asset yields and borrowing rates. Consequently, changes in interest rates, particularly short-term interest rates, may influence our net income. Our borrowings under repurchase and warehouse agreements bear interest at rates that fluctuate with LIBOR.

20

Various financial vehicles exist which would allow our management to mitigate the impact of interest rate fluctuations on our cash flows and earnings. During March 2003, upon our management's analysis of the interest rate environment and the costs and risks of such strategies, we entered into an interest rate swap in order to hedge against increases in the floating interest rate on our repurchase facilities. The swap is a five-year agreement with Bank of America ("BOA") whereby we pay BOA a fixed 3.48% on a notional amount of \$30.0 million. In return, BOA pays us a floating rate equivalent to the 30-day LIBOR rate on the same notional amount. A possible risk of such swap agreements is the possible inability of BOA to meet the terms of the contracts with us; however, there is no current indication of such an inability.

Based on the \$177.4 million unhedged portion of the \$207.4 million of borrowings outstanding at March 31, 2005, a 1% change in LIBOR would impact our annual net income and cash flows by approximately \$1.8 million. However, as the interest income from some of our loans is also based on LIBOR, a 1% increase in LIBOR would increase our annual net income and cash flows from such loans by approximately \$160,000. Because the value of our debt securities fluctuate with changes in interest rates, rate fluctuations will also affect the market value of our net assets.

ITEM 4. CONTROLS AND PROCEDURES

- (a) EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES. Our Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) or Rule 15a-15(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this quarterly report. Based on such evaluation, such officers have concluded that our disclosure controls and procedures as of the end of the period covered by this quarterly report were effective to ensure that information required to be disclosed by the Company in the reports that the Company files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC rules and forms, and to ensure that such information is accumulated and communicated to the Company's management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 10-Q

- (b) INTERNAL CONTROL OVER FINANCIAL REPORTING. There have not been any significant changes in our internal control over financial reporting during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

21

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

On October 27, 2003, prior to taking possession of the real estate collateral supporting a loan investment, we were named in a lawsuit, Concord Gulfgate, Ltd. vs. Robert Parker, Sunrise Housing Ltd., and American Mortgage Acceptance Company, Cause No. 2003-59290 in the State District Court of Harris County, Texas. The suit claims, among other causes of action against the respective defendants, that we conducted wrongful foreclosure in that the loan guarantor did not derive any benefit from our loan and that the limited partners of the loan guarantor did not authorize the loan transaction. The suit seeks, among other relief, actual, consequential, exemplary, and punitive damages, a declaration that the loan made by us is unenforceable, and that we were involved in a conspiracy to defraud the loan guarantor. The discovery phase of this suit has been completed and is proceeding to either summary judgment or trial. A trial date has not been set.

Subsequently, we filed a countersuit on November 25, 2003, against the limited partners of the loan guarantor seeking to recover unpaid taxes and misappropriated property receipts. We are currently unable to determine the possible outcome of the litigation.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

The following table sets forth information with respect to purchases made by the Company of its common shares during the three months ended March 31, 2005:
